

Peerless 341

[Chapter 341: You are definitely not my opponent!](#)

The air in front of him turned red, like a fire burning cloud. Then the burning cloud flew towards Chen Feng quickly.

Someone from below exclaimed: "The palm of the strong sun, the unique knowledge of Ziyang sword field, the seventh grade of yellow! The wind formed by the palm of the strong sun can reach thousands of degrees in temperature. Once it is hit by this extremely hot wind, it will immediately be burned to fly ash, and the flesh will be burnt to the bone!"

"It's over, this time Chen Feng will definitely be burned without any bones, only a piece of ashes."

Someone sneered and said, "Who told it to seek its own way, and angered the swallow to return?"

With a sneer at the corner of Yanzigui's mouth, he looked at Chen Feng and said lightly: "My palm is the third building in the Divine Sect Realm. Can you resist it?"

When Chen Feng saw this palm, even his heart was shocked.

He could see that Yan Zigui still hadn't tried his best, obviously he didn't put himself in his eyes at all.

According to the information obtained from Yan Qinglan, Chen Feng knew that if Yan Zigui went all out, he should be able to reach the peak strength of the third building.

Although Chen Feng only had the early stage of the second building, he was powerful and could leapfrog to challenge the early or even mid-term strong people of the third building. He was not his opponent!

But the peak of the third building is another matter.

A cold light flashed in Chen Feng's eyes: "Since you have always looked down on me and have been reluctant to use your full strength, that's right, given me this opportunity, I will catch you by surprise when you are not doing your best."

With a cold drink, the Ziyue Sword suddenly unsheathed, and with a long roar, there was a faint thunder in the sky. Chen Feng leaped high, slicing nine consecutive knives, the first move of Thunder Tyrant's sword, Kuang Lei Slash was launched!

Kuang Lei Zhan was cut out with nine consecutive swords, extremely tyrannical. Although Chen Feng only had the strength of the second building in the Divine Sect Realm, the power of this sword was by no means inferior to the palm of the Swallow's Return!

Nine knives smashed out, directly smashing the Swallow's Palm of the Sun, and the two sides stepped back a few steps, and they were evenly divided.

Yan Zigui looked at Chen Feng with a trace of solemnity for the first time.

The rest of the Yan family couldn't believe it even more: "How is it possible? Chen Feng is so tyrannical that he has resolved the offensive of Yanzigui? And it seems that the two are on par?"

Yan Beixing stood up directly from his chair, dumbfounded, and cried out: "How is it possible? How could this waste be Zigui's opponent?"

And Yan Dongxing showed a meaningful smile at the corner of his mouth.

The sound of exclamation around made Yan Zigui a little embarrassed and unable to get off the stage. He looked at Chen Feng and said in a cold voice: "I admit, I did underestimate it before. I didn't expect you to have some strength, but then again. How? No matter what? You are definitely not my opponent!"

The expression on his face became cruel: "The stronger you are, the greater the pleasure when I kill you." *novelusb.com*

Chen Feng snorted coldly: "You are too much nonsense!"

With a loud shout, the figure leaped forward like electricity, and cut out with nine volleys.

A scornful smile appeared at the corner of Yanzigui's mouth, and he coldly snorted: "Your sword, but so, it was used just now, and it still has some effect. Now that the same trick is repeated, do you think it can be useful?"

As he said, he suddenly took a deep breath, and the whole person's temperament suddenly became taller, his aura rose steadily, and in an instant he ascended to the peak of the third building in the Divine Gate Realm.

At this moment, Chen Feng felt tremendous pressure, as if he was not facing a person, but a mountain!

The peak of the third building, really tyrannical!

A golden flash suddenly flashed across Yanzigui's face, and there seemed to be golden ripples flashing all over his body. Then, all this gold was condensed on his right hand.

The index finger and thumb of his right hand turned into a piece of pure gold in an instant, and then the two hands came together and popped out one after another, and in a flash, a full seven finger winds popped out!

Every finger wind is extremely fierce, and in this wind, there are vaguely countless golden powder undulating, like stars in the sky, with magnificence in the tyrannical.

Yan Beixing laughed triumphantly: "Haha, this is Ziyang Sword Field's unique skill. Point the star. I have seen Zigui use it. He used this star to penetrate a full half-foot thick steel plate."

Qidao Zhifeng and Chen Feng's nine swords slammed into each other.

This star point is worthy of Ziyang sword field's unique knowledge, and it is extremely powerful. The first three finger winds smashed Chen Feng's nine swords to pieces, offsetting Chen Feng's attack, and the remaining four finger winds were directed at Chen Feng. He shot it hard.

A cruel smile appeared on Yanzigui's face, as if he had seen Chen Feng shot through by the wind.

He knows how tyrannical a star is.

In his expectation, Chen Feng would absolutely not be able to respond, and he would definitely want to avoid it, but with a slight movement of his right hand, he had prepared a killer move. As long as Chen Feng avoided it, he would immediately launch the killer move.

At that time, Chen Feng is inevitable, and can only be hard-wired, and the hard-wired end will be death!

However, Chen Feng didn't evade the things he hadn't thought of, but instead rushed towards him directly!

Chen Feng's face was full of unrelenting determination and courage.

At that moment, he had already made a judgment. If he wanted to evade, he could only fall into the calculations of Yanzigui. From then on, he became passive, and eventually he would fall into the wind!

So he just rushed over without evading it!

Of course, Chen Feng wasn't going to die, he was absolutely sure.

[Chapter 342: Wuhun: Ironclaw Eagle!](#)

A finger of wind was right in front of him, only a few inches away from Chen Feng, and Chen Feng was about to pierce his stomach. But at this moment, Chen Feng's whole figure suddenly twisted, and he moved vaguely under his feet, and when he made a wrong step, he dodges the finger wind directly.

The second finger wind attacked, and Chen Feng barely dodged here with the misty steps, but two consecutive high-intensity misty steps were extremely expensive, and he did not completely get out of the way. This finger wind blew her left arm out. A deep bloodstain.

There was another pointing wind in front of him, and this time, Chen Feng had no time to escape, but a silvery white character appeared on his body.

The first stage of the Golden Body Jue has been launched! This finger wind hit Chen Feng fiercely, and in Yan Zigui's estimation, this blow could at least penetrate Chen Feng.

However, Chen Feng's body surface shone with a silvery white color, and this one only shot a small blood pit on Chen Feng's body surface. Blood splattered, but Chen Feng was not seriously injured.

The fourth finger wind blasted over, and Chen Feng let go, and the left shoulder pipa bone was directly penetrated.

Chen Feng was also astonished. He is now the most important achievement of the Golden Body Art. Even a sharp sword slashed his body, leaving only a shallow white mark.

Originally, according to his estimation, he could make a decision with a golden body and directly top at least ten points of the wind, but he did not expect that the point of the star is so domineering. After only two finger winds, he was already slightly injured.

However, Chen Feng has also managed to get to Yan Zigui by holding some star fingers. He sternly shouted: "Swallow, you take my cut!"

With that, the volley jumped up and slashed fiercely.

This time, Ziyue Dao only awarded three knives, which was the second move of Thunder Ba Dao, which was already a small lightning strike in the realm.

At this moment, Yan Zigui just reacted.

The long knife had hit me on the head, and Yan Beixing missed his son and let out a stern shout: "Go!"

A sneer appeared at the corner of Yanzigui's mouth: "Do you think this can help me?"

He used his star finger again, this time not only with his right hand, but with both hands connecting points, instantly emitting more than ten finger winds.

His face was pale and obviously consumed a lot, but this star finger also resisted Chen Feng's three-blade tyrant lightning strike.

Yanzigui smiled triumphantly at the corner of his mouth, thinking: "Block your offensive, and then it's my turn to fight back!"

But at this time, the smile on his face solidified. Because he suddenly discovered that his body was like an electric current, so numb, he couldn't move for a while, let alone launch an attack.

It is the paralysis effect of Chen Feng's Tyrant Lightning Strike!

Chen Feng laughed: "Are you unable to move now? Why don't you attack?"

He gritted his teeth and shouted, "Since you don't attack, it's my turn!"

Speaking of slicing out with a single knife, this knife is not fancy, it is with extremely powerful strength and domineering, it is almost cut the swallow into two with a single knife!

Yanzi returned with a stunned expression, but he was not flustered. Suddenly a green light flashed on his body, and a green mask was formed out of thin air.

Chen Feng slashed on it, and the green mask shattered directly. However, this also gave Yan Zigui a moment of time. In this moment, the numbing effect on his body had disappeared.

He rolled on the spot and got out more than two feet away, avoiding Chen Feng's attack.

Seeing this scene, everyone in the Yan family screamed in disbelief: "Chen Feng is so tyrannical, he can actually force Yanzi to be so embarrassed."

Yan Zigui stood up, and a deep resentment flashed in his eyes. Chen Feng had made him show such a ugly ugly, he was already hated in his heart.

He sneered and said: "Chen Feng, you must be very proud now, you can force me to make such a big ugly, but don't worry, you won't be proud for long, you are definitely not my opponent!"

As he said, six consecutive yellow lights flickered behind him, and a huge iron-clawed eagle's spirit appeared.

This iron-clawed eagle is more than three feet long and has a wingspan of more than four feet.

The phantom of the iron claw eagle undulates after the swallow returns, with a trace of mystery.

Seeing the phantom of the iron-clawed eagle, everyone in the Yan family showed excitement on their faces: "Swallow Gui is finally going to do his best. He has activated his iron-clawed eagle spirit!"

"Ironclaw Eagle is Huang Ji's sixth-grade martial arts spirit, very tyrannical. Yanzi Gui used the martial arts spirit, and that waste is definitely not his opponent."

"Guess how high the martial spirit of this waste is, anyway, it will definitely not exceed the third yellow rank."

And with the emergence of Wuhun, Yanzigui's strength rose steadily, and in a blink of an eye, he had reached the fourth floor of the Divine Sect Realm.

This shocked everyone even more. They only knew that Yanzi returned to the third floor of the Divine Sect Realm, but they didn't expect that he even concealed his strength, and he had already reached the fourth floor.

Yan Nanxing chuckled to Yan Beixing, "Fourth brother, we are so miserable that we are hiding from my nephew."

Yan Beixing smiled slightly and said, "Zigui broke through the fourth building, even I don't know. He wanted to come here to surprise everyone."

He was a little worried just now, but at this time, this worry has disappeared without a trace.

Indeed, Chen Feng's toughness is beyond everyone's expectations, but no matter how powerful it is, it is impossible to be the opponent of the fourth floor powerhouse.

Chen Feng took a deep breath, his eyes full of unbearable solemnity.

[Chapter 343: Cut wildly, die!](#)

Yanzigui is his unprecedented powerful enemy, the strength of the fourth floor of the Gods Realm! He had been concealing something before, even though he was just entering the fourth floor of the Divine Sect Realm, the difference in strength between the two major buildings is extremely difficult to make up!

Chen Feng knew that if he didn't have that thing, he was afraid that he had to use all his hole cards to transform him with dragon blood, and he might not be able to defeat him.

But with that thing it was different. Thinking of this, Chen Feng's mouth showed a smile.

Yan Zigui let out a stern shout and rushed towards Chen Feng.

Behind him, the iron-clawed eagle martial spirit, its wings suddenly agitated, and a ray of light flickered on the wings, and this light then enveloped Yan Zigui.

The Swallow's return speed was already extremely fast, but now it has been blessed by the Iron Claw Eagle Martial Spirit, and it is even faster and incomparable!

His speed at this time was even faster than Chen Feng's misty steps. He was extremely swift. It was almost a blink of an eye that he killed him in front of Chen Feng. The index finger of his right hand popped out one after another, and several pointing winds approached Chen Feng.

At this time, Chen Feng had to stand up the Purple Moon Knife, and with a bang, the Purple Moon Knife blocked a finger wind, but was also beaten to the side by the huge force. The other fingers were strong and hit Chen Feng!

A silver light flashed on Chen Feng's body, and then it dimmed. This represented the first level of Chen Feng's Golden Body Art. It is temporarily unavailable, and it needs to be recuperated in the future to recover.*NOVELUSB.COM*

Three consecutive fingers hit Chen Feng, directly punching three blood holes on the surface of Chen Feng's body, blood splattered out, Chen Feng was already seriously injured in an instant!

After the appearance of the Ironclaw Eagle Martial Spirit, the speed of Swallow Return increased by at least 30%, and the power of Pointing Star Finger increased by at least 30%!

The two major characteristics of the Ironclaw Eagle Spirit are acceleration, and the other is extremely sharp: armor-piercing.

Because the iron-clawed eagle, the two most powerful weapons, are two wings and sharp claws. The wings are very powerful, which not only brings extremely fast speed to the iron claw eagle, but also can easily smash the head of the monster beast. The sharp claws are extremely sharp and can penetrate gold and stone.

Chen Feng felt a lot of pressure. Yan Zigui was one of the most powerful opponents he had encountered so far, and even gave him the feeling that Zhang De gave him.

That is too tyrannical to be defeated!

But Chen Feng's current strength is after all not comparable at the beginning, not to mention that he has an extra magic weapon here.

Yanzigui beat Chen Feng to the left and the right, only to parry, without the power to fight back, very embarrassed.

Within a short period of time, he had been wounded in many places and his body was dripping with blood, and he looked terrible.

The thunderous cheers from below, one after another, the people of the Yan family applauded one after another. There were cruel and happy smiles on their faces, and they seemed to be able to see that Chen Feng would die in front of them in the next moment.

Yan Zigui once again used the speed blessing of the iron claw eagle martial arts to attack Chen Feng, and pointed the star to his throat fiercely.

And it seemed that Chen Feng could no longer escape this time, and Yan Zigui's face was happy.

His finger was enough to cut off Chen Feng's neck! In that case, Chen Feng would not survive.

But when Zhifeng approached Chen Feng, Chen Feng suddenly flashed a white light on his body, and a mask appeared, which directly offset the Zhifeng!

Swallow's face changed drastically.

At this time, Chen Feng had this opportunity to buffer, and he screamed: "You have beaten me so many times, now it's time for you to taste this!"

Thunder Tyrant's second move is violent lightning strikes, three swords in a row!

Yanzigui could only parry, backing back one after another, and the star-pointing fingers repeatedly used to offset Chen Feng's three swords, and he was even more careful not to let the current hit him.

He looked at Chen Feng with a hint of sarcasm on his face: "I was caught by your trick by surprise just now. Now that you are prepared, do you think you can still succeed?"

Sure enough, Yan Zigui did not feel numb after Chen Feng's three swords, he was extremely proud.

But at this moment, Chen Feng's eyes suddenly flashed sharply: "Do you think this is over?"

At this moment, the light behind Chen Feng mastered, the red light flashed one after another, and the Wuhun Xiang Liu suddenly appeared. Two heads and willows, two human heads and four eyes suddenly opened together.

Then, the head of the man on the left let out a soft groan, and a red light came out of his eyes and hit the Yanzigui directly.

The familiar, paralyzed, and unable to move, suddenly struck Yan Zigui's heart!

He was stiff, standing still, unable to move.

It turns out that this is Chen Feng's ultimate move!

Chen Feng laughed wildly and said, "Swallow is home, I think what can you do now?"

With that said, he cut out with an extremely violent and domineering knife, and the swallow returned to his body with a flash of green light, and the second body protection magic weapon was directly smashed.

At this time, there was no more treasure on him.

Chen Feng followed with a second knife, slashing fiercely on his left shoulder. Once he touched Yanzigui, he felt an extremely difficult feeling, as if he was cutting on a piece of pig iron.

Obviously, Swallow has a very powerful body-building method for cultivation, and the physical strength is very high!

If this is not the case, Chen Feng's knife can cut him in two!

Even so, he cut an extremely huge wound on the surface of his body, and even the internal organs could be seen.

[Chapter 344: Chen Feng, big win!](#)

Yanzi went back and was seriously injured and fainted!

Chen Feng was waiting to make up for another knife. Suddenly, a figure on the viewing platform rushed over. As soon as he reached out, he shook the long knife in Chen Feng's hand. Chen Feng couldn't help being shocked: "This person is extremely powerful and I am far from an opponent."

Looking up, I was even more surprised. It turned out that this person turned out to be Yan Dongxing.

He was still dying on the chair just now, and he seemed to be dying at any time, but now he is very powerful and powerful. How can he mean to die?

Seeing this scene, all members of the Yan family exclaimed.

This series of incidents, lightning and flint, made them too late to react.

In the end, Yan Dongxing suddenly entered the martial arts stage and blocked Chen Feng. This scene even shocked them even more than Chen Feng defeated Yanzigui!

A whisper suddenly sounded below.

"Didn't they all say that the Patriarch is seriously ill? Looks like this, doesn't it mean that he is seriously ill?"

"Maybe the Patriarch's illness has long since healed, but he is just pretending to be sick. I think it is necessary to see the true colors of some people!"

"You mean? Yan Beihang?"

"Haha, you guessed it yourself, I didn't say it."

Yan Beixing screamed first because he saw that Yan Zigui was severely injured by Chen Feng with a slash, and then he trembled again, because he saw that Yan Dongxing was safe and sound, still powerful.

He suddenly realized that if Yan Dongxing pretended to be sick, he might be targeting himself.

Thinking of his son being seriously injured, his support in the clan is gone, but Yan Dongxing still has the same strength. Thinking of Yan Dongxing's cruel methods of revenge, his heart trembled and he almost couldn't stand firmly.

Yan Dongxing looked at Chen Feng and said lightly: "Swallow Gui is the best genius in this generation after all, you can't kill him."

Chen Feng nodded, without saying a word of nonsense.

He doesn't like to do meaningless things. Now that the strength gap between the two sides is too large, there is nothing he can do about it.

With a casual kick, Yan Dongxing kicked Yanzigui out. Swallow Gui just landed on the viewing platform, in front of Yan Beixing.

Yan Dongxing glanced at Yan Beixing lightly, and said, "Fourth old man, take your precious son down for treatment."

Yan Beixing quickly nodded his head in fear, then returned with the seriously injured Yanzi and left quickly.

Yan Dongxing faced everyone and shouted: "The final winner of this family match, Chen Feng!"

His voice resounded throughout the Yan family, and everyone could hear it clearly.

Everyone in the Yan family looked at Chen Feng with extremely complicated eyes. Who would have thought that the final winner of the family competition was an outsider? However, Yanzigui, who was highly respected by everyone, was defeated by him, even almost killed!

No one spoke, and the entire Yan family was silent, but Yan Dongxing didn't care, and said lightly: "According to the previous decision of the family elders, the family winner this time is the future heir to the patriarch, and can get the Yan family. The Treasure Panlong Seal!"

With that said, Yan Dongxing took out a jade box from the mustard bag, then handed it to Chen Feng, smiling and said: "In this jade box, the seal of the dragon is loaded."

Then he took out another jade plaque, handed it to Chen Feng, and said, "This is a jade plaque that symbolizes the heir of the Patriarch."

If Yan Dongxing were not in this tyrannical state at this time, with such a healthy body, then, even if Chen Feng won the Yanzi return, if Yan Dongxing dared to do so, there would definitely be a lot of people opposed.

But now, Yan Dongxing's strength is not inferior to the peak period, and his previous behavior of pretending to be sick has made many people doubt and fear.

Those in the family elders' association who secretly voted for Yan Beixing these days are all more frightened, so no one dares to stop him.

Chen Feng took the jade box, but did not take the jade medal. He said lightly: "The jade box is filled with the ben dragon seal. I took this, because this is what the master told me to take. And this jade medal represents The position of the heir to the Yan family's Patriarch..."

Facing the Yan family and everyone, he slowly spit out a few words: "The position of your Yan family Patriarch is too dirty, I disdain to sit!"

He looked up to the sky and laughed wildly: "I'm here this time to ask for justice to Master! To get back what should belong to Master! As for the position of Patriarch of your Yan family, who is rare?"

Everyone was silent, looking at Chen Feng, they were mixed with resentment and jealousy. They regarded the Yan Family Patriarch as a precious treasure, sitting in Chen Feng's eyes and turned out to be worthless.

After Chen Feng finished speaking, he wanted to turn around and step down.

At this time, suddenly a hand was placed on his shoulder, it was Yan Dongxing.

Yan Dongxing didn't seem to exert any strength, but his hand was as heavy as a mountain, and Chen Feng almost knelt down, unable to move.

Chen Feng was shocked, how high is Yan Dongxing's strength, so that he has no resistance?

Yan Dongxing's voice came, faint, but full of an irresistible taste: "Since you have come to win the family competition, you have to take the jade medal of the heir of the family, have you heard?"

Chen Feng turned around and saw that Yan Dongxing's face was not irritated at all, but rather full of meaning.

Chen Feng's heart moved and took the jade card.

A satisfied smile appeared at the corner of Yan Dongxing's mouth, and he nodded slowly: "That's right."

Chen Feng didn't say much. He took the beon dragon seal and the jade plaque and went to the observatory, placing these two things in front of the master's spiritual position.

[Chapter 345: Prominent Daning City](#)

Then he knocked his head a few times, then let out a vented roar, and yelled: "Master, have you seen it? What should belong to you, the disciple took it back for you!"

The corner of Yan Qinglan's mouth was slightly drawn with a smile.

This time, the much-anticipated Yan Family Competition in Daning City officially ended. What was beyond everyone's expectations was that Chen Feng won the championship of the family competition and was designated by Yan Dongxing as the next heir to the Yan family.

The news spread all over Daning City instantly like wings.

Everyone was shocked, but at this time, Chen Feng ignored this, he had already returned to his own courtyard.

As soon as she returned to the small courtyard, Hua Ruyan jumped up excitedly, looking at Chen Feng, her eyes were full of admiration: "My son, you are really amazing, this time you beat the Yan family fiercely. Everyone's faces!"

"They all looked down on you at first, but you didn't see what they looked like when we left? Haha, they are like roosters that have been defeated in a fight, one by one, dejected. Haha, it's too much hatred."

Before the words fell, a voice suddenly sounded outside the yard: "Little girl, you have knocked everyone in the Yan family over."

Then Yan Qinglan pushed the door and walked in, looking at him with a smile. *novelUSb.com*

Hua Ruyan stuck out her tongue playfully, bowed to Yan Qinglan, and then entered the house.

She knew that Chen Feng and Yan Qinglan might have something to say, so she would naturally avoid it.

When Chen Feng saw Yan Qinglan, he was sincerely grateful and said, "I really thank you this time. Without you, I would never win."

Chen Feng was able to win this time, in fact, thanks to Yan Qinglan.

The strength of Chen Feng and Yan Zigui is actually between the two. Chen Feng wants to defeat Yan Zigui and almost has to use his cards, but this is obviously not what he wants, and he is not very sure.

Before that, Yan Qinglan gave him a talisman. This jade amulet can withstand a strong attack. With this thing, Chen Feng can arrange it calmly and defeat the swallow in one fell swoop.

Yan Qinglan glanced at him with some approval in her eyes, and said: "Actually, I didn't expect you to beat him. I originally thought that Yanzigui's strength was only the third peak of the building. When he showed his martial spirit, he broke through. When I got to the fourth building, I actually had no hope, but I didn't expect your kid to hide a lot."

Chen Feng smiled and did not answer.

Yan Qinglan's expression suddenly became solemn, and said, "Chen Feng, I am here to find you this time to tell you that what you have to do now is to leave Yan's house and leave Daning City."

Chen Feng frowned: "Why?"

"You may not know that the forces in the Yan family are also complicated. Originally, Yan Dong's actions can suppress everyone."

"However, during his illness, everyone believed that the next Patriarch would definitely be Yan Zigui, and Yan Zigui and his father Yan Beixing also began to woo the family elders."

"Now more than half of the elders in the Presbyterian Church have been attracted by them! Originally, the Yanbei travel party thought that this clan contest was the day when they completely mastered the family power."

"I even heard that they are planning to kill Yan Dongxing, who is already in bed, after Yanzigui has won the top spot in the family, and let Yanzigui be the head of the family."

"However, no one expected that you would defeat Yanzigui. What is even more unexpected is that Yan Dongxing was pretending to be sick, and he suddenly recovered his strength! Yan Beixing and others naturally Don't dare to act rashly, even they are very afraid of Yandong going to settle accounts after the autumn."

"Now they have only one choice, do you know what it is?"

Chen Feng took a deep breath and said lightly: "Kill me!"

"Yes, just kill you!" Yan Qinglan's voice was as cold as ice: "As long as you kill you, Yanzigui will still be the heir of the family head that no one in the entire Yan family can shake, because Yandonghang has no heirs! But only Yanzi. As Gui became the heir, it would be impossible for Yan Dongxing to return to Yanzi. Naturally, it is even more impossible to kill Yan Zigui's father, Yan Beixing!"

"So, killing you is their only chance to survive!"

"I am among them and arranged my eyeliner. When I came here just now, Yan Zigui had already woke up and was discussing with the core figure of them ***** you."

Chen Feng twisted his brows and said, "Does Yan Dongxing leave it alone?"

"Yan Dongxing, how could he manage?" Yan Qinglan showed a mocking smile: "You are just a tool he uses to deal with Yan Beixing and others. Now the family competition is over, Yan Beixing He Yanzigui has been completely suppressed, and your mission is over here. It will be useless in the future."

This is hard to hear, but it is also very true.

Chen Feng nodded and said, "Thank you."

Yan Qinglan turned and left, leaving only one sentence: "If I have anything to ask you in the future, I don't want to forget the slight feelings of today."

After Yan Qinglan left, Chen Feng did not immediately run away with Hua Ruyan, but first brought Hua Ruyan into the house, watching her softly said, "Ruyan, sorry, I promised you. This time I come to Daning City, I must kill Yan Gaoyang to avenge your sister."

[Chapter 346: Chase](#)

"However, you heard what Yan Qinglan said just now. I am very dangerous now, so I must leave the capital immediately."

"Yan Gaoyang can't kill it for the time being, but I promise you that within a month, I will definitely kill Yan Gaoyang!"

Hua Ruyan looked at Chen Feng with firmness and trust in his eyes: "My son, I believe you."

Chen Feng immediately packed his bags, put the jade medallion of the heir of the Yan family, and the panlong seal in the mustard bag, and then left Yan's Mansion with Hua Ruyan and went directly out of Daning City.

As for Uncle Dumb, he disappeared after coming to Daning City with Chen Feng.

Chen Feng was not worried either. Uncle Dumb's strength was far stronger than what he showed, and he had been in Daning City for more than ten years, and he was very familiar with everyone, so there was absolutely no need to worry.

Qian Yuanzong was in the north of Daning City. If he wanted to return to Qianyuanzong, he had to leave through the north gate.

But Chen Feng had an extra heart. Instead of going to the north gate, he went to the west gate.

He planned to go west first, bypass the Kapok Mountains, make a big circle, and then return to Qian Yuanzong from the west. The Kapok Mountains are the remaining veins of the Qingshan Mountains, southwest of Qian Yuanzong.

Chen Feng did this because he was worried that someone would be chasing him behind him. If he left directly from the north gate, he would be easily judged by the enemy to determine his direction. Walking from the west and going around a big circle will certainly delay time, but it can make the enemy's judgment wrong and make himself leave calmly.

But what Chen Feng didn't expect was that only half an hour after he left the west gate of Daning city, three young people appeared on the towering tower of the west gate of Daning city.

These three young people were unexpectedly He Song, Huangfu Bai, and Yan Zigui.

At this time, it was only three hours before Yanzi returned. He was wearing a wide robe, and he couldn't see how the wound was, but his face was only slightly pale, and his body had obviously recovered a lot.

In a mere three hours, he had already recovered so much. I don't know how many panacea Yan Beixing has used for him, and how much he has spent.

Of course, from his shivering whole body from time to time, the blush on his face, and the coughing from time to time, it can be seen that his injury has not healed at all, and it is still relatively serious.

He Song is a member of the He family among the four main gate lords, and Huangfubai is even more respected, and he is the Young City Lord of Daning City. Daning City will be his foundation a hundred years later.

Therefore, both He Feng and Yan Zigui are very respectful to Huangfu Bai, and He Song even has an unstoppable flattery on his face.

Even Yanzi is so rebellious and cautious when facing Huangfubai.

Because Huangfubai not only has a higher status than him, but also has a better talent than him, and his strength is even better than him. To Huangfubai, he is convinced!

He Song smiled flatteringly at Huangfu Bai: "The young city lord is indeed a magical calculation. It is expected that Chen Feng's trash is average, but very cunning. He will not go to the north gate, but will choose to detour. Sure enough, he chose Simon, Young City Lord wise!"

A look of arrogance appeared on Huangfubai's face, and he smiled slightly, "Actually, it's not just my son's contribution, He Song, your methods are not superficial! So deep!"

He glanced at He Song and said with a smile, "I have always looked down on you before. I really thought you were a wine bag and rice bag. I didn't expect to hide it!"

It's hard to say whether this is praise or teasing, but He Song didn't have any dissatisfaction, and smiled all over his face: "The little tricks are just some little tricks, which makes Young City Lord laugh."

Huangfubai smiled and said: "This is not a trick of carving insects. To be honest, it is really thanks to you this time. If you hadn't planted that thing on Chen Feng's maid, we wouldn't be able to get Chen Feng's whereabouts."

He Song laughed, his face showing unbearable pride.

"I know that Chen Feng is powerful, and his perception is definitely very strong. If you want to plant this thing on him, he will find it the first time. And his maid, who is not even a warrior, is very safe to use on him. ."

"But I'm also gambling. I'm gambling on Chen Feng, who is really pedantic, and I didn't even forget to take this woman with me even to escape! If he left the maid, there would be no way."

Huangfubai sneered: "Trash is trash. With so many defects, those who make big things don't stick to the trivial. A woman can't bear it, but wants to make a big business? It's just a wishful thinking! If I change my words, I will kill this maid and run for her life. Also faster."

Yanzigui hasn't spoken, but suddenly he spoke, and said softly: "Let's start chasing. It will take a little longer, I'm afraid he will run away."

Huangfubai nodded, winked at He Song, and He Song took out a jade box from his arms and opened it.

In the jade box, there was a black worm the size of a finger. It was extremely hideous. There was a small tentacles on the black worm's head. It was swaying from side to side at this time, and the tentacles soon pointed to the northwest.

Huangfubai said lightly: "Chen Feng is in that direction, chase after!"

The three hurried to pursue.

Chen Feng left Daning City, rushed all the way to the northwest, and soon came to the Kapok Mountains.

The Kapok Mountains are the remaining veins of the Aomori Mountains. They are not particularly large, but they are very steep. There are high mountains and peaks over tens of thousands of meters. There are cliffs everywhere and extremely steep.

[Chapter 347: escape](#)

Chen Feng plunged into the kapok mountain range, surrounded by dense forests. After entering the kapok mountain range, Chen Feng let out a sigh of relief.

Entering the Kapok Mountains, high mountains and dense forests, trying to find someone in it is like looking for a needle in a haystack. Even if there are chasing soldiers following you, I am afraid that you will not be able to find yourself at all.

But I don't know why, Chen Feng always has a vague sense of anxiety in his heart.

He had no choice but to comfort himself: "It's okay, it's okay, it should be too much."

Hua Ruyan was lying on Chen Feng's back, his face flushed, and the water in his eyes was full of waves. She was obviously a little girl, but there was a hint of flattery in her eyes, which was extremely attractive.

After leaving Daning City, Chen Feng let her lie on her back and hurried on the way.

If this is not the case, they are afraid that they can't get out of ten miles now, after all, Hua Ruyan is not even a martial artist. So Chen Feng let Hua Ruyan lie on her back, leading her all the way to hurry.

But this is a bitter little girl. Chen Feng is strong and full of blood. Although he is still a teenager, his man's breath is already extremely strong.

Hua Ruyan lay on his back, feeling his body temperature, while Chen Feng was constantly rubbing their bodies while walking, Hua Ruyan breathed his breath and felt his temperature, like drinking alcohol, the whole person Become dizzy.

She had always admired and liked Chen Feng very much. At this time, she was even more tender and her eyes were full of waves. She wished to lie in Chen Feng's arms and get him tender and affectionate.

Hua Ruyan leaned to Chen Feng's ear, sighed like a orchid, and said softly: "My son, are you tired? Why don't you let me down!"

Chen Feng smiled and said: "It's okay, just a few pieces of your meat, to me, it's no different from the same. Okay, little girl, just lie on it with peace of mind."

Hua Ruyan was a little embarrassed and said: "My son, are you my master? How can a maid lying on the master?"

As soon as I finished speaking, I felt that the words seemed a bit ambiguous, and my face suddenly became red.

Just as Chen Feng was about to speak, Ziyue's voice suddenly sounded. Her voice was very urgent and full of anxiety: "Chen Feng, I feel a few breaths approaching us at a high speed not far behind me. And these breaths There was an unabashed murderous look in it."

Chen Feng's heart was stunned, and he immediately judged that someone had come to kill himself, and the chasing soldiers were behind him.

Although they don't know how they judged the right direction of their escape, Chen Feng knew that it was useless to think more now.

Chen Feng's thoughts moved, and suddenly he started a misty step. He now has an extra Hua Ruyan on his body, but Hua Ruyan is young, with a light body and a soft waist. It is only sixty or seventy catties. For Chen Feng, he has no load. There is no difference.

Chen Feng suddenly realized that there was a powerful enemy chasing and killing him. At this time, for himself, it was a good opportunity to temper his vague steps.

So, he unfolded his misty steps and moved forward at great speed!

Chen Feng almost forgot everything, only the front in his eyes, only two words, that is: run! run! Keep running!

His whole body radiated blood and blood, and his whole body was moving around. The whole person was like a big stove, and the temperature of his body surface was terribly high. And under this circumstance, it will be incisively and vividly operated.

I saw that Chen Feng was so fast that he could barely see with the naked eye, pulling out one after another phantoms, walking through the dense forest, and he was not only a high-speed Mercedes, but also in a high-speed Mercedes, he was constantly moving like a teleportation. action.

Every instant of movement, it can almost move a distance of about four or five feet, and this distance is still increasing.

Chen Feng didn't know how long he had been running, only that the sky had changed from light to dark, and then Dongfang once again revealed the whiteness of the fish, the sky was bright again, and at this time a cliff appeared in front of Chen Feng.

The cliff is more than one foot wide. For Chen Feng, the distance is very short and can be passed by one leap, but Chen Feng did not jump. Instead, his figure stopped quickly, changing from extremely moving to extremely quiet, extremely abrupt!

Then the other person's shadow flashed in place, and when he reappeared, he had already crossed a cliff of one foot wide and came to the opposite side.

Chen Feng's heart was extremely happy, and there was a long whistle.

His ethereal steps formally stepped into the realm of Xiaocheng, a teleportation that could span a distance of ten feet.

From the first glimpse of the doorway, the misty step can only span three feet, and now it spans one foot, the effect has more than doubled.

Not only that, Chen Feng's rapid running speed also more than doubled.

It will play an extremely important role in small-scale battles.

Chen Feng ran for more than a day before he really stopped, and the face of the flower lying on his back was already sweating, and his face was like a peach blossom. She looked at Chen Feng, her eyes obsessed.

Chen Feng is such a clever person, he can see the strange appearance of Hua Ruyan at a glance.

Chen Feng couldn't help but smiled bitterly, put Hua Ruyan down, and said softly: "Now we have chasing soldiers behind, what do you think?"

Hua Ruyan's face was flushed red, embarrassed, and she lowered her head to fiddle with the corners of her clothes, dare not say a word.

Chen Feng patted her little head: "Okay, don't think any more, I feel someone is chasing after us, now you continue to climb on my back, I will take you deep into the Kapok Mountains, but no I must have thought about it, have you heard?"

[Chapter 348: Surrounded, desperate!](#)

Hua Ruyan nodded honestly, and then said softly: "My son, you are the most powerful. Those people who dare to chase you will definitely die without a place to be buried."

Chen Feng smiled and said, "Let's borrow your good words!"

For the next two days, Chen Feng went deep into the Kapok Mountains, trying to get rid of the chasing soldiers behind him.

However, what surprised him was that those people always seemed to be able to find his whereabouts and followed him exactly. Although they had not caught up, there was no mistake in the direction.

Therefore, Chen Feng didn't even dare to stop, as long as he stopped for more than half an hour, he might be overtaken by someone behind.

"How is it possible? It shouldn't be! Could it be that they have some treasure, can they track me?" Chen Feng thought about breaking his head and didn't think about the problem.

By the evening of the third day, Ziyue finally told Chen Feng that she felt the tail chasing behind her, and the fierce murderous aura disappeared.

After hearing these words, Chen Feng sighed for a long time, feeling relieved.

There was a valley in front of him, where Chen Feng stopped, beat a few wild animals, stripped and washed them, and made a bonfire.

He and Hua Ruyan hadn't eaten seriously for several days. They both ran and ate some wild fruits. Both of them were hungry enough. At this moment, they can finally eat.

As the sun sets, the sound of flames is constantly coming, and the meat of the beast on it has been roasted so oily, it makes people look greedy.

There was silence everywhere, Hua Ruyan looked at Chen Feng, feeling very warm at this time, and wanted this moment to last forever.

At this moment, Ziyue's voice suddenly rang from Chen Feng's ears: "Chen Feng, be careful, I can feel the breath of those people again."

"What? Feel the breath of those people again?" Chen Feng's heart was cold, and at this moment, a voice suddenly sounded: "Chen Feng, you trash, although your strength is not good, but you run really fast under your feet, so that we chased you for several days before catching you here!"

Chen Feng looked back and suddenly felt awe-inspiring.

Three people walked in from Taniguchi, all acquaintances, and they were exactly: Huangfubai, He Song, and Yanzigui.

The speaker is Huangfubai.

The three quickly entered the valley and surrounded Chen Feng in the shape of a product.

The faces of all three of them showed jokes.

He Song laughed wildly: "Chen Feng, you run, why didn't you run?"

"You **** didn't expect that your perception is really strong, you can even detect that we are chasing you behind and running away!"

His face became spiteful and grim: "In order to deal with you, I consumed an extremely precious tracking bug, and also consumed a magic weapon that can hide my breath. This is my savings for many years! It's wasted on you. This waste! I must recover this debt from you!"

"But it's worth it! Do you know? Trash, when you made me suffer so much humiliation, I vowed to make you die in pain."

Chen Feng seemed to have not heard him at all, and ignored him at all. He just chuckled softly: "Huangfubai, Yanzigui, He Song, oh, today, our dignitaries from Daning City are quite complete. !"

Huangfubai smiled faintly: "Three of the five great families have come, so I can count on you."

Chen Feng smiled faintly: "Really? Why? Although there are three, one of them can't even take one of my tricks, and the other is my defeated general. It is said that there are three. In fact, there is only you Huangfu Bai Huangfu Young City Lord. That's it!"

After he finished speaking, Yan Zigui and He Song's expressions became extremely ugly.

Swallow returned with a hoarse voice, and said in a cold voice: "Chen Feng, I will make you better than dead in a moment. You may be arrogant now."

Chen Feng looked at him and smiled faintly: "Isn't what I said is the truth?"

"You!" Yanzi was trembling with anger.

Chen Feng's expression suddenly changed, and he said with a cold voice: "Huangfubai, why are you dealing with me? Your City Lord Mansion, shouldn't you support me?"

He was very puzzled. If Huangfubai wanted to kill him, he could kill him last time. It was easy! But why did you have to wait until this time and spend so much effort to hunt him down?

Huangfubai sneered and said, "Well, since you asked me that, I will show mercy and let you be a real ghost!"

His voice suddenly became cold and stern: "The reason why our City Lord Mansion supported you at the beginning was because you were an outsider, with no foundation, so you can control it. If you become the Yan Family Patriarch, you will control Daning City from our City Lord Mansion. It is a good thing to prevent the great power from becoming bigger."

"But it's a pity, I didn't expect that you were actually quite strong, and you easily won the first place in the family! Moreover, you shouldn't have the support of Yan Dongxing! Yan Dongxing is a very powerful and powerful man. Patriarch, we can't control it at all. With him, the Yan family can even pose a threat to our City Lord's Mansion."

"We have wanted to get rid of him more than once. Compared with him, Yanzigui and Yanbei travel are much easier to control."

"So..." He glanced at Yan Zigui, and said lightly: "Now the City Lord's Mansion has already reached a deal with Yan's family, oh, no, it should be said that a deal has been reached with Yan Beixing! We will kill Yan Dongxing together and let The swallow belongs to the owner of the Yan family."

[Chapter 349: Kill you first!](#)

"In this case, of course your waste has no use value. When a chess piece becomes a discarded piece, it is naturally useless, and it should be swept away from the chessboard. You collude with Yan Dongxing. Together, you must die!"

Chen Feng said: "There is another question, how did you find me?"

This incident has always been strange.

Huangfubai glanced at He Song. He Song took out the small box and looked at the worm inside Chen Feng. He sneered and said, "This kind of worm is called a tracking worm, and it grows in pairs. , A male and a female, born together."

"And this female worm and this male worm can be sensed as long as the distance between them is no more than thirty miles."

He laughed wildly: "Chen Feng, you are really hard to deal with, but the little girl next to you is not. I bought the people in the inn and quietly put the male worm on the little girl's body, and the male worm will naturally drill. Into her body! Haha, how did you say we found you?"

After hearing this, Hua Ruyan's face showed extreme remorse, tears rippling, and crying: "My son, I'm sorry."

Chen Feng slowly shook his head, pressed his hand on her shoulder, the qi entered her body, and immediately found the male worm lurking in her dantian, and directly crushed the worm to pieces.

Chen Feng slowly said, "You are not to blame."

He Song laughed wildly: "Chen Feng, you killed that bug now, and you have a fart. We have blocked you. Next year, today will be your anniversary!"

Chen Feng smiled coldly: "Really? Why don't I believe it?"

Suddenly, he moved Hua Ruyan with extreme swiftness, let her lie on his back, and then used a misty step, extremely fast, and he came to the front of Yanzi's return, leaped in the sky, and thunder tyrant's knife was extremely powerful. , Cut towards the swallow.

No one thought that Chen Feng would dare to attack suddenly when he was surrounded.

The other two were not prepared, but it does not mean that Yanzigui was not prepared. In fact, Yanzigui had already learned a lot about Chen Feng after the battle a few days ago, knowing that he never fought aimlessly when fighting. Every move has a purpose.

So he has been guarding Chen Feng, because he has guessed that Chen Feng would choose him as the breakthrough point, because he was seriously injured after all.

He was already prepared, haha laughed wildly: "Good come!"

As he said, his right hand quickly pointed out, and seven finger winds popped out again and again, and they attacked Chen Feng.

It turned out that he had been prepared for a long time, ready to go, the Qidao Zhifeng was almost instantaneous.

In Yanzigui's view, these seven finger winds were enough to stop Chen Feng for at least a few breaths, and with a few breaths, Huangfubai could rush over.

But the scene that made him stunned appeared. Chen Feng had already jumped into the air, and the mighty lightning strike was launched, but suddenly the whole person teleported, and instantly disappeared from Yanzigui, but came to He Song and cut it out with a single knife.

At this moment, the seven finger winds that Yan Zigui ejected hit the qi qi sent by Chen Feng's knife, easily crushing it.

It turned out that Chen Feng's move turned out to be a false move. What he really wanted to deal with was not Yan Zigui, but He Song.

Among the three, He Song had the worst strength, but he was the second highest building in the Divine Sect Realm, and he had no defense at all. When he came back to his senses, Chen Feng's long sword had already arrived in front of him.

The shadow of death struck, He Song let out a scream, and there would always be an attempt to resist Chen Feng in both fists, but it was useless!

The Ziyue Dao cut off He Song's arms first, and then easily split him into two!

When He Song died, the tracking bug he held in his hand also turned into blood.

Chen Feng easily broke through the encirclement circle and swiftly swept outward.

Huangfubai originally swept towards Yanzigui, but he did not expect that Chen Feng's purpose was He Song, and even he was fooled!

A green air flashed across his face, and he said coldly: "Cunning trash, dare to play with me."

As he said, he hurriedly pursued.

Chen Feng used his ethereal steps and ran all the way, and in a blink of an eye he had already ran for more than ten miles.

However, this didn't get rid of Huangfubai. Huangfubai was powerful and his realm was far higher than Chen Feng, and he also cultivated mysterious footwork, so he got closer and closer.

Suddenly he screamed and slammed a palm to Chen Feng's back, but the purpose was not Chen Feng, but the Hua Ruyan on her back. This palm wind was so powerful that Chen Feng felt a little overwhelming, let alone a beautiful face. As long as he was swept a little bit, he would be crushed.

He could see that Chen Feng valued Hua Ruyan very seriously, so he directly attacked Hua Ruyan in order to force Chen Feng to rescue him.

"Despicable!" Chen Feng shouted angrily, and could only turn around to greet him. Hun Yuan Yi Qigong urged the broken jade fingers. Under the impetus of Hun Yuan Yi Qigong in the second stage of the Divine Sect Realm, the index finger of his right hand unexpectedly It has turned into a faint sapphire color, showing that his golden and broken jade fingers have entered a higher realm.

After all, he made a hasty move, and the paper palms collided. He let out a muffled grunt, and blood spurted wildly in his mouth. He was beaten out for several feet and fell heavily to the ground.

Looking at Huangfu Bai, Chen Feng said in a cold voice, "It's really mean! The dignified Young City Lord, actually attacked a little girl who has no power to restrain a chicken?"

[Chapter 350: Son, see you in the next life!](#)

A flash of shame and anger flashed in Huangfubai's eyes, but he said lightly: "Is there anything mean or not? Kill you, who knows I was mean?"

Hua Ruyan burst into tears, her voice trembling: "My son, I'm sorry, I'm the one who dragged you down."

Chen Feng slowly shook his head; "This is not to blame you."

When he looked back, his heart felt even more cold. It turned out that not far behind, there was a cliff! The cliff was hundreds of feet wide on the opposite side, and it was impossible to cross it with myself.

There is already a dead end here!

Yanzi returned to Huangfubai, slowly pushing up, and said with a sneer: "Trash, are you running again?"

Speaking of Yanzigui, he suddenly sneered, rubbed his body, started pointing the star, and a pointed wind swept towards Hua Ruyan.

Chen Fengming knew that this was a trap, but he had to block it for Hua Ruyan. Huangfubai had expected him to move like this, and had already been waiting there. He shot out his palms and hit Chen Feng's chest heavily. .

Chen Feng's blood spurted wildly, his chest had collapsed, two palm prints appeared, and he didn't know how many ribs had been broken.

At this moment, he was already seriously injured!

From this palm, Chen Feng also judged that Huangfubai's strength was at least the fifth highest building in the Divine Sect Realm, two grades higher than Yanzigui.

It has been so difficult to deal with the Swallow Return in the early stage of the fourth floor of the Gods, and even if he has all his cards, he is definitely not the opponent of the strong fifth floor.

Hua Ruyan cried out: "My son, my son, I'm sorry!"

Yanzigui and Huangfubai laughed loudly. Yanzigui sarcastically said, "Oh, I didn't see it. So Chen Feng, you are still a passionate species?"

Huangfu Baihaha said with a smile: "That's right, as long as you care about her, you can't even run this time."

What he said is correct. If Chen Feng is the only one, even if he can't beat him, he can still try it out.

And with Hua Yanyan, he can't even run, because as long as he runs with Hua Ruyan, Hua Ruyan will be directly killed when exposed to Yanzigui and others.

At this time, Hua Ruyan's eyes suddenly flashed a determination.

She suddenly retreated and jumped directly under the cliff.

Chen Feng was shocked, but it was too late to stop, and he cried out, "Ru Yan."

Hua Ruyan was slightly in the air, looking back, her eyes were full of nostalgia and dismay.

With tears on her face, she cried out with sobbing: "My son, I will serve you in the next life and be your little maid."

People have fallen into an abyss.

Chen Feng's heart was cold, Hua Ruyan was not even a warrior, and he fell from the abyss without any luck.

He slowly turned his head back, and there seemed to be blazing flames in his eyes, which had already turned red. He stared at Yanzigui and Huangfubai, his voice was as cold as ice: "You two, you are going to die today!"

Yanzigui and Huangfubai didn't expect that Hua Ruyan was so strong that he would directly choose to jump off the cliff.

Regarding what Chen Feng said, Huangfubai didn't bother at all, and sneered: "Okay, then you will kill me!"

Chen Feng only felt that his eyes had already turned into a blood red, as if he was in a sea of corpse blood, there was no other color except the red of blood!

A familiar feeling rushed to his heart. In the ancient cauldron, the dragon's blood that had been silent for a long time suddenly throbbed. A very subtle dragon blood was stripped from it, and it slowly swam out of the ancient cauldron, perfused. Into Chen Feng's body!

This time, this trace of dragon blood was more than ten times bigger than the trace of dragon blood absorbed by Chen Feng the last time he transformed into dragon blood?

Chen Feng knows what this familiar feeling is!

This is the prelude to Dragon Blood Transformation!

Suddenly, Huangfubai and Yanzigui felt the silence between the world and the earth. The surrounding sounds seemed to disappear. The sound of insects and birds, the sound of leaves blowing in the wind, and the howling of wild beasts all seemed to have disappeared. The voice sounded slowly!

boom! boom! boom!

At this moment, they had an illusion, it seemed that there was only one voice left between heaven and earth.

Huangfubai was full of horror: "What is going on? What is this sound?"

Yanzigui said slowly: "Listen, it's like the heartbeat of some kind of giant beast."

That's right, it's the behemoth's heartbeat!

A behemoth that wakes up!

The two looked for the source of the heartbeat, and then they were shocked to find that the heartbeat seemed to be coming from Chen Feng.

At this moment, Chen Feng roared to the sky.

All of his clothes suddenly shattered, and the surface of his body showed light blue jade-like dragon scales, his hands and feet turned into dragon claws, and even the cyan dragon horns appeared on his face and head. The whole person instantly became a head. monster.

Chen Feng couldn't control his dragon blood transformation, so he couldn't do it before he wanted to transform.

At this time, under the tremendous stimulus of Hua Ruyan's death, Chen Feng entered the dragon blood transformation!

And the power this time is bigger than before. I don't know how much.

Huangfubai and Yanzigui were extremely shocking, and they screamed together: "What is this? How could it become such a monster?"

But it was no longer for them to think.

Chen Feng stared at them both with blood-red eyes, and suddenly a blue shadow flashed past. Before the two of them could react, Chen Feng had already arrived before Yanzi returned, without fancy claws. Out.

This trick is not fancy, it can't even be called a martial skill, but it is extremely powerful!
