### [Chapter 2081: Han Yuer, amnesia!](#)

The hair on the top is also one foot long, with a strange fragrance lingering on the surface.

After a person lies on it and sleeps, a strange fragrance will float on the surface of the body, and it will take seven or seventy-nine days to disperse.

The fur of this mutant desert white bear is an extremely rare treasure in the desert, and there is even a saying that a skin can be exchanged for a city.

However, the ground is covered here, like the least valuable rubble!

In addition, there are countless treasures inlaid inside, everywhere, shining with colorful and magnificent light, intertwined, creating here like a dream.

In the depths of the big tent, there is a big bed among the countless curtains. It is very beautiful, but it is carved with jade and stone, and the bed is covered with the most precious and soft animal skins.

Inside this piece of animal skin, a girl in white is sitting there with her knees hugged.

Her face was pale and her eyes were hollow, as if she had lost all her life!

If Chen Feng were here, he would definitely exhale in shock. At the same time, he would rush forward to hug her in ecstasy.

Because this woman is actually Han Yu'er!

At this moment, Han Yuer hugged her knees, lowered her head, her eyes were blank, and she whispered to herself: "Who am I? Who am I?"

At this moment, there was a chaos in her mind, she couldn't remember anything, even her own name.

But in her mind, there was only one figure, but it was very clear, that figure was tall and straight, handsome and elegant.

When he saw the figure in his mind, the whole person was extremely at ease, extremely comfortable, as if he wanted to snuggle in his embrace, without thinking about anything, it was as if he had this, and then he had this Everything in the world.

Han Yuer tried desperately to think about it, but when he thought about it, he felt a sharp pain in his head. He couldn't help but let out a painful cry and fell onto the bed.

However, a smile appeared at the corner of her mouth, and she whispered: "I don't remember who I am, but I know that you must be the person I care about most, care about the most, and the person I can rely on."

"If I find you, will I be able to retrieve my memory?"

Han Yu'er has lost her memory!

With her exclaimed, the maid not far away also walked in quickly, and asked with concern: "Girl, what's the matter with you?"

Han Yuer barely squeezed a smile!

At this moment, there was a rumbling vibration on the ground, and then a rough laugh came again, and a person opened the curtain and walked in.

In the big tent, the maids laughed one after another: "The patriarch is back."

An extremely strong and burly man walked in. This man was three meters tall and wore a gold armor. On the armor, there was a pattern of a blood-red big axe carved.

The blood-red big axe is the symbol of the Huangsha tribe.

This person was unexpectedly killed by Helian, the head of the Kuangsha tribe.

Helian went to the bed quickly, his eyes swept across Han Yu'er on the bed. There was a hint of desire and greed in his eyes for an instant, and his eyes couldn't wait to strip Han Yu'er naked.

But then, he concealed this obscene and greedy color, with a false and concerned smile on his face, smiled and said, "Susu, are you awake?"

Han Yuer nodded away, looked at him, and put a smile on his face.

She didn't want to laugh so much, it was just courtesy.

"Susu, half a month later, but it's the day of our two weddings, you should be happy." Helian said blamelessly.

Han Yuer whispered: "I'm sorry, but I am still unhappy. I can't remember what happened before."

Helian slayed and said with a smile: "How many times have I told you that you, your name is Lin Susu, your father and my father were even friends at the beginning."

"The two of us, we have been married since we were young. Later, your family suffered a catastrophe. I took you here. The two of us agreed that the wedding day will be half a month later."

"But unfortunately, just two days ago, you suddenly became dizzy. After you woke up, you didn't know what was going on, and you forgot all the previous things."

He walked to the bed and wanted to hold Han Yuer's hand, but Han Yuer instinctively shrank back.

Helian madly killed an extremely unpleasant look on his face, but he forcibly concealed it, and with a little embarrassment, he retracted his hand and smiled and said, "Susu, can I still harm you?"

Han Yuer shook her head, forced a smile, and said, "Of course I can trust you."

She was extremely reluctant in her heart, but she was at a loss and didn't know what she should do.

After she woke up, the man told her this, she was a little suspicious, but everyone around her said so, and she couldn't help but believe it.

Han Yuer whispered to herself: "Could it be that I am really Lin Susu? Can it be that I am really your fiancée?"

"Okay, don't think about it anymore." Helian said violently, "I'm leaving now. You're so sick these days."

"At that time, there will be many guests coming to congratulate us on the two days of marriage. You must not behave sickly, that will make people gossiping."

As he said, he turned and left, and at the moment he left, his face was still full of lustful colors.

This woman was rescued by the river a few days ago, but when she was rescued, she could not remember anything, even her own name was not clear.

Helian killed him as soon as he saw her, he was immediately filled with extreme greed, and he must take this woman into his own pocket.

But he didn't want to use strong, he wanted this woman to marry himself willingly, he had done a lot of this.

He seldom uses strong to women, he always attracts each other, and then plays with them.

For Han Yuer, he is no exception!

Han Yuer looked at her back, her eyes filled with pain and confusion: "Is that dreamer of mine, is it him? Is it him?"

"I can't remember, what's wrong with me? Why can't I remember anything?"

She grabbed her hair in pain, and patted her head continuously!

The team went all the way, and soon arrived in a Gobi Desert. The Gobi Desert was full of barren mountains and dangerous stone mountains everywhere, not high, but very dangerous.

The caravans of the Li family and the Xu family were not guarded, and directly stepped into a canyon.

Chen Feng raised his brows slightly, as if he felt something, but he didn't say anything.

Just as the caravan entered the canyon, suddenly, there were numerous loud noises at both ends of the canyon.

Countless boulders were pushed down from the cliffs at both ends of the canyon, immediately blocking the end and entrance of the canyon.

#### [Chapter 2082: Bear it!](#)

Suddenly, everyone in the caravan let out a cry of exclamation, many of them pressed their hands on the hilt of the knife and looked around with guard.

Even Xiang Hongyun's expression changed.

Li Qiurong was still very steady. She smiled slightly and said, "I don't know which big power is in the face?"

"If you ask for money, we will give you money. If you ask for something else, we will give you what we can. If you ask for life, then I'm sorry, just draw down the road, let's make gestures!"

"But, if you don't ask for your life, everything is negotiable. Please show up and speak."

A rough voice sounded: "Haha, it's worthy of being the eldest lady who is well-known in the Li family. She is known for being smart, and she can be stable under such circumstances, which is great."

"The speech is also organized and the analysis is clear."

As soon as the voice fell, hundreds of people jumped off the cliff. All of them were dressed in white robes. On the white robes were camels embroidered with blood and weapons in their hands!

These people, Chen Feng was very familiar with, they turned out to be from the Blood Camel School.

After Chen Feng looked at it, he also raised his brows, revealing a murderous intent in his eyes.

These people, they spared their lives last time, they still don't know how to repent and dare to rob them again!

One of the Blood Camel Sect came out, and Chen Feng roughly remembered that he seemed to be an elder in the Blood Camel Sect, and his strength should be around the Six-Star Martial King.

The elder's gaze swept across the faces of everyone in the caravan, and his heart was shocked. He thought that there were no masters in the caravan, but he did not expect that Li Qiurong and Xiang Hongyun were both five-star martial arts kings.

If the two of them work together, he may not be the opponent when they start their hands. After all, he just broke his arm a few days ago, and now his strength is greatly compromised!

But he still showed an arrogant smile on his face, looked at Li Qiurong faintly, and said, "Guess this time, what are we doing here?"

"I care what you do!" Xiang Hongyun sternly shouted, "Talk to the knife in Lao Tzu's hand!"

With a click, he pulled out the knife in his hand halfway.

Almost all the men in the caravan made the same action, pulling out the knife in half.

Above this desert, speaking with a knife is more effective than speaking with your mouth!

The blood camel elder smiled coldly: "You are also a descendant of the family, Xiang Hongyun, why are you so much worse than Miss Li's family?"

When Xiang Hongyun heard it, his expression changed even more, and he sternly shouted, "Old stuff, you are looking for death!"

At this time, Li Qiurong said indifferently: "I wonder what you are asking for?"

"Fortune!" The blood camel elder said without hesitation.

"Well, if you ask for money, we will give you money! How about leaving quickly after getting the money?" Li Qiurong said calmly.

"No problem!" the blood camel elder said simply.

Xiang Hongyun said angrily: "Qiu Rong? Why don't you let me fight him? We may not be opponents!"

"Yes, we may not be opponents, and we may even win, but we have suffered heavy casualties, and there is not much left. Then what should we do to congratulate the Kuangsha tribe?" Li Qiurong said coldly.

When Xiang Hongyun heard this, his face flushed immediately, and he murmured and dared not speak any more.

Li Qiurong asked coldly: "How much do you want?"

"Not much, not much." The elder stretched out three fingers and said: "Thirty thousand mysterious yellowstones!"

Li Qiurong gritted his teeth: "You guys are pretty accurate. My bottom line is 30,000, no more than one piece!"

She sternly said: "Okay, give it to them!"

"Yes!" Immediately, Li's guards strode out, carrying boxes one by one, and placing them in front of these people.

The blood camel sent everyone rushing forward and snatched these boxes!

"Hahahaha!" The elder of the blood camel faction let out a burst of laughter, and then walked away.

However, after he turned and left, no one could hear the words murmured in his mouth: "Two little brats, dare you to do something to me?"

"If it wasn't for my blood camel faction who suffered a heavy loss, met the evil star, suffered a heavy loss, and everyone else had broken their arms, why would I let you two?"

"I can't swallow this breath!"

"You wait for me, today this matter won't be done this way, you must die!"

The blood camel sent everyone whistling away, leaving a sound of ridicule.

Hearing the ridicule of the blood camel faction, Xiang Hongyun's face turned red and white, and he felt that he had lost face greatly.

He swept around, feeling that everyone's eyes seemed to be laughing at her, and he needed to vent his emotions.

Suddenly, his gaze fell on Chen Feng, he immediately stepped forward and sternly shouted: "You untouchable, it turns out that you are not only a lowly born, low-powered, but also a cowardly trash without courage!"

The eyes of everyone around immediately focused on Chen Feng and him, and Xiang Hongyun pointed to Chen Feng's hand and said arrogantly:

"Just now we wanted to fight those thieves, everyone is holding the hilt of the knife, drawing their swords to cut!"

"And you? Why don't you?"

As he said, he pointed to Chen Feng's hand.

Chen Feng has a knife in his hand. It was given to him by Li Qiu Rongrong this morning, but why would Chen Feng bother to use this kind of knife?

How can this kind of knife withstand his power?

Everyone looked at Chen Feng's gaze, and they were immediately full of disdain. They looked at his hand and made waves of mockery.

"Sure enough, this person is indeed a waste!"

"That's right, can the eldest son make a mistake? You see that his hand is not pressed on the handle of the knife, indicating that he was either scared or stupid at the time, or he didn't even have the courage to fight!"

"How can such waste be worthy of walking with us?"

There was a murderous flash in Chen Feng's eyes, and he took a deep breath to end the anger.

At the same time, he told himself in his heart: "The second time, for the sake of saving my life, this is the second time I have endured it!"

"But there are no more than three things. If there is a third time, I will definitely kill him!"

"This life-saving grace, twice is enough!"

Seeing that Chen Feng didn't speak, he just walked away and laughed at Hongyun. He was extremely proud. He felt like a general who had won the battle.

As everyone knows, if Chen Feng hadn't endured it, he would have already been reduced to ashes!

In fact, Chen Feng walked with them and found the Kuangsha tribe next. After all, he could find the Kuangsha tribe by inquiring.

His more important purpose was to protect them, after all, they saved Chen Feng's life.

Chen Feng, if you have any kindness, will be repaid, and escorting them there is also considered the best!

In the desert, the caravan marched all the way, Chen Feng was in the caravan, his expression calm and silent.

Not far behind him is Li Qiurong's gorgeous carriage.

[Chapter 2083: The Blood Camel is coming again!](#)

The carriage curtain was opened from time to time, and Li Qiurong's gaze at Chen Feng was full of scrutiny.

Mei Zhu looked at him with a hint of admiration.

As for bluegrass, it is full of strong hostility and disdain.

Above another giant monster beast not far away, Xu Hongyun swept across Chen Feng, his eyes full of viciousness and contempt.

Among the other caravans, the gazes towards Chen Feng were basically full of contempt.

After a few things that happened before, Chen Feng has not taken any action again. They all looked down upon him very much, thinking that this person was just a trash coward.

At this point, it has been three days since then.

For the past three days, nothing has happened. If you go further, it is the territory of the Kuangsha tribe, let alone worry about it.

Therefore, everyone in the caravan is very relaxed.

And at this moment, suddenly, there was the sound of hooves cracking in the distance, like the sound of countless monsters trampling the ground.

Then, there were bursts of yo-he sound in the air, and bursts of strange screams, and some of the experienced guards in the caravan changed their faces drastically.

Because this is a common way for sand bandits in the desert.

They will first make a lot of hoof noises, shouts, intimidate the caravan people, so that the caravan people don't know how many people they have, and then step forward to plunder.

Soon, the smoke and dust billowed, and countless huge two-humped camels appeared in front of everyone.

On each Bactrian camel is a big man on the rider, all these big men are wearing white robes, and on the robes are embroidered with blood camels!

This time, the number of them came by a few hundred more than before, reaching thousands of them, and they soon surrounded the caravan.

Obviously, after they were cleaned up by Chen Feng, they were reinforced, no matter how powerful they were, the number of them was indeed much larger.

They rode camels on the periphery, constantly shouting back and forth, and constantly hitting the circle, making the caravan even more panic and exclaiming.

"It's from the blood camel faction!"

"The people of the Blood Camel faction are here again! Didn't we give them 30,000 Xuan Huangshi last time? Why are they still reluctant to give up? They are here again?"

"Moreover, this time, it seems that their momentum is much greater than before, and the number of them has exceeded ten times before, just don't know how many masters there are!"

Everyone's face changed drastically, and many people showed fear on their faces.

Because, if this time the master is ten times the previous time, then they are not opponents at all.

Li Qiurong also walked out of the carriage with a hint of anger on his face.

And Xiang Hongyun, even though he was holding the handle of the knife tightly at this time, his whole body was trembling all the time, swallowing non-stop saliva, appeared very nervous, even a trace of fear in his expression.

The reason why he dared to be so tough last time was because the opponent had only one master last time, and he was confident to win. Now when he thought that the opponent might have many masters and he was definitely not an opponent, he was immediately extremely afraid!

At this time, the blood camel sent a strange laugh, and then the crowd walked away, and a whole number of ten people wearing elder robes came out from inside.

The elder who led the blood camel to send everyone to looting two days ago was among them.

And it seems that he is not a high status among them, he can only walk behind!

Everyone in the caravan screamed in panic, because every one of the dozens of people who came out was quite powerful, reaching the six-star martial king realm.

How do they fight this?

At this time, after looking at Hongyun clearly, his face showed extreme fear, and his whole body was trembling violently, and even the knife could not be held firmly.

The dozens of blood camel elders walked in front of everyone, and then the elder who had come two days ago sneered and said: "Hahahaha, didn't you think that we went and come back again?"

"I really didn't expect it." At this time, Xiang Hongyun was too nervous to say anything, only knowing to swallow wildly.

Li Qiurong was still stable, and she said lightly: "I didn't expect you to be so despicable and shameless! You broke your trust!"

"After taking the Xuan Huangshi, I have to challenge again!"

"I'm despicable, so what?" The blood camel elder said with a gloomy face, and said grimly: "You dared to do it with us? You still want to do it with us?"

"With the action of drawing your sword, I will kill you all to let you know how powerful our blood camel faction is!"

At this time, Xiang Hongyun suddenly squeezed the knife, summoned all his courage, and shouted: "What do you want to do? The Xiang family and Li family are definitely not easy to provoke!"

Hearing his words, the blood camel sent everyone to look at each other, and then all laughed disdainfully.

"Xiang family? What is Xiang family? If it is at its peak, our blood camel faction will be destroyed if we say it. Now even if it is my blood camel faction master, then I will not fear you at all!"

An elder of the Blood Camel faction sneered and said: "Okay, then we have to see, after all of you are beheaded, what will happen to the Li Family and the Xiang Family! What can they do!"

Xiang Hongyun's face turned pale for an instant. He thought of relying on the Xiang family and Li family, but they didn't take it seriously.

This made him lose all his courage instantly!

Lancao was also trembling with fright, she cast her gaze on Li Qiurong, this was her last hope.

Not only she was like this, but everyone in the caravan was also like this. Everyone knew that in fact, it was Li Qiurong who really controlled the caravan.

Li Qiurong said indifferently: "You seniors of the Blood Camel Sect, we are all people of the Great Desert, so we must always speak some rules."

"Before, we had already broken money, and just wanted to avoid disasters, but you are making a comeback. What kind of path is that?"

"Draw out, let's go on!"

"What way?" the leading blood camel elder said miserably: "We want your wealth, and we want your people."

Another person said in an interface: "Moreover, the most important thing is that my blood camel sect has suffered such a huge humiliation before. This time the plot to make a comeback is extremely confidential!"

"Otherwise, if the strong man who almost killed us knows, he will surely kill us all!"

"So, today, none of you are destined to run away! We can't, we leaked the news!"

Everyone was shocked: "What kind of master can drive them into such despair?"

They didn't know that this peerless master was in their team.

When the blood camel elder said the last sentence, he became extremely hideous and stupid, and many blood camel sect people also shouted: "Kill, kill, kill!"

#### [Chapter 2084: Did I let you do it?](#)

This boundless murderous aura, coming towards them fiercely, directly caused many people in the caravan to be frightened.

Xiang Hongyun was even more frightened and fell directly to his knees. He suddenly wailed and cried. While screaming and crying, he knocked his head and begged for mercy loudly: "Seniors of the blood camel school, grandpas, please, forgive me. Stop me!"

"I'm only this old, I haven't enjoyed enough of the glory and wealth in the world, please, forgive me!"

"As long as you are willing to spare my life, and I am willing to pay any terms, I can help you get all of Xiangjia's money and help you take over all of Xiangjia's foundation!"

"Isn't this more helpful to your blood camel sect?"

Everyone in the caravan exclaimed, "Master Xiang did this?"

"Young Master, you can't do this, you'd rather die, or die standing! How can we martial artists kneel and beg for mercy so greedy for life?"

Many people snorted and looked at Xiang Hongyun in shock.

Even the bluegrass is like knowing Xiang Hongyun for the first time. She shook her head, her face full of disbelief, extremely disappointed.

Suddenly, his eyes flushed, tears fell, and he sobbed softly, "Master Xiang, I didn't expect, I didn't expect that you are such a person!"

"You have always been a great hero in my heart, a great hero!"

The leading blood camel elder smiled slightly and said, "We are very excited about your proposal."

Hearing this, Xiang Hongyun looked at him hopefully as if he had caught a straw.

But at this time, the elder showed a joking smile and said, "But, what a pity, compared to our great cause, what are you, including your Xiangjia?"

"We are bound to kill you all today!"

Xiang Hongyun's face paled instantly, his body softened, and he collapsed directly to the ground!

An elder of the blood camel sect laughed, extremely proud, and said loudly: "Our blood camel sect, although we encountered an extremely powerful warrior a few days ago, he killed our head and deputy head and a group of powerful The worship and elders even forced the rest of us to sever their arms."

"This makes our blood camel faction lose 70% of our strength, but what about it?"

"A strong man like him is destined to be impossible to stay in this desert for a long time, and it is impossible for us to meet him again!"

"Haha, we have robbed your two caravans this time, and we will use these assets to recruit troops, train our disciples, and open the mountain gate again!"

"In a few years, the prestige of my blood camel faction will be restored!"

'Yes! "An elder next to him laughed. He seemed to want to clap his hands, but when he shook his shoulders to make this action, he suddenly remembered that his arms were gone.

He shook his head angrily, and said, "How strong is that master? As long as we can't touch him now, we will still be in this desert!"

Many blood camel elders nodded and said yes.

It's just that when they talked about that powerful master, they still showed fear on their faces.

Obviously, that master caused them an extremely powerful shock, and now they still have lingering fears.

Everyone in the caravan was horrified after hearing this. They all looked at each other and exclaimed: "What kind of master did they meet?"

"That master, how powerful is it? Can they make them so fearful now?"

"Does that master already have unpredictable abilities? What kind of strong is he?"

At that time, Xiang Hongyun, who had already collapsed, suddenly knelt on the ground, kowtow frantically, and shouted: "That mysterious master, the villain begs you, please reappear once again!"

"You dedicate yourself one more time and kill all the thieves of the Blood Camel faction!"

Not only him, but even many people in the caravan knelt down, crying and begging loudly.

This is because they really have no way to resist these thieves!

At this time, the blood camel faction was impatient and went on talking nonsense. They waved their hands and shouted loudly: "Kill! Kill all these people!"

Half of the people of the Blood Camel faction continued to circle back and forth on the periphery to prevent anyone from escaping, while the rest rushed into the arena and began to slash.

At this moment, suddenly, a cold voice suddenly sounded: "Did I let you do it?"

"what?"

This sentence, like a thunder in a clear sky, rang, and instantly spread to everyone's ears.

All the caravans were full of hope and said loudly: "Is there a master to save us?"

"I don't have to die? We have hope?"

Then they looked back.

But after reading it, the hope on his face disappeared, and there was a strong disdain and disgust with it before.

They laughed loudly with contemptuous faces: "So it's this kid!"

"It was originally Chen Feng, he is a trash, what kind of master is he playing at this time?"

"He is obviously just a trash. He didn't even dare to move his hands, and he didn't have any cultivation bases. We were all deceived. We just thought there was a master coming, but we didn't expect it to be just this trash!"

The hope on their faces has become disappointment again.

But the next moment, a fact appeared that shocked them extremely.

Because they saw that the people of the Blood Camel faction opposite them, the arrogance, the arrogance, and the fierce murderous intent on their faces at this time had all disappeared and turned into a strong fear!

They stared behind them, with terrifying expressions on their faces, trembling all over, and their faces full of despair, as if they had seen something extremely terrifying.

Everyone in these caravans was stunned at once, not knowing what happened.

After seeing this scene, Li Qiurong couldn't help but let out an exclamation, and his mind flashed like lightning: "Could it be that? Can it be that?"

At this time, everyone understood: "Could it be that in our caravan, there is a master they are extremely afraid of?"

Then they looked back.

Then, they saw that the horrified gaze of those people came from the tall young man behind them!

That Chen Feng who was regarded as waste by them!

An unbelievable thought flashed in their hearts: "Could it be that he is not a waste, but a super master?"

At this time, Chen Feng slowly walked out of the crowd and came to the front of the queue.

With a smile on his face, looking at the people of the blood camel faction, he seemed very harmless and without any danger.

#### [Chapter 2085: He is so strong!](#)

However, this smile, in the eyes of the blood camel sect, is like a devil smile!

They all showed terrified expressions. Every time Chen Feng took a step forward, they took a step back.

The elders of the blood camel faction made their teeth tremble even more, and their whole bodies trembled.

Among them, the leading elder of the Blood Camel faction trembled and said, "Master, you, your old man is here? Your old man is here!"

Chen Feng looked at them and said faintly: "If I'm not here, I don't know yet, you blood camel sect people said that you have reformed, and you did not expect to do the same thing!"

"If I am not here, how do I know your true colors?"

When it came to the last sentence, Chen Feng was already violent, and his voice was full of fierce murderous intent!

Chen Feng's words directly frightened these blood camel sects and fell to the ground one after another.

They made a stern cry for mercy: "Master, please forgive me! Master, please forgive us, we will never dare anymore!"

These people of the blood camel faction did not dare to have any resistance in the face of Chen Feng.

Because they knew very well that no matter how they resisted, they couldn't be Chen Feng's opponent.

At the beginning, there were powerful masters such as masters and worshipers, and Chen Feng killed them so terribly, let alone now.

Facing Chen Feng, they didn't even have the thought of resisting, they only knew that they kowtowed for mercy.

Suddenly, on the ground, all the people of the blood camel faction knelt down and knelt crazy at Chen Feng.

The people in the caravan were completely stupid. They all looked at Chen Feng blankly, and suddenly realized that their previous guesses were correct:

"Could it be said that this young man turned out to be a peerless master, extremely powerful, so that these blood camel sect people are extremely afraid?"

"I see!" Someone clapped his hands and said loudly, "This young man must be the one in their mouths who killed them and smashed their tops!"

They realized this one after another, and they all shouted in shock.

Can't believe it!

However, this is the fact, and they cannot be allowed to believe it!

The gazes they looked at Chen Feng were already contemptuous, dismissive, disapproving, and with a trace of joking from the beginning, and turned into intense fear and awe.

Even their bodies trembled.

Suddenly, someone slapped himself fiercely and shouted in a crying voice: "It's over, I'm done, I used to humiliate him so much before!"

"I used to say it so badly, when it's over, he will not spare me, he will kill me!"

Not only him, but many people who once insulted Chen Feng, all showed extreme fear and trembled all over.

They are afraid that Chen Feng will settle accounts with himself!

Some people even knelt on the ground in fright and kowtowed to Chen Feng and said: "Master, master, I'm sorry before, we were blinded by lard, we were blind, we actually said that you... "

"Please don't take it to heart, spare my life, spare my life."

They kowtow like garlic!

The faces of the three women on the carriage were surprised.

Lancao opened her mouth wide, couldn't believe it, was completely shocked, and muttered, "How come? How could this happen?"

'He doesn't even have martial arts, such a cowardly person, how could he be such a master...'

Suddenly, she woke up, her face was hot, as if she had been slapped in the face, and she muttered: "It turns out that he was not cowardly before."

"It's just that, in his realm, he doesn't even bother to do things with us and the Blood Camel Sect!"

"If he wants to kill us, why should he do it?"

"It turns out that we thought he was a trash before. In fact, in his eyes, we are like ants! People want to kill ants and step on it with one foot. Does it still need to be done?"

Mei Zhu was full of relief, with a chuckle at the corner of his mouth, very happy for Chen Feng.

Li Qiurong looked at Chen Feng's gaze. Although there was a surprise, there was not so much. He just showed a small smile and said in a low voice: "Sure enough, it really is so, I know you are no ordinary person."

"It turns out that such a powerful master! Can make these blood camel sect people afraid of this, then it is not the nine-star martial king, but also the eight-star martial king peak!"

As for Xiang Hongyun, he was completely shocked.

He knelt on the spot, his face was red and white, he didn't know what he was thinking, but his body was like sifting chaff, his eyes were full of extreme fear when he looked at Chen Feng.

In fear, there is even more shame that cannot be said.

He remembered what he had said before, and suddenly felt that he was extremely ridiculous.

I still mock Chen Feng that way, saying that he is a trash, saying that he is a coward, but I don't know that it is me who is really funny!

Compared with Chen Feng, he is a real waste, a real coward!

He felt hot on his face and wanted to get into the ground!

Chen Feng stepped forward, looked at the people in the blood camel faction, and said lightly: "On that day, I spared you one life and only let you cut off one arm. I thought you could be good at all, and since then you have changed yourself. new."

"As a result, I didn't expect that you are still killing innocent people here, making a living from looting, and even thinking of a comeback!"

"You guys really disappoint me!"

At this point, Chen Feng's voice has become extremely cold, murderous, and he said lightly: "You all commit suicide, don't let me get my hands dirty."

After he said this, everyone in the Blood Camel faction was shivering, with extreme fear in his eyes.

At this time, the elder headed by the Blood Camel faction suddenly wailed like a beast before his death:

"The surname Chen, you let us die, shall we die?"

"Brothers, we fight with him!"

As he said, he madly killed Chen Feng.

The remaining Blood Camel Sect also summoned the last trace of courage and killed Chen Feng.

Chen Feng smiled faintly: "I really do not live or die!"

Talking. He flashed forward, like a stroll in a leisurely court, with just a light stroke, he killed dozens of people of the Blood Camel faction.

None of the blood camel sects can do a trick under Chen Feng!

Chen Feng is so majestic, so tyrannical, but born in that powerful, he is unspeakably graceful and calm, luxurious and casual.

It's just like Young Master Pian Pian Jia, who is completely playing around with those blood camel sect.

Seeing this scene, everyone exclaimed.

"This Chen Feng's strength is indeed extremely powerful!"

[Chapter 2086: Knowing the mistake now? late!](#)

"Yes, these blood camel sect masters who are very powerful in our eyes, under his hand, are like chickens and dogs, vulnerable to a single blow."

"How does he practice? He is only about twenty years old, so he is already so strong?"

"It can only be said to be a genius, a genius out of the box!"

At this moment, one of their gazes looking at Chen Feng was extremely hot.

It was Li Qiurong. She looked at Chen Feng, her face changed from being calm at the beginning to shock, and then from shock to fanaticism and intoxication.

She murmured softly: "This is the real young hero, and this is the real hero!"

"I, Li Qiurong, can only marry such a person if I want to marry!"

She glanced at Xiang Hongyun, and a look of contempt flashed in her eyes: "Compared with him, what is Xiang Hongyun worth? It's just a waste!"

Beside her, Lancao and Meizhu were also shocked, the difference is that Meizhu's face only had joy and a trace of admiration.

But Lancao looked at Chen Feng with a little more complex color, and that complex color finally turned into a strong worship.

She looked at Mei Zhu, her face full of envy, and said softly, "Mei Zhu, you are so lucky to be able to meet him."

Although Mei Zhu was very dissatisfied with what she did to Chen Feng before, but at this moment, seeing her look sad and frustrated, she was also a little bit unwilling and unbearable, and whispered: "Do you know him too?"

"I'm different from you." Lancao said with a wry smile: "You were kind to him in the first place, but now he looks at you differently in his heart."

"And I always talked to him like that. He is afraid that he hates me in his heart. I regret it." She regretted it to the extreme at this time.

Not only did I regret that I had offended Chen Feng, but also felt that I was blinded by a dog before, and I was so wronged by a young hero.

At this time, she felt a deep admiration and love for Chen Feng in her heart.

That's not true love, it's just fascination caused by worship!

At this time, Chen Feng naturally didn't know their thoughts, he was just full of anger.

In just a moment, all these people were killed.

Chen Feng sighed slightly, then turned around and walked towards the caravan.

When he turned and walked towards the caravan, many people in the caravan changed their faces.

These people were all people who had humiliated Chen Feng. They all fell on their knees like dumplings, begging for mercy.

Chen Feng looked at them, a scorn flashed in his eyes, and said faintly: "Now I know that I was wrong?"

"Wrong, we know it was wrong, we shouldn't have said that about you before." Everyone kowtowed.

They thought of the way they said before, regretted it and felt hot on their faces.

"Now that I was wrong? It's too late!"

Chen Feng suddenly sketched a sneer at the corner of his mouth, and said lightly: "There are some mistakes, you can't make them, because the price you pay is beyond your reach!"

As he said, Chen Feng suddenly sneered, his body shook, and then the dark golden light instantly shook, enveloped those people.

Then in the next moment, those people screamed, and the dantian was broken, and the cultivation level was already abolished.

But none of them dared to say anything more. Chen Feng was able to spare them a life, which made them very lucky.

Then, Chen Feng turned his gaze to Xiang Hongyun and smiled and said, "Master Xiang, you have humiliated me repeatedly before, should we forget about this account?"

Xiang Hongyun looked at Chen Feng, his fear reached the limit. Suddenly he gritted his teeth and slapped his dantian with a fierce palm, directly smashing the dantian with a bang.

Internal strength poured out from inside, and he fell directly to the ground, looking at Chen Feng, and screamed miserably: "Is it all right now? I have abolished my cultivation base myself, can you spare me?"

Chen Feng nodded: "It's still a bit decisive, you have at least won one life for yourself!"

Xiang Hongyun made a miserable cry that seemed to be a smile but not a smile, but he dared not say a word of refutation.

Then, Chen Feng said faintly: "Find out all the Xuan Huangshi from the people of the Blood Camel Sect, I want to use it."

Everyone in the caravan was frightened and no one responded. At this time, Li Qiurong took a deep look at Chen Feng and said loudly, "Have you not heard Master Chen's instructions? Hurry up!"

"Yes!" Everyone in the caravan woke up like a dream, and then they came back to their senses and quickly started searching.

These blood camel sect people are robbing houses and robbing houses. They have always been accustomed to putting all their belongings on them, and it is no exception now.

Therefore, every one of them is quite rich, and after some searching, they have obtained about fifty thousand Xuan Huangshi.

Then, under Li Qiurong's order, they respectfully placed these mysterious yellow stones in front of Chen Fengfeng.

Chen Feng didn't even look at it, and walked directly to Li Qiurong's carriage.

Lancao's face showed an unconcealable look of fear, looking at Chen Feng, shivering, his face pale.

But what surprised her was that Chen Feng ignored her at all and looked directly at Mei Zhu.

Chen Feng ignored her directly!

This made Lancao's face pale instantly, and Chen Feng was a naked humiliation, which made her feel more uncomfortable than killing her.

Chen Feng looked at Mei Zhu, smiled and said, "Miss Mei Zhu, you rescued me from the lake. I said that you will repay you."

Mei Zhu felt that everyone's eyes were on her at this time. She was that kind of shy temperament. She immediately became very nervous, flushed, and waved her hands in a panic, "I, I don't want... son," I don't want it."

Everyone was anxious for her: "This girl, why is she so stupid? Chen Feng, such a powerful master, offered to repay him, but you didn't?"

They didn't know that when Chen Feng saw Mei Zhu's disposition, he nodded in his heart, smiled and said, "I give you the reward, you have to take it if you don't want it."

With that, Chen Feng actually put an object directly in her hands.

Mei Zhu instinctively took the thing, but found that it was a jade book. After she opened it, she suddenly saw that the jade book was actually a book of practice secrets!

She exclaimed: "Here, Master Chen, I can't ask... this is too expensive."

Chen Feng smiled and said: "This is a little bit of my practice experience, you can keep it, it's okay."

This is what Chen Feng took the time to write in the past few days. It is a summary of some of his previous martial arts techniques.

It is not particularly high-level, but it is enough to raise Mei Zhu to the rank of Six or Seven Star Martial King, which is very suitable for her cultivation.

A higher-level practice secret is not that Chen Feng didn't want to give it, but that it would harm Meizhu if given it.

#### [Chapter 2087: Heavenly rank seven! Powerful King Kong Palm!](#)

When people around listened, they all looked at him with envy.

This is a practice secret given by Chen Feng! Such a master, whatever he can take out, is enough for others to use for a lifetime.

Seeing Lancao was extremely envious, but she knew that she was not qualified to take it.

She turned a little red under her eyes and turned her head.

Suddenly, Li Qirong exclaimed: "Chen Feng, you really caused the heaven and earth vision that day!"

Chen Feng smiled and nodded.

Lancao was even more ashamed. She remembered that when Chen Feng came back from outside that day, she even picked her head to mock Chen Feng.

At this moment, she couldn't wait for a crack in the ground to let her get in, and she didn't dare to look at Chen Feng.

Chen Feng took the Xuan Huangshi into his pocket, and the team continued on the road.

That night, after the team was stationed, Chen Feng came to a hidden place hundreds of miles away, put the fifty thousand black yellow stones in front of him, and then started to run the dragon descending Arhat scriptures.

The power of the dragon descending arhat gushes out, constantly breaking the black yellow stone and absorbing the power of black yellow.

Those black and yellow powers poured into the Dragon Dropping Arhat Light Orb, but the dragon's power in the Dragon Dropping Arhat Light Orb still remained at 1,999.

When Chen Feng shattered 10,000 Profound Yellow Stones, he found that his dragon power still hadn't grown any further.

He sighed softly, opened his eyes, and said slowly: "It seems that there is only one reason why I can't continue to ascend, and that is, my body cannot withstand the power of the main outline of the Jianglong Arhat Sutra."

"My current physical strength can only reach the peak of the second heaven. If I want to practice the third heaven, then I must increase my physical strength!"

"And if you want to increase your body's strength, you only have to strengthen your blood!"

"So, it's useless for me to absorb Xuanhuangshi now."

When Chen Feng thought of this, he no longer wasted effort and put away the remaining Xuan Huangshi again.

Then, looking at the sky full of stars, the corner of his mouth suddenly smiled, and said softly: "I am now the second highest peak of the Dragon-Dragon Arhat Scriptures. Since the realm above the cultivation technique cannot be improved, then I can improve me. Martial arts."

"It just so happened that in the Buddha dragon bone space, I got three martial arts. I only saw one of them. I haven't read the other two. This is a good time for enlightenment."

Chen Feng immediately sank into the training space of Jianglong Arhat Scriptures, and looked towards the next wall after Soul Fusion Dafa!

Chen Feng swept his gaze on this wall, and immediately saw five big characters: Dali Diamond Palm!

These five characters seemed to slam into Chen Feng's eyes, into his line of sight, into his mind.

Powerful King Kong Palm!

Chen Feng slowly chewed these five words, and immediately felt a huge force, fiercely seeping out of his dantian, all over his body.

At this moment, Chen Feng felt that his strength had improved a lot.

Chen Feng was horrified: "What kind of control is this, which can give me a sense of strength improvement when I see it?"

Then, with the following four characters, Chen Feng raised his brows again, and a touch of joy appeared in his eyes: Heavenly Rank Seven!

This turned out to be a Heavenly Seven-Rank palm technique!

You know, this Dragon-Dropping Arhat Scripture is a technique that surpasses the heavenly level, but it doesn't mean that every martial skill in it also has a power beyond the heavenly level.

In that case, it would be too bad.

Therefore, it is already extremely happy for Chen Feng to be able to possess the seventh rank of the Heavenly Vajra Palm.

He then looked down and looked back and forth dozens of times, making sure that he remembered everything clearly, before he sighed softly.

It turns out that this vigorous vajra palm is also a martial art that has a promising future.

This Buddha dragon has listened to the Scriptures for 300,000 years before the seat of Venerable Dragon Arhat. During these 300,000 years, he has seen countless powerful men and countless strange races.

At that time, when he was listening to the scriptures in front of Venerable Dragon Arhat, there were two giant trees growing on the mountain that was tens of millions of meters high. Each of these two giant

trees was over 100,000 in diameter. Mi, the foundations of these two giant trees, each one is almost as huge as a continent.

And beside the two trees, there is a giant spirit tribe.

This giant spirit race is one of thousands of races in the vast universe.

Every member of the Giant Spirit Race is huge and incomparable, and is also born with supernatural power.

The two of them fell under these two giant trees for 70,000 years!

It's just that they cut down these two giant trees not with axes, but with their palms.

Their moves seemed superficial, and even a little clumsy. Folang felt that way at the beginning, but after watching it for tens of thousands of years, he suddenly discovered that, it turned out that this seemingly superficial and blunt technique actually contained extremely The mighty power also combines the power of heaven and earth.

Very powerful!

As a result, he realized a mastery, which is the powerful vajra palm!

There are a total of five moves in the strong vajra palm, and at the beginning of the practice, you can comprehend all the first to fifth moves, but the comprehension is relatively shallow.

The comprehension of Powerful Vajra Palm is divided into four levels, namely: rough and shallow exploration, first glimpse of the doorway, entrance to the hall, and proficiency!

In this realm of rough and shallow exploration, it can exert the power of 20% of the powerful vajra palm.

When it comes to the realm of the first glimpse of the doorway, it can play 60% of its power.

When entering the room, it can exert 90% power.

And if you train to the point of perfection, then you will be able to exert twelve percent of the power!

How much you can comprehend, firstly, depends on whether one's own skills are strong or not, that is, the realm of Chen Feng's general outline of the Dragon Arhat Sutra.

If Chen Feng's dragon power has increased crazily and his realm is extremely high, his understanding will naturally be deeper.

The second is to rely on self-cultivation!

Chen Feng looked at the characteristics of this strong vajra palm back and forth many times, and he was overjoyed, with a chuckle at the corner of his mouth, and said to himself: "This strong vajra palm is really the most suitable for me now!"

"There are a total of five moves in the Vajra Palm, and these five moves, even if I start practicing, I can practice all of them, but these five moves are at a very superficial level, and only two moves can be used. The power of success comes."

"However, only 30% can be used. That is also extremely terrifying. And the most important thing is that I can use all of these five tricks. I have five tricks that I can use instead of going back and forth like before. It's a trick."

"The most important thing is that this skill is less expensive."

#### [Chapter 2088: King Kong is not bad for magic!](#)

"As long as I can reach the third heavenly realm, then, my palm, even if it is from the first move to the fifth move, I can play it back and forth three times, so that I can drop it. The power of the Dragon Arhat is exhausted!"

"In this case, the continuity of my battle has been greatly improved, and it can make me fight longer!"

Chen Feng was extremely happy, and this martial art was simply too suitable for him.

Then he looked over the next wall.

On the next wall, there are six big characters on the top: King Kong is not bad for magic!

This King Kong is not bad, but it has even reached the eighth rank of heaven!

Chen Feng looked down, and the more he looked, the more he felt a sense of thrill, and finally he could not help but let out a sigh: "There is such a tyrannical exercise in this world!"

The magical power of King Kong is not bad is not created by this Buddha dragon bone, but a kind of magical power he brought from another world outside the territory.

In other words, this kind of magic is not the dragon vein mainland's own.

In that world, this kind of magical skill was honored as: Defence No. 1 in the world!

After training to great success, once the body is used, everything from the inside to the outside begins to transform, transforming into an extremely strong metal substance, extremely hard and strong enough to resist all attacks.

Of course, Chen Feng felt that this resistance to all attacks must be fake, too exaggerated, but it is definitely very powerful.

Otherwise, it would not be honored as the magical skill of defense first!

This King Kong is not bad magic power, divided into three realms, namely: gold is not bad, purple gold is not bad, and pure gold is not bad.

Once trained into the incorruptible body of red gold, once displayed, the light of red and gold intertwined flashed all over the body.

All poisons are not destroyed, thousands of troops can be used for easy, strong and invincible, and King Kong is not bad!

After reading it, Chen Feng froze for a moment, then couldn't help but laugh, and the laughter was full of joy: "If I really want to sleep, someone will come to bring pillows."

What Chen Feng most urgently needs now is a powerful defense technique and a powerful conventional attacking martial art. Now, this King Kong is not bad, isn't it a powerful defense technique?

And the Powerful Diamond Palm far exceeded his expectations, making him overjoyed.

Because the strong vajra palm can not only be used as a regular move, but also powerful enough.

To put it bluntly, compared to the Dragon's Turning Seal, the Powerful Diamond Palm is more powerful and consumes less, so it can be used as a regular exercise.

With it, the Dragon King's Mark becomes a lot more tasteless!

However, it is a pity that the requirement of Powerful Vajra Palm is that the main syllabus of the dragon descending Arhat scriptures can break through to the third genius, and Chen Feng can't achieve this at all!

After Chen Feng watched these two martial arts, he looked down again at the general outline of the dragon descending Arhat scripture.

When his gaze swept there, some of the writing lightened up.

This is the third heaven of the Dragon-Dragon Arhat Scripture. Chen Feng didn't take a closer look, but looked down.

Then, the fourth heaven will light up in turn, and the fifth heaven will also light up.

Below, there is no more.

A smile appeared at the corner of Chen Feng's mouth: "It seems that Folong did scatter his martial arts and techniques throughout the mainland before he died."

"The General Outline of the Truth of the Dragon and Arhat I have found the triple heaven again, and now I have the fifth heaven!"

After reading it, Chen Feng couldn't help sighing softly, and then retreated from the training space of Jianglong Arhat Scriptures.

He whispered: "These two martial arts are very powerful, very powerful, and I am actually capable of practicing now, and my strength will improve a lot after practicing."

"But it's a pity that these two martial arts require me to reach the third level of genius to be able to practice. Then I will first understand it for a while, and then practice again when the time comes."

After speaking, Chen Feng was immersed in it again, and then began to comprehend.

This insight is one night.

When the sun rose the next day, Chen Feng stepped back, with a clear look on his face, and said softly: "These two martial arts are in the same line as before. It is not difficult for me to comprehend."

"If you can practice now, you can get started easily, but unfortunately you still have to wait until the third genius!"

Chen Feng is now even more looking forward to entering the third heaven.

However, if you want to step into the third heaven, you need to evolve, and your body needs to improve your blood. For this, Chen Feng is still at a loss.

After returning to the team, he happened to run into Li Qiurong. Chen Feng looked at Li Qiurong and said lightly: "Take a step to speak."

"Yes." Li Qiurong was very respectful, and followed Chen Feng to a hidden place nearby.

She smiled and said, "Master Chen, I didn't expect you to be such a great master. The little girl walked away before. Don't blame you for disrespect."

She wanted to say this since yesterday, and now she has found an opportunity.

Chen Feng said indifferently: "I am a person, if there is grudges, there will be retributions, and if you have a gratitude, you have not offended me, naturally I will not take you to you, on the contrary, you still have kindness to me."

Li Qiurong looked at Chen Feng, with a hint of hope in his eyes, and said, "Master Chen, I wonder what you want next?"

Chen Feng could see the thoughts in his heart, and said lightly: "It just so happens that I also want to go to the Kuangsha tribe, let's go together, it just happens to be an \*\*\*\* for you, and I will pay back your kindness to save me."

Li Qiu Rongrong was very excited, and laughed loudly: "Okay, then I would like to thank Master Chen."

The team continued to move forward, Li Qiurong packed up a very luxurious carriage inlaid with gold and jade, and invited Chen Feng to sit in the carriage.

Chen Feng is also welcome. He is inside, isolated from the human voice, very quiet, and naturally easier for his cultivation.

At noon, Li Qiurong's voice came from outside, and the voice was full of respect: "Young Master Chen, he has almost reached the boundary of the Kuangsha tribe."

His words awakened Chen Feng from quiet cultivation.

During this afternoon, Chen Feng was still comprehending the power of Vajra Palm and Vajra is not bad for the body, and he has already gained quite a bit.

He said lightly: "You are the master of everything in the caravan, don't ask me."

"Yes." Li Qiurong respectfully responded, and was about to retreat.

At this moment, suddenly, there was a huge sound in the distance, and the earth seemed to tremble.

Chen Feng immediately judged that this was a very huge monster trampling on the ground. He gently opened the curtain to look at it, and then saw smoke and dust everywhere outside.

The next moment, not far from the front, a team of knights appeared, about seven or eight people. Each of these knights is riding a giant desert bear, which is hundreds of meters high and five in length. Six hundred meters.

#### [Chapter 2089: Sister, I found you!](#)

And the knight above the giant bear is also extremely burly, everyone has a height of more than ten meters.

They were extremely wide, almost as wide as their height, and looked extremely burly and stout, and their weapons were huge copper hammers.

Each of these knights has extremely powerful strength.

The caravans exclaimed one after another: "The messenger of the Kuangsha tribe, this is the bronze hammer bear rider of the Kuangsha tribe, very powerful."

"It is said that every Bronze Hammer Bear Knight has reached the realm of the Seven-Star Martial King."

"Such a bronze hammer bear rider has six hundred in the entire Huangsha tribe! The six hundred bronze hammer bear riders are a powerful force capable of sweeping the desert!"

Chen Feng couldn't help but raised his brow slightly.

The strength of this Kuangsha tribe really should not be underestimated!

Li Qiurong said loudly forward: "The people in front of the Kuangsha tribe, I am from the Xiang family and the Li family, and I wish the elders of the Kuangsha tribe!"

"Hahaha, I know that you are here to celebrate the birthday of the grown-ups of my family." The bronze hammer bear rider in the front laughed loudly: "I am an envoy sent by the Kuangsha tribe, and I came here to give you a message. ."

"What are you talking about?" Li Qiurong asked.

"You present this time, but it is a little bit less!"

"What? Take less?" Li Qiu Rongrong was a little confused, and asked respectfully: "We have done our best this time and prepared a very generous gift. We think we will never lose courtesy. I don't know. Your messenger, what do you mean?"

The messenger of the Kuangsha tribe said to everyone: "If it had been a few days ago, the gift you brought would be enough, but it is not enough now."

"Because, a few days ago, the elders of my family had only the birthday celebration, which is worth congratulating, but now it is double happiness, and there are two celebrations."

"What? Two happy events?" Li Qiurong asked in surprise: "I haven't heard of it before."

The messenger of the Kuangsha tribe laughed loudly: "First, it is naturally the birthday of the elders of my family, and the second is that the grown-ups of my family will have a beautiful concubine on the same day!"

"Aren't these two major events? How can you bring only one gift?"

"Just a few days ago, our patriarch picked up a woman who floated with the river in the river below the mountain. This woman, that looks, tut, is really unspeakable and beautiful, really only a fairy in the sky has such a face !"

As he said, there was an amazing look in his eyes.

And the people of the Kuangsha tribe beside him nodded one after another!

"Yes, that woman who floats with the water is extremely beautiful, it can be said that she looks more than a god."

"And the most wonderful thing is," said the messenger of the Kuangsha tribe: "She has completely lost her memory, and she has forgotten where she came from. Our patriarch loves him very much, and she will be a concubine at three noon three days later. !"

At this time, Lancao said loudly unconvincingly: "No matter how beautiful the woman is, is it comparable to our lady?"

"Your lady?" The messenger of the Kuangsha tribe raised his eyebrows, and then said with a scornful expression: "Don't be convinced. That woman is more beautiful than a goddess, and she is beautiful. To be honest, your lady is also considered She is a good beauty, but she is far behind her."

Everyone in the Kuangsha tribe laughed, nodded and said, "Yes, it's really too much!"

Hearing this, Lancao was full of disbelief.

In her eyes, her lady is the most beautiful in this world, unimaginable, and there is a woman who is more beautiful than her lady.

Li Qirong raised his brows slightly, with a look of expectation and curiosity in his eyes, and whispered to himself: "I don't know what kind of stunning beauty it is that I can be praised by everyone!"

It turned out that the whole Kuangsha tribe knew about the fact that Helian Kuangshi deceived Han Yu'er, because they knew very well that Helian Kuangshi didn't have the person he made up.

It's just that all of them are hiding from Han Yuer!

When Chen Feng heard what he said, the blood poured into his pupils instantly, his face flushed, and his killing intent was raging.

He clenched his fists fiercely, his whole body muscles tensed, blood flow accelerated, and his heart beat wildly. In an instant, Chen Feng was already in a state of anger.

Because, he immediately realized that the woman who was rescued from the water by Helian must be Han Yuer!

"This dog thief, dare to deceive Senior Sister? He still wants to marry Senior Sister as a concubine?"

"Dog thief! I must have killed you!" Chen Feng was extremely angry at this time, and his expression was extremely cold.

But he took a few deep breaths, suppressed his anger, calmed himself, and whispered to himself: "The patriarch of the Kuangsha tribe is extremely powerful. It is not easy to kill him, I If you rush into it so rashly, you can only hurt Senior Sister, and it's of no use other than that."

"Furthermore, Senior Sister has lost her memory, Senior Sister's body is the most important."

Chen Feng was extremely worried.

After he calmed himself down, he thought about the matter several times, and then he understood it in his heart, and whispered to himself softly: "I can't get angry now, let alone anxious. All I have to do now is to mix in the wild sand. In the tribe, then find a chance to rescue the senior sister, and then kill the dog thief."

Chen Feng closed his eyes, and when he opened them again, his eyes were clear.

However, the trace of murder in his eyes could not be concealed anyway.

At this time, the envoy of the Kuangsha tribe outside said loudly: "Now I will give you three days."

"Three days later, it will be the birthday and the day of rejoicing. At that time, two congratulatory gifts must be prepared, otherwise, hum!"

There was a sneer on his face: "My Kuangsha tribe will treat you as disrespectful, and you will consider the consequences by yourself."

With a shout, many bronze hammer bear knights left!

In the next few days, Li Qiurong had no choice but to take out the last family property in the caravan, frantically looking for treasures as the second gift of Helian's wild killing.

Anyway, I prepared a copy, although it is not very good, but I should have taken it.

Not only are they doing these things, all the people who came to celebrate the birthday of Helian Kuangsha are all doing this, because everyone has been notified by Kuangsha tribe that the first gift they prepared was not enough. Okay, I need to prepare another one.

This kind of food is too ugly, it is obviously just taking the opportunity to make money.

#### [Chapter 2090: Night detective](#)

However, although they were slanderous in their hearts, no one dared to question them.

After all, the Kuangsha tribe is too powerful, it is crushing all existence.

After the gift was prepared, the team continued to move forward, and finally came under the Kuangsha tribe in the evening of the third day.

At this time, countless tents had been set up outside the Huangsha tribe. Those who came to celebrate their birthday were not allowed to enter the tribe, and could only build their own camps outside.

This naturally made everyone complain, but who would dare to resist?

In the evening, after the camp was set up, another messenger came from the Kuangsha tribe, and he agreed with Li Qiurong about his congratulations tomorrow.

Li Qiurong also said to him: "We encountered a strong enemy on the road. After a \*\*\*\* battle, although the enemy was tied up, the other noble son Xiangzi in our team was also hit by the dantian. It's a waste, so I may not be able to participate tomorrow."

"That's nothing..." The messenger of the Kuangsha tribe waved his hand very carelessly, "Like your level, there are no one thousand and eight hundred people who came to congratulate, and it's nothing if one or two people are less. ?"

He smiled, and said with a hint of contempt in his words: "We don't care about anything else, as long as the gift is delivered, it doesn't matter if people come or not."

These words made Li Qiurong dumbfounded. The style of this Kuangsha tribe is too shameless.

And, shamelessly so upright.

He was still worried about the impact of Xiang Hongyun's cultivation base being abolished, but now it seemed that he didn't need to worry about anything.

That night, the night was deep.

Tonight, a strong wind swept through the yellow sand, whizzing past, and a yellow curtain was set up between the sky and the earth like a notice.

Chen Feng quietly sat up from his tent, and then he flashed out of the camp. His speed was extremely fast, and he was extremely concealed. When he condensed his breath, those in the caravan felt that Not.

Several guards were standing there guarding, and Chen Feng passed by like a blue smoke in front of them, but they didn't notice it.

At this time, the camp where the caravan was stationed was not quiet, on the contrary, it was very lively.

Because many people who come to celebrate birthdays have taken this opportunity to communicate with each other, eat and drink, and hold banquets.

This is a good thing for Chen Feng. The lights and sounds of the banquet can draw everyone's attention there, instead of paying attention to him.

Coupled with today's strong wind, it is even more convenient.

After leaving the tent area, Chen Feng floated up lightly, his body feeling weak.

He was swept by the strong wind and blew in the direction of the Kuangsha tribe.

The Kuangsha tribe is getting closer, and Chen Feng also has a flash of excitement in his eyes, and he whispers softly: "Senior Sister, Senior Sister, I'm here to save you!"

It turned out that Chen Feng's plan today was to break the boat and rescue the senior sister, and then settle accounts with Kuangsha tribe.

After all, if the senior sister was in their hands, Chen Feng would throw a rat avoidance.

The defense of the Kuangsha tribe is not strict at all, and it is normal to think about it. After all, the Kuangsha tribe is the largest tribe in a radius of a million. It is extremely powerful and no one dares to provoke it.

It's normal to relax the defense.

Chen Feng was erratic along the way, and soon he passed through countless huge houses and came to the center. Around the tent in the center, there was an open space with a radius of tens of thousands of meters.

Above this vacant lot, it was bare, there was not even a single piece of vegetation, and there was nothing that Chen Feng could hide.

Moreover, on this square, there are a total of two to three hundred teams, and there are almost a thousand of Kuangsha tribe warriors walking back and forth here.

No one can hide from their eyes when anyone appears.

Chen Feng felt it for a while, raised his brows lightly, and said, "This is a bit difficult. This place is not covered, and there are so many people. I have to pass it all at once."

"If you want to sneak past it, it is impossible to be easily discovered. Once discovered, there are countless strong people in the Kuangsha tribe, then I guess I will explain it here today!"

Chen Feng took a deep breath. He was not in a hurry, but just watched the changes.

And at this moment, a huge thunder suddenly exploded in the sky.

The wind became stronger in an instant, and the dark clouds condensed above the sky. Seeing a pouring rain is about to fall, Chen Feng was immediately happy.

And not long after that, the dark clouds became thicker.

Finally, with the rumbling of a huge thunder, the boundless rain poured down, and there was more thunder gleaming.

But at this moment, Chen Feng's eyes lit up: "It's now!"

His whole person was like a purple thunder and lightning, using the purple thunder movement nine-day body technique, and the guards only saw a purple thunder light, flashing a flash.

But at this time, thunder blasted from the sky, and lightning flashed randomly. This purple thunder light was mixed in it, and it was inconspicuous at all, and everyone did not take it seriously.

In the next moment, with a flash of purple light, Chen Feng had already crossed a distance of several thousand meters and appeared directly on the huge flagpole!

The huge banner swept across, and Chen Feng hid it. No one from the Kuangsha tribe found him.

At this moment, suddenly, a big man with a stout figure opened the curtain and walked out of the tent, and shouted loudly, "What about the next heavy rain, don't move!"

"Leave me on the spot! Tomorrow is a celebration. No difference is allowed today. Even if a mosquito comes in, it must be crushed! Understand?"

"Yes!" Many dancers from the Kuangsha tribe responded.

Then, the big man nodded and began to patrol around.

Chen Feng looked at him, raised his brows lightly, and muttered to himself: "This person should be the patriarch of the Kuangsha tribe, Helian, who killed him wildly."

There was a sense of hatred in his eyes: "This is this person, do you want to forcibly marry my senior sister?"

Helian Kuangkilling had a hint of unpleasant color on his face, and he was still very gloomy when he walked out. He went to see Han Yuer again today, but he did not expect that Han Yuer was very emotional, and even fainted about tomorrow's affairs. But some resistance.

He lost his temper before coming out.

Chen Feng's breath quietly peeked into the tent, like a thin needle.

So, in an instant, the situation in that tent appeared in his eyes.

But Chen Feng immediately opened his eyes, and he said softly: "Senior Sister, Senior Sister, I found you!"

It turned out that he found a very familiar aura in the tent, and the aura that got along with him day and night was Han Yu'er!
