

Peerless 1851

[Chapter 1851: Tianyuan Imperial City! Miracle City!](#)

"If I live in the Thirty-Seven Kingdom of Slaying Dragons all my life, even if I can be the first person, what's the point?"

Soon, a pot of delicious fish soup was cooked.

Han Yuer took a sip, and immediately shouted with surprise on her face: "Chen Feng, it's delicious, this is the most delicious soup I have ever had in my life!"

"Really? Let the old man taste it." Lu Anran, who has always been more reserved, quickly took a sip, so the next moment, like a child, he scooped several spoonfuls one after another, and ignored the heat, so he swallowed. Go in, laugh and say: "Drink, delicious."

With that, I took a big bowl for myself.

Chen Feng smiled beside him. Lu Anran was like an old naughty boy at this time, but he was much more real and cute than before.

In a blink of an eye, most of the fish soup was drunk.

Chen Feng smiled and said, "Save me some."

Having said that, he also joined the ranks of grabbing rice.

Only Wei Wuji curled his lips next to him, ignoring them, with a cold posture.

After eating, the four of them continued on the road and walked east along the Tongtian River for a while. Soon, a white jade rainbow bridge appeared in front of everyone!

This long bridge is entirely made of white jade.

"This is the bridge built by our Tianyuan dynasty on the Tongtian River. It was chosen for the section with the least monsters, the weakest, and the narrowest river!"

Lu Anran smiled on the side and said: "The eight hundred li through the Tianhe River, in fact, is not difficult for a real strong man to cross, but only flying eight hundred li."

"However, the reason why Tongtianhe is so amazing is because the warriors who are waiting for a while can't fly through Tongtianhe."

"Some extremely powerful Seven-Star and Eight-Star Martial Kings wanted to leap, but they just flew out several tens of meters from above, they fell into the river and never came out."

"Later, the royal family sent someone to investigate it. It seems that there is an extremely powerful and weird force in the Tongtian River, which makes it impossible to fly above the Tongtian River and can only walk over the bridge."

"Unless there is a peerless powerhouse, can we break the limitation of this kind of power."

Chen Feng and others nodded: "So that's it."

"Speaking of which, the scenery of Tianyuan Imperial City is excellent, with a total of nine, ninety-one scenic views, and the eight hundred miles of Hongqiao is one of them!"

"Why is it called Hongqiao?" Han Yuer asked.

Master Lu smiled and said, "You'll know later!"

With that said, the group went to Hongqiao eight hundred miles.

When they reached the middle of Hongqiao, which was the highest point, at this moment, a red ball the size of an egg suddenly jumped out of the eastern sky in the distance.

It was that big day.

Above the Tongtian River, the fog was blurred, the sun was rising, and the red rays of light shone down. In this mist, colorful rays of light were reflected and reflected on the Baiyu Bridge. Suddenly, the Baiyu Bridge became colorful.

Red, orange, yellow, green, blue, and purple, all in seven colors, like a rainbow.

Such beautiful scenery caused Han Yu'er to exclaim repeatedly, and everyone also knew the origin of this Hongqiao.

It took more than an hour to come to the other bank of the Tongtian River.

After coming to the other shore, a towering cliff with a height of several thousand meters appeared in front of him, which was a huge high platform.

The Tianyuan Imperial City, the capital of the Tianyuan Dynasty, was on a huge plateau. Chen Feng estimated that this plateau was at least 30,000 meters higher than the place where Qin State was, because they had been climbing before. Are all moving towards the heights,

Unexpectedly, there is a plateau above the plateau.

Everyone was on the high platform again, and when everyone turned up from under the high platform, stepped on the last step, and saw the scene on the plateau above the platform, they suddenly showed extreme shock and opened their eyes. With his mouth wide open, his face is full of shock.

That's right, Chen Feng is shocked now.

Even if Chen Feng is a person who has seen the world, he is still shocked by the sight at this time.

It turned out that just where they were at this time, there was a huge city wall dozens of miles away.

The height of this city wall reaches several thousand meters, and it is completely made of yellow jade. It is extremely mighty and gorgeous!

There is a huge palace above the city wall, the gate tower is as high as five stories, and the height is 10,000 meters.

However, this is not the most shocking.

The most shocking thing was that Chen Feng and the others saw that there were six huge golden giants in the center of the city.

For each of these six golden giants, their feet have even far exceeded the height of the city wall, and their body height may have reached hundreds of thousands of meters.

It's as high as hundreds of thousands of meters!

There are very few mountains of hundreds of thousands of meters, and they formed naturally, but these six golden giants are obviously made by humans!

Chen Feng took a deep breath and murmured: "How is it possible? How could there be such a huge miracle of creation? How powerful is it, and how much material is needed to forge such a huge golden giant?"

Beside, Master Lu showed a proud smile on his face and said: "These six giants, each of which is 360,000 meters high!"

"The founding emperor of the Tianyuan Dynasty, with great talents and martial arts, unified the land of 80 million li, and the land of 80 million li was originally divided into tens of thousands of countries and conquered each other. Later, these tens of thousands of countries Unified by him."

"After the reunification, he ordered the collection of national weapons, and then cast these six huge golden giants in this Tianyuan Imperial City, to show that there will be no more soldiers in the world!"

Chen Feng sighed sincerely, "It's really a great emperor, it's too powerful, it's really incredible."

Lu Anran smiled and said: "The Tianyuan Dynasty is a city full of miracles. There will be more things you can't expect in the future!"

Soon, a few of them crossed a distance of tens of miles and came under the Tianyuan Imperial City!

The Tianyuan imperial city is a thousand miles away, and they are also hundreds of miles away from the six golden men at this time, but these six golden men are too tall, making them feel as if they are under his feet.

The city was built according to the mountains and rivers. There are mountains, rivers and lakes in it. In these scenery, there are countless tall buildings and spacious streets.

It wasn't these that shocked Chen Feng the most, but there were floating mountains in the city.

That's right, it's a floating mountain.

These mountains are not extremely tall, but they are floating several kilometers above the ground.

Seeing this scene, Chen Feng was completely shocked.

He said blankly: "These mountains can actually float?"

Lu Anran smiled beside him and explained, "How is it? Very shocked, isn't it?"

[Chapter 1852: I want to be stronger!](#)

"It is indeed shocking, because the first time I saw it, I was very surprised. These floating mountains are worthy of your surprise."

He smiled and said: "There are many floating mountains like this in the Tianyuan Imperial City. There are always hundreds of thousands, but only aristocratic families, famous and noble, so that some very large forces can have."

"A huge family lives on every floating mountain, and these floating mountains are also divided into many levels!"

Chen Feng took a deep breath. Tianyuan Imperial City is Tianyuan Imperial City. It is really prominent and powerful. A family can even own a floating mountain.

Lu Anran explained that he just learned that the floating mountains are divided into one to nine levels. The size of each floating mountain is different, and the height of floating is also different.

For the first-class floating mountain, the height of the mountain shall not exceed 100 meters, the radius of the mountain shall not exceed 300 meters, and the height of the floating mountain shall not exceed 1,000 meters.

The second-level floating mountain is doubled.

The most advanced nine-level floating mountain, the height of the peak shall not exceed one thousand meters, and the highest floating mountain shall not exceed ten thousand meters.

And 10,000 meters, it is still not up to the height of the insteps of the six big golden people!

Lu Anran led Chen Feng and his party forward, and the streets passed along the way were extremely prosperous.

The buildings on both sides are tall and spacious, and buildings with more than a dozen floors abound, and if more than ten floors are placed in Wuyang City, the capital of the Qin Kingdom, it is already a very tall building.

There were a lot of people on the street, shoulder to shoulder, gorgeous clothing, and gorgeous chariots pulled by various powerful monsters everywhere.

Chen Feng was walking, and suddenly heard a shout from behind: "Get out, get out of everything."

Lu Anran led them to the roadside.

Then I saw a huge monster beast with the size of hundreds of meters, pulling a golden car wheel, swaggering across the market.

When Chen Feng looked at it, his eyes suddenly narrowed.

It turned out that the huge monster beast pulling the cart turned out to be a bear-like monster, and its strength reached the level of a one-star monster king.

Chen Feng shook his head and sighed: "A monster of the one-star Demon King level is actually used to pull a cart..."

It was really that he didn't know what to use to describe it, but after about a dozen miles, Chen Feng was not surprised.

Before the street was finished, he saw thirty or forty heads just by the one-star Demon King pulling the cart.

The so-called pride and strength that the demon king should have are not seen in these demon beasts. They are all tamed and very docile, without any resistance.

Of course, only for their owner.

Even Chen Feng saw a three-star demon king pulling a cart, which is equivalent to a human four-star martial king level master!

Chen Feng shook his head and sighed: "In the entire Qin State, I am afraid that there is not even a one-star Demon King pulling a cart, but there are so many here, and they are all so docile!"

Lu Anran smiled: "In fact, our Tianyuan Dynasty has a powerful sect that has inherited the method of taming animals from generation to generation."

"The Demon Kings who pull carts on the street are mostly bought from them. Of course, some powerful sects don't need this. They have their own methods of taming beasts. Although it is not that effective, the number of taming is also limited. Not much, enough to use."

"For example, let's Wudong Academy!"

Along the way, Chen Feng found that it could be used here. The Demon King was like a dog, and the Wu King walked everywhere to describe it.

There are masters of the Martial King level everywhere. Such masters who are enough to destroy a place in the Qin State are all acting with their tails clamped here, and no one dares to make trouble.

Because from time to time, there are guards patrolling the streets, and their strength has reached the level of King Wu!

Soon, Lu Anran took them to a square.

At the entrance of this square, the archway is written with four characters: Wudong Academy.

After entering, the noise outside seemed to be cut off immediately.

The square is very large, so although there are hundreds of people on it, it looks very empty.

Lu Anran took them to the depths of the square, but it was a place similar to an animal pen, but it was built very gorgeously, and the monsters inside were not ordinary monsters. There were hundreds of them. A meter-long golden eagle.

On each golden eagle, a tent is built with gold, which is extremely exquisite and gorgeous.

Seeing the four people approaching, a man who looked like a steward greeted him and said with a smile: "But the one who came to participate in the selection of the Wudong Academy?"

Lu Anran nodded, took out a waistband and gave it to him.

"Oh, it turned out to be Master Lu," the steward handed the waist card respectfully after checking.

Chen Feng saw that although he was very humble, he was actually quite strong, reaching the realm of King Wu.

The steward called for a handyman and told the handyman to take four people, and the handyman brought the four people to the front of a huge golden eagle.

This golden giant eagle had also reached the strength of a one-star demon king, but in front of the handyman, it was very docile, and took the initiative to get down and let the four of them get into the tent on his body.

Then, the handyman blew a whistle and whistled, and the golden giant eagle flew up with flapping wings and flew towards the sky.

At this time, in the sky above this square, at a height of nine kilometers, there are nine mountain peaks as high as one kilometer!

The floating mountain that is as high as one thousand meters is already the limit that the floating mountain in Tianyuan Imperial City can reach, and floating in the sky of nine kilometers is also the limit that can be floated!

Lu Anran proudly said: "Our Wudong Academy occupies the nine highest-level floating mountains!"

Chen Feng was a little shocked: "I'm afraid that if you look at the entire Tianyuan Dynasty, Wudong Academy is a powerful force that can be counted!"

Soon, the golden eagle led everyone to one of the floating mountains.

At the foot of this mountain, a large white stone square has already been opened.

At this time, there were already thousands of people waiting in this white stone square, most of them were an old man and a middle-aged man with a few young people.

Obviously, they all came to participate in the selection of the Wudong Academy, but they were from various lower houses.

Chen Feng glanced around, feeling a little shocked: "There are at least hundreds of branches of Wudong Academy!"

No one greeted them, they just came silently.

At this time, Chen Feng suddenly realized that this kind of character who can be said to be a wind and rain in the Qin State and even the Thirty-seven Kingdoms of Tulong Tu was placed in Wudong Academy and Tianyuan Imperial City, very inconspicuous.

"No one takes me seriously!"

The desire to become stronger in his heart became stronger, and there was almost a voice roaring: "I must become stronger, I must improve my strength!"

The four of them were walking, and suddenly they heard an arrogant voice behind them: "Oh, isn't this Old Lu? But I haven't seen him for some years."

[Chapter 1853: Ichinin](#)

"Haha! I heard that you were sent to the remote country of the Thirty-Seven Kingdom of Tulong. Tsk tusk, you can come back alive?"

This voice was full of malice and disdain, and Chen Feng suddenly saw that Lu Anran's face turned gloomy.

He looked back, Chen Feng and the others also turned their heads, and then they saw a middle-aged man in a purple robe standing behind them.

The aura of this middle-aged man is extremely large, such as Yuanruhai, which makes Chen Feng unable to see through.

He just felt that with the strength of the opponent, it was absolutely easy to kill himself.

Behind the middle-aged man in purple robe, several young men and women followed, looking down at Chen Feng and the others with extremely arrogant eyes.

Lu Anran looked at the middle-aged man in purple robe, and said coldly, "Cao Yuanji, long time no see."

"It's been a long time since I saw you," Zipao middle-aged Cao Yuanji laughed and said, "Old Lu, it's really unexpected that you can come back."

"I thought you would always die in the remote areas of the Thirty-Seven Kingdom of Tulong. After all, what kind of genius can appear in places where birds do not shit? How can you get geniuses from there?"

"Hahahaha..."

As he said, he let out a big laugh.

Lu Anran said nothing.

After laughing for a while, Cao Yuanji glanced at Chen Feng and the others from the corner of his eye. After two glances, his face immediately showed extreme disdain: "This is the so-called genius you found!"

"Tsk tusk tusk, what kind of **** genius is this?" He pointed to Wei Wuji, and said, "This guy in a white robe is okay. Although his strength is low and his talent is not outstanding, he has a sense of aggressiveness and dominance."

"As for this, it's just a waste!" He pointed at Chen Feng, disdainfully said.

Chen Feng squinted at him, his eyes flickering coldly.

He had no grievances or grudges against this person, but this person mocked him when he came up, saying that he was a trash!

"What do you mean?" Lu Anran said coldly.

"What do you mean? Haha, don't you understand what you mean?" Cao Yuanji said with disdain, "Can you not understand human words? I said he was rubbish!"

With that, he walked up to Chen Feng and said word by word.

Every time he said a word, he poked his hand towards Chen Feng's nose, scornful!

"The person you are looking for is a trash, and you are also a trash. You are trash plus trash. Even trash like you can only find trash things like him, understand?"

His voice was full of bone-stirring disdain and arrogance!

Behind him, the young men and women looked at Chen Feng with disdain.

They whispered for a while, Chen Feng could not hear clearly, but could tell what was inside: "Trash, shameful, shameful... words like this!"

Chen Feng took a deep look at them and remembered what they looked like!

One of the burly men saw Chen Feng's gaze and stared provocatively, and put his hand on his throat, making a throat cut gesture.

Disdainful.

Lu Anran's face was swollen and flushed, and there was a look of anger in his eyes, but obviously, he was reluctant to offend this purple-robed middle-aged man.

After taking a deep look at him, he sneered and said, "Then let's just wait and see!"

"Hahahaha," Cao Yuanji was extremely proud of seeing Lu Anran leading Chen Feng and a few people away, arrogantly let out a burst of laughter: "Sure enough, it's a waste. You don't even have the courage, but you only have your tail caught. Run dingy."

Chen Feng endured it.

This is the first time he endured this breath!

He didn't want to cause trouble, and he didn't want to cause trouble for Master Lu.

Chen Feng turned his head and glanced at him deeply. In his eyes, there was already a murderous flash: "Cao Yuanji, I will kill you one day!"

Chen Feng and Lu Anran and the other four left, stayed away from them, and waited on a corner of a square.

At this time, Lu Anran glanced at Chen Feng and Wei Wuji, and said in a deep voice, "Okay, very good. I am very satisfied with your performance."

"You used to be in high positions, strong, and never aggrieved, but now you can bear it, which is good."

Chen Feng asked Lu Anran: "Master, have you had any grudges with that Cao Yuanji before?"

Lu Anran nodded and said, "Yes, he and I were brothers in the same discipline. At the beginning, the relationship was still good, but it was a pity that it turned out because of a woman."

"Since then, he and I have not shared the same love. Both of us were sent to the House of Commons to select talents for the Wudong Academy. He went to a good place. He can select one or two people every year."

"Some were unsuccessful, but many were hired, so they became more and more arrogant in front of me, and they didn't like me or you at all."

He stared at Chen Feng and Wei Wuji suddenly, his voice trembled and said, "Chen Feng, Wei Wuji, you two, this time you must fight for your breath! Just take it as I beg you!"

Chen Feng was shocked, he had never seen Lu Anran like this.

Lu Anran has always been calm and arrogant. He has never seen Lu Anran begging so much!

Chen Feng took a deep breath and looked at each other with Wei Wuji. The two had almost the same idea, and then said in unison: "Master, you can rest assured, we will definitely take a breath and not let you lose face!"

Master Lu slowly nodded, a touch of relief appeared on his face.

Then, with Wei Wuji, the two of them went through the selection procedures.

Only Chen Feng and Han Yuer are left here, and Chen Feng intends to take Han Yuer for a stroll here.

Although it is only the periphery of Wudong Academy, the scenery is extremely beautiful.

Feiquan waterfalls are everywhere, all kinds of strange flowers and plants, he has never seen them before.

The two were walking, and suddenly there was a cold snort of disdain behind them: "Sure enough, I came from a small place, an ignorant hillbilly, and I saw everything with a surprised expression."

Chen Feng raised his brows and looked back. Is this talking about me?

I saw that behind him, three or four people walked over, all in their 20s and 30s, three men and one woman.

Chen Feng saw that they were familiar with each other, and then immediately remembered that these people were the men and women who had seen him behind Cao Yuanji!

As they said, these men and women came over, came to Chen Feng, looked at him, their faces were full of ridicule and disdain.

Among them, a short and fat young man suddenly spoke and said sarcastically: "Boy, have you never seen such flowers and trees in a small place like yours?"

He said proudly, "That's right, in a small place like yours, you can't see this kind of strange flowers and plants, and it's very normal."

"These are all high-level flowers and plants, and they are also very rare spiritual plants."

Chen Feng looked at him with indifferent eyes without saying a word.

[Chapter 1854: Bear it!](#)

He felt that these people were very boring, so boring, and he didn't even bother to be familiar with them.

And his expression like this fell in the eyes of these four people, but it seemed to show weakness, so the four people's attitude became more arrogant.

Beside him, a tall and thin young man in a beautiful robes smiled slightly and said, "Zhang Tao, you must be wrong."

It turned out that the short and fat young man was named Zhang Tao. Upon hearing this, he immediately pretended to be very humble and smiled: "Oh? How do you say this? Please also ask Brother Wang for advice."

The tall and thin young man surnamed Wang laughed and pointed at Chen Feng and said, "I see, they may not have these things, but such a low-powered trash like him must have never been seen."

When he fell silent, all four of them laughed.

"Yes, that's right, Wang Yan is right. I don't know how this kind of waste got in."

"Haha, let's say that the surnamed Lu is blind, such a two-star martial king trash, so low-powered, can even get in!"

A burly man said like Hong Zhong: "That surnamed Lu, with his shit-like look at selecting people, let alone a lifetime, he will never compare to Master Cao for three lifetimes."

"Yes, what kind of talents did Master Cao choose? They are all such talents as us, a handsome man, and what kind of chickens did the surnamed Lv choose?"

The only woman among the four, a gorgeous beauty in her twenties, said with a sharp and mean voice: "Trash will only choose trash!"

The four of them looked at Chen Feng and mocked wantonly.

Chen Feng looked at them, his eyes gradually getting cold, but he remembered Lu Anran's request that he must not cause trouble when he first arrived.

Therefore, Chen Feng took a deep breath and suppressed the anger.

And more importantly, he didn't pay attention to these four people at all.

As long as Chen Feng made a move, it was enough to easily kill the four of them. Chen Feng didn't plan to be familiar with them. He took Han Yu'er's hand, turned and prepared to leave.

Behind him, the four of them made a burst of laughter, as if they were defeated.

They laughed and said: "Trash, it's really trash. We are so humiliated, but they dare not say a word!"

"Oh, how do you talk this? How can he dare not say a word? He didn't even dare to put a fart, so he left with his **** in grief!"

"Hahahaha..." The four burst into a joke of laughter.

At this time, there were many onlookers around who were watching the excitement. They saw Chen Feng's performance like this, and their faces showed a touch of disdain.

"Which branch is this person from, why is the strength so low, there is only two-star Wu Wang!"

"Yes, the most important thing is that he is not only low-powered, but also too cowardly. He was so humiliated by others that he didn't even dare to say anything, just turned around and left!"

"Hey, it's not terrible to have no strength. The most terrifying thing is that you don't even have a heart of martial arts."

"He was so humiliated that he didn't dare to talk back. He will definitely become a demon in the future!"

None of them knew that Chen Feng was strong enough to kill the four. He just didn't want to make a move, he was just enduring it!

Chen Feng endured it, and turned to leave with Han Yuer.

This is his second forbearance! At this time, the burly man stared at Han Yu'er's beautiful figure, suddenly a lewd smile appeared at the corner of his mouth, and shouted:

"Hey, that little lady, you are so beautiful and exquisite in shape, it's really bad to follow this little boy!"

"He didn't dare to talk back to us, such a waste, must be even more waste in bed?"

Speaking of which, the four of them all laughed.

The burly man then shook his hips and made an extremely nasty gesture, he hey smiled and said: "Little lady, come on, come on the uncle's bed, uncle keeps you cool!"

"The uncle is much better than this little bastard, do you want to try the uncle's kung fu?"

With that, there was a lewd smile!

Chen Feng's figure suddenly stopped. Then, he turned his head back slowly, with an extremely cold expression on his face.

In his eyes, there seemed to be flames burning, and the flames were steaming!

Said coldly: "You say it again!"

At this time, Chen Feng was murderous.

It is okay to humiliate him, but it is to humiliate Han Yuer, absolutely not!

Chen Feng vowed to protect his senior sister for life!

The burly man saw Chen Feng's eyes, and his heart trembled: "What kind of look is this?"

Cold and full of killing intent!

This made him tremble violently in his heart, and fear surged in his heart.

But then, he became angry. He felt that he was scared like this by such a trash Chen Feng. It was really embarrassing. This made him very angry.

He immediately showed a cold smile on his face: "Little boy, I'll just say you, what can you do?"

"Are you still here to scare me?" He curled his mouth and said disdainfully: "You trash, you don't have any other skills, but you can pretend to be a little like scaring people!"

He shivered very exaggeratedly and violently, and said with an exaggerated expression: "Ah, I'm so scared, I'm so scared!"

Suddenly, his face changed, all the arrogance on his face disappeared, and it became cold, and he said proudly: "Little boy, I'll say it again, so what?"

He pointed to Han Yu'er and said, "I want to get her to bed!"

He laughed arrogantly, and laughed as he spoke!

"Oh, looking at you like this, do you still want to do something with us?"

The tall and thin young man snorted disdainfully: "Little boy, do you know where we are from? Tell you, we are from the sea and sand country, which is a huge country by the coast of East Xinjiang."

"I don't know how many times larger than your small place, and I don't know how much higher the level of strength is!"

The glamorous woman next to her also sneered, staring at Chen Feng and said: "If you dare to do it, then you are really looking for death. You won't look at the comparison of your strengths."

"You are just a mere two-star Wuwang level trash, haha..."

She smiled sharply: "Our guards are as strong as the Second Star King Wu."

"Yes," the burly man, with his fists broken, stared at Chen Feng with a cold look, with a defiant and disdainful face: "Boy, maybe you can try with us."

"You are just a waste of a two-star martial king, and the lowest strength of the four of us is all at the pinnacle of a four-star martial king."

"Like me," as he said, he pointed to himself and said proudly: "My strength has reached the middle stage of the Five-Star Martial King. To kill you is as simple as crushing a bug."

The four of them were extremely disdainful of Chen Feng, with provocative faces!

[Chapter 1855: Fed up! No need to bear it anymore!](#)

These four people are extremely overpowered, and they don't even know how good Chen Feng is.

Chen Feng's current realm is a two-star martial king, but his strength is comparable to the peak of a five-star martial king, and he is only twenty years old now.

When Chen Feng reaches their age, the realm of strength will far surpass them.

In fact, the talents of the four of them were only at the level of Xiong Chengmin, not much worse than Chen Feng.

Being so arrogant and arrogant in front of Chen Feng, Chen Feng looked at it, but felt very ridiculous.

"Oh? It's as simple as being a bug, isn't it?" Chen Feng showed a sneer at the corner of his mouth and looked at them: "Then, let's try now!"

As he said, he pointed to the four, and his voice was as cold as ice: "You four, let's get on together!"

Chen Feng, don't plan to bear it anymore!

He is going to break out!

Among the crowd, there was silence for a moment.

The burly man and the other four had expressions of disbelief on their faces.

Then the next moment, they burst out laughing wildly.

The short chubby young man said in disbelief, "What does this trash say? He said let the four of us go together?"

"Haha, is this **** crazy? He can't even deal with any of us. If any one of us goes out, it will be enough to easily crush him to death, and he actually said let us go together?"

"I think this **** is mostly stupid by us, and to say such nonsense is simply looking for death!"

The onlookers around also made a sneer of disdain: "This person is really crazy."

"Hey, a young age is a young age. You think he is also around 20 years old. Presumably, he was also a favorite of heaven before in his small place. He was sought after by all people, so he was arrogant and not knowing the heights of the world."

Someone tweeted and said, "Where is this place? This is the Tianyuan Imperial City. Within a hundred million li, all the geniuses are gathered here."

"It's a dragon, you have to hold it! It's a tiger, you have to lie down! Do you dare to play sideways here? That's just a death!

Everyone ridiculed Chen Feng one after another, thinking that he was very arrogant, they didn't know how tyrannical Chen Feng's real strength was!

The glamorous woman smiled and said, "Since he wants us to go together, then let's satisfy him and go together!"

The chunky young man waved his hand and laughed, "Where do I need so much? I am the lowest strength among the four of us, and it is enough to kill him!"

As he said, he came forward and pointed at Chen Feng very proudly: "Trash, I'm here to take your life now!"

Chen Feng slowly shook his head: "You can't see enough by yourself."

Chunky young man Zhang Tao showed some disdainful expression on his face: "Trash, it's all up to now, are you still pretending to be here?"

"I have to admit, you pretended to look alike, I almost believed it, but unfortunately, we are all warriors!"

"Between warriors, speaking of strength, your strength is not as good as mine, this is an iron fact! Therefore, I will severely wound you later!"

There was a cold look on his face: "I will crush your bones bit by bit to make you suffer and make you pay for your arrogance just now!"

Chen Feng slowly shook his head, hooked his fingers, and said, "Come on then!"

His attitude completely angered the short chubby young man, and he yelled: "Daddy, die!"

As he said, his figure flashed, and he attacked Chen Feng fiercely, his body surged wildly, causing everyone around him to utter a low cry.

"Hey, this young man is still pretending, do you guess how many tricks he can do under Zhang Tao?"

"I don't know, but I think all three tricks are difficult."

"Yes, the gap between their two realms is too big. Even if the two-star Martial King vs. Four-star Martial King is too powerful in other aspects, they will still be directly crushed by this huge realm gap!"

"Yes, I even think Zhang Tao can kill him with one move!"

At this time, Zhang Tao's fist had already blasted in front of Chen Feng.

The strength of the four-star Wuwang realm was surging crazily, and the surrounding situation suddenly changed, the momentum fluctuated violently, and the flying sand and rocks looked terrifying.

At this time, Chen Feng stood motionless.

Zhang Tao laughed loudly: "Trash, are you scared stupid? Have you never seen an attack from the Four Star King Realm in your life?"

Chen Feng shook his head with a sneer at the corner of his mouth.

Four-star Martial King, Chen Feng didn't know how many he killed, Zhang Tao thought that Chen Feng had not even seen the attack of Four-star Martial King, he was really arrogant!

Zhang Tao showed a grinning smile, and he felt that he could kill Chen Feng in the next moment.

At this moment, he suddenly felt that his fist was blocked, and he couldn't make any progress.

He was shocked and looked forward, and then saw that his fist was held by a warm and powerful white hand.

He held it so gently, he couldn't push forward anyway!

The strength in Zhang Tao's body was surging, pushing forward like waves, but no matter how hard he tried, he would be like a mud cow into the sea, unable to move forward at all.

At this time, the people around could see more clearly, this Qingpao boy only stretched out a palm to withstand Zhang Tao's attack.

He seems to be an understatement, effortlessly!

Then the next moment, Chen Feng suddenly showed a chuckle at the corner of his mouth, and said lightly, "It's time to end!"

His body was frantically violent, and in an instant, he reached the realm of the five-star martial king, causing everyone around him to let out a huge exclamation.

Then the next moment, Chen Feng's body strength surged crazily and poured into Zhang Tao's body.

This power is surging and fierce.

Kakaka, Zhang Tao's hand bones are broken, his metacarpal bones are broken, his arm bones are broken!

Then, this force followed his body all the way forward, his sternum shattered, his leg bones shattered, and even his skull, all shattered!

In a flash, all the bones in his body were shaken into powder!

At this time, in the eyes of outsiders, Chen Feng was just pushing his right palm out, and then Zhang Tao screamed and fell to the ground hard.

He was paralyzed, like a puddle of mud!

He screamed in disbelief, looked at Chen Feng, and shouted: "You? How could you possibly?"

The people around shouted in shock: "What? What's the matter? Zhang Tao, who is in the realm of the four-star Wuwang, was directly defeated by this two-star Wuwang boy?"

"Furthermore, it was defeated without fighting back. It seems that this young man did not use his full strength at all!"

"This young man, it's really cruel to start, this time, all the bones of Zhang Tao's body were shattered!"

[Chapter 1856: I told you so long ago!](#)

Chen Feng smiled and said: "Look, I don't need to crush your bones bit by bit. I can smash the bones of your whole body with a single blow. I did this to make you feel arrogant for yourself. Pay the price!"

He is returning what Zhang Tao said just now!

At this time, the gaze of the crowd looking at Chen Feng was from the disdain just now, and it was even a little surprised.

"This young man, although he only has the realm of a two-star martial king, but has the strength of a five-star martial king, it is too strong!"

"Yes, Zhang Tao of the Four-Star King Wu was beaten so miserably by him!"

"Now you know who is arrogant?" Chen Feng showed a smile at the corner of his mouth, pointing to the four of them and said: "I just said, let the four of you go together."

Hearing this, all four of them showed a look of anger on their faces, and they were also hot, as if they were slapped in the face.

They underestimated Chen Feng's strength and were severely beaten in the face at this time!

Wang Yan, a tall and thin young man, was clearly the head of the four of them.

He said coldly: "Trash, I admit that your strength is not low, beyond our estimation."

"However, you are nothing more than a five-star Martial King. Together, the three of us can definitely destroy you easily!"

As he said, he winked, and the three of them slowly pushed towards Chen Feng.

The onlookers let out a sneer of disdain: "Just now I pretended to say that one person can clean him up, haha, are you counseling now? There are three of them together!"

"They keep saying that others are rubbish, and they don't know who is rubbish."

Hearing these discussions around, Wang Yan and others looked gloomy.

They knew that after this happened today, the reputation of the four of them was ruined.

Therefore, their gazes staring at Chen Feng were more tyrannical and hideous.

Wang Yan growled lowly: "Trash, this is all caused by you!"

Obviously they took the initiative to provoke, and their strength was inadequate, but they felt that it was Chen Feng's harm, and they attributed all the errors to Chen Feng.

These people are really shameless!

"Do you think, who can win the three of them or Chen Feng?"

"I think it's mostly the three of them. Chen Feng's strength seems to be inspired by some secret method for a while, and the duration is definitely not long."

"They only need to hold on for a moment or three. After a while, Chen Feng's strength will be restored to the second-star martial king. When that happens, they can just kill anyone else!"

"Yes, I think so too."

Everyone nodded, unanimously watching Chen Feng.

At this time, the burly man and others heard their discussion, with a smug smile on their faces, looked at Chen Feng and said: "Trash, now kneel down and beg for mercy, it's too late!"

"As long as you give us three slaves for three years after entering the college, we will spare you today."

"Haha, being a slave is cheap enough for you, better than dying now."

Chen Feng slowly shook his head, his voice was cold, and he slowly uttered four words: "I don't know how to live or die!"

As he said, his figure suddenly flashed, and he took the initiative to attack the burly man.

The faces of the three of them were full of fright: "How dare you take the initiative to attack? Looking for death!"

They all rushed towards Chen Feng.

Chen Feng's figure flashed, and before the burly man, he shot out with a punch.

The burly man swung his fists to resist. In his opinion, his strength was tyrannical, and he could definitely knock Chen Feng back easily and even break his bones.

However, when the two fists crossed, the burly man's face changed drastically, and he let out an angry roar: "Impossible!"

He felt a powerful force coming.

Chen Feng smiled coldly: "What's impossible?"

at this time. The right fist has hit the big man's double fists fiercely.

Then the next moment, the burly man let out a scream, fell heavily to the ground, spurring blood.

The blood was also mixed with internal organ fragments, and Chen Feng had already been seriously injured.

Chen Feng looked at him with a smile, and suddenly the palm of his right hand made a gesture of cutting his throat.

This was the action made by the burly man to Chen Feng, and he was returned by Chen Feng at this time!

Then, Chen Feng flashed again and came to the beautiful woman.

At this moment, the glamorous woman stabbed a long sword fiercely out of her hand, screaming: "Go to hell!"

There was already a look of panic on her face, and the two companions were severely injured by the beating, which shocked her greatly.

She realized how powerful Chen Feng is, so she tried her best!

But at this moment, Chen Feng showed a sneer at the corner of his mouth. He didn't evade and walked forward, letting the sword stab him.

"I stabbed him, he is dying!"

The glamorous woman had a flash of ecstasy on her face, but then, this ecstasy disappeared without a trace.

Because, after he saw that the long sword pierced Chen Feng's body, it was as if it had pierced a piece of extremely hard metal, and the long sword broke directly with a bang!

And Chen Feng's body is completely safe and sound!

She exclaimed in disbelief: "How is it possible? Your body is so hard?"

Chen Feng smiled slightly: "Much harder than you think!"

As he said, a punch hit her chest directly, punching a huge depression between her chest and abdomen, all the bones and internal organs were broken and twisted into a ball.

At this time, Chen Feng felt an offensive coming from behind him.

Then, several punches banged and hit Chen Feng's body severely.

And these punches didn't even make Chen Feng's body shake.

Chen Feng turned his head, looked at the tall and thin young man with a smile, and said lightly: "Is it enough?"

Wang Yan, a tall and thin young man, was shocked and shocked by Chen Feng's tough body!

He was already speechless.

Chen Feng sneered coldly: "If you play enough, then it's my turn."

As he said, he slammed out a fist, directly punching Wang Yan through. The fist pierced out of his back, punching a big hole in his chest!

Wang Yan let out a miserable scream, and then Chen Feng slapped his face again, slapped his head hard, and with a creak, his neck was already discounted.

However, the power of the high-ranking warrior is really strong, and Wang Yan is not dead yet.

Chen Feng sneered, stepped forward, and reached out and pinched his neck.

A look of horror appeared in Wang Yan's eyes, and she screamed: "You can't kill me, you can't kill me, my identity is special, I'm the king of Haisha, you can't kill me..."

Chen Feng smiled and said, "Is that Prince Haisha? In my eyes, there is no difference between you and a chicken."

"You are the ants in my eyes, understand?"

[Chapter 1857: Begging for mercy](#)

"I want to crush you, it's as simple as crushing a bug!"

Chen Feng repeated exactly what they said just now.

Wang Yan showed extreme fear on his face. He could see that Chen Feng really did what he said. If he said he would really dare to kill himself.

Chen Feng threw him to the ground heavily and sneered: "Who is the waste? Who is the ant?"

The arrogant expression on Wang Yan's face disappeared without a trace, and he pleaded, "We are trash, we are ants!"

"Please, forgive me, don't kill me!"

A smile appeared at the corner of Chen Feng's mouth: "I will spare you when I kneel down and knock my head ten times."

As soon as the voice fell, the tall and thin young man fell to his knees. He banged his head to Chen Feng without hesitation, and said loudly while kowtow: "Please, forgive me. Tarzan offended you..."

"Your lord has a lot, please spare me!"

At this time, the high security department he had just disappeared, and it was just a begging dog.

Chen Feng stood proudly, extremely domineering, tyrannical like a **** of war.

The people around looked at him with shock.

This time, the four people of Haisha Country who provoked Chen Feng were already seriously injured, and one person knelt here, begging for mercy.

Chen Feng laughed, his heart was extremely happy.

At this time, the eyes of the surrounding audience looked at him with a little more shock.

I was surprised just now, but now this is already a shock.

"This youth in the green robe is absolutely extraordinary!"

"Yes, he can defeat four four-star and five-star martial kings at the realm of a two-star martial king, and it seems to be effortless at all, without using his full strength, it is terrifying!"

"Yes, this person has two great tricks. One is to improve his realm and attack is strong. Second, his body is as hard as King Kong, and his defense is extremely strong."

"This is a terrible opponent."

The body is as hard as King Kong, which is their unanimous evaluation of Chen Feng!

Cao Yuanji on one side was already stupid.

Chen Feng suddenly smiled and looked at him, and said, "Cao Yuanji, you said I was a trash. Then, the four of them were defeated by me alone, what are they?"

"Are they trash? And you who chose them are trash?"

As he said, Chen Feng let out a long laugh, very happy.

Cao Yuanji's face flushed instantly, feeling hot, as if he had been slapped in the face.

It hurts.

He stared at Chen Feng fiercely, his killing intent flashed in his eyes: "Boy, I want to kill you!"

At this time, two middle-aged people came slowly, and when they saw them walking, many of the martial arts college handymen on the square stood up respectfully and saluted.

Obviously, both of them are extraordinary identities.

Both of them wore a Confucian shirt, like a middle-aged Confucian scholar, with a beam crown above their heads.

They wore white robes, and on top of the white robes, was embroidered with a huge purple flame!

When the wind hits, the robes are bulging, and the purple fire seems to be burning.

"Elder Zihuo! These are two elder Zihuo!" The crowd exclaimed.

Chen Feng also stared at him, but two elders of the purple fire arrived?

He heard from Lu Anran before that in Wudong Academy, the elders are divided into four levels, from low to high: Elder Zihuo, Elder Shanhai, Elder Didi, Elder Chongxiao!

The elder Zihuo wears a white robe, embroidered with hot purple fire patterns on the white robe, and a golden beam is crowned on his head.

The elder Shanhai wears a white robe, embroidered with high mountain and sea patterns on the white robe, and two golden beams on the crown.

The elder of the broken ground wears a white robe. The white robe is embroidered with the pattern of torn earth, and the beam is crowned with three golden beams.

The elder Chongxiao wears a white robe, embroidered with a pattern of breaking through the clouds, and four golden beams crowned on his head.

The elder Zihuo is the weakest, but even the weakest elder Zihuo has the strength of the Seven-Star Martial King and is very powerful.

Someone nearby whispered: "These two are the elders of Zongmen Zihuo, Li Sifeng and Zhou Changtao!"

After the two came over, when Cao Yuanji saw Li Sifeng, his eyes lit up and he leaned close to him and said something in a low voice.

Li Sifeng glanced at a few people on the ground, then looked at Chen Feng, frowning, and coldly reprimanded: "They are all brothers from the same school, but they are so tough. This person is very wrong."

Chen Feng frowned and looked at him, with a sneer on his face: "My lord, didn't you see that he provoked me to insult me first? I made a counterattack. Is it wrong?"

This person slandered Chen Feng as soon as he came up, doing very unfairly.

Li Sifeng, a tall and thin middle-aged man, didn't know the situation at all, or just pretended not to know the situation, and immediately accused Chen Feng.

Obviously it was the other party who provoke Chen Feng first, and Chen Feng just counterattacked, but he said that Chen Feng's attack was ruthless and wrong.

"You bastard, you dare to talk back? What are you?" Li Sifeng stared at Chen Feng, his eyes were cold and said, "You say one more thing, believe it or not, I will kill you directly here?"

Chen Feng smiled and said: "I really don't believe it anymore. Could it be that the teaching of Wudong Academy is that you can't resist when encountering injustice, but you can only endure it?"

"I, Chen Feng, scream if unevenness occurs!"

When his big hat was buttoned off, Li Sifeng suddenly changed his face and said coldly, "Little boy, are you worthy to represent Wudong Academy?"

Chen Feng smiled and said, "I'm standing here at Wudong Academy. Of course, my purpose is to follow the method of Wudong Academy."

"If Wudong Academy is a tooth for a tooth, and blood for blood, I will use a tooth for a tooth and blood for blood, but it depends on what you mean now,"

A ridiculous smile appeared at the corner of his mouth: "It seems that the purpose of Wudong Academy is to be beaten and not fight back, be beaten on the left cheek, and then stretch out the right cheek to be beaten, isn't it, sir?"

Li Sifeng was shivering by Chen Feng's angry muscles, his face was full of frustration, and he roared coldly, "Little boy, you are looking for death!"

Obviously, he was already rebutted and speechless.

Li Sifeng stepped forward and stared at Chen Feng with cold eyes, and said in an interrogating tone: "What's your name?"

Chen Feng raised his chin and said proudly: "I'm called Chen Feng!"

He didn't have the slightest fear, his attitude was bold!

"Chen Feng, right?" Li Sifeng stared at him with a gloomy expression: "Do you know who I am?"

"I am the Zihuo elder of the sect, how dare you talk to me like this?"

Chen Feng laughed: "What about the elders of the Zongmen? Can the elders of the Zongmen be unreasonable? I am responsible for this matter today! Why can't I speak like this?"

Li Sifeng's face was extremely angry, he didn't expect Chen Feng to talk back at this time.

[Chapter 1858: Li Sifeng, I will kill you!](#)

With anger in his eyes, he suddenly stepped forward, staring at Chen Feng, and yelled: "I am just irrational today!"

His body was madly steaming, and in an instant, he had directly reached the realm of the Seven-Star Martial King.

Everyone exclaimed: "Seven-star Martial King? Li Sifeng actually reached the realm of Seven-Star Martial King? It's terrible!"

"The country where I came from, the strongest master is just the four-star martial king!"

"Haha, your poor country can be compared with the Tianyuan Dynasty? Although you are Li Sifeng and the lowest-level Zihuo elder, you have reached the realm of the Seven-Star Martial King, you are actually very powerful!"

At this time, all his aura was used, and he pressed down on Chen Feng.

Chen Feng suddenly felt as if a huge mountain was pressing down against him.

The people around all showed a touch of sympathy on their faces, and many people said softly: "This Li Sifeng is too unreasonable, and he used his power to suppress others."

"He is the elder Zihuo, but he is so bullying a disciple who has just entered the sect! It is really shameless."

When Li Sifeng heard these discussions, his face became more gloomy, and he glared at them, no one dared to speak anymore.

This is Li Sifeng's naked use of power to overwhelm others and bully the small!

At this time, Chen Feng could no longer control so much. He was doing his best now, and his momentum was steaming crazily, to counter the suppression of the Seven Star King's momentum.

However, it is useless at all.

He tried his best, but he was only a five-star Wu Wang, with two major ranks in the middle.

Therefore, Chen Feng felt that the pressure on his body was getting heavier and heavier, and his whole bones couldn't help but burst out.

Suddenly, Chen Feng let out a wow, a mouthful of blood spurted out, and his internal organs were already severely injured.

On his body, the bones were broken for a half, especially the legs, the bones burst directly!

He couldn't hold it anymore and fell directly to his knees.

Seeing this scene, Li Sifeng showed a smug and vicious look in his eyes. He laughed and said, "Little boy, aren't you crazy? Are you crazy?"

"Now, isn't it crushed to kneel by me?"

Then, he let out another roar, and his aura was once again crazily suppressed.

Chen Feng spouted a mouthful of blood, mixed with internal organ fragments, his whole body bursting with bones, and his body was lying heavily on the ground, falling directly into the dust!

Li Sifeng laughed even more triumphantly and strode forward. He stomped Chen Feng's face with his feet, his face was full of triumphant and sinister colors:

"Little bastard, are you still crazy now? You give me another crazy look now!"

"You are an ant in front of me! An ant that can't fight back!"

"I want to abolish you, it's easy!"

Chen Feng felt right now. There was endless humiliation, and at this moment, he was almost overwhelmed by endless humiliation!

At this time, Chen Feng felt like a fire was burning in his heart, and a voice in his heart roared angrily: "Become stronger, I want to be stronger!"

"Li Sifeng, I promise to kill you!"

"One day, I will trample you under my feet and step you into the dust!"

"Little boy, are you talking?" Li Sifeng kicked Chen Feng in the face with his feet, and the blood that kicked Chen Feng was flying.

At this moment, Chen Feng suddenly raised his head, looked at him, and then slightly twitched the corner of his mouth, revealing a disdainful smile.

With a sound, a thick sputum was spit on Li Sifeng's face.

Li Sifeng didn't watch out, he didn't avoid it, and was directly vomited.

The smug look on his face disappeared instantly, and he became extremely gloomy, his face swollen like pig liver.

He stared at Chen Feng and nodded, with an extremely ferocious expression: "Okay, okay, boy, you are fine!"

"You dare to be so arrogant? It seems that I won't be able to abolish you!"

With that said, he would reach out and kill Chen Feng directly!

At this moment, a voice sounded next to him: "Stop!"

But seeing Lu Anran rushing here with Wei Wuji, seeing this scene, Lu Anran's face showed an unbearable anger, while Wei Wuji's face was cold and murderous, and his hands were already on the hilt of the sword. Above!

Lu Anran was obviously reluctant to offend Li Sifeng. He suppressed his anger and slowly said: "Elder Li, Chen Feng is the disciple I brought, why are you doing this?"

"Haha? Why did I do this?" Li Sifeng looked at Lu Anran with disdain and said, "Lu Anran, what are you? You have the guts to ask me that?"

Lu Anran's voice turned cold: "Why can't I ask? I brought him!"

"Just because I am the elder Zihuo, and because you are just a low-level selection elder! I am higher than you! So you can't ask like that!" Li Sifeng said proudly, "I need you to ask what I do. ?"

He waved his hand disdainfully, as if driving away a fly, and said, "Hurry up and get me aside, or you will be abolished later!"

His strength is indeed stronger than Lu Anran, and his status is also higher.

However, Lu Anran has been a selection elder for so many years, and he is very well-founded. In fact, he does not dare to push too much.

At this time, the elder Zhou Changtao who had been watching by the side was a little bit unwilling, and said lightly: "Okay, Elder Li, it's almost done. If you really kill him, then maybe you will provoke him. some things."

"You know, Elder Chu, who is in charge of tomorrow's general selection, is a very upright and rigorous person. Today's list has been reported. If he checks tomorrow and finds that the number of people is different, how would you answer the question?"

Hearing this sentence, Li Sifeng immediately trembled in his heart, and a touch of fear appeared in his eyes.

Although Chu Chang was not very old, his strength was extremely tyrannical, and his position in the Wudong Academy was very high, far beyond his ability.

Moreover, he acted quite weird. If he didn't agree with him, he would turn his face and kill someone. He really didn't dare to offend Elder Chu!

Therefore, he let out a cold snort, kicked out, and kicked Chen Feng away directly, and a few bites of blood spewed out.

At this time, he used dark energy, and Chen Feng was directly kicked by him and was seriously injured and dying.

He sneered disdainfully: "Get out of here, and I will spare your life today!"

Chen Feng stood up from the ground with difficulty, but took a deep look at him, his eyes were cold! Murderous!

"Li Sifeng, I will kill you!" Chen Feng repeated in his heart.

But he was very silent on the surface, did not say a word, just walked aside.

Hate, buried in my heart!

Lu Anran comforted: "Chen Feng, are you okay?"

Chen Feng shook his head, his face calm: "I'm fine, I can still participate in tomorrow's selection."

[Chapter 1859: Contempt](#)

Li Sifeng laughed and pointed to Chen Feng and said, "If you will be selected tomorrow, don't even think about passing it. Tell you, as long as I'm here, you will never be selected by Wutong Wudong Academy tomorrow."

The people around were already full of pity when they looked at Chen Feng, and they all pointed to him.

And many people are even more gloating in their eyes: "Haha, this one called Chen Feng must be over."

"Yes, Elder Li Sifeng Li was in charge of this selection. He even dared to offend Elder Li, it was just looking for death!"

"Tomorrow, he will definitely not be able to pass."

"Yes, not only can he not pass the level, but he may die afterwards. As the elder Zihuo of Wudong Academy, Elder Li is also quite powerful in this Tianyuan Imperial City!"

Everyone thought that Chen Feng was definitely over this time.

Chen Feng, but he didn't think so. At this time, his heart was full of anger, the killing intent in his eyes was surging, and his desire to become stronger was extremely powerful.

Chen Feng buried this hatred deeply in his heart, but that didn't mean he would forget it.

Chen Feng told himself that one day he would treat Li Sifeng in the same way.

Then, another elder shouted loudly: "Now, open the cave."

"Yes!" The handyman disciples responded one after another, then came to the edge of the square and flipped some institutions.

Suddenly, caves appeared on the edge of the square on the peaks of four to five hundred meters high.

I'm afraid there are hundreds of these cave houses, all over these mountains.

These caves are different, there are high and low, and the higher the cave, the better, the higher the area of the cave, the larger the cave entrance.

In some caves, there was even a strange fragrance.

And in the top caves, there was even a huge light shining constantly, as if there were some foreign treasures inside. The entrance of the cave is also decorated with various rare and exotic treasures.

The caves below are very simple, the entrance is very small, it is almost like a dog hole, the inside is dark, some still emit a stench, I don't know if it is used as a toilet or there are dead bodies inside, I don't know. How long hasn't been cleaned!

Zhou Changtao said: "You have a total of 707 people, but there are only 600 in the cave."

"Now everyone is in a row."

"Yes!" Everyone lined up, and then Zhou Changtao continued: "Now, I said to start, each of you use your own powerful strength to grab those things."

"You can use powerful light exercises to quickly rush there to **** it, or you can attack others to **** it. Anyway, there are only 600, and some people don't."

He paused, then added: "Besides, no matter what the casualties are today."

When everyone heard it, they were all in awe.

Death or injury?

Zhou Changtao showed a sneer at the corner of his mouth, and said: "The Confucian students cultivated by Wudong Academy are all talents who can govern the country through the heavens and the latitudes. In the dynasty, they can govern the country through the heavens and the latitudes. When in the wild, they can travel the world with one sword!"

"They all have powerful strength, ruthless methods, flexible strategies, and extraordinary talents. These four are indispensable!"

"If anyone is missing, it is impossible to survive in Wudong Academy!"

Above the square, the atmosphere among the people became tense. Many people looked at each other, their eyes full of hostility.

Next to Chen Feng, several people's eyes fell on him, and their eyes were full of deep meaning.

Chen Feng immediately understood that these people regarded themselves as soft persimmons!

Two of them were similar in age and similar in appearance, and they were obviously brothers.

The two whispered: "Later, if we don't grab the Dongfu, we will grab him."

"Yes, he was beaten so miserably, with little strength left, definitely not the opponent of the two of us!"

The two of them looked at Chen Feng as if they were looking at a dead person, full of contempt and disdain.

Chen Feng looked at them lightly without speaking.

The two demonstratively stared at Chen Feng fiercely. Seeing Chen Feng turned his head, both of them thought Chen Feng was showing weakness, so they didn't dare to look at them, and they all laughed proudly.

Many people also stared at Chen Feng and ridiculed: "Haha, this guy is really not long-eyed. He offended Elder Li and was beaten like this. Where is the speed now? I'm afraid he won't be able to grab it. cave."

"Don't say you can't grab something, I guess, he should be the last one."

Suddenly one of the tall and thin teenagers looked at Chen Feng and laughed: "Chen Feng, if you come here to beg for mercy now and say a few words of flattery to us, then you will also grab a cave. Thank you for looking outside at the door."

"Hahaha..." he said with a burst of laughter.

The young man's name is Liu Hang, his strength is not high, and when he comes this time, the geniuses who will walk with him are all his opponents, and they are all stronger than him.

When he came, as well as in the square, he had been severely humiliated and shameless.

At this time, when he saw Chen Feng, he immediately felt that his opportunity had come.

He wanted to regain his confidence by humiliating Chen Feng.

In his opinion, Chen Feng is an out-and-out soft persimmon, easy to pinch.

Chen Feng glanced at him deeply, remembered his appearance, and did not speak!

Then Zhou Changtao shouted, and at the beginning almost at the same time his voice fell, all the hundreds of students who participated in the selection of Wudong Academy moved.

One by one, they were extremely fast, swiftly spinning their martial arts gods, using their most powerful light-body exercises, with extremely swift speeds, and all of them shot towards the peaks like a falling arrow.

Although Chen Feng had been seriously injured, he had a gust of wind and purple electric step, and his speed was extremely fast.

At this time, Chen Feng turned Zidian Ling to the extreme for nine days, and saw his figure resembling a purple lightning. After a few strokes, he came to the front of the queue.

At this time, only a dozen people were faster than Chen Feng.

Chen Feng can also be regarded as seeing the extent to which these geniuses are. They are all not old, but the light body technique is even stronger than him.

You know, Chen Feng has already comprehended Zidian Ling for nine days!

But in Chen Feng's heart, there was no fear, only passion!

With so many geniuses, there are real challenges!

Chen Feng is not afraid, just expecting.

And seeing Chen Feng's speed at such a fast speed, many people who had just spoken to despise him showed shocked expressions on their faces: "How can Chen Feng be so fast?"

"Yes, it shouldn't be, how could he have such a fast speed? He is so average and seriously injured!"

[Chapter 1860: Am I bullied?](#)

They felt hot on their faces. Just now they spoke to despise Chen Feng, but now they have been slapped in the face by Chen Feng so fast!

The square is only a few kilometers away from the peaks. For them, it is a time for one or two breaths.

Chen Feng's heart suddenly moved, if it is too forward, it would be too garish.

Therefore, Chen Feng immediately reduced his speed, separated from the front people, and then returned to the middle position, not fast or slow, enough to ensure that he could grab the cave, but not too conspicuous.

By the bedside, many people who had been staring at Chen Feng, the surprise and shock on their faces became a matter of course, and they immediately began to be proud:

"Oh, let me just say, how can Chen Feng be so fast?"

"Yes, this waste can't have such a fast speed, haha, it turned out to be like this, he burst out quickly, but the speed dropped quickly, presumably he was trying to rush forward, so he didn't have the strength to stay. Unexpectedly, the stamina will be poor."

"Oh, this person is just vanity. He tried too hard at first, and then he couldn't keep up. He was very short-sighted."

"Yes, Chen Feng is not only a waste, but also a good face. In order to make people pay attention to the fast speed at the beginning, haha, are you stupid now?"

They laughed loudly at Chen Feng unscrupulously, especially Liu Hang, louder.

Chen Feng looked back at them and said nothing.

He only thought these people were very ridiculous, Chen Feng just didn't want to show the limelight, he was deliberately slowing down.

Soon, everyone arrived at the cave one after another, and those who were the fastest were the top ones.

Chen Feng did not choose the best or the worst. He chose the middle one. He didn't want to be too eye-catching.

Chen Feng walked in, and he found that the cave was relatively deep, hundreds of meters long, and inside was a fairly spacious stone chamber with a radius of ten meters.

In the corner, there is a mountain spring that is gurgling.

On the walls are inlaid with pearls. This stone room is not very luxurious, but it is very clean and elegant.

Chen Feng liked it.

Here, in the middle of the mountain.

After Chen Feng came in, he began to sit cross-legged. He was seriously injured, but he also brought a lot of pills on this trip.

All of these medicines came from the gift of the Qin Alchemist Association. They learned that Chen Feng was going to the Tianyuan Dynasty, and they were extremely enthusiastic and generous, and they gave Chen Feng almost half of the bottom of the box.

Inside these pills. Most of them are eight-pin pill, a total of fifteen, while the other five are seven-pin pill with excellent efficacy!

Chen Feng swallowed three eight-level pill for healing, and suddenly felt a burst of heat gushing out of him, circulating in his body.

Soon, the injuries in his body were healed by half.

But at this moment, suddenly, outside of Chen Feng's body, the ubiquitous black and yellow power in the air suddenly rushed out, slammed into Chen Feng's body, and directly injected these pills. They were wiped out, and their medicinal power disappeared without a trace.

Chen Feng was horrified: "What's going on? Why did Xuan Huang Zhili suddenly attack the pill in my body?"

But soon, Chen Feng understood.

A wry smile appeared at the corner of his mouth: "I see, it turns out to be so."

"The power of Xuanhuang is very powerful, and at the same time it is extremely repellent. From the view of Xuanhuangzhi, the pills I swallow are incompetent powers at all. The grade is very low, so it was directly eliminated."

"After all, the power of Xuanhuang is still painstaking!"

"Sure enough, the Tianyuan Dynasty is too high-level, and there are pill to match it. The pill I brought from below is still too bad!"

Chen Feng shook his head, but he didn't take it too seriously either. His injury had been cured by almost 30%.

And tomorrow's test is not a competition of strength, he has heard Lu Anran say, so whether he is injured or not will not have a big impact!

Chen Feng was planning to sit down and adjust his breath so as to cultivate well, but at this moment, suddenly, he heard a shout from outside.

With a move in Chen Feng's heart, he immediately walked out of the cave and looked out.

I saw that they were outside at this time, and many people were still staying outside the cave because they were slow and did not grab the cave.

And a young man in a green robe, tall and thin, is Liu Hang.

Lying in a cave about fifty meters taller than Chen Feng, he shouted and shouted into the cave: "Get out of the cave, give up the cave, and spare you!"

Chen Feng recognized him as well, frowned, but did not speak.

Liu Lang yelled loudly towards the cave. Suddenly, a rough and violent voice came from the cave: "It's so noisy!"

Then, an extremely fierce force gushed out from the cave, Liu Hang's expression changed drastically, and he hurriedly resisted.

However, it is useless at all.

This punch directly sprayed blood and withdrew to several hundred meters.

Then, the rude voice in the cave sounded again: "Grandpa is in a good mood today. I don't want to kill anyone. Get out!"

Liu Hang paled with fright. He quickly flattered his face and shook his head into the cave with a smile, saying: "Thank you for your life, thank you for your life, I will get out of here!"

With that said, he turned and left.

Chen Feng was also awe-inspiring when he saw this scene.

The punch made by the man in the cave has the strength of the Six-Star Wuwang, even if he is not an opponent now.

But Chen Feng believes that his talent is definitely stronger than anyone else!

Liu Hang was about to roll with his tail in sullen form. Suddenly, he saw Chen Feng, his face immediately showed a cold and hideous color, and he swept straight towards Chen Feng, and came to Chen Feng not far away, staring. With Chen Feng.

With a cold face on his face, he proudly said with an attitude of looking down, "Little boy, what are you laughing at?"

In fact, Chen Feng didn't laugh at all, but Liu Hang deliberately asked for something and said he laughed.

Chen Feng said lightly: "I didn't laugh, I just watched from the side."

"I didn't laugh? Boy, dare you deny it? Uncle saw it with his own eyes!" Liu Hang said triumphantly.

He heard Chen Feng deny it, and thought Chen Feng was afraid of him, and immediately pointed at Chen Feng and said in a commanding tone: "Boy, get out and give me the cave, or I will destroy you. ."

Chen Feng looked at him, feeling very interesting, and at the same time very tired.

This person is really endless.

Seeing that he did not respond, Liu Hang reprimanded impatiently: "Have you heard clearly? Don't you hurry up? Do you want to bother me to do it?"

"Tell you, if I want to do something, you will definitely die!"

Chen Feng sighed slightly. He had endured Liu Hang for a long time, and what Liu Hang said now made Chen Feng's last patience wear away.

Seeing that Chen Feng hadn't spoken yet, Liu Hang walked straight forward, rubbing his fists, and said grimly: "Boy, since you don't know how to promote, then I have to abolish you, and then take your cave mansion!"

Chen Feng suddenly pointed to himself and said lightly, "Do you think I'm very bullied?"
