[Chapter 2361: Nine punches broken dead wood!](#)

Everyone attacked frantically, trying to smash the Scarlet Sea Fire Lotus.

However, without any effect, the Scarlet Sea Fire Lotus directly shattered their offensive, and then enveloped them in the flames.

The next moment, one after another screams suddenly sounded, tragic but very short, and quickly disappeared.

Seeing that the flame enveloped every soldier, making them unable to even struggle, they directly turned them into flying ashes.

In almost an instant, all of the tens of millions of the Black Water Black Snake Tribe had been turned into ashes alive!

Even the masters of the million captain level could not resist.

Only Withered Wood Elder, Ning'er, and Yuechan were the only ones who could stop the Red Sea Fire Lotus.

However, they are all struggling.

The Elder Withered Wood roared, and a cold black light radiated from the surface of his body, protecting his body, but even so, it was faltering.

Ning'er and Yuechan were under the shelter of the huge dragon tortoise, and at the same time they released the phantom of the black water mysterious snake once again, blocking the fire lotus.

After a cup of tea time, the huge Red Sea Fire Lotus that had covered thousands of miles disappeared.

At the same time, this fertile field with a radius of thousands of miles has been burned into scorched earth, the ground is pitch black, and countless cracks have been cracked on the ground. The lava inside is rolling, and the nearby mountains are directly burned and turned into A desert.

And those rivers were burnt up and dried up directly, and even the sky was burnt a little distorted, and numerous spatial cracks appeared.

Above the ground, all the tens of millions of the Black Water Black Snake Tribe had disappeared, leaving only a piece of black coal.

However, this Scarlet Sea Fire Lotus seemed to have spirituality, avoiding the soldiers of the Heavenly Martial Army and their bodies.

Uncle Dao, Yan Chengwen, Blood Wind, etc., are safe and sound.

Let alone Chen Feng, Chi Hai Huo Lian has even been protecting him around his body!

That's the power of the Scarlet Sea Fire Lotus!

Even Chen Feng himself was shocked by this huge power.

Only at this time, he couldn't think about it so much, because his body was almost completely shattered, even his soul, his body, he felt that he was going to disappear.

At this time, Withered Wood finally came back to his senses.

He stared at the surroundings dully, and suddenly he thumped his chest and feet, and let out a cry of frustration, pain to the extreme, and disappointment to the extreme.

"Impossible, how is this possible? Where is my Blackwater Black Snake Tribe army? Where is our foundation?"

There are only three people left in the Blackwater Profound Snake Tribe, namely, him, Yuechan, and Ning'er.

The other tens of millions of troops all disappeared, and Ning'er and Yuechan's eyes became dull, and they were a little bit unable to accept this fact.

The Elder Withered Wood suddenly turned his head, looked at Chen Feng with extremely bitter eyes, gritted his teeth and let out a ferocious roar: "I am going to kill you, you ruin everything about me!"

He hated it to the extreme, and the palm fell without mercy.

And at this moment, suddenly, the power of the huge and incomparable stars was suddenly shed, and the dead wood elder was shocked and exclaimed: "Where is this huge power? It is so pure? And extremely powerful!"

In the next moment, the power of these stars poured into Chen Feng's body like a waterfall.

Then, Chen Feng's body unexpectedly grew again.

Not only has he grown again, but all his injuries have disappeared, his figure is perfect, and he has returned to his peak state.

The power of the stars rushed into the little breath of the Chi Sea Purple Golden Dragon above the sky.

The next moment, a long purple-gold horn appeared, the dragon head appeared, then the dragon body appeared, the dragon tail appeared, and the dragon claw appeared...

The power of the stars actually directly cast the Chihai Purple Golden Dragon again.

Chihai Zijinlong also seemed to be surprised, shaking his head and wagging his tail, seemed to realize that he still existed, and then let out a cry of joy!

Chen Feng was very surprised, wondering why he was so.

But suddenly, there was an unspeakable sadness in his heart, and his heart was empty, as if some of his most precious relatives and most cherished friends had suddenly disappeared.

But Chen Feng couldn't take care of that much at this time. He cleared his mind and looked at the dead wood elder who had killed him, and suddenly smiled coldly: "Did you kill me? You are the one who died now!"

As he said, Chen Feng screamed, the protection exhausted all his strength, and madly bombarded him.

The two fists crossed, and the Elder Withered Wood let out a scream, and was directly beaten out.

At this time, he was already less than 20% in strength, and he was far from Chen Fengfeng's opponent.

He was consumed 50% by the Flame Queen and 30% by the Scarlet Sea Fire Lotus. At this time, he had little strength left.

With a punch, Chen Feng directly shattered his arms and let out a scream.

Chen Feng yelled: "Kill!"

His figure flashed, and he came to him, again with a punch, hitting his chest with a bang, and directly punching a big hole in his chest.

He even punched him through his body and screamed harshly.

Then, Chen Feng punched him again, hitting his body.

Bang Bang Bang Bang... Before counting, Chen Feng blasted out nine punches one after another.

Chen Feng hates him so much!

The last punch fell, and Elder Withered Wood widened his eyes, staring at Chen Feng, his lips trembled a few times, as if he wanted to say something, but he didn't say anything.

With a bang, the figure exploded directly, turning into a **** mist and disappeared!

Nine punches!

Chen Feng used nine punches to directly kill the deadwood elder!

Then, Chen Feng cast his murderous eyes on Ning'er and Yuechan.

At this time, Na Yuechan let out a cold laugh at Chen Feng: "You want to kill me? You can't kill me!"

As he said, he suddenly held her daughter's little hand and pressed it on the dragon tortoise.

Suddenly, a mysterious black water mysterious snake power poured into it.

There were countless lines on the dragon tortoise's body, which suddenly lit up. It turned out that a huge magic circle had been carved on the carapace of this dragon tortoise.

The next moment, the magic circle shining brightly, rushing straight into the sky, covering the two of them completely.

There was a burst of roars in the circle, and with the flickering of the black light, there was a sudden whistling sound. The two people and the dragon turtle disappeared here!

All the survivors exclaimed: "What kind of magic is this? What kind of ghost is this?"

Chen Feng took a deep breath, his eyes were neither sad nor happy, but extremely calm.

He just said indifferently: "Escape, no matter where you flee, I will find you out."

"You set off this war and brought so much suffering to the people, and even more so that these brothers under me don't know how many died in the battle. How can I spare you?"

[Chapter 2362: Four rays of orange power of heaven and earth!](#)

Chen Feng's words resounded like the most solemn oath.

The next moment, he suddenly sat cross-legged, closed his eyes and started practicing.

It turned out that at this time, the immense power of the stars is still deposited on Chen Feng's body, making him feel that this is the opportunity for his breakthrough.

Chen Feng took out all the medicinal pills and medicinal materials in the Golden Dragon Ring, and then began to stuff his mouth. He was like eating meat and drinking wine. These are extremely precious, and hundreds of thousands of black yellow stones are hard to find. I bought a plant of medicinal materials and stuffed it into my mouth.

Like a cow chewing peony, it looks very wasteful.

But in fact, after these medicinal materials entered Chen Feng's mouth, they immediately turned into immense power and poured into his body.

In an instant, Chen Feng would completely absorb these medicinal materials.

If it were changed to the previous one, the power of these medicinal materials and pills could directly explode what Chen Feng had supported.

Because his body simply cannot absorb so much power in a short time.

But now, just after these powers were born, the power of the stars in Chen Feng's body immediately washed away, absorbing all these powers.

Behind Chen Feng, the day and the earth suddenly fluctuated, and these forces quietly escaped from Chen Feng's body and merged into this world, seemingly endless.

Uncle Dao and others all retreated far, afraid to disturb him, even the wounded soldiers of the Tianwu Army held their breath for fear of disturbing their generals.

Finally, I don't know how long it took, all the power of these medicinal materials was absorbed by Chen Feng, and the power of the stars was also exhausted.

The next moment, behind Chen Feng's body, the world twisted and trembled.

Then, the world started to become nothingness.

Then, this square of heaven and earth suddenly turned into three orange ray of heaven and earth power, falling into Chen Feng's palm.

In Chen Feng's body, the orange power of heaven and earth quietly appeared.

Four strands of the power of heaven and earth wandered constantly above his fingertips, exuding immense power!

Chen Feng's momentum has also become extremely large, much stronger than before.

This is exactly the aura of the one-star Wuhuang!

Chen Feng had already broken through to the realm of a one-star Wuhuang Emperor.

Yan Chengwen exclaimed: "Four ray of power of heaven and earth, Chen Feng has four ray of power of heaven and earth, I can't believe it!"

"Yes," Zhen Meng next to him broke an arm, but at this moment he seemed to forget his injury, opened his mouth in shock, and said with a trembling:

"Others have only one ray of power in the realm of the one-star Martial Emperor, while the two-star Martial Emperor has two ray of power, and the three-star Martial Emperor has four ray!"

"And the general has not only four rays of heaven and earth power, but also the power of orange heaven and earth, which is equivalent to sixteen rays of blue heaven and earth power!"

"That's amazing, this is almost equivalent to the realm of the four-star Wuhuang peak!"

At this time, Chen Feng also opened his eyes. He took a deep breath and clenched his fists.

In his dantian, a blast of air turned out and swam around his body, and a buzzing sound like Hong Zhong Da Lu's sound in his belly, straight up.

In the end, the whole body made a shock, as if there was heaven and earth shaking inside his body.

Chen Feng clenched his fists, felt the incomparable strength in his body, and whispered to himself: "I am now, even facing the dead wood elder in his heyday, it is enough to kill him."

Chen Feng's current strength is equivalent to the four-star Wuhuang peak, or even higher.

Although he only had the realm of a one-star martial emperor, he was comparable to that of the dead wood elders in his heyday.

You know, withered wood elder, but can be called the number one master of the Southern Wilderness 100 Clan!

Chen Feng, now you can kill at level three!

At this moment, in the distance, a tall figure looked at the red sea dissipated in the distance, his face showing extreme horror.

This person is Guta.

He was ordered to come and kill Chen Fengfeng with a murderous look.

At this time, his aura disappeared without a trace.

Without any hesitation, he turned and left.

Soon, I came to a cave. In the cave, someone was waiting there. When he came back, he asked urgently: "Master Guta, how is it?"

"Not very good." Gu Ta said coldly: "Go back and tell you Master, I will not kill Chen Feng now, but sooner or later, I will give his head to your master."

The man was taken aback for a moment and asked, "Master Guta, why didn't you kill him?"

Guta didn't speak, but just glanced at him coldly, and directly scared the person into a tremor, not daring to say a word.

Gu Ta said coldly: "If it weren't for you to send news to your master, you would have been abolished long ago!"

Looking at the corpses all over the place, Chen Feng stayed there. He staggered between the corpses. He squatted down beside each corpse, looking at the familiar face. *nOvelus8.com*

Each of these people followed him from the Tianyuan imperial city to Nanhuang. Chen Feng was familiar with each of them and could even be named.

They were still alive an hour ago, but at this time, they were turned into corpses, lying here, without the slightest vitality.

The grief in Chen Feng's heart has accumulated to the extreme.

Suddenly he looked up to the sky and roared, and the roar was full of pain and sadness, as well as the boundless anger.

He let out a stern roar: "God, why do you do this to me?"

"These are my brothers, they are my brothers!"

Suddenly, Chen Feng softened and fell directly to the ground.

He was holding a corpse in front of him, and Chen Feng knew exactly who belonged to this corpse.

He is Zou Jiayang, the young man who was born poor but extremely talented and possesses a strong self-motivated spirit. He was the young man who was promoted from centurion to ten thousand chief by himself.

Yesterday, he grinned and handed it to himself a bowl of rice mixed with black, yellow, white pearl rice and beast meat.

And now, he was lying here, motionless.

Chen Feng hugged him in his arms, and suddenly his eyes were moist, tears streaming down.

Chen Feng howled and cried, as sad as a child.

The man does not flick when he has tears, just because he has not reached the point of sadness.

Chen Feng was so painful that he beat his chest frantically and cried out: "I am sorry for you, brothers, I am sorry for you!"

"I, Chen Feng, led you to this dead end!"

Behind him, Zhen Meng stood silently. He was also covered in blood at this time, and his left arm was broken, which was extremely miserable.

He looked at Chen Feng and said softly, "General, you are not to blame, you are not to be blamed!"

Chen Feng was still crying there as if he couldn't hear him.

[Chapter 2363: It turns out that you are instigating!](#)

In the past few days, Liu Chengyi has been out for many times because of something, and is always not in his practice place.

Today, as he had just left the outer courtyard of Wudong Academy, he suddenly felt a trace of heart palpitations, as if something very bad happened.

He immediately looked back, and then the next moment, he felt the strong fluctuations of the power of the stars.

As if he had a premonition, he exclaimed and shouted: "Ziyuan, no, don't use that technique!"

He quickly rushed towards his practice place, trying to stop Ziyuan, but it was too late.

Before he came back, he saw that the floating mountain he was on was directly shattered, and when he came here, he saw that Ziyuan's body had fallen apart.

At this time, Chen Fengziyuan's soul was about to dissipate.

She seemed to see the master who had rushed back, and felt his care. There was a smile on her face and her lips moved slightly.

Liu Chengyi immediately distinguished what she was talking about: "Master, I'm sorry."

However, even though her body dissipated and her soul was about to break, the look on her face was extremely serene, even with a trace of relief, as if she had fulfilled some long-cherished wish.

Liu Chengyi let out a loud roar: "Ziyuan, I can't let you die, I will definitely keep your life!"

As he said, he tremblingly took out a jade bottle from his arms.

This warning has an ancient appearance and even some damage, but he is extremely precious, as if this is a treasure.

He opened the mouth of the Yujing bottle, and there was a strong suction force inside. Chen Fengziyuan's soul had not had time to shatter, but was directly sucked in.

Then, Liu Chengyi hurriedly closed the bottle, and whispered in a trembling voice: "Ziyuan, I have guarded your soul for you."

"Don't worry, if your soul is immortal, you will not die. I will definitely let someone help you recast your body!"

At this moment, Yaoyao walked to Chen Feng and gently hugged Chen Feng's arm.

She didn't say a word, but looked at Chen Feng with that pure and extremely clear gaze.

Finally, Chen Feng's crying slowly stopped, and the extreme pain and regret in his eyes gradually disappeared.

His eyes calmed down, and Chen Feng's heart was extremely clear.

He suddenly stopped crying, then glanced around and said softly: "Don't worry, Chen Feng will avenge you."

He suddenly raised his volume and let out a violent roar: "Brothers, I, Chen Feng, will definitely avenge you!"

"I do what I say!"

"Whoever killed you, I will smash him into thousands of pieces, and I want him to live forever!"

At this time, Chen Feng had only one thought in his mind: "Why? How would the Blackwater Black Snake Tribe know my plan? How would they know? There must be spies!"

At this moment, Chen Feng's blood rushed straight into his forehead, his pupils were instantly red, and his anger was extremely extreme and his hatred was extremely intense.

Even the blood energy turned into a torrent by his side, rushing into the sky.

He gritted his teeth and turned his head, looked at Tatamu, and shouted sharply: "Did you do it?"

Tatamu was also full of panic at this time. He shook his head frantically, and said very quickly: "Chen Feng, I was wronged. I definitely didn't do it!" *nOvelusB.com*

"You think, if something like this happens, the first person you suspect is me, how could I be so stupid?"

"You know my scheming."

At this time, Chen Feng's anger faded slightly.

He knows what Tatamu said is reasonable, because Tatamu is the most likely to do this, so he is the least likely to do it.

At least, he will never do this now!

With the sound of footsteps behind him, Yan Chengwen walked to Chen Feng and said in a heavy voice: "Chen Feng, I probably know who did these things."

"I probably know how the Black Water Black Snake Tribe knew our news."

"What? You know?" Chen Feng suddenly turned around and grabbed Yan Chengwen by the collar, almost lifted him up, and shouted loudly.

He was almost losing his mind at this time.

Yan Chengwen didn't blame him either, but just stood there blankly.

Uncle Dao quickly came over and said, "Chen Feng, calm down, don't be like this."

Yaoyao was also holding Chen Feng's clothes and swaying, looking at Chen Feng with worry.

Chen Feng's eyes were blood red at this time, like a beast, which made her a little scared.

Chen Feng took a deep breath, held his breath, and calmed himself down, so that the whole person regained his senses.

Yan Chengwen turned around and opened the clothes on his back. There was a huge palm print on his back, and the skin around him was blackened. Obviously, this palm caused him serious damage. .

He whispered: "This palm was made by a Yutan Zijin guard under my hand while I was in the fierce battle."

"He wanted to attack me and kill me, but unfortunately he almost meant it."

"I just remember now. Since entering the Southern Wilderness, he has indeed behaved very strangely. Not only has he once suggested that I should intervene in you to kill the City Lord of Lanyang."

"Moreover, I felt a few breath fluctuations. It should be that he sneaked out at night to inform the news."

Chen Feng gritted his teeth and shouted, "Why didn't you say it earlier?"

A sad look appeared in Yan Chengwen's eyes: "This is my fault, I will confess!"

"What about admitting punishment? If you admit punishment, can my brother of more than one million Heavenly Martial Army stand up again? Can you make them live again?" Chen Feng shouted sharply.

Yan Chengwen did not speak, just let Chen Feng vent there.

It took a long time for Chen Feng to vent his emotions. He sat down on the ground, no longer the craziness he had just now, just a deserted one, and asked faintly: "What is his origin?"

Yan Chengwen said softly: "Prince Zhanxing's person."

"Okay, okay! Prince Zhanxing's person is also Prince Zhanxing's person!" Chen Feng gritted his teeth, and his voice was extremely cold and harsh: "Prince Zhanxing, it turns out that you are behind all this!"

"As a prince, you have calculated your royal army like this, killing more than one million brothers to my hometown!"

Chen Feng roared with resentment: "Even if you are the prince, I can't spare you!"

Chen Feng finally calmed down.

He and the rest of the Tianwu Army generals converged the bones of every killed Tianwu Army general.

Everyone held them in a separate jade box, and Chen Feng wrote their names and ages by hand.

Chen Feng remembered all of this clearly, he didn't bother to write, he wrote all by himself.

[Chapter 2364: Return](#)

After writing one, I whispered a few sentences to the jade box. It took almost a month to do this.

In this month, the entire army of snakes from the Black Water Profound Snake Tribe was wiped out, and news of the calmness of the Southern Wilderness has already spread.

A month later, Chen Feng and the rest of the Tianwu Army set off to leave the place and rushed to Lanyang City, ready to take a rest there, and then rushed back to the Tianyuan Dynasty.

"What? Chen Feng didn't die, even this he didn't die? Instead, he destroyed all the army of the Black Water Profound Snake Tribe?"

"Are you a three-year-old kid? Make up such a lie to lie to me!"

Prince Zhan Xing let out a violent roar of disbelief. He was so angry that he laughed, and the smile was extremely penetrating.

Suddenly kicked out, kicking the man in black in front of him away.

He didn't use his full strength, and the man in black was kicked so violently that he smashed a wall heavily, and he quickly knelt on the ground and climbed back.

I was terrified in my heart, but I didn't dare not say anything. He trembled: "His Royal Highness, Your Royal Highness, I really didn't lie to you, this is really a fact!"

"The army of the Black Water Profound Snake Tribe disappeared without a trace, and it seemed as if all had evaporated overnight! And Chen Feng returned to Lanyang City safely!"

They didn't rush to the front to spy, so they didn't know how powerful the Scarlet Sea Fire Lotus was, or if they dared to get so close, the Scarlet Sea Fire Lotus would kill them all.

Therefore, they don't know the details at all, only know that the army of the Black Water Black Snake Tribe is indeed annihilated!

Hearing what he said, the expression on Prince Zhanxing's face finally became serious.

He twisted his brows and said: "How exactly did it happen? How could it be possible? The little boy Chen Feng has no more than one million troops, and the Heishui Profound Snake Tribe has more than 100 million people!"

"Even if they stand up and don't resist and let them kill, they won't be so easy to deal with!"

The man in black kowtow again and again: "The subordinate doesn't know it, the subordinate **** it!"

"Of course I know you deserve to die!" Prince Zhanxing said impatiently.

He pondered for a moment, took a deep breath, and asked, "When Chen Feng returned to Lanyang City, how many people were there?"

"Less than 100,000 people." The black-clothed man's voice became low.

"Oh, less than 100,000 people, that doesn't make sense, even if he uses those people to change the name of Heishui Profound Snake Buluo, it is impossible to deal with the 100 million army." The more Prince Zhanxing thought about it, the more impetuous he became.

He said coldly: "Where is the ancient tower? Has any news come back?"

The man in black trembled: "He sent someone to tell me that he would not kill Chen Feng for the time being and would wait for the opportunity, but he didn't say why."

"What? He won't kill Chen Feng?"

A terrible thought suddenly surged in his heart: "Could it be that Chen Feng really gained so much strength and killed all the blackwater mysterious snake tribe thieves, and even made Guta feel jealous?"

He shook his head quickly, eliminated the idea, and said with a smile: "How is it possible? I know the strength of that little boy Chen Feng, and it's not worth mentioning."

He waved his hand and said impatiently: "Go down!"

"Yes!" The man in black hurriedly knelt on the ground and walked out.

Prince Zhanxing walked up and down in the hall, with a look of doubt on his face, and said: "How is it possible? How is it possible?"

This means that he doesn't know the truth, otherwise, he is scared to say a word now!

Two months later, south of Tianyuan Imperial City, Chen Feng looked up and looked at the tall gate, with a sneer at the corner of his mouth.

"Tianyuan Imperial City, I'm back, Prince Zhanxing, the one who wants your life, is coming!"

The first thing Chen Feng must do after coming back is naturally to settle the Tianwu army.

And Chen Feng had just led the one hundred thousand troops of the Tianwu Army to the outside of the camp, and suddenly heard a screaming cry next to the camp, and the voice was full of sadness and desolation.

Chen Feng's heart trembled suddenly, and then in the next moment, he saw a scene that shocked him extremely.

There were millions of people who were dressed as ordinary people. They were basically ordinary people, and few of them were dressed as nobles.

After they saw the 100,000-day Five Armies who had returned, they all swarmed up, and in a blink of an eye, they swarmed into these armies and surrounded the remaining people.

They are all hiring.

Some people cheered: "Son, son, you are back! Great, I heard that something happened to your army, great."

On the other hand, his wife hugged her husband tightly: "Husband, I finally look forward to your return."

But for more people, the look on their faces first changed from hope to disappointment, and then to despair.

Their faces were full of pain, and the pain was extremely painful, because no matter how they searched, they couldn't find their son, their husband, or their father!

Many people cried loudly, and some even collapsed to the ground.

Chen Feng's heart seemed to be clenched, pained to the extreme.

He already knows the origins of these people, they are all the families of those soldiers who died in the Tianwu Army! *novelusb.com*

When Chen Feng first arrived in Lanyang City, he ordered someone to use the special channels of the Tianyuan Dynasty to pass the news of the great victory over the Black Snake Tribe in the Southern Wilderness.

Now the entire Tianyuan Desert City knows that General Chen Feng led the Tianwu Army to defeat tens of millions of Blackwater Black Snake Army in the Southern Wilderness, and has already returned triumphantly!

Of course, there was news that the Tianwu Army suffered heavy losses.

Therefore, they are all waiting here, but they have not found their children.

Suddenly, two old people came over. The two of them were crying and crying miserably. The old woman almost fainted in tears.

And the old man grabbed Chen Feng by the collar, his voice was full of anger, and he shouted sharply: "You return my son, you return our son to me!"

"That's our only child, he is dead, who will give us retirement?"

"He also has a wife and three children. He is dead, who will be his wife's support? He is dead, who will raise his children?"

He pulled Chen Feng by the collar and shook him vigorously: "You return my son! You thief!"

Behind him there is a woman with three children who are not seven or eight years old, crying sadly there.

Seeing this scene, Chen Feng felt as if he was hit by a sledgehammer in his heart, and he was extremely sad and painful for a moment!

With the arrival of these two old men, more people rushed up and surrounded Chen Feng.

[Chapter 2365: Kill the Prince's Mansion!](#)

Overwhelming accusations surged over, and Chen Feng was pushed and insulted by them, and some people even picked up rocks and smashed them at Chen Feng.

Most of them are civilians, and many of them don't even have any cultivation base. If Chen Feng wants to kill them, if he wants to make a move, he can easily kill them all.

But Chen Feng stood there without moving!

If they dare to insult Chen Feng so much when facing the enemy, Chen Feng will kill them without hesitation.

But Chen Feng was standing there now, without any resistance, he just had a dull expression on his face, letting them humiliate!

Seeing this scene, Zhen Meng shouted: "Quickly step back, step back, victory or defeat is commonplace in military affairs, and loss of life is even more normal."

"Why do you insult the general so much? Are you worthy of the general?"

He led someone to push them away, but Chen Feng slowly shook his head.

"I took their children, their husbands, and their fathers away, but didn't bring them back intact. I am guilty!"

Chen Feng suddenly roared to the sky!

The people around were frightened by Chen Feng's sudden roar, and everyone looked at Chen Feng blankly.

Chen Feng took a deep breath and suddenly faced the crowd, shouting loudly: "Everyone, I'm sorry, I, Chen Feng, have a guilty conscience!"

"But I am also trying my best to remedy it." *nOvelUsb.cOm*

"First, you definitely don't have to worry about the issue of compensation. Every soldier who died in battle will treat at least one thousand black yellow stones!"

A thousand black yellow stones!

After everyone heard this number, they all showed disbelief.

One of them asked: "General, you are not laughing at us, right?"

Chen Feng stared at him and everyone, and said word by word: "I'm definitely not joking. I, Chen Feng, will do what I say and I will do what I say."

Suddenly, it became quiet in an instant.

Many people have a glorious look in their eyes, one thousand black yellowstone, that is a whole thousand black yellowstone, enough for them to live safely here for hundreds of years, and even make their family rich overnight. family!

This pension can be said to be extremely rich!

And this is not over yet, Chen Feng looked at them, and said: "If anyone is old and helpless, I will raise them for him. If anyone has no one to raise, I will raise them for him!"

"Tianwu Army, from now on will be your home, you can live in this big camp, and you can also receive a portion of money from here on time every month!"

Chen Feng's voice was sonorous and powerful: "I, Chen Feng, will never let every brother who follows me die!"

"My brother's parents are my parents, and my brother's children are my children!"

Chen Feng's voice resounded here.

I don't know who it was, the first one fell to his knees and shouted excitedly: "Thank you, the general, for his great grace!"

Everyone knelt down, shouting loudly: "Thank you, General."

Some people were so moved that they cried.

But Chen Feng, who had never kneeled before, saw his Majesty the Emperor and Princess Quyang before kneeling, but at this time he knelt down and faced them.

His eyes were tearful and his eyes were red: "Everyone, don't do this. I, Chen Feng, shouldn't be on your knees. I, Chen Feng, can't help you!"

His eyes suddenly became extremely cold, and he sternly shouted: "The reason why my Heavenly Martial Army is so miserable is because it was calculated by others, and now I am going to find the person behind it!"

"Don't worry, I, Chen Feng, will never let every brother and every hero of the Tianwu Army die in vain. I will pay back this blood debt for them!"

Everyone shouted: "General, we trust you!"

With that, Chen Feng turned and walked out.

Behind him, those people stunned for a moment, and they all followed quickly.

Their arrival also immediately made Tianyuan Imperial City become restless.

When everyone saw this scene, they stopped what they were doing and looked at them blankly.

I saw a valiant young man walking in the forefront, and behind him, 100,000 warriors wearing red metal armor, each wearing a white robe outside, a white cloth wrapped around his head, Everyone is holding each tablet in his arms.

And behind them, millions of people with sad expressions followed. This scene shocked everyone!

Soon, Chen Feng led people to the residence of Prince Zhanxing.

The specifications of the Prince Zhanxing's Mansion are extremely grand, occupying almost one-tenth of the city, and not much smaller than the palace.

Moreover, even outside the mansion, it can be seen that the architectural carvings inside are grand and luxurious.

Outside the mansion, there are still a large number of elite guards standing there, one by one, arrogant and extremely arrogant.

They have reasons for arrogance. They are the guards of Prince Zhanxing's Mansion. In the entire Tianyuan Dynasty, apart from the royal guards, they are the most powerful.

Therefore, they have always been tyrannical outside, did not put anyone in their eyes, and did a lot of wrongdoing.

At this moment, seeing Chen Feng leading such a large number of soldiers coming over, their faces suddenly became very ugly.

One of them, similar to the commander of the guards, walked over with someone. He stared at Chen Feng and said coldly, "Who are you?"

Chen Feng looked at him and slowly uttered two words: "Chen Feng!"

"Oh? Chen Feng?" Their faces suddenly stagnated.

In the Tianyuan Dynasty, who doesn't know the word Chen Feng? Who does not know his strength and achievements?

The look on the guard leader's face immediately eased a little, but he was still extremely arrogant.

He stared at Chen Feng and said impatiently, "What are you here for? Are you bringing so many people to the Prince's Mansion to rebel?"

A big hat was buttoned off first.

What shocked him was Chen Feng's answer.

Chen Feng smiled slightly, stared at him, and said word by word: "If today's results can't satisfy me, I don't mind rebelling!"

"What?" The group of guards was shocked first, and then furious in the next moment.

"What! What are you? How dare you say this in front of Prince Zhanxing's Mansion?" A guard pointed at the tall archway of Prince Zhanxing's Mansion, grinning and said:

"Little boy, see clearly, this is Prince Zhanxing's Mansion! It is the most powerful place in the Tianyuan Dynasty except the palace. You dare to say such things in such a place, you are really not afraid of the wind flashing your tongue!"

Some guards pointed directly at Chen Feng's nose and said insultingly: "Don't take a **** and take pictures of yourself! It's just a pariah! Talking crazy!"

[Chapter 2366: The ignorant is fearless](#)

The guard commander looked at Chen Feng with a disdainful sneer: "Chen Feng, do you think you are very strong? Do you think that you can be invincible if you have a little fame in Tianyuan Imperial City?"

"Tell you, it's not where you can run wild, and it's not that you can offend everyone!"

"This is Prince Zhanxing's Mansion. You can't afford the people here!"

He waved his hand impatiently, and said, "Get out. When you anger me, you won't be able to leave."

Chen Feng stared at him, saying word by word: "You are not qualified to talk to me, call your master out."

This sentence instantly made the guard commander furious, and a hideous look appeared on his face: "Chen Feng, you are all looking for death!"

"Okay, since you are looking for death, then I will fulfill you!"

As he said, he strode forward, a long spear in his hand appeared, and then a spear shot at Chen Feng fiercely.

This thorn directly shook the air, forming a huge tornado. The turbulent clouds in the sky were all flying and scattered, and even tiny spatial cracks appeared in the air.

Behind him, the guards shouted loudly: "Master Commander, you really have a great trick Yunlong to go to sea!"

"That's right, the commander-in-chief moves Yunlong out to sea, with the power of a three-star martial emperor, Chen Feng is definitely not an opponent, and he will be killed easily!"

The guard commander showed a smug look on his face and laughed wildly: "Chen Feng, die!"

He didn't think Chen Feng would be his opponent at all. He had heard of Chen Feng's fame, but he thought it was nothing but a mere fame. In terms of true strength, he was far better than Chen Feng!

Chen Feng looked at him with a sad look in his eyes, and said faintly: "The ignorant are fearless!"

With that, Chen Feng just stretched out a finger gently.

He just stretched out a finger, but the guard commander on the other side felt that this finger seemed to fill the world and was extremely tyrannical.

In an instant, all his power was crushed to pieces.

He felt that his heart had stopped beating. At this time, all he had left in his heart was fear.

Then the next moment, a scene that shocked everyone appeared.

I saw that a shot that was extremely powerful and seemed to tear through the world, but was gently withstood by Chen Feng's finger!

Chen Feng's finger was there, and the spear couldn't get in.

Seeing this scene, all the guards were in an uproar.

"How is it possible? The commander's shot was enough to kill the Samsung Martial Emperor, and he was able to withstand it with a single finger!"

"God, this can't be true, right?" no **Ve**lusb.com

At this time, in addition to these Heavenly Warriors and the guards of Prince Zhanxing's Mansion, there were still a large number of onlookers.

They all came here with the Tianwu Army, wanting to see what's happening here.

Tens of thousands of people have gathered here!

They also saw this scene.

And the next moment, Chen Feng's finger suddenly clicked forward, and his finger seemed to be invincible, and wherever his finger went, the spear suddenly shattered.

With a loud bang, the spear shattered directly, and then Chen Feng's finger pointed to the chest of the guard leader.

The guard commander's complexion changed drastically, and he quickly blasted his fists one after another, trying to resist, and his power was quite tyrannical.

However, in front of Chen Feng's finger, it had no effect at all.

He let out a scream, and his fists were directly broken by Chen Feng's finger.

Then the next moment, the finger was spotted on his chest.

His body stood still for an instant, and the next moment, with a bang, a big hole exploded in his chest.

He vomited blood frantically, the vitality in his eyes dimmed, and he screamed: "I'm not reconciled! I don't want to die! I don't want to &..."

Before the word 'death' was spoken, his body fell heavily to the ground, and he lost his breath.

The onlookers all screamed in exclamation, while some people looked triumphant and smiled: "I just said that Chen Feng's reputation and powerful strength can be insulted by just one person. of?"

"How about this guard commander who can kill the Samsung Martial Emperor? Still not his opponent!"

At this time, the gazes of the guards looking at Chen Feng had changed from the shock just now to the deep fear now.

One finger, one finger, Chen Feng killed him with one finger!

There were expressions of shock on their faces, and the next moment, it turned into a deep fear.

"We talked about him just now, can he spare us?"

When Chen Feng looked at them, a sneer suddenly appeared at the corner of his mouth. He blasted out a number of punches one after another, and the few people who had just laughed at Chen Feng were killed by Chen Feng.

Then, Chen Feng looked at the rest of the people, and said coldly, "What are you still doing in a daze? Don't you hurry up and report to your master?"

"I told you, you are not qualified to tell me, let your master come out!"

"Yes, yes!" This time, these soldiers didn't hesitate anymore, and they rushed into the mansion quickly.

At this time, above the main hall of the mansion, several people were sitting there.

In the center is Prince Zhanxing, and at the bottom, there are a few large-looking people in Chinese robes sitting each.

These people are the confidants of Prince Zhanxing, and they are also in high positions in the court.

Prince Zhan Xing looked at them and said slowly: "The news has been sent back a few days ago. Although I don't know what method the untouchable Chen Fengfeng used, but the defeat of the Blackwater Profound Snake Tribe should be true. Real news."

His next burly middle-aged man slowly nodded his head, a hint of jealousy flashed across his face, and said, "That little boy is lucky."

"I guess, most of the Black Water Profound Snake Tribe had a civil strife, so he picked it up for a bargain."

"I think so too." An old man next to him nodded slowly.

Prince Zhanxing also nodded and said: "This explanation is justified. After all, that untouchable person has such a strength and a small amount of manpower, how could it be possible to cause any threat to the army of the black water mysterious snake!"

"Okay, let's not talk about this untouchable." Prince Zhanxing said: "Now the Southern Wilderness has been eroded by the Black Water Black Snake Tribe, and our interests there have also been greatly damaged."

He didn't mention the Heavenly Martial Army, or the Heavenly Martial Army who was almost killed and injured because of his frame-up. In his heart, he didn't care about the lives of the Heavenly Martial Army. All he cared about was his interests in Nanhuang.

"This time, the Black Water Profound Snake Tribe retreats, but it is a good opportunity for us. The Southern Wilderness has become a land of no owner."

[Chapter 2367: I want a fair one!](#)

"So I decided to send someone to the Southern Wilderness to preside over the overall situation."

"In addition, drink the Black Water Black Snake Tribe again, and a lot of the output in their tribe is extremely expensive in our Tianyuan Imperial City."

"Yes." Everyone nodded.

The color of greed flashed in the eyes of the burly middle-aged man, and said, "Your Majesty, I wish to go!"

"Oh, do you want to go?" Prince Zhan Xing glanced at her, raised his brows, and thought about it.

This person's name is Tao Tianlu, and he is also a general in the army. He is powerful and powerful. He has reached the peak of the three-star martial emperor.

Moreover, he had stayed in Nanhuang for a period of time, and he had some foundations and connections there. It was a good choice to send him over.

He nodded and said, "Okay, then you, and I will leave tomorrow."

There was a touch of ecstasy on Tao Tianlu's face, and going to the South Wilderness at this time could bring him great benefits.

He stood up, clasped his fists in salute and said, "Thank you, Your Majesty, your subordinates will definitely fulfill their mission."

At this moment, there was a loud noise outside.

Prince Zhanxing frowned suddenly, and the next moment he saw several guards rushing in in a panic.

Prince Zhanxing twisted his brows and said coldly, "What do you look like in a panic!"

The guards knelt to the ground one after another, and said with a trembling, "Your Highness, then Chen Feng..."

"What's wrong with Chen Feng?" Prince Zhanxing frowned and said with disdain: "Could it be that he still dared to kill my mansion and ask me to settle the account?"

As soon as this statement was made, several people around made a chuckle, obviously no one thought Chen Feng had this courage.

The guard who reported the letter swallowed and tremblingly said: "It is Chen Feng, he has come up."

As soon as this remark came out, Prince Zhanxing's face suddenly became extremely ugly!

And the laughter of those people was like being stuck in their throats, and stopped abruptly, their faces flushed, and their expressions were strange and embarrassing.

Prince Zhanxing was slapped in the face. He just said that Chen Fengfeng didn't dare to think about it, but he was killed by the wind!

Prince Zhanxing coughed like a cover, and said coldly: "I want to see what this little boy wants to do. Do you want to get justice from me?"

He disdainfully sneered: "He is not qualified!"

With that, he stood up and walked out.

Those cronies quickly followed him and walked out.

Soon, Chen Feng saw Prince Zhanxing and others walking out of the mansion.

Prince Zhanxing glanced at Chen Feng, but ignored him, just raised his chin, his face was arrogant.

He was extremely arrogant. In his opinion, Chen Feng didn't even have the qualifications to talk to her.

Tao Tianlu stepped forward and pointed at Chen Feng, with an arrogant and arrogant look, and sneered coldly: "Chen Feng, you bastard, what are you doing here?"

Looking at them, Chen Feng said slowly, "Come here, be fair!"

"Want to be fair?" Tao Tianlu said disdainfully: "No one here will give you justice, and no one owes you justice, get out of here!"

He waved his hand impatiently.

Chen Feng stared at them and said word by word: "No, someone here owes me justice, and the 1.6 million soldiers who died in the Tianwu Army!"

Hearing this, Prince Zhanxing's eyelids jumped, and Chen Feng was naturally talking about him.

Tao Tianlu said impatiently: "I told you everything, no one here owes you justice, get out of here!"

They are all clear about what Prince Zhanxing has done, and naturally they have to defend their masters at this time.

"That's right," he said in a cold voice suddenly: "Should you not continue to counter the rebellion in the Southern Wilderness now? Why do you want to come back suddenly?"

"You dare to leave your job without authorization, this is a serious crime!"

There was a smug look on his face, depending on Chen Feng's answer.

Because Chen Feng's resignation without authorization is indeed a felony!

The news of the destruction of the tens of millions of the Black Snake Tribe in the Southern Wilderness has been sent back, but few people believe it, and many people believe that Chen Feng is a false report of military exploits!

Chen Feng looked at them and said in a faint voice: "The tens of millions of troops of the Southern Wild Black Water Profound Snake Tribe have been killed by me!" *nOvelusB.Com*

Hearing this, the scene was quiet for a while, and then Tao Tianlu suddenly burst into laughter.

Then, the people on the side of the prince of horoscopes laughed wildly. They laughed forward and backward, almost unable to stand firmly, they were full of disdain for Chen Feng.

While smiling, she pointed at him.

Tao Tianlu almost smiled and said, "Hahahaha, what did I hear? Just you?"

"Just you? You beheaded the tens of millions of troops from the Blackwater Black Snake Tribe? Who do you think you are? What are you?"

Even the onlookers burst into laughter, obviously not believing what Chen Feng said.

Some mature and serious people shook their heads and said: "Chen Feng said such things for the sake of face, that is really a loss of adults, and his lies will soon be exposed!"

Suddenly Tao Tianlu pointed at Chen Feng with a smile, and shouted impatiently: "Get out of here!"

"You have lost enough ashamed here today, don't be ashamed anymore!"

Looking at Prince Zhanxing, Chen Feng repeated his words again and again: "I want you to be fair to me!"

Chen Feng stared at Prince Zhanxing, without blinking his eyes, and sneered: "Prince Zhanxing, you know better than me what you do, and I don't need to show any evidence!"

"I will ask you today, this justice, do you give or not?"

Prince Zhanxing stared at Chen Feng and said with disdain: "What are you? You deserve to talk to this king like this?"

Chen Feng looked at him and said lightly: "It seems that this fairness, are you not going to give it?"

Prince Zhanxing was full of anger, and he was also a person who has always acted unscrupulously. He giggled and said with disdain: "Isn't it just killing your Heavenly Martial Army's 1.6 million lives?"

"So what? In the eyes of this king, these lives are not as valuable as the lives of a dog in my family. This king just killed them, so what can you do with me?"

He was really arrogant to the extreme, and at this time he directly admitted that the incident in Nanhuang was his indictment.

Hearing this, the many soldiers of the Tianwu Army were in an uproar, and their faces were extremely angry.

The onlookers were all full of astonishment: "Prince Zhanxing is really not a good thing, he actually counts us!"

"But what he said is right, what can Chen Feng do with him? He is the younger brother of the current emperor, and he is powerful."

"Chen Feng is no match for his power and strength. Chen Feng has nothing to do with him!"

[Chapter 2368: Begging for mercy now? late!](#)

"Yes!"

Everyone nodded, and no one thought Chen Feng could do anything to Prince Zhanxing.

Chen Feng looked at Prince Zhanxing and said coldly: "Okay, just admit it."

"What if I admit it? What can you do with me?" Prince Zhanxing pointed at Chen Feng's nose and said arrogantly.

As he said, he turned around and left, saying coldly: "Tao Tianlu, clean up this little boy."

"After a while, clean up the serum in front of the door. I don't want the blood of this untouchable to dirty my door."

He said that he was about to step into the gate, he did not take Chen Feng into his heart at all. In his opinion, Tao Tianlu could easily kill Chen Feng.

And Tao Tianlu has just been entrusted with a heavy responsibility. How can he not work hard when he wants to curry favor with his master?

When he heard this, he laughed: "His Royal Highness, don't worry, I will take care of this little boy now!"

With that said, he bombarded Chen Feng with a punch, with a strong fist, already the cultivation base of the nearly four-star Wuhuang at the peak of the three-star martial emperor.

The world in front of Chen Feng suddenly trembled.

Obviously, he also controls the power of heaven and earth.

And Chen Feng looked at him, but slowly spit out a word: "Death!"

With that said, four wisps of orange heaven and earth power appeared in front of Chen Feng's body.

The four orange powers of heaven and earth are equivalent to the power of sixteen wisps of blue heaven and earth, that is, the power of 160,000 dragons!

Chen Feng didn't use the Jianglong Arhat scripture at all, he only used the power of heaven and earth.

With a bang, the incomparable strength rushed out, Tao Tianlu's face changed drastically, and he exclaimed: "How can you have such a strong strength?"

He felt that Chen Feng in front of him was like a god.

The world in front of him collapsed in an instant, and Chen Feng directly crushed him severely in the power of the world.

With a bang, the four orange powers of heaven and earth completely shattered the punches he hit directly.

He couldn't believe everything and let out a desperate roar: "Impossible, I still have the power of heaven and earth to compete with you, I can't be defeated by you so easily!"

With that said, in front of him, four azure powers of heaven and earth also appeared, representing that he had entered the realm of the three-star martial emperor.

One of the cyan heaven and earth powers is exceptionally thick and strong, which means that he is about to step into the realm of the four-star martial emperor, and is already the peak of the three-star martial emperor.

However, it has no effect!

In front of Chen Feng, these four azure powers of heaven and earth had no room to fight back.

The four orange powers of heaven and earth slammed into the four cyan powers of heaven and earth.

With a bang, the four cyan powers of heaven and earth were directly broken, and Tao Tianlu let out a scream and was about to be beaten out.

However, Chen Feng stretched out his hand, grabbed his neck directly, stared at him, and asked word by word: "Who is it that took care of whom?"

At this time Tao Tianlu was already terrified to the extreme, his teeth trembled, and he said with a trembling: "You have taken care of me, you have taken care of me, please, don't kill me, spare my life."

Chen Feng smiled slightly: "I beg for mercy now? It's too late!"

The power in his hand rushed out, and he squeezed his neck directly, and fell heavily to the ground, his breath was gone!

The crowd around the audience exclaimed.

"Four rays of orange power of heaven and earth, what realm is Chen Feng now? He actually has four rays of orange power of heaven and earth!"

"It's amazing. Chen Feng used to be just a ray of orange power of heaven and earth, but now he has four wisps of power. Each of his four ray of heaven and earth power is equivalent to four ray of cyan heaven and earth power!"

Someone exclaimed: "This means that he has the power of sixteen ray of cyan heaven and earth!"

"Sixteen strands of the power of the blue sky and earth!" Someone finally came to a conclusion, and said with a trembling voice: "It is equivalent to the power of the Five-Star Martial Emperor!"

"It's horrible, it's horrible!" They yelled in disbelief.

The expressions of Prince Zhanxing and others also changed drastically.

He suddenly realized that what Chen Feng said before turned out to be true!

A huge voice echoed in his heart: "It turns out that the tens of millions of the Blackwater Black Snake Tribe army was really defeated by Chen Feng! It turns out that the ancient tower was really scared by him!"

He felt that this conclusion was extremely absurd, but on the contrary, this is the fact.

At this time, not only him, but everyone else reacted and exclaimed: "Chen Feng is so strong, so what he said before turned out to be true?"

"Yes, what he said beforehand must be true, he actually destroyed tens of millions of the Blackwater Black Snake Tribe army by himself!"

"My God!" Someone moaned feebly, looked at Chen Feng and said, "What kind of genius is this!"

However, Chen Feng walked slowly toward Prince Zhanxing.

There was a look of fear on Prince Zhanxing's face. He backed back and trembled: "Chen Feng, what are you going to do? What are you going to do?"

Chen Feng was smiling, but the smile was extremely cold: "I want you to give me justice! Since you don't give it, then I will take it myself!"

Prince Zhanxing was full of fear at this time. After he knew Chen Feng's strength, he no longer thought Chen Feng was a waste.

He knew very well that he was definitely not Chen Feng's opponent.

Because, he is only the late four-star Wu Huang, possessing twelve rays of the power of heaven and earth!

Chen Feng is equivalent to having sixteen wisps of power!

At this time, if Chen Feng does something to himself, he is definitely not an opponent.

He trembled: "You, you, don't come over, I'm a prince, if you dare to move me, no one can save you!"

"If you dare to move me, you will definitely die!"

Chen Feng smiled grimly: "Really? Then I really want to try!"

With that, he killed him.

Prince Zhanxing shouted: "Protect me, protect me!"

Those guards and his confidants poured in one after another, and Chen Feng sneered and said, "Those who block me die!"

With a punch, several guards were killed, and another cron who was in front of him was swept away soberly with a palm.

In a blink of an eye, there was no one in front of Prince Zhanxing.

Chen Feng stretched out his hand and grabbed it directly to Prince Zhanxing.

Prince Zhan Xing let out a scream and fist madly to resist.

However, it has no effect at all.

Four orange powers of heaven and earth flew forward, directly shattering all his offensives.

As soon as Chen Feng stretched out his hand, he directly grabbed him by the collar and lifted him up!

Chen Feng turned around, faced everyone, and shouted, "You said, what should I do with him?"

When Chen Feng asked this sentence, all the remaining people of the Tianwu sergeants showed hesitation on their faces.

As for the family members of the Tianwu Army clan who died in battle, all of them stopped crying and watched the scene blankly.

[Chapter 2369: I want you to lose my life!](#)

But no one spoke.

It's not that I don't want to, but I dare not, because this is the prince!

This is the younger brother of the current emperor!

These are the people with the highest status and most prominent status in the Tianyuan Dynasty!

They had never thought that Chen Feng came to ask for justice today, and turned out to be asking him for it.

Never thought that Chen Feng would directly hold him in his hand and let them handle it.

This makes them all dumbfounded, they dare not say anything.

At this moment, Chen Feng suddenly turned around, waved his hand, and his strength surged.

Suddenly, all the spirit cards held in the hands of the soldiers were all supported by these strengths, layered on top of each other in the air, forming a deletion of spirit cards, which was a thousand meters high behind Chen Feng.

Chen Feng turned his head, looked at Prince Zhanxing, looked at those of his cronies, his face looked unwavering.

And the next moment, he suddenly broke out.

He stared at these people and let out a roar, his forehead violently throbbed, and his expression was even distorted because of extreme anger.

He shouted sharply: "You adults, and you, Prince Zhanxing, you, the distinguished Prince Zhanxing, please open your dog eyes and take a good look! What is this!"

Before they could answer, his volume went up again.

The voice stunned the surroundings: "This is the spiritual card of the 1.6 million Celestial Martial Army soldiers! This 1.6 million Celestial Martial Army soldiers is the most loyal soldier of my Tianyuan Dynasty, and is my brother Chen Feng!" *NOVELusb.com*

"Because of your selfishness, because of your conspiracy, you died on the ground of the Southern Wilderness!"

Chen Feng stared at Prince Zhan Xing and let out a fierce roar. He shouted word by word, "I want you to lose my life!"

"I want you to lose your life!" Chen Feng shouted wildly again.

At this time, the Tianwu Army and the family members of the Tianwu Army who died in the battle were all infected by Chen Feng, and their faces showed crazy anger.

They shouted sternly: "Kill him, let him lose his life!"

"Kill him!"

"Kill him!"

The sound was scattered and uneven at first, but gradually became uniform.

In the end, they gathered into a huge voice: "I lose my life! I lose my life!"

The voice was huge, and the entire Tianyuan Imperial City heard clearly.

There were more and more onlookers, almost reaching hundreds of thousands. They surrounded and watched this scene silently, and they were all shocked.

Everyone looked at Chen Feng with a look of awe.

"This ingredient is too strong, he is really fierce and fierce, fearless, even Prince Zhanxing he can deal with it!"

"That's right, and he actually wants to kill Prince Zhanxing. It's terrible. No one can provoke Chen Feng in the future! He is a character who can never offend!"

At the same time, in Prince Zhanxing's mansion, in the backyard of the deep house, a woman in her 30s and wearing a gorgeous palace attire suddenly stood up.

She opened her eyes round, with a look of disbelief on her face, and said, "What? You said, Chen Feng caught His Royal Highness, and Chen Feng said he would kill His Highness?"

"Yes!" The maid in front of her was trembling with fright, but she was able to hold her emotions anyway, and said the whole thing in general.

This woman is the Princess Zhanxing.

She is also from a big family and has experienced a lot of storms since she was a child. At this time, she can still feel stable.

She took a deep breath, with a look of despair in her eyes, and said: "The prince is surrounded by masters, and they have not been able to protect the prince, let alone me."

"There is only one person who can save the prince now, and that is..."

She gently spit out four words: "Your Majesty the Emperor!"

With that said, she didn't hesitate, and strode out directly, called a group of guards to guard her, and hurried towards the palace.

And when he arrived at the palace, His Majesty the Emperor was looking at the location of Prince Zhanxing's mansion, standing in front of the hall, silent.

When Princess Zhanxing came to him, she didn't say a word, but knelt to the ground with a bang, kowtow repeatedly.

She worked so hard, every time she knocked her head, her forehead was red.

In a blink of an eye, his face was already covered with blood, and he looked terrifying.

His Majesty the Emperor sighed and said, "I already know what happened to Zhan Xing."

He let out a foul breath, a helpless expression appeared on his face, and said, "Zhan Xing has big interests in the Southern Wilderness. I have always known about it, but I haven't been very concerned."

"After all, he is the son of the heavenly family, after all, he is my second brother, and doing these things can still be tolerated."

"But this time, he was too much."

With a touch of anger on his face, he clenched his fist and said: "The Tianwu Army is fighting the country's rebellion, and the 1.7 million army has gone to the Southern Wilderness, and has repeatedly made battles. Everyone has made great contributions.

"As a result, it was because of his calculations that nearly the entire army was wiped out, and the 1.6 million army was buried in the battlefield!"

"Chen Feng is going to the door now, who can save him?"

The prince kowtowed her head there, but when she heard the emperor's words, her eyes suddenly lit up.

She heard something from the emperor's words. He clearly said that if Chen Feng did not pursue this matter, then he did not intend to expose it.

Obviously, if Chen Feng didn't kill the Prince's Mansion, then even though the emperor knew the inside story, it would probably be the case.

She immediately understood the emperor's thoughts. The emperor was a soft-hearted person who valued the affection of his brothers. At this time, he must have not made up his mind to kill Prince Zhanxing.

Princess Zhanxing immediately raised her head, looked at His Majesty the Emperor, and said with a trembling voice: "Your Majesty, he is at fault, but he is not dead!"

"Moreover, you just let Chen Feng kill him. What was the face of the family that day?"

His Majesty's complexion suddenly changed, and the princess was happy.

The emperor's majesty, on the one hand, is soft-hearted, easy to be moved by others, and on the other hand is good face.

Seeing his emotional changes, he obviously succeeded in doing so.

His Majesty the Emperor took a deep breath, and then slowly said: "Tongtian, you come in."

"Yes!" There was a voice outside, and then a valiant young man in his 30s strode in.

His shoulders are wide, his waist is thin and his legs are long. He looks extremely heroic, and his body is full of explosive power.

However, there is a touch of arrogance on his face, which makes people look a little uncomfortable.

This person is the third son of His Majesty the Emperor, and he was named Prince Tongtian!

His Majesty the Emperor looked at him, splashed a little ink, wrote an imperial decree, and threw it to him, saying: "Now go to your uncle's house and tell Chen Feng that Prince Zhanxing is the prince."

[Chapter 2370: If you don't roll, you will die!](#)

"Even if he is guilty, he must be convicted after the trial. You cannot let him kill and let him hand over Prince Zhanxing."

"Baby obey!" Prince Tongtian said loudly.

There was a look of excitement on his face: "My child has long seen Chen Feng displeased. What kind of thing is he, but he is from a pariah. How can my uncle be able to move?"

His views represent the views of most of the royal family, that is, Chen Feng did this too much.

They only valued the lives of Prince Zhanxing, but they did not consider the lives of the 1.6 million soldiers killed in the Tianwu Army at all, and they completely ignored them selectively.

His Majesty the emperor immediately sank, and said coldly: "Hurry up and pass the decree, what nonsense!"

Prince Tongtian shrank his neck and hurriedly bowed and said: "Yes, my child obeyed!"

It's just that, even though he agreed, he still had some disapproval in his heart.

He looked down on Chen Fengfeng at all, he felt that Chen Feng's doing so was simply looking for death.

But the father only asked him to dissuade Chen Feng, which already gave Chen Fengfeng a lot of face. According to his idea, Chen Feng should be killed directly.

He dared to provoke the royal family. Damn it!

He excitedly took the imperial decree to the Prince Zhanxing Mansion, and when he came to the front of the Prince Zhanxing Mansion, he happened to see the scene where Chen Feng lifted the Prince Zhanxing high.

In the rush of sound, the word 'compensation for life' became clearer and clearer.

"Loss your life! Loss your life!"

His eyes were cold, and he roared sharply: "You untouchables, what are you doing here? Get out of here, do you want to rebel?"

He relentlessly yelled.

Everyone's voices suddenly became low, looking at him, and seeing the luxurious clothes on his body and the jade-tan purple guards surrounded by his body, many people's faces showed fear. Recognized his identity.

"This person is definitely a member of the royal family, and his status is quite high!"

Seeing the fear on everyone's faces, he was extremely proud, walked forward, stared at Chen Feng, and said in a commanding tone:

"Chen Feng, let go of my uncle quickly, and then kneel on the ground to lead the crime!"

Chen Feng frowned and looked at him, wondering if this person was crazy: "Who are you?"

"Who am I? I am Prince Tongtian! The third son of your Majesty today!" Prince Tongtian said arrogantly.

"Prince Tongtian?" Chen Feng raised his eyebrows. He had probably heard of the name, but he didn't know what this person was doing here.

He stared at Prince Tongtian and said, "What are you doing here?"

Prince Tongtian was about to speak, Chen Feng had already smiled slightly and said: "I would like to advise you to understand before speaking."

"After some words are spoken, the consequences are still very serious."

When Prince Tongtian heard these words, he felt Chen Feng's cold, knife-like gaze, and he shivered suddenly.

The threat in Chen Feng's words came upon his face!

When he saw Prince Tongtian, Prince Zhanxing showed a touch of ecstasy on his face, and shouted: "Nephew Tongtian, save me!"

"Help me, this little boy is going to kill me!"

Chen Feng sneered at the corner of his mouth, shaking his right hand.

Suddenly, an incomparable force surged out, directly shook Prince Zhanxing into blood.

Prince Tongtian took a deep breath and drove out the fear of Chen Feng.

He stared at Chen Feng, shook the imperial decree in his hand, and shouted loudly: "Chen Fengfeng, on the order of your majesty, order you to let go of my uncle. Today, don't hurt my uncle!"

"Oh? Really?" Chen Feng suddenly smiled and said, "Where is the imperial edict? Show it to me."

Prince Tongtian snorted and threw the imperial decree over.

After Chen Feng glanced at it, his face suddenly changed, and the force of his left palm rushed out, directly shattering the imperial edict.

Prince Tongtian was shocked when he saw this and screamed: "What are you doing? Do you want to rebel?"

Before he finished speaking, Chen Feng already let out a roar with a more violent voice: "Who are you? How dare you to forge the imperial edict? You are really looking for death!"

Prince Tongtian was immediately stupid, staying there, dumbfounded and wondering what to say.

Chen Feng said coldly: "It was this **** dog thing that killed the 1.6 million army of my Tianwu Army. The evidence is solid, and he himself admitted it!"

"And you, actually said that the emperor's imperial decree came to rescue him? The emperor's wise and martial arts, are these people who do not know right from wrong and do not distinguish black and white?"

"This imperial edict must be forged by you!"

As he said, Chen Feng shouted violently, pointed his finger to the distance, and coldly spit out a word: "Get out!"

"What? You let me go?" Prince Tongtian was full of disbelief!

Chen Feng didn't speak, but just rose up from the sky overwhelmingly and pressed down against him fiercely.

Chen Feng didn't even move his hands, but when this momentum was suppressed, he suppressed Prince Tongtian two steps back, spouting a mouthful of blood.

"Fuck or not?" Chen Feng stared at him with an extremely cold voice, and said word by word: "If you don't get out, I will kill you!"

"If you don't roll, you will die!"

Seeing Chen Feng's gaze and feeling murderous, Prince Tongtian was finally frightened.

He felt fear gushing from his heart like a tide, overwhelming and endless.

In an instant, she rushed away without a trace of her imposing tyranny.

There is only fear in his heart at this time!

He realized that Chen Feng really dared to kill him, and that Chen Feng really had the ability to kill him.

He stared at Chen Feng, still pretending on his face, and said, "Okay, Chen Feng, you are cruel! You wait for me!"

After letting go of this cruel remark, he didn't dare to wait for a moment, and left in a desperate manner.

Everyone around was in an uproar: "Chen Feng is too powerful!" *novelupdate.com*

"Yes, he is too tyrannical. With just a word, he will scare away the Prince Tongtian who has always been arrogant and domineering, who is not in the eyes of anyone!"

"Haha, this Prince Tongtian is really embarrassing. He was so ruthless just now. Now when Chen Feng is angry and serious, he immediately persuaded him!"

"No way, Chen Feng is so strong, who dares not dare to persuade him?"

Chen Feng turned his gaze to Prince Zhan Xing and smiled slightly: "Now, it's time to take care of you."

There was a look of fear in Prince Zhanxing's eyes, and then it turned into despair.

He seemed to realize what was the same, and yelled frantically, begging for mercy again and again: "Forgive me, Chen Feng, don't kill me!"

"Please, don't kill me!"

Chen Feng laughed loudly: "When you counted the soldiers of my Celestial Warrior, did you ever want to beg for mercy?"

"When you want to kill the innocent, have you ever thought of begging for mercy?"
