

Peerless 3981

[Chapter 3981: You finally came!](#)

On the stone tablet, there is a line of seal inscription.

Even though this world is dead, even though it has been weeping completely, the text is still struggling to glow with golden light.

Chen Feng was astonished: "This world is already dead, but the words on the inscription still exude golden light?"

"This means that the person who wrote these words, his power is even enough to contend with a world! It is enough to contend with the power to make a world die!"

"I'm afraid, this is a realm that can be reached by a master far beyond Jiuxing Wudi!"

Chen Feng raised his head and looked at the stone tablet intently.

On the stone tablet, those big characters floated with shallow golden light.

It was not condensed at the beginning, but seemed to feel the arrival of Chen Feng. Suddenly, there was a golden light on the stone tablet.

All the golden rays of light condensed in an instant, becoming extremely brilliant and shining thousands of miles around.

The surrounding area of thousands of miles was shrouded by a golden light.

Those big characters were actually condensed in the air into an extremely powerful and domineering sentence: *nOvElusB.Com*

The emperor's calendar is thirty-nine thousand years, and my name is Zen Master Zhenning. "

"My Daqinglian Temple, standing proudly in the world, is the world's first sect!"

"One hundred thousand sects, I am the first!"

The last two sentences were extremely overbearing, as if they had blown into Chen Feng's mind fiercely.

At this moment, those golden lights actually shot directly into Chen Feng's eyes.

For a moment, Chen Feng's eyes were in a trance.

In front of him, the light and shadow changed, as if turned into countless scenes.

This is an extremely vast and magnificent temple, layered on top of each other, and the buildings are endless, spreading thousands of miles away.

From bottom to top, there are almost hundreds of thousands of meters.

It's as magnificent and luxurious as a fairy palace, there are huge palaces everywhere, and pagodas where masters enter the cloud!

It is like a fairyland in the legend.

And in this temple, there are countless monks in red and gold robes, slowly passing by.

Before the main hall of the Great Qinglian Temple, a grand ceremony was being held.

Countless monks gathered there, muttering devoutly!

And above the sky, there are diversified visions, there was a woman who scattered flowers that day, and a golden lotus appeared.

This is an extremely grand scene, which seems to tell the glory of a temple in the past.

Only in the end, there was a sudden sigh.

With this sighing voice, looking at Chen Feng, he slowly said a word: "You, finally come!"

"You finally came!"

This sentence caused Chen Feng to wake up abruptly, and his whole body was shivering!

With this huge sigh, the scene in front of Chen Feng disappeared without a trace, turning into illusion.

Chen Feng suddenly opened his eyes, with a trace of confusion in his eyes.

At this moment, in front of him, all the golden light disappeared.

Then, the stele was rapidly aging, then collapsed, and disappeared directly.

At this time, that sigh finally disappeared in Chen Feng's ear.

Chen Feng sighed slightly, his eyes gradually becoming clearer and thoughtful.

He looked at the collapsed stone tablet and whispered, "Are you waiting for me?"

"What is the connection between you and me, secretly?"

This is called Daqinglian Temple!

The ninth host here is Zen Master Zhenning.

"It turns out that what I saw all the way just now was how this Great Qinglian Temple rose from the wild jungle, where the monsters were overgrown, and became the world's largest jungle!"

Chen Feng looked back, and behind him, the eight stone monuments still stood proudly, one taller than the other, and one stronger than the other.

If you could see the traces of this Daqinglian Temple becoming stronger step by step.

However, when he looked forward, he found that there were no traces of stone monuments. After the peak, it would naturally begin to turn from prosperity to decline.

At this time, Chen Feng did not move forward.

There was a strange color in his eyes, and he whispered softly: "There is such a big noise here, presumably, you should be here too?"

It turned out that if Chen Feng wanted to stop such a big movement just now, he could still have a little bit of strength to stop it.

But he didn't care.

Because he now needs to find others...

Then, Chen Feng's figure flashed and disappeared.

His shadow ghost steps and concealment techniques are also extremely powerful, as if hiding in another space,

So, no matter how clever the people in this space are, it is difficult to get him out.

Sure enough, as expected by Chen Feng, after more than a dozen breaths, two figures came quickly from a distance, and a scream appeared here.

Both of them wore black clothes, and on their black clothes was an extremely brilliant city embroidered.

The city floats in the air, and there are countless floating mountains around it. This is exactly the costume of the people in the city of Chaoge, the city lord's mansion.

After the two arrived, they looked around immediately.

However, at this moment, Chen Feng was hiding in the shadow of an inconspicuous tree in the nearby woods, and had not shown his figure at all.

The two ran directly two meters away from Chen Feng's side, and they didn't find it.

They couldn't find it at all.

The two searched for a full cup of tea, but they did not find any traces. The scene fell into a dead silence, and the two seemed to be thinking about what to do.

One of the voices suddenly spoke, with an indescribable coldness in it:

"Today, at this time, here, nothing happened!"

"This stone tablet broke down by itself because it took too long!"

"do you understand?"

As soon as he spoke, Chen Feng heard it.

This person is exactly the deputy city lord, Luan Feiluan.

The voice of the person who came with him was horrified.

He didn't understand at first: "Vice City Lord, what do you mean?"

"What do you mean?"

Luan Feiluan said coldly: "This situation is happening here, but you and I can't tell why."

"If the Lord of the City blames it, who can bear the blame?"

"and so!"

He gritted his teeth and said word by word: "Nothing happened here, do you understand?"

The voice quickly panicked: "Yes, yes, I understand, I understand."

After all, the two looked around again, without gaining anything, and left in angrily.

At this moment, Chen Feng looked at their backs with a smile on his lips.

"It seems that Luan Feiluan should be responsible for this area."

"And for fear of being blamed by the city lord, he simply hid the news from him, which is a good thing!"

Chen Feng followed them behind.

The reason why Chen Feng brought them over was to be able to track them down and find the core.

[Chapter 3982: Is it the supreme treasure?](#)

It's just that Chen Feng, walking in it, feels uncomfortable that he can't tell.

It's not just rejection, there is also another emotion!

"I know, I know!"

Chen Feng suddenly slapped his hands and shouted: "I know what this emotion is!"

He looked around and slowly said: "This is, looking down, and, crushed!"

"Yes, yes!"

Chen Feng clapped his hands and said: "I just look down and crush! I finally found this emotion!"

Chen Feng finally felt it.

Every plant, a tree, a stone, a stele, and even a sculpture here all reveal a strong sense of superiority.

And the feeling of crushing him!

This feeling is too uncomfortable.

This kind of crushing is not the crushing between people, the crushing between individuals!

Instead!

A thought lingered in Chen Feng's heart. He roughly guessed, but he couldn't explain it clearly. When he didn't understand it, he couldn't make it clear.

"Could it be that....."

Suddenly, a bright light flashed in Chen Feng's mind!

"I see, this is the crush between the world, this is the crush of the world on the world!"

Chen Feng roared loudly!

His long suppressed emotions finally broke out!

"This sect, everything here comes from a world with a higher level, far higher than the Dragon Vein Continent!"

"The warriors, monsters, power levels, martial arts, and even the plants and trees there are far better than those on the Dragon Vein Continent, and they are better in every respect!"

"No wonder I have this feeling of being completely crushed, crushed in all aspects!"

"So it seems..."

Chen Feng shuddered suddenly, and suddenly realized: "I'm afraid, the level of this Great Qinglian Temple is so high, and the strength of the strong inside is far beyond my imagination!"

"These hosts, I'm afraid it is not as simple as surpassing the peak of Nine-Star Martial Emperor, I am afraid that they have surpassed the peak of Nine-Star Martial Emperor, a few or even a dozen great realms!"

Chen Feng even felt that he could no longer understand their strength.

"Especially that Zen Master Zhenning, how terrible is it?"

"Smash the stars with one hand?"

Chen Feng shook his head, put some of his thoughts behind him, and moved on.

Soon, he came under a giant peak.

Above the giant peak, there are countless vast palaces, just like the upper palace that day.

It was exactly the same as the illusory scene Chen Feng had just seen.

However, the big difference from the dream is that this place is completely dilapidated.

At first glance, I just felt it was a dead place.

Before that giant peak, above a huge mountain gate, the four characters Daqinglian Temple were engraved impressively!

"Daqinglian Temple, here it is!"

Chen Feng quietly touched in from the side.

Inside, there are layers of buildings everywhere.

Therefore, Chen Feng is not afraid of being discovered at all.

Passing through one hall after another, he went straight to the direction of the main hall of the Great Qinglian Temple.

The core secret could only be in the main hall of Daqinglian Temple.

However, the scope here is too big and outrageous.

It took Chen Feng three hours to finally arrive at a rather small courtyard.

This yard is only forty to fifty meters in circumference, and two huge trees are planted in the middle of the yard.

When Chen Feng came to the west wing, he saw that there was a stove and a big tank inside.

There is still a thick layer of ash on the stovetop, it was originally the kitchen when I wanted to come here.

Chen Feng thought about it and turned around carefully.

Then, he showed an expression that was unexpected, and said softly: "Sure enough, as I expected!"

It turned out that Chen Feng turned around and found that there was still half of the tank in the big tank that had turned into black water, half of the wood filled in the stove had been burned, and the other half had not been burned.

There is even this pot of uncooked ling rice in this tank.

However, the person is gone.

There is no one, no one alive.

But everything here is neatly arranged.

Directly, this is not only the case here, the scenes Chen Feng saw are all this way.

Very weird, very weird.

There is no living person here, and there is no corpse, everything is very neat.

Whether it is the Weapon Classics or the pots and pans in the kitchen, it seems that they are also living a normal life.

It's just that suddenly something happened that made them evacuate quickly.

However, they didn't think they couldn't come back, but when they evacuated, they put everything in their usual appearance.

It seems that they will come back after dozens of breaths.

"What exactly happened here?"

Chen Feng was full of puzzles.

However, he did not have time to think about this issue.

When Chen Feng came out of the West Wing, into the small alley between the West Wing and the main room, came to the wall in front of him, and quietly looked out, he trembled!

It turns out that there is a huge square outside the wall!

The square is a hundred miles around!

At the end of the square, there is a majestic and unspeakable huge palace.

In the entire Daqinglian Temple, there is only one palace that can have such a scale!

The main hall of Daqinglian Temple!

However, as soon as Chen Feng saw the main hall of the Great Qinglian Temple, suddenly, his chest was hot.

The scorching heat, even Chen Feng couldn't bear it.

He almost couldn't help but exhale in pain!

Chen Feng gritted his teeth quickly and swallowed the pain abruptly!

He took two steps back quickly.

Then, Chen Feng saw that there was an object floating out of his chest.

After Chen Feng watched it, his heart jumped fiercely, shocked.

It turned out that the sapphire bodhi branch that floated out of his arms at this time!

At this time, the sapphire bodhi branch slowly floated out, and a cloud of emerald green brilliance enveloped him.

The sapphire bodhi branch trembled rapidly, and Chen Feng could feel a breath of joy from it.

And it's ecstasy!

It was trembling rapidly and spinning there, as if looking for something.

Finally, the green jade bodhi branch trembled heavily, and then it was fixed and hung in front of Chen Feng.

And the direction it points is surprisingly the direction of the main hall of the Great Qinglian Temple!

Chen Feng felt the ultimate joy and closeness from the green jade bodhi branches.

It was an emotion that seemed to have found an old friend.

Chen Feng was shocked first, and then filled with ecstasy!

A voice in his heart screamed frantically: "Could it be that the treasure is in the main hall of Daqinglian Temple?"

"Could it be that this supreme treasure turned out to be it?"

"Yes, yes! It must be!"

Chen Feng confirmed his guess almost instantly!

[Chapter 3983: Relics!](#)

"What kind of treasure can enable me to cross the realm of Emperor Wudi of Nine Stars?"

"What kind of treasure can get me out of the fetters of this dragon vein continent?"

"What kind of treasure can have such a terrifying power?"

"It must be it, it must be that treasure!"

Chen Feng was ecstatic because he knew that the appearance of this sapphire bodhi branch meant that the supreme treasure that could crush the entire Dragon Vein Continent would also appear!

For other treasures, the green jade bodhi branch does not care at all.

Only that treasure!

However, Chen Feng quickly suppressed this emotion.

Such emotional fluctuations are easy to be perceived by people.

He quickly pushed the sapphire bodhi branch back to his chest, and then took two steps back, sitting cross-legged, suppressing his emotions.

For a moment, he suppressed his emotions and restored the calmness of the autumn water before he looked out.

At this time, outside the main hall of the Daqinglian Temple, there were more than a dozen figures standing, exuding a frightening atmosphere.

Chen Feng didn't even dare to look there, or stare at those people.

Because he knew that reaching the level of Five-Star Martial Emperor, Six-Star Martial Emperor, he felt in his heart.

If you stare at them yourself, it's hard to guarantee that it won't cause abnormalities in their hearts.

Then, Chen Feng saw again the golden brilliance surrounding the main hall of the Great Qinglian Temple.

In this golden yellow, there are bursts of red light.

That yellow is golden, and that red is true red!

The two blended together, just like the red and yellow robes worn by these eminent monks and majestic powers, revealing an indescribable meaning of vastness.

From time to time, a huge magic talisman appeared on the mask.

The mask gives a sense of indestructibility.

Chen Feng nodded slowly: "I want to come, this mask should be the last seal here."

"And the reason why they can't get in is just waiting!"

"Now, there is still one day, and the seal will be released after one day!"

"I will wait at ease!"

Chen Feng returned slowly, sat cross-legged, and began to adjust his mentality.

In the process of coming all the way, Chen Feng's strength did not lose much, and the battle with Tu Zhengqing was only a slight injury, and he had already recovered.

When he came along this way, the greater loss was psychological.

Exhausted and dreadful, nothing more than that.

Chen Feng needs time to recover.

One day is enough.

In a blink of an eye, a day passed by.

Soon, in the early morning of the third day, Chen Feng suddenly opened his eyes, if there was thunder and lightning in his eyes!

In the depths of this place, there should have been no sun to see, but somehow, above the sky, a huge light burst out suddenly, bright and hot!

Like the sun, the golden brilliance is shed.

However, Chen Feng's expression changed, because he saw that where is the sun, it was a huge gem!

Under the jewel, two huge masks were revealed.

One of the larger light masks enveloped the entire star fragments.

And the other smaller light mask covered the main hall of the Great Qinglian Temple.

The brilliance of this gem is bright, becoming more and more blazing, and finally reached an extreme.

After the light radiated, the shape of the orb itself was also revealed.

Chen Feng saw, where is this gem?

This turned out to be a relic!

At this time, although the light of the relic had dimmed, it didn't feel like a decline, but it seemed to have all the light in it!

Although restrained, the power of that breath is extremely terrifying!

When Chen Feng saw this relic, the surface was rugged and uneven, but it was as if all the water and mountains were included in it.

Take a look, as if you are facing a world!

"One sand, one world!"

Chen Feng secretly said in his heart: "This thing can give me a sand and a world, and the feeling of accepting mustard seeds is definitely a treasure!"

At this time, on the square, the people in Chaoge Tianzi City all shouted, with unstoppable excitement and greed in their voices!

"The relic, that is definitely one, the relic left by the super strong in this extraterritorial sect!"

"The master of this relic, I am afraid that his strength in his lifetime will far surpass the nine-star Wudi, extremely terrifying!"

Even this time. In some hidden places around the square, there are shouts of exclamation, one after another.

After hearing these exclamations, the long-haired middle-aged man standing in front of the steps of the main hall of Daqinglian Temple suddenly let out a cold reprimand:

"Go back to Laozi!"

It turned out that this long-haired middle-aged man was the lord of Chaoge Emperor City: Zhao Haochu!

And those who made the exclamation were the secret whistles he arranged around the square.

As a result, I didn't expect that these secret whistles did not contain the shock in my heart, but also came out.

Chen Feng sneered at the corner of his mouth at this time: "Sure enough, I guessed it."

He secretly recalled the voice just now, then slowly nodded.

"Around the square, there are at least five secret guards distributed in different places!"

"However, I am in the middle of two secret whistles!"

"The closest secret whistle to me is also twenty miles away!"

It turned out that Chen Feng's stay here these days was not because he didn't do nothing, but the people who left Chaoge Tianzi City here were carefully inquiring into it.

In front of the main hall of the Daqinglian Temple, plus the city lord Zhao Haochu of the Emperor Chaoge and the city lord Luan Feiluan, there were only 14 people in total.

Chen Feng felt wrong at the time: "This number is too small!"

Sure enough, five more secret whistles were discovered today.

"Here, there are 19 people in total. It seems that they have come here for thirty or forty people."

"Except for those killed in battle, the remaining sixteen, such as Tu Zhengqing, were all assigned to guard the gate."

"There are only nineteen people here!"

Chen Feng whispered softly: "In this case, I am a little bit more sure of escape."

Compared to the opponent's strength, Chen Feng now cares more about the opponent's number.

Because of them, the five-star Wudi is the weakest.

As long as Chen Feng was stopped by any one of them, his escape plan would be greatly frustrated.

It doesn't matter if the opponent's strength is high now, as long as there are few manpower, Chen Feng will have the advantage.

Because for Chen Feng, as long as he uses Yin-Yang Ghost Steps, it doesn't make much difference whether the opponent is a five-star Wudi or a six-star Wudi.

Chen Feng glanced at Zhao Haochu, and then quickly retracted his gaze.

Zhao Haochu is a powerful six-star martial emperor. Chen Feng knew that if he looked at him twice, he would definitely find him!

[Chapter 3984: The hall is open!](#)

Zhao Haochu was tall and dressed in an extremely simple linen robe.

He didn't even wear shoes on his feet, and he fell barefoot.

On the other hand, a piece of black appeared on his feet, not the kind of poisoned black, but a hard color like black iron.

He had a face, and the burnt yellow was filled with a black color like the bottom of a pot.

The hair on his head was also withered, like weeds.

It feels like there is no life!

It doesn't look like a person, but more like a zombie.

However, no one dares to underestimate him!

Because he is Zhao Haochu!

Lord of Chaoge Emperor City!

One of the nine major powers, the strength is not inferior, and even surpasses Xuanyuan Zixi!

At this time, the relic had fallen down at a very fast speed, faster and faster, and the momentum was getting bigger and bigger.

The surrounding area even began to be covered with a thick white tail flame, drawing an arc in the sky.

It feels like falling stars!

Then, with a bang, it slammed on the light shield outside the main hall of the Great Qinglian Temple!

The next moment, there was a loud noise in Karala, and countless cracks appeared directly in the mask.

Zhao Haochu and the others, everything changed!

Before Chen Feng came to this mask, they had attacked countless times.

He even attacked with the power of dozens of people, but there was no effect at all, and the mask did not move.

They are very frustrated.

But at this time, this relic's blow was to directly shatter the mask!

This shows how ambitious its power is.

Zhao Haochu's eyes showed extreme greed.

But soon, his greedy color turned into a touch of shock and regret.

It turned out that as the relic slammed on the mask, a crack appeared on the surface of the relic.

Then, the relic hit the light mask for the second time.

The mask was about to turn into countless pieces, and at the same time, countless cracks appeared on the relic.

After the third impact, with a loud bang, there were thousands of golden rays of light bursting brightly!

For an instant, everyone was in a trance.

At the same time, the mask broke directly.

The main hall of the Great Qinglian Temple was already exposed in front of everyone.

Zhao Haochu and others are extremely excited!

Zhao Haochu shouted loudly: "Get in for Lao Tzu!"

"The ultimate secret is inside!"

His voice trembled a little, raised his hands, and roared with a trembling voice: "I am going to the main mansion of Ge Tianzi City, waiting for ten thousand years, planning for a thousand years!"

"I, Zhao Haochu, spent a whole lifetime, and finally found the ultimate treasure, right there!"

Everyone in Chaoge Tianzi City shouted in excitement!

This can't help but they are not excited!

For this thing, they have suffered a lot in the past few months, and many more people have died for it!

In fact, Chen Feng's estimate is still different.

The number of them who came was nearly sixty.

Now, there are only more than 30 people left.

This means that nearly half of them died in this mountain of sorghum!

How tragic is this?

Everyone in Chaoge Tianzi City was extremely excited, and at the beginning, the relic that they were extremely concerned about was also broken at the same time when the light shield was broken.

Therefore, they did not care about the relic.

Therefore, only Chen Feng, who was watching from a distance, noticed:

After the relic was broken, it did not turn into ashes.

A small gray light flashed across it, and then, it fell before the steps of the main hall of the Great Qinglian Temple.

However, this voice was very subtle, completely shrouded by the shattering sound of the light cover.

Therefore, no one in Chaoze Tianzi City noticed it!

Only Chen Feng's eyes flashed.

At this time, the main hall of the Great Qinglian Temple was completely exposed in front of everyone, more clearly than what was seen just now.

Chen Feng only felt that a huge and incomparable, as if from the ancient prehistoric, wrapped in another world, the breath of another star, rushing toward his face fiercely, and he almost couldn't breathe!

At this time, after the mask was broken, the main hall of Daqinglian Temple looked even more majestic and majestic, extremely tall!

The main hall of Daqinglian Temple has only two floors, but each floor is extremely high, like a huge mountain.

On the outside of the main hall of the Great Qinglian Temple, there were marks of knives, axes, and hammers everywhere, covered with scars!

It feels like you have experienced countless wind swords and frost swords and countless battles!

There were even traces of blood that had turned reddish brown on it.

Obviously, in the process of the rise of the sect, I don't know how many battles have been experienced.

And many battles even hit the core of their main hall of the Great Qinglian Temple!

On the front of the main hall of the Daqinglian Temple, on a huge plaque, four characters are juxtaposed: Daqinglian Temple!

Daqinglian Temple!

Chen Feng sighed softly, "I have been worrying about it for so long. Now, it's finally the last moment!"

At the same time, Zhao Haochu also raised his head suddenly, and Ruofeng Shuangjian flashed across his eyes.

It seems to have experienced countless spring, summer, autumn and winter!

"Daqinglian Temple, I finally arrived!"

It seemed that he had heard his words. The next moment, under the plaque, two bronze doors suddenly opened!

Suddenly, golden light shone out from it!

This golden light is continuous and bright!

However, if you look inside, you can't see anything, just a golden light.

This is a golden ocean!

Zhao Haochu immediately turned his head to look at the two people beside him, and said sharply: "Gai Wenkang, Cheng Lianghan, you two, enter and check immediately!"

"Yes!"

Among the crowd, two people immediately responded.

Then, two people came out more and more.

Chen Feng saw that among the crowd, these two people were roughly medium in strength, about the strength of the five-star Emperor Wudi in the mid-term.

Compared to the Tu Zhengqing he defeated before, he was much stronger.

Chen Feng was thoughtful: "Zhao Hao wanted to come, he would not use too strong at the beginning, so he, and the deputy city lord, would not make a move!"

"However, Gai Wenkang and Cheng Lianghan are also their masters."

"Use them to test, it's best!"

Gai Wenkang and Cheng Lianghan were very cautious and did not enter immediately.

Gai Wenkang took out a set of heavy bronze armor and put it on himself.

Then, another huge shield appeared in his hand.

This shield is about the size of a door panel.

There are still a few bulges on the front of the shield, which obviously has a good attack power.

Cheng Lianghan put on a generous cyan robe, the robe swelled, and a wave of power came out, obviously also extraordinary.

[Chapter 3985: Horrible unknown](#)

At the same time, a wooden staff like the root of a thousand-year-old tree appeared in his hand.

On the wooden staff, a purple bead shined through and enveloped him and Gai Wenkang, forming a protective cover.

After that, the two nodded to Zhao Haochu and strode in.

In an instant, it disappeared in the golden light.

Everyone was waiting anxiously, a little uncomfortable, and they were already walking up and down the steps.

Only Zhao Haochu, his eyes calm, seemed quite calm.

He even sat down leisurely beside him.

Chen Feng was watching there too, and he wanted more information.

Everyone was quite anxious, but they didn't make them wait for long.

But after fifteen breaths, suddenly, in the golden light, there were two screams!

Everyone was shocked, and their faces were shocked!

Zhao Haochu trembled, as if instinctively wanted to stand up.

But in the end, he sat there steadily, his face unchanged.

And the next moment, suddenly there were a few loud bangs, amidst the golden light, several things were thrown out and slammed in front of the hall.

When everyone looked at it, they saw that the few things that flew out were the bronze armor, the huge shield, the robe, and the wooden staff!

In addition, there are some odds and ends!

There are some accessories and even underwear.

A thin high school senior glanced at it, and immediately exclaimed: "In this, all of Gai Wenkang and Cheng Lianghan's things, even their personal belongings have been thrown out!"

After everyone heard what he said, like falling into the ice cellar, they felt cold all over!

When he glanced at each other, his eyes were shocked.

In that shock, there was some fear.

"In other words, except for the two people, Gai Wenkang and Cheng Lianghan, who have not returned, the others have already returned!"

"And these two people are obviously already..."

They looked at each other, and they could see these four words in their eyes: There are many evils!

When Chen Feng saw this scene, he was also secretly shocked.

"What kind of terrifying power is there in this golden light?"

"Two five-star martial emperor mid-term powerhouses died in it in less than a dozen breaths after entering?"

At this time, he suddenly felt a little grateful.

Fortunately, I was chasing the people in Chaoge Tianzi City. There are many masters in Chaoge Tianzi City, and there are many lives to send.

And he has only one life!

Chen Feng thought to herself, even if he went in by himself, it would be too bad for good.

Zhao Haochu was silent for a moment, then slowly stood up.

His face was gloomy, and his gaze slowly swept across everyone's faces. Everyone bowed their heads at this time, a little afraid, not daring to look at him.

Obviously for fear of being named by him.

In the end, his gaze fixed on the two of them, and slowly said: "Luan Feiluan, you and Xi Guanyu, you two go in!"

After hearing this, most of the people were relieved, they were a little lucky that it was not themselves.

They are extremely fierce and powerful, they are also afraid at this time, afraid!

Luan Feiluan and Xi Guanyu, who were named by Zhao Hao, are the two vice-lords of Chaoge Tianzi City!

Among them, Luan Feiluan and Chen Feng have dealt with him.

Everyone looked at each other, and there was a hint of fear in their eyes, and there was an indescribable taste in this fear.

Luan Feiluan and Xi Guanyu are the vice-lords of Chaoge Tianzi City and the two best brothers of Zhao Haochu.

They are Zhao Haochu's powerful arms, and I don't know how many things have been handled for him, but now he even let these two people in! Entering this place is very likely to be dead!

This means that he has already pulled it at any cost for this!

Give everything, you must get this thing!

Luan Feiluan and Xi Guanyu stood up slowly, but they were not like others.

You know, they are all five-star martial emperor pinnacle masters, especially Luan Feiluan, almost able to step into the six-star martial emperor!

How can a strong person who can reach this level be not confident about himself?

They think that they may not be unable to do things that others cannot do!

Therefore, not only did the two of them have no fear, but their expressions were a bit passionate.

Luan Feiluan laughed even more, and said solemnly: "Brother Zhao, wait, I will get that treasure back for you!"

"it is good!"

Zhao Haochu laughed and patted the shoulders of the two again: "As expected, I am Zhao Haochu's good brother!"

Then, he took out several treasures and put them on their bodies.

Everyone saw that the eyelids jumped wildly.

They recognize these treasures. This is Zhao Haochu's most precious family background. They usually don't talk about touching them, let alone using them.

Zhao Haochu laughed and said, "As long as you can come out, this treasure will belong to both of you!"

When everyone heard it, they were immediately enthusiastic, and they even regretted why they were not selected.

Among these treasures, the weakest ones are all third-tier magic weapons!

Luan Feiluan and Xi Guanyu were also agitated and emotionally excited, and soon they finished wearing them.

Then he sacrificed his strongest magic weapon, lifted his strongest technique, and slowly stepped into the golden light!

At this moment, Zhao Haochu could not sit still, his eyes were staring at the golden light.

There is expectation in his eyes, even more unspeakable anxiety.

He has not had such an emotion in hundreds of years!

However, he is not nervous about today's affairs!

It's a big deal!

As long as the things of today are done, then his Chaoge Tianzi City City Lord's Mansion will become the head of the nine forces and suppress the entire Dragon Vein Continent!

It is even more likely that the Dragon Vein Continent has been explored for millions of years, a big secret that no one has been able to crack since!

And he will also be the first person in the Dragon Vessel Continent in history!

Thinking of this, his heart is extremely hot!

Even his hands trembled involuntarily, extremely excited.

Suddenly, he was a little afraid to look, and he was a little afraid of facing the consequences.

He was afraid that he could not bear the consequences!

This time, after Luan Feiluan and Xi Guanyu entered, there was no movement in the golden light, and everyone was meditating in their hearts.

Even they were counting, and the more time passed, the more relaxed the expressions on everyone's faces.

Because this means that Luan Feiluan and Xi Guanyu are very likely to succeed.

But when they counted the hundredth breath, suddenly a scream came out of the golden light!

Inside the scream, there was an immense panic, as if seeing something extremely terrible!

then. The screams disappeared, and everyone was so scared that they almost jumped!

Someone even shouted out: "One dead! I can hear it, this is Xi Guanyu's voice!"

Zhao Haochu's eyelids jumped wildly, his whole body trembled violently, and a deep sense of loss and fear flashed in his eyes!

Suddenly, his face was extremely hideous, his eyes were full of anger, as if how many people owed him, he let out a fierce roar:

"There is such a terrifying monster hidden in it, so that my men can't come out alive after entering, so why!"

He smashed the ground frantically. Although it was only a remnant cry at this time, it was clear that Zhao Haochu's mentality had collapsed.

At this time, everyone was also very flustered, shouting in horror there.

"It is very possible, it is possible that Luan Feiluan is still alive!"

Although reason told him it was impossible, he opened his eyes wide and stared at the depths of the golden light.

It was Luan Feiluan's voice!

Along with this scream, there was also a trembling roar: "Don't enter..."

The last word, I think it should be 'come'.

However, Luan Feiluan's voice stopped abruptly before she said it.

Everyone looked at each other.

Obviously, Luan Feiluan's strength was stronger than Xi Guanyu's, or it was possible that Xi Guanyu died in front of him, blocking something for him.

So Luan Feiluan was able to say these three words besides screaming!

They can hear what these three words mean.

The panic and fear in Luan Feiluan's voice are telling them not to enter it!

"What terrible thing is hidden in this?"

They are all guessing in their hearts, where is this just guessing?

Everyone knows that there must be extreme danger in it!

But so what?

At this time, Chen Feng, who was watching from a distance, was slightly relieved.

Luan Feiluan's death here is great news for him.

From beginning to end, Luan Feiluan was the one who knew the most about him.

Luan Feiluan knew that he was here, although he didn't know who he was, but if he told Zhao Haochu this news, then Zhao Haochu would obviously be vigilant.

There was a big obstacle to Chen Feng's plan.

He didn't tell Zhao Haochu before, and now he is dead in the main hall of the Great Qinglian Temple, so Zhao Haochu will never know the existence of Chen Feng!

At this time, Zhao Haochu was completely desperate.

He stood there blankly, and after a while, he let out a heart-piercing roar!

Zhao Hao's eyes are full of unwillingness:

"I have been waiting for tens of thousands of years!"

"I, Zhao Haochu, planned for hundreds of years!"

"We came here all the hard work, and dozens of brothers died!"

"Are you going to give up like this?"

He suddenly roared up to the sky: "I am not reconciled! I am not reconciled!"

He let out a frantic roar, and suddenly tore his robes to pieces with both hands, revealing the body inside.

That body turned out to be a blue-brown color, and on that body, there were countless magic symbols.

There is even a magic circle engraved on it, showing an aura of terror.

It doesn't feel like a human body, but rather like a tyrannical magic puppet refined.

His body gives people an extremely terrifying feeling, which contains infinite power.

Chen Feng looked at it, and even his eyelids twitched!

"This body, amidst an iron cyan color, is rolling with light like gold and bronze!"

"Every move is a bit blunt, but it has an infinite sense of power!"

Chen Feng even felt that this body, its hardness and strength, was far better than his current Diamond Immortal Body.

"I feel that the last time I broke through to the Six-Star Martial Emperor, the Diamond Immortal Body had hundreds of billions of pounds of power in one punch, it seemed to be at this level!"

"What kind of body is he? What kind of exercises?"

At this time, a flash of madness flashed in Zhao Hao's eyes: "I go! I go by myself!"

Everyone was shocked, and they spoke to each other.

Zhao Haochu sneered and said, "I won't go, let you go?"

Everyone was immediately blocked and speechless.

Zhao Haochu stared at them and smiled: "Now I am going in, you are here to wait obediently, and when I find out what's inside, you can do whatever you want!"

"do you understand?"

Everyone was awe-inspiring to obey the order and did not dare to violate the slightest.

Then, Zhao Haochu strode directly into the golden light!

Everyone was staring outside, and Chen Feng was no exception.

Moreover, speaking from the heart, Chen Feng still hopes that Zhao Haochu can gain something from it.

After all, Zhao Haochu's current strength far surpassed him. If Zhao Haochu had nothing in it and died there directly, then it would be very dangerous for Chen Feng to enter.

After Zhao Haochu entered, the time seemed particularly long.

As time passed bit by bit, everyone was afraid to speak and held their breath.

The surrounding area of the main hall of the Great Qinglian Temple instantly sank into an unspeakable silence.

Everyone is waiting for the result, and this wait seems to be extraordinarily long.

But in fact, Chen Feng was very clear, just because everyone was anxious.

After touching a cup of tea, suddenly, a roar came from the golden light.

Calm and vigorous, with a sense of sharp gold and iron, just like two pieces of metal hit!

Those masters in Chaoge Tianzi City shuddered in excitement and exclaimed: "This is the voice of Lord City Lord!"

Then, they heard an extremely strong sound of metal and iron crashing, and Zhao Haochu's crazy roar!

This roar burst, giving people an incomparable anger!

[Chapter 3987: Youhuo Bronze Corpse Dharma Body!](#)

Chen Feng even heard a sense of catharsis from inside, a hint of pleasure!

Chen Feng knew clearly: "Presumably at this time, Zhao Haochu had already killed Luan Feiluan, Xi Guanyu, and others in the golden light before he hit the culprit, and fought with him!"

"That's why he has such emotions!"

"He hates the culprit already!"

Zhao Haochu's roar did not last for a while, but suddenly turned into a muffled hum.

It was full of endless pain, which seemed to bring him extreme pain.

Everyone was shocked at once, shouting: "My Lord City Lord!"

"It seems that Lord City Lord is injured. Is the existence inside so terrifying? Even Lord City Lord is not his opponent?"

At that moment, they heard the endless beating sound.

It's extremely dense, but every blow is very violent, giving people a very strong feeling!

It's like Huang Zhongda Lu hitting again and again!

The voice sounded, followed by Zhao Haochu's low roars.

Obviously, he was being beaten frantically now.

Then, everyone heard the sound of being smashed to the ground. Obviously, the only person who was smashed to the ground was Zhao Haochu!

Everyone had a cold heart.

There are even some masters of Tianzi City with a little lower strength, looking around, looking for a way out.

They feel that Zhao Haochu is not an opponent!

And at this moment, suddenly, in that golden light, there were wisps of cyan light.

At the same time, a roar came out of the golden light!

This roaring statement is extremely big, extremely fierce and domineering, but it also reveals a gloomy spirit.

Then, strands of blue aura came out from the golden light, and every strand of blue aura escaped into the air, turning into countless ghosts and evil spirits!

I saw countless ghosts floating above the sky, making waves of miserable ghost calls.

Chen Feng felt that the surrounding air seemed to be a lot colder all of a sudden, making people feel an uncomfortable chill from the bottom of their hearts.

He was surprised secretly in his heart: "Obviously, Zhao Haochu used his trump card. What kind of exercise did Zhao Haochu practice? How could it be so eerie and weird?"

The next moment, the main hall of the Great Qinglian Temple seemed to tremble for it!

Everyone felt that the ground was shaking.

It is as if there is a huge existence, trampling on the ground crazily!

At this time, some Chaoge Tianzicheng masters, knowing some of Zhao Haochu's secrets, shouted in excitement!

They shouted one after another: "Master City Lord has used his Netherfire Bronze Corpse Dharma body! Lord City Lord has used his Netherfire Bronze Corpse Dharma body!"

"Haha, this will be the Netherfire Bronze Corpse Dharma Body. It will be Lord Lord's trump card, and it will also be one of Lord Lord's strongest offensives!"

"After using the Netherfire Bronze Corpse Law Body, his strength has already surpassed Qixing Wudi! The monster inside is definitely not his opponent!"

"That's right, the Netherfire Bronze Corpse Law Body, since Lord City Lord practiced it, only fifteen years ago, when facing a powerful enemy, he only used it once!"

The person next to him said excitedly: "I will never forget that scene!"

"At the beginning, the powerful enemy had a hard time fighting with Lord City Lord before Lord City Lord used the Netherfire Bronze Corpse Law Body."

"As a result, as soon as the Lord of the City used the Netherfire Bronze Corpse Dharma Body, he directly photographed him as a fan!"

"Yes, the Lord of the City who uses the Netherfire Bronze Corpse Dharma body and the Lord of the City Lord who does not use the Netherfire Bronze Corpse Dharma body are completely two realms!"

"Haha, this is a huge increase in the winning side of Lord City Lord!"

Everyone shouted excitedly there.

After Chen Feng listened, his eyelids jumped wildly, and a touch of horror appeared in his eyes.

He took a deep breath before suppressing the emotion in his heart.

"It turns out that Zhao Haochu's trump card is actually called Youhuo Bronze Corpse Dharma Body!"

"Furthermore, this Youhuo Bronze Corpse Law Body is so powerful, after using it, he can reach the Seven Star Martial Emperor!"

"too frightening!"

At this time, Chen Feng couldn't help but feel lucky.

"Fortunately, I didn't fight with them as soon as I came, but watched the changes by the side."

"If not, his seven-star martial emperor's strength is much stronger than Xuanyuan Zixi, and I definitely cannot be his opponent!"

Qixing Wudi!

These four words smashed into Chen Feng's heart fiercely.

Chen Feng sighed secretly: "I didn't expect that the city lord of Chaoge Tianzi City could hide so deeply. He has always been not well-known among the sect masters of the nine powers, but he did not expect to have this trump card."

"Among the nine major powers, I'm afraid I can rank in the top two and three."

After using the Youhuo Bronze Corpse Dharma Body, Zhao Haochu's roar has changed.

Becomes more rigid, mechanical, unlike living things.

However, it is even greater.

Suddenly, a painful and sharp hiss rang.

The hissing sound was like the roar of a beast, and it was also like the song of a giant bird.

But in any case, they can hear clearly, this is definitely not the sound Zhao Haochu can make!

Since it's not what Zhao Haochu can make, it must be...

Everyone cheered: "Has the existence in it been injured by Lord City Lord?"

"I heard this voice with a hint of pain, he must have been injured!"

"Able to force this thing to get hurt! Lord City Lord is really amazing!"

Everyone is excited.

This painful roar brought great significance to everyone.

Before even several masters entered it, they were all dead and altogether, and everyone didn't even know what was inside.

This kind of unknown is the most daunting.

And now, this painful roar made everyone guess a little bit in their hearts, at least they were calm in their hearts.

At least this is no longer desperate!

Then, the screaming screams continued to come.

Obviously, Zhao Haochu, who had already passively used the Netherfire Bronze Corpse Dharma body, was defeated by that miserable existence.

At the same time, the golden light also began to shake, began to weaken, and began to loosen.

Everyone is even more excited.

And after almost dozens of breathing times, with an extremely short and miserable sharp howl, the golden light suddenly slammed and dissipated directly!

In the next moment, everyone was extremely excited and looked towards the door.

Chen Feng naturally did the same. They all couldn't wait to know what was going on in the main hall of the Great Qinglian Temple.

In the next moment, Chen Feng saw the darkness in the main hall of the Great Qinglian Temple.

[Chapter 3988: Light as a bean!](#)

It gives people an extremely empty and vast feeling.

The next moment, a light suddenly lit up in front of everyone.

Then, there was only one thing left in front of everyone, which turned out to be: a lamp!

That's right, it's just a lamp!

In the main hall of Daqinglian Temple, the only thing they could see, and the only thing they could notice, turned out to be a lamp!

The lamp is placed on a very simple table, which does not seem to be surprising.

The height of the lamp is about one foot.

The shape is peculiar, and the lamp is shaped like a lotus, and the whole body is shiny, just like a red sun.

This lamp makes people feel very mysterious.

Obviously, it feels very obscure, and a blue light is silent, but if you look closely, you will feel that it is shining and you can't look at it!

At this time, among the lamps, a light flashed like a bean.

Obviously it is just like a bean, with a very small light, but it gives people the feeling that it is extremely vast!

Extremely pure!

Extremely masculine!

After Chen Feng looked at it, he was in a trance!

He felt that the light seemed to be able to illuminate a world!

A scene suddenly appeared before his eyes:

This is an extremely dark, pitch-black area.

There are twisted jungles everywhere, demons dance wildly, and ghosts run rampant!

The human race here is ignorant, there is no civilization, the martial art has not risen at all, and it is still in a wild state.

Here is a dark jungle!

And at this moment, there was suddenly a light like a bean, extremely faint, but extremely stubborn, and it began to light up!

Then, start to illuminate this jungle!

Light up this area, light up this star, light up this world!

Even illuminate the world!

Dispelled everything, brought civilization, brought prosperous martial arts, and brought great prosperity to the human race!

Brought, the rise of the human race!

At this moment, Chen Feng shuddered all over!

He shivered violently, his whole body was covered with goose bumps, and his heart was full of excitement:

"This, this, this is not like a lamp!"

"This is a bright flame that symbolizes the hope of that world!"

At this moment, Chen Feng realized that this little light like a bean, this blue light is absolutely terrifying and mysterious!

Even, it can be said to be the treasure of supreme power!

Because there is even a trace of law and aspiration in it!

Yes!

law!

Willing force!

Chen Feng didn't understand why these two words suddenly appeared in his mind, but that's how it appeared!

Profound inexplicable!

At the same time, he realized the horror of this blue light!

At the next moment, Chen Feng was in a trance and saw reality again!

At this time, in his eyes, after that bean-like light, he saw some pictures.

He saw that behind that blue lamp, there was a huge Buddha statue!

Shadow and shadow.

That Buddha statue, if it can suppress the entire world!

It's like a finger can crush a star!

In this scene, the people in Chaoge Tianzi City did not see, their limit, they can only see a little light that is as big as a bean!

Only Chen Feng could see the Buddha statue behind the light!

At the same time, he sighed. It also sounded quietly.

However, it only rang in Chen Feng's mind, and no one heard it.

But in Chen Feng's arms, the sapphire bodhi branch became even more hot!

In the lotus lamp in full bloom, there was an inexplicable fragrance floating out.

The scent is obviously the scent of lamp oil, but compared with the lamp oil of the Dragon Vessel Mainland, after the lamp oil is smelled, it really feels unspeakably comfortable and refreshing.

Chen Feng smelled it, and he only felt comfortable all over his body, an unspeakable joy and peace in his heart.

Even he felt that the speed of power growth was getting faster!

Chen Feng was horrified: "The main hall of the Daqinglian Temple is huge. I am on the edge of this square again. The distance between me and the lamp is at least hundreds of miles away."

"But, so far away, can I feel this way even after a scent?"

Not only him, but the master of Chaoge Tianzi City at the door saw this scene and smelled the fragrance.

Suddenly, the killing color on everyone's faces even faded a lot, and each one became unspeakably calm and comfortable.

But then, a huge roar brought them back to reality!

Everyone suddenly realized that at the moment after the golden light at the entrance of the main hall of Daqinglian Temple dissipated, they were all attracted by the blue light in front of the Buddha!

As a result, they even ignored Zhao Haochu and...

And, a monster fighting him fiercely!

Yes, it can only be described as a monster.

They finally saw clearly that the culprit who killed Luan Feiluan and others finally saw the existence of this fierce battle with Zhao Haochu!

how to say?

If Chen Feng were to describe it, he could only say that this seemed to be a huge golden retriever mouse magnified countless times!

Yes, that's right.

He confirmed again, this is a mouse!

That's right, it turns out that at this time, before the ancient Buddha of the blue lantern, the one who wrestled with Zhao Haochu there was a huge golden mouse!

This huge golden retriever mouse is about three meters in length.

The whole body is round, and there is a thick layer of golden fur all over the body.

And on his golden fur. There are **** of golden light scrolling.

It gives people the feeling of being thick and round, and it seems that life is extremely moist.

And the aura revealed in him is extremely terrifying!

That tyrannical demon gas formed a black cloud around it, and the cloud was still mixed with a little gold.

Even Chen Feng was so far away that he was a little breathless!

He was horrified: "This huge golden mouse, its strength, at least has reached the five-star monster emperor, comparable to the level of the six-star Wudi!"

The golden retriever mouse was more than three meters long. Of course, it was much larger than the average mouse, but it was still weaker than the monster king and monster emperor, and the huge existence that was thousands of meters away.

However, his aura is more powerful than those huge mountain-like monster emperors, I don't know how many times!

Moreover, Chen Feng clearly saw that above his body, there was a huge flash of demon shadow.

That huge monster shadow is a golden mouse magnified countless times!

The golden-haired mouse looks extremely vicious, with sharp fangs and extremely sharp claws.

And its eyes are even more red, and the evil spirit is transpiring!

Then, Chen Feng's attention shifted to Zhao Haochu.

Zhao Haochu who had already used the Netherfire Bronze Corpse Dharma Body!

Chen Feng sighed softly.

[Chapter 3989: The change of the golden rat!](#)

Dharmakaya, he also had it that day.

It was just a coincidence that I had it, and I never entered that mysterious state again!

Moreover, his dharma body can only be said to be a simulated dharma body. The power of the dharma body that was forcibly simulated in that realm at that time was far from the real dharma body!

"and so....."

His eyes are piercing: "If I can observe the battle of this Dharmakaya with my own eyes, then it will be of great help to my true concentration of the Dharmakaya!"

At this moment, Chen Feng also saw clearly that Zhao Haochu's quiet fire bronze corpse body was not so tall.

The whole body is about six meters high.

But Chen Feng didn't see his physical body, so Chen Feng knew that at this moment, his law body was actually his physical body.

The two have merged.

His body had already turned into a black and blue color at this time.

But it was not the metal texture, but made people feel plain that his body was flesh at this time.

This blue-black one is a body of flesh and blood!

However, this flesh and blood is countless times harder than even harder metal!

On top of his blue-black body, countless formations and runes appeared.

These formation runes almost covered his whole body.

All over the body, at a glance, I'm afraid there are hundreds of thousands of formation runes.

At this time, in these formation runes, there are countless rays of light circulating continuously.

These lights are obscure and gloomy, but they have an infinite sense of power.

At this time, Zhao Haochu's appearance was the same as before, except that his long hair was completely blown up.

His eyes became dark, it was full of lifelessness, without any vitality!

His movements have also become very mechanical, punching and kicking, it doesn't feel like a human being, but like a golem.

However, every punch and every kick carries unparalleled strength!

When Chen Feng looked over, Zhao Haochu grabbed the golden retriever mouse by the neck with one hand, and hit its head with another punch!

The head of the directly hit Golden Retriever mouse was slammed to the side!

Chen Feng clearly heard it, and there was a crackling sound!

It's as if there was a bone in this golden mouse that was directly broken!

Chen Feng could see clearly that the golden retriever mouse's extremely hard fur and muscles looked like a decoration, which turned out to be like running water.

Obviously it was because Zhao Haochu's punch was too domineering, so that the extremely hard fur muscles were beaten into a water-like form in an instant!

The Golden Retriever Mouse let out a stern scream, but he twisted and broke free from his big hand.

Take a few steps back and squat on the ground.

Those red eyes that flickered fiercely stared at Zhao Haochu.

Zhao Hao's eyes were indifferent.

However, with his punch after punch, the entire Daqinglian Temple main hall seemed to tremble.

In fact, not only the main hall of Daqinglian Temple, the entire square seems to be shaking!

And hundreds of miles away, Chen Feng felt that his body was pushed out, and he could hardly bear to retreat!

Chen Feng was shocked: "The power of this punch is at least hundreds of billions of catties!"

He couldn't help sighing in his heart: "Is this the real power of the Dharmakaya?"

"His Law Body possesses the strength of the Seven-Star Martial Emperor!"

"Even the original Xuanyuan Zixi, I'm afraid he will smash it with one punch!"

The golden-haired giant mouse was smashed so that his mouth was crooked, his blood spurted wildly, and countless wounds bloomed on his body.

And this golden-haired giant mouse also used that sharp teeth and claws to tear his body fiercely, breaking one wound after another on his body.

Chen Feng couldn't help but his eyelids jump wildly, and he suddenly felt that this scene was very familiar.

He seemed to have seen it a few months ago.

"A few months ago, didn't Xuanyuan Zixi and I fought like this?"

"Two six-star Wudi level powerhouses, hug each other and beat them wildly!"

Chen Feng quickly recognized the facts:

I'm afraid that his Donkey Kong Arhat is immortal and needs to be trained to the third level to compete with Zhao Haochu!

Chen Feng watched Zhao Haochu fight with the big golden mouse and rolled into a ball.

He punched and punched the golden-haired giant rat fiercely.

As for the giant golden mouse, two sharp claws slashed across Zhao Haochu's body, even splashing a burst of fire.

It can be seen that its sharp claws and Zhao Haochu's body are so hard.

On Zhao Haochu's body, ten deep wounds also appeared, and the flesh and skin were rolled.

However, no blood oozes out of it.

Then, on his body, countless cyan formation runes, light circulated.

The ten wounds immediately disappeared without a trace.

Soon, Chen Feng could see it.

Obviously, Zhao Haochu had the upper hand.

His offensive, his defense, his resilience, completely crushed this golden mouse!

Not only Chen Feng, but other people also saw clearly, the masters of Chaoge Tianzi City applauded and cheered loudly for their city lord!

With another heavy loud noise, the golden retriever mouse was directly beaten out.

The next moment, before it fell to the ground, Zhao Haochu's figure suddenly flashed, and he came to it.

Then, grabbed its head and tail and pulled it fiercely!

The golden retriever rat made a sharp squeaking sound, but obviously, its body was also extremely powerful.

But even so, countless wounds suddenly appeared on his body.

The golden mouse made an unprecedented squeak, but its eyes suddenly turned into a violent golden.

As if endless rage was brewing in it!

In the next moment, his body was like running water, dragged out of Zhao Haochu's control.

Then, it took two steps back, and its aura rose wildly.

Zhao Haochu felt tight and stared at him closely.

Everyone also picked up their hearts, wondering what changes this golden mouse would have.

At this moment, suddenly, this huge golden mouse let out a stern roar, and people stood up!

Its huge body suddenly revealed a huge shadow, directly covering Zhao Haochu in it.

Then, his body started to swell up, just like blowing a balloon!

Originally, although it was huge, it was only relative to the size of a normal person. In fact, it was about three meters in size.

But soon, it became five meters, ten meters, and thirty meters!

In the end, it was about a hundred meters huge, and it began to grow wildly like a balloon.

Seeing this scene, everyone was shocked, even Zhao Haochu stopped the offensive and stood there, not knowing what it was doing!

[Chapter 3990: Great demon form!](#)

The next moment, the golden retriever mouse's body suddenly burst open, torn apart.

Everyone was stunned: "What's the matter? Is this golden mouse blew up in anger?"

"Is he going to commit suicide?"

But the next moment, they knew they were wrong.

It turned out that as the smoke cleared, there were no golden mice in the same place, only one giant golden armor stood there!

This big blond man is a burly figure, three meters tall, and his muscles are very knotted!

A tight-fitting golden leather armor with a spear in his hand!

However, if you look closely, you will find that the leather armor is clearly made from the fur on his body!

And the ten-meter-long spear in his hand was a wretched white piece, exactly the whiteness of bones!

It was actually his two sharp fangs and his claws!

Chen Feng was shocked: "Into a human form! This five-star monster emperor level monster turned into a human form?"

At this time, this big demon directly transformed into shape!

You know, on the Dragon Vein Continent, it is extremely difficult for the monster beast to transform into shape.

Only some monster beasts with ancient bloodlines that are extremely rare are eligible for this transformation, such as the Qingqiu fox family that Chen Feng came into contact with before.

Moreover, above the rules of the Dragon Vein Continent, the lower the level, the easier it is to transform.

For example, a great monster of the Qingqiu fox tribe may be quite easy to transform in its Demon Emperor Realm.

However, when it enters the Demon Emperor Realm, it is almost impossible to transform its shape again!

Looking at the entire Dragon Vein Continent, all monster beast powerhouses surpassing the three-star monster emperor, I am afraid that none of them can be transformed.

At least, Chen Feng has never been in contact.

From the reactions of the people in Chaoge Tianzi City, he could also see that the experts in Chaoge Tianzi City have traveled extensively and well-informed, and they are also the giant golden-haired mouse that they have never seen before.

This scene gave everyone a huge shock.

And, you know, this materialization is not a simple one!

The fur on it turned into a golden armor!

Its two huge teeth and those extremely sharp nails turned into a huge spear!

The fur, claws, and fangs on its body can be turned into weapons. This is how much better than the monster beasts of the monster emperor level on the dragon vein continent.

But when Chen Feng thought about it, he was relieved.

After all, this huge golden mouse came across the sky from other worlds along with the outer sect of the main hall of the Daqinglian Temple, this star fragment.

Then, it must be different from the Demon Emperor on the Dragon Vein Continent.

In the next moment, the dark, spiteful look of this golden armored man swept over Zhao Haochu.

He only stared at Zhao Haochu!

Because in his opinion, apart from the person in front of him, no one can pose a threat to himself!

The next moment, he spoke.

Everyone didn't know what he was talking about, but his voice rang in everyone's hearts.

He is actually communicating and communicating directly with spirit!

"You guys, dare to invade here, dare to disturb my leisurely life!"

"All of you are going to die!"

When he finished saying the last word 'death', an inexplicable heart palpitations arose in everyone's hearts!

Then, the spear in the hand of the giant golden armoured man suddenly stabbed Zhao Haochu fiercely!
nOvElusB.cOm

Zhao Haochu didn't care.

Just now, this giant golden armor could not pose any threat to him, so he just stretched out his hand to block.

According to his previous experience, this spear can be easily blocked this time.

But this time, it was different!

With a bang, his left hand was directly exploded by the spear into a huge blood hole like a basin!

Even the white bones inside are exposed!

Then, the golden armored giant laughed triumphantly, and his spear was stabbed out one after another!

In an instant, hundreds of guns were shot!

Every shot was stabbed fiercely on Zhao Haochu's body!

Every shot dropped, it opened a huge wound on Zhao Haochu's body!

And his golden armor, the defensive power is amazing, Zhao Haochu's offensive was blocked!

In an instant, Zhao Haochu was already inhuman.

The surface of his body was almost covered by wounds, and he could even see the blue-gold bones inside!

And, the same turned into blue-black internal organs.

Even Zhao Haochu's two thighs had been directly and alive interrupted, and he had to kneel to the ground and crash!

Chen Feng's eyelids twitched!

He found that after the golden mouse turned into a giant golden armor, its attack speed and attack power were at least three times higher than before.

This also means...

A dreamlike sentence flashed in Chen Feng's heart: "His current strength, I'm afraid he has reached the peak of the Six-Star Demon Emperor! It is comparable to the peak of the Seven-Star Martial Emperor!"

And now, after Zhao Haochu used the Netherfire Bronze Corpse Dharma Body, his highest and highest, he was only in the middle stage of the Seven-Star Martial Emperor!

How could it be his opponent?

Everyone was stupid, and they didn't expect it to be so.

Just now, Zhao Haochu had the upper hand, but in an instant, he was beaten with broken legs and collapsed to the ground, like a cripple!

This giant golden armour completely took the upper hand and completely crushed Zhao Haochu!

Zhao Haochu crashed to the ground.

However, after he used the Netherfire Bronze Corpse Law Body, he seemed to have no emotion and no pain.

Therefore, there was no change in emotions, and he was still struggling to stand up.

The golden armored giant laughed wildly with great pride, then took two steps back and came to the green light.

Then, his mouth suddenly became thin and long, like a needle.

When he got to the side of the blue lamp, he picked out a little lamp oil from it.

That drop of lamp oil, brilliant and unusual, fell in the eyes of everyone. Although it was only a drop of lamp oil, it felt that it was shining countless times more brilliantly than the brightest pearl in the world!

Then, he swallowed this drop-no, this is not even a drop, it can only be said to be about the size of a crumb-of lamp oil.

In an instant, the golden armored giant trembled all over, with an extremely refreshing look on his face.

His whole body was shivering cleverly.

And above his body, the aura has increased sharply, giving people the feeling that even his strength has improved a lot.

Seeing this scene, everyone was stunned.

Chen Feng sighed softly: "Sure enough, as I expected, he really grew up drinking the oil of this ancient Buddha blue lantern!"

"No wonder, no wonder he can have such a terrifying strength!"

"This lotus blue lantern has not known how many years it has existed, and the lamp oil in it is also extremely precious."

"He grew up drinking, and it's strange that he is not strong!"
