

Peerless 2391

[Chapter 2391: Soul Power: Death Gaze!](#)

Chen Feng laughed loudly, did not live up to Yaoyao's expectations, reached out and touched her little head, and praised: "Yaoyao is awesome."

Yaoyao was immediately as happy as something, her smile on her face became even brighter.

Then, Chen Feng asked: "Yaoyao, how many hours have I been in a coma?"

Yaoyao said: "It's been five hours."

"You didn't tell anyone, did you?"

"Of course not." Yaoyao wrinkled her nose and said, "I'm not stupid. If news of your eldest brother's injury comes out at this time, it will definitely cause chaos."

"Yaoyao is really smart." Chen Feng praised him again.

Chen Feng stood up and moved a bit, looking at the medicinal materials on his body, he couldn't help but be surprised.

Yaoyao said triumphantly: "That's me, after all, my grandfather is a great witch doctor. He taught me so many things since I was a kid."

"If you change someone, you can't be cured so quickly."

Chen Feng laughed and moved a lot, feeling that his body was about 30% better.

In the next few days, Chen Feng was raised in the camp, and the five million army did not take any action, but continued to besiege the Blackwater Black Snake Tribe.

The people in the Black Water Profound Snake Tribe are panicking, Yue Chan and others are speculating about Chen Feng's purpose every day, but they don't know that Chen Feng has no purpose, he just wants to heal his wounds.

One month later, Chen Feng's injury finally recovered six to seventy percent, thanks to Yaoyao, who ordered a large amount of herbs to Chen Feng for treatment every day.

Otherwise, using Chen Feng's own ability to recover, at least one and a half years of recovery, and there will definitely be many hidden injuries.

A month later, Chen Feng, who was fully recovered, immediately took the killing knife to the deep mountains of the Southern Wilderness, looking for various powerful monsters to fight with.

After staying inside for ten days, Chen Feng came out.

He was covered with scars.

On his murder knife, the light was as bright as new, without a drop of blood.

However, in the mountain behind him, many monsters have already died under his hands.

Chen Feng finally tested out the scope of the killing knife's ability.

After a slash, that mental attack was enough to make all opponents of the five-star Wuhuang level stagnate for an instant.

This is a great help to Chen Feng.

You know, Chen Feng's current strength is just equivalent to just entering the realm of the Five-Star Martial Emperor, not even the early stage of the Five-Star Martial Emperor.

In the early days of a five-star Wuhuang Emperor, Chen Feng was no match.

In the middle stage of the Five-Star Martial Emperor, Chen Feng could be easily defeated.

As for the five-star Wuhuang pinnacle, Chen Feng can be killed with just a gesture.

Therefore, this ability is extremely important to Chen Feng!

And just like the **** sword soul, when the mental attack on Chen Feng's murder knife was launched, there would also be two red lights flashing.

For the new powerful ability of Murder Knife, Chen Feng named it: Death Gaze!

However, at this time, Chen Feng still had doubts in his mind, and the words that the ancient tower said before his death flashed in his mind: "Build...build..."

"What does he want to say?" Chen Feng frowned, puzzled.

But Chen Feng was sure that this word must have something to do with the treasure house of the Southern Wilderness!

If Chen Feng couldn't figure it out, he didn't think about it. This kind of thing would naturally be known then.

When Chen Feng returned from the mountains with a killing knife in his hand, he finally decided to attack the Black Water Black Snake Tribe.

Chen Feng gave an order, and the five million army was immediately transported at an extremely fast speed.

These soldiers are already full of expectations, they are looking forward to attacking the Blackwater Black Snake Tribe every day.

Now Chen Feng finally spoke, and their emotions were immediately mobilized.

Suddenly, the entire camp began to operate, and a large army slowly walked out of the camp, came to the front of the Blackwater Black Snake Tribe, and began to discharge the array.

In the Black Water Profound Snake Tribe, Yue Chan was walking around in the hall, his face was full of anxiety.

By her side, there are dead leaves that can't leave.

Yuechan clapped her palms, her expression on her face was extremely anxious: "Why don't you attack? Why don't you attack? What exactly does Chen Feng want to do? Does he want to play us?"

"Is he trying to trap us alive? What does he want to do?"

The more she said, the more hostility on her face, and in the end, it turned into a cold and stern roar: "Chen Feng, you should attack quickly! You attack quickly! Don't torture me anymore!"

She was almost driven crazy by Chen Feng.

Chen Feng has been besieging outside for more than a month, but in this month's time, let alone an attack, he didn't even provoke a provocation. It seems that they are completely transparent people, and they don't exist.

This is extremely contempt for them, and Yue Chan is even more in it, feeling anxious day by day.

Chen Feng didn't fight, she escaped without reason, but she knew she was definitely not a rival.

This feeling of waiting for death made her suffer.

Dead Leaf also looked anxious, but she was still patient to persuade Yuechan.

Yuechan looked at him with a touch of emotion flashing in his eyes, and said softly: "Withered leaves, now it's only you who are sincere to our mothers."

Dead Leaf was about to speak, and suddenly at this moment, there were shouts from outside.

There was a deep sense of fear in the shout.

At the beginning, the shouts were just a few people, and then there were dozens, thousands...hundreds of thousands, and in the end, it was an exclamation shout that spread to a mountain of tsunami.

At last they gathered into one sentence: "They are here! They are here!"

"What? They finally called?" Yuechan stood up suddenly.

She waited every day and was suffering, but when Chen Feng really hit, her face still showed unconcealed fear.

She immediately went to the door of the hall and looked out.

This hall, located on the sacred mountain, is the highest area of the entire Heishui Black Snake Tribe.

From here, you can see clearly.

I saw that outside the city wall, the five million Yuan Dynasty troops lined up and opened, and the purple golden divine power bows opened one after another.

Just as Yuechan had just arrived at the entrance of the main hall, the sound of countless bowstring vibrations suddenly sounded, converging into a huge tremor.

Then, a purple-gold black cloud was pressed down between the Blackwater Profound Snake Tribe, and slammed on the wall of the Blackwater Profound Snake Tribe.

There are millions of soldiers guarding the city wall of the Black Water Black Snake Tribe.

They all launched defenses one by one, but they had no effect at all.

The millions of soldiers above the city wall, together with the towering city wall, were directly crushed by this golden dark cloud with a bang

[Chapter 2392: vicious](#)

The soldiers above didn't even have time to scream, they were directly broken into pieces!

In an instant, blood mixed with stones and flew around.

The blood even splashed the black water mysterious snake tribe guarding behind the city wall all over the face, like a rain of blood spilling down, making them instantly terrified!

Standing in front of the hall, Yuechan took a deep breath, and slightly suppressed the fear in her heart.

Then, according to the wording she had thought of earlier, she sternly shouted: "Go down and lead the army, start guarding, and close the gap!"

"Even if everyone is dead, you can't let him in. Have you heard clearly?"

"Yes!" In front of the hall, dozens of generals were standing there.

These dozens of generals, each of them at the level of ten million captains and million captains, are very powerful, and each has a large number of elite soldiers!

After Yuechan gave the order, they all shouted out loudly and should take their orders.

But among them, there are quite a few people with unpredictable eyes.

They were also instructed to listen, but they looked at each other, and there was a strange color in their eyes!

Most people follow orders out of habit.

After they left, Yuechan held the empress in her arms and didn't even look at it. She turned around and hurried into the hall, with the dead leaves close behind.

The three of them entered the hall directly, and then walked around behind the hall.

Behind the main hall is a partial hall, and Yuechan pressed several organs. *NovEiusb.coM*

Then, the floor tiles on the ground surged, and a deep hole appeared in an instant. The deep hole was only about ten meters in radius, and a step coiled down to the inside.

There is no light inside, so deep, I don't know where to lead!

Yuechan said in a faint voice: "This secret passage was excavated by Her Majesty the first Queen of the Black Water Profound Snake Tribe, just for fear that future generations will not be filial and will have poor strength.

"In this situation now, there is also a chance to escape."

There was a miserable look on her face: "There have been so many black water mysterious snake tribe queens in the past, and no one has used this channel for hundreds of thousands of years."

"And now, I actually want to use it, it's really unfilial to my descendants!"

Withered Ye's expression was distressed, and he didn't know what to persuade. He wanted to say something that would make a comeback, but thinking about it, he knew it was impossible.

For the rest of their lives, they may have to take refuge under the protection of the heaven and earth guards.

Thinking of this, she was also gloomy.

"However, I believe that my daughter will definitely collect this debt today!" Yuechan gritted her teeth and said, "After my daughter grows up, the Black Water Black Snake Queen will let them see what is truly powerful. !"

With that said, she turned her head and glanced at the promised Black Water Black Snake Tribe, thinking of her luxurious life during this period, and the feeling of being above 10,000 people, she was full of reluctance.

But no matter how reluctant to give up, it can only be buried in my heart.

She turned around, gritted her teeth and walked into the tunnel.

And at this moment, suddenly, several tyrannical forces attacked her and the dead leaves and the empress fiercely.

These forces were very powerful, and they suddenly broke out in an instant, and they had no defense at all.

A total of three offensives came, attacking the three of them separately.

The dead leaf screamed, and the long knife in his hand was unsheathed, breaking that strength directly.

At this moment, Yuechan twisted her body, blocking her daughter in her arms, and used her body to forcibly receive two powers.

As a result, she was severely injured directly by the beating, with a scream, blood spurted out, and her body fell heavily!

When they saw the three attacked clearly, they all let out an exclamation.

Yuechan sternly shouted: "It's so big, it's you, are you going to commit trouble?"

It turned out that the three who attacked him were the three most powerful captains in the army, and she was all familiar with it!

Among the three ten million captains, the leader is Chu Tianba!

There was a look of disdain on his face, and he grinned and said, "Is committing trouble?"

"What are you guys? It's just a few dogs in the water. I've come to kill your dogs. How can I be called into trouble?"

Dead Leaf shouted sharply: "Chu Tianba, you dare to betray Her Majesty the Queen?"

Chu Tianba said coldly: "It's not that I betrayed her, but she betrayed us. She dragged the entire Blackwater Black Snake Tribe to bury her!"

"Now that the soldiers of the Tianyuan Dynasty are under pressure, no one can escape under the collapse of the city. You are willing to accompany her to death, we are not willing!"

Dead Leaf said coldly: "When the army was victorious, you didn't say that."

"Yes, she has brought endless wealth to the tribe, but now it is different from before. We would support her when she brought wealth before, and now she can only bring us disaster!"

"So..."

He paused, and then screamed: "Go and die!"

Chu Tianba forced him up and sneered: "Don't worry, I will cut off your heads and bring them to Chen Feng."

"With this, I will be able to save my life as a fame, and after he destroys the Blackwater Profound Snake Tribe, it is impossible to kill so many people in the Blackwater Profound Snake Tribe, right?"

He laughed, his eyes full of greed and ambition: "At that time, I, the first person to take refuge in him, will definitely become the new owner of the Blackwater Black Snake Tribe!"

He was extremely proud, as if he had already seen the scene where he came to the Blackwater Black Snake Tribe!

"With me, you can never kill your Highness and Your Majesty!" Dead Leaf gritted his teeth and said.

She is the daughter of Elder Witherwood, with a very high level of cultivation, and these three people combined can only surpass her.

If she desperately intercepted, the three of them might not be able to easily kill the empress and Yuechan!

Chu Tianba and the other two looked at each other, and then slowly forced them forward.

And at this moment, Yuechan's eyes suddenly flashed a very cold and sly color, she gritted her teeth, her eyes were a little struggling, but the movement of her hands did not stop at all.

A palm blasted out, directly behind the dead leaves.

Dead Leaf didn't even think that she would sneak attack on herself, so she let out a scream, and flew out, the empty door opened wide, and at the same time she attacked the Chu Tianba trio.

The three of Chu Tianba were all overjoyed. They didn't expect that there would be such a good opportunity. The three of them tried their best, and they all hit the dead leaves.

At this time, Dead Leaf instinctively began to defend, and instantly smashed into a ball with the three of them.

At this time, Yue Chan, holding the little baby girl in her arms, walked into the passage at the fastest speed, and disappeared in a blink of an eye.

[Chapter 2393: submission](#)

Withered Ye had a huge shock in her heart, a huge surprise, and instantly turned into a huge sadness and anger. She howled bitterly: "Why? Why do you treat me this way?"

The strong woman's eyes were already full of tears at this time.

She did not expect that she would be betrayed by her most loyal person!

Yue Cicada's attack directly caused Dead Leaf's strength to be greatly lost, and it was not the opponent of those three people.

In an instant, she was directly severely injured.

Then Chu Tianba swung a knife, and her head was cut off by Chu Tianba.

However, this also made her have to entangle with Chu Tianba and others, and gave Yuechan plenty of time to escape.

Yuechan ran wildly in the dark passage, and a voice echoed in her heart: "Dead leaf, don't blame me, I have to sacrifice you in order to save myself and my daughter."

She gritted her teeth and whispered: "Aren't you loyal to me? Then use your life to win me a ray of life!"

There was no guilt in her eyes.

She was actually so vicious.

When she came to the middle of the passage, she moved a few organs on the wall and brushed it. The middle of the passage split directly, and she and the baby in her arms fell directly.

Then, the ground closed again and turned into a passage, leaving no trace.

After about a cup of tea time, Chu Tianba and the others chased it from here, but they didn't notice the slightest strangeness.

About half an hour later, the three of them chased the exit of this passage.

This is a very remote and hidden valley. There are countless vines and weeds at the entrance of the passage, and most people can't find it here.

After they came here, they looked around, but there was no trace of Yuechan at all.

It can even be said that there is no trace of people coming here.

Chu Tianba moved his gaze and shouted sharply: "His mother, he was tricked by that lady, he must have ran away from another place!"

He gritted his teeth and said, "Let's stop chasing, and we won't be able to catch up. Let's go back now!"

"Otherwise, the credit for the first surrender will go to someone else."

"Good!" The other two tens of thousands of captains all headed by him, nodding their heads, and the three of them walked back quickly.

And when they returned to the Black Water Black Snake Tribe, the Tianyuan Dynasty army had already killed them.

The army of the Blackwater Black Snake Tribe retreated steadily, and the three of them hurriedly flew forward.

Suddenly, countless purple gold divine power bows aimed at them.

Chu Tianba shouted: "Don't do it, we are here to surrender, please don't do it!"

Chen Feng was about to call for an order to release an arrow, but now he raised his eyebrows, and an expression of interest appeared at the corner of his mouth.

He said to Yaoyao next to him: "We won."

Now that there is the first one to surrender, there will only be more and more behind.

Chen Feng waved his hand and said, "Let them come."

He was not afraid, even if these three people came to him and wanted to assassinate him, Chen Feng could kill them clean with one hand.

Chen Feng can see the strength of these three people very clearly, but it is only from the peak of the three-star martial emperor to the beginning of the four-star martial emperor.

The three came to Chen Feng and knelt down very respectfully.

Then, Chu Tianba raised a dark thing in his hand high, and said loudly, "I am Chu Tianba, the tens of thousands chief of the Black Water Profound Snake Tribe, and I have seen Master Chen Feng."

"Our Heishui Profound Snake tribe was deceived by the little lady Yuechan, and even dared to offend the Tianyuan Dynasty. It is really worthy of the crime to be in such a situation."

"It's just that, I waited for the three people. I couldn't bear to see the tribe beings smashed. So we attacked Yuechan and others together. Unfortunately, Yuechan and her daughter still escaped, but we also killed the dead leaves that were loyal to her. "

With that, he raised the head even higher.

Chen Feng glanced at it and nodded. The three of them were considered to have presented their names.

As for Yue Chan's trail, Chen Feng is of course very concerned, but it is not time to track it.

He said in a deep voice, "The three of you are doing very well. In this way, you can inform the Blackwater Profound Snake Tribe and let them put down their resistance. I will naturally have benefits for you when that happens."

The three Chu Tianba were all overjoyed when they heard it. Didn't they do this just for Chen Feng's words?

And almost at the same moment, under a cliff thousands of miles away from the Blackwater Black Snake Tribe.

It's very remote and desolate, you can't even see people.

There is a waterfall flowing down the cliff into a small mountain stream.

Beside the mountain stream, the big rock is rugged.

Suddenly, one of the stones was pushed away, and Yuechan got out of it in embarrassment. She let out a long suffocating breath: "Finally see the sky again."

She said to the little girl in her arms: "Good girl, don't be afraid, mother will take you to the tomb guardian of the emperor."

"With her protection, we will be safe and sound!"

The little girl yelled and hugged her tightly.

Yuechan debated the direction, and then hurried to the south.

The Tianyuan Dynasty was originally at the southern end of the entire Dragon Vein Continent, and the Southern Wilderness was on the southern edge of the Tian Yuan Dynasty, almost close to the southern edge of the Dragon Vein Continent.

At this moment, she is heading further south, is she going to the southern horizon?

The Chu Tianba tribe fled towards the army of the Black Water Profound Snake Tribe.

Under their loud scolding, the army of these Black Water Profound Snake Tribes put down their weapons one after another, fell to the ground, and expressed surrender to Chen Feng.

It took almost a few hours before all the troops of the Black Water Black Snake Tribe returned.

Chen Feng nodded in satisfaction. He cast his eyes on Yang Xuan and said with a smile: "Elder Yang, you are all high-level powerhouses of the White Elephant Tribe. Naturally, you have experience in commanding the people."

"Now, the Black Water Profound Snake Tribe is left to you, and how you want to clean them up is your business."

"Anyway, I will try my best to support the White Elephant Tribe in the future. If you want the White Elephant Tribe to always become the largest clan in the Southern Wilderness, then you should weaken the Black Water Profound Snake Tribe as much as possible."

"I don't care about this, you will do it!"

Yang Xuan and the others were full of excitement, and they finally waited for the opportunity to dismember the Black Water Black Snake Tribe with their own hands.

They all nodded and said, "My lord, don't worry, we know what to do!"

Chen Feng nodded slightly, as he was about to speak, suddenly a strong heart palpitations surged into his heart.

At this moment, Chen Feng felt that his heart was about to be crushed, and the pain made him unable to breathe.

He tilted his body and almost fell to the ground.

Chen Feng was shocked, what was going on.

But he had no time to investigate the cause, he could barely maintain his figure, and then winked at Yaoyao.

[Chapter 2394: Only two years left](#)

Yaoyao was very clever, and immediately the gap became anomalous, giving orders on behalf of Chen Feng.

She led the army directly to the hall of the holy mountain. The army swept the holy mountain and made sure that there were no strangers hidden inside, and then Chen Feng directly entered here.

As soon as he entered the hall and left the sight of others, Chen Feng suddenly felt that the world was spinning, his body softened and he fell to the ground.

Chen Feng fell heavily to the ground. At this moment, he felt the vitality in his body drain outwards at an extremely fast speed.

It was as if to pour out all his vitality.

This feeling gave Chen Feng a strong fear in his heart, because at this moment, he had that feeling: "Am I going to die? Am I going to die now?"

This feeling lasted for a long time before stopping.

In the process, Chen Feng suffered to the extreme.

Finally, this feeling suddenly disappeared, and Chen Feng completely returned to normal.

He stood up again.

Chen Feng felt that at this time his strength was not affected in any way, and there was no injury on his body.

He moved his hands and feet, and he felt no different from before, as if the previous one was just an illusion.

Chen Feng was puzzled: "What's the matter?"

And at this moment, Yaoyao suddenly looked at Chen Feng and exclaimed: "Big Brother, you, you..."

She stepped back, a look of fear on her face.

Chen Feng suddenly felt something in his heart, he suddenly thought of an extremely terrifying possibility, and with a wave of his hand, a water mirror appeared in front of him, reflecting Chen Feng's face.

The next moment, Chen Feng trembled heavily.

It turned out that Chen Feng in the mirror at this time seemed to be much older all of a sudden.

He was covered with black hair, and it was already white.

Chen Feng was silent for a moment. Yaoyao reacted at this moment. She looked at Chen Feng and exclaimed: "Big brother, what's the matter with you? What have you experienced? Why is it so suddenly?"

Chen Feng showed a bitterness at the corner of his mouth and said softly, "I know what's going on."

There was an expression of extreme hatred in his eyes, and he slowly spit out three words: "Clouds break the sky!"

Then, Chen Feng slammed his fist to the ground and shouted sharply: "Yun Potian, you made me like this!"

It turned out that five years ago, Chen Feng was caught by Yun Potian into the cave. He suffered a lot of pain, his body was greatly eroded, and most of his vitality was lost.

At that time, Liu Chengyi and the old madman told him that Chen Feng had only five years of life left.

After three years, Chen Feng even forgot about this incident.

But now, this most real pain and weakness made Chen Feng immediately awaken the memory of Chen Feng!

Five years ago, he had three years of life.

There was a hint of sorrow on Chen Feng's face: "I now have only two years of life left."

At the beginning, Liu Chengyi and the old madman told Chen Feng the cure, that is, find the Tengshe Neidan and swallow it!

Chen Feng's gaze was extremely firm: "Within two years, I must find Teng Snake! I must get a Teng Snake inner pill!"

He asked Yaoyao: "Yaoyao, have you ever heard of Teng Snake?"

"Teng snake?" Yaoyao twisted her nose for a long time, shook her head and said, "I'm sorry, big brother, I really haven't heard of it."

Chen Feng rubbed her head and said with a smile: "How can I blame you?"

Yaoyao said: "I'll just give orders to let people who know the news of the snakes come and report. We have many monsters in the South Desolate, so I can definitely help you find your big brother."

Chen Feng smiled with satisfaction.

On the sacred mountain, five million troops have set up large camps around this place. Obviously, they are still very worried about the Blackwater Black Snake Tribe, at least until the renovation is completed.

In the next few days, Chen Feng didn't do anything, just practiced safely here.

The senior officials of the White Elephant Tribe have dismembered the Black Water Black Snake Tribe.

All the strong men and women in the Black Water Profound Snake Tribe were selected, and a full 50% of them were turned into their own by the White Elephant Tribe.

The remaining 30% is distributed to other small tribes attached to the White Elephant tribe.

However, none of the medium and large tribes that are second only to the Black Water Black Snake and White Elephant tribe have been classified!

Chen Feng saw all this in his eyes and nodded slightly in his heart.

This Yang Xuan is really a veteran method. He clearly wanted to weaken the Black Water Black Snake Tribe, greatly strengthen the White Elephant Tribe, and slightly strengthen the small tribes.

As a result, the small tribe becomes bigger, but the medium and large tribes will not have any strength to grow, while the white elephant tribe is far beyond all their forces.

If the strength of the white elephant tribe is ten, they will be around one at most.

Moreover, the general strength is similar, it is difficult to annex the opponent. In this way, the emergence of a big power that can be compared with the White Elephant Tribe can be avoided.

The Blackwater Black Snake Tribe suffered the most, but they did not dare to complain.

One month later, everything was rectified.

The Blackwater Black Snake Tribe has absolutely no ability to threaten the White Elephant Tribe!

A month later, the overall situation is set.

Chen Feng appointed Chu Tianba as the patriarch of the Black Water Profound Snake Tribe, but at the same time, he named another ten ten million princes as elders.

And the two tens of thousands of princes who surrendered with Chu Tianba were named the first elder and second elder!

Before that, the two of them had no ambitions, and both were dominated by Chu Tianba.

But when they took control of power, a heart began to move around.

Before Chen Feng had left, the first elder and the second elder had already begun to join forces against Chu Tianba, and the remaining elders also had their own power. *Novelusb.com*

In this way, the Black Water Profound Snake Tribe quickly fell into an infighting, and it was no longer able to expand outward and fight other tribes' ideas!

Chen Feng has been here for two full months, and he hasn't even gone to look for the moon cicada.

Because there is one more important thing waiting for Chen Feng to do.

This night, the moon was black and the wind was high, and dark clouds were everywhere.

Suddenly, there was a blast of thunder, and there was heavy rain pouring down in the sky!

In the main hall, Chen Feng looked at the rain curtain falling in the distance and sighed softly.

This heavy rain came and went, as if it were endless.

Yaoyao whispered beside him: "The rainy season is here."

The Southern Famine is in the rainy season for six full months of the year, and the rain is continuous every day.

"Yeah, the rainy season has arrived, and now is also the time."

At the same time, on this holy mountain, in another palace.

[Chapter 2395: The fish is hooked](#)

A person also stood at the window, looking at the rain curtain outside, with an expression of excitement on his face.

"During the rainy season, let the snake come out!"

"Now, it's time for me to finish my plan!"

As he said, his figure flashed slightly, and he left here directly, quietly scattered into the endless rain curtain, without showing a trace!

And if there are other people here, they will be very shocked.

Because the figure that flashed out was Ta Tamu.

And the speed and strength that Tatamu showed at this time is far more than what he usually shows!

He melted into the rain curtain like a black shadow, and disappeared instantly.

He thought that no one had noticed him, but he did not know that at this moment, above the hall, Chen Feng's eyes had been moving with his figure.

Then, Chen Feng smiled slightly to Yaoyao and said, "The fish has taken the bait, and it's time to close the line!"

Yaoyao pursed her mouth and smiled, and suddenly stretched out her hand, a long robe appeared in her hand.

This robe is extremely weird, it seems to be made of a special kind of silk woven, the whole body is shining with bursts of bright fluorescence, it looks quite magnificent, obviously the material is extraordinary.

However, what does not match the material is its workmanship.

The whole structure is extremely rough, just like a fishnet hastily refitted, with a faint smell of medicine coming from it.

Chen Feng raised his brows and asked: "What is this?"

Yaoyao smiled: "Big brother, you have been sending people to stare at him these days, I guess you want to follow him, right?"

Chen Feng was taken aback for a moment, then laughed, rubbed Yaoyao's head, and said, "My Yaoyao is really smart."

Yaoyao smiled even more proudly: "I know you want to track him down, so I made this dress for you."

Speaking of this, she was a little embarrassed on her face, scratched her head, and said: "People have never made clothes before, and they are a little rough. Don't dislike it.

"But well." She quickly changed the subject, stopped talking about the manual work that made herself blush, and said: "This material is extremely rare. You look like some kind of silk, but in fact it is a kind of silk. The sap of this plant is solidified."

"This juice is called Longevity Flower."

"Oh, longevity flower?" Chen Feng raised his eyebrows: "This name is powerful enough. This flower has a long lifespan!"

Yaoyao explained: "Longevity flower is a special product of the Southern Wilderness, and it is extremely rare. Only some 9th-rank witch doctors know it."

"Moreover, even if they know, they are not familiar with the fragrance and habits of this flower. Only my grandfather can make this flower proficiently."

"My grandpa also left me some sap of longevity flowers. The reason why this longevity flower is called longevity flower is not because it is really immortal, but because the sap of this flower secretes a floral fragrance."

"This kind of floral scent clearly has a smell, but people who smell it will not feel it."

This is a mouthful, but Chen Feng can understand.

Yaoyao continued: "But after this smell is smelled, it will give people a slight hallucination and will turn a blind eye to this flower."

"Therefore, this kind of flower is almost impossible to find, and it can keep alive."

Chen Feng was completely shocked this time, there is such a miraculous plant?

He suddenly moved in his heart and said: "Then what do you mean is this longevity suit?"

"Yes."

Yaoyao said, "After putting on this dress, the scent will still diffuse. After the person you are following smells the scent, even if you walk within two or three steps behind him, he will not be able to notice it. "

Chen Feng was pleasantly surprised, rubbed her head, and said, "Yaoyao, thank you so much. This is very useful for me."

Yaoyao said, "I'm very happy to be able to help your big brother!"

Chen Feng said a few more words to him, and then left quickly, but he didn't immediately wear the longevity dress, because the dress was time-effective.

The scent won't last long, probably only for three hours. Chen Feng doesn't know how long he will track Tatamu, he still doesn't want to waste it.

Just wait for more critical time to wear it!

Like the fishing line, Chen Feng chased the fish that had already taken the bait at an extremely fast speed.

Tatamu shuttled among the Black Water Profound Snake Tribe, then left the place and headed south.

Soon, he entered the endless jungle of the Southern Wilderness.

The heavy rain was pouring down, heavy rain outside the jungle, light rain in the jungle, and the paths that could still be seen before have completely turned into small streams at this time.

And soon, as the rain became stronger and stronger, the entire jungle seemed to be soaked in a big quagmire.

However, Tatamu didn't fall to the ground at all, just shuttled between the trees, with agile figure and extremely fast speed.

Chen Feng followed behind, maintaining a certain distance.

Ta Tamu did hide his strength, but even if he did not hide his strength, he was far inferior to Chen Feng.

Chen Feng surpassed him by at least two major ranks, but even so, Chen Feng was nothing more than enough to catch him.

Not only because Tatamu cultivated a very weird footwork, which was extremely fast, but also because of Chen Feng himself.

Chen Feng followed, with a wry smile at the corner of his mouth, and said softly: "We must find a fast enough footwork type martial art to practice. My speed is too slow, I almost can't catch him this time."

"Everything was planned so perfectly before, and this time if the last step is not completed because of my speed, then I will laugh at myself."

The heavy rain was getting bigger and bigger, and countless flash floods broke out, and the creeks also turned into big rivers.

A few days later, the entire Southern Wilderness was almost turned into a water village Zeguo!

Tatamu was still running wildly, and in these five days, he hardly stopped once, and even Chen Feng couldn't help but sigh for his long vigor.

In five days, the two of them had already walked out hundreds of thousands of miles, and Chen Feng had maintained a distance of several kilometers behind him.

This distance will not allow him to discover, but he can also perceive his breath!

It took another full month to go south, and Chen Feng and the others had left the Black Water Profound Snake Tribe at least tens of thousands of miles away.

The Black Snake Tribe was originally in the Southern Wilderness, and this made Chen Feng feel whether he had reached the edge of the Southern Heaven!

In the meantime, he has stepped on countless mountains, countless rivers, and even passed countless long caves, countless trails that only wild animals can walk.

If it weren't for him to lead the way, with Chen Feng himself, even if he exhausted his life, I was afraid that he would never find it here.

[Chapter 2396: Scarlet Battlefield Site](#)

But what surprised Chen Feng was that the endless forest in front of him gradually came to an end.

Plants are getting sparser and sparser, very dense from the beginning, and become very sparse later.

Later, it became desolate, with only a patch of weeds and the trees disappeared.

Later, even the weeds disappeared and turned into an endless desert Gobi.

It's just that this desert is not the yellow that Chen Feng saw, but a red, as bright red as blood.

After Chen Feng set foot on this land, he immediately frowned: "I feel an extremely fierce breath in this land, echoing above the sky!"

As soon as Chen Feng stepped on it, the ferocious aura hit him bitterly.

Chen Feng felt as if there were countless wandering souls wandering here.

Chen Feng took a deep breath, knowing that if he retaliated at this time, he would definitely alarm the Tatamu ahead.

Therefore, Chen Feng simply let go of his defenses and let those wandering souls rush into his body.

And the next moment, these wandering souls entered his spiritual world!

These wandering spirits revealed their true faces in Chen Feng's spiritual world, and Chen Feng was shocked when he saw their true faces.

These wandering souls, Chen Feng originally thought they were just ordinary souls, but he did not expect that the height of each of them reached hundreds of feet.

The muscles all over his body are knotted, one by one is extremely strong.

They look fierce, and they wear heavy silver armor!

Chen Feng's voice rumbling in the spiritual world: "What kind of race are you? Why did you die here? What happened here? Was this an ancient battlefield ever?"

It's just that those wandering souls have been dead for too much time. They only know the killing, but they don't know how to answer Chen Feng's question.

They didn't make any response, they just rushed towards the transparent divine light.

Chen Feng shook his head, and the transparent divine light burst out, smashing several of them directly, turning them into the most original spiritual power.

But after the transparent divine light was swallowed, the strength increased greatly, and it directly grew thirty feet longer.

Every wandering soul can add ten feet to him!***noVellusb.com***

Chen Feng couldn't help but raised his eyebrows: "The power of these wandering souls is really very powerful, thousands of times stronger than ordinary wandering souls."

"This shows how tyrannical they were during their lifetime!"

Chen Feng was even more curious about them, only the last wandering soul remained.

After the transparent divine light smashed it to pieces, Chen Feng did not let it swallow it, but instead stopped the transparent divine light, and then spread the power of the wandering soul outward.

Suddenly, an aura of wandering spirit filled Chen Feng's body, no different from other wandering spirits on this blood-red land.

Suddenly, those wandering souls who had broken through to Chen Feng turned their heads to other places, and did not attack him again.

Because, for those who have no eyes and no perception, breath is the only way to distinguish.

Chen Feng had a wandering spirit aura, in their opinion, that was his own kind.

And Chen Feng was very curious about how Tatamu avoided the attacks of these ghosts.

According to his perception, with the strength of these wandering souls, a dozen or so at a time would be enough to kill Tatamu.

A scene that surprised Chen Feng appeared. After Tata Mu came to this red land, he directly took out a very simple jade cup.

In the jade cup, there is half a cup of white agar syrup. This white syrup is not a soft milky white, but a very hot bright white.

Just like the brightest white sunlight in the middle of the sky.

These sunlight instantly enveloped his body.

Then the next moment, those wandering spirits immediately avoided in horror.

A sneer appeared at the corner of Chen Feng's mouth: "It turns out that I even prepared this thing, it seems that I was prepared long ago!"

"Tatamu, Tatamu, you really are deliberate!"

Tatamu continued to move forward quickly, and Chen Feng continued to follow behind.

And the more forward, Chen Feng's heart becomes cooler.

This blood-stained ground, no grass grows, boundless.

After walking further for about tens of thousands of miles, Chen Feng saw that many bones had appeared on the ground.

Many unusually huge bones have the same structure as humans, but their body length has reached hundreds of meters, even thousands of meters.

Moreover, such bones are not one or two, but thousands and tens of thousands of bones stacked on top of each other, all the way out.

Above the **** wasteland, there was a whiteness that was shocking.

At this time, Chen Feng was very sure that this was definitely an ancient battlefield, but he didn't know what race was fighting here, leaving so many dead bodies.

And when they reached the position of these corpses, the silver armor giant's aura exuding around Chen Feng's body was no longer enough.

Because the ghost wandering here is a kind of golden armored giant with a height of a thousand meters and four arms on his body.

They are not afraid of the breath of giant silver armor at all.

Chen Feng had no choice but to put two four-armed giants into his spiritual world.

The wandering spirits of these two golden armored giants with four arms are extremely powerful.

As soon as they entered, they rushed towards the transparent divine light.

The transparent divine light screamed, and slammed it fiercely at the four-armed golden armored giant. With a loud bang, the four-armed golden armored giant shook slightly, and it was unharmed!

Chen Feng's heart shuddered: "These four-armed giants with golden armor are so strong!"

The transparent divine light seemed to be irritated and roared wildly. With the strongest posture and the greatest strength, it fiercely bombarded it, bombarding it three times in succession, and only then made a small wound on his body.

He roared angrily, waving his four arms, and kept fighting back.

Fortunately, although this four-armed golden armor giant is strong, it moves slowly, and the speed of the transparent divine light is much faster than him, so it can go around him.

The four-armed golden giant can only be beaten, but cannot hit the transparent divine light.

Transparency Shenguang tried its best to crush them!

Chen Feng was shocked: "These four-armed golden armor giants still have such a strong strength after they have died so long. Every strength of their lives will not be weaker than me."

This discovery shocked Chen Feng, because the wandering spirits of the four-armed golden armored giants here are more than thousands!

Doesn't this mean that countless masters of Chen Feng's level have died here?

This discovery shocked Chen Feng's heart, but at the same time he was extremely excited, and his whole body shuddered.

His heart beats wildly, his blood flow accelerated, and he whispered softly: "It's definitely here, it's definitely not far from the treasure house of the Southern Wilderness Heavenly Emperor!"

[Chapter 2397: Jianmu!](#)

Moreover, Chen Feng knew that he not only found the traces of the treasure house of the Southern Wilderness Heavenly Emperor, but was more likely to discover a big secret!

Although this kind of four-armed golden armor giant is very difficult to defeat, the benefits gained after the victory are enormous.

After swallowing one, the transparent divine light increased by a full 100 feet in length.

Then, Chen Feng scattered the breath of the second four-armed giant with golden armor, so he was able to walk through the blood-colored battlefield unharmed.

Three days later, Chen Feng finally followed Tata Mu to the center of this **** battlefield.

But there is only a huge deep pit in the center.

There is nothing inside, nothing.

The huge pit spreads outward, and it seems that a big explosion has happened here!

The heavy rain was still pouring, and there seemed to be countless blood flowing on the blood-colored battlefield. The rain poured into the big pit, but there was still no water in the big pit, as if there was a **** connected to it.

Chen Feng looked at Tata Mu in the distance, his brows slightly raised!

And along the way, Chen Feng had swallowed the soul of a giant with three heads and four arms.

It's not that he doesn't want to swallow more, but after he swallows one, it takes a long time to digest it before he can use it for himself.

Before that, I couldn't devour anything else at all.

But even so, the length of his transparent divine light truly reached a full thousand feet, which is three kilometers long!

At this time, Chen Feng felt that he was about to touch the realm of the third rank soul sect.

He felt that his soul-man space was about to move, as if preparing for a new round of breakthrough!

A smile appeared at the corner of Chen Feng's mouth: "I didn't expect that there would be such an adventure during this trip. This is a great place for me."

"If I come here often in the future, my cultivation level above the soul can definitely be greatly improved!"

Continue to walk south from this big pit. Finally, when he was about to reach the end of the **** battlefield, Chen Feng once again absorbed a golden armored giant with four arms.

With a bang, Chen Feng felt that the transparent divine light made a huge hum!

A smile appeared on his face: "I have already broken through to the realm of the third rank soul sect."

Chen Feng's soul space was about to appear suddenly, and began to spread out.

After reaching the realm of the Third Stage Soul Sect, Chen Feng could already further improve his soul person space.

But Chen Feng knew that it was not time at this time. He abruptly suppressed the abnormal movement in the soul-man space, and then continued to move forward.

At this time, at the end of the Scarlet Battlefield, a big river appeared. This big river was thousands of miles wide, even larger than the Tongtian River, and stretched endlessly, and it seemed that there was no end in sight!

After arriving here, Chen Feng's heart was pounding. He had a hunch that he was about to reach his destination.

After crossing this river, there is still a wasteland in front of me.

But the color here has returned to normal. Here is a barren and dead silence, the kind of pure desolation, without a grass, no tree, and no creature.

But this is not the same as the previous Scarlet Wasteland. The previous Scarlet Wasteland was due to war.

And here, it gave Chen Feng the feeling that all the vitality here was drained by a huge thing.

The more Chen Feng went forward, the stronger this feeling became.

In the end, he could even see the slightest bit of anger being stripped out and wandering forward.

Chen Feng was extremely excited: "It's just ahead, definitely not far ahead!" nOvEluSb.com

In this barren land, once again traveled 500,000 miles.

Chen Feng estimated that the extent of this barren land reached a full one million li.

And all the anger in this one million mile radius has provided one thing, which shows how terrifying this thing is!

Ten days later, when Chen Feng was walking, he suddenly discovered that there seemed to be more mountains on the ground.

These mountains stretch endlessly, and their height is about hundreds to thousands of meters, not particularly high.

There is a mountain range like this on the right hand side of Chen Feng, extending all the way to the south. Closer to Chen Feng, the mountain range is hundreds of meters high, and it reaches thousands of meters forward. A few kilometers.

This mountain range seems to be higher as it goes south, and wider as it goes south.

A few dozen miles away from Chen Feng's left hand, there is another mountain range like this.

The mountain range showed a faint blue color, but there was no grass growing on it, and no plants grew.

And Chen Feng saw that the color on the surface seemed very warm.

At the next moment, Chen Feng suddenly thought of something, and immediately his whole body was erected, and he looked forward in amazement.

Then the next moment, Chen Feng was shocked and completely stunned.

After a long time, he let out a groan-like dream in his throat: "God! What a huge existence this is!"

It turned out that tens of thousands of miles in front of Chen Feng, there stood a huge tree!

This tree, one after another, stands above this endless wasteland!

I don't know how high it is, but Chen Feng estimates that it is at least tens of millions of meters!

The huge tree canopy covers the sky!

It feels as huge as the sky!

Extremely dazzling, extremely tall and shocking.

Fortunately, the rain stopped today and the sun was shining down, otherwise, Chen Feng would not have seen it at all.

Just think about it, you can see it tens of thousands of miles away, and you can see how huge this huge tree is.

And Chen Feng was also shocked to discover that the so-called towering mountains that he had thought before were actually just the part of the giant tree exposed on the surface.

I don't know how deep it is underground!

Such a huge existence really makes people feel a sense of powerlessness to the extreme!

When he saw this huge tree, Chen Feng's eyes were so shocked that he couldn't even speak.

His heart was beating frantically, squeezing the blood out to death, his whole body seemed to think of the sound of the river flowing, and his face instantly turned red.

It was a performance of extreme excitement.

And the next moment, Chen Feng suddenly opened his lips and slowly spit out two words: "Jianmu!"

After Chen Feng uttered these two words, he was horrified and exclaimed: "What's going on? What's going on? How would I know?"

Chen Feng was sure that he had never known the name of this huge tree after another, and had never seen it before.

But by the way, Chen Feng was standing here at this time, he knew what this existence was called.

[Chapter 2398: It's useless to keep you](#)

"Jianmu! Jianmu!"

These two words echoed in Chen Feng's mind, as if sacred and filled with indescribable power.
nOvElus.b.CoM

Chen Feng immediately knew that this was a memory engraved in his blood and soul.

At this moment, a part of Chen Feng's memory revived again.

In the depths of his mind, in his memory, he saw this giant tree after another!

"This is Jianmu!" Chen Feng said slowly, looking at it in a dreamlike tone, with an attitude like a pilgrimage.

At this time, Chen Feng also suddenly remembered the words that Guta said before his death: "Build...build..."

It turns out you were talking about Jianmu!

Chen Feng didn't know why he knew the two words Jianmu, but he knew it, and these two words were imprinted in his mind, so clear!

Obviously, in his memory, Jianmu played an extremely important role.

Chen Feng shook his head and expelled these emotions from his mind, leaving aside this for now.

He took a breath, and he knew that his destination had arrived.

A smile appeared at the corner of Chen Feng's mouth, and he whispered to himself: "When you come to Jianmu, you should not be far from the treasure of the Southern Emperor."

"No, it should be said that the Southern Heavenly Emperor Treasure must be on top of Jianmu."

Chen Feng stared at the giant trees in the distance with scorching eyes, with a look of expectation in his eyes, and said softly: "All this must be answered on Jianmu."

He has returned to normal.

At this moment, Chen Feng looked at Tatamu!

Tatamu, who was not far in front of Chen Feng, was obviously shocked, and he also stood there motionless.

Chen Feng looked at Tata Mu in the distance, with a slight smile on the corner of his mouth, and whispered to himself: "I have found what I want, so it's useless to ask you. It's not wise to keep you this variable!"

Tatamu seemed to be back to normal as well, and he let out a strange cry: "Hahahaha, the treasure of the Southern Wilderness and Southern Wilderness, I am here!"

"Jianmu, I have seen you, I will definitely be able to win the treasure of the Southern Wilderness Heavenly Emperor, and I will definitely be able to become an infinitely strong man!"

His face was full of resentment: "Chen Feng, you will wait for me. I must go and kill you. I must let you die forever. You will die in my hands. The death is extremely miserable! In return for the previous humiliation. !"

"Hahahaha!"

He was overwhelmed.

At this moment, suddenly, a cold voice sounded from behind him: "Tatamu, you think too much."

"What?" Tatamu's expression suddenly became flustered.

Because, for him, this voice is too familiar.

He was also a very decisive person, and he ran straight forward without even looking back.

A smile appeared at the corner of Chen Feng's mouth: "The reaction is quite quick, but it's a pity..."

He coldly spit out two words: "It's useless!"

With that, Chen Feng shot out with a palm, directly hitting his back.

With a wow, Tatamu spouted out a mouthful of blood, and fell heavily to the ground, unable to stand up.

Then, in horror, he saw the person he least wanted to see at this time.

A tall figure slowly walked towards him, with a smile on his mouth.

Who is it if it's not Chen Feng?

He looked at Chen Feng in horror, and said in shock: "You, how did you know that you are here?"

He suddenly thought of something, like hell: "Could it be that you have been following me?"

Chen Feng smiled and said: "You are right, it seems that you are not stupid."

"How is it possible? How did you find my trace? How did you know that I was here!" Tatamu cried out, like a nervous breakdown.

Chen Feng looked at him with a smile, and said lightly: "Do you really think you secretly formed your own forces during this period of time? I really don't know?"

"You really think that you sent hundreds of thousands of people to investigate the whereabouts of that variegated jade piece, don't I know?"

"You really think that you have two more variegated jade pieces in your hand quietly, and roughly pieced together clues to a map, don't I know?"

Chen Feng asked three questions in a row, which directly shocked Tatamu.

An unbelievable thought flashed in his heart, and he trembled: "Could it be that these are you?"

Chen Feng smiled and said, "Of course, these are what I want you to get, I want you to get it, so you can get it."

"If I don't want you to get it, you can't get it!"

There was a cruel look in his face: "The variegated jade piece is related to the treasure house of the Southern Wilderness Heaven. Do you think I don't know the news? You think I don't know the first variegated jade you got to me. Does it mean to be coveted?"

Ta Tamu was stupid, pointing at Chen Feng and looking at him with fear in his eyes, as if looking at a devil.

"You, you know everything? You are not a human being! You are so scheming!"

Chen Feng smiled and said: "I know your temperament, if I arrest you to torture you, maybe you would rather die than tell."

"If this is the case, then I will plan it out."

"Those variegated jade pieces, if it were not for my acquiescence, would not fall into your hands at all, and you would naturally look for them when they fall into your hands."

"At that time, I just have to follow you."

Chen Feng stretched out a finger, looked at him, shook slightly, his face was full of contempt and disdain, and slowly spit out four words: "You are fooled!"

"You got Fooled!"

These four words resembled thunder, and blasted in Tatamu's heart.

His body shook violently, and backed several steps in succession.

He has always been conceited and smart, but this time, following Chen Feng to the south, secretly looking for the treasure house of the Southern Wilderness Heavenly Emperor, he even felt that he was playing with Chen Feng in applause, and Chen Feng was not clear about everything he did.

He also thought that after receiving the secret of the Heavenly Emperor's Treasury, he must kill Chen Feng.

Unexpectedly, Chen Feng knew everything about him clearly. This sentence shattered all his pride, all confidence, all!

"Okay." Chen Feng looked at him and said: "Now that you have taken me to the destination, then you will be useless."

Chen Feng smiled slightly, his voice was flat, but what he said was extremely cold: "Then now, you should die too!"

As he said, Chen Feng blasted out a palm and printed it on his chest!

Tatamu let out a scream: "Ah, I'm not reconciled!"

"My father is among the four elders of the Blackwater Black Snake Tribe. The only one who is interested in the treasure of the Southern Wilderness Heavenly Emperor and began to look for it. Using the power of the Black Water Black Snake Tribe, he obtained many such fragments and finally collected them. Most of it."

[Chapter 2399: Tuoshan Giant Golem](#)

"Just when he was about to set off to find the treasure of the Southern Heavenly Emperor, he came across the **** Yuechan and died in hatred."

"And I, will I die with hatred? I am not reconciled, I am not reconciled!"

He resented to the extreme, but all this was useless.

Chen Feng printed a palm on his chest, directly cutting off his vitality!

Then, Chen Feng fumbled for a moment in his arms, and then he took out six jade pieces.

These six jade pieces, plus the ones that Chen Feng had already possessed before, can be assembled into a ring.

The ring is about one foot in diameter, like a small washbasin. Each of these fish fillets is a plain variegated jade piece, which looks even very low-grade.

However, when this ring was formed, the boundless colorful streamer flowed in an instant, the beauty to the extreme, the gorgeous to the extreme.

Moreover, there is a huge power coming from above, and there is an unspeakable power.

Chen Feng immediately felt that it was like a key, it seemed to be the key to open a certain door.

A smile wafted across Chen Feng's face, the smile getting bigger and deeper.

Finally, it turned into a big laugh: "The key, I have found it!"

"Everything is ready, the next step is to find the treasure of the Southern Wilderness!"

Then, Chen Feng looked for Tatamu for a while, a smile appeared on the corner of his mouth, and a golden silk kit appeared in his hand.

Chen Feng smiled and said to herself: "I knew that there must be something good on you. How could you not be prepared if you want to come here?"

Opening the golden silk kit, there was a ball inside, the size of a fist, like some kind of inner alchemy of a monster, exuding a bitter and cold breath, and some fishy smell.

Moreover, in this breath, there is still a **** evil spirit that is too strong to dissolve!*Nov&uSB.coM*

Chen Feng looked at it for a moment, but didn't see any eyebrows, so he put away the bead.

Chen Feng strode forward, extremely fast.

And as you move forward, the mountains or tree roots on both sides get higher and higher, and in the end, they are even hundreds of thousands of meters high.

When Chen Feng walked along, he didn't see a single plant, only this huge building block.

Obviously, all the aura and anger in this area of millions of miles have been taken out by it!

Chen Feng was walking forward, and suddenly he felt a huge vibration from the front right of him, and the vibration became stronger and stronger.

In the end, even the ground was constantly undulating like ocean waves.

The ripples visible to the naked eye formed, and Chen Feng stood on it, almost always a little unstable, even with his cultivation.

Chen Feng suddenly felt shocked: "What's the situation? Could it be an earthquake?"

But Chen Feng couldn't see anything here.

He hurried to the root of the tree on the right, and soon climbed to the root of more than 600,000 meters, and looked down.

Then, he glanced suddenly.

It turned out that on this side of the tree root, and between the other tree root, there was a huge plain with a radius of tens of thousands of miles.

On this huge plain, a group of giant elephants are galloping!

The vibration on the ground just now was caused by these giant elephants trampling on the ground, and it made Chen Feng, a powerful man comparable to the Five-Star Martial Emperor, stand unsteadily, showing how powerful the vibration was.

In fact, at this time, the vibration not only caused the ground to fluctuate, but even the roots of the tree were shattered.

There are seventeen or eight giant elephants, each of which is extremely large in size.

Chen Feng saw that the largest giant elephant in the lead was as high as one hundred thousand meters in height and 300,000 meters in length.

Its huge elephant trunk is as wide as a big river, and its long ivory is like two giant mountains, and its hooves are like Optimus pillars. After stepping on the ground, a full body appears. A huge pit as big as the Great Lake!

These giant elephants have two huge bumps on their backs, and their skin is blue-gray, like a rock.

It looks so hard!

That momentum made Chen Feng feel a little bit afraid.

He exclaimed: "These giant elephants are amazing. Come out any one, I'm afraid they can easily defeat me."

"Yes."

At this time, a voice rang next to him, and Anlao quietly appeared next to him.

He looked at the giant elephants, with a deep emotion on his face, and said softly: "This is the Tuoshan giant golem!"

"What? Tuoshan giant golem?" Chen Feng raised his eyebrows and asked, "Is this the name of this giant elephant? This name is very domineering."

"The reason why the name is domineering is because their strength is strong enough."

An Lao said next to him: "This name is very appropriate, because this giant elephant is so powerful that even a mountain can run freely on its back."

"Unexpectedly, after ten thousand years, I saw this kind of Tuoshan giant golem again."

"After ten thousand years?" Chen Feng had some doubts in his eyes. He had always been very curious about An Lao. He wanted to know the origin of An Lao and what An Lao had experienced.

But Chen Feng asked Anlao once, but he didn't say anything, only that he would tell him when the time came.

Since then, Chen Feng has never asked again.

Chen Feng absolutely trusts An Lao, knowing that he will definitely not harm him.

An Lao glanced at Chengfeng, smiled and said, "This kind of Tuoshan troll elephant has the level of a two-star demon emperor when it is born."

"And they don't even need to practice, as long as they grow naturally, they will be able to reach the level of the five-star demon emperor when they reach adulthood."

"As for the strongest leader,"

As he said, he pointed to the largest Tuoshan Giant Golem: "Look, the skin of the Tuoshan Giant Golem has gradually changed from blue-gray to gold."

"After it has completely turned golden, it can be promoted to the leader of the Tuoshan Giant Golem, and its strength can reach the six-star demon emperor. It should have reached the peak of the five-star demon emperor by now."

"You really are not their opponent."

Chen Feng couldn't help but breathed a sigh of relief: "The monster beasts here are really powerful. If you meet a group of them, they have such strength."

At this time, Chen Feng suddenly raised his brows and said, "An old man, you see, something is wrong. Look at their looks!"

An Lao looked at it, then smiled clearly in his heart, and said, "So you noticed it too."

Chen Feng nodded and said, "Yes, they are very flustered now, it looks like they are trying to flee in a hurry!"

Chen Feng saw that they were right. Each of these Tuoshan troll elephants were panicking, and they made panic noises from time to time. They looked like they were running for their lives.

[Chapter 2400: The terrifying serpent!](#)

Chen Feng said puzzledly: "They are already so powerful, and in so many numbers, what a terrifying existence is that they can chase them so hastily?"

With that, Chen Feng was already full of amazement.

At this time, An Lao seemed to think of something general, his face showed a touch of extreme horror, and there was a wave of fluctuations all over his body, which was a manifestation of his great emotional fluctuations.

He trembled: "Could it be that the legend?"

Chen Feng suddenly felt astonished. An old man had always been calm and steady. Such emotions rarely appeared. Did he think of something?

Chen Feng asked, "Old An, what's wrong?"

And just when An Lao wanted to answer, there was a scream in the distance.

In this sound of hiss, there were endless hissing sounds. These hissing sounds resounded through the world, like a thunderstorm, causing Chen Feng's eardrums to be buzzing.

And inside it contains the incomparable brutality and viciousness.

Chen Feng was horrified and surprised: "What kind of thing can make such a sound?"

In the next moment, Chen Feng would know.

Chen Feng, who had always been calm, was shocked and took a few steps back. He almost couldn't stand still and sat down on the ground.

He used a voice full of powerlessness and said in a dreamlike tone: "God, how can there be such a monster? How can there be such a existence?"

It turned out that in the distance, a huge snake rushed out abruptly.

This giant snake surpassed any monster that Chen Feng had seen before, no, it should be said that it surpassed any monster he had seen before by more than a hundred times!

The largest monster that Chen Feng had seen before was only 10,000 meters, but the giant snake in front of him had reached a length of about one million meters.

The diameter of the body has reached as much as 30,000 meters!

As soon as he appeared, the entire sky was blocked, and Chen Feng felt that the sky had become dark!

This giant snake is huge, showing a cyan color all over the body. The cyan color is not like a plant, but is extremely deep and dark, like a cyan cast like the hardest metal, glowing with a cold light.

There are countless huge scales on his body, and each scale is the size of an island with a radius of several tens of miles.

The edges of these scales may be thousands of meters thick, as thick as a mountain.

It seems that he knows the extreme solidity, and the defense power must be amazing.

And he opened his big mouth, with fangs and sharp teeth all over him, and among them, countless acid and poison were spewed out.

What is even more shocking is that on both sides of his body, each has a long and narrow wing. The part where the wing connects to his body is very narrow, and later it becomes wider.

The length of each wing reaches hundreds of thousands of meters.

The joints are prominent and hideous, like countless bones covered with a layer of cyan skin, it looks very hideous and terrifying!

"What kind of existence is this? What kind of monster is this? How can there be such a huge and terrifying existence?"

At this time, Chen Feng was already lying quietly on the ground, motionless.

A huge voice echoed in his heart.

But Chen Feng let himself hold his breath, covering up all his breath.

It turned out that as soon as this monster beast appeared, Chen Feng felt a huge to the extreme, and a pressure that he could not resist suddenly appeared, making him almost crushed to death.

Chen Feng was directly pressed into a surge of blood. Although he did not vomit blood, his internal organs were already bleeding heavily.

The bones in the body were directly crushed. I don't know how many bones. Chen Feng was already seriously injured in silence.

Chen Feng was shocked: "He didn't find me at all, and this momentum was not directed at me, even he didn't deliberately radiate momentum at all."

"It's just that the powerful aura of his body spread to me a little bit, swept me a little bit, and then seriously injured me."

This made Chen Feng even more aware of how terrifying this existence is.

A wry smile appeared at the corner of Chen Feng's mouth: "This existence is like a human being, and I am like an insignificant ant and dust."

"When he stepped on, he didn't even notice whether there was an ant under his foot. He didn't even know that he had already trampled the ant to death."

"I'm in front of him. It looks so small, so pitiful."

Chen Feng never felt weak and outrageous for a moment!

The speed of the demon snake reached its extreme. As soon as his two wings shook, he immediately slid out several million meters, and soon chased behind the giant golem elephants.

Suddenly, Chen Feng heard the demon snake's hissing screaming louder, and it was full of pride.

In the next moment, he also heard the panic and screams of those Tuoshan troll elephants, panicked and full of despair.

After a while, suddenly, a sad scream sounded.

When Chen Feng looked up, he saw the scene that he will never forget.

The leading Tuoshan troll elephant, the five-star peak demon emperor that is about to evolve into the golden Tuoshan troll elephant, is equivalent to the six-star martial emperor peak powerhouse of human beings. At this time, it has been mouthed by the huge monster snake. Zhang, directly in his mouth.

He was struggling frantically in the mouth of the giant demon snake, screaming, roaring, and attacking, but it had no effect.

Its attack is not even a tickle to this monster snake, he can only scream of despair.

At this time, the suction power in the huge mouth of the giant monster snake suddenly increased, and with a click, the screams suddenly increased.

Then, the demon snake didn't even chew, and swallowed it abruptly.

The screams were constantly coming from the mouth of the giant monster snake.

He clicked his big mouth, and the blood dripped down!

The body of the giant monster snake is about 30,000 meters in diameter, while the body of this Tuoshan giant golem is about 100,000 meters.

As a result, you can see that a big bag bulged on the body of this huge monster snake.

The big bag fell down little by little, and finally moved to the middle of his body, and then stopped moving!

A large bulge bulged on his body, making the snakeskin scales on her body extremely thin and huge.

Even, the outline of the body of the Tuoshan Giant Golem inside can be seen through the snakeskin scales.

But at this time, the Tuoshan troll elephant was still struggling, still struggling, and could see the big bag squirming constantly, and bursts of screams could be heard from inside!

However, he didn't support it for a while, and soon it stopped moving and everything was quiet again.
