[Chapter 3061: Poisonous insect nest!](#)

Then, a smooth cliff was exposed above it.

This palm banged on the cliff again, and with a bang, the cliff trembling violently, and then cracked a big crack.

Behind is a bottomless darkness.

Chen Feng stepped into it and walked for more than a hundred meters along the crack, and then a cave appeared in front of him.

After entering here, Chen Feng frowned immediately.

It turned out that as soon as he entered the range of the cave, Chen Feng immediately felt an extremely evil, extremely hideous, as if coming from the depths of his soul, about to swallow everything, and at the same time extremely powerful will and aura.

It seems that there is an extremely powerful existence in this cave.

And this existence is extremely hideous and terrifying. It wants to swallow everything, wants to turn everything into...

Chen Feng murmured a few words gently: "Its raw materials!"

At the same time, there was also a breath of countless extremely strong toxins that passed over.

Chen Feng felt that the concentration of toxins inside was dozens of times, hundreds of times as much as outside.

In an instant, those toxins sensed Chen Feng.

Then, suddenly overwhelmingly pressed against him.

Chen Feng couldn't see, he couldn't see anything because of darkness in front of him.

In fact, this is not darkness, but...

Suddenly, Chen Feng discovered that the so-called darkness was actually countless poisonous insects.

There are so many poisonous insects that I think it is dark.

In fact, after the worms left the cave wall, Chen Feng saw that there was a faint blue light emitting from the cave wall, illuminating the place quite brightly.

At this time, Chen Feng also saw clearly what it looked like.

This cave is extremely huge, with a radius of several thousand meters and a height of one thousand meters.

The cave wall was a faint blue color, but at this time, a piece of black, like a curtain and a cloud-like poisonous insect, rushed towards Chen Feng frantically.

Their number is countless times more than outside, and the venom is countless times stronger than outside.

Moreover, the speed of coming is extremely fast.

For almost an instant, Chen Feng's body was directly occupied by these poisonous insects.

Chen Feng flipped the palm of his hand, and the Poison Orb suddenly appeared, and the Bai Mengmeng brilliance enveloped Chen Feng's body.

Suddenly, those black poisonous insects suddenly stopped after the appearance of the Poison Orb.

They stopped so fast that they screamed and couldn't stand it.

A lot of black poisonous insects really couldn't stop, and they were pushed and hit by those black poisonous insects behind them on the white brilliance.

Then, in the next moment, Chen Feng saw a magical scene.

The Bai Mengmeng's brilliance instantly separated countless thin white light beams that were thousands of times smaller than the tip of a needle.

Then, in an instant, this white beam of light pierced into the bodies of these poisonous insects.

The next moment, there was a bang, and these poisonous insects exploded directly.

And they burst out a piece of black juice with a thin white brilliance inside.

As a result, other poisonous insects contaminated with these black sap also burst with a bang.

Then, continue to burst.

Almost in a blink of an eye, these poisonous insects were directly blown up to 30%.

The remaining ones, backed madly, so that the black juice could no longer stick to themselves, and only then escaped their lives.

Seeing this scene, Chen Feng breathed a sigh of relief: "The Poison Orb is too powerful! It's really crazy! It can actually detonate these poisonous insects!"

"Moreover, the black juice after the poisonous insects burst can also detonate other poisonous insects. This is simply an endless attack method!"

"This makes these poisonous insects have to fall into a deadlock, if they are not dense enough, then it will have no effect on me."

"And if they are dense enough, they die faster."

"The Poison Orb is really a rare treasure!"

Chen Feng shouted loudly!

At the same time, Chen Feng's heart moved: "When these poisonous insects attacked me just now, I felt that huge and hideous will suddenly weakened."

"Could it be that....."

Chen Feng thought of this and immediately looked forward.

Then, he saw that in the middle of the cave was a stone platform.

The top of the stone platform is a huge nest.

This nest is a thousand meters in height and hundreds of meters in diameter, and it looks like a sharp cone.

The nest is completely dark, and if you look closely, you will find that this is actually a collection of countless tiny bugs.

And below them, there is a will that is stronger than them, but not strong enough for Chen Feng to perceive that level of will.

A sneer appeared at the corner of Chen Feng's mouth: "Sure enough, I accidentally broke into the nest of a poisonous insect."

"No, it should be said that it is not the nest of a certain kind of poisonous insect, but only a certain kind of poisonous insect, a tribe below it."

"This place is like a human city."

"Thousands of Flowers and Poisonous Valley is so big and so powerful, if I broke into the nest of a certain kind of poisonous insect, it would definitely not be so large."

"And that so-called huge will is..."

A light smile appeared at the corner of Chen Feng's mouth: "Actually, it's just a will formed by all these poisonous insects gathered together!"

"These poisonous insects are too small to form a single consciousness, so they gathered together to form such a huge and powerful meaning."

"but!"

Chen Feng's eyes are piercing, and he has already seen everything: "These tiny consciousnesses cannot converge out of thin air. They need a core!"

"From this, we can gather together!"

"And that core is there!"

Chen Feng's figure flashed, and he rushed forward frantically, laughing: "It's in the middle of this lair!"

Chen Feng moved forward, faster and faster.

At this time, he also felt that the strange treasure in his consciousness became more and more attractive to him.

Where Chen Feng passed, all the poisonous insects evaded one after another.

And some of the things that can't be evaded are directly burst open.

So, the ones closer to them also burst, and then a series of explosions were triggered.

Boom boom, in this cave, the sound of blasting was endless, and the whole cave seemed to shake violently.

In a blink of an eye, Chen Feng was already in front of the huge lair.

At this moment, the poisonous insects all flew up suddenly, and the entire nest was two times smaller in an instant, only a few hundred meters high, exposing the body of the nest.

Chen Feng saw that the nest seemed to be a semi-solidified body like honey. The whole was golden yellow, and it looked very beautiful, emitting bursts of fragrance.

[Chapter 3062: Grab my treasure?](#)

Chen Feng slowly nodded: "This is something similar to honey. It must also be a kind of treasure. I don't know how many tens of thousands of years have passed before accumulation."

Although this thing has a height of several hundred meters, Chen Feng will not enter it.

After all, there is no danger inside, and time is wasted.

Chen Feng just shot out with a fierce punch, carrying the white and misty brilliance of the Poison Orb.

After the Poison Orb touched the lair, there was a loud bang, and the entire lair burst open. The explosion broke apart, turning into countless pieces and flying away.

At this moment, Chen Feng seemed to feel that all the poisonous insects felt an emotion called sadness in an instant.

This emotion was so intense, the next moment, this sad emotion turned into resentment and rushed into Chen Feng's mind, almost fainting by the shock of Chen Feng alive.

But then, Chen Feng turned around, he roared, and then blasted out a punch, directly smashing the lair into a mess.

As the nest was smashed, a huge black poisonous insect flew out, the size of Chen Feng's arm.

That way, it was like a large bug magnified countless times, with a black hard shell on its surface, which looked very disgusting.

Chen Feng smiled slightly: "I found you."

If nothing else, this thing must be the mother of these poisonous insects.

And the core of that huge consciousness is exactly him!

As soon as Chen Feng stretched out his hand, he grabbed the huge female worm, trying to crush it directly.

But the next moment, he stopped.

It turned out that at this moment, the huge black female worm fell on the ground.

He looked at Chen Fengfeng, two small eyes like mung beans turning wildly.

At the same time, a voice suddenly rang in Chen Feng's heart: "Please, don't kill me! Please, don't kill me!"

This voice is as immature as a child, and it is the voice of a little girl.

Chen Feng was stunned immediately.

If the opponent is just an unconscious poisonous insect, Chen Feng can kill it.

However, she had already developed consciousness, and Chen Feng could not start anyway.

Chen Feng's hand stopped three inches above her head.

Then, slowly said: "Are you talking to me?"

"Yes, yes, it's me."

While talking, the black female worm nodded frantically, looking at Chen Feng's eyes, full of sorrow and pleading!

Chen Feng took a deep breath and saw the side in a blink of an eye.

Right next to the female worm, it should be the most central place before the nest. There was a thing about five feet long, a slap wide, and about two inches thick.

This thing, the whole body is the color of forest white, like that ten thousand years of ice.

The white ones emit a faint blue light, which looks like a silver-white iron bar.

The moment Chen Feng saw this thing, he couldn't help but closed his eyes suddenly, and quickly turned around to look away.

After a while, he dared to open his eyes, and a look of horror appeared on his face: "What is this?"

"The silver light shining from above not only looks magnificent, but also gives me the feeling that it is extremely sharp! It seems to be blinding my eyes!"

"With my eyes, it's impossible to resist!"

"Moreover, this is just his light, so sharp, then how sharp will its body be?"

Chen Feng looked aside for a while, then took a deep breath, got ready, and looked at the silver-white metal again.

But this time, he didn't dare to look directly, but squinted his eyes carefully.

In this way, Chen Feng felt that his eyes were about to be stabbed, which made him sigh how sharp this silver-white metal is!

Chen Feng was overjoyed, and at the same time his thoughts turned and he whispered to himself: "It just so happens that I haven't had a weapon to take advantage of these days."

"The Wentian Slashing Sword is more suitable for making some extremely powerful tricks that press the bottom of the box."

"However, if used as a normal weapon, it would seem too big, too inconvenient to use, and it consumes a lot of me."

"So, I also need a relatively small weapon now."

He smiled slightly, looked to the front and said: "It's indispensable, we have to collect some materials. This treasure comes at the right time."

A smile appeared at the corner of Chen Feng's mouth: "This silver-white metal is extremely sharp. It gives me the feeling that even the materials of the seventh and eighth oranges can be cut with a single blow!"

"Isn't this the best material for making a long sword or a long knife?"

Chen Feng stepped forward because he wanted to take this thing in his hands.

And just at this moment, a lazy and playful voice suddenly came from behind: "Boy, what do you want to do? Steal things from the uncle?"

When Chen Feng heard this, he frowned and looked back.

Then, I saw that at the entrance of the cave, a short fat man staggered and walked in.

The chunky man squinted at Chen Feng.

At the beginning, there was still a trace of alert on his face, but after seeing Chen Feng's strength clearly, the trace of alert on his face disappeared completely.

Instead, there is a deep contempt.

He looked at Chen Feng and said with disdain: "Little bastard, hurry up, bring this thing up to me! You can grab the things from the uncle?"

His sub-command tone seemed to be taken for granted by Chen Feng.

"Oh? You said I robbed you of your things? You mean, this thing originally belonged to you, didn't it?" Chen Feng looked at him and said slowly.

"Of course!" The chunky man proudly said: "It's not mine, is it yours?" *novEluSb.Com*

"I am so strong that I am qualified to own this thing!"

"What about you? Just like a waste, a mere eight-star martial emperor, also worthy of possession?"

Chen Feng squinted his eyes, and a cold light flashed in his eyes.

This thing clearly belongs to Chen Feng.

Only Chen Feng, relying on the Poison Orb, can drive away those poisonous insects, and thus obtain this treasure in their lair.

If this person comes by himself, even if he knows that there are treasures here, he won't be able to take it away.

Not to mention, it is almost impossible for him to perceive the breath of this treasure.

Chen Feng took all the credit for getting this treasure.

But this person is going to seize Chen Feng's credit as soon as he comes up, and it is really shameless to seize this treasure!

Seeing Chen Feng standing still, the pudgy man immediately shouted impatiently: "Little boy, are you deaf or stupid? Didn't you hear what the uncle said? Don't you hurry up and offer this thing obediently?"

[Chapter 3063: I look so bullied, am I?](#)

Chen Feng looked at him, smiled and said, "This treasure was obtained from these poisonous insects."

"And these poisonous insects would not be driven away without me."

"Presumably, even if you knew about the existence of this treasure before, you wouldn't dare to come here to get it."

"Because these poisonous insects are enough to kill you!"

"But now, when you see that I have this treasure, you have to come over and grab it!"

"and so....."

Chen Feng stared at him with a smile at the corner of his mouth. The faint smile looked particularly cold:

"You think I am better bullied than these poisonous insects, don't you?"

After Chen Feng revealed his thoughts, the short and stout man flushed red in an instant.

The next moment, he became angry, staring at Chen Feng, let out a sullen laughter, and said: "Okay, boy, I didn't want to tear my face."

"Originally, I wanted to take it away from you openly."

"However, since you are all talking about it, then I have to tear my face!"

He suddenly changed his face and said, "Yes, I just think you are better bullied than these poisonous insects!"

"Lao Tzu just feels that it is much easier to **** this thing from you than to **** it from these poisonous insects!"

He paused, curled his mouth from the corner of his eyes, and said with disdain: "I know, you think you can defeat these poisonous insects and obtain this treasure, so you feel that you are stronger than them?"

"As everyone knows, you are purely idiotic dreams!"

"You just rely on such a treasure to be able to deal with these poisonous insects."

"But this treasure has no effect on me!"

"I want to kill you, it's easy! After all, you are just a trash of an Eight-Star Martial Sovereign Realm!"

He stared at Chen Feng as if he could see everything!

His face suddenly showed a thick greedy color, and said: "Boy, the thing in your hand should be similar to the poison bead."

"I don't know where you got this thing, or how you got it with your **** strength."

"But, I know one thing!"

"This treasure belongs to Lao Tzu!"

He looked at Chen Feng and smiled: "Originally, I had already decided to take your dog's life, but if you come over and kneel on the ground and offer this treasure to me, then I will spare your life. Just drop your cultivation base!"

He was already treating Chen Feng very preferentially.

Chen Feng stared at him, just smiled and said, "You want this treasure, don't you?"

"But unfortunately, I won't give you this treasure! You have to grab it yourself!"

"Furthermore, you will find a very sad fact, that is, you can't take it away at all!"

"Because you can't be my opponent!"

"Little boy, you're so arrogant!" The short and fat man instantly looked terrifying and let out a loud roar: "Then I will let you know if I can take it away!"

The next moment, his figure flashed, and he blasted out a punch.

At the same time that this punch was blasted, he roared one after another, as if using the power of the roar.

The fact is also true, every time he roars, the power of his fist is a point.

After nine consecutive roars, his power was already at the extreme.

At this time, his face was pale, obviously, the punch just now also exhausted his strength.

There was a smug look on his face: "Little boy, my punch can directly kill you!"

"Oh? Really?" Chen Feng said with a smile on his face, "I don't think so."

In a blink of an eye, the fist was already in front of Chen Feng.

Facing this sweeping offensive, Chen Feng smiled slightly, and then stretched out a finger.

That's right, just stick out a finger.

Seeing Chen Feng like this, the short and fat man roared: "Boy! Arrogant!"

But in the next moment, his face changed drastically, and the disdain on his face disappeared, replaced by a hint of shock.

He exclaimed: "How is it possible?"

At the same time, there was a loud bang.

It turned out that after Chen Feng's finger collided with his fist, Chen Feng's finger remained motionless, but the fist was like a balloon that had been punctured, banging, directly exploding and withering.

He glared at Chen Feng in disbelief, and roared: "My fist, even the peak of the Nine-Star Martial Emperor can easily smash into pieces, so why can't you? Why can't you?"

"You, what kind of strength are you?"

At this moment, he suddenly realized something, and exclaimed: "You, your strength is not the Eight-Star Martial Emperor? Your strength is stronger?"

Chen Feng laughed loudly: "I am the Eight-Star Martial Emperor!"

"But unfortunately, my strength seems to be a little stronger than you!"

At the next moment, Chen Feng's fingers continued to move forward, with an extremely tyrannical might.

The short and fat man felt an extreme danger, he yelled frantically, and hit a dozen punches in succession.

However, they were all crushed by Chen Feng's finger.

Then, Chen Feng's finger directly touched his chest.

Then, there was a loud bang, mixed with the scream of the pudgy man.

The short and fat man was hit and flew out, then hit the cave wall, and bounced back heavily.

At this time, there was already a big hole in his chest, blood spurting out frantically.

And he was broken and fractured, and he was already seriously injured!

But he didn't even care about the pain in his body, he straightened up straight, stared at Chen Feng, and yelled in disbelief: "You? How can you be so strong? How can you have such a strong strength?"

"You are obviously just an eight-star martial emperor!"

Chen Feng smiled and said, "I am the Eight-Star Martial Emperor, that's right."

"But unfortunately, my strength is so strong, much better than you!"

He smiled and looked at the pudgy man and said, "Now, tell me, can you **** it from me?"

"Now, tell me, who the two of us killed?"

At this moment, there was a touch of regret on the short and fat man's face, and he trembled and said: "You are much stronger than me. I shouldn't provoke you."

Chen Feng smiled and said, "I know now, don't you? But unfortunately, you have provoked me."

"Moreover, since you provoked me, you must be prepared to pay the price!"

As he said, he slowly walked towards the pudgy man.

At this time, the pudgy man, the regret on his face had solidified into extreme fear.

His body was twitching back on the ground, and while twitching, he furiously begged for mercy: "Please, don't kill me! Don't kill me!"

Chen Feng smiled and said, "Oh? Don't kill you? Do you think it's possible?"

"If at this time, it's me who is lying on the ground, if I plead, could you not kill me? Is it possible for you?"

[Chapter 3064: Three hundred thousand years of ice fine gold!](#)

The chunky guy couldn't say a word.

He suddenly thought of something, and then yelled frantically: "My master, Master Flying Bear, you can't kill me!"

"If you kill me, my master will never forgive you, you will definitely die under my master!"

The voice just fell and stopped abruptly.

It turned out that Chen Feng had stretched out his hand and broke his neck.

The short and fat man showed a look of horror on his face, his eyes fixed on Chen Feng, as if he couldn't believe that Chen Feng actually killed himself like this.

In his gaze, the expression gradually disappeared, he hummed in his throat, exhausted the last bit of strength, and squeezed out a sentence: "I, I regret it!"

Looking at him, Chen Feng showed a thoughtful look on his face.

Chen Feng whispered to himself: "Now, after arriving in the Nei Zong, my original fighting method is no longer good."

"I hadn't practiced powerful punching for a long time. Basically, I was forced to crush by force, without any skills."

"And now, after coming to the Nei Sect, many people are extremely strong, and I can't do it by forcefully crushing them."

"Therefore, it is necessary to practice one or two hand-to-hand fist techniques to improve strength."

"At this point, my Yueyong Dajiang Fist should be satisfied."

"In addition to this palm technique, I still need a sword technique or sword technique for daily use. At the same time, I also need another sword technique with extremely powerful power as my trick to press the bottom of the box."

Chen Feng thought for a moment, and his whole thoughts immediately became clear.

A light smile appeared at the corner of his mouth: "Sure enough, Elder Xiaoyue is right!"

"This way, I still have to explore it myself. I have fought a lot during the period when I came to Nei Zong, so I found out such a path that suits me."

"Since the path is clear, the goal is much clearer."

Chen Feng smiled and said, "Next, I will look for such martial arts techniques."

"Nanhuang, it seems that I must go there as soon as possible, to unearth the secrets that may be hidden in the second floor of the Great Emperor Yin and Yang's Tomb."

"After all, when I test my spirit, I may not be able to use too much strength, just use my spirit to crush it."

"However, when fighting Yu Taihong, it is necessary. I am still not Yu Taihong's opponent!"

Suddenly, Chen Feng turned his eyes and saw the black bug next to him.

Just now, during the conflict between Chen Feng and the short and fat man, the black female worm stayed quietly beside him.

Chen Feng smiled and looked at him and said, "You did a good job, you didn't get into trouble."

The black female worm said honestly: "I can tell from a glance that he is definitely not your opponent, how could I do such a stupid thing."

Chen Feng was taken aback, then laughed and said, "You fellow, you are honest!"

"Never mind,"

He sighed softly and said, "The purpose of my coming here this time is to discover this treasure, and to perceive its breath, will I break your lair."

"Now that I think about it, I actually did something wrong. After all, I ruined your home for no reason!"

"So, I won't act on you, you can rest assured."

After hearing these words, the black female worm breathed a long sigh of relief, completely relieved.

Chen Feng looked at her, smiled and said, "But, although I won't kill you, you have to do something for me."

The black female worm hurriedly nodded her head again and again: "My lord, just say it, just say it."

She was in awe of Chen Feng in her heart.

Chen Feng is extremely powerful, and the Poison Orb has great restraint against them. She knows that she has no power to fight back in front of Chen Feng, so where can she dare to resist?

Chen Feng said, "I am not familiar with this Valley of Thousands of Flowers and Poison, so you have to be a guide for me and take me there."

"Okay, what are you looking for? I will definitely take you there." Chen Feng said with a smile.

"Look for the Nimie Sky Grass, the 90,000-year-old one." He added.

The black female worm thought for a moment, and a touch of embarrassment appeared on her face.

Chen Feng frowned and said, "What? You don't want to?"

"It's not unwilling."

The black female worm quickly explained, and said: "Actually, I know where the Silent Skyweed is, and I am very willing, but that place is very dangerous. For your sake, you better..."

Chen Feng said, "What's dangerous?"

The black female worm said, "There is a very strong monster guarding there."

"Oh, isn't it?" Chen Feng said: "You don't have to worry about these things, you will just be able to act accordingly when the time comes."

The black female worm nodded!

Chen Feng pointed to the silver-white metal again and said, "What is this again?"

Looking at this piece of silver-white metal, the black female worm's eyes flashed with a hint of regret.

She didn't regret that the lair was destroyed.

She herself was caught by Chen Feng, and she did not regret it, but she felt it was a pity that Chen Feng got this thing.

When Chen Feng saw Ran's look, he immediately knew that this thing was probably not only a rare treasure that could be described in four words, it should be a rare treasure.

The black female worm sighed faintly, and said, "You are really lucky."

"This thing is the treasure of our clan!"

"Oh? The treasure of your clan?" Chen Feng was slightly moved: "How do you tell?"

"The name of this object is 300,000 Years of Ice Fine Gold!" She said solemnly.

Chen Feng listened and took a breath!

Three hundred thousand years?

The black female worm said, "Did you see those tiny black worms?"

Chen Feng nodded: "I saw it, I also killed a lot!"

"Do you know what they are feeding on?" the black female worm asked.

"What to feed on?" Chen Feng was stunned, he really didn't think of this question.

The black female worm said: "Although they are small, they don't eat ordinary food. Their food is not other things at all, but extremely precious and rare fine gold, ores, various rare metals, and gems. They all eat. "

"The more rare, the higher the quality, and the more delicious it is to them."

Chen Feng nodded slowly, waiting for her to continue.

The black female worm glanced at this huge space and said: "This mountain was originally a huge fine gold mine. It was only when they gave it a hard time to eat, and it became empty."

Chen Feng noticed that the black female worm was talking about them. When talking about her family, they were used instead of us.

This also means that she is not the same species as those poisonous insects.

This is also normal. After all, one has strong wisdom, while the other does not even have his own consciousness.

[Chapter 3065: Orange nine-pin material!](#)

The black female worm went on to say: "This kind of little things, their lifespan is actually quite long, it can reach several decades."

"In the course of these decades, they have devoured all kinds of fine gold and gemstones every day, so in their bodies, they have formed a core of fine gold."

"This fine gold core is a fusion of the best features of hundreds of thousands of fine golds, all their strengths, the greatest essence, and then condensed."

"In nature, it is impossible to form such a thing."

"Only our clan can make it."

When Chen Feng heard this, he suddenly felt thoughtful and exclaimed: "Could it be that this piece of silver-white metal was condensed from their corpses?"

"Yes, exactly." The black female worm nodded slightly.

When Chen Feng heard this, he couldn't help being shocked.

How small are these little poisonous insects? A thousand such poisonous insects may not be as big as the tip of a needle.

They are so small, how much do they need to condense into this silver-white metal? How many years of accumulation does it take?

He asked this question.

The black female worm smiled bitterly: "So, I am sad!"

"This kind of worm, called the Hundred Poison Gold Biter, is also a very large ethnic group in this valley of thousands of flowers."

"And the tribe I belong to is just a member of this tribe, but..."

There was an emotion called pride in her emotions: "Although our tribe is only one of them, I am the most noble person in this tribe."

"So, I will keep the treasure in this clan, but I didn't expect it to be cheaper for you in the end."

"You know, not any Hundred Poisonous Gold Eater is qualified to condense on this piece of cold iron."

"Only those with noble blood, extraordinarily large body, extraordinarily strong strength, and exceptionally outstanding fine gold core in their bodies are eligible to be here."

She looked at Chen Feng and said: "This piece of ice fine gold, our entire ethnic group spent 300,000 years before it condensed."

"This is a piece of ice fine gold of 300,000 years old!"

Chen Feng was shocked when he heard this.

"So, no wonder it is so sharp, no wonder it is so tyrannical!"

"It turned out to be the essence of hundreds of thousands of fine gold, condensed over the years!"

He couldn't help sighing in his heart: "Only the magical creations of nature can be produced by various coincidences."

If it is a human, how can the essence of thousands of fine gold be refined?

No matter how powerful a foundry is, it can't be refined!

Chen Feng murmured: "These 300,000 years of ice fine gold, I don't know that it has reached the orange grade material."

"I guess, at least there are six oranges and seven oranges, right?"

At this time, the black female worm next to it suddenly said coldly: "It is already an orange grade 9 material."

Chen Feng raised his eyebrows, looked at her and said, "You actually know?"

"Of course I know." The black female worm said proudly, "Don't think that I am hiding in this valley of poisonous flowers and know nothing."

"In fact, in this Nei Sect, there are definitely not a few who can perceive this 300,000-year ice fine gold."

"There are not a few who can enter here, it's a pity..."

A strange emotion was squeezed out of her face: "They are all dead, and they have turned into the nourishment of the poisonous insects under my hands, and there is no bones left."

He pointed to the little black bugs and said: "These guys devour their bodies, and I devour their souls, so naturally I have their memories."

Hearing these words, Chen Feng couldn't help but tremble for a moment, staring at the black female worm. After a long time, he sighed softly.

"It turns out that the power of this black female worm is so special and so cruel. It can get human memory by swallowing the human brain. This is a bit too bad."

Thinking of this, Chen Feng suddenly moved in his heart and said, "Then you must know a lot?"

The black female worm still looked triumphant at this time, still immersed in the shocked emotion after Chen Feng heard what he said just now.

He said: "That's natural. I don't know much about things in the inner sect."

A weird smile appeared at the corner of Chen Feng's mouth: "Okay, that's fine."

The black female worm finally realized that something was wrong at this time, and looked at Chen Feng with a vigilant look, and said, "What do you want to do?" **ηOvElusB.cOM**

Chen Feng smiled and said, "What do I want to do? Of course I want to keep you by my side for a long time."

"After all, there is such a guy who understands everything and can provide me with information all the time, how could I easily let it go?"

The black female worm shouted: "What? You are treachery!"

She was shocked and regretful in her heart. She didn't expect to show off for a while and actually hurt herself!

Chen Feng smiled faintly, and said: "I just said that you should take me to find the night grass in the sky, and I won't kill you."

"I didn't say that I would let you go."

When the black female worm heard it, she was stunned. After tilting her head and thinking for a while, she looked at Chen Feng blankly and said, "It seems that you really said that."

"You really didn't say that you would let me go."

Chen Feng laughed, "Isn't that it?"

"Okay, don't worry about this."

Chen Feng collected the 300,000-year-old ice fine gold into his soul-man space, and then held the black female worm in his hand.

He patted her head and said, "Let's go, lead the way in front of your head."

The black female worm drooped her head and looked dejected.

But he didn't dare to say more to Chen Feng.

Soon, Chen Feng went all the way with the black female worm, and walked inward for dozens of miles.

Along the way, the black female worm kept explaining to Chen Feng.

Only then did Chen Feng understand that, among the thousands of flowers and poisonous valleys, there were also many ethnic groups.

For example, there are poisonous insects and poisonous snakes, as well as other poisonous monsters. There are many different kinds of poisonous insects.

However, no matter which type it is, it is poisonous, and the toxins are very violent.

Among them, the most powerful and powerful are all kinds of poisonous insects, the black female insects.

These poisonous insects are divided into more than a dozen different ethnic groups, and each ethnic group is divided into more than a dozen different tribes.

In Chen Feng's view, they are all worms without wisdom, not even living creatures, but in fact they have a strict structure.

Take the black female worm as an example, it can definitely be regarded as the upper one among the Zerg race, controlling the life and death of the other worms.

[Chapter 3066: No time, long time no see!](#)

The ethnic group of the black female worms is very large, occupying a radius of hundreds of miles here.

The black female worm can be regarded as a tyrant among them, otherwise it is impossible to inherit the treasure of their clan.

With it, Chen Feng was here, more free to advance and retreat, even no poisonous insects dared to attack him.

Because they felt the breath of the black female insect in Chen Feng's hand.

Along the way, Chen Feng also found traces of several Nei Zong disciples, each of whom was powerful.

It's just that the few Nei Zong disciples walked forward cautiously.

And the whole body does not know how many protections.

Their speed could not be compared with Chen Feng, and Chen Feng was not found at all, and Chen Feng did not rashly take action. They just observed and left quietly.

Chen Feng looked at the black female insect and said softly, "There are traces of Nei Zong disciples here?"

"Of course."

The black female worm said, "After all, wealth is touching. Although there are countless kinds of strange poisons in this valley of thousands of flowers and poisons, there are too many benefits contained in it."

"So, there are still many who are not afraid of death."

"Of course," she said with a mocking expression in her eyes, "Since they want to die, they basically die here."

"Look at it, I'm afraid that none of these people can go out alive."

Chen Feng listened and sighed softly.

The black female worm continued: "They thought that with a few anti-virus treasures, they would be able to advance and retreat freely in the hordes of poisonous valleys? Really naive."

"These anti-virus treasures are useful to other places because most of their land is poisonous gas or poison, and we are all poisonous insects here, which will attack."

"Soon, they will find that their treasures will be exhausted."

"By that time, it's too late for them to escape."

Chen Feng nodded lightly, without saying more.

Walking to the foot of a mountain, Chen Feng suddenly heard a vague voice of cursing and arrogant laughter in front of the wind. At the same time, there was also a woman's delicate shout mixed in.

Chen Feng couldn't help but raised his brows.

He met several Nei Zong disciples here, all covering their whole bodies tightly, especially the eyes, ears, mouth and nose, for fear that poisonous insects would get in.

But now, there are people who dare to speak loudly here?

Moreover, listening to this sounds like a conflict.

This is really rare!

He smiled slightly and stepped forward: "Go, go and see!"

After all, he was holding the black female worm and turning around the col.

After turning around the mountain col, Chen Feng saw a group of people surrounding a dry river valley.

There are four or five of these people, and these four or five people are all wearing red robes.

And their robe is embroidered with a black leopard pattern.

The black leopard has a single horn and looks extremely good.

Although it was just a pattern, it was like branding the soul of a living leopard.

As if there is spirit, Gu Pan Zixiong!

They all wore the same style and color clothes, obviously they belonged to the same force.

The leader is a burly man.

This burly man looks dignified, but in his gaze, there is an indescribable shrewdness.

At the same time, there was a trace of greed and **** in that shrewdness.

At this time, facing the person surrounded by them, he said coldly: "Little bitch, run! Run again! I see how you run this time!"

And surrounded by them is a woman.

This woman was wearing an ordinary sarong. After Chen Feng looked at this sarong, he couldn't help but raise his brows, secretly surprised.

The robes worn by this woman are very simple, just ordinary burlap.

You know, as long as the disciples who can enter the inner sect, if they are placed in the Dragon Vein Continent, their strength is top.

The emperor of a dynasty, the hegemon of a big country, everyone, not to mention the wealth of money, at least can live extremely luxuriously.

One by one, the clothes and jade food, silk and silk are not a problem.

As for Chen Feng, it has been a long time since a warrior of this level would wear a simple hemp robe.

However, this simple white burlap robe, worn on this woman's body, looked particularly dusty.

There is a feeling of drifting away.

Chen Feng continued to look up. The woman was not tall, about the height of Chen Feng's shoulders, and she was quite petite.

However, she has a slender figure.

And finally, when Chen Feng's gaze fell on her face, she was shocked.

The next moment, Chen Feng opened his mouth wide and breathed violently.

His pupils spread sharply, the blood flow all over his body accelerated, every pore seemed to swell up, his eyes rounded, and an expression of extreme shock appeared on his face!

This woman is quite delicate and refined.

It's not the kind of pretty top, but between her eyebrows, there is no smoke and fire, just like the fairy who fell into the world.

There is a sense of coming out of dust!

But this is not the most important.

Most importantly, Chen Feng discovered that he knew this woman!

Not only did they know him, but they also left a deep and deep impression on Chen Feng!

The two have also fought side by side and were once close friends!

Chen Feng almost blurted out.

He took a deep breath and swallowed back the three words he was about to shout.

In an instant, Chen Feng's eye sockets were already a little moist, and they turned red.

He whispered, "Flawless, flawless, long time no see!"

It turned out that this woman was actually Mei Wuxia!

When Chen Feng was in Lingyao Town, he used to fight alongside her, and the two of them went through the Dragon Slaying Mountains together. Later, they separated for various reasons.

After that, Chen Feng never saw her again.

Chen Feng whispered softly: "When you and I met, I was still a teenager."

"In a blink of an eye, several years have passed. Since we separated, we have never seen each other again."

"Unexpectedly, today, in this Xuanyuan family's inner sect, they will meet again!"

"Great! Great!"

Chen Feng can be said to be ecstatic, and his emotions are almost uncontrollable.

His strength is getting stronger and stronger, his status is getting higher and higher, but his relatives and friends are also getting fewer and fewer.

Now, to be able to meet Mei Wuxia again, he is indescribably happy!

But at this moment, Mei Wuxia's situation is obviously not so good.

Chen Feng's eyes fell on the big men in red, and his pupils shrank slightly.

[Chapter 3067: I, Chen Feng, will bear it for you!](#)

These big men in red are not weak in strength. The worst one has reached the peak of the Nine-Star Martial Emperor, and several of them are between the peak of the Nine-Star Martial Emperor and the half-step Martial Emperor.

The strength is almost the same as Bian Xingyu.

It is normal to think about it, this is the inner sect!

The strength of several of them is similar to that of Bian Xingyu, and they are not weak in the Nei Zong, at least they are medium.

And Mei Wuxia's strength...

Chen Feng's eyes fell on her, and after looking carefully for a moment, she found nothing.

There seemed to be a very obscure aura shrouded in Mei Wuxia's body, and this aura blocked all her power.

Let Chen Feng not be able to detect it at all!

Chen Feng whispered to himself: "It seems that Mei Wuxia has also had a lot of adventures."

And when he looked at Mei Wuxia, he suddenly felt a very familiar feeling. It was not his familiarity with Mei Wuxia before, but another familiarity.

However, Chen Feng couldn't figure out where this familiar feeling came from.

At this moment, Mei Wuxia faced the burly man in red, with a sneer on her face, and said, "Now you know I'm a little bitch, right?"

"Now, do you know that you are insulting me in every possible way?"

"It wasn't three months ago when you carried your leader crying and begging at my door, begging me to heal him, right?"

"It's not time to say all the good things to me, to accompany all smiles, to beg in every way, right?"

After Mei Wuxia said these words, the faces of the people in red immediately showed a very embarrassing expression.

Especially the burly man in red, his face was even more shaggy, as red as pig liver, with an angry expression on his face.

He turned into anger, staring at Mei Wuxia, and screamed: "Now and then!"

"Hahahaha..."

Mei Wuxia let out a mocking smile: "It's a moment now and then another!"

"Three months ago, your leader was seriously injured, and no one wanted to heal him because he was afraid of getting too many enemies."

"Who detoxified him? Who cured him?"

"Who worked so hard for him and kept him by the side for ten days before he was pulled back from the front of the ghost gate?"

"And now, who will avenge revenge?"

She has a pretty face with frost, her expression is extremely cold, and her eyes are full of murderousness.

Pointing at them and saying, "You, is this how you repay your leader's lifesaver?"

"That's how you avenge revenge, right?"

These words made the red-robed men blush and speechless.

Obviously, she said nothing wrong.

Chen Feng looked aside and sighed softly.

"Flawless, flawless, you are still so kind."

"That dog was so kind and revengeful after you saved him. I don't believe that based on your experience, I didn't see any clues when I saved him."

"However, you still chose to save him."

"You? These years, but it has been, the original intention has not changed!"

The burly man in red was irritated by what Mei Wuxia said.

He whispered: "Yes, we were like this at the beginning, we were really begging you at the beginning, and now we are really forcing you."

"But, so what?"

"The weak and strong food is the nature of this Nei Sect!"

"Who told you to be inferior to me?"

Mei Wuxia looked at him with cold eyes and said nothing.

He is completely shameless.

The burly man in red suddenly softened his voice, and then said, "Of course, we are here. Actually, there is no other meaning. I just want you to join our God Leopard Club."

"As long as you join our Shen Leopard Club, we will never make any embarrassment to you again."

"If this is not the case, whoever embarrass you, our Shen Leopard Club will not share the same spirit with him, we must protect you!"

"Oh? Would you invite me to join your so-called **** leopard?"

Mei Wuxia sneered and said: "It sounds good, it's nothing more than my ability to save people by refining pills and medicine."

The man in red chuckled, yes: "Now you can see thoroughly."

"Actually, it's not just because of your ability to concoct medicine to save people."

He smiled, his eyes were very lustful, and his eyes swept up and down Mei Wuxia's body, and said: "You are also exquisite and not ugly."

"Our boss, in fact, is also in love with your looks."

He smiled and said: "Little bitch, you will be our boss!"

As he said, his hand grabbed Mei Wuxia's body.

Mei Wuxia took a deep breath, a look of regret appeared in her eyes: "I regret so much, why did you save that dog thing in the first place!"

"I regret that this time, why did you enter this valley of poisonous flowers alone this time, so that they were given the opportunity to attack!"

"If I were outside, they would never dare to attack me so easily."

Her eyes were awe-inspiring.

At the beginning, with the opportunity of being treated by her, the boss of the Shen Leopard Society knew her in detail.

Now, she had no resistance, and she could only close her eyes and wait for death.

However, her eyes were still awe-inspiring, without giving in the slightest!

"Yo? You haven't spoken yet? Are you still standing here?"

"Okay, little bitch, I want to see how long you can stand firm!" The burly red man sneered, strode forward and grabbed Mei Wuxia directly.

Seeing what he meant, he wanted to catch Mei Wuxia directly!

Chen Feng looked at Mei Wuxia with firm eyes.

Although his voice is not loud, it reveals unspeakable tenacity and confidence: "Flawless, flawless, you have never changed your original intention, but you have to suffer so many hardships."

"You, continue to maintain your original intention!"

"These tribulations, Chen Feng, I will take care of you!"

"Those who dare to disturb you, I, Chen Feng, will kill them!"

Just as the burly man in red was about to touch Mei Wuxia, a cold voice suddenly came from the side: "If you dare to touch him with your paw, I will chop off your paw directly."

As soon as these words came out, the complexions of the big men in red suddenly changed.

The figure of the burly man in red also stopped, and then they all looked at the place where the sound came from.

Then, they saw a figure slowly coming out from behind the big stone next to it.

Wearing a blue shirt, this person is bright and upright, tall and handsome.

Looking at them at this time, the eyes are full of undisguised murderous intent!

This person is naturally Chen Feng!

[Chapter 3068: Take your dirty hands away!](#)

After seeing Chen Feng, the faces of the people in red showed shocked expressions. Obviously, they didn't expect that they would encounter another Nei Zong disciple in the depths of the Poisonous Valley.

But then, the solemn expressions on their faces turned into indescribable contempt and disdain.

The headed burly man in red let out a disdainful laugh: "Oh, I thought it was a master who came, and he said such arrogant things."

"You said let us stop? You said you want to break my hand?"

"Hahaha, I thought it was a great person, but I didn't expect it to be such a trash with only eight stars!"

He looked at Chen Feng, with a strong to the extreme disdain on his face.

He raised his chin, looked at him from the corner of his eyes, and said, "What did you just say? I didn't hear it."

The voice was full of jokes.

Chen Feng looked at him, saying word by word, "I said, take your dirty hand away from her."

"If you dare to touch her, I don't mind abolishing your cultivation!"

The men in red looked at each other, and then burst into laughter.

They laughed forward and backward, and even tears came out, full of extreme disdain for Chen Feng.

Obviously, they found what Chen Feng said was extremely ridiculous.

The burly man in red at the head, leaning forward and backwards with a smile, smiled while pointing at Chen Feng and said: "Little boy, what did you say? What did you just say?"

"Boy, are you crazy or stupid, dare to say such things to me?"

"You don't take pictures of soaking urine, what are you?"

"It's nothing more than a small eight-star Wuhuang, who dares to talk to me like this, it's just like life and death!"

But at this time, completely different from them, Mei Wuxia had an expression of extreme shock on her face instantly after seeing Chen Feng.

In an instant, her face changed.

Shocked, unbelievable, excited, etc. expressions flashed continuously on her face.

And the next moment, all these emotions are all condensed, turning into a strong to extreme joy!

It was an unspeakable ecstasy.

Her whole person suddenly changed from being extremely upset and extremely depressed to extremely joyful.

Chen Feng felt that her whole person seemed to be excited, very happy.

Seeing her performance, Chen Feng couldn't help but smile.

He knew that Mei Wuxia recognized herself.

And, too, he is very happy.

Mei Wuxia looked at Chen Feng and cried out: "Chen Feng, it turned out to be you? It turned out to be you?"

"Great, it's really great to see you here again!"

Chen Feng smiled slightly: "Yeah, I didn't expect to meet again here after years of absence."

"I really didn't expect it, and I was very happy."

Seeing the two of them look like this, the group of people in red was stunned.

After a while, they just reacted.

The burly man in red looked at Chen Feng with a scrutinizing gaze, and said with a sneer: "Oh, I didn't expect that you two are still old acquaintances!"

"But well!"

Suddenly his face became savage, and he said, "What about the old acquaintance?"

He stared at Chen Feng and said, "We won't give the face of this little bitch. We have to clean up even her, let alone the you who knew her."

"You don't want to get any help from her."

When Chen Feng heard this, he was stunned, then couldn't help but laugh, and shook his head.

It turned out that they thought they were getting involved with Mei Wuxia now because they wanted Mei Wuxia to help herself later.

As everyone knows, his strength far exceeds them.

These people are not Chen Feng's opponents.

Hearing what they said, Mei Wuxia also suddenly thought of her current situation.

Suddenly, the joy just faded away.

She looked at Chen Feng with a heavy look on her face and said, "Chen Feng, you shouldn't have come out at this time."

"They are not weak, how can you escape from them?"

Mei Wuxia also saw Chen Feng's strength.

She thought that Chen Feng's current strength was only the Eight-Star Martial Emperor, and she was quite puzzled. She didn't know how Chen Feng entered the Inner Sect, so she was full of worry for Chen Feng, for fear that he was not an opponent of these people.

The burly red man looked at Chen Feng up and down, and said, "It's really weird. You are a trash with only the Eight-Star Martial Emperor, did you enter the Inner Sect?"

"People like you are too into the inner sect. It's an insult to the content."

A gloomy middle-aged man next to him suddenly smiled and said, "Isn't it easy?"

"The way to enter the inner sect is very simple. Although there are only a few places of that kind each year, many people will bring some servants from below."

"This kid should be one of them."

"Yes!" Everyone nodded.

"That's right!" The burly red man pretended to be suddenly enlightened, clapped his hands, and laughed: "Yes, because of the strength of this kid, it is impossible to enter the inner sect."

"He must have been brought in by someone."

The burly man in red smiled and said, "Boy, a small servant, dare to be so arrogant?"

He stretched his hand directly towards Mei Wuxia, stared at Chen Feng, and said with a smile: "Little boy, my hand is about to be placed on her."

"Not only did I put my hands on her, I also wanted to catch her and take her away, and I wanted my boss to humiliate her wantonly."

"What can you do with me?"

As he spoke, he let out an extremely presumptuous laugh, extremely arrogant.

Seeing the next moment, his hand was about to fall on Mei Wuxia's body.

Everyone showed a playful look on their faces and laughed.

"Chen Feng? What **** name! I have never heard of it!"

"Yes, what kind of garlic!"

As everyone knows, it is these people who are lonely and humble.

Chen Feng's name is now quite famous among Nei Zong.

But they have never heard of it.

At this moment, Chen Feng's eyes flashed sharply.

At the next moment, suddenly, the burly man in red realized that he was about to touch Mei Wuxia's hand, as if he had deviated from the direction suddenly.

It actually fell slowly downward!

With a surprised look on his face, he murmured: "What's the matter?"

And then, she suddenly let out a terrifying scream.

At the same time, his hand fell rapidly.

At this time, blood shot forward frantically at the place where the wrist broke.

[Chapter 3069: If you say waste you, then waste you!](#)

He clutched his broken wrist with his left hand, screamed sternly, and trembled in pain!

"Ah! My hand!"

"My hand! Why did it break? How did my hand break?"

Seeing this scene, everyone was shocked.

Suddenly, everyone turned back to look at Chen Feng, with a hint of horror on their faces.

At this time, Chen Feng slowly flicked his finger, and a drop of blood flicked out of his finger.

Then he clapped his hands in his spare time, smiled and looked at the crowd, and laughed softly: "If you use your hands, you will use them! Never break your words!"

Everyone was so shocked that they couldn't say a word when looking at Chen Feng.

They were all shocked and didn't even know what to say.

After a while, a person murmured in a trembling voice: "Just now, I seemed to see a phantom?"

"No, that's not a phantom!"

Another person said with a trembling voice: "I have seen it too, that figure is him, it is Chen Feng!"

When this person talked about Chen Feng, he wanted to talk about the kid, but suddenly realized something and quickly swallowed the last two words.

Their eyes fell on Chen Feng.

It's just that there is no longer the disdain just now, instead, it is shock and panic!

A man in red yelled out: "Could it be that? Just now, he suddenly cut off Brother Fifth's wrist?"

"How is it possible? How can it be so fast? How can it be so fast?"

They all yelled in disbelief: "We didn't see it clearly!"

They don't want to believe it, but they know that this is the truth.

Just now, it was Chen Feng who cut off the wrist of the burly man in red.

And Chen Feng shot. It's really close to the extreme.

So that the burly man in red had broken his hand and fell to the ground. Only when the blood was about to spurt out did he feel the pain, and realized that his hand had broken.

Everyone was shocked!

After thinking of this layer, they looked at Chen Feng and the panic disappeared.

Instead, there is a deep-seated fear.

What kind of speed is this? It's incredibly fast!

And if he said that, how terrifying his strength would be?

At this moment, the burly man in red covered his wrists, staring at Chen Feng and howling miserably: "You, you actually broke my hand?"

"It turned out to be you? It turned out to be you?"

Chen Feng smiled slightly and said, "I said, if you dare to touch her, I will break your hand."

"I, Chen Feng, do what I say!"

At this time, the burly man in red was already so painful that he was almost crazy.

He seemed to have forgotten the fear he should have towards Chen Feng at this time, and the anger had already rushed him to lose his mind.

He screamed frantically: "Little boy, do you think this makes me afraid of you?"

"Do you think that means you are strong enough?"

"You just attacked me when I was not prepared!"

"If you really fight, you can never be my opponent!"

As he said, he roared and rushed towards Chen Feng.

He still firmly believes that Chen Feng will not be his opponent.

He thought that Chen Feng just took advantage of the sneak attack, otherwise he would definitely be able to kill him easily!

Chen Feng smiled and looked at him, with a sneer at the corner of his mouth: "I really don't know what to do!"

Facing the crazy offensive of the burly man in red, he stood still and didn't move!

Everyone around held their breath.

"You said, can Brother Fifth deal with this kid?"

"It depends on this trick. Brother Fifth has already used his strongest moves. If this still can't deal with this kid, then none of us can be his opponent."

They all hoped that the burly red man could kill Chen Feng.

At this time, Chen Feng smiled suddenly, turned his head to look at them, and said, "I'm sorry, I disappointed you."

In the next moment, his palm was bitterly collided with the offensive of this burly man in red.

There was a loud bang, shaking the earth.

Hundreds of meters in a radius were shaken violently, and many of the poisonous insects around were directly shaken to pieces and scattered with the wind!

And the next moment, the burly man in red felt a huge force coming from Chen Feng's hand.

This force was so powerful that he felt that he could not resist at all.

With a scream, he let out a crazy howl, and the force slapped it to the ground fiercely.

He was vomiting blood crazily, and he was almost beaten up and down.

Countless blood spurted from all over his body.

He fell to the ground, severely wounded and dying.

At this time, he realized the huge gap between himself and Chen Feng.

He glared at Chen Feng and yelled in disbelief: "You, aren't you just a mere eight-star martial emperor?"
"How can you be so strong? How can you be so strong?"

He screamed crazy!

At this moment, everyone looked at Chen Feng's gaze, completely devoid of any strange thoughts.

Because they realized that they couldn't add up to Chen Feng's opponent.

This young man easily solved the strongest among them with just one finger, which is not on the same level as them!

At this moment, Mei Wuxia looked into Chen Feng's gaze, and it was also full of shock for a moment, and his eyes were filled with disbelief.

"Brother Chen, the strength of Brother Chen has improved so fast?"

"I haven't seen him in a short time, his strength is already so powerful? Much stronger than me!"

At the next moment, this shock and disbelief turned into a deep joy.

She was happy for Chen Feng.

Chen Feng looked at the burly man in red and smiled and said, "What about the mere eight-star Wuhuang? Isn't it easy to solve you?"

"What are you doing in front of me? You still want to work hard, don't you?"

He mocked and said, "You don't even have the qualifications to work hard!"

This sentence directly caused the burly man in red to almost collapse.

He furiously attacked his heart, wow, and another spurt of blood!

He stared at Chen Feng and screamed: "Boy, you dare to beat me like this, do you dare to move me? I'm a member of the Shenbaohui!"

"Our boss will never spare you! Our boss will definitely kill you!"

After hearing these words, even Mei Wuxia's complexion changed, and a look of jealousy appeared on her face.

Obviously, the boss in the burly red man's mouth, even she, had some fear. "

"Oh? Will the **** leopard be? Your boss is?" A smile appeared on the corner of Chen Feng's mouth: "Does it sound amazing?"

[Chapter 3070: I'm really scared!](#)

"Of course!" said the burly man in red proudly: "Our boss, Nei Zong, is a powerful man who can be counted!"

"You, even if you have some strength, you can never be our boss's opponent."

"Our boss, if you want to kill you, you will definitely die!"

"Really?" Chen Feng said with a smile: "In that case, you are very offensive people?"

"Of course!"

Hearing what Chen Feng said, the burly man thought Chen Feng was scared, and laughed extremely arrogantly: "Little boy, are you afraid?"

"Just know that you are afraid! It means you are not incurable."

"Since you are scared, then you obediently roll over, kowtow to me and apologize, and then heal me."

"Our boss, maybe I can spare your life!"

Not only him, but the people in red around him, all their expressions became more relaxed.

They felt that Chen Feng was scared, so naturally they didn't dare to move themselves anymore, and suddenly became very arrogant one by one, clamoring: "Boy, if you know you are afraid, come over and apologize!"

"Yes, please say something nice to us obediently, and we can still ask the boss to treat you lightly."

Chen Feng smiled and said, "Oh, isn't it? Are you so powerful?"

"You guys in the Leopard Club are so horrible? I'm really scared!"

When he said the last sentence, Chen Feng suddenly shuddered and made a very scared look.

The people of the God Leopard Association were even more proud, yelling loudly.

At this moment, Chen Feng suddenly slapped a palm on the body of the burly man in red.

The burly red man let out a scream of near death, vomiting blood crazily, and Chen Feng directly cut off his last vitality.

He tremblingly pointed at Chen Feng, and said with a trembling voice, "You, you know that I am a member of the Shenbaohui, how dare you still do it?"

"You, do you want to die?"

Chen Feng smiled and spread his hands and said, "Now, even if the boss of your Shen Leopard Association is here, I'm Chen Feng..."

He said word by word: "You can't kill it!"

The face of the burly man in red was extremely regretful.

He didn't realize until then that Chen Feng hadn't paid attention to their magical clubs at all, nor was he afraid of them!

At this time, infinite regret surged in his heart, and he shouted: "Why should I provoke you!"

As he said, his head tilted, and he died, without a trace of breath.

And the people of the God Leopard Club around, seeing this scene, all were shocked and speechless.

They looked at each other, their faces were full of fear.

"It turns out that this person simply doesn't take Shen Leopard in his eyes!"

"We were so arrogant just now, how ridiculous is it to come now?"

"He is not afraid of the Leopard Club, let alone us!"

At this time, Chen Feng glanced at them, smiled and said: "Everyone, you, one by one, were very arrogant?"

"I'm very scared now, I'm really afraid that I will kill you all if I miss it."

Hearing these words, the people in red were all scared to death.

They knew that Chen Feng was about to attack them, but they didn't know who was the first one. With a plop, they knelt on the ground and kowtow to Chen Feng.

He wailed loudly: "Please, don't kill me, don't kill me!"

"I was wrong just now, I shouldn't have said that about you just now, please, spare my life! I won't dare anymore!"

With the first one, the others knelt to the ground, kowtow to Chen Feng!

Chen Feng didn't make a decision right away. Instead, he turned his attention to Mei Wuxia and said with a smile: "For you, how many of them, how many of them have spoken badly to you?"

"A few more, do many evil things?"

Hearing these words, Mei Wuxia couldn't help but stunned for a while, and these people in red all looked at her with pleading eyes.

Mei Wuxia raised her chin slightly, and ignored them at all.

She was so weak before that she almost suffered insults today.

She whispered softly in her heart: "This time, I won't be softened."

She just smiled coldly and said, "How many people in their magical club are not full of evil spirits?"

"They should kill all the members of the Leopard Club!"

"On weekdays, Nei Zong oppresses other disciples and is extremely overbearing!"

"Oh? Really?" Chen Feng smiled slightly, and said: "Well, if that's the case, then I will walk for the sky!"

As the last word for harm was spoken, Chen Feng's figure flashed and came to these people in red.

Then, take a shot!

At this time, hearing Chen Feng say this, they already knew their next destiny.

One by one, they screamed unwillingly, struggling to death, and launched their strongest offensive against Chen Feng one after another.

However, it is useless at all.

No matter how hard they struggle, they are still vulnerable in front of Chen Feng.

With a punch, Chen Feng directly beat one of them to the chest and fractured his chest. A mouthful of blood spurted out, his heart shattered, and he fell heavily to the ground.

Without even having time to say a word, it was completely dead.

Then, he turned around and kicked the other person's neck, directly kicking his neck off.

Lying on the ground, with more air intake and less air, I can't live for a few moments.

Bang, bang, bang, Chen Feng punched and kicked and killed all of them with a few moves, none of them could survive!

Mei Wuxia looked at Chen Feng with admiration, and said with a trembling voice: "Chen Feng, you are so amazing!"

"In a few years, your strength has grown to this level? I can't believe it!"

Chen Feng smiled slightly: "So at the beginning, you were a little worried about me, didn't you?"

"Yeah!" Mei Wuxia pursed her mouth, and said embarrassingly: "I was really worried at first that you would be killed by a few of them."

Chen Feng laughed: "Don't worry about it now?"

He looked up and down Mei Wuxia, and said, "You are not bad, you have entered the Nei Sect in a few years!"

"Think about it, this is really rare, like our Qin State, in such a small place, there are actually two people who can enter the inner sect."

There are tens of millions in a country like Qin Kingdom in the entire Dragon Vein Continent.

The chance of both of them entering the Xuanyuan family's inner sect was really too small.

Mei Wuxia listened, froze for a while, then frowned and thought about it, then solemnly nodded, and said solemnly: "Yes, it makes sense!"

Chen Feng was joking, but she didn't expect her to think so seriously and couldn't help but laugh even more.

Mei Wuxia waved her hand and said, "The two of us don't talk to each other here, we should leave as soon as possible."
