

Peerless 3401

[Chapter 3401: Control in the palm of your hand!](#)

"I thought this kid had some ability, but I didn't expect it. He was just a trash. He didn't have any **** ability."

"This time, the trip to Baishi Town really gave me nothing."

He believes that Chen Feng is undoubtedly defeated and undoubtedly dead.

And just when Bai Shaohui's giant sword was about to descend on Chen Feng's head.

In an instant, Chen Feng's slightly squinted eyes suddenly opened.

A gleam of light flashed in his eyes, as if a powerful beast suddenly awakened.

This scene made everyone feel it.

The next moment, Chen Feng's long-handled saber suddenly moved.

His long-handled saber didn't look fast, he just drew an arc forward slightly, and then slammed on the giant sword light ball.

With a loud bang, the giant sword light group was directly shattered!

Bai Shaohui let out a scream.

He felt an incomparably powerful force, coming from the long-handled saber, pouring into his body, directly shook his palms with great pain.

That power even spread to his body and hit his internal organs, causing him to let out a scream and a mouthful of blood.

He finally retreated a few steps before standing still.

Looking at Chen Feng in disbelief, he shouted in anger, "How could you? How could you have such a strong strength? How could it be possible?"

He didn't want to believe this scene at all.

But unfortunately, this is the fact.

Chen Feng smiled and said, "I told you just now, let you directly use your strongest trick."

"You don't listen, blame me now?"

Chen Feng shrugged and made a very helpless expression, his expression was full of ease!

Everyone around gave out exclams.

"Feng Chen, you beat Bai Shaohui back with a single blow?"

"Yes, and the fight was so terrible, Bai Shaohui is not his enemy!"

"He only used one move to beat Bai Shaohui so miserably! How terrifying was his strength?"

The eyes of everyone looking at Chen Feng changed.

There is no longer the slightest scorn and suspicion before, some only shock!

Shi Hongbo was taken aback first.

Then, the look on his face was like Bai Shaohui's, full of disbelief.

But the next moment, it turned into ecstasy, and shouted frantically: "Brother Feng Chen, haha, you are amazing!"

Shi Junbi and Shi Yangqiu smiled comfortably beside them.

Shi Yebai was stunned for a moment, then his eyes were deep.

Suddenly, the corners of his mouth rose, his body softened, and he leaned back, looking at Chen Feng, a smile appeared at the corners of his mouth.

"Chen Feng, it turns out that you didn't lie to me, it turns out that what you said is true, it turns out that you really have such strength!"

Although, at this time Chen Feng's performance was far better than she had previously expected.

But not only did she not feel angry at all, on the contrary, her eyes were full of joy.

At this time, Ye Zhixue on the high platform opened his eyes and raised his brows.

There was an expression of interest on his face, and he said softly: "Not bad! There is still some strength, which is beyond my expectations."

However, in his eyes at this time, Chen Feng only had so little strength, and did not pay much attention to it.

He sighed softly: "Even with such a strength, he still has to lose to Bai Shaohui."

After all, he took a look at Bai Yuankui.

Bai Yuankui was still immersed in the endless shock at this time, and when he came into contact with Ye Zhixue's eyes, he suddenly woke up.

He shouted: "Bai Shaohui, stand up! What are you doing there?"

"Don't forget, you still haven't used that trick!"

Bai Shaohui wiped the blood from the corner of his mouth, stared at Chen Feng, and said grimly: "Boy, I admit that I underestimated you, you really have some strength."

"But, so what?"

He sneered and said: "As soon as I have a trick, I can easily kill you!"

Chen Feng smiled and said, "You might as well try."

With a sharp roar, Bai Shaohui unsheathed the soft sword and slew towards Chen Feng.

It was the same trick before, but he only learned this trick when he wanted to.

However, it is enough for the vertical and horizontal Baishi Town.

But in Chen Feng's eyes, that would be too much to look at.

With this move approaching, Chen Feng sighed lightly, holding the long-handled saber in both hands, twisting his body and cutting out with one move.

When this knife slashed out, Chen Feng had an extremely familiar feeling in his heart.

It turned out that this trick was the nirvana knife technique.

Chen Feng hadn't used it for a long time. When this knife was cut out, Chen Feng's eyes flashed through countless scenes like a horse watching a flower.

In the years of dying Daomen, the past with those friends and confidantes before.

At this moment, all flowed out, leaving Chen Feng with infinite emotion.

There was a melodious look in his eyes.

It seems that endless years have passed in an instant.

But Ye Zhixue and others were all moved as soon as Chen Feng cut it out!

They know the goods

As soon as Chen Feng made this move, they knew that this martial skill was definitely not low!

Not only him, but all the people with a higher cultivation level in the crowd, all have this idea!

"This sword technique is absolutely extraordinary!" *Novelusb.com*

At this time, this knife collided with Bai Shaohui's soft sword.

And the soft sword was slashed aside by the knife.

Bai Shaohui suddenly opened the door to time and space.

At this moment, Chen Feng twisted his body lightly, and the handle of the long-handled saber slammed into Bai Shaohui's chest.

Suddenly, there was a sound of broken bones.

Bai Shaohui's body and mind stagnated for a moment, and then he was directly hit by a huge force and flew out seven or eight meters.

He spurted blood frantically, his chest collapsed, and the blood poured out frantically.

In a blink of an eye, he has become a blood man.

He coughed up blood, pointed at Chen Feng with his fingers, his face was full of horror: "You. Can you break my trick?"

Everyone let out a huge exclamation.

"Bai Shaohui used a trick, but he was not Chen Feng's opponent?"

"Yes, Feng Chen broke this trick easily?"

However, there was also someone with knowledge and dignified eyes, and said: "Feng Chen seems to have only used one stroke to break his trick, but in fact Feng Chen borrowed Qiao Jin."

"There is no doubt that Feng Chen is stronger than Bai Shaohui, and stronger than Bai Shaohui who has used the trick, but it is not so strong!"

Hearing such a discussion among the crowd, Chen Feng showed a smile on his mouth.

This is what he wants everyone to feel: he is stronger than Bai Shaohui, but not so ridiculously strong.

It's just because he is more skilled in the use of martial arts and has more combat experience.

They are all controlled by Chen Feng!

At this time, the look on Ye Zhixue's face finally became solemn.

He stared at Chen Feng with piercing eyes. After a while, he smiled: "Yes, this kid's cultivation is quite good."

[Chapter 3402: Then laugh!](#)

"His realm is very average. But his strength, let alone above Baishi Town, even among the new disciples of the Beidou Sword Sect, should be considered middle and upper."

"Bai Shaohui was not wronged by his defeat."

He looked at each other with a few disciples of the Beidou Sword Sect nearby, and both nodded slightly.

They basically reached a consensus on Chen Feng.

The realm is not particularly high, probably around the peak of King One Star.

However, his martial arts level is quite high, and his fighting talent is also very strong.

And all that they thought of, Chen Feng wanted them to think of.

With Chen Feng's current cultivation base, beyond what they don't know, he will show what he wants to make them feel.

At this time, everyone in the Shi family couldn't manage so much.

No matter how strong Chen Feng is, they just cheered for Chen Feng.

Shi Hongbo flushed red, waving his fists, and shouted: "Brother Feng, you defeated Bai Shaohui! Let him be defeated so miserably!"

"Hahaha, Brother Feng!"

He has a feeling of exasperation.

Chen Feng walked to the edge of the ring, looked at him and smiled and said, "Brother Shi, I told you before."

"I want to let Bai Shaohui lose out in front of everyone today, so miserably, to vent his hatred!"

"just now....." *Novelusb.CoM*

He paused, his eyes swept across everyone's faces, and said lightly: "I, Feng Chen, did it!"

Shi Hongbo laughed excitedly, smiling, and suddenly infinite sorrow and sorrow, infinite joy, and infinite aggrieved in his heart.

He was covering his face and crying, like a child!

Shi Yebai stood there, looking at Chen Feng, the corners of his eyes and eyebrows were full of curiosity, and there was a hint of admiration!

Chen Feng raised his eyebrows and smiled: "How? Did I speak big words? Did I prove my strength?"

Chen Feng's questioning now is not to beat Shi Yebai in the face, but to reminisce like an old friend.

Shi Yebai smiled, didn't speak, just gave Chen Feng a thumbs up.

Chen Feng laughed, happy in his heart.

Then, he looked at Bai Shaohui, smiled slightly, and said: "Wang Wang Jing, is it amazing?"

Hearing Chen Feng's words, Bai Shaohui's face flushed red instantly.

He suddenly remembered that this is not the first time Chen Feng said this.

Before, when his servant Bai San'er bragged about his realm to Chen Feng, Chen Feng once said: "Wu Wang realm, is it amazing?"

At that time, he and his gang of minions roared with laughter and laughed at Chen Feng.

But now, Bai Shaohui's face was flushed and he couldn't laugh anymore.

Only then did he realize how ridiculous he was and how arrogant he was. Thinking of the ridicule of Chen Feng before, he only felt disgraced and wanted to find a place to sew in.

A voice echoed in his heart: "It turns out that it is me who is really ridiculous! It turns out that it is me who is really humble in strength!"

"Bai Shaohui, Bai Shaohui, you really are going to be laughed out of your teeth!"

"I mocked Feng Chen so much before, but in the end I didn't expect that he is a master that you simply can't match."

Chen Feng bent down, looked at him and smiled and said, "Laugh, then laugh!"

"When I said this, didn't you smile very disdainfully, laughed very sarcastically?"

"Now, continue to laugh!"

There was a hint of coldness in Chen Feng's words, and cold light flashed in his eyes.

When Bai Shaohui came into contact with his expression, his whole body trembled violently.

He already knows Chen Feng's strength now, how can he dare to make a mistake?

He quickly said with a trembling voice: "I dare not, I dare not laugh."

Chen Feng smiled slightly, stretched out his hand and patted his face lightly, and said, "This is good!"

These words and Chen Feng's actions made Bai Shaohui's face flush instantly as if he could drip blood.

He felt that he had been humiliated to the extreme, and he felt that the boundless humiliation was coming like a tide, almost overwhelming him.

There was a dizziness in his brain, and he almost fainted directly. At this time, there was a buzzing in his head, and he knew nothing!

There was a burst of laughter among the crowd below.

"Haha, Bai Shaohui was so arrogant just now, now Feng Chen has been labeled as such a bird!"

"Yes, he dare not put a fart in front of Feng Chen."

Everyone was very relieved and said loudly.

Bai Shaohui did a lot of evil in Baishi Town on weekdays. Everyone dared not say anything, but now he finally has a chance to vent.

And these ridicule words fell into Bai Shaohui's ears, as if the last straw overwhelmed him, instantly causing him to faint directly.

He knew that he had lost face in Baishi Town.

Chen Feng turned slightly at this time, his eyes swept across the crowd, and finally fell on a group of people.

That group of people is the group of servants of Bai Shaohui.

Among those who mocked Chen Feng at the beginning was Bai San'er.

At this moment, he was dumbfounded, his eyes widened, and he looked at Bai Shaohui and Chen Feng on the stage in disbelief, his face was full of astonishment.

In the next moment, this consternation turned into a trace of fear.

When exposed to Chen Feng's joking and disdainful gaze, this fear suddenly magnified countless times.

He trembled all over, looking at Chen Feng, a voice echoed in his heart: "I'm dead, I'm dead!"

"Feng Chen is so strong? I was so mocking before, mocking him, can he spare me?"

Chen Feng looked at them, smiled and said, "Laugh? Why don't you smile now?"

Where is one of these people smiling?

They are not blind. Of course, they can see that this foreigner named Feng Chen is extremely terrifying.

Chen Feng cast his eyes on Bai San'er. Before he could speak, Bai San'er suddenly screamed: "Ah, I'm dead! I'm dead!"

He slid and fell heavily to the ground, bleeding from the corners of his mouth, and was no longer breathless.

Everyone was stunned.

After a while, someone walked up to him and sniffed, and then shouted: "Dead!"

It turned out that he was afraid that Chen Feng would ask him to settle the accounts. Under extreme fear, he was actually scared to death!

Chen Feng looked and shook his head.

Facing the crowd, Ye Zhixue said lightly: "Well, Feng Chen defeated Bai Shaohui, do you have to challenge Feng Chen?"

His eyes swept across the crowd.

Shi Hongbo and Shi Yebai, needless to say, and Wang Hetong next to him and the other person from the Bai family who participated in the battle naturally did not dare to challenge Feng Chen again.

They are not Bai Shaohui's opponents, let alone Feng Chen.

[Chapter 3403: Now, there are two places left!](#)

Feng Chen could crush them to death with just one finger. How could they be so innocent?

Bai Shaohui slowly nodded and said: "Now that Feng Chen has defeated Bai Shaohui, he has already got one of the three places to enter the Beidou Sword Sect."

Upon hearing this, Chen Feng sighed softly.

After all, I got this opportunity to enter the Beidou Sword Sect!

Then, Ye Zhixue looked at everyone and said, "Everyone, do you have any opinion on Feng Chen's qualification?"

The other disciples nodded.

Then, Ye Zhixue took out a piece of golden letterhead.

On the golden letterhead, a few lines were written.

Chen Feng's eyes were sharp and he could see clearly. He wrote his name, where he participated in the Beidou Sword Sect assessment, and some introductions such as his level.

However, Chen Feng saw that Ye Zhixue added a sentence at the end:

"This person is not righteous and has a cruel attack. Unless he is quite strong, he will never be allowed to enter the Beidou Sword Sect!"

A sneer appeared at the corner of Chen Feng's mouth: "Sure enough, Ye Zhixue and Bai Shaohui are in the same group."

"I cleaned up Bai Shaohui, and he immediately became unhappy, and immediately slandered me in his reply to Zongmen."

"My strength is obvious to all, and he can't cover it."

"So, he dare not not report!"

"What is wrong mentality? Where can you tell that my mentality is wrong? I, Chen Feng, to fight against the injustice and eradicate evil is called wrong mentality?"

"Isn't it because I offended you?"

Chen Feng's eyes were cold: "As for the attacker? Bai Shaohui wants to kill me, and I haven't killed him yet. This is called the attacker?"

Chen Feng didn't kill Bai Shaohui, he originally intended to learn face for Ye Zhi, but since he was shameless, then...

Then, Ye Zhixue stacked up this golden letterhead, and then a ball of flame popped up and burned it all up!

Chen Feng knew that the information had probably reached the Beidou Sword Sect.

Then, Ye Zhixue rolled his eyes and said, "Bai Shaohui, although he was defeated by Feng Chen."

"However, the strength has also been proven."

"So, I think it is understandable for Bai Shaohui to get a place, what do you think?"

With him as the master this time, the other disciples didn't even have room to speak, so naturally they dared not refute.

"Okay, then Bai Shaohui also has a spot."

Ye Zhixue said triumphantly: "Now, only one of the three places is left."

Hearing this, Shi Hongbo and Shi Yebai were stunned.

Then, in the next moment, Shi Hongbo's eyes showed unspeakable disappointment.

Because he knew that if there was only one spot left, then the biggest possibility was Sanmei Shi Yebai, not himself.

However, then he was relieved.

Today, Chen Feng vented his anger on his behalf and ruthlessly cleaned up Bai Shaohui, already breaking his demons, so that he no longer feared Bai Shaohui.

He thought it was enough.

At this moment, Chen Feng suddenly said, "Hold on."

Ye Zhixue froze for a moment, looked at Chen Feng and said, "Are you talking to me?"

Chen Feng smiled: "Of course I am talking to you."novELus**11**.com

He looked at Ye Zhixue, and said loudly: "Now you say that Bai Shaohui has a quota, but there is one remaining?"

"Yes!" Ye Zhixue nodded.

Chen Feng suddenly smiled and said, "Then what if I kill Bai Shaohui?"

"What?" Ye Zhixue was taken aback for a moment.

Chen Feng laughed and turned and strode towards Bai Shaohui!

Bai Shaohui had already woke up at this time, looking at Chen Feng with a bitter expression on his face.

And just now, after Chen Feng said that sentence, he was also taken aback.

But now, seeing Chen Feng walking towards him, he suddenly seemed to understand something.

I suddenly understood what Chen Feng said just now!

The next moment, a flash of extreme fear flashed in his eyes, looking at Chen Feng, exclaimed: "You, are you going to kill me?"

"You, you dare not! How dare you?"

He was completely panicked.

He did not expect that Chen Feng would dare to kill himself.

Chen Feng smiled and said, "Why can't I kill you? You just wanted my life, and now I want your life, it's fair!"

A touch of extreme fear flashed in Bai Shaohui's eyes.

He knew Chen Feng's strength and knew that if Chen Feng wanted to kill himself, there would be no problem!

He looked at Ye Zhixue with a help-seeking look and shouted: "Young Master Ye!"

Ye Zhixue's eyes were cold, and he said sharply, "Feng Chen, do you dare?"

Chen Feng didn't pay attention to him at all at this time, just strode forward.

The next moment, the long-handled saber in his hand was severely cut off.

Bai Shaohui let out a scream, frantically trying to resist.

But how can he stop him after being seriously injured?

A short scream sounded, then stopped abruptly.

The blood from Bai Shaohui's throat spouted wildly.

His eyes widened and looked at Chen Feng. At this time, his eyes were still filled with disbelief and endless regret.

And the next moment, the light in his eyes completely dissipated.

His body crooked heavily and fell to the ground, no more breath.

Bai Shaohui was already killed.

"All right!"

Chen Feng clapped his hands and smiled, "Now, there are only two places left."

Everyone exclaimed: "Chen Feng outrageously killed Bai Shaohui?"

"Yeah, he didn't even put Ye Zhixue in his eyes?"

At this time, Chen Feng slowly turned around.

He looked at Ye Zhixue, smiled and said, "What can I not dare?"

Chen Feng knew that his name had been reported to the Beidou Sword Sect, and he was already qualified to enter the Beidou Sword Sect.

Now, where does he put Ye Zhixue's ants in his eyes?

Ye Zhixue even just stood up at this time.

He just wanted to stop Chen Feng, but Chen Feng was too fast to stop him.

Ye Zhixue was completely stunned, his face was full of disbelief!

He didn't say a word, just stared at Chen Feng, his eyes became colder!

There are endless murderous opportunities looming in it.

And Chen Feng, as if he hadn't seen it, just raised his voice and laughed: "You have to recruit three people in Baishi Town!"

"And now, Bai Shaohui has been killed, and only I have one spot."

Then, he turned to look at Wang Hetong and another participant from the Bai family, and said, "Are you two planning to compete?"

Both of them were trembling with fright.

They still don't understand why, if they dare to compete, then Chen Feng will definitely kill them!

The two shook their heads frantically, and didn't dare to have any more thoughts of participating!

Chen Feng laughed loudly and said, "Isn't this over?"

"Now, of the six participants in the competition, one died, two retired, and the remaining three are naturally able to get into the Beidou Sword Sect."

He looked at Ye Zhixue, raised his eyebrows and said, "Is there a problem?"

[Chapter 3404: Just ants!](#)

Ye Zhixue nodded slowly: "No problem, why is there a problem?"

It's just that, how did he sound like it was squeezed out of his teeth.

The next moment, he took out two golden letterheads.

Then, the names of Shi Hongbo and Shi Yebai were written on it.

Seeing this scene, Shi Hongbo and Shi Yebai looked at each other, both in ecstasy.

Shi Hongbo cried with joy!

Shi Yebai said with a look of disgust beside him: "Second brother, why are you crying? On a good day, are you crying again?"

Soon, the two golden letter papers were burnt out.

Ye Zhixue stood up slowly, staring at Chen Feng, with a cold look on his face: "Okay, very good."

"Feng Chen, you have the courage!"

At this moment, the surrounding Beidou Sword Sect disciples looked at Chen Feng with sympathy and pity, as well as a trace of contempt.

"This kid is really good. He has not yet entered the Beidou Sword Sect, so he dare to violate Senior Brother Ye Zhixue."

"Yeah, Tian just got the qualification to enter the Beidou Sword Sect, and he offended Senior Brother Ye. He simply did not live or die."

"It's over, he is destined to die. If he offends Senior Brother Ye, he cannot survive in the Beidou Sword Sect."

Everyone thinks that Chen Feng will not be spared.

If Ye Zhixue is offended, even if he enters the Beidou Sword Sect, he cannot survive.

But Chen Feng was not afraid of it, and didn't even care about it.

For him, there is only one purpose, which is to enter the Beidou Sword Sect.

As for Ye Zhixue, it's just ants!

How could he put it in his eyes?

Ye Zhixue stared at Chen Feng deeply, and said coldly: "After half a month, go to Sky Dragon City, the gate of the Beidou Sword Sect, and report to you."

"If the time is not there, not only will you be disqualified, but you will also be chased to death by my Beidou Sword Sect."

After all, he jumped from the stands and jumped onto the white wolf.

Instigate the mount and go out.

When passing by Chen Feng, he suddenly stopped, and then stared at him with a sneer: "Feng Chen, I am waiting for you at the Beidou Sword Sect."

"By the time....."

He smiled coldly and did not speak, but everyone knew what was waiting for Chen Feng at that time.

Shi Yebai and the others looked at Chen Feng with worry all over their faces.

Ye Zhixue and his party left quickly.

At this moment, just as the sun hit the sky, everyone in Baishi Town looked at their backs and fell into silence.

The next moment, the square was boiling again, and everyone was very excited.

They don't care about the grudges of the Bai and Shi family, and they don't care how strong Feng Chen has offended.

They only know that everything they see today can be used as a lifetime talker!

"This Feng Chen is really amazing! I don't know where it came from!"

"Yes, these two boys from the Shi family are also great. If they join the Beidou Sword Sect, they can reach the sky in one step."

"Today, it can be said to be our top priority in Baishi Town for decades!"

The crowd slowly dispersed.

At this time, Bai Yuankui glared at Chen Feng with bitterness, and quickly left with his son's body.

The Wang family also left quickly.

Soon, before the Temple of the God of War, only the Shi family and his party were left.

Shi Hongbo and Shi Yebai were full of joy, and Shi Junbi was also grinning rudely there.

Only Shi Yangqiu, with a look of worry flashing across his face, whispered: "Father, the two brothers and three sisters have already offended Ye Zhixue invisibly."

"If you join the Beidou Sword Sect, I'm afraid it will be bad or bad."

"Hey, don't you have such worries."

Shi Junbi waved his hand, and Ruhao said, "What is misfortune?"

"Being in the Beidou Sword Sect, that is blessing."

"Children and grandchildren have their own children and grandchildren. They have joined the Beidou Sword Sect. If they can't deal with a Ye Zhixue, they are killed by someone, they deserve it!"

Having said that, he laughed loudly: "The second and third, you are fighting today, and we will host a banquet for you in the house tonight."

"Send you all to be the most outstanding child of our Shi family in the future."*ηOνelusb.com*

Then, looking at Chen Feng, walking up to him, patted his shoulder, and said loudly:

"You kid, amazing! The old man didn't look at him."

Although he now knows that Chen Feng is extremely strong, his attitude towards Chen Feng has not changed, and he is still so close to nature.

Chen Feng smiled slightly and said, "Since we have met, that is fate."

Besides, he agreed to Shi Hongbo, so naturally, Shi Junbi laughed.

That day, in the evening, Baishi Town, Shijia.

Above the hall, the lights are bright.

Although the sky was not dark yet, countless huge candles with the thick breath of an adult's arm had been lit above the main hall, illuminating everything inside and out.

At this time, a banquet was already set up in the hall.

All the top figures in the Shi family were present.

Not only that, but outside the Shi's house, it was even more open at this time, and there were hundreds of tables slid out along the street.

Almost all the chefs in Baishi Town were invited over, and they were cooking at the back.

After the dishes were prepared, they were served immediately.

Above Baishi Town, everyone comes and eats anytime, as long as they want, and as much as they want.

This is the meaning of rewarding the village.

A happy event happened in the Shi family, so it is natural to do so!

And there is an endless stream of people who come to eat here, and most of them will say a few pleasant auspicious words after they come!

"Congratulations to the second son, congratulations to the third lady for entering the Beidou Sword Sect."

"Hahaha, thank you very much, hurry up!"

Conversations like this are happening constantly.

The noise outside, when you are in the hall of the Shi family, you can hardly hear it.

At this time, the hall of the Shi family was also very lively.

Chen Feng was invited to sit down next to Shi Junbi.

He didn't refuse, and sat down openly.

At this time, the wine has passed three rounds, and the food has five flavors.

Shi Junbi suddenly let out a soft drink, and the hall suddenly became quiet.

Everyone cast their eyes on him.

Then, Shi Junbi picked up the wine glass and stood up, looked at Chen Feng and said, "This time, thanks to you little brother!"

"If it weren't for you, the old man, these two unconvincing boys, let alone enter the Beidou Sword Sect, I'm afraid they will lose their lives on the ring!"

With that, he glanced at Shi Hongbo and Shi Yebai.

They both lowered their heads quickly.

Chen Feng smiled and stood up and said, "Old man, what are you doing with these strange words?"

"Since we meet, it is always a chance. If I can help, I will naturally try my best to help."

"Furthermore, I also want to join the Beidou Sword Sect. When the time comes, the three of us will enter together, and we still have some consideration in it."

Shi Junbi laughed loudly, patted Chen Feng on the shoulder and said, "I won't say anything, everything is in the wine!"

[Chapter 3405: Bronze plum!](#)

After all, drink it all!

Chen Feng laughed and drank it.

After about half an hour, the banquet was over and everyone left.

Shi Junbi kept the three brothers, including Chen Feng and Shi Yangqiu.

Shi Junbi looked at Chen Feng and said frankly: "Brother Feng Chen, speaking of it, you are going to the Beidou Sword Sect, and you are going to the Sky Dragon City. Those who are not familiar with the place will be bullied!"

When Chen Feng was about to speak, Shi Junbi laughed and said, "But fortunately, it is your chance."

"Old man, I was in the Dragon City that day, but I still have a little relationship."

"Father, do you still have familiar people in Sky Dragon City?" Shi Yangqiu asked in surprise.

Shi Hongbo and Shi Yebai were also stunned, they had never heard Shi Junbi mentioned.

Shi Junbi sighed softly and nodded.

His gaze became distant, he looked outside the hall, but he seemed to have traveled through thousands of mountains and rivers, and said softly:

"Actually, speaking of it, it is not my friend, but a handkerchief from your mother."

"Our mother?" Shi Yangqiu and the three were even more moved.

Because their mother was missing a long time ago, they seldom heard their father mention it.

They had asked when they were young, but every time they got their father's rage.

After a few times, they dared not ask anymore.

Unexpectedly, this time my father took the initiative to mention it.

Shi Junbi sighed softly and said, "In fact, your mother has an extraordinary background, at least better than me who lives in a small town."

"Now, it's time to let you know."

He sighed lightly and said, "When I met your mother, your mother was seriously injured. It was almost dying."

"Besides, she was obviously chased and killed. I brought her back to the town, let her rest in peace, and help her heal her injuries."

"Later, after we got along for a long time, she was secretly in love, and she married me."

Having said this, a smile appeared on his face, and then he continued: "There will be no waves and no waves after marriage."

"Soon, you gave birth to three siblings, but I know that your mother does not belong here after all."

"Her origins are mysterious and unpredictable. She hasn't said it in these years, nor have I asked."

"But I already have a vague feeling in my heart that she will definitely not stay here forever."

"Sure enough, she left here just twenty years ago. Before leaving, she didn't say a word."

A wry smile appeared at the corner of his mouth, and said, "I was prepared for this a long time ago, so I didn't want to live or die."

After speaking, he was dumbfounded for a long time, and did not speak for a long time.

Shi Hongbo and the three were all stunned. They didn't expect that their mother still had such a background.

Shi Junbi sighed: "She just left this thing."

After all, he took a little thing and showed it to everyone.

This thing is a small plum blossom, about the size of an egg, carved in bronze.

There were traces of blood on the bronze plum blossoms.

The plum blossoms are exquisitely carved and bloom in full bloom.

Shi Yangqiu and the others all stepped forward to take a closer look.

What they didn't notice was that at the moment when this thing was taken out, Chen Feng's eyes burst out!

His pupils shrank sharply, and his face showed a touch of extreme shock!

"How could Shi Junbi have this thing, this thing?"

In Chen Feng's heart, stormy waves were set off.

It turned out that Chen Feng had seen this thing! [ovelusbooks.com](http://www.ovelusbooks.com)

When he was in the Xuanyuan family's Inner Sect, he had met his mother more than once and played with this thing.

Chen Feng is sure, exactly the same!

And even the aura on it is so common!

Chen Feng was shocked in his heart: "Could it be that my mother and this mysterious woman have any connection? Why do they have this thing?"

However, Chen Feng was still keenly aware of the difference in meaning. The bronze plum blossom of his mother's blood-colored plum, and the budding stamen in the middle was golden.

And this plum blossom is all bronze.

The next moment, Chen Feng's heart was hot.

"My mother is missing, I am very concerned, but I can't find any news at all, and now, this is a line!"

"Before the mother, she was mysteriously missing for a period of time. I didn't intend to pry into the mother's unspeakable concealment, but as a son, you must know that the mother is safe to rest assured."

At this time, Chen Feng secretly made up his mind to find his mother's trace from this line.

However, he did not bother Shi Junbi.

Shi Junbi's wife has disappeared, and he doesn't know anything about his wife's past, and he can't tell if he asks.

"So, I'm waiting for Shi Junbi to continue talking. Didn't he just say that his wife still has a relationship in Sky Dragon City?"

Chen Feng remained silent, just drinking tea quietly.

After a long time, Shi Junbi patted his head lightly and said: "I'm getting confused, obviously I don't want to tell you about this."

"Forget it, let's not mention her, just talk about this relationship in Sky Dragon City."

"After the two of us got married, she once took me to Sky Dragon City and visited one of her good sisters."

"Her good sister, she met when she was in Sky Dragon City, and she married a tenth-level Cavalier Yun in Sky Dragon City."

There was a touch of admiration on his face, and he said: "That adult is a great man!"

Chen Feng heard this and raised his brows.

Under the God of War Palace, in the army under the command of each general, military generals are divided into thirty-one ranks.

The thirty-first level, the highest level, of course, is General Tianlong.

And under General Tianlong, the thirtieth rank is Tianlong Zhonglang.

This person is ranked tenth, which is really insignificant in Chen Feng's eyes.

I'm afraid I don't even have the qualifications to talk to Chen Feng.

However, looking at these cities, villages and towns outside Tianlong City, this tenth-level Cavalier Yun is indeed a big man.

I'm afraid that if he comes to Baishi Town, everyone in Baishi Town will hunger.

Shi Junbi continued: "Your mother's handkerchief is handed over, and you can call her Aunt Su at that time."

"She has a very good relationship with your mother. After your mother disappeared, she sent a few letters to inquire about your situation."

"I have also mentioned that I will receive you from the Sky Dragon City and cultivate it carefully."

"But what I was thinking at the time was, if it wasn't for some famous school, what would happen to Sky Dragon City? So I didn't accept it."

"And now. She must be very happy to learn that you can enter it."

[Chapter 3406: Su Manqing, Qi Junhao](#)

"Especially Feng Chen..."

He smiled and said: "At that time, she will definitely appreciate you."

The more he talked, the more excited he said, "I will write a letter to them now to introduce your situation."

Chen Feng was stunned, he didn't expect Shi Junbi to be so enthusiastic.

He just opened up and didn't speak, Shi Junbi laughed and said, "There are people taking care of Tianlong City, isn't it better than being unaccompanied now?"

Chen Feng didn't refuse, after all, he still wanted to contact that Aunt Su.

So immediately, Shi Junbi wrote a letter.

Then, a white-headed harrier was brought in.

This white-headed harrier was about one meter long and slender, like a sharp arrow. His body was pitch black, except that his head was white.

After the white-headed harrier flew in, it was Shenjun, looking around.

Looking at Chen Feng and others, with disdain, it seemed that they didn't take them seriously.

It just stopped on Shi Junbi's shoulder, rubbing his head affectionately!

Shi Junbi laughed and put the letter in a bamboo tube and tied it under the wings of the white-headed harrier.

Then, he whispered a few words in his ear.

The white-headed harrier seemed to understand half of the language, nodded, swished, and disappeared.

Chen Feng shook his head. A mere tenth-level lieutenant Yun Qi didn't care at all, and the other party would not help him at all.

It's just Aunt Su, if you can get some news about your mother from her, it would be best.

Chen Feng pondered for a moment, and then said, "I don't know when you can set off to Sky Dragon City?"

Shi Yebai Suisheng said, "I have discussed this issue with my father, and I will be able to set off in about five days."

"Is it five days later?"

Chen Feng pondered for a moment, and said, "I have something to deal with when I go to Sky Dragon City. Why don't we go through it first, and then meet at the Beidou Sword Sect on the day of registration?"

Everyone is not a procrastinator, and they simply agreed.

They didn't ask what Chen Feng was going to do. Chen Feng's origin was still a little mysterious after all, and they all knew that Chen Feng was extraordinary and would not be dangerous, so they didn't worry about it.

Early the next morning, before the sun rose, Chen Feng said goodbye.

at this time. What he rides under his crotch is a huge giant horned deer!

Chen Feng left the Shi family, turned his head and took a deep look at the tall mansion, and rode away.

At this moment, what he didn't know was that a person was standing in a dark shadow on the high wall of the Shi family.

Looking at his back, his eyes were deep.

She wore black clothes like ink, her long hair leaped like flames, and her eyes were as deep as a clear spring.

It was almost the same moment Chen Feng left Baishi Town.

Tianlongcheng.

At this time, it was early morning.

Sky Dragon City had already woken up a long time ago, and countless pedestrians appeared in the streets and alleys of the city.

Countless traveling merchants were preparing to enter the city by the tall gate.

The servants of the big family have already gotten up early, and even the storefronts on the street have begun to remove the door panels and prepare to open.

At this time, there was a lively scene in Tianlong City.

However, this lively scene is limited to the Xiacheng District of Sky Dragon City.

Tianlong City is divided into three districts: upper, middle and lower.

The Xiacheng District refers to the large area below the foothills and above the plain.

This large city area is extremely large, accounting for almost 70% of the entire Tianlong City area.

Residents in Xiacheng are the civilians of Tianlong City, ordinary soldiers, merchants, and some ordinary warriors.

The Shangcheng District and Midtown District are all located on the hillside.

The difference is that the height of 50,000 meters is the dividing line.

Below the height of 50,000 meters is the Zhongcheng District, and above the height of 50,000 meters is the Upper District.

In the middle of the city, the officers at all levels in the army, the nobles of the God of War Palace, some powerful warriors, and some wealthy merchants lived.

These people live in Shangcheng too, but they are stronger and have a higher status.

At this time, Midtown and Shangcheng are still quiet!

The buildings here are very distinctive, and there are few tall buildings.

Most of them occupy a piece of ground by themselves and then build a garden.

There are various residences similar to castles, and the environment is quite elegant.

At this time, a mansion in Midtown.

This mansion is brown all over, built of granite, about five stories high.

There is also a garden about the size of an acre.

The garden is not big, with pavilions, and the design is rather delicate.

Such mansions can be seen everywhere in Midtown, and most of the middle and lower-level officers in the Tianlong Guard army live in such mansions.

At this time the owner of the mansion had risen.

In a hall on the second floor.

On the long table, some dishes have been placed, and servants have successively served various dishes.

The dishes are not only exquisite, but also very large.

At the top of the seat is a rough man. He is quite tall, about two meters full, with a full face and a majestic complexion.

His skin is very dark, giving people a rather cold and ferocious feeling.

And beside him, there was a middle-aged beautiful woman sitting.

The temperament is light and elegant, like the empty valley and orchid, which is quite close.

At this time, the two of them were talking in low voices.

These two are the owners of this mansion.

The middle-aged man was named Qi Junhao.

This middle-aged beautiful woman is named Su Manqing.

Suddenly, there was a screaming scream from outside at this time, Qi Junhao raised his brows and looked out the window.

Then, the next moment, there was a crackling sound, and the window was directly smashed.

Then, a figure resembling a long sword came to the front with a sigh.

Qi Junhao was furious and sternly shouted: "Where are the rats?"

Talking. It is to draw out the long sword at the waist.

But the long arrow-like figure shrieked and landed on the table.

When the two saw it, they were stunned.

original. This is actually a harrier more than one meter high, and the head of the harrier is white.

At this time, the white-headed harrier was standing on the table, looking left and right, not only did not have any fear of them, but tilted his head, looking very disdainful.

Then, suddenly his head tilted, and he took a large piece of meat from the plate on the table.

Then he swallowed directly, and showed both Qi Junhao and Su Manqing.

Qi Junhao was surprised and said, "Here, where did this flat-haired beast come from? What did it come from?"

The white-headed harrier seemed very unhappy when he heard him calling himself a flat-haired beast. He gave him a ferocious look, and was about to peck his hand.

Su Manqing was also puzzled.

[Chapter 3407: Feng Chen, how can you be worthy of me?](#)

Suddenly, she seemed to think of something, and suddenly there was a look of joy on her face.

Looking at Qi Junhao, he said, "Husband, if I guess it is right, it should be a letter from my sister's house!"

Then he waved to the white-headed harrier and said, "Come on, little guy."

It is strange to say that Qi Junhao's extremely vicious white-headed harrier is extremely gentle when facing Su Manqing.

Very cleverly, he pounced on her body, there were two cooing sounds in his throat, the beak opened, and a strand of her hair was picked up and started to comb her hair.

Su Manqing chuckled, Qi Junhao also watched a little curiously, but there was a trace of dislike between his eyebrows and a trace of reluctance.

He urged: "Hurry up, it's time for me on duty."

"Good."

Su Man gave him a green look and said: "Look at you in a hurry."

After that, she fumbled for a moment on the harrier's leg and then touched a golden bamboo tube.

When I saw the line written on the golden bamboo tube, I suddenly exclaimed: "Yes, it is indeed from them, Shijia, Baishi Town!"

"Shijia in Baishi Town? Is that the one you mentioned that your good sister married into?"

Qi Junhao frowned and said, "That's right."

Su Manqing nodded.

Qi Junhao's face suddenly showed a touch of disdain, obviously he looked down on Baishizhen.

Su Manqing was very excited, his face flushed a bit.

She pulled Qi Junhao and said loudly, "My sister has been missing for more than ten years."

"Since she disappeared, we have lost a lot of contact with the Shi family in Baishi Town. In fact, the relationship between our two families in the past was very good."

Qi Junhao snorted: "Maybe you think it's very close, I don't think so."

Su Manqing raised her eyebrows and stared at him and said, "What's the matter?"

Qi Junhao was obviously a little afraid of his wife, so he hurriedly said with a smile: "It's okay, it's okay."

"It's about the same."

Su Manqing said: "The relationship between our two families was very close before, and we had a lot of contacts."

"Later, even though my sisters like me disappeared, the Shijia family will receive gifts for all seasons and festivals all year round. The etiquette is extremely comprehensive."

"Now people must have encountered some major event before using the white-headed harrier to pass the book to us."

Qi Junhao said lightly: "If they have anything to help, then naturally they have to help."

When he said this, he had a slight sense of superiority, apparently thinking that the Shi family was asking for his own affairs.

Su Manqing shook his head, stopped talking, just took apart the golden bamboo tube and took out the letter paper inside.

Then it unfolded, and when I read it, I was taken aback.

Then, it was a joy.

Then, the joy became heavier and heavier, and in the end it was already on the brows.

"What is so happy?" Qi Junhao asked with a smile.

After all, it has been a long time since he saw his wife so happy.

Su Manqing raised her eyebrows with joy, clapped the letter paper in her hands, looked at Qi Junhao, and said excitedly: "Hey, you don't know, this time something big happened."

"What's the big deal?" Qi Junhao asked in surprise.

"Didn't the Beidou Sword Sect recruit disciples in many places throughout the God of War Palace this year?"

"That's right." Qi Junhao nodded and said.

Suddenly, he seemed to think of something in general, and asked in surprise, "Could it be that the Beidou Sword Sect actually went to Baishi Town to recruit disciples?"

"Yes!"

Su Manqing smiled and said: "Not only has we recruited disciples, but the three places in Baishi Town have all been taken by the Shi family."

"In other words, there are three Shi Family members who can enter the Beidou Sword Sect this year."

"That's not bad." Qi Junhao looked a little moved.

Suddenly, he thoughtfully said: "Then, they entered the Beidou Sword Sect this year, wouldn't they become the same door as our baby girl?"

"Our daughter, this year is also going to join the Beidou Sword School!"

When he said this, his face was quite proud.

Obviously, the Beidou Sword Sect, as the second-rate force in the entire Dragon Vein Continent, can be regarded as very famous and powerful in the God of War Palace.

He was very happy that his daughter was able to enter the Beidou Sword Sect.

"Yeah, otherwise, even if I am happy, I won't be so happy!"

Su Manqing smiled and said, "After the three of them enter the Beidou Sword Sect, they can take care of our daughter more."

"Maybe there will be something to help each other."

Qi Junhao nodded slowly.

"And this time, they found a piece of uncut jade."

Su Manqing smiled and said: "This time, in fact, above Baishi Town, there is another big family competing with the Shi family, and there is a very strong disciple in it!"

"The Shi family didn't have any chance, but they didn't expect that they would run into a young man named Feng Chen."

"This Feng Chen, who was born in the northern border and traveled the world, just came to Baishi Town to befriend them."

"So, they easily defeated their opponent's children, and scared the other people out of the competition."

"Easily got these three places."

Qi Junhao raised his eyebrows and said, "Is there anything else? Feng Chen is really good!"

"Of course."

Su Man said with joy: "This Feng Chen, he is not very old. It is said that he is only in his early twenties, but his strength is quite strong."

"The martial arts are very strong, the talent is outstanding, and the people are very tall and handsome, and they are talented!"

Seeing his expression, Qi Junhao's expression suddenly changed: "Surely you want to match him with our daughter?"

"If it works, why not?" Su Manqing smiled.

"But, he is a stranger with unknown origin, how can he be worthy of our daughter?"

"Even if our daughter wants to marry, she must at least marry the noble officers in the God of War Palace!"

Qi Junhao looked a little unhappy.

Su Manqing smiled and said: "Since he is so talented, he is also a talent. Among the Beidou Sword Sect, I am afraid it is easy to get ahead."

"If you're in the early days, won't you be worthy of our daughter?"

Qi Junhao was still a little unhappy.

Su Manqing persuaded him for a while before Qi Junhao said angrily: "Okay, it's just what you said for the time being."

"When that kid comes, I want to see what kind of virtue it is, how can it be worthy of our daughter?"

At this time, what the couple didn't know was that just as they were discussing this topic, outside the living room, a girl in a green dress was slowly walking over.

The girl in the green dress was quite tall, about 1.7 meters tall, with a graceful figure and beautiful appearance.

She had a very happy expression on her face, but when she walked outside the living room, the conversation inside spread out.

After hearing the content of the dialogue inside, she suddenly turned pale, revealing a touch of shame.

So he didn't go in, but leaned on the door and listened carefully.

The more she listened to the content, the colder her heart became, and her face became pale and pale, and no more blood!

At this point, the conversation in the living room has reached the end.

Su Manqing smiled and said, "Then Feng Chen should come earlier than the others, and I will meet him at that time."

"It just so happens that I also took Wenxia to let them see each other, maybe they can meet the eye!"

Qi Junhao snorted, noncommittal.

But at this moment, the graceful woman outside the door, their daughter Qi Wenxia, bit her lip and clutched her chest, with a strong reluctance in her eyes.

She turned around and left, whispering to herself: "Feng Chen, are you? How can you be worthy of this lady?"

[Chapter 3408: It really matters](#)

Baishi Town is not too far from Tianlong City.

At least, at Chen Feng's speed, he could arrive in about an hour.

But now, in order not to expose his goal, he rode this giant horned deer, and it took him nearly two days to arrive.

Chen Feng looked at the huge city in the distance and let out a long sigh.

This Heavenly Dragon City, when viewed from a distance, is already spectacular enough.

And when I got close, I felt the majesty of the city to the extreme.

Not far in front, is the city wall with a height of 10,000 meters, standing proudly like a black mountain.

And behind the city wall, there are countless tall buildings.

In the buildings of God of War, there are not so many fancy, the pursuit is tall and strong.

Behind the city, there are tall mountains rising from the ground.

Relying on the mountains of the God of War Mountain Range, countless buildings are stacked on top of each other, stretching to the end of the line of sight.

Sky Dragon City!

A smile appeared at the corner of Chen Feng's mouth:

"Here, I will fulfill my long-cherished wish and get rid of the demons."

"Here, I will get the Shaking White Sun Book! I will get my last bargaining chip to the Temple of Soul Destruction!"

Chen Feng was full of expectations for his trip to Sky Dragon City.

Moreover, he also feels quite interesting.

This time he showed up as Feng Chen again, and he couldn't show his strength, so he had a different feeling.

Chen Feng instigated the giant horned spirit deer under the crotch to gallop forward, and soon reached the gate.

The city gate here was not deserted, but formed a prosperous market.

There are various restaurants, inns, auction houses and so on.

And on a square next to the city gate, many people were waiting there, looking forward.

This was a place to wait for someone, and Chen Feng looked there too.

A wry smile appeared at the corner of his mouth.

It turned out that before Chen Feng was leaving, Shi Junbi wrote a special letter and sent it to Sky Dragon City.

Tell Chen Feng about when he will arrive, and ask them to entertain him.

And I told Chen Feng that once Chen Feng came here, he could just find someone and don't enter Sky Dragon City by himself.

He was really too enthusiastic, but Chen Feng couldn't get rid of her kindness, so he just agreed.

And looking there, Chen Feng raised his brows suddenly: "Oh, it's quite interesting."

Then, he looked up to the sky again.

Then, I saw that in the sky, there are countless black clouds floating by.

And if you look closely, you can see, where is the dark cloud?

It was actually a chariot!

It turns out that in this Heavenly Dragon City, apart from people coming and going and riding monsters, there are very few people riding in carts pulled by various monsters.

They are all riding in a floating car.

This kind of floating vehicle varies in size, the big one is as big as a battleship, and it is thousands or hundreds of meters long, and it passes across the sky like a cloud.

The small ones are only the size of a table.

The most common one is four or five meters long, two to three meters wide, and about two meters high.

It can accommodate three or four people either lying down or lying down!

This kind of thing, called a floating chariot, is a specialty of the God of War Palace.

Or to be more precise, it only exists in the twelve large cities of the God of War Palace.

The God of War Palace is not a simple sect, but more like a huge power, a powerful country.

Therefore, they are not too dependent on outsiders for everything.

For example, on the mainland, the best forging various weapons and magic weapons is of course the Association of Founders.

However, God of War Palace also has its own Association of Founders.

For this reason, there have been many conflicts with the Foundry Association, but in the end the Foundry Association still failed to obtain the God of War Palace, so it had to admit it.

The Foundry Association of God of War Palace took a different path from that of the Mainland Foundry Association.

To be more precise, they should be called the Association of Alchemists.

They prefer to make some weird things, for example, they made this floating tank.

They found a peculiar mine in the territory of God of War Mansion, which is rich in a floating gem.

This floating gem is ground up and the powder is cast into other metals to create a chariot that can float in the air.

According to the amount of floating gem powder added, the size of the tank and the height of the floating can be determined.

The more floating powder added, the larger the tank can support, and the higher the flying height above the sky.

But this kind of floating powder is extremely expensive, so ordinary civilians simply cannot afford to ride in a floating chariot.

Most of those who ride in a floating tank have some identity.

It's very simple to distinguish a person's power and status, just look at the size and luxury of his floating tank.

"The people waiting for me are probably there."

Chen Feng saw that before the city gate, most of the floating tanks there were not big.

And one of them is very conspicuous.

It is about twenty meters long, eight meters wide, and four to five meters high, making it a two-story pavilion.

It looks like a boat.

And above the second floor, there is a circle of vermilion railings, inlaid with precious metals of various colors.

At this moment, standing by the railing, a middle-aged beautiful woman was looking anxiously there.

And beside him stood a girl in a green dress.

The girl in the green dress looked a little impatient, and whispered: "Mother, why isn't that person coming?"

"We've been waiting for him for half an hour, this shelf is too big, let us wait here?"

"Who does he think he is?"

There is a deep dissatisfaction between her eyebrows.

These two people are naturally Su Manqing and Qi Wenxia.

Su Manqing glared at him, and said with some dissatisfaction: "Be more patient and don't leave a bad impression on others."

Qi Wen Xia pouted and dared not speak any more.

She is a well-educated woman, and she never dared to contradict her parents.

At this time, Chen Feng saw Su Manqing.

Su Manqing also brightened his eyes.

The moment Chen Feng saw Su Manqing, he didn't know what to do, suddenly a thought came to his mind: "She is the one waiting for me, it must be her."

Chen Feng instigated his hip mount to gallop towards here.

At the same time, he took a light breath, and suddenly there was a flow of power throughout his body.

As a result, a breath suddenly poured out from his body.

At this time, what Chen Feng released was the breath of the One-Star Wuwang, and he wanted to give others an impression.

That is, he is a warrior who has just entered the Martial King Realm.

Moreover, with Chen Feng's current strength, it is simply too easy to do this.

Soon, Chen Feng got under the floating tank, raised his head and clasped his fists and smiled: "But is it Aunt Su?"

[Chapter 3409: I gave my aunt a house](#)

"You are Feng Chen!" Su Manqing looked at Chen Feng and asked with a smile.

She was sure in her heart now, and she was amazed.

"Sure enough, there is no exaggeration in Shi Junbi's letter. Feng Chen is indeed a talent, with a high temperament."

Even Qi Wenxia, after seeing Chen Feng, his eyes lit up.

Chen Feng smiled and said, "Yes, it's under."

"Come up, come up!" Su Manqing said with a smile.

Chen Feng smiled slightly, and the giant horned deer in his hand jumped onto the floating chariot together.

Su Manqing pulled Chen Feng's sleeves and looked at him up and down, the corners of his eyes and eyebrows seemed to stretch out.

"This kid is really handsome!"

"Moreover, after I saw you, I felt a very close and comfortable feeling in my heart.

She looked at Chen Feng and said with some confusion.

Chen Feng laughed: "Look, I was so emotional after seeing Zhang.

Chen Feng did not lie, he did feel very close.

He was even more sure in his heart: "It seems that Su Manqing and my mother really have a relationship, otherwise, it would not give me such a close feeling."

The mother was missing, and Chen Feng was extremely concerned, always thinking about finding her mother's trace.

He saw a glimmer of hope from Su Manqing.

Qi Wenxia looked at Chen Feng carefully.

But after a while, she sighed slightly, her eyes a little disappointed.

Originally, she was extremely resistant to her mother's attempt to match herself with Feng Chen.

But after seeing Feng Chen, seeing him tall, handsome and talented, I couldn't help but feel a little moved.

But after seeing his strength now, he was very disappointed.

He sighed secretly in his heart: "It turned out to be just a mere one-star Martial King!"

"The children of the big sects that I associate with, and the princes of the major families, how can their strength be lower than the second-star Wuwang?"

"Like the Xu family brother, the strength has reached the peak of the three-star martial arts king. To crush this Feng Chen, isn't it as simple as rubbing an ant?"

Su Manqing smiled and said, "Ask Xia, come and meet your Feng Chen brother."

Qi Wenxia walked to Chen Feng and said two words in a low voice.

Neither Chen Feng nor Su Manqing heard what she was talking about.

Immediately, Su Manqing was very displeased and said, "What did you say? I didn't hear clearly, so I called my brother quickly! No courtesy at all!"

However, Chen Feng didn't care about it, and said with a smile: "Xu just met, because of the unfamiliarity, it will be fine to be familiar in the future."

Qi Wenxia didn't like Chen Feng in his heart, and he was particularly indifferent to him.

And Su Manqing, perhaps because he felt close to Chen Feng the first time he met, was extremely enthusiastic towards him, pulling him to talk long and short.

Soon, he led Chen Feng into the pavilion.

Inside the pavilion, the space is quite large, it looks like a hall, and there are two doors. It seems that there should be a bed behind it to rest.

This place is enough to hold a dozen people.

Then, Su Manqing ordered to go down, and immediately some of his servants took Chen Feng's giant horned deer to the lower level to raise it.

Then, the floating chariot swayed slightly, and it rose into the air, and entered the city gate in a hurry.

Chen Feng observed that the maximum floating height of this floating tank was about 100 meters.

Entering the city, Chen Feng suddenly felt a sense of openness in front of him. There was an extremely huge space in front of him, an extremely lively city.

There are tall pavilions everywhere, row upon row, street shops lined up, and pedestrians on the street. Extremely prosperous.

On this street, there are few people walking on the road, but a lot of floating vehicles flying in the air.

At a glance, tens of millions.

But it's not chaotic. The smaller ones fly closer to the ground, and the larger ones fly higher.

Each type of floating tank seems to have its own exclusive course and flying height, and there will be no collisions with each other!

Su Manqing took Chen Feng's hand and sat down, and ordered his servants to serve various dishes.

Then asked Chen Feng carefully.

She seemed extremely interested in Chen Feng's past.

So Chen Feng repeated the words he had fabricated before.

It was just that when he said it, he was quite ashamed. He felt that he had deceived Su Manqing, and he shouldn't.

So where Chen Feng could vague the past, it was vague.

After listening to Chen Feng's words, Su Manqing became more fond of it.

She was born as a son and daughter of a river and lake, not in this Heavenly Dragon City. It was a coincidence to marry Qi Junhao.

Therefore, I can't understand the virtues of those who are nestled in the Sky Dragon City. Deep down, she admires Chen Feng who travels all over the world, reads thousands of books, and travels thousands of miles.

And Qi Wenxia was indeed a little bored by the side.

When Chen Feng and Su Manqing talked, she couldn't get in either.

The floating tank moved all the way forward, and soon passed through this civilian city and came to the Midtown.

And all the way up from Midtown.

At this time, suddenly Qi Wenxia pointed to a cliff in the distance and said, "Ah, Mother, look there, is this Yingyang Castle completed?"

Following his vision, Chen Feng saw that there was a huge cliff in the distance.

The overall shape of this cliff is like an eagle spreading its wings.

There are quite a lot of cliffs like this in Shangcheng and Midtown. They are quite distinctive and have good scenery.

But most of them are occupied by some big forces.

And this mountain cliff, the scenery is quite good, is actually a steeper mountain.

There are flowers and trees all over, with waterfalls and springs.

There are white castles all over the place.

It is very beautiful, and it looks quite exotic, not a traditional palace.

"Yeah, that was the completion of Yingyang Castle. It is estimated that it will be sold at auction in a few days."

She tutted and said, "I don't know who can afford it."

She looked at the white young castle in the distance, looking forward to it.

Chen Feng smiled slightly and glanced across.

This Yingyang Castle has a height of about kilometers, and a radius of thousands of meters.

The whole body is made of large white stones, shining with shining light. This white stone is said to contain spiritual power. Therefore, if people live in the building, their strength will naturally grow.

This is true even during sleep.

It can be seen from this material that the castle is of high level and luxuriously built.

Each castle has a different shape, some resemble a swan, some resemble a crane, and some resemble beasts.

Extremely luxurious.

There is also a huge garden surrounding each castle.

This cliff is located at a height of about 60,000 meters, at the junction of the middle area and the upper city.

Such a mansion is not that rare in Shangcheng District, it can even be said to be very general, but for families like Su Manqing and Qi Wenxia who can only live in the Zhongcheng District, for a tenth-level Captain Yun , But it is still elusive.

It can even be said that it can only appear in a dream!

A castle like this is not something you can get by just having money, it must be at least above the middle level in Sky Dragon City!

Chen Feng estimated that among the thirty-first general ranks, at least sixteen must be reached.

Chen Feng smiled slightly and looked at Su Manqing and said, "Aunt Su, if you like, wait for me to send you a set of Yingyang Castle."

[Chapter 3410: Are you serious?](#)

Su Manqing was taken aback when he heard this, then he couldn't help but laugh, clicked and said:

"You kid, be careful I take it."

"You just came here and don't know how high the sky is, but do you know what kind of people live in Yingyang Castle?"

She just regarded this as an ignorant joke of Chen Feng, a child.

After hearing this, Qi Wenxia on one side frowned, glanced at Chen Feng, and a faint look of contempt flashed in his eyes.

She secretly said in her heart: "I didn't expect that this Feng Chen, not only has low strength and little insight, but also likes to speak big words."

"How can such a person be worthy of me?"

Obviously, in her opinion, Chen Feng is extremely ignorant, she doesn't know what that Yingyang castle means, and she doesn't even know how difficult it is to get one.

It's right here to speak wildly and speak wildly!

She has a very bad impression of Chen Feng now.

When Chen Feng saw that neither of them believed, he couldn't help feeling a little helpless.

He clearly said the truth.

He didn't need to go to Pu Xingzhou, as long as he found Lan Zihan, let alone an Yingyang Castle, he would get half of the Yingyang Castle in his hands, and there was no problem.

Presumably Lan Zihan is very willing to do this favor!

Seeing that they didn't believe it, Chen Feng was helpless, shook his head, and said nothing more.

Just secretly said in his heart: "Su Manqing took good care of me, and when I saw her, I felt close to him. Then this mansion will still be given to him."

Seeing his expression like this, Qi Wenxia felt disgusted in his heart, but it didn't show it out of self-cultivation, but moved to the side without showing a trace, a little farther away from Chen Feng.

Soon, came to Qi Junhao's residence.

Su Manqing smiled and said: "Feng Chen, come in quickly, your Uncle Qi is already waiting there."

"Knowing that you are coming today, he deliberately paid off early."

The floating chariot landed slowly, and Chen Feng and the three came to the courtyard.

At this time, in the hall, the door opened, but no one stood there to greet him.

Obviously, Qi Junhao thinks that Chen Feng is not worth his going out to welcome him.

Chen Feng didn't care.

The three of them walked into the hall, and then Chen Feng saw that above the main seat, a tall and mighty man was sitting there.

Holding a tea cup in his hand, sipping the tea gently.

Chen Feng smiled slightly, stepped forward and said with a fist, "I have seen Uncle Qi."

Qi Junhao nodded slowly, put the tea cup down, did not speak, just gave a hmm.

Chen Feng couldn't help being amused when he saw this scene. Qi Junhao is still taking a stand with himself here?

Even the general of Tianlongcheng regarded himself as a guest. If he came here as Chen Feng, he would not even have the right to speak to himself, so he could only stand far away.

Qi Junhao looked at Chen Feng up and down, also quite satisfied, then patted the seat next to him and said, "Sit down!"

He deliberately made a very dignified look in order to shock Chen Feng.

Chen Feng didn't click it either.

With his state of mind at this time, where would he put this class of people in his eyes?

Everyone is seated.

Then Qi Junhao said: "Feng Chen, I don't know where you were from before?"

Chen Feng said with a smile: "There is no school, but when I was young, I had some adventures."

"I got a treasure left by an ancient stranger. Among them are this sword technique and a technique. I have only cultivated this point until now."

"That's it."

Qi Junhao nodded slowly, looking at Chen Feng's eyes, there was a hint of eagerness missing.

It turned out that anyone who did not have a master's inheritance and practiced on their own, unless they obtained a very high level of martial arts and techniques, which were old-fashioned, otherwise there is generally no comparison between them, so the cultivation level is not comparable to those disciples of the famous sect.

As soon as he heard that Chen Feng had no mentor before, he immediately looked down on it.

Qi Junhao asked in a deep voice: "I heard that when the Beidou Sword Sect was selecting disciples in Baishi Town, you defeated a master with the strength of the two-star Wuwang, didn't you?"

Chen Feng nodded: "That's right! But..."

He smiled and said, "It's a fluke."

"Oh, that's the case, it turned out to be a fluke!" Qi Junhao nodded slowly, and there was a hint of indifference in his eyes looking at Chen Feng.

There is no more enthusiasm just now, and I don't even bother to pretend to be polite.

He secretly said in his heart: "It's just the strength of King Wu of the first star. It seems that he didn't lie, defeating that person, he is indeed a fluke!"

Chen Feng was stunned for a moment, gave a wry smile, and said in his heart: "I'm just being humble, you take it seriously."

Chen Feng's strength, defeating a mere Bai Shaohui, still need a fluke?

It's just a matter of reaching out!

Qi Junhao shook his head and sighed. Looking at Chen Feng, his voice said indifferently: "You have traveled to Baishi Town, which coincides with the meeting, so luck is really good."

Chen Feng was stunned: "What do you mean?"

Qi Junhao said: "The Beidou Sword Sect recruited disciples this time. The scale is very large, and it is also recruited in Sky Dragon City."

"In many other large cities, villages and towns, they have also recruited. You are lucky to get to Baishi Town, a place where the strength is generally low."

"If you go to other places, let alone Sky Dragon City, even if it is a slightly larger city, hehe..."

He tweeted and was not talking, but the meaning in the words was already obvious.

If Chen Feng was not in Baishi Town, but somewhere else, it would be absolutely impossible to enter the Beidou Sword Sect!

"Yes!"

At this moment, Qi Wenxia interrupted and said:

"This time, the children of the big city giants who entered the Beidou Sword Sect with me are basically above the second-star Wuwang."

"Some, they have reached the Samsung Wuwang."

After that, he looked at Chen Feng with raised brows, his eyes full of provocation.

Qi Junhao smiled and glanced at him dozingly, and then when he looked at Chen Feng, his gaze became a little cold, and said:

"Feng Chen, this Tianlong City is very big, not smaller than your original place."

"The Beidou Sword School is also a famous school with many masters in it."

"After entering, you still have to ask others for advice."

Chen Feng responded lightly. How could he not see Qi Junhao's indifference?

Seeing that the atmosphere was a little stiff, Su Manqing quickly glared at her husband in anguish, then looked at Chen Feng and said, "Feng Chen, you came here this way, haven't you eaten yet?"

"Why don't you just eat here and stay here tonight?"

Chen Feng smiled and said: "Auntie, this is not necessary. I am coming to Sky Dragon City this time, and there are still some things to deal with."

"Besides, in the next few days, you may have to stay in Xiacheng."

"If you live here, it would be a little inconvenient."
