

## Peerless 2471

### [Chapter 2471: silver fox](#)

But now, seeing her expression like this, he immediately relaxed, curled his lips, and said, "Fortunately, you haven't forgotten the teachings of grandma and grandma."

"Otherwise, if you are really demonized and fall into the demon way, then you won't be able to keep you."

As she said, she suddenly held her chin, looked at the little demon, with a depressed expression on her face, and said, "She can transform into form, it's incredible!"

"You know, the old grandmother used the spirit spring we cherished to water her for three full years, and she changed from opening two stars to six stars!"

"Now that it is so fast, the seventh and most important Yaoguang star has been opened!"

"That's it? It's really incredible!"

Suddenly, she suddenly realized something, and then her eyes widened. Seeing Chen Feng lying on the ground in the scene in a coma, her breathing became rapid.

After a long time, he exhaled a long suffocating breath, and said with a trembling voice: "Here, this guy takes a mouthful of blood. Let the little demon open a star directly and transform it directly."

"How tyrannical this guy's body is! How precious is his body! How noble is his blood! How extraordinary is his physique!"

She used four huge exclamations in a row. The little fox's mouth widened, and the corners of her mouth were drawn with two upward arcs, which looked silly and very cute.

After a long time, she suddenly jumped up like burning buttocks, and ran out while screaming:

"No way, no way, we must save him, this guy's physique is simply against the sky!"

"You must save him! After the ancestors know about it, he will definitely let me do this!"

She ran to the door of the cave, swished again, and rushed back to the huge ball of light.

Then, after a few taps, the voice in his mouth became majestic: "Dead Soul Guardian, listen to my orders..."

She murmured a few words, and then the next moment, in the woods, in the cyan fog, one by one tall cyan light and shadow came out.

They are the Guardians of the Dead Soul.

They came to the route that Chen Feng traveled all the way, and then carefully picked up all the objects that were stuck with Chen Feng's blood, whether it was gravel, dirt, or leaf bark.

Then, walk towards a certain place.

The little demon was waiting to lie down and let a sip of her own essence into Chen Feng's body. Suddenly, at this moment, she felt cold all around her.

The sound of the surrounding trees swaying in the wind, the trembling sound of the leaves, and the cry of the beast in the forest all disappeared in an instant.

The corner of her eye was swept away, Uncle Lobster was constantly winking at her.

She raised her head in astonishment, and then saw that Uncle Lobster, Grandma Mulberry, and other brothers and sisters, uncles and uncles, are standing there now, with a look of awe on their faces, looking at a certain place. .

She also looked there, and then her face also showed awe.

It turned out that there were a dozen dead soul guards who were ten meters tall and grimaceous at this time.

Each of them exudes an extremely huge aura, even the most powerful mulberry grandmother in the valley can't compare to any of them.

And above the head of the dead soul guard at the center, and also the tallest, stood a little fox.

Its hair is silvery white, and it turns out to be a silver fox.

It jumped off the dead soul guard, then came to Chen Feng's side, looked at Chen Feng, wandered around, and then carefully sniffed the breath that filled the air.

The look on his face has also changed from the inattention at the beginning to the shock now.

It sighed softly, and said to himself: "Little Seventeen is really right! This guy's physique is really against the sky!"

It was a crisp woman's voice, she was seventeen or eighteen years old when she listened to her voice, with a hint of cuteness.

"Don't say it's now, even in the peak period of our Qingqiu kingdom, the geniuses from the ridiculous families, famous clans, and major empires I have seen are not as good as him."

"No wonder,"

She looked at the little demon, with a smile on her face, and said, "You little guy has a real chance. You can absorb his blood and make a breakthrough in one fell swoop."

The little demon seemed a little afraid of her.

In fact, their valleys and the elves nearby are both respectful and awe-inspiring to the people of the country of Qingqiu.

She was nasty at this moment and didn't know what to say.

Because she had never even seen this silver fox before.

But the silver fox looked at her carefully, but the solemn expression on his face suddenly changed, turning into a hippie smiling face, looking at the little demon with a squinted gaze.

Suddenly, she rushed forward, slapped her mouth, and kissed her little pink cheek.

The little demon was stupid at once, not knowing why she did this.

However, she felt a little shy instinctively, and said: "You, what are you doing?"

"You, why are you kissing me?"

"Because I like you!" Yinhu was obviously a girl, and he giggled. The laughter deliberately pretended to be a bit of a hooligan.

Then, she reached out and pinched the little demon's round and cute face like a big apple, and said with a smile: "Oh, you really didn't see it before you changed your shape, you look so cute!"

"Hahahaha, since I was attracted by Silver King, then you can go with me!"

It turned out that this guy even claimed to be the Silver King.

With that, she ordered a Dead Soul Guardian to pick up Chen Feng, and then stretched out her hand to hold the little demon in her arms.

The little demon was obviously reluctant, but she didn't dare to resist, she was about to cry with her small mouth and red eyes.

But suddenly, she turned her head and saw Chen Feng, and suddenly thought in her heart: "If I don't follow, I won't see him!"

Thinking of this, I suddenly didn't feel wronged.

With a swish, Silver Fox jumped onto the Death Soul Guardian and ordered them to leave.

She saw the worried expressions on the faces of the lobster, the grandmother Mulberry and others, and said with a smile: "Don't worry, if our country of Qingqiu is hostile to you, will you still survive?"

"I just think this little guy is cute and want to stay with her for a few days."

"Don't worry, it won't be long before I will send her back as it was, and it won't hurt her hair."

As soon as she said this, Lobster and others were relieved.

The huge tree body of the mulberry tree bends and said, "Then there is Lao Yinguang."

#### [Chapter 2472: This is the country of Qingqiu? !](#)

This little silver fox has a high status in the kingdom of Qingqiu. She was the princess of the silver light before the kingdom of Qingqiu was destroyed.

Of course, she prefers to call herself the Silver King.

Chen Feng didn't know how long he had been asleep, he only knew that he seemed to have fallen into an endless nightmare.

He dreamed of all the pain and all the troubles he had experienced since he was conscious.

He dreamed of those who wanted to kill him, but were killed by him in the end.

He dreamed of those enemies, and even, in his dream, he also added countless strange memories, I don't know who it was!

In the end, Chen Feng's clearest and final freeze-frame memory was the gentleness of his body.

It's like soaking in some warm water, it's very comfortable.

He just fell asleep again.

Finally, after not knowing how long, Chen Feng slowly woke up.

He opened his eyes gently, and then felt a white light in front of him,

Although the white light was gentle and soft, and not glaring at all, it was still somewhat unbearable for Chen Feng, who had been asleep for a long time.

So he simply closed his eyes again and straightened out all his previous memories.

Chen Feng's chaotic mind also returned to clarity: "Ah, I remember, I fled to this weird place, and then was chased by Lihun. In order to protect me, Anlao was captured by Lihun."

"Then, I entered the misty area."

"So, where am I now? Do I stay in that misty area?"

"If I didn't die in the foggy area that gave people a sense of extreme danger at first sight, then it means that either I was rescued, or there was something strange in the foggy area!"

Even after Chen Feng was seriously injured, he was still clear-headed, and he guessed right now.

Then, Chen Feng felt his body again, and he found out. At this time, the injury in his body had recovered by one or two.

Chen Feng's heart moved, and suddenly, an orange shadow of the power of heaven and earth appeared before his eyes, and then another.

There are two orange powers of heaven and earth.

Chen Feng sighed slightly, feeling a little at ease.

"I now have two complete orange powers of heaven and earth, and my strength has recovered by 20%. At least I have some self-protection ability."

At this time, Chen Feng could also feel that the reason why he was able to regain his strength was because a gentle and clear force was continuously flowing from the outside of his body into his body.

This force, extremely large and extremely pure, gave Chen Feng a great benefit.

At this time, a crisp and clean woman's voice suddenly rang, and she heard her voice like a young woman in her twenties.

There was a faint mockery in her voice: "We spent such a great price to draw a ray of pure moonlight from the Supreme God Tree to heal you."

"In just three hours, it has consumed the moonlight that has been stored for twenty years, not to make you awake here but still pretend to sleep, and keep thinking about it."

Chen Feng was a little ashamed, and it was indeed not very courteous to do it himself.

He saved himself, but he woke up but still pretended to sleep here.

He opened his eyes and said apologetically: "Sorry..."

But suddenly Chen Feng's eyes widened, and he didn't even say what he said to his lips.

His eyes widened and his face was full of shock.

It turned out that at this time Chen Feng found that he was in a hall.

And this hall is not stone, not wood, it is actually made of bronze.

The ground is bronze, the walls are bronze, and the roof is bronze.

Moreover, the four walls and ceiling are carved with extremely complicated and gorgeous patterns.

These patterns are not only complex and gorgeous, but also full of ancient and desolate atmosphere, majestic, simple and rich.

At this moment, the gentle energy that was spilled on his body, what was supposed to be like liquid medicine, turned out to be moonlight.

A cold, clear moonlight splashed down and fell on him, providing that huge energy.

The source of moonlight is on the roof, a laurel leaf about the size of a palm.

This laurel leaf is extremely clear and looks like the best jade.

At this moment, standing in front of him was not a person at all, but a little fox.

A little silver fox.

It was only three feet tall, and it didn't look evil in the slightest, on the contrary it was pretty and cute.

At this moment, I was standing on a bronze pier, looking at myself without blinking!

Chen Feng's heart was pounding, all the settings here, everything here, this moonlight, this fox, this bronze, this laurel, all explain one thing, that is...

Here! most likely! It is only possible! The only possibility is: "This is the country of Qingqiu!"

Chen Feng sat up abruptly, looked at the little fox in front of him with scorching eyes, and said, "The country of Qingqiu, this is the country of Qingqiu, right?"

The little fox raised his eyebrows and looked at Chen Feng. The corners of his mouth rose slightly: "You know the kingdom of Qingqiu?"

"So, you didn't come here by mistake?"

She stared at Chen Feng with awe-inspiring eyes suddenly, and her voice became extremely cold: "Are you here to find us? Are you here to hunt us?"

Chen Feng was overjoyed at this moment: "I have found the country of Qingqiu, I have found the country of Qingqiu!"

He couldn't help laughing, but such a laugh immediately affected his wounds, and Chen Feng's painful mouth squirmed.

He looked at the little fox and said, "Don't get me wrong, I did come to the country of Qingqiu, but I have no intentions." [novelsb.com](http://novelsb.com)

"I came to the country of Qingqiu just to find the whereabouts of some of my friends. For you, I don't have any coveting heart!"

"Oh? Really?" The little fox looked at Chen Feng, his face still a little suspicious.

Suddenly, the cold color on her face disappeared without a trace, she looked at Chen Feng with a grin, and said:

"It doesn't matter, it doesn't matter what your purpose is, since you have come in anyway, you don't have to think about going out."

"It's a pity, although you wake up and have been rescued, you can only stay here for the rest of your life!"

"Ah? Why?" Chen Feng was surprised: "Why do I have to stay here for the rest of my life?"

"Isn't this nonsense?" The little fox curled his lips and looked at Chen Feng from the corner of his eyes. He looked down on him very much and didn't even understand this.

It's just that she made this action, not annoying, but very cute and cute.

#### [Chapter 2473: ecstatic!](#)

She said: "This is the last residence of our country of Qingqiu. Our country of Qingqiu was hunted and killed by thousands of people, and finally escaped here and escaped that powerful enemy."

"And you, whether you entered here by accident, or deliberately entered here, you can't leave here in your life."

"Otherwise, what should you do if you tell others about our news after you go out?"

"I won't tell anyone!" Chen Feng said in a deep voice, "I, Chen Feng, can even swear!"

"It's useless, and it's useless if you swear."

The little fox's voice suddenly became indifferent, and he said with a trace of indifference and coldness: "There is a person who is extremely trusted by us and swore an oath that he will not tell the big secret of our clan. As a result, he dare not say it. And told us the enemies of the Qingqiu Kingdom."

"Those enemies know our weaknesses. Before them, our strength has dropped by more than one level? It can even be said that being slaughtered at will, there is no way to fight back!"

Chen Feng was moved and asked, "Who is it?"

"You don't need who it is."

The little fox said indifferently: "What's more, there are ways to torture the soul outside."

"Even if you take a poisonous oath, you won't confide a word, the enemy still has a way to take your soul out and tear it apart, and know all the secrets inside."

There was a deep-seated sadness on her face: "Which one of us in the country of Qingqiu is not spine? Which one will betray our race and tell others our secrets?"

"However, our secret started with something damnable and it was constantly being revealed. Isn't it because their souls were torn apart and tortured?"

She used such an indifferent tone, but she said these cruel words, making Chen Feng's heart trembled as if being hit by a sledgehammer.

This little fox seems innocent, but how many painful things she has gone through before she can use this indifferent tone to tell the miserable things that her family has experienced?

And from this, you can imagine how painful things the country of Qingqiu has experienced!

The little fox quickly returned to normal, and said grinning: "But, you don't have to worry about being alone."

"We saved more than a dozen people years ago, and they followed us here. You are also their kin. You can meet and chat with them later."

"Maybe, you can stay together and become biological children and give birth to small humans here?"

With a curious expression on her face, she said, "I haven't seen what a human doll looks like. Is it the same as when we were born?"

As he said, there was a burst of sweet laughter.

When Chen Feng heard these words, like a lightning strike, his whole body trembled violently, and his whole body was almost stunned.

The next moment, his heart was filled with boundless ecstasy, and he instantly thought: "Will those few people be them? Isn't that the person I'm looking for? Isn't it the purpose of my trip?"

"Aren't they the people I've been looking for?"

Chen Feng felt that he was almost covered by joy.

He looked at the little fox and said with a trembling, "They, isn't it? One is called Yuechun, the other is Ruyan, there are many people, there are Baishanshui, and many men and women."

"Is it them? Is it them?"

The little fox gave a soft cry, with a look of surprise on his face, looked at Chen Feng and said, "Ah, do you know them?"

"I don't know about others, but Hua Ruyan and Jiang Yuechun have very good temperaments. I have a very good relationship with them and I often play with them."

"Yes, it's them!"

With a bang, Chen Feng felt like he was hit by a pie in the sky, staring at Venus, and he was extremely happy.

He even happily had his heart beating wildly, his whole body flushed, and he sat down on the ground, almost fainting.

The little fox looked at Chen Feng, tilted his head, and said with some confusion, "As for how happy you are?"

Chen Feng felt so happy that he almost exploded.

He laughed and said: "Yuechun, Ruyan, Hongxiu, brother... I finally found you, I finally found you!"

Suddenly her eyes were sore, tears fell down, holding her head and crying, and said with a trembling voice:

"In the past few years, I have been thinking about finding you all the time! I have been searching for your traces all the time!"

"I finally found you, I finally found you!"

Chen Feng cried with joy.

He looked at the little fox, and suddenly flew over, hugged the little fox directly, then tapped her on the face, kissed her, laughed and said, "Thank you, thank you for telling me the news."

"Do you know? I have been looking for them for many years, I am so happy!"

As he said, Chen Feng burst into laughter.

At this time, he didn't notice that after the little fox was kissed by him, his entire face turned red, and he seemed very shy.

The look in his eyes also became blurred for an instant, and he lowered his head not to look at Chen Feng.

Then, she suddenly thought of something, suddenly raised her head, stared at Chen Feng fiercely, and shouted: "You dare to insult me?"

With that, she stretched out her little fox's paw and pinched Chen Feng's waist severely.

Then he swished, and disappeared.

But no matter how you look at it, it makes people feel that her figure is a little bit deserted!

"That's right!" Chen Feng suddenly shouted: "Where is the little wolf that I carry with me? What about the little guy? How is he?"

Although the little fox was gone, his voice quickly floated over: "Don't worry, we have already thrown it into the pot and stewed it!"

The voice seemed to be speaking through gritted teeth, with a bit of gritted teeth.

Chen Feng laughed, naturally knowing that she was a lie!

This little fox, which looks like a fox, has more etiquette and morality than human beings. How could he do this?

Chen Feng was stunned for a moment, and then continued to laugh. He felt that if he didn't laugh a few times, he was afraid that his chest would be exploded.

But suddenly, Chen Feng's laughter stopped.

The next moment, his whole person's mood became a little depressed, and his face was even more worried.

He thought of An Lao and whispered softly: "An Lao, how are you now?"

"How on earth are you now? I am worried about you."

Chen Feng's heart was full of worries.

In order to protect himself, An Lao was afraid that he had fallen into Li Soul's hands now, and he didn't know how he would be treated.

What Chen Feng didn't know at this time was that just after he escaped into the mist, Li Hun had already got rid of the entanglement of the old man and rushed directly in front of the mist.

#### [Chapter 2474: An old captured](#)

In the next moment, he will rush into the mist.

Suddenly, his figure stopped, and he looked at the mist in front of him suspiciously, with a thick look of fear on his face.

It turned out that at the moment he was about to rush in, he felt an extremely dangerous feeling in his heart.

He has a hunch that if he rushes in, he will definitely die here today.

He took a deep breath, gritted his teeth, his expression changing.

He thought for a while, and then raised his steps to step into the mist, and finally, just as his feet were about to step into it, he suddenly retracted at a very fast speed.

His face was full of unwillingness, but after all, he dared not venture in.

He regretted his life.

He stomped on the ground fiercely, and roared: "Fuck, who set up this ghost way here? Don't let Lao Tzu know, otherwise, you will be wiped out!"

He screamed and vented frantically here, and seemed to vent his anger a little.

Then, he suddenly showed a dark smile on his face, and said, "Chen Feng, Chen Feng, there is a way to heaven, you don't go, there is no way to hell, you break in."

"Do you think you can escape my chase if you escape in?"

"It's extremely dangerous. I don't dare to go in. You are seriously injured. After you go in, I'm afraid that there will be no bones left."

There was a relaxed look on his face: "Chen Feng must be dead, and my mission on this trip is considered complete."

In his opinion, Chen Feng is already mortal.

Then, he turned his gaze to An Lao.

Suddenly, there was a hideous look on his face: "Old things, you are all to blame, so I didn't catch the little boy Chen Feng."

"If I catch him, how many secrets can I get from him! He is so young, yet so powerful, and he must have so many secrets!"

"You stopped me, you ruined all of this! I abolished you!"

With that, he shot out with a palm, and directly split An Lao to pieces.

The whole body burst open all at once.

But at this time, An Lao was not afraid of it, and instead let out a burst of laughter, haha said with a smile: "You are really furious, so that's it?"

"And you, the more annoyed, the happier I am!"

"Hahahaha, now, what can you do with me?"

When he said that, Li Hun became even more angry.

He roared frantically, tearing Anlao into pieces.

And An Lao, although the pain was extremely painful, he was full of arrogance, without any submission.

He laughed loudly and said, "This is what you have at the Soul Destruction Hall!"

"Fart! We act for the Tiandian, walk for the sky, kill you ghosts, catch you, and do things for the sky!" Li Hun said with a grim expression.

"Hahahaha, ridiculous, really ridiculous!" An old laughed loudly.

An old cold voice said: "Don't you think I don't know what you are?"

"You kill the soul hall, under the guise of eliminating hidden dangers for the dragon veins, you catch wandering souls like me everywhere, so high-sounding, in fact, it is not to catch the wandering souls and torture the secrets in our hearts, and then use To enhance your strength?"

"We old ghosts, one by one, we all have a lot of secrets!"

Li Kun Yinyin smiled: "Yes, old stuff, you know a lot!"

"But, what? Hahahaha, haven't you fallen into my hands yet?"

"Old thing, come back to the Soul Palace with me now and suffer the torment of that eternal life!"

As he said, he sneered and stretched out his hand to pinch An Lao directly.

Then, take out a portable thing that looks like a lamp.

The whole body of the lamp is made of bronze, with a flame as big as a bean at the bottom, and a bubble hanging above it.

He stuffed An Lao directly into the bubble.

Suddenly, An Lao's face showed extreme pain, and under the flames, the pain seemed to be extreme.

However, even so, he gritted his teeth firmly without making a scream!*nOveLusb.com*

Li Hun laughed and said, "Old thing, you can support it, even if you do, you don't scream."

"Okay, wait and see, I see when you can bear it!"

"Burn you in this soul karma fire for hundreds of years, I don't believe you can hold it."

With that, he grabbed the lamp, turned and left directly.

Chen Feng clenched his fists, his eyes were very firm, and he said softly: "An old man, don't worry, I will definitely save you!"

"Don't worry, this Soul Destruction Palace, I will never let them go!"

At this time, the door was knocked gently.

At the next moment, someone opened the door and entered.

This time the person who came in, Chen Feng thought he would be a little fox, but he didn't expect to be a gentle woman in her thirties.

This gentle woman is beautiful in appearance, wearing a red robe, she is as beautiful as a fire, and her appearance is also that kind of beautiful, and at the same time extremely charming, full of charm, and beautiful as a peach and plum.

However, the look on her face is very gentle and indifferent, just like a gentle big sister.

She looked at Chen Feng, smiled and said, "Dare to ask this young man his surname?"

Chen Feng got up and saluted and said, "Now Chen Feng, I would like to thank you for saving my life."

"My son, don't have to be polite."

The woman pursed her lips, looked at Chen Feng, and said softly: "It's true that the son fell into the land of my Qingqiu country. If it is ordinary people, even if we will not harm, but we will not save each other, then it must be It's so dead."

"The reason why the son can be saved is because our ancestor Lishan ordered the country of Qingqiu."

"Master, please prepare. Three days later, the ancestor will set up a banquet and invite the master to attend."

Chen Feng nodded: "Don't worry, Chen Feng will definitely go."

At this time, his heart was also full of doubts, he didn't know why Qingqiu Kingdom saved himself, and he didn't know what idea they were fighting.

But he only knew that since he came to the country of Qingqiu, he must take Yuechun and the others away. For this, he could pay any price.

And Chen Feng is also a person who knows the gratitude, he is unwilling to turn his face with Qingqiu Kingdom.

He only hoped that Qingqiu Nation could put forward some conditions so that he could repay them, or that he could leave Jiang Yuechun and the others.

The woman nodded and was about to leave.

Chen Feng asked, "I don't know how to call this sister?"

There was a look of surprise on the woman's face. She didn't seem to expect that someone would ask her name, and then she showed a touch of sorrow: "Yes, everyone here knows my name."

[Chapter 2475: Your name, Qingqiu Yaoguang!](#)

"No one has come in for so many years, of course no one will ask."

She smiled and said, "Just call me Hongyu."

"Thank you Sister Hongyu." Chen Feng arched his hands.

Hongyu pursed his lips and turned to leave.

After Chen Feng was restless here for a while, he calmed down, sat cross-legged in the moonlight, and began to recover.

At this moment, a woman's immature voice suddenly came from the side: "Chen Feng, is your name Chen Feng?"

"Who is talking?" Chen Feng looked around, only to find that there was no one in the wooden house.

The voice rang again: "Hehe, you can't see me."

Her voice was full of pride, and this little guy seemed to be teasing Chen Feng!

Chen Feng raised his brows and suddenly his eyes fell on a grass on the windowsill.

Originally, Chen Feng hadn't paid attention to this grass before, but at this moment, he was surprised.

It turned out that this little grass seemed to have grown out of thin air on the windowsill. There was no soil or flower pots underneath, and the sound just now clearly came from here.

Chen Feng looked at the grass and said dumbly: "Are you talking?"

"No! No! You are wrong!" The grass swayed and made a sound, milky milk.

Chen Feng laughed: "You little fellow, still don't admit it yet?"

He walked up to the grass and bounced on her.

"Ah! You hurt me!" The next moment, the grass turned around and turned into a five or six-year-old girl.

Wearing a long green dress, he was covering his head at this time, looking at Chen Feng with tears in his eyes.

She looked at Chen Feng, her mouth squashed, and she said aggrievedly: "You just hurt me."

Chen Feng laughed. He was in a good mood at this time and felt that everyone here was so cute.

And the fact is exactly the same. After he came here, he really came into contact with very cute people.

He looked at the little guy, smiled and said: "That's really sorry, I am here to apologize to you!"

The little guy is still in tears, but where is Chen Feng rare?

Chen Feng immediately displayed what he was good at: telling stories.

Although Princess Shuming was in the deep palace of the Tianyuan Dynasty, she also read many books. She was a well-informed person. Wasn't she still attracted by Chen Feng's several stories?

Now Chen Feng, taking out a few stories to tell, immediately made this little guy's eyes widened, staring at Chen Feng without blinking, listening attentively.

Chen Feng said a few more appropriate jokes, and immediately made her giggle.

Soon, an hour of time passed, and the two had become acquainted.

The little guy pulled Chen Feng's sleeve and said expectantly: "Chen Feng, is the outside world really as wonderful as you said? I really want to go out and have a look!"

Looking at him, Chen Feng said in a deep voice, "What I told you just now was the excitement of the outside world."

"And the outside world, more, it's killing! It's bullying! It's the weak eating! It's the strong respecting!"

"In my life, although I have just experienced more than 20 years, I have already experienced countless pursuits and countless traps. I have also killed a lot of people, so..."

He looked at the little guy, rubbed her head, and said, "It's actually a blessing for you to be able to get shelter in this paradise on earth!"

The little guy seemed to understand but not understand, Chen Feng smiled and said, "Well, let's not talk about such heavy things, haven't you asked you?"

"Little guy, what's your name?"

He kissed solemnly.

The little guy giggled, waving his little arm and said: "I don't have a name, they all call me little demon!"

"How about you, you can call me Little Demon Baby!"

The little guy looked very generous: "I like you very much, so you can be more intimate."

Chen Feng laughed, looked at the little demon baby, smiled and said: "Little demon, you can no longer call the little demon in the future, so let me give you a name!"

"Okay, okay!" The little demon was very happy, and said, "I want to have a name too!"

"They all call me Little Demon, but in the future, if another flower becomes a spirit, it can be called Little Demon. I also want to be different, and I also want to have my own name."

Chen Feng pondered for a moment: "You are Yaoguang Grass Chengjing, and I found you in the country of Qingqiu, then you are called Qingqiu Yaoguang, OK?"

"Qingqiu Yaoguang, Qingqiu Yaoguang!"

The little demon repeated the name several times, and then a smile appeared on his face.

She nodded heavily, looked at Chen Feng and said, "This name is very nice, I like it very much, then I will be called Qingqiu Yaoguang from now on!"

With that said, he clicked again and kissed Chen Feng on the face.

She coiled in the air like a blue light, and said with joy: "I have a name, I have a name, and I will be called Qingqiu Yaoguang from now on."

Chen Feng looked at her with a smile, and was in a very good mood.

Chen Feng asked again: "What is your background?"

Little demon, oh no, it should be Qingqiu Yaoguang now, and he smiled and said excitedly: "I, I grow in a valley, this valley is called Sangmu Valley."

"It is said that in the ancient times, there was a huge mulberry tree standing upright here, which was later burnt down during the Great War."

"This mulberry valley is a big pit left after the huge roots of this huge mulberry tree disappeared. Even so, the mulberry valley is full of aura. I awakened my spiritual consciousness a thousand years ago."

"Since a thousand years ago, I have my own thinking."

"But at that time, I couldn't move, nor could I speak, and my thoughts were ignorant. I only knew a little about the outside, but I didn't know what I knew."

"Until five hundred years ago, when I opened the first star, I was able to open my eyes and look at the world."

"I just know what the outside world is like."

She continued: "Three hundred years ago, I opened the second star and finally knew what the fragrance of flowers outside was."

"A hundred years ago, I opened the third star, and I was able to speak."

"And a few years ago, after the ancestors of Lishan came here with the sisters of Qingqiu Kingdom, they passed by Sangmu Valley and they happened to see me, Uncle Lobster, and Granny Mulberry."

"Grandma's grandmother is a good person. She later settled down not far away. She would visit us every once in a while to water us the most precious spring of the Qingqiu country."

#### [Chapter 2476: Fairies, spirits, ghosts, monsters!](#)

There was a hint of gratitude on her face: "So, I soon opened three stars, and six stars. With only one left, I can transform into a human shape."

"It's a pity, this star can't be opened anymore, I have to thank you!"

She smiled and said, "Big brother, when you fainted, you were right in front of me. Your blood was spilled on my body and absorbed by me, but I didn't expect it to be tricky!"

"Oh, is that so?" Chen Feng nodded slowly.

He asked: "Then all the little foxes in the country of Qingqiu know about this matter?"

"Of course!" Qingqiu Yao nodded and said.

Chen Feng was thoughtful, but he knew it in his heart, and whispered to himself: "Presumably, it is my strong physique that shocked them!"

"That's why they will save me. After all, if I change to me, if such a person comes to my territory, and I am in a difficult situation, then I will save his life. Anyway, there is no harm. What if it is a big chance?"

Qingqiu Yaoguang said: "By the way, Chen Feng, how about you? Tell me about you."

"Call me Chen Feng? No big or small! Call me big brother!" Chen Feng blew her head on her little head.

The little demon narrowed his mouth and shouted aggrievedly: "Big Brother!"

Chen Feng smiled and touched her head: "That's good!"

The little demon looked aggrieved, but he was very happy in his heart.

Chen Feng and Qingqiu Yaoguang continued to chat, and the two became more and more intimate.

Qingqiu Yaoguang was also unsuspecting against Chen Feng. In the end, even Chen Feng was sitting on the bed, but Qingqiu Yaoguang was sitting on Chen Feng's lap, holding Chen Feng's neck, looking at Chen Feng stupidly. Listen to him.

Hearing mesmerized.

The sense of closeness in my heart is getting more and more prosperous.

Chen Feng suddenly asked, "How about Qingqiu Country and the others?"

"They treat us very well."

Qingqiu Yaoguang hurriedly said: "These young ladies in the country of Qingqiu, as well as the grandmothers of the ancestors, after they came here, not only did they not bully us, but gave us guidance on cultivation."

"Even the grandmother grandmother took out the spiritual springs in the country of Qingqiu to water us."

There was a touch of emotion on her face, and said: "At first, I thought that there were a lot of those spiritual springs, but later I learned from Sister Yinguang and Sister Hongyu that this kind of spiritual spring is so precious that they are also There is not much left."

Chen Feng nodded, knowing in his heart that he knew a little better about the behavior of this Qingqiu country.

Qingqiu Yaoguang continued: "Every once in a while, they will use this kind of moonlight to shine on us in the Mulberry Valley."

She looked at the moonlight scattered on Chen Feng at this time and said, "This kind of moonlight is of great benefit to our cultivation."

"All the fairies in Mulberry Valley have greatly improved their strength because of this moonlight."

"Moreover, I also heard that it is very difficult to create this kind of moonlight, and it will cost a lot!"

Qingqiu Yaoguang looked at Chen Feng and said, "The sisters in the country of Qingqiu are really good."

Chen Feng nodded slowly. Suddenly, he keenly caught the word in Qingqiu Yaoguang's words, raised his brows, and asked, "Sisters in Qingqiu Kingdom?"

He looked at Qingqiu Yaoguang and asked, "Are there no elder brothers? In the kingdom of Qingqiu, there are only women and no men?"

"No!"

Qingqiu Yaoguang asked, "Why should there be men?"

Chen Feng was speechless, half-sounding, before he said sternly: "But if they only have women and no men, they, what about them, have children?"

Qingqiu Yaoguang scratched his head with an innocent face: "I don't know, I only know, this time after I came here. I have never seen the birth of a new little fox!"

Qingqiu Yaoguang shook his head and smiled: "They always go to Mulberry Valley, so I know every elder sister, but in the past few years, only a dozen elder sisters have been there, and no elder brother has ever been."

"Besides, no new little fox has been taken!"

She smiled and said to Chen Feng: "Listen to them, it's easy to tell if it's a sister or a brother?"

"My sister's tail is a big round tail, which is turned up, while my brother's neck has a ring of blue hair."

Chen Feng nodded, his heart suddenly moved, and a terrifying thought suddenly appeared in his heart: "Could it be that these people are the only ones in Qingqiu Kingdom?"

He shook his head, drove the thought out of his mind, then looked at Qingqiu Yaoguang, smiled and said, "What about you? Actually, I'm a little strange. What is the difference between you and the monsters outside?"

Qingqiu Yaoguang said solemnly: "We are not monsters, nor are we monsters."

She corrected it very seriously: "We are demon!"

"Oh? Demon?"

In the next moment, Chen Feng thought clearly, and he immediately realized that what Qingqiu Yaoguang said at this time was not her own thoughts, nor was it an idea formed by the many mountain spirits and monsters in Sangmu Valley.

It should be some great principles that have been divided since ancient times.

Since ancient times, there has been a division of some things.

Chen Feng suddenly unblocked a memory in his heart, as if a huge voice sounded in his mind:

"The plants become spirits into monsters, wild beasts into spirits into monsters, souls into spirits into ghosts, and gold and stones into spirits into spirits!"

"This is monsters, spirits, ghosts, and monsters!"

This is a very serious division, seemingly rough, but it actually includes all the creatures between heaven and earth except human beings!

This truth is simple, but it is by no means an ordinary strong person can learn.

Chen Feng didn't know why he knew it, as if this knowledge was engraved in his soul.

Chen Feng moved in his heart and asked, "Little demon, can you tell me about the Qingqiu Kingdom and the others, and there's more. Do you know how many humans are in the Qingqiu Kingdom?"

"Yes, I know this."

Qingqiu Yaoguang quickly raised her hands and said cheerfully, as if she could answer Chen Feng's question, she felt very happy.

"There are more than a dozen humans in the kingdom of Qingqiu. At first, I thought they were also fox tribes, but they usually like to incarnate humans. Later, I learned that they were not the Qingqiu fox tribe, but they were on the way to escape by the fox tribe. Saved!"

Chen Feng's heart suddenly thumped and his breathing became rapid.

Qingqiu Yaoguang stretched out her hand and squeezed Chen Feng's face, and said with a smile: "Big brother, what's the matter with you? Why are you flushing a little bit?"

#### [Chapter 2477: Deep hatred](#)

Chen Feng shook his head: "I'm fine."

Qingqiu Yaoguang went on to say: "There is one sister Yuechun, and another sister Ruyan, especially sister Yuechun. She likes us, she often comes here to play with us!"

After a few more words, Qingqiu Yaoguang looked at the sky outside and said, "Brother, Yaoguang is going back!"

"I can't stay here for long, otherwise, Grandma Mulberry and Uncle Lobster will be worried."

Chen Feng nodded, smiled and said, "Okay, then you go back!"

Qingqiu Yaoguang suddenly straightened her body, clicked, and kissed Chen Feng on the face.

Chen Feng was stunned and asked, "Little demon, what's the matter?"

The little demon said with a smile: "It's nothing? I just wanted to kiss you, so I kissed."

Chen Feng couldn't help laughing.

This little guy, the flowers and plants are refined, innocent, naturally does not care about the worldly gaze.

Chen Feng also smiled slightly and pinched Qingqiu Yaoguang's face.

The little demon swished and turned into a small grass, but it was gone again.

In the next few days, Chen Feng was recovering from his wounds here. He was actually very anxious and wanted to see Yuechun and Ruyan as soon as possible, but Chen Feng also knew that this matter was in a hurry.

The country of Qingqiu should also have to make some preparations.

Chen Feng had no choice but to press his temper and stopped worrying. Fortunately, during the past few days, Yinhu would come every day to chat with Chen Feng.

At first, she seemed to come here because she had a task, but afterwards, she came over every day and stayed longer and longer.

After all, chatting with Chen Feng is indeed a very pleasant thing.

And every time after waiting for the silver fox to leave, Qingqiu Yaoguang would come over.

On the third day, Chen Feng continued to heal his wounds in the moonlight, but suddenly, the moonlight disappeared with a snap.

Chen Feng was a little surprised.

Silver Fox shook his head and said, "I have used moonlight to heal you for three days, what else are you dissatisfied with?"

"Our own people are injured, and we generally don't get this moonlight healing."

When Chen Feng heard this, he couldn't help but laugh, nodded and said: "So, I really want to thank you."

In fact, Chen Feng's injury at this time has already recovered about 60%.

Chen Feng smiled and asked, "Where are the others?"

"Other people?" Silver Fox suddenly showed a strange color on his face, and a sneer appeared at the corner of his mouth, and said lightly: "There are no other people, these are only us."

"What? No one else?"

Chen Feng was shocked: "You are left in the entire Qingqiu Kingdom?"

Silver Fox nodded slowly: "The entire Qingqiu Country, tens of thousands of fox tribes, now there are only fourteen of us, and grandmother grandmother!"

There was a bit of hatred deep into her bones on her face, and her expression was miserable, and she said, "They are too cruel. They simply want to destroy my Qingqiu fox tribe, completely annihilating the country, completely annihilating the clan without leaving a trace of blood. Descent, leave no remnants!"

"If it weren't for the grandmother and grandpa who worked hard to cultivate, and at the cost of a thousand years of cultivation, she cast an escape circle and led us to flee there, I am afraid that we people would not be able to stay, and we would all die in that country. In the midst of catastrophe."

There seemed to be blood and fire burning in her eyes, and she trembled in a dreamlike tone: "You can't imagine the tragic day!"

"The capital of our Qingqiu country is surrounded, and the sky and the ground are sealed off. I can't escape no matter how much."

"Those powerful enemies slaughtered wantonly in the city and caught a Qingqiu fox tribe. If they were men, they would kill them on the spot."

"If they are women, they will have to become human bodies with powerful secret methods."

She looked at Chen Feng, the corner of her mouth twitched, and a look of distress appeared in her eyes. She trembled and said, "You know, the women of our Qingqiu fox clan are extremely beautiful and can be said to be the most beautiful group on this continent. People are not too much."

"Then, they will use magic techniques to permanently fix the form of that tribe. They will insult her wantonly, and then give them to the powerful and powerful as slaves!"

Chen Feng's heart-wrenching heritage was as if it was being gripped fiercely by a big hand and squeezed to death.

The silver fox's crying expression made Chen Feng feel boundless sympathy.

And the cruel methods of the people who destroyed the forces of the Qingqiu Kingdom made Chen Feng feel boundless anger.

Chen Feng clenched his fists and sternly shouted: "It's really not as good as a beast!"

"Yeah, isn't it just that the beast is inferior to it!"

The corner of the silver fox's mouth showed a ridiculous color: "Those enemies, they have always looked down on us Qingqiu Fox Clan, saying that we are animals, that we are not humans, and that we are only worthy of being driven by them."

"They don't treat us as beings at all, but our Qingqiu Fox Clan, which existed in the world hundreds of thousands of years ago, has always been kind and benevolent, and benevolent to others. Even if it is a mountain spirit, we will not hurt."

"We are more diligent in helping the people around us."

"Which of the human nations near the Qingqiu Kingdom is full of respect for our Qingqiu Fox Clan?"

"Although we are not humans, we are much more noble than humans like them!"

Chen Feng nodded and said, "Yes!"

Chen Feng didn't have any doubts about what Yin Fox said. Chen Feng had already learned from Qingqiu Yaoguang what happened after he came here.

Of course, I know the situation of the little monsters and the mountain spirits and monsters in the country of Qingqiu.

Being able to do this in such a distressed and desperate time, taking out his precious spiritual spring to irrigate the little demon and the others, Chen Feng didn't think the silver fox would lie.

Silver Fox shook his head, as if he could no longer control his emotions, and walked out.

After a while, Hongyu came quietly.

She still wore a red long dress, beautiful as a fire, still very charming.

She also held a cyan robe in her hand, smiled and said, "Yin Guang is a little gaffe, please don't blame the son."

Chen Feng said: "Why?"

Hongyu continued: "Master Chen Feng, this robe is specially prepared for you by our Qingqiu Fox Clan."

"It's woven from the Qingqiu laurel \*\*\*\* silk, a specialty of our Qingqiu fox tribe. You can try it on?"

Chen Feng smiled: "So, thank you very much."

Hongyu closed the door and left.

Chen Feng first waved his hand gently, creating a water polo in the air, and then washed his whole body refreshed, revealing his white and strong body.

Then, he put on the cyan robe and strode out the door.

After Hongyu outside the door saw Chen Feng, her eyes lit up, and a hint of admiration appeared in her eyes.

The cyan robe is cut to an extremely fit, which outlines Chen Feng's figure slender and strong.

[Chapter 2478: Xeon defense! Laurel Green Light Armor!](#)

His long hair was thrown down like Mo, and he looked sparse and noble.

It's really like a turbid and beautiful son!

Hongyu smiled and said, "It seems that this dress still fits."

Chen Feng smiled and said, "It's more than just a fit? It's really comfortable to wear."

Chen Feng's words were not polite. The dress was really comfortable to wear.

This kind of Qingqiu Laurel God Silk didn't know what material it was. After she got on her body, she felt cold.

However, in the cold, there was a gentle warmth.

Chen Feng even felt that this warmth was continuously sucking into his body, nourishing his injuries and improving his strength!*NovelusB.com*

More importantly, Chen Feng felt that the blue robe exuded a wave of blue light.

This cyan light continuously interweaves around Chen Feng's body, turning into pieces like cyan feathers.

These cyan feathers are constantly being produced and disillusioned.

Each piece of cyan feather looks like a misty veil.

However, the breath inside is extremely large, and it has a rock-solid feeling.

Chen Feng felt that around his body, it was almost like a copper wall and an iron wall, and ordinary offensives could not be broken.

It can be seen that this robe is not only a fit, not only comfortable, but also has an extremely powerful defense.

What shocked Chen Feng was that this power did not come from the magic circle above. In fact, this robe did not have any magic circle.

It can be seen that this force is entirely due to its own material.

In this way, you can see how powerful this material is!

Hong Yu whispered, this robe is called: Laurel Green Light Armor.

"Oh? Laurel Green Light Armor?" Chen Feng raised his brows.

"That's right." Hongyu said: "It looks like a robe, but it's actually a very strong armor."

"This Qingqiu laurel \*\*\*\* silk is made of ten golden thread and five precious silkworms that have been bred for a full 170,000 years in the clan. It swallows the leaves of a sacred mulberry tree in the clan that has been raised for 700,000 years. Only woven."

"In one year, I can only get three feet of cloth."

"The laurel azure armor of the son has exhausted the storage of our Qingqiu fox clan for ten years at its peak."

"And now, our Qingqiu Fox Clan can't even make a piece of cloth like this. We can only sit and eat the sky!"

Chen Feng was horrified and moved: "Chen Feng is ashamed of this great gift from the nobleman and cannot afford it!"

Hong Yu didn't reply, she just stretched out her hand and injected a force of strength into the blue robe.

Suddenly, boundless cyan feathers flew out from this laurel cyan light armor.

Chen Feng suddenly felt that the strong defense power was erect, and even suffocated himself a bit!

Such a strong defense!

Hongyu smiled slightly and asked, "The strength of the son should be the two-star Wuhuang, right?"

Chen Feng nodded.

He actually has the fighting power of the five-star Wuhuang peak, but he hasn't broken it.

Hongyu smiled and said, "Then you may have a little effort to control this robe."

"If you are a five-star and six-star martial emperor, it will be easy to control."

Chen Feng asked: "How do you tell?"

Hongyu explained: "This laurel azure armor is a treasure passed down from generation to generation by our Qingqiu fox clan, and the effect is very amazing."

"Speaking logically, as long as you are a powerful person in the Martial Emperor Realm, you can control it with strength and above.

"But in fact, the stronger the strength of the owner, the better. With the Five-Star Martial Emperor, it's almost the same."

She shook her fingers and said, "Like I did just now, as long as you pour your whole body strength into the laurel azure armor, a faint cyan feather will fly out from above."

"These cyan feathers have extremely powerful defenses."

Chen Feng asked: "How strong is the defense?"

Hongyu smiled and said, "It depends on your level of strength?"

"If you are a two-star martial emperor, and what you put into it is a second-star martial emperor's level power, then it will be enough to resist the attack of the three-star martial emperor's tea time."

"And if you are a five-star martial emperor, then you can resist a tea time attack by a six-star martial emperor."

"It's a pity," she said softly, "it can only last for a cup of tea!"

"What? So tyrannical?" Chen Feng was shocked when he heard it.

He hadn't paid too much attention to this laurel azure armor.

But at this time, hearing what Hongyu said, the effect of this laurel sapphire armor had even exceeded his imagination.

This battle armor is enough to resist the attack of a large-scale enemy beyond oneself!

Even if there is only one cup of tea, it is enough to change the whole battle!

This treasure can be called a treasure!

Chen Feng exclaimed, "Sister Hongyu, this treasure is really precious."

Hongyu smiled and said: "Of course precious, he is not only a bag in our clan, but also the only orange first-grade armor in our Qingqiu country!"

"Orange First Grade Battle Armor?" Chen Feng asked with some surprise: "Orange? First Grade? What is going on?"

He had never heard of this title before.

Hong Yu patiently explained: "The son should know that weapons are divided into levels."

Chen Feng nodded: "I know, there are king's soldiers."

"So what about the King's Soldier?" Hongyu asked with a smile.

"Above the King's Soldier?" Chen Feng raised his brow, then shook his head, and said, "I don't know this."

At this time, Chen Feng knew of his flaws.

Although his rise is extremely fast, although his strength is very strong, his background is weaker.

Take this kind of knowledge as an example. He didn't know it at all, but Hongyu, who was born in the country of Qingqiu, knew very well.

However, Chen Feng did not feel ashamed.

Do not understand, just ask.

No, just learn.

He should be proud to be able to ascend to such a level with such a low starting point.

He didn't turn into anger, but humbled and asked, "I also ask sister Hongyu for advice."

Seeing Chen Feng's disposition, Hong Yu's heart flashed with surprise, and she glanced at Chen Feng again.

He smiled and explained: "The king's soldiers are divided into nine ranks, and the nine-rank king's soldiers are orange."

"There is nothing like all the equipment in this world! Whether it is a weapon, a battle armor, or a small bracelet or a small ring, they will all be classified into one word!"

Chen Feng asked: "What word?"

"Equipment!" Hongyu said flatly: "They will all be included in the word equipment! Commonly called equipment!"

"Oh? Equipment?" Chen Feng carefully savoured these two words.

#### [Chapter 2479: Reunion!](#)

Hongyu smiled and said, "Actually, the full name of the word equipment should be called the imperial equipment."

Chen Feng knew it, and said, "This imperial level equipment must be something that can only be accessed after reaching the Martial Emperor Realm, right?"

Hongyu nodded: "That's right."

There was a carefree look on her face, and she whispered, "In the eyes of the real powerhouses in the Dragon Vein Continent, reaching the Martial Emperor Realm is just the beginning of martial arts cultivation.

"The warriors before the Martial Emperor Realm, there are weapons, and all kinds of equipment, they are just a mass of rubbish."

"Therefore, the two words equipment refers to imperial-level equipment, and they are simplified to the two words equipment. Because in their concept, the martial artist in the Martial Emperor realm is a warrior! The equipment in the Martial Emperor realm is equipment. !"

Chen Feng keenly caught the words of them, raised his brows, and asked, "They?"

"They are referring to the nine strongest forces on the Dragon Vein Continent. They follow such rules, and the forces below, sects, of course also follow such rules."

Chen Feng nodded to indicate that he understood.

Isn't the Shifang Jungle one of these nine forces?

Hongyu went on to explain: "Among the equipment, the lowest level is the orange equipment."

"The orange equipment is divided into five grades."

"This laurel sapphire armor is the first orange product!"

After hearing these words, Chen Feng couldn't help taking a breath. This was the secret of the Dragon Vein Continent, and he couldn't even touch it at the level before Chen Feng.

At this time, after Chen Feng listened, he was completely shocked!

He originally thought that the king's soldier was powerful enough, but he didn't expect that in the eyes of the real strong, the real big power, the king's soldier would be nothing more than a mass of rubbish.

The orange first-grade equipment is the beginning, and he now only has one orange first-grade equipment!

Hongyu and Chen Feng walked out and said as they walked:

"The level of equipment can be improved by various means, and most of these methods are in the hands of the refiner. Therefore, after entering the Martial Emperor Realm, the refiner is a very powerful and noble profession."

Chen Feng was happy, but he didn't expect that a profession he had inadvertently worked on would be quite powerful.

Hong Yu shook his head, a little disapproving: "It's just a two-star Wuhuang, why does the grandmother of the ancestor take him so seriously? Even the treasure handed down from the family, the laurel azure armor, was sent out."

However, her disapproval was not revealed.

She is the kind of gentle temper.

Chen Feng shook his head again and said, "Chen Feng, I really feel ashamed."

Hongyu looked at Chen Feng and said, "Master Chen, we are all people who understand, so we opened the skylight to speak brightly."

"We saved you, and saved your former friends, but promised you such a great benefit. It must be something you want."

"Sending this great gift is nothing more than hoping for a good relationship."

What she said was very clear and even somewhat utilitarian.

Chen Feng nodded solemnly, feeling clear.

Chen Feng followed Hongyu and left the bronze hall.

The bronze hall is located on the mountainside of a mountain peak. The two of them descended into the valley below the mountain peak. While walking, Hongyu explained: "Our Qingqiu fox family now lives in a very small area, roughly here. Near the valley."

After bypassing the mountain col in front, suddenly, a golden light rushed towards Chen Feng and slammed into Chen Feng's arms.

Chen Feng was caught off guard and couldn't help but was taken aback, and when she saw the little guy in her arms, she suddenly smiled.

It turned out that this little guy is exactly the blood wind.

At this moment, he was turning around in his vigorous Chen Feng arms, his head kept against his chest, and he let out a cry of excitement.

Chen Feng pretended to be angry and pressed him to the ground.

The blood wind is unknown, so I shook my head and wanted to jump up again.

Chen Feng pressed her head with one hand and let her fall back to the ground, and then clicked on her fat head, pretending to be angrily: "Where did you go?"

"Abandoned me, and come here alone!"

Xuefeng knew that Chen Feng was joking with him, and he wrapped his face stubbornly, rubbing his head against him, making Chen Feng not angry.

The wet tongue licked Chen Feng's face several times, and then he landed suddenly and ran towards a certain place.

After running two steps, he looked back at Chen Feng, as if making Chen Feng follow him.

Chen Feng laughed and hurriedly followed, walking through a narrow valley, suddenly opening up in front of him.

At this moment, in front of him was a gentle hillside, with trees and flowers like brocade.

Chen Feng suddenly heard a voice in the wind.

When it was a human, and the voice was somewhat familiar.

Chen Feng was stunned.

Because, in the few words that came from the wind, Chen Feng heard several familiar voices.

His body almost froze there, and he felt like a nostalgia.

He wanted to walk over, but he felt a little scared, for fear that all of this was fake, and he did not find Yuechun, Ruyan, and Baishanshui at all.

All this is fake.

After walking past, this dream will be shattered.

At this time, Xuefeng turned his head and looked at Chen Feng with a puzzled face, whining, as if wondering why Chen Feng didn't come over.

Chen Feng couldn't help laughing, and cursed in a low voice: "Chen Feng, how did you become like this?"

"What's the matter, just face it, what kind of man is he who is fearful here?"

Chen Feng thought to himself, and walked over with all his fears.

Getting closer, Chen Feng saw that on this small hillside, a number of pavilions had been built. Each one was not particularly tall, but each one was very delicately built.

At this time, in one of the pavilions, it seemed that some people had just finished discussing something, and they were pushing the door.

There are about a dozen of these people.

There are males and females, tall and short, but every one is handsome in men and beautiful in women.

They were talking and laughing and walking outside.[novelusb.com](#)

The moment Chen Feng saw them, his whole body slammed like a lightning strike!

Like five thunders!

The blood filled his pupils, and the heart beat wildly.

He stared at them blankly, with cold hands and feet, trembling all over, unable to control himself.

And the next moment, if they suddenly felt something, they looked up here.

Suddenly, his eyes met!

Chen Feng saw those familiar faces: Bai Shanshui, Shangguan Lingyun, Chen Xiao... Jiang Yuechun, Hua Ruyan, Ran Yuxue, Yue Linglong, An Xueqing, Wei Qingyi, Wei Hongxiu... etc.!

They have all changed.

Brother Bai Shanshui is more mature, he has a short beard and looks a little more vicissitudes of life.

#### [Chapter 2480: Cry of joy](#)

Yuechun and Ruyan have grown up a bit, just as the slim flower bones have grown, they have changed from their original appearances into beautiful girls.

It is more beautiful than before, more handsome and beautiful.

Chen Feng saw those familiar faces and the expressions on those faces.

In an instant, the expressions on their faces changed from plain to extreme disbelief and extreme shock.

Then the next moment, it turned into extreme ecstasy.

The few girls who were quite affectionate with Chen Feng all cried directly, with sore eyes, tears falling down.

Especially Jiang Yuechun and Hua Ruyan, eyes were filled with tears in an instant.

They stared at Chen Feng blankly. After a while, Jiang Yuechun yelled, ignoring the image, and rushed forward, leaping heavily into Chen Feng's arms.

She held Chen Feng and shouted: "Master, Master, is that you?"

"I finally saw you again, Master, is this true?"

She touched Chen Feng with her hand, as if to confirm whether Chen Feng was genuine or not.

Chen Feng also felt like a dream while holding her.

Until the young girl's body was soft as ever in her embrace, until her body was more attractive than the fragrance of flowers, the fragrance was as elegant as before, and Chen Feng's heart that was restless, restless, and fearful, was calm. Come down.

He held Yuechun in his arms, patted her on the back lightly, smiled and said, "Little guy, I'm back."

He suddenly opened his arms and looked at Hua Ruyan, Wei Qingyi, Wei Hongxiu, Yue Linglong, etc. in the distance, and smiled brightly: "Where are you? Do you want me?" *NovelUsb.Com*

The smile is bright and warm in the sun.

These women all rushed towards Chen Feng crying, and in an instant, they hugged Chen Feng.

At this time, Bai Shanshui seemed to have recovered from the shock of meeting Chen Feng again.

He held his arms and looked at the lively expression next to him, and smiled at Shangguan Lingyun: "My junior, I am a passionate species, so many women do it for him."

"If you meet one by one, there won't be any trouble, but this is fine. When we meet, we all squeeze together."

"Now, they just saw him, and their emotions are hard to suppress, so they can do this. I will see how this guy ends up later!"

Next to him, Shangguan Lingyun laughed and clicked on Bai Shanshui and said, "Brother Bai, you are so bad. You can see it, but you don't say it."

"After a while, they will become shy together, but no one will pay any attention to Brother Chen. I must sue Brother Chen and say you didn't remind him on purpose?"

Bai Shanshui stared, pretending to be vicious.

The two looked at each other and laughed loudly. The laughter became louder and louder, full of joy and excitement.

They look forward to Chen Feng's arrival all the time. This is their only fetters and only concerns in the outside world.

The girls all feel like dreams.

The person they thought about day and night stood in front of them, so handsome, so tall, and compared to when she was parting, her appearance has not changed, but she has added a bit of mature charm.

It took a while before they realized that they seemed to be doing something wrong. They hugged Chen Feng in front of so many people!

But even if they got away, they still looked at Chen Feng madly with tears in their eyes.

Hua Ruyan and Jiang Yuechun were the most excited, they were already crying in Chen Feng's arms.

Chen Feng and the two of them are naturally the closest.

Chen Feng hugged them and whispered softly: "It's alright, stop crying, stop crying."

After a while, the two of them recovered some emotions and struggled out of Chen Feng's arms.

Chen Feng wiped away the tears on their faces and smiled, and said, "If you keep crying, you will really become little cats."

Jiang Yuechun said obsessively: "Master, am I dreaming? Is this really you?"

"Of course it's true." Chen Feng grabbed her little hand and squeezed her face: "Look, is it me?"

Jiang Yuechun burst into laughter and nodded fiercely.

And Hua Ruyan looked at him with admiration from the side, and his face was full of joy.

She felt that if she could meet the young master again, she would have no regrets in this life.

Chen Feng looked at Wei Hongxiu, Wei Qingyi and others.

He stepped forward one by one and whispered a few words to everyone.

Most of these women have a bit of affection for him, but they also feel shy at this time. When they first saw it just now, they couldn't control their emotions for a while. The true feelings are revealed, but now they will no longer show any intimacy.

However, the excitement in their eyes and the unconcealed tenderness still betrayed their feelings.

Finally, Chen Feng came to Ran Yuxue. Chen Feng looked at Ran Yuxue and smiled and said, "Uncle Master, don't come here unharmed?"

Ran Yuxue looked at Chen Feng with a touch of relief on her face, and said softly: "Chen Feng, if you can find us, that would be the best. We all miss you very much."

She looked at Chen Feng, raised her eyebrows, and asked: "Chen Feng, your strength is so advanced now, I can't see your strength coming."

Chen Feng smiled and said, "It is indeed stronger than before."

"Isn't it stronger?" Bai Shanshui laughed beside him, "We people have been cultivating the Yin God technique inherited from Qingqiu Kingdom for several years, and our strength has improved a lot."

"Moreover, we are most sensitive to human breath, soul power, and strength."

"You fellow, now with a misty breath, even weaker than these Qingqiu Fox Clan, it's not much weaker."

He also thought that Chen Feng was just a weaker existence in Wu Huang.

As everyone knows, Chen Feng's strength is stronger than these Qingqiu fox tribes, which is second only to Lishan ancestors.

"You guy, your strength has already been raised to the Martial Emperor Realm, and you even said that you have only slightly improved your strength."

Chen Feng laughed loudly: "Senior Brother Bai is aware of the details, yes, my current strength has indeed reached the Martial Emperor Realm."

Everyone exclaimed when they heard it.

In the past few years, although they have been thinking about it all the time, many people are still a little worried.

Because they don't know how Chen Feng's strength has been after these years of separation.

Because they are all great advancements, especially Jiang Yuechun and Hua Ruyan who worry the most.

I'm not worried about anything else, but worried that if they are reuniting with their young master and their master, their strength will be stronger than their own master and master, which will make Chen Feng a little bit faceless and make Chen Feng unhappy. .

They worry about this.
