

Peerless 2451

[Chapter 2451: Seriously injured and dying!](#)

A long spear directly pierced Chen Feng's waist and abdomen, revealing the sharp tip of the spear stained with blood.

...

Eight offensives, kill them!

With every blow, I wanted Chen Feng's life.

Chen Feng was extremely angry and hated to the extreme: "Who are they?"

Even at this time, Chen Feng could not see who attacked him.

The Badao offensive fell on his body, and Chen Feng was directly beaten severely wounded and dying, spurting blood, and flew heavily.

With a bang, it smashed on the distant mountain wall, smashing a large part of the mountain wall.

Chen Feng glided slowly from above.

At this time, although Chen Feng was seriously injured and nearly dying, his sanity was extremely clear.

He immediately made the wisest decision. Chen Feng fell to the ground and remained motionless, as if the deterrent effect had not passed.

In fact, at this time Chen Feng could already resume action.

Chen Feng's sight finally recovered.

He saw eight people slowly approaching him.

These eight people, both tall and short, were wearing blue-blue cloaks, and they couldn't see clearly.

One of the sharp voices was full of pride: "Haha, let me just say it, this time, the credit must be my greatest."

"If I hadn't shocked Chen Feng, how could you get it so easy?"

A cold woman's voice sounded: "Don't act rashly, this Chen Feng should not be underestimated."

They all stopped a hundred steps away from Chen Feng's body and looked at Chen Feng with cold eyes.

The sharp voice felt like he was suspected, and he almost jumped up, jumping and shouting: "How dare you doubt me? How dare you doubt me?"

"Tell you, this trick of Lao Tzu is so powerful that it has spent a whole hundred years of cultivation base!"

"This is the most powerful trick I have used. After using this trick, even a top five-star martial emperor will be shocked for more than ten seconds, not to mention that this kid is only one star. The realm of Emperor Wu!"

"How could he break free?"

After hearing what he said, those few people seemed relieved, and they all agreed.

Someone said, "Mrs. Baihua, you are too careful."

"Have you not seen the kid stand still there? He is still being shocked!"

They seemed to be relieved, gathered around, forming a circle around Chen Feng.

Then, one after another lifted the cloaks on the beginning. *NoVELuSb.coM*

After Chen Feng saw them, his gaze suddenly shrank, and there was an extremely cold killing intent in his eyes.

Among the eight people, there are men and women, old and young, from the old with white hair to the middle-aged with a long body, and the beautiful beauty.

However, without exception, the aura in everyone is extremely large, and they have reached the realm of the Five-Star Martial Emperor.

Chen Feng's heart jumped violently: "Eight five-star martial emperors! Eight five-star martial emperors came to besiege me?"

The eight five-star martial emperors, even in the Tianyuan dynasty, are extremely tyrannical forces. I am afraid that no one force can produce so many masters.

Chen Feng immediately realized their identities. He guessed that this was definitely the strongest of the other eight sects besides Wudong Academy.

Chen Feng stared at them and said word by word: "Are you from the eight major sects?"

"Yo, kid, kind of smart!" said a dwarf who was the shortest among the eight people, but only three feet tall.

This dwarf was short and fat, with a face like a big pie, staring at Chen Feng, his eyes were full of resentment and jealousy, and it was full of pride.

Chen Feng immediately distinguished from the voice that this person was the one who spoke first.

It was also that he used the Soul Breaking Needle on himself!

He looked at Chen Feng with a cold and weird color on his face, and said, "How about, Chen Feng, how about my Soul-Splitting Needle? Isn't it refreshing?"

"Hahahaha..."

As he spoke, he let out a smug laugh.

Chen Feng looked at him, smiled slightly, and said softly: "No matter how much I am tortured by your shattered soul, I won't become like you are now."

After hearing his words, the dwarf instantly showed a look of anger on his face, and his voice yelled in a sharp and sharp voice: "Little bunny, you are looking for death!"

Chen Feng's words just hit his sore spot!

This person is the Sovereign of the Poison Hand Sect, the Poison Boy.

The Poison Hand Sect is the best at using poison. There are countless kinds of poisons, and some poisons are even more weird, extremely powerful, and even the strongest of the Martial Emperor Realm will get hit by accident.

The Poison Boy was originally physically quite normal, but after he joined the Poison Hand Sect, he showed his extremely powerful talent for practicing poison.

But when he was in his twenties or thirties, he had already become the chief disciple of the Poison Hand Sect.

However, his master was cruel, for fear that he would threaten his position, and in the name of teaching him to practice poison, he tried poison.

He used all kinds of poisons that he had meticulously researched for more than a hundred years.

As a result, what was unexpected was that the poisonous boy had a great fate and was not poisoned to death. On the contrary, through those poisonous poisons, he developed an unparalleled poisonous skill of the poisonous hand.

The strength far exceeds his master.

However, his figure became only three feet tall, just like a boy.

He killed his master frantically, and since then, his character has changed drastically. It is often killing. It is said that he has poisoned millions of people once.

This person can be said to be a cruel monster!

Chen Feng's words made him furious.

At this time, the beautiful lady in palace costume said lightly: "Poisonous boy, stay calm."

The Poison Boy immediately calmed down, and the girl in the palace costume was obviously their leader.

Chen Feng also set his gaze on him. The woman in the palace dress looked at Chen Fengfeng with a sneer on her face: "Are you Chen Feng?"

Chen Feng looked at them with a sneer on his face: "You have all attacked and killed me, but you don't even know who I am. Isn't it ridiculous?"

"It's really a sharp-edged mouth. What a pity, no matter how sharp-edged you are, you will die here today?"

The woman in the palace dress looked at Chen Feng with a cold expression.

Chen Feng looked at them with cold eyes: "I don't remember offending your eight major sects."

"You haven't offended us, but so what?" The palace-dressed woman stared at Chen Feng and said coldly: "You have risen too fast and your strength is too strong."

[Chapter 2452: Kill the poisonous boy!](#)

"Sooner or later, Wudong Academy will surpass our eight major sects. What will we do then?"

"Therefore, we had no choice but to act first!"

In fact, Chen Feng would not be so naive at all. Chen Feng knew very well that even if he hadn't offended them, they would kill himself, but it was a matter of time.

Chen Feng asked this purely to delay time!

A burly man glanced at Chen Feng, his face was full of disdain, and said to the woman in the palace costume: "Mrs. Baihua, you are so jealous of Chen Feng. I look at Chen Feng just like that. Isn't it like a dead dog being beaten like this by us?"

He obviously looked down on Chen Feng at all, thinking that Chen Feng was not worth mentioning.

And beside him, several people nodded one after another, agreeing with him.

Madam Baihua stared at them, a look of contempt flashed in her eyes, and said lightly: "This Chen Feng is a disaster after all."

"Okay, don't talk nonsense, let's kill Chen Feng today!"

"Killing him is also considered as a no-brainer."

The others nodded.

The burly man grinned: "I'll do it!"

He walked towards Chen Feng, ready to kill him.

The others stood there loosely, and some did not even look at Chen Feng, but cast their eyes far away.

Others are careless.

Obviously, the raid just now went too smoothly, and they all had extreme contempt for Chen Feng.

He didn't take him to heart at all, and didn't think he was a strong opponent.

Even now, some people think that they have made some fuss before, so now they are very unfocused.

And at this moment, Chen Feng's eyes flashed a sharp light: "It's now! This is my best opportunity!"

Chen Feng suddenly screamed, his body violent.

Seeing this scene, everyone exclaimed, but there was no time to react. *novelupdates.com*

However, Chen Feng did not attack the burly man, but directly attacked the Poison Boy!

Chen Feng laughed loudly: "Poisonous boy, do you think that your soul-splitting needle can hold me for a long time, right?"

"Tell you, don't dream, how can my strength be broken by your martial skills?"

"Tell you, but in a tenth of an instant, he has no effect on me!"

"I just pretended it all the time!"

Wandu Boy shouted in disbelief: "How is it possible? How is this possible?"

Chen Feng laughed loudly: "It's useless if you don't believe it. This is the fact! The hard truth!"

While talking, Chen Feng had already flashed directly in front of Wandu Boy.

The murder knife was suddenly unsheathed, and a violent roar: "Buddha destroys the magic knife!"

At this moment, Chen Feng used his strongest attacking martial arts!

Cut it down with a single knife!

Suddenly, Wan Po Boy felt as if the world in front of him was about to collapse.

In front of me, the mountain, the tree, the stone, the sea, all disappeared!

Instead, a piece of blood, or a seemingly endless red, pressed against him severely.

Wan Po Boy let out a scream, full of despair and exclaimed: "How come? How can I be so tyrannical? I feel like I'm going to die by this knife!"

He was naturally unwilling to die like this.

He screamed wildly, shaking his hands out one after another, and countless red, green, and purple lights flashed out of his body.

Every ray of light represents a strange poison.

He wanted to poison Chen Feng to death, making a dying struggle.

However, this is just a dying struggle.

It has no effect at all!

Chen Feng's killing knife fell fiercely, and a fierce red light fell on Ten Thousand Poison Boy, causing him to tremble violently, making a miserable cry.

Eyes lost in an instant!

His soul has been severely damaged, more than half destroyed!

Then the next moment, on the Murder Knife, two red lights flashed by, and the demon's gaze was also activated.

The demon stared at him, and directly shattered his soul that had been hit hard.

At the same time, the murder knife fell on his body.

With a bang, Wandu Boy's body was directly exploded into countless debris.

No bones left! Body and soul are destroyed!

His soul, his body, all broken!

Chen Feng made up his mind that he must kill the poisonous boy first.

Although Wan Po Boy is not the strongest, he uses poison in an unpredictable way, and Chen Feng is also quite jealous of his soul-breaking needle.

Because, as long as you are confronted, you will not be seriously injured, but if your body is stagnated for a while, it will be enough for others to seriously hurt yourself.

Therefore, Chen Feng must kill him!

But it was only a short time from Chen Feng's violent, to Chen Feng's knife, and then to Chen Feng's beheading of the Poison Boy.

Even others have not yet reacted.

Seeing this scene, they all shouted in shock: "This kid is so strong?"

"Master Patriarch, no matter how weak the Poison Boy is, he is also a Five-Star Martial Sovereign, and he was killed by a single shot!"

"Slaying the Five-Star Martial Emperor with a single blow, this little brat is too powerful!"

"It turns out that we underestimated him just now. If he hadn't been anchored by the Poison Boy from the very beginning, we would never have achieved such a result!"

They exclaimed one after another, looking at Chen Feng's gaze, there was no longer the disdain they had just now, instead they were endless fear and fear!

At this time, the lady in the palace costume, Mrs. Baihua, shouted sharply: "Don't talk nonsense here, go up and kill him!"

"If he runs away, none of us can escape!"

Others shouted and slew towards Chen Feng.

Chen Feng's gaze fell on the Madame Baihua coldly: "This person is the leader, and maybe she provoked this time, I must kill her!"

However, Chen Feng knew that now is not the time.

Now he is seriously injured and dying, and his physical condition is extremely poor. Moreover, after using the Buddha's Demon Slayer Sword just now, it is impossible for him to use a second sword in a short time.

So, the only choice now is...

Chen Feng's figure swept away quickly!

"Don't let that **** run away!"

"Catch him, kill him!"

Everyone roared one after another and attacked Chen Feng.

But at this moment, Chen Feng suddenly turned around and smiled slightly, and with a swipe, two more Chen Feng appeared beside him.

These three Chen Feng were exactly the same.

This scene makes everyone look silly.

Mrs. Baihua said coldly: "Don't be confused, he must have two phantoms."

[Chapter 2453: Scared off directly!](#)

"Oh? Really?" The three Chen Feng smiled together. *NOVELusb.com*

Then, the figure suddenly turned around, and in an instant, they couldn't tell who was who.

The next moment, the three Chen Feng separated and fled madly in different directions.

One of the gray-haired elders said: "I have strong mental power and I am best at distinguishing such illusions, but I can't tell which is him, which is true, and which is false."

"The three illusions all give me the same feeling, and their auras are equally powerful."

"Don't worry about this, divide it into three groups, and each group will hunt down one!" Madam Baihua said flatly.

"Okay!" The remaining seven of them were divided into three groups, each of which chased and killed one.

Mrs. Baihua has the strongest strength and is a group by herself.

The other six were divided into two groups.

Mrs. Baihua and the first group each killed the Chen Feng who they had chosen and believed to be the real one.

Unfortunately, they chose the wrong one.

Mrs. Baihua and the two Chen Feng chased by the first group were both clones.

After they chased it out, it was in vain.

The two avatars of Chen Feng were easily beheaded by them, but they possessed one-tenth of Chen Feng's strength, but they still blocked them for a while.

Therefore, Mrs. Baihua and the other three people are far away, too late to chase the real Chen Feng.

Only the third group chased the real Chen Feng!

At this time, the real Chen Feng was chased by the third group.

There was a smug look on their faces: "Little boy, what do you think of this? Haven't we caught up? Take your life!"

Chen Feng smiled slightly: "Really?"

Chen Feng took a deep breath. He was already seriously injured. After launching the Floating Light and Glimpse Surgery just now, his mental power has been greatly depleted and almost dried up.

A wry smile flashed in his heart: "Although this floating light and gliding shadow technique is powerful, under the current circumstances, it will consume almost all of the mental power with one use!"

But at this time, Chen Feng held back the feeling that his mental power was about to collapse, held back the sharp pain that seemed to explode to his head, and shouted violently!

In the next instant, the Floating Light and Glimpse Technique was activated again, and three Chen Feng appeared again.

Then, they separated and fled in different directions.

This time, the three people in the third group chasing Chen Feng were directly stupid.

They stared blankly, not knowing what to do.

It was Madam Baihua who screamed in the distance: "Chasing! Keep chasing! I don't believe he can use it again!"

The three of them separated three ways and pursued again.

Soon, the other two Chen Feng were killed again.

And there was another person who was chasing after Chen Feng.

It is the old man with gray hair.

At this moment, Chen Feng suddenly turned around, looked at her with a smile, and said faintly: "Are you alone now?"

He roared, full of fierce murderous intent: "You old dog, do you think you will be my opponent alone?"

With that said, Chen Feng's murderous knife was cut at him fiercely, and he sternly shouted: "Buddha destroys the magic knife!"

The white-haired old man saw this stab like destroying the world, and his heart was immediately filled with fear.

He didn't seem to realize until then that with his strength alone, he was definitely not Chen Feng's opponent.

He let out an exclamation, full of panic, and straight back.

Scared by Chen Feng's knife, he ran away.

In fact, Chen Feng's knife was just a false move.

Chen Feng easily took the knife and stood, laughed, and swept away.

In a blink of an eye, he opened enough distance with them.

The white-haired old man knew that he had been fooled at this time, his face flushed with shame, murderous intent flashed in his eyes, and he sternly shouted: "Little boy, I will kill you!"

However, it was too late for him to chase after him.

That fake move just now bought enough time for Chen Feng. Chen Feng could not launch the Floating Light and Glimpse Technique again, but now they could not catch up with Chen Feng!

Floating light and glancing shadows technique, this time made a great contribution!

At this time, Chen Feng suddenly turned his head and looked at Mrs. Baihua, with a long knife in his hand pointed at him remotely, and shouted coldly:

"I don't care who you are, but there is one sentence you remember, Chen Feng, I will kill you!"

The next moment, Chen Feng Jinpeng's vertical and horizontal tactics were launched, and his figure disappeared with a single stroke.

Madam Baihua stood there, taking a breath, a look of astonishment appeared in her eyes.

Her hands trembled lightly and tucked into her sleeves. Although others could not see them, she knew very clearly.

At the same time, she also knew the reason.

Because she was scared.

Chen Feng's extremely cold eyes and fierce murderous aura made her feel cold all over her body in an instant, and it made her know very clearly that Chen Feng said that she would definitely do it!

He will definitely kill himself!

He clearly realized that he had provoked a terrifying enemy.

And the consequences that provoke him and bring to himself may be: the disaster of extinction!

He looked at the other people, and they looked at each other, and there was a flash of fear in their eyes!

They also realized the consequences of letting Chen Feng escape.

The head of the East Sea Sword Furnace, Leng Yuecan murmured: "I'm thinking now, is it wrong to kill Chen Feng."

He has the most serious thoughts and thinks the most.

Several other people have expressions of sadness.

And Mrs. Baihua, at this time, wiped out the fearful color in her heart abruptly, and screamed: "What is the use of saying this now?"

"Now, is there any other way to go?"

"We have done things, and Chen Feng hates us to the extreme in his heart. There is no way now, only by killing him is our way of survival!"

"He has no me, he has me without him!"

Everyone nodded in awe.

Mrs. Baihua pondered for a moment, and said: "We still have seven people left, and none of us can be Chen Feng's opponent."

"So, we can't chase separately, but if we get together, I'm afraid we won't even think of finding him in this life."

She categorically said: "Huangfu Wuba, you take a person, Leng Yuecan, you take a person, Thunder Monkey, you take a person, and I will act by myself!"

"Among the seven of us, I am the strongest. If I meet him, I can support it for a while."

"Our four teams, after any team finds Chen Feng, it will immediately send out a signal to summon others. Did you hear it?"

"Yes!" Everyone nodded.

At this moment, when life and death are at stake, they don't care about face anymore.

No one is stupid to be able to achieve this position, and he naturally knows which one is more important, and knows what to do now.

[Chapter 2454: Run away!](#)

The Huangfu Wuba, Leng Yuecan, and Lei Monkey selected by Mrs. Baihua were all at the strongest level, and the people they carried were all weaker.

However, no matter how weak the strength is, it is a five-star Wuhuang.

Huangfu Wuba said: "Each of our team has two five-star martial emperors, so no matter how strong Chen Feng is, it will not be a problem for us to pester him for half an hour."

"In half an hour, you must be able to come."

"Yes!" Madam Baihua said in a deep voice.

With that said, she found a round pill for each team.

This round pill is about the size of a fist, and the whole body is pitch black. *NovEls.com*

She whispered: "This pill is made by my Hundred Flower Palace using secret methods."

"After smashing it open, a huge flower with a height of 10,000 meters can be formed in the sky. It is extremely conspicuous, and it can be seen from thousands of miles.

"And if it is beyond thousands of miles away, don't be afraid, it can emit a strange breath."

As she said, she demonstrated the strange aura to everyone, and everyone nodded and motioned to write it down.

Then, Mrs. Baihua said: "Well, everyone, let's go!"

"Chen Feng, this **** must not stay, he must be killed."

Everyone said loudly: "Okay!"

This is their unanimous idea!

After all, they dispersed separately and went to track Chen Feng.

Looking at everyone's back, Mrs. Baihua sighed slightly, with a bitter meaning on her face: "My good daughter, you are really exhausting me!"

With a bang, a figure fell heavily to the ground.

This figure was extremely miserable at this time, and his body was covered with huge wounds.

His left arm was broken, his right leg was almost alive cut off, and there were several large holes in his chest. Not only did all the flesh disappear, all the bones were broken, and the internal organs could be seen.

He was even more bloodstained, like a blood man.

If ordinary people suffer from this kind of injury, I am afraid they would have already died.

However, not only was he still alive, but his eyes were extremely bright, as bright as the stars on that day.

Inside, it is full of wisdom and calmness.

This person is naturally Chen Feng.

Although he was still able to move barely at this time, his physical condition was already extremely poor.

Chen Feng felt that there was no pain anywhere on his body, no pain, no strength loss.

His body, like a broken water bag that had been poked a hundred knives, was almost exhausted.

This is not only his strength, but also his spirit.

Chen Feng felt that at this time, there was a sharp pain in his mind, and the pain was so painful that he almost couldn't help but want to close his eyes and just fell asleep.

When he thinks about one thing, it hurts to the extreme.

But Chen Feng just held back.

Not only did he hold back, but his mind was madly spinning thinking about what should be done now!

Chen Feng lay on the ground for a long time, breathing for a long time, feeling his lungs burning up, and even when he lowered his head now, he could see his shrinking lungs.

A wry smile appeared at the corner of Chen Feng's mouth: "This battle is really tragic!"

The palm of his hand shook, and four rays of orange power appeared.

At this time, the four orange rays of heaven and earth power had completely withered, and it was wilting, and there was no energy to lift it up at all.

In the next moment, Chen Feng appeared in his spiritual world.

At this time, the transparent divine light was also paralyzed on the ground motionless.

Had it not been for his body trembling slightly, Chen Feng would have thought he was dead.

Chen Feng shook his head and walked out again.

"My strength has almost disappeared without a trace, and my spirit has been severely damaged. Now I can't do anything. The only thing I can do is rest and restore my strength."

Chen Feng turned his head and looked at the sky in the distance, with a harsh look in his eyes: "Eight Martial Arts, right? You wait for me!"

"How dare you attack me like this and make me what I am now, I will never spare you!"

"Now that one has been killed, and there are seven others, none of you can run away!"

With that, Chen Feng gritted his teeth, shook his body, and struggled to stand up.

This action almost killed him. Chen Feng stood up straight and struggled to move forward. At this time, he was in a very narrow valley, and this place was far away from the sea.

It turned out that when Chen Feng fled, he did not continue to run forward like ordinary people, but turned to the left and rear.

This is beyond their expectations.

At this time, it had been nearly a day since Chen Feng had escaped, but they had not found it at all.

During this day and night, Chen Feng desperately urged Jinpeng Zongheng Jue, frantically activating at a speed that exceeded his physical load. This made his body further about to collapse, but Chen Feng only spent one day. Just escaped a million miles.

At this time, the sky is full of stars.

It is even more difficult to find Chen Feng in the dark.

It is very hidden here, and Chen Feng can rest here.

After walking for about dozens of miles, Chen Feng found an extremely hidden cave. The cave was hidden by countless vines. If it were not attached to the rock wall, Chen Feng would not see it.

In the cave, although it is quiet, the air is not dirty. Obviously there is another place for ventilation.

Moreover, there is no smell of beasts and birds in it, obviously, it is not occupied by beasts.

Chen Feng was quite satisfied. He walked down for dozens of miles and finally came to a hall.

After walking here, Chen Feng couldn't help it anymore, and fell directly to the ground with a bang, almost wanting to fall asleep.

He successively urged the floating light and glancing shadow technique, which caused a great load on his spirit, and now Chen Feng's spirit was about to run out.

Even the space of the souls could hardly be maintained.

What he needs most at this time is sleep.

An Lao appeared next to Chen Feng and said softly: "Chen Feng, go to sleep!"

The blood wind also rubbed in Chen Feng's arms, making a whining sound, looking at Chen Feng with a caring look.

When Chen Feng first started fighting, Chen Feng protected the blood wind, and then threw him away.

This is a battle that Bloodwind cannot participate in. If he is caught in it, he will only be easily killed.

It was not until Chen Feng escaped that he caught the blood wind again and fled together.

Chen Feng looked at the blood wind, Xiu Zhuo touched his little head, smiled and said: "Blood wind, I know you want to protect me, trust you."

He looked at An Lao again: "An Lao, everything is up to you."

[Chapter 2455: Time of breakthrough](#)

An Lao nodded, Chen Feng felt a loose heart, fell to the ground, and fell asleep directly.

I don't know how long I slept, and finally, Chen Feng was awakened by the warmth on his face.

Chen Feng opened his eyes and saw that a tongue was licking on his face at this time, it was the blood wind.

Chen Feng was itchy being licked, couldn't help but giggled, and touched Xuefeng's head: "Okay, Xuefeng, don't lick it, I woke up."

Xuefeng looked at Chen Feng with concern in his eyes. Suddenly he looked a little embarrassed. He screamed at Chen Feng for a while, and then glared at An Lao next to him.

A look of shirking responsibility.

An Lao flicked his **** head and said with a smile: "You little guy, knowing that you have awakened Chen Feng, you are afraid of being blamed, and you shirk the responsibility on me."

Chen Feng couldn't help but laugh.

An Lao said: "Chen Feng, you have been sleeping for a long time, now it's time to heal."

At this time, Chen Feng still felt extremely sleepy, his body was extremely exhausted, and he wanted to go to sleep.

But he knew he couldn't sleep anymore.

Chen Feng asked, "Old An, how long did I sleep?"

"Has been asleep for half a month."

"What? It's been half a month!"

Chen Feng was startled, but he didn't expect to sleep for so long.

An old man said: "Let you sleep for so long in advance to restore your spirit. If you continue to sleep now, your own body will not be able to sustain the consumption of the injury, and you will die directly in your sleep."

Chen Feng couldn't help being shocked and nodded.

He resisted the fatigue and pain of his body, took out a drop of yellow bird blood, and then started to absorb it without hesitation.

Chen Feng sat cross-legged, amidst the blood of the yellow bird, powerful force poured into Chen Feng's body, and began to flow along his limbs.

Puff puff puff, Chen Feng's body surface cracked many wounds, a lot of congestion, blood clots, toxins, directly gushing out from inside.

Soon, the black blood inside ran out, leaving only blood.

Chen Feng sighed slightly, he did not stop his injury, but continued to practice.

A huge power circulated in his body, and a layer of yellow light gleamed on the surface of his body, beginning to seal those injuries.

The injuries on the surface of Chen Feng's body began to improve.

A layer of yellow light was attached to the surface of the exposed bones, and the yellow light slowly began to congeal into blood and flesh.

A few hours later, that drop of yellow bird blood had disappeared without a trace.

Chen Feng suddenly opened his eyes and let out a long sigh.

At this time, the wounds on the surface of Chen Feng's body were already scabs, and even those wounds with deep bones and wounds with internal organs had grown a thin layer of flesh and blood.

Although it is still very fragile, it is beginning to respond after all.

If Chen Feng's recovery speed were to be seen by other martial emperor realm powerhouses, he would definitely cry out in shock.

It is impossible for a general martial emperor realm expert to recover from an injury like him.

And Chen Feng just took a few hours to be like this.

He recovered hundreds of times faster than others.

A chuckling appeared at the corner of Chen Feng's mouth. He looked at his gradually recovering injury and nodded in satisfaction.

"The general outline of the Scriptures of Jianglong Arhat is indeed a Buddhist secret method. In terms of recovery from injuries, it has an advantage far beyond other exercises."

"Furthermore, the blood of the yellow bird I swallowed is upright, mellow and gentle, and it is also very suitable for recovery."

"In addition, the giant blood in my body also allows me to recover much faster than others."

With the combination of these factors, Chen Feng can recover much faster than a warrior of the same level!

Countless opportunities have created the existence of such a freak!

An old man shook his head, looked at Chen Feng, and sighed and said, "You little guy is really amazing. This recovery speed, if it is spread, I am afraid that people will drop their jaws."

Chen Feng smiled slightly, he smashed the edge of the cave open, and then felt it, and then he smashed all the way down.

Finally, it was directly connected to an underground spring.

The spring eye vigorously emerged from the crack and turned into a small waterfall. Chen Feng took off his clothes and cleaned his body underneath. He drank the cold spring water and drank a great time!

He sighed and his face was refreshed.

A smile suddenly appeared at the corner of Chen Feng's mouth: "Eight Martial Arts ah Eight Martial Arts, I'm afraid you can't think of it! Although the fierce battle with you hurt me seriously, it also caused me to be a bottleneck in the realm of the 1st Martial Emperor. Break directly."

"Now, I have broken through to the realm of the two-star Wuhuang, and there is no longer any stagnation, it will be natural and easy."

Chen Feng was not in a hurry to break through, he still wanted to press down on this feeling of breakthrough again, to the extent that he could not control it at all.

At that time, it couldn't be easier to break through.

Moreover, after a breakthrough in one fell swoop, his strength has improved by a leap.

Therefore, in the next half month, Chen Feng will absorb a few drops of yellow bird's blood every day to restore part of his vision.

After half a month, Chen Feng's strength had recovered by 50%.

At this time, the wounds on his body were basically all healed, fleshy and fleshy, and even completely scabs, there were some scars, but they were no different from normal people!

This morning, Chen Feng had just absorbed a drop of yellow bird's blood.

Suddenly, he felt turbulent in his heart.

Chen Feng knew immediately that the time for a breakthrough had come!

The next moment, Chen Feng took a deep breath and stretched out his fingers.

Above the palm of his hand, four orange rays of heaven and earth power appeared.

The four strands of orange power of heaven and earth were completely different from before. They became abnormally full, very powerful, and completely restored to their peak.

At this time, Chen Feng shook his hand, and the light in front of him suddenly overflowed, and a huge demon pill flew out of the soul person space.

This huge monster pill was the size of a small water urn, and its background was yellow. It was a vast earth and yellow, and it seemed to contain the entire world of yellow sand.

In addition, it is shining with other colorful colors.

It is the demon pill of the Southern Wild Giant Wild Dragon.

Then, several demon pills of the same huge size flew out, and finally several thousand golden demon pills flew out.

This is all the demon pills that Chen Feng has collected since this time.

Want to break through the realm of Wuhuang Realm, want to absorb power, there is no better choice than Demon Pill.

Chen Feng shook his hands, and four wisps of orange power from heaven and earth burst out, slamming on these monster pills bitterly.

With a bang, these monster pills were all broken in an instant.

[Chapter 2456: Sixteen orange rays of the power of heaven and earth!](#)

The next moment, the surging power filled the cave in an instant, almost lifting the peaks alive.

These powers, various attributes are overflowing in all directions, and they are extremely overbearing.

If it's an ordinary person, it can't be absorbed at all, because it's too large and too complicated.

However, for Chen Feng, all this is not a problem.

The next moment, Chen Feng took a deep breath, like a whale swallowing.

He didn't absorb it slowly, but with an extremely domineering gesture, he directly absorbed it into his body.

Then, Chen Feng's general outline of the Arhat Scriptures of descending dragons ran, and these powers became Chen Feng's own power, which was completely absorbed by Chen Feng.

If it were before, Chen Feng could not do this at all.

But now, he feels that he can do everything.

Absorbing these thousands of inner alchemy is no problem at all.

Then, incomparably surging power poured into these four orange ray of heaven and earth power.

With a boom, Chen Feng felt that the world in front of him was different.

The four orange ray of heaven and earth trembled, and the next moment, it split directly.

Suddenly, every orange power of heaven and earth split into three.

Chen Feng's power of heaven and earth has directly changed from four strands to sixteen strands!

Every strand of the power of heaven and earth is much smaller than before, just like the contrast between seedlings and adult trees.

A light smile appeared at the corner of Chen Feng's mouth: "Two-star Martial Emperor, I have broken through to the realm of Two-star Martial Emperor!"

At this time, he did not yell or laugh.

Even now, Chen Feng's expression was extremely calm.

He just looked at An Lao and repeated it again: "An Lao, I have broken through to the realm of the Second Star Martial Emperor."

An Lao also smiled slightly, because for Chen Feng, this result is really justified.

If it doesn't break through, that would be strange.

Chen Feng took a deep breath and moved his fingertips. Sixteen orange wisps of the power of heaven and earth jumped softly at Chen Feng's fingertips, but it was filled with extremely violent and tyrannical power, destroying the world.

Sixteen strands of the power of orange heaven and earth is equivalent to a full 64 strands of the power of blue heaven and earth!

It's just that these sixteen orange wisps of power of heaven and earth are still very young.

But Chen Feng knew that he would be able to make them as strong as before!

Chen Feng slowly stood up, feeling the unparalleled power of sixteen orange rays of heaven and earth, and sighed softly.

No, it seems more than that!

Chen Feng's laughter became even more open: "I was in the limit state, and when I was dying, I urged Jinpeng Zonghou madly. This urge, coupled with my previous accumulation, my Jinpeng Zonghou Jue, it turned out to be about to break through!"

However, this is not so strange.

Chen Feng cultivated the Jinpeng Longitudinal Secret Art for a long time, and he did so every day.

A while ago, it was like squeezing the potential of the last time to bring Jinchengpeng's vertical and horizontal tactics to the extreme. Now it is a matter of course to break through. *noVeLus&.cOm*

The next moment, Chen Feng jumped up.

He didn't sit cross-legged, nor did he land on the ground, but jumped up. At the same moment he jumped up, Jinpeng Zongheng Jue launched.

The golden power circulated in Chen Feng's body, and finally condensed on the arms, and on the arms, each formed a huge wing.

Then, Chen Feng's golden wings flapped, and in this huge cave, he flickered and flickered at an extremely fast speed.

Formed a series of golden silk threads, and even pulled directly into a golden grid.

Like a big net, this huge cave is shrouded in it.

The golden net became denser and denser, with more and more golden threads, and Chen Feng's speed became faster and faster.

Above Chen Feng's arms, the huge golden power became stronger and stronger.

In the end, a thud broke through his shoulder blades, from his arms to his chest.

Then, the next moment, it spreads along the chest and walks around.

Almost just in an instant, it spread all over his torso, and finally came to the waist.

But he didn't go down. When he broke through to below his waist, it meant that he had already cultivated to the third level of Jinpeng's Acrobatics.

Chen Feng has only reached the second level, but has not yet reached the third level.

Golden power spread all over Chen Feng's torso, and then the golden power quietly poured out, forming layers of fine golden feathers on the surface of Chen Feng's body.

This golden feather is like the finest gold casting, gorgeous and brilliant.

Soon, Chen Feng's torso was covered by a layer of golden soft feathers, which looked like a huge Jinpeng.

And his speed, suddenly, directly increased two or three times.

The golden phantom suddenly increased. In the end, it had not formed a big golden net, but formed a huge golden plane!

This cave is huge, but it is too small for Chen Feng.

Because Chen Feng's speed is so fast, it can't even take him one minute and one minute from one end of the cave to the other, and he will hit the cliff if he doesn't pay attention.

However, Chen Feng was able to come and go freely here, but he didn't encounter it.

It shows that Chen Feng's ability to control the body has also been greatly improved.

After the breakthrough, whether it is speed or control, it is different from just now.

Finally, with a bang, the golden plane broke directly and disappeared without a trace.

At the next moment, Chen Feng flew out of the cave, into the valley, and onto the sky!

In the huge picture with the cyan sky curtain as the background, the young man galloped across the sky, tearing the air and making sonic booms!

Constantly issued bursts of long screams, extremely happy.

This kind of extremely fast, wanton, and hearty feeling made Chen Feng extremely comfortable!

An old man saw this scene, and the old man was chatting madly. He laughed and said: "Chen Feng, you are now ten times the speed of sound! Ten times the speed of sound!"

"Ten times the speed of sound?" Chen Feng shouted.

"Yes!" Mr. An laughed: "When the locals heard the sound of you tearing the air through the air, you had already killed him!"

Chen Feng was taken aback first, and then even more happy.

With a glance, Chen Feng's figure stood proudly in the center of the sky.

On both sides of him, above his arms, two huge golden wings waved gently.

He just hovered there, squinting, and his face was full of addiction.

He whispered to An Lao: "An Lao, this feeling of speed is really great."

An Lao looked at her and smiled slightly: "Where are you now?"

[Chapter 2457: Fortune Wings! Ten times the speed of sound!](#)

"Your speed before was three times the speed of sound, but now it is ten times the speed of sound!"

"Even if it breaks to the third level, it is only thirty times the factor!"

Old An took a deep breath, and said in a fascinating gesture: "Do you know that this world has a kind of existence and a lot of power, and their speed is even faster than light!"

"What? Faster than light?" Chen Feng showed a look of shock on his face, he was already a little unable to understand the concept.

He trembled and said, "The speed of light, how many times faster than the speed of sound?"

An old man shook his head: "I don't know, but there are always hundreds of thousands of times!"

"Hundreds of thousands of times! What is this concept?"

When Chen Feng heard this, he couldn't help but take a breath, and was deeply shocked.

An old man looked at his confused look and said: "The moment the sun rose, the light was shining on your face, and you can imagine if the enemy's speed is faster than the light."

"Then, when the light shines on your face, he has already come to you."

Chen Feng thought about it carefully, the more he thought about it, the more shocked he couldn't help.

When it was so shocking in his heart, faster than the light, he couldn't hide it at all. When the light came, his offensive had already arrived, and he was already dead.

Thinking about that realm, Chen Feng couldn't help but fascinated.

In the next half month, Chen Feng continued to improve his strength here.

Finally, after half a month, Chen Feng recovered completely!

At the next moment, Chen Feng's wings suddenly flashed, constantly reflecting in this long cave at extremely fast speed.

Soon, he went straight through the small gap in the cave entrance and came into the valley.

The next moment, it was soaring into the sky, directly above the sky.

Chen Feng laughed loudly: "Now I have stepped into the realm of the two-star martial emperor, with sixteen orange ray of heaven and earth power, which is equivalent to 64 ray of cyan heaven and earth power."

"And the peak of the five-star Martial Emperor is nothing more than sixty-four ray of the power of the cyan heaven and earth. Now I only rely on the power of the heaven and the earth, without using anything else, without using the Buddha to destroy the magic knife, I can still kill the peak of the five-star Martial Emperor! "

"Moreover, my speed is three times as fast as before, and I can fly three million miles a day and a night!"

Chen Feng's ability to control the body has increased even more.

Now he made a loud voice: "It's time for revenge!"

"People of the Eight Martial Arts, you will wait for me. If Chen Feng doesn't kill you all, I will swear not to be human!"

This is where the vast sea and endless mountains border.

This area is thousands of miles wide, and there are rugged rocky mountains everywhere, huge rocks everywhere, and steep cliffs everywhere.

At a glance, it is boundless, showing a green and gray color, giving people a feeling of dead silence.

The waves were surging, slapped against the coast, making surging noises.

Not far from the coast, just hundreds of miles away, there are many small islands.

Some of these small islands have built cities, while others are innocent.

Some have a radius of a hundred miles, with mountains, waters and plains on them, while others are just a huge reef.

At this time, two human figures whizzed by from the sky. They landed on a small island and hovered in the sky a few times.

This small island is about a dozen miles in circumference, and there is no human population on it, only a stone mountain, and a clear spring flowing down from the stone mountain, turning into a river, winding into the sea.

This small island is clear at a glance and can be seen clearly at a glance.

The two of them strolled there for about a cup of tea, and they made sure that there was nothing on the island that they wanted to find, and then they vacated again.

At this time, their gazes were still staring at the sea, and then they landed on a small island and continued to check.

In this way, one morning passed quickly.

One of these two is the burly Han Huangfu Wu He, and the other is the old man with white hair. novelusb.com

The old man with white hair sighed slightly, with a hint of reluctance on his face, and said in a complaining tone: "When is this **** boss?"

"We have explored a range of about 10,000 miles in the morning, and it is within our control, but there are still a million miles! When will we be able to explore all places?"

"Furthermore, even if our investigation is completed, who can guarantee that Chen Feng will not run from a place we have not yet explored to a place we have already explored?"

"Wasn't we **** doing it before or was it useless?"

The more he talked, the more angry he became. With a slap, he directly razed a small island with a radius of ten miles below and a dozen fishing villages above it.

The people in those fishing villages were killed before they had time to say a word.

This person destroyed tens of thousands of lives with one hand, and he flicked his fingers like an ant, without even looking down.

The tyranny of his temperament is evident!

His companion, the burly Han Huangfu Wu Hao, didn't take this seriously, and didn't even bother to look down.

He sighed lightly and said, "There is no way, we can only do this now, or what else?"

The white-haired old man sighed and said, "It would be great if the Poison Boy was there. The Poison Boy had already remembered Chen Feng's breath. As long as he was there, he could easily locate Chen Feng and track him easily. "

"And none of us are capable of this!"

Huangfu Wuba also became more and more impatient, and roared, "What's the use of talking nonsense? Wandu Boy is dead and has no bones left!"

This gray-haired old man was named Lin Jiantong, and his sect was also among the eight sects, but among the eight sects, his strength was the lowest.

His strength is also relatively poor, because of this, he can compete with Huangfu Wuba team.

Because Huangfu Wuba's strength is the strongest among them except Mrs. Baihua.

Although he was old, he was so reprimanded by Huangfu Wuba, but he didn't dare to talk back, he just murmured!

This person is tyrannical, cowardly, cruel, and incompetent.

When facing Huangfu Wuba and Chen Feng, he was terrified to the extreme, but facing those people, he was extremely cruel.

Huangfu Wuba also felt that he had said a little bit earlier, and sighed and said, "Brother Lin, what I said just now was a bit awkward, so don't take it to heart."

"Now, you still didn't take this matter seriously, you know, Chen Feng is the enemy of life and death."

[Chapter 2459: Kill one after another!](#)

But an extremely powerful shock wave rushed to the surface of the sea fiercely, even expelling the water in a radius of hundreds of miles.

In an instant, the seabed was exposed.

The sea water was slammed everywhere, falling on the sky, and then quietly falling, turning into a pouring rain!

Chen Feng's 16 strands of orange power from the heavens and the earth, with a destructive posture, bitterly smashed the forty-eight strands of the blue heaven and earth to pieces.

Fragmented!

Huangfu Wuba let out a stern scream and a mouthful of blood spurted out, already deeply hurt.

He roared in disbelief: "How is it possible? How could you be so strong? Your power of heaven and earth is obviously much less than mine! How can you have such a strong strength?"

Chen Feng smiled and said: "Say it again, open your dog's eyes and see clearly, I am the power of the orange world."

"What? It turned out to be the orange power of heaven and earth?" Huangfu Wuba exclaimed.

At this moment, his face finally showed a touch of fear.

The mind that was dazzled by greed has also become sober, he yelled in disbelief, "You are so strong?"

Chen Feng smiled: "My strength is far beyond your imagination!"

With that, Chen Feng's orange power of heaven and earth hit him again.

This time, he directly smashed his body to pieces.

He sprayed blood frantically, knowing that he was about to be killed here.

A feeling of despair came to his mind, and he screamed frantically: "Lin Jiantong, put the signal quickly, put the signal quickly!"

The next moment, his scream stopped abruptly.

Chen Feng's orange power of heaven and earth hit his body again.

With a bang, this time he directly shattered the entire bones he had hit, his body trembled heavily, and the vitality in his eyes disappeared directly.

He was directly killed by Chen Feng.

Chen Feng didn't even make a single move, but brutally used the orange power of heaven and earth to hit him three times and killed him.

This is where Chen Feng is tyrannical.

This is where Chen Feng's orange power of heaven and earth is overbearing!

Seeing this scene, Lin Jiantong was completely stupid.

Huangfu Wuba, a man who was close to the pinnacle of the five-star martial emperor, was extremely powerful, and even grabbed a lot more than him, so he was so easily killed by Chen Feng?

There was a look of fear in his eyes. Looking at Chen Feng, the greed in his eyes had disappeared without a trace, replaced by a thick and extreme fear.

He knew that he was definitely not Chen Feng's opponent.

He screamed, and quickly raised the signal in his hand, and was about to release it.

Chen Feng looked at him and smiled slightly: "Want to release the signal? Without my consent, can you release it?"

As he said, Chen Feng's figure flashed and came to him, the orange power of heaven and earth struck out again.

It is still this brutal attack!

Lin Jiantong let out an angry roar: "Don't want to kill me, I won't be killed by you so easily!"

As he said, a small jade Ruyi appeared in his hand, Yu Ruyi radiated a strong jade color light, covering him.

He roared: "Huangfu Wuba didn't have time to use the treasure just now. If you use the treasure, how can you kill us?"

"But I am different!"

His jade wishful light covered his whole body.

In his opinion, he can definitely block Chen Feng's offensive.

Chen Feng sneered: "Really? Then give it a try."

With a bang, the orange power of heaven and earth hit the light, without a trace of stagnation.

It actually smashed the light directly!

Yu Ruyi made a creaking sound, which broke directly, and then, the orange power of heaven and earth hit his body, smashing him into blood.

Chen Feng looked at him with a smile, and said softly: "It seems that your treasure is useless!"

Lin Jiantong showed a look of disbelief, and exclaimed: "How is it possible? My treasure is so powerful that it can't stop your attack?"

Chen Feng smiled and said: "What you can't even think of is still behind!"

The power of the orange heaven and earth struck again.

Chen Feng and this incident suddenly let out a violent roar, and a rare ferocious color flashed in his eyes: "I have no grievances with you, and you have harmed me like this and made me almost die!"

"Today, it's time for you to die! Die!"

Following Chen Feng's roar, the power of the orange heaven and earth hit Lin Jiantong, killing him as well!

Chen Feng now, after breaking into the two-star martial emperor, killing them would be a breeze.

Now, under the six-star Wu Huang, Chen Feng doesn't care about it.

Even the Six-Star Martial Emperor, Chen Feng can break his wrist!

Chen Feng didn't crush the two of them, because Chen Feng knew very well that people of their level and status would often carry the best things in the sect with them.

The eight major sects are as famous as Wudong Academy. The best things in their sects, the strongest techniques, the most precious treasures, even Chen Feng dare not look down upon them!

Therefore, Chen Feng kept their bodies and prepared to reap some benefits!

Chen Feng searched for the two corpses for a while, and soon a smile appeared on the corner of his mouth.

When he stretched out his hand again, two rings appeared on the palm of his hand.

When they reach their level, they can basically have storage rings, and will no longer use mustard bags for storage like before.

And at this moment, far away from millions of miles away, Madame Baihua's expression suddenly tightened.

She hurriedly took out a jade box, and in that jade box, there was an exquisite jade pagoda.

The Linglong Pagoda is very delicate, but it is only seven stories high, and it is completely carved from a piece of beautiful jade.

At this time, every floor of Linglong Pagoda was equipped with a small stove.

Inside this stove, the fire that ignited gave people a very mysterious feeling, and a mysterious soul power was directly exposed from it.

At this time, the fires in the two furnaces on the first and fourth floors had flourished from the beginning, and then gradually became weak, and then brushed a bit, and it was directly extinguished.

The two went out almost at the same time.

Seeing this scene, Mrs. Baihua exclaimed: "Huangfu Wuba and Lin Jiantong's natal lamp were actually extinguished? They two are dead? They were killed?"

"Furthermore, it took only a few moments from the time I discovered that their natal lamp began to decline, to when Huangfu Wuba's natal lamp went out."

"From Huangfu Wuba's natal magic lamp to Lin Jiantong's natal lamp extinguishing, it took only two moments!"

"This shows that the people who kill them are much stronger than them. Killing them is as easy as killing a chicken and a dog!"

[Chapter 2460: What are you guys?](#)

She immediately exclaimed: "Huangfu Wuba and Lin Jian are both five-star martial emperor masters. Huangfu Wuba can reach the pinnacle of the five-star martial emperor even further. Who is it? Can you kill them both easily?"

"In the Tianyuan Dynasty, who can do this except that old monster of the royal family?"

Two words emerged in her heart immediately: "Chen Feng, it must be Chen Feng!"

Although she didn't want to admit it, she knew that it must be Chen Feng, and it could only be Chen Feng!

There was a deep sense of astonishment in her heart: "Chen Feng is not dead? Chen Feng is now starting to take revenge!"

"Moreover, in just two months, his strength has improved so rapidly? This Chen Feng is really terrifying!"

She has always known the horror of Chen Feng.

However, it was not until this moment that she realized how terrifying Chen Feng was.

She gritted her teeth and immediately had a decision in her heart: "We can't be broken by Chen Feng, we will start to join hands now, otherwise, no one will be able to run away by then."

She immediately crushed the fist-sized thing in her hand.

With a snap, suddenly, above the sky, a peony with a height of 10,000 meters suddenly bloomed.

Then, strange soul fluctuations diverged outward along the peony.

She began to summon the remaining four!

Leng Yuecan and Qiu Zi are really a team, and the two of them are searching the sky above an endless mountain.

At this time, they suddenly felt a wave of soul fluctuations.

Qiu Zizhen immediately exclaimed: "This is someone calling! Someone found Chen Feng? Great! Let's rush over!"

The two of them immediately swiftly moved in the direction that the spirit wave came from.

At the same time, in another direction, a million miles away.

The other team, consisting of Lei Monkey and Yuan Puxin, naturally felt the mental fluctuations at this time.

The two of them are also ready to go.

But, at this moment, a stern shout came: "Want to go? Did you leave?"

In the distance, a golden light came suddenly towards this side.

The next moment, I came to the front.

Then, sixteen orange rays of the power of heaven and earth attacked Yuan Pu fiercely.

Yuan Puxin exclaimed: "Who are you? Why did you attack me?"

The next moment, they saw Chen Feng and saw his appearance clearly.

As a result, Yuan Puxin's expression of shock on his face became even stronger: "Are you Chen Feng? You are not dead yet?"

As he spoke, he resisted.

However, he did not put Chen Feng too much in his eyes.

His current strength to Chen Feng is still at the previous stage.

However, after the two collided, he immediately felt bad.

The sixteen orange wisps of power from heaven and earth rushed towards him fiercely.

With a bang, his power of heaven and earth was smashed to pieces.

And he was bumped back and fell out with crazy screams.

Chen Feng's figure flashed again, came to him, smiled slightly, looked at him, and said softly: "Yes, it's me!"

"This is the one who killed you, he's back!"

He stretched out his hand and pressed it on his chest.

With a loud bang, his heart pulse was shattered!

These are all happening between fire and water.

From the appearance of Chen Feng to the death of Yuan Pu's mind and body, the whole process took no more than two moments.

In such a short period of time, Chen Feng had already killed Yuan Puxin.

At this time, Thunder Monkey even just recovered.

He exclaimed in disbelief: "What? How is it possible?"

"Why is it impossible?" Chen Feng sneered coldly.

He looked at Lei Monkey and said calmly: "At the beginning, if you didn't attack me, you wouldn't even be able to hurt me."

"You guys, it's just that I didn't have any defense against sneak attacks, so I was able to seriously wound me. Do you really think you are very strong?"

"Tell you, you are alone, no one is my opponent."

"And if I am prepared, even if you join hands, I can retreat with my whole body!"

"Not to mention..." Chen Feng grinned slightly, looked at him and said softly: "I am now, but I have stepped into the realm of the two-star martial emperor!"

"What? Are you just a second-star Wuhuang?" Lei Monkey was shocked when he heard this.

He stared at Chen Feng and let out a soft cry of disbelief.

If it weren't for Chen Feng's own words, he couldn't believe that Chen Feng was only a two-star Wuhuang.

You know, he just killed a Five-Star Martial Emperor easily!

He looked at Chen Feng, with a hint of despair in his eyes: "What kind of genius is this!"

"It's just a two-star Martial Emperor, and it can kill a five-star Martial Emperor. This is too incredible!"

Chen Feng looked at him and let out a sneer, and said with disdain: "You eight martial sects, that's the pattern."

He suddenly looked up to the sky and laughed, with a proud face: "Do you think I will put you in my eyes?"

"Tell you, I have never looked at you straight, and my goal has never been you."

"I want to go to a higher place, what I want is stronger strength!"

"What are you guys?"

"I've never even beaten your idea. Besides, what if I win you, surrender you, or even kill them all? Can you prove how strong I am?"

Chen Feng looked at them with extreme contempt.

A look of regret appeared on Lei Monkey's face.

He hates it!

It turned out that Chen Feng had no idea of dealing with his own sect at all, but he was actually a ghost to deal with him.

Now that the time of death is approaching, there is no escape.

At this moment, Chen Feng suddenly showed a weird smile, looked at him, and said softly: "Do you want to escape?"

"What? I can get away with it? Can you spare me? Can you not kill me?" Lei Monkey's face suddenly showed hope.

He looked at Chen Feng and said with a trembling voice.

Chen Feng smiled: "Yes, if you do two things for me, I can spare your life!"

"I do, I do." Lei Monkey said with a trembled almost without hesitation.

He didn't even ask what Chen Feng asked him to do.

Because he had been completely frightened by Chen Feng.

Because he knew that he was not Chen Feng's opponent at all.

Chen Feng wanted to kill himself now, that was just a matter of effort.

He knew that if he didn't agree, he would definitely die.

Therefore, he did not hesitate.

Chen Feng looked at him and said lightly: "The first thing is to answer one of my questions. Who provoked this matter?"

Lei Monkey said without hesitation: "It's Madame Baihua!"
