

Peerless 3551

[Chapter 3551: Gu Yunxin's visit](#)

He gritted his teeth and said: "We drove our Shen family like dogs that day to do such a thing."

"Now something is wrong, he can't leave it alone!"

After that, he suddenly got up.

"Where is the big brother going?" Everyone was surprised.

Shen Qingyu smiled slightly: "I'm going to the General's Mansion to visit that important person."

"If he nodded in this matter, then our Shen family would be foolproof."

"Even, you don't need to worry about Pu Xingzhou's gaze anymore. With his suppression, the general would never say anything!"

"Yes indeed!"

Hearing these words, especially the person behind the scenes, everyone became excited.

They slapped their hands and said: "Big brother is right, he asked us to do this kind of thing that day, but now he can't let it go."

"Yes, with him backing up, what is General Pu Xingzhou?"

Shen Tongguang's eyes shone with a calm and rational light, and said: "Big Brother, this time, this matter, maybe our Shen family can have even greater benefits!"

"Our Shen family performed well enough in front of that big man this time. If we do a few things for him, that big man's appreciation will be won."

"Then provoke the relationship between him and Pu Xingzhou. At that time, maybe we can fight for the position of this general."

"Big brother, you can fight!"

He looked at Shen Qingyu eagerly.

Hearing this, Shen Qingyu was stunned, and only after a while did he come back to his senses.

There was also a flash of extreme heat in his eyes: "That's right, you can really fight!"

Thinking of this, he sat in a chair and began to think in his mind.

"If that's the case, you must be very particular about what you say."

After thinking for a long time, then he dragged Shen Tongguang to the two people next to him, lowered his head and whispered for a while before he settled down.

Then, with a complacent expression on his face, he said, "I'm going to the General's Mansion now, brothers, just wait for my good news at home."

Just when Shen Qingyu set off for the General's Mansion, Chen Feng also welcomed an uninvited guest in Zhulin Medicinal Restaurant.

He was discussing martial arts with Xianyu Gaozhao in Zhulin Medicinal Food Studio, when he suddenly heard a crisp voice outside: "Can Master Chen be here?"

Chen Feng raised his eyebrows. She was quite familiar with this voice, and she had just heard it not long ago.

It was Huai Feibai's voice.

"Why is Huai Feibai here?"

Chen Feng got up and smiled: "Please come in!"

After a while, the door opened and Huai Feibai walked in from outside.

It's just that not only her, there are two people behind.

Chen Feng was shocked.

It turned out that of the two people who came back, one of them was Gu Yunxin.

When Gu Yun came over, Chen Feng still felt nothing surprised. After all, Huai Feibai could not come to him for no reason.

After hearing Huai Feibai's voice just now, he guessed that Gu Yunxin might have come with him.

But the other person was unexpected.

It turned out that the person was Yin Baihui.

Yin Baihui closely followed Gu Yun's mind and walked in with his head down.

At this moment, she lowered her eyebrows and was pleasing to the eye, looking like a docile little daughter-in-law, where there was still half of the arrogance before.

After Chen Feng glanced at her, he couldn't help but take another look.

Food color is also.

She looks very beautiful and she has a very good figure.

Even, it can be said that she is one of the most alluring women Chen Feng has ever seen.

And she seemed to have the same intention deliberately. Seeing Chen Feng's gaze, she suddenly smiled, and her eyes hooked Chen Feng fiercely.

Chen Feng's eyes twitched: "What's going on?"

Seeing Yin Baihui calmly, he said lightly: "Since they are here, they are all guests, please sit down!"

After that, everyone was seated separately and served medicated meals.

Today, when Lin Ran is absent, Chen Feng personally greets them.

At this time, Zhong Lingzhu was standing next to Chen Feng, a pair of big, skeletal eyes turning around, seeing Gu Yunxin and Huai Feibai with a smile, which was very attractive.

When I saw Yin Baihui, he suddenly became dissatisfied.

Turning his head, to Chen Feng, said gruffly: "Big brother, I don't like this."

He pointed to Yin Baihui.

Hearing this, Yin Baihui's face changed in an instant, and then quickly squeezed out a smile, as if she wanted to attack but didn't dare.

Chen Feng smiled slightly, squeezed Zhong Lingzhu's white and tender face, and said:

"Big brother doesn't like her either, but since they are here, we can't tell them to kick them out."

Chen Feng's words directly made Yin Baihui's face pale.

Gu Yunxin was also taken aback for a while, then smiled slowly, and said softly, "Master Chen, don't get me wrong!"

"Bring her here this time!"

She shook her head faintly and said: "I am not very close to him, it's just that something owed her a favor, so this time she begged me to bring her over, and I couldn't refuse."

"Oh?"

Chen Feng was stunned for a moment, but he didn't expect that Gu Yunxin and Yin Baihui were in such a relationship, so he was so anxious that he could get rid of himself.

He glanced at Yin Baihui, and said lightly: "I wonder if Mrs. Yin is here, what's the matter?"

Yin Baihui lowered her eyebrows and said pleasingly: "I, I am here to make amends this time."

"Apologize?"

Chen Feng smiled and said, "What's wrong with Madam Yin?"

"Don't say that anymore!"

Yin Baihui walked to Chen Feng and bowed down.

The look on his face was eager to weep, and I felt pity.

At the side, Zhong Lingzhu looked at and uttered a low voice: "Fox!"

At the same time, Chen Feng also thought of these three words: "Fox!"

This Yin Baihui is really a charming figure like a monster!

This scene made Chen Feng no ridicule in his heart. He was really afraid that he could not control it.

After all, Yin Baihui is too attractive.

Chen Feng looked at Gu Yunxin and said, "Why? Come to see me this time, just for this purpose?"

Gu Yun smiled bitterly and said, "That's right, what other purpose is there? You haven't gotten to that point with Master Chen Feng."

Chen Feng was stunned and saw Gu Yunxin winking mischievously at him.

He knew it, and the two laughed at each other.

Such a little joke has brought the two of them closer together.

Beside, Huai Feibai watched this scene, with a strong look of surprise on his face.

She has always known that the eldest lady in her own family is unsmiling, and looks cold and indifferent to everyone.

Even the big backstage with the legendary God of War Chamber of Commerce.

But at this time, they were talking and laughing with Chen Feng.

She was surprised in her heart, but she did not know that Gu Yun also felt extremely strange in her heart at this time.

[Chapter 3552: Thunder Bluff](#)

When she first met Chen Feng, she felt that she and Chen Feng seemed to have a natural closeness.

Willing to contact him.

At that time, she always hoped that this was an illusion.

Because she doesn't want to be involved with anyone.

She has always been a very deserted woman and hates this feeling.

But when Chen Feng left and this feeling disappeared, she felt that everything seemed quite false, as if she had just had a dream just now.

Therefore, she suspected that it was just her own illusion.

But this matter was installed in her heart after all, and it was difficult to remove and let go.

So, she came over today and said it was for Yin Baihui, but in fact, a large part of the reason was to let herself find this feeling.

Let yourself see if it is real or just an illusion,

And now, a wry smile appeared on her face: "It turned out to be true, but it turned out that there really is such a feeling of interlacing aura."

"But why do I feel so at ease when I am by his side?"

"Obviously I hate this feeling. I don't want to feel at ease. I want to keep myself in danger at all times, so that I can remind me of my situation!"

Suddenly, unspeakable confusion surged in her heart.

At this time, Chen Feng also felt the same.

He felt that he was right here, talking to Gu Yunxin, even if he was not salty, he seemed to be extraordinarily happy and calm.

Chen Feng frowned, and said to himself: "What's the matter?"

He forcibly suppressed this feeling.

Then, looking at Gu Yunxin, he said, "Speaking of which, you came just right. I happen to have one more thing to ask."

"What's the matter?" Gu Yun asked, raising an eyebrow.

Chen Feng smiled slightly and took out the gem that was sealed with the incomplete blood of Thunder from his arms.

That thunder blood, all blue and black.

At this time, sunlight came in, and under the sunlight, there was a burst of blurred light.

Chen Feng whispered, "I don't know how did your Chamber of Commerce obtain this incomplete Thunder Essence?"

Since coming back, Chen Feng has studied this incomplete Thunder Essence and Blood.

And the more researched, the more probed, the more he felt scared!

It turned out that at the beginning, Chen Feng only thought that this was a drop of at least a little precious incomplete Thunder blood. Its owner, the monster it came from, was the most numerous, and it was just a monster at the level of a monster!

It's not too surprising.

The reason why Chen Feng wanted to bring it over was also because the breath on it had something to do with Zhong Lingzhu.

But the more careful the investigation, the more shocked Chen Feng.

It turned out that he felt that there was an extremely terrifying power above the incomplete Thunder Essence.

When Chen Feng explored yesterday, he felt like thunderous waves coming from the sky.

The big waves that covered the sky were like when he had just gone above the West Sea that day, it felt like it could almost drown him!

That power shocked Chen Feng!

Chen Feng felt that this power was so powerful that even if it was not as powerful as the blood of that day, it was still extremely terrifying.

This made him have to re-recognize, this drop of thunder blood is absolutely ridiculously high level.

What's more, this is just a broken thunder blood.

It is hard to imagine how powerful the complete Thunder Blood will be!

What is even more unimaginable is how powerful a monster it came from?

Therefore, Chen Feng had a keen interest in it, and only then asked this question.

Gu Yunxin raised his brows, but Chen Feng didn't expect Chen Feng to ask this question.

But then he realized that since Chen Feng asked this question, it also meant that the seemingly inconspicuous and incomplete Thunder blood was actually more precious than he thought.

She was just a little surprised, and didn't feel any crookedness due to it, but thought for a moment and said:

"I don't know the specific origin of this thunder blood."

"I probably only know that it was obtained by an expedition from the Chamber of Commerce in the depths of the God of War Mountain fifteen years ago."

"How did you find it?" Chen Feng said, "Did you behead a monster beast?"

But then he laughed: "How is it possible? How did they kill such a powerful monster?"

"No, it was accidentally discovered in a piece of ancient ruins."

Gu Yunxin tried hard to recall, and whispered softly: "It seems that there was a violent storm the night before, and the thunder smashed a mountain directly."

"They found this thing when they went to search the ruins the next day."

"That's it."

Chen Feng frowned and thought for a while, then suddenly asked in a deep voice, "Where did you get it?"

Since the process of obtaining can't find any clues, the location obtained is very important.

So Chen Feng asked this.

Hearing this question, Gu Yunxin did not hesitate, and directly uttered three words: "Thunder Bluff!"

"Thunder Bluff? Where is this?"

Chen Feng is very strange to this place name.

Gu Yunxin said, "Thunder Bluff is a forbidden place in the depths of the God of War Mountain Range."

Without waiting for Chen Feng to ask questions, she continued to explain, "This Thunder Bluff is an extremely high cliff."

"The height of the entire cliff has reached millions of meters. It is extremely high and extremely smooth, but even in this case, it is not difficult."

"For us warriors, it is quite easy to want to go up."

"However, the most terrifying thing about it is that the entire upper half of Thunder Bluff is shrouded in boundless fog and thunderclouds."

"The thunderclouds there will not disperse all year round, even if it is hundreds of miles away, you can see the huge thunder and lightning that flickers by from time to time in the thundercloud."

"It feels like it can even shatter the sky."

"The thunderclouds there will not disperse all year round, and the lightning in the thunderclouds will happen all the time. Whenever you go, there will be countless thunderstorms."

"There used to be many people who wanted to go in and find out, but none of them came back."

"So, it is listed as a forbidden area in the God of War Mountain Range."

"However, there is no news of any treasure appearing in the forbidden area, so even in the God of War Palace, it is not very noticeable."

"That's it!"

Chen Feng nodded, and firmly remembered the three words Thunder Bluff in his heart.

After talking for a while, Yin Baihui, Gu Yunxin and others are leaving.

Before leaving, Yin Baihui suddenly looked at Chen Feng and lightly licked her lips.

It was so charming that it made Yu Gaozhuo, who is already quite old, feel a little lustful.

Chen Feng shook his head: "This Yin Baihui is really a stunner."

[Chapter 3553: Looking for support](#)

Just when Yin Baihui and Gu Yunxin left from Zhulin Yaoshanzhai, Shen Qingyu also quietly entered the tower where Yinghao Xiahou stayed.

Staring at Shen Qingyu in front of him, Xiahou Yinghao's eyes flashed with a cold look.

Facing his gaze, few people in the entire God of War Palace would not tremble.

Shen Qingyu is no exception.

But he was standing there, gritted his teeth and held on.

Because he knew that when he came today, he must have a result.

Otherwise, there may be a huge turning point in the fate of oneself and even one's own family.

He must get a guarantee today!

He wants to eradicate Chen Feng.

Xiahou Yinghao's cold gaze swept over him several times, then leaned back and said softly:

"Didn't you say that, after that incident, your Shen family and I will never have any relationship, and don't have any more contact."

"Why come to me again today?"

Shen Qingyu lowered his head, his face was humble, and his attitude was extremely low.

But his tone was calm and his voice was clear: "Four Lord, it's really not that the villain doesn't know the truth, so he has to come to you."

"The truth is, now I have fallen into an extremely dangerous situation, and may even be destroyed at any time."

Xiahou Yinghao sneered, curled his lips, and said coldly: "What is it to do with me when your Shen family is destroyed?"

"You didn't have the ability to keep your family business, and you were wiped out. Can you blame others?"

"There are too many things like this in our God of War Palace. Is it possible that I have to take care of it?"

When he came up, the tone was to stay out of the matter, trying to get rid of himself.

And there was no intention to support the Shen family at all.

Shen Qingyu also understood the reason why he was like this.

It was really because the big event Xiahou Yinghao drove them to do decades ago was too appalling.

Not only let a Tianlongwei general die, but also let a once powerful and glorious family disappear directly!

This kind of thing, even in the God of War Palace, even in the God of War Palace where the forces of the Fourth Master can almost cover the sky with one hand, is a great taboo.

Even the General Marshal was furious and sent people to withdraw from the field.

In the end, I didn't know how many methods were used to make this matter go away.

Even if it is Shiye, he is not willing to get in the trouble, he understands.

And why would he be willing to mention this kind of thing again?

Didn't he know that if this incident were to be reported again, it would be their family that would be unfortunate?

But he is really helpless!

He only lowered his eyebrows and said softly, "Four Lord! This time, in any case, I beg you to help!"

Xiahou Yinghao's eyes flickered, staring at him, and said lightly: "Let's talk, what's the matter?"

Shen Qingyu's heart trembled, and he knelt to the ground with a splash, knocking his head repeatedly.

Yelled loudly: "The villain thank you so much, Si Ye, Si Ye for the life of my family! Thank you Si Ye for his great kindness!"

Xiahou Yinghao said coldly: "Okay, don't thank me in such a hurry, I haven't said that I don't care about it!"

He urged impatiently: "Hurry up!"

"I just got a few concubines in Sky Dragon City recently."

Speaking of this, there was a look of lewdness on his face: "Not to mention, there are really enough beautiful women in Dragon City this day."

"I haven't played enough with these Ji concubines, you have to finish quickly, and I have to play with them."

"Yes Yes."

Shen Qingyu hurriedly said: "This is how things are. The descendants of the family we uprooted that day came to the door."

"what?"

After hearing this sentence, Xiahou Yinghao couldn't help but trembled fiercely in his heart.

Huo Ran got up and stared at Shen Qingyu sternly: "What did you say? Didn't you remove the roots at the beginning? How could his descendants come back?"

His face turned green for a moment, and the muscles on his face trembled.

Seeing him like this, Shen Qingyu was so frightened that he shuddered. He waved his hand again and again, and said quickly with a trembling, "Si Ye, listen to me and listen to me!"

"We are indeed cutting off the roots of the Zhong family, and killing none of them, I am sure of this."

"but....."

He looked up and took a careful look at Xiahou Yinghao.

Seeing Xiahou Yinghao's face was still cold and her heart trembled again, she whispered:

"But afterwards, we compared the list of Zhong's family and found that there was a little girl missing."

"This girl was in her infancy when she was fashionable."

"And we, too, really don't know how she lost it."

"Later, after this incident was stabbed out, the General Marshal was furious, and all our forces disappeared and our voices were suppressed, so there was no way to fight the whole city."

"However, in the following years, our Shen family has been inquiring in secret, and indeed we have not received any news!"

He cried out: "Four Lord, it's really not that we didn't try our best, it's really that this matter is too evil."

"I don't know how the little girl escaped. I can only think that there is a spirit of heaven blessed by their ancestors!"

At this time, Xiahou Yinghao was still under protection.

Suddenly, he strode forward, and when he stretched out his hand, he grabbed Shen Qingyu's hair and lifted him up.

Then, a big ear scraper slapped his face fiercely.

The head shot by Shen Qingyu was tilted to the side, blood mixed with a few broken teeth and flew out.

Then, another big ear scraper slapped his face and slapped his head to this side.

Back and forth, a few big slaps on the head and back, turned Shen Qingyu around.

If this scene is seen by others, you will definitely drop your jaw.

This is Shen Qingyu!

The head of the Shen family of the dignified first-class family, the top powerhouse of the Samsung Wudi!

Looking at the entire Sky Dragon City, there are countless tyrannical existences. If you go outside, it is a powerful person who is admired.

Now, it was actually being slapped back and forth by someone holding his hair back and forth!

But he was pursing his lips, gritting his teeth, without saying a word, just bowed his head there and shouted: "The villain should die, the villain should die!"

He did not dare to have any resentment on his mouth, did not dare to have any resistance, just stood there with his head down, letting Xiahou Yinghao slap himself in the face.

Even, not only his mouth, but even his eyes, did not dare to flash a look of resentment.

He even dared not feel the slightest resentment in his mind.

Because he knows that if there is resentment in his heart, it will naturally be reflected in his eyes and face.

It must be seen clearly by Xiahou Yinghao!

Therefore, at this time, he is all surrendered from heart to body.

A dignified three-star martial emperor peak powerhouse was so ravaged, but he did not dare to have any complaints, let alone any resentment in his heart.

[Chapter 3554: Then destroy him](#)

This is the monstrous power of the Generalissimo's Mansion!

This is the monstrous power of his Xiahou Yinghao!

Anyone who touches it will be crushed directly!

Finally, I don't know how many slaps back and forth, Xiahou Yinghao also seemed to be tired and annoyed by the slap.

Panting heavily, he sat back down on the chair.

At this time, Shen Qingyu knelt down straight, without saying a word, waiting for Yinghao Xiahou's expression.

Xiahou Yinghao sighed softly and said coldly: "Okay, let's talk about it now, what is going on?"

"How strong is that person? What does he rely on?" **NOVELUS**.com

"The most important thing is..."

He stared at Shen Qingyu and said word by word: "How strong is he, is he capable of it? Everyone in the God of War Mansion who caused this incident is known to everyone, is there that capable of causing trouble to the old man?"

The old man in his mouth is naturally the Grand Marshal of God of War Palace!

Shen Qingyu whispered: "The person who came here is named Chen Feng."

"Is that Xuanyuan family, Chen Feng, who is famous all over the world?"

He listened to the word Chen Feng, he was taken aback for a moment, then relaxed, and sneered: "What kind of name is all over the world, but it's just a small young child in a small family."

"To make a point of fame, with everyone holding it, I really think I am invincible."

Xiahou Yinghao snorted disdainfully. He did not put Chen Feng in his eyes at all.

The fact is also true!

As the fourth son of the Grand Marshal's Mansion, he had countless resources since he was a child, and his talent is also quite outstanding, so the strength is extremely powerful.

Among the younger generations, not to mention being among the best, they are also the top ones, coupled with his monstrous power, it is normal not to put Chen Feng in the eyes.

Shen Qingyu whispered: "His realm is the peak of the two-star Wudi."

"How about the second-star Wudi peak?"

Xiahou Yinghao sneered disdainfully, and stretched out two fingers: "If I stretch out my fingers, I can crush him to death like a bug."

He looked at Shen Qingyu with a mocking expression on his face: "Don't tell me you are not capable of this."

"After the transformation of that bloodline, you should now have the strength of the three-star martial emperor pinnacle, right?"

Shen Qingyu said: "Yes, the villain has the strength of the three-star martial emperor peak, and the villain can indeed easily kill that Chen Feng, but the consequences of killing him are beyond the reach of the villain!"

"Why?"

Xiahou Yinghao asked coldly.

Shen Qingyu whispered: "Because this person has a very good relationship with Lan Zihan, and I heard that he is very appreciated by General Pu Xingzhou."

"Very appreciated by General Pu Xingzhou?"

Hearing this, Xiahou Yinghao frowned.

He suddenly thought of the scene he saw yesterday. He thought that Lan Zihan would personally accompany that person out, while the general was giving him the ostentation.

As a result, a thought suddenly flashed in his mind: "This person, will he be?"

At this moment, a voice suddenly heard from outside: "Four Lord, Zhai Wenmin asks for you."

"Let him in." Xiahou Yinghao immediately said loudly.

He looked a little excited.

It turned out that Zhai Wenmin went out yesterday to inquire about the young man in white clothes, but he didn't expect to come back so soon.

"It's time to come back!"

Zhai Wenmin strode in, his face was quite simple, but his expression was very excited.

After coming in, just about to speak, I saw Shen Qingyu at a glance, and was stunned for a moment, then shut up and stepped aside.

Squinting his eyes, he looked at Shen Qingyu.

Xiahou Yinghao laughed and looked at Zhai Wenmin and said: "Okay, don't be so careful. Speaking of which, you two may have to cooperate next."

"What do you mean?" Both of them were stunned.

Xiahou Yinghao ignored Shen Qingyu, but said to Zhai Wenmin, "Wenmin, tell me who that person was yesterday."

Zhai Wenmin replied respectfully, and then said in a deep voice: "After the villain inquired, I learned that this person is named Chen Feng, and he is one of the most outstanding disciples of the young generation of Xuanyuan family!"

"What? Is it really him?"

After listening to him, the face of Yinghao Xiahou, who had always been quite deep in the city, and whose emotions were not in expression, also changed drastically.

He shouted: "Are you sure it is Chen Feng?"

"Yes! Subordinates are sure." Zhai Wenmin was a little surprised at Xiahou Yinghao's reaction.

Then, he turned his gaze to Shen Qingyu.

There is no doubt that he must have heard this name from Shen Qingyu.

At this moment, Shen Qingyu was sitting beside him with cold eyes, he probably could already see what was going on.

"It turns out that this thing is a coincidence!"

"Xiahou Yinghao ordered Zhai Wenmin to look up someone. He should be interested in someone, but he didn't expect that this person was Chen Feng!"

He immediately felt happy: "If Fourth Master is interested in that person, then this matter will be easy to handle."

Sure enough, without letting him down, Xiahou Yinghao's expression was gloomy and thought for a while.

Then, he stared at Shen Qingyu and said, "How do you want to deal with Chen Feng? Tell me about the plan."

Shen Qingyu was ecstatic.

He knew that since Xiahou Yinghao could ask this sentence, then his plan was already more than half successful.

He quickly concentrated his attention, cleared his throat, and said in a deep voice: "In return to Fourth Master, the villain intends to do this."

Having said that, it was just saying his plan again.

Then, staring at Xiahou Yinghao, his face showed a strong confidence:

"As long as Chen Feng enters my Shen family, it means that he has only one dead end, and I cannot let him leave alive!"

After listening to his plan, Xiahou Yinghao also touched his palm and said, "Although your plan is simple, it is extremely effective."

"With your strength, it is really easy to deal with Chen Feng."

"But..."

He stared at Shen Qingyu, Shen Shen said: "Then Chen Feng, you can't die!"

Shen Qingyu was taken aback for a moment, but he didn't ask the reason, but said loudly: "Yes, Fourth Master."

"You say you don't let him die, then he can't die."

He said tentatively: "Then, can I abolish his cultivation so that he no longer poses a threat to our family?"

"Because I am really not sure that I can capture him alive."

"Of course there is no problem." Xiahou Yinghao laughed, "Then you will abolish his cultivation."

Shen Qingyu breathed a long sigh of relief, smiled and said, "It's much easier this way."

It seemed that for him, abolishing Chen Feng's cultivation base was a simple matter.

Xiahou Yinghao stared at him and said word by word: "This time, after you abolished Chen Feng's cultivation base, you sent him to me. Do you understand?"

[Chapter 3555: Great Morning Star Battleship](#)

"I still use him useful."

"Yes!" Shen Qingyu said loudly.

"Okay, get out!" Xiahou Yinghao said coldly:

"I will be responsible for everything this time."

"Lan Zihan, don't worry about it."

"You don't have to worry about Pu Xingzhou, no one in the entire God of War can move you!"

After hearing these words, Shen Qingyu felt like he had been opened all the pores of all the acupuncture points in an instant, from the Tianling Gai to the sole of his feet.

The mood was lightened in an instant, I don't know how much.

Isn't he here for this sentence?

He hurriedly threw a plop, fell to his knees, kowtows repeatedly, and said with gratitude: "Thank you for the grace of the fourth master, thank you for the grace of the fourth master!"

Xiahou Yinghao sighed softly, leaned on the chair, closed his eyes, and stopped talking.

Shen Qingyu was also very witty farewell.

After he had left for a long time, Zhai Wenmin looked at Yinghao Xiahou with some doubts in his eyes.

He roughly guessed a little about these things, but he didn't guess all of them.

At this moment, Xiahou Yinghao showed a smile on his mouth, full of pride.

Suddenly, there was a burst of laughter: "Unexpectedly, I didn't expect, Chen Feng, I was thinking about how to deal with you after inquiring about your news!"

"As a result, now, you delivered it yourself!"

"Hahaha, you asked for this!"

"Since you came here by yourself, don't blame me for catching you, imprisoning you, concocting you with secret methods, and absorbing your luck!"

"You, this is a dead end!"

His tone at this time, it was as if Chen Feng was not alone, let alone a young and powerful man with a worldwide reputation, but just a kind of medicine and a kind of food.

Be prepared to be absorbed by him at any time, and there can be no resistance!

It was as if he wanted to absorb Chen Feng's luck, he could easily absorb Chen Feng's luck.

He obviously didn't pay attention to Chen Feng at all.

In his eyes, Chen Feng is no different from ants.

Naturally, Chen Feng didn't know the plans they were making here.

But even if he knew it, he wouldn't care!

Even if it is the son of the General Marshal, even if he is one of the future heirs in the God of War Palace, it will not make him have any fear.

Chen Feng has never been ahead.

In the blink of an eye, it was the second day after returning from the General's Mansion.

On this day, just early in the morning, Chen Feng suddenly heard a loud noise outside, and it seemed that many people were shouting something loudly.

Before he got out of the Zhulin Medicinal Food Studio, he felt that the sky was dark!

Chen Feng looked up and saw a huge dark cloud floating above the sky.

Take a closer look, where is the dark cloud? It is clearly a huge floating warship.

The length is almost 10,000 meters, and it looks like a floating giant mountain.

Thirty-three floors of pavilions were built on this floating warship, which was extremely impressive and tall.

On each level, there are countless sergeants.

Holding a weapon, shouting loudly, extremely majestic.

Chen Feng squinted his eyes and looked up. On this huge floating warship, I was afraid that it could hold millions of soldiers.

This is not the most terrible thing, but these soldiers, everyone is quite a powerful warrior.

And the most terrifying thing is not this. It doesn't matter if they have a large number of them, it doesn't matter that each individual is strong, this is not what Chen Feng is afraid of.

What Chen Feng feared the most was that at this time they formed one formation after another.

A dozen people have a small formation, a dozen small formations are a medium formation, and dozens of medium formations become a large formation.

Dozens of big formations turned into a giant formation!

There are a thousand giant formations on this battleship.

These thousands of giant formations have turned into a huge, monstrous battle formation!

At this time, when Chen Feng came out, this monstrous battle formation had just taken shape.

Therefore, Chen Feng saw that a red blood rushed into the sky with a thud on this huge floating warship.

Chen Feng suddenly narrowed his eyes.

"Red blood, this is murderous!"

"This murderous aura is already strong enough to be visible to the naked eye!"

The murderous intent was so brutal that it was visible to the naked eye, which shocked Chen Feng.

How strong is this murderous?

A beam of light rose into the sky, smashing all the floating clouds in the sky, and even shaking the sky.

Even, some spatial cracks were punched out in the air, and then they disappeared instantly.

This floating warship flew away at an extremely fast speed.

And Chen Feng saw that on the street and on the pavilions, countless people stood there and opened the windows and looked out.*novelusb.Com*

Looking up at the floating warship, there was a look of longing on his face.

Someone exclaimed: "Why is this Great Morning Star battleship dispatched again? I haven't seen this Great Morning Star battleship dispatched for more than ten years!"

Someone sneered and said with disdain: "You are too unclear about this news."

"You don't know, the fourth master of the Grand Marshal's Mansion has come to our Sky Dragon City! The dispatch of the Great Morning Star battleship is normal!"

Everyone shouted:

"The Fourth Master of the Grand Marshal's Mansion came to the military parade?"

"Haha, I remember he came to us once more than ten years ago."

"Yes, that time I also came to the military parade. It was a big scene. That grand occasion is really only seen for decades!"

Everyone flushed with excitement: "I can finally see that scene again today."

"I don't know if there will be a formation at the bottom of the box today."

"If you want me to say it will definitely, after all, the Fourth Master has only come once in so many years, so I have to give the general a long face in front of the Fourth Master!"

"I can't take out the things from the bottom of the box, what is the general's face?"

"Yes, it's the truth."

Everyone laughed: "Go, let's all follow up and have a look."

"Go, go, go together."

Above that ground, there were also countless floating tanks flying into the air.

Follow this huge floating warship to fly outside the city.

Chen Feng couldn't help but feel a little moved.

As soon as he turned around, Bai Jingwan, Shi Yebai and others also walked out of the Zhulin Medicinal Food Studio.

It turned out that since Chen Feng and Shi Yebai had talked about it, there was no ambiguity between them, but only a pure and profound friendship.

Therefore, there is no evasiveness, and I just moved here to live.

From those days on, Lin Ran stopped the business of Zhulin Medicinal Food Studio and turned this place into a gathering place for children.

But it does not entertain outsiders.

There is no need to worry about the safety here, after all, many masters sent by Lan Zihan are secretly guarding.

Bai Jingwan, Shi Yebai and others all moved in because they had good friends with Chen Feng. It happened that after the destruction of their Beidou Sword Sect, many of them had not been repaired, and it was very inconvenient to live in it.

[Chapter 3556: provocative](#)

So I live here, just go to the Beidou Sword Sect to practice daily.

And Chen Feng admired them most.

With Chen Feng around them, such a strong and powerful man, there are obviously many shortcuts to take, but they still choose to stay in the Beidou Sword Sect and practice solidly step by step.

Everyone has just arrived in Sky Dragon City, and there is a look of longing on their faces wherever they have seen such scenes.

Seeing everyone's looks like this, Lin Ran gave a smile: "I want to see and see, right? It's a pity that the parade is outside the city, but we don't have a floating tank here."

Chen Feng also frowned, he realized this.

At this moment, suddenly, there was a soft creak outside, and a floating tank stopped there.

One person came down from above, but Gui Qingwen.

Gui Qingwen looked at everyone, smiled and said, "Come on, let's follow up and have a look!"

Chen Feng raised his eyebrows, unexpectedly she would come.

However, since they had shown good intentions, there was no need to refuse, so they smiled slightly and boarded the chariot first.

Then, everyone came up one after another.

Gui Qingwen was very excited and shouted: "Go, let's get out of the city!"

The floating tank flew up, followed behind the huge and incomparable Great Morning Star battleship, and flew out of the city.

It didn't take long before he came outside the city.

At this time, in the sky outside the city, there were already countless floating tanks stopped.

I don't know how many people in Sky Dragon City come here to watch the excitement, densely packed, almost covering the sky.

However, their floating tanks can only stay at a height of no more than 500 meters.

No matter how high it is, it will not go up.

Because the higher altitude is already occupied by countless Great Morning Star battleships.

These floating warships are very large in size, but of course they are not as big as the morningstar warships!

And when Chen Feng looked up, he was shocked to see that in the sky, in addition to the Great Morning Star battleship that I saw in the city before, there are actually eight Great Morning Star battleships!

The nine Great Morning Star battleships turned into a large array at this time, and this large array was constantly rotating.

The nine Great Morning Star battleships are constantly changing positions, and each change is very mysterious and consumes a lot of power.

But it brought it, but I don't know how powerful it is!

A terrifying formation was formed among the nine Great Morning Star battleships, in which there were extremely powerful forces in the vertical and horizontal directions.

Chen Feng was far away at this time, but even at this distance, he could feel that the power could almost tear himself apart.

Gui Qingwen trembled in a trembling tone: "Nine-Star Observatory! This is Nine-Star Observatory!"

"This is the strongest formation in Sky Dragon City, even in the God of War Palace!"

Chen Feng raised his eyebrows: "So this is called the Jiuxing Yaori Array?"

Chen Feng couldn't help sighing in his heart: "Awesome, really amazing!"

"This nine-star bright array consists of nine giant warships and tens of millions of tyrannical soldiers. In such a nine-star bright array, the tyrannical force exuding from it far exceeds me."

"No, let alone me, I'm afraid it's Xuanyuan Zixi or Xuanyuan Xiaoyue, it's hard to match it!"

He secretly praised in his heart: "The God of War Palace is indeed strong. It is indeed a powerful force that suppresses the entire Dragon Vein Continent."

"The dozens of more than a hundred masters from other forces may be able to surpass the strong in their army in terms of individual combat effectiveness."

"But in front of their nine-star formation, in front of tens of millions of soldiers, it is not enough to see, I am afraid it will be directly shattered!"

At this time, with the Jiuxing Yaori large array as the core, countless small arrays were formed beside it.

The battleships one after another have formed various formations.

At a glance, the thousands of warships above the sky.

It looks messy, but in fact it is patchy, which contains inexplicable power and might.

Naturally, the battle of the nine stars is the most prominent.

Chen Feng looked fascinated, he could even feel that some indescribable things in his heart were quietly breaking, cracking, and taking root as the nine-star solar array continued to evolve at this time.

He was actually looking at the Jiuxing Yaori Great Formation, and there was a little more understanding in his heart.

Chen Feng is truly a god-level talent.

And at this moment, suddenly, with a bang, the floating tank they were in shook violently.

Chen Feng raised his brows: "What's going on?"

This violent shock also directly knocked him out of the profound understanding just now, which made Chen Feng quite annoyed and looked a little unhappy.

And everyone was unprepared, and they were all shaken.

In the chariot, the various fruits, food, wine, and meat on their respective tables were all hit and spilled on the ground.

Suddenly, the floating tank became embarrassed and a mess.

Everyone is quite embarrassed!

The look on Gui Qingwen's face was very unpleasant, she couldn't hold back her face, and she was already pungent, she immediately stepped away from the two powerful long legs wrapped in black leather pants. Arrived at the door of the chariot.

About to question outside.

And before he could speak, an arrogant voice came from the other side: "Damn, are the people in your tank blind?"

"I bumped into my Shen family's chariot and broke it. Can you afford it?"

"It will kill you!"

Chen Feng frowned. The other person was really arrogant.

He strode to the door of the car. At this moment, he saw that Gui Qingwen was already pale with anger and trembling all over.

She has never been so wronged.

Only Chen Feng could make her suffer such grievances. She even looked forward to being humiliated by Chen Feng, but she did not allow others to do so.

She sternly said: "Who are you?"

"Who are we?"

"We are from the Shen family of Yipin family!"

The voice from the other side was even more arrogant: "Little bitch, can you afford it?"

Hearing the words of Shen Jia, Gui Qingwen's expression stopped, his face became paler, and a look of fear flashed in his eyes.

She knew that Chen Feng was standing behind her, she also knew Chen Fengfang's strength, and she was not the kind of person willing to be wronged.

However, she knows one thing better, that is, her family is nothing compared to the Shen family of this first-class family.

The opponent can easily razed their family.

Therefore, after she was so insulted by the other party, her face was pale and froze there, but she couldn't say a word.

Because she knew she could not provoke each other.

I was even more proud of seeing him on the other side, and laughed: "You know you can't offend our Shen family, right?"

"Little bitch, come up and make our brothers cool, and give us a good apologize."

[Chapter 3557: Endure it!](#)

"This matter today, even if I let you go!"

After that, he gave out a smug laugh.novelusb.com

Gui Qing was so angry that he was sifting chaff.

At this moment, suddenly a big hand was placed on his shoulder.

Gui Qingwen was stunned, then looked back.

But seeing Chen Feng standing behind her, smiled slightly.

After that, he didn't speak, but walked to her and blocked her behind him.

Gui Qingwen was stunned for a moment, only to come back to his senses after a while.

Suddenly, her heart was agitated, and her tears could no longer be controlled.

Covering his face, there was no sound, but tears were already falling.

At this moment, she suddenly felt extremely at ease, and her heart was filled with joy and excitement.

Chen Feng is in front of her, his back is as tall as a mountain.

At this moment, Chen Feng frowned and looked out.

About a few hundred meters away, a tall chariot stopped there!

This chariot was almost the size of a chariot, but it was still like a chariot. It was hundreds of meters long, extremely luxurious and gorgeous.

A big flag was erected on it, and on top of the flag, a huge word "shen" was fluttering in the wind.

"Is the Shen Family of Yipin Family?"

A sneer appeared at the corner of Chen Feng's mouth: "I haven't looked for you yet. I didn't expect that you have already delivered it to your door?"

He glanced at his floating tank.

Half of the floating tank had already collapsed, and the floating tank on the opposite side of the Shen family also had a depression.

Chen Feng frowned, because he knew that, like these floating tanks, the people driving them were extremely skilled.

And they are all martial artists, and their perception spreads, and they rarely hit them.

He glanced at the driver of his own floating chariot, and saw that his face was worried, and there was a hint of inexplicability in his anxiety.

Chen Feng knew it!

"Then there is only one explanation, it must be us who the other party actively hit!"

"Shen's family?"

There was a sneer at the corner of his mouth: "I didn't expect you to be so arrogant!"

The Shen family's floating chariot is a four-five-story pavilion, very tall.

At the second floor of the pavilion, there is also a raised platform.

At this moment, on the platform, several people were standing there.

The headed person is a fat man in Jinyi.

After he saw Chen Feng, there was obviously a flash of jealousy in his eyes, but then, this jealousy turned into a strong arrogance and disdain.

He remembered what the older brother told him before.

"It's okay, although you wantonly humiliate Chen Feng, the more angry he is, the bigger we will win."

Thinking of this, thinking of the big brother behind him, and thinking of the horrible existence after their Shen family, he became even more confident.

Towards Chen Feng, he yelled disdainfully: "Boy, what do you think?"

"You broken air tank, dare to hit our Shen family air tank?"

He pointed to the small sunken scar on the Shen family's floating air tank, and said, "Did you see it?"

"The floating tanks of my Shen family are all made of the highest-quality special materials, and one of them can top 10,000 of your broken gadgets."

"Dare to break my Shen family, you can't afford to sell it!"

With an extremely arrogant look, he spits out all the way.

Chen Feng stared at him coldly without speaking.

And at this time, suddenly, a person next to the Jinyi Fat Man looked at Chen Feng, showing a fuss, and shouted:

"Oh, isn't this Chen Feng?"

"What? Chen Feng? Which Chen Feng?"

There was a shout from Shen's floating tank.

Everyone looked very curious, shouting loudly: "He is Chen Feng? Is that the famous Chen Feng?"

"I heard that this genius of the Xuanyuan family caused a big disturbance after coming to our Sky Dragon City!"

The man in Jinyi had long known that the person in front of him was Chen Feng, but he made an appearance that he had just learned at this time.

Looking at Chen Feng, he suddenly realized: "Are you Chen Feng?"

At this time, hundreds of people were watching around the two of them looking for cars.

After hearing Chen Feng's name, everyone was in an uproar.

"This is Chen Feng? This boy is Chen Feng? The Xuanyuan family genius who is famous all over the world?"

"I've heard about Chen Feng's reputation a long time ago. It turns out that he is here."

Chen Feng was already very famous, and after all these things in Tianlong City, he became famous for a while!

At this time, in Sky Dragon City, anyone who had a little bit of identity in his childhood had heard of his name.

"It turned out that Chen Feng and the Shen family had a conflict."

"Ha, there is a good show to watch now."

"Yeah, one is a newcomer with a reputation, and the other is a first-class family with a deep heritage. Who do you think will retire from this conflict?"

"I don't know, but I feel that Chen Feng's face is bigger. After all, the Shen family is not so easy to provoke."

One person said loudly.

"Yes!" His words were approved by many people.

At this time, after hearing the words of everyone around him, the Jinyi Fatty was even more proud.

Looking at Chen Feng, he laughed and said, "It turns out to be Chen Feng who is famous all over the world!"

"But..."

He hung his eyes and said, "I don't think so."

He looked at Chen Feng, nodded with his finger, and said: "Now, our Shen family has a conflict with you, do you dare to jump half a word?"

"Dare you say one more thing?"

His eyes were full of provocations.

At this moment, the gazes of the surrounding audience sighed, all of which fell on Chen Feng, not knowing how Chen Feng would respond.

Someone said solemnly: "Chen Feng's reaction today has a huge impact."

"It will mean that he is a hard-spirited person, or a waste who can only sell his mouth!"

Everyone's eyes fell on Chen Feng!

At this moment, Chen Feng's eyes flashed cold.

He really bored the Shen family to the extreme, and hated it to the extreme, wishing to kill the Shen family at this time and punish them all.

Of course, the first thing to do is to slaughter this fat man and the others!

However, as soon as he was about to start, he thought of Pu Xingzhou's warning to him and his promise to Pu Xingzhou.

He took a deep breath and suppressed the anger.

Today's tone, Chen Feng endured, he didn't plan to be familiar with the other party.

A cold color flashed in Chen Feng's eyes: "You wait for me, four days later, see how I clean up you!"

Chen Feng took a deep breath, turned around, and walked directly back into the chariot.

Then, he smiled slightly and said: "It's okay, let's go!"

Although Chen Feng endured this breath, his heart was still burning with anger, but he would not pour his anger on those close to him.

So instead he said with relief: "Don't worry, I'm fine!"

[Chapter 3558: Run over!](#)

Bai Jingwan and others were not surprised.

Because they all understand Chen Feng's personality and know that Chen Feng has always been fierce and fierce, he must have suffered something in doing so.

Therefore, they all nodded and didn't say anything.

But seeing Chen Feng's reaction like this, the pan was suddenly fried outside.

The crowd around the audience exclaimed: "Chen Feng actually endured it?"

"Yes! Facing the Shen Family's fierce and arrogant provocation, he actually endured it?"

"Look, let me tell you, I can bear it."

"Hahaha, it seems that Chen Feng is still a bit worse compared to the Shen family of the first-class family, he is confessing this!"

Someone even said with disdain: "Unexpectedly, this Chen Feng is famous and looks stern and upright, but it turns out to be such a waste."

"People were so scared that they didn't even dare to say a few words, and they just retracted."

Everyone is full of ridicule in words.

Seeing Chen Feng's performance at this time, the Jinyi Fatty had always been uneasy, but now he immediately let go.

There was a touch of extreme arrogance in his eyes, he laughed, and his heart was also extremely proud.

"It turns out that Chen Feng is just a rubbish.

"It turns out that Chen Feng didn't dare to confront my Shen family head-on, hahaha!"

He was still worried, for fear that Chen Feng would directly kill him, he would pay a heavy price for it!

But now, seeing this scene, immediately feel confident.

He pointed to Chen Feng and said with a disdainful face: "Untouchables, it turns out that you are just yelling!"

"Actually, I don't have any abilities at all. Compared with my Shen family? What are you?"

"Are you worthy to compete with my Shen family? Are you qualified to compete with my Shen family?"

At this time, Chen Feng and others had already returned to the chariot.

There was no response to his provocation.

As a result, he immediately laughed wildly: "Come on! Let's drive past the chariot!"

"Crush their chariots and crush their kennels. I see where they can hide!"

"Hahahaha..."

As he said, there was a burst of arrogant laughter.

On the chariot of the Shen family, laughter filled with mockery, one after another.

It turned out that their Shen family's strategy was to provoke Chen Feng and anger Chen Feng.

However, it is creating accidents and provocations.

Let Chen Feng not know that this provocation was against him.

This is to fear that Chen Feng would feel that the Shen family was deliberately provoking him, so he refused to take the bait.

But they looked up to themselves and underestimated Chen Feng!

Even if Chen Feng knew that they were deliberately provoking and setting traps, he was not afraid!

What kind of **** trap, he just smashed!

Then, someone shouted loudly: "It's the fifth son."

It turned out that this fat man in Jinyi was Shen Jiantong, who was ranked fifth among the brothers of the Shen family, and he was also the two people who were tied with Shen Yangxu in the bottom of the Shen family.

Among the Shen family brothers, they can be regarded as relatively low in strength.

And the reason why Shen Qingyu asked him to come forward to do this is also a lot of thought.

If Chen Feng really violently kills, then the loss of him would not be too great.

He didn't even know it at this time, but was rather proud.

He didn't even know that the reason why Chen Feng put up with him was because of Pu Xingzhou's instructions.

Instead, he thought it was Chen Feng who was afraid of himself and others, and was extremely arrogant.

Laughing loudly, he ordered his chariot to crash.

Then, the Shen family's chariot slowly vibrated.

Then, suddenly rammed into the chariot of Chen Feng and others at a very fast speed.

Everyone around exclaimed: "Shen's chariot is going to hit Chen Feng's chariot?"

"Hahaha! Just now I was worth bullying Chen Feng once, and Chen Feng endured it, and now the Shen family bullied Chen Feng a second time to break his chariot. I wonder if Chen Feng will bear it!"

"Nonsense, of course I will endure it, there is the first time and the second time."

"I also think so."

Someone said loudly with disdain: "Can you still not see the scene just now?"

"Chen Feng is a coward, and he doesn't dare to contend with the Shen family. Now that the Shen family bullies him to death, he will still only shrink!"

These voices spread into the chariot, and Chen Feng's eyes became colder.

There was no change in his face, but his chest was bullied.

I felt extremely bored in my heart, and the breath echoed and impacted in it, but it still couldn't come out!

Chen Feng felt that this suffocation was getting bigger and bigger, longer and longer, so that he was about to blow up!

But at this time, the giant tank of the Shen family on the opposite side smashed toward the floating tank where they were!

Seeing that, they were actually going to smash their floating chariot to pieces!

The momentum is extremely fierce!

The Shen family's floating tanks are more than ten times larger than theirs, and the materials used must be cherished and much stronger.

To crush them, there is no pressure.

Chen Feng frowned.

He is unwilling to take the initiative, because he is unwilling to conflict with the Shen family now.

Especially now, the above is the time when the Tianlongwei army is training the military parade. If there is a conflict at this time, it is easy to be spotted by Xiahou Yinghao.

Therefore, he just endured the tone.

However, he didn't expect that the people of the Shen family would have to make an inch of it.

Now, thinking about their chariot smashing Chen Feng's chariot!

A cold light flashed in Chen Feng's eyes, staring at the floating chariot that hit hard, and his right hand slightly lifted.

"In this case! Then, can't bear it!"

Chen Feng has decided to give them some color.

Seeing the next moment, the opponent's floating tank is about to collide!

And at the same time, Chen Feng will no longer bear it, let them know how powerful he is!

Everyone exclaimed: "I'm going to hit it, I'm going to hit it!"

"Yes, next moment, Chen Feng's chariot will be smashed by the Shen family's chariot!"

"Haha, I don't know how Chen Feng will bear it later."

They all yelled loudly, looking forward to Chen Feng's reaction with cynicism on their faces!

The two tanks are getting closer, getting closer.

And just when the Shen family's chariot was only one meter away from the chariots of Chen Feng and others, just when Chen Feng was about to take care of them!

Suddenly, Shen Jiantong, who was worthy of a chariot, winked.

With a snap, press down with both hands.

Suddenly, the Shen family's chariot suddenly drifted to the side.

In an instant, it passed by the chariot of Chen Feng and others, but it didn't hit it.

Just passing by and brushing it, he was behind the chariot of Chen Feng and others.

However, the huge and incomparable shock wave generated at that instant also set off a boundless and powerful wave.

[Chapter 3559: Bear it!](#)

The chariot of Chen Feng and others was stumbling.

Although Chen Feng's feet were firmly nailed to the chariot and didn't move, the others were in a panic and staggered.

At this time, the worthy tank suddenly stopped.

Then, Shen Jian and others on the deck laughed.

Shen Jiantong stared at Chen Feng with a joking expression on his face: "Boy, we were playing with you just now!"

"Haha, at that moment, were you very scared? Did you really think that our tank was about to hit your tank?"

"Do you really think your little broken car will be smashed to pieces?"

He was extremely proud.

On the Shen family's floating chariot, everyone laughed loudly.

"Hahaha, Chen Feng was scared just now, wasn't it?"

"Yeah, Chen Feng, looking at how you were just now, are you really afraid that we will run into it?"

"Boy, you guys are fooling you!"

At this time, they were extremely arrogant, clamoring loudly there, playing with Chen Feng and the others, without putting him in their eyes at all, as if they were playing a monkey.

The people in the Shen family are like this. In their opinion, they successfully played the well-known Chen Feng.

And Chen Feng didn't even dare to speak back, let alone make any counterattack.

This makes them extremely cool.

They don't even know the horror of Chen Feng!

And everyone around also made a burst of laughter.

"This Chen Feng! Today is completely lost. It was because the people of the Shen family slapped them twice in front of everyone under the full view of everyone, but he didn't say anything, what? I didn't do it."

"Yeah, this Chen Feng is completely lost today!"

"Let's see how he reacts! Should he continue to bear it, or fight back!"

Everyone looked at Chen Feng again.

At this time, Chen Feng stood there with a calm expression.

But in his eyes, it was murderous.

His right hand was trembling slightly, and he almost couldn't control himself, and he was about to clean up these Shen family members fiercely, giving him a severe lesson!

But at this moment, above the sky, a loud and extremely loud drumbeat came and spread across the fields.

But it was the nine-star solar array that had already reached the point of rehearsal.

Chen Feng sighed slightly, Pu Xingzhou's pleading gaze appeared in front of him.

"Pu Xingzhou begged me not to cause trouble. Since I promised him, then I will definitely do it!"

Chen Feng took a deep breath, just glanced at the Shen family's chariot coldly, and his gaze swept across Shen Jian's face!

After Shen Jiantong came into contact with Chen Feng's gaze, his body was instantly cold, like falling into an ice cellar.

He felt that Chen Feng's gaze was extremely murderous, and it seemed that just that gaze was enough to throw him into prison.

He was shocked to the extreme in an instant!

"This Chen Feng has such a terrifying expression in his eyes?"

Not only her, but several other people are like falling into the ice cellar.

After that, Chen Feng didn't say a word, turned around and returned to the carriage, and said lightly to the coachman: "Let's go!"

The coachman was stunned, looking at Chen Feng for a while, but he didn't recover.

Seeing this scene, the people around were in an uproar!

The sound wave rolled out, almost exploding.

"Chen Feng has to bear it again!"

"Yeah! He actually endured it again, is the Shen family so terrible? So that Chen Feng can even endure it several times!"

"Sure enough, although it has risen rapidly and its reputation is big enough, it is still incomparable with the veteran Yipin family like the Shen family!"

"After all, he still dare not provoke the Shen family."

"Hahaha, I just said that he is a coward." The proud voice just rang again.

Everyone looked in the direction of the sound, and saw that the speaker was a thin middle-aged man.

At this moment, he was extremely excited, staring at Chen Feng, eyes full of resentment, and spit flying wildly.

The jumper shouted loudly there.

Many people laughed in a low voice: "This Cheng Junai is so happy today."

"Yes!"

The person next to him also smiled with interest and said:

"Who didn't know that Cheng Junai had been madly pursuing Bai Jingwan for so many years. As a result, Bai Jingwan showed no words to him, but fell in love with Chen Feng at first sight."

"Bai Jingwan will inevitably follow Chen Feng wherever she goes, and she is extremely infatuated with him."

"Cheng Junai is naturally jealous to the extreme, I am afraid I hate Chen Feng to death, hahaha!"

Someone shook his head and said with disdain: "He didn't even have the courage to say a word in front of Chen Feng before, but now he is happy, taking the opportunity to mock Chen Feng."

"Yes, but who said Chen Feng should be ridiculed now? Who said he was a coward today!"

Someone sneered and said, "Chen Feng made a tortoise with his head shrunk today. Is it possible that he hasn't let others talk?"

"Deserve it!"

Everyone nodded.

Among the audience, there are many people who have seen Chen Feng before. They heard that there was a conflict here, so they rushed over in a hurry.

There are people from the Beidou Sword Sect, as well as people who have seen Chen Feng's strength in the God of War auction.

But now, their faces were shocked and disappointed.

Many people admire and admire Chen Feng. Seeing the Shen family deceived so much, everyone was full of indignation. Looking at Chen Feng, there was some doubt in their eyes.

If Chen Feng endured it for the first time and they could still accept it, then Chen Feng would hold it back this time, and they would find it incredible.

Even looking at Chen Feng, there is something strange in his eyes.

"Is this still the fierce Chen Feng we know?"

They were even disappointed.

Only Bai Jingwan, Shi Yebai, Gui Qingwen and others, looking at Chen Feng's gaze, remained the same as before, without the slightest change.

At this time, Gui Qingwen saw that the coachman was still there, and said sharply: "Are you deaf? Didn't you hear what Master Chen Feng said? Hurry up!"

"Yes, yes!" The coachman hurriedly nodded.

Chen Feng patted Gui Qingwen's shoulder lightly, smiled and said, "Don't worry, it's okay!"

"Don't blame him."

Although his heart was already raging and killing intent at this time, he did not vent this emotion to the people around him.

Seeing that the chariots of Chen Feng and others left quickly, and did not stay any longer, those onlookers shook their heads one after another and quickly dispersed.

When Chen Feng returned to Zhulin Medicinal Food Studio, he was taken aback.

It turned out that outside the Zhulin Medicinal Food Studio, there was an extremely exquisite floating chariot parked.

The whole body is white, just like the finest suet jade.

He looked familiar, but it was the floating chariot of the God of War Chamber of Commerce!

Just as doubts emerged in Chen Feng's heart, he saw a person walking out of the door, but it was Gu Yunxin.

Chen Feng raised his eyebrows, what did Gu Yunxin come over again?

[Chapter 3560: Genting Xian Tea](#)

Seeing Chen Feng's doubts, Gu Yunxin smiled slightly, shook a small jade box in his hand, and said, "Everyone in the city is out to watch the fun today, but I don't like such a lively scene."

"Think about it, nothing happened at this time, it happened that a friend got a couple of freshly picked Genting Immortal Tea from Jidongwai."

"I came to chat with Young Master Chen Feng and have tea!"

Chen Feng raised his brows, with some doubts in his heart.

He could vaguely guess the reason for Gu Yunxin's coming, but he didn't point it out, just smiled.

Then he looked at the people beside him and said, "Let's go and taste Genting Immortal Tea."

"Although I have never heard of it, since Miss Gu brought it, it must be the most supreme treasure in the world."

Shi Yebai and the others were nothing, they just looked at Chen Feng, with an elusive smile on their faces.

Especially Shi Yebai, she has completely let go of her feelings for Chen Feng at this time. Since she is not tied to the relationship between men and women, she can naturally see something from the perspective of a friend.

Looking at Bai Jingwan, then at Gu Yunxin, she couldn't help but smile.

Hold your hand and cover your mouth quickly.

At that moment, Bai Jingwan's face turned pale, but then she returned to normal.

It's just that there is a deep worry in his eyes.

Gu Yunxin is a woman. No matter how prominent she is, no matter how respected her status is, no matter how powerful she is, she is also a woman after all.

At this time, a woman who rarely appeared in front of outsiders took the initiative to come to the Zhulin Medicinal Restaurant to find Chen Feng for tea.

So, what is the purpose? Is it hard to guess?

If it were an ordinary person, Bai Jingwan would not take it seriously, she had this confidence.

But Gu Yunxin was different.

Regardless of Gu Yunxin's temperament and talent, all aspects are crushed by her.

Moreover, she could feel that there were some unexplainable connections between Chen Feng and Gu Yunxin.

This feeling made her very flustered.

However, she naturally did not show it, just smiled and said, "Okay, then we will have tea together."

Gu Yunxin didn't think much about it.

In fact, Bai Jingwan really misunderstood.

She came to Chen Feng for really no other purpose.

She just got restless after going back.

I could not bear it until now, so I came to find Chen Feng.

She didn't want to do anything, just chatting with Chen Feng and talking.

Mainly because the two stayed together, she felt quiet and uncomfortable.

The fact is true. As soon as she saw Chen Feng, the feeling of restlessness disappeared.

Then, everyone entered the bamboo forest medicated food restaurant, and Lin Ran ordered the people to set up the tables and chairs.

Everyone was seated separately.

Then, Huai Feibai smiled slightly and shook his bare hand.

Then, he took out an extremely exquisite tea set and opened the little jade box again.

As soon as the jade box was opened, Chen Feng immediately smelled an extremely strong fragrance.

This scent was different from the others. After the scent appeared, it was as if it were in substance, and it penetrated directly into Chen Feng's nasal cavity.

Then, in an instant, it exploded in his nose.

In an instant, the incredibly rich and fragrant fragrance filled Chen Feng's body.

He felt that every one of his meridians, every acupuncture point, and even every muscle and bone was filled with this fragrance.

At this moment, Chen Feng's lips and teeth fragrant.

It should be said that every cell is jumping happily, feeling extremely refreshed because of this fragrance.

Chen Feng's eyes widened suddenly: "What treasure is this?"

"When I just smell this scent, it's all like this?"

Not just him, at this moment, almost everyone smelled the fragrance and all made a comfortable groan.

Everyone feels that their bodies have become very happy at this moment, and even their cultivation bases have increased a lot.

Everyone's eyes widened!

"Genting Xiancha deserves to be called the existence of Xiancha, it is truly terrifying."

Xian Yu Gaozhuo is very impatient to be beside him.

The former head of the Beidou Sword Sect laughed softly:

"I've heard of the name of this Genting Immortal Tea for a long time, but it's a pity. Genting Immortal Tea is said to be produced only on a certain fairy mountain deep in the far east."

"I don't know how many billions of miles away from our God of War Palace, the old man has not had it once in these years."

"I didn't expect to be lucky enough to taste it today."

He looked at Chen Feng, squeezed his eyes narrowly, and said, "Today I have been exposed to Master Chen."

Lin Ran said with some deep meaning: "I'm afraid you can still drink this Genting Immortal Tea in the future!"

After all, I glanced at Chen Feng and Gu Yun, and they looked quite meaningful.

Gu Yunxin naturally heard the meaning of his words, and couldn't help showing a wry smile in his heart.

"What she said is really right, I'm afraid they can drink it often in the future, because I will often come here to find Chen Feng!"

She couldn't help but sighed in her heart: "Gu Yunxin, Gu Yunxin, you have kept your Daoism for decades, have you fallen here?"

It turned out that after seeing Chen Feng, she felt uncomfortable and joyful in her heart. She just felt that even drinking tea and chatting like this was the most pleasant thing in the world.

Gu Yunxin was suddenly shocked at this moment: "Is it possible to see Chen Feng by mistake for life?"

But he didn't show it at all on his face.

At this time, Huai Feibai had already taken out a small copper pot.

The copper kettle tilted, and a column of water slowly flowed out.

The water column is not hot water.

As soon as it appeared, everyone felt that the Zhulin Medicinal Food Studio seemed to be frozen in ice, and they couldn't help but shudder.

It turned out to be ice water!

Moreover, the water is so cold to ice, I don't know how cold it is.

Huai Fei's white voice was crisp and tender: "This water also has a background. It is from the far north, on the more ancient glacier that reaches thousands of miles, and the ice that has been cut for thousands of years has melted."

"The most pure to overcast, to cold to ice."

"It is said that those powerhouses above the Wudi realm in the Northern Territory will seek such a piece at any cost."

"When cultivating, as long as you hold it by your hand and hold it when you get into trouble, you can avoid the risk of getting into trouble!"

She talked while making tea.

The water column poured into the cup, and the Genting Immortal Tea suddenly floated slightly!

In an instant, a fragrance that was stronger than before was lingering here.

Then, Huai Feibai pushed the tea cups in front of everyone, smiled and said, "The tea is ready."

Is that all right?

Is it just a moment's time?

Everyone looked different at this time.
