

Peerless 2641

[Chapter 2641: I haven't worked hard yet!](#)

"He is not a trash, he is a genius, a fiend!"

"It's over, he must kill me this time."

"I heard that Xuanyuan Xingping and Xuanyuan Yu Chengdu were killed by him, so why would he put me in his eyes?"

"It's over, it's over, I will definitely die this time."

He was wailing in his heart, begging frantically for mercy, only begging Chen Feng to spare his life!

"Oh, do you know that you are wrong?" Chen Feng walked up to him and looked at him, with a slight tick at the corner of his mouth, with a playful smile: "It's not easy, you still know that you are wrong."

"The little one is wrong, the little one is really wrong, and the little one regrets it."

"Forgiveness, forgiveness, don't kill me, please, Master Chen, don't kill me!" He wailed frantically for mercy!

Suddenly, he gritted his teeth and said with a trembling: "Master Chen, this broken mouth offends you, the villain said so many **** things, the villain will dispose of him!"

As he said, the long sword in his hand flashed, and then there was a scream.

The next moment, the screams of screams kept coming from his throat.

A piece of meat fell on the ground, bloody, it was his tongue.

He actually cut off his tongue!

Chen Feng saw this scene, a look of boredom flashed in his eyes, waved his hand and said, "Okay, get out of here!"

Although Heng Ziming was scolded by Chen Feng, his face was full of joy. He knew that he had escaped the catastrophe, and he had escaped his life.

Now that his tongue was scrapped, it was no longer possible for him to stay in the Xuanyuan family, but for him, these were all secondary.

He saved his life!

He knelt on the ground, kowtow to Chen Feng one after another, and murmured in his mouth, seeming to be sending out words of thanks.

Chen Feng didn't even look at him, and walked straight forward!

Many people saw this scene beside them, and they were in awe of Chen Feng, full of unspeakable fear.

Soon, Chen Feng and his mother returned to the small courtyard where they lived.

As soon as she entered the room, Xuanyuan Ruolan showed unspeakable excitement on her face, patted Chen Feng on the shoulder, and said loudly, "Feng'er, it's amazing!"

She had always looked very indifferent when she was outside just now, but now she has completely expressed her emotions!

Chen Feng smiled slightly and said, "Mother, do you mean my ten thousand-year-old martial arts?"

"Of course!"

Xuanyuan Ruolan said: "The ten thousand-year-level martial arts spirit represents not only that you have risen as a genius, but that your future has unlimited possibilities." *novelusb.com*

"At your age, with a martial arts spirit of ten thousand years, you don't know how much your martial spirit will rise in the future!"

"Your future, I don't know how powerful it will be!"

Chen Feng looked at his mother, smiled low, and said, "Mother, I have good news to tell you."

"What good news? What better news is there now?" Xuanyuan Ruolan asked.

Chen Feng smiled and said, "Actually, I didn't exert any effort just now!"

"What? Haven't exerted force yet?" Xuanyuan Ruolan was shocked, looking at Chen Feng and said, "Could it be that your martial soul..."

"Yes."

A chuckle appeared at the corner of Chen Feng's mouth. He looked at his mother and said, "Mother, do you think this is all about my spirit?"

"What? Isn't this all of your martial arts?" Xuanyuan Ruolan was shocked when she heard this.

Even if she came from a wealthy family, she was strong and well-informed, but after hearing Chen Feng's words, she couldn't help being shocked.

You know, a martial soul of the ten thousand year level can already be called a little genius, and his son's martial soul is still above the ten thousand year level!

Chen Feng said softly: "The difference is far!"

In fact, Chen Feng didn't make false claims at all.

He hadn't instilled all the martial arts into it at all, even the ten thousand-year-level martial arts that finally caused the martial arts totem to explode was just instilling the head of the snake.

The whole body of Ba Snake hasn't entered at all yet, it's all exposed!

His martial spirit is far beyond the ten thousand years level, and it is not even a star or a half.

Chen Feng secretly said in his heart: "My martial soul has actually reached the level of tens of thousands of years. As for how long it is tens of thousands of years, it is still uncertain."

Chen Feng did this because he didn't want to be too pushy.

A martial arts spirit of the ten thousand year level was enough to shock everyone and let them put away those unruly hearts.

And if the martial spirit improves again, then it is inevitable that it will not bring some disasters to oneself!

In fact, even if Chen Feng wanted to raise the level of his martial soul in the eyes of everyone, he had no chance.

No one thought that his martial arts would be able to surpass even ten thousand years, and no one thought of letting Chen Feng test again!

Xuanyuan Ruolan looked at Chen Feng with a deep look of shock on her face!

In the next moment, this shocking color disappeared, replaced by a trace of indifference.

She laughed and said, "Actually, it's normal to think about it. You are Chen Feng, and you are my son!"

"All miracles that happen to you are nothing!"

The mother and son were talking, and suddenly an old voice sounded outside, his voice very heavy and steady: "Miss, Master Chen Feng, can the old man come in?"

Chen Feng was familiar with this voice, but his mother had already reacted.

With a smile on his face, he raised his voice and said, "I'm in charge, please come in!"

"Yes!" The voice sounded outside.

The next moment, deliberately aggravated footsteps came slowly, and then an old man came to the door and stood outside the door properly.

This old man is already very old.

Moreover, it looks like a candle in the wind, the body is swaying, there is not even a glimmer of light in his eyes, and it seems that it may disappear at any time.

The eyes are very dim, and the body is even more rotten.

It seems to be a dying existence.

However, anyone who thinks that he is really what he looks like is really wrong!

Chen Feng said: "It turned out to be the chief manager. I don't know what the chief manager is doing?"

Among the entire outer sect, Chen Feng's mother was still called the eldest lady, only the big deal!

This foreign sect chief is said to be an old man of the inner sect, and Chen Feng has also verified from his mother and got a positive answer.

This person has been a servant in Nei Zong for many years, and it can be said that he grew up watching Xuanyuan Ruolan!

In fact, there are still rumors in the Waizong. Although he is named Waizong Dagan, he seems to be under the elders of the Waizong, but he is not.

In fact, his strength is not inferior to that of the Great Elder Xuanyuan Ruofeng.

[Chapter 2642: Chen Feng's conditions!](#)

He is actually a figure who is inserted in the outer sect and monitors everyone.

His position is very detached.

Chen Feng knew that the rumors should be true, because he had seen the foreign sect elders several times, after seeing this foreign sect chief, their attitude was very respectful.

Even Xuanyuan Ruofeng was very polite to him.

And no matter to whom, the chief steward is a very indifferent attitude, neither humble nor arrogant, neither fawning nor arrogant.

Therefore, Chen Feng still had a good impression of him.

The boss looked at Chen Feng and slowly said, "Master Chen Feng, Missy."

"This time the old man came here, I specifically wanted to inform the two that from today, the two can move into the innermost luxurious mansion of the outer sect."

"In there, there are still dozens of vacant nine-entry houses, and two of them can choose one to live in."

"And if you don't want to live in that class of houses, there are also a large number of towers and halls inside, which are enough to accommodate the two of them. I don't know how they feel."

The Xuanyuan family is divided into outer sect, inner sect, and core.

In this Chaoge Tianzi City, it was actually only the outer sect, and Chen Feng didn't know where the inner sect and the core were.

It is said that only the top figures in the outer sect know some news.

The reason for this is that these forces in Chaoge Tianzi City are intricate and have extremely complicated grievances.

Moreover, there are too many forces in Chaoge Tianzi City, too many masters, and too strong levels. If all the power of the family is placed here, one day, they will be made dumplings here, and the whole family will go up and down. They were all killed and removed from the Dragon Vein Continent.

This is not groundless worry, similar things have happened dozens of times in Chaoge Tianzi City.

Among the families that were delisted were some Ninth-Rank families, Nine-Rank families, that was the same level as Xuanyuan Family!

Should I be killed or killed?

After all, dozens of families united to deal with him, how could he handle it?

The nine powers of the Dragon Vein Continent are not like this since ancient times.

Over the past few hundred thousand years, I don't know how many of these nine powers have been replaced. The nine powers hundreds of thousands of years ago can survive to the present, and there are not even three!

Therefore, these big families pay great attention to confidentiality.

Generally, only those forces that are like winners and Bahuang Tianmen occupying a large area alone, will they put all the sect forces together.

These things in Chaoze Tianzi City are all kept!

However, even if it is a foreign sect, it occupies a huge area of thousands of miles here, with a total of nine layers.

Every time you go up, the status of the resident is higher.

The place of residence is becoming more and more luxurious.

Chen Feng has never been to the ninth level, but it is said that in the ninth level, every house is luxurious and magnificent, just like a palace in the sky.

And the place where Chen Feng and his mother lived was not even the ninth floor, it could only be regarded as the outermost part of the mansion.

From the outermost to the ninth, it can be said that it is a step to the sky!

However, Chen Feng did not have the slightest joy on his face, but was extremely cold and said: "No need."

"This place, our mother and son have lived for a long time, and it is quite comfortable, so there is no need to go to other places."

Hearing what he said, the chief steward didn't have the slightest surprise on his face. He seemed to have expected Chen Feng to react like this.

There was a deep resentment and anger in Chen Feng's words.

The manager sighed softly and said, "Master Chen, I know what you think in your heart now. If that's the case, then that's all."

"However, in the future, the family will give Young Master Chen Feng and Miss Ms. Chen the resources to restore cultivation, as well as the pill that will restore the treatment to Miss Chen."

"I hope you will accept this."

There was already a sincere look in his eyes.

An angry sneer flashed in Chen Feng's eyes, and he said, "Now I know that I'm here to give us the pill? Now I know that we need to allocate resources? What did you do earlier?"

The manager heard Chen Feng's sharp questioning, but he didn't get angry.

Not only did he not get angry, he didn't even change his expression, but his eyelids drooped and his attitude remained respectful.

But the voice is very calm: "No way, the family is like this."

"At the beginning, you didn't have a martial spirit, and you were regarded as a waste, and your mother's strength was greatly reduced. As far as the family is concerned, you two are really worthless."

"Therefore, it is very normal not to give the two resources."

"But it's different now, so there is everything that should be there."

What he said was very cold, very real, and his attitude was very respectful from beginning to end!

In fact, what he said is beyond reproach.

However, Chen Feng just felt suffocated in his heart, raised his eyebrows, and wanted to speak again.

At this time, Xuanyuan Ruolan said, "Feng'er, don't say more."

"Speaking of which, it's not bad for the two of us, mother and son."

"Have you forgotten? In the past three months, the boss has never spoken bad words to you once."

When Chen Feng heard this, he was taken aback for a moment, and then after thinking about it, his expression became much more gentle.

Indeed, as my mother said, in the past few months, as long as he encounters a big steward, the big steward treats him with courtesy.

There are indeed no resources, but there is indeed no discrimination.

In fact, what attitude the chief steward had towards him before is still what attitude towards him now.

Chen Feng sighed and said, "Chen Feng just said improperly, please take care of things."

Chen Feng secretly said in his heart: "If you want to spray this tone, you have to spray it on Xuanyuan's family, but you can't blame others!"

"Xuanyuan family, you treated our mother and son so slowly before, but now you have to pay a little price!"

Therefore, Chen Feng continued: "Big Manager, don't mind the following remarks, I am not directed at you, but the Xuanyuan family."

At this time, the chief steward was finally taken aback.

Chen Feng's reaction was beyond his expectations.

He originally thought that Chen Feng would either be furious and accept nothing, or he would accept part of it as he does now.

Unexpectedly, Chen Feng would have another reaction.

Chen Feng looked at General Manager and smiled and said, "General Manager, I know you are not to blame for the previous things, but the family left us mother and son so indifferently, shouldn't we also give some compensation now?"

The chief steward asked, "What compensation?"

Chen Feng said lightly: "The resources for my mother and me need to be ten times that of others at the same level!"

"The pill for mother should not be the pinnacle of ordinary pill like Shaoyin Qingsha Pill, but one with better effect."

[Chapter 2643: My uncle?](#)

"At least, it can't be worse than half-step Jindan!"

Before, that Shaoyin Qingjing Sha Pill was the pinnacle of ordinary pill. The difference between ordinary pill and half-step golden pill seemed to be only one level, but in fact it was a world of difference.

The medicinal effect of the half-step golden pill is definitely more powerful than Shaoyin Qingjing Sha Pill!

Chen Feng paused and continued: "You can't have an elixir that can only sustain my mother's injury, but an elixir that can cure my mother's injury."

"Do you agree to this condition?"

Chen Feng's voice is extremely sharp, and even more powerful!

There was a weird look in the manager's eyes, but it was not anger, but a trace of surprise, and there was also some relief.

He looked at Chen Feng, suddenly a smile appeared at the corner of his mouth, and said softly, "Master Chen, I still looked down on you before."

"Unexpectedly, you are not only powerful and powerful, but also your mind is so exquisite!"

"At this time, you are not angry and act unwillingly, but you can maximize your own interests according to the situation. Good, good!"

He said to Chen Feng: "Young Master Chen, don't worry, I will try my best to fight for the conditions you put forward from the family!"

The chief steward said a few more words before leaving.

Chen Feng looked at his back, sighed softly, and looked at his mother.

His voice was full of unspeakable determination: "I know, this matter is not to blame for being in charge, but the Xuanyuan family, the inner sect and the core people!"

He raised his right hand, his voice loud and fierce: "I, Chen Feng, swear here that I must let them crawl under my feet, kowtow to us, apologize to us, and confess to us what they did!"

He proudly said, "I will step on the entire Xuanyuan family!"

Xuanyuan Ruolan smiled and said, "Feng'er, Wei Niang believes you can do it!"

Chen Feng said, "But today, it's not bad that the Xuanyuan family can make this change."

"They are just hypocritical at all!" Xuanyuan Ruolan sneered and said, "The reason you think so is because you haven't really seen the ugliness of the high-level Xuanyuan family."

There was a look of extreme resentment and sadness in her eyes: "Those people, they did so many things that hurt the gods and lost their conscience."

"The Xuanyuan Xiaoyue and Chief Manager you saw today are actually very friendly to us, including your uncle back then."

"And there are more people in the Xuanyuan family who are full of hatred for us, and for your uncle at the same time they are full of hatred and fear. They wish we died early!"

Upon hearing this from his mother, Chen Feng's previous doubts came up again.

Before that, when he heard that his uncle had decided his marriage for him, he was very surprised and wanted to know who his uncle was.

What happened between him and the Xuanyuan family? Why can't I hear any news from him now?

It's just that it was really not the time to ask, so Chen Feng just endured it!

Xuanyuan Ruolan looked at Chen Feng and sighed and said, "I didn't want you to know about these things. These things involve the core secrets of the Xuanyuan family. They involved the fight and killing of the family decades ago, a hundred years ago. Cruel infighting."

"At that time, you had no strength and no martial spirit, even if you knew you were helpless, it only increased your troubles, and even brought you a murderous disaster."

"But now, you are qualified to know."

She looked at Chen Feng and said softly: "Feng'er, do you know where your mother came from?"

Chen Feng said, "I only know that it is the Xuanyuan family, but I don't know which branch of the Xuanyuan family is."

Xuanyuan Ruolan said, "I came from the main line of the Xuanyuan family, and my father is the brother of the current Xuanyuan family's head."

"However, my father should actually be the head of this family!"

Chen Feng did not speak, but listened to her to continue.

Xuanyuan Ruolan showed a hint of hatred in her eyes, and said, "My father is generous and magnanimous, and he values brotherhood extremely."

"And my uncle, that is, the Patriarch, just used his father's temperament and used a lot of conspiracy methods."

"It was pretending to be pitiful, it was a trap, and it was in front of my grandfather to frame it. He forced his eldest son's father aside and became the owner of the family."

"My father didn't realize what good things he had done in the past few years until he became the head of the house."

"My father was annoyed, and he died inexplicably after being the head of the family for a few years."

Xuanyuan Ruolan took a deep breath: "I have always suspected that the cause of his death was related to my uncle, who is the current Patriarch!"

"And then?" Chen Feng asked with a trembling voice.

"Later, after my father died, we were left with me and my brother."

"At the time, I was only seventeen years old, and my brother was even younger, only ten years old. The two of us were in extreme danger."

Xuanyuan Ruolan sneered: "My good uncle even wants to kill the two of us directly, so that we will never have trouble!"

Chen Feng's heart was full of hatred when he heard it, but he did not speak, but waited for his mother to continue speaking.

"Fortunately, at that time, my brother and I simultaneously awakened the powerful spirit of martial arts."

"My spirit has reached the level of nine thousand years, and my brother, his spirit has reached the level of fifteen thousand years in his first martial arts test!"

"What? Fifteen thousand years?"

When Chen Feng heard it, he was also shocked!

Even if his uncle's talent is not as good as his own, it is absolutely amazing.

He is only ten years old!

At the age of ten, there is a 15,000-thousand-year martial spirit, which is so shocking.

"That's right, it is a martial soul of the 15,000-thousand-year level."

When Xuanyuan Ruolan mentioned the events of the day, that scene seemed to emerge in front of him, and her heart was intense.

She exclaimed: "You didn't see that scene at the time. Everyone in the whole family was shocked."

"My brother and I immediately became the two most talented geniuses in the family. This time, even my good uncle wanted to kill us."

"The rest of the family will not allow him to kill these two geniuses. For this, the two of us saved our lives."

"Later, we grew up slowly, getting older and older, and stronger and stronger. Finally, after my brother became an adult, both of us became the strongest in the Martial Emperor Realm."

[Chapter 2644: Uncle turned out to be him?](#)

"This time, I finally gained a foothold in the family."

Chen Feng said, "Mother, what you said is different from what I heard from Aunt Mei before!"

"Stupid boy!" Xuanyuan Ruolan looked at him and said, "I asked her to say that."

"At the time, even if he said this to you, what use would you listen to? Right?"

"Those words are half true and half false. I'll tell you these later. You will listen to me now."

Chen Feng nodded and said, "Okay!"

Xuanyuan Ruolan continued: "When my younger brother first started, he was young and ignorant. I don't know what happened to my father." [novelusb.com](#)

"As he gets older, he also knows more things. Therefore, he is extremely hostile to the family, and he is cold talk to the other people in the family."

"Many people in the family are aware of his situation, and the Patriarch is even more restless."

"Because he knows that when my brother is fully grown up, his good days as Patriarch will come to an end."

"So, he has been deliberately deliberate, wanting to deal with the two of us, wanting to design all kinds of accidents to make us two die silently, but it is a pity..."

There was a touch of disdain at the corner of her mouth: "Just his little tricks, it's not enough in front of us."

"My younger brother grew up madly all the way. At that time, he was the strongest young genius in the entire Xuanyuan family. He was a top-notch young talent among the nine forces. Later he broke through and entered the Martial Emperor Realm!

"When your uncle was forty-seven, his strength even surpassed many hundreds of years old monsters in the family, and he became the youngest scorching sun elder in the entire family."

"Elder Scorching Sun!"

Chen Feng couldn't help but trembled fiercely after hearing these four words!

As powerful as Xuanyuan Ruofeng, he could easily kill Chen Feng's Xuanyuan Ruofeng, and his level was nothing but Elder Zhanxing.

But Xuanyuan Xiaoyue could easily kill Xuanyuan Ruofeng, his level was Elder Mingyue, and the one who was higher than Elder Mingyue was Elder Sun.

The strength of Elder Lie Sun could definitely kill Xuanyuan Xiaoyue easily.

It is said that in the entire Xuanyuan family, there are not many Lie Sun elders, and every Lie Sun elder is undoubtedly a powerful Martial Emperor Realm!

My uncle is so powerful, he can reach this level at the age of forty-seven. It can be said that he is a peerless genius!

Chen Feng asked urgently: "What happened afterwards?"

Xuanyuan Ruolan said, "Don't worry, and listen to me slowly."

"At that time, your uncle had not only become the elder of the scorching sun, stepped into the Martial Emperor Realm, but even condensed a half-step Dharma Body."

"Half-step Dhammakaya?" Chen Feng's heart moved. This is the second time he has heard the name Half-step Dhammakaya.

The first time I heard it, it was at the Heavenly Sword Peak. The powerful soul-suppressing heavenly king from the Temple of Heaven had a half-step Dharma body.

The huge King Kong with a height of 200,000 meters, he was able to easily kill the mighty Heavenly Sword Dragon with an incomparable and unmatched power.

This left a deep impression on Chen Feng, and the engraved hatred in his heart also made him firmly remember the word Half-step Dharma body!

Chen Feng asked puzzledly: "Half-step Dharma Body, what is the magical ability?"

Xuanyuan Ruolan said: "I'll explain this to you later. I only need to tell you what the half-step Dharma body is strong must be the Martial Emperor realm."

"However, a Wudi realm powerhouse may not be able to condense a half-step Dharma body, a half-step Dharma body, which is an important indicator of judging whether a Wudi realm powerhouse has potential."

"If there is a half-step Dharma body, there is hope for further improvement, and there is a great opportunity."

"And if it doesn't, then this life can only stay in the Martial Emperor Realm. Although you can become the top powerhouse in the Dragon Vein Continent, it is only limited to the Dragon Vein Continent."

Hearing what she said, Chen Feng keenly captured the meaning of it, and was shocked immediately, and said with a trembling voice:

"Could it be that if you have a half-step Dharma body, you can step out of the Dragon Vessel Continent?"

"That's right." Xuanyuan Ruolan said with a smile and praised: "Feng'er, you really are very smart, you know everything!"

She waved her hand and said, "About the half-step Dharmakaya and Dharmakaya, this, I will talk about it later. Let me talk about your uncle today."

"Your uncle condensed a half-step dharma body at the beginning, and he was the first to condense a half-step dharma body after the generation of the nine major forces. It was Chunfeng proud."

Speaking of this, Xuanyuan Ruolan sighed and said, "It's a pity, a big change happened later!"

"What's the big change?" Chen Feng asked.

"At that time, after my brother had condensed a half-step Dharma Body, he could already explore the outer world."

"With a half-step Dharma body, you have this qualification, but generally speaking, no one will do this. They will condense and polish for hundreds of years, or even thousands of years, before exploring the outer world."

"And some are afraid of the outer world, and will not even go for a lifetime."

"And he, after all, is young, he is a little impetuous and unwilling to sink his mind, so once, he secretly went to the outside world that day without paying attention."

Xuanyuan Ruolan's voice became trembling: "This will be three years."

"What? Three years?"

"Yes, three years. I don't know where I have been. I don't know what I have gone through. No one knows."

Xuanyuan Ruolan showed a tragic look on her face and said, "When he comes back three years later, he has completely changed his appearance."

At this point, her whole body trembled slightly, and her eyes showed extreme pain: "At that time, he had a broken body, his strength was completely wiped out, his body was severely injured, his shape was broken, and the whole person was like a useless person. Not much left."

"Even, any guard in the mansion is stronger than him!"

"What? How could this be?" Chen Feng exclaimed in disbelief: "What has uncle experienced? How could he be like this?"

"I don't know, no one knows, and after my brother came back, it seemed like he had changed."

"He is taciturn and disappears from time to time, asking where he is going, he never said, only that he has his own great opportunities."

"So, who the **** is Uncle? Where is it?" When Chen Feng asked this sentence, there was a flash of light in his heart.

Suddenly he thought of something general, and immediately let out a cry to the uttermost shock, and said with a trembling, "Could it be that the uncle is? Uncle is..."

"Yes." Xuanyuan Ruolan said, "It seems you have guessed it."

"Your uncle is your master, Yan Qingyu!"

[Chapter 2645: doubt](#)

"What? It is really him? Yan Qingyu is really my uncle? The master is my uncle?"

Although Chen Feng already had some guesses in his heart, when he heard the affirmative answer from his mother's mouth and with his own ears, his heart was instantly filled with tremendous shock.

He didn't expect it to be like this at all.

His eyes showed extreme confusion, and the whole human brain was in a state of chaos, but he muttered, "How come?"

"Master is obviously just a little master of the small sect, but he has a relationship with the Xuanyuan family?"

"Doesn't the master's strength even reach the Tianhe Realm? He was once a Martial Emperor Realm powerhouse?"

"Master was originally born so prominent? It turned out to be the Xuanyuan family, one of the nine powers in the Dragon Vein Continent! Master had experienced so much before!"

"Master, it turned out to be my uncle!"

Chen Feng murmured, "What the **** is going on? Why is this on earth?"

In the end, all the voices converged into a huge question: "Did Master lie to me? Why did he do this?"

An emotion called anger surged in Chen Feng's heart, anger and sadness mixed in his heart.

The doubts in his heart disappeared, replaced by the anger of being deceived and played.

He looked at his mother and said with a trembling: "At the beginning, Master died of serious injuries. I followed his last words and kept the tomb for several years. Then I dug up his coffin, only to find a small tripod and a drop of dragon blood inside. ."

"And that's why I can stand here."

"If it weren't for that drop of dragon blood, a small cauldron, I'm afraid I would have turned into a dead bone."

"Or in Qian Yuanzong, he is still muddled and unconscious, it is a trash that has been insulted and humiliated all day long."

"But, there are so many things behind it!"

"He is not my master, but my uncle. He has so many identities and so many pasts? What is it for? What has he experienced?"

"You guys, why are you hiding this from me? What is the purpose?"

Chen Feng's volume suddenly increased: "Why the hell? Say it!"

He clenched his fists, his whole body was extremely excited and almost broke down.

He has a feeling of being cheated by someone close to him!

Xuanyuan Ruolan showed a look of guilt on her face and said, "Feng'er, it is true that my mother is sorry for this matter. We are indeed hiding it from you."

"If you want to know the whole story, I will tell you exactly."

Chen Feng nodded, did not speak, just looked at her that way, with a sad expression in his eyes.

Xuanyuan Ruolan took a deep breath and said, "After you were born, you have the appearance of genius. When you were born, there was a vision in the sky."

"Moreover, because of my mother's genius, everyone knows that your talent is definitely not bad."

"And it might be extremely powerful!"

"So, in the eyes of some people in the Xuanyuan family, you have become a thorn in the eye and a thorn in the flesh."

"In just a few months, you still almost lost your life several times. At that time, your uncle was already a useless person. I just gave birth and my strength was greatly reduced, so at that time we could no longer protect you."

She took a deep breath and said, "So, after discussing with your uncle, I made a decision and let him take you into Qianyuanzong."

"Incognito for the future."

"At that time, after you are strong, you will be sent back to the Xuanyuan family, but you won't be afraid of anything."

Chen Feng said sharply: "Why Qian Yuanzong?"

Xuanyuan Ruolan shook her head and said, "This is your uncle's arrangement. It should be his consideration."

"What happened later?" Chen Feng asked urgently: "Why did my uncle do those things later?"

"Is Uncle really dead or fake death? If he was fake death, why did he lie to me? Why should I stay in Qian Yuanzong alone?"

In Chen Feng's eyes, the sadness became more intense.

For a long time, Yan Qingyu was the person Chen Feng cared about the most, and was the one who couldn't let go. Of course at that time he only thought that Yan Qingyu was his master.

Later, Chen Feng vaguely guessed, feeling that the master should have escaped from suspended animation, but he has been reluctant to think about it.

He was afraid that the truth he had come up with would make him grief, so the master had concealed himself from feigning death and escaped without revealing any news to himself, leaving himself in the danger of Qian Yuanzong!

Chen Feng couldn't bear this!

Xuanyuan Ruolan said bitterly, "I don't know what happened later. Your uncle and I can only do that step, and what comes later will be entirely up to him."

"What does he think? I don't know, including you saying that he disappeared in Qian Yuanzong seven years ago, but in the past seven years, he has not returned to the Xuanyuan family."

"I haven't got any news about him, and I don't know where he is now or what chance he got."

"That's not right!" Chen Feng exclaimed, "Master Yan Qingyu, he is obviously the heir of the Yan family. I had been to the Yan family to compete for him."

"But why did you become a member of the Xuanyuan family again?" Chen Feng was full of doubts.

Xuanyuan Ruolan sighed and said, "What's your master status? How can you hide it if you go directly to Qian Yuanzong?"

"He needs a reasonable identity before he can go to Qian Yuanzong smoothly without being suspected."

"He, he has been to Tianwai for three years, and I don't know what happened. Although his cultivation base has been almost abolished and his strength is low, his scheming is deep and I don't know how much."

She sighed and said, "I don't understand a lot of her knowledge and calculations."

Xuanyuan Ruolan looked at Chen Feng and said, "Remember, everything your uncle did and what you saw may not be true. There are many things buried in the back that have never been seen."

"But you need to remember one more thing!"

Xuanyuan Ruolan stared at Chen Feng with awe-inspiring eyes: "Your uncle, there are countless opportunities to harm you. He must do all this for you!"

She looked at Chen Feng and said softly: "Your uncle must have arranged something, and your uncle must have thought about putting you there. Don't everything you have today also prove your uncle's original thoughts?"

Chen Feng was silent, his emotions were extremely complicated.

Chen Feng stood there without saying a word.

After a long time, he shook his head, his voice became much softer, and said: "Indeed, if my uncle had been protecting me that day, how could I have achieved what I have now?"

[Chapter 2646: Yangshou, less than a year!](#)

The sadness and anger in his eyes just disappeared, replaced by a trace of calmness, and said: "When I see uncle goodbye, the doubts in my heart will naturally be solved!"

Xuanyuan Ruolan looked at Chen Feng with guilt on her face, and said softly, "Feng'er, I'm sorry for your mother."

Chen Feng said, "Mother, why do you say this? You kept it from me before and didn't tell me. There is no problem."

"With my strength before, even if I know it, what can I do?"

"And with my temperament, I must be brooding in my heart, and my heart is even more uncomfortable. Maybe I will always think about this, but it will not do me good for my martial arts cultivation."

"You are hiding it from me, you should be so."

Xuanyuan Ruolan said, "Not only because of this incident, but also because of..."

She looked at Chen Feng and stroked Chen Feng's face with her hands: "You haven't been taken care of by me since you were born."

"You don't even know who your mother is, you don't even remember a bit of my face."

There was a deep pain in her eyes: "My mother is incompetent!"

Chen Feng quickly persuaded: "Mother, what are you talking about?"

"At that time, the situation forced you to do this to save me, so why should I blame you?"

He comforted Xuanyuan Ruolan for a long time, before Xuanyuan Ruolan's mood returned to normal.

She looked at Chen Feng and her eyes were even more relieved.

My own son is not only talented and powerful, but also extremely sensible. In this situation, he doesn't blame himself at all, but comforts himself.

"That's right," Chen Feng looked at his mother, and suddenly asked: "Speaking of this, I remembered that I didn't have any memory of you, and my uncle."

"It's just that the memory seems to be sealed."

"Is sealed?" Xuanyuan Ruolan asked in surprise.

Chen Feng nodded and said, "Yes, I usually can't remember it."

"Only when the spirit is greatly stimulated, and the whole person's spirit is about to collapse or even disappear, will I think of such a fragment."

"Among them, you and your uncle."

"Furthermore, once, when my mental power was about to collapse, I even saw the seal left by my uncle in my spiritual world, relying on that dark move to help me defeat the opponent at the time."

Xuanyuan Ruolan was also shocked and inexplicably: "There is such a thing?"

"It seems that this is your uncle's arrangement."

She sighed and said, "Your uncle was devoted to practicing martial arts and had no research on spiritual power. It can be said that he knew nothing about it."

"And now, he can actually set so many restrictions in your spiritual world."

"It can be seen that your uncle did have a great opportunity later."

"His path of cultivation may be completely different from the original one, but it is the same strong."

She looked at Chen Feng, smiled and said: "So many arrangements, it means that your uncle has never given up on you. Your uncle has made many settings, isn't it all for you?" *nOvelusb.COM*

Chen Feng sighed slightly. This time, his heart knot was finally unraveled a lot, and the whole person was a lot more comfortable, and his heart was full of understanding.

"Okay, let's not talk about this." Xuanyuan Ruolan said.

Chen Feng nodded and smiled and said, "Today is a day of great rejoicing, and my spirit has also awakened. From now on, the Xuanyuan family will not dare to treat us so much."

He looked at his mother and said, "Mother, I have a question. Do you know any way to improve your strength as soon as possible?"

"Oh, improve your strength as soon as possible?" Xuanyuan Ruolan raised her brows and said, "How fast?"

"You are in the realm of the four-star martial emperor, but your strength is comparable to the seven-star martial emperor, that is, the great martial emperor. What level do you want to improve to?"

She asked very well. Only by understanding Chen Feng's thoughts can she give Chen Feng the correct advice.

Chen Feng said in a slow voice, "At least I have to improve to the peak of the Martial Emperor Realm!"

"What about the time?"

Chen Feng took a deep breath and said slowly, "Within half a year!"

"Within half a year? At the peak of the Martial Emperor Realm?" Xuanyuan Ruolan trembled heavily, looking at Chen Feng, a touch of shock appeared in his eyes.

"My own son is really ambitious enough to reach the peak of the Martial Emperor Realm in half a year."

However, she knew that it was not impossible for her son to do this!

She looked at Chen Feng, with a strong suspicion in her eyes and said: "Feng'er, I know that your martial arts are extremely powerful, and I also know that your talent is high."

"However, you have to know that cultivation still needs to be done step by step, step by step polishing."

"You had improved too fast before, and your foundation was unstable. Later, your strength was abolished for a while, and now your strength is restored, and then you have stabilized again."

"For you, it can be regarded as a blessing in disguise, but if you are still improving at such a high speed, it is really possible that your foundation will be unstable at the peak of the Martial Emperor Realm, then it will be difficult for you to break into the Martial Emperor Realm. A lot."

Chen Feng smiled bitterly and said, "I know this, but I have to do this now because..."

He looked at his mother, a little hesitant to speak.

Xuanyuan Ruolan looked at him immediately and said, "Feng'er, don't hide anything from me."

"I am more knowledgeable than you. There are some things, maybe I can help you solve them."

"But if you hide it from me, there is no way."

Chen Feng originally didn't want to say it, for fear of his mother's worry, but now he can't say it.

If he doesn't say anything, his mother will only worry more.

Chen Feng said bitterly: "Now, my life should be less than one year left."

"What? You have less than one year of life left?"

When Xuanyuan Ruolan heard this, she was immediately shocked, and her eyes showed unspeakable worry.

She had always been a calm and steady person before, but now she was very flustered, and said with a trembling, "Why? What is going on?"

"How can you have only one year left? Chen Feng, tell me what is going on?"

Chen Feng smiled bitterly and said what he had encountered before.

Then he said: "Only when I obtain the TENG SHE NEIDAN, can I restore my positive life."

"Teng Snake? That is the legendary ancient beast! The strength is extremely powerful, more than many dragons, even the peak of the Martial Sovereign Realm may not be an opponent!"

"So, I must at least reach the peak of the Martial Emperor Realm."

[Chapter 2647: Jiuyin Soul Pill, Burning Blood Pill!](#)

Chen Feng looked at his mother and said, "Teng Snake, I have found it, in the deepest part of the Southern Wilderness, at the top of that Jianmu."

"But now I can't deal with him."

In fact, Chen Feng thought very clearly that his strength does not necessarily have to reach the level of Tengshe.

Teng Snake and Yellow Bird are mortal enemies, as long as his strength can play a one-shot kill when Teng Snake is seriously injured, then it is enough.

It is a pity that Chen Feng's previous strength did not even have the ability to kill Teng Snake who had been seriously injured or even dying!

Chen Feng has less than a year to live, but he must set aside some time to be on the road.

After hearing what he said, Xuanyuan Ruolan also became calm.

She said in a deep voice, "Indeed, if this is the case, you must raise your strength to the peak of the Martial Emperor Realm within half a year."

"I really have some ways."

Xuanyuan Ruolan smiled and said, "I have been seriously injured before, or I was ill in bed. In the end, the Xuanyuan family cut off my supply of pill."

"In order to treat the injury, I myself have studied the pill for a period of time. It can be regarded as a long-term illness and healed it!"

"Although you were a pharmacist before and had a deep research on pill, but your knowledge of pill is only at the level of ordinary pill. Am I right?"

Chen Feng nodded and said, "Yes, it is."

Before he came here, he had no chance to connect to the elixir of this level.

The pill that Chen Feng had come into contact with before was nothing more than the pinnacle of ordinary pill. Where can I get access to the golden pill?

Xuanyuan Ruolan said, "So, what I told you, you have to listen carefully to the next few pills."

"This has a very important effect on whether you can consolidate your strength and whether you can greatly improve your strength."

Chen Feng said, "Mother, please tell me!"

Xuanyuan Ruolan said, "The first medicine is the Jiuyin Soul Reducing Pill."

"Oh? Jiuyin Soul Pill? What is its function?" Chen Feng asked.

Xuanyuan Ruolan said, "This Jiuyin Soul Calming Pill, its effect is to consolidate your martial soul."

"Nine Yin Zhenhun Pill is actually a very common pill in Chaoge Tianzi City, and any level of martial arts can use this pill."

"As long as you just broke through, as long as the martial spirit is still unstable, you can use it."

"Whether it is a hundred-year level, a five-hundred-year level, a thousand-year level or a ten-thousand-year level, the difference is that corresponding to different levels of martial arts, the level of the nine-yin soul calming pill is also different."

Chen Feng nodded: "Understood."

Xuanyuan Ruolan said again: "And the next medicine pill is the Burning Blood Pill."

"This kind of burning blood pill is a pill that can greatly enhance the strength. Swallowing one can almost increase the power of the world."

Chen Feng hesitated: "But, I have the blood of the yellow bird!"

Xuanyuan Ruolan said: "First, the rate of absorption of Burning Blood Pill is much higher than that of your yellow bird blood."

"Second, you may not be aware of it by yourself, but in fact, there are a lot of toxins in the yellow bird's blood, which accumulate in your body."

She looked at Chen Feng and sighed: "The toxins of the yellow bird's blood and the snake's blood are actually the same, but one shows it, the other does not show it, right?"

"Huh?" Chen Feng was dumbfounded.

He quickly sensed it, and sure enough, he felt that a cloud of light yellow and black aerosol in his body was constantly floating.

His power of heaven and earth, when passing through these mists, is a sharp pain!

And these mists were constantly corroding his body.

And more importantly, the aura on these mists is exactly the same as that on Yellow Bird's blood!

Chen Feng was shocked: "So yellow bird blood also has so much poison?"

Xuanyuan Ruolan nodded and said, "From now on, the blood of the yellow bird cannot be directly absorbed. However, if the blood of the yellow bird is used as the basis and some other materials are used to forge the Burning Blood Pill, it will not only remove the toxins, but also remove the effect. Increase two or three times."

"This kind of burning blood pill is not difficult to refine, but its level is very high. Do you know why?"

Chen Feng moved in his heart and asked, "Could it be that the requirements for materials are particularly high?"

"That's right." Xuanyuan Ruolan said: "This kind of blood-burning pill requires extremely cherished materials."

"The better the material, the better the effect of the Burning Blood Pill, and it is best to be based on the hard work of the monster beast."

"Your yellow bird blood is the best material! But at the beginning, you can only buy such a medicine."

Chen Feng asked, "Can't you buy prescriptions?"

"With the prescription, I'm afraid I can't afford it!" Xuanyuan Ruolan laughed bitterly at herself: "My mother, we are both poor and white."

She sighed and said: "This kind of prescription is thousands of times more valuable than the medicine, so let's buy the pill first!"

"Furthermore, even if it is a pill..."

Xuanyuan Ruolan said worriedly, "If you want to buy these medicines directly, you need to spend a lot of dragon blood amethyst. We don't have this dragon blood amethyst either!"

Chen Feng shook his head and smiled bitterly, "No."

After Chen Feng came to this Chaoge Chaoge Tianzi City, it can be said that he has no longevity.

All the Xuanhuangshi on his body, after he came here, he found that he couldn't use it.

These black yellow stones belong to the currency below, and the black yellow stones with huge energy are basically a pile of **** for the warriors of Chaoge Chaoge Tianzi City.

Because their power level is too high, and the power in Xuan Huangshi, in their eyes, is not worth mentioning, even the value of absorption.

The power gained by absorbing Xuanhuangshi is not as much as the power consumed in the process of absorbing it.

Their currency is something called Dragon Blood Amethyst.

This kind of dragon blood amethyst has huge energy inside.

It is said that the formation of Dragon Blood Amethyst has something to do with the origin of Dragon Vein Continent.

According to legend, there were countless giant dragons in the Dragon Vein Continent in ancient times, and these giant dragons existed in the ancient times.

During their reign, both humans and monsters were all creeping ants.

Later, these dragons disappeared bizarrely and vanished overnight.

Next is the rise of monsters and dominate mankind, and then the rise of mankind, which has the current pattern of the Dragon Vein Continent.

And it is said that these dragon blood amethysts are the result of countless dragon blood infiltrating into the earth's mineral deposits, and fused with the chalcedony, fine gold, wood roots and other magical things in the earth's mineral deposits.

It contained the original strength of the Dragon Vein Continent, which was extremely powerful and profound.

[Chapter 2648: Someone came to die again!](#)

They all absorb the power in this type of dragon blood amethyst. The value of dragon blood amethyst is extremely high. It is like the kind of purification pill that Chen Feng bought before, and one can only be exchanged for one dragon blood amethyst!

Chen Feng can be said to have no dragon blood amethyst on his body now.

He looked at Xuanyuan Ruolan and asked, "Mother, according to what you said, how many dragon blood amethysts are needed for these things?"

Xuanyuan Ruolan pondered for a moment and said, "A total of about a thousand dragon blood amethysts are needed. The main reason is that your spirit level is high, and the level of Jiuyin Soul Calming Pill is high."

"A thousand dragon blood amethysts."

Chen Feng raised his eyebrows. For him, it was a huge sum of money that he couldn't get out!

However, Chen Feng did not panic.

He smiled and said, "Mother, don't worry."

"Indeed, we don't have dragon blood amethyst now, but someone will send us dragon blood amethyst soon."

As soon as Chen Feng's voice fell, the old steward's voice sounded outside: "Miss, Master Chen Feng, is it convenient for the old to come in?"

Chen Feng laughed, "Isn't this here?"

Soon, the chief steward walked in, looking at Chen Feng and Xuanyuan Ruolan, without any muddle-headedness, he said directly:

"Just now, the old man has gone to Nei Zong to discuss with the elders."

"The condition that Mr. Chen Feng put forward before is reasonable, but it is too harsh."

"Ten times, it is impossible to do it."

"How much can there be?" Chen Feng asked directly.

Anyway, he is asking too much, so he can ask for more.

The steward said: "Seven times!"

"Seven times is the largest number that the old man can win."

As he said that the palm of his hand flashed, a golden kit appeared in the palm of his hand.

This golden thread kit is only half the size of a palm, and looks quite delicate and delicate. Chen Feng can obviously feel a huge spatial force from above.

Obviously, a very large space is folded inside.

He put the gold thread kit on the table and patted it gently.

Suddenly, a bright light shone, and a whole table of purple jade pieces appeared in front of Chen Feng.

These purple jade pieces are neither gold nor jade, but like gold and jade.

Each one has the length of chopsticks, and the thickness is like a finger. There are very thin and complicated bloodstains on it, like roots.

Beyond the bloodstain, there was a shining purple brilliance, which seemed to be extremely precious.

It also exudes a huge momentum, majestic energy!

These items are exactly the dragon blood amethyst, and there are thousands of them.

The chief steward said: "According to the rules of the sect, the number of dragon blood amethysts provided by you, like Miss and Young Master Chen Feng, is ten per person per month."

"Since it's seven times, it would be 70 in that month. There are 1,680 dragon blood amethysts here, which will be your spending this year."

Chen Feng nodded slowly.

He was quite satisfied with this result.

Then, when she saw that there was a jade box on it, she opened the jade box.

Suddenly, an extremely rich smell permeated the entire room.

Xuanyuan Ruolan took a deep breath, feeling that the blockage between her chest and abdomen had resolved a lot.

She raised her brows and said, "This is?"

"This is Xueyu Cleansing Pill, a half-step golden pill."

The chief steward said: "This kind of pill has a miraculous effect on your injury, Missy. If you take one pill a month for about half a year, the injury will basically be healed!"

There was a touch of joy on Xuanyuan Ruolan's face. This injury has already tortured her for a long time. At this time, how can he not be happy when he hears that there is hope of recovery?

Chen Feng nodded and handed the jade box to his mother.

The steward said, "Master Chen Feng, if there is nothing else, the old man will leave."

Chen Feng folded his hands and said, "It's time to take care of things."

The boss shook his head, then left.

Chen Feng put the remaining dragon blood amethyst into the golden thread kit. Chen Feng's golden dragon ring is already abandoned, and, at the level of the golden dragon ring, he wants to store things of the dragon blood amethyst level. , It's impossible.

Therefore, he directly took this golden thread kit into his arms.

Xuanyuan Ruolan said, "Feng'er, if you just want to cultivate like an ordinary genius and improve steadily, these dragon blood amethysts are naturally enough."

"However, if you want to increase such a high level within half a year, these are not enough. You need a large amount of dragon blood amethyst!"

Chen Feng nodded and said, "I understand."

His face was full of confidence: "Now, I really don't have one, but I will have it soon."

He had already made certain decisions in his heart, and said softly: "Not only will there be, but there will be many dragon blood amethysts!"

Upon hearing what he said, Xuanyuan Ruolan was taken aback for a moment and asked:

"Feng'er, are you going to sell something?"

Chen Feng nodded and said: "Yes, this Chaohe Tianzi City must also have an auction house. I happen to have many rare and exotic treasures here that can be sold."

"What do you want to sell?" Xuanyuan Ruolan asked.

"Ten snake scales, or yellow bird feathers, just choose one to sell. After all, these two are already at the peak of the Demon Emperor Realm, and even the powers of the Demon Emperor Realm. The things on them should still be very valuable. ."

Xuanyuan Ruolan said guiltily, "Feng'er, I am incompetent as a mother, and I want you to sell these precious things."

Chen Feng smiled and said, "Mother, where do you come from?"

"This thing is temporarily useless if it stays with me, if it becomes something that can improve the strength as soon as possible."

Chen Feng thought about this very well. With snake scales, yellow bird feathers, no matter how precious, if his life is gone, then all this is just empty talk.

It's better to quickly change to something that can immediately improve your strength.

Soon, Chen Feng left the Xuanyuan family.

But he had just left the Xuanyuan family and was walking on the road, when suddenly a bunch of people rushed out in front of him and blocked him.

Among the group of people, the head was a short fat man who looked at Chen Feng with joking and provocative eyes.

He held his arms, his chin held high, and his face was full of disdain.

After seeing him, Chen Feng frowned.

He knew this person, it was Liu Tianzong!

When Chen Feng walked forward, Liu Tianzong and others held their arms in front of him.

Chen Feng didn't want to make trouble, and walked around from the side.

But after seeing this move by Liu Tianzong and others, he thought Chen Feng was showing weakness.

As a result, the expression on Liu Tianzong's face immediately became even more arrogant.

Liu Tianzong smiled, moved aside, and blocked Chen Feng again.

Chen Feng shook his head slightly, his eyes indifferent: "Anyone came to die again?"

[Chapter 2649: Now, who abolished whom?](#)

A cold color flashed in Chen Feng's eyes and said coldly, "What do you mean?"

"What do you mean?" Liu Tianzong smiled: "Chen Feng, you trash, you just offended me a few days ago, why, now you have forgotten it?"

Chen Feng looked at him and said lightly: "I didn't remember offending you."

"Oh, didn't you offend me?" Liu Tianzong stared at Chen Feng, disdainfully said: "Your boy is not very strong, and his memory is not very good."

"It's hard for a person like you to survive in this Chaoze Emperor City, in this Xuanyuan Family!"

Chen Feng looked at him and said coldly, "I will not worry if I can survive!"

Hearing Chen Feng's words, Liu Tianzong's expression immediately turned cold, staring at Chen Feng, his face was full of threats and said:

"Boy, you are brave enough, now you dare to talk to me like this?"

Chen Feng looked at him and suddenly smiled, "Sorry, I just dared to talk to you like this, what can you do to me?"

Liu Tianzong was furious: "Little boy, are you looking to die today?"

Chen Feng looked at him: "Oh, what if I want to die? What if I don't want to die?"

Liu Tianzong saw the smile on Chen Feng's face, not as sharp as before. He thought Chen Feng was timid and weak.

Therefore, he was even more proud, holding his chin open, pointing in front of him and saying: "Trash, you offended me a few days ago, and now I don't let you do anything else."

"You kneel in front of me, kowtow to me three times, call out grandpa three times, and I will let you go."

"Otherwise..."

"How about it?" Chen Feng looked cold.

"Otherwise, I will break your legs and let people press you on the ground, knocking three hundred beeps, calling three hundred grandpa! Then I will throw you back into the Xuanyuan family!"

Liu Tianzong's expression became extremely hideous in an instant, staring at Chen Feng, and shouted sharply.

"Oh? Really?" Chen Feng showed a touch of cold murderous intent on his face, and said: "Okay, then you might as well try."

With that, Chen Feng walked forward slowly.

A sharp light flashed in Liu Tianzong's eyes: "Come on, interrupt his legs for me!"

"Yes!" The seven or eight guards next to him all rushed forward and killed Chen Feng.

The Liu family, among the vassals of the Xuanyuan family, can only be regarded as a relatively ordinary family.

Compared with the Qin family who came from Qin Jiaoxi, it is far worse.

But even so, the guards beside Liu Tianzong can reach the level of the Martial Emperor Realm, but they are basically one-star Martial Emperor and two-star Martial Emperor.

At this level, he didn't even have the qualifications to be a guard in the Xuanyuan family, and he couldn't even beat any disciple of the Xuanyuan family.

However, in Liu Tianzong's view, it is enough to deal with Chen Feng!

Because, in his eyes, Chen Feng is just a waste that can't even reach the Martial Emperor Realm.

Seven or eight guards surrounded Chen Feng in an instant. The tall guard in the lead stared at Chen Feng and said coldly:

"Chen Feng, you rubbish, now kneel down for me, kowtow to the son, and you can spare your life!"

"Do you dare to be arrogant? Today I will abolish your leg!"

Seeing Chen Feng surrounded by his guards, Liu Tianzong triumphed and said disdainfully, "You trash, you dare to be tough with me? You dare to say this to me?"

"You are looking for death!"

As he said, he screamed: "Kill! Destroy this kid for me!"

"Yes!" These guards all rushed towards Chen Feng.

However, Chen Feng stood motionless, even closing his eyes.

Seeing his actions, these guards even laughed wildly.

Liu Tianzong also laughed loudly and said: "Trash, are you scared? Or do you know that no matter how you resist, you are not an opponent, so you dare not even move?"

"When you close your eyes, do you think that after you close your eyes, you won't be attacked?"

"Hahahaha, waste is waste, it's ridiculous!"

at this time. Those guards had already been brought to Chen Feng.

At this time, Chen Feng suddenly opened his eyes.

In his eyes, murderous intent flashed for an instant.

The next moment, he roared: "Liu Tianzong, open your dog's eyes to see clearly, who is the waste!"

As he said, he shot out with a punch.

With a boom, the fierce power in the air suddenly exploded.

Chen Feng only punched, but with this punch, that tyrannical force burst open and directly enveloped all the seven or eight guards.

In the next moment, the seven or eight guards' faces changed.

Their faces were originally full of pride and tyranny, but at this time they turned into endless panic and fear.

They felt that their bodies were squeezed by extremely powerful force.

They let out a stern roar: "What's the matter? Why is there such a powerful force?"

The next moment, it turned into a scream.

They screamed and spurted blood.

Bang-bang-bang, countless wounds appeared on the body, all of them fell to the ground heavily, and blood couldn't stop flowing out of his mouth.

In an instant, they were seriously injured by Chen Feng's punch.

They looked at Chen Feng with shocked and disbelieving eyes, and exclaimed: "How is this possible? How can you have such a powerful strength?"

Liu Tianzong also exclaimed: "Aren't you a waste? How can you have such a powerful strength?"

"My guards are all one-star and two-star martial emperors. You haven't reached the martial arts emperor realm. How could you be their opponent?"

Their eyes were shocked, full of disbelief.

Suddenly, the leading guard shouted loudly: "You are not a trash who can't even reach the Martial Emperor Realm? Your strength is very powerful!"

"I just felt that you were able to kill us, but you deliberately kept your strength. This shows that you have at least reached the four-star and five-star Martial Emperor! It's easy to kill us!"

Chen Feng laughed loudly: "After all, there is one who is not blind."

"Yes!"

He stared at these guards, Sen Leng said, "The reason why I keep your lives is to let you see whether I am a trash or you are a trash!"

With that, Chen Feng suddenly punched out again.

Boom boom boom, there was a burst of noise, and the guards screamed harshly.

All of their legs are discounted.

Chen Feng looked at him with a sneer at the corner of his mouth: "Now, who abolished whose leg?"

Chen Feng said what they said just now to return the original words.

These guards screamed bitterly and regretted each and every one. *novelusb.com*

Suddenly, Chen Feng turned his head. At this moment, a cold smile appeared on the corner of his mouth. He looked at Liu Tianzong and said with a smile:

"I won't answer the question you asked me just now. You can go to **** to ask later!"

[Chapter 2650: Two of us, who is the waste? !](#)

With that said, he walked slowly towards Liu Tianzong, and with every step he took, his aura increased by a period.

In a blink of an eye, he directly reached the four-star Wuhuang level.

Moreover, it was that Chen Feng did not show his strength at all.

"Four-star Martial Emperor, you turned out to be a four-star Martial Emperor!"

Chen Feng looked at him with a smile, and asked every word: "Now, you and me, who is the waste?"

Until this time, Liu Tianzong was still holding on.

He shouted sharply: "Chen Feng, I am the eldest young master of the Liu family. Our Liu family is a vassal family of the Xuanyuan family."

"If you dare to move me, you must not die!"

"is it?"

Chen Feng sneered, and blasted a punch directly on his body.

Liu Tianzong was beaten with a scream, and he flew out a few hundred meters, fell heavily to the ground, spurring blood, and was already seriously injured.

Chen Feng smiled and asked again: "The two of us, who is the waste?"

He approached Liu Tianzong again.

Liu Tianzong already showed a deep look of fear on his face at this time, but he was still stiff, and said: "Chen Feng, you dare not..."

Before the two words 'Move Me' came out, Chen Feng's face became cold, and he punched again.

This time, he directly sank the chest he hit, fractured his bones, and shattered his internal organs. He was already seriously injured and dying.

Then, Chen Feng looked at him with a smile, and asked again: "We two, who is the trash?" *NOVELUSB.com*

At this time, he once again approached Liu Tianzong.

At this time, Liu Tianzong finally showed an expression of extreme fear that could not be covered.

He looked at Chen Feng and said with a trembling, "You are not a human being, you are a devil, why did you put such a heavy hand on me? You want to kill me?"

At this moment, he realized that Chen Feng dared to kill him and wanted to kill him.

Chen Feng didn't answer, but just smiled and asked, "Tell me, who is the waste of the two of us?"

With that, the fist was about to fall again.

At this time, Liu Tianzong's spirit collapsed.

He shouted loudly: "I am a trash, I am a trash, please don't kill me, I am a trash!"

Chen Feng laughed: "Just know that you are a trash."

He said, kicking out, kicking his two legs to pieces.

There was severe pain, and Liu Tianzong let out a scream, rolling on the ground with pain.

Chen Feng looked at him with an indifferent expression: "Now you kneel in front of me and kowtow three times and call grandpa three times. I will spare you my life."

"Otherwise, it's not as simple as breaking your leg. I will send you to **** today!"

His face was extremely cold, and what he said now was to return what Liu Tianzong said just now.

Liu Tianzong showed extreme fear in his eyes, and said with a trembling voice: "Okay, I say, I say."

With that said, he threw himself in front of Chen Feng, banged his head three times, and shouted: "Grandpa, grandpa, grandpa!"

After calling these three grandpas, he felt his spirit almost broke down.

The endless humiliation overwhelmed him.

At this time, there were many people around and they all saw this scene.

He felt that everyone's eyes were looking at him, and he was so humiliated that he was crying directly.

The onlookers all around saw this scene and exclaimed:

"It turns out that Chen Feng is not a waste?"

"Yes, he actually has the strength of the four-star Wuhuang level!"

"His methods are really fierce, you see, Liu Gongzi was directly caused by him to mental breakdown!"

It's just that there are still many people who look at Chen Feng with a deep disdain.

Someone curled his lips and said, "What is the four-star Wuhuang? In this Chaoge Tianzi City, he is not a strong one at all."

"With this strength, Chen Feng is so tyrannical, just looking for death!"

"That's right!" Someone beside him nodded in agreement: "He's like this, he'll be over when he meets a master."

There are many others who think so much like him.

At least most of the people in this crowd still didn't care about Chen Fengfeng!

At this moment, suddenly a sneer came from the street corner: "Four-star Wuhuang, is it amazing?"

As soon as this voice came, Chen Feng frowned slightly.

After hearing this voice, Liu Tianzong was as if he had seen a savior, and shouted in surprise: "Big Brother Ling, Brother Ling Yushi, are you here?"

He dragged two broken legs, weeping father and mother, crawling towards the corner, leaving two thick blood stains on the ground.

On the corner of the street, a man walked out, a tall and thin young man.

This person, Chen Feng also knows, is Ling Yushi.

He stared at Chen Feng with a cold expression: "Trash, it turns out that you concealed your strength before, it turns out that you are a four-star martial emperor!"

"But well!"

There was a thick disdain on his face: "What about the four-star Wuhuang? In front of me, it is no different from the previous trash!"

"Even if you are a four-star martial emperor, you are still a trash in front of me. I want to kill you, it is still easy!"

"Really?" Chen Feng looked at him, did not speak any more, just reached out and gave him a light hook.

This meaning is already obvious.

Extremely contemptuous, extremely provocative.

Seeing this scene, Ling Yushi was furious in an instant, and shouted sharply: "Little boy, you are looking for death!":

"Well, since you are looking for death, then I will fulfill you!"

With that, he rushed directly at Chen Feng.

Liu Tianzong showed a vicious look on his face, and shouted harshly: "Big Brother Ling, kill him! Kill this waste!"

Ling Yushi laughed wildly: "Don't worry, Brother Liu Xian, watch me take revenge for you!"

His face was full of self-confidence, and Chen Feng didn't pay attention to it at all.

Because his strength has reached the five-star Martial Emperor, in his opinion, it is no problem to crush Chen Feng, the four-star Martial Emperor.

Liu Tianzong also shouted with a bitter face, "Chen Feng, you trash, you will definitely die this time!"

"My Brother Ling is a dignified five-star martial emperor, it's too easy to kill you!"

At this time, Ling Yushi had already killed Chen Feng, and he screamed: "Trash, die!"

"I want you to know how powerful the Five-Star Martial Emperor is!"

Jumped up in the air and kicked out.

His strength is all practiced on his feet. After this kick is kicked out, the sky changes color.

The powerful aura of the five-star Wuhuang suddenly surged.

Chen Feng looked at him with a disdainful smile on his mouth, and shook his head lightly.

Then, a palm came out.

With a bang, the two slammed together.

Many people around are watching this scene.

Someone said: "It's over, Chen Feng will be kicked to death!"
