

## Peerless 3791

### [Chapter 3791: The eggs of the purgatory queen!](#)

Its length, I am afraid that it has reached ten thousand miles!

It was many times bigger than the Teng snake that Chen Feng had seen back then.

I don't know how big this space is, and Chen Feng can't see the end. All Chen Feng can see is a limb that is thousands of miles long.

And this section of limbs just occupies an insignificant section of this behemoth!

You can't see the head before, and you can't see the end afterwards. Even the number tens of thousands of miles long was imagined by Chen Feng himself!

However, Chen Feng was sure that her size was definitely only larger than this number!

Chen Feng let out a groan-like voice: "It turns out that this is the true body of the purgatory ant queen, this is the true face of the supreme ruler of this purgatory fire \*\*\*\* ant tribe!"

The true body of this purgatory ant is not only large enough, but also extremely terrifying.

The incomparable spiritual power radiated from above, condensed into the essence.

Chen Feng was about tens of thousands of meters away from the giant at this time, and he tried to step forward.

But I found that as I stepped forward, the surrounding air seemed to become viscous.

It's as if this is not air, but rosin.

Chen Feng sighed slightly. He knew that this was a manifestation of a viscous, almost substantial mental force.

Tens of thousands of meters!

"A few tens of thousands of meters away from her, she started to move without freedom. To what extent is this guy's mental strength strong enough?"

Chen Feng couldn't help shaking his head and sighed.

But at this moment, this huge and incomparable existence, like a big caterpillar, just lay there without moving.

However, the constant shrinking surroundings, the surging mental power like the ocean, means that she is absolutely not dead, and the vitality is still very strong.

The shock in Chen Feng's heart did not last long.

After all, this time, he is going to be right against the purgatory queen!

"What's to be afraid of?"

"No matter how strong it is, it's just a monster!"

"No matter how strong, it's not like watching me standing here, but she is helpless?"

Yes, when Chen Feng came, he judged that there was no danger in coming here on his own trip!

The purgatory ant now, there should be no way to take herself!

And then, in the process of coming here, the kind of thoughts and thoughts that made me full of fear and despair I encountered along the way confirmed this point.

Because, if the purgatory queen can use other methods that are truly threatening to Chen Feng to stop him, there is no need to use mental power to disturb him.

This endless negative emotions and the harassment of Chen Feng just shows one thing, that is: the purgatory queen has only such a method!

Chen Feng was already convinced of this.

And now, he just stood here so leisurely, just standing for a whole cup of tea time, it made him even more convinced of this.

Because, in the process of this cup of tea, Chen Feng did not receive any attack.

At the next moment, Chen Feng laughed: "Hahaha, what I expected is right!"

"Purgatory ant queen, purgatory ant queen, now you have nothing to do with me!"

"Furthermore, your only offensive method, that mental power clone, is now fighting Sirius!"

"If you want to use your spirit power clone to attack me, you must cut off Sirius!" [www.Usb.Com](http://www.Usb.Com)

"And your hatred for Sirius is obviously going to surpass me!"

"Then, if what I expected is not bad, you should be reluctant to cut off Sirius and attack me!"

Of course, Chen Feng just flashed these words in his mind.

After all, Chen Feng knew very well that this purgatory queen was not temperless.

If he speaks it out, he will definitely be able to be heard by the purgatory ant, and if he hears it, then he will be regarded as a threatening opponent.

In that way, I'm afraid she will make a move.

Then, Chen Feng strolled around in this space at a very fast speed.

Then, he walked around next to the purgatory ant and came into the deep darkness ahead.

At this moment, his eyes suddenly lit up.

It turned out that Chen Feng found that the ground temperature here was much higher than where he was just now.

The air suddenly scorched, and it seemed that there was a sizzling steam of steam permeating down the ground.

A smile appeared at the corner of Chen Feng's mouth: "Yes, this is it!"

So he continued to walk forward.

And soon, Chen Feng came to a space.

This space should be in the corner of this space.

Here, it is already extremely hot, and red light is constantly shining past.

The air seemed to have become distorted, apparently caused by high temperature transpiration.

And above the ground, there appeared one after another like a crater that had shrunk many times.

A large amount of lava spurted from it continuously.

And every splash of lava is accompanied by large masses of jet black hot gas.

This jet-black hot gas permeated here, making it more steaming.

When Chen Feng looked forward, he saw that one after another spheres appeared in his sight.

These spheres are approximately elliptical, with a diameter of between 25 and 50 meters, and the whole body is white.

It's just that, on top of that white, there is a pattern of black and red, which exudes amazing heat.

It's as if one volcano after another is bred inside,

From time to time, red light penetrated from the inside, and there was an unspeakable breath that radiated from the inside out.

When Chen Feng looked at these spheres, he found that there were more than thousands of them?

Moreover, almost all the \*\*\*\* pulsate slightly.

Not like a dead thing, but like a living thing.

Chen Feng sighed slightly, the hanging heart finally slowly fell, and whispered to himself: "Found it, finally found it!"

"I finally found the egg of the purgatory queen!"

It turns out that these things are the eggs of the purgatory queen!

At this time, what the purgatory ant is doing here is laying eggs!

In fact, this purgatory fire \*\*\*\* ant tribe, including this purgatory fire \*\*\*\* ant race, is extremely difficult to provoke in the deserted ancient ruins, and can even be called an overlord existence.

However, behind the scenery, there is suffering.

For example, their biggest weakness and biggest problem is that the life span of these purgatory fire ants is very short!

It can even be said to be short and shocking.

Generally, a human martial artist who has reached the level of Emperor Wudi of Two Stars, if it weren't for dying by fate, there would be no problem in living safely and steadily above a thousand years old.

As for the monster beasts that reached the one-star monster emperor's side, they lived longer.

#### [Chapter 3792: Borrow something from you](#)

Some can even reach thousands of years.

However, although these Purgatory Fire Ants are strong, their life span is extremely short.

The life span of an ordinary Purgatory Fire Ant is only about three to six years.

The mad soldier ant can be taller, but not more than fifteen years.

The life span of lava flying ants will not exceed thirty years.

The only longevity is the purgatory queen!

The lifespan of this purgatory queen can even be said to be almost endless, and can even live forever!

The birth of a purgatory ant queen means the birth of a race of purgatory fire \*\*\*\* ants.

If this purgatory ant queen dies, then this purgatory fire \*\*\*\* ant tribe can almost conclude that it will disappear into the deserted ancient ruins.

This shows that the life span of a purgatory ant queen can even be said to be the same as that of the purgatory fire \*\*\*\* ant colony.

And the time for a race of purgatory fire \*\*\*\* ants to exist is hundreds of thousands of years and hundreds of thousands of years!

The reason for this is actually normal.

These purgatory fire ants are already outrageous and strong, which is unreasonable. If they have a long lifespan, how much will they have to accumulate in the long years?

So is there a way for other creatures to survive in the ancient ruins?

Therefore, their short life span is also normal. In fact, they have stimulated all their strength in a short period of time to achieve such strength.

Although the purgatory ant can live a long time, she also knows that she suffers.

Her body is too big, let alone going out for activities, even leaving here has to pay a great price.

Moreover, she has extremely high requirements for the living environment, and she needs to eat a lot of food every day.

If you leave here rashly, within three days, the environment will change enough to make her die.

And hunger was enough to make her die.

For her, what is more painful is that she spends half a month to lay eggs every three years.

That's right, this spawning lasts for half a month!

Had it not been known that she would lay eggs here within this half month, and could not leave, Chen Feng would not dare to enter here!

The reason why it takes so long to lay eggs is because the lifespan of the Purgatory Fire Ants is too short, and she has to lay more than 20,000 at once before the end of the life of the last batch of Purgatory Fire Ants.

Then, a new batch of Purgatory Fire Ants was born.

Because at least five eggs can successfully produce a purgatory fire ant!

At this time, these eggs are piled up here.

In fact, Chen Feng's purpose is these eggs!

Or, to be precise, it was one of these eggs.

However, he didn't show any intention of approaching there, he just turned around again with curiosity and looked at the purgatory queen.

However, while Chen Feng looked at it, he pretended to approach the eggs unintentionally.

He looked around as if he was enjoying the scenery here.

Seems not interested in those eggs at all.

However, if you keep staring at his steps, you will find that he is actually getting closer and closer to the eggs.

And when Chen Feng was a few kilometers away from those eggs, suddenly, a non-male, non-female, but magnificent voice rang in Chen Feng's mind: "Humble human beings, what are you doing here?"

"Finally can't help it?"

Chen Feng smiled: "Finally, I can't help but ask!"

Chen Feng suddenly turned around, looked at the purgatory queen, smiled and said: "I know you are talking."

"But it's normal, besides you and me, where is there a third person?"

"Do you know what I am here for?"

Chen Feng suddenly showed a touch of excitement, and said: "I might as well tell you, do you know what we human warriors like to do the most?"

"What is it?" The voice seemed very puzzled.

Chen Feng was full of excitement:

"Our human warriors, improve their strength, for longevity, for freedom, for many!"

"But there is another extremely important purpose!"

"Just to explore the outside world, do you know that a race like you, an existence like you, in my hometown, I have never seen it!"

"And now, I'm in the deserted ancient ruins, I saw me here!"

"For you, I can say that I am full of curiosity, so even if there is danger, I will come here to see!"

"I want to see what your purgatory queen looks like!"

"I want to see how you really are!"

"I want to see what kind of secrets are hidden under this abyss!"

The purgatory ant, who has been silent for a long time, seems to be thinking about Chen Feng's words.

After a while, he said indifferently: "This is why your humble humans are not strong enough."

"You put too much energy on messy things."

Although there was some sarcasm and disdain in her words, she was relaxed a little after all.

Because she believed Chen Feng's words.

In fact, she would believe what Chen Feng said at this time.

In other words, she would never doubt Chen Feng as soon as she came up. Instead, she would first listen to what Chen Feng said, and then analyze whether his words were true or false based on his behavior.

If Chen Feng's behavior is consistent with what he said, then even if Chen Feng told a lie, the purgatory queen would consider it to be the truth.

If Chen Feng's next behavior does not suit him, she will think Chen Feng is lying.

Yes, it sounds very rigid, not like human thinking.

Too rational, but sluggish.

But this is the fact. *novelUSB.com*

Because, the purgatory ant queen is really a very weird existence, her body is huge, but her consciousness is more like a collection of all the creatures of this purgatory fire \*\*\*\* ant tribe.

Therefore, her behavior is actually very staid and sluggish.

For example, Chen Feng's appearance here, logically speaking, should be extremely dangerous for her.

She should immediately give up the mental power clone of Sirius, and then come back to attack Chen Feng.

However, after Chen Feng came here, he did not make any threats to her.

Therefore, her instinct is to think that Chen Feng is not a threat to her here.

Therefore, she didn't immediately mobilize that mental power clone back.

And this characteristic of her, Chen Feng has already felt thoroughly.

Chen Feng talked to the purgatory ant queen, and moved back.

And finally, Chen Feng was certain in his heart, because at this time, the distance between him and the ants eggs of the purgatory \*\*\*\* of fire was already very near!

For him, this is already a very short and very short distance.

"Now, I am confident that my plan will be completed in a flash!"

"All I ask for is to reach this distance!"

"Unexpectedly, the purgatory ant queen made me here so easily!"

The next moment, the voice of the purgatory ant sounded: "Now, humble humans, get out of here!"

"Otherwise, I will let you die without a burial place!"

Chen Feng knew that she didn't lie, she did have this ability.

Chen Feng smiled slightly and said, "Let me leave here, it's no problem at all! But well..."

"I have to borrow something from you!"

The next moment, Chen Feng suddenly turned around, his figure flashed, and the daily Jinwu footwork was activated to the extreme!

Suddenly rushed towards those purgatory fire \*\*\*\* ant eggs!

[Chapter 3793: I am ordering you! Understand?](#)

In an instant, he was already in front of the pile of purgatory fire \*\*\*\* ant eggs!

Then he didn't care about it, and without stopping, he smashed one of the purgatory fire \*\*\*\* ant eggs fiercely!

The purgatory queen was crazy instantly!

Her sharp hissing sound suddenly sounded in Chen Feng's spiritual world, causing Chen Feng to have a headache and almost unable to control his body.

But Chen Feng still resisted the huge pain, his body still slammed into the huge purgatory fire \*\*\*\* ant egg!

In the next moment, with a soft pop, how can that fragile purgatory fire \*\*\*\* ant egg be blocked?

Chen Feng's bump, a bang, directly broke it!

Immediately, countless transparent liquids flew out of it.

These transparent liquids are not stinky, there is still a silvery white color in the transparency, and it is very cold.

Even, there is an extremely rich fragrance.

Obviously, this is the essence of a purgatory fire ant.

This thing, for the martial artist, is a very precious medicine and a great tonic spirit!

You know, the one-star monster emperor level monster bred out of this egg.

At this time, the entire essence of this monster beast that has not yet formed is this transparent liquid with silvery white!

It can be seen how precious this liquid is.

But at this time, Chen Feng didn't want to absorb this, he just wanted to spill the liquid on himself, nothing more!

At this moment, Chen Feng just stood there, then turned around, smiling at the purgatory queen.

He was soaked all over, really embarrassed.

But on that face, there was an unspeakable calmness and indifference.

At this time, the purgatory ant queen was so angry that she was almost crazy!

Because these eggs signify the hope of the race to live!

Means everything in the future!

In her instinct, these eggs are far more important than the purgatory fire \*\*\*\* ants outside, and even more important than herself!

How could she allow Chen Feng to destroy these eggs?

She was full of anger and mental fluctuations, and roar after roar sounded in Chen Feng's mind.

Even her body trembled with anger.

The next moment, her cold and indifferent voice sounded: "Humble human, you successfully angered me!"

"I already know, presumably you know a lot about me! Knowing that I already have a mental power clone outside, so I can't deal with you!"

"But, now I want to tell you!"

"You have successfully angered me!"

"I will immediately break the connection with the mental power clone above, and then re-create a mental power clone to kill you!"

In fact, at this time, with the power of the purgatory ant queen, it was really easy to separate a mental power clone to kill Chen Feng.

At this time, Chen Feng was not afraid, just smiled and watched him slowly spit out three words: "Are you sure?"

The three words Chen Feng made the purgatory ant hesitate for a while, and did not immediately cut off the connection between the spiritual power clone that was fighting with Sirius.

The next moment, Chen Feng stretched out his hand, and a black object was thrown out by him, and it slipped into the eggs of the Purgatory Fire God Ant and disappeared.

Chen Feng strode towards the purgatory ant queen!

As he walked, he spoke extremely fast, and sternly shouted: "The purgatory queen, I will tell you now!"

"Not only can you not do anything to me, you must let me go safely! You must continue to maintain your mental power clone and fight the guy above!"

"Even, you have to constantly strengthen your mental power clone! The stronger the better! Understand?"

"I'm ordering you! Understand?"

"do you understand?"

The purgatory queen was stunned.

Although she rarely appeared dazed, she still appeared at this time.

Even she was a little dumbfounded, and it felt very ridiculous.

"This human being, this one can kill a human at any time, so arrogant, here, order yourself?"

"How dare he do this? Why does he do it?"

Without waiting for her to ask, Chen Feng smiled and said, "I know you must be surprised now. I want to know why I dare to do this, right?"

"Okay, then I will tell you!"

Chen Feng laughed loudly: "You probably have a lot of dealings with our human warriors. You should also know that we like some weird things."

"Then, I might as well tell you."

"The one I threw into those purgatory fire \*\*\*\* ant eggs just now was a heaven-shaking thunder!"

"This god-shaking thunder explodes as I like!"

"I want him to explode, he will explode, I don't want him to explode, he will not explode!"

"And if it explodes, guess what will happen?"

Chen Feng smiled and looked at the purgatory ant queen, with a light bang in his mouth, and raised his hands high:

"If it explodes, then, you purgatory fire \*\*\*\* ant eggs, you tens of thousands of eggs!"

"I can assure you that none of them will survive!"

He stared at the purgatory queen, and said word by word: "Did you hear clearly? I can't survive all of them!"

"Now, do you dare not listen to my orders?"

The body of the purgatory ant trembled heavily.

Obviously, what Chen Feng said gave her an unparalleled shock!

Even she had a trace of panic.

When this emotion occurred, even the purgatory queen herself was shocked.

Because she had never had such emotions before, and she had never thought that she would have such emotions.

But I didn't expect it to happen.

No way, these eggs really maintain the continuation of the entire ethnic group!

If these eggs are broken, then it is not as simple as saying that the purgatory queen lays such eggs again.

Laying eggs is an extremely detrimental thing for the purgatory ant, and it makes her extremely annoying.

And, it takes a long time to prepare.

Although she had to do this because of the instinct of seal cutting, any purgatory queen can drag it.

Therefore, she had actually been delayed for a long time before she had to lay these eggs.

The purgatory fire ants outside, in fact, have almost reached an end in their life span.

This time, these purgatory fire \*\*\*\* ants were killed by Sirius for a round, and this group was already badly injured.

If these eggs were killed by Chen Feng again, then it would be too late for her to lay eggs.

At that time, their tribe, for other Purgatory Fire God Ant tribes, it is simply a supreme delicacy.

The relationship among the Purgatory Fire God Ants is actually extremely cruel.

#### [Chapter 3794: Finally, escape!](#)

These tribes are definitely not so friendly, on the contrary, their relationship is very bad.

All the time, not thinking about swallowing each other.

The reason is also very simple. The supreme ruler of every purgatory fire \*\*\*\* ant tribe is their purgatory ant queen.

For a purgatory ant queen, they want to improve their strength and advance, they only have two means: sleep and devour!

The object to be swallowed was of course another purgatory queen.

And the benefits gained by devouring another purgatory ant surpassed her sleeping for 100,000 years!

Then, it is conceivable that these purgatory queens, all the time, no longer think about swallowing each other.

What's more powerful is that each purgatory queen can accurately feel the position of other purgatory queens.

Then, the purgatory ant in front of Chen Feng is very sure that if she loses the guards of the purgatory fire \*\*\*\* ants outside, then the time of death is coming!

Therefore, she did not dare to act rashly at this time.

Because she dare not bet!

If you lose the bet, you will lose your life!

Although the bet was won, Chen Feng's life was lost, but...

However, she never took Chen Feng's life in her eyes.

In her opinion, these humble humans are nothing more than hundreds of years of life, compared with their own life span of tens of thousands of years and hundreds of thousands of years, but a drop in the ocean, what counts?

It would be really stupid to take your own life in order to gamble with her, in order to save her life.

So he made a trade-off in an instant.

After feeling the purgatory queen calm down, without any changes, Chen Feng's mouth showed a smile.

Looking at her, he said softly: "Since you agreed, then, good!"

"Now, continue to instill mental power upwards!"

"Let your mental power clone, entangle that person as much as possible, understand?"

After all, Chen Feng didn't wait for the purgatory ant to reply, but jumped up and went up, fast.

The purgatory queen was silent there, without any movement.

When Chen Feng left the abyss this time, he was not hindered in any way.

Therefore, it was only about a cup of tea, and Chen Feng had already returned to the abyss.

And when he returned to the abyss, he suddenly panted heavily and trembled violently.

At this moment, he was already covered with cold sweat.

A look of extremely fortunate appeared in Chen Feng's eyes!

A voice in his heart was muttering to himself like crazy: "I did it! I did it! She really threw a rat!"

At this moment, Chen Feng couldn't wait to laugh out loud.

But he dared not laugh.

Because he knew that if he laughed, then the purgatory queen would know his details thoroughly.

It turns out, where is Chen Feng's god-shaking thunder?

Chen Feng's Heaven Shaking God Thunder has long been used up and not to mention, even if there is, it is impossible to have such a powerful force to blow up all these eggs!

The thing that Chen Feng threw in the past was actually just an ordinary metal block, and it did not pose any threat to these eggs.

What he bet is that the purgatory queen dare not gamble with herself!

And it turns out that Chen Feng won.

At this time, Chen Feng also felt that a strong ray of spiritual power was continuously transmitted to the top of the black giant tower, which was stronger than before.

Obviously, as she had ordered, the Purgatory Ant Queen increased her support for the spiritual power clone.

"It seems that the mental power clone should be able to block Sirius for a longer time."

Chen Feng smiled slightly: "Unexpectedly, this purgatory queen is still a believer!"

"Sirius, enjoy it!"

In the next moment, he held his head high and walked out in a stride, directly facing the endless stacks of infernal fire \*\*\*\* ants.

If it is an outsider here, it will definitely exclaim.

Because Chen Feng's move was clearly an act of dying!

However, a surprising scene appeared.

As Chen Feng appeared at the door, and as Chen Feng walked forward, the purgatory fire \*\*\*\* ants turned back in fear.

They didn't even dare to get too close to Chen Feng.

Chen Feng took a step forward, and they took a step back.

It was as if Chen Feng had what they feared the most.

Seeing this scene, Chen Feng laughed loudly: "Sure enough, I was right!"

"The thing that these Purgatory Fire Ants fear the most is neither a powerful enemy nor even the Purgatory Ant Queen!"

"The purgatory queen can order them to die, but the purgatory queen is not the most feared in their bones."

"The thing they fear most in their bones is actually these eggs! It's actually the breath of these eggs!"

"Because their instinct is to multiply and make the race grow!"

"And these eggs are the foundation and hope for their race to multiply!"

"So, in their instinct, they must have engraved an order, that is, they must never hurt these eggs!"

Chen Feng continued to walk forward, walking into those purgatory fire ants.

Suddenly, these purgatory fire ants, as if they had fried a pot, retreated madly, embarrassed.

Chen Feng was more determined in his heart.

Because he is now covered with the breath of these eggs, these purgatory fire ants are extremely afraid of him.

Chen Feng just walked outwards so swaggeringly, these purgatory fire ants automatically gave him a way.

Finally, he stepped out of this black tower!

Chen Feng, finally escaped!

At this moment, he suddenly felt that everything on the outside was indescribably cute.

Chen Feng took a long breath, but did not relax.

His mind turned quickly: "Now, I guess Sirius can still be blocked for at least half an hour to an hour. It won't be easy to say no matter how long it is."

"And half an hour to an hour, during this period, the curse on Sirius, I'm afraid it is also quietly taking effect!"

"I can't waste this time!"

If someone else is there, I'm afraid that at this moment, after getting out of danger, he will immediately ignore it and run away hastily.

And Chen Feng, at this time, is still calculating to make good use of this hour!

In the next moment, Chen Feng aimed his gaze at the corpses of the Purgatory Fire Ants on the ground.

It turned out that when Chen Feng first dived into the abyss, his purpose was not just to leave here.

In fact, if only to leave here, he has other ways.

The reason why he is willing to take a strange risk and enter the abyss is to make these purgatory fire \*\*\*\* ants fear him, not only cannot stop him, but also fear himself, then he can get the treasures in these purgatory fire \*\*\*\* ants!

[Chapter 3795: Qi Xingwen's real purpose!](#)

The next moment, Chen Feng's figure flashed, and he came to the corpse of a purgatory fire \*\*\*\* ant, landing on his seventeenth joint with great precision.

As early as when Chen Feng was in the huge black tower, he could see clearly, those few purgatory fire ants who rushed into the huge black tower, the half-moon-shaped cyan-gold gems in their bodies flew out from here!

Qi Xingwen and Yuchi Binbai left from Sang Xingteng's place, and they were silent all the way, heading towards the black market.

Suddenly, Yuchi Binbai whispered, "Brother Qi Xingwen, why are you lying?"

Qi Xingwen's body stiffened for a moment, and then a smile was squeezed out of his face, and he whispered: "What do you mean? What lie?"

"Don't think I don't know!"

Yuchi Binbai suddenly turned and stared at him, eyes unblinking: "The reason you so-called, the so-called Chen Feng occupied the two of us into the deserted ancient ruins!"

"This excuse, others believe, many people believe!"

"Even, many people think it's normal!"

"But I don't believe it!"

He sneered: "Brother, who are you, I don't know?"

"Speaking of speaking, your current realm is two full realms higher than Chen Feng, but you dare not kill Chen Feng, but encourage Sang Xingteng to kill Chen Feng."

"Isn't it because Chen Feng's fierce reputation frightened you?"

"You are a cowardly person, though you have a high level and advanced qualifications!"

Yuchi Binbai's words were like knives, severely cut on Qi Xingwen's body!

Qi Xingwen's face turned blue and white hate, almost turned into anger.

But his eyes flickered, but he was forcibly suppressed.

Yuchi Binbai didn't care about his thoughts at all, and just said coldly: "The opportunity to enter the deserted ancient ruins was the year before, but you refused to go all the time. Isn't it because you are afraid of dying inside?"

"You can deceive others with such words, but you can't deceive me at all!"

"Chen Feng took your chance, you are too happy to have time!"

Yuchi Binbai said in a deep voice, "Qi Xingwen, why on earth do you have to find Sang Xingteng to deal with Chen Feng?"

"Speaking of which, we and Chen Feng are just one-sided, and there is no big conflict."

"Provoke him, the cost is great, and the consequences are very serious! Have you considered it?"

"You want to die, don't drag me down too!"

Qi Xingwen was silent for a while, just walked forward.

A flash of dissatisfaction flashed in Yuchibin's white eyes, but it didn't show it.

After a while, Qi Xingwen sighed slightly and said, "Do you know Hua Lengshuang?:"

"Hua Lengshuang? That who just entered the family last year, the country is beautiful, she is known as the first beauty in the Nei Sect, and is also a very talented Hua Lengshuang?"

Yuchi Binbai said immediately.

Obviously, Hua Lengshuang is now well-known in the entire Xuanyuan family.

"Yes, it's her!"

Qi Xingwen gritted his teeth and said word by word: "Do you know that Master Hua Lengshuang was saved by my master when he was still on the Dragon Vein Continent!"

"Furthermore, she was able to enter the Xuanyuan family, and she was also recommended by my master!"

"Just ten years ago, this old godly woman came to tell my master."

"She received a very talented disciple on Longmai Continent, and then the two decided on marriage!"

"what?"

Yuchi Binbai exclaimed: "A marriage made for you and Hua Lengshuang?"

Qi Xingwen nodded slowly: "That's right."

"But..."

His smile was full of mockery: "Later, the master died."

"Later, Chen Feng and Hua Lengshuang entered Nei Zong together."

"I went to the old godly woman to ask about this matter, but the old godly woman talked about him, but was forced to ask him before confessing the truth."

"It is said that Hua Lengshuang has fallen in love with Chen Feng, and she cannot force her apprentice to marry me."

"So, that marriage contract is equivalent to an end."

"At that time, after I listened, I didn't say anything, so I turned around and left."

He looked at Yuchi Binbai, although he was still smiling, but the smile was so impressive that he shuddered: "Why do you think I am deliberately dealing with Chen Feng?"

Yuchibin suddenly said, "No wonder, no wonder, it turns out that there is such a secret story!"

"It turns out that you two have the hatred of taking your wives!"

"No wonder, everything makes sense if you say so!"

"Not only that!"

Qi Xingwen smiled coldly: "I am also a martial artist, and I have lived for so many years. I can see many things well."

"It's just a woman. There are so many beautiful women in this world."

"It would be too stupid for me to offend the promising Chen Feng for a woman."

"The reason why I did this is really because that Hua Lengshuang is an excellent furnace!"

Yuchi Binbai looked at Qi Xingwen, with a shocked expression on his face: "Could it be that she can?"

Obviously, he also knows some of Qi Xingwen's secrets.

Qi Xingwen nodded: "Yes, you also know that the practice in our vein is actually very flawed." [no17k.com](http://www.17k.com)

"Furthermore, cruel and cold, even close to the line of magic power."

"It is true that the speed of cultivation is very fast, but the later, the more flawed and dangerous."

"My masters, all of them died miserably. Isn't it enough to teach you?"

"I have been thinking about how to avoid this."

He paused, and then said: "And Hua Lengshuang, after I met her that day, I discovered that she was the biggest key to solving this problem!"

"Back then, my master agreed to the marriage because he knew that Hua Lengshuang had a special physique."

"As long as she cooperates with her physique and cultivates a special technique, then she can gather a supreme treasure. When I swallow that supreme treasure, then all the shortcomings in my strength will be made up!"

"Those defects will all be resolved!"

"My technique will blend round and round, perfect!"

Yuchi Binbai was stupid.

Suddenly, he asked in a wicked way: "What about Hua Lengshuang? What will happen to Hua Lengshuang?"

"Hua Lengshuang? Maybe he will die, maybe he will die miserably."

Qi Xingwen didn't care, and said calmly: "But who cares?"

Looking at Yuchi Binbai, Qi Xingwen suddenly smiled and said softly, "Do you think that what I asked Sang Xingteng to do today is all the price I paid today?"

When Yuchi Binbai listened, he was taken aback.

Qi Xingwen laughed, and the laughter was full of disdain: "What do you do today? It won't hurt Chen Feng's roots at all!"

"At most, it means to make him feel uncomfortable or painful!"

### [Chapter 3796: Great harvest!](#)

"Everything I do today is actually for..."

He stared at Yuchi Binbai and said word by word: "Provoke the hatred between Sang Xingteng and Chen Feng!"

"Based on what I know about Chen Feng, Sang Xingteng dares to do something like this. Chen Feng will never give up!"

When Yu Chibin heard it, he shivered all over his body, suddenly a bright light flashed in his heart.

He suddenly understood Qi Xingwen's purpose!

Lost his voice, shouted: "Then Chen Feng will definitely go to seek revenge!"

"Yes!"

Qi Xingwen smiled: "Chen Feng is not Sang Xingteng's opponent, and he wants to seek revenge, so he will definitely die in Sang Xingteng's hands."

"At that time, when Chen Feng is dead, that little \*\*\*\* Hua Lengshuang will no longer rely on."

"That old godly woman has no support, I want to see, what can they do! What dare to do!"

"At that time, I will just come to the door and ask for flowers Lengshuang, I see if she will give it or not!"

He clenched his fists, his face was full of resentment and greed: "Hua Lengshuang, this peerless cauldron, I will never let her go!"

"This time, the purpose of my calculation is to make Chen Feng die!"

"At that time, this flower Lengshuang will definitely fall into my hands!"

"With her, within three months, my strength can even be improved by another level, and it is even possible to directly advance to the five-star Wudi!"

"At that time, the younger generation of Xuanyuan family, who is my opponent?"

"The arrogant generation among the younger generation, who can you choose if you don't choose me?"

His voice was full of agitation: "Chen Feng is dead, no one else can compare to me."

"Xuanyuan Xiaoyue and Xuanyuan Zixi, the two old things, can only choose me, otherwise, no one will inherit the Xuanyuan family's mantle!"

The more he said, the louder his voice, and in the end it turned into a haha laugh, his voice full of pride:

"This step is just the first step! It's just the first step!"

"After this step, I am actually calculating step by step!"

"Calculate Chen Feng, calculate Sang Xingteng, calculate Hua Lengshuang! Even, calculate Xuanyuan Xiaoyue and Xuanyuan Zixi!"

"I will be the only candidate for the next generation of the Xuanyuan family's great elder, hahaha, it won't take a few decades, this Xuanyuan family is what I have in my bag!"

In his eyes, there seemed to be a flame burning: "By then, I will be the head of the Xuanyuan family, and I can even stand at the peak of the Dragon Vein Continent!"

Beside, Yuchi Binbai looked at him and held his breath, his eyes filled with horror and fear.

He had always surrendered to Qi Xingwen before, but in recent months, Qi Xingwen has been very decadent due to Chen Feng's rise against the sky.

Moreover, Chen Feng has been compared in every respect.

In his heart, Qi Xingwen was already quite despised, and he even wanted to fight against him.

This can also be seen from the tone of his speech to Qi Xingwen just now.

But now, he found that he was wrong, very wrong!

this person. It's definitely not something you can afford, and it's definitely not something you can match.

Whether it is strength or scheming, it is extremely terrifying, far above him.

If you want to confront him, there is really only a dead end.

Yuchi Binbai took a deep look at Qi Xingwen, then suddenly leaned over slightly and said in a low voice, "Brother."

Qi Xingwen looked at him and laughed: "Your mind, I knew everything before, but..."

He patted Yuchi Binbai's shoulder again: "We two good brothers, I won't care about these things, don't worry, you will work hard for me in the future, we two will be as usual."

Yuchi Binbai was overjoyed, and quickly bowed his head to agree.

It's just that he didn't see it. At this moment, Qi Xingwen leaned over to look at him, and there was a touch of viciousness and disdain that flashed by.

After coming to the front, Chen Feng slammed his punch.

The carapace of this purgatory fire ant is extremely strong, even if Chen Feng wants to destroy it, it is not that easy, but it is much easier to just dig a hole from the top and concentrate the strength on one point.

Chen Feng punched it in, and then in an instant, his right hand stretched out.

At this time, in the palm of his hand, there was already a fist-sized half-moon-shaped cyan-gold gem.

At this time, by holding this thing in his hand, Chen Feng could feel the surging, strong and domineering inside, full of metallic power.

However, he didn't have time to feel more, and quickly put it into the golden thread kit.

Then, he ran to the next corpse of the Purgatory Fire God Ant.

At this time, the number of the corpses of the Purgatory Fire Ants outside the black giant tower is more than thousands?

These were basically killed by Sirius, but at this time they were all cheaper than Chen Feng.

Chen Feng kept jumping in it, constantly taking out the green-gold half-moon gems from the corpses of these purgatory fire \*\*\*\* ants.

Soon, time passed, and Chen Feng had been here for almost an hour.

He slowly stood up straight, looked at the half-moon-shaped cyan-gold jewel in his hand, and whispered to himself: "The six hundredth!"

"This is the six hundredth blue-gold gemstone I got here, and the number is already quite large."

"Almost an hour has passed, and I can't be too greedy."

"Otherwise, if Sirius blocks me here, the fun will be great."

A smile appeared at the corner of Chen Feng's mouth. He turned and took a deep look at the black giant before leaving without stopping.

And at the moment he left, outside the battlefield in the distance, a small black figure appeared!

It was the tracking demon of Sirius.

It stared in the direction where Chen Feng was leaving, with a weird and bitter smile at the corner of its mouth: "Humble human, you ran in that direction, and I saw you."

"Don't worry, I will catch up with you!"

And just after he had left for a quarter of an hour, suddenly, a violent wave of power erupted from the top of the huge black tower.

The next moment, with a bang, a gap was directly blown out at the top of the extremely strong black tower!

Sirius flew out obliquely from inside.

It's just that Sirius at this time was bloodied and embarrassed.

Just stopped in the air, it was faltering and almost fell to the ground.

After taking a deep breath, he stopped in the air.

At this time, even one of his hands had disappeared, and he looked miserable, and his breath was extremely weak.

After he appeared, he let out a bitterly resentful roar, looked back at the black tower, and snarled, "You dog, stinky girl!"

"You wait for me, I will definitely kill you!"

"Hahaha..."

He looked up to the sky and laughed like a madman: "This trip is not in vain!"

### [Chapter 3797: Just stay alive!](#)

"Although he was tricked by that kid for a few days, he died here after all, and he got this treasure!"

"This treasure, I am afraid it is extremely rare in the entire deserted ancient ruins, it is the kind with the highest level!"

"Moreover, no one knows."

"At this moment, here, it fell into my hands!"

He laughed, extremely proud.

Suddenly, smiling, the smile froze on his face, his face changed drastically, and he shouted sharply: "How is it, how is it possible?"

"That kid's breath still exists? He's not dead yet?"

In the next moment, his face changed, from complacency to flushing.

It's like being slapped in the face!

In another instant, that expression became extremely bitter.

He gritted his teeth and screamed: "Little bastard, I didn't expect your life to be so hard!"

"However, it's time to end!"

"Even if you can escape from here, you must have paid a great price!"

"I want to see what else you can do now!"

"Well, you didn't die here, just in time, just let me kill you myself!"

After all, he brought in the tracker who was jumping outside.

When the tracking demon saw Sirius, he shouted out loudly, "Master, Master, I know where he fled."

Sirius slapped his head with a slap in the face: "Stop talking nonsense, take me to chase quickly."

The stalker couldn't get in touch with each other, but took a bite, feeling extremely depressed, and led the way with his head down and down.

As everyone knows, the reason why he can see where Chen Feng is is because Chen Feng wants it to see.

In fact, Chen Feng had discovered its trail a long time ago, so how could he not know that the tracking demon was spying next to him?

Although after this period of time, Chen Feng's strength has not survived, and his speed has slowed down, he still desperately urges his daily footwork to enter the house, crazy, desperate, and rushing forward!

Because, he knew that what he had to do at this time was actually just a distance.

As long as the distance is wide enough and the time is long enough, then, even to the back, there is no need to have any strength.

as long as!

Yourself!

were able!

Stand!

Alive!

Then, I won!

Chen Feng didn't know how far he ran, nor how long he ran.

He only knows that when he ran to the end, his mind was already in chaos!

I can't see anything, I can't hear anything, and my ears are buzzing.

It's like countless bees hovering in their ears.

The next moment, the buzzing sound turned into an extremely loud roar.

Chen Feng couldn't even feel the existence of his own hearing, and his eyes were already covered with blood! It's red!

At this time, if there are other people around, they will surely scream!

Because, at this time, Chen Feng has blood flowing out of his seven orifices!

Even his whole body is filled with countless blood squeezing out crazily!

The whole person becomes a \*\*\*\* person in an instant!

Moreover, he was obviously extremely weak, his face was pale and his figure was shaky.

Despite this, he still gritted his teeth and wanted to hold on for a while!

Hold on for a while!

Finally, I don't know how long it will take, Chen Feng's body can no longer be maintained!

At this time, Chen Feng even lost consciousness.

Even at this time, it was not his own consciousness that controlled him to make the 'falling' movement, but the instinct of his body!

Because the instinct of his body knew that at this time, if he didn't make this action again, then Chen Feng was afraid that his whole body would burst and die!

Because his body can no longer bear it!

This action is a fall!

Like a weighing mound, falling heavily!

With a bang the next moment, Chen Feng slammed onto the ground.

He only felt a terrible pain all over his body, but after the pain, he finally didn't have to rush forward and finally could rest, but it made him feel comfortable and couldn't help groaning.

The whole person is completely relaxed.

Chen Feng formed a big character, spread his hands, and fell there, panting heavily.

The strongly toxic and corrosive air poured into his throat and into his lungs, which would have caused considerable damage to Chen Feng.

The air he didn't even want to breathe on weekdays, but at this time, Chen Feng felt that the air was so sweet!

Because it brought him great ease!

With a snap, a gem of life was crushed, and the green color was like armor, and the air bubbles full of life slowly surrounded Chen Feng.

Guarding around him.

The filtered fresh air filled Chen Feng's body inside and outside.

Chen Feng was panting, a slight smile appeared at the corner of his mouth.

After a while, Chen Feng felt that the power of life had returned to his body.

He struggled to sit up and looked around.

I can see that at this moment, the place where he fell is full of ruins.

It looks like it used to be a bustling city, but it is now in ruins.

This piece of ruins stretches quite wide, I'm afraid there are hundreds of miles in radius.

After Chen Feng got up, he looked at it roughly and knew it well.

This city was originally built on a rocky mountain in the Gobi Desert.

And now, the entire city has been destroyed, and even this stone mountain has fallen for the most part.

It gave people the feeling that it had been smashed so short by a huge fist that fell from the sky.

Chen Feng couldn't help but shook his head and smiled bitterly: "I don't know what happened to this barren ancient ruin when it was a prosperous world that day, it was so miserable!"

The area where he is now is still not able to leave this large desert, or is on the barren Gobi desert north of the desert.

Chen Feng looked far away, a smile appeared at the corner of his mouth, and his thoughts turned.

It's just that I don't think about Sirius, but how far is this place from the Valley of Silence? How far is it from the black market in the valley of dead silence?

How long will it take to rush by myself?

It turned out that Chen Feng didn't even care about Sirius anymore.

In his eyes, Sirius was already a dead person, and it was not enough.

He was even thinking about what to do next.

However, the confident and indifferent color on Chen Feng's face did not last long.

Soon, it was swiped and disappeared without a trace.

He quickly changed into a feeling of panic, fear, shock and despair, which filled his face.

[Chapter 3798: The curse should also take effect!](#)

Then, he turned around and ran directly to the depths of the ruins.

It's just that when I ran, I swayed and fell and fell to the ground from time to time.

It gives people the feeling that not only is he very flustered now, but he has run out of oil and the lamp is dead, and his strength is almost gone, as if he is running for his life in a hurry!

Who is Chen Feng doing this behavior for?

Who is it to paralyze?

Sure enough, after a short while, suddenly there was a stern sound of tearing the air in the distant sky.

In the next moment, a figure appeared, it was Sirius!

In front of him, the stalker was still there shaking three times.

Soon, Sirius saw Chen Feng, who was extremely weak, swaying, and fleeing toward the depths of the ruins in a panic.

The stalker laughed sharply: "I didn't lie to you! I can catch him!"

However, Sirius ignored him, his figure shook, and he almost fell from the sky.

Obviously, he is also at the end of the crossbow.

However, he can still fly in the sky, and obviously he retains much more strength than Chen Feng.

And even if he has only half of his strength, Chen Feng has only half of his strength, he can still crush Chen Feng!

This is where Sirius' confidence lies!

Soon, Chen Feng overcame the already slumped towering wall in front, and disappeared into the sight of Sirius.

But in an instant, behind the high wall, there was a heavy thump.

It's like something slammed on the ground.

"Can't hold it anymore? Can't you even run? Can you just fall to the ground?"

Sirius sneered: "This is so big, where can you go?"

"Run! Run!"

"I will not be in a hurry, I will chase you slowly, I will let you fully enjoy the pain and despair before death!"

Sirius sneered triumphantly.

After that, he actually slowed down deliberately, and walked forward slowly.

He did this, undoubtedly, to torture Chen Feng psychologically!

He was about to let Chen Feng hear his footsteps and his constant approach, but there was nothing he could do!

Because he knew that at this time Chen Feng, even moving was already a luxury.

And the distance between him and Chen Feng is not far.

Therefore, even if he slowed down, it only took less than a hundred breaths, and he finally bypassed the high wall.

Behind the high wall is the ruins of a hall.

At this time, there was a small stone platform about a hundred meters away from him.

Want to come, here was originally erected a tall stone pillar.

However, at this time, the pillar had already fallen to one side, leaving only this small table.

Chen Feng was sitting on the table, where he hung his head, his body trembling constantly, as if he was panting heavily.

Even Sirius could hear the sound like a broken bellows.

Obviously, he is already a lamb to be slaughtered!

At this time, Sirius, proud to the extreme, let out a sharp laugh: "Chen Feng, Chen Feng, can't think of it!"

"You will die here in the end! You still have to die under my hands! Hahaha..."

He let out a triumphant laugh.

The depression, irritability, and aggrieved in the past few days have been wiped out, and the whole person feels extremely comfortable.

In his opinion, Chen Feng was already the meat on the cutting board, and he slaughtered it at will.

He walked slowly towards Chen Feng, but at this time he didn't want to kill Chen Feng in a hurry.

He wants to make Chen Feng well, slowly and bit by bit!

He wants to use all his methods on him, so that he will suffer incomparably before his death, and squeeze his last point of value!

He walked slowly towards Chen Feng, with a sense of calmness in that smile, looking down!

Suddenly, when he walked less than 30 meters away from Chen Feng, the smile on his face solidified there, and his figure stopped!

It turned out that at this moment, Chen Feng suddenly raised his head!

He has long hair like ink, falling down!

His face is full of blood!

He is exhausted!

However, his eyes are as bright as stars!

Ah, although his face is pale, but where is there any sign of despair and pain?

On the contrary, his eyes were full of unparalleled confidence!

There was even an unpredictable smile on the corner of his mouth.

Then, he looked at Sirius, smiled and said, "Sirius, I have been here for a long time."

Sirius, I have been waiting for you for a long time!

When Chen Feng said these words, his expression was indifferent and extremely calm, even as if he was talking gossip, without the slightest threat or killing intent.

However, it fell into the ears of Sirius, it was like a rolling thunder, with a crash!

The shock made him tremble all over, his face was pale, and even his figure was shaky.

Just take a step back and shake it twice before steadying it.

Sirius stared at Chen Feng, as if he had seen a ghost, and suddenly his whole body shivered violently, and his face turned pale in an instant.

He pointed at Chen Feng and shouted in disbelief: "You, you, what do you mean?"

In fact, at this time Chen Feng didn't say anything meaningful.

And Sirius didn't feel any problems with his body.

But at this moment, he was frightened, scared to pee!

Because, in the past few days, he really saw how terrifying Chen Feng's methods are!

At this time, he was really afraid of Chen Feng in his heart.

And when Chen Feng said this sentence, he was calm, unhurried, and extremely indifferent, just like a hunter looking at his prey, how can he not panic?

At this time, Chen Feng was indeed not playing mystery, he was not in the mood to be mystifying.

He would not say such a thing if he hadn't made sure that his layout had taken effect.

Now that he has said it, he must have 100% confidence!

Chen Feng leaned back and leaned on the stone platform, then flicked his fingers, and said leisurely, "Sirius, at this time the curse on you should also take effect!"

"What? What curse? What curse?"

Sirius looked at Chen Feng incredulously: "You cursed me?"

Simultaneously. He quickly observes himself, but everything is business as usual.

Although the injuries were severe, there were no other abnormalities.

So the next moment, his face suddenly flushed red, as if he had been slapped in the face.

He thought he was fooled by Chen Feng!

Suddenly, there was a touch of extreme madness and shame on his face, and the spirit of Sirius could hardly control his emotions under these repeated blows.

He intentionally didn't believe what Chen Feng said, but Chen Feng had always considered an exhaustive plan, and a single sentence scared him almost into a nervous breakdown.

#### [Chapter 3799: This is the curse!](#)

A voice in his heart was howling frantically: "What are you afraid of! What are you afraid of?"

"What am I afraid of? He is already the meat on my chopping board! Can I still escape? What am I afraid of!"

"He should be afraid of me!"

He stared at Chen Feng and yelled frantically: "You kid bluffs me, are you bluffing me?"

At this time, even though he thought he had been tricked by Chen Feng, even though he thought Chen Feng might have fooled him, he was still very worried, and panicked.

He glared at Chen Feng, desperate to get an answer from him.

At this time, Chen Feng looked at him with the expression in his eyes as if he was looking at a fool.

The next moment, suddenly, a faint light suddenly lit up at Sirius' chest.

This faint light was not very bright, even with a little gloom.

And its color is also gray, as gray as a rock that has been deposited for thousands of years.

This gray light didn't look very strong, it seemed faint, but it just drifted upward.

As if the drizzle was silent, it instantly enveloped Sirius's body.

Sirius naturally saw the gray light. At this time, he was already scared by Chen Feng's words like a frightened bird, and screamed: "What is this? Where does this gray light come from? "

The next moment, he stretched out his arms!

Then, he took the thing out of his arms at once.

At this time, what appeared in the palm of his hand was the fragment of the fallen Thor's hammer, that magical fragment!

It turned out that he actually put this thing on his chest and placed it next to his body.

When Chen Feng looked at it, he couldn't help but laugh: "To put this thing next to his body, I really think he didn't die fast enough."

Then, above the fragments, there was a ray of gray light spilling out.

Sirius instinctively felt the extreme danger above.

He immediately stretched out his hand, ready to throw this thing away!

But suddenly, his face was frozen, his expression frozen, and he let out a scream: "What's the matter? What's the matter?"

"My, my hand, can't move?"

It turned out that he had just thrown this thing away, but he was shocked to find that his hand was completely paralyzed and could not move.

The next moment, he was even more frightened.

Because, he found that he no longer felt the existence of his hand!

When he looked down, he saw that his hands had already turned gray!

It was not stained gray, but completely, his hands, his arms, and even the sleeves on them, had become like stone carvings!

His arms are completely petrified!

There are even thin lines on the top of the stone!

He was so frightened that he suddenly raised his head and stared at Chen Feng, and screamed, "What is the curse on you, this thing?"

"You know? You know! Don't you? Boy, you lied..."

The word 'I', he hadn't said it, it was frozen in his throat.

He opened his mouth wide, but he couldn't make any noise.

It turned out that at this time, Sirius' face, head, his mouth, and his tongue had all turned gray!

At this time, his whole body has turned gray!

Only a pair of eyes remained, still moving.

At this moment, he is like a stone carving person!

Frozen there, unable to move!

You can't move your hands or feet, you can't even speak!

It's just that those eyes can still turn, and there is an extremely deep look of disbelief, shock!

At this time, Chen Feng couldn't help being shocked when he saw this scene, and he shivered all over his body, and there was a chill in his heart:

"Is this the curse of that artifact fragment?"

"It turned out to be so terrifying!"

"On the fragments of this artifact, such gray light can be emitted, and this gray light can actually petrify people!"

"God, what a terrifying ability this is!"

Chen Feng looked at it, and there was a big horror in his heart: "This curse is more powerful than a curse of mental power, a curse of evil spirits, or even a curse that directly hurts people. I don't know how many times it will come!"

You know, the situation of Sirius at this time is clearly turned into a rock from the inside out!

If he is only petrified on the surface, then, with his tyrannical strength, even if it is severely injured, all the muscles and skin on the surface of the body can be blown up.

He can live even if there are only bones left.

And he, in this situation, can't move in the dead, obviously petrified from the inside out.

"What a sinister curse!"

"It has been petrified from the inside out. What is the difference between the Sirius today and a statue made of stone?"

"I just need to go forward, push him gently, and let him fall to the ground, and he will turn into countless stone dust and disappear!"

"The strength of the five-star Wudi has no effect at all, and has no resistance at all!"

Chen Feng was even more grateful at this time: "Thanks to my cleverness, I already knew the secret of this curse."

"Otherwise, take this thing rashly, then I'm the one who is in such a situation now!"

Sirius was struggling frantically, trying to get out of this state!

But he soon discovered: useless!

It has no effect at all!

He is proud of the strength of the five-star Wudi, at this time under the power of this petrochemical, completely useless!

This also made him fall into extremely desperate!

Because, in the past, he relied most on his own strength!

The disbelief and shock in those eyes turned into a bit of panic, despair, pain, trembling, and fear!

He also realized his situation after all.

At this moment, he was very clear: "Chen Feng did not lie to me just now!"

"It turns out that there is really a terrible curse on the thing I grabbed with all my energy!"

"And now, this curse has turned my body into a stone sculpture!"

At this time, he suddenly wanted to laugh inexplicably.

A voice rumbling in his heart: "Sirius, Sirius, you are so ridiculous!"

"You have lived in vain at such an age, you are a five-star martial emperor in vain, but Chen Feng has played in the palm of your hand!"

"You don't want to think about it. Chen Feng watched there for a long time but didn't take it. If you take it, will it end well?"

But at this time, he could not even smile bitterly or even laugh at himself.

His face has become stone.

At this moment, his heart was mixed with Chen Feng, all kinds of thoughts were mixed, the whole person's head was buzzing, and his emotions were almost broken.

### [Chapter 3800: Artifact Fragment](#)

However, Chen Feng sighed softly, relaxed instantly, and slowly uttered four words: "The overall situation is settled!"

He walked slowly towards Sirius, walked in front of Sirius, and then knocked on him, loudly.

It's as good as it is carved from a stone with a little metal.

Chen Feng's action was obviously extremely insulting.

For a moment, Sirius seemed to see a fire in his eyes, and he couldn't wait to swallow Chen Feng alive.

"What does he think of me? Is it an implement? Is it a plaything?"

But now, he has nothing to do with Chen Feng.

The anger in his eyes gradually disappeared, turning into a touch of extreme pain, and even a trace of despair.

"Now I am like this, what's the use of being angry?"

He could only watch Chen Feng walk forward and then stopped in front of him.

However, Chen Feng did not ridicule Sirius,

In fact, his attention was already on the fragment of the artifact in the hands of Sirius.

He didn't even take the fragment of the artifact from Sirius's hand, but just held it in Sirius's hand and looked at it carefully.

Chen Feng didn't believe it anymore. No matter how powerful the curse on this artifact fragment was, and he didn't touch it so far away, what could it do to himself?

Chen Feng, this really calculated Sirius to the extreme!

Even the body of Sirius turned into a statue can be used.

This move angered Sirius again, but he was helpless.

Chen Feng didn't care about him at all, his eyes just stared at the fragment in the palm of his hand unblinkingly.

This is the first time in the true sense that Chen Feng has carefully examined this artifact fragment. When he was in the black tower before, he hadn't seen it clearly, and he didn't have time to look at it.

When Chen Feng looked at it, he suddenly felt as if his soul was trembling!

He trembled heavily, and his eyes instantly became dull.

At that moment, the spirit was almost sucked in by this artifact fragment.

There was an extremely dark, but very terrifying and powerful force flashing on the divine instrument.

"This breath..."

Chen Feng sighed softly and said, "This kind of breath, only when I saw Teng Snake and Yellow Bird, I felt this way!"

"This also means that the level of this artifact fragment is high, and its strength is absolutely not weaker than the two ancient alien species Teng Snake and Yellow Bird, and it remains in the wild!"

"Moreover, this is just a fragment, it is hard to imagine how powerful its body is!"

At this time, Chen Feng looked at the fragment and felt very strange.

It was clearly there, but Chen Feng felt that he couldn't see its appearance or figure out its shape.

And the next moment, a scene that shocked Chen Feng even more happened.

Right in front of him, as he watched, the artifact fragment began to change.

Its light seemed to squirm, and the next moment it turned into a drop about the size of a fist, like a drop of water.

Then suddenly there was another change, turning into a thin layer of mist.

Next, there was another change, turning into a shallow silver light.

Yes, it's just a beam of light, a simple beam of light.

Almost in the blink of an eye, he changed countless forms.

In Chen Feng's eyes, he felt that he was changing all the time.

Chen Feng shook his head, he didn't understand what it was.

However, the most urgent task now is not to understand, but to get this thing in your hands first!

Chen Feng whispered to himself: "This thing has stayed with Sirius for so long. It stands to reason that all his curse should have disappeared on Sirius!"

"But what if there are more?"

"As long as there is a little bit, I can't bear the consequences!"

Indeed, this consequence will be very serious.

If Chen Feng is infected with this curse...

Thinking about him, he shuddered.

After all, Sirius has learned a lesson from the past.

At the next moment, Chen Feng took out the golden thread kit and tried to include this artifact in the golden thread kit.

However, after feeling the breath of the golden thread kit, and feeling that Chen Feng wanted to take it in, the artifact fragment did not respond!

"Can't you take it in?"

Chen Feng actually thought of this possibility.

After all, this kind of artifact fragments should not be so easily collected.

But he didn't give up, he simply opened the mouth of the golden thread kit, and then came under the artifact fragment.

Suddenly, the suction power increased countless times.

It stands to reason that at this time, it should be able to be collected.

But at this time, it still has no results.

but. At this time, the artifact fragment finally reacted.

He turned into a ball of something like mercury and rolled it lazily.

And suddenly, in his ball, two small tentacles suddenly stretched out.

The two small tentacles protruded, about three inches high, and then the top of the tentacles actually condensed into two eyeballs.

Those two eyes, black and white, stared at Chen Feng so faintly.

At this moment, Chen Feng only felt a chill from the bottom of his heart to the sky.

He stared at the fragment of the artifact, the next moment, he shivered heavily.

Chen Feng understood it instantly!

This means that this artifact fragment has life!

It is wise!

"He actually knew what I was going to do? And, he reacted at this moment!"

"Obviously, he is venting his dissatisfaction with me at this time!"

Chen Feng's heart was shocked.

It stands to reason that there are many weapons that produce wisdom,

The Nine Dragons Aotian Sword, the Supreme Longyang Sword, and so on, were all powerful.

Even the Qi Ling was destroyed by Sirius.

However, the artifact spirit and the fragment of the artifact in front of them were completely different.

That weapon spirit is nothing more than a slightly chaotic instinctive consciousness that has been quietly born within the weapon after the weapon is old or the level is high enough.

Moreover, its consciousness and body are separate!

Even, it is impossible to control the weapon itself.

But the fragment of the artifact in front of us is a real living creature!

Weapon is consciousness, consciousness is weapon!

It can even be understood as a life evolved from a metal!

Its life characteristics do not have any gap with humans, and its IQ is not even worse, and may even be stronger than humans.

Compared with those tools, he is like a normal person compared with a piece of grass, not at the same level at all.

Seeing this scene, Chen Feng made a decisive decision and immediately put away the golden thread kit and stopped trying to include it.

After all, this artifact fragment was weird and unpredictable, and Chen Feng didn't want to provoke him.
