

Peerless 2561

[Chapter 2561: Die!](#)

But the next moment, the accident turned into extreme greed.

He laughed wildly: "Jade bone and golden muscle, haha, it turned out to be jade bone and golden muscle!"

"As long as you can achieve the jade bones and golden muscles, all have extremely powerful bloodlines, and your bloodlines are indeed extraordinary!"

"After I swallow your blood, I will definitely be able to advance!"

With that, he slashed at Chen Feng with a paw.

Chen Feng continued to resist, but he was seriously injured and dying. How could he be able to stop it?

He was directly touched by the six-winged divine leopard on his right leg again.

With a click, this time directly discounted Chen Feng's right leg.

Chen Feng tilted and fell directly to the ground!

Seeing this scene, Han Yu'er was heartbroken and yelled: "Junior Brother, Junior Brother!"

The six-winged divine leopard turned his head and looked at her, showing a lewd smile: "Don't worry, little girl, I can transform into a human being, and you can't escape!"

"When I solve this kid, you, I have to play around!"

"After all, there are not many human women as beautiful as you!"

As he said, he let out a triumphant smirk.

In his opinion, now he has basically secured the victory, Chen Feng will all belong to him.

At this time, Chen Fengfeng, who was half kneeling on the ground due to the interruption of his right leg, suddenly stood up slowly while holding on to the broken leg.

He suddenly raised his head, and the six-winged divine leopard immediately saw Chen Feng's eyes.

He suddenly trembled violently in his heart: "What kind of look is that?"

It was as dark as ink, and there seemed to be countless flames burning inside, as if to burn all the world and all the wastes!

Full of the meaning of death.

At this time, Chen Feng's heart was indeed filled with a sense of death.

He hated it to the extreme, his anger to the extreme, and the killing intent to the extreme!

So, in the next moment, Chen Feng's murderous knife was unscathed.

His state of mind at this time just merged with the state of mind of the Buddha's Demon Sword.

Chen Feng had already used the Buddha's Demon Slayer Sword once before, and logically speaking, he was unable to use it again.

But at this time, Chen Feng made a violent roar, and the sense of death in his heart suddenly broke out.

There was a deep chill in his eyes, and he shouted sharply: "Die!"

The endless killing intent gushed out, and the Buddha's Demon Sword fell fiercely.

Feeling the overwhelming meaning of death, the six-winged divine leopard was shocked.

He yelled in disbelief: "How is it possible? You can still use such a powerful move?"

He felt a strong sense of death in it.

He realized that the **** of death was fast approaching him, and he might die by this knife.

He screamed wildly and made all the powerful moves one after another, but it was useless. The first breeze on the second layer of the Buddha's Demon Sword shattered all his offensives.

And he ran away frantically, trying to avoid the knife.

However, the second clear breeze caught up with him and slammed heavily on his six wings, wiping out his wings.

It uttered a scream, countless wounds appeared on its body, hurried blood, and fell heavily to the ground.

At the next moment, the third breeze also fell on him.

So, with a bang, his whole body shattered directly!

Then, at this time, Chen Feng raised the killing knife high, and suddenly looked into the surrounding mountains, and let out a fierce roar: "You peeping dogs!"

"You want to pick up cheap, despicable things hiding in the dark, come out!"

"Do it, look at me, Chen Feng, can you kill you!"

It turned out that the battle between Chen Feng and the six-winged leopard had already attracted several powerful monsters around.

At this time, Chen Feng sensed that there were several powerful auras beside him. These monsters were not weaker than the Six-winged Leopard!

It should be among the ten monsters,

Undoubtedly, the scene of Chen Feng beheading the six-winged divine leopard at this time shocked them and stunned them.

No one dared to shoot at this time.

Chen Feng seemed to be at the end of the battle, but he looked like the end of the battle just now!

Isn't it easy to kill the six-winged leopard?

Who knows if he will have a stronger killer move?novelusb.com

Therefore, they did not dare to act rashly, and after a while, they left one after another.

Finally, after confirming that all the existence was gone, Chen Feng tilted his body and fell to the ground hard.

At this time, Chen Feng's situation was extremely bad.

Not only the left arm and right leg were almost broken, but countless wounds burst on his body, and blood surged, and his spiritual world, Soul Man space, also collapsed directly.

Chen Feng's soul couldn't even bear it at all!

He had already run out of oil just now, and later he used the Buddha's Demon Sword to support him, even more so. After holding on for a while, he finally couldn't hold it anymore!

I don't know how long it took, Chen Feng finally woke up leisurely, but as soon as Chen Feng woke up, what he saw was not the actual scene, but his own soul-man space.

There is a ruin in the soul space.

The little grass that had just grown out was completely destroyed.

Even those spring waters and mineral deposits in Wuwang Mountain Range have all disappeared.

At this time, in Chen Feng's Soul Space, there was only a large desert, which seemed deadly silent.

And the soul tower has also disappeared, and there are many treasures floating in a mess in the sky, which are all used by Chen Feng as a sacrifice.

Chen Feng sat up suddenly, sweating profusely, and his heart was horrified and shocked.

He had a terrible dream in which he was already dead, and it feels so good to be alive now.

Chen Feng sighed slightly, and soon his eyes changed from being confused to clear, and he also remembered what had happened before.

A wry smile appeared at the corner of his mouth: "It turns out that this time I was injured so badly."

Chen Feng's soul-man space at this time had already returned to the first level, not only was there no soul-recalling tower, but the level of the soul-man space was greatly reduced.

Even Chen Feng felt that his soul-man space would soon be unable to accommodate these memories inside.

Chen Feng sighed: "Sure enough, the impact of my use of the Buddha's Demon Slayer was so great that the soul-man space was greatly damaged."

Before Chen Feng had time to repair the Soul Man space, he suddenly disappeared here.

It turned out that Chen Feng's mental power was too weak to support his loss in the soul-man space.

The next moment, Chen Feng appeared directly in the real world. He opened his eyes. As soon as he regained consciousness, he immediately smelled a strong and extremely **** smell.

There is also a mixture of human blood and animal blood.

[Chapter 2562: miserable](#)

Chen Feng suddenly trembled in his heart, and an ominous premonition surged into his heart, and then he heard a depressed, painful voice.

Chen Feng immediately looked to the side and saw Han Yu'er crouching beside him, and there was a huge wound on Han Yu'er's chest and abdomen.

She slid from her left shoulder to her right thigh. The wound was extremely deep, and the internal organs and bones could be seen, which almost cut him in half with a knife.

The blood ran through his body, and she was almost unconscious at this time.

When Chen Feng woke up, she opened her eyes suddenly, seeing Chen Feng wake up, and immediately exclaimed with joy: "Junior Brother, are you awake?"

Chen Feng's eyes were cracked, and he shouted sharply: "What's the matter? Who did it? What happened? Why did you get so badly injured?"

Han Yuer wanted to say something, but after being seriously injured, she fainted directly.

At this moment, I remembered the whine of blood wind.

When Chen Feng looked at it, he saw that Blood Wind was also covered in blood, there were multiple wounds on his body, and he was also extremely injured.

Xuefeng's head pointed in one direction.

Chen Feng saw that there was a huge monster beast with a length of several hundred meters lying there. The head of this huge monster was already cut off at this time, but it was wounded by a sword.

Obviously, it was killed by Han Yuer.

And on one of his huge claws, there was red blood, obviously that claw cut Han Yu'er in half almost all at once.

Chen Feng understood at once, it must be Han Yu'er and the others who came to this cave with them, they were attacked by this monster, and then all were seriously injured.

"Where is Qingqiu shaking?"

Chen Feng suddenly trembled and asked loudly.

"Big brother, I am here." A faint voice rang.

A small figure crawled out from the back of the monster beast.

Chen Feng saw a verdant color on the back of the monster beast, and wherever the verdant color went, his back was cracked with huge wounds, making him extremely injured.

Obviously, the three of them killed the monster beast together, but they also paid a great price.

Qingqiu Yaoguang's face was pale, but when he came to the front, he immediately splashed green light with his hands and sprayed it towards Chen Feng.

As soon as Chen Feng came into contact with the green light, he immediately felt warm and his strength was recovering.

He hurriedly said, "Little demon baby, I'm fine, go and save Senior Sister."

He said, pointing to Han Yu'er.

Qingqiu shook his head and nodded.

Although she was exhausted, she still used a bit of her vitality to heal Han Yu'er.

After a while, Han Yuer's breathing calmed down, and the injury did not worsen.

Chen Feng was relieved.

According to the degree of deterioration of the injury just now, Han Yuer is afraid that he will definitely die today.

Now, he was relieved.

At this time, Qingqiu was exhausted, leaning on Xuefeng, and fainted.

Chen Feng looked around, watching this miserable scene, with incomparable resentment in his heart!

He gritted his teeth, his voice was extremely cold, and it was full of extremely cold murderous intent: "The giant gluttonous Heaven-swallowing Dragon, which made me like this, you are the culprit!"

"Don't worry, I won't spare you!"

Three days later, Chen Feng was sitting cross-legged.

At this moment, compared with three days ago, his situation hasn't changed in any way. His body is still very broken, and there is no strength in his body.

No, it should be said, even worse than three days ago.

A warrior of his level would retreat if he didn't advance, or regress if he didn't break through.

His broken body is consuming a lot of power, and Chen Feng has nowhere to replenish it, but Chen Feng is extremely calm, without any irritability, let alone any panic.

He just sank his mind into his dantian.

At this time, the four huge golden light **** in Chen Feng's dantian had already become extremely barren, and there was no trace of power in them.

The four **** of light kept spinning, constantly trying to generate power. Chen Feng could only dig out power from his own body now, because at this time Chen Feng's body was so broken that he couldn't even absorb the blood of the yellow bird.

Because he can't bear it.

Finally, without knowing how long it took, suddenly Chen Feng felt a sudden movement in his dantian.

The four golden **** of light that had turned into a barren planet, suddenly, a golden light stretched out from inside.

Suddenly, Chen Feng felt ecstatic in his heart: "The power of the dragon descending Arhat is produced, and I have a trace of the power of descending Dragon Arhat!"

"It's great, with this power of reducing the dragon and Arhat, you can start to recover!"

With this trace of power to lower the dragon and Arhat, the next thing is easy to do!

Chen Feng's power of descending the dragon continued to increase. Three days later, in Chen Feng's dantian, among the four **** of light, one of them was completely barren before becoming a misty one. Golden.

Although still very weak, it gave Chen Feng a hope.

More importantly, a smile appeared at the corner of Chen Feng's mouth: "Now my strength is enough to withstand the blood of yellow birds."

Next, Chen Feng took out a drop of yellow bird essence blood with difficulty, and then began to absorb it.

In the past, Chen Feng absorbed a drop of yellow bird essence blood that could be easily absorbed in one or two hours, and Chen Feng absorbed it for three days.

Three days later, the blood of the yellow bird was completely absorbed by him, and Chen Feng's golden ball of light was completely restored, completely regaining its brilliance.

Chen Feng laughed, but he didn't continue to absorb it, instead instilling the golden dragon-lowering Arhat power into the body of Han Yu'er next to him.

The power of the dragon descending arhat is the Buddha's righteous law, the supreme secret treasure, and has a particularly powerful effect on the recovery of the body.

After these golden dragon descending Arhat power was poured into Han Yu'er's body, Han Yu'er's face changed from pale to ruddy, visible to the naked eye.

And from the wound on her body, she also began to squeeze out the bruises, and then cleared the impurities inside, began to heal and recover.

It was only an hour or two before Han Yu'er's wound had scabs, and it looked like a normal person.

She also hummed softly, woke up, looked at Chen Feng, and blinked.

Then, tears broke down.

She hugged Chen Feng and sobbed softly: "Junior Brother, I dreamed that I was going to die, and I left you."

"Senior Sister, that's just a dream!" Chen Feng patted her back and said softly: "Don't worry, you will never leave me."

After Han Yuer was cured, Chen Feng began to restore Blood Wind and Qingqiu, and soon both of them were restored to their peak state.

After all, the three of them are relatively weak, and Chen Feng's power of descending the dragon and Arhat cannot restore himself, but it is more than enough to restore them.

[Chapter 2563: Flaming biplane](#)

Next, Chen Feng had no worries, and then went on to absorb it.

After half a month, Chen Feng had already absorbed ten drops of the yellow bird's blood, and in his dantian, all four huge **** of light were shining with golden light.

Chen Feng has completely recovered to the peak.

Looking at his broken body, Chen Feng smiled slightly: "Now, it's time to treat you."

The power of the golden dragon descending arhat gushes out, and bursts of thick blood mixed with minced meat and toxins are removed from the wounds everywhere. It is very refreshing!

A month later, in a valley next to him, an arrogant smile came.

A golden light pierced into the sky, it was a golden-winged roc, about five meters long and infinitely reduced.

It is Chen Feng!

At this time, he has completely recovered to the peak.

All the injuries on his body, including the one that almost broke his leg and arm, have also completely recovered. In the form of a Golden Wing Roc, Chen Feng turned around in the air, screaming from the sky, feeling extremely refreshed.

Then, his smile on his face suddenly turned into a touch of coldness: "Now, the debts to your beasts should be counted."

"My strength has returned to its peak, I want to see if you still dare to covet me!"

Chen Feng remembered the breath of those monsters who tried to pick up cheap ones that day.

Here is a mountain top.

Many avian monsters like to build their nests on the top of the mountain.

As one of the ten great monster beasts in the Wuwang Mountain Range, the flame double-winged snake is naturally no exception.

In fact, this mountain is the tallest one in the entire Wuwang mountain range except for the main peak, with a height of 750,000 meters.

What's more, unlike the main peak, this mountain is not only extremely high, but also extremely large, extremely high, with cliffs everywhere.

Therefore, the flame double-winged snake feels that this mountain is much more magnificent than the main peak. He often feels that living here is like the master of the entire Wuwang mountain range.

Among the ten monster beasts, the flame double-winged snake is not the strongest one, but it is definitely the most frightening one.

Many monsters eat people, but other monsters treat people as a delicious thing, and he likes to kill!

At this time, on the top of the mountain where the flame double-winged snake is, there are countless wooden shelves erected.

On the wooden shelves hung a strangely shaped corpse. These corpses had obviously suffered endless torture during their lifetime, and their deaths were extremely miserable.

They were exposed to the sun under the scorching sun, causing countless rotting crows to turn around, pecking at their flesh and blood.

These wooden shelves are spread all the way from the top of the mountain to the bottom of the mountain, more than hundreds of thousands?

The wooden shelves on the top of the mountain, the people on the top are still fresh, there are flesh and blood, and the ones farther from the top of the mountain below have become pieces of bones.

A golden light flashed, the Golden Winged Roc circled in the sky a few times, then landed and turned into Chen Feng.

Looking at this scene, Chen Feng instantly revealed a fierce, fierce murderous intent in his eyes. He gritted his teeth and said sternly: "The flame double-winged snake, right? Damn it!"

Before coming, Chen Feng knew what the flame double-winged snake was doing and how cruel he was!

What he likes to do most is to support his grabbing his teeth and go to the Wuwang Mountains, arresting those powerful warriors, and torturing them to death, torturing them to death!

The stronger the warrior, the happier he will be tortured, and the greater pleasure he can get from it.

And if there is really no powerful warrior, then the common people will not let go.

For the warrior to kill the monster and the monster to kill the warrior, Chen Feng knew very well that it was nothing more than a winner.

The warrior kills the monster to obtain various resources and strengthen its strength, and the monster devours the warrior to resist or to improve itself.

Both sides are bloody.

But even the ordinary people did not let it go, which Chen Feng absolutely could not tolerate.

Therefore, he chose his first opponent here.

Flame double-winged snake!

No, it should be said that he is not an opponent. He is not worthy of being Chen Feng's opponent. He is just Chen Feng's first hunting target!

Chen Feng walked slowly towards the mountain, and when he was under the mountain, Chen Feng had already released his breath.

The breath rushed towards the cave above the mountain.

Chen Feng did this to make the flame double-winged snake aware of his existence, knowing that he is strong, and suffering in his heart, making him afraid but helpless.

Before he dies, let him experience the desperate feeling of those who were killed by him.

Obviously, Chen Feng's effect has been achieved.

Chen Feng's momentum surged, and bitterly slammed on the big hole at the top of the mountain, causing the entire cave to tremble violently.

At this time, the flame double-winged snake was sleeping in the cave and was awakened by the shock.

He suddenly raised the long neck, opened his mouth wide to reveal his mouth full of fierce fangs, and screamed: "Who is it?"

As he said, his figure flashed and flew out of the cave directly to the sky.

This is a monster beast about a kilometer in length. It is not big, and it is not even comparable to many monsters that have just entered the Demon Emperor Realm, but anyone who looks at it will not underestimate him.

This blazing double-winged snake looked like a huge rooster, but on the attacking neck was something similar to a snake neck and snake head.

It looks quite ridiculous.

Although ridiculous, it exudes a powerful aura. It is all red, and only the triangular snake head is pitch black, exuding a huge stench, which makes people almost faint after smelling it. .

Obviously, there is poison in his snake head.

He saw Chen Feng at a glance, and his face suddenly showed a touch of joy: "Hahahaha, I was boring while sleeping, but I didn't expect you to come here by yourself!"

He stared at Chen Feng: "Did you come to be killed by me?"

He knew Chen Feng was very strong, but he didn't think he could not kill him.

When I retreated that day, I was more afraid of being picked up by other monsters after fighting Chen Feng.

Chen Feng smiled coldly, stared at him, and said word by word: "I'm here to kill you!"

With that said, Chen Feng turned into a golden-winged roc, brushed it, and came directly in front of him.

Then, the momentum was overwhelming, this flame double-winged snake, among the ten monster beasts, was nothing but an ordinary monster, just a monster that had just entered the five-star monster emperor, only equivalent to the human six-star martial emperor early stage.

[Chapter 2564: Absorb the demon pill!](#)

Even after Chen Feng's aura was crazily suppressed, he directly pressed him from the sky and fell to the ground fiercely, unable to move.

He let out an unbelievable exclamation, staring at Chen Feng, with a look of fear in his eyes, and exclaimed: "How is it possible? You humble human being? How can you have such a powerful strength?"

Chen Feng stared at him and smiled slightly: "Unfortunately, I have such a strong strength!"

Then, from the Golden Wing Roc, he transformed into a human body again, and walked step by step from the mountainside.

Seeing Chen Feng's approaching figure, the Flame Double-winged Snake roared in horror. He struggled frantically, trying to break free, but no matter what, Chen Feng's aura pressed him tightly, so that he even got up. No, let alone escape.

Chen Feng had a smile on his face, but his smile was full of coldness and murder.

The flame double-winged snake immediately realized that this human was about to kill himself, and he would never let him go.

Chen Feng walked slowly, step by step, stepping up the steps.

And every time he took a step, the flame double-winged snake felt that he was one step closer to death.

When Chen Feng walked out of a hundred steps, his crazy scream suddenly became countless times louder than before, and his eyes were full of despair.

Chen Feng pretended not to hear, and continued to move forward with a smile.

When Chen Feng reached a thousand steps, he screamed frantically: "Boy, you can't kill me. If you kill me, none of the ten monster beasts will spare you. You will never get out of nothing. Mishan Mountain!"

Chen Feng looked at him with a smile, still silent, just walking forward.

When Chen Feng walked five thousand steps, the color of despair in his eyes was already so intense that he almost collapsed.

When Chen Feng walked ten thousand steps and was about to walk in front of him, his screams stopped abruptly, staring at Chen Feng, shaking all over, like sifting chaff, full of fear.

He stopped screaming, or arrogant, or scolded, but begged frantically for mercy: "Please, don't kill me! Don't kill me, spare my life!"

Obviously, Chen Feng's strategy succeeded.

Chen Feng took these ten thousand steps and took a few hours, and during these few hours, this flame double-winged snake was also tortured and tortured.

Chen Feng walked to him and suddenly grabbed his snake head and lifted it directly.

Chen Feng twisted the black triangle snake head and turned it around.

Chen Feng gritted his teeth, his voice was extremely cold, full of cold killing intent: "Look at these people, look at these human warriors who were tortured and killed by you, and look at them when they begged you for mercy before they died. Have you passed them?"

"The despair they had before dying, do you realize it now?"

"Since we have killed so many human warriors, how can I be worthy of their spirit in the sky without killing you today?"

"but,"

Chen Feng took a deep breath, looked at him, and said lightly: "I won't abuse you, I am not you!"

As he said, he roared and shot out with a palm!

With a bang, the flame double-winged snake was shocked all over, its body tilted, and it fell heavily to the ground, losing its vitality.

A happy smile appeared at the corner of Chen Feng's mouth. He stretched out his hand, opened his chest and abdomen, and took out an inner pill.

Then, Chen Feng didn't even look at his corpse, so he left.[novelusb.Com](http://novelusb.com)

On a high cliff.

The height of this cliff reaches hundreds of thousands of meters.

What's more rare is that there are low hills and hills all around, so you can see the surrounding scenery from the top of the cliff.

At this time, above the cliff, near the top of the cliff, there was a huge cave.

The cave is not deep, but it is very wide and a very large space, just like digging a piece of the cliff alive.

At this moment, Chen Feng was standing at the entrance of this cave, looking into the distance, his heart was broad, and he felt a small view of the mountains.

Chen Feng looked out for a long time, then turned around.

In the cave, there was a peaceful scene at this time.

Han Yuer leaned on the cliff and was playing games with Blood Wind there.

Bloodwind was banned from strength, leaving only animal instincts, and his eyes were covered with a cloth strip.

As for Han Yu'er, more than ten canals one foot long and three inches wide were dug beside the spring, and the distance between each canal was about eight inches.

The blood wind needs to cross these eight water channels at once without any perception at all, and keep his paws away from water in order to win.

After all, Bloodwind Vanguard is a spirit beast. Although it has been banned, it is also very clever and has successfully crossed the seven channels.

Seeing this, I can cross the last one very smoothly.

Han Yuer couldn't help feeling a little anxious, but she and Xuefeng made a bet.

Han Yu'er rolled her eyes and stretched out Qing Cong's fingers quietly.

When the blood wind was about to cross the last canal, she fiddled with the hind paws of the blood wind.

With such a flick of the hind paws of Bloodwind, with a plop, he stepped into the water, and a lot of water splashed out immediately.

Then Han Yuer immediately said loudly: "Hahahaha, Bloodwind, you lost!"

With that, he tore off the cloth strips on Bloodwind's face with lightning speed.

Bloodwind hadn't recovered at all at this time what was going on, with a chubby face, looking at Han Yu'er, his face looked awkward, as if he could not understand how humans could be shameless to such an extent.

Seeing his expression, Han Yuer laughed even more.

Chen Feng smiled involuntarily beside him.

He walked aside and took out two demon pills.

After arriving in the Wuwang Mountain Range, Chen Feng killed four of the ten Demon Kings, but the Dark Soul Eater turned into the power of the dark soul, and the other one was severely injured by Chen Feng. In the state, he hurried away before he could get the demon pill.

The remaining two are here.

Of the two demon pills, one was for the gluttonous swallowing Heavenly Dragon, and the other was for today's flame double-winged snake.

These two huge demon pills are almost the same, they are both the size of a small house.

It's just that one is golden with a strong purple, and the other is red with a hint of black.

This strand of black, located in the most central position, exudes a strong smell of toxins.

And the red surrounding it is the power of endless flames.

Chen Feng raised his eyebrows lightly, and said slowly: "I just keenly felt a breath about to break through. I have stayed in the three-star martial emperor long enough, even if I cannot break through to the four-star martial emperor, at least Some strength must be improved."

[Chapter 2565: Crazy promotion](#)

"After all, just after entering the Samsung Martial Emperor, there are thirty-two wisps of orange heaven and earth power. I haven't improved anymore yet!"

"Moreover," Chen Feng paused and continued: "I should indeed break through now."

"If I don't break through, how can I deal with that animal?" *ηΟνελUS&.C0m*

With that, Chen Feng pressed his hand on the demon pill of this blazing double-winged snake.

There was a trace of venom in his demon pill.

In fact, it is quite difficult to absorb the power of this venom, because it must first be purified into a pure and powerful force.

However, Chen Feng could feel that in the gluttonous swallowing Heavenly Dragon's demon pill, it was more difficult to swallow that trace of purple aura.

So he chose this.

Chen Feng pressed his hands on the demon pill, banging, his power slammed out fiercely.

Thirty-two rays of orange power of heaven and earth exploded and shot out rounds of purple light, constantly bombarding this demon pill.

Suddenly, purple light overflowed everywhere, and the power spread wildly.

With Chen Feng's constant bombardment, this demon pill was extremely strong from the beginning, and gradually became a little loose.

Chen Feng bombarded for three hours, and finally, following Chen Feng's tyrannical bombardment, a small gap was directly cracked on this demon pill!

In the next moment, the temperature in the entire cave suddenly increased by not knowing how much.

In an instant, the extremely tyrannical, extremely strong flame power burst out from the gap in this demon pill.

Chen Feng felt that in front of him, he almost became a sea of flames, and boundless flames spewed out from it, instantly spreading throughout the cave.

In a blink of an eye, the walls of this cave were burnt to a scorched black color, and even the stone walls were burned to the point that they burst into cracks.

Chen Feng didn't have any panic. He gave a soft drink and struck out a force to protect Han Yu'er and them.

Then, a smile appeared at the corner of his mouth, and he whispered: "Sure enough, it is the Five-Star Demon Emperor's Demon Pill. The power contained in it is so pure and powerful!"

Chen Feng took a deep breath, descending the dragon to convey the master plan of the Arhat scriptures.

As the only internal power technique practiced by Chen Feng, the General Outline of the Dragon-Jiang Arhat Scriptures is unparalleled when it absorbs the powerful power of the demon pill and the blood of the yellow bird.

Other exercises may take a few days to absorb, and he can absorb them in an hour.

The incomparable suction force of the general outline of the Jianglong Arhat Scriptures gushes out from Chen Feng's dantian, and then, a huge vortex is formed, spreading in Chen Feng's meridians, from the dantian to Chen Feng's. On the hands.

In the end, in the palms of Chen Feng's two palms, each formed a huge inverted vortex, and a huge suction force passed through it.

Then, with a bang, the huge flames that spit out from the demon pill, like two long flame dragons, were directly absorbed by these two huge vortexes and poured into Chen Feng's body!

After these two forces entered Chen Feng's body, they were very pure in terms of the strength of the flames and did not require any refinement.

However, what Chen Feng did was not the flame technique.

However, Chen Feng never needed to worry about this issue.

If others want to absorb these demon pills, they need to be careful, and only after they are refined bit by bit can they be absorbed into their own body, and Chen Feng only needs...

A smile appeared at the corner of his mouth, and his meridians were extremely painful with those two extremely hot powers, but Chen Feng didn't seem to feel anything.

These two forces were drawn into the Dantian, and then, in the middle of the four huge golden light balls, a huge golden vortex formed.

This huge golden vortex is exactly the exercise method of the general outline of the dragon descending Arhat scripture.

These two flames, like two long flame dragons, were absorbed into the sky above, and then rushed towards the golden vortex.

The two huge flame powers seemed to be spiritual, and they felt that they were about to be destroyed, and they roared frantically, trying to escape.

However, it didn't have any effect at all. It was straightforward to stop them from escaping, and then directly sucked in.

In an instant, these two flame powers were alive and broken by the golden dragon descending Arhat scripture master plan.

In the next moment, golden mist was spit out from the golden vortex.

Then, it was poured into Chen Feng's body to strengthen his thirty-two rays of orange power.

Chen Feng felt that his strength was increasing crazily, the power of the flames was constantly being drawn, and the golden mist was continuously spit out, and Chen Feng's strength continued to improve.

Feeling that his strength was improving at an extremely fast speed, a smile appeared on the corner of Chen Feng's mouth.

He sighed softly as if drinking alcohol, "This feeling of increased strength is really great."

In front of Chen Feng, thirty-two rays of orange heaven and earth power appeared, and a steady stream of golden mist gushed out of Chen Feng's hand and poured into these orange heaven and earth power.

As a result, on the edge of the thirty-two orange rays of the orange power of heaven and earth, a ghost of the power of orange heaven and earth quietly appeared.

It's just that it's still very virtual at this time, and it's not condensed into a substance.

Finally, after Chen Feng absorbed a cup of tea time, with a soft bang, beside the thirty-two rays of orange power of heaven and earth, a new ray of orange power of heaven and earth suddenly formed.

The thirty-third ray of orange power of heaven and earth appeared.

Chen Feng sighed softly: "In such a short period of time, it has condensed into a ray of power from the heavens and the earth, and the general outline of the Dragon-Dragon Arhat Scripture is really a powerful existence that surpasses all other exercises!"

Then, after a cup of tea time, another orange ray of heaven and earth power appeared.

Chen Feng frantically absorbed the power of the flames and frantically improved his strength.

The orange power of heaven and earth keeps appearing, thirty-five strands, thirty-six strands...forty-three strands!

When Chen Feng absorbed all the remaining flame power in this demon pill, his orange power of heaven and earth had already increased to a full forty-three wisps!

The demon pill of this demon beast added seven rays of orange power to Chen Feng.

After that, the trace of venom power left in this demon pill was not absorbed.

Chen Feng took a deep breath, then let out a violent roar, and slapped both palms to absorb the last bit of venom.

This time, the power of the venom was far from the power of the previous flames in terms of quantity, but in terms of quality, it was much higher.

As soon as Chen Feng breathed in, he felt severe pain in his meridians and twitching all over his body. In an instant, the toxins flowed into Chen Feng's body along the meridians.

Chen Feng was cold all over, his head was dizzy, and he almost fell to the ground.

[Chapter 2566: Gluttonous blood](#)

Chen Feng was shocked, this toxin was really violent and violent. If it were a general martial artist, even if the level was the same as Chen Feng, he would be directly poisoned.

However, Chen Feng had the bodyguard of the descendant Longhan Scriptures. The golden vortex revolved and immediately pulled out all the venom from Chen Feng's body and then incorporated it into the golden vortex.

Golden Vortex took an extraordinarily long time this time, it took almost an hour to digest all the venom power, but the return it brought was huge.

With a bang, the golden vortex burst out suddenly in an almost exploding posture.

Then, a huge golden thick mist madly poured out from inside.

In a blink of an eye, it penetrated into Chen Feng's body!

The next moment, the orange power of heaven and earth in front of Chen Feng trembled crazily, and there were four rays of orange power of heaven and earth appeared.

In an instant, Chen Feng's strength directly increased to 47 wisps of orange power of heaven and earth.

Chen Feng sighed softly, feeling the refreshing feeling of strength growth, showing a drunken smile, and whispered:

"Although this toxin is fierce, the orange power of heaven and earth added to me is enough!"

"I have a full forty-seven wisps of orange heaven and earth power, and my strength has increased by one-third compared to before.

However, Chen Feng didn't feel any satisfaction. He continued to take out the gluttonous demon pill that swallowed the Heavenly Dragon, and then began to absorb it.

Most of this gluttonous demon pill that swallowed the Heavenly Dragon was golden yellow, highly condensed earth-attribute power, but inside was mixed with a ray of purple power.

This purple power is just the trace of the blood of the ancient divine beast that gluttonous swallowing the sky dragon.

It took two hours for Chen Feng to absorb all the power of the gluttonous swallowing Heavenly Dragon Demon Pill.

His thirty-two strands of orange power of heaven and earth also increased to a full fifty-five strands.

But when Chen Feng was about to absorb the purple gluttonous blood, he found that he couldn't absorb it anyway!

"What's going on?" Chen Feng pressed his palms on the demon pill and absorbed the purple power, but found that the purple power remained motionless and could not be absorbed by him.

Chen Feng thought for a while, and then stuck the demon pill on his dantian.

The general outline of the Jianglong Arhat Scriptures directly absorbed the purple blood through the dantian, but it still remained motionless!

Chen Feng raised his brows and observed carefully.

Then, when he took a closer look at the purple bloodline, there was a thud, as if he had entered the starry sky of the universe.

The sky was filled with dazzling stars. At this moment, the sight almost suffocated Chen Feng.

The next moment, he struggled out of this illusion, panting heavily, and a touch of horror appeared in his eyes.

"The level of this bloodline is too high, it is terrible, this bloodline has brought me a great shock!"

"I even think that this bloodline is no worse than my martial soul, and its level is extremely high. No wonder it can't absorb it."

"Well, since it can't be absorbed, then forget it!"

Chen Feng took a deep breath and stretched out his hand to incorporate this trace of blood into his soul-man space.

The purple bloodline didn't resist, and just stayed in the wreckage of the demon pill, quietly and lazily.

But Chen Feng felt that it was not lazy, it seemed to be disdainful, full of disdain for himself and everything around him, and he simply didn't bother to pay attention.

This is a powerful contempt.

Chen Feng gave a wry smile: "This guy, he looks down on me at all!"

But he has the capital to look down on, you know, this is a trace of the blood of the ancient beast glutton!

The next day, a huge volcanic crater, a huge monster corpse was lying there.

This monster beast is in the shape of a giant wolf, and its body is surrounded by endless flames. It is not a phantom, but a real flame. The temperature is still high!

Chen Feng stood proudly beside him, on the killing knife in his hand, and the flame quickly went out.

The body of this monster beast had already been slashed by Chen Feng and showed many huge scars, and he also completely lost his vitality.

"It's a pity," Chen Feng said softly as he looked at the huge corpse tens of thousands of meters long:

"I didn't expect this monster beast to have such a structure, so I couldn't use his body at all."

As soon as Chen Feng's voice fell, all the flames on this monster beast suddenly disappeared and retracted into his body.

After the flame disappeared, his body was exposed. His body was actually made up of huge red boulders!

As the flame disappeared, as his vitality was lost, countless huge gaps burst out of these huge rocks.

Originally, these boulders were connected together, the surface was very smooth and compact, and looked very solid, but now there are many small cracks, and then the cracks continue to grow.

In the end, boom boom, huge stones exploded on his body, and these stones turned into powder.

In a blink of an eye, the body of this monster beast disappeared, leaving only a piece of powder on the spot.

It turned out that he was actually formed by condensing the boulders in the crater. He didn't know when he had a ray of spiritual consciousness of his own, so he became one of the top ten monsters.

However, even though he was broken, there was a demon pill on his corpse that remained, shining brightly there.

The incomparable flame power and the power of the thick earth gush out, lively and full of vitality everywhere.

A smile appeared on the corner of Chen Feng's mouth, and he took away the demon pill. He whispered to himself, "This is the third demon beast!"

Chen Feng didn't kill innocent people indiscriminately. Wuwang Mountain had its own rules. Even when Chen Feng wanted to challenge the ten monster beasts, he didn't want to kill them, but wanted to defeat them.

Chen Feng didn't plan to kill all the monsters now, he just wanted to kill the monsters that were so sinful and he had coveted himself before sneak attacking him.

Two days later, in another valley survey, Chen Feng finally beheaded the fourth monster that coveted him that day.

This demon beast contributed a green demon pill the size of a small house to Chen Feng.

Chen Feng smiled slightly and said softly, "There is one last opponent to deal with, and that is the third-ranked existence among the ten monsters."

"Although his strength is far inferior to the giant gluttonous swallowing dragon, it is also outrageous. My current strength challenges him, I'm afraid it will still be a little difficult!"

"I want to absorb these two demon pills first!"

Three days later, Chen Feng once again absorbed the two five-star Demon Emperor level demon pill.

[Chapter 2567: It turned out to be the Six-Star Demon King?](#)

At this time, his orange power of heaven and earth had already reached a full sixty-four strands!

Chen Feng's arms shook, and he felt endless power gushing out of his body. The sixty-four strands of the orange power of heaven and earth turned into sixty-four orange jade slips, flying around Chen Feng, exuding a powerful and incomparable aura. power.

Chen Feng took a deep breath and felt the tyranny of this force, making himself fascinated.

He sighed softly: "Sixty-four orange ray of heaven and earth power, now I have reached the pinnacle of the three-star martial emperor, only one step away from the four-star martial emperor!"

"Now, my strength is sure to be able to steadily defeat that monster that ranks third among the top ten monsters!"

"Because, his strength is only between the five-star demon emperor peak and the six-star demon emperor, even if he has some special abilities that enable him to improve his strength, I am not afraid!"

Then, Chen Feng set off.

He walked all the way, towards the core area.

Soon, he came to the most core area, a place thousands of miles away from the Heavenly Sword Peak.

Tonight, the moon is scarce, and I can see far away. Through this moonlight, Chen Feng can see the huge shadows in the distance that are like heavenly needles.

He sighed slightly, looked there, with a look of longing in his eyes, and whispered, "Is it true that the sword front of the heavenly god?"

"There is the core secret of the Wuwang Mountain Range, and there are also the strongest experts in the Wuwang Mountain Range!"

"When will I be able to get there?"

Chen Feng shook his head, put aside this thought, and moved his gaze to a large lake not far ahead.

That big lake is Chen Feng's goal.

With a radius of 3,000 miles, the Great Lake is the largest lake in the entire Wuwang Mountain Range, but it is not located in the valley, but on a huge mountain peak.

This mountain used to be a volcanic crater. It is said that the formation of the Wuwang Mountain Range was caused by this volcanic eruption.

But now, the volcano has long since died, and the crater has formed a large lake, occupied by a powerful monster!

Chen Feng came to the lake, took a deep breath, suddenly smiled, and said gracefully: "Amethyst Dragon Dragon, get out!"

"Now, it's time to settle accounts with you!"

Chen Feng's voice seemed very gentle, but in fact it was thrown into the lake like a bomb.

As soon as his words fell, with a bang, a huge whirlpool exploded in the center of the lake, setting off stormy waves, and the boundless waves swept to the side, even smashing the huge boulders by the lake.

Then, Chen Feng's voice continued to spread downward in the water.

Every syllable causes huge fluctuations!

"Get out, get out, get out..."

His voice reverberated everywhere, resounding in the mountains!

The next moment, the lake exploded, and a purple light and shadow shot out from it like lightning and flew directly into the air.

And as he appeared in the sky, countless black clouds condensed on the sky, and in a blink of an eye, huge black clouds appeared within a hundred miles, blocking the moon above the sky.

Then, lightning flashed, the wind howled, and the pouring rain fell in a flash.

In this heavy rain, Chen Feng stood proudly, looking at the huge purple figure constantly interspersed among the clouds!

The huge purple figure finally stopped traveling. He was coiled in the air with his head stretched out, staring at Chen Feng. Among his two huge purple eyes, there are two vertical pupils, which are filled with infinity. The cold, cruel, and cruel!

This is a Jiao, an Amethyst Dragon Jiao!

This kind of flood dragon, although named flood dragon, looks inferior to dragon, in fact it is much stronger than most dragons.

His strength, even among the five-character dragons, can be regarded as outstanding!

In fact, his strength ranks third among the top ten monsters in the Wuwang Mountain Range!

He stared at Chen Feng, with a cold look in his eyes, and said lightly: "Boy, I remember you."

"I tracked you not long ago and almost killed you. You were able to escape by chance that day. I don't know how to live with your neck, but you dare to come and die?"

Chen Feng stared at him with a smile on the corner of his mouth, and said softly, "Is it right? You will know soon!"

"Why, do you still want to challenge me?" This amethyst Tenglong Jiao showed a touch of extreme disdain, staring at Chen Feng and said: "Boy, I think you are crazy, right?"

"Or, your mind is broken in practice, and you want to challenge me?"

Chen Feng didn't want to have any nonsense with him, just shouted: "Kill!"

His figure rushed forward directly, and in a blink of an eye he came to the body of Amethyst Tenglong Jiao, and then blasted out with a punch.

Sixty-four orange rays of the power of the heaven and the earth burst out, the extremely powerful and overbearing, all the vitality between the heaven and the earth was shaken out.

Even the black cloud with a radius of hundreds of miles was crushed by Chen Feng's blow.

Chen Feng's attack was more than twice as powerful as before, and the face of the amethyst Tenglong Jiao also showed a touch of surprise, and he gave a soft hey.

Then, a sneer appeared at the corner of his mouth, and his huge purple claws slapped out, and slammed into it bitterly.

After the two forces collided, Chen Feng's orange power of heaven and earth was directly shattered!

And its claws shook violently, and several wounds cracked on it, and blood oozes out.

His body popped back a hundred meters.

Seeing this scene, Chen Feng was shocked, and sternly shouted: "You are not the pinnacle of the Five-Star Demon Emperor, you are actually stronger?"

If it were the pinnacle of the Five-Star Demon Emperor, with this blow, Chen Feng would be able to severely wound him, it could not be just such a slight injury!

"Hahahaha, kid, you're pretty good!" Amethyst Tenglong Jiao let out a big laugh!

A look of shock appeared in Chen Feng's eyes: "Are you a six-star demon king?"

"Hahahaha, yes, I am the Six-Star Demon Emperor!" Amethyst Tenglong Jiao let out a crazy and proud roar.

He stared at Chen Feng and laughed wildly: "You didn't expect it, kid, you think I'm just the pinnacle of the five-star demon king, come and challenge me."

"As everyone knows, just a few days ago, I was already promoted to the Six-Star Demon King!"

He sighed softly, with a slight sigh, and said softly: "This Wuwang Mountain is not easy to mix, there is such a powerful boss above, that second child is also ambitious."

"I'm the third child, if my strength doesn't improve a little bit faster, I will be torn apart by the two of them!"

"So I practice crazy all the time, and finally break through three days ago! Hahaha..."

[Chapter 2568: Fight to death!](#)

He pretended to sigh at first, but actually brag about himself.

But later, finally couldn't control his emotions, and laughed wildly!

His voice is full of pride, and he does have reason to be proud.

The peaks of the six-star demon emperor and the five-star demon emperor seem to be separated by a thin line, but in fact they are far apart.

After entering the six-star demon emperor, he can easily kill the peak of the five-star demon emperor.

And Chen Feng's current strength is nothing more than the peak of the Five-Star Demon Emperor!

Then, he suddenly showed a grinning smile on his face, staring at Chen Feng, and shouted: "Now, you know my true strength, are you afraid of it?"

"You must be afraid of death, right?"

He was so proud that he wanted to see Chen Feng's fear.

But Chen Feng didn't have the slightest fear.

What about the Six-Star Demon King?

Chen Feng would rather die than fear!

There was a sneer on his face: "Kill!"

It was actually directly at the Amethyst Tenglong Jiao who killed it again, full of a forward-looking attitude.

He gave the firmest response with actions.

A stern look appeared on Amethyst Tenglong Jiao's face. Chen Feng was not afraid, but took the initiative to attack, making him instantly angry and angry.

He screamed frantically. Chen Feng had already used the Floating Light and Glancing Shadow Technique at this time. Suddenly, six Chen Feng had appeared and killed him.

And this amethyst Tenglong Jiao curled his mouth in disdain, and roared, on his forehead, the purple unicorn released a huge current of two or three meters in diameter, and it slashed fiercely on the body of the first Chen Feng. .

This is a avatar of Chen Feng, he was directly crushed by this thick electric current.

The current didn't stop at all, and it struck the second Chen Feng again, which was still a clone of Chen Feng, and was still broken.

Then the third, the fourth...

Finally, it hit the fifth Chen Feng.

This is Chen Feng's body. After Chen Feng was hit by this electric current, he immediately felt a sharp pain like a thorn, which instantly spread all over his body, causing Chen Feng to let out a muffled hum.

In an instant, the skin on the surface of his body was torn apart, the flesh and blood were also torn apart, and the bones were as if hit by a sledge hammer.

That fierce electric current travelled through Chen Feng's body, and for a moment, the surface of Chen Feng's body was charred.

His skin cracked directly, exposing the flesh and blood underneath, and there was no blood flowing out, because his flesh and blood had been burned dry.

Even his bones were cut and turned black.

There is also a part of his internal organs, which is directly chopped like coke.

Chen Feng wowed, a big mouthful of blood spurted out, and the blood was still in the air, turning into a black fly ash.

At the same time, there were even blackened internal organs.

At this time, Chen Feng was already severely injured.

He coughed blood violently, and his heart was shocked: "I was only half as powerful as I was hit by this blow, and I was seriously injured, so my body can only withstand three such attacks at most!"

But Chen Feng still didn't give in, let alone fear.

At this time, Amethyst Tenglong Jiao stared at Chen Feng and laughed arrogantly: "Little boy, you are not even one of my enemies!"

"I want to kill you, as easy as killing a chicken and a dog!"

Chen Feng gritted his teeth and ignored it.

He just uttered a violent shout, and his figure suddenly rose into the air, and the murder knife suddenly came out of its sheath and slashed at him fiercely!

The second layer of the Buddha's Demon Sword is activated directly!

Amethyst Tenglong Jiao didn't put this knife in his eyes at all. After Chen Feng's knife was cut out, only three wisps of breeze appeared.

Amethyst Dragon Jiao made a disdainful haha laugh: "Boy, is this the offensive you are going to use against me? Are you trying to tickle me, or do you think I'm a little hot and want to blow the air with me?"

In an instant, Chen Feng was close.

Three wisps of breeze have blown!

At this time, Amethyst Tenglong Jiao suddenly found something wrong.

These three wisps of breeze look ordinary and humble, but they are actually terrifyingly powerful.

He roared wildly all his life: "Boy, you are looking for death!"

He waved his paws and slammed into the breeze frantically, but because of his underestimation before, it was too late.

The first breeze hit his claws heavily, causing countless cracks in his claws.

Kakaka, almost directly collapsed.

The Amethyst Dragon Jiao let out a stern roar, and on the purple single horn, a huge lightning appeared again, violently colliding with the second breeze.

The second breeze extinguished simultaneously with the huge lightning.

The third breeze hit his chest.

With a loud bang, a huge deep hole appeared in the vital part of his chest, a bottomless black hole in the middle, and countless fissures scattered around this area of several hundred meters in radius.

All the scales were lifted, revealing the flesh and blood inside, and blood rushed out crazy.

Amethyst Tenglong Jiao let out a painful cry, he was seriously injured by Chen Feng's blow!

Chen Feng saw this scene, but his heart was full of regrets!

At this time, he failed to severely wound him, and there was no chance again!

Amethyst Dragon Jiao screamed, full of crazy hatred: "Boy, you dare to hurt me?"

He rushed up frantically, and the remaining few claws hit Chen Feng frantically.

Every time he hit Chen Feng, Chen Feng was violently sprayed with blood, and his body flew out heavily.

Then, before landing, he was hit again.

Chen Feng was like a doll in his hand, without the strength to fight back.

After being hit by him dozens of times, he just grabbed Chen Feng and stared at him viciously: "Boy, what else do you have?"

"Because I will kill you in the next moment!"

At this time, between life and death, Chen Feng was still extremely calm, without the slightest panic!

His eyes were awe-inspiring: "My sixty-four rays of orange power of heaven and earth hit him, and it can only cause extremely slight damage to him."

"My Buddha's Demon Slaying Knife can slander him, but it requires him to be unprepared, and I can only use it!"

"And he, as long as he hits me, he can seriously hurt me!"

"Six-star Demon Emperor, too strong!"

If it is an ordinary person, I am afraid that I am already desperate at this time, but Chen Feng does not, but his heart is more full of boundless fighting spirit!

At this time, the left front paw of Amethyst Dragon Jiao had gradually tightened.

Chen Feng felt that his body was squeezed to death, his blood was squeezed out of the wound, and a mouthful of blood spurted out.

Chen Feng's limbs were deforming, and he felt the pain to the extreme, every inch of his own flesh and blood was crushed, and every bone was broken.

[Chapter 2569: breakthrough! Four-star Wuhuang!](#)

Chen Feng's injury was already very serious, but now this one has directly caused him to be seriously injured and dying.

At this time, he even felt that the air in his lungs was squeezed out, which almost suffocated him and made him stare at Venus.

At this moment, even if he was as firm as Chen Feng, there was a wave of despair in his heart: "Am I going to die?"

At this time, Amethyst Tenglong Jiao's claws suddenly loosened a little, and Chen Feng immediately breathed in fresh air.

He was almost suffocating to death just now!

But, at this moment, suddenly, Amethyst Tenglongjiao's claws tightened again.

Chen Feng once again fell into that kind of despair of death, so many times.

Amethyst Tenglong Jiao laughed loudly: "Boy, how is it? This tastes uncomfortable, right?"

It turned out that he was playing Chen Feng!

Chen Feng was furious!

However, he didn't lose his mind at all, instead, a shrewd look flashed in his eyes.

He took this as an opportunity for his escape!

After squeezing several times, the Amethyst Dragon Flood Dragon seemed to finally be impatient, and roared miserably: "Now, you deserve to die!"

With that, its claws squeezed down mercilessly.

This time, he really wanted to squeeze Chen Feng to death.

In an instant, Chen Feng was on the verge of death, and almost only breathed out. **noVeLUSB.Com**

But at this moment, in Chen Feng's soul-man space, a huge drop of blood floated out of him, it was the blood of a yellow bird.

This drop of blood contains dozens of drops, which is the size of a small house.

It flew out suddenly, and then slammed down towards Chen Feng fiercely.

Amethyst Tenglong Jiaoming exclaimed: "What is this?"

Then the next moment, he felt the enormous energy in the yellow bird's blood.

His eyes immediately showed a greedy color: "This must be the blood of a certain high-level monster. I can feel that there is a huge amount of power in it, very tyrannical!"

"If I can swallow it, it will greatly improve my strength!"

He opened his mouth wide and swallowed the blood of the yellow bird directly.

And just as he bit the yellow bird's blood, a bright red light burst out from the surface of the yellow bird's blood, and there seemed to be a crisp bird song inside, full of anger and disdain.

This yellow light directly burned the big mouth of the Amethyst Dragon Jiao into countless large bubbles, so painful that he screamed, blood flew wildly, and several teeth were shattered.

He quickly avoided his head angrily.

At the next moment, the blood of the yellow bird was already banging and directly hit Chen Feng.

Then, Amethyst Tenglong Jiao clearly felt that his claws were stretched.

It turned out that the yellow bird's blood had wrapped Chen Feng in it, and opened the claws of the Amethyst Dragon Jiao.

Amethyst Tenglong Jiao squeezed vigorously, but he felt that his hand was like a mountain made of pure metal, and he couldn't squeeze it anyway.

He watched this scene with horror.

At this moment, Chen Feng, who was in the blood of the yellow bird, felt extremely comfortable.

Numerous energies around the body poured into Chen Feng's body. In his dantian, the dragon descending Arhat Scriptures were running on their own. The huge golden vortex formed strands of yellow energy, like silk threads, from the blood of yellow birds. Among them, Unicom connects to his body.

The majestic power poured into Chen Feng's body, into the vortex of the dragon descending Arhat scriptures.

Then, the golden mist sprayed out.

Around Chen Feng's body, sixty-four orange rays of heaven and earth power appeared again.

At this time, beside the sixty-four rays of orange power of heaven and earth, a new orange power of heaven and earth was condensing and was about to form.

Finally, when the blood of the yellow bird disappeared by a third, there was a thud, and a brand new orange power of heaven and earth appeared.

This is the 65th orange power of heaven and earth.

And the significance is not that it is the 65th one, but that it is the first orange power of heaven and earth in the realm of Chen Feng's four-star Wuhuang!

At this moment, Chen Feng's strength has actually broken through to the four-star Wuhuang!

Chen Feng felt a loud bang, all the periosteum in his body was opened, and all the joints were blown up.

All the key points are unobstructed at the same time, and the whole person is extremely comfortable.

There was a great joy suddenly formed, and his body was light and light, and all the injuries were healed in an instant.

In an instant, the strength was restored to its peak state!

No, it's not just the peak state, Chen Feng's strength is still climbing crazily.

Finally, when all the blood of the yellow bird disappeared, and with a bang, the bubbles formed by the blood of the yellow bird that wrapped Chen Feng disappeared, the orange power of heaven and earth around Chen Feng's body had already reached a full seventy-two thread!

Seventy-two rays of orange power of heaven and earth!

Chen Feng looked at his hands with a chuckle at the corner of his mouth: "Four-star Wuhuang, I have broken through!"

At this time, Amethyst Dragon Jiao let out a violent roar, and screamed: "Little boy, I don't care what tricks you are playing, anyway, the thing that protected you just now has disappeared!"

"Now, I can kill you again!"

Chen Feng raised his eyebrows, looked at him with a smile, and said softly: "Do you think you can kill me?"

"Of course!"

Amethyst Tenglong Jiao said with disdain: "I am the Six-Star Demon Emperor, equivalent to the Seven-Star Martial Emperor of your human beings, but what about you?"

"What if you step into the four-star martial emperor? I'm still three levels higher than you, and you are still not my opponent!"

Chen Feng smiled slightly: "Really? Then, might as well try!"

The next moment, he punched out!

Seventy-two wisps of orange power from heaven and earth burst out and smashed into the Amethyst Dragon Dragon.

Amethyst Tenglong Jiao dismissed it, but still casually stretched out his paw to resist.

In his opinion, this one is no different from before.

As everyone knows, this is a qualitative difference!

Chen Feng now is stronger than before, I don't know how much!

After the seventy-two strands of orange power of heaven and earth collided with his claws, his claws slammed into countless gaps.

The huge claws burst into pieces!

Then, seventy-two rays of orange power of heaven and earth struck him fiercely, punching a big hole on his body, almost giving him a live match, exposing the bones and internal organs inside. .

He let out a scream and ejected his body.

He let out an incredulous roar, staring at Chen Feng, surprised and angry, and roared: "How is it possible? How could your strength soar so fast?"

Chen Feng smiled and said: "I said it a long time ago, now you are definitely not my opponent!"

[Chapter 2570: Wait for me to take your life!](#)

With that said, Chen Feng didn't hesitate at all, and rushed forward frantically, with a punch!

Then, another punch!

With every punch, there are seventy-two wisps of orange heaven and earth's power, fiercely bombarding Amethyst Tenglong Jiao's body!

Every punch dropped caused Amethyst Tenglong Jiao to scream terribly, causing him to be seriously injured.

In a blink of an eye, Chen Feng blasted a full eighteen punches!

When the eighteenth punch fell, Amethyst Tenglong Jiao's entire body ejected heavily, as if being shocked, the entire body convulsed.

He was hit in the spine and his strength was instantly lost.

There was a look of extreme fear in his eyes. At this time, he was covered in cuts and bruises, and there were huge wounds all over his body. It was already only a breath of being beaten.

He turned his head and looked at Chen Feng with shocked eyes.

At this moment, where is there disdain in his eyes?

Yes, it's just full of disbelief and fear, and a trace of despair!

He was beaten like a dog running with its tail sandwiched between his tail, and his head was pierced in the water of the lake, and he wanted to escape.

Chen Feng laughed loudly: "Want to run? Have you asked me if I agree?"

Chen Feng grabbed the tip of his purple long horn with one hand, and then banged his fist on the purple long horn.

One punch, another punch!

Boom boom boom, booming on the purple long horns one after another, they actually loosened the purple long horns alive from the roots.

Then, Chen Feng grabbed the purple long horns with both hands, his arms were muscular, and he smashed to the side with all his strength!

Click!

A burst of noise!

The purple long horns of the Amethyst Tenglong Jiao were broken off alive, and blood shot out like a fountain, touching Chen Feng's face.

Then, Chen Feng landed on his head and laughed wildly: "Just now, it's so cool that you abused me?"

"Keep playing with me? Keep me wandering between life and death?"

"Now, it's your turn to enjoy this!"

Chen Feng was soaked in blood, punching down his head like a demon.

Finally, I don't know how many punches were made. After Chen Feng's punch fell, Amethyst Tenglong Jiao's fierce struggle suddenly disappeared.

His whole body twitched violently, and then his strength disappeared.

With a bang, the whole body fell on the surface of the water and stopped moving.

This monster that was promoted to the Six-Star Demon Emperor was actually beaten to death by Chen Feng!

Chen Feng was taken aback for a moment, then he slowly stood up, looked at the corpse under his feet, and laughed up to the sky, extremely happy!

This burst of pure power made him extremely comfortable!

Then, Chen Feng took away Amethyst Tenglong Jiao's inner alchemy.

At this time, a huge breath was approaching extremely quickly.

It is the gluttonous swallowing dragon.

It turned out that he felt the breath of fighting here and hurried over.

But when he arrived, Chen Feng had already taken the inner alchemy!

Chen Feng transformed into a golden-winged roc, floating above the sky. He suddenly turned back and looked at the Gourmet Swallowing Dragon, with his hand on his throat, and a light stroke!

Make a throat cut pose!

Provocation, extreme provocation!

Chen Feng stretched out his hand and pointed at Gourmet Swallowing Tianlong, with a loud voice: "Waiting for me to take your dog's life!"

Full of provocation and domineering!

Then, Chen Feng's figure disappeared in an instant, and soon disappeared into the distance, leaving only the golden light.

Looking at his back, Glutton Tun Tianlong's eyes showed extreme fear.

He suddenly realized that he seemed to have provoked an incredible enemy.

This enemy is very powerful, and the most terrifying thing is that his speed of improvement is too fast.

Gourmet Swallowing Tianlong originally thought that he would have no problem dealing with this young man, he could suppress him firmly, he could play with him easily, and he could be beheaded easily.

But he now knew that he was wrong.

Outrageously wrong!

A voice echoed in his heart: "This kid, if I can't kill him within three months, I will definitely not be his opponent after three months. He can easily kill me."

"He is so horrible!"

A throbbing flashed in his heart: "No, I must find him out!"

"Even if I rummaged through the entire Wuwang Mountain Range, I will find him!"

After all, he was the second most powerful monster in the Wuwang Mountain Range, and he had a lot of monsters to serve him.

That night, his orders spread throughout most of the mysterious and desperate area of Wuwang Mountain.

These monsters in the mysterious desperate situation all rushed for an instant, looking for him frantically, working for him, trying to find out where Chen Feng was.

However, they were all disappointed.

After three days of searching, no clue of Chen Feng was found.

Chen Feng seemed to have disappeared.

On the moon in the sky, on a cliff, a figure stood quietly there.

There was a faint hazy light from all over her body. If she was within ten meters of his body, she would definitely be able to see it.

Attention? Seeing, not perceiving.

It must be seen with the naked eye, but it cannot be felt at all.

In fact, if a powerful monster was walking two or three meters away from his body at this time, if he closed his eyes and only felt it, he would not perceive the existence of this figure.

This figure is naturally Chen Feng.

At this moment, he was standing on the cliff, looking at the distant under the cliff, a huge black snake with a length of several hundred meters swimming through the canyon.

While swimming, he stuck out his tongue, and kept vomiting, making a hissing sound.

Chen Feng knew that this was a specific way for this snake monster to perceive the surrounding breath.

A smile appeared at the corner of Chen Feng's mouth: "You beast, if you can perceive me, that would be weird."

This monster beast passed by a few hundred meters away from Chen Feng, and did not feel Chen Feng's trace at all.

This is a very weird thing.

You must know that the perception range of this snake-like monster is definitely not only a few hundred meters. He should be able to accurately know the situation, but he did not feel it.

It's as if it's just a stone standing there.

He walked directly over.

A smile appeared at the corner of Chen Feng's mouth, and he turned and left.

There is still a golden-red glow around his body, but if you look closely, you will find that Chen Feng's body is actually wrapped in a robe.

That's right, it was the ancient Buddha robes he got back then.

Wrapped in this ancient Buddha robes, he went all the way forward. He just carefully noticed that he blocked his own light, but he did not block his momentum at all.
