

Peerless 2731

[Chapter 2731: Return](#)

Chen Feng's face became stern: "Here you are, you just hold it, where are so many words?"

Chen Feng's rare reprimand seemed a bit unreasonable.

However, Ji Caixuan just took this set.

As soon as he heard Chen Feng's words, his heart and body were softened, and he nodded obediently, then took it, took it in his own hand, like something happily.

After Chen Feng left here, they went to Seven Star Auction House again.

Before Chen Feng, after obtaining those dragon blood amethysts, he did not buy anything except for the 15,000 dragon blood amethysts he owed.

Because he wasn't sure how much Dragon Blood Amethyst he would need to buy a weapon.

However, now, after returning from here and not getting his favorite weapon, Chen Feng decided to go to the Seven Star Auction House to buy some other things.

Chen Feng would not stick these dragon blood amethysts on his hands, what he needed now was not dragon blood amethyst, but strength!

Replace the dragon blood amethyst in his hand with something that can enhance his strength as soon as possible. That is the truth.

Just like the sound of thousands of swords, the seven-star medicine shop under the Seven-Star Chamber of Commerce may not be the highest-level and most rare medicine shop in the entire Chaoge Tianzi City, but it is definitely the most comprehensive and the largest quantity.

Chen Feng now needs a large amount.

Soon, Chen Feng went back and found Lu Yutang.

Lu Yutang raised his eyebrows, and asked a little surprised: "Master Chen Feng, are you back?"

Chen Feng nodded and said, "I need some pills now."

"Pill medicine? What kind of medicine?"

Chen Feng said in a slow voice: "Burning Blood Pill! A lot of Burning Blood Pill!"

Now, although Chen Feng has a prescription for Burning Blood and Making Chemical Pill, he has no time to upgrade his alchemist level, so he can only buy it.

"Then, if you need these blood-burning pill now, you also need level 4 at least, right?"

Chen Feng nodded: "That's right, I want to break through from the five-star Wuhuang to the six-star Wuhuang. What I need is the fourth-level Burning Blood Pill."

"How much do you need?"

Chen Feng thought for a while, stretched out three fingers, and said, "I want two hundred!"

In the realm of Emperor Wu, the higher the breakthrough, the greater the strength needed. Two hundred burning blood pill, Chen Feng still said less.

"Two hundred Burning Blood Pills?" Lu Yutang nodded slowly: "The price of Burning Blood Pills is one thousand dragon blood amethysts."

"Two hundred, that is two hundred thousand dragon blood amethysts."

"For the rest, I hope to buy a dragon and snake Jiaotai Dan."

"Dragon Snake Jiaotai Pill, right? This kind of pill is not easy to buy. I need to go to the Chamber of Commerce to apply for it to see if there is any." Lu Yutang was a little embarrassed.

Chen Feng said: "Okay, it will be a burden."

Two hours later, Chen Feng left here.

At this time, most of the dragon blood amethysts he had obtained had already disappeared, leaving only about 10,000.

Chen Feng kept these 10,000 pieces for emergency use.

The rest were turned into a hundred burning blood pill.

As for the Dragon and Snake Jiaotai Dan, there is no one here, and it will take a few days to send it.

Ji Caixuan asked, "Master, where are we going now?"

Chen Feng looked at Ji Caixuan, smiled and said, "Let's go back to the Xuanyuan family with me."

"Huh? To the Xuanyuan family?" Ji Caixuan's face immediately showed shock upon hearing these four words.

In this shock, there was even a trace of unspeakable fear and anxiety.

She trembled and said, "Master, this Xuanyuan family, can I go in?"

In her eyes, the Xuanyuan family was like a god.

Huge, tyrannical, and mysterious, standing at the top of the Dragon Vessel Continent.

She hadn't even thought about it before that she would be able to enter the Xuanyuan family one day.

Chen Feng smiled and said, "What's wrong? Let you follow it, just follow it."

With that said, he took Ji Caixuan to the ninth level city and soon came to the gate of Xuanyuan family.

After seeing Chen Feng, the many guards at the door of the Xuanyuan family all saluted very respectfully.

They all glanced at Ji Caixuan quietly, but did not dare to question Ji Caixuan's arrival.

Seeing their expressions, Ji Caixuan had a new understanding of Chen Feng's position in the Xuanyuan family.

Chen Feng led Ji Caixuan all the way to her courtyard.

The mother was not there, and Chen Feng looked inside and out but couldn't find it.

Moreover, Chen Feng saw that the table in the room was already stained with dust, and it was obvious that no one had lived here for a while.

Chen Feng had some doubts in his heart, and was even more worried about his mother vaguely.

At this time, an old voice sounded outside: "Master is back?"

When someone walked in outside, it was the old steward.

Chen Feng looked at him and asked eagerly: "Old manager, where is my mother? Do you know where she has gone?"

The old steward smiled and said, "Master Chen, don't worry, the eldest lady just went to visit relatives and friends and left here about ten days ago."

"She also left you a message here."

"Really?" Chen Feng looked for it, and as expected, he found a piece of jade quickly.

After crushing the jade stone, Xuanyuan Ruolan's phantom appeared in front of Chen Feng.

She looked at Chen Feng and said softly: "Feng'er, my mother is going to the Eastern Wilderness to find an old friend. It will take one month as long as two months. You will return soon. You don't have to worry about it."

After speaking, the phantom disappeared.

Chen Feng sighed softly, the worry in his heart disappeared.

Xuanyuan Ruolan did not express any unwilling emotions. Obviously, she said this voluntarily.

Then, she should be in no danger.

Chen Feng asked: "Old manager, I don't know where you are here this time?"

The old steward smiled and said: "I heard that you are back, son, the villain came to have a look specially."

"Come here to have a look?" Chen Feng didn't believe a word of what he said. It was impossible at all.

This old steward, although it cannot be said that it is unprofitable and not three minutes early, but it will not come here for no reason.

He looked at the old steward and smiled and said, "Old steward, if there is something, you have to be sincere."

"If you are covering up, I don't bother to guess."

Chen Feng's remarks are already quite rude, after all, it is not him now begging the old manager, but the old manager begging him for something.

The old manager gave a wry smile: "Master Chen is really smart, I can't hide anything from you."

He took a breath, his face turned solemn, and said, "Do you remember Elder Nei Zong, Xuanyuan Xiaoyue?"

Chen Feng said: "Of course I remember, if it weren't for him, I'm afraid it would have been reduced to bones now."

[Chapter 2732: Start breaking!](#)

"Elder Xuanyuan Xiaoyue, let the younger one pass a message, if your strength reaches the Nine Star Martial Emperor, you can go to Nei Zong." The old steward said.

"Is my strength reaching the nine-star martial emperor? Or is my level reaching the nine-star martial emperor?" Chen Feng immediately keenly captured the key.

The old steward looked at Chen Feng, and the two looked at each other, both of them understood each other's meaning.

He said softly: "Of course it is strength."

Chen Feng was clear in his heart and nodded: "Okay, thank you for passing on the message, you can tell me when you go back, Chen Feng understands."

"When the strength reaches the Nine-Star Martial Emperor, I will definitely visit him."

The old steward nodded, turned around and left without saying any nonsense.

Chen Feng looked at his back, thoughtfully.

Xuanyuan Xiaoyue looked for herself, why is this?

Chen Feng didn't think clearly, so he didn't want to.

Anyway, there will always be a way.

Even Xuanyuan Xiaoyue could not harm herself.

Besides, even if he wanted to harm himself, he was definitely not incapable of resistance.

Chen Feng said to Ji Caixuan, "You settle down first, I am about to start breaking through."

Ji Caixuan said: "Master, I will protect the law for you."

Chen Feng didn't persuade her any more, so he nodded, and the two came to the barren mountain.

On the cliff, Chen Feng sat cross-legged.

Then, soon, he entered the state of no self and no him.

Ji Caixuan was beside her, pressing her hand on the long sword to protect Chen Feng's law.

Chen Feng took a deep breath, and in his hand, a blood-burning pill appeared.

The fourth-level Burning Blood Creation Pill is not the same as the third-level one. Not only is it a circle larger than the third-level one, it is the size of an adult man's fist, and it is filled with extremely manic power.

This extremely violent force formed a pattern of a leopard inside.

The blood-red leopard condensed by this power, rushing from left to right in this pill, seemed to want to break through.

He saw what was outside, and he let out a wild roar.

Chen Feng took a look and raised his eyebrows: "It's really good. It seems that the raw material used to refine this blood-burning pill should be the blood of an extremely powerful leopard monster."

"And this pill, refining extremely well, is already a little psychic."

"He is now. Not only doesn't he want to give in to me and be absorbed by me, but he wants to break through and swallow me."

Chen Feng sneered: "But, do you want to swallow me? Have you swallowed it?"

He closed his eyes, and he was in concentration in a flash.

And the next moment, Chen Feng felt the urge to break through deep in his heart,

The impulse to break through made him feel extremely excited, and a smile appeared on the corner of Chen Feng's mouth:

"Fierce battle, crazy battle, fighting between blood and fire, really is the best way to break through!"

"When I was in the Purple Fire Marsh, I already felt a sense of breakthrough, but what I need now is the accumulation of strength! It will be natural!"

In the next moment, Chen Feng maintained the urge to break through in his heart.

Then, the next moment, Chen Feng squeezed his right hand.

With a click, he directly crushed the fourth-level blood-burning pill in his palm.

The glazed glaze was directly shattered on the surface of the crystal-like pill, and then the blood-red leopard inside was condensed with strength, with an expression of extreme excitement in his eyes.

He let out a fierce roar, rushed out of it directly, and bite towards Chen Feng fiercely.

Seeing that, it seemed that Chen Feng was going to beat him back.

Chen Feng sneered. He closed his eyes and didn't even look at it. He just snapped it gently.

Suddenly, the blood-red leopard, who appeared to be overbearing and overbearing, was directly caught in Chen Feng's hand.

Chen Feng didn't grasp him with his hands at all, but clamped it with **** of index finger and middle finger.

Chen Feng held the leopard as if holding a small rock.

The red leopard roared frantically, struggling desperately, but how did he struggle?

At this time, Chen Feng laughed loudly: "Brother Ba She, it's time to come out to eat now!"

Beside Chen Feng's body, the air suddenly fluctuated and the Napa snake appeared quietly.

There is a slight overlap between Wuhun space and reality space on Chen Feng's right hand.

Chen Feng laughed and stretched out his right hand.

Therefore, in Ji Caixuan's eyes, Chen Feng's right hand and a forearm had disappeared directly into the void.

At this time, Chen Feng had already touched the cold Ba Snake Wuhun with his tentacle.

Then, the blood-red leopard let out a scream full of despair, which was directly swallowed by the Ba Snake Wuhun.

The Ba Snake spirit was absorbing frantically, his strength was constantly improving, and his injuries were constantly recovering.

After devouring this blood-burning pill, the Ba Snake Wuhun has not given Chen Feng any power.

Chen Feng was not in a hurry, nor surprised.

He smiled and said to himself: "Sure enough."

"Ba Snake Wuhun suffered a serious injury last time, and he hasn't recovered yet. This gas pill has been restored for him."

Afterwards, Chen Feng took out another Burning Blood Pill and continued to feed it to the Ba Snake Wuhun.

In this way, after feeding a full ten, the Ba Snake Wuhun had fully recovered.

When it swallowed the eleventh Burning Blood Pill, finally, with a bang, the long-lost, majestic power passed over his body.

That power poured into the surface of Chen Feng's body and turned into a sphere, enclosing Chen Feng.

The endless power of the blood-burning and good-for-making pills penetrated into Chen Feng's body.

Chen Feng sighed gently, his expression on the surface became extremely peaceful, he said nothing, just kept absorbing.

He doesn't need to improve his state of mind now, and he has grasped the opportunity of breakthrough.

The state of mind has arrived, all he has to do now is to improve his strength.

The sun rose and the moon fell, and in a blink of an eye, a day passed.

One after another, the burning blood pill was crushed and swallowed into the mouth by the Ba Snake Wuhun, and then the power was fed back into Chen Feng's body.

Chen Feng's speed surpassed the warriors of the same level a hundred times.

For a warrior of the same level, it would only take ten and a half months to absorb such a fourth-level blood burning pill.

And Chen Feng can absorb as many as a dozen pieces in one day and one night.

Beside, Ji Caixuan was dumbfounded, her eyes widened, her face was full of shock.

After a long time, she came back to her senses, trembling to herself: "Unbelievable, incredible!"

In the next moment, this shock turned into a strong worship: "The master is worthy of being the master, too strong, and the rate of absorption is so much faster than others."

[Chapter 2733: The power of three thousand heavens and earth!](#)

"It's no wonder that he already has such a strong strength at a young age, it is really terrifying."

By Chen Feng's side, the blood-burning pill turned into a torrent, never stopping.

The power of the Burning Blood Pill, like giant dragons, rushed into his body frantically, with great momentum!

At this time, Chen Feng was also constantly accumulating the strength in his body at a fairly rapid speed, becoming more and more powerful and magnificent.

The sun rises and sets, and the stars move. Soon, seven days have passed.

And during these seven days, Chen Feng sat cross-legged here, silent and motionless.

Next to him, Ji Caixuan did the same, just standing there to protect him.

Her face was already haggard, and she could even be said to be staggered, crumbling, and her breath dropped a lot.

High-level warriors have become stronger, but the power that needs to be absorbed daily is also greatly increased!

Every day I have to eat a lot of high-level monster meat and drink Qiongye Jade!

Not eating or drinking for a few days is a huge consumption for them.

And on the eighth day, when the big day was rising, when the warm and hot light gleamed on Chen Feng, Chen Feng suddenly felt a shock all over.

With a boom, it was as if there were countless acupuncture points on his body that had all been opened.

In the next moment, the power of the burning blood and making chemical pill that had accumulated in his body for a long time, with a bang, broke through all the blockages and all obstacles in his body, and then rushed forward extremely unimpeded.

There was no obstacle in front of him.

Chen Feng felt a buzz in his brain, the small buzzing sounded in the deepest part of his mind, and then resounded throughout his mind.

Then, shocked the whole body.

The whole body is in this mysterious buzzing vibration, all internal organs, all bones, all muscles are shaking.

Then, from the inside to the outside, it oscillated completely.

In the next moment, Chen Feng looked inside himself, and saw that his internal organs, among all the internal organs, unexpectedly oscillated with a trace of black gas from inside.

This trace of black gas contains great filth and great impurities.

When Chen Feng saw it, he couldn't help feeling of disgust in his heart.

Then, this strand of black gas condensed into a ball and drifted away.

At the same time, his flesh and blood and bones also emitted bursts of black gas.

This black gas also went up and reached Chen Feng's mouth.

Chen Feng opened his mouth and let out a long suffocating breath.

After the black gas was spit out, it flew outwards, turning into a black mist, and then rapidly spreading.

In an instant, it turned into a black cloud.

This black cloud covers the barren mountain with a huge area.

Although the barren mountain is named Huangshan, it is not that there is no grass. This black cloud covers the hillside of the barren mountain. There are flowers, trees and grass on the hillside, but after being covered by the black cloud, it is brushed, all withered and withered instantly. .

Then, it turned into powder and disappeared without a trace.

Even, the black cloud continued to press down, and after pressing down on the ground, even the ground became dark!

Chen Feng couldn't help being shocked: "This is an impurity in my body, and it is so poisonous after being discharged."

But soon, he understood what was going on.

As a warrior, he has absorbed countless heaven and earth essence, but in this heaven and earth essence, there is also a trace of heaven and earth mess.

In the incomparable strength, with thick impurities, strong toxins.

These impurities, toxins, accumulated in his body, until now, I don't know how much they have accumulated.

And now, after it is discharged, it is indeed extremely toxic.

After Chen Feng exhaled this foul breath, the whole person felt refreshed to the extreme, and his body became lighter.

And the power in the body is running without stagnation.

Chen Feng was shocked and stood up suddenly.

If the power in his body was a trickle before, then it is now a rushing mountain stream.

Moreover, Chen Feng can clearly predict that soon, it will become a big river.

Chen Feng clenched his fists and felt the incomparable strength in his body.

He laughed: "Six-star Martial Emperor, now I have broken through to the realm of Six-Star Martial Emperor!"

As soon as Chen Feng's voice fell, an orange jade slip appeared quietly around his body.

Then came the second, the third, and up to the thousandth.

These orange jade slips are the power of Chen Feng's orange heaven and earth.

When Chen Feng just broke through and entered the Five-Star Martial Emperor, his orange power of heaven and earth had a thousand.

And now, as the power in Chen Feng's body vibrates, his orange power of heaven and earth is constantly increasing.

Orange jade slips appeared one by one, and the number continued to increase.

After a long time, Chen Feng's orange power of heaven and earth finally stopped growing!

And now, his orange power of heaven and earth has suddenly become three thousand Dao!

The orange power of heaven and earth, composed of orange jade slips, turned into a huge, vast and incomparable scripture!

If it was just a book before, it is now a masterpiece!

This is not the highest trend. There is a hunch that sooner or later, this voluminous work will become a glorious chapter like a sea of smoke!

That way, is the ultimate form of one's own power of heaven and earth!

Chen Feng's power escaped from his body, forming a little red light spot around his body.

That is the power of the dragon descending arhat's power, in the fiery red, there is also a strong gold that almost forms a substance.

At this time, Ji Caixuan walked to Chen Feng's side.

She felt the heat and energy coming from Chen Feng's body, and she felt lazy and comfortable to the extreme.

She exclaimed: "Master, I am bathed in your light, and I feel my strength is improving."

"Moreover, my previous losses are also recovering!"

This is the fact, her face is slowly improving.

She felt the power in her body was recovering.

"What?" Chen Feng raised his eyebrows, and said in surprise, "Isn't this impossible? Can you feel it more carefully?"

"Okay!" Ji Caixuan nodded, took a deep breath, closed his eyes, and felt carefully.

Then, he discovered that the strength in his body was really slowly increasing.

It's not an illusion, it's really growing.

She trembled and said, "Master, it's true. I feel that my strength has improved a lot in just such a short time."

Chen Feng's face also showed a thick color of surprise.

Then, he took a closer look at himself and found that it was different.

[Chapter 2734: Outer world](#)

At this time, there was a small white spot next to the four big suns in Chen Feng's dantian.

This white spot is very small, but it also reveals infinite light and heat, and it has infinite potential inside.

Chen Feng secretly said in his heart: "It seems that this will become the fifth big sun, and my strength will increase rapidly, but it will not be now, I am afraid that it will be like this when I break through to the Seven-Star Martial Emperor. Will be fully formed!"

Chen Feng said softly, "I can feel that my power is not being restrained, but spreading outward."

Chen Feng's feeling was not wrong at all.

He noticed it carefully for a long time, and finally understood.

It turned out that at this time in his dantian, during those four rounds of great sun, the power of the dragon descending Arhat was constantly surging outward.

And beside this Dragon Dropping Arhat, there are a total of three thousand jade slips that keep rotating, like little stars, very beautiful.

Orange and gold are intertwined, gorgeous and gorgeous.

At this time, the power of the dragon descending Arhat and the power of the orange heaven and earth were constantly transforming each other, but after the mutual transformation, they did not form a small internal loop in the dantian, but quietly penetrated out.

Came to the surface of Chen Feng's body.

Chen Feng squinted his eyes and looked around his body. When he looked inwardly, he found that the power on the surface of his body was not present in a disorderly manner.

It is distributed around and outside of the body, like a piece of armor, circulating there.

Around his body, thousands of small loops were formed.

These powers circulate in it endlessly, and then enter Chen Feng's body, making Chen Feng's body more powerful.

Chen Feng was surprised: "What the **** is going on? Why does this happen?"

He hadn't heard of anything similar before.

At this time, a clear and gentle laughter came over: "Feng'er, this is a sign that you are about to enter the outer world."

"About to enter the outer world?" Chen Feng was taken aback, and then there was joy on his face.

He turned around and shouted, "Mother, are you back?"

This voice was Xuanyuan Ruolan's, and Chen Feng couldn't be more clear.

When he looked back, he saw a yellow figure approaching here.

Xuanyuan Ruolan walked over slowly in a yellow dress, graceful and luxurious.

She came closer and glanced at Ji Caixuan.

Ji Caixuan knew the identity of this woman from Chen Feng's words just now, and her face immediately showed fear.

She knelt on the ground and said, "The slave and maid had seen the old lady."

Xuanyuan Ruolan showed a strange expression on her face: "Am I very old? You actually called me old lady?"

When she heard this, Ji Caixuan thought she was blaming herself, and immediately became even more frightened. She trembled and said, "Slaves, slaves do not mean that."

She was at a loss, her eyes were flushed with anxiety, and tears rolled in her eyes.

Xuanyuan Ruolan laughed, "Well, I was joking with you, so you don't have to be polite in front of me."

Then she helped Ji Caixuan up.

Hearing this, Ji Caixuan's fear was less.

She stood up, still looking at Xuanyuan Ruolan with some fear.

Chen Feng smiled and said: "You don't need to be cautious. You are a little scared now. It may be because you are not familiar with my mother. In fact, my mother is very good. You will understand after a long time."

Ji Caixuan's heart filled with joy when she heard this.

The meaning of Chen Feng's words was clearly to stay with her for a long time, which made her breathe a sigh of relief.

She had always been afraid that Chen Feng would not want her, and this panic always haunted her.

Xuanyuan Ruolan looked at the expressions of the two, and a smile appeared on the corners of her mouth. Her son was really capable, and it took a long time to bring a girl back.

Chen Feng smiled and said, "Mother, you still help me explain what is Outer World, right?"

"it is good."

Xuanyuan Ruolan said, "Waitiandi is an extremely important realm in the Martial Emperor Realm."

"Not only because this realm is powerful, but also because this realm is a transition to a higher place."

"The transition to a higher place! As long as you have built a solid foundation in the Martial Emperor Realm and stepped into the Martial Emperor Realm in the next step, the whole thing will be different. At that time, you can stand on top of the Dragon Vein Continent. , It's a completely different strength."

"Therefore, in this Martial Emperor Realm, we must be even more cautious, careful and careful."

"And the Martial Emperor Realm has two big watersheds. The first is to be able to enter the Great Martial Emperor. The benefits of the Great Martial Emperor have already been told to you before."

Chen Feng nodded: "I have indeed said it."

Dawu Emperor can provide the power to refine that sky, and his strength will advance by leaps and bounds.

"And another opportunity in the Martial Emperor Realm is..."

Xuanyuan Ruolan looked at Chen Feng and said word by word: "Enter the outer world."

"Human cultivation is divided into the inner world and the outer world. The so-called inner world is your own power circulating in the body and growing continuously."

"The outer world is your power. When it is automatically running, it can already run outside and circulate in the outside world."

"What do you think is the effect that this can bring?"

Chen Feng's heart was pounding: "It will be ten times what it is now, but dozens of times!"

"That's right, you can teach the ruts!"

Xuanyuan Ruolan smiled and said, "How big the world is. Although the human body is a treasure, it is much worse than the world outside."

"The biggest advantage of entering the outer world is that your strength will be dozens of times, or even hundreds of times higher, because the outside world is so much bigger than the inside world."

"As long as you can enter the state of the outer world, you can control the power of the world!"

Chen Feng nodded: "That's it."

He continued to ask: "Then, is this outer world a state or a realm?"

Xuanyuan Ruolan said: "Good question, Outer World, it was just a state at the beginning, you can only enter for a short time."

"But after a long time, it can be transformed into a state, and you are always in that state."

Chen Feng nodded: "I understand."

Xuanyuan Ruolan said, "Waitiandi and Dawu Emperor are not the same thing."

"Some people have entered the realm of the Great Martial Emperor, even the Nine Star Martial Emperor, or even half of the Martial Emperor, and still cannot enter the state of the outer world."

Chen Feng asked: "What will be the impact?"

"What effect?" Xuanyuan Ruolan smiled slightly:

[Chapter 2735: Strange hunting](#)

"If you can't enter the outer world, you won't be able to go further, even if you enter the Martial Emperor Realm, it will be difficult to go further."

Chen Feng sighed lightly, feeling clear in his heart.

He looked at the dead grass and smiled bitterly: "I really can't help them."

Xuanyuan Ruolan laughed and said, "The so-called body impurities that you discharged when you broke through when you were in the low realm are actually at best muscle impurities."

"A little bit higher, that is, it can expel blood impurities."

"And this time, what I discharged was bone marrow, bones, even internal organs, the five elements, and the deepest impurities."

"This makes your body stronger and my strength purer."

Chen Feng said, "The reason why this is so is because of it!"

He looked forward, slowly clenched his fists, and whispered to himself: "Before reaching the Seven-Star Martial Emperor, make the final preparations!"

Then, Chen Feng went back and asked his mother what he had gained this time.

Xuanyuan Ruolan was vague and didn't tell Chen Feng, so Chen Feng stopped asking more questions.

Then, Chen Feng left his mother again and left the Xuanyuan family.

After Chen Feng came to Chaoge Tianzi City, he has already adapted to such a life, and every time he comes back, he will leave soon.

Chen Feng and Ji Caixuan went to the fifth-level city, then took off and went straight to Zihuo Town.

This time, Chen Feng held Ji Caixuan in his arms, and it took three days to come to Zihuo Town.

And by chance, on the way Chen Feng came over, he ran into the Black Mountain Five Tigers killing people.

This time, what they killed was still an early powerhouse of Nine Star Martial Emperor.

Chen Feng looked at the side for a while, a smile appeared on his face, and his heart was still clear.

These Black Mountain Five Tigers seem to be reckless, but in fact they are very shrewd. They don't pick any powerful masters. Like these two times, they killed the Jiuxing Wuhuang early stage.

Come to think of it, Jiuxing Wuhuang should be the strongest person they can kill in the early stage.

Moreover, in the early days of Nine-Star Martial Emperor, in places like Zihuo Marsh, he could almost be regarded as the strongest master who went there to experience and hunt for treasure.

They can also get the most resources, so looting them is extremely rich, and the danger is not particularly great.

This Jiuxing Wuhuang early powerhouse was besieged by a few of them, but he still didn't hold on for long, and was quickly killed.

The Five Tigers of Montenegro have benefited greatly from it, and a full five golden thread tips were found from him.

After each of these five golden thread tips was taken out, they were opened on the spot.

They seem to have some ostentatious meanings, even before the pure sun giant spirit guard opened on the spot, he shouted to everyone: "Come over and take a look at our gains this time."

With that, he tore open the golden thread kit directly.

Then, a large amount of various precious metals poured out like a waterfall inside.

Chen Feng's eyelids twitched. These precious metals are worth at least hundreds of thousands of dragon blood amethysts. If the five gold thread kits add up, there are six to seven hundred thousand dragon blood amethysts.

The Black Mountain Five Tigers do not have the capital to trade, and they are really profitable!

The Five Black Tigers laughed.

Many people looked with envy, but no one dared to compete with them.

The Five Tigers of Montenegro triumphantly glanced at the crowd like a demonstration, and then left.

Chen Feng looked at their back, thoughtfully.

Soon, Chen Feng reached Zihuo Town.

Ji Caixuan stayed in Zihuo Town for a long time. In Zihuo Town, she was very familiar and had a lot of contacts, so after he went out and circled, he brought the news back.

"What? The Shadow Gang's hunt is still going on?"

"Yes."

Ji Caixuan said in a deep voice, "The Shadow Gang's hunt has not stopped since half a month ago."

"They sealed off an area with a radius of more than three hundred miles, and drove out all the people outside the Shadow Gang in this area."

Chen Feng said: "How many masters did they use?"

"This time, they used three first-level elders. All three first-level elders are masters of the early stage of the Nine-Star Martial Emperor, and there are nine second-level elders.

"These nine second-level elders have all reached the eight-star Wuhuang, but three of the nine second-level elders have been killed by you."

Chen Feng nodded slowly.

Ji Caixuan continued: "Three first-level elders, six second-level elders, and a total of sixteen teams are scattered within these three hundred miles."

"It's just that I heard people say that I haven't heard any loud fighting sounds these days."

"Oh? Didn't hear any loud fighting sounds?" Chen Feng thoughtfully.

He suddenly moved in his heart and immediately asked, "What was it like when they hunted like this in the past?"

"In the past, they used to hunt, usually when a large amount of resources were found in a certain place, they would enter there in large numbers to kill the local monsters and seize the metal."

Chen Feng said: "Then the voice must be loud!"

"Yes, it's really big."

"So, this time they are a little strange."

Chen Feng's eyes flashed, and he said flatly: "I know why. They went in this time, not to win some resources, they must have found something extraordinary!"

"And this amazing thing should be hidden extremely deep, or erratic, they can only determine a rough range."

"Until now, I haven't caught this thing!"

When Ji Caixuan heard this, she was shocked and looked at Chen Feng blankly.

She did not expect that Chen Feng could draw such an inference based on some information.

She said sincerely: "Master, you are so amazing."

Chen Feng smiled slightly, and a sneer appeared at the corner of his mouth: "Shadow Gang, I have wanted to clean up you for a long time, then, let's start with this action to destroy you!"

The next moment, Chen Feng led Ji Caixuan to the North Square quietly, and then went to the Purple Fire Marsh.

Soon, he entered the purple fire swamp.

Purple Fire Marsh, the one closest to Zihuo Town, and there were still many people at this time.

Bustling with hustle and bustle, there are dozens of teams there, and every tens of meters, one can see a team occupying a certain area and fighting the monsters there.

After expelling the monster beast, he was looking for metal around the flame pit.

This is the most fringe area of the Purple Fire Marsh, and also the most desolate and barren area. It is not rich in precious and rare metals.

Even the metal here is not shaped, scattered around the flame pit, which was brought out by the countless flames from the ground and scattered around.

[Chapter 2736: Arrogant](#)

The value of this kind of metal itself is not very high, even if there are a lot of them, they can't get many dragon blood amethysts.

But relatively speaking, the monsters here have the lowest level and the least risk, and the teams that mingled here are generally five-star martial emperors, and the highest will not exceed the six-star martial emperor mid-term.

They really don't have the ability to enter the deep purple fire swamp.

Ji Caixuan looked at them with emotions on her face, and said softly to Chen Feng: "Master, if it were not for you, I could only mess around here."

"Want to buy this sword..."

She shook the sword in her hand: "I don't know how long it will take to accumulate dragon blood and amethyst."

Chen Feng smiled slightly: "Where is this? The good days are yet to come."

The two continued to walk forward, and soon went deep for dozens of miles.

After going deeper, several people appeared in front of him.

The few people panicked, with blood on their bodies, walked quickly toward this side, looking back as they walked.

Seeing that there were no chasing soldiers behind, the short and sturdy man in the lead breathed a sigh of relief, and the color of fear on his face disappeared.

Then, he was stubborn, pretending to be arrogant, and yelling cursingly: "Mother, these shadow gang bastards, don't hit the little master, or else, I must have abolished them!"

He yelled loudly here.

Chen Feng glanced, only to find it ridiculous.

This short and stout man is about the strength of the Six-Star Martial Emperor Peak. Anyone from the Shadow Gang can easily deal with him.

Moreover, he looked around while cursing, if he found someone from the Shadow Gang, he would definitely stop.

A person next to him quickly persuaded: "Boss, don't be familiar with those in the Shadow Gang."

"What do they compare to you? You are just as knowledgeable as them, so you can't make it!"

"Hahaha, that's right, the third child, what you said is reasonable, then I won't be familiar with them."

The short man borrowed the donkey from the slope.

Then, he saw Chen Feng and others.

Then, he immediately thought that his scene just now must have fallen into the eyes of Chen Feng and others.

So he immediately stared at Chen Feng, and said with a cold face: "Boy, you didn't see anything just now, understand?"

There was a deep threat in the voice.

Chen Feng just felt funny: "With his strength, still want to threaten himself?"

With the palm of your hand, you can kill them all easily.

Chen Feng was too lazy to have general knowledge with him, shook his head, and continued to walk forward.

Seeing that Chen Feng ignored her words, the short man immediately turned colder.

And at this moment, suddenly, a cold voice came from the nearby mountain col: "What happened to you when the people of the Shadow Gang met you?"

As soon as this cold voice came, the people in that team shivered suddenly, their expressions stiff.

The relaxed expression on their faces disappeared, replaced by deep fear.

They seemed to be frozen in their blood, trembling violently there.

While shivering, they stepped back, obviously, they were already terrified of fear.

Following the sound, a person walked out slowly from the mountain col.

This person is not amazing in appearance, not so tall, and can give people a very ordinary look, but his momentum is not weak at all.

On the contrary, it was very large, and most importantly, he was wearing a long robe.

On the robe, there are countless empty shadows, this is the symbol of the Shadow Gang.

Only the people of the Shadow Gang can wear such clothes.

See him. Those few people were terrified.

Chen Feng was watching coldly.

The man looked at the short and sturdy man and said with a sneer: "What is it, you are not convinced, are you?"

"I'm the Shadow Gang, and now I appear, what can you do to me?"

The short man was so scared that his voice changed.

He trembled his lips and said with a trembling, "This, my lord, the villain was just joking."

"The villain just now, it was... the villain **** it, slap it!"

As he said, he suddenly slapped a big slap on his face with great effort.

His face quickly swelled up, and the blood flew out mixed with broken teeth.

Then, he threw a plop, knelt on the ground, and kowtow desperately at the shadow gang.

This Shadow Gang member said coldly: "I drove you out of it. I didn't kill you. I left you with a life."

"It's already on the Internet, but I didn't expect that you still have so many complaints? Really do not live or die!"

Those few people didn't speak, they just kowtow desperately to beg for mercy.

They all knelt on the ground crying and begging for mercy, and seeing their looks like this, the Shadow Gang members also felt a little impatient.

He waved his hand and said, "I still have important things to do, and I don't bother to entangle with you here. Get out of here!"

With that, he flew directly inward.

These people kowtow to thank you like an amnesty, and say loudly: "Thank you, sir, thank you."

The man left.

After he was gone, the short and stout guys quickly stood up.

And the look of the stocky man returned to his arrogance.

His eyes swept across everyone's faces, and he said in a cold voice, "Nothing happened just now, you know?"

"Yes!" Those people nodded busy.

Suddenly, the short man saw Chen Feng, and the corners of his mouth twitched.

He stared at Chen Feng, his face grimly roared: "Little boy, what are you **** laughing at? Are you laughing at me?"

He gritted his teeth, his face was extremely angry, and the muscles on his face throbbed.

In fact, Chen Feng didn't laugh at all.

The short and stout man was just because he lost a lot of face in front of Chen Feng and the others, and felt that his face was lost, so he had to get it back from Chen Feng!

Chen Feng raised his brows and said lightly: "I didn't smile just now."

"Didn't you laugh? Do you **** admit it? I saw you laughing!"

Upon hearing Chen Feng's tone, the short and stout man felt even more sure: "This person should have no strength."

His expression became even more arrogant.

Suddenly, in their team, a pretty good-looking woman saw the sword in Ji Caixuan's hand.

Suddenly, there was a strong greedy color in her eyes.

She leaned over to the stocky man and said a few words in a low voice.

The short and stout man also saw the sword, and then showed a look of confusion on his face, as if he was a little surprised, why can Chen Feng and Ji Caixuan possess such a good weapon.

[Chapter 2737: Cross with me? I got the wrong guy!](#)

But then, he put aside this doubt.

Because in his opinion, Chen Feng is nothing more than a six-star martial emperor.

And Ji Caixuan was just a six-star martial emperor.

So, a bit of greed was added to the hideous look on his face.

He stared at Chen Feng with a sneer on his face and said, "I think this sword is not bad."

"You just offended me, then this sword is regarded as an apologize, take it quickly, and I will spare your life!"

Chen Feng looked at him and said lightly: "So, you want this sword!"

"So, what if I don't give it?"

"Why don't you give it? Boy, you are quite brave! How dare you say such a thing?" The short and stout man smiled grinningly, and slowly approached Chen Feng.

As he walked, he rubbed his hands: "Boy, since you don't know how to lift up, then, so good!"

"I'll teach you a lesson! It's a pity, if you make this choice, not only will you not be able to keep that sword, but you will also lose your life!"

He was full of squalid faces, and behind him, those people followed at the same time.

Chen Feng shook his head, only feeling extremely funny.

These people are very weak, let alone Chen Feng, even a random Shadow Gang gang who was killed by Chen Feng before can solve them.

But they are still arrogant and arrogant in front of Chen Feng.

Chen Feng looked at them, smiled and said, "Do you think it can easily solve me?"

The short and stout man smiled grimly: "Of course, I can kill you easily!"

Chen Feng's expression suddenly changed, and he shouted, "Follow me? Are you looking for the wrong person!"

As he said, Chen Feng sneered and shot out with a palm.

He was still a few hundred meters away from these people, and slapped it out with such an understatement.

The short man let out a disdainful sneer: "Your palm is so soft and weak, do you slap flies?"

But the next moment, the sneer on his face disappeared.

Instead, the shock and disbelief were so intense that they let out a loud cry: "No? How is this possible!"

In the next moment, this unbelievable horror turned into intense fear.

It turned out that with Chen Feng's palm, the incomparable force was pressed down like a mountain.

This mountain was so heavy that they couldn't breathe under the pressure.

Then, Chen Feng laughed loudly: "Yes, I just swat flies!"

"It's easier to kill you than to slap a fly!"

He pressed down with both hands, and then with a bang, the huge mountain of strength was falling crazily.

These people were all vomiting blood crazily under the pressure of that powerful force, trembling all over, feeling that they were almost crushed to death.

They were all madly resisting, but they found that under this powerful force, they couldn't even do the simple gesture of raising their hands, let alone resist.

They can only stand there and wait for death.

A joking smile suddenly appeared at the corner of Chen Feng's mouth, and his hand gently raised.

Suddenly, that force suddenly loosened.

These people suddenly felt a lot less pressure. When they were relaxed, they all breathed a long sigh of relief, feeling extremely comfortable.

There is a feeling of escape from the dead.

Chen Feng smiled and said, "Now, do you feel like you have escaped from death? But it's a pity!"

He laughed loudly: "Hahaha, this is just an illusion!"

After that, Chen Feng's right hand gently pressed down again.

Then the next moment, the mountain was already more powerful and powerful than before, and it pressed down fiercely.

Suddenly, these people were crushed and vomiting blood crazily, and then fell heavily to the ground.

They couldn't even stand up, crawling on the ground with vomiting blood.

Numerous huge wounds were pressed out on their bodies, blood spewed out, bones broken, internal organs broken!

They all showed extreme fear in their eyes, looking at Chen Feng, their eyes were full of fear, despair, and the deepest regret.

Only then did they realize how powerful this inconspicuous young man is.

This person possesses a strength that they simply cannot match.

At this time, they finally realized what Chen Feng said that you found the wrong person!

Chen Feng smiled and said, "Why, now, do you still want to kill me?"

The short man yelled frantically, begging for mercy: "My lord, forgive us, we are blind and offend you!"

"Please, spare our lives!"

All of them kowtowed madly for mercy.

Wagging for mercy.

Chen Feng sneered: "Now beg for mercy? It's too late!"

"If my strength is not as good as yours and falls into your hands, if I beg for mercy, will you let me go?"

As he said, his hand pressed down.

Boom boom boom, a few loud noises, those few people all screamed screaming.

Then the next moment, the screams stopped abruptly.

They vomited blood crazily, their bodies skewed, and died directly, and were crushed to death by Chen Feng!

Chen Feng sneered: "Things that do not live or die."

With that said, without even looking at them, he just walked forward!

After walking forward for almost a few dozen miles, Chen Feng felt that there were more than a dozen quite powerful auras in front of him.

He immediately made a color to Ji Caixuan.

After that, Ji Caixuan understood that, the two lowered their bodies together, hid their whereabouts, and walked forward silently.

In front of him was a rolling hill.

The hills are not high, and huge pillars of flame are everywhere, flying around like a red forest.

Although it is not high, it is enough to conceal the figure.

Chen Feng continued to move forward, and soon he heard a burst of voices.

After bypassing a small hill in front, Chen Feng saw a plain in front of him.

On this plain, there were seven or eight people sitting there. These seven or eight people were obviously divided into two teams, looking at their clothes, clothing, and weapons.

There are Pure Sun Giant Spirit Guards, Hurricane Swordsmen, Thousand Variations and Storm Archers.

Seven or eight of them gathered around a bonfire and were feasting.

All of them were devouring, complaining while eating.

A burly man suddenly slapped the ground and said cursingly: "Fucking, what is this mess?"

"We were on a mission outside, but we got us back and stayed here for half a month."

"You said staying here for half a month, if there is anything to gain, there will be a sound if the stone is thrown into the water!"

"The result? We stayed here for half a month, but we didn't see anything and got nothing!"

[Chapter 2738: clue](#)

A gloomy man next to him said coldly, "Who said no?"

"For half a month, I told us what to look for here? In the end, I didn't tell them what I was looking for. I just said I saw it."

"Damn, so many things, who knows what it is?"

"If you want me to say, I see the stone next to us, I think it is what we are looking for, can I use it for business?"

They grumbled and complained.

Next to him, a rather gentle, white-looking young man said lightly: "Okay, don't say anything."

"Those second-level elders are everywhere and have great magical powers. If they hear what we say, they must be reprimanded again."

"When the time comes, who wants to suffer that punishment?"

As soon as he spoke, the others stopped talking.

Obviously, he is quite prestigious among these two teams.

Especially when there was a woman next to her, her eyes were full of love.

Obviously, the relationship between the two is by no means ordinary.

Chen Feng listened carefully not far away, and fell into their ears.

He sighed softly in his heart, and secretly said: "That's it, it turns out that they were all sent here to find that thing."

"What the **** is this, they don't even know!"

Chen Feng gave the young man a special look.

The young man was not very old, in his thirties, he was of medium build, fairly fair, and a little handsome, but he was not that kind of extremely handsome person.

It just makes people look very comfortable.

Chen Feng glanced at the woman next to him again. The woman was also quite beautiful, and the two of them could be regarded as good matches.

Soon, they were finished.

The fair-skinned young man stood up, clapped his hands, and said, "Okay, let's go."

"We are responsible for patrolling within a radius of tens of miles. Although the area is not large, the terrain is complex, there are many monsters, and the strength is very strong."

"Besides, that thing is so mysterious, it's hard to catch him, so be careful."

As he said, he stood up.

Everyone nodded one after another and got up with him. *novelusb.com*

They were about to go out, and at this moment, a flower in front of him suddenly saw a tall and handsome young man in white standing in front of them, smiling at them.

This person appeared like a ghost, making them instantly surprised.

But it was just a surprise.

These Shadow Gang members had become accustomed to domineering and domineering. After a surprise, they returned to normal and immediately became arrogant again.

They stared at the tall young man, brandished their weapons, and shouted sharply: "Boy, who are you?"

"Don't you know that this is the territory of the Shadow Gang? Don't you know that the Shadow Gang is hunting here? Don't you come here?"

They shouted one by one.

While Chen Feng looked at them, the coldness in his eyes became deeper and deeper!

These people from the Shadow Gang were ruthless, and they really didn't want to clean up.

But at this time, the fair-skinned young man stretched out his hand and stopped other people's words.

Then, he looked at Chen Feng and said softly: "Are you Chen Feng?"

Chen Feng glanced at him with a little surprise in his eyes.

The fair-skinned young man smiled and said, "Don't be surprised, our Shadow Gang is also the local snake here."

"It's hard to say that the supernatural powers are vast, but there are still some abilities."

"You are making such a big noise here in the Shadow Gang. If the Shadow Gang can't find out your identity, then my Shadow Gang will be too incompetent."

Chen Feng smiled and nodded: "Yes, I am."

"What? He turned out to be Chen Feng?" Hearing Chen Feng's admission, all of these people's faces were suddenly shocked.

In the shock, there was also a strong fear.

Especially the few people who had spoken badly just now had extremely scared expressions on their faces: "So he is Chen Feng?"

"God, what did I just do? I dared to speak rudely to Chen Feng? He will definitely kill me!"

"It's over, I'm going to die!"

The fair-skinned young man glanced at them and said coldly: "Don't you hurry up to apologize to Master Chen Feng?"

"Yes!" These people knelt on the ground and slapped themselves in the face.

While slapped, he trembled: "Master Chen, please, forgive us!"

"Please, don't be familiar with us."

Chen Feng didn't bother to look at them.

At this time, the fair-skinned youth said with a smile: "Master Chen, please take a step to speak."

Chen Feng glanced at him with interest, nodded, and then walked aside.

The fair-skinned youth and the woman next to him also walked over with Chen Feng.

"Okay, if you have anything, just say it." Chen Feng said lightly.

The fair-skinned young man smiled and said, "I guess my lord, the purpose of your return this time must be Li Wanlong."

When Chen Feng heard this, his face immediately became cold.

He hated the feeling of being guessed by others, but then his expression returned to normal.

Chen Feng has not yet reached the point of killing someone because of such a small incident.

He said lightly: "How did you guess it?"

"In fact, it is not difficult to guess."

The fair-skinned young man smiled and said, "Last time, Master Chen Feng, you killed so many people in our Shadow Gang, but then you retreated under Li Wanlong's hands."

"With your arrogance, how can you bear this tone? You will definitely come back for revenge."

"If these things are unintentionally listened to, then they will be passed, and if they are intentional, then it will not be difficult to judge all of them by listening to them."

Chen Feng said: "I want to come, you are a caring person."

"I am indeed a caring person, and I have a lot of ideas for Elder Li Wanlong."

When talking about this, the fair-skinned youth had already sneered.

He looked at Chen Feng and said word by word: "I know, you want to know his whereabouts."

"No problem, I will tell you, even, I will not only tell you his whereabouts, I will go with you."

"While you kill him, spy on you and guard against the wind!"

Hearing what he said, Chen Feng raised his brows, and a look of surprise appeared in his expression.

Ever since he came to Zihuo Town, and since dealing with the Shadow Gang, the Shadow Gang members he saw were basically arrogant, cold and vicious, and murdered if they didn't say anything.

Moreover, extremely mad.

But it was the first time I saw someone who was calm and sensible like this young man.

Chen Feng did not answer his words, but looked at him and asked faintly: "I don't know what your name is?"

The white-skinned young man said, "My name is Jie Baifeng."

Then, he pointed to the woman next to him and said, "She is Tu Jiawen."

[Chapter 2739: resentment](#)

Chen Feng looked at him without saying a word, just staring at him with that kind of gaze.

After a long time, he smiled slightly and uttered three words gently: "Why?"

Xie Baifeng said softly: "The reason why I choose to help you is because I have hatred with Li Wanlong."

Chen Feng raised his eyebrows and said, "What hate?"

Xie Baifeng said slowly: "Then Li Wanlong, he has a concubine Ji, and this concubine Ji, who doesn't have a lot of skills, but relies on his power to dominate the gang."

"One time, I and my junior sister."

He looked at the woman next to him, and the two looked at each other, eyes full of tenderness.

Obviously, the two have an excellent relationship.

Xie Baifeng looked at Chen Feng, and then said: "My junior sister and I obtained a treasure during one mission."

"According to the rules of the gang, we are qualified to keep that treasure and don't have to turn it in."

"And my junior sister also likes the treasure very much. As a result, the woman also took a fancy to this treasure and asked for it directly."*nOveℓUs℔.cOm*

"My junior and I were unwilling to give in, so we quarreled with her at that time."

He clenched his fist and said in a cold voice: "Later, after he went back, he invited the old thing out."

"The old thing came over and didn't make sense at all. When he came up, he severely injured the two of us, and then expelled the treasure."

"Moreover, since then, I and my junior sister have always been sent to perform some very dangerous tasks, often dead for a lifetime."

"We have had enough of this life!"

He gritted his teeth and said: "I guess you want to kill Li Wanlong, so just take this opportunity to kill Li Wanlong. This is also my best chance."

Chen Feng looked at him and said lightly: "But you have to know, if you just revealed Li Wanlong's whereabouts to me just now, I won't say that, and no one will know."

"You can continue to stay in the Shadow Gang in the future, and without Li Wanlong in the future, you can stay in the Shadow Gang well."

"But if you help me kill Li Wanlong and inform me, then it is very likely that you are in the Shadow Gang and can't stay any longer, you must betray the Shadow Gang."

He touched his nose, looked at Jie Baifeng and said: "I don't think that grievance just now can make you pay such a big price."

Xie Baifeng looked at Chen Feng and said softly: "I know you must have a very big question in your heart. After all, the reason just now is a bit far-fetched to be my reason for betraying the Shadow Gang."

"Yes."

Chen Feng nodded and said, "You are a rare calm and steady person in the Shadow Gang, but a calm and calm person may also be a sinister and cruel person with a heart in the city!"

"For the reason you just gave, I think it's okay to betray Li Wanlong's position for that level of hatred."

"But, it's just enough for you to buy Li Wanlong's position. That reason, that hatred, hasn't said that it will make you betray the Shadow Gang, nor has it reached the level that you can help me kill him."

Xie Baifeng took a deep breath, looked at Chen Feng, and said word by word:

"The reason why I help you this way is because of more than just the reason."

There was a bit of hatred in his eyes.

Chen Feng did not speak, waiting for him to continue.

A look of nostalgia appeared in Xie Baifeng's eyes, and he whispered: "I entered the Shadow Gang 25 years ago."

"At the beginning, I shared a good brother in the Shadow Gang."

"The two of us were struggling in the selection of the Shadow Gang. That brother, with excellent talent and rapid progress in strength, so in a very short time, he rose and became a second-level elder, far surpassing me. ."

"It's just that, although he is much stronger than us, he is still the same as before, treating me like a brother."

"Even, he has the qualification to attack from the second elder to the first elder."

"At the time, Li Wanlong was not a first-level elder, but also a second-level elder. The two of them were fighting for the place of the last first-level elder."

There was a bitter hatred in his eyes: "My brother, honest and upright, never thought of any crooked means."

"But Li Wanlong is different. He first spread rumors and framed my brother, and then set a trap to use my brother to go out to kill the enemy and sell my brother to another family."

"Then, let the enemy calmly arrange and besieged my brother."

"And he is Shun Shun as the local elder."

He took a deep breath and said: "Many people in the help know about this, and he never shy away from it. He even said it several times. It was all he did."

A gritted expression on Xie Baifeng's face: "I want to avenge my brother!"

"Furthermore, I hate this Shadow Gang too, wishing to be ruined with the Shadow Gang!"

Chen Feng thoughtfully said, "Look, it's like this now."

"You help me find him unconditionally, and help me out, and I, after killing him, I don't need to pay anything."

"right?"

Xie Baifeng nodded.

Chen Feng raised his eyebrows and said, "In that case, I would have taken too much advantage."

Xie Baifeng said softly: "In fact, I still have one condition."

"What are the conditions?" Chen Feng said lightly: "I need two exercises of the ninth rank and above, and 20,000 dragon blood amethysts."

"In this way, I have the foundation to settle down and live, go outside to live, and also be able to escape the subsequent pursuit of the Shadow Gang."

Chen Feng raised his eyebrows and smiled and said, "I'm sorry, the information you provided me and the benefits you brought me to Li Wanlong are not enough to make me pay such a price."

Chen Feng looked at him and said lightly: "I sympathize with you very much and admire you."

"However, in business, if not for your leadership, I can also find Li Wanlong."

"I just need to try them."

As he said, he curled his lips at the people outside.

Then he said, "With or without you, there is actually no big difference."

"So, for me, what you propose and what you can do is actually optional."

"But you want me to provide you with at least two Heavenly Ninth-Rank exercises and 20,000 dragon blood amethysts. This is too loud!"

When Chen Feng spoke, his tone was indifferent, and he was not angry at all because of their lion's big opening.

When Jie Baifeng heard what Chen Feng said, he was not angry. He just smiled slightly, looked at Chen Feng, and said softly:

"I still have the most important bargaining chip here."

[Chapter 2740: The ultimate secret of the Purple Fire Marsh!](#)

After hearing these words, Chen Feng's heart suddenly thumped.

He suddenly realized what the bargaining chip meant by this man!

Chen Feng can already guess.

Xie Baifeng looked around instinctively, then leaned in front of Chen Feng, staring at him, and said word by word: "I know what the Shadow Gang is looking for."

"What is it?" Chen Feng asked immediately!

His breathing is a bit heavy.

Chen Feng didn't conceal his emotions, he didn't need to conceal it, he knew he wanted.

And he also knew that even if he showed the emotion he wanted very much, Jie Baifeng would definitely tell him.

Because the other party is a smart person and will not raise the price at this time.

Sure enough, Jie Baifeng did not conceal anything.

He just asked: "I don't know Master Chen Feng, do you know the ultimate secret of this Purple Fire Marsh?"

"The ultimate secret of Zihuo Marsh?" Chen Feng raised his brows, shook his head and said, "I don't know."

Lu Yutang didn't tell him at the time, it's possible that Lu Yutang didn't know it.

It is also possible that this is a great and extremely precious secret, so he will not say it.

Xie Baifeng smiled and said, "The ultimate secret of the Purple Fire Marsh is..."

He stretched out three fingers, rubbed them, and said softly: "A ray of mysterious fire!"

"A ray of profound fire?" Chen Feng's heart suddenly throbbed.

Xuanhuo!

In Chen Feng's heart, a sudden enlightenment suddenly became clear. There was a thud in his head, as if something had been exploded, and it suddenly became very clear.

A voice in his heart roared fiercely: "I know, I should guess it, it must be Profound Fire!"

"There must be a profound fire here. If it weren't for the profound fire at its core, why would this purple fire swamp become a purple fire swamp? Why are there so many flames? Why is it so terrifying? Everything can be refined! "

It's just that Chen Feng suddenly felt astonishment in his heart:

"If it is said that everything in this purple fire swamp was caused by that wisp of profound fire, how powerful is this profound fire? What terrifying power it possesses!"

"It's so strong that people can't believe it!"

He whispered to himself: "You know, the ordinary purple fire is almost not worse than the mysterious fire I used before."

"And these purple fires are just the threads of the profound fire in the deepest part of the purple fire swamp, they are definitely worse than the deepest fire in the purple fire swamp!"

"Calculated like this, the profound fire in the deepest part of the Purple Fire Marsh is much higher than my previous profound fire!"

When Chen Feng heard this, he almost got goose bumps.

He was so excited, so excited.

You must know that Xuan Huo is not only an extremely powerful weapon, but for Chen Feng, a pharmacist, he is even a decisive force that can determine his level of refining medicine and the level of refining medicine.

There is a world of difference between the existence of profound fire and the absence of profound fire!

There is a world of difference between a powerful profound fire and a weak one!

Xie Baifeng smiled and said, "With Master Chen's intelligence, I must have guessed it at this time."

"Now, the thing that the Shadow Gang is looking for points to the mysterious fire in the Purple Fire Marsh."

"Of course, it's not the body of the mysterious fire, but just a clue, but even this clue is enough to make the Shadow Gang pay any price."

"The Shadow Gang has been pursuing it secretly since receiving this news two months ago."

"A while ago, knowing that the clue appeared within a hundred miles of this area, it immediately began."

Chen Feng nodded, looked at him and said, "Jie Baifeng, what you said just now provides this clue. It is worth 20,000 Dragon Blood Amethyst plus two Heavenly Ninth Grade Kungfu martial arts."

Xie Baifeng smiled slightly and stretched out his hand.

Chen Feng also stretched out his hand and gave him a high-five: "Deal!"

The two didn't say any more nonsense, but everything was said without saying! *nOvElusB.cOM*

"What about the people outside?" Chen Feng asked at this time.

Xie Baifeng said lightly: "You don't have to worry about it, I will solve it."

With that, he walked out and talked to his few people.

Chen Feng looked coldly from a distance, and when he saw them talking, his expression was not nervous, obviously there was no conflict at all.

Then, the next moment, Jie Baifeng suddenly shakes his hand.

Suddenly, a white mist spread out, directly filling those people in it.

Then, the faces of those people showed shocked expressions.

In the next moment, the look of shock disappeared instantly, and all of them fell to the ground.

Xie Baifeng dragged them to a hidden hilly cave, and sealed the hole with stones outside.

Those stones obviously can't stop him at all, as long as they wake up they can break the door open.

Xie Baifeng looked at Chen Feng and said softly: "These medicines are enough to make them comatose for three hours. If they are three hours, it must be enough?"

Chen Feng smiled and said, "More than enough."

He looked up and understood Bai Feng again.

Xie Baifeng's handling of this is obviously the most appropriate, not only did not kill his own people, but also made them unable to leak the news.

"Let's go." Jie Bai Feng said.

Chen Feng nodded, and a group of four moved forward.

They did not deliberately conceal their whereabouts. Jie Baifeng obviously had a premeditated plan for this day. He remembered the positions of almost everyone clearly, and knew where there was a gap for them to walk through.

Soon, Chen Feng and the others reached the bottom of a mountain.

Above the mountain peak, there are rarely many flame pillars, only scattered purple flames quietly appearing inside.

On the top of the mountain, there is a very gorgeous tent.

The tent has a full radius of 100 meters, and will be occupied by the entire top of the mountain, but within a radius of tens of miles, there is no movement.

Looking at the tent, Jie Baifeng let out a sneer and said, "Li Wanlong is in the tent at this time."

The corners of his mouth curled, showing a sneer of disdain, and said: "At this time, he must be right with the concubines under him!"

"He can't do without a woman in his life, and he has to take it wherever he goes."

"Oh? Really?" Chen Feng smiled slightly: "You are just waiting here, I went up to kill him."

"Good." Jie Baifeng nodded.

Chen Feng and Ji Caixuan moved forward. He didn't worry about leaving Ji Caixuan here. What if they were tricked by Jie Baifeng and Tu Jiawen?

Soon, Chen Feng came to a place very close to the tent.

However, he didn't hear any movement. Obviously, this tent was also a space of its own.
