

Peerless 2971

[Chapter 2971: Chen Feng's real trump card!](#)

At this time, Chen Feng still did not change his face, with a deep calmness and calmness on his face.

It's like, in front of him is not a peerless powerhouse who can kill his own life, but just an ant.

And at this moment, suddenly, in Chen Feng's dantian, the deepest part on the other side.

Suddenly, there was an old sigh.

This sigh was full of compassion.

In the next moment, a white light suddenly lit up from the place in Chen Feng's dantian, and flew towards this side.

It flew extremely fast, and it was close in the blink of an eye.

At this moment, Chen Feng finally landed with a thumping heart.

At this moment, he felt that he was almost collapsed, his legs almost softened, and he sat down directly on the ground.

He let out a long banner.

Chen Feng was very calm and calm, yes, but he was actually a little frightened, for fear that his guess was wrong.

You know, the guess is wrong, but it's blocking the life.

However, Chen Feng had no choice, he could only choose to gamble!

Because he has no other cards!

Fortunately, fortunately, Chen Feng was right!

There was a voice echoing in his heart: "I have won, this time I have already won!"

Chen Feng's last hole card, also the biggest hole card, finally opened!

He looked to the side. At this moment, what appeared next to Chen Feng was a phantom and an Arhat phantom.

However, it was completely different from the skinny dragon riding Arhat on the opposite side.

He lowered his eyebrows and closed his eyes, his face was not waved, but his eyes were open at this time, filled with compassion!

His size is similar to Chen Feng.

It's just a person, sitting there with ordinary cross-legs.

He was almost inferior to one hundred thousandth of the skinny dragon-riding Arhat on the opposite side, but after seeing him, the skinny dragon-riding Arhat on the opposite suddenly changed his color.

He exclaimed in disbelief: "You? It turned out to be you!"

He let out a startled roar, as if he was extremely afraid of this white light and this white Luohan phantom.

It turned out that the appearance of this white jade Arhat phantom was exactly the white jade Arhat of Chen Feng before.

The white jade Arhat had been broken before, and then a little white light penetrated into Chen Feng's dantian.

In fact, Chen Feng already knew all this, and he also used it as his last hole card.

Fortunately, Chen Feng was right.

At this moment, the white jade Arhat phantom slowly raised his head.

Looking at the extremely large and thin dragon-riding Arhat in front of him, he said lightly: "Are you going out to do evil again?"

The skinny dragon-riding Arhat glared at the white jade Arhat and roared crazy.

Although he used to be vicious, violent, and full of death, he has always been very calm.

Moreover, there is a sense of self-sufficiency and nobility.

It was like not putting Chen Feng in his eyes at all, and there was almost no time to gaffe.

But now, after seeing the Baiyu Arhat, he suddenly lost his temper, and immediately became very mad.

He roared frantically: "You old thing, you really don't leave the ghost, the ghost is not scattered!"

"Where I go, follow wherever I go!"

"It's hard for me, with a trace of spiritual wisdom, to come to this Dragon Vein Continent, to this rather wild and primitive place, thinking that I can finally avoid you and can cultivate here with peace of mind."

"Also, let me find a very talented body here, which can restore my strength at a very fast speed, can make my practice faster than before, and finally reach a height higher than before!"

"I had planned all this!"

He roared frantically, his eyes almost broken: "Why, why did you still find this place?"

The White Jade Arhat smiled slightly and said, "Everything has a fixed number. Do you think you have planned everything?"

"I want to tell you that I had anticipated all this hundreds of years ago, and I was planning all this."

"Just for today, here, stop you!"

"Block your way to resurrection!"

Chen Feng was beside him, listening in awe.

He originally thought that this skinny dragon-riding arhat was a debris and a fork that happened by chance during his cultivation.

Unexpectedly, listening to the tone of the two of them, this thin dragon riding Arhat and this white jade Arhat should come from a very powerful place.

And the skinny dragon-riding Arhat should be chased and killed by the white jade Arhat with nowhere to escape, so he came to the Dragon Vein Continent, wanting to use his body to rebirth and practice again!

Unexpectedly, he was stopped by the Baiyu Arhat again.

Moreover, both of them have been planning for hundreds of years.

This fact made Chen Feng feel cold all over his body, and there was a chill in his heart!

"These two existences are both so far-sighted. One is to cultivate and the other is to prevent them from practicing. They have calculated each other for hundreds of years!"

"And I, in their calculations, can only be regarded as a chess piece!"

At the next moment when Chen Feng became cold all over his body, endless anger burned in his heart.

The whole person was almost overwhelmed by anger!

A voice in his heart yelled frantically: "I, Chen Feng, a generation of arrogant! Peerless genius!"

"I, Chen Feng, rose up against the sky, and I will become a master in the future!"

"How can you use me as your pawn?"

"You, why are you worthy of using me as your pawn?"

The arrogance in Chen Feng's heart made him unbearable at this time.

As if feeling Chen Feng's anger, the white jade Arhat phantom looked at Chen Feng, smiled slightly, and said, "Don't worry, I will give you an explanation."

And the next moment, the skinny dragon-riding Arhat on the opposite side was already irritated by his calm attitude.

He yelled frantically: "Old thing, do you think you are still in that big world?"

"Do you think I'm the same me?"

"I'm here, I have accumulated the strength for so long, and absorbed so many negative emotions from him, for this moment!"

"I don't believe that you will still be my opponent! Today I will kill you, I will kill you alive!"

"Assimilated your power, and then occupy this little boy's body!"

It turned out that the grudge between the two of them

The White Jade Arhat Xuying smiled slightly without getting angry, just sat there quietly cross-legged.

The skinny dragon-riding Arhat has lost his mind.

He yelled frantically and rushed towards the white jade Arhat phantom.

The white jade Arhat phantom is still very indifferent.

This indifference made the skinny dragon-riding Arhat mad to the extreme. The black air around him rushed towards the white jade Arhat phantom.

At this time, the Baiyu Arhat phantom finally started.

[Chapter 2972: I, have a Dharma image?](#)

He smiled slightly and flicked his fingers a few times.

Suddenly, dozens of white lights popped out from between his fingers.

Chen Feng keenly saw that he did this action, which seemed very easy, but in fact, after the dozens of white light popped out, his whole person was smooth and suddenly shrank.

The body has become a lot of illusion, obviously this is also extremely exhausting.

And those dozens of points of white light are actually his essence of power.

Those dozens of points of white light scattered out and fell on top of those black qi.

In the next moment, Chen Feng saw that those black qi, which was slurried, were evaporated without a trace, and were directly purified.

And to purify those black qi is just a little white light!

In the next moment, all the remaining white light fell on the body of the skinny dragon riding Arhat.

It was like dozens of drops of water dripping onto boiling hot oil.

Bang, bang, bang, bursts of explosions kept ringing.

The skinny dragon riding Arhat screamed terribly, his body was like snow, and the white light spots were like the hottest light.

After shining on it, the black air instantly boiled.

It's like being boiled!

It boiled directly, rolling frantically, and then, a large amount of black gas was directly evaporated, disappearing without a trace.

Above the skinny dragon-riding Arhat's body, the black energy disappeared, revealing the golden body below.

The black air continued to fade, and the skinny dragon-riding Arhat struggled madly.

But it's useless, his aura is constantly weakening.

He looked at the white jade Arhat and roared in surprise: "How could it? How could it? How could your strength be so strong?"

"You haven't been weakened at all? Impossible! Come into this world..."

The white jade Arhat phantom didn't talk to him, just looked at it quietly. **novelSB.com**

The black energy on the skinny dragon-riding Arhat's body is getting less and less, and the transpiration is faster and faster.

And after about a moment, he was left with only a little bit of black air in his heart.

He screamed terribly, his eyes filled with despair, and he wailed bitterly, "No, I won't admit defeat!"

"I, I still..."

Before the words fell, a little white light fell on the black air.

With a loud bang, all the black energy was exploded and extinguished.

And the last bit of black air disappeared without a trace!

At this moment, all the black energy on the skinny dragon riding Arhat and that blood dragon had disappeared.

At this moment, what stood proudly in front of Chen Feng was an extremely huge, 200,000 meters high, golden dragon riding a dragon!

The golden dragon-riding Arhat was completely different from just now.

Although the body is exactly the same and looks the same, but the face is compassionate, and there is no sadness or joy on the face.

His eyes are full of compassion!

Chen Feng was shocked.

"It's over? It's over?"

"A powerful and skinny dragon riding a dragon, is that all done?"

"It's not dead, but purified! Completely driven away!"

At this moment, Baiyu Arhat looked at Chen Feng, smiled slightly, and stretched out his hand to play again.

At the next moment, Chen Feng suddenly felt that he had changed.

I seem to have come to a high place, looking down.

He saw that there was a man standing on the ground far and far away.

This person was familiar, and then Chen Feng immediately remembered: "Isn't this person me?"

Then he saw again that there was a white jade Arhat sitting next to this person.

Behind this person, far away, there are six golden light spots, which is the Southern Six-wheel Great Sun.

Chen Feng was shocked: "What's wrong? What's wrong with me? How could I suddenly come to such a high place?"

Then, the next moment, he instinctively turned his head and looked at his body.

Then he saw that his chest had become golden.

And it's naked, just like gold and copper casting.

His hands are full of power.

Under his body, he is riding a giant dragon!

The next moment, Chen Feng exclaimed in shock: "I, I am, I have become this skinny dragon riding Arhat?"

The sound he made at this time was very majestic and majestic.

Chen Feng knew immediately that he had indeed become a golden dragon riding a dragon!

It turned out that I didn't come to a high place, but I suddenly looked down from the angle of the golden dragon riding Arhat, and it naturally became like this!

The next moment, Chen Feng suddenly turned around.

Then, when he opened his eyes again, he found that he had returned to his body.

He looked at the white jade Arhat next to him and said in shock: "What's wrong with me? Do I own him?"

The Baiyu Arhat Xuying smiled and said, "Just now, didn't you become him."

"Instead, he has become your face."

"So, you can naturally see the world through his perspective."

Chen Feng was shocked: "What? He became my face?"

When Chen Feng looked at the white jade Arhat phantom, stormy waves were set off in his heart, and at the same time an extremely absurd and unreal feeling surged:

"I, do I have a Fascia like this?"

Chen Feng has always known that it is extremely difficult to have Dharma images.

Many peak powers of the Nine-Star Martial Emperor have not been able to possess the Fa-Fa, but they are only the Seven-Star Martial King, so they already have a Fa-Fa?

This shocked Chen Feng to the extreme!

This shock even concealed the ecstasy in his heart.

He looked at the white jade Arhat phantom blankly, and said, "Just now, you pointed at that and turned it into my face?"

Although Chen Feng didn't know how to have the Fa-Feng, and he had never possessed the Fa-Feng, but he knew very clearly, that is, how difficult it is to do this!

And the White Jade Arhat phantom, when the power is about to run out, can still do this.

It can be seen how powerful he is!

At this time, Chen Feng suddenly felt fortunate.

Fortunately for him, if not, he would really be swallowed up by the skinny dragon riding arhat today!

At this moment, the Baiyu Arhat phantom, panting, his face pale.

Obviously, with the finger just now, he looked light and windy, but in fact his power was almost exhausted!

The Baiyu Arhat phantom looked at Chen Feng and said with a smile: "I said just now, I want to give you an explanation."

"This way, just treat it as my compensation for you!"

When he said this, his figure had begun to slowly fade.

From white to gradually colorless.

But finally, his figure became lighter and lighter, and finally turned into nothingness.

Only one sentence remained: "Chen Feng, we two will meet again!"

Until his figure disappeared, the unreal feeling in Chen Feng's heart was still extremely strong.

[Chapter 2973: Then as you wish!](#)

He stared at his hands blankly, and then at the huge and majestic golden dragon-riding Arhat standing there: "I'm just like this, do I have a Dharma image?"

The next moment, the shock faded, and replaced by ecstasy.

Chen Feng clenched his fists and laughed wildly up to the sky: "Hahahaha, I have a photo!"

"I, Chen Feng, have a Dharma photo!"

"Furthermore, it is such a powerful, so domineering, and so rare form!"

The sound of laughter filled Chen Feng's Dantian.

At this time, the original toxins also receded like a tide.

Six big suns reappeared, and the seventh big sun turned into a small fire, burning in place.

At this time, Chen Feng suddenly realized something.

In the next moment, he returned to his body!

At this time, the last trace of blue on the surface of Chen Feng's body also disappeared without a trace.

Chen Feng felt his control over the little finger of his right foot.

At this moment, he can completely control his body.

The toxin in his body was completely removed, and beside Chen Feng, the snake spirit, the last point on the tip of his tail, also turned blue.

So, the next moment, he opened his mouth and let out a scream of sorrow, pity, and powerlessness, and his body fell softly.

Chen Feng immediately opened his eyes, looked at him, and yelled.

"Ba Snake Wuhun! Ba Snake Wuhun!"

Ba Snake Wuhun had completely changed its appearance at this time.

The whole body is blue, not as vibrant as before, but full of corruption.

It was like a corpse about to decay.

He opened his eyes, looked at Chen Feng deeply, and then closed his eyes.

There was a loud bang, and his body fell heavily.

In the process of falling, it gradually disappeared and finally disappeared.

Chen Feng exclaimed: "Ba Snake! Ba Snake! Where have you been?"

"You speak! Did you disappear?"

Chen Feng quickly perceives in his martial soul space.

But when he sensed that his martial soul was still there, he immediately let go of his heart.

But then, Chen Feng's heart was picked up again.

Because, even though the Naba Snake Martial Spirit was still in the Martial Spirit Space, it was dying and almost lifeless.

Chen Feng didn't know how to rescue him, nor how long he could live.

A voice echoed in Chen Feng's heart: "Ba snake, wait, I will save you! I will save you! You wait for me!"

In the next moment, Chen Feng could no longer feel the breath of the Ba Snake Wuhun.

Ba Snake Wuhun has fallen into a long sleep!

But at this time, with the disappearance of the Ba Snake Wuhun.

Then, beside Chen Feng's body, the giant golden dragon riding arhat suddenly appeared!

This golden dragon-riding arhat's body shape is larger than the Ba Snake Wuhun.

When the Ba Snake Wuhun disappeared just now, Teng Snake felt his body relaxed a lot.

The giant that lay in his body suddenly disappeared, he laughed wildly and straightened his body.

Looking at the yellow bird, he said loudly: "You just took advantage of that opportunity to attack me frantically!"

"Now, it's my turn to fight back!"

"Although I am injured more severely than you, I still have the fighting power!"

The yellow bird looked at him and was also secretly shocked: "Teng Snake has suffered so many heavy losses today, but at least 30% of the fighting power is left. I really can't beat it!"

But at this moment, Teng Snake's voice just fell, and suddenly stopped, turning into a scream.

His belly, the position of the inner alchemy, was suddenly stretched again, which was bigger than the one just stretched!

He exclaimed in disbelief: "What the **** is it again?"

He almost broke down, and shouted crazy: "Chen Feng, what the **** are you **** doing in my stomach? What the **** is this?"

The yellow bird couldn't help but let out a crisp laugh!

At this time, Teng Snake's belly was extremely large and it was inconvenient to move.

Therefore, Huang Bird took advantage of this opportunity to attack him several times, screaming and screaming again and again.

Left and right, there is no strength to fight back.

He yelled frantically: "Chen Feng, you bastard, get out of here!"

"You sucked my inner alchemy and you made such a big thing in my stomach. Get out of me! I must crush your body!"

He didn't expect Chen Feng's response. Instead, he would not come out if he occupied such a dominant position in the stomach of others.

With Chen Fengguang in his stomach, he could be held back, and at least 10% of his strength would be consumed.

Why come out?

But at this moment, suddenly a loud laugh came out: "Okay! Want me to come out, right? That's as you wish!"

The next moment, somewhere in his belly suddenly bulged sharply.

The drum is getting bigger and bigger and sharper.

Even, you can see the appearance of something below.

He let out a scream, the pain was extreme.

And the next moment, with a bang, the position of his belly exploded directly, bursting a huge blood hole.

A golden light and shadow flew out directly from the inside, and with a stroke, it hovered directly in front of Teng Snake's body.

Seeing this huge golden existence, Teng Snake and Yellow Bird, their eyes shrank, and their hearts were shocked.

It turned out that what was floating in front of them at this time was a blood-colored dragon.

This blood-colored dragon, every scale on its body is as big as a small mountain, as red as blood.

And on each scale, there are countless vortexes, which look like vortexes, but if you look closely, you will find what pattern these are, it is clearly a huge thunder vortex!

Scarlet Thunder!

It's just that, although his whole body is bloody, it doesn't have the slightest meaning of evil. On the contrary, it is very noble!

It turned out that Thunder Dragon was originally transformed into an extremely evil blood dragon. After purification, it restored its body again, but its strength was still retained.

The blood on his body did not fade.

This is also the power of the white jade Arhat phantom.

This is an extremely powerful Scarlet Thunder Dragon, and above his body is a golden Arhat.

Wearing robes, his face is solemn, and his body is full of endless majesty!

His size has reached a full 200,000 meters!

At this moment, Lei Long raised his head and looked at Chen Feng with admiration.

That is, looking at the golden arhat above his body.

Although he was not familiar with the face of that Arhat, it even caused him immense pain in the past many years.

But he knew that now this has changed, and behind those eyes is his master!

[Chapter 2974: Vajra Thunder Dragon Arhat Image!](#)

This made him very happy, and he issued bursts of crisp tweets!

Although the size of the Blood Fiend Thunder Dragon is less than one-tenth the size of Teng Snake and Yellow Bird, its aura is extremely powerful and domineering.

It feels no less inferior to them!

Huang Niao exclaimed in disbelief: "Chen Feng, is this you?"

But the next moment, her exclamation was already swallowed.

Because, she saw that on the shoulders of the golden Arhat, a small figure was sitting cross-legged.

Dressed in white, black hair is like ink, handsome and handsome.

Who is it if it's not Chen Feng?

However, at this time, he is entering the concentration.

At this time, Chen Feng's Dharma image was finally truly condensed into a Dharma image, and it was no longer the imaginary dragon riding Arhat just now.

Because, the Blood Fiend Thunder Dragon under him before was dull and numb, because it was forcibly turned into this by the thin and thin Arhat before.

But now, the dragon he was riding was vivid, agile, and full of joy.

Moreover, it has become stronger than before.

Chen Feng's image has become a real dragon riding arhat-the image of King Kong Thunder Dragon Arhat!

This is Chen Feng's face!

The yellow bird's crisp voice was also full of surprise: "Chen Feng, is this really you?"

"How come you have become so strong after not seeing you in a short time?"

"Could it be possible that in the belly of this snake, there is really some rare treasure that can't be achieved, and even a blink of an eye can make you so powerful?"

There was teasing in her voice.

After hearing this, Teng Snake became even more furious, let out an angry roar, and looked at Chen Feng with fierce eyes.

Chen Feng smiled slightly, the next moment, he sat cross-legged, his face full of solemnity, without any movement.

And that gigantic King Kong Thunder Dragon Arhat Faxiang was speaking.

His bronze-like thick and icy lips opened, and from his mouth, a loud sound like a metal crash was made.

It was Chen Feng's voice!

But at this time, it seemed particularly cold and hard: "Yellow Bird, thank you very much."

"If it weren't for you, how could I get into his belly?"

"And if it's not for you, how can I get his inner alchemy?"

"Now, it's time for me to repay you."

"Oh, repay me? How to repay me?" Huang Niao looked at the King Kong Thunder Dragon Arhat Faxiang with interest.

King Kong Thunder Dragon Arhat said with a smile, "Of course..."

His bronze arm raised up and pointed at Teng Snake: "Behead him!" *novelusb.com*

The voice was cold and hard, as if there was no room for negotiation.

"Behead me?" Teng Snake let out an incredulous roar.

In the next moment, he was even more furious.

While getting angry, he also sneered with disdain: "Little puppy, do you think you really have the strength to deal with me?"

"Just now, if it wasn't for this bitch's restraint, how could you think you could get into my belly?"

"Furthermore, even if you entered my belly just now, I have countless ways to kill you!"

"In the case that I can kill you so easily even when I am throwing a rat, how can your strength match me?"

He stared at Chen Feng, his eyes full of resentment: "Even if I am seriously injured now and only 10% of the strength is left, I will be enough to kill you!"

There was no expression on Chen Feng's cold face.

He just shook his head slowly, and then Chen Feng exhaled.

He didn't yell or howl, just let out a soft drink from his throat.

In this life, he drank lightly, he didn't use much force, and the volume was not too loud, but it felt like Huang Zhongda Lu.

With a loud bang, the entire platform shook, and the entire Tongtian Jianmu shook.

Yuechan and the Heishui Profound Snake Empress who shook in the distance felt that countless people were colliding with huge stones and metals in their ears, making them all surging with blood, and almost all of them were knocked to the ground.

Even Teng Snake and Yellow Bird changed their expressions.

Then, Chen Feng's deep voice rang from the horizon:

"Now, I will let you know if I have this ability!"

Huang Niao originally wanted to take advantage of his mobile hand, but at this time he stepped aside and watched this scene with interest, wanting to see how many catties Chen Feng had.

The next moment, Chen Feng took a deep breath, and suddenly, there seemed to be countless tornadoes passing by.

Then, Chen Feng's eyes were empty.

At this time, Chen Feng had already activated this King Kong Thunder Dragon Arhat image.

At this time, Chen Feng felt that his mood seemed to have entered a misty void.

In this misty void, there are many light spots flying.

Some were larger and some were smaller, and Chen Feng immediately flew to the closest spot that was also the largest.

Then, Chen Feng felt that there was a hum in his mind, as if countless things were pouring in.

The next moment, a smile appeared at the corner of his mouth, and he said to himself: "That's it."

"It turns out that these light spots are actually how to control this way."

"Each point of light represents a special ability of this method."

"And the biggest spot of light is the King Kong Thunder Dragon Arhat Fa, the most powerful, most special and most commonly used method, that is..."

King Kong Thunder Dragon Arhat's appearance, his closed eyes suddenly opened.

Suddenly, two golden lights shot out like cold electricity from the inside, directly illuminating the place.

In the next moment, these two golden lights spread forward at an extremely fast speed, directly shining behind Teng Snake.

However, Tengshe didn't realize what it was.

Because this gaze shines like electricity, it is an uncommon sight.

He looked at Chen Feng coldly: "I'm really looking forward to it, how can you let me know."

But the next moment, when he said the last word, he immediately turned into a scream: "How is this possible?"

It turned out that at this time, in his line of sight, the figure of the King Kong Thunder Dragon Arhat suddenly faded.

Of course he knew that this was not because the body shape of the King Kong Thunder Dragon Arhat was weakened, nor was its strength weakened, but the body shape of the King Kong Thunder Dragon Arhat had long since disappeared.

This King Kong Thunder Dragon Arhat's image had already disappeared from his sight, but because it disappeared too fast, because it was too fast, his eyes couldn't keep up.

Therefore, it slowly faded from his sight now.

The next moment, he suddenly felt his horror, and an extremely dangerous feeling passed from behind him.

Then he turned his head back suddenly.

At this moment, only a huge bronze fist appeared in front of him, and it slammed into his face!

[Chapter 2975: Beat the snake!](#)

At this moment, at the side, Huang Niao saw a tremor in his heart, with a thick expression of disbelief on his face.

Teng Snake was in the game, a little confused, but the yellow bird could see it clearly.

It turned out that just now, at the moment when the gaze of the King Kong Thunder Dragon Arhat Faxiang cast his gaze behind Teng Snake, at the same moment, with a brush, the King Kong Thunder Dragon Arhat Faxiang came here at the same time!

Then launched an attack on Teng Snake.

Although Teng Snake is huge, it actually reacts extremely fast and the speed is extremely fast.

However, with his strength, he couldn't escape it at all!

The yellow bird trembled and said: "As far as the eye can reach, you can reach! As far as your eyes can reach, you can reach!"

"The cultivation base is not very strong, but the martial skill is enough to guard against the sky!"

"It's amazing, this martial skill."

And when she sighed, the bronze fist of King Kong Thunder Dragon Arhat Faxiang had already smashed Tengshe's head severely.

Tengshe didn't have time to react at all.

The body shape of the Diamond Thunder Dragon Arhat is huge enough, but it is much smaller than the Teng Snake.

However, he is extremely condensed.

Despite its small size, it feels extremely solid, extremely solid, as if it is invincible and cannot be broken.

The huge fist hit Tengshe's head fiercely.

There was a loud bang. At this moment, time seemed to freeze.

The yellow bird could see that the fist hit the head, and then the head slowly raised.

At the next moment, the time flow rate returned to normal.

Teng Snake let out a miserable scream, and his head was directly raised high. On his head, dozens of huge scales were all smashed and flew, blood shot out wildly, and scattered. Everywhere.

At the same time, his head tilted to the side heavily.

King Kong Thunder Dragon Arhat's appearance, hit a nearly perfect punch!

Teng Snake retreated quickly, staring at the face of the King Kong Thunder Dragon Arhat in disbelief.

At this moment, the thick disdain and arrogance on his face just now disappeared without a trace.

Instead, it was shock.

He looked at the King Kong Thunder Dragon Arhat and said, "How is it possible? What martial skill is this? How can it be so powerful? What martial skill do you use?"

The King Kong Thunder Dragon Arhat Faxiang did not answer.

His face is still Gujing Wubo, and the lines are still hard, but there is a sudden ray of intense heat in his eyes.

This is the emotion of Chen Feng!

The next moment, a loud roar came: "Do you think this is enough?"

"This is just the beginning!"

In the next moment, the body shape of the King Kong Thunder Dragon Arhat disappeared again, and the Teng Snake quickly retreated.

As he turned around, he retreated quickly!

This time, Teng Snake was already prepared.

But despite this, he still did not escape the punch.

This punch, in front of his face, once again infinitely approached, and then again, it hit his face fiercely.

This time, it hit his nose.

Suddenly, Tengshe let out a long and stern scream, and a miserable muffled groan in his throat.

The nose is one of its most fragile places, and when it was hit directly, blood shot out frantically.

The place where the nose was, the whole was smashed, and it was bloody.

And the most important thing is that the pain is far more than many times before, and his whole body trembles violently!

At this time, Teng Snake's eyes were even more panic, and his astonishment turned into a trace of fear.

"It's too fast! Even if you have defenses, you can't hide it, because the speed of the Diamond Thunder Dragon Arhat is so fast that you can't hide it!"

A deep laughter came: "You tell me, I can do it, or can't it?"

"These punches, how good are they?"

Yuechan and the Black Water Black Snake Empress looked at the giant King Kong Thunder Dragon Arhat, their eyes were full of fear and jealousy.

Yuechan lowered her head, gritted her teeth, and whispered in a voice full of hatred: "Unexpectedly, unexpectedly."

"After the past few years, I thought that my strength had been greatly improved, enough to kill Chen Feng, but I didn't expect his strength to have increased so much!"

"Damn it! Damn it!"

She was extremely angry and annoyed.

However, her city was so deep that she soon settled, and then she looked at the direction of Teng Snake, Yellow Bird, and Diamond Thunder Dragon Arhat, silent.

It's just that his eyes keep rolling, and he doesn't know what he is thinking.

The black water mysterious snake queen is very calm, her eyes are like water.

The yellow bird watched the battle between Teng Snake and King Kong Thunder Dragon and Arhat, and came down leisurely and flew aside.

She was only ready to intercept, not ready to do it.

At this moment, she suddenly looked up to the sky, her eyes flashed with a faintness, and she said in her heart: "After fighting with Teng Snake for so many years, it is the first time to see someone beat Teng Snake. It is really a very pleasant experience!"

The image of the Diamond Thunder Dragon Arhat, once again disappeared in front of Teng Snake.

Tengshe's heart suddenly panicked.

However, after all, he has survived for so many years, and he has been fighting with the yellow bird all the year round. He has extremely rich experience, and he immediately responded.

As a result, his snake head immediately popped forward, and at the same time, his snake body curled up quickly, and rolled directly toward the position where he expected the Vajra Thunder Dragon Arhat.

A vicious flash flashed in his heart: "This time, this time, the snake head will move forward as far as possible and try not to be hit by you."

"But if you get hit, I will recognize it, but the body must entangle you."

"After I entangle you, I can strangle you!"

Teng Snake is Teng Snake, and in such a short period of time, he has made some reactions.

But it is a pity that he still underestimated the appearance of the King Kong Thunder Dragon Arhat.

At this moment, a mocking voice suddenly came from behind him: "You think you can see through me, don't you?"

"Sorry to disappoint you."

This voice came from directly behind him.

The moment he heard this voice, Tengshe's heart jumped: "It's broken, it's a miscalculation!" **NoVeBusb.Com**

"This time, he did not come to my side and attack my head, but came behind me!"

This thought just flashed in his mind, and suddenly he exclaimed, and his whole body flew like clouds and mist.

It turned out that at this time, the Vajra Thunder Dragon and Arhat had already grabbed Teng Snake's tail with both hands!

The body shape of the Diamond Thunder Dragon Arhat is about one-tenth that of Teng Snake, and his body size is much smaller.

[Chapter 2976: Close to the horizon](#)

However, at this time, the golden muscles of the King Kong Thunder Dragon Arhat Faxiang were all bulging up, full of explosive power, and the edges and corners were extremely obvious.

He gritted his teeth and yelled, his arms grew many times thick in an instant.

The golden power surged, and then, struggling to make such a move, he directly lifted his tail to the highest point!

Then, it went down again, and hit it hard!

With such a single move, a hit, immediately shook Teng Snake.

The whole body of Teng Snake was shaken off, shaking violently in the air.

Then, the King Kong Thunder Dragon Arhat screamed again, and his hands fell down!

With a loud bang, Tengshe's entire body was heavily smashed on the platform.

The entire Tongtian Jianmu trembled violently.

Teng Snake was smashed, and there was a burst of Venus in front of him, his whole body was in severe pain, and countless wounds were opened!

The yellow bird looked aside, his eyelids jumped wildly!

The entire Tongtian Jianmu made a huge noise, and it was smashed and swayed, and she felt pain for Tengshe!

This time, Teng Snake was injured much more severely than before.

Because, whether it was Huang Bird's fight with him or Chen Feng's attack on him, it was only a certain part of his body that was attacked.

With the strength of Teng Snake's body, he would be injured where he was attacked, but it would never be particularly heavy.

So, even just now, he was just seriously injured.

However, Chen Feng's heavy blow directly caused all his internal organs to be displaced.

The most serious thing is its inner alchemy, its inner alchemy, which was sucked by Chen Feng for a little and a half before, has recovered a bit after Chen Feng left.

But now, after being shaken heavily by this one, it suddenly broke open with a bang again.

And just now, the huge wound that Chen Feng broke out of his belly was just as it condensed and then burst open again.

The blue blood rushed crazily on the ground, forming a large blue lake after another!

It turned out that the most powerful power of the King Kong Thunder Dragon Arhat Mana, turned out to be a physical form.

This body method is called: So Far Away!

Chen Feng's vision of the King Kong Thunder Dragon Arhat, his gaze was different from the gaze of other existences, other gazes could see far away, but seeing there did not mean he could go there.

As soon as the eyes were opened, two golden lights shot out.

The distance that the two golden lights can reach is limited, but where the two golden lights can shine, then the King Kong Thunder Dragon and Arhats can directly come there the moment they are together.

He can teleport!

Teleportation is not uncommon, but for such a huge body, such a high-level can move in an instant, it is extremely against the sky.

This can be said to be an extremely heaven-defying ability, which can give the Vajra Thunder Dragon Arhat the infinite possibilities!

In actual combat, the strength soared wildly!

Of course, there are many restrictions. For example, Chen Feng now has a limited number of teleports.

However, jewelry is enough!

Chen Feng laughed loudly: "Teng Snake, it was great that you beat me just now? You beat me badly just now!"

"Just now, when I was about to come next to your body, I was almost beaten to death by you."

"Now, you know what it's like!"

Chen Feng laughed loudly, full of boundless pride, and the comfort of venting.

He grabbed Teng Snake's tail with both hands, and hit the platform fiercely again and again.

Every time it hits, there is a loud bang, and the entire platform trembles violently, and the entire tree trunk shakes violently.

When Teng Snake hit the platform, he let out a scream.

Blood shot out from all over the body, and his mouth was sprayed with blue blood, very miserable!

At this time, Chen Feng was beating Teng Snake violently, beating him terribly!

All this was completely out of Tengshe's accident, and he was directly beaten up.

Even now, he hasn't recovered, just screamed frantically in Chen Feng's constant beating!

In fact, Chen Feng's ability to do this is really a combination of many elements.

Because Teng Snake, Yellow Bird and other level powerhouses are really too powerful.

Even if Chen Feng's current strength has increased countless times, it is still less than one-tenth of his strength even with the use of the law.

Tengshe now only had 10% of his strength, but he was still stronger than Chen Feng, but Chen Feng's style of play was too far beyond his expectations.

He didn't expect that Chen Feng, the King Kong Thunder Dragon Arhat, possesses such a special ability! He can teleport and come directly behind him, so he can't defend it at all!

In fact, although Teng She is seriously injured now, only 10% of his strength is left, but if he calms down and carefully observes the fighting style of the King Kong Thunder Dragon and Arhat, and reacts in time, then Chen Feng will not be able to beat him. Get so embarrassed.

However, he didn't put Chen Feng at all in the beginning, and then he was beaten up by Chen Feng one after another.

He was just yelling frantically, yelling furiously.

But he couldn't react at all!

Then the consequence can only be more frenzied beatings by Chen Feng!

Tengshe wanted to struggle frantically, but couldn't get away at all.

He felt that the King Kong Thunder Dragon Arhat Faxiang grabbed his own hands and held him firmly like two huge iron tongs.

This kind of fear suddenly reminded him of a powerful warrior he encountered when he was still very weak.

At that time, the other party also caught him in his hand like this, beating him crazy, so that he had no power to fight back!

Finally, with a bang without knowing how many hammerings, Tengshe's body slammed heavily on the platform again.

But this time, with a loud noise, a huge round sphere flew out of it and rolled on the ground.

This sphere, about five meters in diameter, was already flattened by a half at this time, and it was all green, exuding an endless source of life.

The light is very noble!

It is Tengshe's inner alchemy!

It turned out that Tengshe's inner alchemy was directly smashed out!

And after the inner alchemy was smashed out, Teng Snake let out a scream that was stern and long to the extreme.

The injury on his body suddenly became heavier by many times, directly reaching the state of being seriously injured and dying.

And when Chen Feng beat it this time, he felt that his defense was much weaker than before, and his aura fell crazily.

In a blink of an eye, it was already worse than the yellow bird, I don't know how much.

[Chapter 2977: Suddenly attacked!](#)

His body size was getting smaller and smaller, and soon shrank to only one-tenth of its original size, almost the same size as the Diamond Thunder Dragon Arhat.

Chen Feng was also extremely shocked when he saw this scene.

The next moment, he suddenly felt in his heart.

"It turns out that this inner alchemy is far more effective than Teng Snake."

"This inner alchemy is really important to him. When the inner alchemy was severely injured, it was nothing. But once the inner alchemy was removed, it meant that the inner alchemy was not under his control, and his strength dropped sharply."

Teng Snake felt an endless sense of weakness covering him at this time. At the same time, what made him more frightened was the feeling that his strength disappeared crazily and his destiny could not be controlled by him.

He panicked to the extreme, and hated Chen Feng to the extreme, and screamed crazy: "Chen Feng, I want to kill you, I must kill you!"

"Kill me?" Chen Feng sneered: "Now, you still think about how to save your life!"

At this time, the yellow bird looked at Nai Dan and his eyes lit up.

She immediately flashed her figure, and the bird's beak snapped, and she immediately caught the inner Dan in her mouth.

But she did not absorb it immediately, but flew aside and looked at Chen Feng.

At this time, Chen Feng roared, the King Kong Thunder Dragon Arhat face, frantically exerting force.

He grabbed Teng Snake's head with one hand and his tail with the other hand.

The Teng Snake, which has shrunk to one-tenth of its original size, is not much bigger than the Diamond Thunder Dragon Arhat.

Teng Snake let out a scream, and his eyes were full of panic: "You, what are you going to do?"

"What am I going to do?" The King Kong Thunder Dragon Arhat face showed a hard and fierce face at this time: "When you beat me so hard, why didn't you think about what I might do now?"

At the next moment, Chen Feng tore away with both hands forcefully.

He was actually trying to rip the snake into two pieces directly!

Teng Snake was scared to pee!

He screamed insanely, and there was no more madness and dominance in his eyes, but only fear.

He yelled frantically: "You can't kill me, don't kill me!"

He was directly scared by Chen Feng and begged for mercy!

Chen Feng had no courage to scare him.

At this time, the yellow bird's voice suddenly came: "Chen Feng, wait a minute, this snake is still useful for me."

Chen Feng's figure stopped suddenly, turned his head and looked at the yellow bird.

His face is still cold and indifferent, without the slightest fluctuation.

However, there was a flash of emotion in his eyes, and then he nodded slowly and placed the snake on the ground.

Chen Feng was extremely grateful for Huang Niao. Without her, it would be impossible for him to obtain the inner alchemy, and it would be impossible for him to recover his life.

Now, I'm afraid they are all dead.

And if you go forward, if there is no fierce battle between the yellow bird and the snake, then Chen Feng will not get the blood of the snake scale and the yellow bird, and it will be impossible to get such a big chance later.

So she spoke, Chen Feng must give her face.

Teng Snake escaped, no longer had any heartburn anymore, limp on the ground, looking at Chen Feng and Yellow Bird with horrified eyes.

At this time, the magical image of the King Kong Thunder Dragon Arhat suddenly shook violently, and Chen Feng's heart moved.

He closed his eyes, then sighed softly, and said to himself in his heart: "It turns out that the time limit for the Vajra Thunder Dragon Arhat Phase has come."

"Now, if he is going to disappear and can summon him again, then I don't know when."

The battle just now seemed to be very long, but in fact it was only a short period of sixty breaths.

In other words, Chen Feng can only use the Vajra Thunder Dragon Arhat Mana to last for 60 breaths.

In the next moment, the Vajra Thunder Dragon Arhat face fluctuated violently, and his body gradually faded.

And the Blood Fiend Thunder Dragon let out a sharp scream, looking at Chen Feng, his eyes were full of dismay.

The next moment, but also disappeared!

Chen Feng shook his robe and landed next to Teng She's body.

At this time, even though Teng Snake's body had shrunk to one tenth of its original size, it was still as huge as a continuous mountain range.

The yellow bird looked at Chen Feng.

Obviously, she thought that the snake was already in her bag, so she didn't care.

At this time, everyone ignored Yuechan and the Black Water Black Snake Empress.

At this moment, Yuechan's eyes suddenly flashed a fierce and decisive look.

Then, she slapped a ball directly in her hand.

After the sphere was crushed, suddenly a huge blue water flow appeared out of thin air above the sky.

And this blue current swept upwards, so the next moment, in the sky, the wind and clouds moved greatly.

Countless black clouds condense here.

That black cloud instantly enveloped the sky above the sky-reaching Jianmu.

The next moment, there was a strong wind, a torrential rain, and a pouring rain falling here.

The wind howled, blowing the fallen leaves, making rustling noises.

The rain hit the huge leaves and made a crackling sound.

The rain was extremely heavy, and in a blink of an eye, there were huge puddles of puddles on the top of the sky-reaching building.

Only the large mass of cyan or golden blood still solidified there.

Even such torrential rains can't dilute them at all.

Their texture is extremely viscous, condensed to the extreme, the blood sprinkled there, it will not be melted by the water at all!

The sky darkened in an instant, the wind roared, and the torrential rain was overwhelming, like an apocalyptic scene!

The next moment, the blue water flow directly fell on Teng Snake's body.

It is strange to say that after the blue water flow fell on Teng Snake's body, Teng Snake's figure shrank rapidly.

In a blink of an eye, from the original size of hundreds of thousands of meters, it shrunk to the size of a fist, and a blue bead appeared on the spot.

Inside this blue bead, an image is vivid and ready to emerge.

At this moment, he was opening his mouth and his face was full of pain. Who was it if it wasn't a snake?

This blue bead actually sealed the snake inside!

And the next moment, the blue beads flew towards Yuechan quickly, and came directly to Yuechan's hands!

All this is going on like a spark of lightning.

It took a short moment from Yuechan's crushing the medicine to the moment when the snake was sealed in the blue beads and flew into Yuechan's hands.

At this moment, Chen Feng and Huang Bird even just reacted.

There is no way, because they were completely attracted by the vision of the day.

The next moment, Yuechan smiled sullenly, staring at Chen Feng and said: "Chen Feng, I will kill you, you wait for me to die!"

[Chapter 2978: Let him run away!](#)

At the same time, the snake in the blue beads in her hand stared at Chen Feng and let out a silent, stern and vicious roar.

Then, Yuechan turned around, and she was reflected in the rain curtain.

His body faded, and he was about to disappear in the rain curtain.

The yellow bird's eyes are full of anger, extremely angry!

Just now, Chen Feng was able to kill Teng Snake, but she spoke to make Teng Snake alive.

But he didn't expect that he would save Teng Snake out under his nose.

This made her lose face greatly, how could she bear it?

With a loud roar, she opened her huge mouth, and a flame spit out frantically.

The golden red flame, if it were burning, could directly evaporate Yuechan and the Black Water Black Snake Queen into nothingness.

Yuechan smiled yinly, and threw out a cloud of green smoke.

The green smoke actually formed a green barrier in the air. Of course, the power of the green barrier could not stop the golden-red flame, but it delayed the golden-red flame for an instant.

And it was just one minute and one hour, enough for Yuechan and the Black Water Black Snake Empress to escape.

Their figures turned into drops of water.

With a sigh, I entered the rain curtain.

This endless rainstorm, how many hundreds of millions of raindrops, how can one find this drop from it?

This drop of rainwater is directly integrated into it, and suddenly it disappears invisible.

The yellow bird let out a sharp howl: "Damn it! Damn it!"

"Don't let me find it out! Otherwise I will kill you!"

The golden-red flame sprayed randomly, and the whole person was full of a sense of despair.

Chen Feng slowly shook his head next to him, and said, "I can't find it anymore. She has integrated into it. It is impossible to find it back."

"Besides, it might already seep into the soil down the built wood now, how to find it?"

Chen Feng's voice was very calm and indifferent.

However, although Chen Feng seemed indifferent, in fact, there was infinite waves in his heart.

Chen Feng was very clear about the talent of the Black Water Profound Snake Queen.

And he knew even more that she escaped this time for fear of endless troubles.

After listening to the yellow bird, she calmed down slowly. She sighed slightly, looked at Chen Feng, and said with complicated eyes: "Chen Feng, I'm sorry!"

"Teng Snake, you surrendered. As a result, I was saved by someone because of my carelessness."

Chen Feng smiled and said: "Why did you say this? If it weren't for you today, I would have turned into a handful of dead bones, so I can stand here and talk to you?"

"Teng Snake is seriously injured, the credit lies with you, he is yours, of course you are at your disposal."

Chen Feng's remarks made Huang Niao feel more comfortable.

She hung her eyes, looked at Chen Feng, and giggled, the crisp woman's voice came again, and said:

"Little guy, you can talk!":

Chen Feng laughed and pointed to the giant snake inner alchemy that was caught in her paws and said, "His inner alchemy is still being held in your paws!"

"If you are upset, what can you do if you don't give it to me? Of course I have to speak up to make you happy."

The yellow bird froze for a moment, and then let out a silver bell-like laugh: "Interesting, interesting."

"I've lived for so many years, but I haven't seen many interesting young people like you."

Chen Feng's face turned straight and said, "This sister, I should be a woman to hear you, so I took the liberty to call you sister."

"You listen to the voice, but you are in your twenties and thirties. Don't say every day that you have lived for so many years, so many years."

"I was not old at first, but I say that I am old."

After hearing this, the yellow bird was taken aback again, and then laughed.

She looked at Chen Feng and said, "Really a wonderful person, how would you talk to me like this?"

Her heart suddenly felt warm.

She has seen many people in her life, but either she worshipped her with great respect.

Either it is unpredictable and wants to hunt her.

Or, take her as his mount.

There are even some who are particularly vicious and vicious, wanting to transform her into a human form and wantonly torment and humiliate her.

And more, it was in front of her, who was so frightened that she couldn't stand still and couldn't say a word.

But no one, like Chen Feng, talked and laughed in front of her.

I would also joke, and would not deliberately say something that pleases her very cautiously, but just like an old friend is chatting.

This made her feel very novel and very comfortable in her heart.

She looked at Chen Feng, her eyes softened a lot.

Suddenly, the huge claws of the yellow bird loosened, and suddenly, the huge inner alchemy fell to the ground, and then rolled in front of Chen Feng.

Chen Feng raised his eyes and glanced at the yellow bird with a smile.

The yellow bird's voice came: "Aren't you the inner alchemy you want?"

"Come on, let's divide it?"

Chen Feng looked at her, smiled and said: "To be honest, just now, I guessed, you are very likely to swallow this inner pill."

"Oh? Why do you think so?" Huang Bird asked him with a smile.

"Because, I just thought about it. You fought Teng Snake before, and the purpose was to kill him, but in fact, your real purpose should be the inner alchemy in his body." *NOVELUSB.COM*

"Otherwise, you wouldn't attack that place every time, making the wound there deepest."

"You actually want to kill him, but the second choice is to make a huge wound in his place, get his inner alchemy out, and leave."

"This way, it's obviously easier than killing him."

Huang Niao was stunned at first, then looked at Chen Feng and exclaimed: "Awesome, Chen Feng, you are really amazing."

"Seeing Weizhishu, you can get correct inferences from some extremely small clues."

"Yes!"

She took a deep breath and said boldly: "I'm here for his inner alchemy!"

"Why?" Chen Feng looked at her and asked with some confusion.

In his opinion, the existence of Teng Snake and Yellow Bird should have no desire and desire.

The yellow bird smiled and said, "I'll explain to you later. Now, let's start to absorb it first."

"Good." Chen Feng stopped asking.

He took a deep breath and walked to the inner alchemy!

Then, his eyes dropped, and his emotions sank instantly.

The deeper it sinks, the deeper it sinks, and the deeper it sinks. In the end, there is no wave in the ancient well, without the slightest fluctuation, and the whole person is calm to the extreme.

In the end, deep in his heart, it suddenly felt like a heartstring was being flicked, and it was slightly touched.

Then, the next moment, Chen Feng suddenly felt something in his heart.

[Chapter 2979: Millennium birthday!](#)

Then, the origin of life in his heart was suddenly felt.

And as Chen Feng's life origin awakened, the green brilliance in the inner alchemy suddenly lit up.

The yellow bird watching from the side secretly admired: "It is extremely difficult for ordinary people to absorb the essence of life, even if they get this inner pill, it is just a waste in their hands."

"Unexpectedly, Chen Feng could absorb it so easily."

As Chen Feng's life origin awakened, among all his blood vessels, all muscles and bones, that small whirlpool appeared again.

With the appearance of this vortex, a huge attraction came, and immediately, the green essence of the essence surrounded Chen Feng.

The essence of the essence is continuously absorbed by Chen Feng, and Chen Feng's life span is constantly improving.

Before, he has been promoted to the extent he should have been, but now, he is constantly improving on this basis! Continuous improvement!

Seeing this scene, the yellow bird also smiled slightly.

After that, she also began to absorb. ,

The absorption method of Yellow Bird is completely different from Chen Feng.

She directly inserted her bird's beak into the inner alchemy with a puff.

And after the bird's beak pierced into it, she immediately absorbed the green brilliance into her mouth.

Then, she saw that her throat was constantly swallowing, as if a human being drinking water, gulping.

She was actually swallowing the essence of this inner alchemy!

You know, this is an extremely unbelievable thing, like the extremely high-level treasures such as the essence of the snake inner alchemy, generally cannot be easily absorbed at all, and requires a little bit of refining.

For example, Chen Feng's speed is extremely rare, but the yellow bird can swallow directly, which is really incredible!

She drank several mouthfuls in succession, very fast.

In an instant, she absorbed half of the inner alchemy.

After she absorbed half of it, she immediately pulled out the bird's beak from the inner alchemy and did not absorb it again.

She said that she was evenly divided with Chen Feng, that is, evenly divided with Chen Feng, and did not take any more.

Then, she wandered to the side.

At this time, the dark clouds have cleared, and the sun is rising again.

In the weather, it was clear.

After drinking these essences of inner alchemy, it seemed to her like drinking alcohol.

Her face was slightly red, and the bright golden feathers on her body were also coated with a faint blush, as if people were drunk.

The scars on her body healed rapidly, turning into pieces of blood scabs and falling off.

Suddenly, she hiccuped, and then, with a plop, she lay directly beside her.

The next moment, the snoring was thunderous, and he went to sleep!

At this time, Chen Feng was immersed in boundless joy.

He felt that his lifespan was rising and growing, and his spirit was getting better and better.

Finally, after an unknown period of time, there was a loud bang, and Chen Feng felt that the ever-increasing lifespan had finally stopped.

The essence of his body, the things between the material and the spirit, all reached a peak, and could no longer absorb and grow.

Chen Feng sighed slightly, but the tone was all comfortable and cozy: "A thousand years, my life span has reached a whole thousand years!"

It turned out that after Chen Feng had absorbed it, his current life span had reached a thousand years!

Chen Feng felt that he seemed to be awakened by a loud thunder.

The thunder became louder and louder, and it rang in his ears, and even shook the sky and the built wood beneath him.

It shook his eardrums and his muscles seemed to be shaking.

This can't help Chen Feng not coming over!

After Chen Feng woke up, he felt refreshed, and his whole body was extremely comfortable and full of energy.

Everything in front of him seemed to become clearer, and his perception and perception of his surroundings also became extremely clear.

Chen Feng feels that he is extremely energetic, as if he will not be tired from doing anything, and he is extremely energetic, without any flaws.

Chen Feng knew that this was because his life origin was completely restored and the benefits brought to him were greatly improved.

"It's so comfortable, this feeling, it seems that I can be with this world!"

A smile appeared at the corner of Chen Feng's mouth, and his fist was lightly clenched.

He now knows how much his life span is, it is a whole thousand years!

"Life span of a whole thousand years!" Chen Feng sighed contentedly: "This trip to the Southern Wilderness is really worth it!"

At the next moment, Chen Feng's thoughts were interrupted by the sound like a rolling thunder.

He immediately opened his eyes to look, and saw that the dark clouds in the sky had disappeared and the heavy rain had already stopped.

Chen Feng was surprised: "Where does the thunder come from?"

Then, he turned his head and looked to the side, suddenly laughing and crying.

Beside, the yellow bird was covered with a layer of blush, and was lying on his back and asleep.

Chen Feng heard the sound of thunder before, it was clearly her snoring!

The snoring sound was so loud that the entire Tongtian Jianmu was trembling violently.

Chen Feng shook his head: "This guy actually fell asleep like this?"

Chen Feng didn't do anything, just walked aside, sat cross-legged, lost in thought.

He was thinking about his own harvest this time.

This time, Chen Feng really gained a lot.

When Chen Feng came here, all he wanted was to return to a normal life. There was no need to worry day and night that he would die in a short time.

And now, he has not only returned to his normal life span, but also has greatly increased his life span, reaching the level of a whole thousand years.

You must know that the martial arts realm powerhouse does not have a life span of a thousand years, at most it is only a few hundred years.

And more importantly, he has awakened the form!

Chen Feng still has the most superficial understanding of how to use the law, and he has no idea what to do.

Chen Feng secretly said in his heart: "I now need to figure out how to use the Faxiang, how long it can last, and how powerful it can be."

So Chen Feng closed his eyes and tried to summon Dhamma.

However, Chen Feng found that he had no way to perceive the Fa-phase, and he could not perceive the existence of Fa-phase at all.

Chen Feng used all the methods he could think of, but none worked.

I don't know how long he has passed, he suddenly opened his eyes and shook his head, feeling a little helpless in his heart: "I tried all the methods, but the result was that I couldn't sense the Dhamma!"

"What's going on? If my Dharma is incomprehensible and unusable, what is the difference between it and nothing?"

Thinking of this, Chen Feng couldn't help but feel a little anxious.

[Chapter 2980: Yaoguang White Sun Spectrum](#)

This couldn't help but he wasn't anxious, after all, the law was so powerful, if he couldn't use it, Chen Feng would naturally be extremely disappointed.

But Chen Feng was Chen Feng after all, and soon he became quiet, his heart was calm, and he whispered to himself: "There must be a way, Chen Feng, what are you worried about?"

At this moment, a crisp woman's voice rang behind her: "It's impossible for you to sense the Dharma like this."

When Chen Feng turned his head back, he saw that the yellow bird had already stood up straight.

At this moment, the slight blush on her face had disappeared, and she had returned to normal again, and she was watching Chen Feng speak calmly.

Chen Feng smiled and said, "Are you awake?"

Hearing Chen Feng's question, Huang Bird's face turned blushing.

When I thought that I had been seen by Chen Feng just now, I couldn't help but feel a little embarrassed.

She tilted her head to the side a little unnaturally, and said softly, "Well, I've been awake for a while."

"I saw you just thinking about it here, so I didn't bother you."

Chen Feng didn't notice her strangeness, and smiled and said, "You just said that I can't notice the law like this. What do you mean?"

Huang Niao explained to Chen Feng: "For you human warriors, the generation of Dhamma is an extremely difficult process."

"Not only is it necessary to have a strong strength, but it also requires a very ethereal state of mind, and it also requires coincidence."

"These three are indispensable."

Chen Feng nodded slowly.

Huang Niao looked at Chen Feng, with a colorful look in his eyes, and said: "You guy, really lucky, quietly, by chance, you actually have the Dhamma."

"However, that's the only way to do that, so your Dharma image is actually unstable and very poor."

"do you understand?"

Chen Feng nodded, thought about it for a moment, looked at her and said, "What you mean is that other people's Fas are cultivated bit by bit and strengthened bit by bit, so the foundation is very solid."

"And my face became so strong all at once, so the foundation is very unstable, right?"

"That's right, although I don't know how your Faxiang came into being now." Huang Bird said.

She naturally didn't know, after all, only he knew what happened in Chen Feng's dantian.

Chen Feng didn't hide it, smiled slightly, and told him the process again.

After listening to it, the yellow bird was dumbfounded, and it took a long time to react.

She exclaimed: "Chen Feng, I've lived for so many years, so in terms of knowledge, it's not too small."

"But what happened to you, don't tell me, I have never heard of it."

"It's too rare! It's such a coincidence that the Dhamma was born! No wonder your Dhamma is so difficult to summon."

"Your Faxiang appeared just now. At that time, you could control it, but now his power is exhausted, you can't even summon it."

"Generally speaking, even if it is because the Faxiang is too strong, or because of insufficient strength, it will not last long, but the perception can be felt."

"You can't even do this!"

Chen Feng asked urgently: "Is there any way to remedy it?"

The yellow bird smiled slightly: "There is a way to solve it. It is a practice called Yaoguang Bairixianpu!"

"Yaoguang Bairi Xianpu?" Chen Feng raised his eyebrows and chanted these words softly several times.

The yellow bird nodded and said, "Yes, it is this kind of exercise."

"This Yaoguang Bairi Xianpu was created a long time ago by a sect called Yaoguang Holy Land. This sect has a lot of experience in the art."

"The powerhouses of their sects, basically at the Martial Emperor realm, can be condensed into the law, not to mention the strength, but at least they can be condensed, which is a lot stronger than other sects."

Chen Feng nodded: "Yes, with the law, it will always be stronger."

"However," the yellow bird suddenly scratched his head with that huge claw, and said with some distress, "I don't know if this kind of practice still exists."

"Half a million years ago, the Yaoguang Holy Land disappeared, and this technique was spread later."

"Anyway, 300,000 years ago, this technique should have existed, presumably it should not be extinct on the Dragon Vein Continent now!"

Chen Feng could not help but smile wryly.

"Three hundred thousand years ago? The Yellow Bird and Teng Snake lived long enough, and it was hundreds of thousands of years ago with one mouth."

He smiled and said, "I will find it hard after I go back this time!"

The yellow bird nodded and sighed: "I can't help you much, after all, it's been too long since I left there."

Chen Feng smiled and said, "Knowing this name is enough, Huangniao, I really appreciate you very much."

He suddenly asked with interest: "How long have you been here?"

A reminiscence flashed in the yellow bird's eyes: "How long has it been?"

She sat down lightly and sighed: "If I remember correctly, it's been half a million years since I came here with Tengshe!"

"What? It's been half a million years?" Chen Feng showed a look of shock on his face.

Half a million years? What concept? Enough to cause a huge change in the Dragon Vein Continent, enough to turn the sea into a mulberry field!

For the two of them, this was just the time when they had just arrived in Nanhuang.

At this moment, Chen Feng suddenly remembered two words: "Changsheng!"

Yes, it is longevity!

The existence of these two of them is no different from Changsheng!

Huang Niao looked at Chen Feng and said, "Want to hear the story between me and Tengshe?"

"Of course." Chen Feng nodded solemnly.

"I won't tell you more about other things, but I think you should be very interested in the enmity between me and Teng Snake, and I must really want to know why we fight each other every once in a while. is not it?"

Chen Feng laughed: "Yes, I am extremely interested in this. I have always wondered in my heart, I don't know why you are doing this."

The yellow bird sighed, a bitterness flashed across his face: "Do you think we are willing?"

"We do this just to keep ourselves alive!"

"Oh, let me live?" Chen Feng looked at the yellow bird with surprise in his heart!

The yellow bird said: "I and Teng Snake are very special existences. You must think that we two live almost the same life as the world, almost never grow old, let alone die of old age, right?"

Chen Feng nodded.

"In fact, this is not the case." Huang Bird shook his head and said: "The two of us have a long lifespan, but no matter how long, there will be a day of death."
