

Peerless 2351

[Chapter 2351: No, I killed you!](#)

"You are the coach, aren't you? Lao Tzu killed you, see what else they can do!" Then he rushed towards Chen Feng.

Chen Feng smiled and said, "No, I killed you."

He threw a punch!

Suddenly, the world changed!

The general of the Black Water Profound Snake Tribe's complexion changed drastically, and he felt the incomparable power. He wanted to hide, but he couldn't avoid it anymore. This punch directly squirted him wildly and fell heavily to the ground.

He straightened up twice, and then swallowed directly.

There was still a strong color of disbelief and fear in his eyes, and he seemed to be unable to understand why Chen Feng was so strong.

Looking at the corpses all over the field, I don't know which Tianwu sergeant uttered a cheer first, and the next moment, the sound of cheers one after another, resounding through the entire mountain.

All the soldiers of the Tianwu Army laughed and celebrated the victory.

Zhenmeng walked to Chen Feng's side, smiled and said, "Congratulations, sir."

A smile appeared at the corner of Chen Feng's mouth, and he looked at Zhenmeng behind him and said, "This is a perfect ambush."

"That's right." Zhenmeng nodded and said: "This battle is won by two points, first, by surprise, second, our bow is far better than their long-range weapons, you can even say..."

He walked to a soldier of the Black Water Profound Snake tribe, looked carefully, then curled his lips, disdainfully said: "Their weapons only have melee combat, and they don't even have long-range weapons. How can you fight us!"

Chen Feng smiled and said: "That's right, so when I leave Tianyuan Imperial City, I will have so many purple gold divine power bows!"

A trace of worry flashed in his trembling eyes, and he said, "My lord, such ambushes can't be too many times. They just have no defense against us. If they wait for them to be prepared..."

Chen Feng said: "That's right, it's really not good for them to sneak attack when they are prepared."

"However, we have to make money back when they are not prepared."

Zhenmeng nodded and smiled: "My lord is right."

Then, Chen Feng gave an order, and all the soldiers descended into the valley, stripped off the complete armor of the Blackwater Black Snake Tribe clan, and then put them on themselves.

The barbarians of the Blackwater Black Snake Tribe are generally relatively large. Although the soldiers of the Tianwu sergeant have another layer on the outside of the red armor, they have just fitted.

Zhen Meng asked Chen Feng in surprise, "My lord, what's the intention?"

Chen Feng said: "We are all red, too conspicuous in this Southern Wilderness, and the chance of being discovered is too high."

"So, they all put on the armor of the Black Water Black Snake Tribe, so that they won't be able to find us far away."

"Anyway, in this entire Southern Wilderness, we are all enemies, so we don't have to be afraid of accidentally hurting our friendly forces."

Zhenmeng nodded in agreement: "My lord said yes."

"Moreover," Chen Feng said with a smile to the black panthers and flying tigers scattered in the river valley:

"The mounts our soldiers ride on are all produced in the North, and they don't adapt well to the soil and water here. Many people have died of illness in these days."

"And these black panthers and black tigers are not only a specialty of this place, but also very fierce. Don't you think they are very suitable for our pawns?"

Zhen Meng's eyes lit up and he smiled and said, "It turns out that my lord has this plan. It's great. I have always had this concern."

There are quite a few black panthers and double-winged black households alive, and these naturally become the mounts of the Tianwu Army!

Three days later, on a high cliff.

Chen Feng sat on Xuefeng's body and looked back. *novelUSB.com*

Behind him, the originally gray-white mountain range was completely covered by black at this time.

A total of 1.7 million elite soldiers wearing black iron armor occupy here.

And the mounts they ride under each of them are exactly the same, all of them are huge, two-winged black tigers.

These two-winged black tigers were naturally snatched from the Blackwater Black Snake Tribe.

In the Blackwater Black Snake Tribe, ordinary soldiers ride black panthers, and only the first level of officers can ride the two-winged black tiger.

The ability to **** so many two-winged black tigers shows that Chen Feng and the others have already killed at least nearly 10 million black water mysterious snakes.

The fact is almost the same, it has been twelve days since the first ambush of the Blackwater Black Snake tribe army.

In these twelve days, Chen Feng led the Tianwu Army to fight around and annihilated ten Blackwater Black Snake tribes one after another.

Every army of the Blackwater Black Snake Tribe was completely wiped out, and no one ran out.

So so far, they have not heard from the Tianwu Army!

At this time, every Celestial Sergeant's body was stained with blood, and he looked quite tired.

Because they have not rested much for twelve days.

However, their spirits were extremely high, and they all laughed and waved their weapons continuously.

And beside their mount, there is a string of dark things hanging. If you look closely, you can find that these dark things are the head of the black water mysterious snake tribe.

Each of them grinned and grinned, quite terrifying.

These first levels are their military exploits.

Chen Feng promised them that after returning to Tianyuan Imperial City, every head could be exchanged for a large number of Cultivation Ziyuan.

Those who make great contributions can be promoted to the next level.

This has brought them great encouragement!

Chen Feng looked at his Golden Dragon ring. The storage ring that had accompanied him early on had a crack and was a little unstable, but it could still be used barely.

At this time, there were a total of twenty pills and one hundred and thirty peculiar flowers and spirits in the golden dragon ring.

These are all obtained from the generals of the Black Water Black Snake Tribe.

"These strange treasures and pills, after I swallow them, my strength can increase by at least a big level, but it's a pity that if I swallow them all at once, they can swell me to death."

Chen Feng thought to himself: "When this matter is over, I have to find a place to meditate. It will take at least half a year for these things to be refined."

"Military spirit is available, morale is strong!" Beside Chen Feng, Zhen Meng said with a smile.

Chen Feng nodded: "Lian Zhan Lianjie, the soldiers are of course high spirits, how about their casualties?"

Zhenmeng's face smiled even more: "The casualties are very few, and it can even be said that they were unscathed."

"Our army of 1,700,000 has only killed less than 200 people so far!"

Chen Feng said in a deep voice, "The purple gold divine power bow is really a military artifact."

Zhen Meng nodded his head: "Yes, if we don't have this kind of purple gold divine power bow, our chances of winning would be much smaller. With these powerful bows, the thief army would not be able to get close at all, and would be beheaded."

[Chapter 2352: Prince Zhan Star](#)

"Then, how is the loss of bows and arrows?"

"About five hundred bows were broken. As for the arrows, there are still more left. Each of our soldiers carried 10,000 arrows. Now, on average, each person has used only about a hundred."

"These arrows are enough to support us to return to the Tianyuan Dynasty."

Chen Feng nodded, so he was relieved.

Then Chen Feng turned his head, looked at Ta Tamu who was standing next to him respectfully, smiled and said, "Ta Tamu, thanks to you this time, you have contributed."

Tatamu's eyes were calm, and he said in a deep voice: "None of these exploits are what I want. All I want is revenge."

He gritted his teeth, his face showed a happy expression: "Now everyone in the Black Water Black Snake Tribe is my enemy, and my father was killed by them."

"I don't agree with them, the more you kill them, the happier I will be!"

The fighting over the past few days is indeed thanks to Tatamu.

He knows where is the most concealed, and also knows where is the main traffic road. Almost all the ambush locations are provided by him, and then selected by Chen Feng.

Chen Feng smiled slightly, did not say anything, just said to Zhenmeng: "Order to go down, let's rest for the whole night, and continue the ambush early tomorrow morning."

"It should not be too late. The news that we came to the South cannot be kept for long."

"Try to fight a few more battles before they react, and eat more of their soldiers."

Zhen Meng nodded his head and said: "What the general said is that his subordinates go down and give orders."

Soon, the army set out again, and the array of countless two-winged flying tigers, like a black cloud, hurried outward and disappeared into the sky.

With a crisp sound, a colorful glass cup fell heavily on the ground paved with gold bricks, turning into countless powder!

The black-clothed man who was kneeling next to him trembled heavily, with a look of unconcealable fear on his face, his head fell lower, and he dared not speak a word.

He did not know how many times he has been in and out of this mansion. As the confidant of the owner of this mansion, he naturally knows that this ancient jade colorful glass cup presented from the snow country in the north is the love of the owner of this mansion. one.

My favorite thing to do every day is to hold it in my hands.

It can be said that in his eyes, this ancient jade colorful glass cup is worth more than 10 million lives.

And now, the cup was broken in front of him.

It can be seen that the owner of this mansion is so furious at this time!

The next moment, a cold voice that made his heart tremble quietly sounded: "This Chen Feng, what a damn!"

The voice is full of endless resentment, just by listening to it, you can imagine the way the person gritted his teeth when he spoke!

At this time, in this hall, a tall, purple-haired young man was standing by himself.

If Chen Feng was there, he would definitely be able to recognize that this purple-haired youth is the Prince Zhanxing, the younger brother of His Majesty today, with a powerful and powerful!

At this moment, his face showed a furious color, and the muscles at the corners of his mouth twitched.

Suddenly, he yelled frantically, and smashed into the hall.

Almost instantly, everything he could see was smashed to pieces.

As he smashed it, he yelled angrily: "This untouchable, this lowly breed, this lowly-born dog, dare to move my people? How dare you?"

"But I'm going to chop it off, I want him to be over ten thousand pieces! Ten thousand pieces of corpse!"

Suddenly, the anger on his face disappeared without a trace, and became very flat again, and then gently sat down.

He looked at the man in black in front of him, and said lightly: "You will repeat the process."

The man in black was frightened by his moodiness and his heart was even colder.

In fact, it was not that Prince Zhanxing couldn't control his emotions, he just dismissed it.

Anyway, with his status, he can vent whatever he wants, who can stop him? Who would dare to stop him?

The man in black trembled and told Prince Zhan Xing about Chen Feng's killing of the city lord of Jingnan City.

After listening, Prince Zhanxing smiled and said, "Chen Feng, since you dare to do this, I can only be rude to you!"

He shouted: "Guta, come in!"

Heavy footsteps sounded outside, and then a tall body of about six meters bent over into the hall.

This person should not be a member of the Tianyuan Dynasty, looks strange and ugly, very hideous.

He is tall and extremely sturdy. The whole body is almost a square. He wears a turquoise armor that wraps his body very tightly.

He feels full of power, and the breath of power makes people almost suffocated!

The black clothed person's cultivation is also quite tyrannical, but as soon as this person comes in, he feels that he is almost crushed to death.

He was shocked: "The strength of this ancient pagoda has definitely surpassed the peak of the three-star martial emperor. I don't know what kind of realm it has reached!"

After the ancient tower came in, he did not speak, Prince Zhanxing walked up to him and said in a low voice.

Guta nodded repeatedly, indicating that he knew.

Prince Zhan Xing waved his hand and said: "Go and do it now, in five days, I should get it in time!"

Guta finally spoke for the first time: "His Royal Highness, don't worry, I will live up to your trust!"

This was the first time the man in black heard his voice.

The sound was like rusty iron scraping on the stone, extremely harsh.

And this accent made him feel a little familiar, but he couldn't remember it for a while. ovelusB.com

After a while, Guta left, Prince Zhanxing waved his hand, he also stood up and left as if he was amnesty.

The moment he walked out of the hall, he suddenly shivered, and he suddenly remembered why the accent of the ancient pagoda sounded familiar.

He had come and talked with many people from Nanhuang, and their accent was like this.

A terrible thought suddenly appeared in his mind.

In the Tianyuan imperial city, the outer courtyard of Wudong Academy, on the small floating mountain where Liu Chengyi lived.

The night is deep and the stars are shining.

Here, it seems that looking at the stars on that day, I feel that the distance is very close.

Countless stars converge into a Milky Way, splashing across the sky, appearing deep and mysterious.

This is exactly why Liu Chengyi chose to practice here.

The Tianyuan Dynasty, with a radius of 80 million miles, this Tianyuan imperial city, due to its terrain and layout, is the closest place to the stars in the sky!

At this moment, his little floating mountain was full of light fluorescence.

If you look closely, you will find that these fluorescent lights do not originate from the floating mountain itself, but appear in the floating mountain, one after another in silvery lines.

[Chapter 2353: Light up the stars](#)

These lines are painted on the floating mountain, which is artificial composition.

If there were some mighty powerhouses of the Tianyuan Imperial City here, they would be surprised to find out what simple lines these silver lines are, clearly a mysterious formation, covering the entire floating mountain.

The only condition for this formation to operate on its own is to have the stars shine.

To absorb the power of the stars is to operate by itself.

And the function of this formation is to allow people on this floating mountain to observe more stars.

At this moment, at the top of Fukong Mountain, Chen Ziyuan was standing quietly looking up at the stars.

Hunting in the night wind, blowing her clothes, she looked like a man in a fairy, misty and dusty.

Their cultivation method is different from other cultivation methods. They don't need to sit cross-legged, and don't need to be calm, as long as they can communicate with the stars in the sky, then it is enough.

Even if they are eating and drinking, screaming and drinking, or even sleeping.

As long as you can communicate with the stars in the sky.

But if you want to seduce the stars in the sky, the biggest thing is talent, so they are extremely important to talent.

However, Chen Ziyuan's talent is extremely good.

At this moment, his gaze suddenly turned to a certain place above the sky. If someone else, even a powerful Martial Emperor, looked there, he would see nothing but a dark night sky.

However, in her eyes, there is clearly a big star there.

Shining brightly with light and heat, very intense.

She stared there with piercing eyes, her body's exercises working.

So the next moment, the power of a star directly splashed down, and a little bit of starlight was embedded in her body.

Above her body, a huge acupuncture point suddenly lit up, also full of that mysterious starlight!

Then, she cast her gaze to another star, and in the same way, the star that ordinary people couldn't see did not hesitate to splash a large amount of starlight into her body.

This time, these starlights seemed to have reached a limit of their savings, and they were frantically washed in her body, over and over again.

Xingguang expelled all the impurities in her body, and with a roar, her aura rose wildly above her body, and she suddenly reached the Martial Emperor Realm.

You know, her previous realm was several major levels short of Wuhuang realm!

If he were to follow the original speed of his cultivation, he might not be able to reach the Martial Emperor Realm for decades, or even hopeless for life, but now he has reached the Martial Emperor Realm overnight!

Chen Ziyuan was extremely happy, she whispered softly: "Brother Chen Feng, you gave me all of this. If it weren't for you, I'm afraid I would have died long ago, let alone be able to rise to the Martial Sovereign Realm."

She held her breath, let her ecstatic heart be pressed down, and then continued to practice!

The third star lights up again, and the power of the huge stars washes down again.

And until the sky was twilight and the morning sun was rising, Chen Ziyuan lighted up the last star of the night again.

This is also the nineteenth star he lit up.

At this time, above his body, among the nineteen large acupuncture points, shining starlight was emitted at the same time, and the whole person was filled with a charming starlight, extremely mysterious and powerful.

At the same time, at the moment when the sun rose, the huge star power accumulated from the nineteen stars was running wildly in her body.

This immense power is different from any kind of power. It is mysterious, powerful, and possesses infinite power.

In fact, he was also a crazy promotion, and in the end he was directly promoted to the realm of the three-star Wuhuang.

She clenched her fist, felt the tremendous power, and a smile appeared on the corner of her mouth.

At this time, Liu Chengyi came back from the dust. He had something to go out and didn't return all night.

After he came back, he saw Chen Ziyuan and the nineteen acupuncture points on her body shining with bright stars.

He was stunned immediately, his mouth opened wide, and he didn't notice that the thing in his hand fell on the ground. The whole person was dumbfounded, shocked to the extreme, shocked to the extreme!

After a long time, he let out an unbelievable exclamation: "Ziyuan? Really?"

"Overnight, overnight, you light up nineteen star caves!"

Chen Ziyuan was also a little embarrassed, she smiled shyly, and said in a low voice: "Yes, I lighted up nineteen acupuncture points."

"Moreover, your strength has also been upgraded to the three-star Wuhuang!"

Chen Ziyuan nodded embarrassedly.

Liu Chengyi didn't react for a while, his expression was very strange, and then he laughed ecstatically in the next moment: "Hahahaha, I have a chance to catch the stars!"

"After I win the stars, there will definitely be a strong man who will never be born!"

"Hahahaha, the ancestors of the past generations, I am worthy of you, in the hands of Ziyuan, our department will definitely be able to carry forward!"

His whole person is like crazy, dancing with his hands, and extremely happy.

Chen Ziyuan looked at her and she couldn't help but smile.

After a while, Liu Chengyi returned to normal, watching Chen Ziyuan exclaimed: "Ziyuan, your talent is so powerful, do you know how many star points I have lit up so far?"

Chen Ziyuan shook her head and said, "I don't know."

"Up to now, I have been practicing for more than two hundred years, and I have only lighted up nineteen star points!":

"On average ten years can light up a star cave, and you light up so much overnight!"

"Of course, it will be very difficult for you to light up the star point in the future, but it is definitely easier than me."

He sighed and said, "Your master, my realm is not as high as you. There is nothing to teach you now."

He suddenly said solemnly: "Ziyuan, kneel down!"

Chen Ziyuan's face became solemn, and she knelt down and said, "Master, please give orders."

Liu Chengyi said, "I don't have anything to teach you now. I will now give you a secret method at the bottom of the door of the division."

"This secret method is our greatest secret, the most powerful secret method, and it is also a secret method desperately working with others!"

When Chen Ziyuan heard this, her heart trembled.

Liu Chengyi continued: "This secret method is to burn the essence and blood of one's whole body and draw the power of the supreme stars into one's own body or the body of others."

"It can increase the strength of the indoctrinated person by one or even several major levels instantly, killing the enemy directly!"

"So powerful?" Chen Ziyuan couldn't help but exclaimed.

"That's right." Liu Chengyi said with a smile: "At least one big level can be raised. If you are lucky, you can even be raised three big levels."

[Chapter 2354: Insider](#)

"but!"

His face suddenly became cold and stern, and he said in a deep voice, "After using this secret method, there is absolutely no escape, and the flesh will fall apart directly, and there will be no doubt about death."

"Therefore, this secret method is also a desperate secret method. It cannot be used unless it is a last resort."

Chen Ziyuan nodded her head and said, "The disciple understands."

Liu Chengyi nodded, and took out a volume from his sleeve. The volume was already yellow and exuding an ancient atmosphere. I don't know how many years it has been passed down.

He gently placed the scroll in Chen Ziyuan's hand, his expression extremely solemn.

This also means that he put the orthodoxy of his own school in Chen Ziyuan's hands!

That night, the Tianwu Army set up a large camp in a deep valley thousands of miles away.

This valley is also the location provided by Tatamu, located in a stretch of deep mountains.

Many rare gems and minerals were buried in this deep mountain, and many mines were opened in it. These mines are large enough to accommodate a large number of people.

Now, the minerals are completely mined and the place is abandoned, but there are still some mineral slags involved.

These minerals are very special, and can even interfere with the perceptions released by the Martial Emperor Realm powerhouse, so if you camp here, you are not afraid of being discovered.

These holes are very wide, and some have almost dug out an entire mountain.

At this time, on the mountain wall, countless huge braziers were lit, illuminating the place, and there was a continuous tent on the ground.

Due to the large number of Tianwu troops, they are scattered among many huge mines.

The bonfire was lit in the mine, and there were many huge monsters hanging on it.

On the side of the flame, there is a large pot hung with black yellow and white pearl rice.

After the monster meat is cooked, cut off a large piece and throw it on top of the cooked black, yellow and white pearl rice.

Holding a big bowl is just eating and feasting.

After suffocating his head and eating for a while, he put down the bowl and exhaled a long sigh of satisfaction.

Not only the soldiers were doing this, but also Chen Feng.

He mixed in with a group of soldiers, eating with everyone, and laughing together, which made the soldiers love him even more.

Finally, with enough food and drink, everyone entered the tent one after another, ready to rest.

Even the torch above the mine was mostly extinguished, leaving only a little bit.

Suddenly, it became a lot darker in the mine.

The continuous battles not only exhausted these soldiers, but also kept their spirits tense.

Relaxing at this time, it seems particularly tired.

Soon, in the mines everywhere, it became quiet, and everyone fell asleep.

Even Chen Feng was the same. After a few hours, it was almost early in the morning. It was the darkest moment of night and the moment when people slept the deepest.

At this moment, beside Chen Feng's general tent, beside a small tent, the black shadow on the ground seemed to tremble quietly.

That is the black shadow cast on the ground after the fire light shines on the tent.

The dark shadow flickered quietly, but then disappeared again, and no one noticed it.

And then, there were constant black shadows appearing quietly, as if a shadow was constantly moving in this piece of shadow.

In the end, this black shadow came to the outside of the mine, and he no longer concealed his whereabouts, only to see a shadow that looked like a dark night, appeared directly, and swept back and forth at extremely fast speed.

Soon, he came to the pinnacle of a cliff.

He looked around and made sure that this place was far beyond the scope of the Tianwu Army's exploration, and he was relieved.

Then, he stretched his right hand to his chest, which was also a shadow.

He gritted his teeth and twisted his brows, as if he was suffering from great pain, and his whole body was shaking.

Then, his hand burrowed in deeply, tearing outwards fiercely, as if tearing out his own heart.

Finally, with a grunt full of pain, a black shadow about the size of a fist was torn out by him.

At this moment, he seemed to be badly injured, murmured a few words next to the black shadow, rubbed it vigorously, and let go.

Suddenly, the black shadow flew up and turned into a black dove in the air, shooting outwards at a very fast speed.

Then, this dark shadow sneaked back again.

As the black shadow outside his little tent shuddered, everything returned to normal.

There are eleven small tents next to Chen Feng's tent. It is Yan Chengwen and the ten Yutan Zijin guards he brought.

They are responsible for guarding Chen Feng!

In the morning light, the leaves of the trees were covered with dew. This is an extremely huge camp, with a radius of thousands of miles, and it should be able to accommodate at least tens of millions of people.

Here is the Chinese army camp of the Black Water Black Snake Tribe, led by the Queen of the Black Water Black Snake Tribe, who is the most elite soldier of the Black Water Black Snake Tribe.

Right in the center of Yingpan is the huge dragon tortoise.

On the top of the dragon tortoise, a palace made entirely of gold and various gems is the empress's corridor.

Next to the palace, there is a smaller tent, which is also very luxurious. This is the residence of the dead wood elders.

At this time, he was practicing cross-legged in it.

Suddenly, he seemed to perceive something, and his figure flashed out of the tent.

Then, his right hand stretched out.

The next moment, a black shadow hovered in the air. It just stopped on the palm of his hand!

It is a little pigeon that is like a shadow.

Elder Witherwood frowned suddenly, his eyes were full of worry, and he whispered: "This person's existence has always been a big secret in the clan. No one knows except me, even the queen. in this way."

"This nail has been buried for thousands of years in the Tianyuan Dynasty. It has been handed down from generation to generation. Now it is not known how many generations it is."

"And he actually risked such a risk to send me a message, then it means that there must be a life-and-death event in the Black Water Profound Snake Tribe, and it cannot be ignored!"

He put the pigeon in his ear, and the pigeon whispered something in his ear.

Elder Withered Wood nodded and signaled that he understood it, so the pigeon slammed into countless black air and dissipated.

At this time, the first ray of sunlight came through, shining on the black qi, and these black qi disappeared into the invisible!

Elder Witherwood had an extremely gloomy expression and whispered in a low voice: "It's really a bunch of trash, and I didn't notice anything. You have to use this nail, but..."

A smile appeared at the corner of his mouth: "I can't find a place to step through the iron shoes. It takes no effort to get it. With this incident, I must be more trusted in front of the queen."

[Chapter 2355: I want his life!](#)

With that said, he happily came to the palace and begged to see Her Majesty the Queen.

About half an hour later, suddenly, the big clock of the Queen's Palace rang, and everyone heard it truly.

The big clock rang nine times in succession, and all of them suddenly became serious.

This means that all officers with more than one million captains will participate in this meeting, and it means that this matter is definitely not trivial.

All the officers of the Black Water Black Snake Tribe with more than one million captains came to the palace at an extremely fast speed!

Then they saw that Yuechan's brows were condensed like frost, and his face was extremely ugly.

After they arrived, Yuechan shouted sharply, pointed at them, and coldly reprimanded: "You are really a bunch of trash!"

When everyone heard this, their hearts sank, but they were a little inexplicable, and at the same time they felt a little wronged. They didn't know why they were being reprimanded!

Yuechan said in a cold voice, "Don't you find out what you are under your hands? In recent days, there have been so many armies that haven't been in contact for several days?"

When he said this, everyone was suddenly surprised, and many people had this problem.

But they didn't take it seriously. After all, an army of one million people was only one percent of the entire Blackwater Black Snake Tribe.

They have made all their best out this time, but there are hundreds of millions of troops!

They didn't take it to heart. One of the generals boldly said: "His Royal Highness, has something happened to them?"

"What's the matter? You still have the face to ask me?" Yuechan said with a sneer: "They have all been destroyed, none of them escaped. They died silently, not even a single movement!"

"What?" When everyone heard it, their expressions changed drastically.

The head of the millionaire was reprimanded by Yuechan with a dull face, but he was too late to be angry at this time, but his eyes widened and his face was full of disbelief.

Yuechan sneered and said: "From twelve days ago to now, a whole eleven army, 11 million elite soldiers, have been slain, and no one has escaped."

"And you didn't even know, didn't even ask, didn't have any doubts, let alone told me!"

"Are you a bunch of pigs? You bunch of trash! If it weren't for me to have other ways to know this news, I'm afraid I'm still in the dark now!"

"Are you ashamed?"

She reprimanded her mercilessly, and no one below dared to reply.

Everyone was shocked. They didn't expect the 11 million army to be wiped out silently.

This is a total of 11 million troops! It accounts for more than one-tenth of their total!

All of them looked ugly, knowing that they had made a big mistake this time.

I don't know who it is, the first one knelt on the ground, and then the remaining million captains also knelt to the ground, kowtow and said: "Queen dowager, the subordinate is at fault! Please punish!"

The expression on Yuechan's face eased a little, and he said coldly: "It's good to know what's wrong. This time, I won't punish you for the time being. Then you will do your best."

"If the next battle is still lost, all of you will be killed!"

"Your people, your wives and children, and all your relatives will be demoted to slaves and distributed to others!"

When these words were said, everyone was shocked, and they never dared to have any negligence!

They all said loudly: "Yes, please follow the order of the Queen Mother!"

Yuechan stared at them and said in a cold voice: "Now go down and prepare separately and tell you those people under your hands. Don't know about drinking and playing with women. Now it's time to work hard."

"A small army on the other side will mix us up like this. Do you all have a bright face?"

All of these people were ashamed by what he said, and their hearts were cruel. After returning, they must exercise those little brats.

After they left, the anger on Yuechan's face disappeared without a trace in an instant, replaced by a touch of ecstasy.

She stood up and walked around in this hall, her palms constantly clenched and loosened.

There was a look of ecstasy on her face: "I found it, it's so easy to find it!"

She held Ning'er in her arms, looked at her, and said with great joy: "Ning'er, you know, I found the big enemy who killed your father!"

"Besides, he actually brought it to the door by himself, do you know? He brought it to the door with just over 1.7 million people!"

"I will definitely kill him this time!"

"I will definitely leave him in the South Wilderness!"

The baby girl in the swaddle still couldn't speak, but she could feel the joy of her mother, and she was also very clever giggling, and put her two small hands together for her to hug.

Elder Withered Wood smiled beside him and said, "Congratulations to your majesty the queen, and congratulations to your majesty, this time, you will surely be able to slash the enemy and get your wish!"

Yuechan turned her head to look at him, and said solemnly: "Elder Deadwood, this time it is your credit, and I have to thank you."

Elder Withered Wood was quite content, but he twisted his beard, pretending to be humble.

"This time, that little **** will not escape the snare."

"Yes!" Yuechan clenched her fists, her face full of resentment: "In three days, I will kill him!"

Three days later, one early morning.

Chen Feng was not standing on the back of the blood wind at this time, because the huge body of the blood wind was too attractive.

At this time, the blood weather turned into a little wolf and was hugged by Chen Feng, while Chen Feng was standing on a mountain, looking at the city in the distance.

This mountain is not high, it is only a thousand meters, and it stretches only a few hundred miles.

Generally speaking, the enemy will never doubt that there will be Tibetans, because there is no one to hide.

But by the way, Chen Feng took someone to hide here!

He is hiding here because there is a city to the south of this mountain range.

With a radius of thousands of miles, it is extremely rich.

And this city is the target of many black water black snake tribes!

After the rest of the first two days, Chen Feng continued to attack.

Just two days ago, he had just killed a million-man Black Snake Tribe army. If he succeeds today, it will be the thirteenth he killed!

This mountain range is not enough to hide too many troops, nor is it an ideal ambush location, but with the city as a cover and the city as a bait, Chen Feng believes that he can succeed.

It didn't take long for Chen Feng to wait. About half an hour later, a large army appeared in the distance, coming here quickly, like a black cloud.

[Chapter 2356: trap](#)

It is the army of the Black Water Black Snake Tribe.

They didn't have any precautions, and directly rushed towards the city, all of them were extremely excited and laughed wildly.

"This time, I caught a fat sheep!"

"Yes, after this city is laid down, everybody can be assigned a dozen beauties as slaves, and there will be no knowing how many fine gold and beautiful jade.

They had come before the city, and in the city, at this time, there was a panic.

Many people who have access and strength have already escaped. At this time, those who stay in the city are either those who are difficult to leave from their homeland, or are unable to escape, or they have a glimmer of hope for the Blackwater Black Snake Tribe. Won't kill yourself.

Soon, the army of the Black Water Profound Snake Tribe killed before the city.

They have already begun to attack the city. They didn't focus on attacking a certain place, or attacking those city gates, but directly surrounded the whole city like a circle.

There were enemies outside every inch of the wall, and then they began to bombard the wall frantically.

A sneer appeared at the corner of Chen Feng's mouth: "Sure enough, the usual practice of the Black Shui Xuan Snake tribe army."

"Besiege the city, knock down the wall, and then flood into the city from everywhere to **** a lot of property in the first place!"

After Chen Feng saw them all spread out, a sneer appeared at the corner of his mouth.

With a stern shout, he flew out with the blood wind in his arms, turning into a huge silver wolf.

Then Chen Feng fell on his body, and with a long roar of blood, he rushed towards the army of the Black Water Black Snake Tribe.

At the same time, suddenly, there were countless huge humming sounds in the woods, which shook the trees to pieces.

This is the sound of countless pairs of wings vibrating.

The next moment, millions of two-winged flying tigers flew out of the woods with their wings vibrating.

In an instant, black clouds formed and rushed to the army of the black water mysterious snake tribe.

Those Black Water Profound Snake Tribe army obviously had no defense at all, and they were stunned for an instant.

In the next moment, the extremely fast two-winged flying tiger was already carrying the soldiers of the Tianwu Army and surrounded them.

The purple gold divine power bows in their hands have already opened their bows and arrows, ready to launch.

In the next moment, millions of feather arrows shot out frantically amidst the screaming screams.

In an instant, most of these Blackwater Black Snake Tribe forces were wiped out.

Everything seemed to be very smooth, no different from the previous attacks.

But at this moment, Chen Feng suddenly noticed something strange. The commander on the opposite side didn't panic at all. Instead, he laughed ecstatically.

At the next moment, suddenly nine experts from the Black Water Black Snake Tribe moved around, forming a strange and inexplicable formation.

Then, they each held hands, raised their heads to the sky, and let out a stern roar.

Their faces were extremely hideous, as if they were suffering tremendously.

Their bodies also suddenly bulged, and then suddenly contracted, and then the next moment, their bodies exploded with a bang, turning into a pillar of blood and rising into the sky.

These nine blood dragons are intertwined and turned into a strange pattern, heading straight into the sky.

In the process of rushing to the sky, it is getting bigger and bigger.

When Chen Feng saw this scene, his eyes suddenly drenched: "They are asking for help!"

Chen Feng flickered, came to the signal, patted it with a palm, and wanted to smash it.

Chen Feng's move has already used power, but this is a signal released by nine martial emperor realm powerhouses at the expense of their lives. How can they be easily broken?

The pattern passed directly through Chen Feng's arm and still came into the air. At this time, it had turned into a pattern of ten thousand meters high, and it was clearly visible within thousands of miles nearby. *nOvelUsb.com*

Chen Feng suddenly cried out in his heart: "Oops!"

He is a very decisive person, immediately shout out: "Retreat, now retreat!"

Chen Feng didn't have any hesitation, he knew that if he didn't retreat, it would be too late!

Chen Feng immediately judged that this was a trap!

But now it is too late.

Almost at the same time when the signal was sent, a huge and bright light flashed in the distant sky.

This huge and dazzling light directly condensed on the sky into a huge black water mysterious snake pattern with a length of tens of thousands of meters.

Then, the black water mysterious snake pattern came quickly toward this side.

In just a short moment, this huge black water mysterious snake pattern has already come to the front.

And Chen Feng even saw that in this black water mysterious snake tribal pattern, there were countless black soldiers wrapped in it.

Every soldier was filled with an extremely tyrannical aura. In the next moment, the pattern of the Black Water Profound Snake Tribe shattered at a height of about several hundred meters above the sky.

Then, the soldiers in black armor wrapped in them all fell like dumplings, directly on the battlefield.

Chen Feng suddenly glanced, it turned out that the black water mysterious snake pattern was like a transport machine, transporting these people over.

There are a hundred thousand people wrapped in this black water mysterious snake pattern, and the number is not particularly large, but each of these people is extremely strong and powerful, not knowing how much stronger than ordinary soldiers.

On the black armor they wear, countless patterns are depicted with golden silk threads, and the pattern of the black water mysterious snake is painted on an extremely rare white fine gold, showing their unusual identity!

They laughed wildly. These people are the elite of the Blackwater Black Snake Tribe: the Queen's Guard!

The sergeant of the Tianwu sergeant opened the purple and golden divine power bow, and the long swords more than two meters long and the thickness of the wrist shot away fiercely, and shot at a queen's guard.

The queen's guard was full of disdain, waving the weapon in his hand and smashing the arrow fiercely.

He didn't take this long arrow to his heart at all, thinking that he was enough to smash it flying, but a scene that surprised him appeared.

After the two collided, with a bang, the weapon in his hand was directly shattered, and then the long sword slammed on his body again, smashing his entire upper body to pieces.

He died without saying a word.

But this scene made the military sergeant stare at the shot that day.

Because, if this arrow were placed in the past, it would be enough to take away the lives of seven soldiers of the Black Water Profound Snake tribe, but now it was just as powerful as killing one of the queen's guards.

After the queen's guards landed, they immediately fought with the Tianwu Army.

[Chapter 2357: I'm not afraid!](#)

They uttered crazy roars, almost desperately, because their purpose was to keep the Heavenly Martial Army here and not let them escape.

And Chen Feng shouted sharply: "Shoot! Archery!"

Countless fine gold arrows shot out, taking away the lives of countless queen guards.

In a blink of an eye, the queen's guards were killed leaving only 20,000 people, but they also bought time for the people behind.

In the next moment, another ten huge black water mysterious snake patterns came over here, and a full one million guards of the queen were released.

This one million guards of the Queen is already the elite of the entire Blackwater Black Snake Tribe.

And with the arrival of the million queen's guards, finally, the Tianwu Army had a crisis.

They were smashed to the front, and the advantage of the purple golden divine power bow in their hands disappeared.

In a blink of an eye, the Tianwu Army began to suffer a lot of casualties. *noveLusb.COM*

Chen Feng's eyes were distraught, he had a question in his heart: "Why did they know that I am here to ambush? Who leaked this out?"

"Moreover, if they hadn't known in advance, how could they have set up such a delicate but huge trap!"

The Tianwu Army was completely entangled and couldn't get out of it.

The next moment, the sound of earth-shattering laughter suddenly sounded, and a dry and thin figure shot towards here.

And behind this figure is a huge dragon tortoise trampling on the ground.

The dragon tortoise is huge, like a mountain, and a beautiful palace is built on the dragon tortoise.

Seeing the figure standing in front of the palace, all the soldiers of the Black Water Profound Snake tribe uttered a burst of cheers: "Your Majesty Empress, Her Royal Highness!"

At the same time, tens of millions of the Blackwater Black Snake Tribe army swept the earth, came here, wrapped the Tianwu Army in an inner 30th floor and an outer 30th floor, there was no hope of escape!

Chen Feng's eyes were awe-inspiring: "It turns out that their queen and queen mother are here."

Seeing this scene, Chen Feng not only did not have the slightest fear and timidity, but became calm.

He looked at all the Tianwu soldiers and shouted: "Brothers, we are now surrounded here, we are caught in a trap!"

"But, tell me, tell me Chen Feng, are you scared?"

Zou Jiayang waved the spear in his hand and directly pierced the three queen's guards. He picked them up like a string of candied haws. With a shake of his arms, he smashed the three corpses out and threw the three queen's guards. Beheaded.

He turned around, swept the spear, slashed the throats of the ten queen's guards, and chopped off their heads.

This valiant young man, covered in blood, was so proud.

He laughed loudly: "Follow the general, there is nothing to be afraid of!"

"I'm Zou Jiayang, not afraid!"

"I'm not afraid!" The many Tianwu sergeants beside him burst out laughing.

The laughter of the Tianwu army gathered together, shaking the earth.

Although they are surrounded here, their morale is extremely high.

Chen Feng looked at them with a smile, and said word by word: "Today, I live with you and die together!"

"I, Chen Feng, said that I will never give up anyone, I, Chen Feng, will do what I say!"

"Oh, you Chen Feng don't give up everyone, right?" At this moment, an old and cold voice suddenly came over: "Then, you will die here with them today!"

This voice was extremely loud and domineering, making Chen Feng feel dizzy.

Chen Feng looked in the direction of the sound, and saw a thin old man standing there, like a piece of dead wood, but his eyes were sharp to the extreme.

Chen Feng suddenly felt stunned: "This person is an extremely terrifying expert, and his strength is much stronger than mine!"

"Are you deadwood elder?" Chen Feng had learned about the Black Water Profound Snake Tribe before, and immediately called out his name.

"Hahaha, you guys still have some knowledge, yes, I am Withered Wood!" The Withered Wood Elder said proudly.

He smiled and said: "Now, I will catch you and abolish you!"

With that said, his figure directly wanted Chen Feng to flicker, and he punched it out, extremely powerful.

Chen Feng took a deep breath, knowing that this is a moment of life and death, and that he might die here today.

But Chen Feng didn't have any fear, he also blasted out with a punch.

Behind him, a ray of orange power of heaven and earth quietly appeared, and turned into 40,000 powers poured into the Dragon Dropping Arhat Bright Orb, and 51,000 giant dragons roared in unison, and Chen Feng made his strongest moves: King Kong pushes the mountain!

Chen Feng's palms clashed fiercely with the fists of the dead wood elder, and there was a loud bang, and Chen Feng felt an incomparably powerful force surge over.

He was beaten directly with a muffled hum, blood spurted out, and his whole body trembled violently. He was beaten and flew out several hundred meters before falling heavily to the ground!

A look of horror appeared on Chen Feng's face: "The strength of the deadwood elder is really too strong, at least it has reached the pinnacle of the four-star Wuhuang, I am definitely not an opponent!"

However, Chen Feng looked at the soldiers of the Tianwu Army who were fighting bravely, and shouted: "How can I lose my fighting spirit? I have to take them to kill!"

Chen Feng laughed loudly: "Come again!"

He stood up, wiped the blood from his lips, and rushed towards the deadwood elder again.

With a boom, another punch.

Chen Feng was beaten again, spurning blood, and fell to the ground heavily.

Chen Feng was struggling to stand up again, and shouted: "Come again!"

This is the case several times.

Everyone shook, even Elder Witherwood was no exception.

He was shocked by Chen Feng's extremely powerful fighting spirit.

Chen Feng was already seriously injured at this time and was crumbling, but he still stood up swayingly and spouted a mouthful of blood: "Come again!"

A look of hideousness flashed in the eyes of Elder Withered Wood: "Today I must kill you!"

As he said, he hit the head with a fierce punch.

With this punch, he was about to kill Chen Feng directly, and he would never leave any further troubles.

At this time, there was a chuckle from the side: "General, I will help you!"

A figure flashed crazily towards this side, and this person was Yan Chengwen.

His task is to protect Chen Feng. Naturally, he will not stand idly by at this time, and his tyrannical moves slammed against the dead wood elder.

The deadwood elder laughed wildly: "The pearl of rice, dare to shine?"

He struck out seven punches in succession, and each punch was as powerful as a mountain, extremely vicious.

Seven punches were struck out one after another, and Yan Chengwen also received them, squirting blood with every punch.

After receiving the sixth punch, he finally couldn't catch it anymore. He was hit hard in the chest by the seventh punch, and blood spurted out wildly.

[Chapter 2358: Don't move my big brother!](#)

He already suffered a serious injury, and Chen Feng was shocked: "Yan Chengwen is already strong enough, but it is only between the three-star martial emperor peak and the four-star martial emperor, and he is still not the opponent of the dead wood elder!"

Chen Feng struggled to stand up, using vigorous vajra palms one after another, using all his best, and Yan Chengwen to fight with Elder Withered Wood.

But even if the two join forces, they are still not the opponent of Withered Elder.

However, after a dozen or so rounds, a cold color flashed in the eyes of Elder Witherwood: "Die!"

He didn't dodge Chen Feng and Yan Chengwen's offensive at all, letting their fists hit their bodies fiercely.

Two moves that were extremely powerful, enough to smash the mountains, fell on him, but only made him snorted, and a little blood spilled from the corner of his mouth.

And you just suffered a little injury,

At the same time, his palms were clenched into the shape of claws, and instantly turned into a color like burnt dead wood, and he grabbed at the two men with incomparable strength.

Directly pierced a large hole in the chest of both of them, exposing the heart inside.

The two of them suffered heavy injuries, with numerous wounds torn apart on their bodies, and they did not know how many bones were broken, and both fell to the ground without any resistance.

Both of them are already seriously injured and dying!

The Elder Witherwood was too powerful, and at the expense of his own minor injuries, he beat the two to death!

Elder Wither Wood looked at him proudly and said: "Chen Feng, I heard that you are a terrific young hero, and it seems to be the same. It is really capable of leading soldiers to kill so many of us in the Southern Wilderness. ."

"It's just, it's a pity, now you are not going to die in my hands?"

He let out a triumphant laugh!

Chen Feng stared at him, his face was full of indomitable expression, and he spit on him with a sigh of relief: "You **** beasts, broke into my Tianyuan Dynasty and wantonly slaughtered our people, I Chen What Feng regrets most is not killing a few more people!"

Elder Withered Wood's face instantly turned cold and cold, and he said grimly: "Little bastard, you are so brave, you are really looking for death!"

"But," he smiled coldly: "I won't let you die now. Someone wants your life. She will take your life with her own hands and make you suffer before you die!"

Chen Feng was a little puzzled, not knowing what he meant by this.

At this time, the huge dragon tortoise finally arrived.

Above the dragon tortoise, a woman in palace costume slowly walked down. She was not very old and looked pretty, and her eyes were full of hatred.

She walked slowly down from above, holding a little girl baby in her arms.

I don't know why, when Chen Feng saw the baby girl, he felt a very familiar breath.

The palace-dressed woman stared at Chen Feng, shook her teeth and stared at him for a long time, then suddenly looked up to the sky and let out a chuckle that reached the limit:

"Chen Feng, Chen Feng, didn't you expect it, you finally fell into my hands!"

"I want to torture you to death, no, torture you to death, it's too easy for you, it's too good for you, I want you to survive, and you cannot die!"

Her voice was full of unspeakable hatred!

Chen Feng stared at him and said coldly: "I don't remember any grudges with you."

"Yes, of course you have no grievances with me, but you killed my husband, you killed my daughter's father, do you think there is any grudge between you and me!"

The girl in the palace costume screamed sharply as if it broke out in an instant.

She trembled all over, her eyes were red, and it was almost impossible to control her emotions.

"What? I killed your husband?" Chen Feng sensed the breath of the little girl. Hearing these words, a flash of inspiration flashed in his mind and exclaimed: "You, you are from Heishuihou Widow? Is she the daughter of Heishuihou?"

"Gluck, finally remembered, right?"

The palace girl said bitterly, "Yes, you guessed it!"

Chen Feng frowned and said, "Why are you related to Heishuihou?"

The woman said bitterly: "Back then, Heishuihou used to guard the southern jungle. My tribe was almost wiped out. He saved me, sheltered our tribe, and sheltered all of us."

"In my heart, he is an out-and-out great hero, and you killed him! You ruined everything about him!"

"After I heard the news, I left there and came to the Blackwater Black Snake Tribe. All I did was to avenge you!"

Her voice was very resentful.

After listening to Chen Feng, he understood all this!

Yuechan sternly shouted: "Elder Wither Wood, he has abolished his cultivation base, I will take him back to concoct it."

"Yes." The deadwood elder nodded.

He walked in front of Chen Feng, punched out, and blasted towards Chen Feng's dantian.

As long as he hits this punch, Chen Feng will be abolished directly.

And at this moment, suddenly a naive but firm voice sounded: "Don't move my elder brother."

The fists of Elder Witherbark stopped suddenly, and he couldn't help turning his head back.

I saw that at this moment, a little girl wearing a flaming plume and carved jade was standing there, looking at herself with an angry face.

"Is it you?" After seeing her, Elder Withered Wood showed a touch of ecstasy on his face.

He has recognized that this is the saint of the White Elephant tribe who was rescued from the tribe some time ago.

Yaoyao seemed to have not heard what he said, she just stared at him and said word by word: "Don't move my big brother!"

Her voice was extremely serious, as if telling some truth.

Elder Witherwood felt offended and laughed wildly: "Don't move your big brother yet? If you let me not move him, I won't move him?"

"What kind of thing are you? You can't protect yourself now, and you said let me leave him alone?"

He laughed wildly, lifted his right foot and stepped towards Chen Feng's Dantian.

He didn't want to abolish Chen Feng so easily, but wanted to humiliate Chen Feng to his heart's content.

At this moment, suddenly, Yaoyao opened her mouth.

She opened her mouth and seemed to make no sound, but at this moment, everyone heard a roar that directly shocked the soul.

Then the next moment, the boundless red light suddenly rippled.

The bodies of the black water mysterious snake tribes who were shrouded in this red light trembled heavily.

Then the next moment, suddenly, from their seven orifices, from their pores, countless tiny flames burst out.

The flames were extremely hot, burning these powerful soldiers into a mass of ashes in an instant.

[Chapter 2359: Yaoyao awakens, Queen of Fire!](#)

And even the strength of Witherwood Elder was shocked by this silent roar.

He snorted, and blood came out of his nose.

He looked at Yaoyao in shock.

At this time, Yaoyao's long hair was completely floating, and the fiery red wing feathers on her body were standing up one by one, very bright.

The next moment, fiery red power burst out directly from his body.

Yaoyao's entire body has changed, still as crystal clear as jade as before, but it seems to be red jade, as if it was made by fire.

The surface of her body was surrounded by endless flames, and behind her, a huge shadow was formed.

The shape of this phantom is a very beautiful bird. This bird is extremely gorgeous and has a long tail like a meteor. The whole body is made of gold and red light intertwined, and it is extremely bright and noble.

And above the head of this divine bird is wearing a noble gold crown, shining brightly under the sun.

Seeing this scene, everyone was shocked, and Chen Feng was also completely shocked.

It's just that at this time, there is a hint of joy in his heart, knowing that Yaoyao must have something abnormal!

Although the reactions of Chen Feng and the soldiers of the Tianwu Sergeant were shocked, they were not shocked to that extent, but the army of the other Blackwater Black Snake Tribes was completely different.

After they saw this scene, they all made strange and excited shouts in their mouths, bang bang bang bang, bang bang bang, many people directly threw their weapons down, kneeling on the ground, and facing the sky as high as tens of thousands. Mi's huge divine bird phantom, bowed to worship, repeatedly kowtow.

Chen Feng was extremely surprised: "What is going on?"

Elder Withered Wood took a few steps back, with a huge shocked expression on his face, and shouted: "The Flame Queen? She actually awakened the Flame Queen?"

"This is the second queen of our Southern Wilderness Clan, this year!"

Suddenly a loud voice rang from Yaoyao: "I am the Queen of Flames, you should listen to my orders!"

On the ground, the kneeling soldiers of the Black Water Profound Snake Tribe looked at the Flame Queen in the sky for a while, and then at the present Ning'er and Yuechan, their faces were hesitant and uncertain. look!

Na Yuechan was even struck by lightning, with a look of horror on her face.

She rarely shows such a look on her face!

And Chen Feng soon knew why, because more and more people were calling the name of the Queen of Fire.

It turns out that among the hundreds of families in the Southern Wilderness, from ancient times to the present, there are a total of three royal families in the inheritance, of which the Black Water Profound Empress is just one of them.

The Flame Queen is also among them. Among the countless people of the hundreds of tribes in the south, they have an extremely lofty position and are respected by others.

At this time, Yaoyao obviously awakened the Flame Queen!

Yaoyao's closed eyes suddenly opened, and his voice looking at the deadwood elder was ethereal and cold: "You dare to move my big brother, I want you to die!"

As he said, the giant divine bird behind him let out a clear call, and attacked the dead wood elder fiercely, extremely powerful.

At this time, the traces of fear and fear on the face of Elder Withered Wood disappeared without a trace, and he yelled incomparably cold:

"What if you are the Queen of Fire? How can I let you take my life?"

"My fate is mine, no one!"

As he said, he let out a violent roar, using ten percent of his strength, he tried his best to madly punch a whole number of ten punches.

All these dozens of punches bombarded the body of the huge divine bird, booming, booming, and amid a series of loud noises, the huge divine bird was directly shattered by the bombing body.

However, before his body shattered, the incomparable flame produced by Hongji was also unreservedly on the body of the dead wood elder.

After the red light fell on his body, there was no movement, but disappeared directly.

Everyone was a little strange, but the next moment, Elder Witherwood suddenly screamed terribly.

I saw that from his body, there were countless red rays of light emerging, even though these red rays were far away, they all felt extremely hot power.

Obviously, the red light was filled with extremely high temperature, and then these red lights turned into flames like small snakes, drilling out from every pore of his, and even from his seven orifices. , Making him painful to the extreme.

Kaka Kaka, the surface of his body was directly burned to dryness, exposing countless wounds and the flesh and blood below.*nOVeLuSb.coM*

He scratched his body frantically, the pain was extreme!

Seeing it will be burned alive!

This is the power of the Flame Queen.

And at this time, Yuechan gritted her teeth. She knew that this could no longer be done. Elder Withered Wood was her biggest supporter and the strongest battle, and she absolutely couldn't just die like this.

After speaking to the little girl in her arms, the little girl blinked her eyes sensibly, and then the next moment, she also let out a silent scream.

The huge phantom of the black water mysterious snake suddenly appeared, and then rushed into the body of the dead wood elder.

Then, the body of the deadwood elder continued to bulge and dent again, as if two creatures were fighting inside.

He also kept screaming and screaming, and from time to time he was punched with a blood hole in his body, blood surged, revealing the white bones inside.

His body became a battlefield and was destroyed badly.

But in the end, the red flames that wanted to burn it all were dispersed by the phantom of the black water mysterious snake.

The phantom of the Black Water Black Snake also dissipated.

Elder Withered Wood sat down on the ground, his face showing the joy of the rest of his life, panting heavily.

His body is seriously injured, but he still has more than 50% strength!

At this moment, he had a hideous face and suddenly stood up and came to Yaoyao.

Yaoyao was already out of strength at this time, she was lying on the ground, unable to attack anymore.

Elder Witherwood lifted Yaoyao directly, stared at her ferociously and said, "You little bitch, are you all right?"

"You actually hurt me badly, and you almost killed me? I must make you die in pain!"

With that said, he was squeezing Yaoyao's head with his hand, and he looked like he wanted to squeeze Yaoyao's head alive!

Chen Feng's eyes were splitting, and he let out a sharp roar: "Dare you!"

"Why don't I dare?" Withered Wood Elder smiled coldly.

His face is full of ferociousness, his hand has been pressed on Yaoyao's head, and he can crush Yaoyao's head in the next moment.

[Chapter 2360: The ultimate ultimate move! Chihai Fire Lotus!](#)

At this time, Chen Feng didn't know where his body gave birth to a force of strength. He had already fallen to the ground and was powerless anymore, but at this time, he flew directly and stood in front of Yaoyao.

"Looking for death!" Withered Wood elder smiled grimly, and put a palm on Chen Feng's chest, directly hitting Chen Feng's chest to collapse.

Even his chest was broken and a big hole appeared.

You can see behind him from in front of him.

But at this time, Chen Feng had firmly held Yaoyao in his arms.

His voice was gentle and peaceful, and said softly: "Yaoyao, don't worry, no one can do anything to you if you have a big brother."

Elder Withered Wood was furious and roared ferociously: "Then I will kill you two together!"

Take a shot.

Chen Feng turned around, blocking Yaoyao behind him, facing this palm.

Seeing the next moment, Chen Feng and Yaoyao were about to be killed at the same time, and no one could save them at this time.

Xuefeng, Uncle Dao, Yan Chengwen and others all have their eyes open.

But they can't be saved at all, because they are each entangled by strong opponents!

At this time, the soldiers of the Tianwu sergeant were killed with heavy casualties, and there were very few left. After all, each of them had to face an enemy dozens of times more than their number.

At this time, the situation is desperate.

At the same moment, Chen Ziyuan, who was practicing on the Floating Mountain in the Wudong Academy in the Yuan imperial city that day, suddenly opened her eyes.

She pressed her chest, and a feeling of extreme palpitations spread.

The heart seemed to be pinched alive, and it was almost squeezed, causing her pain to the extreme.

And in this pain, there is an indescribable fear.

She felt that everything she cherished most seemed to disappear suddenly, and she almost instinctively let out an exclamation: "Brother Chen Feng, it must be Brother Chen Feng!"

Without any hesitation, she stood up directly, bit her tongue and spewed blood.

At the same time, in her heart, the profound meaning of a technique quietly flashed.

Instinctively, the qi and blood in her body flowed wildly with that technique.

There was an extremely painful color on her face, and her jade-like face was somewhat distorted, and she was obviously suffering from extreme pain.

Her whole body was trembling. At this moment, he was using the secret method of the teacher that Da Liushu had just handed him a few days ago, using the whole body's blood to induce the power of the stars to infuse himself or other people's bodies. , Greatly enhance the strength of the opponent.

Suddenly, with a bang, countless flesh and blood flew out of her body.

The blood woven into a long dragon around his body, circulating wildly.

As the blood evaporates, the nineteen stars above the sky all light up, and the power of the bright and shining stars directly splashes down, like a waterfall falling, huge.

Even, they have attracted the attention of some powerful people in the Tianyuan Imperial City.

With a bang, the floating mountain she was on was directly blown to pieces, while she was suspended in the air.

At this time, her body further fell apart, all her flesh and blood had been separated, and only one white bone remained.

And all his blood circulated in the air, forming a long dragon.

The power of the stars splashed down, and at this time her mind was blurred.

There is only one belief in her heart: "Brother Chen Feng, I will never let you have an accident!"

"Big Brother Chen Feng, if you fight for your life, I will save you too!"

She exhausted her last bit of strength to shatter all the blood all over her body and turn it into blood mist.

So the next moment, that huge star power suddenly disappeared, and in an instant, it appeared in the Southern Wilderness, and appeared above the wilderness where the Tianwu Army and the Blackwater Black Snake Tribe were fighting.

At this moment, Chen Feng stood proudly, facing the laughing palm of Withered Wood Elder, a sad smile appeared on the corner of his mouth.

Like the smile of the flowers, the country and the city are full of indifference.

He tilted his head and whispered to Yaoyao: "Yaoyao, we are going to die, are you afraid?"

Yaoyao's crisp voice sounded: "I am willing to accompany my big brother to death."

Chen Feng hugged her and laughed up to the sky, as if it was not him who died at this time, but the dead wood elder!

Because Chen Feng still has a hole card!

When this palm was approaching, Chen Feng suddenly took a deep breath and shouted: "Red Sea Purple Golden Dragon, come on!"

So the next moment, above the sky, the huge 60,000-meter-long Chihai Purple Golden Dragon suddenly appeared.

Then, Chen Feng opened his arms and shouted loudly: "Red Sea Fire Lotus, come to this world!"

The red sea purple golden dragon above the sky took a deep breath, like a long whale swallowing the sea, all the power in the sky seemed to be swallowed into his belly by him.

The next moment, his body swelled violently.

At the next moment, there was a boom, which directly turned into countless fragments of light, and these fragments of light suddenly burned in the air.

As a result, a huge lotus composed of flames suddenly appeared.

The lotus flower composed of this flame has thousands of miles in the Fangyuan family.

One thousand miles, five hundred thousand meters!

The huge lotus flower is blooming in layers, extremely bright and huge.

Then, it crashed downwards, like a star smashing on the Dragon Vein Continent, with incomparable strength.

This is exactly Chen Feng's trick to press the bottom of the box, and it is also an ability he possessed since the birth of his martial spirit: Chihai Fire Lotus.
