

## Peerless 3531

### [Chapter 3531: What to do with me?](#)

Li Xingyuan was dumbfounded.

He stayed there as a whole, and he never recovered.

Just murmured: "He, is he Chen Feng? He is Chen Feng?"

Of course he knew Chen Feng's name.

Of course I know how terrifying Chen Feng is.

And now, Luo Honghua's reaction made him realize what a huge mistake he had made to offend Chen Feng.

Before he had time to reflect on his mistakes, Luo Honghua knelt his kindness on the ground.

Then he grabbed his hair and banged his head hard to the ground.

He shouted sharply: "You have offended Master Chen Feng, why don't you kowtow to him and apologize?"

He said, pressing his head, hitting the ground fiercely again and again.

He worked extremely hard, and within a short while, Li Xingyuan's forehead was already dripping with blood.

It feels like his head is about to be smashed!

At this time, everyone finally struggled out of that extremely shocked emotion.

Their exclamation sounded one after another, and they could not be suppressed at all!

Looking at Luo Honghua, then at Chen Feng, and then at Li Xingyuan, who was kneeling on the ground and knocked down, I felt that my brain seemed to be insufficient.

"He turned out to be Chen Feng! That terrifying Chen Feng!"

"Oh my God, it turned out to be him. No wonder he has such a terrifying strength! No wonder he is so young and handsome!"

"He is simply a legend! Looking at the entire Dragon Vein Continent, he is also a legend among the younger generation."

"Yes, Li Xingyuan is really blind when he offends him!"

"It's no wonder that Luo Honghua treats him so respectfully. It is said that this Chen Feng is a person who talks with Lan Zihan or even General Pu Xingzhou."

When they looked at Chen Feng, they were no longer the same as before, but filled with a kind of extreme awe.

Many people turned their eyes to Yin Baihui, with pity on their faces.

Someone laughed in a low voice: "Yin Baihui was so mocking Chen Feng just now."

"Yes, just her? Does she have the qualifications?"

"To be honest, she doesn't deserve to lick Chen Feng's boots."

"Hahaha, it's over, Chen Feng won't let her go!"

Everyone's discussion naturally spread to Yin Baihui's ears.

Yin Baihui's face turned pale at this time.

She looked at Chen Feng, her eyes no longer the arrogance and looking down, some were just fear.

His body trembled slightly, and his heart was in confusion.

After a long time, the chaos slowly dissipated, turning into extreme regret and ridicule.

The object of ridicule is naturally herself.

Only one voice reverberated in her heart: "Yin Baihui, Yin Baihui, this time you have taken a look!"

"He turned out to be Chen Feng, are you offending? Are you worthy of offending him?"

"Really, you don't deserve to give him shoes!"

Bang Bang Bang, the sound of kowtow continued to sound, and Li Xingyuan was fully awake at this time.

However, the sharp pain on the forehead kept hitting him, making his mind dizzy.

He felt that his blood was rushing out wildly, his injuries were getting worse, and he knew even more that if he continued to smash like this, his life would be lost!

He looked up at Chen Feng, hissed sternly, begging for mercy frantically.

"Chen Feng, Master Chen, please, let me go!"

"I will die if I continue like this!"

Chen Feng looked at him with a smile, and said lightly: "You die, what's the matter with me?"

Chen Feng has no feminine benevolence towards Li Xingyuan.

Li Xingyuan, but wanted his life several times.

Luo Honghua's eyes flashed a fierce, bang, and Li Xingyuan's head hit the ground again.

This time, Li Xingyuan let out a short scream, and then fell to the ground.

After a few twitches, he stopped moving.

Li Xingyuan was knocked to death by Luo Honghua.

Luo Honghua looked at Chen Feng with a flat face and was talking.

At this moment, Chen Feng suddenly asked: "Have you seen me?"

"I have seen it, of course I have seen it."

Luo Honghua hurriedly smiled and said: "You have seen Young Master Chen Feng more than once!"

"I think it's Mr. Chen, your nobleman has forgotten things and can't remember."

"Oh?"

Chen Feng raised his eyebrows, took a closer look at Luo Honghua, and then seemed to have some impression.

Luo Honghua hurriedly got close, and said with a smile: "Subordinates followed Master Lan Zihan. The first time I saw you in Zhulin Medicinal Food Studio."

"Oh, I remember!"

Chen Feng did have an impression in his heart and smiled and said, "So you are a direct subordinate of Lord Lan!"

"Yes, the villain is now taking orders from Master Lan Zihan."

Luo Honghua quickly smiled again:

"Actually, just yesterday, the villain also met Young Master Chen Feng!"

"Yesterday, the villain followed Master Lan to the Beidou Sword Sect..."

"That's it." Chen Feng nodded and said: "Get up!"

He looked at Luo Honghua and said lightly: "I won't care about you this time."

"Yes, thank you Master Chen Feng for your grace."

Luo Honghua was busy with a series of thank you.

He saw that this was a good opportunity to get close to Chen Feng, and he hurriedly said with a smile: "Yesterday, Master Lan Zihan was still talking about, when will you ask Master Chen Feng to visit the house?"

"Although Master Chen, you have been here for a while, but you haven't had time to make a happy drink!"

"Master Lan often regrets it!"

Both inside and outside of his words revealed that he was trusted by Lan Zihan.

Chen Feng smiled slightly: "In a few days, I will visit Master Lan Zihan's mansion in a few days."

"Okay, the villain told the news to Master Lan. The adults must be very happy." Luo Honghua quickly laughed.

At this moment, he accompanies Chen Feng, his face is flattering and humble, where is the ferocious and arrogant color before half a minute?

When everyone saw this scene, they felt a little unreal.

They know what Luo Honghua is.

Has always been extremely fierce, domineering, ruthless, and murderous at every turn.

In this Heavenly Dragon City, he always walked sideways, and few people dared to provoke him.

But now, in front of Chen Feng, he is so humble.

And it sounds like Chen Feng has a very good relationship with Master Lan Zihan.

And at this moment, in the depths of the hall, a door leading to the interior suddenly opened with a bang.

A person walked in from the outside, it was the guard leader who suspected Chen Feng's identity at the door.

As he walked in, he bowed his waist and said respectfully to the person behind him: "Miss, the person who stole the invitation and tried to get in is here."

After that, he turned around, and then he saw Chen Feng.

Then, as if he found some surprise, he pointed at Chen Feng and shouted: "Miss, this is the dog!"

"He stole the invitation, pretended to be our guest, and got in!"

[Chapter 3532: He stole the invitation!](#)

Everyone was attracted by him and looked at him.

Seeing everyone looking over, this person immediately felt very face-conscious, licking his chest and folding his belly, and stood there.

But the next moment, he looked a little confused.

It turned out that he saw that the dumb look on everyone's faces passed after a moment.

The next moment, it turned into a touch of sarcasm and pity.

"Sarcastic and pity? Why do people look at me like this?"

The guard leader was stunned.

Before he could figure out what was going on, a person behind him walked in.

This is a woman wearing a yellow dress.

The appearance is not beautiful, but it is very distinctive. Standing there, there is a feeling of being left behind and independent.

It seems that although she is very close to the crowd, she is standing alone and very lonely.

Seeing her walking in, the maids and guards of the God of War Chamber of Commerce above the main hall all half kneeled and saluted, and said loudly, "I have seen the lady!"

Everyone also looked here one after another, and then they saw this woman!

Suddenly, many people's faces showed a touch of shock!

"Ms. Ares Chamber of Commerce, she is Gu Yunxin, Missy of Ares Chamber of Commerce!"

"I heard that the God of War Chamber of Commerce, in fact, everything is controlled by this young lady. It is said that there is a strong jazz man behind her, but she is in charge of everything."

"Yes, she is the actual figure in power of the God of War Chamber of Commerce, powerful and powerful."

"Don't talk about Sky Dragon City, looking at the entire God of War Palace, it's countable."

Many people looked at him with awe on their faces.

Many women flashed a touch of jealousy, while those men looked at her with their hands in their hands, shocked and surprised, but not amazing!

Because, they felt that this woman didn't seem to be special in appearance.

However, there is only one person who does not think so, and that is Chen Feng!

Chen Feng looked at Gu Yunxin, saw her face and felt her temperament, but her heart trembled fiercely.

He felt that this breath was somewhat familiar to himself.

"I feel that this kind of breath is very familiar to me and very close."

"It seems to have been in contact with the general a long time ago, but when did you contact?"

Chen Feng frowned, thinking hard.

After thinking for a while, there was no result at all.

He just felt familiar, but it was far away.

Obviously there is only a layer of window screens, but it can't be pierced and can't see clearly.

Since she couldn't understand it, Chen Feng didn't worry anymore, just cast her gaze on her, and there was a burst of surprise in her eyes.

And in this amazing, there is still a trace of longing and thinking.

"It seems that you have to get in touch with this Gu Yunxin."

"I'm sure, the feeling of familiarity and closeness is definitely not an illusion!"

"This woman, I'm afraid I have some unclear relationship with me, or someone she knows has some relationship with me!"

At this time, Gu Yunxin also saw Chen Feng.

She didn't look at anyone, just cast her eyes on Chen Feng.

It turned out that at the same moment Chen Feng felt this way, she also had a strange feeling in her heart.

If she suddenly felt something in her heart, she knew who this person was.

"Chen Feng, he must be Chen Feng!"

She and Chen Feng looked at each other, and their expressions became peaceful.

It doesn't seem to be the first time I met, but an old friend who has known each other for many years.

At this time, a voice interrupted Gu Yunxin.

The sharp voice of the guard leader sounded: "Miss, it's him."

"He didn't know where he got an invitation and entered our auction under the guise."

Gu Yun was stunned, and then looked in the direction he was pointing.

I saw that he was referring to Chen Feng.

At this moment, before she could speak, everyone around was laughing.

"Hahaha, the God of War Chamber of Commerce really made a big joke this time."

"Yes, the guest they invited, and one of the most distinguished guests this time, Chen Feng, was actually regarded as a pariah who came in?"

"Hahaha, are these guards of the God of War Chamber of Commerce blind?"

"Furthermore, I also invited their eldest lady Gu Yunxin here! The God of War Chamber of Commerce is really embarrassed this time!"

"Yes, in the next few months, we will have talks about Sky Dragon City!"

After being stunned for a moment, everyone realized what was going on.

Then, there was a burst of huge laughter.

Especially the female warriors of many big families, all smiles tremblingly, and their words are full of ridicule.

When Gu Yunxin appeared just now, they felt like they had been robbed of light.

Everyone in the field's eyes fell on Gu Yunxin, and they were naturally very unconvinced, with resentment in their hearts.

At this moment, I took the opportunity to laugh at the Ares Chamber of Commerce, how could I be merciful?

When these words were said, Gu Yunxin's expression was as if he hadn't heard these ridicules.

But there was a flash of coldness in his eyes.

And the guard leader was stupid.

He stood there blankly, a little wondering why everyone laughed so much.

But he was not a fool after all, and soon recovered.

So, he suddenly turned his head, looked at Chen Feng in horror, and an extremely terrifying thought surged in his heart:

"They said, Chen Feng?"

"Could it be that this person is Chen Feng? Can it be that this shabby young man who I thought was stolen, or picked up an invitation by chance, turned out to be Chen, who was recently famous in the Dragon City? maple?"

"God! How is it possible? How is it possible!"

He doesn't want to believe it, but even if he doesn't believe it, he knows very clearly that this is absolutely true!

The people around him looked at his face full of sarcasm and ridicule, and they had already told him that this was true.

This boy is Chen Feng!

Suddenly, he felt black in front of his eyes, dizzy in his head, soft legs, a plop, and he knelt on the ground.

Seeing Chen Feng screaming: "Are you Chen Feng?"

Chen Feng looked at him and smiled slightly: "When I showed the invitation just now, I thought you didn't take it seriously."

"Above, Chen Feng's two characters are clearly written!"

Hearing Chen Feng's words, the guard leader finally despaired.

Ah screamed, staring at Chen Feng, shaking all over, unable to say a word!

Speaking of it, he was considered a strong one when he got it outside, but now, Chen Feng just said a word and scared him like this!

At this moment in his heart he only felt that he was very ridiculous.

"I'm really funny, it's so funny!"

"He is Chen Feng, that Chen Feng, who has risen to fame recently in Sky Dragon City, has the same momentum and is extremely terrifying!"

[Chapter 3533: Choose five!](#)

"But I, I think of him as a shabby boy, thinking that his invitation was stolen, picked up by shit!"

"You are really blind!"

Suddenly, he seemed to recover.

With a plop, he fell directly on his knees and kowped his head frantically at Chen Feng.

He yelled: "Master Chen, Master Chen, please, please spare my life!"

"The little one has eyes but doesn't know Mount Tai, and the dog sees people low, and offends you. Let me go!"

"Please spare me, just treat me as a dog!"

He knelt there, wagging his tail, begging frantically for mercy.

And Chen Feng didn't say a word, just looked at Gu Yunxin.

Gu Yunxin looked cold at this time, looked at Chen Feng, and said apologetically: "Master Chen, this matter was done by the God of War Chamber of Commerce, and I hope you forgive me."

"But don't worry, I will definitely give you an explanation."

Chen Feng smiled slightly, just stretched out his hand: "You are family affairs of the God of War Chamber of Commerce, please do it yourself."

"It is good!"

Gu Jun gave Chen Feng a grateful look.

Chen Feng's presence in front of everyone gave him a lot of face.

She took a deep breath and said coldly: "Come here!"

"Yes!"

Several guards poured in from the back door.

Gu Yunxin glanced at the commander of the guards on the ground, and said coldly: "This person offended the VIP, broke the rules of my Ares Chamber of Commerce, and defeated my reputation as a single chamber of commerce."

"Abolish all cultivation bases, throw them out of Heavenly Dragon City, and let him fend for himself!"

Many guards responded loudly, and immediately led the guards up and dragged them outward.

The guard screamed bitterly and begged frantically for mercy.

For them, abolishing the cultivation base is more uncomfortable than death.

What's more, he is arrogant and domineering, and I don't know how many people have been offended.

Once he was abolished, those people could make him eat alive.

But Gu Yunxin didn't even look at him. He just looked at Chen Feng, walked up to him, and then smiled.

"Master Chen, I'm really sorry, let you see a joke!"

Chen Feng smiled: "There are such people everywhere, I'm not surprised."

"That won't work, son, you don't blame it, it's son's business, but this chamber of commerce must show the attitude of this chamber of commerce."

"How about this....."

Gu Yunxin looked at Chen Feng, smiled and said, "Master Chen, you can choose from five kinds of treasures displayed in our hall."

"These five treasures will be given to you for free by the God of War Chamber of Commerce."

"what?"

After hearing this, immediately, a pot exploded in the hall.

Everyone looked at Chen Feng with envy all over their faces.

"This War God Chamber of Commerce, really is a big deal!"

"Yes, I chose five treasures to give to Chen Feng!"

"You know, every kind of treasure inside is extremely precious and rare!"

"These five treasures are worth more than 3 billion Dragon Blood Amethyst!"

"Yes, Chen Feng made a big deal this time."

"Haha, if you have the strength and status of Chen Feng, you can also take advantage of this!"

There was a burst of laughter from everyone, and more people admired Gu Yun.

"Gu Yun deserves to be a strong man who can control the Ares Chamber of Commerce at a young age. He is really bold!"

"Yes, in this way, not only will Chen Feng not resent the Ares Chamber of Commerce, but the two can forge a deep friendship."

"With determination and courage, this woman should not be underestimated!"

Chen Feng was also taken aback.

Then, looking at Gu Yunxin, a touch of admiration appeared on his face.

He didn't excuse the hypocrisy, and said with a smile: "Well, if that's the case, then I'm not welcome."

"Then Master Chen Feng, just think about it."

Chen Feng said: "Don't think about it, take four floating gems of the highest grade from here and give me this, and then add this."

With that, he pointed to the mutilated and unknown monster Thunder blood.

"What? The son wants four floating gems plus this?"

Gu Yunxin was taken aback for a moment.

This incomplete Thunder Essence was obtained by chance during an expedition of the God of War Chamber of Commerce for many years.

Many strong people in the Chamber of Commerce have checked, and they can't tell what kind of monster blood this is.

It is not the most precious of all things, at best it is medium.

Many people didn't like it and didn't buy it.

Although floating gems are precious and extremely expensive, they are ultimately something that can be obtained through many channels and are not as distinctive as the other treasures here.

Generally no one will choose them.

She said, "Master Chen Feng no longer chooses?"

Chen Feng smiled and said, "You don't have to choose, it's just that!"

His thoughts are also very clear.

He has no shortage of unique treasures now. How rare these unique treasures are, can they be compared with the ones he got yesterday?

What he lacks right now is cultivation resources.

"It is good!"

Gu Yunxin didn't say any more, and immediately ordered a few words.

After a while, a maid came over with a huge jade box.

Gu Yunxin opened the jade box, and four huge floating gems were neatly placed inside.

These four huge floating gems were only seen after Chen Feng came to Sky Dragon City.

Each of them was the size of an adult's fist, with thousands of facets on the surface, brilliant and luminous, with blurred and illusory light.

Chen Feng could feel the power contained in it to the extreme, even like the vast sky!

Chen Feng sighed softly, "Is this the power of floating gems?"

"These four floating gems add up to the energy contained in them, I'm afraid it is comparable to billions of dragon blood amethysts!"

"With four floating gems, I am afraid that it will allow me to reach the peak of the two-star martial emperor, and even hope to break into the realm of the three-star martial emperor!"

The realm of Samsung Wudi!

That is the realm that Chen Feng most hopes he can step into now.

Time is not far away from Kongsang Lunjian, his three-star martial emperor realm, the strength is comparable to the four-star martial emperor, enough to make him laugh proudly in the Kongsang Lunjian.

And if you can't break into the realm of the three-star Wudi, let alone the Kongsang Lunjian, I am afraid whether Chen Feng can survive the Kongsang Lunjian, it is still unknown.

You know, there is still a top powerhouse in the Xuanyuan family who has always wanted to kill him!

Chen Feng naturally accepted it with pleasure.

Then, Gu Yunxin ordered someone to bring the thunder blood to Chen Feng.

Chen Feng looked around when he got the things.

The faces of those who meet his eyes are filled with awe.

Some people even smiled flatteringly and nodded at him.

When Chen Feng came here this time, he saw the treasures, got a lot of things, and got the benefits, so he was ready to leave.

[Chapter 3534: The one named Chen Feng, get out!](#)

He smiled at Gu Yunxin, he was ready to leave!

Suddenly, at this moment, a sneer came from the door: "Dare to kill my Shen family? Are you tired of life?"

"The kid named Chen Feng, get out of me!"

When everyone heard it, it almost exploded!

"Someone outside dared to provoke Chen Feng?"

"Yes! He actually knows Chen Feng's name, knows Chen Feng's existence, and dare to speak to Chen Feng in this tone? Is he impatient?"

"Listen to the tone, this person should be from the Shen family."

"A member of the Shen family? It's no wonder that the Shen family has risen rapidly over the years. Those young and powerful people in their family have nothing to do with them. No one is concerned!"

"Haha, deserve it, let Chen Feng teach them a lesson!"

Everyone talked.

When Chen Feng heard this, he raised his eyebrows, with a funny expression on his face: "Is that the Shen family? There is another one who is not afraid of death."

Gu Yunxin also smiled at this time.

Chen Feng looked at her, and the two smiled at each other.

Then, Chen Feng pulled Bai Jingwan's hand, turned Zhong Lingzhu in his arms upside down, smiled and said, "Do you want to watch Big Brother play a monkey game again?"

"Think! Think!"

Zhong Lingzhu giggled and clapped his little hands.

"Let's go, go out and see." Chen Feng smiled slightly before striding out.

And following him, everyone in this hall also walked out.

Soon, before coming to the main hall.

At this moment, on the square before the main hall, the two of them were standing there.

After Chen Feng looked at one of them, he frowned.

It turned out that she was the woman next to Shen Gaojie before.

"I said why I didn't see a trace just now, it turned out to be to move rescue soldiers."

Just now after Shen Gaojie was beheaded, the woman disappeared without a trace, so she had gone to do this.

Chen Feng shook his head: "It's a dead end!"

In addition to him, there were more than a dozen people standing there, with a rather luxurious floating chariot parked beside them.

On the side of the tank was written a huge heavy letter.

Obviously, this is a floating tank unique to the Shen family.

The dozen or so people were mostly dressed up as guards, and surrounded by them was a young man in his thirties.

This young man, of medium build, fair complexion and arrogant face, looks like a long-term pampering and arrogant man.

Seeing Chen Feng coming out, there was a cold and murderous look in his eyes immediately, and the cold voice said: "Are you Chen Feng?"

Chen Feng smiled and said, "Yes, I am."

"Boy, you are really looking for death!"

The youth on the opposite side suddenly changed his face, let out a violent roar, and flashed murderous intent.

Pointing at him, he said fiercely: "Do you know who Shen Gaojie is?"

"Shen Gaojie, I am the brother of Shenyang Xu, he is from my Shen family! How dare you touch him?"

"You are contempt of the Shen family, you are looking for death!"

As soon as Chen Feng's voice fell, he said something overwhelmingly.

Chen Feng shook his head, with some impatience between his expressions, looked at him and said lightly: "Yes, I just despise the Shen family, I'm just looking for death."

"What can you do with me?"

At this moment, behind Chen Feng, the crowd just came out and heard Chen Feng's words.

Suddenly, everyone laughed and laughed at him.

A person laughed and said loudly: "Contempt for the Shen family again..."

The three words 'what's wrong' have not been said yet, he suddenly saw Chen Feng in front of him turn around and smiled at him.

After that, he put his right index finger up to his lips, hissed gently, and made a silent gesture.

This person was stunned immediately, and quickly swallowed those words.

Chen Feng looked at him and smiled and said, "Don't say it, it will be boring to say it!"

This person was taken aback for a moment, and then laughed loudly, and said, "Master Chen said that, Master Chen said that."

Immediately, people around knew that Chen Feng didn't want to reveal this, so he didn't speak, but looked at Shen Yang Xu with playful eyes.

Feeling the weird attitude of the people around him towards him, and the look of a good show, Shen Yang Xu shook his heart.

He paid close attention to the looks of the people around him, and this feeling was even more obvious.

He also heard the sound of ridicule and teasing from the crowd.

"The Shen family really does not live or die."

"Yeah! One dead, and one more, really can't help the Shen family!"

"Although it was a first-class family before, it has declined for so many years, and now it has just risen. This is arrogant and inevitable."

"Yes, he will know when he has been taught."

Shen Yang Xu secretly said in his heart: "Why are they all like this?"

"Is it possible that this kid named Chen Feng really has some strength?"

"But, so what!"

The fear in my heart was just born, but it was washed away by that arrogance!

It turned out that Shenyang Xu knew Chen Feng's prestige, and he had heard of Chen Feng's name.

However, because their Shen family has recently risen after the decline, they are rejected by other powerful families.

Many news were not told at all.

Therefore, although he knew Chen Feng and he was very powerful, he did not know the details of the battle yesterday, let alone how terrifying Chen Feng's strength was.

People like the Shen family have risen very quickly, and their cultivation levels have risen very quickly.

In Sky Dragon City, there are no more children, extremely arrogant!

Therefore, in their opinion, even if Chen Feng is a young handsome, but it is similar to their strength, even slightly inferior.

I don't think Chen Feng's strength is extremely terrifying!

Thinking of this, the trace of fear that had just risen in his heart disappeared, staring at Chen Feng and said, "Boy, I admit that you do have that strength."

"But a pity, you are only compared with Shen Gaojie."

He paused, and then said: "Presumably, killing Shen Gaojie will make you more confident in yourself!"

"But, tell you, Shen Gaojie is just a branch of my Shen family."

"He is a genius in that branch."

"But I, but the genius of the Shen family!"

He looked at Chen Feng and said proudly: "Among the great geniuses of the Shen family, I, Shenyang Xu, rank among them. I am already a two-star martial emperor!"

"As for Shen Gaojie, he just stepped into Emperor Wu's realm!"

"You can kill Shen Gaojie, but it is absolutely impossible to be my opponent!"

Chen Feng looked at him and said lazily: "You Shen family, you really are more arrogant than one."

"Okay, then I'll let you see. Can I kill you?"

"I want to see what kind of stuff your Shen family is!"

[Chapter 3535: How is he worthy to alarm my luck?](#)

Chen Feng was completely impatient with Shen Yang Xu, and just wanted to solve him quickly and leave.

Shenyang Xu yelled: "Okay, then let you see and see!"

next moment! Behind him, a black phantom appeared.

This is very similar to the black phantom used by Shen Gaojie at the time.

This is different from Shen Gaojie in that the outline of his phantom is already very clear, and it looks like the substance.

Obviously, it is much higher than that of Shen Gaojie.

Soon, the phantom became extremely clear, showing itself behind him.

Chen Feng saw that it was a huge bird.

This huge giant bird has a width of seven or eight meters, and the whole body is a burst of azure blue.

This azure blue is different from sea water, but similar to the blue of the extremely pure lightning plasma.

And around the body of this giant bird, countless lightning \*\*\*\* are constantly rolling, countless plasma is rushing back and forth.

It seems to give people an extremely scary feeling.

It seems that the lightning ball comes, it has a powerful destructive power, and has a tyrannical power!

She smiled triumphantly: "Boy, have you seen it? This is my Shenyuan combat body!"

"My Thunder Bird Divine Origin Battle Body is extremely powerful, and a lightning ball on it comes down. It can smash you into debris!"

He looked around, looking self-conscious, waiting for surprise and shock on the faces of the people around him.

But soon, let disappointed.

Everyone's dark faces are very cold, and few people even speak.

Just looking at him with a look like a fool.

This made him immediately frustrated in his heart!

If it was an hour ago, everyone would be quite surprised and shocked to see this scene!

However, after Chen Feng's incomparable strength gave them the shock just now, looking at the Shenyang Xu's divine essence combat body at this time, it felt like a joke to them.

There are no surprises at all.

However, although everyone was not shocked at this time, Chen Feng's heart was shaken severely.

It turned out that at this moment, just after this person's Thunder Giant Bird Divine Yuan battle body appeared, Chen Feng felt that his luck was surging crazily.

The countless pieces of Qi Luck that were entangled like silk threads actually began to grow vigorously and became messy.

Chen Feng's heart was shocked: "This person can shock my luck!"

But the next moment, a raging anger surged in his heart: "What kind of thing is he? How is he worthy to alarm my luck? How is he worthy to be entangled with my luck?"

Chen Feng has his own pride.

With his current strength, with his current posture, on the entire Dragon Vein Continent, there are very few who are qualified to be entangled with his luck.

What is Shenyang Xu in front of me? Where does it match up with his luck?

With Chen Feng's tyrannical talent and height, even if he wanted to touch Chen Feng's luck, he couldn't get it!

But in the next moment, Chen Feng understood.

"This person is neither qualified nor entangled with my luck, and at this time, there is only one explanation for the reason why this happens to my luck!"

Chen Feng suddenly turned his attention to Zhong Lingzhu.

When he saw Zhong Lingzhu, he was shocked.

It turns out that Zhong Lingzhu, who has always been as beautiful as a porcelain doll, has a very hideous expression at this time.

Her eyes also turned red.

Even her hair was floating up, and she was floating straight in the air at this moment, looking at Shenyang Xu who was opposite.

His eyes showed extreme hatred!

Chen Feng felt aroused in his heart, and he understood it instantly.

Zhong Lingzhu was completely controlled by hatred at this time. If he did not wake her up, the consequences would be disastrous!

Chen Feng immediately slapped her on the back, and a powerful force of the dragon descending Arhat merged.

Suddenly, Zhong Lingzhu yelled, then suddenly cried out loud.

It was very sad to cry.

She turned around and looked at Chen Feng, the hatred in her eyes faded a little bit more than before, and her eyes were no longer flushed.

But the hatred is still the same as before!

She looked at Chen Feng and said loudly, "I feel that the blood of our family is flowing on my body."

"His body is full of blood from my family!"

"Ah! I feel it!"

Chen Feng looked at her and said word by word: "Do you remember it?"

"I didn't think of it, but I felt it was very obvious, very clear that he did it."

Zhong Lingzhu shouted.

"it is good!"

Chen Feng looked at Zhong Lingzhu, smiled and said, "Then wait, big brother will give you revenge!"

After that, he looked at Shenyang Xu.

Shen Yangxu didn't know what Chen Feng and the two were talking about. At this time, a disdainful smile appeared on the corner of his mouth and said, "What are you muttering?"

"Boy, roll over and die!"

"Really? Okay, I'm going to die!" Chen Feng laughed, and suddenly his body straightened forward.

In his body, the momentum skyrocketed, and the next moment, above his head, a stepping idol appeared suddenly.

Then, he stepped forward.

Suddenly, the smug look on Shenyang Xu's face solidified there.

He felt that a huge and incomparable force rushed toward him fiercely.

This force, extremely vast, extremely huge, gave him the feeling that there was no way to resist it, and he could only close his eyes and wait for death.

He looked at Chen Feng in shock, and shouted sternly: "Is this your God-Essence Battle Body?"

"How could it be so strong? How could your Shenyuan combat body be so strong!"

He screamed wildly, and there was even a hint of despair in his eyes.

He felt that Chen Feng's growing aura could almost crush himself to pieces, but he had only one way to close his eyes and wait for death.

He screamed frantically, and the giant thunder bird behind him suddenly fluttered and smashed forward.

At the same time, the countless lightning \*\*\*\* around the body blasted forward fiercely.

It was to be able to block the stampede of the stepping god-like battle body, and to give him a chance to win.

He is already desperate!

I have tried my best!

But it's useless.

No matter how hard you try, it's no use!

Those thunder and lightning spheres possess unparalleled tyrannical power and destructive effects, but they have no effect when they fall on the body of the god-like figure.

It was completely shattered by the stepping on the battle body of the god-like figure.

Then, the stepping on the battle body of the godlike statue fell on the thunder bird!

Suddenly, the Thunder Giant Bird Divine Origin Battle Body uttered a terrible scream.

Boom, directly broken!

[Chapter 3536: I'm here, revenge!](#)

At the same time, Shen Yang Xu flew out with a scream and scream.

When a person is in the air, he spews blood and draws a \*\*\*\* arc directly in the air.

Then, his body fell heavily to the ground.

He glared at Chen Feng, and shouted in disbelief: "You are so strong?"

At this time, a loud noise erupted from the crowd.

They just wanted to laugh at Shen Yangxu, but Chen Feng stopped them and held them in their hearts, but they were very unhappy.

At this time, Shen Yang Xu was beaten into such a miserable appearance by Chen Feng, and they finally didn't have to hold back.

There was a burst of ridicule and ridicule.

"Haha, does Shen Yangxu still want to clamor with Chen Feng? It's just a matter of life and death!"

"Everyone of their worth is so arrogant and dare to provoke Chen Feng. This is the price!"

"This kid is stupid!"

Some people even laughed loudly with disdain: "Isn't our attitude obvious enough? He even provoke Chen Feng?"

"Yeah, he was blinded!"

At this time, what everyone said naturally fell into Shen Yang Xu's ears.

With this sentence, he was stupid and stunned as if the sky thunder hit the top.

at this time. Shen Yangxu finally understood how everyone looked at him just now.

That whispering, that look like looking at a fool, that scene flowed through his mind.

He suddenly yelled: "I understand!"

This shout directly made his injury worse, and another wow burst of blood.

He muttered to himself: "I understand, I know why they looked at me with that look just now."

"Because Chen Feng's strength is really tyrannical and terrifying!"

"Because, compared to him, it's not worth mentioning at all!"

"Because, in their eyes, I am a complete fool!"

A self-deprecating smile appeared at the corner of his mouth: "Shen Yang Xu, you are a total fool!"

At this time, Chen Feng looked at Shen Yangxu with deep eyes.

At this time, Chen Feng had dared to conclude that the Shen family where Shen Yang Xu was located was absolutely inseparable from the destruction of Zhong Lingzhu's family.

It is even possible that Shenyang Xu's family killed Zhong Lingzhu's family and got their family's treasure.

Get a lot of great benefits.

At this moment, Chen Feng suddenly thought that the information he had received before, the Shen family had fallen for a long time, and only began to rise again a few years ago.

And the time when they re-emerged, isn't it the time when the Zhong Lingzhu family fell?

He stared at Shen Yangxu, a touch of coldness flashed in his eyes!

At this time, Zhong Lingzhu clapped and laughed beside her, her expression even had some madness, and her mood fluctuated extremely sharply.

It's very different from the usual cute look.

Chen Feng held her in his arms, stared into her eyes, and said word by word: "Zhong Lingzhu, I will tell you now, I will avenge you."

"I will settle all your grudges for you one by one!"

"When I killed the people of your family, I will make them pay!"

"but!"

He looked at Zhong Lingzhu with an earnest voice, even with a hint of pleading: "I beg you, get back to normal, okay?"

"I don't want to see you like this, I want to see that lively and lovely Zhong Lingzhu!"

Chen Feng's remarks were sentimental and sentimental, and they fell straight into Zhong Lingzhu's ears.

After Zhong Lingzhu heard this, he was stunned.

After a while, her eyes suddenly became clearer.

The hideous face is gone!

She looked at Chen Feng, her eyes full of confusion, and she was there blankly.

After a while, he threw himself into Chen Feng's arms and cried loudly.

Chen Feng sighed softly when he saw this scene, and was relieved.

Zhong Lingzhu finally returned to normal.

After a while, Zhong Lingzhu stopped crying.

Then, Chen Feng patted her little head, and then walked forward to Shen Yang Xu.

Shen Yangxu looked at Chen Feng with despair in his eyes: "Are you going to kill me?"

"kill you?"

Chen Feng raised his eyebrows and suddenly smiled, "Why should I kill you?"

"Huh? You won't kill me?"

Shen Yangxu looked at Chen Feng and was stunned.

He didn't expect Chen Feng to spare his life. In his opinion, Chen Feng would definitely kill him!

Suddenly, there was ecstasy in his heart!

Chen Feng looked at him with a deep meaning flashing across his mouth.

Not killing him, not because Chen Feng didn't want to kill him, didn't dare to kill him!

In fact, Chen Feng had countless reasons to kill him, but Chen Feng didn't kill him, just to let him go back and pass a message.

Just to let him tell those who are worth.

He Chen Feng, is coming!

The desperate devil is coming!

Not killing him is to make him suffer more pain!

There was just ecstasy in Shen Yangxu's heart, and what Chen Feng said below was to directly throw him to prison!

"Shenyang Xu, go back and tell you from the Shen family!"

"The blood debt from decades ago, Chen Feng, I will mention the descendants of Thunder and collect them one by one!"

Just now, when Chen Feng said the first sentence, Shen Yangxu was still a little baffled and didn't know what it meant.

But when he heard Chen Feng talking about the five words 'Descendants of Thunder', he trembled violently, and there was a sense of extreme shock in his eyes.

He looked at Chen Feng and yelled in disbelief:

"The offspring of Thunder? You, how would you know? How would you know?"

"Is it impossible, you are Thunder..."

Chen Feng looked at him with a sneer at the corner of his mouth: "I am not a descendant of Thunder, but I will pay them back."

After all, kicked out.

A wave of power surged out and hit Shen Yangxu fiercely.

Suddenly, Shenyang Xu was seriously injured and dying. He flew hundreds of meters away and fell heavily to the ground.

Chen Feng said coldly: "Get out!"

Shen Yangxu was still in despair at this time, and he was still immersed in the extreme shock and disbelief.

Originally, Chen Feng was very strong, and he realized it.

He also recognized it.

Either opponent or opponent.

But now, he suddenly learned that Chen Feng seems to have another identity.

At this moment, his subordinates rushed over and helped him up.

Shen Yang Xu still muttered to himself as if he had lost his soul.

"A descendant of Thunder? Is Chen Feng a descendant of the Zhong family? Is it possible that he came to Sky Dragon City this time to collect blood debts from us?"

He hadn't recovered yet, he had been carried into the floating tank by those men.

Soon, the floating tank turned on and disappeared in a blink of an eye.

Seeing him leaving, Chen Feng sighed slightly, and suddenly felt a little relieved in his heart.

This trip has yielded a lot.

The biggest gain for him is not the floating gems and the drop of thunder blood just now, but he has now determined the murderer of the year.

[Chapter 3537: It's just a good brother!](#)

He has locked the Shen family now.

"As long as the Shen family is killed and Zhong Lingzhu avenged his blood, my mission to Sky Dragon City is completely completed."

Chen Feng looked at Zhong Lingzhu next to him and said softly: "Lingzhu, don't worry, I will not let go of these people!"

Zhong Lingzhu nodded heavily and looked at Chen Feng with trust and expectation in his eyes!

Then, Chen Feng looked at Bai Jingwan and said softly: "Let's go!"

It is to say goodbye to Gu Yunxin.

Gu Yun knew that there was something in his heart, so he didn't keep him, just smiled and said:

"Master Chen! You are in this Heavenly Dragon City, but if you have anything useful to our War God Chamber of Commerce, just speak up."

Chen Feng smiled slightly and said nothing.

And as he left, the atmosphere on the scene became lively again.

Just now, when Chen Feng was here, everyone was quite jealous.

As soon as Chen Feng left, they immediately started talking loudly with excitement.

"This Chen Feng has stirred up the situation in Sky Dragon City again!"

"Yes, when I came to Sky Dragon City, I don't know what it will bring us here!"

They are all full of interest in Chen Feng, and they can also imagine that with these things happening today, spreading from their mouths, Chen Feng's name will completely shock the entire Sky Dragon City!

Not only the top talents in Sky Dragon City know his origin and tyranny.

The entire Sky Dragon City, with a slightly stronger family, can know how powerful Chen Feng is!

Everyone will realize the horror of Chen Feng.

Among the crowd, there is only one person who is different from others.

Everyone else was talking loudly and eagerly there, but she was the only one who looked pale and panicked.

He bit his lip lightly, not knowing what he was thinking.

This person is Yin Baihui.

Just now, she mocked Chen Feng like that, wantonly, and in a humiliating tone, said that to Chen Feng.

It means that she has offended Chen Feng hard enough!

She was thinking sharply in her heart now how she should make up for it.

The people next to her were quietly farther away from her, as if they were afraid of getting involved with her.

Many more people are full of gloat in their eyes.

"Haha! Yin Baihui is unlucky this time."

"Yeah! Offended Chen Feng, let's see how she will gain a foothold in this Dragon City in the future."

"She has always been overbearing and arrogant, and no one is paying attention to it, but today is going to be bad luck!"

Everyone talked about this, and it spread to Yin Baihui's ears, making her face paler.

Suddenly, she gritted her teeth, her eyes flashed with determination, as if she had made up some determination.

Then, he walked towards Gu Yunxin.

Soon, Chen Feng returned to the outside of Zhulin Medicinal Food Studio.

And he just came to Zhulin Medicinal Food Studio, and he was taken aback.

It turned out that at this time, Shi Hongbo and Shi Yebai were standing in the courtyard of the Zhulin Medicinal Food Studio.

After seeing him come, they all looked at him with complicated eyes.

Lin Ran whispered something beside him.

Seeing Chen Feng's return, she couldn't help but smile and said, "Chen Feng, your two friends, you have to wait here."

"I let them in, but they didn't listen."

Shi Hongbo let out a cold snort in his nose.

"Although we are Chen Feng's friends, we are not willing to touch him!"

"You Zhulin Medicinal Food Studio, things are too expensive, I can't afford it."

After hearing this, everyone was stunned.

Chen Feng shook his head and smiled bitterly, and then let the others go in.

Just standing here with Shi Hongbo and Shi Yebai.

He walked up to Shi Yebai and looked at him with extremely sincere eyes.

Shi Hongbo smiled stupidly beside him, and suddenly said loudly: "Chen Feng, you..."

He seemed to reach out to hug Chen Feng, but hesitated.

Then, looking at Chen Feng, he said in a shame: "Can we still be the same as before?"

Chen Feng laughed, just stretched out his hand to hold him in his arms.

Laughed: "We will always be brothers!"

Shi Hongbo laughed loudly and said loudly: "Okay, we will always be brothers!"

Shi Yebai said coldly next to him: "You're stupid, because he has no temper at all because of his few words."

Chen Feng couldn't help smiling when he heard this.

He turned his head to look at Shi Yebai, and saw that Shi Yebai was still holding his arms beside him, his face was cold.

He naturally knew why Shi Yebai was angry, and naturally blamed himself for not telling her in advance.

When Chen Feng encountered such a thing, he could only smile bitterly.

Then, as soon as he stretched out his hand, he didn't say a word, and directly embraced Shi Yebai.

The three huddled together.

Shi Yebai struggled desperately at first, shouting: "You let me go! What are you doing!"

Chen Feng used his left arm to firmly protect her in his arms.

Immediately, Shi Yebai hummed.

The body has also softened, and the heart and soul are also crisp, and the expression in his eyes has become a little blurred.

Leaning his head on Chen Feng's chest, his chest undulated violently, but he didn't struggle anymore.

After a long while, she pushed Chen Feng away, her small face flushed, staring at him and hit him twice.

"Feng Chen, no, Chen Feng, you fooled me so hard!"

Chen Feng shook his head and smiled bitterly. He looked at them and said sincerely: "I don't find any reason, and there is no reason to find it."

"I really lied to you and concealed my identity!"

"Although there are many difficulties in it, but cheating is cheating."

"However, don't worry, my Chen Feng's feelings for you are absolutely true and absolutely not false."

"If you don't believe me, I can swear to God!"

Shi Yebai snapped off the arm he had just raised, and said angrily: "What do you swear to do? Don't we know what you are?"

"Whether you are Chen Feng or Feng Chen, in our eyes, you are all good brothers!"

She looked at Chen Feng and silently repeated one sentence in her heart: "It's just a good brother."

She looked at Chen Feng with a complicated expression in her eyes, as if she was about to lose something.

And the fact is exactly the same.

In her mind, she actually had a care.

When she knew that Feng Chen was Chen Feng, she had completely erased the vague affection for children before.

Because she knew that there was no possibility for the two of them.

"So, it's still his good friend, and it's also very good, isn't it?"

She secretly said in her heart.

But for some reason, there is an unspeakable sourness in my heart.

"Well, don't say it outside, since when I say I am a friend, then come in."

"I will ask you to eat a cup of medicated diet, will I never refuse?"

"Of course, I want to eat you poorly!"

Shi Yebai ran in excitedly, and left a sentence: "I haven't eaten medicated food yet!"

The moon is in the sky, and the stars are shining.

At this time, it was late at night.

[Chapter 3538: Capture the power of the universe!](#)

This is a peak behind Tianlong City and above the God of War Mountain Range.

The shape of the mountain is like a huge sword thrust into the sky.

Very high, extremely narrow, and extremely steep.

For ordinary people, it is difficult to get up.

But for Chen Feng, it was flat.

Chen Feng came here this time with only one purpose, and that is: practice!

He sighed slightly, watching the lights of the house in the distant Sky Dragon City, but a touch of extreme loneliness suddenly flashed in his heart.

It seems that the thousands of lights have nothing to do with him.

At this time, an eternal loneliness flashed through his heart.

Chen Feng suddenly felt that the stars were moving in the sky.

The stars are wafting around, and he is so alone in the world.

All alone!

This extreme loneliness made Chen Feng's heart extremely peaceful.

There was even a hint of indifference in the calm.

His eyes gradually turned gray, and he seemed to have that kind of indifferent and calm mind when looking at any place.

Then, he quietly lowered his head, took out the jade box from his arms, and took out a floating gem from the jade box.

This is an extremely high-quality floating gemstone with a grade of nine.

It is one of the most precious treasures in the entire Sky Dragon City.

Even if you look at the entire God of War Palace, you can count it.

In the entire God of War Palace, such floating gems add up to no more than a few hundred!

Then, Chen Feng flicked his fingers, and the force of the dragon descending arhat poured into this floating gem.

This floating gem suddenly jumped, floating directly in front of Chen Feng a few feet away.

Then, began to spin rapidly.

With the rotation of the floating gem, a mysterious and inexplicable spatial force flowed out of the floating gem.

Chen Feng raised his eyebrows: "No! In this floating gem, the purest and strongest original power should flow out."

"Why, but this kind of spatial force?"

"The power of this space is extremely obscure, and it is extremely difficult to transform."

But he was not in a hurry, just watching the changes.

In the next moment, those spatial forces became more and more huge.

Then, it began to cut the time and space in front of him.

With the continuous cutting of the power of the space, gradually, in front of Chen Feng, with the floating gem as the center, a passage about the thickness of a wine jar was formed.

And the power of that space is constantly fluctuating, and the end of this passage, or the end of the crack in this space, is endless void!

"Before, the floating gems of the eighth grade I saw can tear the space and open the space cracks."

"But it's only the size of a fist."

"And now, this Ninth-Rank floating gem can open a passage about the size of a jar."

The edges of the passage, like sawtooths, were irregular at all.

There are constantly space cracks flashing in and out.

Chen Feng estimated that if he drilled inside at this time, only his head could pass through, and his body would be directly torn apart by the space crack.

A curious mood surged in Chen Feng's heart: "What kind of scene is there at the end of the gap?"

Can't wait to explore it.

However, his indifferent cultivation mood suppressed this emotion.

Then, with an indifferent gaze, he looked at the other side of the crack in the space channel.

There was an endless universe outside. Chen Feng looked up at the universe above his head, and then looked at the universe in the space cracks, only to find that the two were completely different.

The universe beyond this space crack seems to be nothingness.

It is the chaos of the universe, a vast expanse.

However, from time to time there was destructive power coming from inside, causing Chen Feng to palpitations.

Suddenly, there was a large group of pure and incomparable power inside, drifting by.

Chen Feng suddenly jumped in his heart: "If I absorb this power, I'm afraid I can directly reach the middle stage of Emperor Wudi!"

"I understand! I understand!"

Chen Feng's heart suddenly understood: "It turns out that this floating gem, in fact, doesn't have much power in itself!"

"This floating gem is actually just a medium."

"It has no power in itself. Its special feature is that it can open the connection between a dragon continent and the void of the universe."

"Directly from the void, grab the free and powerful force."

"These forces are extremely powerful, extremely pure, and at the same time huge. They are the most original forces."

"The more powerful floating gems are, the more power they can grab."

"The greater the channel that can be opened, the greater the force that can flow in."

"Right now, the cosmic energy that can be obtained from the Ninth-Rank floating gem in my hand is even more unimaginable!"

"That's it! I understand!"

Chen Feng was full of shock.

It turns out that floating gems are such treasures.

At the same time, a thought suddenly came into his mind:

"Since the floating gem can tear through space, open the passage to the void of the universe, and grab the vast and magnificent pure power."

"So, can you use this floating gem to reach the other side of the starry sky? Other worlds?"

"Arrival, the other side of this universe?"

When this thought emerged, Chen Feng's heart was pounding, and his whole body was burning.

He felt as if a whole world was open in front of him.

So that at this moment, that hot emotion directly broke through his indifferent state of mind!

Chen Feng felt a huge shock all over his body, his chest felt tight, and a mouthful of blood spurted with a wow.

In an instant, he was beaten out of the state of extreme concentration.

But at this time, the space crack in front of him also snapped and shattered directly!

The floating gem fell directly into Chen Feng's hands.

Chen Feng's eyes turned from scorching heat to clear, then the corner of his mouth twitched, a wry smile was outlined, and he whispered to himself:

"Chen Feng, Chen Feng, this idea is really great."

"But it's too early for you to think about it now."

"How can you do this now? It's better to improve your strength first!"

Chen Feng buried this idea firmly in his heart.

Then, re-enter the state of meditation and start practicing and absorbing again.

This time, it went smoother than before.

The space crack was opened again.

Above the floating gems, bursts of very vigorous suction came.

Chen Feng felt that this floating gem was like a huge fishing net.

At this time, the fishing net was thrown into the void of the universe and began to capture the pure power of the universe.

Finally, Chen Feng felt that the floating gem buzzed and began to tremble violently.

The light shines brightly above, which seems extremely laborious.

He immediately knew that this floating gem had already captured the void power of the universe.

[Chapter 3539: 3.6 billion catties of huge force!](#)

Then, Chen Feng could clearly feel that the tentacles of this floating gem spread into the cosmic void, and then began to drag the huge, pure cosmic power here.

In the next moment, a wave of incomparable strength began to pour into this floating gem.

The color of the floating gem is still colorless, but the inside is a little more chaotic.

It is as if there is a world absorbed into it.

I don't know how long it took to absorb it!

Chen Feng saw that the meaning of chaos became stronger and stronger.

This floating gem showed a sense of gray chaos throughout.

It feels like being born from a chaotic place!

Finally, the absorption stopped.

The feeling that made Chen Feng's heart palpitations stopped, and the floating gem hovered there quietly.

The next moment, suddenly turned.

However, the direction of this rotation is completely opposite to before.

It is turning in the opposite direction.

Moreover, it is not absorbing, but starting to spit out power!

Chen Feng's heart shuddered, and he knew immediately that it was time to do it himself!

His hands slowly pressed on the floating gem.

In the next moment, that magnificent power was merged from the floating gems into Chen Feng's hands!

As soon as Chen Feng touched, he felt that this power was pure and heavy to the extreme.

He couldn't absorb it at all!

It's like, it's easy for a person to drink a sip of water, but it is extremely difficult if one wants to swallow the molten metal in one gulp.

And now, the situation Chen Feng is facing is: For him, this huge cosmic void force is that scorching hot metal juice!

Chen Feng sighed softly, and the mentality of the general outline of the Dragon Arhat Scriptures remained in his heart.

Then, his hands were pressed fiercely on the floating gem!

The power of the dragon descending Arhat runs.

A huge cyclone appeared in his dantian.

In the pubic area, all the eleven rounds of the big sun started to rotate rapidly.

Eleven rounds of the big sun revolved wildly, forming eleven huge vortexes.

And the eleven huge vortexes are combined together and turned into a huge vortex!

This whirlpool, with a radius of thousands of miles away, covers Chen Feng's entire Dantian.

At the same time, the golden ocean at the bottom of Chen Feng's dantian also set off stormy waves.

The power in the golden ocean also revolved, and also formed a huge vortex.

These two vortices, one in the sky and the other on the earth, rotate in opposite directions.

But these two dissimilar forces are intertwined, and the suction force is suddenly increased countless times than before!

As a result, as this huge and incomparable suction came, the viscous force reached the extreme, and the force that had solidified to the extreme was sucked at once.

Boom!

A mighty road opened in Chen Feng's body.

The meridians suddenly opened, just like the most direct path, those cosmic void forces were directly sucked into Chen Feng's Dantian.

Suddenly, Chen Feng's head was clouded, and he felt as if he was in the endless void universe.

Just floating there quietly, without anger or hatred, without sadness or joy.

Chen Feng just maintained this feeling.

In the next moment, that huge force was integrated into the two cyclones.

First, it poured into the cyclone above. At this time, the power was still huge, pure, dark, and obscure, just like in the universe.

It simply cannot be absorbed directly.

However, as soon as he was pulled into the cyclone above, these forces were immediately shattered.

Then, he instilled into the cyclone at the bottom of him through a huge pillar that passed through the upper and lower parts of the dantian.

The cyclone at the bottom also turned crazily, turning these shattered forces into a flimsy force.

This power can be directly absorbed by Chen Feng.

Then, in the golden spring eyes at the bottom of Chen Feng's dantian, infinite suction came out, directly absorbing this force.

The cosmic void power is constantly being torn in, resolved, and absorbed.

Chen Feng felt that the power of the dragon descending Arhat he had accumulated was getting bigger and bigger.

He felt that the golden spring could no longer contain it.

He felt that his dantian was swollen and almost exploded, and his whole body was swollen!

He can't wait to yell, jump up and fight with people.

He felt that every meridian of his own was blocked, and his whole person, filled up like a balloon, seemed to be exploding!

This feeling made Chen Feng extremely difficult.

However, Chen Feng gritted his teeth and held back, still absorbing and transforming madly!

I don't know how long it took. Chen Feng didn't know how long it took to absorb it. He felt that he couldn't bear it at all.

It seems that when someone touches him at this time, his body will explode.

Finally, at this moment, the absorption stopped.

The power in that floating gem was finally absorbed by Chen Feng!

At this moment, Chen Feng felt that his Dantian had completely reached Dzogchen!

The next moment, with a bang, Chen Feng felt that his dantian had exploded, and it seemed that a sun had exploded in front of him!

Chen Feng knew that it was not dantian fried.

That's just the power in the pubic area exploded!

Thus, everything returned to its origin.

In his dantian, the cyclone no longer exists!

The golden ocean does not exist either.

It's just that from the bottom of the dantian, there are countless golden fine sands, soft and waxy, and dense golden power constantly gushing out.

This golden power is extremely delicate, pure to the extreme, but also extremely rich.

They came to the sky and turned into a big day!

Brilliant!

Thus, above the sky, round after round of golden sun appeared.

It's just that the golden sun at this time is several times larger than before.

The tenth round of the big day!

The eleventh round of the big day!

Finally, after a long silence, with a loud noise that shook the entire Dantian, the twelfth round of the big day.

Finally, it suddenly appeared!

And the appearance of the twelfth round of the Great Sun drew out the last power that was blocked in Chen Feng's body.

At this moment, Chen Feng only felt that he was extremely comfortable.

The whole body is unspeakably relaxed.

A full twelve rounds of sunrise appeared in Chen Feng's Dantian.

In addition, there are countless scattered golden powers, suspended in various places in the dantian.

Suddenly, those twelve rounds of big sun actually moved!

It turned into twelve golden dragons!

These twelve golden dragons are huge, each one is ancient and majestic, with huge and incomparable long horns on its head!

Chen Feng knew that they were completely different from those giant dragons before!

They are ancient golden dragons, containing ancient wild power! The horror is extreme!

Chen Feng suddenly felt blessed, so he knew in his heart:

"Each of these golden dragons means 300 million catties of power!"

"The total amount of the twelve items is 3.6 billion catties!"

[Chapter 3540: The general outline of the Dragon-Dragon Arhat scriptures is finally completed!](#)

Then, the twelve golden dragons began to wander in the pubic area.

Swallow those scattered power one by one.

Finally, swallowed up.

And as these things were swallowed, Chen Feng felt that his swelling feeling and the feeling of exploding on his body also slowly disappeared.

At the next moment, Chen Feng felt like he was about to explode in his mind.

He opened his eyes suddenly, wow, a mouthful of blood spurted out.

On the body, countless pores sprayed this bruise outward at the same time.

Chen Feng hasn't felt this way for a long time.

He knew that this was a complete transformation of his body.

"This is a complete transformation, and this is also..."

He was shocked in his heart: "I'm in this realm, under the general outline of the Jianglong Arhat Scripture, and I have broken through for the last time!"

Chen Feng vomited blood repeatedly, and every bite was black congestion.

Every time he spit out, he felt his body relaxed.

In the end, Chen Feng's body was already extremely light, and he felt like the wind, as if he was about to blend into this world.

"Is this the feeling of breakthrough?"

"Is this, the general outline of Jianglong Arhat Scripture, how it feels to cultivate to Dacheng?"

Chen Feng frowned.

Because he always feels that there is still some meaning left, it seems that something is missing!

At this moment, Chen Feng suddenly felt the world spin.

The next moment, he came to a mysterious space.

Chen Feng is no stranger to this space.

There are many walls around this space.

On every wall, there are secrets of martial arts and martial arts.

Here, it is the practice space for the General Outline of the Dragon-Jiang Arhat Scripture!

But this time, after Chen Feng came to this space, he didn't see any writing on it.

Even the two previous martial arts that had been unlocked and could be practiced but he had not practiced had disappeared!

Chen Feng was taken aback: "Why did those two martial arts disappear?"

Chen Feng also cherishes those two martial arts extremely, thinking that he will cultivate in the future.

But I didn't expect it to disappear now.

Along with the same path disappeared, there was also the last layer of the general outline of the Jianglong Arhat scripture.

And the next moment, suddenly, this cultivation space shines brightly.

On all the walls, the writing reappeared, and it was countless times clearer than before.

Then, these handwritings all flew out.

One after another huge golden fonts the size of water tanks flew out and began to collide in this cultivation space.

There are tens of thousands of mysterious and mysterious, each of which is a constant collision of golden characters with great meaning.

After an infinite number of collisions, it begins to ablate.

Finally, these characters all turned into golden original power.

It was filled with the breath of Buddha's bones, vast, vast, thick and gentle.

It feels like the sun shining down when the big day is rising.

But the golden origin suddenly flew up at this moment and slammed into Chen Feng's head.

Chen Feng didn't have time to hide, and he didn't want to hide.

He knew that this thing would never harm him!

At the moment when the golden origin power entered his brain, Chen Feng suddenly went black.

At the same time, he seemed to hear a long dragon chant in the void, and a sigh full of mercy, full of Buddha nature.

Chen Feng knew it inexplicably.

This must be the dragon chant of the Buddha that fell in the desert!

In the next moment, Chen Feng felt that his head was about to explode.

Afterwards, Chen Feng fainted immediately!

After passing out, a cold light flashed in his mind.

In his consciousness, it seems that there are countless more things!

At this moment, his mind became extremely clear and incomparable, and he shouted: "That's it!"

"It turns out that this is the profound meaning of Jianglong Arhat Scripture's ultimate cultivation!"

"This is the real gain!"

I don't know how long it took before he woke up!

At this moment, Chen Feng's gaze first fell on the void gem in front of him.

At this time, as this huge and extremely cosmic void force disappeared, the endurance of the floating gem seemed to have reached a limit.

Above the originally colorless floating gem, there was a sudden click, a crisp sound, and a crack appeared.

In the next moment, the cracks became bigger and turned into countless cracks.

Finally, under the gaze of Chen Feng's eyes, the floating gem slammed softly and directly turned into countless powder.

Then, the powder turned into nothingness and disappeared directly!

He shook his head and put away the other floating stones.

I started to feel myself.

Chen Feng felt extremely slimy on his body, but his body was extremely relaxed.

He looked around and found that he was still there.

But at this time, there are already many things in my mind that are unclear.

Here is still the stars, the breeze and the moon.

A gust of wind came, and it was cold and refreshing.

Chen Feng's eyes were calm, his figure flashed, and he came to a waterfall not far away.

Take off your clothes, enter the waterfall, and wash your body.

Then, he planted straight down and plunged into the pool.

It took a long time before he emerged from the pool.

He walked step by step to the boulder next to the pool. He opened his arms as if he wanted to embrace the starry sky!

A smile was drawn at the corner of Chen Feng's mouth, and he slowly said: "Now, my realm has reached the pinnacle of the Second Star Martial Emperor!"

"My strength is even comparable to a four-star Wudi strong!"

"Even in the face of General Pu Xingzhou, I'm afraid I have the power to fight, and I won't be defeated and lost!"

A smile wafted from the corner of Chen Feng's mouth:

"Now, if I participate in Kongsang Lunjian in my state, I'm afraid I can at least win a top ten! It is not impossible to compete for the top five!"

"My strength is already improved compared to before. I don't know how much."

"And this is not the real gain today."

"Today, compared to the breakthrough in realm, what is more meaningful to me is..."

Chen Feng sighed lightly, looking at the sky full of stars, his eyes wandering:

"My general outline of the Dragon-Dragon Arhat Scriptures has reached the final level of cultivation!"

"It's already, it's complete!"

"This also means that I can no longer practice the General Outline of the Dragon-Jinglong Arhat Sutra, which means that I have lost my practice!"

Chen Feng's heart was a little dazed, unspeakably uncomfortable, and empty.

But soon, he cheered up again, clenched his fists, and said loudly:

"However, it also means that there is no limit!"

"This also means that I can embark on a new journey!"

"You can set foot on a new level!"

"Of course, the most important thing is not these, but..."
