

Peerless 1811

[Chapter 1811: The first genius of the Thirty-seven Kingdom!](#)

After listening to these words, Master Lu did not show any surprise on his face. Instead, he clapped his hands and laughed: "Chen Feng, I did not see you wrong, I did not see you wrong!"

Suddenly he stood up and walked around in this tower, with uncontrollable excitement on his face: "I know, I know, this Chen Feng is definitely not an ordinary genius!"

"A month ago, I tried my best to put him at the top of the top ten young masters. At the beginning, some people were not convinced and said that he was promoted too high!"

"Haha, I want to see now, what else can those people say!"

The middle-aged Confucian smiled and said: "The master is really like a god. There were still many people who opposed it, but now there is absolutely no objection."

"Chen Feng had already achieved this before he was 20 years old, and he can be called the number one genius in the Thirty-Seven Kingdom of Slaying Dragons!"

"That's right!" Master Lu said proudly: "How can the talent I fancy is wrong? I have been following him since he first emerged in Qingzhou, and now it is as I expected, there is nothing wrong!"

There was a strong confidence in his face.

The middle-aged scribe asked: "Then, Master, where will you rank him in the top six rankings in two months?"

Master Lu thought for a while and said: "Number one, rank him first among the six great masters, and first on the list of outstanding talents!"

"Tell the Thirty-seven Kingdom of Tulong, Chen Feng is the number one genius of the Thirty-seven Kingdom of Tulong!"

"What? Put him in the first place?" The middle-aged Confucian was shocked when he heard this, his face showed disbelief: "This, this, shouldn't his strength reach it?"

"His strength is not up to, but he will soon be up." Master Lu said with a smile.

The middle-aged Confucian still hesitated, saying: "Chen Feng is not yet twenty years old. If he is ranked first, will he be too popular? Will it arouse the hatred of others? This is to Chen Feng. Not necessarily a good thing."

Master Lu smiled and said: "I just want this effect, I just make people unconvinced. I just want them to hate Chen Feng, I just want them to challenge Chen Feng!"

"Who is Chen Feng? He is the sharpest sword, a sword that has just been unsheathed!"

His voice became more and more excited, waving his hands, and shouting: "Chen Feng, this knife needs to be tempered by those people. For Chen Feng, the harder you press him, the higher he will bounce. !"

"I just look forward to these people going to suppress Chen Feng and challenge Chen Feng, and Chen Feng will definitely kill them all!"

"Only in this way can Chen Feng reach the top at an extremely fast speed!"

"Good!" The middle-aged Confucian nodded, without asking any more questions.

He was also excited by these words.

Then, Master Lu thought for a while, and said flatly: "Don't wait for two months. Tomorrow, tomorrow, the list of outstanding talents will be published."

"What? It will be sent tomorrow?" The middle-aged Confucius suddenly widened his eyes, this time he was really shocked.

This is because the Great Talent List has lasted for thousands of years, and it has always been once every three months, and the time has not been changed because of any one person.

Master Lu said: "It is worth changing the time for Chen Feng!"

Master Lu again ordered: "Tell everyone, stare at Chen Feng, Chen Feng's every move must be reported to the market."

The middle-aged Confucian respectfully agreed, but he still had some doubts in his heart, because generally speaking, Wudong Academy would specifically stare at these young powerhouses, but just stare at them closely, just staring at their achievements. Strength.

But now, what Master Lu meant was to stare at all the movements of Chen Feng...this was something that had never happened before.

Suddenly, he moved in his heart and thought of a possibility that made him extremely creepy: "Why is Master Lu so eager to make Chen Feng the first person? Because only those who become the first person are eligible to be from among the thirty-seven kingdoms. Be selected, go to..."

Master Lu seemed to have guessed his thoughts and looked at him and said lightly: "There are some things that you can know in your heart. If you say it, it won't do you any good."

The expression was indifferent.

The middle-aged Confucian student trembled in his heart and nodded quickly and said, "Yes, Master, I'm going down to work."

Master Lu nodded in satisfaction: "Go!"

In almost a moment, the news that Master Lu decided to post a new issue of the list of outstanding talents tomorrow spread throughout the whole hall of martial arts.

After a while, in addition to this high tower in Jiangwu Hall, on the other eight slightly lower towers, eight streams of light flashed instantly and came here.

Then, a violent quarrel came from this layer.

But in the end, the quarrel disappeared after a few hours.

Master Lu slowly stood on the window, looking at the other people who had disappeared into streamers, a disdainful smile appeared at the corner of his mouth: "A group of short-sighted people, are they staying for too long in such a poor country as the Thirty-Seven Kingdom of the Dragon Slayer Now, my horizons have become so limited! I have become so careful in doing things!"

"Doing things like you do, how can our Martial Academy Tulong Bieryuan rise? How can it be compared with other branches where geniuses are constantly emerging?"

"This land is too barren and there are too few geniuses. If there is no achievement, in the end, we people may be abandoned by Wudong Academy!"

If his words were heard by any knowledgeable person in the Thirty Seven Kingdoms of Tu Long, he would be extremely shocked.

Because the amount of information contained in it is too huge!

Wuyang City, in front of the city guard mansion, on the square, under the horoscope wall.

Today, not many idlers gather under this eight-character wall, because everyone knows that the list of outstanding talents in Wudong Academy only changes every three months. Today is not the time!

Not far from here is the largest street in Wuyang City, with people coming and going, one after another.

Suddenly, someone in the crowd yelled in surprise: "Look, what is that?"

Then, everyone saw that a team of Wudong Academy officials came under the eight-character wall with one gold and one silver ranking list.

There was a buzzing voice among the crowd: "What's the situation? Didn't you just post the leaderboard a month ago? Why do you post it again today?"

"Yes, I remember the rankings are posted once every three months!"

"What the **** is this in Wudong Academy?"

Everyone was very surprised.

At this time they didn't know Chen Feng's terrifying achievements!

Everyone talked a lot, they all stopped and walked quickly toward the eight-character wall. In a blink of an eye, tens of thousands of people gathered under the eight-character wall!

[Chapter 1812: Qin Guo was shocked! The world is shocked!](#)

They all looked up at the yamen of the Wudong Academy. One of the yamen with the class came out, holding the gold list and the silver list, and then leaped up in the sky and posted the gold list and silver list on it!

Swish, it reveals everything.

The people of the Qin State naturally cast their eyes on the Top Ten Young Masters list, because the last time Chen Feng climbed to the top of the Top Ten Young Masters, it shocked everyone, but they all had a strong sense of pride.

Chen Feng, a genius master who rises like a meteor, but we are from Qin!

They are all very proud of Chen Feng.

But when they set their sights on the top ten list, they were surprised to find that Chen Feng's name had disappeared!

"Impossible, why does Chen Feng's name disappear?" Someone exclaimed.

The other person read the list of the top ten masters and said, "There is no name of Chen Feng on the entire top ten list, can it be said..."

He and his partner next to each other glanced at each other, and a terrifying thought arose: "Not appearing on the leaderboard, it means that he was not defeated by others, but may be directly..."

"Hey, don't guess, Chen Feng must be dead!"

At this time, suddenly a joking and very slick voice sounded nearby.

There was a sense of gloating in this voice. Everyone followed the voice and saw that it was a man in black in his thirties.

He was full of gloat, and said triumphantly: "Does this still need to be said? There is no him in the top ten list, he can't be the six masters? If this is the case, then he must be given. killed!"

Seeing everyone looking at him, he was even more energetic. He laughed and said: "I said at the beginning that this Chen Feng is the fortunate generation."

"The rise is too fast, there is no background, too arrogant, too many people have offended, and he was killed without exception, this is what he deserves!"

After speaking, he spit on the ground with a sigh of disdain towards Chen Feng.

Next to him, there was a man in his twenties with the aim of a deer-headed rat. He also echoed and said: "Brother Liu, I heard that Chen Feng went to meet the Chu army alone. It is said that it is very much on the border between Chu and Qin. Killed a lot of people! Why did you die so suddenly?"

The man called Brother Liu disdainfully said: "It's just too arrogant, so mad, who does he think he is?"

"With his strength, he still wants to fight against the Chu army? He can kill hundreds of thousands of Chu army, can he kill tens of thousands and hundreds of thousands? Needless to say, he must be killed by a master of Chu over there. Up!"

The two looked at each other and both laughed triumphantly: "This Chen Feng deserves it!" nOveluSB.com

It turned out that both of them were once subordinates of the Lie family. Now that you have disappeared from the Lie family, the two of them have also fallen into disarray. They are very embarrassed, so they have a lot of hatred for Chen Feng in their hearts!

Hearing what they said, the faces of people around were angry.

A little girl who was only twelve or thirteen years old and still wearing a child's hair bun said suddenly: "You two are so shameless. The Chu army invaded our country of Qin. Chen Feng went to kill the Chu army by himself. What a hero and hero!"

"You slander him like this behind your back?"

"Yes, you two are really shameless!" People around you have condemned.

But these two people are just like dead pigs who are not afraid of boiling water: "What can you say? Can Chen Feng survive?"

"Haha, isn't it dead yet?"

They are getting more and more proud.

But at this moment, the leading yaman suddenly shouted coldly: "Keep your dog eyes open!"

With that said, his hand pointed to the Six Great Seals! "

Everyone hurriedly looked at the Six Great Seals, and the next moment, the square was surrounded by a burst of huge exclamations.

This huge exclamation converged into a sound wave, making people's ears humming.

Everyone's faces were shocked to the extreme, and they couldn't believe it: "What? How could it be possible?"

"This Chen Feng unexpectedly reached the top of the list of the six great monarchs? This means that Chen Feng is now the first person on the six great monarchs list, the first person on the list of outstanding talents, and the thirty-seventh kingdom of slaying dragons. The first young man!"

Everyone felt like they were going crazy.

"How is it possible? Chen Feng was still on the top ten list a month ago, how come he is now the first of the six masters!"

Everyone looked at the two people who mocked Chen Feng just now, and the faces of the two were red and white, embarrassing, as if they had been slapped a dozen or so.

They just slandered Chen Feng, saying that Chen Feng was dead, but in a blink of an eye they discovered that Chen Feng was not only not dead, but also the head of the six masters!

And the man who spoke and mocked Chengfeng at the beginning yelled unconvincedly: "Why? Why is he called the first person of the six great monarchs?"

"Why?" The leading Yajie sneered and said, "With his four swords, he killed the five-star Martial King, the general of Chu State Marshal Chang Yongjia!"

"On his own, he smashed a thousand-meter-high Chu Guoxiong Guan Tiesha Pass with a single knife!"

"He killed Xiong Chenghou, the head of the Chu State Xiong Family in the middle of the Five-Star Martial King!"

"With these, do you think it's enough?"

As he said, he cast his cold and electric eyes on these two people.

Every time he said a word, a huge cheer broke out below, and after he finished these three sentences, there was already a burst of cheers.

Everyone was cheering for Chen Feng. The two people who had defamed Chen Feng before turned pale and wanted to leave.

At this moment, the yaman from the Wudong Academy suddenly sneered, slapped them with a palm, and directly killed both of them.

He shouted loudly: "Dare to slander such a great hero and look for death!"

The leader of Wudong Academy looked at everyone, smiled and said: "There are senior officials who have passed down the book in Wudong Academy. It is very clear that the reason why this time is posted two months in advance is for Chen Feng! "

"Because Chen Feng is the number one genius in the Thirty-seven Kingdom of Tulong, and the number one young genius! This is recognized by Wudong Academy!"

Hearing this, the tens of thousands of people of the Qin State who were watching were even more uproar, with shocked faces, but most of them were still excited and happy.

Suddenly, no one in the crowd shouted: "Chen Feng, first!"

"Chen Feng, first!"

In a blink of an eye, all the people began to shout huge cheers: "Chen Feng, first! Chen Feng, first!"

This voice converged into a huge and incomparable sound wave, spread all over Wuyang City!

Their faces are full of joy and glory!

Not only in Qin, today in Chu, in Yan, Zhao, and among all the countries in the Thirty-Seven Kingdoms, Wudong Academy posted a ranking list on the same day.

This is the first time in thousands of years that Wudong Academy has changed the time when it was posted because of someone.

This alone is enough to shock everyone.

And Chen Feng's historical deeds shocked everyone even more!

On this day, Qin State was shocked, and the world was shocked!

[Chapter 1813: fury!](#)

That is, on the same day this ranking was posted, Chen Feng returned to Wuyang City.

It's a coincidence that today is Chen Feng's 20th birthday.

Han Yuer looked at Chen Feng and smiled and said, "Chen Feng, today is your 20th birthday."

"Twenty weak crowns, this is an extremely important coming-of-age ceremony. Where are we going? Do you want to return to the Dragon God, please Master do a lot for you?"

Chen Feng thought for a moment, then slowly shook his head, smiled and said: "No, don't have to be so troublesome. With so many people coming, why you and I want it?"

"On my seventeenth birthday, you spent time with me in Qian Yuanzong. On the eighteenth and nineteenth birthdays, there was no one around."

"Today you come back to me, and I am very happy with you!"

Suddenly, Chen Feng thought for a while, and said with a smile in his heart: "Senior Sister, just right, I will take you to meet some friends today."

"Those friends, you met last time."

Han Yu'er was taken aback for a moment, and then suddenly said, "But when you were in Lie's house, were those who stood up for you?"

Chen Feng nodded: "Yes, it is them."

"Since the last time we parted, I haven't been to thank them. Of course, we don't need to say the word of thanks for our friendship, but we always want to come to our door! I just celebrated my 20th birthday with them today."

Han Yuer smiled and nodded: "Okay, those few are all sentimental and righteous people. It's much more comfortable to be with them."

Then, instead of directly entering Wuyang City, Chen Feng turned to the outer building in the south of the city, went there to buy a lot of exquisite dishes, and then took the little red lacquered food box and stepped into Wuyang City.

The place where he entered the city was the south gate, so he went straight to the place where the sword-casting Honglu was, and he did not go to the center of the city in front of the imperial palace.

Therefore, he did not know that Wudong Academy had posted the ranking list.

Chen Feng quickly came near the sword-casting furnace, but when he came near here, his expression suddenly changed.

Because Chen Feng heard the sound of screaming for killing in the direction of the sword casting Honglu, there were also screams of severely injured people before they died, and the sound of weapons crashing.

And Chen Feng also distinguished from this voice, among them were the voices of Xun Zheng that he was familiar with.

Chen Feng immediately flashed his figure, and turned into a purple lightning, and went directly to the periphery of the sword casting furnace!

After arriving here, Chen Feng immediately shrank his pupils, and a touch of coldness appeared in his eyes.

It turned out that at this time, a great battle was taking place in the sword casting furnace.

Thousands of royal guards encircled this place, forming a huge encircling punch.

In the encircled circle, dozens of powerful royal guards wearing golden armors, as well as several masters of the deputy commander level of the royal guards, surrounded and killed four people in the field.

Chen Feng was very familiar with the four people who were besieged and killed. It was Xun Zheng and the four of them!

Beside, there are two people surrounded by a large group of guards, looking at the two people occupying the field with a positive attitude.

One of them, Chen Feng knew, was indeed the commander.

The other person is a young man wearing a black robe with a four-claw golden dragon embroidered on the robe. His face is full of pride and domineering, and his identity is obviously extraordinary!

At this time, the situation of Xun Zheng and the four others was already very bad. The four were basically covered in blood and suffered multiple minor injuries, but fortunately, the injuries did not turn into serious injuries.

The four of them were besieged by dozens of masters, the lowest being the one-star Wuwang, and they were all in danger.

Suddenly, an opponent opposite Xun Zheng, a tall deputy commander of the royal guard, waved his fists and attacked Xun Zheng, his momentum was fierce!

The jealous color flashed in Xun Zheng's eyes, and the long knife in his hand slashed forward fiercely, intending to smash all his two moves.

However, he did not expect that the deputy commander of the royal guard turned out to be a false move. The power was easily smashed by Xun Zheng. Then Xun Zheng used too much force and his footing was unstable. Under the inertia, he staggered forward. Two steps.

The deputy commander of the royal guard let out a cold growl: "You have fallen into a trap!"

As he said, he kicked out his legs one after another, kicking towards Xun Zheng's chest and abdomen!

His legs twisted, and a huge vigor like a dragon, hit Xun Zheng's chest fiercely.

This is his real ultimate move!

With this tyrannical move, Xun Zheng was directly beaten with blood spurting out, and then, he fell into the encirclement of the deputy commander of the royal guard and dozens of royal guard masters, surrounded him and attacked desperately.

In an instant, Xun Zheng was in danger, and he entered the realm of serious injury and death.

What was even worse was that he was besieged, which represented that the defensive circle formed by the four of them back to back was immediately broken and could no longer take care of each other.

In a blink of an eye, the other three also fell into a situation where they were fighting each other, and they were beaten miserably.

All four of them were seriously injured in an instant.

Seeing this scene, both the head and the black robe youth showed a smile.

The general said flatly to the black-robed youth: "Congratulations, Your Majesty, this time you have uncovered four spies. That's a great achievement!"

It turned out that this black robe youth turned out to be the prince.

His face was full of arrogance, and he laughed: "These spies think they are hiding deeply, but they don't know how can they escape my sight!"

"After three months of arrangement, once successful, my father will look at me differently today!"

The commander respectfully said: "That's natural!"

Seeing that the four of Xun Zheng were about to be killed, suddenly at this moment, a violent roar came: "Stop! Stop!"

This stop is not just a mere shout, it also contains great power and a strong momentum.

Several royal guards were directly shocked by the loud shout, spurting blood, and fell to the ground heavily.

There was a look of shock in everyone's eyes: "What kind of strength is this? Just a roar, it is so powerful?"

They all looked in the direction of the sound.

Then he saw a young man in Tsing Yi holding a huge black sharp blade, slowly walking towards this side!

Seeing this person, the commander's eyes immediately showed a touch of extreme hatred: "Chen Feng, it turned out to be you?"

He gritted his teeth and stared at Chen Feng, his face full of resentment. If it weren't for Chen Feng, he wouldn't end up in such a situation.

The royal guards also exclaimed: "It turned out to be Chen Feng?"

The eldest prince also turned his head, looked at Chen Feng, with a look of scrutiny in his eyes, looked down at him, and said slowly: "So you are Chen Feng?"

Chen Feng said lightly: "Yes, it's me."

[Chapter 1814: They are my brothers!](#)

And seeing Chen Feng's appearance, Xun Zheng's four faces were full of ecstasy: "Chen Feng, are you here?"

But after the ecstasy, Xun Zheng suddenly changed his face and said loudly: "Chen Feng, hurry up, this is our business, don't get involved!"

Chen Feng's eyes narrowed, a little confused about what was going on.

But at this time, the eldest prince was full of pride, haha smiled and said: "Sure enough, Chen Feng, I guessed right, you actually colluded with these Chu spies, if it weren't for your backer, I will order someone to take you down now!"

"Now, while I'm in a good mood, you quickly get out! Don't show up here again, or I will just give up!"

He stared at Chen Feng and said proudly.

His tone, like an order, did not put Chen Feng in his eyes at all!

When Chen Feng heard this, his eyes suddenly narrowed: "What? Chu State spy?"

He stared at the four of Xun Zheng, and asked in a loud voice with a face full of disbelief: "You four, are you spies of Chu?"

Chen Feng was really shocked and angry to the extreme at this time!

His good friend, the man he referred to as a brotherly land, turned out to be an agent of Chu?

Under Chen Feng's gaze, the four of Xun Zheng showed a daze on their faces and bowed their heads.

Especially for Lao Qi, she stared at her toes and kept hiding behind Xun Zheng, as if she did not dare to let Chen Feng see herself.

Obviously, the attitude of the four of them is acquiescence.

At this time, Chen Feng was extremely sad, his face flushed instantly, and his eye circles were a little red.

He hated Chu State to the extreme. He had just killed the General Marshal of Chu State and killed so many Chu army, but now he knew that his brother was a spy of Chu State.

This incident made Chen Feng totally unbearable in his heart, and felt a kind of psychological breakdown!

The commander smiled proudly: "Chen Feng, I didn't lie to you, did I? They are the spies of Chu!"

But the eldest prince showed a vicious look in his eyes: "Chen Feng, they are agents of Chu, and you have such a deep relationship with them, I suspect you are also agents of Chu!"

At this time, he slandered Chen Feng heartily!

Chen Feng didn't even bother him, because Chen Feng was in a state of confusion and didn't know what to do.

When the eldest prince saw this scene, he was even more proud. He thought that Chen Feng didn't dare to offend him, so he mocked and humiliated Chen Feng next to him!

Just when Chen Feng was in a state of confusion, the commander coldly shouted: "Kill, kill all these four spies, without leaving a living!"

"Yes!" The royal guards rushed forward and began the siege again.

And because of Chen Feng's appearance, Xun Zheng's four felt very sorry for him, and their counterattack strength was also much worse than before, which added a bit of injury in an instant.

Even the old Qi couldn't hold it anymore, she was directly crushed by a royal guard's knee and knelt on the ground heavily.

And she gritted her teeth, she didn't make a scream, her face was full of fortitude and unyielding.

The royal guard said with a grim face: "You little bitch, dare to pretend to be here, then let you taste the man's methods later!"

As he said, there was a burst of lewd laughter.

The faces of the royal guards also showed lewdness, and their eyes were wandering around her body!

Old Qi was hit with two punches again and fell to the ground, no longer able to fight back.

A royal guard stretched out his hand and grabbed her in his arms. He stretched out his hand to touch her cheek, and said with a lewd smile: "Little lady, let you taste our greatness today!"

"Just now I dared to kill so many of our brothers. Today, we will punish you alive and avenge them!"

A bunch of people, dozens of pairs of claws, all grabbed at her.

At this time, Old Qi looked at Chen Feng, his eyes full of nostalgia.

However, she was extremely disappointed because Chen Feng stood motionless.

The nostalgia in Old Qi's eyes instantly turned into extreme despair. She closed her eyes and waited for the humiliation and death.

However, just when the paws of these people were about to touch her body, suddenly, a loud roar came: "Stop it all!"

These people immediately trembled in their hearts, feeling a great majesty coming from them, and never dared to stretch their hands forward anymore, they stopped, their eyes turned to the direction of the sound.

The person who spoke was Chen Feng!

And hearing this, why Xun Zheng and the three royal guards stopped their hands and looked at Chen Feng.

Old Qi's eyes burst into a burst of energy.

"What do you mean?" The prince looked at Chen Feng and said impatiently.

Chen Feng looked at him and said lightly: "You can't take the lives of the four of them!"

"What? What did you say?" The prince had an expression of disbelief.

Suddenly, there was a furious look on his face. He strode to Chen Feng and pointed his finger at him. Spit Xingzi almost touched Chen Feng's face, with a look of disdain, and said coldly, "Is there still to be done?"

"Don't think you have a backer behind you, you can be unscrupulous, do you really think I dare not kill you?"

"The winner has been away for so long, I don't believe that he will come back because of you. If you dare to say one more thing today, I will immediately kill you here!"

He waved his hand impatiently, as if driving away a fly: "Get out, get out!"

Chen Feng said coldly, "If I don't get out, then what?"

"If you don't get out?" The prince said with a cold smile on his face: "Do you really want to be nosy? You really want to force me to kill you?"

"Whether it is the leader or me, both are five-star martial arts masters, both of us can kill you like an ant!"

The chief also walked to the side of the prince, clenched his fists, and said coldly: "Chen Feng, don't seek your own death!"

Chen Feng smiled slightly, his smile filled with endless pride: "I have decided on this matter today!"

The chief and the prince were full of anger.

Old Qi looked at Chen Feng, smiled sadly, and suddenly said softly, "Chen Feng, with your words, I am enough in this life, our friend is not in vain!"

Xun Zheng also laughed loudly: "Chen Feng, we will be content if we know your intentions. What we fear most is not death, but that you won't forgive us!"

"If you are willing to work hard for us, if you are willing to stand up for us, we will be satisfied!"

"Chen Feng, don't say any more, let them kill us, don't swept you into it again, you are not their opponent!"

Several other people were talking about it. Obviously, they all thought that Chen Feng was not the opponent of the leader and the prince.

Chen Feng looked at them and said word by word: "I don't know if you are spies from Chu, I only know that you are my brothers to Chen Feng!"

[Chapter 1815: Can't bear it!](#)

"I only know that when I was the most helpless and no one helped me, the four of you came forward and protected with your lives!"

"In this case, I will use my life to protect you today!"

Chen Feng suddenly smiled and said, "Today is my twentieth birthday. I still want you to celebrate your birthday with me! How can you die here?"

"I have prepared all the good wine and food in the outer building, so you can't do anything wrong!"

"Chen Feng, you are too overbearing, even if you want to work hard, do you think you have such qualifications?" The prince pointed at Chen Feng and said arrogantly!

Chen Feng smiled slightly, suddenly his expression became cold and stern, and he looked at the eldest prince and said: "I don't know if I'm trying to kill myself, but if you dare to point to me like this, I will definitely abolish you!"

He felt that he was wrong, he knew that he was not taking any reason today, so he had to bear it before.

But the eldest prince dared to point his finger at him, so humiliated, Chen Feng couldn't bear it!

"What? You abolished me?" There was a hint of disdain on the face of the prince: "Chen Feng, my patience is limited. You can say one more thing, I really will kill you here!"

Chen Feng took a deep breath, his heart was already murderous.

The prince dared to point at him, and Chen Feng would behead him with this one alone.

However, Chen Feng suppressed the fire, he knew that he was unreasonable, he endured it!

This is the third time he endured today.

For the first time, it was the prince who insulted him as an agent of Chu. The second time, the eldest prince just let him go.

He said slowly: "The prince, I just killed a lot of enemies of the Qin State outside. Today, I don't want to kill our own people in the Qin State again!"

"You guys leave now, while I haven't changed my mind!"

"Hahahaha...I'm so scared!" The eldest prince showed extreme disdain on his face, and laughed loudly: "I'm afraid to die!"

As he said, he still pretended to shiver, obviously he was mocking Chen Feng.

Chen Feng stared at him without speaking, his eyes cold.

The eldest prince said mockingly: "I don't think you don't want to kill, but you can't kill it at all, right?"

"With your **** strength, you want to kill me?"

The commander said next to him: "Yes, don't pretend to be here, we all know that you went to the border of Qin and Chu, and it seems that you also killed some Chu troops."

"How many people are here?" He pretended to think for a moment: "Oh, did you kill dozens of people? Or hundreds of people? Did they kill the weakest in the Chu army? Haha!"

"Whoever changes to do this! Who do you think you are?"

It turned out that they were here and didn't even know Chen Feng's achievements.

The prince said proudly: "After killing these four Chu spies, I will lead my troops on the expedition. At that time, Chu's millions of troops will definitely be repelled by me, as long as I don't touch their generals. , No one will be my opponent."

"Yes, the prince is right. We can match the general marshal among the younger generation, and we have gone through ten tricks under the general marshal. I am afraid that only you are the prince!"

"Who is the eldest prince? How can this untouchable compare?"

"The big prince kills him, it is as easy as crushing a bug!" The royal guards said flatteringly.

The eldest prince looked at Chen Feng proudly, and said coldly, "Chen Feng, have you heard? Don't get out of here!"

Chen Feng said coldly: "Don't force me to do it!"

He has endured it to the extreme!

"I just want to force you to do it!" The eldest prince stared at him with an extremely frenzied look: "You do it, do you have the ability to do it? Do you dare?"

Chen Feng took a deep breath and suppressed his fire.

This is the fourth time he endured today!

The eldest prince laughed wildly: "I knew, you trash, don't have the guts to do it!"

He suddenly looked cold and roared: "Isn't it going to roll? It seems that you must force me to do it! Okay, then I will kill you today!"

As he said, he shouted: "Kill!"

The royal guards shouted: "Kill!"

Towards Chen Feng siege!

Chen Feng took a deep breath, his eyes were already cold.

He was humiliated many times today, but Chen Feng had to bear it.

Because he felt that he was unreasonable.

And now, Chen Feng doesn't plan to bear it anymore!

But at this moment, suddenly, a loud shout came: "Stop, stop!"

However, it was too late to say this sentence.

Those guards had already killed Chen Feng.

And Chen Feng, Yang Tian laughed, suddenly his figure flashed, and in a blink of an eye, dozens of punches were blasted.

The dozens of royal guards were all killed by Chen Feng!

Then Chen Feng rushed towards the chief and the chief prince, and the chief screamed, "I want to die!"

Hit Chen Feng with a strong punch, with the mighty power of a five-star Wu Wang.

There was a cruel look in his eyes, as if he saw the scene where Chen Feng was killed by a punch.

However, a scene that shocked him so much appeared!

After he met Chen Feng with this fist, there was a huge explosion. Chen Feng stood motionless, while he spewed blood, screamed screamingly, and was beaten out for thousands of people. Meter!

It fell heavily on the ground, smashing the ground into a big hole.

His only left arm was directly smashed, and even half of his body, the bones were all shattered!

He yelled in disbelief: "How is it possible? How can you be so strong? I am a five-star martial king. Just a month ago, I could easily suppress you and beat you to a terrible level!"

Chen Feng smiled coldly: "Unfortunately, now I am the one who beat you to a terrible level!"

Then, he cast his eyes on the prince, and said coldly: "Alright, prince, now we two can fight!"

"Didn't you just say that you can crush me to death with ease? Now, come on!"

The prince was completely stupid watching this scene!

The gaze he looked at Chen Feng was already full of fear, and all the arrogance just now disappeared.

At this time, he was extremely scared, and Chen Feng's strength was beyond his imagination.

He kept stepping back and murmured: "Misunderstanding, Chen Feng, it's all misunderstanding!"

"Misunderstanding?" Chen Feng sneered, "I don't think this is a misunderstanding!"

A flying monster beast rushed towards this side, and stopped here instantly, and a person came down from the flying monster beast, actually dressed as an eunuch.

He glanced at Chen Feng, his eyes were full of horror, and then he put his ear in the ear of the prince and whispered!

"What?" After hearing what he said, the eldest prince showed a look of disbelief on his face. He looked at Chen Feng with horror.

[Chapter 1816: Just a dog!](#)

It turned out that what the **** said to him was what the leader of Wudong Academy said when he posted the list today!

In the next moment, this fright turned into shame. He felt hot on his face. Just now he despised Chen Feng so much, so disdainful, he did not know that Chen Feng was countless times stronger than he thought.

Just now he said that as long as he didn't meet General Marshal Chang Yongjia, he could cross the border between Qin and Chu, but he did not expect that even General Marshal Chang Yongjia would die in Chen Feng's hands.

He just said that he would lead his troops to defeat the Chu Army, but he did not know that the millions of Chu Army troops had been repelled by Chen Feng alone!

He felt like he had been slapped a dozen times and it hurt.

Chen Feng looked at him with a smile on the corner of his mouth, and said faintly: "The prince, I told you a while ago, I killed too many Chu Jun, I don't want to kill myself!"

"I told you already, don't force me to do it, you have been forcing me!"

The prince gave Chen Feng a fierce look, then suddenly turned around and said loudly: "Go, let's go!"

He just thought about it and left?

Chen Feng's expression was cold. He stood still, but slowly uttered a word: "Did I let you go?"

Chen Feng didn't move, but just this sentence made everyone's figure pause.

The eldest prince turned around and stared at Chen Feng, and said coldly, "What do you want?"

"What else do you want?" Chen Feng stared with murderous intent, with a sneer at the corner of his mouth, and said: "It seems that you still don't realize how powerful I am!"

"I'm just here today. If you don't agree with me, you dare to go one step further. Believe it or not, I will just kill you here?"

"You killed me?" The prince said: "You dare not, I am the prince! I am the prince of the Great Qin Empire!"

Chen Feng sneered and said, "Is the prince of the Great Qin Empire? The five princes seem to be the same. Didn't I kill them?"

"And we didn't have the strength at that time!"

The eldest prince trembled, but after all he dared not take that step again!

Chen Feng said indifferently: "You chase and kill the spies of Chu country. This is your duty to the prince of Qin. I don't care about you, but you said that just now, especially when you pointed to my nose repeatedly. It's not something I Chen Feng can bear!"

"What do you want?" The prince pretended to be calm, but his voice was already shaking.

Suddenly, he thought of Chen Feng's harsh methods, and regretted it in his heart: "Why am I going to be blind and want to provoke Chen Feng?"

"It's over, this is over!"

"First, you just accused me of being an agent of Chu State."

"Second, you said more than once to let me go."

"Third, you dared to speak to my nose just now?"

"Fourth, you despised me more than once, despised me, and ridiculed me with words!"

Chen Feng smiled slightly: "These five big sins are enough for me to kill you every day. But I am magnanimous and I only need to hit you five punches!"

With that, Chen Feng slowly pushed towards the eldest prince.

The prince trembled all over, and backed back again and again: "No, no... please, forgive me, don't kill me!"

His face was pleading, like a dog.

He knew very well that he couldn't even take a single move from Chen Feng!

That old **** was the chief **** in the palace, and he was also a man of high status and strong strength.

He looked at Chen Feng and said slowly: "Chen Feng, please also give the Daqin imperial family a face and your majesty the emperor."

Chen Feng looked at him with a colder expression and disgust on his face. Until this time, these people were still pretending and pretending to be.

He said coldly: "What can I do if I don't give this face?"

"Do you think that your royal family has face for me?"

The chief **** couldn't help but his expression stagnated, and he didn't expect that Chen Feng would not show emotion at all.

He hurriedly threw away the reservedness he had just now, humbled and said with a smiling face: "Chen Feng, he is the great prince after all!"

"What about the big prince? Even if the emperor today talked to me like that in person, I, Chen Feng, will pay it back!"

The prince roared: "What do you want?"

"It's easy, take me five punches!"

"No, no, I will die..." the prince collapsed.

Chen Feng smiled and said: "It's okay to change the terms. Which finger you used just now, I scrapped that arm, then knelt on the ground, knocked ten times, and I will spare you!"

"What?" The eldest prince's face showed a deep humiliation: "You...I, you dream! I would never do this!"

"Oh? You wouldn't do this, would you?" Chen Feng smiled: "Do you think that you are up to you? Since you are not like this, then I will do it for you!"

As he said, his figure flashed, he came directly to the prince, and blasted out with a punch.

The eldest prince let out a horrified roar, and also bombarded with both fists. The two collided together, and Chen Feng stayed still, and the prince's two arms directly exploded.

However, Chen Feng directly pulled Ran's hair and pulled the eldest prince back abruptly, before kicking his legs.

With two clicks, he directly kicked his legs and knees to pieces, and directly fell to the ground.

The eldest prince let out a terrible scream, the pain caused him to twitch, tears, and even howled!

Chen Feng pressed his head and bumped his head, knocking his head ten times on the ground.

He was already covered with blood, his face was even scratched by the ground.

Chen Feng smiled and said, "If you let you break your arm and keep you constantly, then I have to do it for you, but as long as I do it for you, it won't be that easy just now!"

"Now, your arms and legs have been abolished by me, this is the end! This is the end of you dare to point to my nose and speak to me in that arrogant tone!"

Chen Feng looked cold!

The eldest prince stared at Chen Feng with a bitter face, and roared angrily: "I killed you, I must kill you!"

"I'm still not convinced, am I?" Chen Feng smiled slightly: "I am a person who doesn't like to have trouble. If this is the case, then I will kill you today!"

With that, he walked slowly to the eldest prince.

The eldest prince was shocked when he saw this scene. He didn't expect that his words just to vent his anger would attract Chen Feng so murderously.

He lay on the ground, twitching backwards constantly, whimpering and crying loudly and begging: "Don't kill me, don't kill me, please, forgive me."

At this moment, where is the arrogance of him? All that is left is pleading and humbleness!

Chen Feng laughed loudly: "What **** prince? What royal majesty, is just a dog! A dog that wags its tail!"

"Yes, yes, I'm a dog, a dog who wags his tail!" The prince cried bitterly and begged for mercy.

[Chapter 1817: I am alone, to destroy a country!](#)

Chen Feng snorted disdainfully, then looked at the **** leader.

The **** commander didn't say much, he cut off his left arm with his right hand, and then, regardless of the blood spurting, he handed his left arm to Chen Feng and said with a smile: "Master Chen Feng. This is your apologize, just now I offended you, this is what I deserve!"

Chen Feng nodded slowly and said nothing.

And at this time, suddenly, there was the sound of cracking hoofs in the distance, and the earth trembled.

The sound of the surrounding houses being knocked down is endless.

In a blink of an eye, hundreds of miles around the sword casting furnace turned into a piece of white ground.

And it was the imperial guard that demolished the house.

These imperial imperial soldiers were all wearing black armors. In a blink of an eye, millions of imperial soldiers came here and surrounded the place.

Chen Feng and the others felt as if they had had a dream, and they were in a trance. There were originally dense buildings next to them, but now only dense people were left.

Millions of imperial soldiers, their eyes are staring at Chen Feng and others!

Then, the imperial army suddenly stepped away, and hundreds of people came slowly among the crowd.

The head of the man, wearing a crown of heaven and a black robe with a five-claw golden dragon, is His Majesty the Emperor Qin.

Behind him, there are a hundred people, all of them are the heads of the major families, as well as hundreds of military officers in the Korean and Chinese military.

Among them, the Dragon God Hou was impressively listed!

Everyone looked at Chen Feng with complicated eyes.

They all now know the news that Chen Feng has reached the top of the list of heroes, and their eyes are full of awe. Only the Dragon God Hou is relieved!

Seeing the miserable Grand Commander and Grand Prince in the field, Emperor Qin showed a cold murderous intent in his eyes, but then disappeared.

He looked at Chen Feng and said slowly: "Chen Feng, I don't care what the prince and the chief have done, I only know that the four people behind you are the spies of Chu."

"And you, a citizen of the Qin country, are deeply graced by the country, and you protect them, do you think it is past?"

He has also learned well now, knowing that it is useless to blindly treat Chen Feng, or it can be said that he does not dare to act badly to Chen Feng.

Therefore, he came up to use the righteousness of the country to suppress Chen Feng.

Chen Feng had thought about this issue a long time ago, and he said lightly: "Your Majesty, my friendship with them is a personal relationship, and they are spies of Chu, and this is a national hatred with Qin."

"Country enemies have personal relations, I will not confuse them!"

"That's good." The Emperor Qin slowly nodded: "Then you can hand over the four of them!"

"No!" Chen Feng said flatly, "With me here today, the four of them won't die."

Emperor Da Qin's eyes became colder and colder. Chen Feng didn't give him face in front of everyone. Obviously, Chen Feng didn't put him as the emperor in his eyes.

And Chen Feng really thought so.

He said lightly: "Today, I want to let go of the four of them, but the feud with Chu will not be broken!"

"The next day, I will personally conquer the Chu Kingdom. I will not destroy the Chu Kingdom. I will swear not to be a man!"

"I am alone, to destroy a country!"

Hearing this, everyone was in an uproar.

However, no one dared to raise questions, because this was Chen Feng's powerful strength.

Chen Feng alone can destroy a million army!

He said that he could destroy the Kingdom of Chu, and no one would doubt it!

As for the four of Xun Zheng, their faces turned pale in an instant!

"Okay, kill Chu State, right? With your words, I'm relieved."

His Majesty the Emperor Qin said loudly: "Waiting for your triumphant day, I will host a banquet in the palace to celebrate you!"

Having said that, he turned around and left, simply and neatly without hesitation.

He knew very well that he couldn't help Chen Feng. This ending was already the best ending.

The emperor left, the civil and military officials, and the heads of the major families also left, and the Million Forbidden Army was gone in an instant.

The eldest prince was also supported by the chief **** and quickly left here.

In a blink of an eye, Zhujian Honglu returned to calm, leaving only Chen Feng and Xun Zheng.

Chen Feng turned around and looked at them, Xun Zheng opened his mouth, as if he wanted to say something.

Chen Feng waved his hand and said: "Don't say anything, you know, I also understand that today is my birthday, let's drink and eat food, not talking about other things."

A look of relief flashed across Xun Zheng's face, as if letting go of something, he laughed: "Okay, let's not talk about other things today!"

Chen Feng healed the injuries of the four of them one by one, and took out a large amount of miracle medicine to them. Although it could not be cured immediately, at least it would not let the injury worsen.

Chen Feng had very little medicinal materials left.

The four of them went back to the shed, changed and washed, all put on clean clothes, and then Chen Feng took a big stone and placed the wine and vegetables on it.

The six people sat around, and Chen Feng introduced them to them: "Everyone, this is Han Yu'er, my senior sister, and my future..."

When Chen Feng said this, he paused, and then said those two words firmly: "Wife!"

Hearing this, Xun Zheng and others were stunned, and then Xun Zheng smiled and said, "Congratulations, congratulations."

Several other people also congratulated each other. Only Old Seven, she seemed to be blindfolded at this moment, staring at the two of them unblinkingly, the eye sockets were instantly red, and tears rolled from inside.

Suddenly, she turned around and walked quickly into the shed.

Xun Zheng was stunned, and beside him, Chu Ci sighed softly. He didn't know the old Qi's mind best.

The dull young man Cheng Yangxia shook his head slowly.

In fact, Chen Feng's careful thoughts about the old seven had already been aware of, so he will say the word wife so decisively today.

He just cut off the thoughts of Old Seven.

This is cruel, but he has to do it. He has too many debts and he doesn't dare to provoke him anymore.

In his opinion, the minds of the seven children, on a whim, will soon calm down.

Han Yuer sat next to Chen Feng and smiled softly without saying a word.

Xun Zheng got up: "I'll go see her."

As a result, as soon as he stood up, Old Qi came out of it. The tears on the corners of her eyes had been wiped away, but her eyes were still flushed.

She walked over with a smile on her face, and suddenly handed the contents in front of Chen Feng and said, "Chen Feng, this is my congratulations to you and Sister Han."

Chen Feng took the small wooden box and opened it, only to see that there was a one-foot-long dagger inside, which was extremely clumsy and crooked, that is, roughly the shape of a sword. In fact, it is more suitable to be an iron bar. .

Old Qi smiled and said, "Chen Feng, this is the first weapon I made and I gave it to you. Don't dislike it."

Chen Feng's heart trembled, as if he could feel the deep affection in it.

He solemnly said: "Old Qi, this is the best gift I have ever received, and I will definitely treasure it!"

[Chapter 1818: Don't pass it today, grace and righteousness!](#)

Old Qi nodded solemnly.

She seemed to be back to normal, laughing as usual, and as domineering as usual, not allowing others to eat what she likes, and putting all her favorite meals in front of her.

But Chen Feng can clearly feel that the old seventh can only be described in four words: Qiang Yan is smiling.

A few people didn't talk about state affairs, but just picked some and didn't talk, and the atmosphere was very relaxed.

It's just that this banquet, after all, will be done!

After an hour, only leftovers were left, and the cups and dishes were messy.

Xun Zheng took a deep breath, smiled and said, "Chen Feng, is it time for us to separate?"

Chen Feng said lightly: "I will personally **** the four of you to the border of Qin Chu."

He was very worried about the four of them, for fear that they would be killed as soon as they left his sight.

The four of Xun Zheng nodded silently.

Three days later, Qin Chu border.

Amidst the mountains and forests, Xun Zheng turned his head to look at Chen Feng, took a deep breath, clasped his fist and said, "There is no permanent banquet, Chen Feng, the border of Chu State is right in front of us, let's not go there!"

Chen Feng nodded, and he asked suddenly: "I haven't said it, but one question that has always been held in my heart is, this time, the seven million troops of Chu invaded Qin, is it related to you?"

The four of Xun Zheng's expressions were stagnant, and after a long time, they nodded hard.

There was deep sadness and pain in Chen Feng's eyes, he didn't know whether to cry or laugh!

After a long time, Chen Feng just waved his hand and slowly said, "Let's go, let's all go. When we meet again tomorrow, it may be on the battlefield."

"At that time, I will not show mercy!"

"If you show mercy, it is actually the biggest insult to us!" Xun Zheng said in a deep voice!

"Okay!" Chen Feng suddenly turned around and strode away, without even looking at them, but leaving a sentence: "Don't pass it today, gracious!"

The four of Xun Zheng felt sore in their eyes and tears were streaming down.

But after Chen Feng walked out a few tens of miles, suddenly he leaned forward and sat down heavily on the ground next to him, covering his face, crying!

Why is he not in pain?

Among the thirty-seven kingdoms of slaying dragons, the kingdom of Qin is located at the southernmost of the thirty-seven kingdoms, and further south is the endless wild forest in the south.

The northernmost part of the Thirty-Seven Kingdom of Tulong was the State of Wei, and further north of the State of Wei, there was an immensely vast ice and snow wasteland.

It is said that at the end of the ice and snow wasteland, there is an extremely powerful country, which is even countless times stronger than the thirty-seven kingdoms of the Dragon Slayer combined.

Wei is very cold, and many of the country is full of white wasteland.

And Zuo Ancheng, the capital of the Wei Kingdom. Built on this white wasteland.

Wei State advocates whiteness. Everything in Zuo'an City is white. The white walls, white houses, white pavilions, and even the clothes of the citizens are all white!

At this time, at the same time, Wudong Academy was also on the square in the center of Zuo'an City, posting the latest issue of the list of outstanding talents, which also caused an uproar in Zuo'an City.

At this moment, among the many people on the list, a middle-aged man had a sharp change in his face after seeing the first name in the list of six great masters.

He let out a cry of disbelief: "How is it possible? How could Chen Feng reach the top?"

"My son, my son was actually squeezed by Chen Feng?"

Then, he saw a familiar name appearing in the second place on the list of six masters.

He shook his head and said, "I don't believe it, I don't believe it!"

In the eyes of other people looking at him, many people are full of comfort, obviously, this person is quite popular.

"Don't think too much, don't worry about your son, I believe this is absolutely temporary, Chen Feng can't stay that long."

"Yes, your son will definitely kill him and regain the number one position!"

"That's right, your son steadily occupied the first five years of the top six rankings, how can Chen Feng, a fortunate generation, be comparable?"

And there are also many people who are gloating on their faces: "Haha, I don't think it is necessary. Once someone stepped on it, it will be difficult to turn over in this life."

"Yeah, maybe he can only be the second in the millennium, hahaha, in five years, he will be 40 years old, and he will be automatically removed from the list when he is the second in the millennium!"

Suddenly, a burst of laughter came.

Many people looked at the middle-aged man with ridicule. The middle-aged man's clenched fist showed anger on his face. He knew that his son was fierce and fierce, as sharp as a scabbard, and offended. Many people.

At this time, watching him lose power, it is not surprising that someone has fallen into trouble!

He took a deep breath, pushed away from the crowd, and walked quickly towards the mansion.

Soon, a white stone platform appeared in front of him, as high as three kilometers, and even directly pierced the white clouds on the horizon.

The height of this high platform has even surpassed the imperial palace but it is the highest height among Zuoan City.

Such a practice is naturally extremely taboo and easily arouses the emperor's anger.

But how could the owner of this high platform be afraid?

Because he is the number one master of Wei State!

Because he has always acted fiercely, no one is afraid!

The Emperor Wei didn't dare to do anything to him at all!

The high platform was 3,000 meters high, and the middle-aged man quickly swept forward along the steps, because around the high platform, who would dare not fly here!

Those who dared to fly were all killed by a sword!

Soon, he came to the top of the high platform, which was shaped like a chopstick, thick and thin.

The more you go up, the thinner you get, and when you reach the top, the radius is only tens of meters.

However, in this small space of tens of meters, the layout is very ingenious, with white stone paving, rivers ding-dong, and all kinds of exotic flowers and grasses around it, and a little hut is hidden in it!

At this time in this hut, a wave of majestic aura continued to spread!

And the middle-aged man suddenly found that this momentum is very unstable, sometimes strong, sometimes weak, sometimes not.

There was a look of ecstasy on his face immediately, and he murmured: "My son, this is about to break through!"

"Haha, if the son breaks through, he must be able to regain the number one position!"

He stopped interrupting, waiting outside with peace of mind, and staring into the distance with piercing eyes to prevent anyone from coming to disturb the son.

He didn't know how long he waited, maybe a few hours, or maybe a few days.

Suddenly, in that thatched house, all the aura disappeared without a trace.

Then the next moment, he seemed to hear a pounding heartbeat, like the heart of a behemoth beating constantly.

Then, an extremely sharp breath came out from the thatched cottage.

[Chapter 1819: The first person to slay the dragon, I only believe in Lingjun!](#)

The thatched hut was smashed directly, and a platinum sword glow rushed into the sky. The platinum sword glow was even thousands of miles long, and countless clouds in the sky were crushed.

Even when the Platinum Sword Light sank into the void, it caused a wave of fluctuations in the void.

It can be seen how powerful this is!

Watching this scene, the middle-aged man opened his mouth wide, his face was extremely shocked: "This, this is a powerful power that surpasses the five-star Wuwang!"

Then, a white figure floated out of the sky, and he was actually going all the way up, all the way up, until he came to a position several kilometers away from the top of the high platform!

Then I saw that a platinum long sword appeared in his hand, and this platinum long sword was dragging the infinitely long and infinite platinum sword light!

He kept fencing in the air, his moves were simple and bleak, with a breath of ancient and wildness, extremely simple, but extremely effective.

The comprehension of the great road to Jian emanated from his body, and the entire Zuo Ancheng was alarmed.

Everyone rushed out to watch his fencing posture in the air, every one of his moves had great power.

A sword stabbed out, and the space was broken!

Cut out with one sword, the earth burst!

Everyone looked at him, with a look of admiration in their eyes.

Suddenly, without knowing who, he knelt to the ground first, kowtow to him, worshipped him, and shouted with excitement and reverence: "Mr Xinling! Lord Xinling!"

In the end, everyone was madly shouting his name "Xinling Jun", which gathered into a huge wave, and it seemed that even the floating clouds could be broken.

At this time, an old man in the Wei State Palace stood high above the hall, his face was helpless.

In front of him, a courtier whispered: "Your Majesty, this Lord Xinling is out of control, we have to find a way to deal with him!"

"To deal with him? Deal with a fart!" The old man was Emperor Wei.

He stood up, stared at the courtier, and said coldly: "Are you trying to kill me?"

"With his strength, one person can kill all the masters in the palace!"

"Do you think he wants this throne? Tell you, if he wants it, he has already taken it. After all, when my father petted my brother, he was much taller than he pet me!"

"If he really wants it, am I the one sitting in this position now?"

"It's just that he is so obsessed with kendo, so obsessed with martial arts, and even claims to be a sword slave, that makes me the throne!"

He snorted coldly: "You still want to deal with him? We can only hope that he has no covetous heart for the throne, otherwise as long as he comes to the palace, I can only give up the throne!"

The courtier was silent, afraid to say a word.

Yes, at this level of strength, one person is enough to destroy a country!

Finally, Lord Xinling above the sky finished fencing, and then slowly fell.

He is about 27 or 18 years old. He is slender and slender, but his body is full of explosive power. He looks handsome and his eyes are fierce, just like an unsheathed long sword. Dare to look straight.

At a glance, I felt like I was going to be stabbed!

The middle-aged man said loudly: "Congratulations, son Hexi! Another breakthrough and stepping into the realm of the Six-Star Martial King, you are definitely the first person in this thirty-seventh kingdom!"

"No, it can even be said to be the first person in the Thirty-Seven Kingdoms!"

The young man in white smiled slightly, and said slowly: "I think you look anxious. Why?"

The middle-aged man hurriedly said the matter again.

Hearing this, Mr. Xinling showed a penetrating sneer on his face: "Is Chen Feng? Well, I have heard his name before, and now he dares to take my first place!"

"Okay, then I will grab this position abruptly!"

"I want everyone to know who is the real genius!"

He is not arrogant, but confident, powerful and confident.

Suddenly he leaped up into the air, and said in a slow voice: "Swing a sword against the floating clouds, the king will come to the north! The first person to slay the dragon, I am the only one who believes in the lord!"

This person is the number one master of the Wei Kingdom, Lord Xinling and Wei Wuji!

When Chen Feng learned that Shen Yanbing was traveling abroad, he couldn't help but feel a little lost.

Shen Yanbing's temperament is very clear to him, he has always been unrestrained, and he does not know how far he will go this time.

Chen Feng didn't know that he was coming, so he didn't have time to meet again.

Because Chen Feng had a hunch, his time in Daqin might not be long! It's possible, I'll never see it again.

The Dragon Vessel Continent is really too big, with his current strength, thrown to a place, there will not be any noise at all, it is even more difficult to find someone!

In the evening of that day, the Dragon God Hou Mansion was in the secret room.

Long Shen Hou asked slowly: "Chen Feng, are you really planning to deal with the entire Chu State alone?"

Chen Feng nodded slowly, and Long Shen Hou said in a deep voice, "You have to think clearly, this matter is not as simple as you think."

"You are indeed very strong now, but a big country like Chu also has its own trump cards at the bottom of the box. Maybe there are a few extremely powerful players in it who can kill you."

Chen Feng said: "I have thought about it clearly. In fact, I have a clear idea. Master, do you know, when was the fastest time for me to improve in strength during this time?"

Long Shen Hou shook his head: "I don't know."

"It was in the past month!" Chen Feng said: "Because I have experienced great joy and great compassion in the past month."

"Because, in the past month, I have experienced many fierce battles with one enemy and one million, so my strength has improved the fastest!"

"I'm going to destroy Chu Kingdom alone, and I'm still looking forward to the arrival of masters! The more come, the stronger, the faster I will improve!"

Long Shenhui wanted to persuade him again, and Chen Feng smiled and said, "Master, don't say any more, I must go there."

"Although the Qin imperial family is sorry for me now, and I have no relationship with them, but I can get to this point, thanks to the cultivation of the court, he is kind to me after all."

"This time I went to Chu State, I paid off all the kindness."

"From then on, there is nothing to do with it!"

At this point in Chen Feng's words, Long Shenhui couldn't persuade him anymore.

The next day, Chen Feng left here, this time he did not bring Han Yu'er.

After all, on this road, I don't know how many dangers there are, and Chen Feng doesn't want Han Yu'er to follow him in the danger!

Chen Feng rushed all the way towards Chu State. He was extremely fast, but even so, it was only three days before he reached the border between Qin and Chu.

Chen Feng looked at a huge city wall faintly like a line in the distance, and knew that it was the border gate of Chu State.

He sighed slightly, and a wry smile appeared at the corner of his mouth: "It's really hard to drive on two legs! I also need to regain a demon king who can best fly. Much faster than me."

[Chapter 1820: I, Chen Feng, came to destroy Chu Kingdom alone!](#)

Thinking of this, Chen Feng suddenly trembled in his heart, and sadness surged.

He thought of blood wind.

"Blood wind, blood wind," Chen Feng took the thing sealed with blood wind in his hand and looked at it carefully.

The blood wind was inside, motionless, and his expression peaceful, as if he was asleep.

But Chen Feng knew that he had no breath.

Chen Feng cleared up his mood, cherished and treasured it, and then hurried towards the border gate of Chu State.

In a blink of an eye, he arrived outside the border.

On the border wall, the sergeants of Chu State who saw this scene yelled in horror. When they saw the person's appearance, their faces showed extreme despair and fear, and they shouted crazy: "Chen Feng is here!"

Because now the portraits of Chen Feng are posted everywhere in Chu, all Chu people know Chen Feng's deeds.

For them, this is just pain.

Chen Feng looked at them with a calm expression and said nothing.

He just took out the Dragon Slaying Knife, and when he saw his action, the first thing all Chu Army soldiers did was not to counterattack, but to escape.

They scrambled to escape, even jumping off the city wall hundreds of meters high.

Everyone knows that Chen Feng smashed the Xiongguan with a single blow, and no one dared to stay here to find his way.

Chen Feng didn't care about that much, he smiled coldly and cut it down with a vicious knife.

With a loud bang, this Xiongguan was directly cut to pieces.

Chen Feng once again shattered Xiongguan!

However, these Chu soldiers saw the opportunity early, and not too many died. They fled hurriedly towards the interior of Chu.

Chen Feng looked at them, and suddenly said slowly: "I tell everyone you met, Chen Feng, I have come to destroy Chu Kingdom alone!"

"I, Chen Feng, come to destroy Chu Kingdom alone!"

The loud voice shocked Baili!

These Chu Jun didn't even have any doubts, because everyone didn't think that Chen Feng would tell lies, and everyone thought that what Chen Feng said would definitely be possible!

This news. With the spread of these defeated soldiers, the madness spread in Chu country!

At this time, in the capital of Chu State, there was a lot of grief.

Only half of the seven million princes who could return to Chu State alive, and the rest died in Qin State. Most of them were killed by Chen Feng.

The remaining ones were beheaded by the Qin army who had caught up.

The Chu Army's combat effectiveness was not weak, but they were scared away by Chen Feng, and they only wanted to escape, and they didn't even have the intention to fight back.

The direct consequence of this was that Qin Jun chased and killed them behind their buttocks, killing and wounding countless all the way.

And these seven million troops were mostly from the vicinity of Yingdu, the capital of the Chu Kingdom, so the people of Yingdu are almost insecure!

Yingdu, the palace, above the court.

His Majesty the Emperor of Chu was dressed in a blue-black robe, sitting there with a gloomy face, no one of the civil and military officials below dared to speak!

The atmosphere in the hall freezes to almost suffocation.

In the end, the Emperor of Chu slowly said, "Everyone, what can I say about this defeat?"

Still no one speaks below.

"Oh? No one is talking, are you?" His Majesty's face was cold.

His gaze swept across the armored generals, and said coldly: "You are not fighting well, so what do you want to say?"

The generals who wore armor suddenly changed their expressions, and there was a touch of fear in their hearts.

His Majesty the emperor was moody, and wanted to kill if he didn't agree with him. They cried out in their hearts: "It's over, this time I don't know who is going to be unlucky and be killed by his majesty!"

Still no one speaks.

His Majesty the Emperor frowned, it was already overcast, and it might erupt at any time.

But at this moment, an old man walked out. This old man was not young, but his waist was straight, his figure was extremely strong, and he dared to stand up and face the king's anger at this time, indicating that he was extremely worried.

He said slowly: "Return to your Majesty, this time it has been brewing for half a year, and there are details to inform us..."

When it came to meticulously composing these two words, there was a moment of silence in the hall, and the old man also paused, his eyes cast to one of the front ranks of the civil and military officials.

There were four young men and women standing there, in sharp contrast with the youngest civil and military officials in the hall who were in their forties.

They are very young, the four of them watched their noses and noses and looked at their hearts with solemn expressions. No one spoke, it was Xun Zheng.

The old man took a look and then said: "But we still failed in the end. This is not the crime of war, because we were invincible at the beginning. If we continue to develop with this momentum, it is possible to occupy half of the Qin country."

"But in the end, it was destroyed by Chen Feng alone!"

"This Chen Feng can only be said to be an accident. It is impossible for us to make arrangements for him before!"

His Majesty the Emperor slowly nodded: "Xiangguo, you are right."

He still respects this Lord of the State!

The Emperor of Chu took a deep breath and slowly said, "Chang Yongjia is also dead. This time, we will admit it! I will not pursue any investigation!"

Hearing this, the generals of Chu State were all relieved.

The Emperor Chu continued: "However, even though we admit that we have lost this time, Chen Feng absolutely cannot let it go. With the strength of a single person, Chen Feng slapped us Chu in the face severely. Unbearable!" At this moment, suddenly, there was a rush of footsteps outside, and a deputy commander of the royal guard strode in.

The Emperor of Chu frowned and said a little displeased: "What's the matter? Why are you so panicked?"

The deputy commander of the royal guard was hesitant to speak.

"There is nothing that can't be said, just say it here." The Emperor Chu said displeased.

The deputy commander of the royal guard said in a deep voice: "Your Majesty, just yesterday, Chen Feng broke the Xiongguan again with a single knife and killed him in the direction of Yingdu."

"Moreover, he shouted to the Chu army soldiers who fled, 'He Chen Feng alone has come to destroy the Kingdom of Chu', and let them spread the news!"

"What?" Hearing this, there was an incredulous shout in the hall.

Everyone's faces were extremely surprised: "Is this Chen Feng crazy? He used his own power to destroy Chu Kingdom, what is he kidding?"

When the Emperor of Chu heard this, his face was even more tarnished, without saying a word, gritted his teeth, the muscles on his face bulged and he was obviously angry to the extreme.

Suddenly, he slapped the dragon chair bitterly, and sternly shouted: "This Chen Feng is really arrogant to the extreme! Does he think he can destroy the Chu Kingdom alone?"

The white-clothed girl, Old Seven, Huo Ran stood up and looked at Emperor Chu and said, "Father, I have a word to say."

The Emperor of Chu looked at her dozingly, "You said."
