

Peerless 2251

[Chapter 2251: Kneel down and call grandpa!](#)

He roared ferociously: "I don't believe you can escape!"

Chen Feng smiled and said, "Sorry, I can just avoid it."

The entire right shoulder was twisted and disappeared, and the long sword brushed Chen Feng's body.

Ying Pengchi was almost mad from the irritation, roared again and again, and the long sword pierced out.

This sword pierced and directly pierced Chen Feng's chest, and a big hole suddenly appeared in Chen Feng's chest, and the long sword pierced directly into the empty space!

At this time, it was easy for Chen Feng to kill Ying Pengchi, but he did not take the initiative in accordance with the previous agreement!

Ten moves, in a blink of an eye.

Ying Pengchi's eyes were blood red, roaring again and again, and still attacking Chen Feng.

He was almost crazy.

Chen Feng's eyes turned cold: "Looking for death!"

Kicked him out, directly kicking him into a broken muscle, spurting blood, and flying out and hitting the ground.

Chen Feng smiled and said, "Ying Pengchi, now, kneel down and call Grandpa!"

Ying Pengchi gritted his teeth and said nothing.

Chen Feng stared at him, his eyes gradually getting cold, and a voice from his nose: "Huh?"

Ying Pengchi trembled heavily. He basically calmed down now, and immediately realized how huge the gap between himself and Chen Feng is!

He didn't dare to resist any more, with a bang, he knelt directly on the ground, and said in a trembling voice: "Grandson, grandson has seen grandpa."

Chen Feng laughed long and happily.

Ying Pengchi didn't have the face to stay here anymore, and he left without saying goodbye.

It's just that when he left, the resentment in his eyes meant that today's things would never end like this.

However, Chen Feng did not take his grudge at all.

Chen Feng didn't even bother about this class.

He smiled slightly and said: "This person has already gone, and now we can continue drinking."

Everyone smiled bitterly: "As soon as these poems of you are published, who can chant poems?"

Lin Moyu was quite emotional at this time, he suddenly raised his wine glass to respect everyone.

Everyone in Yue was shocked and said, "Bachelor of Lin, this is impossible. How can you justify me? I should respect you!"

Lin Moyu shook his head, with a sincere expression on his face, and said, "This glass of wine is not for you, but for you."

"I still remember that my wife and I met for the first time at the Mandala Flower Festival Poetry Meeting in the Hongxiu Tower 50 years ago."

Everyone nodded and said, "I once heard Master mention this matter."

Lin Moyu showed a look of sadness on his face, his voice was low, and his face was miserable: "It's a pity that Madam has already left me now. We are separated forever!"

Seeing his expression like this, Chen Feng sighed softly: "It is expected to be broken every year, bright moon night, short Songgang!"

Hearing these words, Lin Moyu was stunned.

His body stayed there, and he raised his head suddenly, tears splashing in his eyes.

Suddenly he leaped into the air, utterly intoxicated, madly mad, and yelled: "Bright moon night, short Songgang!"

"Broken bowel, bright moon night, short Matsuoka!"

His whole person is like crazy!

It's because Chen Feng's words spoke to the deepest part of his heart.

Suddenly, he screamed, like a long sword suddenly unsheathed, sprinkling all the sword skills in the sky.

This swordsmanship is extremely fierce, but with a trace of sadness, sadness and pain!

Everyone was dazzled by the look, and they lowered their voices and said, "What kind of swordsmanship is this? I have never seen it before or heard of it."

"It seems that its artistic conception is very similar to the poem just now. Could it be that this is just now..."

"This is the swordsmanship that Master Lin realized from those three sentences just now?"

When this sentence was said, everyone was shocked.

But think about it, this is the most reasonable explanation.

Someone sighed and said: "This swordsmanship has at least reached the fifth rank of the heavenly rank. The Master of Lin is really of a very high realm. He is pedantic, and he can create such swordsmanship at will."

It took a long time before Lin Moyu fell to the ground.

And his mood now seems to be a lot lighter than before, and the gloomy air that has been lingering on his face now seems to have disappeared a lot.

He suddenly looked at Chen Fengfeng and said softly: "Chen Feng, today I have accumulated so many years of sorrow and pain that I was squeezed out by you. I am very grateful that I can promise you one request."

Everyone was shocked and looked at Chen Feng with envy.

This is a fellow of the Hanlin Academy, one of the top five people in the Tianyuan Dynasty, this is a top powerhouse with the lowest legendary realm and even the two-star Martial Emperor or even the three-star Martial Emperor!

How precious is a promise for such a person?

They all looked at Chen Feng, wondering what kind of request he would make.

At this time, Chen Feng's heart moved: "Lin Moyu suddenly realized that a sword skill he created at will is so outstanding and tyrannical, which shows how high this person's sword skill is!"

"And Senior Sister Han Yu'er, isn't her weapon a sword?"

He looked at Lin Moyu, then took Han Yueryuan's hand and walked over.

Han Yu'er seemed to know what Chen Feng wanted to say, her face was a little bit excited.

Chen Feng smiled and said, "Master of Lin University, I want you to accept my senior sister as a disciple."

"What?" Accept your senior sister as a disciple? "Lin Moyu was stunned, did not expect Chen Feng to make such a request.

Not just him, almost everyone was stunned, they didn't expect it.

They all thought that Chen Feng would ask for a benefit for themselves, but they didn't expect that it would be for the woman next to him.

Many people showed incomprehensible expressions on their faces, you know, this is a promise from a master of the Martial Emperor Realm!

What a huge benefit is this?

He didn't hesitate, so he gave it to the woman next to him.

But the faces of many women next to them were full of envy, and they secretly said: "If only I had such a considerate Ruyi Langjun."

Chen Ziyuan watched by the side, feeling unspeakable sorrow in her heart, and in this sorrow and grief there was immense envy.

She warned herself softly in her heart: "Chen Ziyuan? What are you thinking about?"

"Big Brother Chen Feng is so beautiful, the two are so loving, you should be happy for him!"

She kept admonishing herself in her heart, but the tears just couldn't stop rustling down.

Lin Moyu looked at Chen Feng's gaze, but the appreciation grew stronger. From the moment he still missed his deceased wife, he knew that he had a deep affection for his deceased wife, and Chen Feng was so affectionate and kind to the woman next to him. He naturally agrees with it.

He pondered for a moment and said, "Chen Feng, I am a single man after all. It is inconvenient to accept your senior sister as a disciple."

[Chapter 2252: ambush!](#)

"If that's not the case, I will take her back to my teacher's door. My senior sisters and aunts will definitely like her very much."

When this statement fell, everyone even whispered.

There are quite a few well-informed people, and their faces are already showing envy, and even everyone on the moon is quite moved.

She raised the glass in her hand, smiled at Chen Feng, and said, "Chen Feng, congratulations in advance. You may not know that Lin University student came from the Canglang Sword School."

"That Canglang Sword Sect is not well-known, because there are not many mouths, and at most it is only five or six people, but everyone is a super master."

"Your senior sister can enter the Canglang Sword Sect, that is a good blessing that can't be cultivated in ten lifetimes."

Chen Feng was also happy in his heart, smiling and arching his hands: "Then thank you college students."

Lin Moyu waved his hand, he was the kind of extremely resolute temperament, and immediately said: "If this is the case, then I will take your senior sister away."

As he said, the scroll in his hand suddenly became larger, turning into a giant book across the sky, and then walked up with Han Yu'er.

Han Yuer turned around, looking at Chen Feng reluctantly.

Chen Feng smiled and said, "Senior Sister, it's not a farewell to life. You can visit me often in the future. I can also go to the Canglang Sword Sect to see you. It's only a few days away anyway."

Han Yu'er nodded, she is not the kind of pretentious temperament, and smiled and said: "Junior Brother, then I will go."

Lin Moyu looked back at Chen Feng with a deep gaze: "Chen Feng, you can still consider the suggestions I made earlier."

Naturally, it was the suggestion that Chen Feng join the Hanlin Academy.

Chen Feng was noncommittal and did not speak.

The long sword broke through the air, and Chen Feng looked at it from a distance, and was very happy for Han Yu'er.

Han Yuer's feelings these days are actually in his heart.

Although he and Uncle Dao never said anything, he knew very well that Han Yu'er had been troubled by her own strength, and she felt that she could not help Chen Feng.

And now Chen Feng is helping her untie this knot.

After that, Chen Feng also left.

However, Chen Ziyuan did not go with him, but said that when she returned to Chen's house, she still had some hands to deal with.

Chen Feng nodded, and he didn't worry too much. After all, he knew that with him, the Chen family would definitely not dare to treat Chen Ziyuan.

At this point, this grand gathering was over, and everyone left one after another.

When they left, they were still very excited and whispered. This time the event gave them an unprecedented shock and made them talk about it.

And what is conceivable is that in the next period of time, Chen Feng's poetry and poetry, the name of the first Tianyuan, will definitely spread throughout the Tianyuan dynasty.

His martial arts just shocked the world, and his literary talent will still be like this now.

Chen Feng and Uncle Dao walked side by side. He was still holding Blood Wind in his arms, and Blood Wind drooped his head somewhat listlessly at this time.

He was very unhappy about Han Yuer's departure. When Han Yuer first set foot on the scroll, he groaned in Han Yuer's arms for a long time, but in the end he was forced to take it down by Chen Feng.

At this moment, he was very unhappy, his head drooping, his eyes scattered everywhere, but he didn't even look at Chen Feng.

Chen Feng looked at him and laughed: "This little guy is still awkward!"

Chen Feng's hand scratched Blood Wind's chin twice, and Blood Wind suddenly felt soft and soft. He couldn't help but lift his small chin to match Chen Feng's movements.

Suddenly, he remembered that he was having trouble with Chen Feng now!

So, he immediately let out a very arrogant snort from his throat, and his small chin tilted to one side.

Chen Feng laughed openly: "This little guy is so cute!"

Xuefeng was very annoyed by his performance just now. He was groaning and groaning, and he was dishonest in Chen Feng's arms.

Suddenly, his struggling body suddenly stopped moving. His whole body was stretched, and his muscles were as hard as iron.

And the hair on its body immediately exploded, and there was a fierce roar in its throat.

Almost instantly, he already mentioned the alert state.

At almost the same moment, both Chen Feng and Uncle Dao were both terrified and horrified, and there was an extremely dangerous feeling in their hearts.

Chen Feng felt that his heart felt cold, as if he was being spotted by some extremely powerful monster.

His face was still calm, and he said softly: "It seems a bit too quiet here."

"Yes." Uncle Dao whispered: "This is near the official road leading to the north of Tianyuan Imperial City. Even at night, there are still many merchants and pedestrians coming and going. It should never be so quiet."

A sneer appeared at the corner of Chen Feng's mouth: "It seems that we have been calculated."

The place where Chen Feng and Chen Feng were at this time was the area between the north of the Tianyuan Imperial City and the south of the Tongtian River. It was about a hundred miles away from the Tongtian River and the Tianyuan Imperial City.

It takes a certain amount of time to go to any place.

Chen Feng could feel that those few secretly spied auras were extremely powerful, and some even he could not resist.

But Chen Feng was still not afraid of him, just raised his chin and said lightly: "The friend who is hiding in the dark, come out!"

Not far in front of Chen Feng, there is a very small mountain range with many trees growing on it. There is no way to hide too many people here, but there is no problem hiding a dozen people.

At this time, it was just when the sky was just lit up, and there was a touch of morning light quietly rising in the east.

Just under the blue-black sky, several figures walked out slowly.

There are a total of eight people, one of them is a tall middle-aged man in a fire-red robe, surrounded by them.

After seeing his looks clearly, Chen Feng immediately narrowed his eyes. It turned out that this person Chen Feng still knew him, and it was actually Lie Yangguang Sheng!

The patriarch of the Lieyang family, a master of the Emperor Martial Realm, Lieyang wins!

Chen Feng knew right away that he was calculated by someone today and why they did it.

Lie Yangguangsheng looked at Chen Feng with a sullen look on his face, gritted his teeth, and said word by word: "Little boy, you didn't expect that we would be surrounded by us today?"

Chen Feng shook his head: "I really didn't expect it."

There was a look of contempt at the corner of his mouth, and he said, "I didn't expect it. You really don't have any demeanor of everyone!"

"Just as your son died on the front foot, did you bring someone to kill me on the back foot?"

"You killed my son, how could I spare you? I must crush your body today! I want you to die from all the pain!" Lie Yangguangsheng let out a violent roar.

The blue veins on his forehead jumped wildly, and he was angered to the extreme.

[Chapter 2253: Then, fight!](#)

Lieyang Wenrui was the future building of the family that he had high hopes for, but he was killed by Chen Feng, which was equivalent to ruining the entire Lieyang family.

How to make him not angry?

There was a sneer at the corner of Chen Feng's mouth, and he said, "Lieyang Wenrui and I gambled, life and death are in destiny, and if he is dead, you will come to provoke, it is really interesting."

"Sure enough, it is the Lieyang family, and they act eclectic."

Chen Feng's words were full of sarcasm, and Lie Yangsheng instantly flushed and became angry.

He naturally knew that his actions were very disgusting, but the hatred in his heart could no longer be suppressed.

He suddenly yelled: "Little Chen Feng, nothing you are saying is of no use, you must die today!"

As he said, he gritted his teeth: "Kill! Kill them both!"

Without any hesitation, he directly started to kill.

Next to him, there were seven people. Chen Feng swept away these seven people, his eyes narrowed slightly.

Among the seven people, there are three half-step martial emperor realm powerhouses, and the other four are all nine-star martial king peaks!

Chen Feng suddenly looked up to the sky and screamed, and the voice spread hundreds of miles away.

Chen Feng believed that this volume was sufficient, and those who knew him would know what happened.

After all, when the strength reaches their level, there will be many inductions in the world.

But at this time, Lie Yangguang Sheng smiled coldly, and said triumphantly: "Little Chen Feng, don't waste your time. I tell you, I have made countless preparations to kill you today."

"Don't think that I don't know your dependence, your dependence is nothing but Liu Chengyi and the old madman!"

"Haha, do you know, among our Lieyang family, plus me, there are two martial emperor realm powerhouses, why did I come here today?"

Chen Feng's heart sank suddenly.

Sure enough, Lie Yangsheng laughed loudly: "Because the other one, as well as a strong man outside the family, have already stopped the old madman and Liu Chengyi!"

"Tell you, the two of them will never come today!"

He gritted his teeth and said miserably: "Even, I have even thought of all the variables today. I have sent someone to entangle the sword lunatic with you in advance, and he can't come to disrupt the situation."
."

"Today, there are only you two here! You have only one dead end today!"

After he finished speaking, he looked at Chen Feng's expression, wanting to see his expression of shock. But Chen Feng's expression was still faint.

He just smiled softly, looked at Uncle Dao and said, "Uncle Dao, I'm afraid I will be desperate today."

Uncle Dao laughed: "Is there a few times you have tried desperately in this life? Not bad this time! You can fight side by side with the young master, even if you die in battle, I will be with You Rongyan!"

Chen Feng laughed loudly: "Then, come on!"

Chen Feng was never a person who relied on others. He also knew that relying on others was unreliable, so he was just able to come to support troops. Although he was happy, he could not come.

"Then, fight!" *NOVELSb.COM*

Chen Feng laughed, and the blood-stained giant knife in his hand slashed forward fiercely!

He actually took the initiative to attack, really brave!

"Kill them!" Lie Yangguangsheng gritted his teeth and said, the seven people rushed towards the two of Chen Feng.

Three half-step martial emperor realm powerhouses besieged Chen Feng, while the remaining four nine-star martial king pinnacles besieged Uncle Dao.

A half-step martial arts realm expert stabbed a long spear at Chen Feng fiercely, and Chen Feng took a deep breath, the power of the golden glaze inside his body flowed, the King Kong incorruptible body suddenly started, and in an instant, his body turned into a dead body. Extinguish Guanghua body.

A big hole suddenly appeared in his chest, and the spear stabbed directly out of this hole.

Seeing this scene, the half-step Martial Emperor Realm expert with a long spear seemed to have seen a ghost, with an expression of extreme horror on his face, exclaiming: "What kind of ghost is this?"

He had never seen such a physical exercise before.

Chen Feng smiled and said, "The doorway to murder!"

Then, his right hand suddenly patted forward, and the person was very relieved, because Chen Feng was two or three meters away from him, and even the pat could not hit him.

But suddenly, Chen Feng's arms contracted suddenly, and the rubber bands usually ejected forward, from a length of less than one meter to a full length of two or three meters, and the palm of his hand slapped his body severely. Above.

In a blink of an eye, he hit him for thousands of times!

It is King Kong playing the pipa!

There was an expression of horror on this person's face, a muffled groan was beaten, a mouthful of blood spilled from the corner of his mouth, and he took three steps back in succession.

When Chen Feng saw it, he felt a little regretful: "My Powerful Diamond Palm is still a little weak. If it is the peak of the Nine Star Martial King, this palm is enough to kill him."

"And the half-step martial emperor realm imperial realm powerhouse, just caused him to be slightly injured!"

At the same time, another half-step martial arts expert slashed at Chen Feng's back heart with a slash from behind. If this slash hit, it would be enough to cut Chen Feng in two.

There was a grinning smile on his face, and the sudden grinning smile turned into a look of astonishment.

It turned out that he found that Chen Feng's left shoulder in front of him had suddenly disappeared, instead it turned to the right, flowing to the right like golden glaze.

He cut directly into the air with this knife.

At this moment, Chen Feng suddenly turned his head, grinned at him, and the blood-stained giant knife bit his body bitterly.

He let out a screaming cry, and his figure retreated quickly, but even so, a big hole was broken in his body, and blood ran outward.

If he retreats a little later, this will be broken by this knife!

The golden glaze light circulated above Chen Feng's body, and the immortal radiance body was activated to the extreme. His whole person was like a pool of golden glaze liquid, constantly changing shape.

In an instant, the three half-step martial arts realm experts were unable to cause effective damage to him.

But Chen Feng's offensive fell on them like a violent storm.

Chen Feng was one opponent to three, but he beat them to the left and right, and could not fight back for a while!

The Immortal Guanhua Body is really powerful, and the effect is too strong in actual combat!

At this time, Uncle Dao was already in crisis.

He was besieged by four masters who were no worse than him, and he was already injured one after another.

He was resisting the attack of two masters of Nine Star Martial Kings, suddenly, another master of Nine Star Martial Kings touched his back and blasted out with a palm.

At this time, Uncle Dao had no time to look after him, and he was directly hit by his palm.

With a bang, Uncle Dao's figure was directly knocked out, and he let out a scream, he was already seriously injured.

[Chapter 2254: Kill streak!](#)

Lie Sunshine shouted excitedly: "Kill him, kill this old dog!"

The other two Nine-Star Martial King realm powerhouses are two brothers, both holding the same long swords, and both are using the same sword moves.

At this moment, the two of them chopped from top left to bottom right, and one chopped from top right to bottom left. The two long swords crossed in the air, and a cross was drawn in the sky.

Seeing the next moment, they are about to chop Uncle Dao into four pieces!

Seeing this scene, Chen Feng exclaimed in anger and stern: "Mice, dare you!"

The blood-stained giant knife in his hand slashed out fiercely, drove a half-step martial emperor realm strong back, and then the indestructible brilliance circulated, avoiding another half-step martial emperor realm strong and cut to his waist A powerful offensive between.

But this was already Chen Feng's limit. After all, Chen Feng couldn't dodge another move. The long sword slammed on his right shoulder.

However, Chen Feng's immortal radiance body was flowing, and his shoulder was like a piece of golden glaze. Although the sword pierced into his shoulder and it was timely this time, it came out directly from the opposite side, and there was not much blood. .

On the contrary, Chen Feng's immortal brilliance body actually spread along his long sword, wrapped the long sword inside, spread to his hand, and wrapped his hand in.

This person was shocked, and quickly drew back, but how could he go back?

Chen Feng suddenly turned his head, bared his teeth and smiled very fiercely, but the blood-stained giant knife had already been smashed down fiercely.

The person let out a scream, his right arm was directly cut off by Chen Feng, and his right arm was his dominant hand!

At this time, Chen Feng knew that there was suffering. The intense pain penetrated into his body from his right shoulder, as if there was a puddle of impurities in the golden glass, which made him extremely uncomfortable.

But Chen Feng didn't show the slightest sign. He struggled to get injured and broke through the three half-step martial emperor's surroundings, and his body was already swept directly towards Uncle Dao.

He roared: "Die!"

The blood-stained giant knife in his hand slashed fiercely at the two nine-star martial king peak masters. The two nine-star martial king peak masters did not have any power to fight back, and they were cut into two directly with a scream.

Both of them died unexpectedly.

Then, Chen Feng's figure flashed, and another palm shot out. King Kong played the pipa on top of the body of another nine-star martial king.

Papa Papa, in a blink of an eye, all its bones and internal organs were shattered and turned into a rotten sack. It fell to the ground and was already dead.

The last Nine-Star Martial King saw this scene, hissing screamed in fright, and fleeing wildly.

Chen Feng sneered: "Can you escape?"

The blood-stained giant knife was directly thrown out, with a loud bang, and the huge blade directly smashed him to pieces.

Chen Feng, cut four people in a row!

Then, Chen Feng grabbed the blood-stained giant knife and turned around.

At this moment, the faces of the three half-step martial arts experts were extremely ugly. In the siege of the three of them, Chen Feng could actually kill four others, which made them faceless!

Lie Yang Sheng was even more angry and yelled again and again: "You three rubbish! Can't even deal with this little boy?"

"Kill! Go! Kill him quickly!"

These people gritted their teeth and attacked Chen Feng frantically.

They have all used their entire copy, but it is useless.

Chen Feng's immortal brilliance body is too weird, which gives him the strength far surpassing the ordinary half-step martial emperor realm powerhouse. Under his immortal brilliance body, there are also blood-burning giant swords and powerful diamond palms. Together, the three of them have nothing to do with him.

Chen Feng became more proficient as he fought, and his comprehension of the Immortal Guanghua Body became more transparent. Later, he changed a lot.

The more Lieyangsheng looked at it, the more gloomy his face became. He thought he was taking seven masters to besiege and kill Chen Feng. It was easy and he didn't need to do it himself, but he didn't expect it to be like this.

This made him very angry.

At the side, Uncle Dao laughed excitedly: "Little Master, really good!"

At the same time, in the inner courtyard of Wudong Academy, Liu Chengyi who was cultivating suddenly opened his eyes, and he stood up in his cloak, with a look of uncertainty on his face, and said softly: "This strange fluctuation, is it possible that Chen Feng?"

Then, he set up a star map at a very fast speed, and he saw a little big star in it, the light flickering, but it was already fading a lot than usual.

Moreover, there is actually a suspicion of falling.

He exclaimed: "Chen Feng, it really is Chen Feng! It seems that something happened to him!"

As a result, he immediately rushed outwards, and soon left the Wudong Academy.

Then, he sensed it, and then slowly nodded: "I have noticed Chen Feng's breath."

With that, he hurried away in that direction.

At this moment, suddenly, a red light flashed in front of him, and a red robe figure appeared in the void in front of him.

This person is already very old, his red hair is even tinged with white, but the figure is extremely tall, revealing an unspeakable domineering.

He smiled and said, "Liu Chengyi, where are you going?"

When Liu Chengyi saw him appear, a look of shock suddenly appeared on his face: "Old thing, you, did you appear again?"

The red-robed old man sneered and said, "My good grandson, the hope of our Lieyang family's future, has been killed. Where can my old bones sit still? What can I do?"

Liu Chengyi's eyes suddenly shrank, and he already knew his intention.

He said coldly: "It seems that you must stop me today, right?"

The red-haired old man smiled and said: "Yes, I am here today, you can't move forward!"

Without any hesitation, Liu Chengyi shouted sharply: "Then try it!"

With that said, he went forward and killed.

And Lieyang Mingxu was unwilling to show weakness, and displayed a powerful attack, killing them into a ball, and in a blink of an eye, the two of them were killed in darkness, shocking everyone around.

However, no one dared to intervene, and did not even have the courage to say a word.

The battle between two martial emperor realm powerhouses was earth-shaking, who would dare to die?

The two of them are similar in strength, and no one can do anything for a while.

Liu Chengyi's expression became increasingly anxious, and Lie Yang Mingxu's smile gradually accumulated.

At the same time, when Chen Feng was in the small courtyard of the outer courtyard, the ground suddenly cracked, and a huge figure flew out of it, it was the old lunatic.

He also sensed Chen Feng's danger and went to kill in that direction, but before he was discharged from the hospital, there was an extra person in front of him.

[Chapter 2255: The horror of Emperor Wu!](#)

This is a skinny old man, wearing a black robe, his look is extremely sad, his face is also sad, as if there is such an upsetting thing in his heart.

However, there is still a trace of fierce murder in that sad face.

He said lightly: "Old madman, go back to your lair and practice, you can't deal with today's things."

The old madman stared at him. Although he was reckless, he was by no means a fool. He said coldly, "Li Binbai, are you here to stop me today? Are you setting up a game to kill Chen Feng?"

"Today, did you stop me from going to the rescue?"

Li Binbai squeezed a smile that was more ugly than crying, and said, "That's right."

"That's nothing to say, you can stop me, it's your ability, if you can't stop being killed by me, that's my ability!" The old madman yelled and wanted him to kill.

The sadness on Li Binbai's face at this time has disappeared, and his expression has become faint, but there is a trace of indescribable killing and resentment in this faintness:

"My old guy, I didn't want to do it at first, but Chen Feng killed my grandson. If I didn't do it, how can I be worthy of the spirit of my grandson in the sky?"

"So," he said suddenly gritted his teeth, "Today, Chen Feng will die!"

He is Li Sifeng's grandfather, Li Binbai.

The old madman screamed and used the strongest move to attack him, but Li Binbai smiled slightly and dismissed it with an understatement.

The old madman yelled in disbelief: "How is it possible? We were obviously similar in strength. Why are you so strong now?"

From this trick, it can be seen that for the two of them, Li Binbai's strength is far better than the old madman, and it can even be said that they are more than one level better than him.

If he really used his strength, the old madman would be killed by him within one move.

But for some reason, he didn't do his best, he just used a trace of strength to suppress the old madman.

The old madman roared and tried his best, but he couldn't break free.

At this time, Chen Feng was already in a great crisis.

Because, at this time, Lie Yang Sheng had already started.

He looked at the brightening sky and knew that he didn't have much time, and was no longer impatient to waste time with Chen Feng here.

So, he screamed: "Chen Feng, I will end your life now, I will let you die now!"

As he said, he slapped out with a palm.

Chen Feng immediately felt that after the palm was shot, the world in front of him was collapsing, and everything in front of him seemed to be nothing.

The whole world was pressed down against him, and the facts were exactly the same. The Sunshine won a shot, and all the vitality of the world in this area was mobilized by him.

I saw a big hand formed by a huge flame in the sky, quietly flashing, and then this big hand peeked down and grabbed Chen Feng fiercely!

With a bang, Chen Feng couldn't resist at all and was hit directly.

The Immortal Guanghua Body directly withstood this tyrannical attack, and Chen Feng clearly heard a stern cry.

Then, the Immortal Guanghua Body trembled violently, and finally could no longer resist this powerful force and disappeared.

Chen Feng's body returned to its previous state, and he was directly beaten by this claw and his whole bones were broken, and he fell heavily, showing numerous injuries and cracks on his body.

One move, just one move, Chen Feng was already severely injured.

He was shocked in his heart.

"Is this the strength of the Martial Emperor Realm powerhouse?"

"I can't resist at all in front of the martial emperor realm powerhouse, and I have no power to fight back!"

But Chen Feng didn't have the slightest fear, let alone the slightest discouragement. Instead, he staggered to his feet, a touch of blood from the corners of his mouth, gritted his teeth, and screamed: "Come again!"

As he said, the knife in his hand was raised, and it was cut crazily towards the Sunshine.

Above his right hand, the black energy condensed, as black as ink.

A dark light flashed above the blood-stained giant knife.

At the next moment, Chen Feng yelled: "The sword is in the world, I dominate!"

Eight Desolation and Silence cut the ninth knife, and cut out suddenly!

After the knife was cut out, even letting the Sunshine win the cold was involuntary, and the heart felt cold, and there was a feeling of being threatened.

Chen Feng's face was cold and stern, with a forward-looking attitude.

Almost at the same time, he had been dormant beside him, there was no blood wind to shoot, but suddenly, he let out a violent roar.

The blood wind grew wildly, and the huge mouth covered with white teeth also became terrifying, and then he bit into the Sunshine Sheng.

At this time, he watched the right time, and he and Chen Feng fought against Lie Yangguang to win!

No matter how huge the power gap between Chen Feng and Xuefeng and Lieyangguang is, this is the best counterattack they can make.

No one can do better than the two of them!

Even at this moment, Lie Yang Sheng felt a trace of death.

He laughed wildly: "You are really doing a great job. The timing is very good. With your realm, it is rare to be able to do this!"

"If you can be a stronger realm, then maybe you really have a chance to kill me!"

However, he yelled wildly: "It's a pity, it's a pity that I am a magnificent one-star martial emperor! I don't know how many times my strength is stronger than you!"

"Even if you are doing everything you can do? I can still crush you!"

As he said, he roared, and his fists blasted out.

He didn't use any martial arts, nor did he use any fancy, just so flat punches.

A punch blasted towards Chen Feng, a punch blasted towards the blood wind.

With a bang, he hit the blood wind's head directly with this fist, smashing the blood wind and let out a terrible sob.

His head was almost smashed, and all his bones were broken. He was smashed and fell heavily from the air to the ground, and his figure twitched fiercely.

And from his mouth, a huge amount of blood spurted out wildly.

At this moment, he had already beaten him to death and fell into a state of dying.

And after that punch hit Chen Feng, Chen Feng suddenly felt that the world shattered by his own knife, "I am the only one in the world," suddenly returned to normal.

The reason why Chen Feng's blood-stained giant sword can use the Eight Desolation Silence Slash Ninth Sword and kill the half-step Martial Emperor Realm expert is because Chen Feng uses the power of **** to drive this sword, and can use a trace of the Martial Emperor. The power of the environment.

And the power of the Martial Emperor Realm is to control the world, to drive the world in front of him arbitrarily.

Therefore, people who face his sword have a sense of broken world.

[Chapter 2256: Then, let's die together!](#)

And now, Chen Feng, a person who can only use a little bit of Wu Huang's power, has encountered a genuine one-star Wu Huang!

As a result, the world under Chen Feng's control was instantly shattered.

Then, this punch hit his blood-stained giant knife.

The blood-stained giant knife let out a stern hum, and it was directly beaten into numerous cracks, almost breaking.

And Chen Feng was shocked to spit blood, I felt like my heart was being held by someone, and countless blood was squeezed out alive.

Chen Feng could hardly control his body and slammed heavily on the ground, smashing the ground into a big hole.

Chen Feng was vomiting blood crazily, feeling that there was no pain in his body, and he almost couldn't help screaming.

However, Chen Feng gritted his teeth and held back, and there was a trace of sadness in his eyes: "The gap is really too big. One-star Martial Sovereign, the strength is completely above him, I am not even at all. Fight back!"

At this time, after Chen Feng used a knife, the power of **** broke out in his palm.

I saw that Chen Feng's entire right hand turned into a piece of black, and the black continued to spread upward.

The wrist turned black, the elbows turned black, the entire forearm was completely demonized, and the black thread was still rushing towards Chen Feng's body.

Chen Feng hurriedly tried his best to suppress, Lie Yangsheng let out a crazy laugh: "Hahaha, Chen Feng, you bastard! Do you know how good I am?"

"With my strength, I want to kill you, it is extremely easy!"

"Now, I will avenge my son!"

As he said, he gritted his teeth and let out a violent roar, and he swiftly moved forward, stamping a fist on Chen Feng's chest.

At this time, Chen Feng was doing his best to suppress the power of **** in his body.

This fist hit his chest, and immediately, Chen Feng's bones all over his body were shattered by the shock, and his meridians were almost completely broken, and he was vomiting blood crazily.

And he couldn't suppress the power of **** in his body.

So for an instant, the power of **** spread wildly, and Chen Feng's entire right arm turned into pitch black.

Then, the shoulders turned black.

Then, even his right chest was stained black.

As long as the black rushes into Chen Feng's heart, then even Da Luo Jinxian can't save him!

At this time, Chen Feng felt completely dark in front of him, as if a group of ghosts were howling, and he even saw the scene in that **** again.

A voice in Chen Feng's heart said: "Am I going to die today? I will definitely not be his opponent!"

"And this power of **** also makes me near death!"

Chen Feng felt extremely tired in his heart, and it was easier for a voice full of temptation in his body to whisper: "Die! Die! Don't worry about anything! Just go to sleep like this!"

"That way, you will be especially relaxed, and you won't have any troubles!"

And Chen Feng was almost completely bewildered by this sound, and fell asleep completely!

But suddenly, at this moment, a golden light in Chen Feng's heart suddenly lit up.

As a result, his mind was instantly transparent and clear for a moment.

Then, a voice in Chen Feng's heart roared: "How can I die? How can I die!"

"Chen Feng, you still have so many missions that have not been completed, and you still have to save your mother. You have not yet proclaimed eternal life, and you have not yet known the true mystery of this world. How can you die?"

As a result, that bit of aura has not been extinguished, but has become brighter and brighter, illuminating Chen Feng's mind.

Chen Feng's whole body, his thinking became extremely clear in an instant.

Then, Lie Yangsheng saw that Chen Feng's mouth showed a hideous smile, and he suddenly grinned, his face covered with blood, which looked terrifying.

Then, he looked at Lieyangshengsheng, and said slowly: "The Lieyangguangsheng, if you don't let me live, then, die together!"

While speaking, Chen Feng let out a fierce roar.

The sun beats instinct and feels a burst of extreme danger.

He hadn't put Chen Feng in his eyes at all, thinking that Chen Feng could not pose any threat to him, but now he realized that he was wrong.

He shouted sharply: "Boy, do you dare?"

He originally wanted to torture Chen Feng again, but now he wanted to kill Chen Feng immediately.

So, he attacked frantically.

He knew that he only had to hit Chen Feng with a punch.

One punch, that's it.

However, it was too late.

Because, at this time, Chen Feng was no longer restraining the force of resistance from attacking his body, but completely let go of the power of hell.

So the next moment, with a boom, Chen Feng felt as if he was in the fire of hell, being burned by others, and his whole body was suffering to the extreme.

Black energy permeated outside his body, and the power of **** madly attacked Chen Feng's heart.

However, Chen Feng opened his eyes in the red lotus industry fire.

It hurts, it hurts to its extreme, but Chen Feng didn't scream Fan'er, and a chuckle appeared at the corner of his mouth, because something in front of him became clearer and clearer.

That thing is indeed a pattern of formation.

It turned out that after Chen Feng killed Mo Ke Luo and absorbed his **** power, he also absorbed some things in his memory.

And this pattern, this formation, is engraved in the deepest part of the soul of every **** demon, and it is also inherited following the strength of the region.

Even, this formation is extremely simple and not profound at all. Anyone who has a little exposure to the power of **** and a little bit of the power of the demon will know how to use this formation.

Because this formation is the formation of the soul-calling **** demons.

The demons in **** are thinking about opening up territories all the time. What they like most is to conquer one world after another they have never explored.

Therefore, there is the supreme existence among the **** demons, and this forbidden is set in the power of eating hell.

When Chen Feng first absorbed the power of hell, he had already understood this setting, but he had never been useful.

And now, Chen Feng is going to use it.

"If you don't let me live, then die with me!"

In the palm of Chen Feng's palm, a six-pointed star suddenly appeared.

Then, with a sigh, the pattern suddenly became extremely large.

Almost only one thousandth of an instant, almost before Lieyangshengsheng hadn't reacted, this huge six-pointed star array pattern was already dispersed in the air, reaching a radius of several thousand meters!

The characteristics of this formation fully reflect the intention of hell.

[Chapter 2257: call! Hell demons!](#)

It is very easy and fast to use, the only thing needed is the power of hell.

However, Chen Feng's power of **** in his body is growing wildly here, and he is not afraid of not being enough.

At this time, following the sudden appearance of this six-pointed star formation, the attack from the Sunshine Victory slammed on this six-pointed star formation, without causing any harm to this six-pointed star formation at all.

He was so shocked that he shouted in shock: "Chen Feng, what demon technique do you use? Can you stop my attack?"

Chen Feng looked up to the sky and laughed like a madman: "Not only will it block your attack, but it will also kill you!"

As he said, his hand pressed hard against the huge six-pointed star.

So, in a blink of an eye, the power of **** in Chen Feng's body poured out frantically.

The power of **** in Chen Feng's body that was close to his chest and heart veins disappeared instantly, the black on the surface of his skin quickly faded, and then the black qi on his shoulders disappeared, and the black qi on his arms disappeared.

In the end, even the black air on his forearm disappeared, leaving only his right hand as black as ink.

The power of hell, the previous task was to erode Chen Feng's body, so they would think hard of Chen Feng's heart to attack.

The ultimate goal is to transform Chen Feng into a **** creature, completely controlled by the power of hell.

And the deepest purpose is to expand the power of hell.

But at this time, Chen Feng resorted to the six-pointed star formation. If it succeeds, then a powerful **** demon will descend on the Dragon Vein Continent. Of course, this **** demon is stronger than Chen Feng, a low-level **** creature that has just been transformed. It is also more helpful to **** forces.

Therefore, they all rushed towards the six-pointed star. *novelusb.com*

They seem to be able to distinguish primary from secondary!

At this time, transforming Chen Feng is secondary, and summoning **** demons is the most important thing.

Therefore, they are willing to leave Chen Feng's body.

And when Chen Feng's power of **** entered the six-pointed star formation, almost instantly, the complicated lines in the six-pointed star formation were all lit up, and all turned into a black color.

In the next moment, this huge six-pointed star formation method, the black light shines.

Through this, in the huge six-pointed star formation method, a large piece of depression suddenly appeared, and a huge space crack appeared.

Seeing this scene, Lie Yangguangsheng was completely shocked. He roared in horror: "Chen Feng, what ghost are you going to summon?"

When he looked into the space crack, he saw that there were endless lead clouds, endless lava, and patches of fire inside the space crack.

There was even a strong smell of sulfur and bursts of blue-black poison gas sprayed out from inside.

As soon as these poisonous gases contaminated the vegetation by the Tongtian River, these vegetation withered instantly, and there was a roar of evil demon from time to time inside.

With his strength, if he still couldn't see it, then it was really evil.

He roared in fright: "Are you actually trying to summon a regional evil?"

Chen Feng laughed loudly: "Yes, I just want to summon the **** demons, you want me to die, and I won't let you live!"

In the next moment, a loud voice came from inside. Chen Fengfeng and Lie Yangguangsheng had never heard what this voice said, but they naturally understood the meaning inside.

"I don't know which plane of the lowly microbe is actually summoning the great giant spirit demon, demon giant evil!"

Then the next moment, an extremely thick leg stretched out from the crack in that space!

The crack in this space suddenly shook violently, and it seemed a bit unable to support this powerful giant spirit demon entering the Dragon Vein Continent.

However, it finally stabilized.

Thus, Chen Feng and others saw a huge creature.

The biggest humanoid monster Chen Feng has seen so far is the desert giant that is 10,000 meters high, and this demon has reached a height of 20,000 meters!

The biggest monster Chen Feng had ever seen was the dragon tortoise, and the size of this evil monster was almost the same as that of the dragon ghost.

If he lay on the ground, it would be dozens of miles long!

After he came here, he looked around, his face showed extreme greed, and he laughed wildly: "Ah, this is a wonderful world."

"There is river, grass, smoke, and city, but I will destroy everything here today!"

"Hahahaha!" As he said, he let out a crazy smile: "I want to turn this place into a volcano, into lava, into our hell!"

"The reputation of my giant spirit demon, demon giant evil demon, will spread here."

"It turns out that he is called the Demon Juxie, which belongs to the category of the Giant Spirit Demon." Chen Feng slowly nodded: "Its body is so huge, it can be called a giant spirit!"

This giant spirit, fairy, demon, giant evil, is like a giant cow standing up.

His waist is very thin and his legs are very thick, but his upper body is much larger than his lower body, especially his shoulders are extremely wide, which looks like a square.

His arm is extremely strong, almost like a mountain, it looks full of power.

There are still horns on his head, and flames are constantly erupting from a pair of huge nostrils!

His crazy roar finally stopped, and then turned his gaze to Chen Feng.

He stared at Chen Feng and shouted fiercely: "You summoned me?"

Chen Feng didn't panic at this time, just smiled slightly: "Yes, I called it!"

Demon Juxie glanced at Chen Feng, then at Lie Yangsheng next to him, showing a disdainful sneer, and said, "You summoned me to deal with him, right?"

Chen Feng still nodded: "Just to deal with him."

"But do you know how the great demons will be driven by you?"

"You summoned me, in fact, you dig your own grave!" The devil roared wildly: "Not only will I kill him, I will kill you!"

Chen Feng smiled and said, "I know!"

"What? You know?" A look of consternation appeared on the face of the demon giant evil: "You know, you still want to do this?"

Chen Feng smiled and said, "Of course, if I don't call you out, then I will die and live."

"I summon you out, even if you kill me, then it will only be the two of us who died together. And..."

He pointed to Lieyangsheng, smiled and said, "Don't you **** demons like flame and magma the most?"

"He is the Patriarch of the Lieyang Family, and their family has a strong fire attribute bloodline for generations, and the martial arts cultivation techniques are also related to the fire attribute."

[Chapter 2258: The sun wins, I will kill you!](#)

"If you want to swallow him, it must be of great benefit to you, right?"

"Do you mind eating this delicious first?"

The Demon Juxie was taken aback for a moment, then pointed at Chen Feng, nodded repeatedly, and laughed: "Well, you humble human being is very interesting and very appetizing to me."

He took a deep look at Lie Sunshine and took a deep breath, revealing a touch of intoxication: "Yes, this is my favorite smell of the flame."

He suddenly roared: "Then I will swallow it first, and then eat you!"

Then, he directly rushed towards Lie Sunshine Sheng.

And Lie Yang Sheng was also irritated by his attitude. Lie Yang Sheng was the head of the Lie Yang family. What a noble status, he was treated as an ant at this time, as if he could kill if he wanted to. How not to be angry ?

He also grinned: "Beast, want to kill me? How can it be that simple?"

As he said, he grabbed his hands fiercely, so a huge flame claw in the sky suddenly formed, and he fiercely grabbed the head of the monster.

The devil's weapon is a huge bronze pillar that is almost unparalleled.

This huge bronze pillar is 20,000 meters high and more than 5,000 meters in diameter. It looks like a huge bronze mountain.

And above, there are countless totems carved in seals, and a metal with black color as decoration, which looks very historical vicissitudes.

He grabbed the huge totem bronze pillar and smashed it towards Lieyangshengsheng, only to smash the offensive, and then smashed it towards Lieyangshengsheng.

Lie Yang Sheng used his strongest martial arts and collided with it.

With a bang, the two collided, and the demon giant evil did not move.

Lieyangshengsheng was beaten and flew out for a kilometer, with a muffled hum, bloodshot overflowing from the corner of his mouth.

The evil giant laughed frantically: "You little one-star martial emperor, you still want to fight with me? It's beyond your ability!"

He attacked frantically, and when the Sunshine Victory was at this time, his face was shocked, and he was forced to challenge, losing streak.

For a while, there was no way to fight back.

Chen Feng could clearly see from the side that the victory of the Sunshine was the first stage of the one-star Wuhuang cultivation base, and the strength of the monster should also be the one-star Wuhuang, but it reached the peak of the one-star Wuhuang!

If the Demon Juxie wants to kill the Sunshine Victory, at least hundreds of tricks are needed!

A sneer appeared at the corner of Chen Feng's mouth.

At this time, he had time to check his body. After a while, he nodded slightly: "Fortunately, fortunately, I am now in a very serious condition. I need to heal and recover."

"However, the power of **** has also dissipated a lot because of my call, and there is no risk of life for a while."

At this time, he looked at the blood wind, which was already seriously injured and dying.

Looking at Uncle Knife again, Uncle Knife is also very miserable at this time, lying next to him, only to vent his breath.

All three of them have reached such a miserable state, all thanks to the victory of the sun.

Chen Feng looked at Lie Yang Sheng, gritted his teeth, and a strong murderous intent appeared on his face: "Lie Sun Sheng, if I do not die today, I will destroy your Lie Yang family in the future!"

Then, he desperately recovered his strength.

Chen Feng never gave up hope, and he still does.

After about a hundred moves, Lieyangguang won the victory by being beaten to the left and right by the evil giants.

He was also anxious in his heart. At this time, he could no longer kill Chen Feng. After all, it was the most important thing to save his life.

So, he let out a long scream.

This long howling sound spread far, and the people who intercepted the old madman and Liu Chengyi inside and outside the Wudong Academy heard it, and their expressions suddenly changed.

They didn't care about intercepting anymore and hurried to the outside of the city.

At this time, the morning sun was rising, and I don't know how many people in Tianyuan Imperial City had seen it. Outside the city, the giant spirit demons, giant demons, were huge and conspicuous.

There are countless strong people have felt its breath.

So, in a blink of an eye, dozens of powerful auras rushed here.

The demon giant evil also immediately felt it, and he shouted in anger: "What? You are not the strongest force in this world?"

He looked down on the Dragon Vein Continent at all, and thought that Lie Yang Sheng was the strongest in this world.

At this time, many strong men have already arrived here.

Suddenly, the devil's face changed drastically.

Chen Feng laughed loudly: "Hahaha, you arrogant demon, how can our world allow you to underestimate it?"

Chen Feng saw that among the dozens of figures that came, there were old lunatics and Liu Chengyi, and he saw several royal guards wearing purple and gold armor!

In fact, this is also the purpose of Chen Feng's summoning of giant spirit demons.

He believes that outside the city, the movement of the Lieyang family besieging him has definitely disturbed many people in the city.

But those people in the city may be because of one of these reasons, for example, it doesn't matter to them, for example, the Lieyang family has already communicated with you in advance, so they will not act.

But if **** demons appeared outside the city, they would have to take action, and they would not dare not take action!

Chen Feng forced them to come here!

And sure enough, Chen Feng was not disappointed, his strategy succeeded.

When these people arrive, the end of the evil giant will also come. *novelusB.cOm*

These powerhouses, one after another, attacked the giant evil spirits, the giant evil spirits were not opponents at all.

In a twinkling of an eye, he was already beaten to the left and right, and there was danger.

And soon, he was injured in multiple places, and after more than a dozen moves, he was killed alive.

At this time, Liu Chengyi and the old madman also saw Chen Feng.

They rushed towards Chen Feng quickly and stood beside him.

When Chen Feng saw them coming, he immediately let out a long sigh of relief. He knew that his life was saved!

After about a cup of tea time, the devil was killed.

At this time, Lieyangshengsheng was beaten horribly.

He knew that he couldn't kill Chen Feng anymore today. His heart was full of unwillingness, and he stared at Chen Feng fiercely, his eyes showing extreme resentment.

Chen Feng stared at him like this, both of them seemed to spit out a word: "I want you to die!"

Chen Feng was sent back to Zuwangya by Liu Chengyi and the old madman. Liu Chengyi looked at Chen Feng and sighed softly, saying: "Chen Feng, I know you have a lot of unwillingness in your heart now, but this matter has to be discussed. "

"Lie Yang Sheng Sheng is not only the Patriarch of the Lie Yang Family, but also a magnificent one-star martial emperor. You are not his opponent at all."

Chen Feng nodded, his expression was very calm at this moment, as if he had forgotten the hatred.

He smiled and said: "Don't worry, I have a sense of measure."

[Chapter 2259: breakthrough! The fourth heaven!](#)

Liu Chengyi didn't know how much Chen Feng listened, so he nodded.

The old madman laughed loudly, patted Chen Feng on the shoulder heavily, and said, "Chen Feng, do it when you think about it, don't be afraid of you!"

Chen Feng smiled: "Don't worry!"

He knew that the two were really doing it for their own good.

After the two left, the calm color on Chen Feng's face slowly disappeared, replaced by a sneer.

Uncle Dao looked at him next to him, and asked softly: "Little Master, what do you want to do?"

"What to do? Of course it is a tooth for a tooth, blood for blood!" Chen Feng gritted his teeth, his voice was extremely cold and harsh: "The sun beats that old thing, I want his life!"

"I want the Lieyang family to pay for today's affairs!"

His voice was full of awe-inspiring meaning, as if he had made the most solemn oath.

Chen Feng took a deep breath, looked at Uncle Dao, and said, "Uncle Dao, today is my responsibility."

Uncle Dao said: "Don't say that, no one can blame what happened today."

"No!" Chen Feng's voice was very firm, and said: "It is my responsibility. During this period, I am indeed a little more stable, a little more smooth, and a little proud of the spring breeze."

"I behead the giants, I destroy the soldiers and weapons, I behead the half-step Martial Emperor Realm Emperor Lieyang Wenrui, all this makes me a little complacent."

"At the same time, it also made me relax my guard. I should have thought that the Lieyang family would not let me go so easily."

"So, I am to blame for this matter today!"

Chen Feng said, stroking the blood wind in his arms. The blood wind was seriously injured at this time, and he let out a painful moan from time to time in Chen Feng's arms.

It was so small that Chen Feng felt distressed.

He gritted his teeth and said: "So, starting today, I will retreat and cultivate hard. I will make Lieyang Family pay the price of blood!"

He suddenly looked up to the sky and roared, screaming: "When I break through, it will be time to kill the Lieyang Family!"

Chen Feng sat cross-legged on the top of Zuwang Cliff. At this time, his expression was extremely calm, Gujing was waveless, and there was no fluctuation.

In Chen Feng's palm, there were three demon pills.

These three demon pills are all golden yellow, boundless light waves escaping from the inside, and the golden bright light illuminates the surrounding area within a hundred meters.

And in these three golden demon pills, there seemed to be a small world.

The golden light wave has solidified into a golden sand like substance, flowing slowly inside, tilting up and down.

Chen Feng knows exactly what this sands is.

This sands is power!

This golden sand is the essence of the powerful power of these demon kings before they were alive!

These three demon pills were obtained from the three-headed nine-star demon king.

Every demon pill, the power radiating from it is extremely surging, more than ten times more powerful than the demon pill of the previous Eight-Star Demon King?

Chen Feng took a deep breath: "Now, it's time for a breakthrough."

"I use the cultivation base of the third heaven peak of the Dragon Arhat Scripture, which can only be equivalent to half a step in the martial emperor realm, and it is impossible to deal with the one-star martial emperor like the sun."

"I only hope that after absorbing these three demon pills today, I can make a breakthrough."

In the next moment, Chen Fengzhen emphasized it, and held a golden demon pill the size of a small vinegar jar with extremely solemn hands.

In addition to the golden light inside this golden demon pill, there was still a hint of white light flashing.

The white light was extremely sharp, without any gentleness, like a steel knife out of its sheath.

Do not drink blood, do not return the sheath!

This demon pill belongs to the sky hunter, the sky hunter, belongs to the golden monster.

Therefore, the demon pill showed such a state.

Today, it has been more than a month since the last time Chen Feng was attacked. In more than half a month, Chen Feng will be raising his body.

In this process, Wudong Academy gave him a great help.

Feng Hongyun specially brought a Jiuhua Dilu pill to Chen Feng, and the old madman and Liu Chengyi also gifted him some pills.

Otherwise, it is impossible for Chen Feng to recover in such a short period of time. After all, he was injured too badly last time!

Now, with these medicines, not only Chen Feng, but also Uncle Dao and Blood Wind have recovered.

Chen Feng left these distracting thoughts behind him, and then, the three dragon descending Arhat Light Orbs in his body circulated together, and all the strength of the descending dragon Arhat came out!

The nine-star demon king's demon pill is extremely powerful, and its defenses are also very tyrannical. Chen Feng did not dare to underestimate it. All his power of the dragon descending arhat surged toward this golden demon pill.

But what shocked Chen Feng was that when his dragon descending Arhat power hit it, it immediately caused the golden demon pill to rebound.

In this golden demon pill, the phantom of a sky-reaching hunter appeared. This sky-reaching hunter waved the three hunting forks in his hand and stared at Chen Feng with spiteful and angry eyes, as if to He killed it!

But how could Chen Feng give him such a chance?

He was never Chen Feng's opponent before he was alive, let alone now, he can now say that he has no threat to Chen Feng at all.

Chen Feng snorted coldly, and the power of the dragon descending arhat surged out, and directly erased and killed the phantom.

Then, the power of the dragon descending Arhat slammed on the demon pill again.

After the first hit, it didn't break any cracks at all.

The second time is still the same.

It's the third time...

After a full hour, this golden demon pill was still extremely strong, and there was no crack at all.

Chen Feng raised his eyebrows, and suddenly his heart moved, and then his power of descending the dragon and Arhat directly transformed, from the shape just like a sledgehammer into a sharp cone.

This sharp cone was extremely sharp and pierced fiercely on it.

Therefore, Chen Feng immediately saw that a small dent appeared on the surface of the golden demon pill.

A smile appeared at the corner of Chen Feng's mouth, and it seemed that this method worked.

Then, the sharp cone condensed by the strength of the dragon descending arhat pierced fiercely.

Finally, half an hour later, with a boom, a gap was broken on the surface of this golden demon pill.

Then, the golden sand has generally condensed into substantial power, fiercely rushing out of the golden demon pill, and directly poured into Chen Feng's dantian.

As soon as this power entered his body, Chen Feng immediately felt like drinking alcohol, feeling his body relaxed to the extreme, almost ecstatic.

This golden sand possesses incomparably powerful and abundant power.

This power poured directly into the three luminous orbs of the dragon descending arhat, and then turned slightly among them, it was transformed into the power of the dragon descending arhat.

As if it was the last straw that crushed the camel, Chen Feng felt that with a boom, something in his body seemed to be broken, as if some shackles were untied.

The next moment, the surging power of the dragon descending Arhat circulated from the three dragon descending Arhat Bright Orbs, and directly in Chen Feng's Dantian, it formed another Dragon descending Arhat Bright Orb.

This Dragon Dropping Arhat Bright Pearl is extremely subtle, only the size of a grain of rice, but it is extremely radiant, showing a bright golden color from the beginning, completely different from the other three.

Obviously, the quality of this dragon descending Arhat Bright Pearl is higher than the other three!

Chen Feng's dragon power directly increased to 8,000!

His realm also broke through into the fourth heaven!

[Chapter 2260: Baptism of Thunder, Nine-Star Martial King!](#)

There was a smile of joy at the corner of Chen Feng's mouth. He didn't have any stagnation and broke through directly, but he didn't stop and continued to absorb frantically.

The sands are constantly being absorbed, and the power of the dragon descending Arhat is constantly transformed!

Chen Feng was immersed in the practice, completely forgot the time outside, the sun and the moon outside.

At this time, it had already changed from the rising sun to the setting sun, but Chen Feng remained motionless.

Uncle Dao and Xuefeng looked at him with concern, but they were not very worried.

Chen Feng's face was serene and quiet at this time. Obviously, there was no danger. On the contrary, there was still a faint smile at the corner of his mouth, which showed that he was in an excellent state!

As time passed day by day, Chen Feng remained unmoved.

And around his body, there was a dark golden light lingering, and all the dust and impurities were exhausted.

Chen Feng is like shrouded in the light of Buddha, very detailed and very quiet!

And Chen Feng was immersed in the pleasure of increasing power, extremely happy.

I don't know how long it took, and finally, the last trace of sand-like power was refined by Chen Feng.

At this time, Chen Feng's fourth dragon descending Arhat Bright Pearl shined brightly, from the size of a grain of rice to the size of a longan.

The power of his dragon descending arhat directly increased from 8,000 to 9,000 with a bang!

The power of nine thousand dragons!

This golden demon pill directly increased Chen Feng's power by a thousand dragons.

At this time, Chen Feng opened his eyes, a smile appeared at the corner of his mouth, and he sighed softly. He could feel the incomparable power in his body!

He whispered to himself: "The Demon Pill of the Nine-Star Demon King is really powerful, and one demon pill has allowed me to increase the power of a thousand dragons."

"If I absorb all these three demon pills, I don't know how far my dragon power can be!"

"And this is only for the Nine-Star Demon King. If it were a half-step Demon King, or even the Demon Pill of a Demon King Realm powerhouse, how terrifying would it be?"

Chen Feng was looking forward to it!

At this time, he blinked and saw Uncle Dao and Blood Wind next to him, as well as their concerned eyes.

Chen Feng raised his eyebrows and smiled and said, "How long did I use it?"

Uncle Dao said: "Ten days!"

"Ten days?" Chen Feng slowly nodded, "Sure enough, the Demon Pill of the Nine-Star Demon King is so difficult to refine! But it's all worth it!"

At this moment, Chen Feng's heart suddenly moved, and he felt the martial art Tianhe in his body quietly turning around.

Chen Feng knew that the opportunity for breakthrough had arrived.

The martial arts Tianhe rushed wildly, violently impacting the void at the end of the Tianhe.

As a result, the void collapsed, and the martial arts Tianhe spread rapidly.

At the same time, Wudao Tianhe's reaction also made the sky feel.

So, above the sky, thunderclouds gathered, and with a thunder, a thunderbolt smashed down.

This time there is no such thunder forest, and there is no boundless thunder, there is just a thunder, a lightning!

This lightning flashed across the sky like a tree branch.

At the beginning, it seemed to appear at the far end of the day, and it looked extremely small, but when you got closer, you would find it, where is it small?

Obviously it is extremely huge! Extremely fierce!

This lightning thunder was getting closer and closer to Chen Feng, and when he got closer, Chen Feng saw that the length of this thunder was more than 100,000 meters?

The diameter has reached as much as tens of meters, as thick as a small hill, and smashed at Chen Feng.

This kind of power shocked Chen Feng's heart!

Even Chen Feng felt a strong danger.

He was horrified: "Now, my strength has reached the level of the fourth heaven of the General Outline of the Dragon-Dragon Arhat Scriptures, and has exceeded the half-step Martial Emperor Realm, but my defense still stays in the half-step Martial Emperor Realm. status!"

"If you are hit by this thunder, you will be seriously injured even if you don't die. I'm afraid it will take half a year to recover!"

"This thunder is absolutely no less than the full blow of a one-star Wuhuang!"

Uncle Dao shouted loudly beside him: "Little Master, this is the most powerful thunder in the Martial King Realm, and the last thunder!"

"I don't know how many warriors have died under this thunder, but as long as they can continue, it will be of great benefit to cultivation in the future."

And at this moment, suddenly, the little thunder dragon statue hanging in Chen Feng's neck suddenly bounced off!

Chen Feng didn't control it at all, and Chen Feng couldn't control it either. It just flew directly on its own, facing the huge tree-like lightning and thunder.

Chen Feng was taken aback, but then, he was very happy, and immediately realized that for this thunder dragon statue, this should not be a bad thing.

In the next moment, this huge lightning thunder struck the Thunder Dragon statue.

The thunder dragon statue not only was not destroyed, but it shined brightly.

Around the Thunder Dragon statue, a black vortex was even more formed, as if the void had been sucked in. This black vortex sent extremely powerful suction power. This lightning and thunder was actually directly caused by this powerful suction power. Inhaled, swallowed in.

It disappeared almost instantly.

In an instant, it turned from the turbulent waves just now to the current wavelessness of the ancient well, and it was peaceful.

Chen Feng was stunned when he saw this scene. He didn't expect this Thunder Dragon to have such great power.

The Thunder Dragon statue swelled in an instant, and then returned to normal.

It's just that he has changed from the lifelessness before to a faint lightning glow lingering around him now.

Chen Feng took back the Thunder Dragon statue and looked carefully, only to find that there was nothing more than this change!

However, Chen Feng has a feeling that if the Thunder Dragon statue was a dead object before, it has now been alive!

At this time, the martial arts Tianhe in Chen Feng's body had reached a total length of 90,000 meters, and it was stabilized.

Chen Feng's realm has already broken through to the nine-star martial emperor, and at this time, his combat power even surpasses the half-step martial emperor realm, approaching the one-star martial emperor!

But Chen Feng felt that it was not enough.

A cold smile appeared at the corner of his mouth: "The Lieyang Sun wins. My goal is to kill you, but to destroy the entire Lieyang Family. How strong is this strength now?"

"I want to continue to break through!"

Chen Feng continued to sit cross-legged, holding the two demon pills in his hands, and began to absorb.

Incomparably powerful power poured into his body, the power of the dragon descending Arhat continued to increase, and the light of the fourth dragon descending Arhat bright bead kept expanding.

The power of nine thousand one hundred dragons, the power of nine thousand two hundred dragons... the power of nine thousand seven hundred dragons... the power of ten thousand dragons!
