

## Peerless 2761

### [Chapter 2761: The tyrannical five elements fine gold body!](#)

With a snap, Chen Feng's spirit power was directly shattered, and the light on the five-element fine gold body shattered.

The shape of the remnant soul has disappeared, and all the totems and all the patterns on the surface of the five-element fine gold body are all lit up.

If Chen Feng hadn't known it, he wouldn't have thought that this beautiful-looking woman was actually made of fine gold.

She looked extremely cold.

But at this time, the hard lines on his face became softer.

The eyelids trembled twice, as if they were about to open, but they did not open.

Chen Feng knew that this was the most important moment.

With a soft drink, he directly incorporated the Nine Turns Resurrection Pill into the mouth of the five-element fine gold body.

As soon as this pill entered the mouth of the fine gold body of the five elements, it suddenly turned into a blue qi and charged straight into the body.

Above the five-element fine gold body, a strong breath immediately surged.

Chen Feng is very familiar with this kind of breath.

Because it is something called human breath.

The previous five elements fine gold body was very strong, it can be said to be quite strong, far beyond the present.

However, it is inhumane. At first glance, it is a dead thing.

It's not a living thing, it's useless no matter how powerful it is.

And now, if he closes his eyes to make Chen Feng feel, then he can feel that he is alone.

At the next moment, the five-element fine gold body slammed, and there was a soft noise in the mouth.

Then, his eyelids trembled and he opened his eyes slowly.

With a blank look, he looked at Chen Feng blankly.

Chen Feng held his breath and looked at her excitedly.

Chen Feng was so excited and so nervous that he trembled all over.

Even in the end, he was a little afraid to look at it.

Because he was afraid that he would fail and failed to save Ziyuan back!

Chen Feng finally couldn't hold it back. He looked at Chen Ziyuan and said with a trembling voice: "Ziyuan, it's me, do you recognize me?"

"Do you remember me?"

Chen Ziyuan looked at Chen Feng, and the confusion in her eyes finally faded slowly.

Then, there was a touch of shock in her eyes, then a touch of ecstasy, and a touch of disbelief.

Her lips trembled twice, and she made an extremely powerful and cold voice: "Brother Chen Feng, is it you? It is really you?"

Although the voice tone is cold and full of metal, the content of the words is extremely gentle.

As soon as Chen Feng heard her uttering the three words Big Brother Chen, he was immediately excited and could not help himself.

He knew that Ziyuan must have recovered.

Otherwise, he would not call these three words.

He immediately hugged Chen Ziyuan into his arms with great excitement and shouted: "Ziyuan, are you awake? Are you recovering? Are you completely back to normal?"

"Great! Great!" Chen Feng exulted!

And Chen Ziyuan was extremely happy at this time.

Her voice trembled and said, "Brother Chen Feng, where am I? I'm not dreaming, am I?"

Chen Feng hurriedly said: "Not dreaming, not dreaming, you really come back to life, you really recovered!"

Chen Ziyuan murmured: "I remember that I felt your danger at the time, and then cast that powerful spell, and the jade and the stone were burned."

"Then I felt like it was dark in front of me and I couldn't see anything."

"I myself, as if sinking into the deepest and most taboo darkness, until now, I have no thoughts, no ideas, I don't know if I exist, I don't know if I am dead or alive!"

"Then, I suddenly saw the light, suddenly it seemed to be pulled up, and suddenly I woke up."

"Brother Chen, you saved me?"

Chen Feng nodded: "It's me, it's me!"

"Brother Chen, great, I finally see you again!"

Chen Ziyuan hugged Chen Feng, feeling extremely sad.

Chen Feng gently patted her back, and softly comforted: "It's okay, it's okay, don't cry."

She knows Chen Ziyuan's grievance and her pain.

It's no wonder that a little girl can't stand the despair and pain of death for so long.

The thought of her willingness to die for herself and the grace of the beauty made Chen Feng feel even more grateful.

Chen Ziyuan cried and wanted to cry.

However, when she wanted to shed tears, she found that she had no tears to shed.

She was shocked to the extreme, and the next moment he realized a more serious problem.

She immediately quaked and shouted: "Why? How could my voice become like this? This is not my voice at all?"

"Also, I just wanted to cry, why can't I cry?"

She suddenly pushed Chen Feng away and stretched out her hands.

She saw her hands.

Her hands are slender, long and straight, with countless patterns lingering on them, and there is a powerful and incomparable power flowing in these patterns.

One by one, runes multiply from above and then disappear, full of powerful power.

The texture of fine gold makes it look extremely cold.

However, the only thing missing is: the feeling like a human body.

Chen Ziyuan panicked and shouted: "What's going on? What's wrong with me?"

Chen Feng was silent.

He stood up, waved his hand, and a water mirror condensed and appeared in front of Chen Ziyuan.

Chen Ziyuan immediately saw herself in the crystal.

She yelled in horror: "What's going on? Chen Feng, what's wrong with me? Am I still me? Am I still me?"

Chen Feng pressed her shoulder.

Chen Ziyuan was still struggling hard, and Chen Feng felt that in her body, there was an extremely powerful force.

That power made myself feel a little uncontrollable.

Chen Feng was startled: "Ziyuan's level has not even reached the Martial Emperor Realm, and I have already reached the strength of nearly nine-star Martial Emperor."

"However, I was a little bit unable to hold her back. It can be seen how powerful the five-element fine gold body is. This is completely the power of the five-element fine gold body essence itself.

Chen Feng finally held down Chen Ziyuan.

He looked at Chen Ziyuan's eyes and said word by word: "What? Do you believe me?"

Chen Ziyuan touched his eyes, and the panic began to calm down.

The mania in his eyes finally became quiet.

He looked at Chen Feng and said softly: "Brother Chen, I believe you."

Chen Feng looked at her and said word by word: "Now, let me tell you what happened."

Then, Chen Feng took her into his arms and said softly, "Even though you died that day, you still have a ray of remnant soul."

"Senior Liu Chengyi, put it into this white jade bottle."

[Chapter 2762: Extreme danger is coming!](#)

"Later, after I went back, Senior Liu told me about this."

"I was distraught, but there was nothing I could do, so I had to take this white jade bottle with me."

"On that day, I made the ambition that no matter what you have gone through, no matter what kind of hardship you encounter, I will save you!"

A touch of emotion flashed in Chen Ziyuan's eyes.

Chen Feng continued: "Later, I experienced a lot of things."

Chen Feng talked and talked about all the things he had experienced.

Then, finally speaking of the present, he will discover this place, and then said the process of integrating the remnant soul.

He looked at Chen Ziyuan and said, "Ziyuan, I know, you may not like this body very much."

"But really, this is the best I can do now."

"And this body, you may not be able to feel it, she is extremely powerful, and it contains incomparable strength."

"When it comes to talent, the speed of cultivation, and your own strength, I don't know how many times stronger than your original body!"

Chen Feng looked at Chen Ziyuan with sincere eyes: "Ziyuan, you have to remember one thing, I will never harm you."

Chen Ziyuan nodded heavily: "Of course I know, Brother Chen, how could you harm me?"

At this time, she had completely calmed down.

She closed her eyes and felt it carefully, then suddenly clenched her fist.

Suddenly, above her fist, so some of the five-color stripes changed from dim to extremely radiant, and runes appeared and disappeared instantly as if they were crazy.

Then, he shot out with a punch.

Suddenly, in the air, there was an extremely powerful burst of air.

A series of boxing shadows suddenly appeared.

Chen Feng raised his eyebrows, and this fist had the power of a five-star martial emperor.

For herself, it is certainly not worth mentioning, but for Chen Ziyuan, this is definitely a huge breakthrough.

Chen Feng waved his hand to extinguish the offensive.

Chen Ziyuan was not upset at all, on the contrary, she was extremely happy.

Looking at Chen Feng, she yelled happily: "Brother Chen, the punch I just hit is a Heavenly Grade 5 technique."

"After the master taught it to me, I practiced for more than a year but didn't learn it, and I didn't even get any fur."

"And now, I can use it all at once, and it feels even stronger than the master's type."

Chen Feng smiled and said, "What are you? You are because your martial skill level is too low, so a punch is the only power."

"If you are cultivating a martial art of the ninth rank or even higher level, with your current talent, not only will you cultivate very quickly, but after you use it, your power can increase by 30% compared to the original."

"Because your body is so powerful!"

Chen Ziyuan nodded vigorously. At this time, the trace of sadness on her face had disappeared a lot.

Chen Feng smiled and said, "What? Isn't it sad now?"

Chen Ziyuan curled her lips: "What's the use of being sad now? I don't have any body in the past. Now it's the best ending to be able to get such a powerful body."

"Without this body, my remnant soul still doesn't know how long it will be annihilated."

"I'm very content, thank you Brother Chen."

He hugged Chen Feng's arm and said.

Chen Feng smiled and said, "You saved my life that day, what am I doing for you?"

Then, Chen Feng took her out and introduced Zihuo True Spirit and Ji Caixuan to him.

I heard that the true spirit of Zihuo brought Chen Feng here, and Chen Ziyuan was very grateful to true spirit of Zihuo.

As for Ji Caixuan, she did not feel hostile.

She has always known that there are many confidantes around Brother Chen Feng, if she is to be jealous, then I am afraid that she will not finish it in this life!

Everyone stayed here for another whole day, and Chen Feng told Chen Ziyuan all the things that happened during this time.

A day later, everyone just left here.

At this time, Chen Ziyuan was already wearing a black cloak outside.

There is no way, because at this time, although she can be said to be beautiful in appearance, she has a unique texture of cold and fine gold, which is thousands of miles away.

Moreover, she has no hair, and her face also has the totem pattern of the five elements and five colors.

Although it will look quite dim when it is not exerted, it can be seen by a discerning person at a glance.

If it is seen by others, it will only increase trouble.

Therefore, she simply put on a black cloak to cover her face and figure.

Chen Feng asked, "Ziyuan, where do you want to go next?"

The confusion in Chen Ziyuan's eyes at this time has disappeared.

She looked at Chen Feng and said: "Brother Chen, I want to go back to Tianyuan Dynasty first, see my master, see them, and then I will come back to find you."

"In the future, of course, wherever you go, I'll follow wherever you go!"

At this time, the sun was setting, the sky was full of sunrise, and the girl's smile was exceptionally dazzling.

Chen Feng nodded: "That's good, you know, Tianyuan Dynasty is no longer your stage."

"Your strength level is far beyond where, so just go back and have a look."

"But, come back to me as soon as possible."

Chen Ziyuan nodded.

Of course she will not leave now. Where can she go if she is unfamiliar with her place?

Chen Feng wants to take her to Chaoge Tianzi City, and then find a way to send her back.

The area where they are now is a little east of the entire Purple Fire Swamp, almost two hundred miles away from the periphery.

If the Purple Fire Swamp is divided into nine layers, their current position is about the third layer, which is already quite deep.

Before Chen Feng, he had never penetrated the Purple Fire Marsh so deeply, and there were dangers lurking around, with many powerful monsters and dangerous secret realms.

Chen Feng left here cautiously and walked forward.

However, fortunately, there is the existence of the Purple Fire True Spirit.

The true spirit of Zihuo has stayed here for so many years. It can be said that he is the number one ground snake in Zihuo Marsh, and he knows everything about it.

He took Chen Feng and the others around, and soon they were not far from the edge of the Purple Fire Marsh!

Here is a canyon.

Zihuo Zhenling pointed to the front and said, "Cross this gorge, and then there is a large plain."

"After that big plain is the edge of the Purple Fire Marsh, we can leave directly from there, without passing through the town."

Everyone nodded.

At this moment, suddenly, the two green calyxes on Zihuo True Spirit's head suddenly straightened.

The seventeen or eight filaments in his calyx are also sloppy, and they are straight like steel needles.

Extreme danger is coming!

#### [Chapter 2763: Dead end!](#)

His always grinning expression disappeared, replaced by a trace of solemnity.

At the same time, Chen Feng's body tightened suddenly. He clenched his fists, which was an instinctive reaction of his body.

Almost at the same time, an extremely dangerous feeling in Chen Feng's heart suddenly rose.

He was almost instinctive. He grabbed Ji Caixuan with one hand and Chen Ziyuan with the other, and his body retreated quickly.

In an instant, it was a few hundred meters away.

Only then did he have time to let out a loud roar: "Get out!"

Because Chen Feng's physical instinct was too fast, and the reaction speed was too fast.

After avoiding, there was no time to issue a warning.

And at the moment when Chen Feng and the others avoided, a huge beam of light fiercely bombarded the place where they stood just now.

With a loud bang, a huge hole was punched directly above the ground, reaching ten meters in diameter and not bottoming out.

That beam of light seemed to extinguish everything here.

Seeing such power, Chen Feng couldn't help feeling lingering: "If we were hit just now, Ji Caixuan would definitely die."

"And I, and Ziyuan, will also be seriously injured."

Chen Feng looked forward, his eyes cold.

He said in a cold voice: "Who is the man who doesn't do secret things, where do I get out of here!"

A burst of wild laughter sounded.

This laughter is extremely heroic.

Then, on both sides of the canyon, on the cliff, six or seven figures appeared together, falling not far in front of Chen Feng.

The leader is a big brocade man.

This golden-robed man was two meters tall, with wide shoulders and long legs. He was extremely magnificent, and he was bulging in the golden robe.

His face is full of beards, and his blond hair is hunting and fluttering, looking extremely domineering!

And beside him, there were seven people standing.

Everyone wore a purple robe of the same color.

They are different in height, short, fat and thin, but each strength is quite tyrannical, reaching the level of the Nine-Star Martial Emperor.

The strongest is undoubtedly the golden-robed man.

Chen Feng felt that he could not see his strength a little bit.

After Chen Feng took a closer look, his pupils suddenly shrank.

It turned out that these people, everyone's gowns, no matter what color or style, but one thing is the same!

, There are shadows of shadows on it.

Layers of shadows are layered on top of each other, seeming to be endless, which is the sign of the Shadow Gang.

The big man in Jinpao sneered when he saw Chen Fengfeng's reaction, boy, you must have guessed our identity by now!

Chen Feng looked at them and said lightly, "Are you from the Shadow Gang?"

"Yes, they are from the Shadow Gang."

The golden robe man laughed wildly: "I am the shadow gang leader."

He turned around and pointed to the seven people behind him, and laughed: "And the seven people behind me are all first-level elders of the Shadow Gang, and all of them are powerful nine-star martial emperors."

"As for me!"

He was full of arrogance, and his momentum rose to the sky: "I have reached the middle stage of the Nine Star Martial Emperor, and my strength is far beyond your imagination. It is easy to kill you!"

He pointed to Chen Feng and laughed wildly: "Boy, today next year will be your anniversary!"

As he said, he slowly pushed towards Chen Feng, with a cold smile on his face.

And beside him, the seven first-level elders also outflanked Chen Feng!

Although the shadow gang master kept saying that Chen Feng was not in his eyes at all, he acted very cautiously.

The lion fights the rabbit, and does its best!

He immediately used all the manpower, apparently he wanted to directly kill Chen Feng.

The atmosphere is getting tense and tense.

Seeing, Chen Feng was about to be killed by them together.

Chen Feng's eyes were awe-inspiring.

"The shadow gang leader is a mid-stage master of the Nine Star Martial Emperor."

"The other seven people are in the early stage of the Nine Star Martial Emperor. They shot together. I am not an opponent at all and I will be killed directly!"

"And even if they don't make a move together, if only the Shadow Gang helps the master make a move, I can only support ten moves."

"Today will be my biggest crisis recently!"

This is a dead end!

Chen Feng stared at them with awe-inspiring eyes, spinning rapidly in his mind, thinking of a way!

At this moment, suddenly, a figure appeared from the diagonal thorn beside him, it was the true spirit of Zihuo.

Zihuo Zhenling came fiercely, and it was aimed at Chen Feng!

It turned out that Chen Feng didn't have time to grab him at the time of the blow just now.  
*now.nOvelUSb.com*

However, the Zihuo True Spirit survived after all, and I don't know how old he was, and he avoided it, but it was unavoidable that he would be very ashamed.

He turned around, stared at Chen Feng, and said angrily: "Why didn't you save me just now?"

Before Zihuo True Spirit intervened, the atmosphere here was so tense that it was almost stagnant.

And being ridiculed by Zihuo Zhenling so much, the shadow gang leader and the first-level elders were all stunned.

Chen Feng's pupils shrank and his eyes flashed: "It's now! This is the best time to escape!"

The next moment, Chen Feng screamed.

Floating Light and Glimpse Technique is activated!

With a brush, nine Chen Feng appeared together.

And these nine Chen Feng, each of them fled out crazy, very fast.

He directly left Ji Caixuan and Chen Ziyuan there. It seemed that he didn't want to control Ji Caixuan and Chen Ziyuan at all, but wanted to escape by himself.

Chen Feng's reaction directly stunned the Shadow Gang.

Then, the shadow gang leader reacted.

He sneered with disdain: "Boy, play this in front of me? Can you afford it?"

"What strength am I? I can easily tell which is your clone and which is your ontology?"

As he spoke, he noticed it carefully, but his brows gradually tightened.

After he noticed it carefully, his face immediately stagnated.

The arrogant disdain on the face just now disappeared, replaced by a shock.

He said in his heart: "This kid really has some tricks, and he still has such martial skills."

"None of his nine clones, I can tell whether they are true or not, they all feel true to me."

He felt that he had no face, and he let out a violent roar: "What are you \*\*\*\* doing? Hurry up!"

The first-level elders below him were waiting for him to make a judgment, but they didn't expect that they were waiting for such a sentence.

Everyone was slanderous: "We are all waiting for you to make a judgment. As a result, you can't make the judgment, so you have to cast your breath on us."

However, of course they dared not say such a thing, yelled one after another, and rushed towards the nine clones.

#### [Chapter 2764: You were fooled!](#)

Here, in addition to the shadow gang leader, there are also seven first-level elders.

There were a total of eight people, and the Shadow Gang leader himself found a clone and rushed over.

There are a total of eight of them, and one is missing, and the shadow gang leader has been staring at the missing clone, trying to judge which one is true.

Almost at the same time that Chen Feng had just performed the Floating Light and Glancing Shadows technique, the true spirit of Zi Huo also swished, turning into a red and green light and flying away rapidly.

It turned out that he came to blame Chen Feng just now, because he was cooperating with Chen Feng to act in a scene, deliberately disrupting the other party, so that the other party was stunned for a while.

Just this time when they were stunned, it was an opportunity for them to escape.

He and Chen Feng didn't say anything in advance, but the two already had an extremely tacit cooperation!

At this time, nine Chen Feng fled for their lives, and eight of them were watched by the Shadow Gang. Only one is left.

Chen Ziyuan and Ji Caixuan were left in the same place without any care.

The Shadow Gang did not care about them, nor did Chen Feng care about them.

Because the people of the Shadow Gang knew very well, as long as they caught Chen Feng, they would win.

If you can't catch Chen Feng, don't mention everything.

And Ji Caixuan and Chen Ziyuan seem to be abandoned.

However, neither of them had any panic or sadness.

Because they knew that Chen Feng couldn't leave them alone.

And at this moment, the only clone of Chen Feng who was not stared at, flew back suddenly and grabbed Ji Caixuan and Chen Ziyuan.

The shadow gang lord laughed wildly: "Boy, I caught you!"

"I know, there must be a clone that is your ontology, haha, now your ontology will save them two, right?"

As he said, his figure flashed, and he directly killed that Chen Feng.

And that Chen Feng also shouted wildly and killed him.

When the shadow gang leader saw his expression, he was even more determined: "Hahaha, boy, I guessed it!"

"I'm so furious that I'm angry? Isn't it?"

He also concluded that this is definitely Chen Feng's ontology.

So, once again killed towards Chen Feng.

But after the two sides fought to a group, he was suddenly surprised.

It turned out that Chen Feng's strength was completely beyond his imagination.

It is not beyond imagination, but beyond imagination.

After his two fists hit this Chen Feng fiercely, they actually smashed it directly.

After being crushed, Chen Feng did not bleed.

This Chen Feng's body disappeared directly.

He screamed: "I was fooled!"

At the same time, at the moment when he hit this Chen Feng, he originally stared at that Chen Feng, but directly rushed towards Ji Caixuan and Chen Ziyuan.

It turns out that this Chen Feng is the real Chen Feng!

Chen Feng laughed, grabbing Ji Caixuan and Chen Ziyuan and flew away.

In a blink of an eye, it was a distance of several kilometers.

His Jinpeng suddenly launched suddenly and turned into a golden winged roc.

It flickered outward like a golden light.

At the same time, Chen Feng turned around, looked at the shadow gang leader, and laughed: "How does it feel to be tricked?"

The Shadow Gang's face was extremely ugly, and instantly flushed.

He was extremely embarrassed, his face was fiery, as if he was being caught by his hair and slapped a dozen or so slaps.

And the fact is exactly the same.

He just said so arrogantly that today is Chen Feng's memorial day, and he just said he would kill Chen Feng easily.

In an instant, Chen Feng escaped.

Moreover, in a posture that is almost played!

Surrounded by the eight of them, Chen Feng suddenly entered and exited, calmly and calmly, playing with them one after another, so that they didn't even scratch the corner of their clothes, and then fled directly.

The shadow gang leader, how can he tolerate this tone?

He yelled frantically: "Boy, today the old man is paying a great price, and I will kill you!"

He madly pursued Chen Feng.

But Chen Feng's Jinpeng Longitudinal Secret Art is extremely fast, but it can travel 10 million miles a day, how can he catch up?

Chen Feng's martial skills are far superior to them!

He chased for a while, but found that he was chasing farther and farther.

Suddenly, a flash of shock flashed in my heart, and at the same time a trace of fear emerged faintly: "No, this kid, absolutely can't keep him."

"His martial skill level is too high, and the speed of his strength development is too fast."

"When I first came to Zihuo Town, I was an ordinary warrior, but now he has grown enough to kill the first-level elder."

"If you don't leave him, I'm afraid my entire Shadow Gang will suffer."

So he let out a crazy roar.

Suddenly, he shakes his arms.

At his pubic area, a violent light flashed.

This violent light is dark and black throughout, like the starry sky of the universe, extremely deep.

However, in this dark black, there are shadows of light and shadows. Constantly passing through it at a very fast speed.

It's like some kind of extremely magical monster, as if these lights and shadows are a special kind of life existence.

And suddenly, these lights and shadows condensed on the sky.

With a bang, he rushed into the body of the shadow gang leader.

Then the next moment, he rushed into the golden robe fiercely from his body.

Suddenly, the golden robe shone brightly.

In the end, all the light penetrated into a certain shadow on the robe.

On the robes, there are a total of four shadows.

At this moment, the outermost shadow was shining brightly.

The shadow turned out to fly out of the robe, trembling all over, and then came to the front of the shadow gang leader.

Then, it kept getting bigger, and soon turned into a huge shadow with a diameter of two meters, in front of the shadow gang leader.

In the air, like a door.

At the same time, a shadow appeared thousands of miles away.

The distance of this shadow was hundreds of miles away from the shadow in front of the shadow gang leader, and it was still in front of Chen Feng.

When Chen Feng saw this scene, a bad feeling suddenly surged in his heart.

The next moment, the shadow gang master showed a weird smile, and stepped into the shadow in front of him.

The shadow, like a channel, swallowed him instantly.

In the next moment, the shadow hundreds of miles away sent out a violent wave.

Then, with a bang, it exploded directly.

The shadow gang master slowly stepped out.

He looked at Chen Feng and laughed triumphantly: "Hahahaha, boy, didn't you think about it?"

#### [Chapter 2765: Magical Robe of Shadow!](#)

"I still have this trick!"

"I am now directly in front of you, I see how you run!"

Chen Feng's pupils shrank sharply.

With a distance of hundreds of miles, it took quite a long time for the Shadow Gang to come over.

And now, he actually stepped through it in one step, and it took less than a hundredth of an instant to step out.

"What powerful martial skill is this!" Chen Feng was shocked!

This trick is too strong!

While the shadow gang leader was proud at this time, the corners of his mouth were still twitching, and his heart was very painful.

It turned out that the golden robe he wore was really a treasure.

The name is the Shadow Robe, and the level is incalculable, but among the soldiers of the emperor, it is absolutely extremely high.

Even if it is placed in Chaoge Tianzi City, it can be regarded as an upper-middle treasure, but it is the robes passed down by the shadow gang masters in the past.

The shadows on the above were not embroidered at all, but the shadows that actually existed in the void, were branded on it.

This shadow robe was made by the first generation of shadow gang leaders.

The first generation shadow gang leader is a powerful casting division. The alchemist was also a strong one above the Dragon Vein Continent, with a reputation.

Both he and the Nine-Rank family have had contacts with each other.

Before he died, he solidified his strength and tried his best to make this shadow robe.

On this shadow robe, a total of nine shadows were solidified.

And he left a unique mentality.

With this unique mind, you can control the shadow on the robe.

Each time it is used, the user's body can move five hundred miles instantly!

But correspondingly, if you want to move these five hundred miles, once you use it, you will consume one shadow above it.

And this shadow, after being consumed, cannot be replenished at all.

because. These disciples and grandchildren of his, none of the shadow gang leaders of the past generations has the same level of cultivation as his original strength!

Five hundred miles, it doesn't seem to be much, but when the battle is critical, it can almost be said to be a killer to turn the tide of the battle!

With this teleportation of five hundred miles, you can calmly come to the back of the enemy and outflank.

With this teleportation of five hundred miles, you can catch up with the escaped enemy and kill it.

And retreat ten thousand steps, even if it is not the enemy's opponent, with these five hundred li, he can escape the pursuit of others.

This shadow robe can almost give the user nine lives!

Of course, there are only four shadows left on the shadow magic weapon.

The previous five shadows were all consumed in the past tens of thousands of years, and now there are only four remaining.

For each of these phantoms, the shadow gang leader looked at his own life and cherished it extremely.

And now, because of Chen Fengfeng, he was forced to use one, which made him even more angry to the extreme, and hatred to the extreme.

He stared at Chen Feng with an extremely cold voice: "Boy, because of you, I lost one more phantom. This is killing me!"

"Only your life can make up for what I have consumed!"

"No, your life is not enough!"

His hand points to Chen Feng, Ji Caixuan, and Chen Ziyuan: "You three lives, the total is enough, and you have to add this little thing!"

With that said, he clicked on Zihuo True Spirit again!

Chen Feng was walking forward frantically just now, and suddenly he saw that the shadow gang leader, who had been far behind him, appeared in front of him at this time.

This also shocked his heart.

After listening to what the shadow gang leader said, he glanced at the shadow robe above him, and Chen Feng immediately moved in his heart.

He almost never forgets.

And just now, he remembered very clearly that there were four shadows on the shadow robe, but now there are only three left.

This shows that a shadow has been consumed just now, and when he thinks about the wonder of the world that just appeared, Chen Feng suddenly understood.

"It seems that he relied on the shadow on the shadow robe to open a passage in the void and catch up with me."

"However, he can only use it three more times! Only three chances are definitely enough for him to kill me!"

"After all, his strength is far better than mine!"

Chen Feng's heart was transferred.

At the same time, the shadow gang leader had already killed him fiercely.

Only this time, it was not Chen Feng that he attacked, but Ji Caixuan and Chen Ziyuan, who were both left and right.

With his strength, attacking Ji Caixuan and Chen Ziyuan at the same time was still more than enough.

Because he could see that Chen Feng valued these two people very much.

This is a person of love and justice!

Attacking the two of them is attacking his biggest weakness.

Sure enough, his choice was correct.

Facing his attack, Chen Feng was at a loss for a while.

His planned plan was broken, and he was a little flustered at this time.

However, the shadow gang leader had already killed him fiercely.

Chen Feng took a deep breath and said coldly, "Despicable!"

As soon as they loosened their hands, Ji Caixuan and Chen Ziyuan fell down quickly.

And Chen Feng screamed, and the power of the dragon descending Arhat surged wildly.

In his dantian, three thousand orange power of heaven and earth surged.

The immense power poured into his body, poured into his hands.

Then, Chen Feng folded his hands together, his hands were like a knife, cutting down frantically.

Chen Feng used the strongest move he could use now, the second move of the Buddha's Demon Sword.

This move formed a huge golden light knife directly in the sky, which was a thousand meters long, and fell fiercely towards the shadow gang leader.

This trick fell in the eyes of other first-level elders, and they all screamed: "This kid is so strong!"

"That's right, we can take it out by anyone alone, I'm afraid it is not his opponent, and only the helper can completely crush him."

Facing this palm, the shadow gang leader just smiled coldly.

He also stepped forward, roared, and punched out.

This punch was flat and straight, and seemed to have no twists and turns, and it was not deep, but it was just such a punch, it seemed to be able to break the world.

After the punch was blasted, it slammed into the huge sword qi, and directly smashed the sword qi with a bang.

The Shadow Gang lord leaned back slightly and let out a muffled snort.

But he did not stop and continued to move forward.

This punch came in front of Chen Feng again and bumped into Chen Feng's hands.

With a loud bang, Chen Feng's body flew back several tens of meters, a mouthful of blood spurted out, his face was pale, his expression was dazed, and he was already seriously injured.

The shadow gang leader just had blood spilling from the corner of his mouth.

[Chapter 2766: Chen Ziyuan's trump card!](#)

The two of them, one severely injured and the other slightly injured, were sentenced to each other!

The shadow gang leader was extremely proud, haha laughed wildly: "Boy, come again!"

As he said, they rushed forward frantically, and the two of them tried hard again.

This time, his heavy fist was directly branded on Chen Feng's arms.

The bones of Chen Feng's arms shook violently, and there was a crisp sound, which broke into pieces.

On his arms, his skin was cracked and blood shot.

The next moment, the fist of the Shadow Gang leader was printed on Chen Feng's chest again.

With a wow, Chen Feng spouted out a mouthful of blood, which was even mixed with internal organs.

The chest collapsed directly, the tendons broke and fractured, and the whole person was like a blood man!

The shadow gang leader laughed wildly: "Chen Feng, it seems that I don't need to use my third trick to kill you."

Chen Feng's eyes shrank sharply, and his heart was shocked.

"His strength is far better than mine. It is not something I can resist now."

"With only two moves, I have already been beaten to internal organs damage, if there is another move, I will be beaten into a near-death state, or even be killed directly!"

But Chen Feng didn't feel any panic. On the contrary, he was thinking about strategy.

So the next moment, above Chen Feng's body, light bloomed, and his figure flickered rapidly.

In an instant. It turned into nine Chen Feng, and then went everywhere.

And seeing this scene, the shadow gang leader laughed, he didn't do anything at all, and went directly to Ji Caixuan and Chen Ziyuan.

He didn't attack Ji Caixuan and Chen Ziyuan, just waiting there.

Seeing this scene, Chen Feng felt cold and hated.

The shadow gang leader laughed: "Boy, I've seen your tricks a long time ago."

He knew very well that with Chen Feng holding the two of them in both hands, there was no way to perform the Floating Light and Glimpse Technique, and he would return to grab them after all.

Therefore, she is here to wait for Chen Feng.

Because he knew that Chen Feng would definitely come back to arrest Chen Ziyuan and Ji Caixuan.

The shadow gang leader stood beside Ji Caixuan and Chen Ziyuan. Chen Feng knew that there was a trap, but he had to go.

Therefore, Chen Feng gritted his teeth and grabbed Ji Caixuan and Chen Ziyuan together with nine Chen Feng.

Seeing this scene, the shadow gang leader let out a triumphant laugh: "Boy, you are here after all."

"I'm afraid that you are scattered, but I'm not afraid of you being together, so what if you are together? I can kill you all with one move!"

As he spoke, his arms spread out, and then his palms began to slowly contract inward from a great angle.

In the end, his palms seemed to solidify a piece of the world, with infinite power, slowly squeezing in between.

It's like two big mountains begin to close in the middle!

And Chen Feng and Ji Caixuan and Chen Ziyuan are in the gap between these two mountains!

Chen Ziyuan and Ji Caixuan yelled sternly: "Chen Feng, leave us alone!"

"Master, go quickly, leave us alone, run away quickly!"

Both of them are extremely anxious.

There were tears in Ji Caixuan's eyes, and Chen Ziyuan, she was a body of fine gold, unable to shed tears, but in her eyes, the colorful rays of light shone with deep sadness.

Chen Feng laughed loudly: "What silly thing to say? In any case, I will not give up on you!"

"It's nothing more than death. If we die, let's die together. How can I abandon you and survive?"

With that, Chen Feng had already caught them.

At this time, the two big mountains had already pressed over and hit the three of them directly.

With a loud bang, Chen Feng flew out hundreds of meters, his whole body was broken, and there was almost no good meat.

And beside him, Ji Caixuan was also severely wounded and dying.

Both of them had pale faces and weak auras, and even now they didn't use the shadow helper to take the initiative, a first-level elder could kill them!

Chen Ziyuan also made many crisp noises all over the body.

Even the surface of the body is damaged!

However, her body was extremely strong, and her injuries were less severe than those of Chen Feng.

The shadow gang leader slowly approached and smiled proudly: "Chen Feng, are you convinced now? Do you know who is truly powerful now?"

"Now I know, am I able to kill you?"

He was extremely proud, and even more murderous.

Soon, when he came to Chen Feng, he would kill Chen Feng.

At this time, Chen Ziyuan's figure flashed and stood in front of Chen Feng!

Seeing this scene, the shadow gang leader was taken aback for a moment, and then sneered with disdain: "Little bitch, what are you doing? Do you want to stop me?"

"Do you think you can stop me? Huh?"

"But, even if you don't stop me, I will kill you. It's better to kill you now."

At this time, Chen Ziyuan took a deep breath.

The sad pain in his eyes suddenly disappeared, replaced by a hint of indifference.

He seemed to be feeling something, awakening something.

In an instant, there was a burst of colorful light from those eyes, like a phoenix haze, the light was extremely bright.

At this moment, she turned her head and looked at Chen Feng, her eyes full of nostalgia and deep sadness.

Chen Feng seemed to be aware of something and immediately shouted: "No, Ziyuan, no!"

However, it was too late.

Chen Ziyuan opened her hands as if embracing the world.

Colorful brilliance flashed out of her body.

At the beginning, the five-color rays of gold, wood, water, fire, and earth flickered separately, and in the end, it solidified into five-color rays.

Shaking frantically, splashing.

With a loud bang, the black cloak on the surface of her body exploded instantly, revealing her skin.

But at this time, she was not naked like when Chen Feng first discovered her, but was wearing a gorgeous silver armor.

However, it can be seen from her exposed skin that she is definitely not a human being.

Seeing this scene, the shadow gang leader was shocked and exclaimed: "What kind of monster is this?"

"Is this a humanoid monster condensed from the metal essence of the five elements? I have been in the Purple Fire Swamp for so many years, and I have never seen it!"

In the next moment, the look in his eyes turned into intense greed.

"Haha, I don't care what your background is, but I can feel it, your body is extremely powerful!"

"This is enough!"

He laughed wildly: "Next, I will take a good look at what you look like. Your body can't be used by me."

At this time, Chen Ziyuan slowly opened her mouth.

#### [Chapter 2767: One trick!](#)

There was a strong metallic voice in her voice, cold and indifferent: "Really? You have to do it!"

Then, in her arms, a huge five-color ball appeared.

The five-color ball of light swelled violently and became crazy. In an instant, it had become a full two meters in diameter, and it radiated extremely powerful, full of killing and blood.

This breath was crazily suppressed, and the eight or seven first-level elders who were rushing in the distance felt as if they were struck by lightning, vomiting blood.

Their faces were full of horror: "What kind of powerful offensive is this five-color ball of light? Even so far away, just being affected by the aftermath, can it hurt us?"

"It's incredible!"

And Chen Ziyuan's body began to weaken at an extremely fast speed.

Chen Feng opened his eyes to see her tight and smooth ivory skin, which quickly turned dull and even small wrinkles appeared on it.

Chen Feng saw that her beautiful face was getting older like a person.

Chen Feng's eyes were cracked: "Ziyuan, no, no!"

But when it comes to the second sentence, Chen Feng's voice is already low, because he knows that he has no ability to stop Chen Ziyuan at this time.

And the incomparable killing aura of the light ball made the shadow gang leader tremble heavily.

Facing this ball of light, a sense of fear and even despair suddenly rose in his heart:

"How come? This ball of light can be so powerful? I feel desperate when facing it? How come?"

He yelled frantically and drew closer, trying to interrupt Chen Ziyuan's offensive.

But it was too late. The next moment, Chen Ziyuan pushed her hands out.

The Five Elements Ball slammed outwards fiercely, and as soon as it left Chen Ziyuan's embrace, it suddenly became extremely swollen and huge.

Soon, when he came to the shadow gang leader, he had already become a giant several hundred meters long.

It contains incomparably powerful, power that destroys the world.

The shadow gang leader faced the incomparably powerful aura and the destructive power in that room, he didn't even dare to directly accept it.

This momentum is too powerful!

"Impossible, too powerful, how could it?"

But even in doubt, this is an unavoidable fact.

He can't stop the power inside!

So he backed up, he was panicked, his face showed a deep humiliation, he backed frantically, until the seven first-level elders were there.

He yelled frantically: "What are you doing in a daze? Don't you hurry up with Lao Tzu? Destroy it! Ah?"

The seven first-level elders woke up like a dream, and quickly started to work together.

All eight of them played their strongest moves, bombarding the ball of light.

With a loud bang, the five-color ball of light expanded sharply and broke directly.

The incomparable destructive force covered the nearby kilometer, and enveloped all eight of them.

All eight of them were hit hard, as if they were hit countless times in an instant, spurting blood, and there was not an inch of good meat on them.

Including the shadow gang leader, all eight people were beaten and seriously injured, and fell thousands of meters away.

One move is powerful, one is as good as this!

Only then did the huge five-color ball of light disappear.

At this time, Chen Ziyuan's figure also fell down quickly.

Chen Feng didn't care about the power of the five-color ball of light. He flickered crazily, trying his last bit of strength, and hugged Chen Ziyuan.

Chen Ziyuan closed her eyes tightly, her breath faint.

Chen Feng hugged her in his arms and turned back suddenly.

He stared at the Shadow Gang and sternly shouted: "If Ziyuan has a long and two shortcomings, I will definitely kill your Shadow Gang up and down!"

"Let you Shadow Gang be removed from the Dragon Vein Continent!"

As he said, he glanced at it with hatred, then turned around, Jin Peng Zongheng Jue activated, and left instantly.

But the shadow gang leader and others were seriously injured, and they were unable to stop them, so they could only let him leave!

The shadow gang leader looked at the back of Chen Feng and the others, and suddenly an ominous premonition surged in his heart, and the whole body was cold.

He felt that he seemed to have made a huge mistake today.

But then, he shook his head and threw the thought out of his mind.

He gritted his teeth and whispered to himself: "It's just a six-star martial emperor's kid, even if he has some weird martial skills and good strength, but what about it?"

"He still cannot be my opponent!"

He turned around, his expression gloomy, and screamed: "Go! Let's go back!"

I can't catch up, I can only go back dingy.

This is a floating stone mountain, which can be regarded as one of the numerous floating mountains near Chaoge Tianzi City.

But it is a pity that this rocky mountain is just over 200 meters high and only a hundred meters in diameter, so you can see it at a glance.

Moreover, this stone mountain is actually a veritable stone, with nothing but the big stone.

There is nothing valuable on it, and there are no monsters.

Moreover, its location is quite awkward, between Chaoge Tianzi City and Purple Fire Marsh.

But it was too close to Zihuo Marsh, too far from Chaoge Tianzi City, and although he was close to Zihuo Marsh, he didn't get to the level of Zihuo Town.

Therefore, there is no value, and it is directly abandoned.

At this moment, in this small valley among the stone mountains, several figures staggered to the ground.

After landing, they all fell to the ground and couldn't stand still.

It is Chen Feng several people.

With a flash, a blue and red light flashed over, it was the true spirit of Zihuo!

After Chen Feng landed, there was no time to check his injuries. He just put Chen Ziyuan in his arms on the ground and shouted: "Ziyuan, how are you? How are you? Are you injured, Ziyuan?"

Chen Feng yelled crazy. *NovelSb.com*

But Chen Ziyuan didn't move.

However, what slightly reassures Chen Feng that Chen Ziyuan has some breath in this fashion, and it has not completely disappeared.

Chen Feng suddenly looked at Zihuo True Spirit next to him, and said in a trembled voice: "Tell me, is she hurt?"

"You know everything, tell me, is she in danger?"

Zihuo Zhenling sighed softly and said, "I can answer you this question."

"Master, she is not life-threatening, but she has also suffered a lot."

What he said made Chen Feng a little relieved.

Zi Huo Zhenling said softly: "Master, what you need most now is calmness."

[Chapter 2768: Only three years left!](#)

"Yes, calm down! Calm down!"

Chen Feng took a deep breath and calmed down his manic, angry, and worried heart.

He closed his eyes and sat cross-legged.

After a long time, his eyes opened, and the panic and shock just disappeared without a trace.

In its place, there was an ancient well-like silence.

He looked at Zihuo Zhenling and said softly, "Thank you, if it wasn't for your reminder, I'm afraid I would still be flustered and helpless now."

"In that case, it's no good for anyone."

Then, he gently placed Chen Ziyuan on the ground.

Although he was very worried about Chen Ziyuan, Chen Feng knew that now he didn't even know where Chen Ziyuan was injured, and he couldn't treat her at all.

Moreover, Ji Caixuan's injuries were much more serious than her at this time.

Chen Feng asked Ji Caixuan to sit cross-legged and put it in front of him.

Ji Caixuan is also in a coma, but she is still muttering: "Master, run...Master!"

Chen Feng was deeply moved by the grace of the beauty.

He said softly: "Cai Xuan, don't worry, with me, neither of us will have an accident."

Then, he put his hands on Ji Caixuan's back.

In Chen Feng's dantian, four rounds of big sun suddenly shined brightly.

Then, the incomparable strength of the dragon descending Arhat directly gushed from Chen Feng's hands and poured into Ji Caixuan's body.

Although Chen Feng was extremely injured, the power of the dragon descending Arhat did not actually consume much, and the power still existed at this time.

This gentle and pure power poured into Ji Caixuan's body, and immediately followed the damaged limbs, bones and internal organs in Ji Caixuan's body to penetrate inside.

Along the way, wherever you go, remove all congestion and repair all wounds.

Above Chen Feng's head, there was steaming steam, white air rushing out.

And Ji Caixuan is also sweating heavily.

I don't know how long it took. Finally, Ji Caixuan gave a cry, opened her eyes and woke up.

With a wow, a mouthful of black blood spewed out.

After spitting out the blood, she suddenly felt that her body was a lot lighter!

The feeling of extreme pain in the body is also a lot easier, and the whole meridians are smooth and comfortable.

She sighed for a long time, feeling the gentle and powerful force still pouring into her body, then turned around and said: "Master, no, I feel I'm all right."

Chen Feng nodded and withdrew both hands.

Then, there was a wow again, and a mouthful of blood spewed out.

When he was seriously injured and was dying, he still used the power of the dragon descending Arhat in this way, which further aggravated the injury.

Ji Caixuan quickly turned around and said with a trembling voice, "Master, are you okay?"

"I'm fine."

Chen Feng sighed slightly. He knew that it was not too late and he could not stay here for long.

Although the people of the Shadow Gang did not catch up, it was really dangerous to be so close to them.

So he immediately sat cross-legged and began to recover from his injury!

It's just that he is so strong at this time, how can it be so easy to recover from a serious injury?

Sun rises and sunsets, and the stars move.

Chen Feng stayed here for three full days.

Three days later, Chen Feng suddenly opened his eyes, the light in his eyes was brilliant.

His face was still pale, but it was much better than before.

Moreover, his aura has recovered a bit.

Ji Caixuan hurried over and asked, "Master, are you okay? How much has your body recovered?"

Chen Feng sighed slightly, and a wry smile appeared at the corner of his mouth: "I have recovered 30% of my strength now."

In three days, it was Chen Feng's best effort to recover 30%, and it was still due to his power of descending the dragon.

If it's someone else, I'm afraid it's not bad to recover 3% in three days!

Chen Feng sighed lightly, still carrying a trace of strong blood, and said softly: "It seems that the remaining injuries will not be recovered until Chaohe Tianzi City."

And at this time, almost at the same time he woke up, Chen Ziyuan next to him trembled slightly.

Seeing this scene, Chen Feng's heart immediately trembled violently.

He looked at Chen Ziyuan and trembled: "Ziyuan, are you awake?"

In Chen Feng's expectant gaze, Chen Ziyuan's eyelids trembled, and then slowly opened her eyes.

"Brother Chen Feng, where am I?" After Chen Ziyuan opened her eyes, she looked at Chen Feng with a dazed look in her eyes.

Seeing the look in her eyes, Chen Feng felt unspeakably distressed.

And at this moment, Chen Ziyuan said, suddenly panicked: "Brother Chen Feng, run away, run away, leave me alone!"

Hearing these words, Chen Feng almost couldn't help his tears and fell straight down.

Obviously, Chen Ziyuan was still in a rather chaotic state at this time and had not awakened.

However, only in this way, what is displayed in this state is instinct.

Her instinct is to let herself escape.

Chen Feng held her in his arms and said with a trembling, "Ziyuan, don't worry, don't worry, we have already escaped and nothing will happen."

"Everyone is fine, no one is in danger."

"Really? That's great, that's great." Chen Ziyuan looked at Chen Feng and said repeatedly.

But finally, her sanity recovered, looking at Chen Feng, a complex and difficult look appeared in her eyes.

Chen Feng trembled and said, "Ziyuan, how do you feel?"

Chen Ziyuan shook her body, then stood up.

In the next moment, the broken parts on her body are automatically repaired, just like before.

Chen Feng shouted happily, "Ziyuan, are you safe and sound?"

Chen Ziyuan smiled and said, "Brother Chen Feng, don't worry, I'm fine."

However, there was a bit of sadness in her eyes.

At this moment, Zihuo True Spirit suddenly said: "Miss Chen Feng, I advise you to say anything, it's better to say it now."

"If you blindly conceal it, think about it, at the moment when you have to face it, can the master bear it?"

"Moreover, if you don't tell the master now, if you don't carry out medical treatment, then there will be no room for recovery."

When Zihuo Zhenling said this, Chen Ziyuan gave him a fierce look.

When Chen Feng heard this, he immediately panicked and shouted: "Ziyuan, what's wrong with you?"

"Don't hide from me, what's going on? You must tell me!"

Chen Ziyuan sighed slightly, looked at Chen Feng, and said softly, "I'm sorry, Brother Chen Feng, I didn't intentionally conceal you just now."

"It's just that I don't want to tell you about this to make you worry."

"If you don't say it, I am the real worry."

Chen Feng stared at her and said word by word: "If you have anything, you and I will face it together."

"Why, do you think your brother Chen Feng is unable to help you?"

Chen Ziyuan shook her head quickly and said, "Brother Chen Feng, I don't think so."

Chen Feng said softly: "Then tell me!"

Chen Ziyuan looked at Chen Feng and bit her lip.

Finally, she gritted her teeth, as if she had made some decision.

She whispered: "Brother Chen Feng, I really have no other damage, but that trick has exhausted my vitality!"

"I now....."

She said in a trembled word by word: "There are three years of positive life left."

## [Chapter 2769: Five Tigers of Montenegro! Siege!](#)

"What!" Chen Feng exclaimed.

He stood there blankly, his eyes were dull, trembling all over, his lips opened, as if he wanted to say something, but he didn't say anything.

He was almost shocked and never recovered!

In the next moment, Chen Feng tried to rush to the crown, and his anger was extreme!

He just helped Ziyuan see the hope of living, but the shadow gang leader left her with only three years of life.

Chen Feng hated him to the extreme.

He gritted his teeth and let out a frantic roar, blood and tears burst into his eyes: "Shadow gang leader, it's time to kill!"

"I must kill you, I must kill you, revenge for Ziyuan!"

"I must kill you!"

On the contrary, Chen Ziyuan seemed to have no troubles.

She looked at Chen Feng, smiled hard, pursed her lips, and said softly, "Brother Chen Feng, don't care too much."

"I was already dead, and the wisp of remnant soul was already silent, even without consciousness."

"Think about it now, that's terrible!"

"Because I can't even feel my existence, I don't even realize that I'm dead, because I don't have any consciousness anymore." *novelusb.com*

"And now, I am able to live, I can live for another three years, I can still see you, and see those relatives. In fact, to me, I am very content!"

Chen Feng looked at her and said in a deep voice, "Ziyuan, don't say these discouraging words."

He said word by word: "I want to tell you now, your brother Chen Feng, I will definitely find a way to save you!"

"Ziyuan, I will definitely be able to find a way to increase your lifespan from three years to more. You shouldn't die, you should be alive forever!"

"Understand?"

Chen Ziyuan smiled and said: "Okay, I believe Brother Chen Feng!"

Chen Ziyuan said softly: "Brother Chen Feng, don't be angry."

Chen Feng took a deep breath at this time and closed his eyes. Then when he opened his eyes, his eyes were full of lucidity.

He looked at Chen Ziyuan and said, "Ziyuan, I really shouldn't be angry. It's useless to be angry now."

"What I am thinking about now is how to help you."

Chen Feng turned many thoughts in his mind, and thought of many methods in a flash.

But soon, they were all rejected by him.

These methods have no effect on Chen Ziyuan's injury, and it is still beyond imagination.

However, Chen Feng didn't show the slightest expression on his face, instead he looked very calm.

He looked at Chen Ziyuan and said softly: "Don't worry, after I return to Chaoge Tianzi City, I will ask my mother, the elder of the Nei Zong in the Xuanyuan family, and everyone who might know. "

"At that time, I will be able to find a way to save you."

Chen Ziyuan looked at Chen Feng, nodded and said, "Brother Chen Feng, I believe you."

The eyes he looked at Chen Feng were extremely clear, extremely clear, without any distractions.

Just like when they first met Chen Feng in Tianyuan Imperial City, full of trust and attachment.

Chen Feng's heart felt as if he had been hit hard by a hammer. With a bang, he contracted violently, and his heartache suddenly became uncontrollable.

He whispered to himself: "Ziyuan, Ziyuan, don't worry, I will be able to save you!"

The group continued to set off, and soon they left this place, heading all the way towards Ge Tianzi City.

At this time, Chen Feng was seriously injured, and it was impossible to use all his strength to imprison Jin Peng Zong Jue.

So their speed also slowed down.

A few days later, he had only traveled millions of miles.

At this rate, it will take about ten more days to reach Chaoge Tianzi City.

The next day, at noon, Chen Feng turned into a golden-winged roc, holding Ji Caixuan and Chen Ziyuan in his arms and flying forward.

Zihuo Zhenling followed him.

And just as they were passing through a rocky area, suddenly, from behind a rocky rock, a powerful force surged in and hit Chen Feng's chest and abdomen.

Chen Feng had never expected that there would be a sneak attack here.

Moreover, after he was seriously injured, his reaction slowed down, and he was caught off guard and was hit directly in the chest and abdomen.

Chen Feng suddenly felt that an incomparable force came directly.

Suddenly, his chest and abdomen were painful, as if torn.

Chen Feng let out a cold snort and rolled dozens of times in the air, before he stood still, a mouthful of blood was already spit out.

He looked at the huge boulder in shock and anger, and said in a cold voice, "Which dog? How dare to attack?"

At this time, behind the huge stone, a proud and arrogant voice suddenly sounded:

"Hahahaha, I thought it was a great person! Isn't it just that?"

"It's easy for me to succeed in a sneak attack."

With that said, a person came around from behind the huge stone, but a thin man.

His eyes were cold, like a poisonous snake.

And then, hundreds of meters away from the right hand side, behind a big rock, a person also appeared.

This person is a burly man.

He looked at the skinny man, smiled, and then looked at Chen Feng, with a strong disdain and contempt in his eyes:

"Brother, you don't actually need to attack at all."

"Just this waste, just this little strength, we are facing the enemy, and you alone are enough to kill it."

"That's right." The thin man who he called the third brother sneered.

At this time, another person walked out from behind a boulder on the left.

He looked at Chen Feng and said with disdain: "It's just a six-star martial emperor level trash, and he was injured."

"Just such a person, is it worth our work together? According to me, you don't need anyone else or the third brother to take action. I can kill dozens of them by myself!"

At this time, another person flashed over from a distance, standing on the only vacancy.

Four people, four corners, surrounded Chen Feng and others.

Chen Feng was already surrounded, and the person who appeared last did not speak, but just looked at Chen Fengfeng with cold eyes.

His right hand, holding a small staff, tapped on the palm of his hand, with a rhythm that seemed like magic.

But after Chen Feng saw these people, his pupils shrank, and there was a clear look in his eyes.

He stared at the four of them, and said word by word: "Black Mountain Five Tigers, are you actually?"

"Hahaha, kid, I didn't expect that although you have not been here for a long time, you still have some knowledge!"

"Yes, it's us!"

The thin man said with a triumphant smile!

The tall and strong pure sun giant Lingwei roared wildly: "Boy, since you know we are the Five Black Tigers, now that we know our reputation, why don't you knelt down and beg us to give you a pleasure?"

[Chapter 2770: I fulfill you!](#)

"Fell into our hands, do you think you can still live?"

"Yes!"

The last person who came out sneered and said, "If you kneel down and beg for mercy now, you can die a little easier."

"If you still don't kneel, then we will let you know what life is better than death!"

"We are the Five Tigers of Montenegro. We don't have any other skills. We have the ability to torture and kill people, hahaha!"

As they said, the four of them looked at each other and all made a crazy laugh.

The laughter was very arrogant. They looked at Chen Feng with their eyes hanging, full of distrust.

They didn't put Chen Feng in their eyes at all, thinking that Chen Feng was already the meat on the chopping board in their eyes at this time, so they could pick it up.

Chen Feng looked at them, glanced at the corner of his mouth, and sketched a disdainful smile.

He shook his head and let out a chuckle: "These Black Mountain Five Tigers are indeed rare masters for ordinary people, and they are quite powerful."

"Even the general Nine Star Martial Emperor's early powerhouse, if they are killed by five of them, they will easily be killed."

"Because their cooperation is truly intimate and very tacit."

However, to Chen Feng now, they are nothing at all.

Now, with Chen Feng's strength, even if he only recovered 30%, it was very easy to kill them.

They don't even know how powerful Chen Feng is, they just have arrogance here.

In Chen Feng's eyes, it is simply ridiculous.

Chen Feng looked at them and said lightly: "Where is your boss? I remember you five tigers in Black Mountain, but there are not only four of them."

"What about the other one?"

The combined killing of the Black Mountain Five Tigers left a deep impression on Chen Feng, but when the four of them killed the Nine-Star Early Martial Emperor together, only four people did it.

The remaining one is onlookers all the way.

Now, he is the only one who has not appeared, but in Chen Feng's eyes, he is the most threatening one.

Therefore, Chen Feng is more concerned about where he is at this time.

Hearing Chen Feng's question, the thin man made a burst of laughter: "Boy, you still think you didn't die fast enough?"

"You still ask where is our boss? Hahaha, our boss, is it possible for people like you to meet?"

"There is no need for the boss to take action. The four of us can easily kill you."

The burly man sneered and said, "Yes, after all, you are just a waste of a six-star martial emperor!"

Chen Feng looked at them, his eyes were cold.

He has already played a heavy murderous intent.

Chen Feng would never let these people go easily.

However, Chen Feng wanted to figure out what was going on.

He said lightly: "Why did you come from? Why do you want to kill me?"

Chen Feng didn't believe that the four of them were trying to rob him. Chen Feng knew the temperament of the Black Mountain Five Tigers very clearly. They would only rob the masters of the Nine Star Wuhuang early stage.

Their strength would definitely not be considered by them.

"Boy, it turns out that you have a bit of self-knowledge, knowing that with your strength, it is not worthy of us to do it."

"I'm not afraid to tell you!"

The thin man pointed at Chen Feng, then pointed towards Ge Tianzi City, and said, "There, someone pays a high price for your life!"

"The price is really tempting, but we brothers are not tempted."

Chen Feng's eyes shrank instantly, and a icy color flashed in his eyes: "Someone wants my life? Who is it?"

"Who is it? I tell you."

The thin man smiled slightly and opened his mouth as if to say a name.

At this moment, he suddenly laughed: "Boy, do you really think I will tell you?"

"Hahaha, I won't tell you, I will let you die and be a vain ghost!"

"I made you die without knowing who killed me! Hahaha!"

He was extremely proud.

All those people laughed and looked at Chen Feng with a playful look.

Obviously, they were playing Chen Feng just now, and had no intention of telling him.

Chen Feng looked at them and smiled slightly: "Okay, very good."

"Everything you do now, you will have to pay a corresponding price for it later."

"Oh, boy, you're talking very cruel! You dare to threaten us?" The thin man looked at Chen Feng, shivered deliberately, shaking his whole body, and said loudly in an extremely exaggerated tone: " Oh, I'm so scared, I'm so scared!"

"You are so amazing, do you still want to kill me?"

The few people next to him also have a good expression.

The thin man smiled, suddenly his expression became extremely hideous, and he strode towards Chen Feng directly.

Then, came to Chen Feng.

He was only three feet apart from Chen Feng, so he pointed his finger at his head and screamed: "Boy, you come to kill, you come to hit me!"

"Just your \*\*\*\* strength? I let you bombard my head, you can't do any harm to me at all!"

"Even if you hit me, I just shake my head!"**NOvelusB.com**

"And me? If I hit you, you will be smashed by my punch, hahahaha!"

He pointed to his eyebrows and said, "Come on, hit!"

He was extremely arrogant, completely treating Chen Feng as nothing.

At this time, the killing intent in Chen Feng's eyes had already diffused to the extreme.

He suddenly laughed and said, "Okay, do you want to be beaten? Then I will fulfill you!"

With that, he punched out fiercely.

The thin man didn't put him in his eyes at all, and he didn't avoid it.

In his opinion, when this punch fell, he was completely unharmed, at best he just shook his head.

However, when Chen Feng's fist was very close to him, his face changed suddenly.

Because, Chen Feng's momentum rose wildly on his body.

Above that fist. Containing the most terrifying power, he felt that he sensed the power of destruction inside.

He suddenly realized that he would be killed directly by this punch.

There was an emotion called despair in his heart, and he screamed wildly: "How come? How come?"

"Impossible, you can't be so powerful!" He fisted frantically to resist, and at the same time retreated back.

Chen Feng laughed loudly: "Now that I know I'm great? It's too late!"

As he said, a fist went straight forward, and with a boom, it directly hit the thin man's resisting hands, and directly smashed his hands.

Then, with a bang, it was printed on the brow and forehead of the thin man.

The thin man trembled violently, his whole body was like a wave of water.
