

## Peerless 1791

### [Chapter 1791: Murderer, Chen Feng too!](#)

Obviously, they chose to commit suicide in order not to be insulted by these Chu troops.

Chen Feng looked up at the sky and clenched his hands. After a long time, he didn't let out an angry roar, but a icy saying in his throat: "I want a hundred thousand army to be buried for you!"

He suddenly turned around and walked towards the bottom of the mountain, towards the Suiyang County Town.

Suiyang County Town had already become a dead city at this time.

Millions of people in the city were killed. Although it was late autumn, the corpses were still rotten. The smell of the corpses was so strong that it covered the sky and the sun, and it was extremely easy to cause plague.

Now there is no living thing in the city, and the Chu army doesn't even bother to set up a camp inside, and set up a large camp next to it.

The camp stretched for dozens of miles, enough to hold a hundred thousand troops, and the General Sun was stationed here.

Outside the big camp, there were continuous movements of Chu army cavalry, patrolling and guarding sentries.

But they were all very relaxed. Everyone knew that the Qin army in this area had already been killed, and there was no power that could threaten them.

Of course they were very relaxed, and at this moment, they suddenly saw two figures walking slowly towards this side in the distance.

A man and a woman, the clothes are very simple, even shabby, and the aura is not very strong.

Suddenly, these cavalry all looked at each other, with a joking smile on their faces: "Now let's have fun!"

This is when dozens of cavalry rushed towards Chen Feng.

They formed an encircling circle to surround the two of them, but they did not stop. Instead, they ran back and forth around the two of them with horses, whirring in their mouths, and a frivolous whistle from time to time.

Their gazes scanned Han Yuer's body fiercely, and they couldn't wait to strip Han Yuer's clothes completely.

Their faces were full of playful smiles, and finally, they stopped. A cavalry pointed at Chen Feng and laughed, "Are you two here to give us food?"

"You guy is very strong, but you can be a coolie, as for her,"

He pointed to Han Yu'er and said evilly: "This little girl, after our brother has finished enjoying it, he will definitely give it to the commander. When the officer above is happy, maybe we can get promoted and make a fortune!"

As they said, they all made a lewd laugh.

Chen Feng stared at them, and only said two words in his mouth: "Looking for death!"

With that, a punch came out.

"Bold!" These Chu army cavalry suddenly became furious and shouted.

But their cursing stopped abruptly as soon as they spoke.

Because their bodies had been smashed to pieces by Chen Feng, all of them were killed and none of them survived.

Then, Chen Feng walked forward slowly.

The hundreds of cavalry outside saw this scene just now, and their faces were full of jealousy. Hundreds of cavalry came together to kill Chen Feng.

However, it is still useless!

"Do you think this is useful?" A cold smile appeared at the corner of Chen Feng's mouth, still blasting with a punch.

At the same time, Chen Feng shouted: "Remember, the murderer, Chen Feng too!"

With a bang, hundreds of cavalry were also shattered by Chen Feng!

Then, before Chen Feng strode to Daying, he kicked the door of Daying Camp and smashed into it!

The soldiers in the camp heard the noise outside and rushed out. Chen Feng just stood there motionless, waiting for them to form.

These Chu Army soldiers were indeed elite, but within a short time, the 100,000 army was assembled and formed ten huge square formations, which were lined up from the front to the back.

A general who was riding a monster beast of the one-star Demon King level slowly appeared in front of the formation.

He looked down at Chen Feng and said proudly, "Where do you come from, you little bastard?"

He saw clearly the scene where Chen Feng smashed hundreds of cavalry outside with a punch, and he was extremely jealous, but at this time he did become very arrogant again.

Because in his opinion, his one hundred thousand army has been assembled, this young man will not have any possibility to defeat him, he will be swallowed directly by the one hundred thousand army.

Chen Feng looked at him, and suddenly said coldly, "Is your surname Sun?"

"Yes, I'm surnamed Sun!" Commander Sun laughed: "You bastard, you still know my last name? Know who I am?"

"So, don't you hurry to kneel on the ground and kowtow to me for mercy?" *novelusb.Com*

"I can still let you live for a while, otherwise, I will kill you now!"

"Let me kneel?" Chen Feng sneered, "I'm afraid you can't stand it!"

As he said, Chen Feng suddenly pointed to the ground in front of him, his voice filled with strong confidence, as if he had declared a truth: "The next moment, you will kneel in front of me and kowtow to me for mercy!"

The Sun Commander sneered, his face showed extreme disdain, and said: "Little boy, what are you dreaming of?"

But the next moment, he grew his mouth, his face was shocked and he couldn't believe it.

Because Chen Feng had already killed the first phalanx of 10,000 people, and in front of the phalanx of 10,000 people, his figure seemed so humble and so small.

But the aura that suddenly burst out of Chen Feng at this time directly overwhelmed the ten thousand square formation!

He is one enemy ten thousand, although thousands of people are going on, he is full of decisive attitude!

"Remember, the murderer, Chen Feng too!" The angry roar resounded through the camp again.

Chen Feng struck out with a punch.

The phalanx of ten thousand people disappeared entirely.

Chen Feng killed the second phalanx of ten thousand people.

There was another violent roar: "Murder, Chen Feng too!"

The soldiers in the second phalanx of ten thousand people were panicked and resisted.

But to no avail, Chen Feng shattered their offensive and shattered them again.

Then, Chen Feng smashed the third phalanx of ten thousand people!

There was also a loud roar: "The murderer, Chen Feng too!"

When Chen Feng attacked the fourth ten thousand square formation, the Chu army collapsed.

They are going crazy, they can't imagine how there can be such a powerful person in the world!

"Is he still a human? Alone, he killed 30,000 of us with three punches! God, is this still a human?"

They are all mad and fled, but how can they do it?

Chen Feng laughed: "Want to run? It's too late!"

There was another violent roar: "Murder, Chen Feng too!"

The fourth square of ten thousand people was directly shattered.

After that, Chen Feng's figure stayed behind, blasting six punches one after another, leaving a phalanx of six million people, and was also all killed by Chen Feng.

At this point, Chen Feng blasted ten punches and let out ten roars of "Chen Feng the Murderer".

The one hundred thousand army of Chu State was completely destroyed!

The 100,000 army was wiped out by Chen Feng alone!

#### [Chapter 1792: Their whereabouts](#)

At this time, it took less than a hundred breaths from Chen Feng's words that made Commander Sun kneel down.

At this time, the 100,000 army, only Sun commanded one person.

He stood on the monster beast and watched this scene blankly, his whole person was as stupid.

He couldn't believe that the army of one hundred thousand, the army of one hundred thousand, disappeared so suddenly?

He waited for Chen Feng and yelled ferociously: "You are not a human! You are a devil! How could there be such a powerful existence as you?"

Suddenly, he seemed to remember something, his pupils shrunk, pointed at Chen Feng, and shouted: "You just said that you are Chen Feng? The top ten masters of Chen Feng? Chen Feng who killed the four-star Martial King?"

Chen Feng smiled slightly: "Yes, it's me!"

General Sun's eyes were even more desperate. He knew Chen Feng's strength, so he knew that he was definitely mortal at this time.

Chen Feng's figure flicked, and he came to the side of Sun Commander, and hit his body with a fist.

Commander Sun let out a scream, was badly beaten and fell to the ground, no longer able to fight back.

Then, Chen Feng fell in front of him, looked down at him, and said indifferently: "General Sun, they are all dead, now it's your turn, are you going to stay with them?"

As he said, Chen Feng showed a sneer at the corner of his mouth, and slowly approached him.

That General Sun seemed to have just been relieved at this time, as if he was woken up by this punch. His face showed extreme fear and despair. He suddenly turned over and knelt on the ground, banging his head at Chen Feng, loudly. Begging for mercy:

"Spare me, don't kill me!"

Chen Feng smiled slightly: "I just said, you will kneel here and kowtow to me."

General Sun was full of flattery: "Yes, I kowtow to you, please, don't kill me!"

Chen Feng said coldly, "For those people in Lingyao Town who were rescued by mysterious people, please tell me the specifics."

General Sun suddenly realized: "So you are here for them."

A smile squeezed out on his face: "So, they actually have something to do with you? If you had known it earlier, even if you killed me, I wouldn't dare to touch them a finger!"

There was a look of regret on his face.

Chen Feng coldly shouted: "Say quickly, other things will be slow!"

"Yes, yes." General Sun nodded quickly and said, "I personally took people to kill them, and as a result, a blue whirlwind came and they disappeared!"

"Then who saved them?"

"I don't know who rescued them, but I suspect that it is not human who left them!"

"Not a human being?" Chen Feng was completely surprised at this, and cried out in silence: "What do you mean? Where did you see it?"

General Sun said: "Because the wind is not like the wind formed by ordinary exercises, flying sand and rocks, there are also the shouts of demons and monsters, but it looks like the legendary monster wind."

"This demon wind is not something that ordinary human warriors can use. Usually it is a monster with psychics that can control such a demon wind."

Chen Feng nodded slowly, he had never heard of this, but it should not have been General Sun lying.

Then, General Sun said: "I still found this locally."

As he said, he spread out his hand, and in the palm of his hand was a pure blue hair.

Chen Feng took it over. This pure cyan hair was about half a finger length, soft and lovely, and it exuded a bright cyan light, which looked very noble, with a spiritual breath on it!

Obviously, this hair fell from a certain kind of monster.

And this kind of monster is absolutely extraordinary, with a noble background!

More importantly, Chen Feng could feel from above that the owner of this hair should be very gentle and kind.

Because there was a very gentle and pure aura on it, with no intention of killing, if it were that kind of brutal monster, it wouldn't be like that.

This discovery also relieved Chen Feng.

Chen Feng looked at General Sun, smiled and said, "Okay, thank you for what you said. In this case, you can go on the road with peace of mind."

After all, a punch hit his heart, completely shattering his vitality.

Then Chen Feng left here.

This time, he lost Qingzhou.

The Battle Dragon Academy was already in ruins. Chen Feng walked in it, looking at the countless corpses. Among them were his acquaintances here, as well as his relatives and friends.

And now, Chen Feng is even calm, and there is no fluctuation in his heart. There is only one thought in his heart that shines, and that is revenge!

On this day, Chen Feng rushed into a large camp near Qingzhou with more than two hundred thousand Chu army, killing all these people.

When the Chu army arrived the next day, they saw that in the middle of the camp, a stone monument several hundred meters high was written with six \*\*\*\* characters: Murderer, Chen Feng!

Next, within a few days, Chen Feng rushed to a dozen large camps of the Chu army.

And wherever he goes, no one is his enemy.

In just a few days, he used his own power to annihilate the one million army of Chu Kingdom!

It is a legend that is like a myth to destroy a million army by oneself!

It spread throughout the Kingdom of Qin, Chu, and even the Thirty-Seven Kingdoms of the Dragon Slayer.

And the most rejoicing is naturally the people of the Qin State. Now Qin State has spread word of mouth that he knows that a peerless man named Chen Feng appeared in his country, and he killed a million Chu State army by himself!

Kangcheng, this big city on the border of Qin and Chu.

At this time, it has become the core place of Chu's attack on Qin's seven million troops.

The millions of civilians in Cannes were killed, but their bodies had been cleaned up at this time. Although the city was still filled with a strong smell of blood at this time, although it was still in ruins, at least there was no danger of a plague.

At this time, the City Lord's Mansion, the most luxurious and palace-like building in the city, has been changed into the Chu Army General Marshal's Mansion.

The Chu army implemented the general marshal system. There were seven generals in the country, and each general commanded millions of troops.

Every time you send troops to conquer other countries, you are sending a General Marshal to set up a General Marshal's mansion in a certain place to coordinate millions of troops under his command!

At this moment, in the tallest hall, more than a dozen people sat facing each other, each wearing a dark blue armor. Looking at the armor style, you know that the status is not low, and all of them are quite aura. Of huge.

Sitting at the top of the two rows is a majestic middle-aged man.

There was a golden ribbon on the blue armor of the middle-aged man.

[Chapter 1793: Marshal of Chu!](#)

This was the mark of the Grand Marshal of the Chu State. The entire Chu State was qualified to wear this armor, but only seven people.

This Chu State Marshal was extremely powerful and mighty!

Surprisingly, it was Chang Yongjia, the Grand Marshal of Chu, who led the seven million Chu army to invade Qin this time!

The atmosphere in the hall was very dull, almost solidified, making people feel a little breathless, and everyone was sweating on their foreheads.

After a long time, Chang Yongjia said slowly: "Let's talk about it, what do you think about Chen Feng? What should we do?"

As soon as he said this, the freezing atmosphere was only broken, and everyone sighed for a long time.

With a frustrated expression on one's face, he spread out his hands with some complaints and said: "I said at the beginning, you should treat everything about Chen Feng with caution!"

"Obviously he knows that Lingyao Town has something to do with Chen Feng. He has stayed here for a long time, and when he attacked Lingyao Town, the people there also talked about the relationship with Chen Feng, but he wanted to be cruel. Didn't you clearly offend Chen Feng to death?"

"It's okay now, the \*\*\*\* things are dead, the \*\*\*\* things are gone, now there is only Chen Feng, who is a murderer, pours anger on us, what should we do!"

Another bearded general frowned dissatisfiedly and said, "General Wu, what use are you saying these complaints now?"

"This is the end of the matter. I can only think of a solution. Everything in the past cannot be changed!"

Everyone talked about their ideas, and some said that they would send an elite and fast-moving army to bring Chen Feng here, and the generals would kill him.

Some are talking about laying down a trap, and others are talking about hiring masters in the country... Wait, after all, it is not a reliable suggestion.

Among these twenty-odd people, one has never spoken. This person is the only one in the entire hall who does not wear armor, but is dressed as a scribe.

He is about forty or fifty years old, with three long beards and a very elegant appearance, but the cold and poisonous light flashes in the triangular eyes from time to time, which makes people know that this person is not a good person!

He hasn't spoken, but with his eyes closed, he looked into the eyes of other people, but he was full of disdain and contempt, and he was very disapproving of their proposal.

Seeing this scene, Chang Yongjia immediately moved in his heart.

The scribe was named Yu Shizhong, and he was a counselor under his account.

Although he is a strategist, his strength is also quite powerful, only one way behind these generals.

He valued Yu Shizhong very much, and basically all the strategies under his hand were made by Yu Shizhong.

Chang Yongjia waved his hand immediately, and the hall suddenly became quiet.

Then, he shook his sleeves and walked in front of Yu Shizhong. Suddenly he clasped his fists in his hands, bowed deeply, and said, "Please teach me, sir!"

A satisfied smile appeared at the corner of Yu Shizhong's mouth. He slowly said, "Grand Marshal, before we decide on how to deal with Chen Feng, there are two principles that must be clearly stated first. If not, this matter is justified. I don't know."

Chang Yongjia said, "Sir, please speak."

"First, this incident must not be taken to the imperial capital!" His voice suddenly became cold, and he looked at the others and said coldly: "You idiots just proposed to go to the imperial capital to invite masters?"

"Have you ever thought about the consequences of doing this? Going to the imperial capital to ask for a master means that the Generalissimo admits his incompetence, and it means that the Generalissimo admits that he cannot deal with Chen Feng, so he can only ask for help. Yingdu!"

"In this way, the Grand Marshal will have no face in the court, and even the Emperor will no longer have the slightest trust in the Grand Marshal. Have you ever thought about the consequences?"

Hearing what he said, everyone had a cold sweat on their backs, and no one had thought that the consequences would be so serious.

But if you think about it, these words are indeed very reasonable. **nOvelUsB.cOm**

Chang Yongjia glared fiercely at the few people who proposed to go to Yingdu, and said coldly: "Success is not enough to fail."

Then he looked at Yu Shizhong: "Sir, please keep talking."

Yu Shizhong continued: "The second rule is that you must solve Chen Feng quickly."

"We must solve him quickly and incomparably with the momentum of the thunderbolt, because this matter is equivalent to us provoking it, and now, what Chen Feng has done, the big people in Ying Du have already known it."

"But they pretend not to know now, just to give us a chance to solve Chen Feng, but don't let the big people in Yingdu down again."

"If we can't get rid of him in time, then the big figures in the imperial capital can't pretend to be stupid!"

Everyone nodded again, convinced.

A flash of complacency flashed in Yu Shizhong's eyes, and he said, "Since these two principles have been set, it is easy to say what to do next."

"We want to gather all the masters in the army and kill Chen Feng at all costs. It is ugly to say that even if we pay all the price now, as long as the general is still there, as long as the general is still alive, then the army will Won't collapse!"

Chang Yongjia asked: "Then, in the eyes of Mr., who would lead everyone to go this time is better?"

Yu Shizhong said: "Grand Marshal, you must sit in Cannes. You must not act rashly. This time, your subordinates are willing to ask Ying to go."

"Okay!" Chang Yongjia nodded and said, "Mister, whoever needs someone, just ask me."

Yu Shizhong is also not welcome. He directly ordered four or five people, and then said: "Please transfer these five people to me, and in the transfer army, more than half of the two-star Wuwang level masters."

Chang Yongjia also readily agreed.

After a while, in the Cannes camp, a dozen huge flying monsters suddenly flew up and rushed towards Qingzhou, where Chen Feng's traces were most recently revealed.

Above the monsters, there are hundreds of tyrannical masters!

Their purpose is only one, and that is why Chen Feng!

It's just that when they arrived in Qingzhou, they were already empty, and Chen Feng was no longer here.

At this time, there was news that Chen Feng had appeared in another place, and they hurriedly flew to that place.

As a result, no trace of Chen Feng was found there, only corpses everywhere.

Chen Feng left long ago.

In this way, they followed Chen Feng's \*\*\*\* for nothing but ashes, and they did not catch Chen Feng at all!

These masters of the Chu army were impetuous, and their military spirits were shaking, but Yu Shizhong looked calm.

Suddenly, he looked at the crowd and coldly shouted: "Look at you, what do you look like now? Is there a bit of style like a master of Chu? A little frustration will blow you up like this?"

#### [Chapter 1794: Mountain giant!](#)

All of the masters of the Chu Kingdom were full of irritation, and they didn't care about him much.

At this time, Yu Shizhong's voice suddenly became cold: "I will warn you one last thing. If you dare to ignore my orders, I will directly kill you here!"

"The General Marshal handed you over to me, so that I have the power to take you from life to death, believe it or not?"

What he said was extremely cold, and those in the Chu army had always known his harsh methods, and they suddenly felt horrified, and they didn't dare to repeat them, and they became respectful.

Yu Shizhong was full of pride, and then he found a copy of the Chu Army's defense plan. His gaze moved continuously on the Chu Army's defense plan, and finally fell to one point.

Above that point, the Chu army was stationed with the largest army outside of Kangcheng, a total of 400,000 troops.

He stared, and said in a deep voice: "Since we don't know where Chen Feng will go next, then go to a place he will definitely go."

"Here, Chen Feng will definitely not let it go. In his eyes, this is a big piece of fat!" *nOvelusb.com*

Nan'an Town, Yongzhou, where the Chu State's 400,000 troops were stationed.

Because this place is the key point of the warrior's battle, from here to the south is the endless hinterland of Qin. Even if the speed is fast enough, an elite flying cavalry team can kill the Qin Emperor Wuyang City in five days. under.

Therefore, it must be held here!

The 400,000 Chu state army used to show off here, burn, kill and plunder around here, and do everything.

But today, there is a silence here, the camp is quiet, and there is no one outside the camp, full of silence!

At this moment, two people suddenly passed by outside the camp.

These two people, a man and a woman, the man is tall and straight, and the woman is beautiful in appearance.

The man walked in front, wearing a blue shirt. He looked plain, his fingers were fair, his clothes were clean, and there was not even a drop of blood on his body, but at this time, there was an extremely dense cloud of blood around his body.

As if thousands of miles away, they were all covered by that blood cloud.

And the source of this blood cloud is his body, and his body reveals endless meaning of killing.

The breath of blood rushed to the face, making people within a kilometer of him, as if they had entered a sea of blood and fire.

From this it can be seen how much killing was done on this person, and what a powerful murderous aura he possessed!

This person is Chen Feng.

He killed millions of Chu troops one after another, and at this time the murderous energy on his body was so strong that it was almost impossible to look directly at him.

Han Yu'er, behind him, looked at Chen Feng with a worried expression on his face.

She is the most clear about the changes in Chen Feng, because she is always with Chen Feng, and she is very worried now, because during this period, in her opinion, Chen Feng is almost no longer like a Human, but like a killing machine.

There is only one word in his heart, that is: kill!

kill!

revenge!

Chen Feng is now extremely cold, with a haze from the inside out, even the two of them haven't said a word for three days!

She once asked frantically, and then Chen Feng introduced her into her world and took a look.

In the next moment, Han Yuer almost had a nervous breakdown and retired directly.

It turned out that there was nothing in Chen Feng's eyes at this time, only a \*\*\*\* \* like an asura field.

The land of blood and fire was full of corpses, and every corpse was someone Chen Feng was familiar with, and every place that turned into ruins was a home that Chen Feng was familiar with.

Han Yuer suddenly understood that when all his relatives and friends, when the memories and past of life are completely destroyed, naturally there will be such a huge hatred!

She has no choice but to follow silently.

Chen Feng walked slowly towards the big camp, and then his figure floated, floating above the big camp.

A thick and incomparable killing spread, and felt the arrival of this breath. The Chu army soldiers hiding in the camp seemed to have noticed something, and they poured out from the barracks, and then they saw it. The tall figure in the sky.

The body exudes boundless murderous intent!

Like a magic!

The moment they saw Chen Feng, countless Chu Army soldiers shouted in horror.

"Chen Feng! It's Chen Feng who is here, and the devil who kills her life is here!"

"It's over, we are all going to die, we are going to die today!"

At this moment, even tens of thousands of Chu Jun were directly frightened and collapsed to the ground, howling and desperate.

They couldn't even mention the sense of resistance, because they knew that Chen Feng's arrival represented the coming of death.

Chen Feng looked down at them, and slowly uttered six words: "Murder, Chen Feng too!"

Then, his dragon slaying knife chopped out.

In the next instant, there was a loud bang, and tens of thousands of Chu troops on the ground turned into powder!

At this time, the general of Chu State who led these troops, his eyelids jumped wildly.

But he is also a man of fortitude, shouting loudly: "Quickly, please come out our helper, we can't sit still!"

"Yes!" The lieutenant immediately took the people back. After a while, everyone heard a bang and bang, and the earth was shaking violently, and it was like an earthquake.

Everyone was shocked, what a powerful existence, what a huge body? It can cause an earthquake-like effect!

Then everyone looked back.

I saw two giants rising above the horizon. These two giants seem to be extremely slow, but in fact they are so fast that they have come close in a blink of an eye.

There were even thousands of Chu State soldiers who were too late to dodge, and they were trampled to death by the two of them.

Everyone looked back, and it turned out that these were two huge giants.

The height of these two giants is more than a thousand meters, and the whole body presents a mountain-like blue color, extremely textured, extremely powerful muscles, knotted together, shining noble light.

And their aura is huge!

When Chen Feng saw this scene, his pupils suddenly shrank.

These two giants obviously belong to the giant clan, but their level is definitely much higher than that of the hill giants I have encountered before, as you can tell from their size alone!

The size of these two giants is more than three times that of the hill giants, and the surface of the body is like a blue stone, very beautiful!

The tyrannical aura radiating from them is far from comparable to that of the hill giant!

The commander-in-chief of the army here, the general named Liu, immediately transformed into a confident smile upon seeing the appearance of these two giants.

The gaze he looked at Chen Feng was also full of overlooking and disdain, haha laughed wildly: "Chen Feng, this time, you will definitely die!"

#### [Chapter 1795: One punch! That's enough!](#)

"These two giants are extremely powerful mountain giants. Do you know mountain giants?"

He patted his head, pretending to be suddenly enlightened, and said: "I forgot, how could a lowly-bred untouch like you have heard of such a powerful existence as a mountain giant?"

As he said, he burst into a burst of disdainful laughter, and the generals beside him also laughed in agreement.

At this time, they no longer had any fear of Chen Feng.

Obviously, in their opinion, after the appearance of these two huge mountain giants, Chen Feng's fate has been decided.

He will definitely die!

One of the lieutenants laughed and said, "General Liu, aren't you a bit bullying?"

"It's his kind of pariah, how could he have heard of a mountain giant?"

Then General Liu looked at Chen Feng, with a look of disdain and arrogance on his face, and said: "Untouchables, I will let you learn more today."

"Tell you, mountain giants are quite powerful even among the giants! Adult mountain giants can reach the five-star Wuwang realm. These two mountain giants are the beasts driven by our army, but It's just a larva, but its strength has reached four stars and five kings! It must not be underestimated!"

Chen Feng looked at them and shook his head slowly, feeling very ridiculous in his heart.

If you talk about the understanding of giants, I'm afraid that few people can compare to him, so these people are still here with arrogance?

Chen Feng suddenly showed an extremely confident and wild color in his eyes. He looked up to the sky and laughed: "Are these two mountain giants your hope? You are too weak!"

"Believe it or not, in the next moment, I will cut your hopes to pieces?"

"It's really ridiculous! It's ridiculous!" General Liu gave out a disdainful laugh, pointed at Chen Feng and said: "If you are really good, you will kill both of them. If you can't do it, you are Fart here!"

The generals and soldiers around him also laughed disdainfully.

The gazes of those soldiers looking at the mountain giant were full of strong confidence, which was their invincible confidence.

And their eyes on Chen Feng were full of disdain and contempt. Obviously, in their opinion, Chen Feng was talking nonsense here, and he had no power to defeat these two powerful mountain giants!

At the beginning, by chance, the Chu State besieged and killed a very powerful mountain giant who was almost sick and died. At the same time, he also obtained two cubs of mountain giants, captured them and domesticated them, and used them as beasts in the army!

These two mountain giants have always been invincible, whether they are siege or field battles, they are extremely powerful, exerting great power and making them full of confidence!

"Kill the two of them, right?" Chen Feng laughed, "Okay, then I'm just as you wish!"

His voice echoed in the sky: "Kill them, one punch, that's enough!"

Then, Chen Feng leaped into the air, and the Dragon Slaying Sword in his hand slashed out frantically.

Eight Desolate Silence!

First cut, break the skin!

The second cut, cut off the meat!

The third cut, broken tendons!

Three swords in a row, crazily cut down on the body of one of the mountain giants.

When the first knife fell, the stone-hard skin of the mountain giant burst open.

When the second knife fell, the muscles on the surface of his body split, exposing the hard cyan bones inside.

And when the third knife fell, all the meridians on the surface of his body, dong dong dong, all cracked.

After the three swords fell, this head reached the realm of the four-star martial king, the extremely tall mountain giant, the whole has become a blue skeleton, and before he even screamed, he fell to the ground!

"What?" Seeing this scene, all the Chu soldiers' faces made an expression of disbelief, which was a huge shock.

"How could there be such a powerful existence?"

At this time, a trace of despair appeared in many people's hearts.

But they still have another hope, that is the other giant mountain.

As a result, they all turned their gazes to the mountain giant. When the mountain giant saw his companion killed, his face was full of anger, and a word in his throat rolled and burst out: "Death!"

Then, he waved his fist the size of a mountain and slammed it at Chen Feng.

The reason why the mountain giants are so powerful is that besides their own level and tyranny, there is another reason that they are naturally proficient in boxing.

This punch seems to be out of order, but in fact it contains an incomparable sense of fist.

After this punch, Chen Feng was unavoidable, unavoidable, and straightforward!

The following Chu Jun laughed triumphantly: "Haha, Chen Feng is definitely over now!"

"Yes, he can only choose to greet him, and if he insists on it, how can he stop the punch of the mountain giant with his strength?"

"The punch of the mountain giant can definitely blast Chen Feng directly into a powder!"

"Yes!" everyone shouted loudly!

At this moment, Chen Feng suddenly lowered his head, glanced at them with pitying eyes, and said faintly: "Hold it up, right? Okay, then I will do it!"

With that said, he actually put away the Dragon Slaying Knife, and then also threw it out with a punch.

In Chen Fengfeng's body, blood rushed.

It was the blood of a giant, and there was a faint light of thunder on his body, and a burst of electric light crackled on the surface of his body.

In an instant, Chen Feng felt that his body had become extremely powerful.

And the fact is exactly the case, Chen Feng's physical strength at this time has even surpassed the Samsung Wuwang.

Then the next moment, I saw Chen Feng's fist and the mountain giant's fist slammed together.

Those Chu soldiers watched this scene expectantly, ready to cheer for the next moment.

However, a scene that made everyone stunned appeared.

After the two fists intersected, there was a violent explosion, and the arm of the mountain giant was directly shattered.

This was not over yet, Chen Feng's fist hit his body fiercely again, directly exploding his body to pieces.

This extremely powerful mountain giant was smashed to pieces by Chen Feng!

Chen Feng, with one knife and one punch, killed two powerful mountain giants one after another!

This scene shocked all the Chu army, terrified, and desperate at the same time.

They completely lost hope, Chen Feng was too powerful, and he was almost beyond their imagination!

"We are completely finished. Such a powerful mountain giant is not Chen Feng's opponent, let alone us!"

#### [Chapter 1796: Fight then!](#)

"That's right, and he solved these two mountain giants so easily, with only one punch, this Chen Feng is really terrifying! Why should we provoke such a powerful enemy?"

These Chu Army soldiers were completely desperate, and many of them even knelt directly to the ground, threw away their weapons, and kowtow to Chen Feng repeatedly, begging Chen Feng for forgiveness.

General Liu's face was pale and his lips trembled.

He was trembling all over, the arrogance on his face just disappeared without a trace, and only despair was left.

Chen Feng suddenly turned his gaze, looked at him, showed a slight smile, and said softly: "Did you just ask me to kill the two mountain giants first? I did as you wished, and now I have killed them! "

"You, what else do you want to say to me?"

General Liu Daqing's lips trembled, looking at Chen Feng, he couldn't say a word.

Chen Feng's smile suddenly became cold and stern: "Don't you say it? Okay, then let me do it!"

"You gangsters, now, all die!"

With that said, Chen Feng swooped down crazily in a tyrannical and unmatched posture, and bombarded with both fists one after another.

Then General Liu and his generals screamed desperately and threw their fists to resist.

But they also knew that this resistance would have no effect at all!

In the next moment, they were all killed by Chen Feng, and none of them survived.

Then, the army of hundreds of thousands collapsed directly!

Although Chu Jun still has hundreds of thousands, he has no fighting spirit.

At this time, on a mountain in the distance, among the dense forest, dozens of people are hiding in it. Each of them has deliberately reduced his momentum, but it can still be felt that everyone's aura is quite large. , And full of bitter killing intent, strong blood.

Obviously, no one knew how much blood was on his hands.

The leader was a tall and thin middle-aged man, like a weak scholar, but his eyes flashed viciously from time to time.

These people are just Yu Shizhong and his party!

They have been in ambush here for a long time, just to wait for Chen Feng's appearance. When they saw Chen Feng, Yu Shizhong showed an expression of excitement on his face. He laughed and said, "Everyone, that Chen Feng came from I was caught, now let's go out and kill him!"

He did not put Chen Feng in his eyes at all, although he had witnessed Chen Feng killing two mountain giants.

But in his opinion, although Chen Feng can easily kill two mountain giants, he is definitely not an opponent of these people.

These people, but the most elite of the millions of Chu State's army, kill Chen Feng!

He is full of confidence.

Chen Feng was about to chase down the Chu sergeants who had fled. Suddenly, he felt an extremely violent fluctuation in the aura around him.

Then, countless powerful auras are pouring toward him!

A slight smile appeared at the corner of Chen Feng's mouth, and he chuckled softly: "Oh, did you play this trick with me? Okay, then I will continue!"

With that, he was floating in the air far away, motionless.

In a blink of an eye, those breaths quickly approached. Hundreds of figures showed their figures. They surrounded Chen Feng tightly, and each of them exuded a huge breath.

Headed by Yu Shizhong.

He looked at Chen Feng with a smug smile on his face, as if he was holding the winning ticket: "Haha, Chen Feng, no matter how cunning you are, didn't you end up in my trap?"

Chen Feng looked at them and said lightly: "So, you are waiting for me here?"

"Yes, we are waiting for you here!"

Yu Shizhong stared at Chen Feng, and said in a dark voice: "What you did here has completely angered the Generalissimo. The Generalissimo sent an army master to besiege you, and I expected you would not let go of these hundreds of thousands of Chu army, so we simply wait here."

"Sure enough, I didn't expect it to be bad at all, you came from the net!"

A triumphant smile appeared on his face and he laughed.

Everyone beside him also showed confident smiles. Obviously, in their opinion, with the existence of people like himself, Chen Feng has absolutely no chance of survival today. [novelSb.com](http://novelSb.com)

Yu Shizhong pointed to Chen Feng and slowly said, "Here is your place of death and burial!"

When he said this, he was very confident, and he obviously felt that Chen Feng would be able to stay today.

There was a sneer at the corner of Chen Feng's mouth, and he slowly said, "You know, there are not thousands or hundreds of people who have said this to me, but in the end, the place they were referring to became their burial place. Earth! And to this day, I am still safe and sound!"

"Boy, arrogant! You really don't know how high the sky is!"

"Do you know how powerful these people are?" Yu Shizhong said with disdain.

With that said, he was the first to release his powerful aura, and those people also released their aura.

Everyone with the lowest strength is the two-star Wuwang, among which there are dozens of three-star Wuwang, and there are more than ten four-star Wuwang!

"Have you seen it?" Yu Shizhong raised his chin and stared at Chen Feng with a downward look, and said: "We are so powerful, do you think we can't keep you today?"

Chen Feng didn't speak, and there was a slight smile at the corner of his mouth, without the slightest panic.

But this scene was just a pretense in Yu Shizhong, he didn't believe that Chen Feng would not panic!

He said disdainfully: "Okay, Chen Feng, you don't have to force it, I know you are very flustered now, this is not shameful."

"After all, we have so many masters, you simply can't beat them."

Chen Feng shook his head, with a mocking smile on his face. He really didn't panic at all. Among the remaining teachers, they were too overestimated.

He said lightly: "Actually, I know that there is an ambush here, but what is this ambush in my opinion? If there is an ambush, then just smash it!"

The people of Yu Shizhong sneered with disdain and ridicule all over the world.

Chen Feng didn't speak, but just hooked his finger at Yu Shizhong and his contempt was self-evident.

Yu Shizhong said with a cold expression: "Chen Feng, if you can live ten breaths under our hands, I will even win!"

Chen Feng suddenly yelled: "Then fight!"

With that said, he actually launched an attack on his own initiative, rushing directly into the array of hundreds of people, and blasted a fist.

These people didn't expect Chen Feng to take the initiative to attack so many opponents, and he was a little flustered for a while.

After Chen Feng's fist blasted out, he directly smashed the three Samsung Wuwang.

Seeing this scene, everyone's faces were shocked.

#### [Chapter 1797: One enemy one hundred!](#)

The three three-star martial kings are not his opponents of one move?

Upon seeing this scene, Yu Shizhong shouted loudly: "Four-star Martial King, the four-star Martial King surrounded him, and the rest of them attacked!"

Chen Feng smiled coldly: "How can I be as you wish?"

As he said, his figure flashed, and he came to the side of several three-star two-star Martial Kings, kicked them out, and kicked them directly.

Then, he turned around and punched another four-star Wu Wang directly!

A fierce battle began.

With one punch after another, Chen Feng continued to blow out.

In a blink of an eye, they killed a little and a half, and only a few dozen people in the air were left.

At this moment, Chen Feng suddenly turned around, looked at Yu Shizhong, smiled and said, "Now, it seems that I have already taken ten breaths!"

Yu Shizhong's face was flushed red and embarrassed, as if being slapped a few times.

He just said that Chen Feng couldn't support ten breaths, and he was beaten in the face in an instant!

He just pretended not to hear, and became angry, and roared: "Kill! Kill! Kill this little boy!"

Chen Feng laughed loudly and stepped into the crowd, constantly launching a powerful offensive.

At this time, his Haifeng Zidianbao played a great role, the speed is incomparable, and he can leave as soon as he touches it, giving them no chance to encircle.

After a punch, he teleported to the other side and beheaded several other people.

For a time, Chen Feng had one enemy and one hundred, but he had the upper hand!

About half an hour later, most of the people were killed by him.

The remaining people, but there are only thirty or forty!

But at this time, there are fewer enemies, and Chen Feng is at a disadvantage, because each of the remaining people is quite powerful, half of them are four-star martial arts masters, and a few are four-star martial arts masters. peak.

The true four-star Wuwang pinnacle master, in fact, Chen Feng is now a bit difficult to deal with one alone, let alone so many people!

In an instant, Chen Feng was hit with more than a dozen punches, spurting blood.

On the surface of his body, blood spilled even more, and he didn't know how many bones were broken.

But at this moment, Chen Feng was not discouraged at all, and even he was laughing instead.

Because Chen Feng felt the taste of a long absence, it was the taste of fighting.

The Dragon Slaying Sword in Chen Feng's hand suddenly appeared, cutting out one after another with subtle moves, and instantly beheaded two opponents.

He was hit too many times, but Chen Feng was completely immersed in this atmosphere.

His figure kept flashing, constantly cutting out powerful moves, constantly hitting others, and constantly being hit by others, but it was in such a trick that Chen Feng's moves became more refined and Chen Feng's attacks became more skillful.

Moreover, the blood on his body is constantly dissipating.

Later, Chen Feng's mood became more peaceful.

Seeing this scene, Yu Shizhong couldn't close his mouth in shock, and screamed: "He, is he actually using us to feed him?"

He felt that he had been greatly humiliated, and the faces of those Chu army masters also showed anger and shame. These dozens of powerful masters were turned around by a teenager, and they were used to feed them. It is a great insult.

As a result, these Chu army masters all sent fierce attacks and attacked Chen Feng with their most powerful moves.

Chen Feng was immediately at a disadvantage!

With a loud bang, his Dragon Slaying Sword collided with the fist of a four-star Martial King pinnacle master, but instead of shattering the opponent, he was shaken back hundreds of meters.

Behind him, another four-star martial king pinnacle master was already waiting there.

He blasted out his fists one after another, hitting the back of Chen Feng's heart, and Chen Feng spit out a large mouthful of blood, which was still mixed with internal organs.

And the fist of that four-star Wuwang pinnacle master directly blasted through Chen Feng's body and pierced out of Chen Feng's chest.

His hands were stained with Chen Feng's blood, and there was a grinning smile on his face, and his hands actually flew outward.

Judging from his appearance, he was actually tearing Chen Feng in half alive.

And Chen Feng let out a violent roar, and his muscles contracted crazily. In an instant, his powerful physical force directly clamped the hands of the four-star peak martial king.

Then, Chen Feng suddenly turned around and bared his teeth. His white teeth were covered with blood, which looked like a hideous evil spirit killed from hell, full of hideous and terrifying meaning.

He grinned and said, "You seem to want to kill me?"

The four-star pinnacle martial arts master was directly frightened by this scene. He looked at Chen Feng in disbelief, and said instinctively, "I, I..."

A grinning smile appeared on the corner of Chen Feng's mouth: "What are you doing? Die!"

With that said, his double fists madly bombarded the master, directly smashing him into a pool of mud and falling heavily from the air!

Chen Feng looked up to the sky and laughed like a demon.

His aura came out in awe, and for a while, the masters of the Chu army around him did not dare to do anything at him, looking at him in awe.

Master Yu shouted loudly: "What are you doing in a daze? Didn't you see it? He has already run out of oil and has no strength. Go up and kill him!"

These words seemed to have awakened the masters of the Chu army, and they rushed forward to kill Chen Feng!  
*nOVelU.s.b.cOm*

At this time, Chen Feng, as Yu Shizhong said, was almost exhausted.

But he still gritted his teeth, roared, and blasted out a number of punches, directly killing the other three Samsung Wuwang who tried to fish in troubled waters.

However, his fist was intercepted by a four-star peak Wu Wang.

Then, the opponent banded Chen Feng's shoulder with a punch, directly shattering Chen Feng's entire left body.

At this point, Chen Feng had been seriously injured and was dying, and could no longer fight back.

Master Yu let out a sharp laugh: "Kill, go up and kill him!"

He hadn't noticed that because he was too excited, his voice had almost broken, because he was too jealous of Chen Feng. This young man was simply a miracle creator, and it seemed that there was nothing he could not do!

But at this moment, the smile on Chen Feng's face was still indifferent, without the slightest panic.

Seeing his smile like this, Yu Shizhong almost couldn't help his heart collapse. He screamed: "Don't pretend, I know you don't have any cards! Don't pretend!"

A slight smile appeared at the corner of Chen Feng's mouth and said, "Really? Do you think I have no chance of turning over?"

"Of course!" Yu Shizhong said loudly, "You are now seriously injured and dying, and you don't have any helpers. Why do you come back?"

Chen Feng smiled and said, "Then, open your dog eyes and take a look!"

With that, Chen Feng's dantian suddenly burst into light.

#### [Chapter 1798: Do you think I have no hole cards?](#)

The red and blue rays of light swept up suddenly, and then a red and blue chakra ran wildly, which was the magical skill of nine yin and nine yang.

In the next moment, the Nine Yin and Nine Yang Divine Art received a huge suction force, and the source of that suction force was surprisingly the two mountain giants.

The essence and blood of the two mountain giants, and all the blood in their bodies, were madly sucked by the nine-yin and nine-yang magic.

I saw countless blood oozing out on their bodies, condensing into a huge red sphere in the air.

In the next moment, the red sphere began to condense indefinitely and shrank sharply. In the end, two huge red spheres the size of a mountain range were condensed into two human head-sized essences.

Above this essence and blood, exudes an incomparable breath of blood, which is the power of the giant's blood.

Then, with Chen Feng's hand, these two drops of blood flew towards him quickly!

Master Yu roared in fright: "Quickly, stop him!"

He realized that these two drops of blood might be Chen Feng's chance to come back.

Several four-star martial masters hurriedly stopped these two drops of blood. However, when they touched the blood, they were directly pierced through the body by the blood, making a screaming and screaming sound. The ground fell to the ground.

Then, these two drops of blood fell heavily on Chen Feng's body.

Originally, when they came, the speed was swift and incomparable, and they looked so fierce that they almost smashed Chen Feng's body, but when they fell on Chen Feng's body, they instantly changed from

extreme movement to extreme quietness. Extremely gentle, like a spring wind and rain, penetrated into Chen Feng's body. *novelusb.com*

The blood of the hill giant is only the size of a fist, and the two drops of blood of the mountain giant are the size of a human head, several times stronger in quantity, and pure and noble in quality!

After two drops of huge mountain giant blood fell into Chen Feng's body, it immediately penetrated in at an extremely fast speed.

Then, the powerful essence and blood power penetrated into Chen Feng's limbs, every bloodline, and every corner.

In an instant, all injuries in Chen Feng's body were removed.

His body has actually reached its peak state, no, even stronger than its peak state!

Because the tyrannical power of blood penetrated into every corner of his body, the blood in Chen Feng's body started to evolve.

His bloodline showed a faint yellow light, although faint, it was bright and noble!

After an hour, all these tremendous changes and infiltrations finally came to an end, and Chen Feng also felt like a huge thunder in his body, making countless roars!

In the next moment, Chen Feng felt the red light around his body, and then the red light shrank suddenly. His bloodline rose directly from the blood of the hill giant to the blood of the mountain giant!

Chen Feng's giant bloodline has evolved!

Chen Feng slowly opened his eyes, he clenched his fists, feeling the surging power in his body.

Then the next moment, he blasted a punch, and there was a violent sonic boom in the emptiness.

A smile of joy appeared at the corner of Chen Feng's mouth. His physical strength alone had reached the mid-stage of a full four-star Martial King, extremely powerful!

During the whole process, Yu Shizhong and others have been watching dumbly by the side.

It's not that they don't want to do it, but during the whole process, Chen Feng's body has been shrouded in a faint red light, and they simply can't do it!

Chen Feng smiled slightly and was about to speak.

Suddenly, at this moment, a large thundercloud appeared above the sky.

A smile immediately appeared on Chen Feng's face.

The people in Teacher Yu were worried and looked up: "Why does thundercloud appear? What is this situation?"

As soon as his voice fell, suddenly, this thundercloud floated directly above Chen Feng.

Then, a thunder pillar crashed down, and in Chen Feng's dantian, a little man who looked like a ginseng fruit flew out. It was Chen Feng's original infant.

In the next moment, that little Yuanying was flying wildly.

Under his lure, Tian Lei continued to burst out.

Splitting around Chen Feng's body and on top of Chen Feng's body is different from when Chen Feng first stepped into the Martial King Realm through Thunder Tribulation. At this time, this Thunder Tribulation is still quite normal, but it is still better than others. A lot bigger.

Standing in the midst of this boundless thunder tribulation, Chen Feng opened his hands to face the sky, and let out a arrogant roar: "Come on, come on! I want to see, you thief, God, what can I do? "

In his body, the blood of the giant surged crazily, surging with incomparable power.

A thunder pillar smashed down and smashed on Chen Feng. Chen Feng's bloodline of the giant in his body was turned, and the thunder pillar was directly resolved.

Then, the extremely powerful thunder column power fell on Chen Feng, and generally penetrated into Chen Feng's body.

The other half was left on the surface of Chen Feng's body. To be precise, it should be the surface of the skin.

These days, the power of thunder circulated on Chen Feng's body surface, constantly tempering Chen Feng's body surface skin, Chen Feng's body surface skin, constantly becoming harder and stronger, and at the same time, it began to emit a faint golden light!

Two-star King Wu, Yuan Ying draws thunder to quench the skin!

As for the other half, it enters the body completely.

With the infiltration of the power of these thunders, the blood of the giant in Chen Feng's body has been purified so little, a lot of impurities follow.

A look of ecstasy appeared on Chen Feng's face: "It turns out that the thunder quenching body can dissolve the impurities in the blood of my giant this day!"

After all, Chen Feng's giant bloodline comes from external forces. Although it is constantly improving and upgrading infinitely, there will be a lot of impurities in it.

This impurity not only affects the power of the giant's bloodline, but may also prevent it from being upgraded in the future.

But now, this day Thunder Tempering Body has solved this problem.

Chen Feng laughed, the sky thunder kept falling, Chen Feng was not afraid, but deliberately introduced it into his body.

The blood of the giant in his body circulates wildly, constantly improving its purity!

At the same time, after passing through this layer, Lei Zhu also turned from extreme violent to extreme gentleness. At this time, Chen Feng's dantian's nine-yin and nine-yang magical power was turned, and huge suction power came, and the lightning power was sucked into the dantian. Among.

The thunderbolt was quantified as thunderballs, and landed in the dantian. The thunderbolt light dragon gave out a happy laugh, opened his mouth, and constantly swallowed the thunderball into his mouth.

The size of the Thunder Light Dragon began to slowly grow larger.

Seeing this scene, Yu Shizhong was completely stunned.

"Chen Feng, Chen Feng is actually breaking through? Is he breaking through to the next level?"

"God, how can you break through at this time? Chen Feng is too strong, right?"

Moreover, they all thought of a terrifying possibility, you look at me, I look at you, there is a look of horror on their faces.

#### [Chapter 1799: Bloodline evolution! Realm breakthrough!](#)

Before Chen Feng broke through, his strength was so strong. If he breaks through, his strength will reach a new level, then how terrifying will it be?

Will they still be Chen Feng's opponent? Many people have thought of this terrible possibility!

A lot of humanity even had a retreat on his face. Yu Shizhong obviously thought of this, but he didn't want to fall short. He roared angrily: "Attack, I attack Chen Feng, he will never survive. !"

"Kill, kill him!"

The masters of the Chu army also obeyed and killed Chen Feng.

However, they soon tasted the bitterness of Jin Taishang. Those thunders that kept falling protected Chen Feng and smashed them into embarrassment.

They couldn't interrupt Chen Feng's promotion process at all!

While Yu Shizhong hesitated, the last sky thunder finally crashed down.

With a loud noise, Chen Feng's body surface flashed with lightning, and the lightning dragon in his body was now 60,000 meters long!

After a month, the Thunder Lightning Dragon had already recovered to its peak strength, and now Chen Feng could even use Thor's possession.

However, Chen Feng was obviously unwilling to waste such a precious opportunity for Thor's possession on them.

That's right, in Chen Feng's eyes at this time, using Thor's possession to deal with them is a waste!

Because at this time Chen Feng has already broken through, and his strength is different from the past.

Even the murderous and heavy resentment that has been lingering on Chen Feng's body these days has been purified by the sky thunder and disappeared without a trace!

Chen Feng looked up to the sky and laughed, feeling the surging power in his body.

On the surface of his body and on the skin, there was a golden light shining, which was a sign of the completion of Tianlei's tempering

At this time, his realm has broken through to the realm of the two-star martial king, and his physical strength, with the rise of the giant's bloodline and the blessing of the heavenly thunder body, has reached the peak of the four-star martial king!

Chen Feng is now dealing with the four-star Wu Wang pinnacle!

Chen Feng's gaze suddenly fell to Master Yu who was not far away, and a grinning smile appeared at the corner of his mouth: "You were so cool just now? You beat me badly? You were seriously injured and dying!"

"Now, it's your turn to taste this!"

The faces of Yu Shizhong and others were full of horror, and they could feel the incomparable power exuding from Chen Feng.

Master Yu roared: "Withdraw, let's withdraw quickly!"

These masters of the Chu army ran out frantically, no longer caring about any demeanor.

A sneer appeared at the corner of Chen Feng's mouth: "I want to run now? Is it too late?"

With that, Chen Feng's figure flashed and appeared directly in front of a four-star peak Wu Wang who was running away.

He didn't even use any physical strength, just relying on pure physical power to do it.

The four-star Martial King Pinnacle was madly running away, but in front of him was Yihua, Chen Feng appeared directly.

With an expression of horror on his face, he fisted wildly, trying to make a way out.

A sneer appeared at the corner of Chen Feng's mouth: "Look for death!"

The same punch was also thrown, with a boom, the two collided together!

This four-star martial king pinnacle was able to beat Chen Feng miserably just now. If it were just now, if the two punches collided, Chen Feng would definitely suffer.

But now, Chen Feng's punch actually shattered his arm directly.

Then the next moment, Chen Feng made another punch and landed on his body, directly hitting the four-star pinnacle Martial King violently with blood, and fell heavily from the sky, killing his life.

At the same time, a four-star pinnacle Wu Wang slammed Chen Feng's back with a punch.

If it was before, this punch was enough to penetrate Chen Feng.

But at this time, Chen Feng's body made a loud bang in his punch, as if hitting the hardest metal, without even breaking Chen Feng's skin!

Chen Feng, unscathed!

Instead, it was him, clutching his fist and screaming. It turned out that Chen Feng's defense was too strong, and he actually shattered his bones!

Chen Feng turned his head, smiled slightly, and said softly: "Does it hurt?"

The strong nodded instinctively: "It hurts!"

"Then I will make you hurt more!" Chen Feng yelled and blasted him with a punch, shattering him!

Then, Chen Feng's body flashed, using incomparable physical power, flashing one after another, and constantly killing these powerful men one by one!

In an instant, these masters of the Chu army were killed and only Yu Shizhong was left.

Yu Shizhong looked at Chen Feng blankly, with a deep look of despair on his face.

Chen Feng looked at him with a smile, and said softly, "Now, who is buried here?"

Yu Shizhong suddenly roared like crazy: "You are right, you are right, Chen Feng, you are right, you are extremely powerful, we are all over, we are dead!"

With that, his face was sullen!

He has been completely destroyed by Chen Feng's confidence.

Chen Feng looked at him with a smile, and said softly: "I just said that I know you have a trap here, but I stepped in on purpose."

"Because I have strong enough power, all conspiracy calculations are useless in the face of strong enough power!"

These words directly destroyed all the pride, all calculations, and everything he was proud of in the Yu teacher!

With a light knife, Chen Feng beheaded him, and even Master Yu did not fight back!

Standing in place, surrounded by corpses, the masters sent by the Chu army to kill Chen Feng, the entire army was wiped out, and none survived.

Chen Feng looked up to the sky and screamed, but there was no such murderous energy.

In that smile, it was just bold and hearty, and even his eyes became very gentle.

Han Yu'er came from the side, seeing this scene, his face was relieved.

He knew that Chen Feng had already struggled out of the demons this time. Chen Feng always felt that it was because of him that Jiang Yuechun and others suffered misfortune, so he has been stuck in deep self-blame.

Everything he did before was this kind of self-blame, and it was to pay off the debt, but now, she knew that Chen Feng had come out!

Chen Feng finally clarified the route of his own strength improvement:

"First enhance the giant's bloodline, and then Yuan Ying attracts heavenly thunder to temper the body!"

"Improving the blood of a giant can greatly increase my physical strength. Now, as I am a mountain and human blood, my physical strength has reached the pinnacle of the Four-Star Martial King."

"And Tianlei quenching body can greatly purify the blood of giants, remove impurities, and can greatly strengthen that part by tempering a certain body part."

"Now that Tianlei has finished tempering the skin, the surface of my body and the skin's defensive power has reached the realm of the five-star Wuwang, enough to withstand the attacks of any expert under the five-star Wuwang, even stronger than other places!"

#### [Chapter 1800: Comprehend! The fourth stage of the Eight Desolation Silence Slash!](#)

"Now, my physical strength is strong enough, and my defense is strong enough. The only thing missing is offense."

Chen Feng suddenly turned around, looked at Han Yu'er, and said softly, "Sister, I'm sorry, this period of time has scared you."

Han Yuer smiled gently, walked to Chen Feng's side, and suddenly kissed him \*\*\*\* the face, and said with a smile: "Junior Brother, I love you, no matter what you are, I love you."

"Even if you fall into a demon, I still love you. I love you, and I don't want to see you ruining yourself, so I am worried."

Chen Feng smiled and said, "Don't worry, Senior Sister, it's okay, everything is over."

"This time, after this incident, my heart will only become stronger, and if I encounter such incidents in the future, it will not be like this time!"

Han Yu'er nodded, with a smile of relief on her face.

Then, Chen Feng sighed softly: "It's been a long time since I left Wuyang City, and now it's time to go back."

"It's just that, before I go back, there is still a long-cherished wish to end. There is a big enemy to kill! After killing him, I completely fulfilled my wish and completely wiped out all the cause and effect of this grievance!"

Han Yu'er was shocked, and shouted in surprise: "Are you going to kill?"

"Yes, I'm going to kill him, Chang Yongjia, the General Marshal of Chu! This time the highest commander of the seven million Chu army!"

Chen Feng was so bold that he dared to kill the General Marshal of Chu State. He was a dignified five-star martial king, and he was protected by a million troops!

Chen Feng's tone was an understatement, just like killing a pig and slaughtering a sheep. He didn't take it to heart, his face showed great confidence!

Two days later, in a mountain range.

This mountain range is also the remaining vein of the Tulong Mountain Range. It is located at the junction of the Qin State and Chu State, less than a thousand miles away from Kangcheng.

The mountains are neither high nor big, but the scenery is very beautiful.

Chen Feng had a great enlightenment, and after the blood, murderous, and hideous aura from his body had disappeared, he suddenly relaxed a lot.

He seemed to realize that cherishing the talents in front of him is the most important thing, so he took Han Yuer to travel along the way.

This mountain has the best scenery, and the two will naturally not let it go. They have stayed here for several days.

It is late autumn and the chill is pressing.

The two of them were walking on a small small mountain road. The mountain road was extremely narrow, with verdant bamboo forests on both sides. On the rocks, the flowers and vines were full, and the flowers bloomed for the last time before the winter.

At this time, there was rain in the sky and drizzle, and the two of them held an oiled paper umbrella as if they were walking in a painting!

Chen Feng was walking in this picture, and suddenly there was a movement in his heart, and Han Yu'er was also keenly aware, and looked at him with a smile, with a look of expectation on his face. **NOvelus&.com**

Chen Feng said softly: "I am probably going to break through."

Then he suddenly jumped up into the air and came to a cliff.

This cliff can't shelter the wind and rain. The cold autumn wind entrains the rain and falls on the body, but it only brings some coolness to Chen Feng.

He sat cross-legged in the wind and rain, listening to the rustle of the bamboo forest, a smile appeared at the corner of his mouth, calm and gentle, yet all over the country!

Han Yu'er said nothing, just ascended another mountain, thousands of meters away from Chen Feng, looking at him from a distance.

Chen Feng's moves are extremely powerful, standing too close can easily be accidentally injured.

Time passed bit by bit, and he didn't have any impatience.

Finally, an hour later, the rain became heavy, and finally turned into a pouring rain, and the entire mountain range was shrouded in this heavy rain.

It was at this moment that Chen Feng stood up suddenly.

He stood proudly in the rain, and the next moment, the huge dragon-slaying knife suddenly appeared in his hand, and then he walked back and forth on the cliff with mysterious steps under his feet.

It's just a few points, but it has its own world, mystery and mystery, which can bring extremely powerful effects that are extremely unimaginable.

This is the real powerful technique, unpretentious and simple!

The Dragon Slaying Sword in his hand was also constantly waving, as if he was practicing something.

After two more hours, Chen Feng's movements became more proficient.

Suddenly, his eyes that had been closed before were opened at this time, the light in his eyes flashed violently, and a smile appeared at the corner of his mouth.

And this smile also became bigger and bigger, and finally turned into a burst of laughter: "I understand it!"

As he said, he leaped up into the air, reaching a height of a thousand meters, and then slashed fiercely.

This knife cut through the rain curtain, cut through the autumn wind, and seemed to cut the entire sky.

The next moment, the powerful sword fell bitterly, and there was no response on the ground, not even a piece of stone was broken, not even a bug was killed. This was the same as his previous moves. Very different.

The previous moves were extremely tyrannical.

But the next moment, the world seemed to cease to be quiet, and then, with a light pop, it was as if the last straw had crushed the camel, as if it was the last bargaining chip that made the balance tilt.

Therefore, the whole world is different.

A strong wind swept past, unlike the autumn wind, it was a blade!

The next moment, there was a series of pops, and this bamboo forest with a radius of thousands of acres, all the bamboos were blown to pieces at the same time.

They just collapsed, broken into countless powders, because their joints were broken, because their bones were crushed into powder by Chen Feng in an instant!

In the next moment, all the bamboos were dumped, the bamboo forest disappeared completely, and there were only countless turquoise pieces left on the ground!

The corner of Chen Feng's mouth was full of smiles: "The fourth stage of the Eight Desolation Silence Slash, broken bones! I understand!"

"The biggest feature of the Five-Star Martial King Realm is that it attracts thunder to quench the bones, making the bones extremely powerful, and the fourth stage of my Eight Desolation Silence Slash is to smash the bones! How strong bones you are, how high you are The bones tempered by the level of the sky thunder will be completely shattered under my knife!"

Chen Feng's knife was enough to kill the five-star Wuwang powerhouse.

This knife shattered the bones, and its power was not obvious, as if the breeze was blowing, it looked no sign on the outside, but in fact all the bones inside and inside were already broken!

Chen Feng looked up to the sky with a long smile: "Now, not only my defense has reached the level of the Five-Star Martial King, but my offensive of the Eight Desolation and Silence Slash has also reached the level of the Five-Star Martial King!"

"Junior brother, congratulations!" Han Yuer said with a smile.

Chen Feng laughed loudly, and suddenly hugged Han Yuer over, took a hard bit, and kissed Han Yuer's mouth.

Han Yuer was stunned for a moment, and then responded enthusiastically.

After a long time, the lips parted, and the two of them faced each other, and their eyes were full of affection.
