### [Chapter 291: God's eye trick! turn on!](#)

"After tomorrow, there will be news that you people want to go to Baiyang Town to \*\*\*\* Lingbao, but you end up with the Bai family. From then on, Baiyang Town will be the home of our Yang family."

A middle-aged man who looked three-pointers like him came over, glanced at him with relief, and smiled: "Feng'er, you are doing very well this time. The Yang family has an heir like you. I am very happy. rest assured."

It turned out that what happened today was entirely a conspiracy of the Yang family.

Among the two big families in Baiyang Town, the Bai family has always been more powerful than the Yang family. For hundreds of years, the Yang family had been held down by the Bai family. He was already very resentful and wanted to fight back, but he suffered from inferior strength and no chance.

Last time, the young master of the Bai family led many masters from the Bai family to the Great River City to purchase Po Mirror Pill. As a result, he was robbed on the way back, and not only the Yang family masters were killed and injured, but also the Pojing Pill that had been purchased with a lot of money was also snatched away.

The Bai family lost money and lost their masters. His vitality was greatly injured, and the Yang family found a chance.

At this moment, the forbidden area of the Bai family's back mountain, and the birth of Lingbao, originally this was a good opportunity for the Bai family to rise, but the news was stabbed out by the internal rape, but the Yang family got the news.

So Yang Xuefeng set up this poisonous strategy of killing two birds with one stone, spreading the news, attracting a large number of foreign masters into Baiyang Town, and then lure these foreign masters to fight with the Bai family, and then kill these foreign masters after destroying the Bai family.

The Patriarch of the Yang family and several elders have not shown up, because they sneaked into the forbidden area under the leadership of Nei Ying, first killed all the weak women and children of the Bai family here, and then laid an ambush here.

Once the foreign masters enter, they will be killed immediately. Afterwards, they can also claim to the public that these foreign masters are in conflict with the Bai family, and both lose out. Their Yang family does not have to bear any infamy.

This strategy is very vicious and effective, and now it seems that they did succeed.

Yang Xuefeng immediately ordered someone to find a way to fish out the Lingbao from the lava.

But they also overlooked one factor, that is Chen Feng.

The moment Chen Feng dropped the lava, he ran the golden body battle.

When Chen Feng cultivated the first layer of the Golden Body Art, the temperature reached more than 1,000 degrees, and the temperature of the lava was twice that, reaching more than 2,000.

As soon as he entered, Chen Feng felt intense heat and pain, making him almost screaming.

The silver light of the golden body decision has faded, and some parts have even disappeared completely. The skin and flesh and blood of those parts were instantly burnt.

"No, it can't go on like this. The temperature of the lava has reached more than two thousand degrees. It is beyond my ability to bear it now. It is even worse than the fierce flames. If I stay here for a quarter of an hour, I will be burned alive. ."

"The golden body will definitely not last long, and now the Yang family has many masters on it. There are only seven or eight masters in the gods, and I am not an opponent, so now there is only one choice."

A look of decisiveness flashed in Chen Feng's eyes.

He immediately took out the god-eye pill from the mustard bag. The god-eye pill was really amazing, and it was well preserved in the rolling lava. Chen Feng swallowed the god-eye pill in one bite.

The God Eye Pill melted, and Chen Feng only felt a cold air flow down his throat, and finally exploded in his belly.

This airflow is gentle and neutral, entering the meridians, and then he has nine orifice points in the liver meridian of the foot, Jueyin, and eighty-one cyclones, all running wildly.

Hunyuanqi Qigong Qi, which is cold and biting, sharp like a needle like a knife, surging crazily in the meridians, and this gentle airflow blends into it, neutralizing the sharp and sharp Qi. , At least made Chen Feng less painful.

This fused qi rushed directly to Chen Feng's brain and came to the position of his eyes.

At this time, Chen Feng entered an ethereal state, without me or him, and he completely forgot about the outside.

At this moment, a huge and dark space appeared before his eyes.

In this space, Chen Feng was able to sense a pair of his own eyes. At this time, these eyes were dim and lacking any vitality. With the arrival of this gentle air current, suddenly, a little light appeared in his left eye. At last, this little light turned into a beam of light that penetrated the entire eye.

First, there was one beam, then three beams, five beams, until finally his left eye was full of light. Then came the right eye again, and the same was true, and soon Chen Feng's eyes were filled with light.

Chen Feng discovered that even though his eyes were closed tightly at this time, there was a bright light in front of him, and in this light there was endless blood that could not be covered.

In this \*\*\*\* haziness, a large Asura statue stands tall, one after another, not knowing that it is tens of millions of feet high. Chen Feng felt that even the tallest mountain in the Aomori Mountains could not reach his toes.

Only four words can describe it.

When Chen Feng's eyes were full of light, inside him, an extremely deep acupuncture point that was originally hidden slowly appeared.

This acupuncture point is much larger than the other acupuncture points. This is the Tianyan orifice, which is usually hidden in the deepest part of the human body and only then emerges.

And everyone's eyes are in different positions, and it is impossible to judge oneself based on previous experience.

### [Chapter 292: breakthrough! The second floor!](#)

Therefore, you can only explore it yourself.

That's why there are so many people who have been trapped in the sky for so many years.

A huge amount of Gang Qi poured into the eyes of the sky, clearing the impurities in it, and fusing into a cyclone inside.

Nine cyclones also need to be condensed in the eyes of the sky, but each cyclone here, in terms of size, is several times more than the cyclones in the other acupuncture points.

During this process, Chen Feng felt that his eyes were extremely painful, as if he was about to be dug out alive.

Fortunately, he was used to enduring pain a long time ago, so he could still clen his teeth.

Chen Feng's qi rushed into the eyes of the sky, but soon, the qi was about to run out. At this time, the cyclones in his eyes had just condensed three.

Obviously, Chen Feng was unable to succeed.

And if the nine cyclones cannot be condensed, it means that the shocking sky's eye orifice has failed.

At this time, another huge and mighty air current gushed out of the God Eye Pill, and it came into the sky's eye orifice, once again condensing two cyclones.

But it is still four.

"No, I can't keep up with the amount of anger."

Chen Feng was secretly anxious. If he failed to attack the sky, not only would he have to stay in the first building for a long time, but he would not escape the disaster today.

He suddenly had an idea and thought that the place where he had dropped the lava just now seemed to be not very far from the spiritual treasure.

So Chen Feng stretched out his arms and swam in the direction of Lingbao based on memory.

The further he moved forward, the more aura he felt around his body, and Chen Feng was overjoyed, knowing that he was in the right direction.

He scratched his hands indiscriminately, and suddenly reached out and grabbed a small tree-like thing. Chen Feng was overjoyed, knowing that he had found the Lingbao, and then he dropped a few leaves from above and stuffed them directly into his mouth.

Like the entrance of a leaf carved from jade, an extremely large aura instantly poured into Chen Feng's meridians. Chen Feng was surprised to feel that the aura quickly transformed into gang qi, and once again condensed two in Chen Feng's heavenly eyes. A cyclone. Chen Feng was overjoyed and once again grabbed a few leaves and stuffed them into his mouth.

Finally, in the eyes of the sky, all nine cyclones were condensed and completed.

Chen Feng felt that there was a loud bang, and there seemed to be a door in his body that opened suddenly, his mind was empty, his whole body was extremely comfortable, and he felt like a fairy.

The pain in the eyes disappeared without a trace.

He slowly opened his eyes, and there was a flash of blue light in his eyes, it seemed that his eyes were full of blue light. But soon, the green light disappeared.

Chen Feng's eyes were still pitch black, but they seemed brighter and deeper.

At this time, the world had some slight changes in Chen Feng's eyes.

Above the crater, there was a hot wind blowing, but it seemed that the wind was slower than before. The stones in the crater were engraved with deep textures, which were all traces left by the years. Chen Feng looked vaguely before, but now at a glance, it seems that he can see every texture clearly. Bubbles are constantly pouring out of the hot lava, and Chen Feng seems to be able to see every movement made by the bubbles and even predict when they will burst.

Chen Feng took a deep breath. This feeling was so wonderful. In his eyes, the whole world seemed to slow down.

Chen Feng knew that this was the benefit brought by Awakening Tian's eyes.

It's not that the world has slowed down, but that his eyes are more capable of catching things. In his eyes, everyone else will become slower.

At this point, the eyes of the sky opened, and Chen Feng's first building was completed.

A huge amount of qi, gathered in his body, like a big river. At this time, in his body, the nine orifice points of the liver meridian of Foot Jueyin and all the cyclones in the orifice of Tianyan were all in motion, and the qi was unstoppable like the waves hitting the shore and poured into the kidney meridian of Foot Shaoyin.

The Foot Shaoyin Kidney Meridian is the meridian that needs to be opened up in the second floor. There are also nine orifice points on it, but there are eighteen cyclones that need to be condensed in each orifice point.

The acupoint corresponding to the kidney meridian of Foot Shaoyin is Tian Er Shenqiao.

Chen Feng was stepping into the second building at this time, and he was already a master of the second building in the gods.

Of course, at this time he broke through and entered the second building, but Hun Yuan Yi Qigong broke through and entered the second building. The Dragon Elephant Fighting Heaven Jue still stayed in the realm of the first building.

At this time, on the edge of the big pit, the Yang family was using a rope to select a few agile masters, and they were preparing to take the spirit treasures from a place close to the magma.

When they were halfway there, Yang Xuefeng, who was standing in the crater of the volcano, suddenly widened his eyes and shouted sharply, "What?"

It turned out that he had been staring at the movement of Lingbao, but he suddenly discovered that a hand was stretched out of the magma, and he randomly tore a few times on the treasure tree, tore off a lot of leaves, and then stuffed it. In his own mouth.

Seeing this scene, Yang Xuefeng felt very distressed.

He had already regarded this treasure tree as his own, and he couldn't allow others to get involved.

At this time, he also saw clearly that it turned out to be a person floating in the magma, not knowing whether it was alive or dead.

Yang Xuefeng grinned: "Whether you are dead or alive now, I will immediately make you a dead person."

He shouted: "Bowmen, shoot together."

"Yes."

### [Chapter 293: kill! kill! kill!](#)

Numerous crossbowmen responded, opened their crossbows and fired together, and countless crossbow arrows shot towards Chen Feng.

At this time, a long laugh came out.

A figure burst out from the magma, flew tens of meters, grabbed the rope hanging in the crater, and approached quickly.

And those crossbow arrows that shot at him all fell in the empty space.

Yang Xuefeng was shocked when he saw this scene, and shouted sharply: "Cut the rope, cut the rope!"

But it was too late. At this time, Chen Feng had reached a place less than ten meters away from the crater. With a light flick of his foot on the stone, he shot out like a sharp arrow. He was still in the air with a long knife in his hand. He was already out of the sheath and shouted sharply: "Yang Xuefeng, die!"

He broke through to the second building, and the power of the lightning strike has more than doubled?

That is to say, Chen Feng hasn't had time to practice right now, otherwise his Domineering Lightning Strike would definitely be able to raise another level.

With a slash of the Tyrant Thunder, there seemed to be a thunder in the sky. Yang Xuefeng was just an acquired master of the Nine Layers and couldn't resist it. He felt stiff and couldn't move at all, as if his whole body was tied up.

The strength gap is really too big.

In the face of Chen Feng's coercion, he could not resist at all, and was cut into two pieces by Chen Feng with a sharp knife.

"Feng'er!" Seeing this scene, the Yang Family Patriarch's eyes were torn apart, his eyes were blood-red and he stared at Chen Feng and screamed, "I'm going to kill you!"

Chen Feng said in a cold voice: "I am going to kill you! You Yang family used this kind of vicious ploy for your own selfish desires, not only ruining the Bai family, but also killing hundreds of masters. It is simply not punishable!"

The Patriarch of the Yang family has led six or seven masters of the gods to encircle Chen Feng. He sternly shouted: "Kill him."

Six or seven masters of the Divine Sect Realm simultaneously attacked Chen Feng. They all had the ambition to win. Although this young man was also a master of the Divine Sect realm, how could they be the opponent of the team of six or seven?

Chen Feng screamed and cut out with a violent thunder.

Kuang Lei Slash is a range attack, so it is more suitable for the battle at this time.

If it was the previous Chen Feng, this move would not be able to push back the masters of the gods, because of the range attack, the sure strength would be reduced. At this time, Chen Feng broke through the second floor of the Divine Sect Realm, and the power of Kuang Lei Slash was increased by at least three times, pushing these Divine Sect masters back with one move.

Then Chen Feng was another lightning strike.

The Patriarch of the Yang family screamed and swung his knife to resist. When the two knives collided, his knife was directly knocked into the air, and the bones of both arms were shattered.

Then Chen Feng's long knife took the opportunity to cut him in the middle.

Seeing this scene, the other masters of the Divine Sect Jingjing all felt great fear.

The Yang Family Patriarch, who was also the pinnacle of the highest building in the Divine Sect Realm, was easily beheaded by this young man.

At this time, the outer crossbowmen madly fired at Chen Feng. Chen Feng ran his golden body, and the silver-white light flashed on his body. Dozens of crossbow arrows shot on him, but they couldn't go deep, and some were even destroyed. fly.

Chen Feng was covered with blood at this time, looking extremely terrible, like a demon god.

With a stern smile on his face, he swung his knife into these Yang elders.

When Chen Feng was in the first building of the Divine Sect Realm, he could kill a master of the same level. What's more, he is now the second one?

These Yang patriarchs are always under his hands, and none of them is the enemy of One He.

When the three crossbow arrows came, Chen Feng did not dodge, raising his left arm to resist forcibly. One of the three crossbow arrows scraped out a blood groove on his body, and then flew to the other side, and the other two nailed him. On the arm, but it didn't cause much impact.

He braced the three crossbow arrows, slashed the head of an elder Yang with a stab, then made a vague step under his feet, dodge the attack of an elder Yang behind him, turned around with a knife, and cut the opponent directly into two.

Like a \*\*\*\* demon, Chen Feng killed all the Yang elders in less than a cup of tea.

And those outside crossbowmen who saw this scene yelled with extreme horror, threw down their crossbows and wanted to escape, but how could they escape?

Chen Feng chased him up, killing him with one knife.

What he cultivated is the Dao of Asura, which is meant to be gratitude and enmity, fierce and fierce.

Chen Feng wanted to kill them, so he did.

Looking at the corpses all over the floor, Chen Feng also felt a sense of depression and desolation.

He sighed softly. Take the treasure tree out of the mustard bag.

This precious tree had an orange-yellow fruit with 36 emerald-like green leaves on it. Chen Feng had eaten ten of them, and now only 26 are left.

Chen Feng put it in a jade box and carefully put it away.

He didn't know the name of this treasure tree, but it was extraordinary.

Then Chen Feng searched the Yang Family Patriarch and the others, and found a total of seven mustard bags. At first sight, there was no benefit. He pushed all the bodies into the volcanic crater and completely eliminated the traces here, then turned around and floated. go away.

Five days later, a forest near the Great River City.

Chen Feng jumped up in the air and cut three times in succession!

Three swords, all of them are lightning strikes.

[Chapter 294: Dominate the lightning, first glimpse the way!](#)

In front of him, a rock as huge as a small hill was cut into two pieces by him with the first cut. It was cut into four pieces by the second knife, and then cut into eight pieces by the third knife.

After the three knives were cut, a small current flowed up and down the stone, turning the surface of the stone into black. There were even a few stones that were already very brittle, which were directly broken into pieces by the lightning.

Chen Feng dropped down and sighed slightly.

"The Thunder Tyrant Knife is really powerful, my second move Tyrant Strike, I have a first glimpse of the way, and can cut three knives one after another."

Kuang Lei Slash is a range attack, while Tyrant Strike is a highly condensed attack.

With the lightning strike, the power of each knife can be accumulated. After three knives are cut, it is equivalent to an attack of three times the strength, which can use the power of this knife to 300%.

And after you have achieved great success, you can even cut nine knives one after another, and the nine knives accumulate, which is equivalent to a move with nine times the power, extremely terrifying!

Of course, Tyrant Lightning Strike also consumes extremely gang energy. Chen Feng estimated that with his current strength, if he really wanted to cut out the Dacheng Realm Land Tyrant Lightning Strike, he would have to use up all his gang energy with one move.

And now, after cutting out these three knives, Chen Feng has consumed one-third of his qi.

A smile appeared at the corner of Chen Feng's mouth: "My move to dominate lightning strikes has not only increased its power several times than before, but also, due to the three cuts, the currents converge, resulting in the formation of a power grid after the cut, which is not only hard. The person receiving the knife will be paralyzed, even the people in the area next to him will be paralyzed."

"This range is about three feet in diameter. In other words, although the sword is highly condensed, the effect of paralysis has become a range attack."

"This effect is terrible."

Then, Chen Feng used his ethereal steps again.

In the past few days, Chen Feng has been training hard in the mountains around the Great River City. Because he broke through the second building, his strength has improved a lot, and his various martial arts have also improved rapidly.

He stood at the corner of the cliff, standing with his back on his back, pacing slowly, looking very leisurely.

A kumquat tree grows on the edge of the cliff. It is autumn, and the kumquat is as brilliant as gold, but the distance from the kumquat tree is four meters away from Chen Feng. Chen Feng suddenly flashed, then appeared under the tree, then gently picked a kumquat and put it in his mouth.

The sweet and sour taste bloomed in his mouth, and he smiled slightly, revealing the confidence that everything is under control.

Misty steps have also stepped into the realm of Xiaocheng, and can span a distance of three meters in one step!

Then, Chen Feng began to run Hunyuan Yi Qigong again, showing his golden fingers.

Hun Yuan Yi Qigong's huge Gang Qi gushed out, and Chen Feng's fingers instantly turned into an extremely thick snow-white color, with a touch of blue in it, which was deeper than the previous white.

Dongjin broken jade fingers are only divided into two realms, the first is Dongjin. The realm of Dongjin is: light gold, gold, and thick gold. The second is broken jade. The realm of broken jade is also divided into three parts, in order: white jade, sapphire, and purple jade.

Chen Feng has basically stepped into the realm of sapphire.

He took out the crossbow arrows of the people in black that he had collected a few days ago from the mustard bag. The hardness of this kind of crossbow arrows is three times that of ordinary steel. Chen Feng stretched out his hand, and a full foot deep hole appeared on the crossbow arrows.

Chen Feng was very satisfied with the power of the broken jade fingers.

After practicing for five days, Chen Feng quickly left and headed towards Changhe City.

Soon, Chen Feng came to the door of Xie's auction house.

Today is the date when Sun Hua told him that there is a batch of drugs that can repair spirits.

Chen Feng rushed over directly.

When he arrived at the door of Xie's auction house, Chen Feng was about to enter the auction house, when suddenly a group of people came across.

One of them was a man and a woman, very young, and they were surrounded by a group of guards.

Beside this man and woman, there was an old man standing.

When the woman saw Chen Feng, a flash of sorrow flashed across her face, and then a flash of triumph and viciousness flashed across her face. He leaned in the ear of the man and said a few words, and he tugged his sleeves to act like a baby. The man frowned and looked at Chen Feng's side, and then walked towards him.

He walked over, waved his hand at the guards, and then many guards surrounded Chen Feng in a circle, with swords unsheathed, murderous.

Chen Feng calmly looked around and slowly said, "This son, do I know you? What can I do?"

The young man walked up to Chen Feng, his chin raised slightly, his face full of arrogance: "Your name is Chen Feng, right? Tell you, your little master's surname is Xie, and his name is Xie Mingchang. He is a member of the Xie family, and he is also the Changhe City Xie. The owner of the auction house."

"Oh, is it so?"

Chen Feng said lightly: "But what does that have to do with me?"

Xie Mingchang glanced at the woman, pointed at her, and said faintly: "Jing'er told me that you used to be disrespectful to her in the past, and you did something to her, boy, are you tired of your life? ?"

Chen Feng looked at the woman named Jinger, with a disdainful smile on his lips.

[Chapter 295: Kill with a punch!](#)

Sure enough, this woman is really making a ghost behind her back, and she is really strong in revenge, and she was concerned about such a small matter.

Chen Feng said lightly, "Oh, what Jinger you are talking about, I only met her once. I remember well, that time, she was still working as a maid at the Xie's auction house, and I went to the auction house now. Something, she thought I was a poor boy, and she was very disdainful of me. As a result, the things I took out were extremely expensive, and she posted them again after she saw it..."

Chen Feng deliberately glanced at Jinger's chest, and then showed a sneer on his face, jokingly said: "Master Xie, to be honest, Jinger's chest feels really good! It's a pity, You don't know how many people have touched this kind of watery woman before, I advise you, can you touch it less or less."

Jinger was exposed to the scandal in public, her face flushed, panic and fear, her voice was sharp, and she shouted: "You bullshit, fart!"

Some of the guards around made a low grin.

"Laugh a fart!" Xie Ming's eyes were red, and he glanced around in the crowd, and suddenly everyone was afraid to laugh. *nOvElU**s**.coM*

Xie Mingchang glared at Chen Feng: "Little bastard, do you dare to instigate my relationship with Jinger? Tell you, it's useless to instigate. Now you have only one choice, which is to kneel in front of Jinger, knock a hundred beeps, and beg her Forgive you."

A cold light flashed in Chen Feng's eyes and said coldly, "What if I don't?"

"No? Do you dare to say no?"

Xie Mingchang stared at him with widened eyes, as if he felt what a funny thing had happened. He said in disbelief: "You dare to say no to what I Xie Mingchang ordered you to do? Who gave you such courage? Tell me. If you dare to say a 'no', I will kill you here immediately today!"

Chen Feng said coldly, "Really? This is Daqin, Changhe City. Daqin has its own laws to kill people on the streets in the city. Do you think you are a member of the Xie family, so you can act recklessly?"

"Hahahaha, where did the soil buns come from?"

Xie Mingchang let out a triumphant laugh, and said to the guards around him: "Listen, you listen, it's really interesting, why do you still reason with me?"

He changed his expression and said with a grinning smile at Chen Feng: "I have a good relationship with the lord of the city. In this Long River City, you can do whatever you want and do whatever you want. Who dares to care about me? Tell you, I will be here today. Kill, no one will do to me!"

"Say! Are you kowtow?" He said impatiently.

Chen Feng slowly straightened his waist, looked at him without showing any weakness, and said lightly: "Bring your horse here, good boy, this is what you asked for, don't say you were wronged on Huangquan Road."

Xie Mingchang laughed wildly and shouted: "Xie An, try his weight."

"Yes."

A guard responded and strode out.

"I'm Xie An from the Xie family." Xie An glanced at Chen Feng, with a hideous look on his face: "Dare to offend our son, you are dead, don't worry, I won't let you die safely. ."

"I am a good man, I am good at dividing muscles and bones. I will definitely remove every bone in your body, and every tendon will be torn off for you, but it happens that you can't die, and you will suffer before you die. pain."

Chen Feng was expressionless, and said, "If you want to fight, what do you do with so much nonsense?"

"Good! Since you are eager to die, then I will fulfill you!"

Xie An cursed fiercely, then rubbed his body and rushed forward, and his palms hit Chen Feng heavily.

There was a hint of sarcasm in Chen Feng's eyes, Xie An's strength was only the peak of the Nine Layers of the acquired, such a person was not even worthy of his sword.

Chen Feng just gave a punch lightly.

He only used 30% of his power, but even this 30% of power was not something Xie An could resist.

Chen Feng's fist collided with Xie An's. Chen Feng didn't move. Xie An let out a scream, trembling violently, spurting blood, flew out, and fell heavily to the ground.

He bleeds from seven orifices and died directly.

Seeing this scene, everyone was shocked, the scene was silent, and everyone's eyes fell on Chen Feng. No one expected that this unremarkable young man would be so powerful.

Xie An was a good guard beside Xie Mingchang, but he was shocked to death by his punch.

A look of surprise flashed in the eyes of the old man next to Xie Mingchang, and he said faintly: "It seems that he should not have done his best. One ship shook Xie An to death. His strength should be in the first building of the gods."

Xie Mingchang immediately asked, "Then, Mr. Zhang? Can you deal with him?"

### [Chapter 296: Who is the waste?](#)

The old man Zhang Lao smiled proudly, and said lightly: "To deal with him, you can grab it with your hands, and you can only use one move at most. The old man is the strong man in the second floor of the gods."

"Shenmen, the gap between the realms is irreparable, extremely huge."

Xie Mingchang said: "Okay, then I will bother Mr. Zhang."

Zhang Lao smiled faintly, glanced at Chen Feng squintly, and said, "Master, if you look carefully, this is it. The old man will definitely vent your anger."

Speaking of him, he walked up to Chen Feng and said with disdain: "Boy, don't think that you have defeated an acquired Jiuzhong waste, how proud they are. They are waste. You are just a relatively strong waste in front of me. Recruitment can destroy you, believe it or not?"

Chen Feng slowly shook his head: "I don't believe it."

"What a crazy boy, today the old man abolished your cultivation base!"

Zhang Lao gave a cold cry, and slowly slapped Chen Feng.

This palm seems to be slow, but in fact it is extremely fast, and the qi is huge, like a ring, which surrounds Chen Feng in the middle, so that he has nowhere to escape, up and down, all around, seem to be given by the qi. around.

Elder Zhang smiled triumphantly: "Boy, have a taste of my all around!"

"You should kneel down and beg for mercy now, otherwise, the qi on all sides will gradually approach the middle, slowly pinching you, and turning you into a pool of fleshy mud. It's like a huge wall on four sides, so you can't resist it at all! "

"You are only the first floor of the gods, how could it be my opponent?"

"is it?"

Chen Feng let out a long laugh: "I will break it all by myself!"

As he said, his right index finger turned into a blue and white color, like a blue and white jade, and his finger gently pointed forward.

Shouted: "Broken!"

The seemingly majestic qi in all directions was directly pointed by the sharp hole gold and jade, and a big hole was poked. Chen Feng easily broke through the qi in all directions. With a wrong step, he moved with a misty step, and instantly crossed Within a few meters, he has come to Elder Zhang.

Then he moved his finger forward slightly.

With just a single tap, the golden and broken jade fingers easily broke through Elder Zhang's protective gas. Elder Zhang had no time to fight back, so he could only flash sideways and try to get away from the vital points.*novelusb.com*

The sharp \*\*\*\* directly pierced a blood hole in his left shoulder, and blood spurted out.

Elder Zhang was shocked and then retired, horrified in his heart, and shouted in shock: "Little bastard, you, you are not the first building in the Divine Sect Realm."

A hint of sarcasm appeared at the corner of Chen Feng's mouth, and he smiled faintly: "When did I say that I was the first building in the Divine Sect Realm?"

He gained power and did not forgive, the long sword was out of the sheath, and he slashed out fiercely. Elder Zhang hurriedly resisted, his palms blasted out, and a ball of qi gushing out, directly hitting Chen Feng's long sword.

Chen Feng slashed with a long knife, without stopping, the mass of qi was directly broken into pieces by him, and then hit Elder Zhang's hands heavily.

Elder Zhang screamed, his palms had been cut off, and blood spurted out from his wrists.

He was extremely painful, and even more frightened in his heart. All his kung fu was above both palms. At this time, both palms were cut, which was equivalent to being abolished, and there was no more power to fight back in front of Chen Feng.

At this time he was very afraid that Chen Feng would kill him with a single blow.

But what he didn't expect was that Chen Feng's long knife suddenly stopped, put it on his neck, and asked faintly: "Who is the waste?"

Although the sharp long knife is still one or two centimeters away from the neck, the hairs on the neck that have been irritated by the cold are all standing upright. Elder Zhang, regardless of the pain in his hands, yelled: "It's me. , It's me, I'm a trash!"

There was already a cry in his voice: "Chen Feng, you spare me, I will never dare anymore."

Chen Feng snorted disdainfully: "Trash."

His gaze slowly swept across Xie Mingchang's many guards. These people who were still laughing at him loudly just now and were extremely disdainful of him. At this time, their faces were full of fear and shock. As soon as they came into contact with Chen Feng's gaze , All of them quickly lowered their heads, and didn't even dare to look at him.

Chen Feng walked slowly to Xie Mingchang.

Xie Mingchang was only the cultivation base of the Ninth Layer of the day after tomorrow. At this time, I saw that even the strong elder Zhang of the second floor of the Divine Sect Realm was also destroyed by Chen Feng. He was extremely afraid in his heart. The guard shouted sharply: "Are you all stupid? Hurry up and block him for Lao Tzu!"

But those guards are not stupid, knowing that blocking Chen Feng is to die, one by one hesitated in place, but none of them dared to step forward.

Chen Feng walked up to Xie Ming Chang, Xie Ming was extremely afraid, but his mouth was still holding on: "Chen Feng, you can't kill me, you don't dare to kill me, I am from the Xie family! I am from the Xie family. The supreme host of the Great River City auction house, dare you kill me, the Xie family will not let you go."

"The gods of the Xie family don't know how much, if you dare to kill me, they will chase you to the end of the world!"

#### [Chapter 297: Kneel down and beg for mercy](#)

"Really?" A fierce smile appeared at the corner of Chen Feng's mouth. The long knife suddenly pointed forward and said faintly: "I killed you, but it's the current thing. Even if the Xie family sends someone to chase me down, you won't know. ."

"Because of you, I will die today!"

Xie Mingchang felt Chen Feng's undisguised killing intent, which made him extremely frightened. His legs were so frightened that he knelt directly on the ground. He had no doubt that Chen Feng was definitely not a threat. He, but really wanted to kill him.

He no longer dared to speak hard, knelt on the ground repeatedly, begging for mercy: "Chen Feng, Chen Feng, you don't kill me, you don't kill me, take back those words, I apologize to you, you don't kill me, I will never dare to do this again!"

Chen Feng handed the long knife three inches forward with a cold expression: "If you say something, the splashed water cannot be recovered."

Xie Mingchang was terrified to the extreme, and none of his guards dared to step forward.

Xie Ming's long legs were hot, and he was already scared to pee.

Suddenly he grabbed Jinger beside him and pushed it in front of Chen Feng with a grim look and sternly shouted: "It's all to blame for her. It's this \*\*\*\* who instigated her. If not, I wouldn't be like this. Chen Feng, you kill She, spare me."

A thick contempt flashed across Chen Feng's face, and he sneered: "It's really daring trash."

"Yes, I'm not brave, I'm crappy, don't be like me." Xie Mingchang begged.

Chen Feng didn't believe his nonsense at all. Instead, he sensed a trace of danger. Xie Ming was able to bend and stretch. He would definitely have to retaliate afterwards, and leaving him is bound to be trouble.

The murderous in Chen Feng's eyes was more serious, and he was about to take Xie Ming's life with a single stab. Suddenly a shout came from behind: "Chen Feng, please stop."

The voice was very familiar, and Chen Feng looked sideways and saw Xie Dongshan hurriedly coming.

He stepped closer and smiled bitterly: "Brother Chen, what's wrong?"

Chen Feng pointed to Xie Mingchang, and said lightly: "You ask him."

Xie Dongshan didn't need to think too much, he could already guess what was going on.

He looked at Chen Feng and his voice was almost pleading: "Brother Chen, he is a direct line of our Xie family, a very important junior. Can you give my brother a face today and spare him his life?"

"I must remember this favor. Moreover, if he is going to die, he will surely cause an uproar in Xie's house, and someone will definitely chase you."

Chen Feng took a deep breath, put the knife into its sheath, and said lightly: "Okay, I'll give you a face and spare him today."

As he said, he looked at Xie Mingchang and shouted sharply: "Don't get out of here!"

Xie Ming was as long as he was amnesty, and left quickly surrounded by a group of guards.

Chen Feng and Xie Dongshan entered a side room of the auction house and sat separately. Xie Dongshan smiled and said, "Brother Chen, thank you very much."

Chen Feng frowned and said faintly: "It is okay to give my brother a face, but I am a little worried. Xie Mingchang is not the one who can swallow this breath. He must be thinking about revenge afterwards."

Xie Dongshan looked at him with a mysterious expression, lowered his voice, and said, "You want to kill Xie Mingchang, right?"

Looking at his look, Chen Feng raised his eyebrows slightly, and said in surprise: "Looking at what you mean, I think Xie Mingchang is dead? Then why did you stop me to kill him?"

Xie Dongshan gave a wry smile and said, "Brother Chen, do you remember the last time I told you?"

Chen Feng nodded and said thoughtfully: "You mean that the person who came to pick the peaches is Xie Mingchang, right?"

"Yes."

Xie Dongshan's eyes flashed fiercely and harshly: "He is the man who wants to come to Great River City to pick peaches and take advantage of it. Moreover, after he came to Great River City, he was acting wildly, making troubles and causing many things."

"But no matter what, I came to Great River City first, and he came later. If something happens to him, I will be responsible for it, and the elders in the family might think it was me who did it, so he must not die. Here, at least it is not obvious that you were killed in Long River City. Especially, you are still someone I know."

Chen Feng keenly caught the meaning of his words and said lightly: "Then what you mean is that it's okay to kill secretly, right?"

Xie Dongshan laughed, "Brother Chen, I didn't say anything."

"correct."

Xie Dongshan asked, "Brother Chen, what do you want to buy this time?"

Chen Feng said: "I heard that in the past few days, there are medicinal materials for repairing spirits at Xie's auction house. I don't know if it is?"

Hearing what he said, Xie Dongshan showed a trace of embarrassment on his face, and asked, "Which medicinal materials do you want?"

"Yes." Chen Feng nodded.

"but....."

When Xie Dongshan talked about this, he hesitated very much and said, "The medicinal materials have already been ordered by Master Ge Dan."

"Master Gedan? It is Master Gedan who was invited by the city lord to refine Boundary Pill for him, right?"

## [Chapter 298: Young Master Xie](#)

"Yes." Xie Dongshan nodded: "Master Ge Dan learned that our auction house has a batch of medicinal materials that can repair the soul, and he called for a message and ordered all these medicinal materials."

There was a trace of anger on his face: "Originally, this was a batch of heavy goods to be auctioned, but in the end, he asked for everything. We are also very angry, but like this kind of alchemist, we are really powerful. I don't dare to offend, and I can't help it."

These pharmacists are too powerful.

Hearing this, Chen Feng was very disappointed and asked, "Is there no way?"

Xie Dongshan was about to speak when suddenly a clear and sweet voice came: "If you really want it, it is not impossible, but you have to do something for me."

"Who?" Chen Feng stood up suddenly.

Turned out from behind the screen in the living room, a man in his twenties, with fair-faced and very handsome, was looking at Chen Feng with a smile.

Chen Feng shouted out: "It's you? Are you not dead?"

This is the handsome young man he met in Baiyang Town.

He didn't see the second living person in the Forbidden Area of Bai's Hou Mountain that day, and thought they both died there too.

"Yes, it's me. As soon as Baiyang Town stays away for a few days, don't you recognize it?"

The young man said with a smile.

He joked to Chen Feng: "As soon as we meet, it is very rude to ask me why I am not dead."

Chen Feng looked at her carefully, this young man...no, it should be said that this young woman.

Because although her appearance at this time was the same as when she was in Baiyang Town, the Adam's apple on her neck had disappeared, and she was completely a very beautiful woman.

Xie Dongshan asked in surprise: "You two have met before?"

The woman smiled slightly and said faintly: "I have a relationship in Baiyang Town. I know the identity of Chen Feng, but he probably doesn't know me yet."

Chen Feng had vaguely guessed her identity.

Sure enough, Xie Dongshan introduced: "Brother Chen, this is our Young Master Xie, Xie Zhuxin."

Xie Zhuxin smiled and said, "Chen Feng, I have heard Xie Dongshan talk a lot about you."**nOv&lu&B.com**

Chen Feng said lightly: "Don't dare to be."

Xie Zhuxin winked at Xie Dongshan, and Xie Dongshan wittily said goodbye and retired first, leaving only Chen Feng in the living room.

Xie Zhuxin sat next to Chen Feng and smiled slightly: "Master Chen, don't be restrained, sit down."

Chen Feng sat down slowly and said, "Thank you girl, you can just say anything."

He was vaguely unhappy, and he felt like being calculated.

Xie Zhuxin smiled and said, "I can really guess what you are thinking in general? Chen Gongzi, don't worry, I will tell you the whole story."

Xie Zhuxin said: "You heard Xie Dongshan say that I am the young master of the Xie family. You should think that I am very powerful and will have great power. In fact, it is not like this at all. As a large family, the Xie family is fighting for power internally. Li is very powerful. My father has no sons, so he helped me become the heir early and made me the young master of the Xie family. But because I am a daughter, there are many people in the Xie family, so I am not convinced at all."

"Originally, my father was strong and could easily suppress them. No one dared to object. However, in the past six months, my father's health has gone from bad to worse, and I don't know how long it will last. Some people have become dishonest."

"For example, Xie Mingchang."

Speaking of Xie Mingchang, a murderous intent flashed in her eyes, and she said lightly: "He is also from a direct lineage, and he is still my cousin. He is also qualified to inherit the family business, and the ranking is very high, so this time, he is competing for heirs. In this matter, he bounced very happily and made many things."

"But it's a pity that he still doesn't know that the heir is absolutely impossible to have his share, but he is only the Nine Layers of the day after tomorrow. After so many years of training, the family has given so many resources to reach this state. It is simply a waste."

A trace of contempt flashed in Xie Zhuxin's eyes: "Unfortunately, he doesn't know it himself, and he is still complacent, but he does not know that he has been used by someone in the family who is truly capable of competing."

Xie Zhuxin looked at Chen Feng and said lightly: "That person, named Xie Mingtang, is the cousin of my uncle's family. He is less than 30 years old. He is already a master at the peak of the third building in the Divine Sect Realm, among the younger generation of the family. , The strongest."

"In my eyes, Xie Mingchang is a little bug, jumping up and down, but this little bug is really annoying. It makes me unable to concentrate on dealing with Xie Mingtang. Moreover, although Xie Mingchang is a clown, he is there. Xie Mingtang can arrange it calmly behind his back without having to do it himself. If he has anything, Mr. Xie will speak for him."

Chen Feng continued, "So, Xie Mingchang must die, right?"

Xie Zhuxin smiled and said, "Yes, Master Chen, you are very smart."

"I came to Great River City this time for two purposes. One was to win over Xie Dongshan to get him to support me. He is now among all the outside managers of the Xie family, and he can be regarded as the number one person and very appealing. The second is The goal is to get rid of Xie Mingchang."

"On the way to Long River City, I passed through Baiyang Town. I heard the news and went in and participated in it. But when you were fighting with the Bai family, I quietly left, but I didn't expect that I would meet Young Master Chen. , It is also a coincidence."

### [Chapter 299: I promise you](#)

Xie Zhuxin smiled and said, "Didn't you just say that you want a batch of medicine to repair the soul? No problem, I can give it to you, even if it has been promised to Master Ge Dan, I can also draw a part, but I hope you do me a favor."

Her voice was cold and stern: "Kill Xie Mingchang!"

Chen Feng did not immediately agree. He thought for a while and asked cautiously: "You obviously have a powerful master by your side, why not let him do it!"

Xie Zhuxin smiled bitterly: "It's not that I don't want to, but I can't!"

"On my side, the masters who can mobilize the third floor of the Godsmen Realm are good, but all the masters on my side are registered in the Xie family. They all know the details, so they are all watched very closely. They can't use it. And, once they find out, they will suspect me, so..."

She didn't say anything, but Chen Feng already knew what she meant.

Chen Feng agreed very simply and neatly: "Okay, I promise you to help you kill Xie Mingchang."

In order for Ziyue to condense the spirit body, he was willing to take the risk, in fact, this is not just a matter of condensing the spirit body. Ziyue also told him that she has appeared too many times recently, and this is very energy-consuming. If there is no medicine to repair the soul, even if she can't even support the current situation for long, it is likely to dissipate. , The soul is destroyed.

Therefore, Chen Feng is determined to get these drugs.

Chen Feng asked: "Today I have dealt with Xie Mingchang. There is only one elder in the second floor of the Divine Sect Realm who has his hands severed by me. It is basically a waste. Besides, he is still around him. Is there a master?"

Xie Zhuxin nodded and said with a solemn expression: "Don't be careless. The strongest next to Chief Xie Ming is the elder of the third floor of the Divine Sect Realm. However, he has something to do today and wants to visit the City Lord's Mansion, so he couldn't follow him. Next to Xie Mingchang."

"An elder in the third floor of the Divine Sect Realm, right?"

A slight smile appeared at the corner of Chen Feng's mouth: "Okay, I promised to come down. At this time tomorrow, I will meet you with his head."

After speaking, turn around to leave.

Xie Zhuxin hurried to catch up with him, and exhorted: "Don't be careless, that elder has been in the third floor of the Divine Door Realm for ten years, and his strength is very powerful, and he may even break through the fourth floor at any time. "

Chen Feng turned around and said with a smile, "Are you caring about me?"

"Bah!" A flush flashed across Xie Zhuxin's face, and she became angry and said: "Who cares about you? I'm just afraid that you are dead and can't get the head and missed my big business."

Chen Feng hurriedly smiled: "Okay, don't worry, I won't be careless."

Chen Feng left the Xie's auction house and entered a dark alley. When he came out of the alley, he had completely changed into a middle-aged man in his forties, slightly rickety. He looked vicissitudes of life, his face was unshaven, and his face was decadent, looking very inconspicuous.

It's like countless middle-aged men in the Great River City who are depressed, but shoulder the heavy responsibility of raising their families.

Chen Feng also deliberately suppressed his strength to the level of the acquired triple level. Such strength is not bad among ordinary people. It is enough to make many punks and rascals dare not provoke them, but they will never be regarded by big people. .

This is the safest state of strength, which is neither troublesome nor noticeable.

With Xie Mingchang's arrogance and domineering degree, of course it is very eye-catching, and many of his secrets cannot be called secrets.

Chen Feng asked about his residence in the city, and found an inn next to his residence in the city.

Chen Feng's room, leaning on the inside, opened the window to see some conditions of Xie Mingchang's residence.

He leaned against the window, quietly observing this huge mansion.

At this time, Xie Mingchang was furious in a place where Chen Feng could not see.

In the living room, he smashed all the precious furnishings that he could see on his hand to the ground, smashed to pieces, still not deflated, and stepped on his feet.

He smashed the table in front of him with both hands frantically, yelling furiously: "Chen Feng, Chen Feng! I must take your life! You dare to let me suffer such a humiliation, I must break your body into pieces, Ling Chi live Go, let you die in pain."

His voice was extremely vicious, and he obviously hated Chen Feng to the extreme.

Elder Zhang knelt under the hall, his hands were bandaged, but blood was still leaking outside.

He trembled, kowtow one after another: "Master, I am incompetent."

"Of course you are incompetent!"

Xie Mingchang roared fiercely, took the stool beside him, and slammed it towards him, directly on him.

Although Elder Zhang had his hands abolished, his strength was still there and he could dodge it completely, but he did not dare to dodge, allowing the chair to smash on his body and break into pieces.

An old man in a red robe standing nearby frowned slightly when he saw this scene.

"The young master sent me to protect Xie Mingchang. I really don't know if this decision was right or wrong."

"The young master is wise, but this time I am afraid that I have misunderstood the person. Xie Mingchang's waste is not enough to fail. It is a shame to put me by his side to protect him. Sometimes I can't wait to kill him. "

The old man thought to himself.

### [Chapter 300: sneak into](#)

The old man's name was Xie Yinghao, the elder of the Xie family's elder generation, and he should be Xie Mingtang's uncle generation. It's a pity that he came from a side branch of the family and doesn't have any inheritance rights. Like this kind of side branch of the family, it must be attached to the main line of the family. Xie Yinghao's collateral line has always been attached to Xie Mingtang's line.

He now works for Xie Mingtang and is ordered to protect Xie Mingchang.

A master of the third floor of the Divine Sect Realm to protect such a waste made him feel very uncomfortable, but he couldn't help it.

He really couldn't stand it anymore, and said lightly: "Master, don't lose your temper anymore, that Chen Feng offended you, I will kill him."

"Really?" Xie Ming's eyes lit up and he smiled: "Okay, then please elder Xie."

Xie Yinghao nodded slightly, not speaking.

In the evening, a gorgeously dressed middle-aged man staggered out of the Xie Mansion.

Those who saw him greeted him respectfully.

And this gorgeously-dressed middle-aged man is indifferent.

He arrogantly left the Xie Mansion, came to the door of a small courtyard not far from here, and knocked gently on the door.

With a creak, the courtyard door was opened.

The expression on the middle-aged man's face immediately became squinted, and he smiled: "My dear, I'm here."

But when he saw the situation in the yard clearly, his face changed drastically, showing an expression of extreme panic and fear.

The original hostess of this yard was now tied to a chair by Wuhuada, with a rag in her mouth, unable to move, her eyes widened, showing a look of horror.

And beside the pressure, there was a middle-aged man who was quite vicissitudes of life standing, looking at himself with a full face at this time.

This middle-aged man in Chinese clothes is the third manager of the Xie Mansion, and this woman is the outer room he raised outside.

Chen Feng circled around Xie's Mansion and sat in the surrounding restaurants. He heard a lot about Xie's Mansion in his ears and inquired about it easily. He also knew that the third manager of the Xie Mansion would come here for the night every night, because his wife was in the Xie's headquarters in Baishi City and was not here.

So Chen Feng grabbed it and waited here early.

Xie Mansion was in charge of things, his face was full of horror, but he still insisted on being hard-headed, and shouted in a low voice: "Who are you? What are you going to do? Do you know who I am? Do you know what I am going to do if I offend?"

Extremely lustful.

When Chen Feng made a mistake, he suddenly straddled half the distance of the yard and came to him, and then stretched out his hand to grab his neck.

Chen Feng exudes a huge aura that makes him irresistible. Feeling this aura, Xie Fu Sanguan's whole body trembled. He has no doubt that the powerful middle-aged man in front of him will be killed as long as he exerts a little force. Mourning spring.

Chen Feng said lightly: "I don't want to kill the innocent, so don't force me."

"Now, as long as you answer some of my questions, I can let you go, and her, to ensure that you two are safe and sound, if not..."

Xie Fu San Guan said in extreme horror: "I said, I said."

After a quarter of an hour, Chen Feng left the yard. The third officer of the Xie Mansion had already told Chen Feng everything he knew, including the information about Xie Yinghao, the old man Xie, and his daily habits of residence, etc. A lot of information from Xie Mingchang.

Of course, the layout of Xiefu is indispensable.

Chen Feng didn't kill them, but just sealed the meridians and threw them in the basement of the yard.

These sealed meridians will naturally be unlocked tomorrow morning.

Chen Feng is not a murderer of innocent people.

The night was already deep, and under the high wall of the Xie family, a black figure was crawling there.

He spotted an opportunity, and with a light leap, he jumped over the two-foot-high wall, and then landed gently, like a fallen leaf, without making any sound.

Practicing the misty steps not only allowed Chen Feng to increase his instantaneous movement speed, but also his body shape was very brisk.

After entering Xie's Mansion, Chen Feng glanced around and roughly judged the situation here, and then he quietly lurked next to the yard where Xie's elder Xie Yinghao was, and leaned down in the grass.

Xie Mingchang slept in the back hall of the lobby, and to protect him, Xie Yinghao's yard was very close to the back hall.

If Chen Feng wants to kill Xie Mingchang, Xie Yinghao will arrive after a short while.

Therefore, Chen Feng must kill Xie Yinghao first.

A gravel path winded into this courtyard, and Chen Feng waited patiently for about a cup of tea.

According to the information he got, he knew that someone would pass by here later. The destination is Xie Yinghao's courtyard.

After waiting for a while, I saw a lantern in the distance, and kept approaching here.

Getting closer, Chen Feng saw that it was a little boy in a Tsing Yi cap, holding a tray with a tea cup on it, and walking towards the small courtyard.*nOVeLuSb.com*

Chen Feng suddenly got up, pinched his neck, and dragged him directly into the grass.

The young man was extremely panicked, and the tray dropped down in his hand. Chen Feng gently supported the tray and firmly grasped the tray in his hand, without even spilling the contents of the tea cup.

Chen Feng's voice was cold: "What's in this tea cup? Who did you send it to? Answer me honestly, otherwise, you won't see the sun tomorrow."
