

Peerless 3681

[Chapter 3681: Dead snake!](#)

"You bastard, after all, I can't help it."

Chen Feng chased in that direction extremely fast.

This time, the misty bird was obviously different from when it circled before.

He was slow before, and stopped to observe from time to time, but this time he didn't stop at all, doing his best.

The constant atomization, constant teleportation, and constant flashing made Chen Feng almost unable to keep up.

If it weren't for his high level of the Golden Crow's pace of the day, and the misty bird was seriously injured, then it would really be lost.

Chen Feng chased until the evening.

In the evening, the sky was full of sunset and red clouds were shining.

After turning around the towering giant peak in front of him, Chen Feng suddenly opened up, and a huge valley appeared.

And in this valley, black shadows fluttered, but countless misty birds appeared and gathered here.

Suddenly, there were several misty birds banging and turning into black clouds.

And it seems that their move also caused other misty birds to do this.

Suddenly, bang bang bang, the clouds and misty birds turned into a black mist.

The black mist suddenly covered the light of the setting sun.

Chen Feng only felt that the sky was dark in front of him, and he swallowed hard, his face first became sluggish, and then it became very exciting.

It turned out that the injured cloud bird did indeed lead him to the settlement of the cloud bird, and indeed led him to find a large number of more cloud bird.

However, the number is completely beyond Chen Feng's expectations!

Chen Feng originally estimated that a dozen of them would be almost the same, and no more than thirty at most.

Because these thirty misty birds were the limit that Chen Feng could hunt down after he had taken out all his ultimate moves.

No matter how much, it can't be dealt with at all.

At that time, he will transform from a hunter into a prey and be hunted mercilessly.

Chen Feng has always been self-aware.

But now, the laughter and playfulness that appeared in front of Chen Feng, soaring in the air, and running on the ground, are more than a thousand birds.

Chen Feng just took a look at it and concluded that the number of these deep clouds and misty birds has reached at least two to three thousand!

Chen Feng didn't stay here long at all. He just stayed for less than a cup of tea before leaving quickly.

Extremely decisive, without any hesitation.

Because Chen Feng is very clear that these misty birds are simply not something he can deal with.

Moreover, it is absolutely impossible to lure these misty birds out.

They are fast, shrewd and vigilant, and want to draw a wave to kill them, then the others will surely come out too.

Chen Feng had no confidence at all to be able to kill so many misty birds.

Therefore, he immediately made a resolute decision.

That is to give up.

After being far away from here for thousands of miles, Chen Feng just stopped.

At this time, the sky was completely dark, and Chen Feng showed a wry smile at the corner of his mouth, whispering to himself: "Who would have thought, I was thinking of making a small fish, but I met so many."

"Now it's okay, you don't need to make their minds at all."

He shook his head and put this thought aside, he was ready to do something else.

Chen Feng will never be bothered by things that can no longer be changed.

But at this moment, suddenly, Chen Feng's figure froze.

Because at this time, he suddenly felt that a ray of cold murderous intent appeared quietly in the thick darkness that was as dyed as ink behind him.

Moreover, that cold murderous intent was like a needle, piercing Chen Feng's perception fiercely.

Chen Feng shivered violently.

Then, a sweet throat, a wow, a mouthful of blood spurted out.

Chen Feng was shocked in his heart: "Who is coming? How powerful is he? How powerful is his mental power?"

"He just murdered me in an instant, so he made me vomit blood?"

But Chen Feng's face was the same as usual, he suddenly turned around, staring at the darkness in the night, and coldly shouted: "Who? Get out!"

In the darkness of that night, a strange and gloomy voice suddenly sounded.

When people heard this voice, they thought for no reason the dead snake that crawled on people in the dark night.

Cold and sticky, yet full of viciousness.

"Yes, you little fellow, can you actually feel my breath?"

"It seems that being able to kill Ran Chenyi really has some strength."

Ran Chenyi!

After hearing this name, Chen Feng was instantly excited.

Then, I guessed it immediately, and the person who came was definitely a member of the Sirius team.

"If it weren't for them, no one would know my grudge with Ran Chenyi."

"And if it weren't for them, there would be no reason to chase me down."

"So, who is the one who came?"

"Is it Sirius, Ximen Mountain, or the dead snake?"

Chen Feng was guessing at this time, and at this time, in the darkness, someone had already walked out.

His figure is twisted and twisted, under the shining of the night, it is like the shadow of a dead snake, slowly winding out of the night!

Chen Feng looked at him with plain eyes, and slowly uttered two words: "Dead snake!"

Hearing Chen Feng uttering these two words, the figure who was distorted and couldn't see clearly on the opposite side did not seem to reveal any surprise.

It was just that suddenly, at the position of his suspected head, two green lights appeared.

At this time, Chen Feng saw it really.

His whole figure is weird, long and twisted, and the surface is wrapped in these dirty cloth strips.

As a result, it is difficult to distinguish where is his head and where is his body.

It's just that the place where the two green lights lit up was clearly his eyes.

Those two green lights made Chen Feng think of the eyes of the wolves in the mountain that he had encountered for no reason.

Full of cruelty, distortion, killing, greed and desire to devour.

Chen Feng's heart shuddered: "This dead snake is no longer like a human."

"He doesn't just want to kill me now, he wants to swallow me up!"

"What a delicious breath, what a sweet breath!"

At this moment, there was a moan like a dream from the mouth of the dead snake.

On his head, a slit was split, a bright red one was two feet long, and the front was forked, and his tongue curled out like a viper.

Slowly licked around his mouth.

He looked at Chen Feng, and the greed in his eyes suddenly rose, overwhelming all other emotions:

"Boy, you are good, you are good."

"In such a short period of time, you can find out about our Sirius team and know that I am called Dead Snake."

[Chapter 3682: Three hundred and seven dollars!](#)

"Since you know my name is Dead Snake, do you know what I like to do best?"

Chen Feng's expression remained the same, with a faint smile at the corner of his mouth: "I really don't know."

"I don't know, right?"

"Okay, then let me tell you."

With a greedy and bloodthirsty expression at the corner of the dead snake's mouth, he took a few steps towards Chen Feng, and then looked down at Chen Feng:

"My favorite thing to do is to capture you warriors with strong bloodlines and strength."*noVELusℳ.com*

"But it won't kill you."

His voice was faint, full of bloodthirsty and playful expressions, as if after the cat caught the mouse, he didn't rush to kill it, but played with it for a while.

Obviously, not only did he not take Chen Feng to heart at all, but he didn't even think he was a rival to himself.

In his opinion, Chen Feng is the mouse that allows him to play and play, and he will not pose any threat to him at all!

At this time, the dead snake continued, with a gentle voice, but it was full of insidious words: "I, I will raise you, just like raising a beast."

"Take care of your body, and nourish the blood qi in your body."

"Then I will open a hole in your body and let the blood drip out slowly."

He stared at Chen Feng, the voice was like a poisonous snake crawling over a person's body, sticky, nauseous, and full of incomparable danger: "That's the feeling that your life is gradually losing."

"You watched your own vitality, disappearing bit by bit, but there was no alternative."

"In the end, you will have no chance of life."

"However, your body is still not free."

"I will refine you into a blood puppet, let you be driven by me, and you will never be free!"

After all, he looked up to the sky and let out a strangely twisted smile.

Chen Feng looked at him with a faint smile on the corner of his mouth: "Now, is the fart finished?"

As soon as that sentence was said, the face of the dead snake changed drastically.

He stared at Chen Feng and said coldly: "Boy, you dare to talk to me like this?"

"Why don't I dare to talk to you like this?"

Chen Feng looked at him, smiled and stretched out the thumb of his right hand, then pointed to the ground, and uttered a contemptuous sentence: "What are you?"

"Boy, you are looking for death!"

Chen Feng's extremely contemptuous actions and words immediately made the dead snake angry.

He stared at Chen Feng and let out a stern roar: "Boy, do you know? I can feel the blood in your body, it is extremely noble and thick."

"You now come here obediently, let me swallow your blood, and I can make you live for a while."

Chen Feng looked at him with interest, smiled and said, "What if I don't?"

"If you don't, then I will inject the poison in my body into your body, making you feel like your blood is boiling in your veins."

"It's like, burning you alive!"

"It makes you painful, and the one that makes you painful has to kneel in front of me, begging me to kill you crazily!"

"At that time, even for you, death is the best solution!"

He spoke very bitterly and looked at Chen Feng.

At the same time, his momentum was crazy, and he was steaming.

In an instant, the shackles of the three-star martial emperor had been broken, and the realm of the four-star martial emperor had been reached!

It stopped until the middle of the four-star Emperor Wudi!

Chen Feng's heart shuddered: "In the mid-stage of the Four-Star Emperor Wu, this person's strength has reached this level?"

However, facing such a realm, not only did Chen Feng not be afraid, on the contrary, his heart was boiling with enthusiasm.

"I have never encountered such a strong opponent!"

"Okay, great!":

"If this is the case, then let's fight, what fear do I have, Chen Feng?"

"Four-star Wudi? I want to see, Chen Feng, how good are you!"

At this time, Dead Snake looked down at Chen Feng, his eyes filled with disdain.

In his opinion, he has a complete crush on this young man.

And the tyrannical strength he showed at this time was enough to make the young man in front of him shudder, kneeling and shivering in front of him, just to live a few more days.

However, a scene that surprised and shocked him appeared.

After seeing him feel his tyrannical strength, the young man opposite was not afraid, but even straightened his body, with a disdainful smile on his mouth.

Then, he hooked his finger at her.

Dead Snake felt that there was a thunder in his head, as if it had exploded a huge thunder.

The whole person is dumbfounded!

After a while, he came back to his senses: "He! He actually made this gesture to me?"

"He, is he actually provoking me?"

"How dare he? Who gave him the courage? How dare he provoke me like this? He is looking for death!"

After his shock, he reached the ultimate rage.

He stared at Chen Feng, his voice as if the cold wind was blowing over the rusty iron plate, his ears were extremely harsh: "Okay, okay, kid, how dare you provoke me like this!"

"Then I won't keep my hands in a while!"

"One move, one move, I will kill you seriously, and there is no way to fight back!"

"I only need one move, and I can destroy you!"

"Oh, is it so?"

After Chen Feng heard this, he shivered suddenly and exaggeratedly said: "Oh, I'm so scared!"

But anyone could tell that his actions were even more naked and provocative, and obviously there was no fear in his heart.

Chen Feng laughed and said, "I used to know a lot of people, who are as good as you, and now they have a grassy head..."

Chen Feng stretched out his hand and gestured: "They are almost as tall as you."

Chen Feng's joking words almost made the dead snake lose his reason.

He made a crazy burst of red and killed Chen Feng fiercely.

But there was a burst of light distorted and aura fluctuating in the same place, and then in an instant, he had disappeared.

Chen Feng felt in his heart instantly!

Although he had a joking expression on his face just now, it was only to provoke the dead snake. In fact, Chen Feng had always been extremely alert!

Suddenly, he felt an extremely dangerous feeling flashed across his back waist.

It seems that there is going to be cut open directly, and a sharp blade will be inserted into the internal organs from there, and then the internal organs will be smashed.

Chen Feng immediately felt keenly in his heart: "The position he is going to attack is my right waist!"

However, just when Chen Feng was about to protect his right waist, suddenly, he felt the same feeling of danger, which was also passed from the left waist position.

"How is this going?"

Chen Feng was shocked.

And the next moment, his left shoulder, his right shoulder, his eyes, nose, throat!

His seven orifices and five senses, and all the vital parts of his body, had this extremely dangerous feeling!

A moment later, at the place of Chen Feng's right waist, a sharp blade that was about one foot long, completely dark, and curved like the fangs of a dead snake, quietly appeared in the night.

Stabbed fiercely!

And at the same time, in his eyes, nose, throat, in his chest and abdomen, above his body, all the vital points, the black knife, all appeared!

This dark black blade did not appear first in one place and then appeared again in the next place, but appeared in all these positions at the same time!

Chen Feng took a deep breath, as if to suffocate!

"At this moment, it turned out to be a whole three hundred and seven offensive!"

"These three hundred and seven knives cover all my vitals, as well as the joints of the hamstrings and hamstrings, and more than 200 points where all bones are connected!"

Chen Feng's heart thumped wildly, his forehead bounced violently!

A great sense of crisis shrouded in my heart!

Suddenly, he realized what the dead snake was going to do!

"He actually stabbed three hundred and seven knives at the same time in this one-point and one-half instant, trying to destroy me!"

[Chapter 3683: Seventeen defenses!](#)

"What level of speed has he reached? What level?"

"This is the four-star Emperor Wu! And the terrifying power of the strong man who has been in the ruins of the deserted ruins all the year round!"

It turned out that this dead snake turned out to be the path of the strange assassination.

The behavior was strange and mysterious, and he was obviously angry with Chen Feng, full of murderous intent.

Just now, he had already used his own strong moves, and wanting this blow was to make Chen Feng completely lose his combat effectiveness!

At the same moment, all the tendons and hamstrings of Chen Feng were jumped off, all the meridians of Chen Feng were broken, and all the bone nodes of Chen Feng were broken, making Chen Feng a complete waste!

This kind of weirdness, extremely fast speed, and a tyrannical move of more than 300 knives in an instant, Chen Feng has indeed never encountered it!

"Sure enough, the strength of this dead snake is extremely powerful!"

"In an instant, more than three hundred knives were stabbed, and every knife was to stab me at the heart of it!"

"Horror! It's horrible!"

But at this time, Chen Feng felt that all the blood on his body was boiling.

He roared frantically: "Do you think that I will kill you?"

"Who do you think you are? Who do you think you are, Chen Feng?"

The dead snake made a strange smile: "Boy, do you still want to stop it?"

"What kind of martial arts can withstand my hundreds of attacks?"

"You can block once or twice, but can you block everything?"

"As long as you miss a few, you will be torn to pieces alive by me!"

He laughed wildly and smugly.

At this time, instead, a smile was drawn at the corner of Chen Feng's mouth: "Yes, no martial arts can stop such a intensive attack!"

"but if!"

He suddenly shouted: "Not a martial skill!"

At the next moment, a dozen martial arts crystals appeared in Chen Feng's hands!

And above the dozens of martial arts crystals, most of them are exuding an earthy yellow light!

This also means that they are martial arts crystals of the Earth Element!

In general, the martial arts of the earth system are mostly defense systems!

The fact is also true.

At this time, the entire seventeen martial arts crystals that appeared in Chen Feng's hands were all defensive martial arts crystals.

Seeing this scene, the dead snake was stunned, wondering what Chen Feng was going to do.

But the next moment, Chen Feng didn't panic, a smile was drawn at the corner of his mouth.

Then, squeeze hard with both hands!

Suddenly, these seventeen martial arts crystals were all crushed!

So in the next moment, on top of the seventeen martial arts crystals, all of them flashed a thick khaki light!

Seventeen protective shields of various shapes suddenly appeared in front of Chen Feng.

Some are huge earth-yellow shields, some are infinitely laid out earth-yellow rays, and some are directly condensed into a thick earth-yellow armor covering the surface of Chen Feng's body.

So, in an instant, within two feet of Chen Feng's body on Monday, he was completely covered by this extremely rich khaki defensive force.

At this moment, it feels like he has turned into a mountain!

Although it is not high, it stretches for thousands of miles and is extremely thick.

And this mountain range cannot be destroyed at all!

These martial arts crystals are not particularly high in each level, the highest, and it is just the top four of the wild class.

And no one can stop so many attacks!

However, this is seventeen martial arts crystals!

Seventeen martial arts crystals, shattered together, is equivalent to Chen Feng's seventeen defensive martial arts instantly!

In this world, who can practice so many defense martial arts?

Is there anyone who can release so many defensive martial arts instantly?

Seeing the endless light bursting on the surface of Chen Feng's body, the dead snake was instantly silly, and the triumphant expression still hung on his face, and before it could dissipate in the future, it turned into an incredulous roar:

"Why do you have so many martial arts?"

In the next moment, his three hundred and seven offensives slammed on these defensive martial arts!

Ting Ting Ting Ting!

Countless intensive and crisp sounds of impact, he stabbed Chen Feng's left rib, left waist, left chest, and left shoulder with thirty-seven knives, all hitting a thick khaki shield!

With a loud bang, this earth-yellow shield, this heavy shield with the martial skills of the third rank of the barren grade, was directly beaten into countless debris!

However, his thirty-seven knives were equivalent to all being nullified, and they did not cause any harm to Chen Feng!

The knife he stabbed Chen Feng in the throat was directly blocked by a fist-sized bright yellow crystal!

After that knife went in, it went three inches deep.

But in the end, it was still not broken and had to dissipate regretfully.

And that piece of ocher crystal even flew up a little bit with extra power, blocking another shot he stabbed at the vital part of Chen Feng's neck!

Bang bang bang!

Ting Ting Ting!

Either crisp, or dull sound of impact, stabbing sound, constantly emitted. *nOvelusB.cOm*

Those three hundred and seven knives fell on Chen Feng's body at almost the same instant.

All the defensive covers formed by the seventeen defensive martial arts on the surface of Chen Feng's body were shattered almost instantly!

However, these three hundred and seven knives returned without success and did not cause any harm to Chen Feng!

Finally, with a loud boom, all the yellow light on the surface of Chen Feng's body disappeared.

And the dead snake also staggered and quit a few steps!

Wow, a mouthful of blood spurted out.

Obviously for him, to make this move, it also has to bear a considerable price!

A smile was drawn at the corner of Chen Feng's mouth, and then he looked up to the sky and laughed, with great pleasure in his heart!

"Sure enough, it's right to bring these martial arts crystals."

"Although these martial arts crystals have been damaged, for me, it is already one of his hole cards!"

"It's worth it!"

It turned out that Chen Feng had reacted at the moment just now and had to deal with it like this.

He thought very clearly, since Dead Snake could launch three hundred and seven offensives in an instant.

Then, the power of each of these offensives will never be particularly high.

Otherwise, how bad is this trick?

I'm afraid that even the five-star Wudi will be killed by him!

How could there be such a thing?

Facts proved that Chen Feng was right.

However, at this time, Chen Feng's heart was also abnormal, and he secretly said: "This dead snake is worthy of the four-star Wudi mid-term powerhouse, and has been in this barren ancient ruins for many years, and has extremely rich combat experience. This has been a shocking blow for a long time. Really tyrannical!"

"but!"

At this time, a smile was drawn at the corner of Chen Feng's mouth: "This should be one of your strongest killers!"

[Chapter 3684: Does your face hurt?](#)

"Presumably, you can't use it continuously!"

"In this case, since you could not kill me! Then!"

A smile was drawn at the corner of Chen Feng's mouth, and he raised his eyes suddenly. The sharp color in his eyes was like thunder flashing in the sky: "Then, it's my turn to shoot!"

The next moment, Chen Feng let out a violent roar, and the Tiantian idol war body suddenly appeared above his head.

Then raised all four hoofs and fell crazily!

Suddenly, a wave of intense time and space suddenly spread.

At this time, the dead snake was still immersed in incomparable shock.

He stared at Chen Feng and screamed in disbelief, "You, you are just a little kid of the second-star Wudi, how can you block my full blow?"

"Even the four-star martial emperor's mid-term powerhouse will be beaten into a waste by my full blow!"

"How is it possible? How is it possible?"

Chen Feng laughed loudly: "Don't blame others if you don't have knowledge. If you are strong, there is nothing impossible!"

"It's you, now try my ultimate move!"

In Chen Feng's roar, the huge fluctuations had spread directly, enveloping the dead snake, and disappeared in an instant.

A look of surprise appeared on the dead snake's face, and then the surprise turned into a mockery: "Boy, is this your ultimate move? It seems to be completely useless to me! Hahaha..."

He didn't feel anything abnormal, and his body was not attacked.

At this time, Chen Feng showed a mocking smile, staring at him so coldly.

Suddenly, the smile on the face of the dead snake froze, and suddenly it turned into a huge panic:

"Why? Me, how can I not move?"

A flash of light flashed above his body, and it seemed that he also had an ability similar to teleporting.

According to his previous strength, he can move at least tens of meters away.

But this time, he just moved a distance of no more than five meters, and he banged, directly as if hitting a thick and transparent barrier.

As a result, he was hit and staggered for a few steps, and he retreated.

The look on his face was terrified: "Why is this?"

He then teleported several times, and each time he was knocked back alive.

As a result, he immediately recognized the fact that he had been sealed in this small space and could not be moved outside.

Chen Feng laughed: "Kill!"

So the next moment, the Tengtian idol war body raised its long nose and let out a long neigh, the second stage of ability was suddenly activated.

Infinite power suddenly poured into that space.

Seeing the next moment, the dead snake will be torn into pieces!

But at this moment, Chen Feng didn't mean anything, staring at the poisonous snake without blinking.

Because he knew how could such a four-star martial emperor mid-stage powerhouse be killed so easily?

Sure enough, when the dead snake was completely covered by a very tyrannical force, the dead snake suddenly had a shiny red light in his eyes.

Staring at Chen Feng, his voice suddenly became indifferent.

His voice was indifferent, but it was filled with infinite resentment: "Unexpectedly, after you have forced one of my hole cards, you can still force another one of mine!"

"Little thing, you really surprised me!"

"However, your death date is here!"

The next moment, he raised his head, raised his head to the sky, and let out a violent roar.

And all the white dirty cloth on his body was shattered.

His body swelled rapidly.

Although the height hasn't increased, but the body shape is as big as the previous two.

All the muscles on his body were bulging up, even breaking his skin, bleeding out countless blood and dirty yellow-green mucus.

The whole body became extremely strong and huge.

There were two bangs on his back, but two huge wings appeared directly.

Those two wings, like the wings of a bat, are ten meters long.

It's huge and fluffy, and it's pitch black, with thick black fluff on it.

With the appearance of his pair of wings, Chen Feng felt that his momentum had reached a peak, full of terror.

Moreover, his whole person has become more sinister than before, full of cold bloodthirsty murderous intent!

Suddenly, the devilish energy rose to the sky!

This devilish energy is different from the devilish energy in this barren ancient ruin, but the breath of the devil world.

Chen Feng has felt it more than once.

In fact, not long ago, in Chu Shaoyang, he had felt the breath of the demon world.

Chen Feng raised his eyebrows: "It turns out that he still has the ability to transform into a demon, but I don't know what kind of demon he is?"

At this time, as the Demon Race of the Dead Snake appeared, with a bang, the power of space and time that the Stepping Idol battle body confined him, and the power of the Stepping Idol battle body to suppress the past, were all crushed.

Just disappear!

As for the battle body of Tengtian Idol, there was also a stern cry, the figure flashed, the light faded, and disappeared above Chen Feng's head.

Chen Feng knew it well.

Obviously, the ability embodied in the Treading Idol battle is not only useless for shooting, but it also caused a backlash against the Treading Idol battle body.

"The ability of stepping on the gods to fight the body is already my strongest ability, but there is still no way for him."

"Four-star Wudi, really terrifying!"

"The huge gap in this level, and the powerful advantage of crushing, really cannot be compensated, unless I enter the Samsung Martial Emperor, I can kill it!"

At this time, Chen Feng also clearly felt the huge disadvantages brought about by his low level.

"However, my harvest today is also huge!"

Chen Feng sighed slightly. Although he could not kill the dead snake, he also forced out his two hole cards.

"This ability to transform should be Dead Snake's biggest hole card!"

"As for me, it is equivalent to being forced out of two hole cards."

Counting it down, Chen Feng has the upper hand!

At this time, the dead snake was floating three hundred meters away from Chen Feng's figure, staring coldly at Chen Feng.

In one move, he not only failed to destroy Chen Feng, but was beaten into embarrassment by Chen Feng.

Chen Feng stared at the dead snake and smiled and said, "Dead snake, what did you just say? Who is talking about it here?"

"Should I be abolished by one move? What is the result now?"

Chen Feng smiled and said, "After the two searches, not only did you fail to abolish me, but you were almost abolished by me."

Chen Feng stretched out his hand and slapped it in the air twice, smiled and said, "Does your face hurt?"

[Chapter 3685: Are you worthy?](#)

Although after the transformation, the face of the dead snake was already dripping with blood, and there was no change in his face.

However, he still instantly became extremely embarrassed

Chen Feng's words made him lose face and made him jump into thunder in an instant!

He knew that the sentence he had just said now seemed to be a big joke.

He has completely lost face in front of this junior!

Dead Snake looked at Chen Feng, his face was full of vicious and unconcealed murderous intent: "Boy, my ability to transform can only be used once a month."

"Once, it can only last for one hour."

"Moreover, the cost of using it is extremely huge, but today you forced me to use this ability."

"You have caused me such a huge loss! So!"

He gritted his teeth and spit out: "I must let you die!"

At the next moment, Chen Feng saw a flash of red light.

At this moment, the dead snake had come to him, and the two-foot-long claws in his hand grabbed Chen Feng fiercely.

Each of its claws is more than two feet long.

Not like a human hand, but like the giant claws of some kind of bird.

Wrapped in white cloth, the tip is shining with dark blue and black light,

It feels not only sharp, but also extremely poisonous.

Chen Feng knew that if he were caught, it would be the result of a stomach piercing and poisonous death.

So, he immediately stepped back.

The Golden Crow was launched daily.

And behind him, the dead snake was chasing after him.

After brushing, he came to him again.

Chen Feng was shocked, his wings appeared, and after his transformation, his speed seemed to be several times faster than before.

I saw that his wings didn't spread, just flashed like that, and they were already teleporting in the air, even faster than Chen Feng's daily record of footwork!

A light flashed behind Chen Feng, and the Nine Dragon Sword Pouch appeared directly.

Then, Chen Feng slapped his backhand on the Nine Dragon sword pouch.

Suddenly, above the Nine Dragon sword bag, the Nine Dragon Aotian Sword flew out suddenly.

With a bang, it hit hard with the claws of the dead snake.

The dead snake let out a long and stern whistle, and the power in the body rushed out frantically, actually directly blasting the Nine Dragon Aotian Sword.

The light on the surface of the Nine Dragons Aotian Sword was somewhat dim. It was obviously traumatized, and it flew straight out and returned to the Nine Dragons sword pouch.

However, being blocked by the Nine Dragon Aotian Sword, the dead snake also stagnated.

As a result, Chen Feng's eyes shone sharply and backed off quickly.

The Dead Snake obviously didn't intend to let Chen Feng go, and there was another roar, and the wings trembled again, and they approached Chen Feng again.

But with the previous lag, Chen Feng stepped back a few hundred meters.

In the Nine Dragon sword pouch, there is another streamer flying out,

This time, it was the Supreme Longyang Sword.

The extremely high Longyang knife and the dead snake's claws collided fiercely again, and was knocked out again, but once again delayed the dead snake's attack.

Chen Feng backed away again.

The dead snake yelled frantically and approached again.

In a blink of an eye, Chen Feng was already fighting the dead snake back and forth with six tricks.

For each of these six tricks, Chen Feng was slightly at a disadvantage.

But every move did not make him fall.

And the more the fight went on, the more frightened the dead snake became.

He stared at Chen Feng fiercely, and shouted sternly: "You dog, you dog!"

"You are a two-star Wudi, why are you so strong? Why are you so strong?"

He was already terrified.

And Chen Feng laughed loudly: "Who said just now that you killed me easily? Who said just now that you wanted me to kneel and beg for mercy?"

He stared at the dead snake and spit out three words with disdain: "Are you worthy?"

The dead snake was extremely angry.

But suddenly, in a flash, his anger and cold mood suddenly calmed down.

Staring at Chen Feng, his eyes were full of silly killing intent.

He seemed to have calmed down, and the arrogance that he had caused because of the huge gap between his strength and Chen Feng, but the anger that Chen Feng was hitting later disappeared suddenly.

He suddenly became extremely quiet.

If the dead snake just launched attacks fiercely, then this dead snake has already been caught.

Waiting for the fatal blow!

Silent, although it seemed that the momentum was not as strong as before, but it was actually more dangerous and fatal.

Not only did he have such a deep breath, but his body also reacted like this.

He suddenly drew back and drew a full five hundred meters away from Chen Feng.

Looking at Chen Feng from a distance.

At this time, Chen Feng's mouth showed a touch of peace.

He knew that Dead Snake was definitely going to launch his strongest attack, and he was definitely going to use one of his extremely strong hole cards.

Even, it is his strongest hole card.

At this moment, Chen Feng took a deep breath, stood there, did not dodge or escape, just silently watched the dead snake.

At this moment, suddenly, the dead snake let out a stern roar.

The roar was sharp and piercing, and it was constantly oscillating, as if there was a terrifying cutting power, which would shred everything around it.

In the next moment, suddenly, his wings spread out and wrapped his body to form a huge black sphere with a diameter of five meters.

Then, on his wings, there was an endless flame burning.

The flame is not red, nor white, but a black fire!

The black fire was constantly burning, silent and without any heat.

But it gives people the feeling that they are all about to fall into hell.

The flame burned, and the surrounding space was messy, it turned out to be abruptly burning the space one after another.

Chen Feng looked at it, shocked in his heart.

"Even space can burn, what kind of flame is this? How terrifying is this flame?"

In the next moment, this huge black fireball slammed into Chen Feng fiercely, with an extremely powerful momentum and extremely fast speed.

It is inevitable for people to hide. Only hard 2!

And Chen Feng didn't hide, let alone escape. He just let out a long roar, and then his back figure flew forward and directly greeted him!

Chen Feng is going to fight hard!

Chen Feng is going to carry a trick!

This is indeed what Chen Feng has to do!

He wants to hold on to this trick, he wants to see how far he is from this dead snake!

And he also needs to experience it by himself, and measure how terrifying the strongest blow of this dead snake is!

[Chapter 3686: Hard work!](#)

Chen Feng knew that he was definitely not an opponent, could not resist, and might even be seriously injured.

But Chen Feng still did this.

"If not..."

A bloodthirsty expression appeared at the corner of Chen Feng's mouth: "If you can't understand you, how can you kill you?"

The next moment, Chen Feng slammed a punch, which was already his strongest blow.

Twelve golden dragon ghosts appeared behind him, and then rushed into Chen Feng's fist.

A force of 12 billion catties exploded fiercely, with a loud bang, and the huge black fireball was bounced out dozens of meters away.

With a muffled snort, the dead snake retreated several tens of meters, and reverted to its original form, his face pale and blood overflowing from the corners of his mouth.

He was about to speak when he suddenly let out a wow, another spurt of blood, and another ten meters back.

Suddenly his face changed again, and another blood spurted out!

Then, it went back ten meters!

He sprayed three mouthfuls of blood and retreated thirty meters before slowing down.

Obviously, the force of 12 billion catties exploded in his body, and it definitely made him not that comfortable. He was already slightly injured!

However, it was only a minor injury.

After all, he is a four-star Wudi mid-stage powerhouse, after all, he is two realms higher than Chen Feng.

At this time, Chen Feng was extremely bad.

At this time, Chen Feng vomited blood crazily, and his body was blown out several kilometers away.

People were in the air, blood spewed out frantically, forming a cloud of blood in the air.

And above his body, countless black flames appeared.

The black flame scorched Chen Feng's body madly. Wherever he went, Chen Feng's body was rotten and burnt clean.

In some places, even the flesh and blood were burned, exposing the bones below.

Even the flames penetrated directly into Chen Feng's bones and internal organs, and began to burn Chen Feng crazily.

Chen Feng felt endless pain coming through every part of his body.

The pain is extremely cold and vicious, like countless insects biting his body fiercely.

He felt that his soul seemed to be torn apart.

The extreme pain made Chen Feng almost let out a scream.

His whole body was trembling in pain.

But Chen Feng did not shout, nor screamed, on the contrary, a smile appeared on the corner of his mouth.

Even he was still laughing!

"Viper, viper, so this is your trump card!"

"Now, after I have tried it myself, I know how powerful your hole card is, what kind of effect it is, what kind of power it can create, and how far it is cast!"

"Viper, you will pay for this trick!"

"You must die!"

In the next instant, Chen Feng snapped, and a green martial arts crystal appeared in his right hand.

He directly crushed the martial arts crystal.

This martial arts crystal was crushed, and immediately, dozens of green rays appeared out of thin air in the air.

Then, these green lights coiled together, turning into a willow tree in the air.

This willow tree is not big, and it doesn't look so strange, it's just the most common willow tree in the countryside of the Dragon Vein mainland.

However, it is exceptionally green and gratifying, full of vitality.

It's like washing away all the dust after the new rain.

The emerald green is refreshing.

And the next moment, this emerald willow tree directly melted into Chen Feng's body, with an infinite aura of life, directly exploding from Chen Feng's body.

It didn't penetrate into Chen Feng's body from the outside, but directly from Chen Feng's body, from Chen Feng's dantian, it exploded.

Suddenly, he entered all parts of Chen Feng's body, and entered his meridians that were broken, broken, and scorched, burning like flames.

Entered his scorched bones that had been burnt.

Into his broken flesh and blood.

And as this ray of light entered, the momentum of that black flame burning suddenly became stagnant.

This thick breath of life began to expel those black flames.

Those black flames slowly extinguished.

The injuries on Chen Feng's body are slowly recovering.

The bones reverted to the white jade-like color, the golden flesh began to grow, and the skin became shiny and tough again.

Chen Feng's injuries were immediately contained.

Finally, all the vitality disappeared and all was absorbed by Chen Feng.

At this time, Chen Feng's strength has also been restored to 80% of the peak period.

His injuries were exhausted.

Although he hasn't fully recovered to the peak, Chen Feng already has most of his fighting power!

This is a Healing Martial Skill of the Wild Grade Fourth Grade.

This healing system martial arts, after being used, can recover all the injuries on the body of a strong man below the rank of two-star martial emperor within ten breaths.

Chen Feng is just a strong man at the rank of Emperor Wudi of two stars.

In fact, for Chen Feng, this is really a fraudulent behavior.

You know, although his rank is only two-star Wudi, his strength is already comparable to the four-star Wudi's early stage.

So, this is simply cheating.

However, he has such a strong strength, can't blame others for being too low, right?

Therefore, this martial arts crystal could theoretically heal all Chen Feng's injuries.

This is also the reason for such a martial skill that has no attack power and can only heal.

Originally seeing Chen Feng's miserable look, the dead snake was already extremely proud and was about to speak.

Before he could say it, he saw that Chen Feng had recovered from his injuries, his eyes widened, and he shouted in disbelief:

"How come? How many hole cards do you have? How did you heal yourself again?"

"how is this possible?"

He almost broke down.

He felt that no matter what method he used, the nasty young man in front of him had a way to deal with it.

His hole cards are actually endless.

Although his strength is so much higher than him, it is difficult for him to gain the upper hand, instead he is extremely passive.*noVeb.com*

Chen Feng laughed loudly: "My trump card, you can't even imagine it!"

After all, he didn't stay anymore, he turned around and flew away quickly!

Chen Feng is not proud, he just has a clearer understanding of his own strength.

"Now, if it is facing the middle stage of the four-star Wudi, I can also support at least one cup of tea, which is 300 breaths."

"If it is facing the middle stage of the four-star Wudi, then I will not lose within ten moves!"

"And more importantly!"

[Chapter 3687: Put your face up and let me hit?](#)

A smile appeared at the corner of Chen Feng's mouth: "I now know exactly how this dead snake fights and which cards he has."

"In this battle, I am definitely not his opponent, and I will inevitably retreat."

"However, in this battle, I actually won!"

"Because, from this I can know how to deal with him, and I can find a way to deal with him!"

Chen Feng pursed his lips, his eyes filled with confidence.

He flees directly outward frantically.

The goal has been achieved, and Chen Feng doesn't plan to pester the dead snake here anymore.

And he knew that the dead snake would chase after him,

Chen Feng also wanted him to do this.

Because Chen Feng knew that this was not the place for a decisive battle, and here, he had absolutely no way to deal with the dead snake.

In other words, it was possible to deal with a dead snake, but in order to deal with him, it was too wasteful to waste the killer move, which made Chen Feng feel very worthless.

If Dead Snake knew Chen Feng's thoughts at this time, I was afraid that a mouthful of old blood would spurt out.

This was like an ant in his eyes, and could easily crush the beheaded. Not only was there a way to deal with her, but he was even unwilling to use that way now.

Just because it feels wasted,

He is not worth using that killer move at all!

Chen Feng's figure moved forward, flashing away quickly, and the Golden Crow footwork was activated to the extreme day by day, like an illusory golden light and shadow, constantly flashing.

Behind him, the dead snake roared and his eyes were red.

The dark wings kept shaking, followed closely behind, chasing after them!

He was already completely irritated by Chen Feng and absolutely didn't want to let him go.

Chen Feng didn't turn his head back, because he knew how he was feeling at this time.

A smile appeared at the corner of Chen Feng's mouth: "Really an out-and-out idiot."

"As everyone knows, the tighter you chase me, the closer you are to death!"

At this time, the disadvantage of Chen Feng's daily Golden Crow footwork is highlighted.

He flees in front, and the viper keeps chasing at the back, but the distance between the two is getting closer and closer.

At the beginning, it was a thousand meters long, but after chasing for about half a tea time, it was already only a thousand meters away.

The poisonous snake licked his lips, revealing a touch of crazy bloodthirsty, and screamed: "Little bastard, you can't escape!"

"Oh, is it so?"

Chen Feng suddenly laughed loudly: "Just now you said one trick to solve me, but I didn't solve it with one trick, but I was embarrassed by it."

"Now, saying I can't escape."

"Oh, I've already hit you in the face once, why do you even get your face up to let me hit?"

Chen Feng's words made the face of Dead Snake even more ugly.

In Chen Feng's long laughter, the Nine Dragon Sword Pouch appeared again.

The Nine Dragon Aotian Sword appeared again.

Chen Feng's figure flashed and came to the Nine Dragon Aotian Sword.

In an instant, the surface of the Nine Dragons Aotian Sword was extremely radiant, and the red light was extremely bright, cutting through the sky, and hurried away toward the distance.

The speed of the Nine Dragons Aotian Sword is much stronger than that of the Sun-Raising Golden Crow Footwork.

Although it is better to follow the Golden Crow footwork in the small range of continuous rotation, the absolute speed is much faster.

So in an instant, the two opened a gap of several kilometers.

Seeing this scene, the dead snake was first taken aback, and then his expression was stagnant.

Suddenly, his face was hot, as if someone had been slapped with a big ear.

He suddenly remembered what Chen Feng said just now: "This little **** still has hole cards? Damn, how come there are so many hole cards?"

He was extremely angry, yelling frantically, and continued to chase forward.

At this time, he didn't even realize that his mind was already a little broken, and he had lost his reason.

He came to kill Chen Feng today. He thought it was a matter of grasping and holding it easily, but he didn't expect to be played in the palm of his hand by this little bastard.

It almost drives him crazy!

He had only one thought in his mind at this time, and that was to catch up and kill the little bunny.

And he is so crazy, so naturally he loses his mind.

"When a person loses his mind, he will step into a trap without knowing it!"

The moon in the deserted ancient ruins at night seemed to be extraordinarily large, extraordinarily round, and how many times larger than the dragon above the continent.

Just like a huge celestial body, it hovered there, seeming to stand a little higher.

As soon as he stretched out his hand, he could touch the huge moon.

The silver moonlight sprinkled down, illuminating this land of barren ancient ruins with a silvery white color.

Bright and smooth.

Although it was far less hot than the day, and not as bright as the day, it was still much brighter than the night in the Dragon Vein Continent.

Its brightness is probably as if it is rising at dusk or the sun!

It's so bright here, so naturally, any track cannot be hidden, and any track will be easily tracked.

At least, now Chen Feng is able to realize this very clearly.

A huge fiery red long sword cut through the sky, tearing the sky apart, and hurried away towards the distance, sending out a stern and piercing whistle.

On the Nine Dragons Aotian Sword, Chen Feng was sitting cross-legged, closing his eyes and concentrating, with a painful expression on his face, as if resisting something.

Suddenly, Chen Feng wowed, and a mouthful of blood spurted out.

The blood is black,

Moreover, this mouthful of dirty blood had just spurted out of Chen Feng's mouth, and when it reached the air, it immediately burst into a black flame, which was directly burned out.

It didn't even land, and even the fly ash did not appear.

At this time, Chen Feng's body surface showed one after another black wounds.

Countless thin black flames jumped up and down in the wound.

The flame was not big, nor was it hot, it was just faintly burning there.

However, it feels like a volcano before the eruption, full of obscure and depressing power.

It seems that in the next instant, it will burst out fiercely!

It turned out that just after Chen Feng flew out to touch the Nine Dragon Aotian Sword for about three hours, suddenly, the black flame in his body burst out again.

However, Chen Feng was caught off guard and suffered multiple injuries directly on his body.

Chen Feng also realized that this was the real power of the dead snake's ultimate move.

On the surface, it seemed that he had cured the black flame, but in fact it was not cured at all, but quietly lurked out, and he didn't even notice its existence.

At this moment, it suddenly broke out, but Chen Feng is definitely not without help.

[Chapter 3688: Weird black fire](#)

The power of the dragon descending Arhat circulated everywhere, driving away the black flames frantically.

However, little effect has been achieved, and the two can only stand in a stalemate.

Chen Feng sighed lightly, looked far away, with deep eyes: "Indeed, it's time to change to a brand-new cultivation method."

"After all, the power of the dragon descending Arhat is weaker, and it is no longer suitable for the current level and the tyrannical face of the enemy!"

Chen Feng took out a gem of life, snapped it, and crushed it directly.

Suddenly, a green bubble covered Chen Feng.

Chen Feng relaxed, panting heavily.

Although the appearance and use of this life gem did not have a decisive impact on his injury, the breath of life into the wound did cool Chen Feng.

Moreover, Chen Feng can now breathe freely, even more uncomfortable!

But even so, Chen Feng now can only maintain about 60% of his strength.

Chen Feng sighed lightly: "Fortunately, I have the Nine Dragon Aotian Sword here, so I don't have to fly myself to be able to use this gem of life."

"If I fly by myself, using this life gem, such a bubble will appear outside my body."

"Then the speed will be greatly affected, I am afraid that this dead snake will catch up immediately!"

"Now, my injury can only be stabilized, and I can't get better quickly. If I want to get better quickly, I'm afraid I have to find a place to meditate for three to five days!"

"or it could be....."

Chen Feng smiled low, but there was endless killing intent in his smile: "Let the dead snake obediently hand over his martial arts cultivation method."

"If I get it, then this power will not only cause me no harm to my body, but it will increase my strength!"

Behind him, an arrogant and proud voice came from far away: "Boy, you must be burning by that endless black fire again now!"

"Hahaha, do you really think that your little healing spell can do anything to my endless tyrannical flame?"

"Tell you, you are dreaming."

"Next, until you die, this endless black fire will burn you fiercely!"

"Hahaha..."

There was a sharp sound like sand scraping across the ground, hoarse, but it was the sound of a dead snake.

It turned out that a hundred miles away behind Chen Feng, a black spot was looming, but it was a dead snake chasing there.

The escape and pursuit of the two of them had lasted for ten hours.

The dead snake obviously hated Chen Feng to the extreme. He hated himself for being beaten by Chen Feng, hated himself for losing face, hated Chen Feng for bringing so much humiliation to himself, and he was chasing after him.

Vow to kill Chen Feng!

But when he heard what he said, Chen Feng didn't make any sense, and didn't even look back at him at all.
~~novel~~usb.com

Just pressing one hand on the Nine Dragon Aotian Sword, urging the Nine Dragon Aotian Sword to continue flying forward.

Chen Feng sighed slightly, his face still showing a touch of astonishment.

This dead snake's move is so terrifying!

Moreover, the flame power contained in it is actually so insidious.

Chen Feng grabbed the biggest wound on his chest.

Suddenly, a thin black flame condensed between Chen Feng.

The black flame is like a small black dead black snake. After arriving at Chen Feng's fingertips, it immediately slammed under his skin, seeming to want to penetrate Chen Feng's body and **** him. His blood corrodes his flesh and blood.

And even such a small flame immediately caused Chen Feng a great deal of pain.

He felt his fingertips prickling like ten thousand needles, painful.

Chen Feng frowned, but forcibly endured the pain.

It's just that the power of the dragon descending Arhat quietly spread out, spreading all over his fingers, not allowing this black flame to swallow it, but carefully observing the black flame there!

When Chen Feng observed carefully, there was a look of astonishment on his face, and he whispered to himself:

"This black flame has the dual power of fire and gold."

"The power of this flame, in the domineering, fierce and hot heat, yet carries endless sharpness and killing aura."

At this moment, on the little flame at Chen Feng's fingertips, like countless sharp and hardened steel needles, they stab at Chen Feng's fingertips.

The violent sting and the burning of the flame can almost make people collapse, and the pain is extreme.

But Chen Feng forcibly held back.

He even waited there quietly.

After waiting for a full half an hour, Chen Feng sighed softly: "Now, this flame has even reached the depth of half an inch of my fingertips!"

These flames burned in after the piercing steel needle-like metal power.

"Such a strong toxicity, such a strong corrosiveness!"

Chen Feng couldn't help but marvel.

But at this time, suddenly, Chen Feng had an idea in his heart and thought to himself: "This kind of flame has the fierce and domineering fire, but it also has the sharpness of gold."

"Cooperate, it's really invincible."

"If I can learn this kind of flame, I am afraid it will be of great benefit to my alchemy and combat power."

Thinking of this, Chen Feng immediately felt a scorching heat in his heart.

Before that, he had always been very good at alchemy, and he liked it very much.

Moreover, Chen Feng knew even more that the way of alchemy could greatly enhance his strength.

It's just that after going to the Tianzi City, the alchemy one was delayed.

However, this definitely does not mean that Chen Feng will give up this path.

In fact, Chen Feng wanted to pick this up again several times.

Last time, in Dragon City that day, he still got an extremely precious pill from General Pu Xingzhou, which Chen Feng hadn't had time to refine.

However, he has been preparing for this.

Chen Feng secretly said in his heart: "I was once on the continent's misfire list before. The famous misfire on the list, but the ranking is very low."

"Although the strange fire was very powerful at the beginning, for my current alchemy and my realm, the level of that kind of fire is obviously too low."

"But I don't know what the name of this kind of flame is. If I can get this kind of flame in my hand, then my alchemy technique will definitely rise rapidly."

Thinking of this, Chen Feng has clenched his fists and secretly made up his mind to make it clear.

A smile was drawn at the corner of Chen Feng's mouth, and he looked behind him.

A hundred miles behind him, a black stream of light, looming, was chasing after him.

[Chapter 3689: finally reached!](#)

Chen Feng smiled at the corner of his mouth and said: "Dead snake, whether I can learn this flame, but it is about to fall on you."

The dead snake at this time has completely calmed down.

His eyes were cold, staring at Chen Feng, his eyes full of murderous intent.

At this time, there was only one thought in his mind, and that was: This kid must die!

However, he was not flustered, but very indifferent.

Because in his opinion, this kid is already a dead end.

When he caught up with him, it was his death date.

He secretly said in his heart: "Although this kid's sword is extremely fast, how long can it last when he is injured?"

There was a smug look on his face: "Although the kid has healed the injuries that I caused him before, but how does he know that I am waiting for the power of the Five Spirit Yuanyang Fire! "

"How easy is this kind of flame to extinguish?"

"Now, he must be burning by the Five Spirit Yuanyang Fire again!"

"Hahaha, with the burning of the Five Spirits Yuanyang Fire, plus his originally low realm, it will definitely not last long!"

"I guess, in half a day, at most another half a day, he will be overtaken by me."

"At that time, it was also his death date!"

He almost couldn't help laughing proudly. Looking at Chen Feng, his eyes showed bitter resentment, and he was already thinking about how to make Chen Feng.

And if he knew at this time that Chen Feng was not only sure to kill him, but even hitting his five-spirit Yuanyang Huo idea, I'm afraid he would vomit blood!

It was three hours after chasing and fleeing like this.

At this time, the sky has even gradually brightened.

It was a whole day and night that the two of them chased and fled.

Above the sky in the distance, a ray of blush has quietly emerged.

It seems that the next moment, infinite light will bloom in an instant.

And above the sky, the color of the white moon was already much lighter.

Just at the junction of Yuebai and Crimson, above the sky, there was a desolate and long trace.

This spectacle made Chen Feng almost lost his mind.

But soon, he recovered, and his eyes fell on the cliff in front.

The cliff was extremely high and steep, and it plunged into the earth like a broken knife.

The most important thing is that Chen Feng has seen this cliff before!

Just a few days ago, Chen Feng followed the injured cloud bird and came to the territory of this cloud bird.

Chen Feng knew very clearly that the territory of the misty bird was in the valley behind the cliff!

There are tens of thousands of misty birds there!

At this moment, a smile was drawn at the corner of Chen Feng's mouth, and that smile was filled with calm and indifferent.

But in its deepest part, there is a trace of unspeakable heat.

"finally reached!"

Looking at the cliff, Chen Feng whispered to himself: "Now, this cliff is only a few hundred miles away from me."

"With this distance, now, it's time!" *novel* **LusB.C**om

In the next moment, the power of the dragon descending Arhats in Chen Feng's body that was resisting the black flames suddenly shrank completely inside!

Chen Feng knew that Dead Snake was a very suspicious person. If he was inexplicably weakened, if he didn't pretend to look like something, then he couldn't be confused at all.

Therefore, Chen Feng simply let go of the suppression of the black flame by the power of the dragon descending Arhat.

And as soon as he let go of the suppression of the black flames by the power of the dragon descending arhat, the black flames suddenly began to erode Chen Feng's body like crazy.

In an instant, Chen Feng's strength dropped rapidly.

Has fallen directly from 60% of his peak period to about 40% of his peak period.

And he let out a wow, vomiting black poisonous blood again and again.

As his strength declined, the Nine Dragon Aotian Sword couldn't control it, and suddenly the red light fluctuated violently, and then it became dim.

And the speed of the Nine Dragons Aotian Sword suddenly dropped.

Seeing this scene, the dead snake in the distance let out a triumphant laugh: "Hahaha, can't hold it anymore! You can't hold it finally, right?"

Since Chen Feng did too much, he didn't have any doubts at all.

Moreover, he also speculated before that Chen Feng could only last for half a day at most.

This is consistent with his speculation.

Therefore, he didn't doubt that he had him at all, only that Chen Feng could not support it.

At the next moment, he saw that the huge red long sword in front suddenly stopped for a while, and then it was planted directly toward the ground.

He was even more proud in his heart: "This kid, I think it was the reason for the crazy urge before, so that his strength has declined extremely fast, and he can't even drive this long sword!"

"Hahaha, boy, your death date is here!"

At this time, the Nine Dragons Aotian Sword descended rapidly, and Chen Feng wowed, another big mouthful of blood spurted out.

He let out an angry roar, made an extremely strenuous appearance, summoned the Nine Dragon Sword Pouch, and put the Nine Dragon Aotian Sword into it.

At this time, Chen Feng was already on the ground.

He glanced back, then gritted his teeth, fleeing madly, making an extremely embarrassing escape look!

However, how could the speed of his escape compare with the speed of the Nine Dragon Aotian Sword?

In a blink of an eye, the distance between him and the dead snake was narrowed from hundreds of miles to only fifty or sixty miles.

Moreover, its distance is constantly approaching.

At this time, the dead snake was not in a hurry.

He let out a joke of laughter, just like the cat catching the mouse, seeming to play with Chen Feng.

Even, he slowed down a little bit, just to see Chen Feng running away in embarrassment.

In his opinion, this is really a very enjoyable thing.

His jealous laugh came from him: "Escape, bastard, you continue to escape! I think you can escape from my palm?"

At this time, the distance between the two was even less than ten miles.

The distance between Chen Feng and that cliff was also about ten miles.

Chen Feng staggered again, seeming to make mistakes in a hurry.

But at this time, a smile was drawn at the corner of his mouth, and that smile was full of murderous intent.

Chen Feng suddenly yelled up to the sky and broke out countless wounds all over his body, and then suddenly accelerated. Ten miles away, he was already behind the cliff!

Behind the cliff is a vast valley!

This place is extremely huge, and in the center of the valley, there are three towering giant trees growing at a height of about a million meters.

Although it is far inferior to that built wood like the giant pillar of the Southern Wilderness, it is also extremely rare and huge.

[Chapter 3690: Three thousand misty birds!](#)

Even much higher than the average mountain range.

It's just that, at this time, these three giant trees are all dead.

On top of these three giant trees with a million-meter-high trunk, there are countless huge branches growing out of the way.

At this time, on the countless branches, there are misty birds standing one after another.

These misty birds are densely packed, and at a glance, there are as many as thousands.

On every giant tree, there are thousands of misty birds standing there.

They stood there at this time, their wings hung down, their heads lowered, and their red eyes were half closed and half open.

It turns out that these misty birds are actually creatures that appear at night.

This is also normal, after all, human martial artists are more active during the day, so they can have more food.

Like the misty birds that killed Chen Feng at night, they were really attracted by his breath, so that's why.

This time, it was just when they were about to wake up.

Chen Feng saw this scene as soon as he turned around the cliff.

These sacred birds, the closer they are to the bottom of the tree, the smaller, about one or two meters.

And the more up, the bigger.

On top of these three giant trees, each stood an extremely huge cloud bird.

These three misty birds are obviously the strongest in this tribe.

Their height is as high as seven or eight meters, and their wings spread out more than ten meters.

Chen Feng estimated that their strength was three or four times stronger than the strongest cloud and mist bird he had hunted before.

If he is singled out against them, he really may not be an opponent!

As soon as Chen Feng turned around, almost at the same instant, these misty birds made the same move.

They were so neat and tidy, as if they had been agreed, they opened their eyes suddenly!

Then, in the next moment, Chen Feng saw thousands of pairs of eyes, nearly 10,000 red eyes, staring at him firmly!

Their gazes all fell on Chen Feng, their gazes were at first confused and surprised, and then in the next moment, they turned into bone-independent greed and devouring desire.

Their noses were frantically moving, because they had already smelled the delicious breath of Chen Feng's noble blood in the air!

At this moment, when Chen Feng ran wildly, countless wounds appeared on his body, and blood flowed out frantically.

So at this moment, these thousands of misty birds are all crazy!

They stared at Chen Feng fiercely, wishing to swallow him alive!

Faced with these thousands of pairs of blood-red eyes, Rao Ji Chen Feng's abilities couldn't help but instantly become stagnant, and his heart was frightened.

You know, if he deals with this kind of misty bird at the same time, he can only deal with three at the same time.

And here, there are more than three thousand heads?

One hundred deaths of Chen Feng is not enough!

This is a powerful enemy he has never faced before, and this is also a huge and incomparable crisis he has never faced before!

But in an instant, Chen Feng recovered.

A smile appeared at the corner of his mouth, and Chen Feng felt that at this moment, his blood was boiling, and his whole body was extremely excited.

The feeling of blood boiling made him almost couldn't help yelling.

Because in his opinion, this is not only a huge crisis, but a huge opportunity!

There seemed to be flames burning in his eyes.

At the next moment, Chen Feng suddenly stopped and stood still.

It was as if he was completely frightened after seeing such a cloudy misty bird.

But when Chen Feng stopped, the misty birds wouldn't stop.

They screamed sharply and rushed towards Chen Feng.

Their eyes are full of greed and bloodthirsty. In their eyes, this human warrior is the greatest delicacy. The noble blood burns in his body, making them salivate.

They know very clearly that as long as they can swallow him, their strength will surely increase by leaps and bounds!

Even, you can become the king of this group!

And some of the more clever cloud and mist birds rushed up, directly atomized, and then teleported again and again, rushing crazy toward Chen Feng.

They are naturally faster than flying here.

Not only them, but even the three biggest misty birds standing proudly on top of the three giant trees are staring at Chen Feng with scorching eyes.

They are the strongest, the oldest, the most experienced, and the smartest.

All of a sudden, I realized that if he didn't swallow this human kid by himself, but was swallowed by others, then his status was very likely to be replaced.

And these three misty birds glanced at each other, and they all saw a trace of jealousy from the other's ferocious eyes.

Because they thought at the same time: "If he swallows it, won't we be killed by him?"

As a result, the three misty birds almost made the same move.

They all uttered incomparably sharp screams, trying to stop the misty birds below.

However, it is useless at all!

The misty bird below, this kind of creature was originally born of the dead and hostile spirits of the heavens and the earth upholding here, but it is a very strange and cruel ancient underworld beast.

In normal times, they don't accept discipline at all, and they often come out to provoke their status, let alone now.

Now, with the current food, they are even more aware that if they can swallow this human warrior, what a huge improvement in their strength will be brought to themselves! *novelusb.com*

All of them are as crazy as they are. Where can I listen to them?
