[Chapter 2281: Taiyi Diling Xuelian got it!](#)

The great witch doctor said slowly: "Our White Elephant tribe is different from other tribes, but the saint is the honor."

"Begin as a saint, and later become a patriarch, and every patriarch will go to a very talented woman in the tribe as a saint when she is old and less than a few years of life left."

"That is, the candidate for the next patriarch, so our White Elephant tribe can continue to grow and develop, because every leader is extremely talented."

"And this saint was only seven years old, and she was also captured by the Blackwater Black Snake Tribe."

"I want you to take her and escape!"

Chen Feng raised his eyebrows: "Anything else? Do you want me to help her restore the country?"

The great witch doctor said slowly: "If I asked you to help her restore the country, would you agree?"

Chen Feng smiled: "Of course not."

The great witch doctor laughed: "So, how could I mention it?"

"We are both smart people. I won't mention a condition that you can't accept. I only have this one condition!"

Chen Feng said without hesitation: "I think I still have this ability, so I promise you this condition."

"Okay." The great witch doctor smiled quietly, without any hesitation, he directly took out a **** feather from the fiery red feather clothes on his body.

Then, he wiped his hand slightly.

Suddenly, in front of him, a small space appeared.

He smiled and said: "The Black Water Profound Snake Tribe caught me and wiped out all the savings on my body, and none of the space rings were let go."

"But how can the magic of the first-grade witch doctor be beyond their estimation?"

"There are a lot of bits and pieces hidden in me!"

With a laugh, he grabbed a white jade box from the space and opened the jade box. At this time, a snow lotus was lying quietly inside.

This snow lotus has been picked for a long time, but it is very well preserved, and it still looks full of life, as if it had just been picked from a branch.

Even, on the snow lotus petals that were crystal clear as jade, there was still dew, full of vitality and vitality.

Chen Feng's breathing became heavy in an instant, and he whispered: "Taiyi Diling Xuelian, is this really Taiyi Diling Xuelian?"

Although it was the first time I saw it, the image of the Snow Lotus of the Taiyi Land had been circulating in Chen Feng's mind many times. He immediately judged that it was definitely the Snow Lotus of the Taiyi Land, and it was The effect is very good, the kind of very long year.

Chen Feng's heart was beating wildly: "Uncle Dao is saved, Uncle Dao is saved."

The great witch doctor directly handed the Taiyi Di Ling Xuelian to Chen Feng, and Chen Feng took it seriously.

Then, the great witch doctor asked: "Then, when are you going to save the saint?"

Chen Feng said: "Where does the saint live?"

The great witch doctor pointed to the northeast and said, "I live only a kilometer away from my house."

Chen Feng frowned and said, "If that happens, I can't save him now."

"It took me several hours to come here just now, because this ministry is too huge, so what if I rescue her?"

"After alarming others, there must be a master to intercept it, and this tribe is so huge, if someone intercepts it, I will be overtaken if I can't run far."

"When the time comes, I will not be able to escape under the interception."

"If this tribe has a radius of only a few tens of miles, it would be very easy."

The big witch doctor smiled and said, "No need to be so troublesome. Since I made this proposal, then I must have a way."

He slowly stood up and said lightly: "I'll go with you, and you will just run away with the saint. I am responsible for breaking the queen for you."

"I didn't do this before, because I was the only one who was isolated and unable to help. If I run away with the saint, I will definitely be stopped."

"And now, we have two people, one can take her to escape, and the other can intercept the chasers."

"Leave me the task of intercepting and chasing soldiers!"

Chen Feng looked at him, his expression was still calm, but there was already a hint of determination in his eyes!

Obviously, he has decided to go desperately!

Then, the great witch doctor took off his red feather coat again, and handed it to Chen Feng and said, "I gave this thing to the saint. After you show it to the saint, she naturally knows what to do."

Chen Feng nodded in response and put away the red feather coat.

Then, the great witch doctor stood up slowly, came to the window, smiled slightly outside, and suddenly his sleeves flicked.**nOveLuSB.com**

Chen Feng shook his head and smiled bitterly, and groaned feebly, "Here is another trick."

It seems that these witch doctors like to play this trick, but the power of the poison mist of the great witch doctor is much stronger than those that Chen Feng encountered.

As he flicked his sleeves, a colorless and odorless aura diffused, covering the entire courtyard in a blink of an eye.

Then Chen Feng saw that the guards were all stagnant, and then first sat down, and then lay down slowly, but there was no movement.

The weird thing is that when they fell to the ground, they even put their weapons on themselves carefully to prevent the weapons from falling to the ground.

"Okay, let's go." The great witch doctor raised his chin.

The two quietly sneaked out of the courtyard, and soon came to the place where the saint of the White Elephant tribe was.

This is also a small courtyard, and the two sneaked in quietly and came to the main hall. A little girl was sitting cross-legged there, seeming to be practicing.

Chen Feng's whole body was shocked when he saw it, an indescribable breath penetrated from the sole of his feet to the sky spirit cover, and there was an indescribable excitement in his heart.

What kind of girl is this!

This woman can be said to be beautiful in appearance, although she is only a child under ten years old, but the breath of beauty to the extreme has been revealed.

Moreover, her temperament is icy, pure and noble, making people dare not to violate her.

The most important thing is that the aura that comes out of this girl is extremely delicate, the delicate aura of Zhong Tiandi, as if this is not a human being, but a body condensed from heaven and earth aura!

From the inside to the outside, it is extremely clear and extremely transparent.

Even her body at this time is faintly transparent and exudes holy light.

With Chen Feng's current eyesight, it was natural to tell at a glance that her body was definitely higher than her own.

The cultivation speed is extremely fast, and there is almost no stagnation.

Chen Feng exclaimed: "You deserve to be the saint of the White Elephant tribe, this kind of talent is too scary."

The arrival of the two of them was immediately noticed by the White Elephant Tribe Saintess, and she suddenly opened her eyes, revealing a sense of fierceness and guard in her eyes.

[Chapter 2282: Escape from the black water mysterious snake department](#)

But when I saw the great witch doctor, the guard on this face immediately disappeared, turning into a strong feeling of nostalgia and admiration.

There was a look of joy on her face, and she shouted, "Grandpa, you are here."

It turned out that the great witch doctor turned out to be her grandfather.

The great witch doctor also showed a loving smile on his face, but he didn't have time to say more, he just lowered his voice and said, "Yaoyao, you will follow this big brother from now on and listen to him, do you hear?"

Yaoyao glanced at Chen Feng suspiciously, but didn't say much, just nodded sensibly.

There was even more worry in her eyes.

At this time, the great witch doctor no longer explained to her any more, and directly grabbed her by the hand, and it was the two of them with Chen Feng that led her to rush out.

With a wave of his sleeve, he still fascinated everyone in the courtyard.

But something unexpected happened. Just when the three of them stepped out of the courtyard, there was a loud warning sound in the courtyard, and there were countless rays of light drifting out of the courtyard, condensing in the sky above the courtyard. A huge white jade mirror.

This white jade mirror gleamed brightly, extremely dazzling.

In an instant, the entire Heishui Profound Snake Tribe's central location could be seen clearly.

Seeing this scene, Chen Feng was shocked.

The great witch doctor smiled bitterly and said: "Sure enough, as I expected, they value Yaoyao far more than me, and it is impossible not to impose restrictions on her."

"As soon as Yaoyao left the courtyard, the alarm sounded loudly in the courtyard."

He shouted violently: "Go! Go!"

The three of Chen Feng did not hide their whereabouts, but rushed outward at a very fast speed!

And at this time, from the holy mountain in the center, there was already a roar, and seven or eight silhouettes were chasing here.

The one at the foremost is the dead wood elder.

After seeing Elder Witherwood, the great witch doctor immediately showed a sense of despair on his face. He gritted his teeth and shouted: "You quickly take the saint out, I will stop them!"

Chen Feng nodded, he didn't even stop at the slightest, just grabbed Yaoyao, and swiftly swept out.

He didn't even turn his head back.

The two of them had already agreed, and what Chen Feng had to do now was to complete the agreement between them.

He admires this kind and wise elder very much, so the best way to respect him is to fulfill his entrustment.

Chen Feng only heard a roar and crazy crashing behind him, obviously they had already started.

After Chen Feng stopped hiding his speed, he was almost at the extreme.

At this time, in front of Chen Feng, more than a dozen figures also rose into the sky. Among them were these half-step martial arts realm powerhouses, and a large number of martial arts realm masters.

These are the next-level powerhouses in the Black Water Profound Snake Tribe, and they should not be underestimated either.

Chen Feng roared: "Get away!"

In the next moment, a burst of bronze light flashed from his body, and his body instantly turned into a seven-treasure body of bronze, like the ancient fine bronze casting, rushing forward frantically.

With one punch, he smashed two half-step martial arts masters to death, and then kicked them out again, and a bunch of martial arts masters were killed by him!

With just one punch and kick, Chen Feng had killed them all and opened a way.

Seeing this scene, the rest of those who lifted into the air also exclaimed: "This person is amazing, not to be underestimated!"

People continued to fly into the air to intercept, but after Chen Feng turned into a seven-bronze body, his strength was extremely powerful and almost indestructible. They had nothing to do with Chen Feng.

Those who can deal with Chen Feng have been blocked by the great witch doctor.

I don't know how long it took, Chen Feng finally came to the edge of this tribe!

At this time, Chen Feng also heard a screaming scream from behind, which belonged to the great witch doctor.

Yaoyao had always been squeezing a small face, her face was extremely cold, without the slightest change in her expression, but at this time, he finally couldn't help it anymore and let out a stern cry, tears streaming down her face.

When Chen Feng looked back at this time, he could see nothing but a powerful voice resounding.

The great witch doctor shouted sternly: "Your Royal Highness, you must escape, you must save your life, only you can feed me and leave a trace of seedlings for my white elephant tribe and a trace of blood!"

"Only when you are here, our white elephant tribe can continue to pass on!"

The voice stopped abruptly. Obviously, this respectable old man had been killed.

Chen Feng said softly: "Let's go!"

As soon as he pulled the clothes of the saint of the White Elephant tribe, the two quickly left here and disappeared into the darkness of the distant mountains.

After a while, Elder Deadwood and others came here.

His face was extremely cold, and he said with a cold voice: "Search, search for me, dig three feet in the ground, and find those two people out!"

But where is it so easy?

It is easy for them to destroy a tribe, because there are many people in the tribe, it is difficult to relocate, and it is a bit too difficult to find two people in this vast jungle, one of whom is still a powerhouse equivalent to a one-star martial emperor. Up.

Here is a vast jungle.

Chen Feng was running wildly in the jungle with Yaoyao, the saint of the White Elephant tribe. His direction was toward the north, which was a full 170,000 miles away from the Blackwater Profound Snake Tribe.

It was hundreds of thousands of miles away from the border between the Southern Wilderness and the Tianyuan Dynasty.

Chen Feng's current goal is naturally to return to the Tianyuan Dynasty.

At this time, the chasers sent by the Black Water Profound Snake Tribe were completely left behind by him. They didn't even catch Chen Feng's shadow, so Chen Feng escaped.

I don't know how long he ran. After a long time, Chen Feng felt the fire in his chest and lungs. He just stopped and took a long breath.

Then, he found a quiet and remote mountain valley, turned around and looked at Xiang Yaoyao.

Yaoyao stepped down from Chen Feng's back and said nothing, but walked to sit quietly on a rock next to her and said nothing.

Chen Feng looked at her, a look of worry flashed in his eyes.

Yaoyao has been like this since the night he escaped from the Black Water Profound Snake Tribe, she said nothing.

Give her food, she will eat, give her a drink, she will drink, but she said nothing.

Chen Feng knows why. She is overwhelmed. As an adult, the pain of losing a loved one is almost unbearable, not to mention that she is just a child.

Chen Feng walked to him, squatted down, and said softly, "Yaoyao, your grandfather has passed away, and people cannot come back from death."

"But you can fulfill his sustenance and hope for you during his lifetime."

[Chapter 2283: Li Binbai shot!](#)

"After you are done, you can comfort him with the spirit of heaven and make him feel at ease."

Yaoyao listened to Chen Feng's words, the expression on her face was also indifferent from the beginning, and slowly changed.

Suddenly, there were tears lingering in her eyes, weeping in mourning, and later, it had become howling.

She seemed to want to vent all the grievances and pain she had suffered.

Chen Feng didn't say much, or even exhortation, just stood quietly beside him.

After a while, Yaoyao stopped crying, her expression became calm again, and there was a hint of hatred in it.

She whispered: "Grandpa's last wish, I will definitely realize. I will rebuild the White Elephant Tribe and carry it forward so that Grandpa will not be disappointed."

"And I will avenge Grandpa's grievance!"

She spoke very solemnly.

However, Chen Feng knew that this was not a kid's joke, she would really do it, and she really had this ability.

"Hahaha, good ambition, but, unfortunately, you won't have this opportunity!"

At this moment, a voice suddenly came from the void, which was full of jokes.

Chen Feng's expression suddenly changed, and Yaoyao was behind him.

Then, in the void not far in front of Chen Feng, the air was distorted, and a figure appeared quietly.

After seeing his appearance clearly, Chen Feng suddenly exclaimed: "It turned out to be you?"

He has recognized Li Binbai.

"Of course it's me!" Li Binbai let out a wild laugh: "Chen Feng, you didn't expect it! I have followed you since you left Tianyuan Imperial City!"

"What?" Chen Feng was startled, and then he woke up: "It turns out that you not only want my life, but also the Snow Lotus of Taiyi Land!"

"Haha, that's right, he is really a smart man, but it is a pity that from today onwards, there will be one less smart man in this world."

Li Binbai laughed wildly: "Not only you, but this little guy, I won't let her go!"

"Natural spirit, this is a natural spirit body, do you know how precious this is? It is more precious than your Taiyi Emperor Mausoleum Snow Lotus? I don't know how many times it is!"

He let out a frantic laugh: "God really treats me not so badly, and even let me meet a natural spirit body!"

"Natural spirit body? What is that?" Chen Feng asked nonchalantly.

He was delaying time, thinking about countermeasures.

Li Binbai laughed and said: "Little boy, I forgive you for not knowing it. With your shallow knowledge, it is a ghost to know."

He proudly said: "I'll tell you about it, anyway you are going to die, I will let you die clearly."

He raised his eyebrows and said coldly: "The god-given divine body in your mouth is actually an exaggeration. It should be called a god-given body! It's just stronger than the average body."

"It's just a natural physique of the lowest level. Above the strong body, there are also the god-given spiritual body, the god-given divine body, the god-given immortal body, and even the god-given Taoist body."

"This God-given Taoist body is said to be the most advanced. It is integrated with the Great Dao of Heaven and Earth without even practicing. As long as you grow to a certain age, you can naturally comprehend one or more of the Great Dao of Heaven and Earth, and it will naturally become a universe. Master!"

"Universe, do you understand?"

He said in a huge exclamation tone: "That contains countless worlds like the Dragon Vein Continent!"

"Of course!" He smiled and said: "That's too far away from us, not to mention this, let alone god-given Dao body and god-given immortal body, even if it is a god-given divine body, it is impossible to see in the world of the level of Dragon Vein Continent. Arrived."

"In the Dragon Vein Continent, the highest-level physique is the godsend spirit body, she is like this."

As he spoke, he pointed to the little girl.

"The saint of the White Elephant Tribe, she is a god-given spirit body."

He was extremely greedy in his eyes: "Her god-given spirit body, crystal clear, and extremely powerful, it is a hundred times faster than others in practice."

"If I get it, no matter if I eat it raw or take medicine and refine it into a pill, it will double my strength, even across several major levels."

He let out a burst of laughter: "If I swallow her now, my strength can be directly upgraded to three levels and become the top master of Wudong Academy!"

"At that time, even the old thing hiding in Sky Splitting Island will not be my opponent. I will dominate the entire Wudong Academy!"

Chen Feng's eyes flickered, and suddenly he grabbed Yaoyao's hand, took Yaoyao, and rushed outward at a very fast speed.

He didn't hesitate at all, there was only one word before his eyes at this time, that is: escape!

Chen Feng once heard Liu Chengyi and the old madman talk about Li Binbai's strength. Li Binbai's strength is extremely powerful. Daliushu and the old madman are considered first-class figures among all the Chongxiao elders in Wudong Academy, and Li Binbai Better than the two of them, the strength reached the realm of two-star Wuhuang.

Chen Feng didn't think he had the strength to rival him now.

Faced with him, carrying hard was the most stupid choice, so Chen Feng chose to escape.

Seeing Chen Feng's reaction like this, Li Binbai's mouth showed a sneer: "It's worthy of being a prestigious young hero. The response is really correct, but do you think you can escape?"

His figure flashed, and he didn't see much effort, only a stream of light flashed, and Chen Feng suddenly stopped.

Because Li Binbai has appeared 100 meters away in front of Chen Feng.

Chen Feng tried his best to run so far, but he only caught up with him in a moment, which made Chen Feng feel desperate. *Novels8.Com*

Li Binbai's realm is too high and his strength is too strong, and Chen Feng can't escape at all.

But Chen Feng didn't feel discouraged. He gritted his teeth and fled in another direction.

Li Binbai also flashed his body and once again stood in front of Chen Feng.

With a joking smile on his face, he looked at Chen Feng as if playing.

Chen Feng took a deep breath. As if he had made some decision in his heart, he suddenly took out the red feather coat and gently put it on Yaoyao's body.

On this red feather coat, the bright light flowed, penetrated into Yaoyao's body, turned around, and then seeped back again.

Chen Feng felt that this red feather coat seemed to have spirituality and had already recognized the master.

It is completely integrated with Yaoyao at this time!

Chen Feng squatted down, holding Yaoyao's small face in both hands, Yaoyao's clear and clean eyes looked at Chen Feng suspiciously, wondering why he did this.

Chen Feng lowered his voice and said, "Yaoyao, I will start with this old thief later, and you will run away desperately, do you hear it?"

[Chapter 2284: The horrible Li Binbai!](#)

"Leave me alone, you can just run away desperately."

Yaoyao's face showed a huge astonishment, she looked at Chen Feng, and she was a little cold, even with a trace of hostility in her eyes, and a touch of emotion flashed in an instant.

She did not expect that Chen Feng would sacrifice herself to protect her!

A chuckle appeared at the corner of Chen Feng's mouth, and said, "I promised your grandpa that I must protect you and take you out. Unfortunately, I can't do it."

"The only thing I can do now, and I will try my best, is to let you escape!"

"You just flee to the north, do you hear it? When you fled to the Tianyuan Dynasty, you put away this red feather coat, it's so eye-catching!"

"Don't have contact with the people in Nanhuang, and don't let the people in Tianyuan Imperial City know your identity. Many greedy people will definitely catch you if they know it, and give them credit!"

Chen Feng earnestly exhorted, then patted her little face lightly, smiled slightly, and stood up.

At this time, he was absolutely determined!

Li Binbai said coldly, "Boy, you are trustworthy."

Chen Feng said word by word: "It's a promise!"

He faced Li Binbai with a stern smile at the corner of his mouth, and shouted sharply: "Li Binbai, come on! Since you want to take my life, let's fight!"

The gentleman did something, Chen Feng agreed to the great witch doctor, then he would definitely be able to do it.

With that said, Chen Feng was holding a blood-stained giant knife, and with a forward-looking attitude, he slayed hard towards Li Binbai.

Chen Feng took the initiative to launch an attack!

Behind Chen Feng, tears in Yaoyao's eyes were already oozing out!

There was a sneer at the corner of Li Binbai's mouth: "Dare to confront me? It's like a worm shaking the tree, and I can't help it!"

He patted it with a light palm, and the powerful force of the Second Star Martial Emperor burst out, completely crushing Chen Feng.

The blood-stained giant knife in Chen Feng's hand was hit with a great shock, and with a bang, the blood-stained giant knife was almost completely shattered, and it was covered with deep and shallow cracks.

Although it was still maintained for the time being, it was only one step away from being broken.

As for Chen Feng himself, his whole body trembled even more, a mouthful of blood spurted out, and he was about to fly out.

However, just as she was about to fly out, Li Binbai sneered: "You can't do anything without my consent!"

As he said, he stretched his fingers straight forward, and immediately, that tyrannical power condensed into a huge claw, and then he grabbed Chen Feng fiercely.

The huge paw directly grabbed Chen Feng in it, and then shrank inside.

Kakaka, suddenly, Chen Feng didn't know how many bones were broken in his whole body, and the blood squeezed out crazy.

Chen Feng's body was getting smaller and smaller, almost squeezed into a ball.

And Li Bin smiled grimly, the huge claws kept shrinking, and it was filled with the power of the two-star martial emperor, Chen Feng couldn't get rid of it anyway.

Seeing the next moment, all his musculoskeletal meridians will be squeezed alive!

Until this time, Chen Feng still did not give up resistance, he struggled frantically, but it was useless at all.

At this moment, suddenly, Chen Feng heard a young girl's stern shout behind him.

Inside that sharp drink, it was full of anger.

And the next moment, he saw Li Binbai on the opposite side, with a look of horror on his face, staring behind him, and let out an incredulous roar!

It turned out that at this time, above Yaoyao's body, red light waves surged, and behind him, above the red feather clothes, there was red light.

The next moment, a huge firebird phantom appeared in the sky.

This huge phantom of the Firebird conceals the sky and the sun. It has six wings and a long tail, which is gorgeous and majestic.

The huge tail wing slammed, and slammed it towards Li Binbai, just hitting Li Binbai's palm of strength.

With a bang, his huge claws shattered directly, and Chen Feng felt that all the restraints around him disappeared, and he immediately resumed his actions.

In the next moment, this huge six-winged firebird rushed towards Li Binbai, wrapped in supreme power, and had an indomitable posture, which was extremely fierce.

It was going to fight Li Binbai desperately!

This blow covered the sky and the sun, and came whizzing, with a power that surpassed the level of the two-star Wuhuang, so Li Binbai did not dare to underestimate it.

He didn't care about Chen Feng anymore, and he was ready to meet the blow.

And Chen Feng didn't hesitate. He just turned around and hugged Yaoyao, and flew towards the distance.

He knows that opportunity cannot be missed, and if it is lost, he will die here today.

Chen Feng didn't know how far he escaped. Behind him, there was a loud bang suddenly.

Chen Feng looked back in amazement, and saw that the sky over there seemed to have turned red!

In fact, Chen Feng did not see that after the huge red firebird hit Li Binbai, it flashed and exploded. The firebird dissipated directly, and Li Binbai also made a muffled hum, and his stature retreated hundreds of feet. Far away, the blood in his mouth squirted out like no money.

There were countless explosions above his body.

At this time, Li Binbai was directly severely injured by this blow, which shows the tyrannical power of this blow!

However, the huge firebird has also disappeared.

Chen Feng asked Yaoyao in shock, and said, "Yaoyao, you made this huge Firebird company?"

Yaoyao shook her head and said, "It has only a little relationship with me. It is driven by me, but it is with the power of Red Phoenix Yuyi."

It turned out that this was called Red Phoenix Yuyi. www.17eLush.com

Chen Feng looked at the Red Phoenix Yuyi, and saw the fiery red Yuyi that was originally extremely bright, but the light was already dim at this time.

As a result, his following words were clear without asking, thinking that within this period of time, there is absolutely no way for Red Phoenix Yuyi to launch such an offensive!

Yaoyao said, "This trick is stored in this Red Phoenix feather robe."

"In Yuyi, there is the power of the magic circle that can recover by itself, but the recovery speed can't keep up with the use. Every time this trick is used, it will take a month to recover." Yao Yao said.

Chen Feng nodded slowly.

run!

Chen Feng is running crazy!

He didn't spare any trace of his own power, the power of his whole body surged crazily, and the dark golden light of the power of the dragon descended on his body.

Chen Feng is naturally evading Li Binbai's pursuit.

And he has maintained this state for three whole days, and Chen Feng felt that he was almost exhausted, and his body strength was almost exhausted.

[Chapter 2285: In desperation](#)

He couldn't even catch his breath, there was a pain between his chest and lungs, and even the inside of his throat was hot, and a smell of fishy sweetness was radiating from time to time.

Suddenly, Chen Feng uttered a wow, a mouthful of blood spurted out, he was vomiting blood from running.

In the next step, if Chen Feng runs like this, he will run to death.

But Chen Feng didn't dare not run like this.

Because, compared to his strength, his light-weight technique is really too bad, and the speed of advancement is too slow.

Therefore, Chen Feng now simply uses the power of the dragon descending Arhat to drive his body to run, and he has abandoned the previous light body exercises.

But even so, Chen Feng knew that he couldn't escape the attack of Li Binbai behind him.

Therefore, Chen Feng did not hesitate.

In three days, after three full days, Chen Feng estimated that he had already run hundreds of thousands of miles away!

But he still felt unsafe. On his back, Yaoyao's face was also pale.

For these three days, she was not having a good time.

After all, she is a little girl with low strength, even if she is extremely talented, her strength is limited.

After these three days, for her, it was like **** torture.

But she knew that Chen Feng was more tired and bitter than him, so she gritted her teeth and did not make any uncomfortable sounds. Instead, she stretched out her sleeves from time to time to wipe sweat on Chen Feng.

Chen Feng raised his head and saw that not far in front, there was a tall and active cliff. The height might be as high as five to six hundred thousand meters. On both sides, there are huge stretches of mountains. There is no edge at all.

This mountain range is like a huge screen, suddenly rising from the ground.

At the end of the cliff, there are countless huge trees growing, which is obviously a huge mountain.

Even though there are many mountains in the Southern Wilderness, Chen Feng has never seen such a huge one.

There was a touch of fortune on his face, and he said, "Yao Yao, this mountain is so huge, there should be a very strong monster inside."

"We will run into this mountain. If Li Binbai comes after him, maybe the strong man will fight him first, and we will have a chance to escape!"

At this moment, suddenly, a faint voice came from behind: "Chen Feng, you are really fast enough to run!"

The sound was very soft, but it fell in Chen Feng's ears, and it was no different from the sound of a Ben Lei.

This is the voice of Li Binbai.

When Chen Feng looked back, Li Binbai had already caught up.

There are still many wounds on his body, and his face is a little haggard, and there is blood overflowing from the corner of his mouth.

Obviously, the injury caused by that blow a few days ago was definitely not easy to heal.

At this time, he was still seriously injured.

But Chen Feng knew very well that even so, he was not his opponent.

Li Binbai's voice was cold: "I originally planned to give you two a happy one, so I would kill you and eat her, but now it seems that this is not possible!"

He smiled sullenly: "If you were to fight with your hands, it would be fine, but you still dare to resist? You dare to hurt me? How can I easily spare you two?"

"Chen Feng, I will torture you to death. As for you, you little girl, although you are not very old, but it happens that I am very interested in your body!"

He chuckled slyly: "A little girl who is so beautiful and cute, if she plays with it, she must be very refreshing!"

As he said, he let out a lewd smile.

Chen Feng heard the whole body cold, and screamed: "Old stuff, you are simply a beast!"

Li Bin Baiyin sneered: "Yes, but what can you do to me?"

With that said, a palm hit!

Chen Feng hurriedly took Yaoyao into his arms and protected her, but this also made him unable to block this palm at all.

With a bang, Chen Feng spurted blood, and was directly smashed for several kilometers, hitting heavily on a cliff.

Chen Feng felt that all his bones were about to break.

One punch, just one punch, severely injured Chen Feng.

Even, at this time, his vision is already blurred!

The two-star Wuhuang realm is really terrifying!

Then, Li Binbai stepped forward again. He pulled Chen Feng by the collar and lifted him up, with a grinning smile, suddenly a punch on his chest and abdomen.

With a wow, Chen Feng spewed out another big mouthful of blood, and his chest and abdomen were almost beaten to death.

A puff of blood leaked out from behind him, rushing fiercely on the rock wall.

Li Bin smiled and said, "Dare to kill my grandson, right?"

As he said, he punched Chen Feng's shoulder again, and this one almost smashed Chen Feng's left shoulder, and another large piece of blood sprayed on the cliff.

He grinned again and said, "Dare to resist, right?"

With that, it was another punch.

He shouted sharply: "You dare to hurt me, right?"

Another punch!

He punched every time he asked.

In a blink of an eye, dozens of punches were already punched, and every one of these punches hit Chen Feng.

It's just that he deliberately tortured into madness, and didn't make any heavy moves at all, otherwise, a punch would be enough to kill Chen Feng.

He was to torture Chen Feng and make him suffer.

And such continuous blows made Chen Feng almost unbearable.

His body is like a tattered puppet, rubbed to and fro in Li Binbai's hands!

Chen Feng almost lost consciousness, his eyes were blurred!

At this time, his power of the dragon descending Arhat was exhausted, and the four dragon descending Arhat Bright Orbs were extremely dim.

His martial arts Tianhe has also dried up!

However, what everyone didn't notice was that at this moment Chen Feng's blood quietly poured into the ancient scroll he placed next to him.

This ancient scroll exactly describes the location of the tomb of the Great Emperor Yin and Yang. *NovelUSB.com*

After soaking Chen Feng's blood donation, the next moment, on the ancient scroll, a touch of pureness to the extreme, composed entirely of black and white, quietly released.

Then, it was splashed on the cliff.

After that, there was a slight sway on the cliff, but there was no movement.

At the next moment, the cliff seemed to be alive. In this black and white light, Chen Feng's blood quietly penetrated, and then the blood began to turn on the cliff.

In the end, a pattern of yin and yang is formed, black and white.

At a glance, on this cliff, Chen Feng's blood gathered into tens of thousands of small yin and yang patterns!

And the next moment, these yin and yang patterns actually gave birth to an induction, which penetrated directly into Chen Feng's body.

At this time, Chen Feng was in a state of confusion, and he felt like he was falling and falling crazily.

[Chapter 2286: The Tomb of the Great Emperor Yin and Yang is open!](#)

He knew that if he fell to the deepest point, he would be completely dead.

Everything will be annihilated, but Chen Feng is unable to stop it.

But at this moment, Chen Feng suddenly felt the light in front of him, and the next moment a huge yin and yang pattern appeared in front of him. The light was so bright, illuminating the world.

In an instant, that trace of yin and yang patterns enveloped Chen Feng's spiritual wisdom, making Chen Feng's spiritual consciousness immortal and unconscious, and he remained awake in an instant.

In his body, a strength that had been buried for a long time quietly emerged.

Chen Feng was extremely shocked: "What is this? The power that quietly emerged from the deepest part of my body turned out to be..."

He said in amazement: "This turned out to be the power of Yin and Yang! And this is the power brought by the Nine Yin and Nine Yang Magic Techniques!"

Chen Feng has almost forgotten about the nine-yin-nine-yang magical technique. This technique that once made him extremely powerful, has since been unable to keep up with his strength, even the trace of Yin-Yang power, Chen Feng has forgotten.

But at this moment, that trace of yin and yang power suddenly appeared.

The next moment, Chen Feng suddenly burst into two rays of light, one white light and one black light.

The black and white rays of light actually formed a huge yin and yang pattern. Li Binbai, who was holding Chen Feng in his hand, felt that the incomparable light rushed toward him, and it was a direct shock that he retreated. It took dozens of steps to stand firm.

A look of horror appeared on his face: "What is this?"

At this moment, in his opinion, Chen Feng was completely covered by the yin and yang rays.

And then, this yin-yang light and the yin-yang pattern on the cliff wall complemented each other, and suddenly, a passage appeared on the cliff wall.

This passage is not like a cave. It looks like a passage, perfectly round, but in fact it is a void road, as if opened in the void.

Li Binbai was startled when he saw this scene, and then suddenly he was extremely greedy.

He exclaimed and shouted: "Could it be that there is an extremely tyrannical, extremely high-level ancient ruin with many strange treasures nearby?"

"Only when the ancient ruins are opened, will this kind of existence similar to the void passage appear!"

His eyes burst with extreme greed, and at this moment, Chen Feng suddenly opened his eyes.

Although he was extremely weak and was about to die almost directly, his eyes were extremely bright and his mind was extremely clear.

Looking at Li Binbai, he gritted his teeth and said: "What you gave today, I will return it ten times in the future!"

With that said, Chen Feng stretched out his hand and grabbed Yaoyao. The next moment, the extremely powerful suction directly sucked from the void channel.

With a flash, Chen Feng disappeared, and Li Binbai exclaimed: "Don't go!"

He frantically chased the void passage, but the black and white light recognized Chen Feng but not him.

With a bang, he bounced off again, and then slowly contracted.

After a while, the void channel disappeared directly!

Chen Feng felt that he didn't know how long he had been wandering in this space and time. He felt that his body had been rolling and falling, and there seemed to be nothingness around him.

And the thing that rolls down is not only his body, but also his spirit, his thinking, and everything about him.

Chen Feng didn't know what to do, and he couldn't do anything. The only thing he could hold fast was the little man in his arms, to prevent her from being separated from himself, and to prevent her from falling into the turbulence of time and space.

After an unknown period of time, Chen Feng suddenly felt a color in front of his eyes.

Although it was only the most monotonous black and white color, it was much better than the chaos and nothingness just now.

Everything is black and white, countless black and white lines are intertwined and disorderly, extremely simple, but extremely complex.

A hint of understanding suddenly emerged in Chen Feng's heart: "These lines are the essence of the world."

"Countless seemingly simple black and white lines are intertwined in the end, but the world is extremely complex and huge."

Then, without knowing how long he flew forward, Chen Feng's face changed again.

It is no longer a simple black and white two colors, but more colors.

It's like colorful ribbons flying, like rainbows.

Looking at Chen Feng, the whole person was extremely quiet, and his heart seemed to be clear and enlightened.

This is not about her physical body, but purely belongs to his spiritual understanding and understanding.

So the next moment, Chen Feng felt that his mental time trembled several times.

The next moment, there was a loud bang in front of Chen Feng, and his eyes went dark, and he didn't know anything.

When Chen Fengyou woke up, the first thing he felt was cold.

It was cold, cold to the bone, as if it was going to be cold into his bone marrow.

However, this cold brings more than just pain, but also a touch of comfort to the extreme.

Chen Feng felt a trace of cold breath seeping in from all parts of his limbs, Baihai's body, and then he kept wandering in his body. When he encountered the wounds, he swept away.

Immediately, the bruises and injuries in Chen Feng's body were all easily resolved.

Where the cold breath passed, Chen Feng's pain disappeared, and he couldn't help but let out a soft moan.

I don't know how long it took before Chen Feng opened his eyes.

At this moment, what appeared in front of him was a large lake.

The water of this big lake is milky white, extremely pure, and has a strong fragrance, but the lake water can't be seen at a glance, and I don't know how big it is.

Above the lake, there was a layer of shallow clouds and mist, which blocked Chen Feng's vision.

Chen Feng's eyes drifted forward, and he saw a small red figure floating there.

Chen Feng immediately swam forward and hugged the little figure in his arms. It was Yaoyao as expected.

At this moment, Yaoyao closed her eyes tightly, but her face, which had been pale due to exhaustion and running around for days, had now completely turned into a rosy face, she looked full of energy, and had great spirits.

Being hugged by Chen Feng, she then woke up with a hint of alertness on her face. **NOvelUs1b.coM**

But after seeing Chen Feng clearly, the alert on his face disappeared immediately. He nestled in his arms very docilely, and asked softly: "Big brother, where are we?"

Chen Feng pursed his lips, his eyes revealed a touch of fanaticism and extreme joy, and he said word by word: "We should be in the tomb of the Great Emperor Yin and Yang now."

"Here is the real mausoleum of Yin and Yang!"

If Chen Feng could not think of anything because of his mental coma before, and his mind was in a chaotic state, and he could not think of it, then if he is back to normal now, he would be stupid.

[Chapter 2287: In the mausoleum](#)

The power of yin and yang that appeared on his body, the pattern of Tai Chi that appeared on the cliff, and the power of yin and yang that bounced off the two-star martial emperor realm powerhouse had already revealed the identity of this place.

Chen Feng sighed and said: "Unexpectedly, I was struggling to find the tomb of the Great Emperor Yin and Yang, but it was hidden in the southern barren mountain!"

Chen Feng felt it for a while. At this time, the injury in his body had recovered almost 30-40%.

Chen Feng exclaimed: "The juice in this white lake is really amazing, and it has healing effects."

He immediately sat cross-legged, ready to absorb it.

But unfortunately, Chen Feng found that he couldn't absorb it no matter what power the imperial envoy had.

There is still no way for Chen Feng to stimulate the only trace of yin and yang in his body.

However, as long as Chen Feng's body is soaked in it, they will automatically heal his injuries.

This made Chen Feng's heart clear, and it seemed that the juice from this place could only be used for healing and could not be absorbed.

Chen Feng lay flat in it. The lake was not deep, only about two or three feet long. He lay there for three full days.

Three days later, the injury had fully recovered.

At this time, Chen Feng also discovered that the water level here was about an inch lower than when he first arrived. **Novelusb.com**

It seems that the energy here is not endless.

"These juices are extremely magical and have healing effects. I left such a serious injury outside and swallowed a lot of panacea. I am afraid it will take half a year to recover, but I recovered in a few days here."

"What I paid was the consumption of a large amount of juice, which has already consumed almost one-thirtieth of it!"

Chen Feng jumped up and laughed loudly: "The feeling of regaining strength is really great!"

Then, he hugged Yaoyao and flew forward all the way.

Chen Feng couldn't fly too high, because the thin cloud covering the lake looked extremely thin, but in fact it was extremely hard.

At the beginning, Chen Feng wanted to fly higher, but he hit the thin cloud directly, almost knocking him alive.

Not that physical abolition, but spiritual.

Chen Feng felt that his spirit was about to be broken up alive.

In this way, Chen Feng did not dare to make any trouble again, and soon Chen Feng came to the end of the lake.

He also understood at this time that the size of the lake was about a hundred miles away, but at the end of the lake, Chen Feng saw a huge barrier.

This barrier was extremely thick, and Chen Feng flew upwards along the barrier, but found that he could not fly to the end anyway, and the same was true to both sides.

The barrier in front of him is translucent again.

Chen Feng looked inside, and could vaguely see that there were countless things behind this barrier, like pavilions and mountains, it was like a world.

Chen Feng calmly concentrated, and the power of the dragon descending arhat revolved, and the powerful diamond palm slammed on it.

With a loud bang, Chen Feng was shaken with pain in his hands, and he stepped back a few steps. The barrier remained motionless without any response.

Chen Feng raised his eyebrows, and the vigorous diamond palm blasted out one after another. This barrier was just unmoved, and Chen Feng's offensive had no effect on it.

After that, Chen Feng replaced it with a seven-treasure bronze body. The powerful force of 400 million jin smashed dozens of punches on it, but it still had no effect.

Chen Feng shook his head and smiled bitterly, and had to give up.

"It seems that the level here is far higher than my current realm, and I can't break it at all."

Chen Feng knew clearly: "I should be in the first place in the tomb of the Great Emperor Yin and Yang, and after this barrier, it should be the second floor, and now I have not reached the level of entering the second floor."

Chen Feng returned to the lake again.

And this time, he explored the depths of the lake.

Sure enough, when Chen Feng pushed away the mist in front of him and came to the middle of the lake, he couldn't help but let out an exclamation.

It turned out that there was a skeleton in the center of the lake.

Chen Feng could see clearly that it should be the bones of the dragon, not very long, but only two to three hundred meters, much smaller than many dragons that Chen Feng had seen before.

However, it is extremely special.

Ordinary bones carry a trace of evil, vicious, obscure, and filthy aura, and this bone is not the kind of grim and gloomy pale color, but a very holy milky white.

It was extremely beautiful, extremely gorgeous, and covered with a layer of milky white light.

In the place of the skull, there is a dragon horn about five feet long.

On top of this petite skeleton about five feet long, a layer of white light was engulfed, and white droplets dripped out from time to time!

Obviously, everything in this lake comes from this bone!

And the moment Chen Feng saw these bones, there was a bang inside a certain corner of Chen Feng's heart, and there was an uproar.

Then, this wave of ripples surged outwards, all the way into the white sacred dragon bones.

In the next moment, there are countless light waves coming out of the milky white holy bones.

This white light immediately enveloped Chen Feng.

But Chen Feng felt that it was not his body but his spirit that was shrouded in it.

Then he immediately reacted, and there was ecstasy in his heart. The **** that had poured into his mind turned out to be endless spiritual power!

At this time, in Chen Feng's spiritual world, the transparent divine light that was completely transformed from spiritual power was humming with excitement.

However, what surprised Chen Feng was that these spiritual powers didn't even flow into the transparent divine light, but went around the transparent divine light and came to a corner of this spiritual world.

It was only at this time that Chen Feng was shocked to realize that in the corner of his spiritual world, he did not know when he had erected a small hoisting banner.

And above this soul-calling banner, the face of an old man was looming.

After Chen Feng saw this, he suddenly exclaimed: "An Lao, is it An Lao?"

It turned out that Chen Feng was so familiar with the face on the soul-calling banner, it turned out to be an old man who accompanied him for years.

It was the first time Chen Feng had seen his face since Anlao suffered a severe injury that almost disappeared and disappeared.

I don't know when, he has actually appeared in his spiritual world, and he has this spirit-calling banner here.

Those spiritual powers rushed into the spirit banner, which was originally very shabby, there were many damages on it, and the luster was very dim.

And after the immense spiritual power was incorporated into it, the shabby parts on the banner were supplemented little by little, and it quickly became complete.

[Chapter 2288: Dark old! resurrection!](#)

Then, the gloss on the top also changed from dim to very hot and intense.

Taking advantage of this opportunity, the holy spirit flag grew up crazy, from only three feet square to ten feet square.

The light above was so intense that Chen Feng could hardly open his eyes.

He watched this scene blankly from below, not knowing what happened, but Chen Feng had already guessed a little, he immediately became extremely excited, and shouted: "An old man, are you going to reappear? An old man !"

As soon as his voice fell, suddenly, the spirit-inspiring banner blasted to pieces and disappeared.

In the same place, a ghost appeared quietly.

This person, with an old face and an unconcealed kindness on his face, looked at Chen Feng with a gentle smile.

Chen Feng was stunned. He stood there blankly, and then the next moment, he was extremely excited and ecstatic.

His face was flushed, and his body even trembled slightly. He shouted: "Old An, are you resurrected? Old An?"

At this moment, it was An Lao standing in front of Chen Feng!

He smiled and nodded, and this action also let Chen Feng know that it was not an illusion just now.

He was so ecstatic that he stepped forward and hugged Elder An, laughed, and jumped and jumped: "Great, old An, great, you finally appeared, but I want to kill you!"

After the previous period of time, Chen Feng's feelings for An Lao had already been like relatives.

In Chen Feng's eyes, he was like an elder of his own, with instructive teachings. Now that he has come back from the dead, how can Chen Feng not be excited to the extreme?

Seeing Chen Feng's joy from his heart, An Lao also showed a smile on his face. He smiled and said, "I'm alive now, don't worry, I won't disappear again."

"You can be a little bit more vigorous, or you'll shake my old bones apart."

Chen Feng hastily released his hand and scratched his head, a little embarrassed and said, "Sorry, I'm so excited."

"Haha, I know, you can do this, the old man is actually happier than anyone else." An old smiled slightly.

At this time, the transparent divine light behind Chen Feng turned around.

He hit the ground vigorously, and a burst of light radiated.

Chen Feng could feel that he seemed to be very unhappy. Chen Feng was taken aback for a moment, and then he burst into laughter, knowing why he was unhappy.

He thought that the vigorous mental power was directed at him, but he didn't expect it to be absorbed by the old man.

An old man clicked on this transparent divine light, and laughed: "You little guy, don't worry, you will eat something later."

Then, his figure flashed and disappeared in the spiritual world.

Chen Feng also left the spiritual world. After coming outside, he saw that the holy white bone had disappeared, leaving only a huge dragon horn about five feet long, still floating in the air.

Chen Feng knew that, obviously, the mental power that was poured into his body just now should have exhausted the power in this white bone.

An old man wandered above the lake, seeing the bones and the dragon horns, he couldn't help but feel a little sigh, and asked Chen Feng softly:

"Do you know what the bones that dissipated just now?"

Chen Feng shook his head: "I don't know."

An old man sighed and said: "Speaking of which, the bones are also related to you. The bones were the thunder hunting spirit dragon before they were born."

"Cang Lei hunts spirit dragons?" Chen Feng raised his brows. He had never heard of such dragons.

It's just that he keenly discovered that this kind of dragon, like his current martial soul, has five characters, and unlike the previous dragons, it has either two characters or three characters, but the highest is four characters.

Chen Feng felt that the longer the name of the dragon, the higher the level.

"Canglei hunting spirit dragons is a kind of dragon from ancient times. This kind of dragon is very powerful and special. Unlike other dragons, which are known for their bodies, they are known for their spiritual power."

"They like to swallow spirit bodies floating between heaven and earth like ghosts, so they are called spirit hunters."

"Therefore, their mental power is also very strong, otherwise, they won't be able to resurrect me."

Chen Feng nodded and suddenly realized that only then did he know what was going on.

Looking at the lake, An Lao said, "Chen Feng, do you know how powerful and wonderful your chance is?"

"You really have great opportunities and great luck. The passage you went through before entering the tomb of the Great Emperor Yin and Yang is called the Path of Time and Space."

"What? Time and Space Road?" Chen Feng raised his brows: "What is this again?"

An old man said softly: "To put it bluntly, the path of time and space is the path connecting one world with the other."

"The mausoleum of the Great Emperor Yin and Yang seems to be in this southern barren mountain, but it is not at all."

"It just uses this cliff and this mountain as a shelter. It's actually in another small world."

"So, the channel connecting the Dragon Vein Continent and the other side's world is naturally the path of time and space." *NovELUsb.com*

He looked at Chen Feng, his eyes flickering: "Every time and space path is opened up in this time and space, and time and space are the origin of everything."

"The road of time and space shuttles through this turbulent flow of time and space, allowing you to see the essence of time and space. After you see the essence of time and space, it will be of great benefit to your mental power!"

"If your comprehension is high enough, even your mental power can be greatly improved."

Chen Feng smiled slightly and pointed to his eyebrows and said: "I have moved quietly here a few times, and I still feel a little fever. I don't know what this is?"

The old man laughed, clapped his hands and said, "Let me just say it, it's impossible to get nothing with your insight."

"But," Chen Feng said with a bit of bitterness on his face, "What if I find this place? I haven't seen the exercises or martial arts that can make my cultivation great."

Chen Feng pointed to the outside, and said, "Out there, I'm afraid that powerful enemy is still waiting for me to go out!"

Chen Feng was right. At this moment, on the cliff outside, Li Binbai was hovering in the air.

His eyes were as sharp as a falcon, staring at everything in this mountain range.

As long as there is a change in any place, he can't escape his eyes.

His face showed an extremely vicious look, and in this smear of viciousness, there was also unspeakable greed: "Chen Feng, Chen Feng, I didn't expect that you brought me to such a great opportunity."

"In this place, there is definitely a secret path leading to that world. You can stay in it for a lifetime if you have the ability, as long as you dare to come out!"

[Chapter 2289: The realm of the First Grade Soul Sect!](#)

He chuckled coldly and said, "I will capture you and ask you where the secret is, and then I will kill you again."

"As for the great opportunity, of course it belongs to me!"

As he said, he burst into laughter!

He was full of confidence in himself, thinking that Chen Feng could not be his opponent anyway.

An old man looked at Chen Feng, smiled and said, "As for the speculation about the martial arts technique, I won't talk about it. If you say that you can't get the strength here, it's bad."

He smiled and said: "There really is no martial art or technique to directly enhance your strength, but there are other aspects."

He bit the word 'strength' particularly hard.

Chen Feng immediately felt the abnormality, his brows twitched, and his heart suddenly moved, and Fu Ling said with his heart: "Could it be that there is a way to enhance spiritual power here?"

Chen Feng thought about why An Lao had to mention whether his spirit was stimulated.

The dark old man laughed: "Yes, that's it!"

As he said, he pointed to the cloud above the sky and sighed: "You little fellow, you really didn't know when you entered Baoshan."

"It's all strong and incomparable, pure and extremely spiritual. If it flows outside, this cloud will not know how many people who cultivate spiritual power will rob it."

"In front of you, you don't even know you."

"All these are extremely strong mental power." Chen Feng looked at the clouds in the sky, and couldn't help but exclaim.

An Lao nodded slowly.

Chen Feng's heart was ecstatic for an instant, so many clouds, so many pure spiritual power, after he absorbed it, what huge benefits would he get?

An old man said: "Okay, let's practice now, time is running out."

Chen Feng nodded, he immediately floated up, sitting cross-legged in the void, very close to the clouds.

Then the next moment, he came into the spiritual world.

Driven by Chen Feng, the transparent divine light in his spiritual world immediately turned around, and the powerful suction power from the transparent divine light came out of Chen Feng's body.

When he touched those clouds, Chen Feng immediately felt aside. These clouds were originally so hard that Chen Feng almost had to be crushed alive when he hit them.

But at this time, attracted by the suction from the transparent divine light, these clouds instantly became as soft as cotton candy, and turned into silk like clouds of gas floating in the air.

Then, the transparent divine light shook, these white clouds seemed to feel the breath of the transparent divine light, and they immediately became extremely greedy, rushing into Chen Feng's body with extreme excitement, and went straight to the transparent divine light.

Then, it is directly absorbed by the transparent light.

In an instant, the transparent divine light shined.

The white cloud flocks were constantly being absorbed, and the transparent divine light skyrocketed wildly, and in a blink of an eye it had grown to more than ten feet long.

He also let out a whimper of satisfaction, and those dissatisfaction just disappeared without a trace!

And Chen Feng didn't have the slightest satisfaction, and the transparent divine light didn't have the slightest satisfaction. He was still absorbing it crazily.

I saw that with Chen Feng as the center at this time, all the white clouds around him were swept away, forming an existence similar to a huge vortex in the sky.

Chen Feng is right in the center of this vortex, and all the clouds revolve around the vortex.

The heavens and the earth changed their colors, and a large number of clouds were decomposed into the purest spiritual power, which entered Chen Feng's body in a state like a cloud, and was swallowed by the transparent divine light. *NovelU.Sb.com*

The transparent divine light skyrocketed wildly, twenty feet, thirty feet, forty feet, fifty feet...

In the end, it reached the length of one hundred feet.

One hundred feet, which is three hundred meters long!

The transparent divine light had become so huge, and when the transparent divine light reached a hundred feet in length, Chen Feng suddenly felt that there was a buzz in his mind, as if something had been directly broken.

And this was not an illusion, because Chen Feng was immersed in the spiritual space at this time, and he could clearly hear the sound of Carrara in the spiritual world, like a crystal breaking.

Then, Chen Feng saw that the transparent divine light was spinning frantically, moving around in the air, faster and faster.

And he had been exhaling mental power before, and at this time, it was radiating outwards with a gray misty light. In an instant, this gray light began to quietly diffuse from the spiritual world.

Then the next moment, Chen Feng suddenly felt that there were countless threads appearing above his body, connected with this spiritual world.

He took a deep breath, and suddenly there was this great joy and great relief in his heart.

It seems that he is supreme in this spiritual world, and he can do whatever he wants.

Do whatever you want!

Chen Feng was pleasantly surprised: "This, what kind of feeling is this? Why does it feel like this?"

Beside him, An Lao appeared quietly and smiled and said: "Chen Feng, congratulations, you have now stepped into the realm of the First Grade Soul Sect."

"And the feeling that you have now is the feeling that can construct the space of the soul."

"What? Constructing the Soul Space?" Chen Feng was surprised.

He knew a long time ago how powerful the soul-man space was, and he knew how difficult it was to construct the soul-man space.

And now, he has actually reached this qualification.

"Yes." An old man said with a smile: "You already have this qualification now."

He suddenly screamed: "Now, hold your breath and listen to me teach you a secret and mysterious technique for building a soul-man space!"

"Yes!" Chen Feng took a deep breath and immediately abandoned his mind. The whole person became extremely quiet, listening to An Lao's voice with his ears upright.

An old man spoke slowly, and an extremely profound and subtle method flowed out of his mouth slowly.

After Chen Feng heard it, he didn't even have to think about it, and he immediately understood what it meant.

After a long time, An Lao had just finished reading, and Chen Feng had completely understood it.

He was shocked that this was a very powerful technique. Chen Feng didn't know where Anlao got it, but he dared to conclude that the level of this mysterious skill was absolutely extremely high.

This also made him ecstatic, because even if it was the same level of the first-grade soul sect, if the cultivation method used to construct the soul person space was different, the power of the soul person space constructed would be different.

And what An Lao taught was undoubtedly the most top-level technique for constructing the Soul Person Space.

An Lao was beside him, and said with some worry: "Listen clearly, do you understand?"

[Chapter 2290: Construct the Soul Space!](#)

Chen Feng smiled slightly: "An old man, don't worry!"

As he said, he opened his eyes, suddenly raised his hand slightly, pointed in front of him, and then smiled and said, "This world is too narrow."

So the next moment, in front of Chen Feng, the world suddenly became bigger, and in a blink of an eye it became a place with a radius of more than a dozen miles, but it was still a wasteland.

Then, Chen Feng smiled again and said, "Let there be light."

So the next moment, not far in front of Chen Feng, light emerged from the void.

However, it can only be so. It is impossible to construct the sun with Chen Feng's current strength.

Then, Chen Feng smiled again: "Here, it should be separated from the spiritual world."

So in the next moment, countless huge barriers were erected around rumblings. This barrier rose from below the ground and rolled upwards, forming a dome in the sky.

It is separated from the spiritual world.

Chen Feng said again: "When you can't let people see the reality."

As a result, there was a mist rising around this barrier, and when people looked inside, they didn't know that the barrier was behind, but thought that there was an infinite world behind it.

Looking at the wasteland under his feet, Chen Feng said softly: "Here, there must be grass."

But this time, he failed, and no grass came out, it was still a wasteland.

Chen Feng nodded, knowing that with his current ability, this is still impossible!

Chen Feng took a deep breath and gave a few more orders, only to find that it was impossible to achieve!

But at this point, his soul-man space has actually been constructed!

Next to him, An Lao was already stunned. It took a long time to come back to his senses and exclaimed: "Chen Feng, you are really a genius of heaven!"

"It was the first time to construct the Soul Person Space, and it was able to achieve one percent completion!"

"Only one percent?" Chen Feng curled his lips, somewhat dissatisfied.

An Lao knocked on his head and said dissatisfied: "Chen Feng, do you still want to stimulate me? One percent is already very powerful."

"Do you know that most of the people who construct the Soul Space for the first time are not bad enough to be able to reach one thousandth, at most they can only construct land and sky."

"And you, ten times more than them!"

Chen Feng smiled and said, "I also want to thank you for the exercises you taught."

The dark old man laughed and clicked on Chen Feng: "You kid can talk!"

He sighed: "But what I just said is true. You are indeed much better than others."

Chen Feng said: "An old man, but now I can only construct such a space for souls."

He pointed to the surroundings and said: "This space of souls is ten miles in radius and no more than 500 meters high, and it can only be very rough, constructing the surrounding barriers and constructing light, but even the ground on the ground. The grass can't be changed!"

"It's a bit too rough, no wonder you say it's only one percent complete."

An old man glared at him and said, "Don't be unsatisfied, you kid, the soul person space constructed by the ordinary first-grade soul sect is only one mile in radius and no more than fifty meters in height. You are dozens of times larger than theirs. Go, still not satisfied?"

"Furthermore," he explained, "It is a very long process to construct the soul-man space."

"Generally speaking, the first-rank soul sect can achieve the completion degree of the soul person space to 1/1000 even if it is qualified, the second-rank soul sect can increase the completion to 1%, and the third-grade soul sect can increase the completion to 1/10. ."

"Fourth-Rank Soul Sect can be fully constructed, and at the fifth-Rank, it is possible to expand one's soul person space to three to five times the original."

"what about you?"

"You already have a one-percent degree of completion right now, and you will be able to have a one-percent degree of completion when you reach the third rank, and your soul person space. The volume is ten times that of others."

An old man said excitedly: "That is to say, when you are in the third-rank soul sect, the strength of the soul-person space you possess should be equivalent to that of other sixth-rank soul sects. What else do you not know about?"

Chen Feng laughed: "That's true."

He had just completed the Muddy Soul Space, and couldn't wait very much. He immediately wanted to adapt to various functions in it and gave orders one after another.

But soon, he found that his mental power was too much, which made his command useless at all.

An old man smiled and said: "You have to give orders and have sufficient mental power. If your spiritual power is exhausted, then any command is useless. What you have to do now is to replenish your spiritual power."

Chen Feng nodded, immediately sat cross-legged, and began to absorb mental energy again.

After about a day, he completed the supplement.

Then, he entered the soul-man space, issued orders one after another, and quickly became familiar with all the functions of the soul-man space.

After a long time, Chen Feng stopped with excitement, and said to An Lao: "Sure enough, it's like what the rumors say."

"I'm in this soul-man space, just like a god, and I can speak the same way!"

After hearing Chen Feng's words, An Lao couldn't help but laugh, and said: "If this soul-man space can really turn the user into a god-like existence, don't you think it is too bad?"

"The threshold of the soul space is not particularly high, as long as it reaches the level of the first-grade soul sect, and there are many people who have reached the first-grade soul sect through the ages. Isn't it that everyone has become a god?"

Chen Feng nodded: "That's right, it can't be like this."

"That's it." An old man said with a smile: "Actually, the soul-man space says that you can become a god-like powerful existence in it. It can't be said wrong, but there is a limit."

"As far as you are concerned, now that you have reached the realm of a first-grade soul sect, and your soul person space has just completed one percent completion, then you can raise your strength to a level."

Chen Feng raised his eyebrows, and his heart suddenly moved, and his heart was pounding, his breathing became hot.

He stared at An Lao, and said in a deep voice: "An Lao, you mean, I can raise my strength by one level here?"

An old man smiled and said: "Yes, this can still be done."

Chen Feng couldn't help but ecstatic: "Then if I am a one-star martial emperor, I can be promoted to a two-star martial emperor, right?"

"Of course." An old man nodded: "I know what you are thinking, don't worry, you can do it after you have this soul person space."

When Chen Feng heard the words, he laughed: "Li Binbai, wait for you to die, I have the Soulman Space, you are definitely not my opponent!"

Chen Feng is confident that as long as Li Binbai is drawn into his soul-man space, then he is absolutely impossible to be his opponent!
