

## Peerless 2831

### [Chapter 2831: Me Chen Feng! came back!](#)

The voice is absolutely incomparable, as if he said this sentence, the lives of the two people immediately ended.

And the fact is exactly that!

When Chen Feng said these words, his figure flashed and he came directly in front of the two of them!

The two of them were still full of disdain, but at this moment, their expressions changed suddenly!

Because they found that Chen Feng was too fast!

The two of them reacted in a hurry, but their speed and their reaction couldn't keep up with Chen Feng.

In an instant, Chen Feng came to them, and when he stretched out his hand, he pinched the necks of the two of them and lifted them up.

There was a look of extreme fear in their eyes, staring at Chen Feng.

The leader struggled to squeeze out a sentence: "You are so strong?"

Chen Feng suddenly laughed: "Keep your dog eyes open and see clearly, who am I!"

"Look clearly, who am I!"

A ray of light flashed in their minds for the two of them, suddenly remembering what those strong men in the help had said, and remembering the rumors about that person.

The two exclaimed in unison: "Are you Chen Feng? You turned out to be Chen Feng?"

Chen Feng laughed loudly: "Yes, it's me, I'm Chen Feng!"

As soon as these words were spoken, the faces of the two people immediately became ashes.

They immediately realized that if they were over today, they would definitely die!

It is impossible for his own strength to be Chen Feng's opponent.

Chen Feng was extremely powerful, and Chen Feng even dared to offend the senior members of the Shadow Gang, and it was impossible for them to forgive the Shadow Gang because of fear.

Therefore, they have only one dead end today.

Chen Feng smiled and said: "You two know who I am, now go to death, I think you should feel at ease too!"

They still want to say something, but Chen Feng will not give them this opportunity anymore.

The next moment, in the palms of Chen Feng's palms, palm strength burst out and poured directly into their bodies.

There was a crisp sound, their bones were directly shaken to powder, and their internal organs were also shattered.

They let out a scream, then the scream stopped abruptly.

They were already directly killed by Chen Feng.

Chen Feng threw down the two corpses in his hands like tattered ones, and then looked at the thin young man.

At this moment, the thin young man was already trembling with fright, standing still, his face pale, his eyes full of fear.

Seeing Chen Feng looking at him, he was even more frightened. He just sat down there, unable to even stand up.

Chen Feng looked at him and said lightly: "I think what you said just now means that you still have a conscience, so you won't kill you."

"You, go back and report!"

After all, he shot out with a light palm.

The thin young man was desperate, thinking he was going to be killed by Chen Feng.

Unexpectedly, he only felt a soft and huge force, pushing him far away hundreds of meters.

This shadow gang just came back to his senses at this time, and only then realized that the words he said just now for Chen Feng saved his life!

He ran back hurriedly.

At this time, the fighting here has already attracted the attention of many people.

Many members of the Shadow Gang looked towards this side, but no one came over.

They all heard the two words Chen Feng, they all knew Chen Feng's name, and they all knew that this young man was Chen Feng.

They looked at Chen Feng's eyes, filled with fear and a trace of awe.

No one dared to provoke Chen Feng.

Chen Feng glanced at them with disdain, his eyes full of contempt!

Chen Feng suddenly raised his head and laughed loudly: "Go back and tell them, I'm Chen Feng, I'm back!"

"I'm Chen Feng! I'm back!"

"I'm Chen Feng! I'm back!"

Chen Feng's voice echoed over the entire Purple Fire Marsh, covering the Purple Fire Town in the distance.

In Zihuo Town, everyone heard this voice clearly.

At this moment, I don't know how many people suddenly stood up straight, looking in the direction of the sound, and their eyes were full of shock!

In the center of Zihuo Town, that is a huge and luxurious palace.

This extremely luxurious huge house is where the Shadow Gang is located.

The Shadow Gang occupies the best part of the entire Purple Fire Town, has the strongest power, and dominates the most resources here. The entire house is full of towering palaces and gorgeous gardens.

In this remote Zihuo Town, if you want to have these things, it needs a lot of dragon blood amethyst to be piled out.

They even opened up a garden inside, with small bridges and flowing water, which is extremely delicate.

You know, Zihuo Town is just a big rock, it's just a \*\*\*\*\* rock.

Let alone the source of water above, not even a drop of water can be seen, but he can open up a garden here!

This shows how strong the financial resources of the Shadow Gang are.

At the center of this huge disaster is a hall.

The size of the hall is not very large, but it is very delicately set up. The whole shape looks like the shadow in the illusion, like the shadows of countless shadows condensed together.

At first glance, there is a creepy feeling. It seems that in the void, there are countless shadows killing themselves, full of horrible murderous intent.

People can't help but feel pounding.

And the whole hall condensed by these shadows looked like a huge tiger head.

Among the ingenuity, there is also a strong domineering!

At this time, in this hall, the shadow gang leader was above the first.

Below him, on the left and right, sat several elders.

He was about to say something, and at this moment, the huge voice of "I Chen Feng is back" suddenly came over.

The shadow gang leader was taken aback for a moment, then his whole body was shaken, and then suddenly he stood up.

With a look of surprise and joy on his face, he shouted loudly: "Chen Feng is back, how dare Chen Feng's \*\*\*\*\* and his mother dare to return to the Purple Fire Marsh?"

"Hahahaha! Great!"

With a wave of his big sleeves, he strode out, screaming crazy: "I will never let him run this time."

"I must kill him this time!"

At this time, a slightly older elder frowned for a moment, and then persuaded:

"My lord, if you think about it, Chen Feng, such a shrewd figure, dares to come over at this time, indicating that he must have something to rely on!"

"Go to the fuck!"

"I care what he has to rely on!"

The Shadow Gang leader didn't take it seriously at all, and said with a disdainful sneer: "He is here, no matter how strong he is, no matter how strong his hole cards are, it is not as good as my shadow gang, and it is not as good as my pair of fists!"

[Chapter 2832: Shadow Robe, I want it!](#)

"Not as good as me..."

As he said, he shook the shadow robe on his body.

Everyone had some doubts at first, but after listening to him, they were relieved.

"Yeah, the helper is so powerful, and with the assistance of the shadow robe, how can Chen Feng be able to get it right? No matter what, he is useless!"

As a result, they relieved one after another and followed the shadow gang leader out.

The shadow gang leader laughed, extremely excited, as if he had already killed Chen Feng.

He obviously didn't pay attention to Chen Feng at all!

Chen Feng slowly walked towards the purple fire swamp, not far in front of Chen Feng, thousands of meters away, countless shadow gang members were there.

There are hundreds of them.

When Chen Feng took a step forward, they all took a step back together.

Chen Feng took another step forward, and they took another step back.

Chen Feng laughed loudly, and suddenly snorted: "Get away!"

He went straight forward, extremely fast.

Then, with a boom, the gangs of the Shadow Gang dispersed.

They were afraid of Chen Feng to the extreme, how dare to stop him?

In front of Chen Feng, there was the Purple Fire Marsh.

However, he did not directly enter the Purple Fire Marsh at this time, but circled towards the northeast of the Purple Fire Marsh.

Chen Feng's purpose was to find Wentian Zhan Shendao.

Wentian Slashing Sword was placed by him in that secret spot northeast of the Purple Fire Marsh.

Chen Feng was extremely fast. Soon, he flew outside for thousands of miles, not far from that place.

And at this moment, suddenly, in front of Chen Feng, a loud howl came.

Then, brushing a few silhouettes, they suddenly appeared in front of Chen Feng.

At the next moment, Chen Feng saw that several people stopped in front of him.

The head of the man, wearing a golden robe full of various imaginary shadows, was tall and his face was full of madness and disdain.

This person, Chen Feng is very familiar, is the shadow gang leader!

So, Chen Feng stopped on the spot, with a light smile on his face, looking at the shadow gang leader.

The shadow gang leader stared at Chen Feng fiercely.

The next moment, he burst out laughing!

"Boy, how dare you come back?"

At this time, after seeing Chen Feng, the shadow gang leader was ecstatic.

Then, this ecstasy turned into a thick viciousness and ferociousness: "Last time, I didn't notice it for a while and let your kid run away."

"You dare to come back now, you are just throwing yourself into the trap! Did you go back and die?"

Chen Feng looked at him and said lightly: "I didn't come back to die, I came back today to take your dog's life!"

"What? You came back today to kill me?" After hearing this, the shadow gang leader was taken aback.

Then, in the next moment, it turned into extreme disdain and ridicule.

He laughed so hard that tears came out, pointing at Chen Feng and shaking his whole body, as if he heard something extremely ridiculous.[NovelUsb.Com](http://NovelUsb.Com)

And the elders of the Shadow Gang standing behind him all leaned forward with a smile.

Their laughter reverberated in the sky. No one took Chen Feng seriously, and no one believed what Chen Feng said.

They looked at Chen Feng with contempt on their faces.

No one thought that Chen Feng would be the opponent of the Shadow Gang leader, they took Chen Feng as a joke!

Suddenly, the laughter of the Shadow Gang leader stopped.

He looked at Chen Feng with a fierce expression on his face: "Little bastard, I don't know who gave you the courage to say this."

"I only tell you one thing now, that is..."

He lit Chen Feng with his hand, with a hideous look on his face, and he said word by word: "You must die here today! You die under my hand!"

"Oh? Do you think I will die here today? I must be beheaded by you?"

Chen Feng smiled and looked at him and said, "I have to say, you are really very confident. Who gives you the confidence?"

"Who gave me the confidence? Just rely on my fists and my shadow robe!"

The shadow gang leader stared at Chen Feng and laughed wildly.

"Shadow Robe!"

Hearing these four words again, Chen Feng's pupils suddenly shrank, and he took a deep look at the shadow gang leader.

Or, to be precise, took a deep look at the shadow robe.

Since returning to Chaoge Tianzi City, Chen Feng has inquired about the origin of this shadow robe, and even asked Lu Yutang.

There is no way, because the impression left by the shadow robe on Chen Feng is really too deep, and his power is really too powerful.

And Lu Yutang is indeed a well-informed person, from him, Chen Feng also knows the source of the shadow robe and what its power is.

A smile appeared at the corner of Chen Feng's mouth: "Shadow Robe, I must get it!"

Chen Feng looked at the shadow gang leader, smiled and said: "Okay, now you can get out of me."

"What? You told me to get out?" The shadow gang master cut out his ears in disbelief, looked at Chen Feng, and couldn't help but shout out.

He didn't expect that Chen Feng would dare to say such things to him.

He even asked involuntarily: "Boy, are you talking to me? Are you sure you are talking to me?"

Chen Feng smiled and looked at him and said, "Of course I am talking to you, or who else can it be?"

"Boy, you are too arrogant!"

"You are too arrogant!"

The Shadow Gang lord laughed furiously, staring at Chen Feng, and shouted sharply: "I am going to kill you, I will kill you now!"

As he said, he let out a crazy roar, rushed towards Chen Feng, his figure flashed past, and he shot out with a fist.

Very powerful!

The strength of the Nine Star Wuhuang in the mid-term was vividly demonstrated.

A smile appeared at the corner of Chen Feng's mouth, and suddenly his figure flashed.

Hey, he came directly behind him.

The shadow gang leader's seemingly powerful offensive did not even touch a single piece of his hair.

The figure of the shadow gang leader stopped in place.

His figure is somewhat stagnant.

Then, he slowly turned his head and looked at Chen Feng with a cold look in his eyes. He stared at Chen Feng and said, "You, your strength is already stronger than before?"

With this trick just now, he was able to judge that Chen Feng's strength was indeed much stronger than before.

Chen Feng looked at him with a smile and said, "I know you don't want to hear this news from my mouth."

"But sorry, I still have to tell, my strength is indeed stronger than before, and much stronger!"

The expression on the face of the shadow gang leader was blue and white, and he felt that he had lost his face.

#### [Chapter 2833: Ask the gods, come out!](#)

At this time, the shadow gangs had already chased up, and hundreds of thousands of people surrounded them.

They all wanted to know whether Chen Feng would be beheaded by his own gang leader.

They are full of confidence in their own helpers.

And only in this way, the less the shadow gang leader can lose face.

A sullen smile appeared at the corner of his mouth and said, "Boy, I underestimate you."

"But, what if your strength improves? You still can't be my opponent!"

As he said, he screamed crazy again, mobilizing all his power, and bombarding Chen Feng frantically.

This move blasted out, with an incomparably powerful power, and it increased even more than before.

Obviously, he has tried his best.

However, Chen Feng's figure flashed at this moment, and he flew directly in the direction of the Purple Fire Marsh, without facing him.

The shadow gang leader was taken aback for a moment, and then he laughed wildly: "Little bastard, you know you are not my opponent, so you are going to run away, right?"

"Hahaha, boy, you really are a trash, incompetent!"

"I was still talking about it here just now, and I will run away in a blink of an eye!"

Beside him, the dark eagle elders also laughed loudly.

"Yes, bastard, since you had the guts to say something like that just now, why don't you have the guts to fight?"

"Little boy, stop and fight, still want to escape?"

"Just now, I dared to say something like that to our helper, what are you? Our helper wants to kill you, it's easy, no effort at all!"

"Now stop and apologize to the helper! The helper can make you die a little easier, or else it will make you suffer before you die!"

Chen Feng's action made them extremely excited in an instant.

They determined that Chen Feng had escaped and did not dare to fight.

They laughed wildly, mocking Chen Feng, and verbally humiliating him!

The shadow gang leader is also extremely proud.

He laughed wildly: "Little bastard, do you want to run? Did you run away?"

With that, he chased Chen Feng crazy again.

When he caught up, Chen Feng continued to fly forward again, flying towards the purple fire swamp.

The shadow gang leader continued to pursue.

The gangs also chased up, shouting and cheering loudly.

"Haha, the helper is mighty!"

"Yes, the helper is too powerful, this kid is not the opponent of the helper at all! He doesn't dare to fight at all!"

"The gang leader can easily kill him. What kind of thing is this kid compared to the gang leader?"

Some people shouted at Chen Feng Yaoyao: "Boy, dare to come to our shadow to help find things, you are looking for death today!"

They screamed frantically, cheering loudly.

From their point of view, Chen Feng had only a dead end, and Chen Feng could not be the opponent of their leader.

Chen Feng turned his head and glanced at them at this time, with a slight curl of the corner of his mouth, and outlined two words: "Idiot!"

Chen Feng is not a simple escape.

Because Chen Feng knew very well that at this time, after using the third move of the Buddha's Demon Slayer, his strength could almost reach the middle stage of the Nine Star Martial Emperor, similar to the shadow gang leader.

However, that only allowed him to draw a tie with the shadow gang leader, and could not help him kill the shadow gang leader.

So Chen Feng is going to take away one thing, one thing that belongs to him when he meets!

With it, Chen Feng can easily kill the shadow gang leader!

Chen Feng's speed reached the extreme, and soon he entered the purple fire swamp.

Then, all the way to the direction of their Zangwentian Zhan Sword, swiftly went.

The shadow gang leader is chasing after him.

The elders and gangs of the Shadow Gang are also chasing after them!

Soon, Chen Feng saw the black lake.

At the same time, he also saw the hill beside the lake.

In that hill, is where he buried the Wentian Sword Divine Blade.

Chen Feng's heart was pounding, and a voice in his heart yelled frantically: "Wen Tian Zhan Shen Dao, I am coming!"

"From today, I want to truly own you!"

"And what brought it was my crazy strength! Hahahaha!"

Chen Feng quickly came to the hill and hovered there.

Then he turned around and looked at the shadow gang leader.

The shadow gang leader saw such a calm and calm smile on Chen Feng's face, suddenly a very terrible intuition flashed in his heart.

He vaguely felt that after Chen Feng came here, he was about to face disaster.

The next moment, he yelled at himself frantically: "What do you think? How is it possible?"

"How can Chen Feng have such a strong strength?"

He stared at Chen Feng and said in a cold voice, "Boy, why don't you run away now? Why don't you keep running now?"

"Ah? Can't you run anymore? Have you accepted your fate? Want to wait for death here?"

He looked around, smiled and said, "I think this poor mountain and bad river is suitable for you to die here."

"After a while, after slaughtering you, throw your corpse inside!"

As he said, he pointed to the black lake underneath him: "I promise not even a trace of bones will be left!"

"Really?" Chen Feng said with a smile: "I don't think so."

The next moment, Chengfeng's momentum suddenly changed.

An extremely tyrannical, extremely sharp, but also a mighty and heavy aura, directly soaring from his body into the sky, covering a range of hundreds of meters around his body.

As soon as that momentum appeared, the shadow gang leader felt it.

So, he immediately let out a cry of exclamation, staring at Chen Feng kindly: "How is it possible? This momentum? This momentum is so huge?"

"Moreover, it gives me a dangerous feeling full of death!"

Chen Feng laughed: "I think this momentum is very strong, don't you? Tell you, this is just the beginning!"

The next moment, he roared loudly. [novelusb.com](http://novelusb.com)

The power of the sword turned into a mad dragon, madly drilling towards the mountain below him, completely infiltrating it.

Then, the next moment, Chen Feng felt a huge buzzing sound, which passed from the mountain peak, and it continued to hit his mind.

That breath is cold and evil but huge, full of killing.

Chen Feng was ecstatic. After he felt this breath, instead of panic, not fear, but full of ecstasy.

Because this is exactly the aura of that Wentian Zhan Shendao!

Chen Feng had felt its breath for a very short time, and then disappeared.

But now this breath is still in Chen Feng's heart, and the connection with Chen Feng is extremely deciphered.

Chen Feng laughed loudly, raised his hands suddenly, opened his arms, and yelled: "Wentian Swordsman, come out!"

#### [Chapter 2834: Invincible giant knife!](#)

At this time, a very dangerous feeling flashed in the heart of the Shadow Gang.

He suddenly realized that Chen Feng would never be able to summon that thing. When Chen Feng summoned that thing, he would never have any chance of winning anymore, there would be death or life!

He immediately moved forward, bombarding with both fists one after another, trying to stop Chen Feng.

But at this time, where is there still time?

With a loud bang, the entire Purple Fire Marsh seemed to tremble.

That huge tremor originated from the ground and went all the way up.

The entire sky seemed to be torn apart.

The Purple Fire Swamp shook violently, and then with a boom, the mountain peaks under Chen Feng shattered. The next moment, a huge black shadow slowly rose from below.

The speed of ascent is not very fast, but it is very determined.

Then, this huge black shadow rose to the sky above Chen Feng's body.

In Chen Feng's Dantian, the endless power of the sword spread out.

The power of these knives wrapped this giant tightly, and Chen Feng could feel as if there were countless meridians, connecting himself to this huge object so that he could feel its breath.

Can feel its every move!

Even, can feel his blood, his thoughts!

In Chen Feng's mind, it is alive.

After this behemoth lifted off, it hovered over Chen Feng.

Chen Feng laughed loudly, raised his head, and looked at the Wentian Sword, filled with joy.

Seeing this huge Wentian Slashing Sword, the Shadow Gang leader exclaimed: "What is this?"

Not only him, but also the elders of the Shadow Gang and the gang stayed there, looking at the huge mountain-like sword on top of Chen Feng in shock.

Above this giant knife, a huge and incomparable aura of coercion radiated out, and it was full of boundless \*\*\*\* and boundless killing and boundless dominance.

There is also a touch of sharpness to the extreme.

These rather contradictory things are perfectly combined, shocking their minds fiercely!

Facing this giant knife, many people even felt like they wanted to worship.

The shadow gang leader also roared angrily at this time: "Boy, did you get this thing from the Purple Fire Swamp?"

"Are you coming back this time to take him away?"

Chen Feng laughed loudly: "Yes, you guessed it right."

"But unfortunately, there is no reward!"

"Not only there is no reward, but..."

A cold smile appeared on his face: "On the contrary, I will kill you!"

The next moment, Chen Feng shouted: "Now, I am going to take your dog's life!"

Then, that little Wuxiang Gong mentality flowed in Chen Feng's heart.

There was a clear light in his eyes, and then, the infinite power of the sword poured into the Wentian Divine Blade.

Wentian Zhan Shendao let out a clear hum, and then slowly flew forward.

It seems to fly slowly, but there is a firm determination, and drinking seems to be the overbearing that can crush all obstacles.

It was as if everything on the way forward would be easily torn apart by him and smashed into powder.

Chen Feng felt trembling all over!

His forehead was sweating profusely, his throat was sweet, and his eyes were dizzy, and he felt almost unable to hold it.

A voice reverberated in my heart: "It's really harder to control this Wentian Slash Divine Sword than to control those ordinary stones. I don't know how many times it is."

But Chen Feng insisted on gritting his teeth!

Finally, he shouted.

So, with a bang, the Wentian Zhan Shendao slammed forward.

This Wen Tian Zhan Divine Sword smashed directly at the shadow gang leader.

The shadow gang leader saw the huge black shadow smashing towards him, and felt the mountain-like power. He was so excited, a despair suddenly poured out of his heart.

He screamed wildly, jumped up, and blasted out dozens of punches one after another!

Every move is his most powerful trick!

He tried to resist Wentian Zhan Shendao!

However, it is useless at all!

Wentian Zhan Shendao slowly pressed down, smashing all his offensives to pieces.

His mid-stage Nine-Star Martial Emperor, extremely powerful, could smash a mountain into pieces, blasting hundreds of times in succession, and couldn't let Wentian Slash Divine Sword move a bit.

This is an invincible giant knife!

Wentian Slashing Divine Sword, like a moving continent, squeezed it down with that heavy aura, bringing him incomparable despair!

He let out a screaming scream, suddenly, mobilizing all his power, poured into the shadow robe on his body.

The shadow robe flashed several shadows in an instant, and the brilliance flowed.

The next moment, a shadow door opened in front of him.

And another shadow gate appeared thousands of meters behind him.

He stepped forward and stepped into it, and he activated the shadow robe again.

It's just that the last time it was to chase Chen Feng, and this time it was to escape Chen Feng's attack.

Chen Feng sneered, and Wentian Zhan's Divine Sword slammed down at the fastest speed.

Although the shadow gang leader had stepped into this shadow gate with one foot, he was still hit hard.

Suddenly, the shadow gang leader let out a scream, blood spewed frantically, but in the end he moved his broken body and stepped into the shadow gate.

With a bang, the next moment, the Shadow Gate smashed directly.

Wentian Zhan's Divine Sword hit the area where the shadow gang leader was just now.

With a snap, there was an extremely crisp explosion on the spot.

In the air, dozens of huge void cracks appeared in an instant, and any one was enough to swallow dozens of powerful warriors.

It turned out that the Wentianzhan Divine Sword didn't hit the target. After hitting the air, it actually opened up so many space rifts.

This shows its power!

Thousands of meters away, the shadow gang leader suddenly appeared.

He fell directly out of mid-air, and when the person was still in mid-air, he was vomiting blood crazily.

Then, he hit the ground hard and couldn't get up.

He was dripping with blood and his face was extremely pale.

And one of his arms and one leg had completely disappeared, and he had already been smashed by the Heavenly Slashing Divine Sword alive at that moment.

Direct annihilation disappeared.

Half of his body is bloody.

Just now, if he stepped into the shadow gate and then slowed down for that moment, he would be smashed into a pile of meat sauce!

And it was not only him that was affected, but also the elders and gangs of the Shadow Gang.

Many of them felt that they were dark in front of them for an instant, as if they were in a sea of blood, trembling all over, and their fears were extreme.

[Chapter 2835: Stop me, die!](#)

A breath of death enveloped them firmly, which made them scream screams.

Some people were shocked to spit blood directly and fell to the ground, while those with higher cultivation bases were shocked and their throats were sweet. It took a while before they recovered.

The corpse mountain and the sea of blood in front of him disappeared and returned to the real world.

The elders of the Shadow Gang with good cultivation base were panicked. After they recovered, they all looked at Chen Feng in the distance, with a huge shock in their eyes.

These shadow gangs exclaimed one after another: "That move was so powerful just now?"

"Yeah, the trick just now was not directed at us at all. We were only disturbed by a little breath, and we were thousands of meters away from us. There was something to be killed and crushed. The feeling of being broken into mud!"

"God! This is horrible!"

"What kind of knife does Chen Feng use? His weapon is too strong!"

"Yeah! What level is this weapon? It is so tyrannical?"

They all looked at Chen Feng with fear, and the giant knife in his hand!

This knife is so terrifying!

The shadow gang leader screamed terribly: "How is it possible? How is this possible?"

"What kind of weapon are you? It is so powerful? What is your move? It is so domineering?"

With a face full of disbelief, he shook his head frantically, stared at Chen Feng, and screamed.

And his roar also attracted the eyes of other shadow gangs.

They all saw the tragic situation of their own gang leader, so there was a bang, and a huge shout erupted from the crowd, as if it was boiling.

Everyone exclaimed.

"The leader was beaten like this?"

"A move, it's just a move! The gang leader was unable to fight back and was almost smashed into meat sauce!"

"How is it possible? With such a powerful strength as the leader, how could it be so?"

"How strong is this Chen Feng?"

"This Chen Feng, how tyrannical is the knife in his hand?"

They all couldn't believe it, and the elders of the Shadow Gang were all scared stupid, each of them trembled and couldn't speak.

The scene soon fell into a strange silence again.

Everyone looked at Chen Feng, did not speak, only heard the screams of the shadow gang leader's screams constantly echoing.

At this time, Chen Feng looked at everyone in the Shadow Gang, smiled and said: "I just said that I am not here to die, I am here to take your dog's life!"

This was the second time Chen Feng yelled this sentence. When Chen Feng yelled this sentence for the first time, the Shadow Gang laughed at him so much, and no one thought he could do it.

They were all laughing at him crazy, everyone thought Chen Feng was talking nonsense.

And now, when Chen Feng said these words, many of them showed a solemn look on their faces.

Because, Chen Feng proved that he is qualified to say this sentence.

His amazing and stunning move just now shocked them all!

In the next moment, Chen Feng flew directly towards the shadow gang leader.

He wants to kill the Shadow Gang directly!

The shadow gang leader showed an unspeakable look of fear in his eyes, full of despair.

The arrogant and tyrannical one just now, the disdain for Chen Feng just now, disappeared without a trace.

He had only one thought in his mind at this time, and that was: "Escape!" **novelusb.com**

He wanted to activate the shadow robe, but found that the shadow robe couldn't be activated at all.

With his current strength, he couldn't control this shadow robe at all.

There was despair in his eyes, watching Chen Feng and the giant knife hovering above Chen Feng's head getting closer and closer to him. He trembled in despair and screamed crazy.

"Stop him!"

"Hurry up and stop him! Are you stupid? Stop him now!"

He yelled frantically at the shadow elders.

Those Shadow Gang elders trembled with fright, but some gritted their teeth and greeted Chen Feng.

They stood in front of Chen Feng!

One of the strongest elders coldly shouted: "Chen Feng, you have to think clearly, we are from the Shadow Gang."

"Our Shadow Gang is not easy for you to offend..."

Before the word 'of' came out, Chen Feng had already interrupted his words impatiently.

Chen Feng just spit out one word coldly: "Get out!"

And with the arrival of the word him, there was also the huge Wentian Sword.

Wentian Zhan's Divine Sword smashed directly at them fiercely.

In an instant, these elders who blocked Chen Feng all had pale faces, and their muscles trembled involuntarily.

It's not because they are afraid, in fact, there are a few people who are not afraid of death.

When this happens, it is the natural reaction of their body, their muscle instinct when they feel that they are about to be destroyed.

The muscles on their faces burst and burst, and they all yelled frantically, attacking Wentian Sword Sword.

But it is useless at all.

Chen Feng roared: "Those who block me, die!"

With a bang, Wentian Zhan's Divine Sword hit their bodies!

The first elder was smashed directly.

The second elder was smashed in the same way!

Then the third, the fourth...

Amidst the loud booming sound, Wentian Zhan Shendao smashed all the elders who stood in front of Chen Feng into pieces!

Turn into powder!

Destroyed into dust!

Disappeared!

At this moment, all the shadow gangs were no longer just shouting shocked shouts, they all walked back in fear!

At this time, Chen Feng laughed loudly, pointed at the shadow gang leader, and shouted frantically: "I said, I am not here to die, I am here to take your dog's life!"

This is the third time Chen Feng said.

When they said it for the first time, they were full of disdain, no one believed it, and they didn't think Chen Feng was telling the truth.

They all think that Chen Feng is arrogant, even think he is crazy, no one can look down on Chen Feng, and they all think that he can't be the opponent of the shadow gang leader, and the next moment will die under the shadow gang leader.

When Chen Feng said it for the second time, the strength he showed had already shocked them and lost their senses.

Now, this is the third time Chen Feng said.

When Chen Feng said this time, the emotions on their faces were full of fear and shock.

The fear was extreme, the shock was extreme, and there was even a deep despair in his eyes.

The shadow gang leader screamed frantically, staring at Chen Feng, and screaming:

[Chapter 2836: Kill the shadow gang leader!](#)

"Where did you get this powerful weapon? Where did you learn such a powerful sword technique? Why are you so tyrannical?"

"Everything that I had committed to cultivation was broken by you!"

"Impossible! This is impossible! I don't believe it!"

He has almost collapsed!

Chen Feng slowly came to him, this time no one could stop Chen Feng.

Chen Feng landed, looked down at him and smiled and said, "I know, you don't want to believe this fact, but your physical pain should be able to prove it. This is the fact." *nOvELus&.com*

"I am so strong, I can easily severely wound you, or even kill you!"

Then, he pointed at the shadow gang leader, smiled and said: "Now, are you ready to die?"

A touch of desperation appeared in the eyes of the shadow gang leader.

He struggled from the shock at this time, because he realized that he was about to be killed by Chen Feng soon.

He yelled frantically: "I will never sit and wait!"

He jumped up and exhausted his last strength to kill Chen Feng.

But unfortunately, at this moment, who was seriously injured and dying, how could he have the strength to rival Chen Feng?

There was a sneer at the corner of Chen Feng's mouth, and he punched out.

With a bang, extremely tyrannical power poured into the body of the shadow gang leader.

The shadow gang leader trembled violently, as if he couldn't control his body, his body was like a torn sack, shaking like crazy.

At the same time, there was a ha ha ha sound in his throat.

He raised his hand and pointed at Chen Feng, his lips trembled, as if he wanted to say something, but in the end he didn't say a word.

Just a breath of blood spurted out, and then he fell heavily.

In his eyes, there was no glamour.

The shadow gang leader, the mid-stage master of the Nine Star Martial Emperor, was directly beheaded by Chen Feng!

After Chen Feng beheaded him, he didn't stop, but was going to get the shadow robe, which was something he had to get.

At this time, the Shadow Robe flew directly from the body of the Shadow Gang leader.

Although the body of the shadow gang leader was stained with blood, the shadow robe was not damaged in the slightest, it was as clean as a mirror, and extremely beautiful, and there was no blood stain on it.

A smile appeared at the corner of Chen Feng's mouth.

"Just now, my Wentian Sword hit him back, but he was safe and sound. From this alone, I can see that this shadow robe is a treasure."

As soon as Chen Feng stretched out his hand, he grabbed at the Shadow Robe.

The Shadow Robe circulated in the air a few times, seeming to be looking for something, but in the end he found nothing.

Chen Feng even felt that a trace of disappointment came from the shadow robe.

When Chen Feng's hand grasped it, the Shadow Robe trembled heavily, as if he wanted to escape.

Chen Feng almost couldn't catch it with a strong force.

However, when he turned around, Chen Feng felt as if he had eyes looking at him, examining himself.

The next moment, above the shadow robe, a very happy mood suddenly came.

Then, this sentiment became more intense.

Then, the Shadow Robe flew directly over, directly onto Chen Feng's body, and automatically put it on Chen Feng's body.

Chen Feng's golden robe gleamed.

Originally, Chen Feng's figure was thinner than that of the shadow gang leader. This shadow robe was worn on the shadow gang leader and looked very fit. It should have been quite fat when worn on Chen Feng.

As a result, I didn't expect it to fit perfectly.

This shadow robe is actually free to grow bigger and smaller.

Chen Feng was taken aback for a moment, and then a smile appeared at the corner of his mouth.

The smile grew bigger and deeper, and finally turned into a big laugh.

Chen Feng was extremely happy in his heart. This time, he came back to get the Heavenly Slashing Divine Sword as his first priority.

Killing the shadow gang leader is the third important thing.

And the second important thing is to get this shadow robe.

For Chen Feng, obtaining this shadow robe was more important than killing the shadow gang leader.

But now that the Shadow Robe has already started, how can Chen Feng be unhappy?

"Just, this color..."

Chen Feng looked at it and couldn't help but shook his head and smiled bitterly.

And Ji Caixuan behind her also giggled and said, "Master, you really don't seem to be suitable for wearing this color."

Chen Ziyuan even smiled and said, "Brother Chen, after you put on this, you look like a golden ingot."

And Zihuo Zhenling also turned up and down a few times next to Chen Feng, and made a '噫' voice that deliberately lengthened the tone.

Then, he said twice: "Master, after you put this on."

"Hey, I won't say anything like this, it's really ugly..."

As he said, there were bursts of thief laughter.

When Chen Feng heard this, he was taken aback for a moment, then looked down at himself, shaking his sleeves.

No need to think about it, Chen Feng can also know what he is like now, he must be full of gold.

Speaking of which, he really doesn't like this color very much. Chen Feng's favorite is white or a blue robe.

There was a wry smile at the corner of his mouth, but there was no way, the shadow robe was so powerful, it was impossible to dislike him because of the color and not wear it.

But at this moment, Chen Feng suddenly felt that the shadow robe on his body had suddenly tightened a lot, and he immediately wrapped him tightly.

Chen Feng's arms and legs couldn't even move.

He even slammed Chen Feng's hand to the side.

Snapped!

There was a crisp sound, and Zihuo True Spirit immediately flew out ten meters away, clutching his head.

After a long time, he turned around and stared at Chen Feng. He said with aggrieved expression, "Master, what are you doing? Why are you hitting me on the head?"

"I do not know either!"

Chen Feng spread his hands, also a little dazed.

He was very surprised. He hadn't even wanted to do anything just now, and as a result, he slapped Zihuo Zhenling in the face.

The next moment, he understood, and suddenly looked at the golden robe on his body.

At this time, the shadow robe had changed from the big sleeves fluttering just now to tightly wrapping Chen Feng's arms.

And just now, he was also controlling Chen Feng's arm and slapped Zihuo Zhenling.

The shadow robe trembled for a while, and seemed very proud.

Chen Feng exclaimed: "It was he who just controlled my arm and hit you!"

"What?" The true spirit of Zi Huo couldn't believe it.

He didn't believe it, but he knew that Chen Feng would not lie about this kind of thing.

#### [Chapter 2837: Magical Robe of Shadow](#)

He came to Chen Feng, looked up and down the shadow robe, and said, "Yo yo yo, he is not only sane, emotional, but also angry!"

At this time, Chen Feng had completely recovered.

He laughed and said, "It's mostly the case. Just now you said he was too ugly, so he was angry!"

"There is such a thing!"

Zihuo Zhenling tilted his head and turned around Chen Feng several times, shaking his head and said, "This guy is too careful."

"When I said him, he slapped me."

Ji Caixuan and Chen Fengziyuan chuckled while covering their mouths, both surprised and funny.

Chen Feng perceives it carefully, and immediately from the robes, he perceives an emotion called grievance.

"Yo, this little guy is still awkward here!"

Chen Feng smiled, he patted his clothes lightly, and smiled: "It's alright, don't be angry."

"You are not ugly, you are not ugly at all, but you are very good-looking! I like it very much!"

It is strange to say that when Chen Feng said these words, the aggrieved mood on the robe immediately disappeared.

Instead, there is a touch of joy.

Even the robe began to tremble, as if a person was dancing with joy.

Then, he regained the former look of the big robe and sleeves.

Then, a scene that shocked Chen Feng appeared, and the gold on it was constantly disappearing and fading.

In the end, it became a plain white color.

Chen Feng's robe turned white again!

Chen Feng was dumbfounded.

And Ji Caixuan exclaimed, shaking Chen Feng's clothes rare and saying: "Master, your clothes can change color!"

"What color you can change into any color you want, it's amazing!"

Chen Fengziyuan smiled and said, "Brother Chen Feng, you still look good in white."

She looked at Chen Feng with a blank look: "It's like the day we first met."

Chen Feng smiled slightly: "Okay, then don't change this white dress."

As if feeling Chen Feng's happiness, the Shadow Robe shook happily!

At this time, Chen Feng looked up at the shadow gangs.

Many of the Shadow Gang had already sneaked away at this time, and the rest was looking at Chen Feng with fear.

Chen Fengli ignored them, but took a deep breath, and then the natal knife box slowly rose from behind him.

Chen Feng planned to put away the Wentian God of War Sword.

Above the natal knives, a huge black hole quietly formed, with endless powerful suction coming from it.

At the same time, Chen Feng felt a throbbing in his body, a feeling of blood connection, directly connected to the natal knife box.

With this feeling, the suction power of the natal knife box is even stronger.

At the same time, the Wentian Sword Divine Blade hanging above the sky suddenly uttered a huge buzzing sound, which was also a pulse.

There is also the general feeling of being connected by blood, which makes Chen Feng feel extremely cordial.

In the next moment, as if asking the Heavenly Sword Divine Sword to know something, he swished, and directly threw it towards the life knife box.

It was strange to say that the Wentian Sword God Blade was extremely large, and it was at least a hundred times larger than the natal knife case.

When he smashed through the area toward the natal knife case, it looked like he was about to smash the natal knife case alive.

But the next moment, when he came to the front of the natal knife case, he heard a loud noise, a huge black light flickering, and the power of the chaotic space fluctuated everywhere.

At the next moment, Chen Feng saw a magical scene.

Wentian Zhan Shendao disappeared directly in the natal knife box.

It was an indescribable feeling. A huge thing disappeared in a very small thing, full of the mysterious sense of time and space.

With the disappearance of Wentian Zhan's Divine Sword, the zombies knives clicked and closed directly.

Chen Feng stretched out his hand, and the life knife box flew into his hands.

The weight of the natal knife case has increased a bit more than before, but it is not much.

Chen Feng wanted to include it in the golden thread kit, but found that it was impossible.

So he put the natal knife case on his back.

Chen Feng straightened his waist, like a javelin, the huge pitch black natal knife case, leaning back behind him, full of pressure like a mountain!

He turned and left, heading straight towards the purple fire town.

The shadow gangs just yelled after seeing Chen Feng leaving, and they dispersed.

Their gang leader is dead, where is their desire to fight here?

No one wants to stay any longer.

They didn't leave just now because they didn't dare to leave. If they were afraid to leave, Chen Feng would kill them, so naturally they wouldn't stay here anymore!

Next, Chen Feng went directly to Zihuo Town.

After he came to Zihuo Town, the people in the town all cried out in awe after seeing Chen Feng, and stepped aside.

His eyes were full of fear and awe.

Many people even bowed down to salute, very respectful.

And there were many people who knelt directly on the side of the road, banging their heads at Chen Feng.

While kowtow, he shouted with tears on his face: "Thank you, son, for getting rid of the dog thief from the shadow gang lord, and thank son for revenge for us."

Chen Feng looked at this scene with emotion.

The Shadow Gang has been domineering here for so many years, and I don't know how many blood debts it has committed, and now killing the Shadow Gang leader by himself is considered revenge for them.

At the next moment, Chen Feng's gaze suddenly froze, and he looked in one direction.

Because, he saw a person there.

Chen Feng walked there quickly, a gap was separated among the crowd, and Chen Feng walked to the old man.

Chen Feng looked at the old man with a smile on the corner of his mouth, and said softly:

"Old Wei, I once told you that I will avenge you, I will eradicate the Shadow Gang for you, and now I have done it!

Lao Wei was in tears, his hands trembled and he was extremely excited.

He wanted to say something, but his lips trembled, but he couldn't say a word.

At this moment, he still felt like a dream, feeling like he was in a dream, unable to wake up for a long time.

But this dream is so real.

After a long time, he squeezed an extremely excited roar from his throat, and slammed his hands on the ground.

Then, Yang Tian laughed wildly!

However, those tears came out wantonly from the eyes!

The next moment he was crying.

At the beginning, he remembered the young man's promise, but he didn't have much hope.

[Chapter 2838: Make a deal?](#)

He didn't even think that the young man could fulfill his promise, be able to punish the Shadow Gang, and avenge him.

Unexpectedly, he did it!

This young man did it, and he did a great job!

He yelled and cried frantically, venting his emotions.

Chen Feng waited silently beside him, he understood the old man's mood at this time.

He looked at Old Wei with gratitude in his heart.

If he hadn't met Old Wei on Purple Fire Town, there would be no clues to the first ring, and that map would not be available.

He would never know Ji Caixuan, nor would he get the Purple Fire True Spirit, nor would he get the rest of the clues left by that huge and tyrannical existence, nor would he get this Wentian Slasher.

It is absolutely impossible to have such an achievement in such a short period of time.

But at the beginning, if he hadn't been upholding justice for him, he wouldn't have given the map to himself.

Now, he killed the shadow gang leader again, fulfilling his long-cherished wish.

One drink and one peck can also be regarded as a destiny!

Chen Feng said softly, "Old Wei, don't cry anymore."

"You have gotten revenge, your long-cherished wish is over, you should be happy!"

Old Wei nodded repeatedly and looked at Chen Feng with gratitude!

After a while, he stopped crying.

Chen Feng smiled and encouraged him to wait here for a while. He took Jean Ji Caixuan and Chen Ziyuan, the true spirits of Zihuo, to the Shadow Gang directly.

In the huge house of the Shadow Gang, there was already a mess at this time.

The gangs of the Shadow Gang shouted loudly inside, they were snatching all the valuable things that they could see and could take away.

Many people have left here with precious things.

There is noisy here at this time, a mess. ~~No~~**NovElus****sb.cOm**

And many people are even killing each other in that yard, snatching treasures.

Suddenly, everyone found that the doorway had become quiet.

The people there also stopped their hands, just looked at the door, they were all surprised and didn't know what happened.

In the next moment, they saw a tall young man slowly walking in.

After seeing him, the gang members of the Shadow Gang made a cry of fear, and many of them stepped back.

This person is Chen Feng.

Chen Feng looked at them with a look of disgust on his face, and said lightly: "Now, get out of here!"

"From now on, there will be no shadow gang in Purple Fire Town, and there will be no room for you here!"

"Within this day, get out of Purple Fire Town! Get out of Purple Fire Marsh!"

"Otherwise..."

An icy smile was drawn at the corner of his mouth: "Kill it!"

Chen Feng roared: "Don't you hurry up?"

Hearing his roar, these shadow gangs, who had been frightened, yelled one after another, and they just left.

No one dares to stay here more.

Even, they didn't even dare to ask for those valuable things in their hands, and they were not as valuable as their lives.

In a blink of an eye, everything went clean here.

A light smile appeared at the corner of Chen Feng's mouth, and he walked forward. There must be a lot of precious resources in it, even a large amount of dragon blood amethyst.

Chen Feng strode forward.

After two steps, he suddenly wrinkled his brows, and suddenly he looked sideways, revealing a stern light in his eyes.

He stared there, his voice said calmly: "Who? Get out of me!"

His voice is not loud, the volume is not high, and it sounds very flat.

But after this sentence was said, it was like Huang Zhongda Lu's explosion, and a strong ripple was shaken out in the air.

The direction Chen Feng looked towards was a small hall.

With the fall of Chen Feng's words, with a bang, the palace was directly shattered and turned into countless earth and rocks and disappeared.

Chen Feng had such power in a word.

As the earth and rocks dispersed, a cough sounded, and a figure staggered out of the dust.

He coughed while walking outside, obviously choking him off.

Chen Feng looked at him faintly.

This is a short and thin young man of about thirty years old. The short and thin young man looks flustered at this time, looking at Chen Feng, his eyes dodged and panicked.

However, Chen Feng clearly saw that his eyes were spinning wildly, flashing with sly rays of light.

From the look in his eyes, Chen Feng judged that he was not really panicked at this time.

This look of panic is mostly pretend.

Chen Feng looked at him without speaking.

The man staggered over and came to a place more than ten meters away in front of Chen Feng, and he dared not move forward.

He looked at Chen Feng and said lightly, "Master Chen Feng, I want to make a deal with you..."

Before he finished speaking, Chen Feng smiled coldly: "What are you doing? Didn't you hear what I just said?"

"I just said to let you all go. Didn't you hear? You dare not to do it? It's really looking for death!"

With that, Chen Feng waved his right hand, and a force surged out.

With a crisp sound, a big slap in the face slapped the short and thin young man's face.

Suddenly, the short and thin young man, with a scream, was hit and flew out, turned a dozen circles in the air, and then landed.

After landing, he was unstable and fell directly to the ground with blood overflowing from the corner of his mouth.

One of his faces was swollen like a pig's head and looked embarrassed, and his eyes were narrowed to the big one.

He looked at Chen Feng with a panic in his eyes, and he was speechless. He had forgotten all the things he wanted to say just now.

Chen Feng saw his look, especially when Chen Feng saw the expression in his eyes, the expression that was full of confidence and seemed like a winning ticket disappeared, and a smile appeared on the corner of Chen Feng's mouth.

This is his purpose.

Chen Feng is not the kind of tyrannical person. If such a person appears before, Chen Feng will definitely ask him what he thinks first, and will not directly clean up.

The reason why Chen Feng did this was because he had already seen through what kind of person it was at that moment.

This person is clever, very cunning, and not very good at dealing with people, and he is very courageous.

He obviously wants to make a deal with himself, and Chen Feng needs to give him a slap in the face and tell him who is the master here!

Tell him who has the initiative!

This also made him accept his careful thoughts!

Sure enough, just as Chen Feng expected, when the short and thin young man stood up again, the confidence on his face was already much less indifferent.

#### [Chapter 2839: You deserve it?](#)

Instead, there was a strong touch of awe and fear.

Moreover, he was even a little at a loss. Looking at Chen Feng, he was speechless, not knowing what to say.

Chen Feng's impermanence to calm down his anger made him so flustered that the rhetoric he had just prepared was useless now.

This is the effect Chen Feng wants.

Of course, Chen Feng is not a moody person. Chen Feng just used his own behavior to tell him: "Don't try to fool me, or I will kill you directly!"

Chen Feng looked at him and said lightly: "Okay, now I have something to say."

It wasn't until this time that the short and thin young man realized what was going on.

But there was still a trace of luck in his heart.

He rolled his eyes and said, "Master Chen Feng, the younger one is here to make a deal with you."

He repeated what he said just now.

"Oh, doing a business?"

Chen Feng looked at him with a cold look in his eyes, and said with a slight mockery: "It's worth it because of you?"

"It seems that the slap just now did not wake you up!"

After all, with a snap, another big ear photon slapped his face fiercely.

This time, he was hit heavier than before, and he directly screamed and threw him tens of meters away. His entire face was already swollen and blood spurted out of his mouth.

He stood up and looked at Chen Feng in shock.

Chen Feng slowly stepped forward, staring at him with cold eyes, and said in a cold voice: "You are from the Shadow Gang, then I made no mistake."

"You Shadow Gang, there is not a good thing, every one of them is \*\*\*\* on their hands, and they are all evil people!"

"Don't think I don't know!"

"So, I have no psychological burden to clean you up!"

"Also, don't think that I don't know what your calculations are! You just want to make a deal with me, you just want to take me to find the treasures of the Shadow Gang, and then let me share a piece of the pie!"

Hearing Chen Feng's words here, this person was already full of horror, staring at Chen Feng as if he were looking at a devil.

This young man is terrible!

He knew all his thoughts, all plans, and all his guesses!

This is his plan.

Chen Feng paused, staring at him with a sneer: "I only tell you one thing now, that is, you are not worthy to make a deal with me!"

"You don't deserve to get a piece of the pie from me!"

His voice was extremely cold.

When the short and thin young man heard what he said, his face was extremely frightened, and there was a sense of despair on his face.

He looked at Chen Feng, shivering,

But then, a vicious atmosphere flashed in his heart.

He secretly said in his heart: "It seems that I will be planted today."

"Today, he won't give me anything, and he might force me to help him find the treasure!"

"The beauty of thinking! I would rather die than I would help him find it!"

In his gaze, a fierce atmosphere gradually spread, gritted his teeth, and he was about to stand up.

At this time, Chen Feng looked at him and said lightly: "But, if you take me to find those treasures, I will reward you if I am happy."

He stared at the short and thin young man and said coldly: "Listen clearly, it's not a deal! You are not qualified to trade with me!"

"Just a reward, understand!"

The short and thin young man knew exactly what Chen Feng meant.

Chen Feng told him this unmistakably that he was not qualified to do business with Chen Feng. He could only do things for Chen Feng like a begging dog, and then wait for Chen Feng's reward!

Chen Feng knew that if he agreed to make a deal, he would definitely be greedy and things would only get worse in the future.

Therefore, as soon as Chen Feng spoke, he blocked all the roads and forced him to act only according to his own rules!

As soon as the short and thin young man heard the word reward, the ferocious aura that had just risen on his body disappeared without a trace.

He was not someone with a desperate heart, but he was driven to an end by Chen Feng just now.

To take Chen Feng is also to die, and not to take Chen Feng is to die, so he simply wanted to work hard.

But now, Chen Feng not only left him a way to survive, but also gave him a little reward. How could he be willing to work hard?

So, he immediately fell to his knees with a plop, kowtow to Chen Feng repeatedly, and said flatly, "Yes, Master Chen, the young one understands, the young one understands."

He raised his eyes to look at Chen Feng, a trace of awe flashed in his eyes, and he sighed inwardly: "This young man is not very young, and his mind is really deep."

"Suddenly I saw through my plan, and gave me a good start. This young man is not easy to mess with, I still don't want to fool him!"

He cleaned up those messy thoughts, and respectfully said to Chen Feng:

"It's good for Master Chen to learn that the younger one is named Liu Yushu!"

When Ji Caixuan and Chen Ziyuan did what Chen Feng did just now, they were still a little worried, worried that the short and thin young man would just tear his face.

But he didn't expect that he was directly begging for Chen Feng, humbled to the extreme.

This made them amazed and surprised!

Chen Feng watched the change in Liu Yushu's face, with a chuckle at the corner of his mouth.

All the changes in Liu Yushu's mood were all within Chen Feng's expectations.

Chen Feng knows when Liu Yushu's scheming, Liu Yushu's despair, and Liu Yushu's ferocious spirit will happen.

And Chen Feng changed his psychology more easily, Liu Yushu was completely played by Chen Feng in applause.

"Liu Yushu, right?"

Chen Feng looked at him and said lightly: "Now, let's lead the way!"

"Yes!"

Liu Yushu didn't say a word of nonsense, and directly led the way. [www.ElUsb.com](http://www.ElUsb.com)

He had already been made a little cautious by Chen Feng's repeated methods, and he didn't dare to play.

Beside, the true spirit of Zihuo looked at and shook his head, and muttered to himself: "My master is such a great character!"

Liu Yushu was walking in front, and Chen Feng and others followed.

While walking forward, Liu Yushu turned his head, and said to Chen Feng with a full face inviting credit: "Master Chen, since you are here, then you can definitely find the treasure of the Shadow Gang."

"But it's just a fake treasure."

"Oh? Fake?" Chen Feng raised his brow.

Liu Yushu said: "Or it can be said that the treasure is not fake, but used to deceive outsiders."

"Most of the shadow gang members, and even some of the elders of the gang members, think that there is only one treasure in the gang, but they don't know that the treasure is a fake treasure."

"In the most hidden place in the gang, there is also a real treasure hidden."

[Chapter 2840: Enter the treasure](#)

"This real treasure is only known to the gang leader and a few high-powered elders."

There was a greedy look on his face, and he said in an awe-inspiring tone: "In this true treasure, it is said that there is a great secret hidden in it. The strength of the people who get it is soaring, and the future achievements are limitless."

"Its value is more than ten times or even dozens of times that of fake treasures."

How did you know? "Chen Feng said lightly.

As soon as Liu Yushu heard this topic, a cold expression appeared on his face, and the corners of his mouth suddenly appeared, showing a trace of ferocious emotion.

Chen Feng was keenly aware of the change in his mood and glanced at him lightly, but did not speak, just waiting for him to speak.

Liu Yushu took a deep breath, then let it out again, and then said slowly:

"Because an elder knows where this true treasure is, and I happen to have a very close relationship with him."

Chen Feng nodded and did not ask any more.

Knowing that this is enough, I'm afraid that it will involve Liu Yushu's sore points, and Chen Feng does not need to ask again.

Soon, Liu Yushu took Chen Feng and others all the way through the halls and halls, and walked forward to the most central location of this huge house.

Here is a huge garden.

Along the way, Chen Feng and others also encountered some shadow gangs who were brave enough to take the opportunity to fish in troubled waters and rob treasures from here, but these people were easily dismissed by Chen Feng.

After arriving here, Ji Caixuan and Chen Ziyuan both let out a surprise, with shocked expressions on their faces.

It turned out that there was a small floating mountain inside, which should have been moved outside.

With a height of about several hundred meters, the entire floating mountain is carved into a triangular pagoda.

The surface is inlaid with gold and jade, which is extremely luxurious and shiny.

Liu Yushu pointed to the triangular pagoda above the sky: "Master Chen, this is the location of the treasure."

"The treasures on the bright side of the Shadow Gang are hidden here."

"And the ordinary Shadow Gang gangs, as well as those above Zihuo Town, think that the shadow gang's treasure house is here."

With a touch of sarcasm at the corner of his mouth: "Of course, I know this is just a lie!"

Chen Feng raised his eyebrows and asked: "From the time I killed the Shadow Gang leader to when I came here, the period of time is not too short. Why hasn't the treasure house been opened yet?"

Liu Yushu said: "Because this treasure house, although it is only on the surface, it is a fake treasure house, but after all there are many precious things in it."

"Besides, you always have to make a full set of plays, so the protection inside is also very tyrannical."

"Unless it is a powerhouse like the gang leader and the elders, the general powerhouse cannot be broken at all."

"That's it." Chen Feng nodded.

His figure flashed, he came directly to the front of the triangular pagoda, and then hit directly with a fierce punch.

With a loud bang, after Chen Feng's fist touched the surface of the triangular pagoda, there was a huge hum.

A faint golden color appeared on the surface of the triangular pagoda, like water waves.

Then, the water wave rippled violently, like a film with extremely strong elasticity.

With a bang, one bounce outward.

Suddenly, Chen Feng felt a powerful force pouring toward him.

That power, extraordinarily strong and majestic, feels no worse than his own power.

Chen Feng raised his eyebrows and smiled slightly: "There are still some ways!"

He roared: "Come on!"

Those fists were firmly nailed to the surface power of the triangular pagoda, wave after wave, rushing forward like ocean waves.

Boom boom boom boom, extremely powerful force, crazy bombardment on the surface of the triangular pagoda.

The golden water waves on the surface of the triangular pagoda kept oscillating and counterattacking, but Chen Feng couldn't help it.

The light of the golden water wave became dimmed, and the power of counterattack was weakened visible to the naked eye.

Finally, as Chen Feng yelled, "Go!"

With a loud bang, the golden water wave disappeared without a trace.

Then, the door of the triangular treasure house banged and was directly smashed by Chen Feng's fists.

Suddenly, a burst of jewel-like aura directly penetrated from the inside, and the extremely powerful aura of heaven and earth oozes from it.

After the following people smelled it, they all felt refreshed and extremely comfortable!

Liu Yushu saw his eyelids beating wildly below, and he felt fortunate: "Fortunately, I honestly didn't play any tricks for Chen Feng. Otherwise, if he really wanted to kill me with his strength, it would be just a matter of thought. That's it!"

Everyone also flew up, so they entered the triangular pagoda behind Chen Feng.

Once Chen Feng entered it, there was an illusion that time and space were changing.

He knew that he was entering another time and space at this time. Obviously, the inside of the triangular pagoda was sealing another time and space.

Chen Feng has experienced this feeling more than once, and he also knows why.

Only in this way can the space inside the triangular pagoda be much larger than it looks outside.

Soon, the front was back to normal again.

If Chen Feng had just walked out of the vortex at that time, he shook his head slightly. He looked around and saw that he was now in a very large space.

This space has a radius of tens of miles, it is extremely huge, and it looks like a square.

Looking up to the sky, I saw a huge hemispherical sky above the sky.

This sky curtain shrouded the entire space, and above the sky curtain, a faint dark light spilled down.

Among them, it seems that there are countless dark shadows shuttled through.

When Chen Feng came here, a very familiar feeling immediately surged.

But the next moment he understood that it was not that he had a familiar feeling, but that the shadow robe on his body had a familiar feeling!

An emotion called pleasure surged above the shadow robe, and a trace of shadow flashed on it, and then entered the sky, chasing and frolicking with those shadows.

A smile appeared at the corner of Chen Feng's mouth, and he was very happy when he saw Shadow Robe so happy.

Chen Feng even felt that a trace of power was spilled from the curtain of the sky and entered inside, allowing the power of the shadow robe to continue to recover.

Chen Feng whispered to himself: "If you can put the shadow robe here, you will be nourished by it every day, I'm afraid it will become more powerful."
