

Peerless 3671

[Chapter 3671: bubble](#)

It turned out that killing the second misty bird was much easier than killing the first one, but it still consumed at least 10% of his strength.

Now, Chen Feng only has about 60% of the strength left.

Next, Chen Feng followed the gap between the mountains and went forward again.

Soon, night came, and just when Chen Feng wanted to use that method.

Suddenly, a little green light drifted across the sky in the distance.

Chen Feng immediately held his breath, hiding in a mountain crevice, looking far away.

At this moment, Chen Feng's pupils suddenly shrank. It turned out that he saw a figure rushing towards here in the distance.

That figure is extremely fast, and the way he travels is also extremely special, constantly making a broken line after another.

For example, first travel a hundred meters to the right and front, then shovel, pan a hundred meters to the left, and then travel a few hundred meters to the left and front.

This kind of continuous, like light refraction, is extremely fast.

Moreover, his approach obviously makes it impossible to capture its route.

This person is extremely fast, forming one after another emerald green light in the air.

Chen Feng looked at it, and couldn't help being shocked in his heart: "His speed is not inferior to me using the Golden Crow to walk the day."

Obviously, this person is definitely good at speed.

What surprised Chen Feng the most was that when he got closer, he saw a green mask around his body.

This green mask is like a bubble magnified countless times, about two meters in diameter, lying next to his body.

It's like a bubble, compressed into the shape of a person, and enlarged a bit in proportion to the human body.

If you have to be more vivid, it's probably like a green armor.

It's just that it is completely sealed, formed by air bubbles, and completely sealed people inside. *nOveLUs&.cOM*

The green light rays that Chen Feng saw before were composed of these emerald green bubbles.

Chen Feng remained silent, carefully lurking down, his power spread all over his body, completely sealing his breath.

And this person obviously did not expect that there would be anyone here, so Chen Feng was not found.

After getting closer, Chen Feng could see more clearly. From time to time, strings of tiny bubbles appeared on the surface of the huge bubbles.

Dissipated in the air.

It's like the string of bubbles that people spit out when they breathe after falling into the deep ocean.

Chen Feng had a strange feeling in his heart at this time.

That is, he and his class of warriors are like falling into the deep sea.

And there is no doubt that the air in this desolate ancient ruin is the deep sea water.

But at this time, he couldn't breathe, and he seemed to be able to breathe.

And there is no doubt that it can breathe because of the green bubbles on the surface of his body.

After observing for a while, Chen Feng was even more determined.

Because he can see clearly, this person not only acts as usual in this green bubble, but also exhales and inhales loudly. It seems to be whispering and muttering.

"He can breathe loudly and speak in a low voice, which means he can speak and breathe in this bubble, which means..."

Chen Feng suddenly thought of a fact.

"This bubble created an environment similar to the Dragon Vein Continent, and there should be no poisonous gas inside!"

"On the contrary, there is the gas from the Dragon Vein Continent, which is no different from the Dragon Vein Continent."

"Then, I can match the information I got before."

Chen Feng was not bad at all.

In fact, this kind of bubble is an important barrier for these warriors to survive in this barren ancient ruin.

The material on the surface of this bubble is extremely strange, it can exchange with the poisonous gas outside, but it can be transformed into the gas above the Dragon Vein Continent!

This person quickly stayed on the top of a mountain 500 meters away in front of Chen Feng.

And he stopped here, but quietly observed everywhere, as if looking for something.

Chen Feng also saw that this was a middle-aged man in his forties with a huge scar on his face, from the corner of his left eye to his right chin.

Almost split his face in half, making it extremely vicious.

And his small eyes also shone with cunning frying light, as if they were always calculating!

However, what unexpectedly happened to Chen Feng was that the strength of this person was not very high, and it was probably the appearance of the peak of Emperor Wudi.

With this kind of strength, it feels like someone who has just entered the ruins of the desolate ancient times.

It's just that the breath on his body is deadly and gloomy. Seeing that he is very familiar with this place, it seems that he has been here for many years.

Chen Feng thought to himself.

At this time, the middle-aged man with a cunning face was already looking around.

Suddenly, a bright light flashed in his eyes. The next moment, he suddenly looked at Chen Feng's hiding place and let out a sneer:

"Little bastard, don't hide, I already know you are hiding there."

Having said that, a long white light spear suddenly condensed in his hand and threw it directly at the place where Chen Feng was.

With a bang, the two-meter-long white light spear slammed heavily on the place where Chen Feng was located, and suddenly collapsed the mountain wall there.

And Chen Feng also showed off his figure.

Chen Feng's eyes were a little surprised, his mental power is very strong, his perception is also very strong, so it is difficult to be found,

But this person found him suddenly.

What Chen Feng didn't expect was that this treacherous middle-aged man took a few steps back while attacking. He looked guarded and looked at Chen Feng as if he was ready to escape at any time.

Obviously, he didn't know the details of this unknown enemy and was full of fear, and he was ready to escape.

However, when he saw Chen Feng's strength clearly, his face immediately showed a touch of arrogance and disdain.

With a sneer, he said with disdain: "It turns out to be a little two-star Wudi!"

"Haha, even with your strength, you dare to enter the deserted ancient ruins? It's like a life and death!"

Chen Feng stood there, looking at him faintly.

This person's strength is limited, and Chen Feng can easily deal with him.

Chen Feng wanted to see what he had to say.

And the middle-aged man raised his eyebrows, wiped his beard, and said with a smile: "But, if you weren't so arrogant and rushed into the ancient ruins, you wouldn't have fallen into my hands."

He looked at Chen Feng and said in a commanding tone: "Boy, now hurry up and hand over all the treasures in your body, and I will spare your life."

[Chapter 3672: I'm afraid you can't catch it!](#)

Chen Feng looked at him with an expression of interest on his face.

This person has this strength, and he can kill him with just one finger.

But he still thinks that he is powerful and wants to hand over all the treasures by himself.

"Yes, tell you, kid, it's your luck to meet me!"

"I am not as cruel and murderous as others."

He arrogantly said: "If someone bumps into you, I'm afraid you will lose your life."

"However, when you meet me, you only need to hand over your treasures."

"What are you doing in a daze!"

Seeing Chen Feng not moving, he immediately shouted impatiently: "Hurry up, your uncle, my patience is limited."

"Otherwise, I have to do it!"

His tone became very impatient, as if he asked Chen Feng to only hand over the treasures and not kill him, but to give him great favor.

"Let me hand over the treasure, right?"

Chen Feng said with a smile.

Seeing Chen Feng doing this, this person was even more contemptuous. He didn't expect Chen Feng to give in so easily.

However, at this time Chen Feng raised his eyebrows and looked at him with a smile but a smile: "I'm afraid that even if this treasure of mine is given to you, you won't be able to catch it! Can't take it!"

"How is it possible? Boy, you are too arrogant!"

"Your uncle, I, You Shaojun! I am the pinnacle of the two-star Wudi!"

"What kind of treasure can't I catch?"

The man said arrogantly.

It turned out that this person was named You Shaojun.

Chen Feng laughed and said, "Okay, then you have to pick it up!"

After that, his face became stern.

Behind him, suddenly, Nine Dragons Jianlan appeared.

Then, it quickly became bigger.

Suddenly, it became a giant with a radius of hundreds of meters.

In the Nine Dragon Sword Pouch, four rays of light suddenly rose up, extremely bright.

Seeing these four rays of light, You Shaojun's eyes suddenly became extremely greedy.

These four rays of light, this means that his container contains four powerful treasures!

Every treasure is extremely precious, even if it has reached the peak of the emperor's army.

It is even close to the realm of a first-grade magic weapon!

His eyes were full of greed, and he immediately urged loudly: "Boy, give me these treasures quickly."

Chen Feng looked at him and said with a faint smile, "Don't you think it's weird? If I were really low-powered, how could there be so many magic weapons?"

"Does that need to be said?"

You Shaojun immediately said impatiently: "It must be because you are a son of a wealthy family!"

"You children from a wealthy family, is it weird that you have some treasures on your body?"

He looked at Chen Feng with a disdain on his face: "Boy, don't pretend to be here, I have already seen your strength."

"You are just a fragile trash, and there is no use intimidating it here."

When Chen Feng heard this, he couldn't help but laugh: "So you think so."

The next moment, he suddenly smiled on his face, and then he let out a violent roar: "Would you like it? Okay, then you can follow me!"

In the next moment, Chen Feng returned his palm and patted the Nine Dragon Swordsman.

Suddenly, in the Nine Dragon Swordsman, a bright red light suddenly rose by a huge amount!

The next moment, in the red light, a huge long sword figure suddenly appeared.

It is the Nine Dragon Aotian Sword!

Then, the Nine Dragons Aotian Sword cut through the sky, let out a stern explosion, and slashed down at You Shaojun.

You Shaojun showed a shocked expression on his face.

He could feel that the extremely powerful and unstoppable power contained in that long sword, and he had no effect at all in the face of this scene, and could not stop it at all.

It seems to be hacked to death by this sword!

He let out a stern scream, stared at Chen Feng, and said sharply: "How can you be so strong? How can this sword have such a powerful force?"

He has always been an extremely shrewd person, this time it was only lustful, so he could not observe Chen Feng's true strength.

But now he was immediately in a flash of lightning, and he realized the truth of the matter:

That is, this young man has a powerful strength beyond his expectations!

"His strength is extremely terrifying, it is not what I can match at all!"

He stared at Chen Feng, and there was no trace of contempt or contempt in his eyes, and some were just shock.

He let out a loud roar: "You, who are you?"

Chen Feng laughed loudly: "Don't you want my treasure?"

"Okay, I'll give it to you now, but you will pick it up!"

When Chen Feng said the last sentence, his face was already very awe-inspiring.

At the same time as the voice fell, the Nine Dragon Aotian Sword slashed down crazy.

You Shaojun let out a stern roar, and instantly took out a large amount of things from his arms and threw them into the air.

These things rose up against the wind and turned into a handful of weapons, armors, shields and so on.

All greeted them.

However, each hand is not particularly high.

Of course, this is just not particularly high in Chen Feng's eyes. In fact, each of them also has the power of the Ninth-Rank Emperor.

In the general two-star Wudi level, this is already a very good weapon.

Chen Feng raised his eyebrows: "Where did this guy search for these rags?"

If this You Shaojun knew that these weapons that he regarded as treasures were in Chen Feng's eyes, he would spew out a mouthful of old blood.

Compared with the Nine Dragons Aotian Sword, Chen Feng is indeed right. Compared with the Nine Dragons Aotian Sword, these weapons and shields are undoubtedly broken copper and iron.

They greeted them one after another, but they couldn't even delay the Nine Dragon Aotian Sword for one second.

All those who stood in front of the Nine Dragons Aotian Sword were crushed to pieces.

Then, the next moment, the Nine Dragon Aotian Sword slashed fiercely on You Shaojun's body.

You Shaojun let out a stern scream, and his figure was cut and flew hundreds of meters away, landing on the ground, vomiting a few bites of blood heavily.

Shaking his stature, he fell directly to the ground.

However, he is also an extremely shrewd figure, knowing that this is the time of life and death.

Without any hesitation, as soon as he turned over, he was ready to flee away.

At this moment, a cold voice sounded: "If you run away again, I don't mind giving you another sword."

Suddenly, You Shaojun's figure froze.

Then he slowly turned around and looked at Chen Feng, the contempt and disdain on his face disappeared, replaced by a strong flattery and flattery.

A smile was squeezed out of his face, and he bowed his head and said, "This, son, what do you want?"

"What's your order?"

Chen Feng smiled slightly: "I have nothing to order, I have a question for you."

[Chapter 3673: news](#)

You Shaojun hurriedly smiled and said, "You said, you said."

He looked at You Shaojun, smiled, and said: "You just said you want my treasure."

"I said, I'm afraid you can't afford it."

"Tell me now, am I wrong?"

In an instant, You Shaojun's face flushed red, as if he was slapped on the face with a slap in the face.

What Chen Feng said just now, he heard it as a joke at first, but now he knows that this is the truth!

The strength of this strong man is so terrifying that even if he gives his treasure to himself, he can't get it!

He is also a person who can bend and stretch. He laughed quickly and slapped his face with a slap, saying:

"Master, you are right, you are right."

"It's the villain who doesn't know Taishan, who offended you, you can spare me a dog! Don't be like me!"

Chen Feng gave him a deep look.

This person is a man who can bend and stretch, and immediately shows weakness.

Moreover, he had no intention of killing Chen Feng just now, so Chen Feng did not intend to take his life now.

However, there are still some things to say.

"Oh, let me save you a dog's life?"

A sneer appeared at the corner of Chen Feng's mouth and slowly walked towards him.

Above his head, the Nine Dragon Aotian Sword was suspended there, carrying incomparable murderous intent, and it also gave You Shaojun the ultimate suppression.

"Then, you give me a reason!"

Chen Feng said every word.

At this moment, his murderous aura was overwhelming, and You Shaojun felt almost overwhelmed by himself.

He did not hesitate, nor dared to doubt.

He knew that if he couldn't give a reason, the young man in front of him would kill himself without hesitation.

He swallowed immediately, his lips murmured, as if he wanted to say something, but he held back.

With a move in Chen Feng's heart, he immediately knew that he was afraid that he had a hole card in exchange for his life, but he just refused to open it.

Chen Feng sneered in his heart, even more murderous, and took another step forward.

At this moment, his murderous aura almost completely collapsed under You Shaojun.

Finally, he couldn't hold it anymore and shouted: "This son, I, I can exchange the news for my life."

"Among these desolate ancient ruins, I am one of the most famous dealers, selling all kinds of news."

"Many people will sell news to me, and many people buy news from me. I know what you want to know."

"Please, don't kill me, don't kill me!"

He finished the big string of words very fast, seeming to be killed by Chen Feng for fear of speaking slowly.

"Oh? News?"

Chen Feng's heart moved.

What he lacked most now was news, but he didn't expect this person to know the news well.

However, Chen Feng did not show any ecstasy, his expression was still faint. *NoVelusB.com*

Seeing his look, You Shaojun's heart was filled with anxiety.

Chen Feng said slowly: "You said, you know a lot of news, that's just what you said, but I need to verify it."

After all, he asked a few questions casually, but they were all the introductions about the deserted ancient ruins he saw from Xuanyuan Xiaoyue's booklet.

These problems are not difficult, but they are not very common.

It is enough if you want to test whether a person has real skills.

After Chen Feng asked these questions, You Shaojun's heart shuddered and said secretly:

"I thought he had just entered the deserted ancient ruins, but I didn't expect him to know so much about the deserted ancient ruins."

"It seems that this person has come prepared, but he can't be fooled."

He originally had the thought of dealing with Chen Feng casually in his heart, but immediately disappeared.

Answered Chen Feng's questions honestly.

Chen Feng nodded slowly, but this person's answer was all right.

It was even more precise than what Xuanyuan Xiaoyue said.

This at least proves that he is a little real.

"Well, in that case, I don't make it difficult for you."

Chen Feng looked at him and said slowly: "I will ask you a few questions. If you answer satisfactorily, then I will let you go."

"Yes, yes, good." The man was full of ecstasy, and quickly said yes.

Chen Feng said slowly: "The first question, how did you survive in this barren ancient ruin?"

"I can't breathe in any breath, and I can't add any breath. How did that survive?"

This person was surprised and did not understand why Chen Feng asked such a basic question.

But he didn't dare to show the slightest, and said something quickly.

Chen Feng nodded slowly, these words were the same as the method he recorded in the notebook left by Ran Chenyi.

In this contrast, Chen Feng had a bottom in his heart and knew that this method was feasible.

Chen Feng slowly nodded, and smiled again: "In this barren ancient ruin, besides the misty bird, what other precious and rare ancient Ming beasts with special abilities?"

You Shaojun thought for a moment, and then whispered, "This barren ancient ruin is divided into thirteen pieces in total."

"Among the twelve pieces, each has one of the most famous special ancient Ming beasts. Each of these ancient Ming beasts has its own special abilities."

"It's like the place where we are. It's called Yunwu Mountain. What is produced here is Yunwu Divine Bird."

"The other places are..."

Then, he talked about the ancient Ming beasts and their place names that were abundant in the other eleven places.

He paused, then added:

"Of course, these are just the twelve ancient Ming beasts with the largest and most famous race."

"In the entire barren ancient ruins, there are thousands of ancient Ming beasts. I don't know how many kinds there are. Among them, the mysterious ones are even more unknown. If you want to know them all, you can't do it."

Chen Feng nodded slowly and let him say it three times, paying attention to every time he said nothing was missing.

In contrast, there was nothing wrong, and only then slowly nodded, knowing that he had not lied.

But soon, Chen Feng keenly discovered that what he was talking about was only eleven ancient meditation beasts, plus this misty bird, there were only twelve species.

Chen Feng frowned and said, "You still missed a place."

"That place!"

Looking at Chen Feng, You Shaojun's eyes had a hint of misty meaning, and the whole person seemed to be in a trance.

"That place is terrifying!"

He looked at Chen Feng: "Are you sure you want to listen?"

Chen Feng smiled and said, "Let's talk about it, I want to see how terrifying it is that it makes you like this."

You Shaojun pondered for a long time before looking into the distance.

With a voice full of illusion, unreality, and ethereal, he said slowly: "That place is in the center of the deserted ancient ruins."

"It's a black mountain range, different from here, that mountain range is composed of countless giant peaks."

[Chapter 3674: Eternal death!](#)

"Each giant peak has a height of more than several million meters, comparable to the tallest giant peak on the Dragon Vein Continent, and it pierces the sky."

"It gives people the feeling that it can be connected to the sun above the sky of the outer star."

"And every mountain is exuding an extremely powerful and strange light, which is a force that combines time and space."

"That is the purest source of power. It is a hundred times more pure and rich than the aura-rich land occupied by the major families on the Dragon Vein Continent!"

"Practice there for a year, and spend a hundred years elsewhere!"

"If a strong person can gather this power there and use it for his own use, the cultivation speed will become extremely fast."

"Even the legend is there..."

He looked at Chen Feng with piercing eyes and said, "The rules of this barren ancient ruin will no longer work."

"You can breathe directly without any protection, and practice crazy directly."

"Because the rules and regulations of time and space are confused there, and the effect of such cultivation there is too good to imagine."

Chen Feng listened and took a deep breath: "It turns out that there is such a place in this barren ancient ruin."

"There, you can practice at will, breathe at will, and it sounds better than any place on the Dragon Vein Continent. It should be much better."

"After all, it is in the magical core of this barren ancient ruin."

However, he was keenly aware of You Shaojun's implication, he sighed softly, and asked, "What if it is someone with insufficient strength?"

"If you are someone who is not strong enough, it will be miserable wherever you go, and you will be torn to pieces by those terrifying forces."

"So, people like us don't even dare to get close to it at all!"

He looked at Chen Feng with a strange expression, and said: "When you enter the periphery there, you can feel this power."

"But often when I feel this power, it's already too late, and I can't escape, so many people with insufficient strength want to try it, and the result is their own lives."

"That's it."

However, Chen Feng felt that these words sounded less dangerous. n0veLuSb.com

Just go there if you are strong.

As if he knew Chen Feng's thoughts, You Shaojun smiled weirdly and said, "My son, do you think this is over?"

"Tell you, it's not enough!"

Chen Feng's heart jumped, as if he could feel that what he said next would contain great secrets.

He did not speak, but stared at You Shaojun, motioning him to continue.

You Shaojun sighed slightly, looked at him, and said slowly: "Many strong men who enter there will disappear inexplicably."

"Inexplicably missing?"

When Chen Feng heard this, stormy waves suddenly rose in his heart: "What does this mean? Was it killed?"

"No, it was not killed by someone. If it was killed by someone, it would be fine!"

You Shaojun sighed lightly, looked at Chen Feng and said, "Everyone who can enter there is powerful, but also a cruel and vicious person."

"One by one can be regarded as dare to act. If they killed someone, they would not deny it."

"But the strange thing is that they didn't do it."

"Those strong who enter that core place are strong and weak."

"Yes, even in the entire desolate ancient ruins, it has been the top strength in these years, and it is even comparable to the masters of the nine powers outside!"

"Yes, the strength is probably around the four-star Wudi. You may be better than the son, but you should not be much stronger."

Chen Feng said, "Go on."

"People who enter this core area have strengths and weaknesses, but it is strange to say that people who disappear bizarrely have strengths and weaknesses."

He shivered violently, shivering, and said softly:

"It's like, there is a supreme arbiter in the dark, who casually grabbed a hand among those people."

"It doesn't matter if the opponent is strong or weak, because in his eyes, strong or weak is meaningless."

"He can solve all this easily, and then these people die, dead in his hands."

When Chen Feng heard this, he shivered violently.

If the facts are like what You Shaojun said, then how terrible is this incident?

How terrible is this existence?

And the most terrifying thing, in Chen Feng's eyes, is not the strength of this existence, but his state of mind!

It seems that in his eyes, these martial emperor realm powerhouses are like ants, and they can be killed as they wish, even regardless of your strength.

Suddenly, there seemed to be a flash of thunder in the sky, and with a wow, You Shaojun spewed out a mouthful of blood, directly entering a severely injured and dying state.

Chen Feng was astonished: "How could You Shaojun be like this? Who made this attack? How could it be?"

Chen Feng hurried forward to check.

You Shaojun gave a wry smile, waved his hand and said: "My son, I am fine."

"I'm afraid that the one who exists, feels that I have leaked secrets, so I should punish it!"

Chen Feng was even more shocked.

That existence, I don't know how far away, I don't know how far apart, or even if it's in a barren ancient ruin, it may be separated by several worlds.

And You Shaojun mentioned this a little bit here, and as a result, he was seriously injured and dying.

What a mighty power this is!

There was a tremor in Chen Feng's heart.

But only in this way, after the trembling in Chen Feng's heart was shocked, he was suddenly ignited, igniting a raging flame, full of incomparable expectations, and full of incomparable yearning.

Chen Feng became more excited!

Because such a way forward will not make him afraid, but will make him look forward to it!

Chen Feng even looked forward to the day when he would go to the core place after his strength reached a certain level.

If you go there, you may be able to get in touch with the truth of the incident.

You Shaojun adjusted his breath for a long time, wiped the blood from his nose, and said: "This young man, it is estimated that some strong people in the core area should also know some secrets, but they are very secretive and refuse to say."

"So, if you want to explore this secret, you have to go there."

"However, let me give you a word of advice."

"If you go to that place, you may not be able to come back."

Chen Feng smiled slightly and said, "You only need to tell me what place is there."

He knew that You Shaojun was mostly uneasy, but in fact, he said this to arouse himself.

He must have probably seen his temperament, the more he said that, the more he wanted to go.

Naturally, in his opinion, it was just to die.

However, Chen Feng did not say broken.

"We call it that!"

A hidden joy flashed in You Shaojun's eyes, saying every word: "Gen, ancient, death, earth!"

"Eternal death!"

Chen Feng nodded slowly, remembering these four words firmly.

Next, Chen Feng asked some questions in the deserted ancient ruins.

Most of them are not very common.

This You Shaojun was really well-informed and knowledgeable, and he answered one by one without missing anything.

Chen Feng is already very satisfied with this business.

It would be extremely cost-effective to be able to trade his life for these problems.

Then, Chen Feng looked at him, took a deep breath, and said, "You may be embarrassed by the following question, but you must say so."

[Chapter 3675: The details of Sirius!](#)

Hearing this sentence, You Shaojun also trembled.

Then, what Chen Feng said made him even more shocked.

Chen Feng asked slowly: "Where did the Wolves come from that day? How many people were there? How strong?"

After hearing Chen Feng's words, You Shaojun's face suddenly changed, and he exclaimed, staring at Chen Feng, and shouted:

"You, you dare to provoke the Sirius team? You are going to kill you?"

Hearing his words, Chen Feng suddenly wrinkled his brows.

He had already revealed his strength just now, and easily crushed You Shaojun, the pinnacle of the two-star Martial Emperor.

You Shaojun should know that Chen Feng's strength is at least around the peak of Emperor Wudi of Samsung.

However, when he knew Chen Feng's strength, he still yelled these words aloud.

That also means that in his mind, the strength of the Sirius team is far better than Chen Feng.

Even, the two are not of the same magnitude at all, and the latter crushes Chen Feng!

Chen Feng smiled and said, "You don't care about the others, you just need to tell me who they are."

"it is good!"

You Shaojun nodded, and then introduced Chen Feng.

Therefore, Chen Feng probably knew that the Sirius team had these three core members.

Its captain was named Sirius, and his strength was extremely terrifying.

It is said that it has reached the level of nearly five-star Wudi, and can be regarded as the best among the four-star Wudi.

And what he rode under his crotch was a ghost wolf summoned from the devil world.

This ghost wolf, its ability is extremely strange, somewhat similar to that cloud and mist bird, between illusion and reality.

But people only know his ability, and they don't know the others.

Because everything I saw was dead.

Those who are alive are not qualified to see this ghost wolf using other abilities!

Chen Feng pondered for a moment, and then nodded. Although there was a storm in his heart, there was no change in the expression on his face.

How about this Sirius even if it has the strength of a five-star martial emperor, even if it is extremely terrifying, it can be regarded as a powerhouse in this barren ancient ruin, so how?

Chen Feng still won't have the slightest fear.

He looked at You Shaojun, and said slowly: "You continue talking."

"It is good."

You Shaojun whispered: "Among the three, in addition to Sirius, there is also a Martial Emperor who focuses on speed, and a powerful Martial Emperor who focuses on defense."

Chen Feng heard this and raised his brows.

This is not the first time he has heard of these two terms. In fact, at the beginning, his strength was about to reach the realm of Emperor Wu. When he explored the areas near the Tianzi City, Chen Feng had already heard of the division of these professions.

He frowned and said, "After entering the Martial Emperor Realm, do you have to divide these carefully?"

"Yes."

Although You Shaojun is not strong, but he has quite a lot of knowledge.

He organized the language, and then said: "How difficult is it for a martial artist to practice?"

"When I was about to reach the Martial Emperor Realm, I found my own shortcomings, and found that fighting alone is not enough to support, so it needs to be divided and it is necessary to find a direction to focus."

"After stepping into Emperor Wu's realm, your strength will increase sharply, just because you feel like you are omnipotent."**novelus6.com**

"So, this division is weaker."

"However, after reaching the three-star, four-star or even five-star invincibility in the Martial Emperor Realm, then you will feel your own shortcomings again and have a new focus."

Chen Feng nodded, this is indeed very reasonable.

Only when people recognize their own shortcomings can their strength progress faster, and indeed there are very few properly perfect dancers who do everything.

They are extremely strong in all aspects, capable of close combat, long-range attack, defense and killing.

Strong and fast.

This kind of thing is too scary.

Because of the terror, it is rare.

However, Chen Feng is such an exception.

Because of his extremely high talent, his cultivation speed is extremely fast.

That's why he cultivates a lot and is extremely complex. If someone else cultivates so much and the cultivation is so complex, I'm afraid he can't do anything well.

But while Chen Feng was cultivating so many and complicated, he still practiced extremely well, each of which was to the extreme.

This also caused him to have no defects at all and no shortcomings.

He has always been extremely strong in every aspect, so he didn't realize these points accidentally.

At this time, after hearing You Shaojun's words, it suddenly became clear: "Yes, it turned out that it was easy for me, and I did an excellent job in all aspects."

"For others, it is extremely difficult!"

Chen Feng knew in his heart that this was also an important reason why his strength could far exceed those of the same level.

At this time, You Shaojun naturally did not know Chen Feng's psychological activities.

He continued: "Of course, there is another very important reason, because in this desolate ancient ruins, there is really danger."

"In the Longmai Continent, although the Longmai Continent was large, there were only a few forbidden lands."

"If you didn't deliberately go and find your own death, then the strength of a two-star martial emperor and a three-star martial emperor is enough to run across the dragon vein continent, and there will be no too many dangers."

"The enemy you encounter won't be that powerful, and it's more than enough to deal with it alone."

"But the ancient ruins are different!"

He took a deep breath, and then said with a shudder: "In this barren ancient ruin, there are too many benefits and too many temptations, but there are really too many dangers."

"There are many powerful ancient Ming beasts, and the danger is that they can't handle it at all."

"So, we need to form a team!"

"So, you need partners side by side!"

"Take the misty bird as an example. It is extremely difficult to hunt the misty bird alone."

"The speed is faster than him, the resistance is not so strong, the lethality is not so great, and the lethality is strong, the resistance is strong enough, and can't push this guy, how difficult is it to kill?"

"At this time, if it is a team of three or even four people, there are those who resist in front of it, and there are those who are extremely fast, and are specifically responsible for catching up, then it will be much easier to fight him."

Chen Feng nodded, this is indeed the truth.

"So, in this barren ancient ruins, after the continuous inheritance, there will be more detailed divisions."

"Like those two people."

"The Emperor Wu who is more defensive is named Ximen Mountain. I don't know if it is his real name or a fake name."

"The Emperor Wu who is biased towards speed is called Dead Snake."

"Dead snake?"

Chen Feng frowned: "How could you give yourself such a name?"

"Probably because the martial arts he cultivated are mostly insidious, and with a strong death spirit!"

Chen Feng asked again: "What is the cultivation level of these two people?"

[Chapter 3676: Do you think I am stupid?](#)

"Both of them have reached the middle stage of the four-star Wudi."

"Four-star Wudi mid-term!"

Chen Feng slowly nodded: "Now, my strongest offensive, the offensive of the godlike battle body, will not pose any threat to the four-star Wudi in the mid-term."

"If you run into it, I really am not an opponent."

"This Sirius team, a five-star martial emperor and two four-star martial emperors, are really terrifying."

"But, so what!"

In Chen Feng's heart, on the contrary, the fighting spirit became more surging!

After asking about the reality of the Sirius team, Chen Feng also had a scrutiny in his heart.

"still have a question."

Chen Feng looked at him, smiled and said, "Do you know the black market?"

"black market?"

As soon as he heard this word, You Shaojun suddenly became energetic.

He looked at Chen Feng and said with a haha: "My son, you have asked so many questions today, and you have come up with this question."

"The black market, I know, I go often, and I'm not familiar with it."

When Chen Feng heard this, he was taken aback for a moment, and then couldn't help laughing.

It's right to think about it. How could the person selling news not know about the existence of the black market? He must have gone there often.

It should be noted that on the black market, not only various items are sold, but also news.

This is also a very valuable item.

You Shaojun turned his head to the south and said, "Here is the Yunwu Mountain where the misty bird is located."

"Master, do you remember the area I told you just now?"

Chen Feng nodded: "I remember."

You Shaojun said: "The southern part of the Yunwu Mountains is the Valley of Death."

"And this black market is located in the valley of dead silence."

"From here, go south for about six million miles and you can come to the Valley of Dead Silence."

"That is an extremely huge valley, and many black trees that have withered and decayed grow in the valley. These are extremely huge, and some are like a mountain range, very easy to identify."

"After you go there, you can naturally find the location of the black market."

"Well, the valley of dead silence, right? I took it down."

Keeping this name firmly in his mind, Chen Feng asked again: "Have you ever heard of a substitute puppet?"

When Chen Feng asked this question, he was full of expectations.

After all, for him, coming here, the growth of strength, these messy things, may be regarded as a long-term plan.

But the biggest goal in the short term is to find a substitute puppet!

After you heard this, You Shaojun was completely blank: "Stand-in puppet? What is that? I haven't heard of it!"

Chen Feng could not help sighing after hearing this.

Even You Shaojun has never heard of the news of the dealer, and it can be seen that the substitute puppets are extremely rare and precious things even in this deserted ancient ruin.

However, Chen Feng had already made this psychological preparation. If he could find out the information of the substitute puppet, it would be too worthless.

Chen Feng thought for a moment, looked at You Shaojun, smiled and said: "I will not hide it from you, this double puppet is quite important to me."

After all, he took out a golden thread kit and threw it to You Shaojun.

When You Shaojun opened it, his eyes were dazzled by the bright light inside.

In an instant, his breathing became heavy and he raised his head to look at Chen Feng blankly: "My son, you, who are you?"

It turned out that the gold thread kit Chen Feng gave him contained 100 million dragon blood amethysts.

Although Dragon Blood Amethyst cannot be used in this barren ancient ruins and has no monetary value, it is only limited to the barren ancient ruins.

Because the dragon blood amethyst is of no use here, but it is different if it is out of the barren ancient ruins.

Out of the desolate ancient ruins, Dragon Blood Amethyst is still the strongest currency.

And these people in the desolate ancient ruins, except for some martial idiots who desperately want to improve their strength, the vast majority of people, most of their lives, are still on the Dragon Vein Continent.

Rather than being perilous in this crisis, even breathing is a desolate ruin of luxury.

They only venture here occasionally.

Therefore, these dragon blood amethysts are still full of great temptation to You Shaojun.

What's more, there are 100 million dragon blood amethysts in it!

For this news dealer, You Shaojun, who is not very strong, this is almost equivalent to his entire worth, and he doubled his worth at once.

How can this not make him excited?

He looked at Chen Feng, but suddenly understood what Chen Feng meant.

"My son, you, do you want me to inquire about the substitute puppet?"

"Yes."

Chen Feng smiled and said, "Really a smart man."

He walked up to You Shaojun, patted him on the shoulder lightly, and said, "This billion dragon blood amethyst is a deposit."

"If you hear the news of the substitute puppet, then tell me, I will give you another 400 million dragon blood amethysts."

"What? Four hundred million dragon blood amethysts?"

Hearing this news, You Shaojun suddenly breathed heavily!

However, after the moment of ecstasy, You Shaojun immediately calmed down.

Then, in the depths of his eyes, there was a trace of sinister bird and viciousness.

The strength is not high, but it happens to be able to survive in this barren ancient ruin, and the mix is not bad, what does You Shaojun rely on?

Relying on his knowledge and viciousness.

Although he seemed to be very respectful to Chen Feng here, and he knew everything, and his tone was very sincere, in fact he didn't know what he hated Chen Feng for a long time.

It is not an exaggeration to say that it is gnashing teeth.

At this time, after taking Chen Feng's 100 million dragon blood amethysts, not only did he not feel the slightest gratitude, but was full of ridicule and hatred.

"What an idiot! He threw me 100 million Dragon Blood Amethyst directly!"

"Hahaha, your hundred million dragon blood amethysts, the uncle laughed."

"But if you want me to do something for you, that's a dream!"

He had already made up his mind in his heart, and he would run away with a hundred million dragon blood amethyst in a moment.

As for inquiring about Chen Feng, it is not to even think about it.

He even thought of selling Chen Feng's details to those of the Sirius team.

After all, since this person had inquired about Sirius, he might have some hatred with the Sirius team.

However, even though he had a good calculation at this time, he did not see a hint of mockery flashing in Chen Feng's eyes.

What kind of person is Chen Feng?

Sweeping away at a glance is to sweep his thoughts clearly.

Chen Feng smiled slightly, patted him on the shoulder, and said, 'Good job. "

At this moment, You Shaojun shivered sharply.

It turned out that he felt that when Chen Feng slapped him on the shoulder, a force was like a poisonous snake, swishing into his body.

Then, he came directly to his Dantian.

Suddenly, he let out a terrible scream, his whole body trembled violently, his dantian pain almost exploded.

His face was pale, his forehead was sweating profusely, and he shouted: "You, what did you do?"

"What did you do?"

Chen Feng was beside him, just smiling.

But soon, You Shaojun found that the sharp pain disappeared.

However, he clearly felt that the power input into his body had not dissipated at all.

But entrenched himself in his Dantian!

"What did I do?"

Chen Feng looked at him with a cold smile: "Do you think I am stupid?"

[Chapter 3677: Completely rolled](#)

Looking at Chen Feng, You Shaojun's heart sank sharply.

He felt that power burst directly into his dantian, entangled in the deepest part of his dantian.

And no matter how he drives or melts, he can't dissolve that force.

That power, like an iron weighing mound, sank to the deepest part of his dantian, making him extremely uncomfortable.

However, it has no effect on his strength.

Chen Feng looked at him, smiled and said, "This is my original strength."

"I drove it into your dantian, and it entangled in it, and if you haven't detected the news of the double puppet within a month, this power will burst out."

Chen Feng smiled and raised his hands: "Your Dantian will be like this! With a bang, it exploded!"

"As for you, you may not die, but the cultivation base is definitely gone."

Chen Feng's voice was an understatement, but it fell in You Shaojun's ears, like a demon's dream.

His face was full of horror. He pointed at Chen Feng and said loudly: "You, you are not human!"

Chen Feng laughed: "If you were a loyal person, I wouldn't be like this."

"But, your kid is really dishonest."

"I just took these dragon blood amethysts from me, so I swallowed these dragon blood amethysts. Then of course I won't be at ease with you."

You Shaojun was pierced by Chen Feng's mind, and his body trembled suddenly, with fear in his heart.

"This person is young, and his ability to look at people's hearts is really strong, and he can see what I am thinking."

And Chen Feng really didn't lie to him.

The power Chen Feng penetrated into his body was actually the power to lower the dragon and the Arhat.

Strong and bright, vast and upright.

If it is an ordinary warrior, it will only be ecstatic and strength to gain this strength.

But Chen Feng had long noticed that this Yu Shaojun was practicing an extremely insidious technique.

Sinister and vicious, and the power of this dragon descending Arhat are just two extremes.

He couldn't bear the power of the dragon descending Arhat at all, nor could he resolve it.

And the power of the dragon descending Arhat is a very powerful detoxification skill, so the power of the dragon descending Arhat will actively absorb the nefarious powers around it.

Therefore, the longer it stays in You Shaojun's Dantian, the more You Shaojun's power is absorbed.

You Shaojun's strength also declined faster.

At that time, this power of descending the dragon and the Arhat will come into play, and You Shaojun's dantian will be shattered, which is definitely not a lie.

Chen Feng looked at You Shaojun and smiled and said, "If you do things well with me, and you find and tell me the news of the substitute puppet within a month, I will naturally relieve your power."

"What if I can't do it after a month?"

You Shaojun trembled.

Chen Feng smiled slightly: "Then you have to ask for more blessings."

You Shaojun shivered violently, hating Chen Feng in his heart, but he did not dare to say a word.

Under such intimidation and temptation, Chen Feng gave money while threatening death. He was also obedient, and had no other thoughts. He just wanted to quickly do things for Chen Feng.

Chen Feng finished speaking, shaking his sleeves, stood up, turned and walked out.

At the same time, Leng Leng left a sentence: "Find it quickly, and then find me."

"I know, you must have a way to find me, right?"

After all, Chen Feng shook his right boot.

Grind the tip of the boot on the ground.

Seeing this scene, You Shaojun was even more shocked. It turned out that just now, he had quietly put his own unique tracking fan fragrance on Chen Feng's boots.

Put a little fragrant ash on Chen Feng's boots.

And the incense stick is in his hand.

In this way, when he lit the incense stick, he could easily track Chen Feng's location.

He thought he had done something unconsciously, but the truth is true. He had done this many times before, and he had not been discovered once.

Even if it is far stronger than him.

But he didn't expect to be seen through by Chen Feng.

You Shaojun laughed dryly, unable to say a word.

He found that in front of this young man, he was almost invisible.

Whether it is strength or intelligence, they are completely crushed!

Chen Feng laughed and walked away.

After leaving here, Chen Feng was the power to transport his feet and moved forward quickly.

The pace of his day-by-day Golden Crow moved quickly, as fast as a phantom.

And after Chen Feng was here, he also discovered that in this desolate ancient ruins, his sun-driving Golden Crow footwork was operating faster than the Dragon Vein Continent.

Chen Feng thought for a while, but also understood.

Probably because this is the emptiness of the universe, so the obstruction is relatively small.

But the consumption is also huge.

About an hour or so, Chen Feng's power has been consumed to only 40% of the peak period.

At this time, Chen Feng had already come to the depths of this clouded mountain range.

Here, the mountains that Chen Feng saw were thousands of times taller than before?

There are cliffs everywhere, and the mountains and rocks are dark, revealing a strong atmosphere of death.

Even Chen Feng saw the river and the waterfall, but the whole body of water was black and pitch black.

And the stickiness is like blood, exuding a thick pungent blood.

And Chen Feng also saw that with the flow of the water, in the dark viscous liquid, there were endless ghosts flashing in it.

The ghosts were distorted one by one, as if they had been stretched countless times.

They twisted their bodies, with extreme pain in their eyes, screaming frantically, trying to break free.

However, they couldn't break free.

It turned out that there were so many dead souls sealed in this black water!

And Chen Feng saw those souls, some of them looked like humans, some looked like ancient beasts, and some really didn't know what race they were.

Just the screaming and terrifying ghost scream is enough to tear the soul of a warrior of general strength to pieces!

Of course, it had no effect on Chen Feng.

Chen Feng sighed slightly, he probably guessed.

Feeling this, it may be the creatures in the world where this barren ancient ruin was originally located!

In this desolate ancient ruins, I do not know why it is broken.

When the world was broken, they died with it, but they were sealed inside.

Chen Feng didn't have time to think about it. Soon he found a hidden cave. In the middle of a cliff, there was an open area nearby. It was a huge valley. Any enemy coming, Chen Feng could be the first time. Find.

After entering this cave, Chen Feng blocked the entrance of the cave, leaving only a gap.

Then he came to the end of the cave, sat cross-legged, adjusted his breath for a moment, and calmed his mood.

[Chapter 3678: breakthrough! Two-star Wudi mid-term!](#)

Then, Chen Feng took out a piece of emerald green crystal, but it was the crystal he had obtained in the misty bird before.

Chen Feng also learned from them that this emerald green crystal is the key to these warriors' survival in this barren ancient ruin!

Chen Feng held the object in his hands and rubbed it hard.

Suddenly, this emerald-green crystal turned into countless emerald-green air currents, floating directly.

Then, the emerald green air flow flew into Chen Feng's nose, into his mouth, and then flew into Chen Feng's body in an instant.

Enter between his chest and lungs!

Then the next moment, these emerald green air currents blasted into Chen Feng's body directly.

In the next moment, they expanded rapidly and became huge, and then in the next moment, Chen Feng looked inside himself and saw that these emerald green air currents turned into rushing emerald green rivers, like Big rivers are average.

Countless forces rushed in it.

These emerald green powers are full of vitality and unspeakable breath of life.

In the next moment, they were poured into Chen Feng's dantian.

Then, poured into Chen Feng's body.

Suddenly, Chen Feng's originally consumed strength began to recover at an extremely fast speed.

Chen Feng felt that he was like a dry field, and he was uncomfortable feeling like the rain that fell that day.

There was a tremor all over, but in that gentleness, it was cold, and his body was extremely comfortable.

Chen Feng's strength is recovering at an extremely fast speed.

60%, 70%, 80%!

Finally, with a boom, Chen Feng's mind was shaken, and his strength had reached its peak in a sudden.

Chen Feng was overjoyed in his heart: "They didn't lie, this kind of thing can really restore strength."

It turns out that this kind of thing is called the gem of life.

And this kind of life gem is not only produced in the body of the cloud and mist in this desolate ancient ruin, but also produced in the body of many ancient beasts.

However, these ancient Ming beasts are extremely powerful generations without exception. *novelupdates.com*

It is definitely not easier to beheaded than the misty bird.

Maybe it is because they live in this extremely dead, withered, barren land, so things will be reversed, so this kind of life gem full of life power actually condensed in their bodies.

Full of incomparable vitality.

And this thing is also the most important reason why the warrior can survive in the deserted ancient ruins.

Because this thing can replenish powerful power to the warrior, in this barren ancient ruin where there is no heaven and earth aura, anything that can supplement power cannot be used, this thing can be said to save the lives of these warriors.

At this moment, Chen Feng still felt a little unfinished, and he was uncomfortable.

Although her strength has recovered, she still feels that something is wrong.

But in the next moment, Chen Feng understood that something was wrong.

Because, even though his strength has recovered at this time, there is still no way to gasp and breathe.

There is still no feeling of living in this world and regaining oneself.

In the next moment, these emerald green powers came out of Chen Feng's body and gathered in the air, forming a huge emerald green bubble.

They basically fit Chen Feng's body, about two inches away from Chen Feng's body.

It was like a huge emerald green armor that enveloped Chen Fengfeng.

Therefore, a space was formed around Chen Feng's body.

The next moment, Chen Feng opened his mouth and took a deep breath.

Suddenly, an extremely fresh and fragrant air was inhaled by Chen Feng.

Chen Feng's withered lungs were instantly stretched.

Chen Feng was taken aback for a moment, then he was ecstatic, and laughed loudly: "Sure enough! Sure enough!"

"This gem of life can not only provide strength, but also a protective cover."

"Within this protective shield, you should practice cultivation, breathe and breathe, and everything will work as usual."

"Great!"

Chen Feng was extremely open, breathing desperately greedily.

The air here is extremely fresh, just like being in a verdant valley.

After a while, Chen Feng stopped.

Chen Feng felt it carefully, and found that the protective shield was constantly weakening, and its strength was constantly weakening.

He whispered to himself: "This protective cover can last about ten days."

"It seems that it is really not easy to maintain such a protective shield in this barren ancient ruin."

Then, Chen Feng took out another gem of life.

This gem of life was obtained yesterday, and it is bigger than the previous one.

Chen Feng has not forgotten what You Shaojun told himself about this life gem, another and most important function.

That is to increase strength!

This time, Chen Feng did not crush this gem of life, but directly held him in the palm of his hand.

In the next moment, the power in the body flows.

Suddenly, he was stimulated by this force.

The gem of life seemed to have survived all at once.

A breath of life, surging opportunity, and at the same time a vast and extremely powerful force, flowing out of it, directly poured into Chen Feng's hands.

Then, under Chen Feng's urging, it instantly flowed away from his body.

Chen Feng's face turned from white to red, and there was steam rising from his forehead.

He felt that a book stand was under his body at this time, and his strength was constantly increasing.

Finally, three hours later, the gem of life in Chen Feng's right hand had disappeared.

At this moment, he suddenly opened his eyes, his eyes radiant, a smile appeared at the corner of his mouth, and his fists were clenched.

And his aura is different from before.

"A life jewel, this life jewel, has raised my strength from the early stage of Emperor Wudi to the middle stage of Emperor Wudi!"

"Awesome, too amazing!"

"Among these desolate ancient ruins, there are really treasures everywhere!"

"This misty bird can not only provide atomized gems, but this life gem can also make my strength and advance by leaps and bounds!"

Chen Feng was full of excitement at this time.

Of course, he also knew that this was because he had accumulated enough wealth before, and it was the first time he used life gems.

However, this is enough to illustrate the power of life gems!

"Cultivating here, the speed increases so fast, at least ten times that of Dragon Vein Continent!"

After the excitement, Chen Feng soon calmed down.

Lean back gently, and immediately, the emerald green bubbles around his body also lean back along with his movements and automatically extend.

Lying on it is soft and comfortable, just like lying on a big bed.

[Chapter 3679: Come here](#)

At this time, Chen Feng was very relaxed physically and mentally.

It was also very fast, so I thought out the following plan.

Chen Feng had already entrusted You Shaojun to inquire about the news about the substitute puppet.

Chen Feng knew that You Shaojun's inquiries were definitely countless times more efficient than his own inquiries.

Therefore, what Chen Feng decides to do now is...

His eyes flashed, and he slowly spit out six words: "Hunt the misty bird!"

"Only by hunting the misty bird, can you get the gem of life and survive here."

"And if you survive here, you will be able to hunt down more misty birds and greatly improve your strength."

Chen Feng finally found the true meaning of being here!

Now that he has figured this out clearly, Chen Feng also has a lot of goals when he does things.

However, Chen Feng was not in a hurry. Instead, she slept in here.

After sleeping for a full twelve hours, when I woke up the next day, it was already full of sun.

Chen Feng just got up and shook his body. There was a burst of noise from the joints all over his body, making him uncomfortable.

Chen Feng doesn't actually need such a long sleep, and his body does not need to rely on it to recover.

But what Chen Feng recovered was his soul.

After this great night's sleep, Chen Feng was refreshed physically and mentally, and he was extremely relaxed.

The pressure, tiredness, and tension just before coming to the desolate ancient ruins all disappeared.

Chen Feng sighed softly: "Only in this way, I can exert a stronger combat effectiveness!"

Then, Chen Feng left here to look for the trail of the misty bird.

Just like a bird returning to the forest, the fish enters the water and disappears instantly without a trace, completely blending in here.

Before Chen Feng, he also got some information about the mysterious bird from You Shaojun.

Knowing that this kind of ancient underworld beast will appear throughout the day, whether it is day or night.

And the deeper into the Yunwu Mountains, the more such misty birds.

There are even legends that in the core of the Yunwu Mountains, there is a large community of tens of millions of misty birds.

Migrate around.

When they were flying, they turned into black clouds.

Thousands of clouds and misty birds gathered together, and the black clouds and mist seemed to cover the sky and the sun, and it was spectacular.

Of course, there are also extreme dangers hidden inside.

Even the six-star and seven-star Martial Emperor couldn't resist where this black mist passed.

Even if it can kill one, two, ten-headed misty birds, but surrounded by thousands of heads and tens of thousands, there is no life.

Countless misty birds are misting, teleporting, and piercing him crazily. He can't stop him at all, and will be killed in a moment.

So, if you want to find the misty bird, don't worry about anything else, just go to the depths of the misty mountain range.

However, in the depths of the Yunwu Mountains, there are naturally countless dangers.

But Chen Feng didn't care, he had his own cards.

He first dissipated the green bubbles around his body, and suddenly, these emerald green life forces suddenly retracted.

Chen Feng felt that these emerald life forces returned to his body, but they did not disappear.

If you need it, you can re-condensate into green bubbles and appear around your body.

Chen Feng smiled slightly. If he took the green bubble to look for the misty bird, the speed would be affected, and it would be too conspicuous.

Chen Feng turned around and sank into the misty mountains.

However, this search took three full days.

In these three days, Chen Feng hadn't even touched a piece of hair at the foot of Yunwu Mountain.

Early in the morning, on the high cliff, Chen Feng stood there with his brows twisted, thinking constantly.

"I searched for three days, but I didn't find the breath of the misty bird. Why?"

"Could it be that luck has been so bad recently?"

Chen Feng frowned, and suddenly, his mind flashed.

"No, I didn't find the two misty birds before, but they found me."

"Is it impossible to say that this misty bird is actually quite sensitive to my breath, so that he would take the initiative to find me?"

"But it's not right!"

Chen Feng thought of another question: "Then why don't they take the initiative to find me now?"

Thinking of this, Chen Feng suddenly realized something.

Look at your body.

At this time, his whole skin was clean and flawless, as crystal clear as jade, no longer the embarrassing look of just coming here a few days ago.

Chen Feng patted his head: "You fool! Why didn't you expect this?"

"I know!"

A smile waved from the corner of his mouth.

Chen Feng instantly caught the key to this problem.

It turned out that when Chen Feng first came to this desolate ancient ruin, he hadn't adapted to this place at all, so that power was rampant and consumed extremely fast.

Moreover, there is also a great power leak.

And when he was injured in a battle with the first misty bird, the breath leaked even more.

Even the breath of blood is vented out a lot.

This is also the reason that the second misty bird came to the door soon.

And now, Chen Feng has recovered from his injuries, his strength is complete, his whole person is mellow, and he has adapted to this place, his breath is not leaked, and he is perfect.

Yunwu Divine Bird couldn't perceive his breath, so how could it come to him?

Since Chen Feng wanted to understand this, he also knew what to do.

Chen Feng sighed slightly, and then shocked all over.

Suddenly, above his body, a breath flashed out.

That breath belongs to Chen Feng's god-level talent, the breath of Chen Feng's incomparably noble blood.

But Chen Feng was afraid that it would not be enough, and even cut three wounds directly on his left arm.

Suddenly, the blood slowly came out.

The amount is not much, but how noble is Chen Feng's blood?

Although I don't know what it is, what is currently known is that Chen Feng has a strong bloodline of an ancient giant in it.

And this is just the tip of the iceberg.

The deeper, the stronger, I don't know what it is yet!

This breath of blood, even if only a little, escaped far away.

At this time, just hundreds of miles away, a misty bird suddenly stopped.

Above the long beak, the nostrils are constantly turning, seeming to be looking for something.

Then, he seemed to confirm the breath, and then his whole body shook, his face full of intoxication.

It makes people feel as if they drank too much wine and almost fainted.

It turned out that for him, Chen Feng's very thin **** breath was like the most mellow wine, enough to make him faint!

"This is the most delicious breath!"

[Chapter 3680: I really can't kill you?](#)

There were words like this echoing in his mind, and he didn't hesitate at all, just swept towards Chen Feng's direction.

In a flash, hundreds of miles have passed.

And Chen Feng was there waiting quietly at this time.

Sure enough, he didn't wait for a while, that is, just a few dozen breaths, and a black shadow came quickly toward this side.

Swish, I came to him.

It is a misty bird.

This misty divine bird is about five meters high, and it is bigger and stronger for the two he had contacted before.

At this time, Chen Feng had roughly divided them.

Like this size, it is a complete body.

Previously, the medium-sized adult was an adult, but the small one that was hunted first was a juvenile misty bird!

However, as far as Chen Feng is concerned, no matter what it is, it is actually the same.

In other words, it is the same for most warriors.

As long as they can deal with their fogging and teleportation, even the misty bird of this complete body can be dealt with.

If he couldn't deal with these two abilities, then even the larva of the misty bird would be helpless at all.

Chen Feng knew this very well.

This misty bird looked at Chen Feng with an extremely greedy expression on his face, full of bloodthirsty.

His gaze swept across the wound on Chen Feng's arm, and the end of his nose was pulled out twice, as if he was sniffing the sweet, **** breath from higher bloodlines.

And the next moment, he uttered a sharp scream, and suddenly slew towards Chen Feng, the speed to the extreme.

Seeing that, it was actually about to swallow Chen Feng alive.

Chen Feng laughed: "Beast, it's just right!"

It is also rushing forward.

After a cup of tea time, Chen Feng ended the battle.

As usual, with the ability of stepping on the god-like battle body, the space was sealed and frozen, and then the misty **** bird was easily killed.

And this arrogant cloud and misty bird has also turned into two brilliant spars in Chen Feng's hands, one black and one green.

Chen Feng flipped his hand and put the two spars up, then exuded a breath and moved forward.

The misty bird has a high IQ and is not a fool. If they came to the front and saw the flesh and blood feathers of their own kind on the ground, how could they continue to attack Chen Feng?

So Chen Feng changed the place.

Next, it took Chen Feng two days to kill the four gods of mist.

This efficiency has surpassed others several dozen times.

You know, even a powerful person with a strength of four-star and five-star Wudi level can only kill one or two misty birds in a month.

If this thing is really so easy to hunt, then I am afraid it will no longer exist.

That is, Chen Feng, who possesses a powerful god-level bloodline that attracts the gods of clouds and mists, and at the same time has the ability to step on the gods to fight against the sky, otherwise how could this be possible?

In the evening of the second day, on a cliff.

The scream of the cloud **** bird suddenly sounded and stopped abruptly.

Chen Feng had already pinched the neck of this misty bird.

And half of his body was even destroyed by Chen Feng.

Chen Feng's right fist slowly fell, seeing that Chen Feng now only needs to drop another fist to kill this misty bird alive.

He was already seriously injured and couldn't hold Chen Feng's attack at all.

Just when Chen Feng was about to throw his fist and fall, severely wounding him, Chen Feng suddenly moved in his heart and thought of something.

In the next moment, his eyes became a little weird.

Of course, it's impossible for this misty bird to see Chen Fengfeng's expression at this moment. Chen Fengfeng suddenly groaned, his face full of pain, and his figure fell directly to the ground, as if he had some serious injury at this time. , Or a sudden onset of poisonous, the same as losing control of the body.

As the ancient Ming beast here, the misty bird has lived for many years, and many warriors have also dealt with, and even hunted and killed many human warriors with their own hands.

Its IQ is also very smart, not much inferior to humans.

Originally, he was caught by Chen Feng and seriously injured, but he was still waiting for death with his eyes closed.

However, the violent offensive that was expected to be smashed did not arrive.

He opened his eyes and saw that this hateful human had fallen to the ground at this time.

His face was full of pain, and his body was trembling.

Seeing this scene, this misty bird was first taken aback, then ecstatic.

A vicious color flashed in his eyes instantly.

He was actually wondering if he could kill Chen Feng!

However, perceiving the still tyrannical and terrifying aura of this hateful human warrior at this time, he immediately gave up this plan.

There was a sharp cry, which was full of desolation and pain.

He lifted his last strength, brushed it, and successfully atomized, and came hundreds of meters away.

Then, looking back, he glanced at Chen Feng with a bitter look, and then left in an instant, never seen again.

This misty bird actually escaped!

Chen Feng, let him escape!

At this time, a smile appeared at the corner of Chen Feng's mouth. He patted the dust on his body and slowly stood up.

His complexion was soothing and flat, how could half of the painful look just now?

A smile was drawn at the corner of Chen Feng's mouth: "You flat-haired beast, do you really think I can't kill you?"

"I'm just giving you a way out, and your blood!"

Chen Feng stretched out his right hand and rubbed his fingers.

On his finger, a drop of extremely red blood also appeared quietly, it was the essence and blood of the misty bird.

The corner of his mouth smiled even better: "Your essence and blood are in my grasp, and I can perceive your breath far away."

"Hahaha, please lead the way, let me find more misty birds!"

"Even, it is the settlement of your misty birds!"

It turned out that Chen Feng had this plan!

It wasn't that he couldn't kill him, but he let him go on purpose.

Chen Feng's plan is very big, and this is to find a larger settlement of the misty bird based on his whereabouts.

It turns out that Chen Feng's ambition is not at all to hunt down a bird of mist and fog!

What he wants is dozens or even hundreds of misty birds!

Chen Feng chased him for three full days.

Perhaps it was because someone had used similar methods to track these misty birds before. Therefore, the injured Yunwu birds were quite guarded, and went around in a mess for two or three days.

It wasn't until noon on the third day that he put his guard down, and with a sharp name, he hurried to the south.

And over there, it is also the direction of the valley of dead silence.
