

Peerless 3391

[Chapter 3391: The Beidou Sword School recruits people?](#)

Shi Junbi is quite prestigious in Baishi Town, and many people love him,

And Shi Junbi also smiled and saluted, and he didn't make any pretensions.

Shi Yangqiu, Shi Hongbo, and Shi Yebai are all of the same kind.

When everyone saw Chen Feng, there was a hint of curiosity on their faces. They didn't know where this young man came from, and he actually followed Shi Junbi's deer back.

Along the way, Chen Feng looked around.

Most of the buildings in this town are about five or six stories high, very high, and the side facing the street is very narrow.

It is only about three or four meters wide, and the colors are colorful.

Some are built with stones, and some are built with a red clay unique to the local area.

Obviously, each house has a different color, and they are all built and decorated to look like they like.

At first glance, it is colorful and gorgeous!

Chen Feng smiled slightly: "This small town is more vibrant than those I've been to before, and it also has a lot of life."

"It should be quite comfortable to live here."

Soon I reached the crossroads.

Chen Feng saw that this crossroad was the center, and each of its four corners had a huge square.

Behind the square in the northwest corner is a luxurious mansion, it is Shijia.

After the square in the southeast corner, there is still a big house.

Shi Hongbo looked at the mansion angrily and said, "That is the Bai family."

In the very center, in the middle of a square, a tall and magnificent temple was built.

At this time, the door of the temple opened, and Chen Feng looked there and could see a huge golden statue of the God of War in the temple.

The statue of the God of War is majestic and domineering, full of awe-inspiring meaning.

When Chen Feng glanced at it, he felt a strange feeling.

It seems that a force on the idol is coming straight out, trying to suppress him!

Chen Feng's heart shuddered: "What's this? It's just a statue, not a living thing, so powerful?"

Seeing Chen Feng's doubts, Shi Hongbo explained to Chen Feng: "There is the Temple of the God of War."

"Brother Feng, you came from a different place, maybe you don't know."

"Under the rule of the God of War Palace, all the towns, cities, and villages have such a temple of the God of War."

"That's it, it turns out that this is the Temple of the God of War!" Chen Feng nodded slowly.

The ancestor of the God of War Palace, the legendary God of War, single-handedly created such a foundation and received the sight of everyone in the God of War Palace.

The Temple of the God of War is found in every town and village.

Moreover, it occupies the most noble position.

In the area occupied by the God of War Palace, the Temple of the God of War is an extremely important place.

Take Baishi Town as an example. All the most important affairs in this town will be completed under the watchful eyes of the God of War statue before the Temple of the God of War.

Even the selection of young and powerful disciples from major families was done in front of the statue of God of War.

At another place at the crossroads, a large open space was circled.

There is a wall around it, but the wall is not high, just a symbolic function.

This clearing area was large, and the roar of various monsters came from inside. Chen Feng saw that it was divided into stalls.

And the ones sold at each stall, without exception, were all monsters of various colors.

A smile appeared at the corner of his mouth: "This place is really here."

Shi Junbi said, "Yang Qiu, Ye Bai, you two will go back with me."

Then he pointed to Shi Hongbo and said, "I think you pester him so much, then you can go buy a horse with your little brother!"

Shi Hongbo laughed and said excitedly: "Okay, okay!"

He is willing to get along with Chen Feng.

Chen Feng also smiled slightly, without any comments.

At this time, Shi Yebai's eyes flashed with invisible regret. It seemed that she also wanted to stay with Chen Feng for a while.

However, she did not show it.

Soon, Shi Junbi took Shi Yangqiu and Shi Yebai back to Shi's house.

Shi Hongbo took Chen Feng to buy a mount, and he was very excited to introduce Chen Feng.

Chen Feng just smiled and nodded.

And at this moment, suddenly, from outside that small town, a team of knights rushed forward!

This team of knights consisted of about seven or eight people, and the mounts each person rode under his hips were all silver giant wolves.

This silver giant wolf is six or seven meters long, about the size of a house, and is extremely horrible.

The eyes are clear, the expression is fierce, and the body is full of vigorous power.

Even the hair can't cover the tyrannical body, and the most amazing thing is that there is a star on the top of every wolf's head.

This is naturally formed, but their hair naturally forms the appearance of a star.

They went straight to the square before the temple of the **** of war.

They arrived and attracted the attention of everyone in the town.

A person of insight exclaimed: "Disciples of the Beidou Sword Sect? These are actually disciples of the Beidou Sword Sect? Why did they come here?"

"Did something big happen here?"

Everyone speculated.

Suddenly a voice rang from the crowd. The voice was full of excitement and even trembling: "Could it be that the Beidou Sword Sect is about to recruit disciples?"

His excitement is extremely high, and he is looking forward to this result!

Upon hearing this, there was a flurry of restlessness among the crowd.

Someone said loudly: "If that's the case, it would be really an honor for me in Baishi Town!"

"Yes, if you can enter the Beidou Sword Sect, then you will enter the Sky Dragon City. If you can learn some martial skills in it, then you can ascend to the sky in one step, get rid of Baishi Town completely, and reach a new level!"

"Yes, entering the Beidou Sword Sect is enough to lead his family to rise!"

Some people laughed loudly and disdainfully: "How is it possible! How could we in Baishi Town be favored by the Beidou Sword Sect? How could we come here to recruit disciples?"

Many people nodded and agreed with him.

When Chen Feng heard this, his heart beat violently, and a throbbing throbbed in his heart: "People from the Beidou Sword Sect? Recruiting new disciples?"

He keenly captured the most critical words.

Immediately concentrate and stare at those people.

Shi Hongbo was completely stunned, staring blankly at the disciples of the Beidou Sword Sect.

The disciples of the Beidou Sword Sect came before the Temple of War God, and then came to a wall and posted a big list on it!

Then, a young man in his thirties who was headed by a white wolf fur cloak stood there proudly.

He coughed slightly.

Suddenly, everyone stopped talking and they all looked at him.

He faced the crowd and said coldly: "Everyone, my Beidou Sword Sect, this time I come to Baishi Town to recruit disciples. There are only three places!"

[Chapter 3392: A godsend!](#)

"what?"

When everyone heard it, they were all shocked and exclaimed.

"I really came to our Baishi Town to recruit disciples!"

"God, if anyone can enter it, that's really a step up to the sky!"

"Yes, this is a rare opportunity!"

"Hey, no matter how rare this opportunity is, it doesn't matter to us, I'm afraid that the Shi family, the Bai family, and the Wang family's disciples will occupy these three places!"

"Yeah, that's right, but even so, that's the glory of our Baishi Town!"

"That's a big man in the Beidou Sword Sect!"

Everyone was talking loudly, and even many people uttered huge cheers, taking this as the glory of the entire Baishi Town!

A trace of contempt flashed across the face of the arrogant knight, and he said coldly to everyone:

"I am Ye Zhixue, and I will recruit disciples again in two days."

"Everyone, get ready!"

Then, stepped onto the back of the wolf and led the crowd to leave quickly.

After they left, everyone in Baishi Town rushed to the wall, vying to watch the list!

At this moment, Chen Feng looked at the list with a slight smile on his lips.

That smile is getting bigger and bigger.

At the end of the day, Chen Fengqiang held back, so that he could not laugh out loud.

A voice echoed in his heart: "Hahaha, it's a great opportunity given by God!"

"Unexpectedly, I should have this opportunity!"

"Unexpectedly, coming to this Baishi Town accidentally happened to coincide with the Beidou Sword Sect and recruiting disciples!"

"It's God's will, help me enter the Beidou Sword Sect!"

"It's God's will, help me get the fragments of the Shaking Light and White Fairy Book! Hahaha..."

Chen Feng looked into the distance with firm eyes: "God is so favored, how can I live up to the love of God?"

He clenched his fist, and a voice echoed in his heart: "Beidou Sword Sect, I'm Chen Feng, here!"

Shi Hongbo only came back to his senses at this time.

He immediately looked at Chen Feng with an expression of excitement.

Holding Chen Feng's sleeve, he said loudly, "Feng Chen, Brother Feng, did you hear it just now?"

"It's the Beidou Sword Sect that recruited disciples! They actually came to our Baishi Town to recruit disciples!"

"Haha, great, great, this is really a golden opportunity!"

He was trembling with excitement, didn't even know what to say, and even felt a little at a loss.

Muttered to himself for a while, shouted loudly for a while.

"Do you know? Do you know? Brother Feng, joining the Beidou Sword Sect is my wish since childhood."

"No, it should be a dream!"

"I never thought that I still have such a chance to enter it! Do you know?"

He was already incoherent with excitement.

Chen Feng just smiled and listened.

At this time, he was already very indifferent.

"Brother Feng, why are you unresponsive? Are you stunned?" Shi Hongbo looked at Chen Feng with some dissatisfaction.

Chen Feng smiled slightly and said, "Then Brother Shi, you got your wish!"

Chen Feng already knew what to do. After the excitement just now, he naturally wouldn't be so excited.

The Beidou Sword Sect is far inferior to the nine major forces, and with Chen Feng's current strength, any one of the nine major forces will be regarded as a guest.

No one dares to regard him as a disciple, or even an elder.

A Beidou Sword Sect, how could Chen Feng look at me?

"Haha, let Brother Feng your good words!" Shi Hongbo was too excited to notice Chen Feng's look, just laughed and said:

"I will definitely enter the Beidou Sword Sect this time, and I will definitely be able to win a spot!"

At this moment, a disdainful voice suddenly came from behind: "Only you? Is it worth it?"

Hearing these words, Shi Hongbo was stunned for a moment, then his face suddenly became difficult to look, and he suddenly looked back.

Chen Feng also frowned and turned back.

I saw it. A group of people came from behind, about thirteen or four.

The others were obviously slaves, entourage, and surrounded by the middle man.

This person is riding a huge purple lizard and wearing purple armor, looking quite heroic.

He was about thirty-six or seven years old, with a full face and beard, very domineering.

His eyes swept across Shi Hongbo's face, full of disdain!

As for Chen Feng, he didn't even look at it, and didn't pay attention to Chen Feng at all.

Shi Hongbo said coldly: "Bai Shaohui, it's you? Did you just ridicule me?"

"Oh? It turned out to be Bai Shaohui!"

Chen Feng raised his brows.

Before, Shi Hongbo once talked to Chen Feng about Bai Shaohui.

Bai Shaohui was also from the town of Baishi, but he was born in the Bai family, which was the same family as the Shi family.

He is roughly equal to Shi Hongbo and others, but he is older than them, and his talent is also stronger, and his strength is also stronger.

Shi Hongbo has been bullied by him many times, and hates and fears him!

This person is rampant and domineering, and is notorious in Baishi Town, but because of the Bai family's influence, no one dares to control.

"Yes, it's me, ridiculing you, what's the matter?"

The middle-aged Bai Shaohui in the purple armor laughed and said: "You can have the dream of entering the Beidou Sword Sect, why can't I laugh at you?"

Bai Shaohui looked at Shi Hongbo and said arrogantly, "Just you, still want to enter the Beidou Sword Sect? Wake up."

Shi Hongbo said angrily: "You!"

"What am I?"

A look of mockery appeared on Bai Shaohui's face: "You are not too young now, you are 26 or 27 years old, but your strength is still so low, how can the Beidou Sword Sect look at you?"

"You should also know what your foundation is, right?"

"Compared with me, it's a heaven and an underground."

After all, I opened the fan in my hand and slapped it proudly.

Shi Hongbo flushed with his words, unable to say a word.

But he couldn't refute it, because what Bai Shaohui said was the truth.

Above this small town, his talent is much worse than that of Bai Shaohui.

Bai Shaohui is far more qualified than he is to enter the Beidou Sword Sect.

Shi Hongbo pointed at Bai Shaohui, shaking.

Bai Shaohui laughed and said, "Why? Still not convinced?"

"If you are not convinced, come and sign with me! Do you dare?"

At this time, Chen Feng wrung his brows, and looked at Bai Shaohui, a faint look of boredom flashed in his eyes.

In this way, the relationship between Chen Feng and Shi Hongbo is also very good. He can also see that Shi Hongbo is actually a very kind, even innocent person.

Chen Feng is very happy to make friends with such people.

And along the way, Shi Hongbo really took care of Chen Feng. How could Chen Feng watch him being bullied?

Chen Feng was about to speak. At this time, Bai Shaohui had already noticed Chen Feng's expression.

[Chapter 3393: King Martial Realm, is it amazing?](#)

Suddenly, there was a cold look on his face, and he strode to Chen Feng, staring at him and said, "Boy, what is your expression?"

"You seem to be a little dissatisfied with what I said to Shi Hongbo? Some opinions?"

With a condescending posture, he did not put Chen Feng in his eyes at all.

Chen Feng said lightly: "I have such a little opinion."

At this time, he had already decided to teach Bai Shaohui a lesson.

At this moment, a young man in Tsing Yi next to Bai Shaohui whispered a few words in his ear.

Then Bai Shaohui's eyes flashed a little.

The next moment, he looked at Chen Feng, his gaze was full of contempt, and he laughed and said, "Who am I! It turned out to be just a kid from outside the city who was brought back by the Shi family, and his strength was low. !"

The kid from outside?

Low strength?

Chen Feng heard it, only to feel funny.

The four words of low strength were uttered from Bai Shaohui's mouth to describe himself, which is really ridiculous!

With such strength as Bai Shaohui, he didn't even have the qualification to be seen by himself before, and he even disdains to kill such a person.

Because of his strength to let himself do it, then he is really in a loss!

Beside Bai Shaohui, a bowed servant in Tsing Yi said loudly: "Boy, you are from a foreign city, you may not know our young master's reputation!"

"Tell you, my young master, but a master of the Martial King realm!"

"King Wu Realm?"

Chen Feng looked into the distance, his eyes in a trance: "Wu Wang Realm, how far away is from me!"

Chen Feng felt very far away, even a little strange.

When he was in the Martial King Realm, that was still a few years ago.

Chen Feng now doesn't even remember the feeling at that time, nor can he remember what kind of power it was in that realm.

The reminiscence on his face was regarded by Bai Shaohui as his admiration and ignorance of the Martial King Realm.

The confusion in Chen Feng's eyes was understood by him as saying that Chen Feng has not even reached the Martial King Realm in this life, and he doesn't even know what the Martial King Realm is!

He laughed, looked at Chen Feng, and said proudly:

"Boy, you don't even know what the Martial King Realm feels like, do you?"

The Tsing Yi servant next to him hurriedly said, "Master, you are too much of this kid!"

"This kid, how do you deserve to know what the Martial King Realm is like?"

"Just as he looks like a trash, don't say he can't reach the Martial King Realm by himself, I guess he has not even touched the strong of the Martial King Realm."

"After all, trash like him is only worth contacting those trash warriors. Where is it like the young master who communicates with powerful warriors? There are even strong men from Sky Dragon City!"

After all, he straightened his back and raised his chin, looking extremely arrogant.

Looking at Chen Feng, his eyes were full of disdain for Chen Feng!

Bai Shaohui was very proud of him, and laughed: "Bai San'er, what you said makes sense.

Chen Feng felt funny in his heart.

In their eyes, this realm that is insignificant to their eyes is actually extremely powerful?

He smiled and said, "Wu Wangjing, is it amazing?"

Bai Shaohui was taken aback for a moment, then burst into a burst of laughter.

"Feng Chen, you rubbish, dare you to say such big things?"

Chen Feng's eyes were getting colder. Although he was too lazy to be familiar with him, he still decided to teach him a lesson, let him know what it means to be someone outside, there is heaven outside!

Seeing the next moment, Chen Feng was about to do it.

At this time, Shi Hongbo looked at Chen Feng with worry.

Since Bai Shaohui appeared, he has always been like this.

He was a little scared, and he was full of anger towards Bai Shaohui, but perhaps he had been suppressed by Bai Shaohui for too long. At this time, he had only fear in Bai Shaohui.

He didn't even have the idea of daring to fight.

He was very afraid of Bai Shaohui, and the words just now made him shiver even more.

At this time, even though he was terrified and frightened in his heart, he still took a deep breath, as if he had made some decisions.

He strode to Chen Feng, looked at Bai Shaohui, and shouted: "Don't bully my Feng brother!"

He stood in front of Chen Feng.

Chen Feng was taken aback for a moment, and then he was deeply moved.

Shi Hongbo's expression and reaction are all in his mind.

And he also knew that Shi Hongbo was very scared.

But even so, Shi Hongbo still stood in front of him, blocking Bai Shaohui.

This made Chen Feng very moved.

Bai Shaohui was stunned for a moment, and then laughed: "Oh, Shi Hongbo, are you brave? Dare to talk to me like this?"

Suddenly, the smile on his face suddenly disappeared without a trace, and said viciously:

"Shi Hongbo, do you know what price you will pay for doing this?"

Shi Hongbo was trembling with fear, and his heart was terrified.

Under Bai Shaohui's years of accumulation of power, he has such a reaction at this time.

At this moment, a cold voice suddenly came from behind: "I don't know what price he will pay. I only know that if you dare to say this sentence, then you must pay a painful price! "

Hearing these words, Bai Shaohui was stunned.

Shi Hongbo was also stunned.

Then, he felt that a big warm hand was placed on his shoulder.

Then, a tall figure stood in front of him.

Chen Feng looked at Bai Shaohui, his face was cold and his voice was deep, without fear.

Facing Chen Feng's gaze, Bai Shaohui was taken aback for a moment.

A voice in his heart sounded: "How can this kid's eyes make me feel a bit evil?"

But the next moment, this sentiment was washed away by the boundless anger.

He stared at Chen Feng and said fiercely: "Okay, you are very courageous, very good."

Chen Feng suddenly smiled, that smile was exceptionally cold.

Chen Feng originally planned to give him a lesson here, let him know what his strength is, let him know that some things can't be said casually, and some things will cost him.

But now, Chen Feng has changed his mind.

Chen Feng didn't want to teach him now, Chen Feng decided to bear with him temporarily!

Two days later, when the Beidou Sword Sect recruited disciples, they would slap him in the face in front of everyone! Suppress him fiercely! Make him completely faceless!

For people like Bai Shaohui, this is the harshest punishment!

Only then can it be the biggest blow to him!

As a result, Chen Feng didn't speak, but smiled slightly, looked at Shi Hongbo and said, "Let's go! You don't need to be familiar with them here."

Shi Hongbo nodded instinctively, and followed Chen Feng to leave!

Seeing Chen Feng's expression, Bai Shaohui thought that Chen Feng didn't dare to compete with him!

[Chapter 3394: Feng Chen, I am very disappointed in you!](#)

He thought that Chen Feng had flinched!

Suddenly, he was extremely proud, and pointed at Chen Feng with his fingers, and said with contempt:

"Just you? A foreigner who doesn't know the details, is low-powered, and is like a waste, still wants to fight with me?"

"Don't pee and look at yourself. What is it?"

His attitude is extremely contemptuous, and his words are extremely contemptuous.

And what he did made Chen Feng's eyes flashed with murderous intent.

Chen Feng ignored it and led Shi Hongbo to leave.

And at this time, behind him, Bai Shaohui laughed loudly: "Shi Hongbo, and Feng Chen, you dog from outside, I am in a good mood today, let you spare your dog's life."

"Otherwise, you both will die here today!"

Chen Feng was bored at this moment, almost unable to control it, and immediately shot him to death.

But at this moment, a cold woman's voice suddenly sounded: "Who do you want to kill? Who can you kill?"

When Chen Feng raised his eyebrows, he saw an ice and snow woman wearing a black cloak, riding a huge white deer, approaching at an extremely fast speed.

She has a cold face and a black-clothed white deer standing there, like an orchid in the empty valley.

Let everyone be incapable of losing their minds!

It turned out that the person who came was Shi Yebai.

After Shi Hongbo saw Shi Yebai, he was overjoyed: "Sanmei, you are here!"

He is like seeing a savior!

At this time, Bai Shaohui's face showed a touch of jealousy, obviously he still had some jealousy about Shi Yebai.

Shi Yebai's strength is also far better than Shi Hongbo.

Shi Yebai came to the front, and his cold eyes crossed the faces of Shi Hongbo and Chen Feng, revealing an indisputable expression of anger.

She did not answer Bai Shaohui, but directly said coldly: "Second brother, why are you still so temperamental?"

"Bai Shaohui is better than you, but as a man from the Shi family, even if he fights his life, he must tear a piece of flesh from him, and he cannot be bullied like this!"

"And you? How did you do it?"

"Not only did you not fight back, but you were still afraid?"

Beneath her cold face, she has a fiery temperament!

Shi Hongbo made her face flushed with words, but Nono was speechless in her mouth.

Chen Feng felt helpless after hearing this.

In any case, Shi Yebai should not talk about Shi Hongbo in public.

Chen Feng is preparing to speak for Shi Hongbo.

At this time, Shi Yebai turned his gaze to Chen Feng again, and his gaze was full of disappointment!

She said loudly: "Feng Chen, I thought that you traveled the world, very extraordinary, but I did not expect that you are actually a cowardly and incompetent person!"

"My second brother was bullied here, but you didn't say anything? You, you really disappoint me!"

When Chen Feng heard this, he was stunned and couldn't help but feel a little funny.

But there is still some moving.

Although this Shi Yebai spoke openly and straightforwardly, he was really thinking about Shi Hongbo and himself.

Shi Hongbo Nuonuo said, "Sanmei, Sanmei, please stop talking!"

There was a pleading on his face: "Leave a face for the second brother."

Shi Yebai sighed, then stared at Bai Shaohui and said: "Bai Shaohui, you were so arrogant in front of my second brother just now, are you standing in front of me now, try again?"

There was a hint of hesitation on Bai Shaohui's face.

Shi Yebai smiled contemptuously, turned around and said, "I only know how to bully the soft persimmon."

The soft persimmons in her mouth are naturally Shi Hongbo and Chen Feng.

After that, she turned around and left, seemingly unwilling to stay here for a while.

At this time, Chen Feng suddenly smiled and said: "Shi Yebai."

Shi Yebai was taken aback for a moment and looked at Chen Feng.

Chen Feng looked at her, smiled and said, "Shi Yebai, don't worry, I will definitely vent my anger for your second brother in two days."

"In two days, I will also let you know Feng Chen, what kind of person I am, and if I am a weak and incompetent person!"

His expression was unusually serious, and his words were full of power.

It seems that you can do it if you say it.

Shi Yebai was taken aback for a moment, and said lightly: "I hope so!"

Her expression was full of disbelief.

Obviously, I don't think Chen Feng can do it.

And Bai Shaohui laughed even more, pointing to Chen Feng and said, "Little bastard, all right, then I will wait for two days."

"I want to see, how do you go out for Shi Hongbo!"

"In two days, I will see how you can prove yourself!"

Suddenly, his face became extremely stubborn: "If you can't do it, then you die under my hands!"

Chen Feng ignored him, just turned and left.

Shi Yebai took a deep look at him, and followed him.

As she left, Bai Shaohui's face was gloomy.

This time Bai Shaohui was shameless in public by Shi Yebai.

Suddenly, Bai Shaohui showed a sly smile on his face, lowering his voice and muttering to himself: "Shi Yebai, Shi Yebai, do you think I am still who I was?"

"Do you think my strength is still weaker than you?"

"Wait for me! Two days later, I will give you a surprise!"

Baishi Town.

In the stone house.

Outside a hall, Chen Feng was standing there.

Next to this hall is a small garden, but this garden is not as good as what Chen Feng had seen before, but a deer garden.

The garden has a radius of more than ten acres, and it is full of fertile and rich pastures.

More than a dozen giant deer are cruising leisurely in it.

Each of the dozen or so giant deer was exactly the same as Chen Feng had seen before.

They sit or lie down, or chase, full of aura.

There are many mountain springs on this grassland, and at this time, beside the largest mountain spring, a giant deer is lying there.

This giant deer is extraordinarily larger than others, with a body length of about ten meters and a height of six or seven meters.

And his fur was faintly golden, and the antlers on top of his head had a golden iron light!

Chen Feng learned that the original giant deer was called the giant horned deer.

It is a special product in Baishi Mountain behind Baishi Town, which is very difficult to see in other places.

This giant horned deer has a special power.

That is, in a short period of time, their speed can be increased tenfold in an instant.

Moreover, this time can last a full half an hour.

Within this half an hour, at a speed ten times higher than usual, they can leave with their master quickly.

It can be said to be the best mount for escape!

Of course, the painful price that needs to be paid is that this half hour will burn all their life strength!

After half an hour, he will die.

But why did the warrior choose the mount for?

[Chapter 3395: Racial talents of the Giant Horned Deer](#)

When it comes to the critical moment, naturally, I can't take care of that much.

The level of this mount is too low, and even the Demon King hasn't reached it. Naturally, Chen Feng will not see it.

With his strength and speed, if he wants to break out, he can be more than ten times higher than this giant horned spirit deer mount, or even hundreds of times higher.

However, this does not mean that Chen Feng is not interested in this monster.

On the contrary, Chen Feng was very interested.

Because of the tenfold speed increase in an instant, this kind of racial talent, Chen Feng has experienced so much and has such a wide range of knowledge, but he has never heard of it from other monsters!

It seems that apart from the giant horned deer, no monster beast has such a talent!

Chen Feng muttered to himself: "This giant horned deer is not a monster with too high a level. The power environment he is in is also relatively low.

"Even, the warrior who needs the giant horned deer is at best the Martial King Realm."

"I have exceeded this level too much, but this does not mean that the giant horned deer is worthless."

"If the bloodline talent of the Giant Horned Deer can be stripped out and used by me, can I also increase the speed ten times in an instant?"

"Even, if you go back to the source, if you find a monster that is in the same bloodline as the giant horned deer, but has a higher level than them, the height has reached the level of the Demon Emperor."

"Then, their speed is not much different from mine. Ten times the speed is equivalent to ten times the speed of mine!"

"This is extremely valuable to me!"

"Interested in these little guys?"

A cold voice suddenly came from behind.

Chen Feng didn't need to look back to know that this voice belonged to Shi Yebai.

He smiled and said, "I am so interested."

"This kind of monster has the talent to explode ten times the speed, I think it has great potential."

Shi Yebai passed by Chen Feng, and then came among the deer.

She took a leisurely trip to the grass, sighed comfortably, and instantly relaxed.

In a blink of an eye, the giant horned deer gathered next to him, and gently touched her with their heads.

Some even leaned close to her, rubbing back and forth, looking extremely happy.

Obviously, they all love Shi Yebai extremely.

Chen Feng could even see their eyes full of nostalgia and dependence!

Chen Feng suddenly raised his eyebrows: "This Shi Yebai and this giant horned deer seem to have an unusual relationship!"

Shi Yebai stretched lazily.

It's just that she didn't seem to realize that her tight leather jacket, under such a hot situation that she outlined her figure, stretched such a lazy waist, how much excitement would it bring to men!

Even if Chen Feng has seen countless beauties, he has already exhausted thousands of sails, but there is also a flash of amazing color in his eyes!

However, there is only appreciation, not lust.

Shi Yebai noticed his eyes, and his face blushed slightly.

She whispered: "I urinate and get close to these little guys, and they are all willing to stay with me."

"In fact, before I was born, my family did not domesticate this kind of giant horned deer."

"But then, I went into the mountain and brought out a dozen or so of them. They are one ethnic group."

Chen Feng pointed to the huge golden deer and said, "Is this their king?"

"Not a king, just the leader of a race!"

Shi Yebai raised his head to look at the blue sky and white clouds. On one side of his head, he looked at the Baishi Mountain in the distance, and said softly: "I heard that in the depths of the Baishi Mountain, there are all the kings of giant horned deer."

"His strength has become incredible."

"It is said that he is a kind of blood left over from ancient times, and is extremely noble. All these giant horned deer are his descendants!"

Chen Feng raised his eyebrows and said, "How many years has this legend of the giant horned deer have been here?"

"It's probably been over a hundred thousand years." Shi Yebai thought about it carefully before replying seriously.

Chen Feng nodded and asked, "How many years is the lifespan of a giant horned deer?"

"The average giant horned deer can live for about a hundred years."

"In other words, they have been passed on here for at least a thousand generations."

Chen Feng thoughtfully, muttered to herself:

"After more than a thousand generations, the blood has been diluted by several times, but it still has the ability to increase the speed by ten times."

"The ancestor of all the giant horned deer, that legendary existence, his abilities, how strong is his bloodline?"

Chen Feng had already made up his mind, he must go find the king of the giant horned deer!

But now the more important thing is obviously the Beidou Sword Sect.

Next, Chen Feng did not speak, but was lying on the grass, taking a grass path in his mouth, looking at the long blue sky in the distance, feeling relaxed.

Can hardly help but go to sleep.

Chen Feng hadn't been so relaxed in a long time.

Shi Yebai turned to look at Chen Feng, his eyes full of curiosity

She looked at Chen Feng and suddenly asked indifferently: "Feng Chen, are you going to fight for my second brother in two days?"

Chen Feng slowly nodded: "Today Bai Shaohui dares to say that to your second brother, dare to say that to me, he is doomed to pay a tragic price in two days."

After listening to Chen Feng's words, the appreciation in Shi Yebai's eyes turned into a hint of helplessness.

She looked at Chen Feng and slowly shook her head: "Feng Chen, I don't know where you have such great confidence."

"I only tell you one thing, Bai Shaohui is definitely not something you can deal with."

"And two days later, don't go and die!"

With that, she stood up and walked out!

Obviously, in her opinion, Chen Feng is still not Bai Shaohui's opponent.

Chen Feng smiled slightly, too lazy to explain.

Shi Yebai looked back at him and said lightly: "Feng Chen, you are good everywhere, you just love to talk big."

She still thinks that Chen Feng is talking big.

Chen Feng smiled slightly, and did not take it too seriously.

This little girl has a very upright temper. Love and hate are written on her face, and any dissatisfaction is directly expressed.

Seeing Chen Feng's expression, Shi Yebai felt even more annoyed, thinking that Chen Feng didn't take his dissuasion seriously.

She turned her head and said, "Feng Chen, I won't give you this opportunity."

"In two days, I will challenge Bai Shaohui directly, so don't send it to death!"

Chen Feng was stunned for a moment, looking at her leaving back, a smile appeared on the corner of her mouth.

Although Shi Yebai spoke a little bit fiercely, his heart was very good.

In order to prevent himself from taking action, he had to take the initiative to fight Bai Shaohui!

However, Chen Feng was destined to not accept her kindness.

[Chapter 3396: I will help you realize your wish!](#)

At the same time, Chen Feng was very helpless: "Shi Yebai, where do you come from with such a high level of confidence? You must feel that my strength is low?"

At this time, in the hall, roars were constantly coming.

Chen Feng could hear that the roar came from Shi Junbi.

And Chen Feng probably heard the content clearly. At this time, Shi Junbi was reprimanding Shi Hongbo loudly, mercilessly, almost swearing.

The reason is naturally Shi Hongbo's timid performance when facing Bai Shaohui.

After Chen Feng and the others came back, he immediately called Shi Hongbo to him as soon as he heard it, and severely reprimanded him.

"Second, how many times have I told you? We can't lose the prestige of our Shi family outside!"

"Then Bai Shaohui is better than you, so what?"

"Fight with him! Fight to death! He is stronger than you, how much stronger? What if he can kill you, can't you just wound him seriously?"

"Serious injuries can't be beaten? Can minor injuries work?"

"Slight injuries are not okay, can I tear off a piece of meat from him?"

"You, you useless!"

The roars were very clear!

After a while, the roar finally lowered.

Shi Hongbo walked out of the hall, his eyes were a little red, and his body was trembling. With his hands in his sleeves, the sleeves trembled tremblingly.

He glanced at Chen Feng, covered his face and left quickly.

Chen Feng shook his head and followed.

Everyone in the Shi family knew that Feng Chen, Master Feng, was a guest of the master, so he didn't care where he went.

After a while, Chen Feng found Shi Hongbo in a corner of the backyard garden.

Shi Hongbo was leaning under a big tree at this time, looking at the towering Baishi Mountain in the distance, his eyes dull.

Chen Feng sat down beside him without speaking.

Shi Hongbo is innocent, and he is sincere and sincere to Feng Chen.

Especially when I faced Bai Shaohui before, I was so scared, but still blocked Chen Feng. This moved Chen Feng very much, and he was already sincerely treating him as a friend.

At this time, I also want to comfort him.

However, Chen Feng didn't know what to say.

Before Chen Feng could speak, Shi Hongbo spoke.

He looked at Qingshan in the distance and said, "Feng Chen, do you know?"

"Just twenty years ago, when I was seven or eight years old, I was a famous child prodigy in Baishi Town."

"At that time, my strength was the first among my peers, and I was considered to have great hopes of becoming the No. 1 master in the history of Baishi Town, and entering a place with stronger strength to practice."

"However, when I was 13 years old, Bai Shaohui, who was a decade older than me, deliberately provoke me."

"I couldn't hold back. I fought him, but he was defeated and defeated. It was miserable."

"Moreover, since then, he has left an invincible and powerful impression in my heart."

"From then on, my cultivation base, I will never make progress anymore!"

"My heart for cultivation has been broken!"

"Every time I see Bai Shaohui, I feel involuntary fear."

He looked at Chen Feng, his eyes flashed with extreme eagerness and desire, as if there was a flame burning in his eyes:

"Feng Chen, I must enter the Beidou Sword Sect!"

"Do you know? This is my only and last hope in my life!"

"If I don't enter the Beidou Sword Sect, and I don't see a stronger power, I will never have the hope of turning over in front of Bai Shaohui in my life, and I will never be able to come out of his shadow again!"

"Only go to the Beidou Sword Sect!"

He clenched his fists: "Only can I change my life! Only then can I regain my confidence! Let me find my strength again!"

Chen Feng's eyes were moved.

Shi Hongbo's dream may seem small to him, but in his own eyes it is all!

Chen Feng looked at him and said word by word: "Shi Hongbo, you and I have a friendship, rest assured, I will help you fulfill your wish!"

That night, Chen Feng stayed in Shijia.

On the second day, Shi Hongbo accompanied Chen Feng to select monsters.

There are many kinds of monsters here, and there are hundreds of them.

Almost every household in Baishi Town tamed monsters.

Those with lower strength have lower domestication levels.

Those with higher strength should be domesticated with higher levels.

But in order to make the monster beasts they tamed sell well, they will choose some more distinctive monsters.

So looking at it all the way, there are many varieties, which opened Chen Feng's eyes.

Although the strength of these monster beasts is low, he is quite moved by many of their characteristics.

When I was picking at a booth, suddenly there was a provocative and joking voice behind me:

"Oh, it wasn't enough for you two to be ashamed yesterday, did you show up again today?"

When Chen Feng heard this, his brows wrinkled, and murderous intent flashed in his eyes.

This voice is exactly Bai Shaohui's.

Shi Hongbo trembled again at this time, a flash of fear flashed in his eyes.

Chen Feng patted him on the shoulder, then turned around, blocking him behind him.

Bai Shaohui was looking at the two Chen Feng jokingly, his gaze filled with a downward look.

Heiran smiled and said, "You two, why are you still picking monsters today?"

Shi Hongbo boldly shouted: "What do you mean? What do we choose to do with you?"

Bai Shaohui smiled and said, "You two, you will die under my hands the day after tomorrow, and you have two days to live."

"It's only two days to live, don't you hurry up and enjoy it?"

"Go to a brothel, eat and drink, everything works, cherish your last two days of life!"

As he said, his fingers clicked in front of Chen Feng and Shi Hongbo's faces, with the utmost contempt and disdain.

There was a burst of laughter from everyone behind him.

And that Bai San'er even said: "What the son said, these two wastes do not know whether they live or die, and dare to provoke you, you are already doomed to their end!"

He suddenly rolled his eyes, looked at Chen Feng and said, "This son, I suggest you don't choose this monster!"

After that, he pointed to the rear right of Chen Feng, and said, "The speed of the Haifeng Black Panther sold by that shop is very fast, you can buy that!"

He made a serious and serious look, as if he was really making an idea for Chen Feng.

"That monster beast is fast, so it's best for you to ride it and escape!"

After he finished speaking, Bai Shaohui burst into laughter.

He patted Bai San'er on the shoulder and said, "You kid can talk!"

Faced with the humiliation of them, Chen Feng's expression was faint, and he didn't say a word at all. He just turned around and said, "Let's go, let's continue to choose the mount!"

[Chapter 3397: Collide quietly!](#)

People like Bai Shaohui are not even a clown in his eyes.

It's just a warrior in the Martial King realm, and Chen Feng doesn't even need to stretch a finger.

A cold snort was enough to shake him to death!

And Chen Feng obviously ignored him, but in the eyes of Bai Shaohui, Chen Feng became weak, and he didn't even dare to say more to himself.

This makes him even more proud.

An arrogant voice came from behind Chen Feng: "You two, wash your necks and wait for me to kill!"

After all these things, Shi Hongbo is not in the mood to go shopping here.

Chen Feng didn't see any monster mounts he liked, so the two of them left soon.

Two days passed in a flash.

Soon, the third day is here!

Early in the morning on the third day, the entire Baishi Town was caught in a bustle similar to a carnival.

Everyone flocked to the temple of the **** of war in the center of the town.

But in the early morning, there were already tens of thousands of people gathered on the square in front of the Temple of War God.

Almost everyone in the town came here.

And before the Temple of the Gods of War, an arena with a length of ten meters, a width of ten meters, and a height of five meters had been built.

The whole body is made of cyan hemp stone, tall and strong.

This was built by the Bai family and the Shi family. They would not give up this opportunity to make good friends with the Beidoujian faction!

At this time, beside the Temple of the God of War, a dozen giant wolves were lying lazily there.

The sunlight rising from the east sky shone on them, and the white fur was tinged with red.

This is the mount of the Beidou Sword Sect, and they have already arrived here.

At this time, a viewing platform was already built on the left side of the ring.

There were dozens of seats densely arranged above, and the people of the Beidou Sword Sect were already sitting there.

They all sat in jeopardy, looking straight.

Ye Zhixue was surrounded by everyone, his face was full of indifference.

Occasionally I opened my eyes and looked down, full of disdain and looking down.

He totally despised this little white stone town.

At almost the same time, the doors of the Bai family and the Shi family opened simultaneously.

Then, a team of people came out from this gate.

However, there are more people in the Bai family.

Shi Hongbo whispered beside Chen Feng: "Brother Feng, the Wang family and the Bai family are also together."

"That's it." Chen Feng nodded slowly.

And everyone from the Shi family, as well as Chen Feng, etc., surrounded by a team of knights, came to the square, beside the ring.

Almost at the same time, everyone from the Bai family and Wang family also came here.

Chen Feng saw Bai Yuankui, the head of the Bai family.

Bai Yuankui didn't seem to be a warrior, but rather a businessman, and he was kind.

It's just that between the turning of his eyes, there was an occasional flash of shady bird, telling others that he was not as simple as it seemed.

Chen Feng also saw Bai Shaohui.

Bai Shaohui was surrounded by everyone in the Bai family and Wang family.

Obviously, he has the highest status and the strongest strength among the two.

The two teams quickly met. Bai Shaohui looked at Chen Feng and Shi Hongbo, grinned, stretched out his hand and wiped it on his neck, and said with a bloodthirsty smile:

"Two bastards, I will kill you both today!"

Shi Hongbo trembled all over, while Chen Feng didn't even look at it, completely ignoring it.

People like Bai Shaohui are not even worthy of Chen Feng's wasting words.

Seeing Chen Feng's reaction like this, Bai Shaohui's expression was even more sinister.

He was about to speak again, Bai Yuankui suddenly stretched out his hand and said: "Okay, don't say it yet!"

The crowd followed his gaze and looked above the stand.

It turned out that at this time, the Beidou Sword Sect in the stands had already stood up.

Facing the crowd, Ye Zhixue said coldly: "There is still time for a cup of tea, which is the time for the official competition."

"Now, follow me to the Temple of the God of War to worship!"

"Yes!" Everyone listened to the order in awe, and no one dared to say a word of nonsense.

Ye Zhixue's voice was full of commands, but they did not dare to disobey.

Seeing how everyone reacted, Ye Zhixue smiled slightly, his figure flashed, and he came to the front of the Temple of the God of War.

Then, everyone filed in.

At this moment, the sun's rays just shined through the gate.

The statue of God of War is extremely majestic and unparalleled under the shower of light.

As soon as Chen Feng came in, there was a feeling that his power was completely suppressed, as if his spirit was also suppressed.

At this time, he just wanted to worship.

Chen Feng was shocked: "What a terrifying spiritual coercion! It's just a statue of the God of War, so terrifying?"

But Chen Feng then understood.

This God of War Palace is the only belief of the hundreds of millions of Li people around.

God of War statues are set up everywhere in the Mansion of God of War to accept the support of all.

This statue of the God of War has stood here for tens of thousands of years. I don't know how many years it has absorbed the pious beliefs of tens of thousands of people in this small town. Of course, it can have a strong pressure!

Chen Feng suddenly moved in his heart, and all his power spread all over his body, and then suddenly he shot outward!

Chen Feng wanted to weigh the weight of the statue of God of War.

If it were in Sky Dragon City or God of War Palace, Chen Feng wouldn't dare to make such a mistake.

But this is only a statue of the God of War in a small town, and Chen Feng is still a little confident.

At this moment, Chen Feng felt the surroundings change, as if he was in a sea of anger.

The boundless, extremely violent anger was pressed against me in a flash!

Chen Feng looked up at this moment, and saw the statue of the God of War, which was standing solemnly, but now it was shouting.

Golden light flickered all over, and boundless golden flames burst from his eyes.

The tyrannical golden coercion and the vigorous golden power pressed hard against Chen Feng!

The power of the God of War is not to be offended!

Facing the monstrous power, Chen Feng didn't panic at all, but instead used all his power to contend with it!

This extremely powerful force hit Chen Feng's body fiercely.

Chen Feng suddenly felt his whole body trembled, and his internal organs were hit hard at the same time, almost bursting out with blood.

Those legs were so crushed that they could hardly stand.

Chen Feng immediately collected all the power, covering his breath without a trace.

And the breath of God of War seemed to be unable to find the target, so after a while, it finally disappeared.

At this moment, a smile appeared at the corner of Chen Feng's mouth. He looked up at the statue of God of War and sighed softly.

He muttered to himself: "His blow made me unable to contend, probably about twice as powerful as mine."

"This also means that my current strength is equivalent to half of the statue of the **** of war in this small town!"

"It's already good, very good."

[Chapter 3398: Officially begin!](#)

And everyone else didn't notice what happened at that moment. They didn't even know that there was a shocking confrontation just now.

Suddenly appeared, and then suddenly disappeared.

Ye Zhixue, with the highest cultivation level, raised his eyebrows, and he felt a little throbbing in his heart.

But this throbbing quickly disappeared, and he didn't notice it again.

Soon, everyone worshipped the God of War statue.

A huge monster beast was dragged up and killed before the statue of God of War.

What is strange is that the blood that fell in front of the statue of the **** of war was absorbed without a trace in an instant, and even the monster beast was sucked into the skin and bones, all the blood in an instant. Was swallowed up.

Then, everyone filed out.

Ye Zhixue asked everyone, "Who are in each of your three major families?"

Shi Junbi said in a deep voice: "My Shijia, Shi Hongbo, Shi Yebai, and..."

He paused, looked at Chen Feng and said, "This little brother Feng Chen is playing."

It turned out that the three major families this time, each of which has three ethnic groups, only less than more.

The three Shi family brothers and sisters, Shi Yangqiu wants to stay here to take care of his father and family business, so naturally he cannot leave easily.

Only Shi Hongbo and Shi Yebai can play.

Therefore, before Chen Feng could speak, Shi Junbi took the initiative to invite Chen Feng to fight for Shi's family, and Chen Feng was naturally very happy.

As soon as he finished speaking, Bai Shaohui sneered with disdain.

At this time, Bai Yuankui looked at a tall and thin old man next to him, smiled and said, "Under Baishi Mountain, the most fertile one million acres of grassland. I have lived in Baishi for 30 years. Can you agree?"

At this time, the tall and thin old man seemed to be fighting between heaven and man in his heart, hesitating, gritting his teeth and turning his eyes.

Bai Yuankui was not in a hurry, but said leisurely, "Now before the time of the competition, there is less than a cup of tea time."

"You can figure it out clearly, is it important to enter the Beidou Sword Sect or your million acres of grassland?"

"think about it....."

His voice was full of bewitching: "If your prince can enter the Beidou Sword Sect, how many acres of grassland can be earned back."

At this time, the foot of that one was a little vain, and the gorgeously dressed young man urged something in a low voice.

There is eagerness between the looks.

Shi Hongbo said to Chen Feng: "The tall and thin old man is the young man next to Wang Pengyi, the head of the Wang family, and his son Wang Hetong."

Chen Feng nodded slowly.

at last. Wang Pengyi seemed to have made a decision and said loudly: "Okay! One million acres of pasture, just paddling away with your Bai family! You can graze for thirty years!"

"but!"

He stared at Bai Yuankui and said, "I must bring my son into the Beidou Sword Sect!"

Wang Hetong let out a burst of cheers.

Bai Yuankui laughed loudly: "This time, three people from the Shi family participated, two from my Bai family, and one from your Wang family."

"And the Beidou Sword Sect has three recruits!"

Bai Shaohui laughed and said, "I only need to kill all three of the Shi family. Then naturally, your son can enter the Beidou Sword Sect in a logical way!"

His tone was understated, as if he wanted to kill the three of Chen Feng, he could easily kill them.

They are here casually discussing about bringing Wang Hetong into the Beidou Sword Sect, completely treating Chen Feng as nothing.

Shi Yebai raised her eyebrows, a sharp look flashed in her eyes.

However, Chen Feng turned his attention to Ye Zhixue.

Bai Shaohui and others were talking loudly about their plans here, while Ye Zhixue didn't care about it.

Chen Feng showed a sneer: "It seems that it has been bought."

Ye Zhixue said lightly, "I'm all done, right? Then, let's start!"

After all, went straight to the stands.

The top figures in other towns, as well as Shi Junbi, Bai Yuankui, Wang Pengyi, etc., were also in the stands.

Only Shi Hongbo, Shi Yebai, Chen Feng, Bai Shaohui, Wang Hetong, and another young man who had always been taciturn stood there. It was certain that he was another participant in the Bai family.

Facing the crowd, Ye Zhixue said in a deep voice, "The Beidou Sword Sect's competition for recruiting disciples in Baishi Town has officially begun!"

The next moment, everyone's cheers were boiling.

Amidst the cheers of the crowd, Bai Shaohui's figure flashed and landed on the ring with a bang.

Then, at Shi Hongbo, Shi Yebai, and Chen Feng enough to hook his fingers and said, "Three little boys of the Shi family, come up!"

"Come up and let Lao Tzu end you all together!"

He was on the stage as soon as he came up, obviously full of confidence in himself.

He wanted to kill all three of Chen Feng with his own power.

He first pointed to Shi Hongbo and said, "Shi Hongbo, dare you come up and fight me?"

Shi Hongbo trembled and his lips moved.

At this moment, Chen Feng brushed his sleeves, stood up and stood in front of him.

Chen Feng is already ready to play and teach Bai Shaohui a lesson he will never forget!

In the next moment, Chen Feng will take the initiative to fight, and then take the initiative to defeat Bai Shaohui, let everyone know how strong Chen Feng is.

But at this time, Shi Yebai suddenly got up.

She took a deep look at Chen Feng and said, "What do you two want to do? Do you want to die? You are not Bai Shaohui's opponent at all!"

After all, without waiting for Chen Feng to speak, she jumped up and came to the ring.

"Bai Shaohui, now your opponent is me!"

There was a cry of exclamation among the crowd!

"Shi Yebai is playing? It's Shi Yebai! The strongest among the younger generation of Shi family!"

"How can she not take action? Judging from the past record, Shi Yebai is stronger than Bai Shaohui!"

"With her, I'm afraid that Bai Shaohui won't have much to win."

"Who knows, since Bai Shaohui dared to speak wildly just now, maybe he has a hole card!"

Bai Shaohui stared at Shi Yebai, his eyes filled with hatred and ferociousness.

Shi Yebai looked at him and said calmly: "We two fought three times before, and without exception, you all lost terribly."

"I don't know why you are so arrogant today that you dare to provoke the three of us in the Shi family!"

"Dare to say that Wang Hetong will be brought into the Beidou Sword Sect?"

This black-clothed woman raised her chin at this time, pointed forward with a long saber in her hand, proud as a rose in the wind, and her long hair was hunting and fluttering in the wind.

Her eyes were so cold to the extreme that everyone could not help but flash a stunning light in their eyes!

Bai Shaohui said grimly: "Little bitch, today is my shameful time! You can wait for me! I will definitely make you die miserable today!"

Ye Zhixue said coldly: "Competition, the official start!"

As his words fell, Bai Shaohui let out a violent roar, took off the big sword at his waist, and slashed away severely.

[Chapter 3399: Bai Shaohui's killer!](#)

Powerful and powerful, a white light rolled forward and fell.

In the face of this mighty power, Shi Yebai didn't rush, but his long saber thrust forward like a long sword.

A knife fell, extremely delicate!

In an instant, a dozen points of white blade light like falling snow fell quietly, extremely cold.

Just like her.

Then, the dozen or so points of knife light all fell on Bai Shaohui, directly cracking Bai Shaohui's seemingly powerful offensive.

However, just as soon as he cracked it, Bai Shaohui's tyrannical offensive appeared again and fell again.

It was still cracked by Shi Yebai.

In this way, Bai Shaohui attacked frantically, while Shi Yebai kept retreating, so he could solve his offensive in his spare time!

Chen Feng looked down and nodded slowly.

"Shi Yebai's strength is better than Bai Shaohui, and he is very calm in dealing with him."

However, it is not so in the eyes of everyone around.

They just saw Shi Yebai being forced to retreat by Bai Shaohui.

"Could it be that Shi Yebai is going to lose this time?"

"It's possible! Bai Shaohui is too powerful!"

Everyone talked a lot.

But at this time, Bai Shaohui's face showed a touch of horror.

He knows his own affairs, he knows that he seems to be on the offensive, but in fact it is almost at the end of the battle.

However, Shi Yebai didn't take much effort at all to block his offensive.

Finally, Bai Shaohui's momentum to cut forward stopped for a while.

Because every time he slashed forward, the consumption was so great that even though he only fought for a while, he was already exhausted and unable to connect.

At this moment, Shi Yebai's eyes flashed.

Suddenly, this trace of fighter was captured.

So, he took a step forward and saw the long-handled saber slash forward fiercely!

This knife happened to be at the junction of Bai Shaohui's two moves and hit his weakness!

As a result, Bai Shaohui's great sword was directly shaken out with a sharp sound.

He was even more shocked with a scream, his hands were already full of blood, and he staggered back a few steps.

Everyone exclaimed: "It turns out that Shi Yebai only started to exert force at this time."

"Shi Yebai's strength is actually far superior to Bai Shaohui!"

"Yes, and the time she took to capture the fighter is really wonderful!"

A cold smile appeared at the corner of Shi Yebai's mouth, and she thought she had a chance to win.

But at this moment, suddenly, a sly color flashed in Bai Shaohui's eyes.

With a loud roar, he pulled out another soft sword from his belt.

In the next moment, he pierced forward with a sword!

And when he stabbed with this sword, Shi Yebai suddenly felt that there seemed to be countless stars in front of him.

This sword pierced out, as if between the shaking of a spirit snake, hundreds of sword flowers flashed out.

Every sword flower seems to be fictitious but not fictitious, but not real.

And falling in Shi Yebai's eyes, each one could become a real killer move.

She simply can't handle this trick!

Therefore, Shi Yebai had to retreat.

Bai Shaohui smiled sternly and chased after him.

Therefore, Shi Yebai could only continue to retreat.

Chen Feng looked and raised his brows.

This trick is extremely superficial in his eyes, but I am afraid that Shi Yebai's cultivation base will not be able to catch it at all.

This trick has been out of her ability.

Shi Yebai is just a one-star martial king, while Bai Shaohui has just entered the martial king realm.

But Bai Shaohui now uses this trick to reach the level of the two-star Wu Wang.

This trick is far beyond their level!

Chen Feng frowned: "It seems that this is Bai Shaohui's so-called killer move!"

At this time, Shi Yebai was already forced to the edge of the ring by Bai Shaohui.

If she had to retreat again, she would have to fall.

Shi Yebai gritted his teeth. After all, Ah's temperament is so strong, how could he lose so aggrieved?

She yelled, cursed with the long handle in her hand, struggling to cut it off!

Has collided with that giant sword!

Bai Shaohui laughed loudly: "Dare to compete with the sun and the moon for the bright light?"

The next moment, the two collided together.

The sound of the impact continued to sound, and then, Shi Yebai, with a muffled grunt, was directly knocked out by the powerful force of this move, and fell heavily under the ring.

A mouthful of blood has spurted out wildly!

He couldn't stand still anymore and just sat down on the ground.

His face was pale, and his injuries were obviously serious.

Bai Shaohui stood on the ring, looking at Shi Yebai, his eyes filled with crazy pride.

"Haha, bitch, now you know how good I am?"

"Now you know, why am I so confident?"

He faced the crowd and shouted: "Now you tell me, who won?"

Everyone was shocked!

"It turns out that Bai Shaohui has such a trick?"

"Yeah, he is too strong!"

From the stands, Ye Zhixue's mouth showed a slight invisible smile, and then said loudly: "The first battle, Bai Shaohui wins!"

Shi Yebai looked at Bai Shaohui angrily, and his eyes were full of resentment.

She lowered her voice and said, "He didn't know where he learned such a trick, and he suppressed me in an instant. I'm not convinced!"

Chen Feng said lightly: "If you lose, you lose. There is nothing to be unconvinced."

"He just learned this trick, but this trick is indeed someone's ability."

"He used this trick to defeat you, using his own ability. Why is he not convinced?"

Shi Yebai originally stared at Chen Feng angrily, but at this time he couldn't say a word.

But she still felt wronged in her heart, still staring at Chen Feng there.

It's just that the anger in his eyes has changed from some grievances to the present.

That seems to mean: "Why do you help him speak? Don't you speak for me?"

Chen Feng looked at her, smiled slightly, and said: "Wait, I will help you out!"

Shi Yebai instinctively wanted to refute the ridicule, but she was suddenly startled.

At this time, Chen Feng's face was peaceful, and his voice was very gentle, without any anger.

However, in that voice was full of incomparable firmness and strength, giving people the feeling that Chen Feng would definitely be able to do it when he said it!

Shi Yebai was stunned for a moment, unable to say a word.

At this time, Bai Yuankui on the high platform raised his voice and said, "Shaohui, don't forget what we promised to the Wang family."

"You also dealt with the other two cubs of the Shi family, so you don't have to fight."

After that, he gave out a smug laugh.

Wang Pengyi, the head of the Wang family, was also with a smiling face.

In the audience, Wang Hetong clenched his fists, his face full of excitement and anticipation.

Bai Shaohui laughed and said, "Father, rest assured!"

[Chapter 3400: Me, my words count!](#)

They looked like no one else, and completely ignored Chen Feng and others.

Then, Bai Shaohui suddenly turned around, pointed at Shi Hongbo in the audience, and smiled grimly:

"Shi Hongbo, your sister has been beaten down by me, now it's your turn!"

After all, he hooked his finger: "Now, come up and die!"

His face is full of hideousness, and his eyes are full of violent murderous intent.

In his eyes, Shi Hongbo is already a dead person.

He wanted to kill Shi Hongbo in front of everyone, making everyone in the Shi family extremely painful.

This is the long-standing hatred of the Bai family and the time. The two big families have not given up to each other. After fighting for many years on this Baishi town, they have already hated each other.

In the past, they did not dare to kill at will because although Bai Shaohui was strong, there were three in the Shi family.

Together, he is definitely not an opponent.

But now, there is such a chance that he can arbitrarily behead the people of the Shi family in front of everyone.

Because this is above the ring!

Because he is backed by Ye Zhixue!

Therefore, he was not afraid of Shi's revenge at all.

If the Shi family dared to resist, it would be offending the Beidou Sword Sect and the entire family would be wiped out.

Everyone looked at Shi Hongbo very worried, because almost everyone in Baishi Town knew that Shi Hongbo had been bullied by Bai Shaohui many times.

He has never been Bai Shaohui's opponent.

Shi Hongbo also trembled. He wanted to fight, but he didn't have the courage.

He can't even control his body.

At this moment, Chen Feng stood in front of him.

Shi Hongbo was stunned for a moment, Chen Feng looked back at her, smiled and said:

"Shi Hongbo, remember? I once told you that I want to bring you into the Beidou Sword Sect!"

"I, Feng Chen, speak for words!"

After all, Chen Feng came to the side of the high platform, and then jumped and landed firmly on the high platform.

Looking at Bai Shaohui, he said coldly: "Bai Shaohui, I will fight you for Shi Hongbo."

Bai Shaohui was stunned for a moment, and looked up and down Chen Feng, with a disdainful smile on his face: "Oh, quite righteous?"

"Will you die for Shi Hongbo?"

"Okay, everyone is the same!"

He laughed loudly and said: "Anyone comes to an end, that is..."

He paused, staring at Chen Feng, and said every word: "I killed him."

Chen Feng looked at him and shook his head slowly.

He didn't even bother to say a word to Bai Shaohui.

Bai Shaohui raised his chin and said, "I am a magnificent one-star martial king master. After using that mysterious sword move, I can even reach the level of a two-star martial king."

"And you kid, although I can't see your strength, how strong can you be?"

Chen Feng listened, but his heart moved.

"I really can't show how powerful a posture right now. After all, I am such a nameless person. It is very abnormal for me to have such a strong strength. It will cause the suspicion of Ye Zhixue and others."

"When the time comes to the Beidou Sword Sect, it will not be easy to do things, low-key doing things is king!"

So instantly, Chen Feng had a decision in his heart.

"The level I can't show is too high, but I can show some talent!"

"So..."

A smile appeared at the corner of Chen Feng's mouth: "Bai Shaohui, I originally wanted to defeat you with one move, but now it seems that you have to suffer a little more wronged!"

The next moment, Chen Feng suddenly looked at Shi Yebai next to him, smiled and said, "Can I borrow the knife for a use?"

Shi Yebai froze for a moment, then snorted coldly, and threw the long-handled saber in his hand directly to Chen Feng.

Chen Feng took the long-handled saber, and his hand sank suddenly!

This knife is heavy, heavy, and it contains great strength and tenacity.

Chen Feng smiled slightly: "Good knife!"

Pointing forward with the long-handled saber in his hand, staring at Bai Shaohui, he said lightly: "Come on!"

Chen Feng looked at him and said lightly, "You can use your strongest trick directly!"

"Just you? You want me to use my strongest trick?"

Bai Shaohui sneered and said, "You deserve it too?"

Seeing Chen Feng on the stage, the expressions and the crowd started to talk.

"You young man is very face-to-face!"

"Yes, I heard that his name is Feng Chen, he is a warrior passing by here, and he is friends with everyone from the Shi family. This time he will fight for everyone from the Shi family.

"Does he have this strength?" someone said suspiciously.

Some people even said loudly with disdain: "I don't know if he has the strength, but his strength is definitely far inferior to Bai Shaohui. Bai Shaohui can easily kill him later."

"Yes!"

Everyone agreed.

Compared to Chen Feng, who was a raw face, they naturally believed in Bai Shaohui's strength.

When Bai Shaohui heard what everyone said, he laughed proudly: "Boy, have you heard? No one thinks I will lose, everyone thinks you will undoubtedly lose!"

Chen Feng didn't even bother to tell him at this time, but said lazily: "What do they think of me, and what do they do with you?"

"They say you can win, you can win?"

Bai Shaohui's expression changed instantly, and he nodded and said, "Okay, kid, you are fine, dare to talk to me like this!"

"Then, I'm going to peel and tear you apart later, so that you know the fate of offending me!"

Chen Feng said lazily: "Are you going to end it? Are you still fighting?"

"If you don't want to fight, just admit defeat!"

"Row!"

Bai Shaohui's face flushed directly blocked by Chen Feng's remarks, and he couldn't say a word.

He roared: "Die!"

The next moment, he was holding a giant sword and madly killing Chen Feng.

He didn't use the strongest trick, obviously in his opinion, it was not worth using that trick against Chen Feng.

His giant sword rolled like a white ball of light, squeezing away fiercely towards Chen Feng, and in a blink of an eye he was close.

At this time, Chen Feng was still standing there, motionless, but his eyes were a little dazed.

Looking into the distance, it was like a wandering object.

Bai Shaohui laughed grinningly: "Boy, you have been scared of me by this trick. You don't even know how to resist, do you?"

Everyone around was even shouting.

"Why does Feng Chen not even fight?"

"Yeah, can it be said that he has been so scared that he dare not resist?"

"Hey, this outsider really doesn't have much strength. What I said just now is all big talk, all pretending." Someone laughed loudly.

Shi Yebai clenched his fists and looked at Chen Feng with concern in his eyes!

Although she disapproves of Chen Feng's actions, she does care about Chen Feng now.

Shi Hongbo even yelled: "Brother Feng Chen, do it!"

Bai Shaohui's grinning laugh became more and more prosperous: "Boy, die!"

At this moment, Ye Zhixue rolled his eyelids, his eyes were half closed, and he was leaning on the chair, already a little wandering.
