

## Peerless 1731

### [Chapter 1731: The mausoleum of the great emperor, the highest secret!](#)

Chen Feng tried this a dozen times, but nothing was found. Then Chen Feng took a few steps back and took a deep breath. The Dragon Slaying Sword appeared in his hand, and he decided to issue his strongest blow.

Chen Feng leaped up in the air, and the Dragon Slaying Sword slashed forward fiercely, and fell fiercely on the gate.

So the next moment, there was a loud bang, the power of Donkey Kong's death poured on it, but it was instantly bounced back.

Above this gate, a large light wave of golden and gray intermingled appeared, and the light wave bounced back heavily and bombarded Chen Feng.

Chen Feng was hit hard with a muffled groan, and he was hit and flew out several hundred meters before hitting heavily on the ground, with blood still overflowing from the corner of his mouth.

This move was completely bounced back, and Chen Feng was equivalent to slashing himself with the knife, and he was already slightly injured!

Chen Feng did not believe in evil, and cut a dozen times again.

Boom boom boom boom, dozens of knives cut down on it, and then madly ejected on his body. Chen Feng's beaten figure trembled one after another, and a mouthful of blood spurted out.

After a dozen knives fell, he was also severely knocked into the distance.

This time, his muscles were broken and broken, which was terrible.

It took Chen Feng a long time before he stood up. He let out a foul breath: "No, this door is too strong. I just chopped so many knives and they were all bounced back. It can be seen that this door is absolutely It is not something someone of my level can break."

"Even if Duan Fusheng arrives, it may not be possible!"

Chen Feng gave up his plan to break through forcefully, but he was not discouraged yet. Instead, he kept wandering and observing before the gate.

Suddenly, Chen Feng's eyes lit up because he saw an extremely hidden corner on the right side of the gate, where there was a sunken nest.

After Chen Feng saw the shape of this groove, he immediately felt extremely familiar, as if he had seen it somewhere.

Chen Feng leaped up in the air and came to this groove. Then, the corner of his mouth turned and a smile appeared.

This smile, the more rippled, the bigger, and finally turned into a big laugh.

Chen Feng murmured: "I know, I understand, it turns out that you are a key! It is the key to open this hall!"

As he said, Chen Feng flashed in his hand, and the thing he had obtained before appeared in his hand like the radiating sunlight. When the two were compared, Chen Feng was immediately determined in his heart.

"Yes, it's here!" As he said, he gently stuffed the key in.

As soon as it was inserted a little bit, Chen Feng felt a strong suction force, and then completely absorbed the key into it, which was perfect, without the slightest gap.

Then, after the key entered, Chen Feng felt the key click and automatically rotated it, and then he heard a lot of clicks. It seemed that some huge machinery was spinning.

The next moment, the light wave flickered, the light was drenched, and a violent spiritual energy wave came.

Obviously, this huge door turned out to be driven by both machinery and formation, and it was extremely difficult to open it.

Finally, with the sound of clicking, the door slowly retreated to both sides, revealing a gap in the middle, allowing only one person to pass by.

The crack is still expanding, Chen Feng did not hesitate, his figure flashed, and he entered the crack directly.

Then, he felt his eyes dazzled suddenly.

Behind this, it is a huge and incomparable hall, which is tens of thousands of meters high and wide, and there are rare treasures everywhere, scattering the incomparable light.

Once inside, Chen Feng felt the strongest that this hall was filled with a large amount of power of extinguishment, a large amount of incomparably pure and powerful power of extinguishment.

These nirvana powers are even ten times more pure than those outside. Chen Feng can even see with the naked eye a pair of dark gray little fishes, constantly rippling in the air, appearing and disappearing instantly.

And they seemed to like Chen Feng very much, turning around Chen Feng's body.

A smile appeared at the corner of Chen Feng's mouth, but he didn't have time to look more, and immediately walked forward.

There is a stone platform in the center of this hall. The stone platform is 100 meters high, and there seems to be something on it.

Chen Feng immediately discovered that the densest and purest powers of nihilism are all around the stone platform, and even these powers of nihilism are lingering, forming a huge gray dragon around the stone. The stage hovered and rolled up and down, with an angry roar from time to time, as if guarding the things on the stone platform.

Chen Feng even discovered that all the power of annihilation, all the power in it, all originated from the scroll-like existence suspended above the stone platform!

Chen Feng's heart beat frantically, and a voice replied loudly in his heart: "This is what I'm looking for. This is the supreme reputation of the entrance to the tomb of the Great Emperor Yin and Yang!"

"This volume is the End of Heaven's End, the secret of the miraculous rise of the Nirvana Sword Gate!"

"This martial art or technique is equal to the level of nine-yin and nine-yang divine art, and it is absolutely terrifyingly powerful!"

Chen Feng's heart was full of enthusiasm, thinking that what was placed on the stone platform was what he had been dreaming of for the past few months. How could he not get excited?

Chen Feng walked quickly towards the stone platform, ready to take the booklet in his bag immediately.

However, just when he came to the stone platform.

Suddenly, as if in the depths of the earth, a certain existence woke up quietly and saw a scene that surprised this existence.

So there was a soft sound.

This soft noise fell into Chen Feng's ears, but it was like a billowing thunder that exploded in his ears!

With this soft sound, the whole hall trembles, as if this person who has awakened possesses great power.

When he woke up, the whole world was turned upside down!

Chen Feng was horrified, but his gaze was still Chen Feng, without the slightest panic, he clasped his fists, and said in a deep voice, "I don't know which senior is here? Please come forward and enlighten me!"

There was a deep laughter in the void: "Little guy, it's a bit interesting to be in danger. People who have seen me can still keep this calm, you are the first!"

Then, he whispered, "As long as acquaintance is predestined, what's more, there is my inheritance above your body."

"This time, I saw something amazing in your body. By chance, good luck and good luck, the reincarnation of a thousand years seems to repeat itself!"

"If this is the case, I will naturally give you a good lead too!"

Chen Feng was horrified. Listening to this voice, listening to this tone, could it be the Great Emperor Yin and Yang himself?

Chen Feng's heart was surging, and for a while, it was difficult to hold on to himself.

[Chapter 1732: Ancient power, recast blood!](#)

And at this moment, suddenly, at the top of the hall, countless gray rays of light appeared.

These gray rays are extremely strong and pure, that is the purest and purest power.

However, the level of this power is so high that even Chen Feng can't tell what kind of power it belongs to!

Chen Feng was horrified. Those beams of light shot towards him, but Chen Feng did not resist at all, he just stood there quietly.

The beam of light shot into Chen Feng's body, Chen Feng did not feel any abnormality, and then the next moment, he felt that a powerful and unspeakable force exploded in his body.

This force is so powerful that his body is a little unbearable.

In the next moment, this power rushed into Chen Feng's body madly, and came to a small corner in Chen Feng's body that was the most secret, even he didn't know.

At this moment, there was a fist-sized blood in this small corner.

Chen Feng was horrified: "When did I have this blood? What kind of blood is this?"

He was very puzzled when he saw this scene.

That fist-sized blood, pure and exuding hot and powerful power.

In the blood, there was a tiny thunder that continued to rise and die, and there was a cloud of lightning around the blood.

And at the core of this blood, there is the image of a small giant.

This giant is different from any giant that Chen Feng has seen before.

He is so huge, stepping on dragons and snakes, as if he can tear this world apart!

Standing upright here, here is not an adjective, but true, true, with his head on the sky, his feet on the earth, and one step out, the footprints are like a vast ocean!

In the next moment, that huge and extremely powerful force poured directly into this blood.

The essence and blood solidified in an instant. The next moment, Chen Feng heard a soft click, as if a bird had pecked the eggshell, as if a young grass seedling opened the soil on his body, quietly blooming!

There is a quiet beauty like autumn leaves!

Chen Feng knew that an unknown change had already occurred in the blood.

At the next moment, the essence and blood suddenly slammed, absorbing all the violent force and the power in the beam of light.

The next moment, the essence and blood became extremely violent, as if it was boiling, and with a boom, it exploded directly in Chen Feng's body, turning into countless tiny drops of blood.

These drops of blood have penetrated into every vein of Chen Feng!

Chen Feng felt that there was a loud bang, and the next moment he was shrouded in this endless blood.

As if before his eyes, only blood was left, endless blood.

He entered a world of blood and fire, with only endless blood in front of him, and he was standing in this world.

Suddenly, the blood all over the sky softened and turned into blood veins like a jade dragon.  
*novelusb.com*

Those are blood veins that lie in the sky, emitting an extremely powerful aura.

In the next moment, countless pairs of big hands appeared out of thin air, grabbing the existing blood in Chen Feng's body, and fiercely tore and drag it outward.

In an instant, Chen Feng felt extremely painful, and he felt that the blood in his body had been expelled alive!

It was a blunt, brutal feeling that stripped all the blood in his body.

Chen Feng even felt that his body was torn apart and torn into pieces, and the blood vessels inside were drawn out. Chen Feng, who was in pain, couldn't help hissing and screaming. Trembling, pale and sweating, dripping out drop by drop.

But Chen Feng gritted his teeth and held back it!

Chen Feng's heart was bright at this time, this is an ancient power, helping him re-cast his blood!

This is an opportunity that will never be found!

How could Chen Feng couldn't help the pain?

All his blood was stripped out, and his body was dripping with blood.

Then, above the sky, countless blood veins like red beautiful jade suddenly crossed the sky and poured into Chen Feng fiercely.

Chen Feng discovered that each bloodline was about ten meters in diameter, as if these bloodlines had been stripped from the body of a huge giant.

The blood flowed with red jade-like blood, and there were images of giants flashing through it, and there was a huge roar that shook the sky!

In the next moment, these blood vessels shrank sharply, extremely condensed, and pierced into Chen Feng's body fiercely.

Following the traces left by Chen Feng's blood that had been pulled out, he filled his body.

"what!"

In an instant, this pain was even greater than before, it was so huge that it had exceeded the limit that humans could endure!

Chen Feng couldn't help it anymore, and roared to the sky to vent.

Countless blood veins poured in fiercely, and the pain continued.

I don't know how long it took, when the last bloodline came in and completely disappeared in Chen Feng's body. Suddenly, at this moment, Chen Feng felt that all the pain disappeared instantly.

He heard a loud bang, as if the heart of some beast was beating.

Then there was another bang.

The banging sound began to sound one after another, and the sound became louder and louder, just like a thunder blast, and soon Chen Feng discovered that the banging sound was not someone else, but came from his own body.

It is his heart beating like crazy!

Chen Feng was shocked: "When did my heart become like a giant beast?"

In the next moment, he felt an extremely powerful force coming from the new blood in his body.

This force suddenly instilled Chen Feng's body. In an instant, the veins on the surface of Chen Feng's body burst, his muscles knotted, and his body even swelled.

It seems that the next moment, it will explode!

Chen Feng clenched his fists, raised his arms, and roared.

At this moment, he felt that there was endless tyrannical power in his body, as if a punch could shatter the world!

Chen Feng couldn't help letting out a roar. This roar had no resemblance to him at all. On the contrary, it was full of desolation, simplicity and dominance of the world!

It is like a giant standing in the sky, facing the empty universe, the bright stars, making his first cry!

The warm current surging in Chen Feng's body, Chen Feng's strength has never been stronger.

Ka, a punch was blasted, and there was a loud bang. In an instant, the entire blood-colored world, like a shattered jade, turned into countless pieces, kara, directly broken!

The next moment, Chen Feng suddenly felt that he fell to the ground with a bang.

Then, his imposing physique immediately supported his body and stood up instinctively.

[Chapter 1733: Unlimited upgrades, giant blood!](#)

With two legs rooted on the ground like a ten-thousand-year-old tree, Chen Feng then opened his eyes, and for a moment he felt a little trance.

He saw that he was still in the hall, as if nothing had changed, but the magnificent voice and the light that shrouded it just now were like a dream, a little illusory and unreal.

Chen Feng was shocked and whispered softly: "Is this true?"

"Is it a dream, or is it real?"

In the next moment, Chen Feng realized that he was definitely not dreaming, because he saw that there was a lot of black dirt on the ground.

There were so many black dirt that they emitted bursts of unpleasant stench. Chen Feng knew at a glance that this black dirt was an impurity discharged from his body.

He had a similar experience before, but not once had it so many, never had it been so thorough.

And among the black dirt, there are still small blood veins. Chen Feng saw this scene, and his eyes suddenly shrink. Chen Feng felt a faint familiar breath on these small blood veins.

It is not someone else, it is his own breath!

Chen Feng whispered: "Is this the blood that I was stripped of?"

The feeling from the body is not deceiving. Chen Feng clenched his fists and felt the incomparable power rushing crazily in his body.

Chen Feng felt that his body was unprecedentedly powerful, full of unprecedented strength, and unprecedented lightness!

Suddenly Chen Feng tapped his feet slightly, and with a sigh, he jumped up to a height of a thousand meters!

You know, Chen Feng didn't use the martial arts gods at all, and he didn't use the gale wind purple electric step at all. What he relied on was purely a powerful body, powerful physical power!

Then Chen Feng blasted a punch in the air with a bang, and after this punch, the air in the hall exploded with a powerful sonic boom.

A string of sonic boom bursts suddenly. The whole hall was trembling.

This series of loud bangs rang for a long time before it stopped.

At this moment, Chen Feng was extremely pleasantly surprised. He cried out aloud: "My punch is the strength of a three-star martial king?"

Chen Feng himself was frightened. He opened his mouth wide and his face was full of disbelief!

"I didn't use any martial arts gods, just relying on the body, and the pure physical strength has reached the realm of the three-star martial king. This is terrible!"

Chen Feng's body is extremely powerful now, not even weaker than some three-star Demon Kings, and they can be killed by hand-to-hand combat alone!

Chen Feng's heart was almost stunned by ecstasy. He couldn't help but laugh up to the sky, extremely happy, extremely happy!

"Haha, now, if I confront Xiong Chengjing again, I can definitely win and kill him!"

After a long time, he breathed out slightly, a smile appeared on the corner of his mouth, and whispered to himself softly: "Just now, I was directly tempered by that ancient mighty power with the incomparable power."

"The blood vein in my body was stripped out, and then he infused me with a brand new blood vein through that drop of blood in my body!"

"I remember, that drop of blood should be the blood of the hill giant that remained in my body after I killed the small mountain giant!"

"I now have the blood of the hill giant! More correctly, it should be the blood of the giant! Not just a hill giant!"

Chen Feng smiled at the corner of his mouth: "Because of my giant bloodline, I can upgrade!"

Chen Feng looked inwardly for a moment, and his blessings were so strong that he naturally understood the beauty of his bloodline: "My giant bloodline can be upgraded by killing hilly giants, or even higher-level giants, and devouring their blood! "

"The more swallowed, the more absorbed, the higher the level of the bloodline!"

"The current bloodline is just the bloodline of the hill giant, and then I don't know what level it can reach!"

"This bloodline is really extremely powerful. Just having this bloodline allows my physical ability to directly climb to the realm of the three-star martial king. This is terrible!"

"What about in the future? After the bloodline level increases in the future? What kind of state will it reach?"

Chen Feng looked forward very much.

He is now comparable to the three-star Martial King by his physical power alone, and if he adds the martial arts cultivation level in his body, it can be considered terrifying.

Chen Feng said softly: "I am already standing at the same height as Xiong Chengjing and other noble and powerful family children, no, even higher than them."

"Because my blood is stronger!"

Chen Feng even thought: "Now that I have blood, will my blood martial soul also appear?"

Outside, expectations are even greater.

Soon, Chen Feng pulled himself out of joy abruptly, before coming to the stone platform, preparing to take away the scrolls on it.

But as soon as Chen Feng walked to the front of the stone platform, he banged, feeling that he had hit an invisible air barrier.

Then, with this impact, the giant dragon composed of the power of dying that was looming around the stone platform suddenly became clear.

He bent his head and let out a fierce roar, staring at Chen Feng.

Chen Feng suddenly felt cold in his heart, this dragon is absolutely powerful.

However, this nirvana dragon did not attack, nor even showed any maliciousness, he just continued to hover around the stone platform to guard.

Chen Feng said in his heart: "How can this be good? If you don't crack this dragon of extinction, you will never get the booklet."

Chen Feng thought for a while, and suddenly began to instill the power of the Donkey Kong nirvana in the body of the nirvana dragon.

The dying dragon slammed, and the whole body shook, then looked at Chen Feng, but said nothing.

After pouring for a while, Chen Feng found that the dragon of extinction seemed to be a little lazy, a little wilting.

It was as if he was going to fall asleep soundly in a while.

Chen Feng was ecstatic in his heart: "Sure enough, the power of the King Kong's dying is effective, and it is indeed a power from the same source!"

He hurriedly instilled in it, and as time passed, the more Donkey Kong's power of nirvana instilled, the more sleepy the dragon would become.

It's as if the power of death of the King Kong is food. If it eats too much, it will naturally become sleepy and fall asleep.

At this moment, Chen Feng suddenly heard a sound of cursing in the distance, which was mixed with strong spiritual power fluctuations, and the momentum was very huge.

Chen Feng immediately realized that Duan Fusheng and Qi Ye were the only ones who could have this kind of momentum.

Chen Feng immediately felt stunned: "Why are they chasing me?"

#### [Chapter 1734: There are institutions?](#)

Before he could think about it, he quickly looked for a place to hide.

Chen Feng glanced away and saw that on both sides of the main hall, dozens of grottoes had been dug out. In each grotto, there was a huge statue of tens of meters high.

Each statue has a different face, but they hold a knife and wear a white robe.

Chen Feng immediately knew that this should be the statue of the ancestor of the Duan family in the past.

In the palm of each statue, there is a corpse. I don't know how many years the corpse has been, but the body is immortal.

Chen Feng immediately knew where to hide.

He was about to flash past, but with a move in his heart, with a wave of the golden dragon ring, he collected all the things on the ground.

Then with a wave of his hand, a breeze came slowly, dispelling the smell in the air just now, and after all traces were erased, Chen Feng's figure dodged and hid in a grotto.

But instead of hiding behind the statue, he hid in the ears and eyes of the statue, his body curled up into a ball.

The nine-yin and nine-yang divine art works, suppressing one's breath to the lowest!

Then, Chen Feng heard that the shouting and cursing suddenly became clear.

Then, loud bangs came one after another, obviously, they have entered this hall!

At this time, there were eight people entering this hall, the four great elders, Duan Fusheng, Qi Ye, as well as Mrs. Duan and Duan Wanqing!

Qi Ye looked around and shouted: "Duan Fusheng, how about people? Didn't you say that someone came in here? Didn't you say that someone was going to steal the supreme secret of our nirvana knife gate?"

"Why is the scroll still there safe and sound? Why hasn't the man come yet?"

He asked angrily.

Duan Fusheng carefully felt it again, he didn't find any abnormalities, and looked around again, but found no trace.

A touch of relief appeared at the corner of his mouth, and he whispered: "It's good if you don't come, it's good if you don't come." *NovelUsb.com*

"I said, this passage is so tortuous, with so many traps, how can anyone walk around? There is only a one-millionth chance of being able to walk here. Most of that person is already dead on the road."

"He may not know where he got the entrance of the passage, but he doesn't know how difficult it is in this passage."

He said in a deep voice, "I want to check it out."

Talking, walked to the front of the stone platform.

Seeing him, the dragon of nirvana did not respond.

But after Duan Fusheng took out a jade talisman and threw it over, the nirvana dragon's eyes lit up and a mouth swallowed the jade talisman into his mouth.

Kakaka, he chewed a few times and swallowed it directly into his stomach.

The next moment, the Dragon of Nirvana uttered a long moan, swished, and went directly to the innermost part of the hall, and went directly through the wall in the inner part of the hall.

It was as if he had entered the second floor of the tomb of the Great Emperor Yin and Yang.

Here, it is the first layer.

Then, Duan Fusheng walked slowly along the steps to the stone platform. As soon as he walked up, he looked at the people below, smiled and said: "If someone comes here, it is unlikely to break the dragon of silence outside."

"Even if he can break through the dragon of nirvana, he will definitely want to fly to the stone platform in a hurry and get the scroll immediately."

"But as everyone knows, my ancestors have already set up a powerful mechanism on this stone platform. Unless he walks up the stairs, and his footsteps are mysterious, every point he steps on is right... as long as he flies, or There is something wrong with stepping on it, then at this moment, the stage will immediately issue a powerful attack!"

"This is an extremely powerful attack. It is enough to destroy a five-star Martial King master!"

Beside, Chen Feng was sweating!

There was a feeling of fortune in his heart, and he secretly said: "Fortunately, fortunately, I didn't come by the stone platform before they came. Otherwise, even if he cracks the nirvana dragon outside, he will This insidious organ set up by the ancestors will be killed directly!"

This secret, but did not appear in the stone box.

This is another secret!

He now figured it out, that stone box must also be a trap.

What remained in the box was everything left by the Great Emperor Yin and Yang to open the mausoleum. The Duan family kept everything, but he added something to the stone platform.

And if someone tried their best, such as those in black who captured the stone box and followed the box's instructions to come here, since the route has always been in line with no omissions, then they will definitely be minded after they come here. Extremely relaxed.

Naturally, I would never have thought that there would be such a mystery when I went to the stone platform.

Then, it is very likely to die!

Duan Fusheng went up to the stone platform, took the scroll in his hand, and felt the familiar breath from above.

He smiled slightly at the corner of his mouth and said: "I can be sure now that the thing has not been taken away, that kid must have died on the way!"

Qi Ye was full of anger and roared sharply: "You lie to me!"

Duan Fusheng deliberately ridiculed him, smiled hesitantly, and said: "Yes, I just lied to you, so what?"

Qi Ye shouted violently: "You are looking for death!"

Ravaged up, launched a crazy attack towards Duan Fusheng.

He is extremely strong, and he is basically on par with Duan Fusheng. At this time, he is coming with ten years of deep hatred and hatred.

And Duan Fusheng had been injured before, although it was not serious, but it also had an impact.

Under this declining effect, Duan Fusheng was suppressed in an instant and fell into a disadvantage, but defeat was temporarily impossible.

The two quickly became a team, and the strength of the two was not equal, but it was clear that the Qi Ye's momentum was even stronger.

There was a look of extreme hatred in his eyes, and the anger that had been suffocating for a whole decade was vented today.

Therefore, the more you fight, the more you fight, the stronger you fight, and the powerful moves continue to gush out crazily. Later, it is almost like a crazy tiger, and some of the moves that are played are all destroyed.

Obviously, Duan Fusheng was absolutely unwilling to die with him, so he was forced to retreat again and again and fell under the wind.

As Qi Ye beat, with a look of hatred in his eyes, Sen coldly said: "Duan Fusheng, ten years ago, you planted me and framed me, humiliated me wantonly in front of everyone, and then demoted me to the Royal Flower Palace. When. Have you ever thought of today?"

Duan Fusheng had an ugly face and said nothing!

Chen Feng listened to the side, and he understood some of the process.

It turns out that ten years ago, the most outstanding young disciple of the Nirvana Dao Sect was not the young master Duan Fusheng at the time, but the Seventh Master.

Qi Ye Jing is brilliant, he is not more than twenty years old, and he is qualified to paint four purple ripples on his white robe.

#### [Chapter 1735: Lose](#)

In fact, with his strength, there is no problem even painting five purple ripples, but Senior Zongmen was afraid that he would be too arrogant and too high would not be good, so he deliberately suppressed it.

At that time, Duan Fusheng, the young leader, was overwhelmed by his pride, so he was secretly framed.

Ten years ago, he contacted many people to set up a trap and introduce it into it, causing him to make a big mistake in front of Senior Zongmen.

As a result, Qi Ye was disqualified from all qualifications and sent directly to the Palace of Royal Flowers.

In this palace of flowers, one stayed for ten years until today.

After hearing these secrets, Chen Feng knew why Qi Ye looked glum all day, which also explained why his strength was so powerful.

It is not surprising that the first genius of the sect, after ten years of precipitation, can reach this state!  
*novelusb.com*

Qi Ye yelled frantically, telling his grievances back then, while making tyrannical moves.

When he finished telling the story of the year, he already didn't know how many moves he made, so Duan Fusheng could only parry.

Suddenly, Qi Ye yelled again: "The debt you owed me back then will be paid back today. I am not interested in the nirvana knife gate at all. What I want to do now is to kill you!"

With that said, a dozen punches were blasted frantically, and each punch had a strong pressure like a mountain.

These dozens of punches slammed Duan Fusheng together.

With a bang, Duan Fusheng was beaten back dozens of steps, and a mouthful of blood came out!

Next, he was not even an opponent, he was beaten to vomit blood one after another.

Seeing this scene, Duan Wanqing and Mrs. Duan both showed pain on their faces. Let out an exclamation.

Duan Wanqing screamed: "Qiyue, how can you be like this? How can you treat your father like this? How can you betray the sect?"

Qi Ye took a deep look at her, his eyes were full of spoiling colors, but his actions did not stop at all!

Mrs. Duan noticed the look in his eyes beside her, and she suddenly moved her heart, lowered her head, as if thinking about something there!

Duan Wanqing was going crazy, tears rushed out of her eyes, and she never felt so powerless.

She almost pleaded: "Stop your hands, if my father is killed, my mother and I will be killed by them!"

At this time, Duan Fusheng spoke.

His reaction at this time was very unusual. It seemed that he was extremely dissatisfied with his daughter's behavior. He shouted in an almost furious manner: "Qing'er, shut up! Don't ask for this rebellion!"

The muscles on his face were beating suddenly, and his face was full of hideous colors, just like a lunatic.

Duan Wanqing was shocked by him, and she couldn't help but shrink back.

At this time, Qi Ye looked at her with a smile and calmly said, "Qing'er, don't worry, don't worry, after killing this dog, I will naturally protect you and your mother."

With that said, he looked at the four great elders and said coldly: "Our previous agreement should still count?"

"It counts, of course it counts!" Qiu Nutao said with a smile on his face: "Before we said outside that we were going to kill both of them, mother and daughter, in fact, it was just to make an excuse."

"As long as you can kill Duan Fusheng, then the two of them naturally don't have to die."

"Good!" Qi Ye nodded slowly.

And hearing this conversation between Qi Ye and Qiu Nutao, Madam Duan rolled her eyes, her eyes flashed, as if she had made some decision!

It seems that the conversation just now made Duan Fusheng even more furious. He felt that his majesty had been offended, and he yelled: "I'm not dead yet. You are just discussing things after my death in such a grand manner. Is it too early? ?"

With that said, his aura increased crazily, and he made powerful moves one after another to bring the situation back.

But even so, it was just a draw with Qi Ye.

Seventh Master laughed up to the sky: "Duan Fusheng, I am a genius, a genius stronger than you. Even if I don't have any resources in the past ten years, and you have countless resources, I can still dominate you!"

Duan Fusheng's face showed extreme shame and anger, but there was no way!

At this time, the four elders did not stare at the two of them, but kept staring at the volume in Duan Fusheng's hands.

This book cannot be stored in a mustard bag, it can only be placed on the body or held in the hand.

The eyes of all four of them were extremely greedy: "This is the foundation of the nirvana knife gate!"

The four of them looked at each other, nodded, and then rushed towards Duan Fusheng at the same time.

All four of them are desperate, using their strongest moves to bombard Duan Fusheng frantically.

The combined strength of the four of them is roughly equivalent to a half of Duan Fusheng's, and at this time, with the presence of Seventh Master, it was suddenly overwhelming.

Suddenly, Duan Fusheng fell completely downwind.

After a while, he was hit successively.

Boom boom boom, like defeat in the middle.

Duan Fusheng sprayed blood, his figure receding constantly.

When he avoided Qiu Nutao with a slash, he revealed the empty door. When Qi Ye saw the opportunity, his figure flashed, bullying him in, and punching his chest and abdomen.

There was a loud bang, a huge aperture burst out, his chest and abdomen were directly hit and collapsed, and his bones made a burst of noise.

A hole the size of a sea bowl appeared in the entire chest, and blood poured out frantically from it. This was the first time his brother had suffered such a serious injury today, and he had already reached the level of serious injury.

Seeing this scene, Qi Ye and the four great elders were even more courageous, killing him fiercely.

After another moment, Qi Ye hit him in the knee with a punch, and Qiu Nutao slashed on it.

With a crisp sound, his knee was directly discounted, leaving only a trace of flesh sticking to it, which was no different from being chopped off.

At this time, Duan Fusheng fell directly to the ground.

With the firmness of his mind, he couldn't help but let out a scream.

At this moment, he no longer had the power to fight back. Everyone knew that Qi Ye could kill him without using five moves.

The four great elders all walked aside very wittily, and Qi Ye walked slowly towards Duan Fusheng alone.

There was a sneer at the corner of his mouth, and he said softly: "Duan Fusheng, have you regretted what happened ten years ago?"

A jealous smile appeared at the corner of Duan Fusheng's mouth: "Regret? I, Duan Fusheng, never know why I regret it!"

Qi Ye sneered: "Are you still stubborn? Okay, then wait until you are seriously injured and dying, can you still be so stubborn!"

#### [Chapter 1736: He is your father!](#)

With that, he sneered and forced the past to Duan Fusheng.

And at this moment, suddenly the figure flashed, and Mrs. Duan directly stood in front of Duan Fusheng and also blocked the way of Qi Ye.

She stared at Qi Ye and said in a deep voice, "Old Qi, you can't kill him!"

Qi Ye frowned and said in a deep voice, "Madam, please get out of it. It's none of your business here."

"Why is it none of my business? He is my husband, how can it be none of my business if you want to kill him?" Madam Duan raised her head and looked at Qi Ye without fear.

She doesn't seem to have any fear of Qi Ye, but rather proud!

"Also," she suddenly looked at Master Qi, with a slight smile on the corner of her mouth. There was a hint of flattery in that smile: "Old Qi, what did you call me just now?"

"Twenty years ago, you didn't call me that!"

Qi Ye's face changed suddenly.

There was a touch of reminiscence on his face, and his murderous gaze turned soft.

He stared at Madam Duan, looked at her beautiful face, her body gradually relaxed, and he uttered two words with difficulty: "Yuan'er!"

After spitting out these two words, he even looked at Madam Duan with a look of expectation and anxiety in his eyes.

He seemed very afraid that Madam Duan would deny his name, but Madam Duan did not let her down. Looking at Qi Ye, she nodded gently and responded!

Qi Ye's face suddenly showed a touch of ecstasy, he walked quickly to Madam Duan, supported his shoulders with both hands, and said in surprise: "Yuan'er, you still like me in your heart, don't you? You still love me. ,is not it?"

Madam Duan looked at him, her eyes soft as water, and she responded softly!

Chen Feng heard this with a very strange expression on his face.

He now knows why Duan Fusheng wanted to frame Qi Ye in this way, and at the same time, when he was in the Palace of the Flower Palace, the expression Qi Ye had on Duan Wanqing's face flashed quickly in Chen Feng's eyes. .

Chen Feng sighed softly, and muttered to herself: "I said, no wonder she looks so weird to see the eldest lady. She loves and feels guilty, she will not violate all her requirements, and she is still thinking about everything. Make up for her, it turned out to be like this!"

"Since Qi Ye had such an affair with Mrs. He Duan back then, it is naturally possible..."

Chen Feng shook his head with a wonderful expression on his face.

At the same time, the four great elders and Duan Wanqing were completely silly.

Duan Wanqing said blankly: "Mother, what is going on? How can you betray your father?"

Mrs. Duan took her hand and walked over, her face was gentle, her eyes swept across Duan Wanqing's face, and finally fixed on Qi Ye's face.

Qi Ye seemed to have thought of something, his expression was very excited, and his lips trembled slightly.

She stretched out her hand as if she wanted to stroke Duan Wanqing's hair, but then it fell.

Mrs. Duan said softly: "Qing'er, call Dad."

"What?" Duan Wanqing shouted with a face full of disbelief: "Mother, what did you say?"

Mrs. Duan said: "I said, your name is Dad!"

"Your real father is him, not Duan Fusheng!"

With that, she pointed to Duan Fusheng behind her.

At this moment, Duan Fusheng was lying there, his face was ashamed of death, without a word, his face was pale!

Obviously, this happened, it was a great blow to him.

Not only was he inferior and was beaten extremely miserably, but his wife also betrayed him, and even his daughter might not be his own.

Duan Wanqing still couldn't believe it, she screamed: "Impossible, impossible, mother, how can you be like this? How can you betray your father?"

"Impossible, I don't believe it!" She screamed like crazy.

Mrs. Duan suddenly reprimanded: "Qing'er, that's enough! I'm right, he is really your father, and your biological father is him!"

Qi Ye looked at Duan Wanqing lovingly, and said softly, "Qing'er, I really am your father!"

For the three of them, the daughters cried and made a lot of noise here and didn't want to believe them, the fathers talked and comforted them while the mothers watched lovingly.

It's a good picture for a family of three!

However, at this moment, Madam Duan's face suddenly flashed a bit of cruel and proud expression.

Then the next moment, a short knife suddenly appeared in his hand.

This knife, which is no more than a foot long, looks extremely sharp. At the same time, it exudes a powerful momentum and extremely noble light.

Obviously, this sword has surpassed the Ninth-Rank Spirit Tool and reached the realm of the First-Rank King's Soldier.

Moreover, the most important thing is that bursts of blue light are emitted from the knife. The blue light is so strange that it seems to be corroded to the eyes at a glance.

In the next moment, Mrs. Duan stabbed the knife fiercely into Qi Ye's body.

At this moment, even her face is still smiling!

Qi Ye didn't have any defense at all, and his five-star Wu Wang realm expert's body was originally extremely powerful, but at this time, the knife was like piercing a piece of tofu.

There is no stagnation, directly and completely penetrated.

Immediately, Qi Ye let out a terrible scream, and his face instantly distorted, looking extremely painful!

And almost at the same moment when the short blade entered the body, Madam Duan suddenly stepped aside, and then at the same moment, Duan Fusheng, who was originally lying on the ground, seemed to be heartbroken, suddenly jumped up. Come directly in front of Qiye!

He blasted out his fists one after another, blasting out ten punches, and every punch was extremely fiercely stamped on Qi Ye's chest.

Qi Ye didn't have any guard, was hit all the time, so he sprayed blood out frantically, and his figure was shot thousands of meters away.

In the spurting blood, there were even fragments of internal organs.

As the last punch fell on it, with a click, a large hole was directly punched out in his chest, and he could even see the internal organs.

Qi Ye was severely wounded and dying!

Qi Ye fell heavily to the ground, his eyes showed an expression of disbelief. He looked at Madam Duan and shouted in anger, "Why? Why are you doing this?"

Mrs. Duan giggled, her smile was full of triumph and insidiousness: "Why, why do you say?"

"Because my husband is Duan Fusheng, and because my daughter is my child and his child, of course I have to do this!"

Qi Ye's face was full of heartbroken, and his face seemed to lose its luster in an instant. He muttered: "You lied to me? You lied to me! He is not my daughter?"

"Yes, I was lying to you!" Mrs. Duan sneered: "I lied to you 20 years ago. From then on, I told you that he is your daughter!"

#### [Chapter 1737: Jedi strikes back](#)

"Otherwise, why are you so obedient? If you send you to the Royal Flower Palace, you just go honestly. No matter how you clean up you, you dare not resist! If I don't say that, how could it be possible?"

Qi Ye's heart was icy cold, his face was extremely gray, and his whole person even exuded a strong death.

He can't even say anything, he will only mutter there: "You lied to me, you lied to me, you lied to me for twenty years!"

At this time, Duan Fusheng stood up straight, looked at him with a smile, and said softly: "In fact, our husband and wife are good enough for you, at least let you know the truth before you die!"

He smiled triumphantly, and his smile was full of sullenness: "How about it, right now?"

"I know how uncomfortable you are now. You must be itchy in your body now, like countless ants crawling in your body, and you can feel it clearly."

"They are gnawing your internal organs, biting off your bones, sucking out your bone marrow, and cutting off your vitality bit by bit. You can feel it clearly because your sensory sensitivity has been enlarged. ten times!"

"And although you can feel it, although the pain is extremely painful, but there is no alternative, hahahaha, is this feeling particularly comfortable? Do you know how uncomfortable I was just now?"

He uttered a bitterly baneful roar!

Beside, Mrs. Duan also said softly: "Lao Qi, this blue powder is made from the fangs of a 10,000-year-old blue snake in the ground. It is made with 700 kinds of medicinal materials. It's good enough for you, right?"

This person is really a snake-hearted, extremely vicious, Qi Ye was so affectionate and kind to her, not only was she able to kill Qi Ye, but at this time she was still smiling! Say so!

Duan Wanqing seemed to have just woke up. He looked at Mrs. Duan with some confusion, and said, "Mother, I am not his daughter, am I? I am not his daughter, am I?"

Madam Duan smiled and said, "Of course, Wei Niang just confuses her!"

"That's good! That's good!" Duan Wanqing let out a long sigh of relief, her face full of luck.

"Let me just say, how could I be the daughter of such a person! How can he be qualified to be my father?"

She looked at Seventh Master with contempt and said, "Is he worthy?"

Her contemptuous words and eyes seemed to be the last straw, completely crushing Seventh Master.

He slumped heavily to the ground, panting heavily, and his eyes began to wander!

Chen Feng admired Duan Fusheng very much in his heart at this time. This period of floating life was really scheming, and it was enough to bear the humiliation.

I'm afraid he had known that his wife would come here for a long time, so he deliberately pretended to look like that in order to cooperate with Mrs. Duan in acting.

At this time, the four great elders were already stupid, they didn't have any defense, and this time Duan Fusheng slowly killed them.

Although Duan Fusheng is already seriously injured, they are still not opponents. Duan Fusheng said coldly: "You four, dare to do what you did today, I must kill you!"

As he said, he let out a roar of anger and killed the four of them.

At this moment, the Seventh Master lying on the ground no one noticed.

But at this moment, a light green light flashed across Qi Ye's face, and then his eyes were filled with excitement for an instant, and the whole person showed that kind of unnatural excitement.

In an instant, his aura recovered, from dying to being extremely tyrannical.

Then, his figure leaped into the air, extremely fierce, and killed Duan Fusheng without warning.

A punch was severely stamped on Duan Fusheng's back heart.

With a loud bang, Duan Fusheng let out a scream, and was directly shocked from the chest and abdomen by this fierce attack.

His body fell heavily to the ground, looking at Qi Ye in horror, and screamed: "How is it possible? How is it possible?"

At this time, Duan Wanqing and Mrs. Duan were all panicked and couldn't believe it.

"How is it possible?" Qi Ye gritted his teeth and said coldly: "Do you think that if you have the hole cards, I don't have any hole cards?"

"After taking this pill, you can use all the power in your body within an hour. Of course, the price is death."

"But what does it matter if I eat now!"

Duan Fusheng closed his eyes, his face was desperate, and he murmured: "You kill me!"

"Of course I want to kill you, but before that, I want to kill both of them first!" Qi Ye said grimly.

With that, he walked towards Duan Wanqing and Mrs. Duan.

Madam Duan looked at him in horror, and cried out in shock: "A tiger poison can't eat children, are you going to kill your daughter? He really is your daughter!"

Seventh master laughed loudly: "Bitch, do you think I still believe your nonsense now?"

"What about me?" Mrs. Duan straightened her chest: "Twenty years ago, the love affair between me and you was broken just like that? Don't forget, I used to be your woman!"

But at this time, Qi Ye seemed to have completely seen something, he had no feelings for this woman anymore, and all that was left was hatred.

He smiled and said, "Yeah, because our relationship is so deep, I want to send you to \*\*\*\* first! Then I will accompany you!"

With that, a palm blasted out.

Madam Duan and Duan Wanqing couldn't resist at all, and the two were shot to pieces!

Then, he walked towards Duan Fusheng.

Duan Fusheng seemed to have given up everything at this time, but when Qi Ye walked in front of him, he let out a violent roar, and jumped up angrily, using the last strength of his whole body to send the strongest blow to Qi Ye .

He was not Qi Ye's opponent, he was directly smashed by Qi Ye with a punch, and another punch hit him, killing him directly.

But his last blow before his death also caused great harm to Qi Ye.

Qi Ye's body was swaying, and he seemed to have little strength left, very weak.

He stretched out his hand and grabbed the scroll in Duan Fusheng's hand.

At this moment, Qiu Nutao, among the four great elders, suddenly jumped into the air and came directly in front of Qi Ye, slashing out.

At this time, Qiu Nutao's strength was extremely powerful, far surpassing him before, and he had reached the realm of the Five-Star Martial King!

Moreover, there is no sign of injury on him, obviously he was pretending before!

Even the other three great elders exclaimed in unison.

### [Chapter 1738: The treasure is here!](#)

Obviously, Qiu Nutao kept it from them.

Qiu Nutao blasted out with a punch, and directly flew Qi Ye out several hundred meters, and fell to the ground, dying.

He was so proud that he looked around and laughed.

In his opinion, this time, he is set to win.

The ultimate winner this time must be him, and everyone else is making clothes for him!

One of the elders asked loudly: "Qiu Nutao, it turns out that you have hidden strength! You are so strong?"

Qiu Nutao turned his eyes, staring at them, and said coldly: "Why, I concealed my strength, do you have an opinion? You can say one more thing, believe it or not, I will kill the three of you now, and then after going out, The family of the three of you is also completely wiped out?"

When the three elders heard this, they were cold in their hearts and extremely afraid, and they dared not say a word.

Qiu Nutao was even more proud. He slowly walked towards Master Qi, with a joking smile on his face, and said: "Master Qi, thank you for helping me. This time, brothers are extremely grateful!"

Qi Ye stared at him, and suddenly a sorrowful smile appeared at the corner of his mouth: "Okay, very good, you have such a deep intention to hide everything from me."

"I admit it!"

Qiu Nutao laughed loudly: "Then please Qi Ye, give me this treasure!"

He looked at the scroll in Qi Ye's eyes with fiery eyes, and reached out to grab it.

At this time, Chen Feng could no longer hide.

He knew that now was the best chance and the last chance. If he couldn't get the scroll now, he would never have a chance.

Chen Feng jumped out and attacked Qiu Nutao.

He knew that hope was very slim, but Chen Feng did it resolutely.

Seven masters saw Chen Feng at this time, his eyes flashed, and he burst into flames. He laughed and said, "It turns out that it's you, brat!"

"Let me just say, you kid is not easy, it turns out that you have such a strong strength and such a strong scheming!"

He suddenly threw the scroll at Chen Feng, and laughed wildly, "Take it!"

Chen Feng was stunned. He didn't expect the surprise to come so suddenly.

He grabbed the scroll in one hand, and then quickly recovered his consciousness, without any hesitation, and ran wildly towards the distance.

The Seventh Master laughed loudly and said, "I would rather give to outsiders than give you this wolfish ambition dog!"

Seeing this scene, Qiu Nutao roared in anger, killed Qi Ye with a punch, and then madly pursued Chen Feng!

There was an incomparably powerful aura coming from behind, that tyrannical like the top of Mount Tai, causing Chen Feng to stop breathing at this moment.

His whole body is tight, all pores are spreading, and there is great fear and despair in his heart!

He understands that this kind of power is simply unmatched by him. This is a dignified five-star martial king expert. If he rubs it a bit, he will definitely die.

But then, Chen Feng's heart surged with pride and tyrannical fighting spirit: "How can I be afraid, how can I despair?"

"My Chen Feng's order can only be decided by myself, not by others, nor by God!"

Chen Feng screamed from the heart, extremely angry, the gust of wind and purple electric step was activated to the extreme, and his figure rushed forward wildly.

Within a few flashes, it was already a few kilometers away.

At this time, he was in the Xiaocheng realm, and the speed was actually fast enough, but it was still not enough.

The corner of Qiu Nutao's mouth showed a ridiculous color, and his figure flashed again, and he appeared directly behind him.

It was another punch.

This punch is extremely powerful.

Chen Feng knew that he was going to die in the next moment, and he couldn't escape this punch. There was no hope at all!

Chen Feng yelled up to the sky, his voice echoed, and he was full of unyielding fighting spirit.

At this moment, the power of Donkey Kong's extinguishing power in his body suddenly surged wildly, and at the same moment, the understanding of the profound meaning of Haifeng Zidianbu also surged into his heart.

The two crashed together.

In an instant, the power of Donkey Kong's death was injected into the gust of purple electricity, and Chen Feng's heart suddenly became clear.

All the profound meanings flow through in my heart.

This is not the profound meaning of Xiaocheng realm, but the profound meaning of Dacheng realm!

So the next moment, the ninety-nine cyan cyclones around Chen Feng's body directly turned into a huge cyclone.

Chen Feng was ecstatic in his heart: "I actually stepped directly into the realm of Dacheng Zidian Step. This time it was not a short step, but a thorough comprehension, a thorough entry!"

At the same time, after Chen Feng stepped into the realm of this gusty purple electric step, a flash of inspiration flashed in his heart.

After stepping into the realm of Haifeng Zidian Step Dacheng, he has a stunt called Zidianling Jiutian!

After using Zidian Ling for nine days, the speed instantly increased ten times, ten times faster than Dacheng Realm!

The price paid for a cup of tea for the duration of the next half month was that the strength faded to an even worse realm than the Martial Sovereign Realm.

At this time, Chen Feng had no choice.

He gritted his teeth and shouted loudly, "Zidian Ling for nine days!"

He has already launched this tyrannical trick!

So in the next moment, the power of Donkey Kong's death within Chen Feng's body flowed, and on top of his heart, the gust of wind and purple electric steps rolled over.

Streams of purple thunder and lightning shot out from his body, lingering around his body.

In an instant, the purple lightning flashed and went straight for nine days!

And the next moment, Chen Feng's figure snorted, and it was directly integrated into the purple lightning.

For a while, Chen Feng's figure was invisible at all, only a purple lightning flashed across, and Chen Feng disappeared from the end of his sight.

Seeing this scene, Qiu Nutao couldn't help taking a breath: "How is it possible? How could his speed suddenly increase so fast?"

The speed of electricity is so fast that he can't even catch up.

He chased forward madly for several kilometers, but found that this was futile, and could not catch up with Chen Feng at all!

In the end, he roared in anger, helplessly stopping.

Chen Feng ran away frantically, towards the way he came.

It was slow when I came, but much faster when I left.

Chen Feng's speed can even be said to be extremely swift. When he came in, it took at least an hour, but when he went out, he returned to the ground in less than an incense stick and came to the head. He is in the middle of the main hall where the wife of the headmaster lives.

At this moment, there was no one in the hall, and the ground was very messy.

Obviously, the high-level disciples of the Nirvana Sword Sect were in conflict, but the lower-level disciples of the Nirvana Sword Sect were still maintained, and no confusion occurred.

Walking out of the hall and seeing the long-lost sunlight, Chen Feng breathed a sigh of relief.

At this time, there is still a little bit more time for his physical fitness.

### [Chapter 1739: I am Chen Feng](#)

Chen Feng went crazy, he only had one idea now, which was to leave the Silenced Sword Gate quickly.

And at this moment, suddenly three or four disciples of the Silence Sword Sect appeared in the garden in front.

There are two purple ripples on their robes. Obviously, their strength is not high, otherwise they will not be placed here, but will be drawn to participate in this infighting.

There were two other women beside these nirvana swordsmen disciples, Su Meng and Qin Lan.

They were talking there. When several disciples of the Silent Blade Sect saw Chen Feng, they immediately stood in front of him and shouted, "Stop, who are you?"

Chen Feng coldly shouted: "Go away!"

The faces of these nirvana disciples. They all showed disdain. Seeing him so young, they didn't take him seriously.

From their point of view, such a young person, with an empty robe, is obviously a handyman disciple, what can he do?

One of the leading disciples of the Nirvana Swordsmen waved the knife in his hand, pointed at Chen Feng, and coldly shouted: "Little bastard, stop now! Otherwise, I will just stab you!"

At this time, Qin Lan and Su Meng also saw Chen Feng, both of them exclaimed.

Qin Lan asked, "Feng Chen, didn't the eldest let you follow her? Why did you come out?"

Chen Feng did not answer, but walked forward quickly.

Seeing that Chen Feng ignored what Chen Feng said, the nirvana knife disciple immediately became angry and yelled: "Little boy, didn't you hear what I said? Stop it!"

The companion next to him sneered disdainfully: "Didn't you look at his clothes? This guy is just a lowly handyman disciple, I'm afraid he just entered the sect and doesn't understand anything."

"Haha, Brother Wang, he should be scared by you!"

Brother Wang laughed too!

Seeing Chen Feng still walking forward, he suddenly pulled his face and turned pale, and said in a cold voice, "Little boy, don't you understand human words?"

Qin Lan also frowned, looked at Chen Feng, and said, "Feng Chen, stop quickly! Didn't you hear the brother order you? What's the matter with you?"

She was very unkind, an orderly tone.

Chen Feng coldly shouted: "Go away!"

He didn't want to have general knowledge with them, but these people were so overwhelmed that they came to die.

This was the last chance he gave these people, and if they dared to stop them, Chen Feng would not be polite.

"You dare to let me go away? You bastard, you are so tired and crooked!" The faces of several people showed hideous colors, and they killed Chen Feng.

And Qin Lan, with a touch of disdain and indifference on her face, stared at Chen Feng, curled her mouth, and snorted coldly: "It's a real life and death. It's just a lowly handyman who doesn't have much capacity. She even dared to be here with a few seniors. Talk back? You deserve it if you die!"

On the contrary, Su Meng, with a look of concern on his face, screamed: "Feng Chen, run away!"

Chen Feng at this time. I don't have any patience to talk nonsense with them anymore.

Murderous intent flashed across his face, and he coldly shouted: "Look for death!"

With that, he took a palm shot.

With a loud bang, the three disciples of the Nirvana Sword Sect were directly slapped to death by Chen Feng!

All three have no bones!

And seeing this scene, Qin Lan and Su Meng were stunned. At this moment, Chen Feng's powerful strength shocked them extremely, far beyond their imagination.

Both of them opened their eyes and opened their small mouths, looking at Chen Feng in disbelief!

Su Meng said blankly: "Feng Chen, how come you have such a strong strength?"

While Qin Lan looked at Chen Feng, there were various expressions on her face: doubt, suspicion, and disbelief.

In the end, it became a shock!

Chen Feng stopped, thinking that there was still a grudge.

He suddenly took out a dark thing from the golden dragon ring and threw it directly in front of the two women.

The two women looked in surprise: "What is this?"

And when they saw the dark thing, both of them screamed suddenly, with fear on their faces.

It turned out that this black thing turned out to be a human head!

Su Meng screamed: "Feng Chen, you, why did you give us this head?"

On the other hand, Qin Lan's face was full of fear. Looking at Chen Feng, her body trembled and her face turned pale.

She knew very well that she had offended Chen Feng many times, and she was afraid that Chen Feng was threatening her and wanted to kill him.

Chen Feng smiled and said, "Look at who this person is!"

The two looked at the head again, and after seeing their appearance, they exclaimed greatly.

"This, is this Brother Qu Qu?"

Chen Feng smiled and said, "Yes, he is Qu Changfeng!"

"You? Why do you have his head?" Su Meng asked incredulously.

While Qin Lan looked at Chen Feng, there was a huge shock on her face. She seemed to have thought of something, she covered her mouth, her face was full of disbelief, and the shock was almost out of breath.

Chen Feng smiled and said, "Have you forgotten what Qu Changfeng said?"

"At the beginning, Qu Changfeng told you that he was going to kill me and he was going to throw my head in front of you."

He chuckled softly: "Now, I'm here holding his head and threw it in front of you."

Su Meng said in surprise: "When did Qu Changfeng say to kill you? It's just that when he blocked you, he told you to go away, but he didn't say he wanted to kill you!"

She was very surprised.

And Qin Lan, at this time, had completely determined the thoughts in her heart, she let out a huge exclamation, pointed at Chen Feng, and said in disbelief: "Feng Chen, you, are you?"

Chen Feng smiled and said: "Qin Lan, you really are a smart person, in fact, you have always been a smart person, otherwise you would not have treated me like that before."

Qin Lan's face turned pale, showing great regret.

Su Meng said, "What the \*\*\*\* is going on? You guys are almost confused about me."

Looking at the two women, Chen Feng spit out a word: "My name is not Feng Chen, but Chen Feng!"

"What? You are Chen Feng?" Su Meng showed an expression that was as shocked as Qin Lan: "Are you Chen Feng from Battle Dragon City? Qin's Battle Dragon Earl?"

Chen Feng nodded: "Replace it like a fake!"

Su Meng was so shocked that she didn't know what to say, but suddenly, a touch of shyness appeared on her face, and her face blushed instantly.

It turned out that she remembered that she had said behind her back that she wanted to marry Chen Feng and so on, and had been heard by Chen Feng. She was so ashamed that she didn't dare to meet people, and turned around.

Chen Feng took a deep look at Qin Lan, then turned and left.

At this time, Qin Lan suddenly walked to Chen Feng's side, grabbed his sleeves, looked at him pleadingly and said, "Chen Feng, will you take me away?"

#### [Chapter 1740: Why are you not arrogant?](#)

Chen Feng frowned and looked at her and said, "Why?"

"Because I like you, I really like you!" Qin Lan pleaded, and she cautiously said in a low voice: "I'm sorry, I apologize to you, I shouldn't have treated you that way before, but I didn't know you were Chen Feng!"

"If I knew you were Chen Feng, how could I do that?"

"You have always known that I have always liked Chen Feng, right? You know!"

Chen Feng said with a faint smile: "Qin Lan, now you know to beg me? Now, why are you not arrogant anymore? Now, why are you humble?"

Qin Lan bit her lip and said nothing.

"Qin Lan, let go of your hand!"

Qin Lan shook her head violently. While shaking her head, she said loudly, "I won't let it go!"

Chen Feng suddenly shouted, "Let go, don't let me look down on you!"

Qin Lan's face was pale, she was frightened, and quickly let go of her hand.

Chen Feng smiled and looked at her, and said lightly: "Qin Lan, you do not love me, neither Feng Chen nor Chen Feng. What you love is only the name! What you love is only the status!"

"So, if another person is like this, you will do the same!"

Qin Lan showed great fear on her face, and her body softened and fell to the ground. It turned out that Chen Feng had already seen her through.

She still looked at Chen Feng, begging all over her face obsessively, her previous pride and indifference disappeared completely.

At this moment, she was humbled and flattered.

Chen Feng shook his head, turned and left quickly, disappearing in the blink of an eye.

Qin Lan was behind, staring blankly at his back, crying bitterly.

She regretted it very much. She knew that she had lost the opportunity to change her destiny.

She cried bitterly: "I'm sorry, I'm sorry, I shouldn't have treated you like that... I'm sorry..."

Chen Feng left the nirvana knife gate, escaped from this Nuo-Da plain, and went directly to the depths of the vast mountain range.

At this time, the time has finally come. *NOveluSb.CoM*

As soon as he softened, he almost fell to the ground.

Chen Feng felt that his body was extremely weak. It seemed that all the power in his body had been emptied and stripped away!

After his strength faded greatly, Chen Feng was cautious along the way, but fortunately, he did not encounter any danger.

Three days later, he returned to Zhanlong City.

At this time, in the Battle Dragon City, there was stability, the invincible army was recuperating here, and there was nothing else to do.

And when Chen Feng came back this time, the main thing was nothing else, but just to take a look at the ten invincible generals with the best talents he had selected before.

After a while, Chen Feng saw these ten people in the hall.

Originally, according to the original plan, these ten people should have left here for a long time to experience, but Chen Feng has been entangled with things for a while and has not cared about them, so it was delayed until today.

Chen Feng looked at them, smiled and said, "You have been practicing for a while, and your strength has been greatly improved than before. Now I am relieved to let you out for practice."

All ten people looked solemn.

Then, Chen Feng said again: "The agreement I made with you in the past is still valid. You left here today, and three months later, you will still meet here!"

"Yes!" The ten people responded loudly, their faces full of excitement.

Then, Chen Feng smiled and said, "The place you went this time is nothing but Qi Guo."

"What? Qi Guo?" All ten people showed surprise on their faces.

Chen Feng smiled and said, "Yes, it is Qi Guo."

"This time you go to Qi country, experience is the first, and the second task is to observe Qi country's customs, observe their roads, army defenses, and observe the movements of their masters!"

When the ten people heard this, they all felt a little surprised: "It turns out that the commander-in-chief actually meant this, let us explore the military situation while practicing!"

Chen Feng smiled and said, "Just understand it in my heart."

After talking to them again, the ten people left.

Looking at their backs, Chen Feng whispered softly at the corner of his mouth: "I once said that Qi must be destroyed. This sentence is definitely not a false statement!"

Chen Feng looked at Qing Rongyue next to him, and said in a deep voice, "Today, I will leave here and return to Wuyang City."

"Leave here?" A look of shock appeared on Qing Rongyue's face. She didn't expect Chen Feng to make this decision.

But then, Ran seemed to have a flash in his heart, and said softly: "That's right, you belong to the Great Qin Emperor after all, not to this eastern frontier. You came from there, and you still have to go back there."

She was very disappointed.

Chen Feng smiled and said, "What do you think?"

He seemed to have guessed Qing Rongyue's thoughts, stretched out his hand and gently rubbed his head, smiled and said: "This time I return to the imperial capital, there is a long-cherished wish. After the matter is over, I will come back immediately."

This sudden action made Qing Rongyue blush in an instant. This was the first time someone had been so affectionate to her.

She heard the sentence after Chen Feng, her heart was joyful, her voice became low, and she whispered: "Okay, we are here waiting for you to come back."

But I didn't notice that at this time, Ran's face was flushed, the corners of his eyes and brows were spring, and his eyes were full of water, very beautiful.

Chen Feng glanced at him, and his heart could not help beating twice. He quickly suppressed it, said a few more words, and left.

Amidst the mountains and forests, here is the edge of the Tulong Mountain Range, which is inaccessible.

Moreover, the level of the monster beasts here is not high, at least the level of the one-star monster king will not appear here.

Chen Feng chose to follow this path, so as to avoid being chased by others, and at the same time avoid encountering high-level powerful monsters.

On a cliff, Chen Feng sat cross-legged.

Below the cliff, there is a big lake surging and waves surging.

Behind the cliff, there is a large pine forest. At this time, the evening breeze blows, the wind rustles, and the waves sound like the sea.

The bright moon hangs high, the moonlight is like water.

Chen Feng listened to the sound of the waves and Lin Tao, looked at the quiet moonlight, and his heart gradually sank. Finally, he reached an extremely peaceful state without any waves.

And in this tranquility, there is a tiny trace of keenness and comprehension, just like the smile of the flower, the country is all over the country, and it is natural!

Chen Feng's mood at this time was unprecedentedly clear, just like the waves on the lake, the sky is bright, and the forest sounds!

Chen Feng has never been so perfect in the nearly twenty years since he has lived.

The reason for this is because he wants to comprehend an unprecedented stunt.

As long as this stunt is completed, Chen Feng is likely to kill all quarters in the entire Martial King Realm, invincible!
