

Peerless 3411

[Chapter 3411: who do you think You Are?](#)

Qi Wenxia whispered: "It's better not to live here, who cares about you to live!"

Su Manqing glared at her: "Shut up!"

Qi Wenxia quickly dared not speak.

Chen Feng smiled and said, "Auntie, I'll leave now."

"If something happens in the future, I will definitely come back to interrupt."

"Okay, okay." Su Manqing couldn't keep Chen Feng at a glance, so he had to let him go.

Chen Feng is leaving.

And when Chen Feng turned and left, Qi Junhao sat there drinking tea, not to mention it, he didn't even raise his eyelids, he was completely ignored.

A cold color flashed in Chen Feng's eyes:

"If it's not for showing Aunt Su's face, something like you is also worthy of pretending to be in front of me?"

Chen Feng turned and strode away.

Seeing him leaving, Qi Wenxia rolled his eyes and hurriedly followed.

When the two walked out of the hall, they were silent and walked forward.

Qi Wenxia suddenly turned her head and saw that she was already quite far from the hall. It was estimated that her father and mother would not be able to hear her.

Suddenly walked to Chen Feng and turned to look at him.

Said: "Feng Chen, I know, you may have such a trace of delusion about me."

"But, I would advise you not to have any thoughts about me!"

"The two of us are not from the same world!"

"I know, my mother wants to match the two of us, but..."

She looked at Chen Feng and smiled contemptuously: "Impossible, you will never be worthy of me, put away your wishful thinking!"

After that, turned around and left.

That look is extremely arrogant.

Chen Feng was stunned for a moment, then was speechless for a while.

"What are you? I have a covetous heart for you? I have wishful thinking about you? Who do you think you are?"

Chen Feng didn't know what to say.

He felt Qi Wenxia was simply inexplicable.

My confidantes, whether it is Shen Yanbing, Han Yuer, or even Hua Lengshuang, Mei Wuxia.

Which one is not the national beauty? Which one is not strong? Which one is not Fenghua peerless?

Compared with them, Qi Wenxia is a young girl who wants nothing.

How could I look at her?

And she actually thought that she was wishful thinking about her?

Chen Feng looked at her back, a smile appeared on the corner of her mouth, and said lightly, "You really think too much."

Soon, Chen Feng left Qi Junhao's residence.

And after he left, looking at his back through the window of the hall, Qi Junhao's eyes were full of yin birds!

Then, he looked at Su Manqing and said: "Don't take any cats or dogs to the house, is this kind of person worthy of our daughter?"

"The origin is unknown, and the strength is low. What else does he have besides a good skin?"

"Yes!"

Qi Wenxia quickly agreed with him.

She curled her lips: "Mother, it is absolutely impossible for me to be with this kind of person."

Su Manqing glanced at them, shook his head and said coldly, "You two are really blind."

"Tell you, you will regret it sooner or later."

After all, walk away.

Qi Wenxia and Qi Junhao were very disapproving of her words.

The attitude of Qi Wenxia and Qi Junhao made Chen Feng extremely bored.

However, he had a deep sense of intimacy with Su Manqing, so he did not have an on-the-spot attack, so he endured the breath.

After Chen Feng left here, he found a secluded place, and then took out the golden thread kit from his arms and took out a small thing from it.

This small thing is a piece of jade about the size of a cobblestone.

The surface has been rubbed extremely smooth.

And in this jade, there is a drop of red, quietly emerging.

No matter how Chen Feng shook, the red color appeared in the center.

At this moment, a blood stream quietly emerged from the red.

As soon as Chen Feng took out this jade, he immediately felt that the surface of the originally cold jade had become extremely hot.

Even, he felt a little hot while holding it, and at the same time he trembled slightly!

A smile appeared at the corner of Chen Feng's mouth: "Sure enough, it was in this Sky Dragon City. As soon as I entered Sky Dragon City, this Blood Fiend Treasure Jade responded."

It turned out that this treasure was named Blood Fiend Treasure Jade.

It was a kind of treasure made specially for Chen Feng by Elder Bai Ruoxi, and it was sent to him before he left the Xuanyuan Family Inner Sect.

The drop of red sealed in this blood evil jade is a trace of the blood of the real person Lei Ting extracted by Bai Ruoxi from the relic of the real person.

Sealing this trace of blood into this **** jewel, then, when approaching the descendants of the real Thunder, this **** jewel will react abnormally.

And now, it is clear that Bai Ruoxi's statement is also verified.

Chen Feng held the Blood Fiend Baoyu in his hand and walked in all directions.

And he found that when he walked to the southeast, the reaction was strongest!

Chen Feng looked to the southeast. At this time, following the trend of the hillside, the southeast was all the way down. At the end of this direction was the mighty and huge Xiacheng.

"It seems that the descendants of Real Thunder should live in this Lower City!"

Chen Feng stepped towards Xiacheng!

He was full of confidence at this time.

With the Blood Fiend Jade, the descendants of Real Thunder will definitely be able to find out!

When Chen Feng came here, the sky was already close to evening, and now the darkness has risen.

When Chen Feng looked down from here, he could see that the Xiacheng area was brightly lit, with lights everywhere, which was very bright.

The Midtown and Shangcheng are a bit worse.

After all, there are few people living here, and each has its own big house. At this time, there are few people walking on the street, and there is a lot of darkness everywhere.

Soon, Chen Feng came to the junction of Zhongcheng District and Xiacheng District.

There are many big houses here, but they are all abandoned.

This is also a very normal thing, Tianlong City, and even the God of War Palace, all attach great importance to the distinction between upper and lower.

Those who can live in Midtown will never live in Xiacheng.

In their opinion, the farther they live from Xiacheng, the better.

Therefore, the original residents at the junction of Zhongcheng District and Xiacheng District will move out immediately after they develop.

As time passed, the place was empty, a piece of tens of miles in radius, with countless huge abandoned houses.

The pavilions and pavilions are still there, but they are already empty.

The grass is overgrown, like ruins.

Of course, if something bad is done here, no one will be able to find out.

Chen Feng just had such a thought in his mind, and suddenly he heard a scream in the darkness ahead.

Chen Feng was taken aback for a moment, then touched his chin: "This is a coincidence."

[Chapter 3412: Prostitute](#)

"It turns out that I was not the only one who gave birth to this idea. I just thought about it, but some people did it!"

The next moment, he heard a woman's voice: "What are you going to do?"

Then, there was an exclamation, and then a violent struggle.

The woman seemed to still want to shout, but she couldn't shout anymore, she just made a whining sound.

Chen Feng raised his eyebrows: "It seems to have been restrained!"

Chen Feng immediately hurried to the direction where the sound came from.

In a blink of an eye, he bypassed the wall in front and came to the ruins.

This should be an abandoned mansion, at this time it is already overgrown with grass, and there are broken walls everywhere.

There are several dark shadows in front of them, entangled.

Chen Feng could see clearly in the darkness.

That is, two men, one in black and the other in blue.

At this time, a woman was caught between them.

The black-clothed man stood behind her, covered her mouth with his hand, and tightly grasped her arm with his left hand.

The other big man in blue clamped her legs with his arms, and at the same time grabbed her other arm with his right hand.

Between the three, there was a surge of power, especially the woman, who was struggling frantically, and bursts of blue light radiated from her body.

But they were suppressed by those two big men.

The momentum of these three people is not bad!

Chen Feng raised his eyebrows: "It turns out that they are not ordinary people? They are actually three warriors!"

It's just that these two big guys at this late night, Sachi, this woman, is a bit too obstinate.

Chen Feng hasn't figured out the situation now, and is not in a hurry to take action, just watching from the side.

And finally, following the big blue man fiercely tapping the major points on the woman's back.

The woman snorted, her figure shook, and she softened and couldn't move anymore.

The two big men sighed softly and threw the woman directly on the ground.

The man in black pulled off the masked black scarf on his face, sighed, and said, "This little lady is hard enough to clean up!"

The blue-clothed man chuckled, "No matter what people say, he is also a disciple who will enter the Beidou Sword Sect this year, and he also has the cultivation base of a one-star and two-star Wuwang."

"If it's so easy, let us clean up, wouldn't the Beidou Sword Sect be too bad for its name?"

The two looked at each other and both smiled.

The black-clothed man lowered his head and rubbed his hands and said: "Our brothers have harmed many women before, but this is the first time for this female disciple of the school!"

"Yeah, if it weren't for this time she was anxiously walking the night and came here, we brothers wouldn't be able to succeed!"

"Hey, I have been staring at her for two months, and I finally found a chance!"

"Fucking, I want to have a good night tonight, the night is long..."

The big man in blue smirked and said: "Let's have one night to toss."

"This evening, let her know how good our brothers are!"

The two looked at each other and both made a lewd laugh.

At this time, although the woman had been sealed and her meridians could not move, her mind was still sober.

Hearing the conversation between the two of them, thinking of the humiliation she would suffer later, her heart was full of pain, and her whole body was shivering.

The big man in black lowered his head and sneered: "My little lady, don't be afraid!"

"The two of us are famous, the two bears of Black Mountain."

After hearing the two of them, the woman's eyes showed a touch of complete despair!

The Black Mountain Two Bears, notorious, are well-known prostitutes in Sky Dragon City Zakon.

The two of them are powerful and their methods are extremely brutal.

The women who had been harassed by them were extremely miserable in the end.

Falling into their hands, it is completely finished.

With that, the Black Mountain Two Bear dragged her behind a broken wall, and then the two of them started to tear her clothes.

It looked like they were attacking here.

But at this moment, suddenly, a faint voice came from behind them: "You two, you are really impatient!"

After hearing this voice, the big man in black and the big man in blue were both stagnant.

Then, at a very fast speed, he turned around, stared at the dark place and said, "Who?"

At the same time, the woman on the ground also showed a hint of hope on her face.

If someone passes by, there may be hope of being saved!

The next moment, they saw a tall figure slowly coming out.

He wears a bronze mask on his face, which is hard to see, but he is tall and straight.

However, none of the three of them felt any powerful aura from Chen Feng.

In fact, their strength is too low and they are not qualified to come into contact with Chen Feng's realm.

But they obviously don't think so.

The Black Mountain two bears glanced at each other and immediately laughed: "It turns out to be a waste of no strength! How dare you learn from heroes and save the United States?"

The blue-clothed man stared at him and said, "Take a **** and take a picture of yourself, to see your virtue! Come out as a hero to save the beauty? Do you have that qualification?"

And the hope that ignited on the tall woman's face instantly extinguished, and she returned to despair again.

He doesn't think how powerful this person is!

Chen Feng looked at them and smiled faintly: "Oh, I don't have the qualifications to be a hero to save the United States? Are you sure?"

The black men looked at each other and laughed.

Then, the big man in black said with a cold voice: "Boy, don't mind your business, get out!"

The man in blue also said with a gloomy face: "If you go away now, we can still treat you as if you've never been here!"

Chen Feng looked at them, and suddenly a smile appeared at the corner of his mouth: "I will really take care of this nosy today!"

Black yelled a grin: "If you dare to be nosy, you must be prepared to pay the price!"

The next moment, he and the big blue man suddenly rushed out to Chen Feng together.

At the same time, a long sword that looked like a poisonous snake appeared in each hand and slammed into Chen Feng.

In an instant, a strong momentum broke out.

The two actually shot at the same time!

Obviously, he wanted the lion to fight the rabbit and tried his best to kill Chen Feng in an instant, so as not to have many dreams at night.

And the two of them started even more fiercely, without any warning!

The tall woman closed her eyes and couldn't bear to look again.

She was afraid to see this person dying for herself.

At the same time, she was full of guilt.

But the next moment, she heard two screams: "No, how come there are two screams?"

Suddenly, she opened her eyes, and then she saw a scene that she could not believe.

It turned out that the tall man stood there, motionless.

[Chapter 3413: Bai Jingwan](#)

But the two black bears flew out together, spurting blood in their mouths, and even the swords in their hands were shaken off.

She was extremely surprised: "What is going on?"

And even more shocked than her is the black and white bear.

It turned out that the two of them had just stabbed their long swords, but they saw that the tall and tall man opposite didn't even move, and he stood here and let them stab him.

And while they were still proud, they felt that after the long sword pierced him, not only did not pierce him, but a powerful force returned back!

Shocked fiercely on their bodies!

The bones of their arms were shattered!

Broken bones!

The internal organs are directly shaken into powder!

He was seriously wounded and dying, spurted blood, fell to the ground, and the sword did not know where it was flying!

It turned out that Chen Feng hated them for being ruthless and shameless, and he used his true power from the beginning.

In fact, it can't be regarded as real power, it's just that they didn't deliberately suppress it, and only relying on the force's back shock, it beat the two of them so miserably.

The two fell to the ground, coughing up blood, covering their mouths, and pointing at Chen Feng. They seemed to want to say something, but they couldn't say anything.

Chen Feng looked at them with a smile on the corner of his mouth and said, "It's beyond your imagination, isn't it?"

"I know you don't want to believe it, but sorry, I am so strong!"

The next moment he walked to the black mountain two bears.

The two black bears were seriously injured and dying at this time, and they even knew that they would not live long.

However, their desire to survive still made them kneel on the ground and kowtow to Chen Feng frantically.

Knocking his head while bleeding all over his body, he couldn't say anything, and he was still there.

"You want me to spare you, don't you?"

Chen Feng smiled and said, "Unfortunately, you are full of bad luck, today I will accept you for God!"

The next moment, a palm shot was taken, and the lives of both of them were directly killed!

At this moment, the tall woman looked at Chen Feng with gratitude and awe!

It's like seeing a god.

The strength of this person is beyond her imagination. She feels that she is almost the same as those strong in the Beidou Sword Sect!

Chen Feng walked in front of her, didn't even touch her at all, just showed a force.

Immediately, the ban on him was released.

Then, Chen Feng turned around and left, without any intention of staying.

The tall woman Huo Ran stood up and looked at Chen Feng and said with a trembling, "Little girl Bai Jingwan is a new disciple of the Beidou Sword Sect. Thank you En Gong for saving her life!"

After all, Yingying fell to the ground.

Chen Feng stretched out his hand, and a surge of strength helped her up.

"Bai Jingwan?"

Chen Feng raised his brows: "This name is quite beautiful!"

Bai Jingwan looked at Chen Feng with gratitude in her eyes.

She has important business today, and she will rush from Xiacheng to Midtown in the evening.

She knew that this section of the night road was quite dangerous, but because of the urgency and confidence in her own strength, she hurried away.

Unexpectedly, he would be attacked as soon as he entered here.

Moreover, the two people who attacked her were actually two famous prostitutes, which showed that she had been spotted a long time ago.

There was regret and fear in her heart, and more despair.

If she was abused by these two prostitutes, she would be completely ruined in her life.

Unexpectedly, Grace suddenly appeared and rescued her.

For her, Chen Feng is her life-saving benefactor!

Chen Feng looked at him, deliberately made a hoarse voice, and said faintly: "It's okay! See the uneven road, draw a knife to help! This is what my generation of warriors should do."

"If the road is not flat, draw your sword and help?"

Bai Jingwan murmured a few words softly, and suddenly there was a sarcasm at the corner of her mouth, and said, "These two sentences are very easy to say. When it comes to the matter, how many people can do it?"

Chen Feng raised his eyebrows: "This little girl is young, and she wants to experience a lot, so she can say such a word."

He shook his head, turned around and was ready to leave without catching any stubbornness!

Seeing that he was about to leave, Bai Jing was stunned for a moment.

Then, I was even more grateful, knowing that this kindness saved people, but he didn't use his name.

He didn't even want to reveal his name to himself.

She added a little more respect to Chen Feng, and quickly trembled: "I don't know the name of En Gong Gao, the little girl will repay you!"

Chen Feng said lightly: "I don't need you to repay me."

"I know that my benefactor is extremely powerful, not a little girl can match, but the little girl is only willing to make a small trip."

"Even if there is nothing I can reciprocate, it is good to be grateful, pray for grace, and be happy and peaceful day and night."

Chen Feng shook his head, after all, he didn't want to have any trouble with her.

He is going to leave.

And Bai Jingwan saw his actions like this, and suddenly, an inexplicable sadness surged into her heart, directly shattering her mood that had just calmed down.

She almost broke down instantly.

Suddenly she softened and sat down on the ground, covering her face, crying loudly.

He cried and said with a sob: "You, I know you look down on me."

"I know, you think I was touched by them, you think I am dirty!"

"Don't even want to tell me the name! Don't even want to say a word to me! I know!"

He was howling and crying, his voice was sad, and his whole body trembling.

When Chen Feng heard this, he couldn't help but smile wryly: "Why are you crying!"

Chen Feng didn't see this the most. He walked slowly to Bai Jingwan and patted her back gently.

Bai Jingwan was wearing a tulle dress at this time. She was tall and looked very thin, but when she touched it, she felt that her muscles were smooth and flexible.

At this time, because of my excitement, my whole body was even hotter.

As soon as Chen Feng touched it, he felt as if he had been burned.

Chen Feng suddenly couldn't help but moved his hand away.

Then, he sat down beside her and said softly: "Okay, don't cry!"

Bai Jingwan didn't listen, but cried louder.

Chen Feng said helplessly: "You have been tossing for a long time just now, and you are dirty on your body. Now it is even more ugly when you cry."

He thought that saying this would at least stop Bai Jingwan from crying, but he didn't expect Bai Jingwan's voice to be louder!

She whispered and said: "You think I am ugly, just go, I know you really dislike me."

"You still hate me for looking ugly!"

Chen Feng was completely helpless: "What on earth does this girl think? Why are there so many thoughts?"

Bai Jingwan looks very beautiful, otherwise she wouldn't be targeted by these two prostitutes.

Even among the women Chen Feng met, Bai Jingwan was definitely the best looking.

[Chapter 3414: Bring you insight, the world is prosperous!](#)

Just now, Bai Jingwan was dignified and generous in her words and deeds. She was obviously a very polite person, and she was not inferior to other ladies.

But now she was crying like a little girl, so the contrast was great, but Chen Feng saw her most real side.

Suddenly, a thought flashed in his heart, and he quickly said to Bai Jingwan: "Bai Jingwan, if you don't cry now, I will promise you a wish!"

Bai Jingwan was taken aback when she heard it, and then she stopped crying.

She blinked her eyes, looked at Chen Feng, and said, "Is this true?"

Chen Feng smiled slightly: "Of course I'm serious, tell me any wishes, and I will help you realize them now!"

Bai Jingwan was really distracted, and the crying stopped!

At this moment, her face was full of tears, the pear blossoms were raining, and there were tears in her big eyes under a pair of slender eyelashes.

It looks exceptionally affectionate.

She looked into the distance, her eyes blurred, she suddenly turned around and looked behind her.

Behind him is Midtown.

After Midtown, there is Shangcheng.

Even in this dark night, there is a light inside the mansion there.

Especially in the endless palaces in the upper city, in the castle, countless rays of light flowed down, shining like a huge gem inlaid on the God of War mountain range.

Even brighter than Xiacheng.

The darkness here is in sharp contrast.

Bai Jingwan looked there, her eyes were sparkling, and she whispered softly, "I have lived for more than 20 years."

"For more than 20 years, all of them have been in Xiacheng."

"It's just that this time the Beidou Sword Sect recruited disciples. When I went to participate in the competition, I entered Midtown for the first time in my life."

"As for the Shangcheng District, I haven't even been in it yet."

"This is an unattainable place in my life. If you can, can you take me to the city to have a look?"

She looked at Chen Feng, her eyes full of pleading and expectation.

Chen Feng only felt the blood rushing up, and laughed loudly: "What is the Shangcheng District?"

"Today, I will take you to the peak of Dragon City to take a look!"

"Today, I will take you to the highest point of Sky Dragon City, to see and see, the prosperity of this world!"

"What? Really?"

Looking at Chen Feng, Bai Jingwan's eyes were full of surprises.

If it were someone else, she would definitely be suspicious in her heart.

But this is what Chen Feng said.

There is only endless trust in her heart.

The next moment, Chen Feng smiled slightly, and when he grabbed her hand, his figure suddenly flew, flying over this mid-city at extremely fast speed.

At this moment, Chen Feng exploded with incomparable aura and strength.

Bai Jingwan was shocked immediately!

She felt that she was surrounded by an unattainable mountain, extremely tall, extremely terrifying!

That strength surging like a huge ocean wave.

She trembled in her heart: "When I went to the Beidou Sword Sect to participate in the competition that day, the presiding elder was said to be close to reaching the Martial Emperor Realm!"

"But I feel that the elder who has almost reached the Martial Emperor Realm is not even as terrifying as his benefactor!"

"He is, how terrible is he?"

"And listening to his voice is quite young."

"I think he is only middle-aged at most, so how could he have such a cultivation level?"

She was horrified to the extreme.

But soon, the horror in his heart was replaced by the sudden surge in his heart.

At this time, Chen Feng clutched her arm.

Infinite heat spread to Bai Jingwan's arm through his hand.

In order to fear that she would fall, Chen Feng even half-hugged her.

As a result, Bai Jingwan could clearly feel Chen Feng's powerful pulse, that strong chest muscles, and the spray of man's breath.

In an instant, her face turned red.

The pain and sadness in my heart just now have completely disappeared, and my face is full of red.

It felt even more hot in my heart.

She raised her head and looked at Chen Feng!

At this time, Chen Feng was wearing a mask, but he could still see that Chen Feng's face was sharp and sharp.

She was apprehensive, like a bunny jumping.

"If you think about it, he should be very handsome! He looks like a, um, handsome middle-aged uncle!"

She guessed like this in her heart, suddenly her face turned red, and she took a sip in her heart: "Bai Jingwan, what do you think?"

It's just that he leaned closer to Chen Feng's arms.

Girlish feelings, picturesque.

Chen Feng took her all the way forward, and at his speed, he quickly crossed the Midtown District and came to Shangcheng District.

There are countless strong people living in the upper city of Tianlong Mansion, and naturally they are also heavily guarded.

But who is Chen Feng?

Speaking of being heavily guarded, how many of them are comparable to the City Lord's Mansion of Chaohe Emperor City?

That is a powerful existence that can resist the nine major forces without losing the wind!

Isn't Chen Feng coming and going freely?

Chen Feng only raised the height to about 10,000 meters, so he saw the stars below, but no one found Chen Feng's trace.

Bai Jingwan looked down and saw that at this moment, countless stars were shining brightly below, as if she were in the ocean of stars.

She couldn't help but be dazzled for a while, and whispered softly: "So beautiful."

Chen Feng smiled: "There will be more beautiful ones later!"

He raised his head and looked forward.

At this moment, in the distance in front of Chen Feng, a towering mountain appeared, and on that mountain was a huge castle.

The whole castle is built of white stone, like countless huge towers.

The fact is exactly the same. This castle is not so much a castle as it is a building composed of hundreds of towers.

These towers vary in height, but without exception, they are all thin and pointed, like a brush.

Moreover, even the shortest one has a height of about 10,000 meters.

The highest one has reached 100,000 meters!

Bai Jingwan exclaimed: "This is the General Mansion? The legendary Tianlongwei General Mansion?"

Chen Feng smiled: "Yes, it is the General Mansion of Tianlongwei."

He took Bai Jingwan, brushed it, his figure flashed, and after a dozen times of flashes, he came to the sky above General Longwei's mansion that day.

Then, led her down slowly.

In the end, it fell on the highest spire.

Tianlongwei General's Mansion itself is located on a high cliff, overlooking the surroundings, and here is the highest point of the entire Tianlong City!

Chen Feng took her to the ground slowly!

Of course, there are many masters in Tianlongwei General's Mansion.

With Chen Feng's current strength, perhaps he has to fight against them. It may not be an opponent, but if they don't alarm them, if they look at the scenery here, they are impossible to find.

[Chapter 3415: Close to the truth](#)

Bai Jing stood up slowly and turned around.

At this moment, looking from here, the entire Sky Dragon City was under his feet.

Countless lights, bright like a galaxy flowing.

Bai Jingwan stood there, silent for a long time.

Suddenly, her body trembled slightly.

Chen Feng saw it and saw that she was already in tears.

Chen Feng was about to console, Bai Jingwan suddenly said softly: "I came from an unusual family in Xiacheng."

"My family is very poor, and my parents are not warriors."

"Since I was a child, I have been sore eyes and bullied."

"I remember that after I showed up when I was young, the neighbors around me said the most words, the best and best ending for me is probably to be favored by the big family and be a concubine."

"In this way, life will be easier in the future."

Chen Feng's heart felt sorrowful.

He could already see that Bai Jingwan was a very proud woman in her heart.

How painful would such words make her?

Bai Jingwan said softly: "Later, I learned that my ancestor was actually a middle-aged general in the city just three generations ago."

"Do you know the Zhong Lang general?" She looked at Chen Feng.

Of course, Chen Feng knew, and said softly: "Among the thirty-one generals, the second level is second only to the general of Tianlongwei."

"Yes, yeah, he can be regarded as the top person in the entire Sky Dragon City."

"But it's a pity..."

There was a sneer at the corner of her mouth: "At that time, my great-grandfather was prominent in Sky Dragon City and everyone admired him."

"However, it is because the following generations have extremely poor talents since childhood."

"It can even be said that there is no talent, no matter how many resources are thrown, the martial artist's cultivation is stagnant."

"So, after the death of my great-grandfather, all the glory and all the property of my family were swallowed up like hungry wolves!"

"In my generation, it has been completely ruined, and the family has been completely ruined!"

"Thank you!"

Her voice suddenly rose, and her eyebrows were all flying: "My talent is not bad."

"Since I was young, I didn't have much resources, and I didn't have the guidance of a famous teacher. I ranked first in the assessment of entering the Beidou Sword School!"

Her gaze was full of Zhan Ran.

Chen Feng nodded slowly. At her age, with such a cultivation base, her talent is already excellent.

It is very rare and precious. If there are resources, organic conditions, and cultivation, it can even reach the realm of Hua Lengshuang and Mei Wuxia!

Bai Jingwan suddenly turned around.

She looked at Chen Feng with shining eyes, as if there were stars twinkling in her eyes:

"I am not clinging to the powerful, I just want to tell myself, I want to revive my family!"

"I want my family to reappear to the sun!"

"Let me never suffer that humiliation again!"

"I want my parents to live well, and I will never let them suffer again!"

Bai Jingwan seemed to have been depressed for too long.

The days she used to be too bitter.

She has no one to tell, and she is unwilling to tell others.

But today, in the face of Chen Feng, who has never known each other, and in the face of this person who has saved her, but is not even willing to leave her name, she is already deeply imprinted in her heart, but she has said everything. .

What should be said and what should not be said, all confided to Chen Feng.

She said a lot about her past.

Her dreams, everything about her!

And Chen Feng did not speak, just listened quietly there.

From beginning to end, Chen Feng didn't say a word, but looked at him with eyes like morning stars.

I don't know when, overnight, it passed quietly.

In the distant sky, a faint red light is looming, and the sun is about to come out!

By this time, Bai Jingwan had fallen asleep unconsciously.

She just leaned in Chen Feng's arms and slept sweetly.

Chen Feng bowed his head.

Her face is unparalleled in this morning light.

There were tears in the corner of her eyes.

Her long eyelashes flickered like a fan, and she slept soundly.

Her face was peaceful, as if she was in Chen Feng's arms, she was extremely relieved.

Obviously, she is not wary of Chen Feng.

Chen Feng smiled slightly, didn't alarm her, just hugged her, her figure flashed one after another, and soon returned to the place where she met yesterday.

Then, Chen Feng gently placed her on a slate, then turned and left.

At the moment Chen Feng left, Bai Jingwan, who was sleeping, trembled twice and opened gently.

Although Chen Feng had already left, the tall figure was firmly imprinted in Bai Jingwan's heart.

She looked at Chen Feng's tall and straight back, secretly clenched her fists, and whispered softly:

"Yun Gong, I know that you are too strong for me."

"Now, there is nothing I can do for you."

"But don't worry, if you use me one day, I will definitely break your bones for you! I'll be the one!"

At this time, the sky was already bright.

When Chen Feng came to Xiacheng District, he had already taken off his mask and took a step forward to blend in with the crowds of Xiacheng District.

Chen Feng held the Blood Fiend Jade in his hand and felt the temperature of the Blood Fiend Jade to adjust his direction.

In the Xiacheng District of Tianlong City, the whole direction is that a large area is lined up from the south and the north.

After Chen Feng came down from the Zhongcheng District, the direction was pointing to the south, so he first walked south for about tens of miles.

And he felt that after walking there for dozens of miles, the temperature of the Blood Fiend Jade did not increase in any way.

It's still the same as before.

Chen Feng wanted to change direction, but after thinking about it, let's forget it, and be more patient.

So he walked all the way to the south for almost two hours.

With his feet, these two hours have allowed him to see the towering city wall to the south, and at this time, the Blood Fiend Baoyu still did not respond.

Chen Feng nodded slowly: "It seems that it is not in this direction."

So he changed another direction and turned directly to the southwest.

And when Chen Feng had just walked out of a few tens of miles, he felt that the blood evil jade in his hand had suddenly risen by a level.

Hotter than before!

Chen Feng was overjoyed: "Great, this is the direction!"

Next, Chen Feng spent a whole day walking around in this city, using the temperature of Blood Fiend Treasure Jade to judge whether his direction was correct.

Soon, it was evening, and the sunset sank.

At this time, the **** evil jade in Chen Feng's hand was already about 50% higher than when he first arrived in Sky Dragon City.

Chen Feng came to the southwest.

Every once in a while, he would adjust the direction, and as long as Chen Feng went in the right way, the temperature on it would increase by about 10%.

Chen Feng vaguely felt that he was not far from the truth.

[Chapter 3416: It turned out to be her?](#)

At this time, Chen Feng felt very hungry in his belly.

Although his strength is extremely high, he is not the kind that can not eat the fireworks.

On the contrary, Chen Feng likes meat very much.

And eating meat is also beneficial to his body.

Chen Feng glanced forward and saw that there was a large restaurant in front of him, so he stepped forward.

He asked for a place by the window, Xiao Er came up courteously, and Chen Feng ordered some local specialties.

Soon, the wine and food were delivered.

There was a pile of tables in front of Chen Feng, but everyone was not surprised by this.

The warriors, especially the higher-level warriors, are all magnanimous generations.

There are not many of them on the table in front of Chen Feng.

Chen Feng tasted a few chopsticks and was amazed.

"The restaurant under the God of War really has its own flavor, which is very different from other places."

"Even the meat seems to be exceptionally delicious, and I don't know what monster beast's meat was selected."

Chen Fengfeng was amazed and feasted.

Take a big mouthful of wine and eat a big mouthful of meat.

Then, he sighed and sighed: "In fact, this warrior has traveled all over the world throughout his life. Not to mention anything else, just for the delicious food in this world is also a very tempting reason!"

Chen Feng was eating, and suddenly heard a burst of horseshoes from the street.

He couldn't help but raise his eyebrows.

Then I saw a group of soldiers and horses coming hurriedly toward this side in the distance.

There were about seventeen or eight people, all of them armored cavalry.

The mounts under their hips are war horses, but this kind of war horse is very tall, the size of a small house.

The surface is covered with black scales and looks extremely hard, and the warhorse has a crescent-like corner on the top of its head.

And the knights on the horses, everyone is wearing black heavy armor.

The armor was directly smashed from a large piece of metal plate, which looked very hard and had extraordinary protection.

They came violently, and the man in the lead had a cold and murderous look on his face.

When Chen Feng heard it, there was an exclamation and discussion above the restaurant.

"This is a profound armor ride!"

"Yes, Xuanjiaqi hasn't always been stationed outside the city, why did you come to the city today?"

"I don't know, but there must be nothing good for them to come to the city!"

"Yes! Xuan Jiaqi, since being taken over by that adult, has done everything in the Sky Dragon City."

"Who can say no! This profound armored cavalry is also a powerful cavalry on the battlefield, but I didn't expect to do such a thing now, saying that the adult is good at accumulating money, as expected."

"Let's take a look this time, and see who is unlucky enough to be targeted by them!"

Hearing what they said here, Chen Feng also heard some eyebrows.

It turned out that this Xuanjiaqi was a member of the army under the rule of Tianlong Mansion. I heard this meant that it was stationed outside the city, and it had nothing to do with everyone in the city.

However, they didn't expect that after their new leader took office, they would send out the Xuanjia Cavaliers, and then harass them everywhere.

Chen Feng looked out with great interest, and then saw that this group of Xuanjia Cavaliers stopped not far in front of the restaurant.

Stopped in front of a tall building.

The building was antique, but it looked like a grass house, just like the residence of the country hermit.

There are more than a dozen very exquisite abodes built with green bamboo.

And around the academy, there are even streams surrounded by water, hidden from Lin Xiuzhu, very elegant.

It is in sharp contrast with the surrounding buildings.

The gate is still Chai Fei, and beside Chai Fei, there is an apricot-yellow chess piece standing upright with a huge "medicine" written on it.

Alchemist's medicine.

Chen Feng saw it just now, but didn't care.

And now it seems that the purpose of this team of Xuanjiaqi should be this store.

Suddenly, the pan was fried above the restaurant.

"Oh, these profound armor riders are so courageous!"

"Yeah, they actually took aim at Zhulin Medicinal Food Studio?"

"Zhulin Medicinal Food Studio, but it has a lot of background!"

"Yes, I heard that behind Zhulin Medicinal Food Studio is a very high-level warrior."

"Who said no? No one has dared to think about the Zhulin Medicinal Food Studio over the past few years. This group of profound armor rides boldly!"

These profound armored cavalry stopped outside the Zhulin Yaoshanzhai, and the mighty man who took the lead coldly shouted, "Are there any living people inside? Get out of me!"

The pressure was overwhelming.

Chen Feng raised his brows.

This black-clothed man, with good strength, already has the strength close to the Martial Emperor Realm, much stronger than Qi Junhao, and it is estimated that his general level is much higher than Qi Junhao.

"Unexpectedly, it was Sun Yongjie who led the team personally!"

"Yes! This Sun Yongjie is a well-known expert in the profound armor cavalry, and he will not appear easily. I didn't expect him to get up today."

"It seems that they also know that the people behind Zhulin Medicinal Food Studio are powerful and should not be underestimated, so they let Sun Yongjie come."

"It's right to send Sun Yongjie, this person is not only powerful, but also extremely arrogant and domineering!"

"After the blood rushed to the head, no matter what, no one's face would be given!"

Chen Feng also watched with interest.

After a while, in the bamboo forest medicated food studio, a woman suddenly came out with a variety of styles.

This woman, about thirty or so years old, looks very beautiful and has a very hot body.

A blue dress can't hide her figure.

She swayed and came to Sun Yongjie. After seeing him, she was stunned, then giggled, and said, "It turns out to be Sun Yongjie, Lord Sun. I don't know which wind brought you here?"

"Come on, don't stay outside, it looks so much!"

"Please come inside!"

She smiled softly: "The little girl just invited a powerful alchemist to sit here."

"Little girl, you can also make a good soup, sir, can you taste it?"

She was all smiles, as if she hadn't taken Sun Yongjie and others to come here seriously!

Suddenly, Sun Yongjie grinned, without saying a word, he just grabbed her by the neck and lifted her up.

Then, his left hand slowly tightened, with great force, to choke her alive!

Her white, tender neck fell into his hands, as if it was about to break at any time.

In an instant, the woman's face flushed, her breathing was difficult, and the blue veins on her forehead were bulging out.

The crowd around the audience was stunned.

"Sun Yongjie is cruel enough to kill as soon as he comes up!"

"Yeah, he is coming fiercely. It seems that this time, Lin Ran and his Zhulin Medicinal Food Studio are going to be unlucky."

"Yes, Lin Ran's figure, this looks, who would not pity him? But what is it, Sun Yongjie is an asshole!"

[Chapter 3417: Help](#)

At this time, the reaction is different from everyone!

At this moment, Chen Feng looked at Lin Ran, his eyes straightened.

His eyes stared at Lin Ran dumbly, while Chen Feng trembled slightly all over his body.

His heart was pounding, blood was flowing wildly, even Chen Feng's eyes were a little red, staring at Lin Ran unblinkingly.

Chen Feng's eyes were full of excitement, and a voice in his heart roared: "It's her! It's her?"

It turned out that at the moment just now, at the moment Lin Ran appeared, the **** jade in Chen Feng's arms almost jumped like crazy.

It became extremely hot in an instant.

Almost all Chen Feng couldn't bear it!

Chen Feng was stunned!

But at this time, seeing that Lin Ran was about to be killed, he was relieved: "Could it be that Lin Ran is actually the descendant of Mortal Lei Ting?"

However, Chen Feng was a little uncertain!

Because at this moment, he felt a deep feeling of intertwined fate and entangled luck.

This entanglement is not between him and Lin Ran, Lin Ran is just a midpoint.

That entangled destiny, after reaching her, spread forward to unknown places!

Chen Feng whispered: "It shouldn't be!"

"If she is really a descendant of Real Thunder, it shouldn't be the case."

However, he couldn't manage that much anymore. Chen Feng saw that Sun Yongjie meant to kill Lin Ran.

And he absolutely would not allow Lin Ran to die like this!

If Lin Ran is dead, then nothing else will be mentioned!

Originally, Chen Feng only wanted to watch the excitement, but now he can no longer watch.

Chen Feng was about to do it, but at this moment, Lin Ran suddenly squeezed a word from his throat: "You want to kill me, have you thought about the consequences?"

Chen Feng's heart suddenly shuddered.

This woman, even though she was almost strangled to death at this time, her face was still awe-inspiring, without the slightest fear.

Moreover, he was very calm, able to say the most lethal sentence.

It can be seen that she is not only strong temperament, but also very clear thinking.

Hearing her words, Sun Yongjie was stunned for a moment, and he couldn't help but give it away.

Chen Feng also sighed lightly, and did not act rashly.

At this time, it was too worthwhile to reveal his identity, because he felt that he was only one step away from finding the descendants of Real Thunder!

Lin Ran fell to the ground, staggered and almost fell.

Yes, this woman is really amazing. At this moment, there is a smile on her face, as if nothing happened.

She said softly, "Master Sun, is there any misunderstanding in it?"

"I don't care if there is any misunderstanding!"

Sun Yongjie stared at Lin Ran and sneered:

"If I still can't see the money after three days!"

"At that time, your life will be killed, have you heard?"

After all, he actually pinched Lin Ran's neck again and slowly raised it!

He pinched Lin Ran's neck with his right hand and kept tightening, which made people feel that Lin Ran's slender and beautiful neck could be pinched by him at any time.

And he did plan that.

The murderousness in his eyes was clear, he was going to kill directly!

Just now, when Sun Yongjie heard Lin Ran's words and thought of the backer behind Lin Ran, his heart jumped and he couldn't help but let go.

This made him feel a great loss of face under his hands.

At this moment, his eyes were red, and a tyrannical surge in his heart, no matter what, he wanted to break Lin Ran's neck alive!

This person is really tyrannical and somewhat irrational.

At this time, on the second floor, a voice suddenly came out: "What kind of ability is there for so many people to bully a weak woman?"

Hearing this voice, Sun Yongjie was shocked.

He looked upstairs with sulky eyes!

Before he could see clearly, he felt a figure suddenly come.

The next moment, his right wrist shook violently, so he could not help but let go.

Then, the figure hugged Lin Ran in his hand, and then slowly landed.

At this time, Sun Yongjie just came back to his senses.

Therefore, he saw Lin Ran being held in his arms by a young man in white clothes at this moment!

At this moment, everyone around exclaimed!

Sun Yongjie hadn't recovered, but they could see clearly.

A young man in white jumped on the second floor of the restaurant, and then hit Sun Yongjie's wrist with a punch, forcing him to let go of his hand and catch Lin Ran!

Chen Feng hugged Lin Ran in his arms and said softly, "Are you okay?"

Lin Ran suddenly coughed violently, his face flushed.

After a long time, he recovered.

She looked at Chen Feng with a trace of gratitude in her eyes!

Chen Feng's eyes are as bright as stars, and there is no hint of lewdness in them.

Suddenly, at this moment, she seemed to be hit in the softest part of her heart, and she wanted to cry.

"So many people are watching, no one cares about me."

"And he did not hesitate to offend Sun Yongjie for me!"

"Boy, was it your hand just now?"

A mournful voice came from behind.

Chen Feng turned to look at Sun Yongjie, without paying attention to him: "Yes, it was my hand."

After seeing Chen Feng clearly, Sun Yongjie glanced at him up and down, then grinned: "It turns out to be a trivial one-star Wu Wang."

"A mere star Wu Wang dare to do something with me? Could it be that my Sun Yongjie can be so despised now?"

He looked at Chen Feng with extremely contemptuous eyes, and did not put him in his eyes at all.

And in his opinion, he was just unprepared for what he had just now, so he was sneak attacked by this little boy and rescued Lin Ran.

He didn't think Chen Feng would be his opponent.

In his opinion, Chen Feng is nothing but an ant that can be easily crushed to death by him.

It's not just him, other people see it the same way.

"This kid is crazy!"

"Yeah, a mere star Wu Wang, dare to challenge Sun Yongjie, whose strength is almost close to the Martial Emperor Realm?"

"Hey, it's over, it seems that he is going to be beaten alive!"

"He succeeded in a sneak attack just now and saved Lin Ran. Does he really think he will be Sun Yongjie's opponent?"

There was a lot of discussion, and there was no lack of ridicule in the words.

Not just them, even Lin Ran.

She looked at Chen Feng with gratitude in her eyes. If it hadn't been for this young man to take the shot, she might have been pinched to death by Sun Yongjie's neck alive.

But she also believed that this young man was just taking advantage of Sun Yongjie's unpreparedness, so she rescued herself!

Chen Feng stared at Sun Yongjie and sneered before speaking.

Lin Ran was the person he had to save. In order to save Lin Ran's life, Chen Feng was not afraid of offending anyone.

Now Chen Feng doesn't mind giving Sun Yongjie a lesson.

[Chapter 3418: Finally found you!](#)

As long as Chen Feng makes a move, he will immediately let Sun Yongjie know what is really tough!

It will let him know if he has any strength!

And Chen Feng was about to speak, suddenly Lin Ran stood in front of him!

"Where are you his opponent? Are you looking for death? Don't be impulsive!" Lin Ran gave Chen Feng a strange look and whispered.

She hurriedly pulled Chen Feng behind her, like a sister protecting her younger brother.

Then, looking at Sun Yongjie and others, there was a smile on his face, and he said, "Master Sun, don't be familiar with him."

"This is my nephew from my own family. He just came to Sky Dragon City and doesn't understand anything. Don't be familiar with him. Forgive him!"

She begged repeatedly, and at the same time walked forward and handed a small bag of things to the head of Sun Yongjie.

Sun Yongjie weighed the bag, a satisfied smile appeared on his face.

At this time, Sun Yongjie also regained his sanity.

His tyranny happened in bursts.

Now I will borrow the donkey from Po.

Then, when he walked to Chen Feng, he nodded his finger in front of him, and said with a sneer: "Little bastard! For Lin Ran's face today, spare your life!"

"Otherwise, you have to interrupt your dog legs!"

"Don't have another time! If you have another time, I will just abolish you!"

After speaking, he turned around and shouted: "Go!"

A group of people walked away.

Chen Feng looked at his back, his eyes cold.

The reason why Chen Feng endured this breath and didn't conflict with them was only because, at that moment, that very familiar feeling erupted from Lin Ran, as if fate was entangled.

Chen Feng didn't want to act rashly, he wanted to know what was going on, so he chose to be patient!

Looking at Sun Yongjie's back, there was a sneer at the corner of his mouth: "Next time, you don't need to waste me, I will let you know how powerful Chen Feng is."

Seeing Sun Yongjie leaving, Lin Ran finally let out a long sigh.

Her eyes grew colder, she looked around at the onlookers, grabbed Chen Feng's arm, and said, "Go! Let's go in and say!"

Then, he took Chen Feng into the bamboo forest.

The medicated food restaurant looks elegant on the outside, and the environment inside is extremely quiet.

The stream dingdong, repairing bamboo entangled, and as soon as I entered here, I immediately felt that the noise outside was gone.

Obviously, there should be a magic circle for isolation.

After Lin Ran led Chen Feng into it, a group of people in the hall suddenly rushed up.

They are all young boys and girls, most of them are under the age of seventeen or eighteen, and the younger ones are even only eleven or twelve.

They are without exception, the males are quite handsome, and the females are very beautiful.

All of them wore white clothes with a hint of dust on their bodies.

When Chen Feng saw it, he couldn't help but secretly appreciate it.

Suddenly, Chen Feng trembled violently, and his pupils shrank sharply.

His eyes suddenly fell on one of the girls.

At this moment, Chen Feng shuddered all over.

His shudder was not the same as when he saw Lin Ran just now.

It is countless times more violent than before!

Countless times stronger than before!

At that moment, the extremely powerful, fateful entanglement, the entangled fate, the feeling of being unable to get rid of, unable to struggle, filled Chen Feng's heart.

It is generally the same as the feeling when the Heart Demon Tribulation appeared!

Chen Feng was stunned!

At this moment, Chen Feng seemed to have passed countless years.

In reality, it was just a moment.

Finally, Chen Feng whispered instinctively: "It turned out to be you. I found it. I finally found it!"

At the same time, the **** jade in Chen Feng's arms suddenly swelled.

Then, the next moment, the heat reached the extreme.

It was a snap, it was broken, disappeared, and disappeared into the invisible!

Chen Feng knows why, because its mission has been accomplished.

"Because I have found the descendants of Real Thunder!"

Chen Feng let out a groan-like murmur!

At this time, after the shock in Chen Feng's heart faded, he was replaced by ecstasy.

He couldn't wait to laugh out loud: "I found it, I found it! My inner demon is about to be broken!"

At this time, Chen Feng's eyes finally became condensed from the illusion just now, and then fell on a girl.

This girl is only eleven or twelve years old, and she is not so outstanding!

In fact, among these beautiful women, she can only be regarded as ordinary-looking.

Nor did he show any powerful auras, but Chen Feng clearly felt that his entanglement with his own destiny aura was endless!

And the little girl seemed to feel Chen Feng's gaze.

She raised her head to make contact with Chen Feng, and immediately lowered her head in a panic and hid behind everyone.

Their faces were full of worry. After seeing Lin Ran coming in, they rushed up and surrounded him.

"Sister Lin Ran, are you okay?"

"Sister, did they embarrass you?"

When they saw the scarlet claw marks on Lin Ran's neck, they were even more panicked, and kept asking questions.

Obviously, everyone was extremely concerned about Lin Ran.

A smile appeared at the corner of Lin Ran's mouth and said softly: "Don't worry, I'm fine!"

Then he waved his hand again and said: "You guys get out first!"

"Yes." Everyone stepped back.

Then, Lin Ran looked at Chen Feng and said, "Go, let's go in and talk."

But at this time, she found that Chen Feng's eyes were a little dazed, and she looked at the side without saying a word, and she seemed to be stunned.

She couldn't help but said, "What's wrong? Little brother?"

At this moment, Chen Feng was awakened abruptly by her shout, and recovered.

He had completely calmed down at this time, and his eyes swept over the little girl without any trace, but he was thinking about what should be done.

But in any case, it seems that Lin Ran is the master of this room, so it is always necessary to ask her clearly first.

He whispered: "Nothing, let's go!"

Lin Ran took him to a quiet room, and then looked at him, eyes madly, and whispered: "Little brother, my name is Lin Ran, you can call me sister Lin Ran from now on."

Chen Feng was still thinking about things, but didn't answer it.

Seeing Chen Feng not speaking, Lin Ran thought he was shy. Somehow, when she saw Chen Feng, she felt quite close.

Seeing him not speaking at this time, he deliberately teased him, saying, "What do you mean? Don't you want to recognize my sister?"

Chen Feng laughed: "Okay! Sister Lin Ran!"

Seeing Chen Feng's answer, Lin Ran was as happy as something, and quickly asked Chen Feng's origin.

Chen Feng gave an explanation.

"It turns out that you are a new disciple of the Beidou Sword Sect, hey, the Beidou Sword Sect is also very miserable!"

[Chapter 3419: Took a job](#)

Lin Ran was not surprised or shocked when he heard that Chen Feng was a disciple of the Beidou Sword School.

Chen Feng smiled and said, "Why, sister Lin Ran looks down on me, a disciple of the Beidou Sword School?"

Earlier, when Chen Feng was looking for the descendants of True Person Lei Ting in this Dragon City, he noticed that there are many medicated food restaurants here.

So, he also understood what the origin of Medicinal Food Studio was.

It turns out that this medicated diet is also one of the specialties of God of War Palace.

The God of War Mansion is self-contained, unwilling to be pinned down by any power on the mainland.

Among them, naturally also includes the Association of Founders and Alchemists Association.

For the Foundry Association, the God of War has its own Foundry Association.

For the Alchemist Association, the God of War Palace also has its own set of methods.

In order not to be restrained by the Association of Alchemists, the God of War Mansion built medicinal food restaurants in various cities.

In this medicated food studio, there is usually a pharmacist presiding over it.

And there are a number of apprentice alchemists under his hands.

Of course, according to the different levels of the medicated diet, the hosts inside are also different.

Like those medicated food studios that only the senior officials of the God of War can enjoy and enter, the hosts inside may even be very high-level existences!

With the size of a single place in the God of War Palace, all the alchemists in the area of the God of War are far less than the 20% of the Dragon Vein Continent Apothecary Association.

Therefore, they deeply know that if it is to compare alchemy, they will definitely not compare to the Association of Alchemists.

As mentioned, they found a new way, invented, and went out of a medicated diet.

This so-called medicated diet is made from various medicinal materials, which is a bit similar to medicinal liquid, but it tastes much better than medicinal liquid.

Moreover, there are not only medicinal materials, but also some monster meat, other heavenly spirits and earth treasures.

After drinking it, the effect is excellent.

Moreover, in addition to the medicinal power, there are also various other strong spiritual powers that do not exist.

The effect of course is much worse than directly taking the pill.

But the key is that the price and cost of medicated diet is much lower than that of pill.

Most powerful people can afford to eat, and they can eat so many times a month.

And if it is a pill, the posture can't be eaten like a common meal.

In these major cities under the rule of the God of War Palace, the children of the powerful people would go to the Medicinal Zhai whenever they wanted a feast.

Ordering so many signature medicinal meals, talking and chatting, is a very common enjoyment.

If you can still increase your strength, why not do it?

Some people even do nothing all day long, just soak in the medicated food fast.

Apothecary is a powerful and noble profession on Dragon Vein Continent, and pharmacists are not easy to provoke.

The Alchemist Association is also quite aloof in all parts of the Dragon Vein Continent. Correspondingly, under the God of War Palace, such as Medicinal Food Studio, the power is also quite large.

After all, to open a medicated diet fast, first of all, there must be a few genuine pharmacists in there.

Even if you can't make a pill, it's very difficult to make a delicious and effective medicated diet, which is absolutely impossible for a non-authentic alchemist.

How can the power of the alchemist who can support it be weak?

Therefore, in Heavenly Dragon City, anyone who can afford medicinal food fasts is quite a powerful force.

Lin Ran is the steward of this Medicinal Food Pavilion. This Medicinal Food Pavilion is strong. Although it is only in Xiacheng District, it actually possesses the strength not inferior to a certain military commander family in Zhongcheng District.

Therefore, she didn't really care about Chen Feng's identity as a disciple of the Beidou Sword School.

However, out of safeguarding Chen Feng's self-esteem, she did not say anything.

In fact, if it weren't for a military commander with a very high level in the Black Armored Cavalry and an official rank of 16 or higher, she would definitely not be afraid.

Even Lin Ran felt that the place of the Beidou Sword Sect was quite miserable.

However, in Lin Ran's eyes, although this young man was not ignorant of the heights of the sky, and even a little stupid, he was very good to himself.

With a heart of innocence and sincerity!

Lin Ran suddenly rolled his eyes and looked at Chen Feng and said, "Apart from the Beidou Sword Sect, where else can you go?"

Chen Feng froze for a moment: "What do you mean?"

"Oh, you really don't know how difficult it is to stay in Dragon City this day!"

Lin Ran quickly said: "After you joined the Beidou Sword Sect, if you want to improve your strength, you need pills and all kinds of things. How do these things come from?"

"Of course they all bought dragon blood amethyst! How about you? Do you have it?"

Chen Feng snickered in his heart: "I don't know how many dragon blood amethysts are here."

But his face still said, "No."

"That's not enough? Many disciples of the big sect have to take some other jobs outside, so they can earn more dragon blood amethyst."

"You just come to sister here!"

Lin Ran looked at Chen Feng with an expression covering you, and said, "Sister doesn't treat you badly. You don't have to do anything specific here, as long as you stay here."

"Anyway, your strength is pretty good. If there are any scumbags coming to nuisance every day, you will get rid of them!"

Chen Feng smiled slightly: "I didn't expect to take a job as a guardian martial artist."

But he also happens to be willing to stay here to facilitate contact with the descendants of the real Thunder.

So Chen Feng nodded and said, "Okay, thank you very much."

Lin Ran was immediately overjoyed when he agreed, and smiled openly: "If it weren't for you to take action today, I'm afraid I would die at the hands of the dog thief. I can't repay you too much."

Then, he proposed to let Chen Feng live here directly, with a place to live behind.

Chen Feng politely declined, and then left and went to find an inn next to him to stay.

The next day, Chen Feng came to work here.

His errand is similar to that of a guardian martial artist.

However, everyone knows the background of this Zhulin Medicinal Food Studio. If you are waiting, how dare you come here to make trouble?

So Chen Feng is actually very leisurely and has nothing to do.

All day long, just wandering around.

It was only a day's time, and Chen Feng figured it out.

Lin Ran is the shopkeeper of this bamboo forest medicinal restaurant. There are more than 20 boys and girls under her, all of whom are similar to the status of a maid.

Serving tea, pour water, and wait.

In addition to them, there are also a few pharmacists who specialize in preparing medicines, as well as a chef in the back kitchen, but this Chen Feng can't be seen.

They couldn't wait to come to the front yard, they all stayed in the back yard.

The business of Zhulin Medicinal Food Studio is very good. In a day's time, Chen Feng counts, at least dozens of guests come to the door.

Moreover, this medicated food studio is also very expensive. Those medicated foods are expensive, and they are often thousands of dragon blood amethysts.

[Chapter 3420: get together](#)

But in Chen Feng's view, this is also quite good value for money.

He is a powerful alchemist, and he can tell at a glance that these medicated diets still have many advantages compared to pill.

Not only the cost is low, the time is short, but it is actually quite easy to absorb, and the taste is good.

Among them, Chen Feng was also amazed by the wonders and gained insight.

The others are busy, but Chen Feng has nothing to do.

However, no one had any opinions, because they all knew that Lin Ran was rescued by Chen Feng yesterday, so they admired and appreciated Chen Fengfeng.

Even several people are quite close to him.

Of course, these are all women, and Chen Feng is tall and handsome. They also liked it when they saw it.

Chen Feng naturally didn't mean anything to them, his attention was focused on the little girl.

In one day, Chen Feng also found out her details.

It turned out that this little girl was named Zhong Lingzhu.

Everyone is not clear about her origin.

I just know that she was adopted by Lin Ran.

A few years ago, Lin Ran brought her here.

At that time she was a child, and now she is only twelve years old.

Chen Feng wanted to contact him privately, but he did not expect that Zhong Lingzhu was an extremely timid and timid temperament.

Several times Chen Feng finally found the opportunity to be alone with her, but before she could speak, she ran away.

It really made Chen Feng somewhat unable to start.

Soon, Chen Feng had been here for two days.

By the third day, Chen Feng was thinking about how to find a chance to have a good talk with Zhong Lingzhu.

At this time, the bead curtain at the door opened and a figure walked in.

After seeing this person, Chen Feng suddenly raised his brows.

It turned out that the person who came in turned out to be her acquaintance.

Qi asked Xia unexpectedly.

Qi Wenxia was obviously here to find someone.

Immediately after coming in, she raised her voice and shouted, "Do you have one here called Feng Chen?"

At this moment, a lazy voice sounded in the corner: "Miss is really helpless."

"Feng is standing here, can't you see?"

It was Chen Feng who spoke. *noVELusb.com*

Qi Wen Xia Wenyan turned his head and looked, Chen Feng was leaning lazily by the door at this time, in a lazy posture.

Seeing him like this, Qi Wenxia felt very unhappy.

She looked at Chen Feng up and down again, even more unhappy.

It turned out that Chen Feng liked to wear white clothes, but after coming to work here, the clothes around them were similar to those around him, so Chen Feng didn't change clothes of other colors.

Originally, he was dressed in white, very handsome, but at this moment, in the eyes of Qi Wenxia, who was biased towards him, he was no different from the others around him.

Looking at Chen Feng, Qi Wenxia frowned, with a touch of contempt and disdain in his words:

"Feng Chen, although you come from a small place and are weak, you are a new disciple of the Beidou Sword Sect anyway."

"How come to work in this place? Don't you feel ashamed of our Beidou Sword Sect?"

When she said this, Chen Feng just remembered that she was also a disciple of the Beidou Sword Sect this year!

And the other boys and girls showed anger on their faces.

Qi asked Xia's words without concealing his disdain and contempt for them. How could anyone be willing to listen?

After Chen Feng heard this, his heart was also very unhappy, but to give her mother Aunt Su's face, Chen Feng did not immediately attack.

Only his expression changed, and he said indifferently: "I wonder why the lady is here?"

Qi Wenxia said lazily: "Do you think I'm willing to come? My mother asked me to come and find you."

"What's the matter with me?" Chen Feng asked, raising an eyebrow.

Qi Wenxia obviously hesitated for a while, obviously looking very reluctant, but she did not dare to violate her mother's instructions.

He sighed, looked at Chen Feng and said, "There will be a party at noon tomorrow."

"Mother asked me to take you to participate, so that you can have a long experience."

"What party?" Chen Feng asked, raising his eyebrows.

Qi Qi asked Xia: "There were about ten people attending the gathering, all of whom were new disciples who entered the Beidou Sword Sect this time. All of them are new disciples. After the relationship is good, they are familiar with each other."

Chen Feng didn't want to go, so what can I say to these people?

But since it was Aunt Su's kindness, Chen Feng couldn't bear to make her sad.

So he hesitated for a moment, then nodded and agreed.

Qi Wenxia showed a look of dissatisfaction on her face, and said, "Feng Chen, you still have to hesitate? Do you think going to this party will give me more face?"

Chen Feng shook his head, too lazy to care about her.

Qi Wenxia looked at him and said: "Like you, he can't speak, his strength is low, and he has no family background."

"If you don't know a few more friends before entering the Beidou Sword Sect, you won't know how sad the days will be after entering."

When she said this, she was condescending and looking down.

After speaking, he turned around and left.

When I walked to the door, I suddenly remembered something, turned around in a very kind manner, looked at Chen Feng and said, "Don't blame me for not reminding you, these people are all the powerful children in the city."

"When you go, when you talk, be careful with them!"

She looked at Chen Feng and added: "You can't afford them."

Chen Feng shook his head indifferently: "I can't afford to provoke? Are there any characters in Sky Dragon City that I can't provoke?"

Seeing Chen Feng not speaking, Qi Wenxia seemed to feel that there was nothing to say to Chen Feng, shook his head, turned and left!

Chen Fengli didn't bother to pay attention to him, but shook his head: "This woman seems to be too arrogant."

After seeing Qi Wenxia leave, the boys and girls who had been quietly silent around, gathered around.

He asked verbally: "Who is this?"

"Yes, why are you so arrogant and look down on people?"

Everyone has been very familiar with Chen Feng these days.

Chen Feng and them have very good tempers, and they always smile all day when they are angry.

Everyone thinks that he has strength and high status, but he doesn't look down on people, so they are willing to get close to him.

Especially a sixteen or seventeen-year-old girl who looked at Chen Feng thieflly and said:

"Big Brother Feng Chen, isn't this girl having anything to do with you?"

"Why do you look like eating you? Didn't you bear others?"

This little girl, named Miao Yiyun, has a good relationship with Chen Feng.

Even, I heard that Chen Feng lived alone and had to wash and cook for him, but Chen Feng quickly declined.

Chen Feng smiled and clicked on her: "You little girl, don't talk nonsense! I have nothing to do with her."

"It's just the daughter of a deceased, her mother deliberately matched us, but..."
