[Chapter 2331: Commander to the Southern Wilderness?](#)

As he said, he turned to leave.

She was about to leave, but she felt that the corners of her clothes were being held. Looking back, she saw Princess Shuming looking at her pitifully, and her hands were still dangling around the corners of her clothes.

"Auntie, when can Chen Feng come back?" Princess Shuming lowered her voice behind her, asking a little embarrassedly.

Princess Quyang turned her head to look at Shu Ming, with a hint of narrowness in her eyes: "Shu Ming, do you really want him to come?"

Princess Shuming flushed immediately and said, "Aunt, what are you talking about?"

Seeing her expression like this, Princess Quyang didn't know how she was thinking, she laughed, and she was also very happy to see that Shuming and Chen Feng were so close and so dependent.

She said with gratitude in her heart: "Chen Feng, I am really grateful to you. Today, I see Shuming's smile for more time than in the past ten years."

"You really brought him a lot of happiness!"

She put aside the distracting thoughts in her heart, looked at Shuming, smiled and said, "Don't worry, Chen Feng will be here tomorrow."

The next day, Chen Feng really came.

He had to come, and he wanted to come himself, Princess Shuming was really popular, and Chen Feng was a little worried.

He could see that Princess Shuming was a very sensitive, very timid, and very weak person. *Novelsb.com*

She is very afraid that others will hate her, and even more afraid of losing friends, but she really has no friends except herself.

Chen Feng knew that if she did not come, she would definitely be very sad.

The next day, of course, we got along very happily.

The same on the third day.

However, in the evening of the third day, when Chen Feng left, he was stopped by Yan Chengwen.

Yan Chengwen smiled and said, "Master Chen Feng, Your Majesty wants to see you."

"Your Majesty wants to see me?" A look of surprise appeared on Chen Feng's face, but he didn't say much. He just nodded Shen Shen and followed Yan Chengwen in.

Your Majesty, Chen Feng hadn't seen him before. After entering the partial hall, a tall, majestic middle-aged man was waiting for Chen Feng there.

He smiled slightly: "Chen Feng, it's been a long time since I saw you."

"Yes, long time no see, Chen Feng dare not forget your majesty's life saving grace that day." Chen Feng said neither humble nor overbearing.

"That's all in the past, don't mention it again."

His Majesty the Emperor waved his hand and said with great pride.

"I am looking for you this time, because I have another thing to tell you."

"What's the matter?" Chen Feng asked in surprise.

When His Majesty said those words, Chen Feng's eyes widened in surprise and almost jumped up:

"What? Your Majesty, you let me lead the army to the Southern Wilderness?"

"Yes." His Majesty the Emperor looked at him with a smile.

Seeing what Chen Feng wanted to say, he pressed his hands down and said, "Chen Feng, don't rush to argue, listen to me first."

Chen Feng nodded, looked at him, and waited for him to continue.

His Majesty the Emperor said in a deep voice: "I know, you have been to the Southern Wilderness about a month ago, and this trip has been a long time."

"So, you know Nanhuang very well, there shouldn't be any problems, right?"

Chen Feng silently nodded after a long time.

This is a fact, he cannot deny it.

His Majesty the Emperor smiled again: "This is only the first point, and the more important reason is the reason why I made this decision, the second point."

He looked at Chen Feng and said word by word: "You have saved tens of millions of Li people in the Southern Wilderness."

"Ah, do you know all of this?" Chen Feng was a little surprised at the all-pervasive intelligence network of the royal family.

But it's normal to think about it. What happened in the entire Tianyuan Dynasty would be strange if it could be hidden from the royal family.

His Majesty the Emperor looked at Chen Feng and said, "I can see that Chen Feng, you have a benevolent heart."

There was a touch of pain on his face, and he whispered: "The Black Water Profound Snake Tribe invaded my Tianyuan Dynasty. Now the hundreds of millions of people in the Southern Wilderness are in deep water!"

He suddenly looked at Chen Feng and asked, "You know, throughout the dynasties, as long as this is the case, as long as I send people to put down the rebellion and fight back, then the people who die the most are usually the people."

"Because they will not treat the people as human beings. In their **** tug-of-war like a millstone, the last bit of flesh and blood of the people will be polished clean."

"In the past dynasties, there has even been a shortage of munitions, killing the people to make munitions, and there are definitely many."

Chen Feng nodded silently, he also knew such things.

"So, your kindness is extremely important and extremely valuable."

His Majesty the Emperor said sincerely: "Chen Feng, I also saved your life. For this reason, promise me!"

Having said that, it is impossible for Chen Feng not to agree.

He took two steps back, clasped his fists and saluted, and said in a deep voice, "Chen Feng, I agree!"

"I must, fulfill my mission, pacify the Southern Wilderness for the dynasty, and drive the **** of the Blackwater Black Snake Tribe out of the dynasty!"

"Good! Hahahaha! Good!" His Majesty the Emperor laughed.

However, Chen Feng is a thoughtful person, but he is more concerned about how this battle should be fought. He asked in a deep voice, "Then I don't know, how much force do you want to give me?"

"Don't worry about this."

His Majesty said: "The soldiers are expensive but not too expensive. Three million Celestial Martial Arms are stationed in the South Gate of Tianyuan Imperial City. These three million Celestial Martial Arms are the most elite force of our Tianyuan Dynasty. I will use them here you are!"

"Three million, right?" Chen Feng nodded slowly: "That's almost enough."

His Majesty the emperor is very resolute and vigorous. Perhaps it should be said that he gave orders very quickly.

Without any hesitation, the celebrity immediately brought Chen Feng to the large meadow in front.

Then, ordered the summoning of hundreds of civil and military officials.

In just a few moments, all the civil and military officials have been counted.

And their gazes are undoubtedly exceptions, all focused on Chen Feng, who is standing in the center of the hall and facing the throne!

"Who is this person?" Most of them had never seen Chen Feng, so they asked very surprised.

There were also people inside who had met Chen Feng, such as Lin Moyu, a scholar of the Hanlin Academy.

After seeing Chen Feng, his eyes lit up and he smiled and said, "Chen Feng, are you here?"

With that, he walked towards Chen Feng.

"Chen Feng? It turns out that this person is Chen Feng!" Above the court, a low voice of discussion suddenly sounded.

"Legend Chen Feng's young hero, really so!"

"Yeah, he looks so young, that is, twenty-two years old, but he can kill even the three-star martial emperor strong, really amazing!"

[Chapter 2332: Get slapped again](#)

Many people sighed and said.

And many people looked at Chen Feng, their eyes flashed full of jealousy!

The red flames with a broken arm were also in the court hall. He saw Chen Feng's eyes split even more, and his eyes were filled with fire, full of killing intent on Chen Feng.

But Chen Feng didn't even look at him, completely ignored him.

Many people cast their gazes on the red flames and fierce waves, and some of them had a smirking expression on their faces.

"Chen Feng just killed Chi Yanfeng. I heard that Chi Yan and the fierce waves wanted to seek revenge from him, but he was scared back by the old monster in Wudong Academy, but his face was lost!"

"Hahaha, it is the members of the Chi Yan family who are missing, what does it have to do with us!"

This is also why they didn't know that Chen Feng had killed the old monster of the Chi Yan family. If they knew, they weren't whispering at all, but were directly shocked and speechless.

You know, the three-star martial emperor and the four-star martial emperor are two completely different concepts. The latter is much stronger than the former!

Above the court, there was a sound of whispers.

At this time, Lin Moyu had already walked up to Chen Feng and smiled and said, "Why did you come to court?"

Chen Feng smiled lowly: "Don't tell, you will know later."

"Haha, you kid, you still keep secret with me here!" Lin Moyu nodded Chen Feng, and asked in a low voice: "How are the considerations I told you before? Do you want to come to my Imperial Academy?"

Chen Feng smiled slightly: "After an hour, you can ask me this question again."

"Oh?" Lin Moyu raised his eyebrows, interested, but stopped talking about this topic.

Then, Chen Feng asked Han Yuer again.

Lin Moyu said: "Your senior sister is very good, as I expected, after I brought her to the mountain gate, my senior aunts and senior sisters all liked her very much."

"Say she is born with a kind of sword, she is born with a root of wisdom, and practicing sword is definitely going to go a long way, and the future will be limitless."

"They even started to **** your senior sister. In the end, my strongest master aunt accepted her as a disciple!"

Chen Feng nodded, then he was relieved.

Above the court, many people looked at Chen Feng with a hint of kindness and compliment, while some people were also full of hostility.

However, no matter how hostile they are, they dare not attack at this time.

Those who can stand here are not ordinary people. They naturally know when to do certain things and when not to do certain things.

Moreover, even if they want to do it, they don't have that strength!

At this time, even if you look at the entire court, Chen Feng's strength is only a little worse than a few people. It can be said that he is more stable than him. Only the Prime Minister, a fellow of the Hanlin Academy.

After a while, suddenly, the typical long and sharp voice of the **** rang: "His Royal Highness Princess is here!"

After a while, a tall figure wearing a mysterious black palace costume quietly walked around from behind and came to stand beside the throne.

And above the incomparably gorgeous throne inlaid with gold and jade, there was no one.

The eunuch's sharp voice sounded again: "See all the officials!"

Everyone knelt to the ground, kowtow to the princess Quyang, a few veteran officials showed a bleak color: His Majesty has not come again?

His Majesty the current emperor is actually quite wise and martial, but this is a very lazy temperament, does not like to take care of things, even the government is not willing to take care of all the affairs of the court, to the Grand Princess Quyang!

Everyone knelt down, but only one figure still stood proudly there.

He just bends slightly to show his salute.

When everyone stood up, they saw that Chen Feng didn't kneel down at all.

A look of surprise appeared on everyone's faces: "Chen Feng didn't kneel down? He should not worship? What does this mean?"

And some people's faces showed a touch of gloat, such as the red flames.*nOvELuSb.coM*

He thought in his heart: "Haha, how dare he provoke the authority of Princess Quyang? Princess Quyang can't spare him! Maybe he will be beheaded on top of the Golden Palace today!"

It turned out that Princess Quyang has always acted cruelly. When she first upheld the state policy, many courtiers were dissatisfied and opposed him openly and secretly.

Some people didn't even kneel, but he killed a total of 17 people with his own hands that day. From then on, no one dared to provoke her authority!

Chi Yan violent waves yelled: "Chen Feng, don't hurry down on your knees! You are so bold!"

He wanted to kill Chen Feng by the hand of Princess Quyang!

The chief **** next to Princess Quyang also changed his face and was about to sternly scolded.

At this time, Princess Quyang smiled slightly and said, "It's okay!"

"What? It's okay? What did I hear? The princess said it's okay?" Everyone showed incredulous looks!

And Chi Yan Lietao grew his mouth even more, his expression dull.

Princess Quyang's face changed, and she said coldly: "My palace says it's okay, do you have any opinions?"

Everyone shook their heads quickly, not daring to comment.

Grand Princess Quyang looked at the red flames and reprimanded coldly: "Red flames, did my palace let you speak? Is there a place for you to speak here?"

Chi Yan Lietao's face was green when he was reprimanded, but he dared not talk back, so he had to apologize repeatedly.

Chen Feng looked at him with a smile, and gently made a slap in the face, making Chi Yan and the fierce waves even more faceless.

There was a laughter from the crowd.

Their eyes flickered, and each of them was even more awe-inspiring: "It seems that the princess has really reproduced this kid to the extreme, and I can't easily provoke him in the future!"

Then, Princess Quyang faced everyone with a short and powerful voice: "Today we are summoning everyone for only one thing, that is, the Southern Wilderness Black Water Profound Snake Tribe has entered the Yuan Dynasty."

When everyone heard it, they immediately became energetic, and many generals were even more eager. They all hoped that the eldest princess could spot themselves.

And some of those who are very thoughtful are already thinking, "No? Chen Feng went to the palace today, is it possible that it has something to do with this matter?"

And sure enough, it did not exceed their expectations.

Grand Princess Quyang smiled slightly, and said in a deep voice: "After discussing with your Majesty the Emperor, I decided to appoint Chen Feng as the general of the Tianwu Army to command three million and go south to the Southern Wilderness to conquer the Black Water Black Snake Tribe!"

"What? Chen Feng is a general, commanding the Tianwu Army?"

"Is your Royal Highness mad? This Chen Feng is just a pariah. Has he ever commanded soldiers and fought a war?"

[Chapter 2333: Not satisfied? Hold it!](#)

"Yeah, how is he worthy?"

Everyone questioned.

Princess Quyang said coldly: "Why, any of you are not convinced!"

"I'm not convinced!" At this moment, suddenly outside the hall, an arrogant voice rang.

When everyone heard it, they were suddenly shocked, and many of them were excited, and each of them lowered their voices and said: "The good show is coming!"

"Haha, there is a good show to watch now!"

In the next moment, a figure walked in.

This is a tall and muscular man, about 30 years old, with an extremely majestic face, majestic and domineering, and at first glance he knows that he is a man who has been in a high position for a long time and gives orders all year round.

Looking at him, Chen Feng suddenly felt a little familiar, and he immediately remembered why.

It turned out that this person and His Majesty the Emperor looked very similar, with similar body and face, and even the long lavender hair was very similar.

Chen Feng then guessed it.

"Prince Zhanxing is here!"

"Prince Zhanxing actually went to the palace himself! Yes, there is a good show to watch this time!"

"Hahaha, Prince Zhanxing has already spoken out. This time the person who went to quell the Southern Desolation, either he or his subordinates, but this time was promised to others by Princess Quyang, how could he Willing?"

Someone sneered and said, "The reason why Prince Zhanxing is so eager is not because his foundation is in the south?"

"In recent years, he has had many ulterior private transactions with the tribes of the Southern Wilderness. If it is revealed, even if he is the younger brother of the emperor, he will definitely be brought to justice. The court cannot spare him. !"

"He is going to cover up his guilt!" *Novelusb.com*

It turned out that this person is the Prince Zhanxing, the younger brother of His Majesty the Emperor, who is powerful and powerful!

"Second brother, it was you!" Princess Quyang smiled and said!

"Of course it is me!"

Prince Zhanxing was full of pride, and said loudly: "Fortunately I am here, if I don't come, I don't know how the government will be messed up by you!"

He pointed to Chen Feng, with a disdainful face, and said with a sneer: "You let such a little boy go to the army to conquer the south, are you crazy?"

"Do you want to bury the millions of soldiers of my Tianyuan Dynasty in Nanhuang? Do you want Nanhuang to continue to rot?"

Although he was talking about Chen Feng, he didn't even look at Chen Feng. His eyes were full of disdain, and he didn't even look at him!

Chen Feng raised his brows, and his eyes flickered coldly.

And before he could speak, Princess Qu Yang smiled and said, "So, second brother, do you have any opinions on this appointment?"

"Of course!"

When Prince Zhanxing heard that Princess Quyang's tone was weak, he immediately became proud and proudly said, "I disagree!"

"Oh, don't you agree?" Princess Quyang smiled slightly, her face suddenly changed, and the gentle smile on her face instantly disappeared without a trace.

Suddenly she stood up, her face like frost, and sternly reprimanded: "What are you? You are just a prince. You deserve to question my decision?"

"Have you forgotten who I am? I am Grand Princess Quyang! I uphold state affairs, and I am here as the emperor in person!"

"you!"

She pointed to Prince Zhanxing's nose, and said sharply: "Do you dare to question me?"

"Are you not convinced? Hold it for me!"

Everyone was stunned. No one thought that Princess Quyang was smiling just now, but now she suddenly turned her face.

And in such a decisive posture, with such a violent tone, with no mercy.

Prince Zhanxing was stunned. He didn't recover at all, and after he reacted, his face instantly swelled like pig liver.

He is also a distinguished person in charge. When has he been reprimanded like this?

He felt his face swell to the extreme, becoming angry from anger, and screamed: "How dare you talk to me like this?"

"Why don't I dare to talk to you like this? It's you instead!"

Grand Princess Quyang said coldly: "If you dare to talk to me like this, I don't mind removing your king, abolishing your cultivation base, and relegating you to a common citizen!"

After these words were said, Prince Zhanxing shivered violently, instantly like falling into an ice cellar, and his whole body was cold to the bone.

He suddenly became sober, and he also suddenly realized that Princess Quyang has this power, and with her cruel heart, it is definitely not impossible to do this kind of thing.

So instantly, he wilted.

He chuckled, "Oh, Quyang, I was joking with you, how could I do such a thing?"

"Haha, if you uphold national politics, then you will naturally take the lead."

He arched his hands and retreated into the queue, but his eyes were full of spite, and he swept across the faces of Chen Feng and Princess Quyang from time to time!

After this incident, those who were planning to oppose the appointment of Princess Quyang immediately wilted, and never dared to jump out again.

With such a tough attitude, Princess Quyang told them all of his determination to appoint Chen Feng to lead the army to the south.

At this time, Chen Feng took a deep breath, as if blood was boiling in his heart.

If you treat me as a scholar, I shall repay you with a scholar!

He whispered to himself: "Chen Feng, you must not live up to the trust of Princess Quyang, you must do this well!"

The next thing is simple.

In front of the palace, there is a high platform, that is, the platform of worship.

The army has always been on the march, and the coach will accept the emperor's canonization here, take the Nine Dragon Seal, and lead the army!

The Grand Princess Quyang, a group of courtiers and Chen Feng came to the stage of worshipping the generals. The stage of worshipping the generals was several thousand meters high, overlooking the huge square.

At this time, on the square, hundreds of people had gathered, and everyone was looking at it.

They have also heard that today, your Majesty is going to enshrine the news that the general will lead the army to the Southern Wilderness.

Therefore, they gathered one by one.

And when they saw Chen Feng on the stage, their faces were all in disbelief: "Who is that?"

"So young, are you twenty?"

"He's just a little boy, is he going to be made the commander-in-chief of the army? Impossible?"

No one believes it.

However, the Grand Princess Quyang slowly walked onto the stage, put the Nine Dragon Seal in Chen Feng's hands, looked at him, smiled, and said in a deep voice: "Chen Feng, this time, I am pleased to you!"

Chen Feng took a deep breath, clasped his fists and said loudly: "Your Majesty Princess, don't worry, Chen Feng will live up to his trust!"

[Chapter 2334: Give him a fight!](#)

The people in the audience were all in a shock, looking at Chen Feng with curiosity in their eyes.

"Hey, have you heard? Our newly appointed general is said to be a hairy boy, only twenty years old!"

Here is a barracks, it's messy, more than a hundred big men gathered in it.

Each body's momentum is quite extraordinary, very tyrannical.

They were all crooked, sleeping, or gambling in a pile, bursting into laughter from time to time.

At this time, a middle-aged man with a height of three meters, wearing a red armor, and a particularly burly and sturdy body walked in and said the above sentence to everyone.

"What, boy hairy, less than twenty years old?"

As soon as he heard this, everyone almost jumped up and fried the pot instantly.

They all rushed and said: "What the **** is this? Is it worthy to be our leader?"

"That's right, Mao hasn't grown up yet! He knows a fart, does this kind of person come to our command to take us to death!"

They all babbled loudly insulting, full of distrust and contempt for the newly appointed general, and their words were all disdain!

The burly man twisted his brows and said faintly: "Well, don't say anything. This person is Chen Feng, a young hero of the Tianyuan Imperial City, who is very powerful."

"It is said that a while ago, the Chi Yanfeng of the three-star martial emperor realm was killed just now. Why do you criticize him? Be careful that he hears your skin off."

When he said this, it added fuel to the fire, and the public sentiment became even more angry.

"Afraid of him?"

"That is, if he dares to move, our entire army will be in chaos, and he will not be able to eat in front of the emperor by then!"

They got together, and the more they talked, the more excited they were, and the more they talked, the higher their emotions.

Finally, one of them rolled his eyes and shouted loudly: "Tomorrow, let's give this little boy a predicament to let them know that our Tianwu Army is not easy to provoke!"

"It frightened him first, so that it would save him from making troubles in the future, and then doing something!"

"Okay, just do it!" everyone nodded and said.

They have decided to give the newly appointed Chen Feng a disarm tomorrow!

Seeing that his purpose was achieved, the burly man showed a strange smile on his face, standing by and listening.

At this time, not only this barracks, but in several barracks, all happened in a scene similar to the one just now.

Many people clamored to show Chen Feng a good look.

The place where they are located is a continuous large camp, with a radius of a hundred miles, and there are tens of thousands of hundreds of thousands of barracks, which are continuous under the night, and can not see the end at a glance, like a giant beast.

This is where the Tianwu Army is stationed, and the three million troops are all here!

Most of the buildings here are built of huge stones and woods, which are extremely strong, but they are a bit crude.

However, there are also some extremely tall and magnificent pavilions and palaces.

Among these pavilions and palaces, the generals in the army naturally live!

And in the tallest pavilion, on the top floor, four people are sitting face to face, seeming to be talking.

Suddenly, one of them was tall and thin, with high cheekbones and a cold face, but the upright person suddenly stood up!

"I'm not going to make trouble with you like this!" He slapped the table fiercely, gritted his teeth and shouted, "Now the people of the Southern Wilderness are still in deep water, and the **** of the Blackwater Black Snake Tribe are still raging there. ."

"Now, the most important thing is to go to the South to quell the rebellion, go to the South Wilderness to drive out those bastards!"

"And what about you? Well, you still have the mind to fight for power here? And the mind to give the newly appointed coach a good start? Why!"

He stared at them coldly and said: "I really disdain to be with you!"

Speaking, walk away!

The remaining three looked at each other. One of the tall and strong men said with a sneer: "Zhen Meng is still a bad temper, and I don't want to think about it. Even if he fawns on Chen Feng, he has a shit?"

"Yes!" The other two nodded and agreed.

"Well, let's not mention him, let's talk about Chen Feng." The tall and fat man said contemptuously, "Talk about that little bitch."

Hahahaha, another short and strong man with almost a square body was also full of contempt. He sneered and said, "This is just a pariah from a poor family!"

That's right, the tall and fat man said: "This little **** is far behind us. We all come from a family of generals."

"This time, even if we don't send generals from the DPRK, we should let us all the troops."

"That's right!" the last person said: "This Chen Feng is just a little stronger. He is favored by the emperor, so he can become the leader. Who will convince him?"

"Moreover,"

He sneered and said with a disdainful face: "He has no foundation. Doesn't he have to rely on us to lead the army to the Southern Wilderness? Does he dare to offend us? Offend us, who will fight him!"

"So, even if someone makes trouble, he can only endure it!":

Several other generals nodded together.

"So!" the tall fat man said with a smile: "Let's just wait for a good show."

They looked at each other and laughed.

If they were sent to a family with deep roots, or the son of a general in the army, they would never dare to make such a fuss.

The most fundamental reason they did this was that they had no foundation in bullying Chen Feng, and that they were bullying Chen Feng from a humble background!

The night is deep, and in the small courtyard, a light is like a bean.

Chen Feng was flipping through a thick book of account books in his hand under the candle, and on the table next to him, there were seven or eight such book books piled up.

Each page of the account book is filled with densely packed small letters, one line by one, and if you look closer, you can see the font on it is surprisingly: "The first warehouse of A font library, store a thousand black yellow and white pearl rice. 4.9 million catties can be eaten by a 150,000 army for one day."

Next to it is written: "The third warehouse of word B, store the fifteenth rank of the king's soldiers..."

And so on.

That's right, what Chen Feng was looking at at this time was to provide him with supplies for this march.
novelusb.com

As the saying goes, the soldiers and horses are not moved, the food and grass go first, and commanding the army is definitely not as simple as walking over and then leading these people to fight.

This is a very complex system, of which the logistics supply system is particularly important, especially not negligible.

How many soldiers there are, how much baggage there is, and how much food is absolutely not negligible.

[Chapter 2335: One forbearance! Bear it!](#)

Chen Feng was watching attentively. Suddenly at this moment, Uncle Dao's voice rang out: "Master, someone is visiting."

Three days later, Chen Feng came to the Tianwu Army camp.

And when he came here, there were already thousands of people waiting here in front of the Tianwu Army camp. Each of these thousands of people was quite strong, with a hint of arrogance on their faces.

.

At the forefront, there are three Zhonglang generals riding on huge monsters.

After Chen Feng came here, the three of them saw Chen Feng. Among them, the tall and fat man said, "Oh, isn't this the general of our Tianwu Army coming?"

When he said this, he seemed to be reverent, but in fact his attitude was very contemptuous, and he didn't get off the monster beast, his face was full of jokes.

After he finished saying this, the other two laughed!

This person, named Qi Wenqiang, is the leader of the three of them.

Next to him are Yang Feng and Li Etian.

And the next moment, the thousands of soldiers suddenly shouted in unison: "I have seen the general!"

They all made these sounds, but there was no respect in their voices, and instead they waved their weapons one after another.

Among them, a dozen people stepped forward, pointed at Chen Feng, and yelled unceremoniously: "General, the salary has not been paid for several months. Since you have come to our Tianwu Army, let this matter first. Solve it!"

"Yes, the reward for the last victory has not been given, so give it to me!"

They talked babbledly, and after speaking, the dozen or so people turned their heads, yelling and inciting the thousands of people behind them.

Thousands of people burst into laughter and began to agitate and shout wildly.

Suddenly, before agreeing, there was a restlessness and great momentum.

Being in the midst of these thousands of rebels makes people feel like a small boat in the ocean, and it seems that they may capsize at any time.

If it were for another person, I was afraid that I would have been scared and at a loss at this time, but Chen Feng was already calm, just looking at them with calm eyes.

Some of them pointed to Chen Feng with disdain and said: "A little boy with no dry hair and no clean hair, still wants to be a general with us? Want to be prestigious in front of us? Hurry home and get some milk. Right!"

His remarks humiliated Chen Feng extremely.

But after those people listened, they laughed wildly!

No one took Chen Feng to heart. They contempt Chen Feng so much that they don't take him seriously!

Chen Feng squinted his eyes, a cold color flashed past his eyes.

Of course he knows what these people are doing, it is obvious that they are giving themselves a slap in the face!

These thousands of people continued to insult Chen Feng, and all kinds of foul language came on their faces.

However, Chen Feng's eyes were getting colder and colder. He could hardly control it now, and was about to kill him.

In the next moment, Chen Feng will let these people know what real terror is! Let them see how good they are!

At this moment, Qi Wenqiang and Li Etian glanced at each other and winked at each other.

Qi Wenqiang nodded slowly, and Li Etian understood what he meant, knowing that the fire was almost over, and it would be a bit too much for the trouble to go on.

He immediately shouted coldly: "Boys, you all go away, don't make trouble here, who is the general? How can you say it casually?"

As soon as he said these words, the thousands of rebel soldiers immediately calmed down.

Chen Feng sneered in his heart: "Oh, that's amazing. These people don't give me the face of the general, but they are enough to give you face!"

Then, Li Etian smiled and said without a smile: "General, these boys, we are negligent in discipline, we have no rules, and we have offended you, so I don't want to be offended!"

He was joking, but he didn't mean to be afraid of Chen Feng!

Chen Feng looked at him and said lightly: "Fuck it? How could it be?"

He looked at the rebellious army, then turned his head and walked towards the camp.

Chen Feng abruptly endured this bad breath.

This is the first time Chen Feng has endured today!

Qi Wenqiang, Li Etian, and Yang Feng all came down from the monster beast and followed Chen Feng.

In addition to them, hundreds of generals at all levels also followed.

Chen Feng said lightly: "Let's go, now let's take a look at the number of troops in this camp, and compare the account books on both sides."

The three looked at each other, brought Chen Feng to a hall, pointed to the pile of account books and said, "All the troops are here!"

Chen Feng nodded, took the account book in his hand and looked through it carefully, then frowned and said, "Don't the Tianwu Army have three million troops? How come there are only two million!"

Qi Wenqiang said without a smile, "General, you don't know anything about it, this is normal."

"In our Tianyuan Dynasty army, it is normal to eat empty salaries!"

"The number of people in the account book is 100,000. In fact, 60,000 is already very good. There is a bit of corruption. There is not even 45%. We have more than 60% here!"

Judging from his expression, his expression of arrogance seemed to give Chen Feng a face.

And Li Etian, who was next to him, said impatiently: "General, don't talk nonsense if you don't know."

He looked back and said, "You don't have to lose face in front of so many generals, but you will suffer!"

Not only did his words carry a tone of accent, as if the elders were teaching the younger ones, but it was also faintly threatening.

Yang Feng snorted contemptuously, as if he didn't bother to answer this question and ignored Chen Feng.

In Chen Feng's gaze, his anger condensed instantly: "Three rat generations, dare to deceive me!"

The three of them were clearly bullying him when they came, and they were all disdainful of him and made things difficult for him.

However, Chen Feng took a deep breath, suppressed the anger in his heart, and remained silent.

Chen Feng, endured it for the second time!

He just said lightly: "Let's go, I will check the inventory of Xuanhuangbaizhumi."

Seeing Chen Feng's performance, these people glanced at each other, with a thick contempt on their faces: "This son can be bullied!"

"But that's it, it's also a waste, what kind of name is promised? It's just a false name! Isn't it still being played by our applause?"

Then, under their leadership, Chen Feng came to the B warehouse.

The B warehouse was specially used to store Xuanhuang and White Pearl Rice, and Chen Feng finally realized what Xuanhuang and White Pearl Rice was.

Each of these mysterious yellow and white pearl rice is the size of the belly of a little finger, and each is crystal clear and round, as smooth as jade.

Character card:

Zhong Lang general Qi Wenqiang, starred by book friend "Love Reading", appeared on the 63rd floor of the villain building.

Zhonglang general Yang Feng, starred by book friend "Late Feng Ouba", appeared on the 64th floor of the villain building.

Zhong Lang general Li Etian, starred by book friend "A Touch of Sunshine in Frustration", appeared on the 74th floor of the villain building.

[Chapter 2336: Extremely rampant!](#)

It doesn't look like grains or plants, it looks like a piece of beautiful jade, but it is completely natural!

Xuan Huang Bai Zhu Mi is a ninth-rank spiritual plant, with a higher level than any kind of spiritual orb that Chen Feng has seen before. It is very precious and not much worse than Xuan Huang Shi.

Ordinary people and even low-level warriors who eat a black yellow and white pearl rice will be swollen to death. Only the strong people of the Martial King stage and above have the strength to eat the black yellow and white pearl rice.

Outside, ordinary Martial King realm martial artists, in this day, if they can eat one pill each morning, noon and night, it is already a very extravagant thing.

The Tianyuan Emperor turned to be kind to elite troops, such as elite troops like the Tianwu Army. Each sergeant had a daily quota of ten kilograms of black yellow and white pearl rice.

Eating ten kilograms of Xuan Huang Bai Zhu Mi, not only can fill the stomach, but also the majestic power is born from the body, which can make the soldiers greatly improve their strength and restore their strength after the fierce battle.

Therefore, Xuan Huang Bai Zhu Mi is undoubtedly the most important material in the army, especially when going out to fight in the army, it is a hundred times more important than usual.

Because, if there is no Xuanhuangbaizhumi, after a battle, it would take months, even half a year, for the soldiers to recover on their own.

Then, this army will be abolished, but not everyone like Chen Feng can recover its strength within a few days or even an instant!

Xuanhuangbaizhumi is fate!

After seeing the first warehouse, Chen Feng's face became gloomy, his face sinking like water.

Seeing his look like this, the warehouse ambassador in charge of Warehouse No. B suddenly trembled in his heart.

He cast his sights on the generals Qi Wenqiang, Li Etian, and Yang Feng behind Chen Feng, as if they were seeking help.

Seeing that the three nodded to him, he immediately settled down and straightened his waist again, seemingly confident!

After viewing a total of fifty storage warehouses, Chen Feng didn't even have a gloomy expression on his face, but a blank expression on his face.

He turned around, looked at the warehouse ambassador, and said: "According to the account book, the Tianwu army has a total of 10 billion catties of black yellow and white pearl rice. This 10 billion catties of black yellow and white pearl rice is enough for the Tianwu army 300 Sergeant Wan, eat for a whole year."

"And if the Tianwu Army is going to fight in the Southern Wilderness, it will take this time."

"But, why did I only see 3 billion catties of black, yellow and white pearl rice in this warehouse? Only enough for soldiers to eat for 100 days!"

Chen Feng's voice was downplayed, as if he was talking among friends, but his eyes were extremely cold, and they were nailed to the warehouse ambassador's face like a knife!

Before the warehouse ambassador could speak, Li Eetian gave a stunned expression and said, "How is it possible? When I came here yesterday, there were still 10 billion catties of black rice, but now there are only 3 billion catties left. Up?"

"Yes!" Yang Feng shouted: "What's the matter?"

Qi Wenqiang smiled and said: "We and you testified that the three of us came together yesterday. Indeed, there were still 10 billion catties yesterday."

The warehouse ambassador nodded repeatedly.

Chen Feng watched their clumsy performance with cold eyes.

Chen Feng knew that these Xuan Huang Bai Zhu Mi must have been resold.

The price of black yellow and white pearl rice is also very high outside. One black yellow stone can only buy ten black yellow and white pearl rice.

The profit is extremely high.

The three of them looked confident and fearless, and Qi Wenqiang was even more arrogant. He walked up to Chen Feng and sneered: "Untouchables, do you want to investigate now?"

"Now, do you still want to pursue it?"

He laughed and said: "Yesterday there were 10 billion catties, and today only 3 billion catties are left. The four of us testify against each other. Then, this crime will be on your head!"

"Hahahaha!" Qi Wenqiang and Yang Feng both laughed.

At this time, Chen Feng was calm to the extreme, just took a deep look at them, turned and left.

But after an instant, suddenly everyone in the entire camp heard a bursting sound like a thunder explosion: "After an hour, everyone will gather at the university campus. Those who are late, kill me!"

The three Qi Wenqiang looked at each other.

An hour later, on the big campus, two million military troops gathered here, a large area of black and white.

Then, a figure fell on the high platform at the end of the university field, it was Chen Feng.

Suddenly, everyone's eyes fell on him.

Qi Wenqiang and the three of them held their arms in disdain, wanting to see what they could do.

And there are many people who are laughing and playing, and don't pay attention to Chen Feng.

Facing everyone, Chen Feng said slowly: "I, Chen Feng, is the new general of the Tianwu Army. I am ordered to take charge of the three million Tianwu Army."

"Today, this is my first time in office!"

"As a result, as soon as I arrived in the camp, soldiers mutiny and gave me a slaying war."

"But, considering the overall situation, I thought that the Tianwu Army would go south to conquer those southern barbarians, so I, Chen Feng, bear it!"

"This is my first time forbearance!"

Chen Feng's voice was not loud, and very calm, but it spread throughout the university's field, and it rang in everyone's ears!

At this time, everyone below was still laughing, and none of them took it seriously.

After hearing Chen Feng's remarks, the people who had made trouble before were even more confident, and even showed some joking and provocation on their faces.

Someone yelled arrogantly: "I'm making trouble, what can you do to me?"

They did not put Chen Feng in their eyes at all!

Chen Feng didn't see it, and continued to say coldly: "I checked the number of troops, but found that the Tianwu Army with 3 million troops is actually only 2 million!"

"The other one million was eaten away by you. I can bear it too!"

After Chen Feng said this sentence, the ridicule below became louder.

Among the Tianwu Army, only the strong are respected!

If you want to be respected by others, you must prove it with blood!

Everyone thought Chen Feng was venting like a bitter woman, and some people laughed even more:

"You know what about spending money?"

Chen Feng continued: "Next, I went to the warehouse where Xuanhuang Baizhu rice was stored. There should have been 10 billion catties in the warehouse, but it was only 3 billion catties, which is a full 70% less!"

"The others were also swallowed! Do you think I can bear it?"

A tall and thin pocky face whispered mockingly: "I can't bear it, what can you do, what can you do? Hahaha, are you capable of changing the status quo?"

His face is full of disdain!

"well said!"

[Chapter 2337: I can't bear it!](#)

What he didn't expect was that as soon as his voice fell, Chen Feng turned his gaze to him, staring at him and saying word by word: "You all think that I can't bear it, so what can I do?"

"I thought I had nothing to do, right?"

Chen Feng suddenly laughed, and the laughter was full of disdain: "I'm Chen Feng's great, have you forgotten? My Chen Feng's is great, haven't you heard of it?"

"Just a month ago, I just killed a Samsung Martial Emperor, don't you know?"

Chen Feng's voice suddenly rose, and he shouted: "I can't bear it now!"

"I understand now that I want to go south to conquer the barbarians. First of all, you must get rid of your scum, you worms, and your waste!"

"Otherwise, the Tianwu Army is still a mass of loose sand!"

The scene was suddenly silent, everyone was suppressed, and everyone did not expect Chen Feng to break out directly.

However, there are still many people with sneers and disbelief on their faces.

But Chen Feng suddenly flickered, and he swept down from the high platform and came to Qi Wenqiang, Li Etian and Yang Feng.

The three people looked at Chen Fengfeng with a hint of panic on their faces.

Qi Wenqiang trembled and said, "Chen Feng, you, what are you going to do?"

"What am I going to do?" Chen Feng sneered: "Don't think I don't know, you are instigating everything today!"

"You embezzle the fixed amount, eat empty pay, embezzle the black yellow and white pearl rice, sell it privately, and make huge profits!"

"And you are afraid that I will conduct a strict investigation, so you agitated the soldiers and wanted to give me a prestige to make me jealous. Do you think you are very powerful? You feel very proud?"

Chen Feng stared at them, with a rare hideous look on his face, and shouted sharply: "You are looking for death, right? Then I will fulfill you!"

As he said, Chen Feng shouted violently, vigorously palm the King Kong, and King Kong played the pipa, bursting out.

This palm directly enveloped the three of them, and the palm was extremely powerful. This was a powerful force capable of killing the Samsung Martial Emperor.

Qi Wenqiang, Li Etian, and Yang Feng suddenly felt as if they were being crushed by a mountain.

In an instant, my heart was filled with despair.

They know very well that they can never stop this trick.

At this moment, the three people simultaneously had a thought: "I'm going to die, I'm going to die under this palm!"

The three of them let out a stern roar, and Qi Wen shouted loudly: "Chen Feng, dare you! Behind me is Prince Zhanxing!"

Li Etian also shouted loudly: "I am the son-in-law of the Chi Yan family, do you know how powerful the Chi Yan family is!"

They all hope to use their strong background to suppress Chen Feng, in order to survive today.

Chen Feng's laughter resounded throughout the university: "I even dared to kill the son of the Chi Yan family. I am afraid of what you do?"

"Don't say it is you who are standing now, even if it is the Patriarch of the Chi Yan Family, even if the Prince Zhanxing is here, I can't kill it!"

As he said, the palm fell fiercely.

Chen Feng's palm hit the three of them in an instant, and each of them bounced hundreds of times.

As a result, everyone saw that the bodies of the three people stopped in the sky and did not move.

In the shocked eyes of everyone, suddenly, the bodies of the three people suddenly swelled.

Then the next moment, amidst three huge explosions, the bodies of the three of them were directly broken and turned into blood mist.

A gust of wind came and there was no bones left.

"What? General Qi Wenqiang Zhonglang was killed?"

"Li Etian and Yang Feng were also killed. The three of them are three of the four generals in our Tianwu Army!"

"Chen Feng killed the three of them as soon as he came up. This method is too harsh!"

"Yes, and the three of them have extremely strong backgrounds behind them. Chen Feng has no scruples?"

"Have you not noticed Chen Feng's strength? All three of them are the pinnacles of the two-star martial emperor. Qi Wenqiang is even about to step into the realm of the three-star martial emperor. However, the three of them are unable to fight back. Killed, Chen Feng's strength is too terrifying!"

Everyone gave out huge exclamations, and their faces were full of disbelief and intense shock.

They feel that if they don't shout twice, they will have nowhere to vent their suffocation, and they seem to be alive and suffocating!

And everyone looks at me, I look at you, there is a sense of awe on their faces.

In their gazes at Chen Feng, the traces of contempt, contempt, and provocation before had disappeared, replaced by a strong sense of fear!

Chen Feng's thunderous tactics shocked them all.

However, the thousands of soldiers who smashed Chen Feng in the past had a look of horror on their faces.

Look at me, let me see, there is a deep worry in my heart, and some people are even scared with their teeth shaking!

At this time, their hearts are full of deep regret.

Someone whispered: "God, how could I provoke such a evil star? If I had known it, I would not dare to beat me to death. His methods are too harsh!"

"That's right, he can kill even three middle-ranking generals directly, what are we in his eyes?"

"We are going to die too, over, over, we are going to die too!"

Someone made a miserable cry!

At this time, Chen Feng also turned his attention to them.

He stared at these people, saying word by word, and said in a deep voice: "Do you want to give me power? Do you want to scare me? Now, I will let you know the price of daring to offend me!"

He suddenly yelled: "Lord Yan!"

A voice suddenly sounded from a distance, and the next moment it quickly approached, and then, far away, there were hundreds of people wearing purple and gold armor engraved with epiphanies, flying toward this side.

After they got closer, they fell one after another, and their purple and gold armor was bathed in the sun, the light was shining, extremely dazzling!

Everyone exclaimed: "Purple golden armor, epiphany pattern, this is Yutan Zijin Guard!"

"Yes, they are the guards of the royal family, why are they here?"

In the eyes of the rebel soldiers, there was even more despair, and there was a hint of ominous premonition.

Yan Chengwen came to the front and said coldly: "The deputy commander of Yutan Zijinwei, Yan Chengwen, by the order of Princess Quyang, come to take orders from General Chen Feng."

"The Grand Princess personally ordered General Chen Feng's order, that is, the emperor's order!"

"What?" When they heard these words, they were even more flustered and full of despair.

[Chapter 2338: cut!](#)

The slightest hope in my heart has disappeared!

Chen Feng pointed to the thousands of rebel soldiers, and faintly shouted: "Stop these people for me!"

"Yes!" Yan Chengwen sternly shouted without any hesitation: "Kill! Kill them all!"

These Jade Tan Zijin Wei silently responded, flashing continuously, and came to the chaotic army.

Some rebellious army wanted to resist, but they were directly captured and slashed to the ground with a knife, and it was a head bone that rolled down.

Blood gushed out from the neck cavity. Chen Feng was talking about slashing. They just beheaded, absolutely without any other means.

One after another, the rebels were killed on the ground, and the only emotion in their hearts at this time was regret.

Some people don't even have the idea to resist, they knelt down in despair, screamed sternly, and cried: "I regret it! I regret it! I shouldn't listen to their instructions to oppose you, I Regret it!"

But now, it's too late to say anything.

He was still killed.

The other soldiers looked at Chen Feng with awe in their eyes.

Chen Feng stared at them and said coldly: "Do you think the reason I killed you was because you were against me? It's ridiculous!"

Facing everyone, Chen Feng said loudly: "You don't need to have any compassion for them. Have you forgotten what they did in the past?"

These thousands of rebellious soldiers were actually confidants deliberately cultivated by the three of Li Etian, who used them to suppress ordinary soldiers.

Before, they squeezed military pay and squeezed the soldiers. It wasn't that there were no soldiers who rebelled, but they were all killed by these thousands of cronies who would resist!

It can be said that their hands are covered with blood from their colleagues!

Li Etian and the trio used them to transport Xuanhuangbai Zhumi and various weapon armors to sell to other forces. On the way, the people who broke their conspiracy were swept away.

Chen Feng knew very well that just three months ago, when they were transporting armor to a large band of thieves tens of thousands of miles north of the Tianyuan Imperial City, they passed several small villages on the road, because the people in the small village saw them. The whereabouts of the transport, they killed all the thousands of people in those villages.

Some beautiful women were killed after being insulted.

His behavior can be said to be an indignation between man and god!

All the soldiers were stunned. They did not expect them to do these things.

The sense of honor of the Tianwu Army made them extremely angry.

At the next moment, someone suddenly shouted: "Kill, kill them, kill these scum!"

People shouted loudly: "Kill these scum, kill them!"

In a blink of an eye, these rebels were all beheaded!

At this time, Chen Feng pointed to Mazi's face and smiled slightly: "You just said that I have nothing to do except forbearance, right?"

"Now, you say this again!"

That tall and thin pockmarked face was already shaking with fright before. After seeing Chen Feng's harsh methods, how could he still think that Chen Feng could only bear it?

At this time, when he heard Chen Feng's questioning, his legs were even more frightened, and he knelt directly on the ground, kowtow to Chen Feng.

"I, I, my dog sees people low, I shouldn't have said that."

"My lord, you spare my life! My lord, don't be familiar with me!"

While crying, he slapped his face, and instantly his face was swollen like a pig's head.

Chen Feng stared at him and smiled coldly: "The death penalty is forgiven, and the living sin is hard to forgive!"

As he said, he came to him and kicked it out, and he shattered his dantian.

Then, Chen Feng didn't even look at him. He returned to the high platform and smiled and said, "Zhenmeng, come up!"

In the eyes of everyone's surprise, the only remaining Zhonglang General was shocked and slowly walked up.

Chen Feng looked at Zhenmeng and smiled and said, "I'm sorry. If it wasn't for you this time, I'm afraid things won't go so smoothly."

Zhenmeng's face was a bit heavy. He sighed softly and said, "After all, he is a colleague in the past, but he didn't expect that he actually got to this point in the end."

Chen Feng's voice was cold: "They are looking for death, no one can blame it!"

It turned out that just the night before, Zhenmeng confided to Chen Feng to let Chen Feng know everything.

Facing the crowd, Chen Feng said loudly: "From today onwards, Zhenmeng will be my deputy. He will handle all major and minor matters in the army."

The crowd responded loudly.

This matter is understood.

Chen Feng ordered everyone to send fifty catties of black rice first, which immediately drew cheers from many soldiers.

This also initially won some hearts and minds for Chen Feng.

Everyone left one after another, and after a few words with Zhenmeng, Chen Feng also left.

Chen Feng has another worry that cannot be put down, that is, Chen Ziyuan.

If you are here, you can still keep her safe, and if you are not here during this time, who do you really want to deal with Chen Ziyuan? Even if I want to come back, it is too late!

After thinking for a long time, Chen Feng left and went to the outer courtyard to find Chen Ziyuan, and then took her to Liu Chengyi's residence.

Standing in front of this small floating mountain, Chen Ziyuan's expression was very restrained, and she didn't know where to put her hands and feet.

She lowered her head and asked softly, "Brother Chen, is this a bit abrupt?"

Chen Feng said with a smile: "Don't worry, there is nothing abrupt, I still have a bit of face here."

"If your talent is good enough and he accepts you as a disciple, then it is naturally best. If your talent is mediocre and he doesn't like it, that's nothing!"

With that, Chen Feng led her in.

Liu Chengyi was thinking about something there. When Chen Feng came in, his brows stretched, and he laughed: "Oh, Chen Feng, why are you here?"

Chen Feng smiled and said, "Seeing that you are alone by your side, I will bring you a good apprentice."

"What?" Liu Chengyi was stunned when he heard Chen Feng's words. He didn't expect Chen Feng to come here this time for such a purpose.

Then he saw Chen Ziyuan behind Chen Feng.

At this time, Chen Ziyuan's face was full of restraint and nervousness to the extreme, her face flushed, she kept rubbing the corners of her clothes and lowered her head, even Liu Chengyi dared not look.

But the moment Liu Chengyi saw Chen Ziyuan, his eyes burst out, and a look of disbelief appeared on his face.

His hands trembled, and he said in a trembling voice, "No? How could it be possible!"

When Chen Feng saw it, he was stunned.

He didn't have any hope for Chen Ziyuan's talent. What he thought today was that whether Liu Chengyi agreed or not, he would entrust Chen Feng to Liu Chengyi's care.

If Liu Chengyi promised the best, if he didn't promise, he would take the second place and let Chen Ziyuan stay here!

[Chapter 2339: Point the star body!](#)

But looking at Liu Chengyi now, it seems that things are not as simple as he thought.

The next moment, Liu Chengyi rushed in front of Chen Ziyuan at a very fast speed, looked at her and said with a trembling, "You, did you look at the stars from a young age, the stars will shine against you, and they will flash and twinkle at you. It's as if they are smiling at you?"

Chen Ziyuan was stunned when she was asked to ask, and stood there blankly, not knowing how to answer.

Chen Feng reminded him next to him: "You just have to say what you want, no need to forge or hide!"

While speaking, Chen Feng gently squeezed her little hand, and gave her encouragement and gentle eyes.

After catching Chen Feng's gaze, Chen Ziyuan immediately settled down, and she didn't panic anymore.

She took a deep breath, nodded and said, "Yes, I've been like this since I was a kid, isn't it like this for everyone?"

Chen Feng couldn't help but patted his forehead: This silly girl, how could everyone be like this?

It's impossible to think about it!

Liu Chengyi was taken aback for a moment, then laughed, Chen Ziyuan was a little overwhelmed by his laugh.

After a while, Liu Chengyi suddenly looked at Chen Feng and said cheerfully: "Chen Feng, Chen Feng, I really want to thank you so much, you really brought me a great baby!"

"Oh, is it?" Chen Feng was also happy.

Liu Chengyi looked at Chen Ziyuan with eagerness and excitement in his eyes: "Did you know? You are a rare star-pointing body."

"What? Point the body of the star? What is that?" Chen Ziyuan asked.

Liu Chengyi trembled: "Our department cultivates the astrological method, and what draws the power of the stars in the sky."

"The power of how many stars, heaven, earth, and stars can be attracted depends on how many stars you can sense and how many stars you can light up!"

"The more stars you can observe, and the more stars you can sense, the more stars you can contact."

"The power of capturing the stars is divided into three steps: looking for the stars, sensing the stars, and lighting the stars!"

Both Chen Feng and Chen Ziyuan nodded: "So it is."

Liu Chengyi said to Chen Ziyuan again with a trembling voice: "You just said that you can see many stars when you were young, and those stars are still smiling at you and flashing at you. Do you know what this actually means?"

"This means that you can observe many more stars than others, and many of them have a strong goodwill towards you, and you have even directly reached the level of illuminating the stars!"

"The power of these stars is actually available for you now!"

He became more excited as he spoke, and the volume increased again: "Do you know that the hardest and most difficult thing in our department is to light up the stars, and you have already spent the hardest and the rest? , That's easy."

"Moreover, just because you can see so many stars, it means that you can use the power of the stars much more than others!"

Chen Ziyuan also exclaimed.

Only then did she know that she was so talented in astrology.

Suddenly, Liu Chengyi looked at her with a solemn expression, and said seriously: "Chen Ziyuan, are you willing to worship me as a teacher?"

Chen Ziyuan glanced at Chen Feng instinctively. www.17e.com

Chen Feng nodded, Chen Ziyuan did not hesitate, and immediately fell to her knees, her voice was simply and refreshing: "Master!"

Liu Chengyi laughed loudly, thinking that he was old enough to accept such a good apprentice, and he was so relieved!

For the next full month, Chen Feng didn't go anywhere, but stayed in the Tianwu Army camp.

In this month, he also rectified the entire Tianwu Army, and all the soldiers and officers in the Tianwu Army related to the three generals who were beheaded by him were swept away by Chen Feng.

Hundreds of thousands of people have been eliminated.

The strength of the Tianwu Army has also dropped from two million to 1.7 million.

However, the reduction in the number did not reduce the combat effectiveness of the Tianwu Army. On the contrary, those who were eliminated basically used to rely on the support of three generals on their heads, and wield power among the soldiers and low-level officers below. Fu people, so after they were eliminated, the entire Tianwu Army was full of joy.

Everyone is very happy.

Then Chen Feng paid all the military payment owed to them, and each of them gave an extra 100 catties of black yellow and white pearl rice!

With Chen Feng's move, morale also increased.

Chen Feng's prestige is constantly improving!

The night is dark.

At the center of the Tianwu Army Camp, above the tall building, the top floor.

Chen Feng was sitting cross-legged after a big case, and a large map was placed in front of him.

This map was sent by Princess Quyang just now, and it shows the situation in the southern famine five days ago.

From this, Chen Feng also came to a conclusion that there must be an unknown means of transmitting information in the imperial family of the Tianyuan Dynasty, which could make the transmission of information extremely fast.

Because you need to know that even with Chen Feng's strength, it would take about a month from the Southern Wilderness to the Tianyuan Dynasty.

And Princess Quyang was able to get what happened in Nanhuang five days ago, so unless there is a five-star and six-star martial emperor who is passing the news for them, it can only be done through special channels.

"Using the Five-Star Martial Emperor to spread the letter?" Chen Feng slightly ticked the corner of his mouth: "The most peak power in the entire Tianyuan Imperial City, I'm afraid it is the Five-Star Martial Emperor!"

At this time, the situation in Nanhuang was much worse than when Chen Feng came back.

The Black Water Profound Snake Tribe has been advancing a full five million miles from the Southern Wilderness!

The Tianyuan Dynasty has a radius of 80 million li, and the inner part is 40 million li. In addition, the east, the west, the north and the south, each have a radius of 20 million li.

The Southern Wilderness outside the core of the Tianyuan Imperial City has already occupied about a quarter of its area, and the total number of cities that have been captured has reached 197,000.

The number of people who fell into the enemy's hands has reached tens of billions. At this time, the nearest army of the Black Water Profound Snake Tribe is not even far away from the core of the Tianyuan Dynasty!

When Chen Feng looked at it, his brows suddenly raised slightly, and a touch of joy appeared in his eyes.

If others look at the map, they can only see endless troubles in it, but Chen Feng has discovered opportunities from it.

His eyes lit up in an instant, and he said softly: "Now the Black Water Profound Snake Tribe seems to have a very strong momentum and has already occupied a large area of the Southern Wilderness, but they seem to have no clear purpose at all."

"They didn't seem to think about attacking the Tianyuan Dynasty confidant, and even split up to a hundred units."

[Chapter 2340: Chen Feng's concerns](#)

"These 100 shares are going in different directions. The purpose is to occupy the site, just to rob!"

Chen Feng immediately said categorically: "They are just a group of bandits, and this group of bandits is nothing to worry about!"

"Yes!" At this time, a loud admiration suddenly sounded outside.

Then, a tall, thin, upright person walked in, it was Zhenmeng!

He looked at Chen Feng, smiled and said, "I didn't expect you to come to this conclusion, General."

Chen Feng smiled slightly: "Could it be that what a hero sees is the same?"

Zhenmeng said: "General, of course you are a hero, but I dare not be."

Chen Feng waved his hand and said, "Just kidding, come and look at this map."

Zhenmeng walked over, then raised his brows and asked, "The map just passed over?"

"Yes, the southern famine situation five days ago!"

After reading the map carefully, Zhen Meng said in a deep voice, "The forces of the Black Water Profound Snake Tribe are too scattered."

"Yes!" Chen Feng smiled and said, "But if this were not the case, we would not have every chance to defeat it!"

"Yes!" Zhen Meng nodded, agreeing: "They are divided into so many units, and each unit has a little less force than ours, and the individual combat effectiveness of our soldiers is much stronger than their individual combat effectiveness."

"In other words, when we face them, we have an absolute advantage."

Chen Feng said: "No, you are wrong, not when facing one of them, as long as it is less than ten, I can eat it!"

"Don't forget, there is me!"

"Yes, my subordinates almost forgot." Zhenmeng smiled and said, "You are so strong that you can stand up to a million troops!"

"Come on, you sit down with me for details, let's make a plan to see how we should fight at that time."

"You are an old man. In this respect, you are more experienced than me."

Chen Feng was very humble and said, "I listen with great respect."

Zhen Meng was taken aback, he did not expect that Chen Feng, such a young and powerful, so proud of his youth, could be so humble.

A touch of emotion flashed in his heart, nodded, and sat next to Chen Feng.

The two talked in low voices, and until the early morning of the next day, a complete combat plan had been released.

Seeing the bright sky outside, Zhen Meng stood up and stretched out, "Oh, the night passed without knowing it."

Suddenly he patted his head and suddenly said, "Looking at the memory of my subordinates, I have looked over to find your true purpose."

"Oh?" Chen Feng said with a smile: "Then you came to see me this time?"

Zhenmeng said: "On your order, all the black yellow and white pearls have been sent down, and each soldier has also given a large amount of black yellow stones as a reward."

"Furthermore, I reorganized them into the organizational system according to your instructions, and it has been done. Now the Tianwu Army has a total of 1.7 million people, divided into five armies, the front, the left, and the left."

"Among them, 400,000 people in the Chinese army, 300,000 people in the left army and right army in the former army!"

"Every 10,000 people is a large battalion, a total of 170 battalions. After all the officers have been appointed, the people below are eager to fight and want to ask you when you can leave."

Chen Feng smiled and said, "Go down and tell them that it's not far away. There are still three days left at most."

"Okay." Zhen Meng immediately helped his head stand up, and said loudly.

His eyes were filled with excitement, and it seemed that his whole body was boiling with enthusiasm: "Subordinates and the army of millions are waiting for this scene."

Chen Feng looked at him with deep eyes, and he had a deeper understanding of Zhenmeng these days.

This person is not only upright, but also caring for the people. At the same time, he is exceptionally talented. It is really reassuring to have him as his deputy!

In fact, Chen Feng didn't intend to take care of too much about military affairs. Zhenmeng had much more experience than himself, and it was enough for him to lead the army daily.

Chen Feng was not afraid of his betrayal anyway.

After Zhen Meng left, Chen Feng leaned back and looked at the rising sun outside, falling into deep contemplation.

Now the Tianwu Army is well prepared, but there is still one thing that makes Chen Feng quite worried, that is, the number of strong people in the Tianwu Army is seriously insufficient!

Chen Feng said softly: "The two things I need to do are first, to control the overall situation, and second, to deal with the powerful people of the Blackwater Black Snake Tribe."

This is a very serious problem.

Chen Feng had been to the Black Water Black Snake Tribe, and he knew how terrifying the strong men in the Black Water Black Snake Tribe were.

Chen Feng's hand tapped on the table, thinking constantly in his mind.

He had asked Yaoyao before and learned about the situation of the strong in the Black Water Profound Snake Tribe.

The newly enthroned empress of the Blackwater Profound Snake Tribe does not seem to be very strong. The strongest is the four elders, but the four elders now only have a dead wood elder.

Chen Feng estimated that the strength of the deadwood elder was at least comparable to that of the Red Flames, reaching the four-star martial emperor realm, and possibly even the four-star martial emperor peak.

Chen Feng is definitely not an opponent now!

In addition to the dead wood elders, there are many sub-level powerhouses. Chen Feng does not know if Chen Feng has reached the realm of the four-star martial emperor, but there are at least ten people in the three-star martial emperor realm.

These are the strong men who have been surrendered by the major tribes of the Southern Wilderness.

Generally speaking, their strength is much worse than that of the Tianyuan Dynasty.

However, it is impossible for Chen Feng to use all the power of the Tianyuan Dynasty, he can only use a small part.

If it were to be entangled by these strong men, the consequences would be disastrous. It is very likely that the Tianwu Army would not be able to escape the joint strangulation of several strong men!

Chen Feng suddenly got up and attacked immediately.

After a cup of tea time, he stood in front of Princess Quyang.

Now Chen Feng's status is extraordinary, and he can enter the palace at any time and see Princess Quyang and even the Emperor at any time.

After listening to Chen Feng's worries, Princess Quyang showed a smile on her face, looked at Chen Feng, and said softly: "Chen Feng, I didn't misunderstand you. You really are a very caring person. I can think of it."

"I know all the things you did in the Tianwu Army recently, and I didn't misunderstand you!"

Chen Feng smiled: "Thank you, Your Royal Highness Princess."

Princess Quyang went on to say: "You can rest assured that this time, I will not let the Heavenly Martial Army act alone, and I will send you several masters."

While speaking, she shouted: "Yan Chengwen, come in."

"Yes!" There was a voice outside, and then a figure walked in, it was Yan Chengwen!

Yan Chengwen arched his hands and said respectfully: "I have seen Her Royal Highness Princess Long."
