

Peerless 3991

[Chapter 3991: it's time!](#)

At this time, after the golden armored man finished drinking the lamp oil, it seemed that all the injuries on his body had recovered.

Then, a grinning smile appeared at the corner of his mouth, and he walked slowly toward the outside with vigor.

Seeing him like this, he actually wanted to kill all the masters in Chaoge Tianzi City outside.

It's right to think about it, how could he let off these invaders in his eyes?

The faces of many masters in Chaoge Tianzi City were full of fear.

Some even fled outside directly.

At this time, Chen Feng was also quite anxious.

If this golden armoured man has the upper hand completely, then all his plans will be defeated.

However, Chen Feng is still not in a hurry at this time, just waiting there calmly, waiting for an opportunity.

Suddenly, the figure of the golden armored giant froze.

It turned out that just as he walked by Zhao Haochu, Zhao Haochu reached out his hand and directly clasped his ankle.

The giant golden armor slowly turned and lowered his head, looked at Zhao Haochu, and sneered: "You are already like this, and you still want to die? Huh?"

Zhao Haochu's expression was still cold, his face still expressionless.

Just stood up slowly.

It turns out that after such a short time, he has basically recovered.

The injury on his body has largely recovered.

The resilience of his ghost-fire bronze corpse body is also extremely amazing!

There was a glow on the face of the giant golden armor: "The recovery ability is amazing, isn't it? Okay, then I will break you into pieces!"

"I see how you can recover!"

The next moment, he let out a grin, and stabbed his spear forward!

Sure enough, Zhao Haochu still couldn't stop him at this moment.

At this moment, Zhao Haochu directly pierced a huge blood hole in his chest.

But at this moment, Zhao Haochu, who had always been as cold as a machine, had a smile at the corner of his mouth.

Then in the next instant, the face of the golden armored giant changed drastically!

It turned out that when he wanted to pull out the bone spear and attack again, he found that he couldn't pull it out at all!

He only saw that at the moment his bone spear pierced Zhao Haochu's chest, it was directly clamped by Zhao Haochu!

Zhao Haochu was afraid of the instability of the clip, so he directly grabbed his right hand on the spear!

At this moment, he looked at the giant golden armor with a grinning face.

An ominous premonition flashed in the heart of the giant golden armor.

Then, Zhao Haochu let out a loud roar, and his body went straight forward. The bone spear pierced deeper, even directly piercing his body!

However, as if he hadn't noticed it, he immediately rushed forward frantically!

Then, he slammed in front of the giant golden armor and hugged him directly in his arms!

He is like an octopus with octopus, and like a rope tied with five flowers, he directly embraces the giant man with a golden armor into his arms, his legs and arms are fixed!

He is like an iron hoop on the giant golden armor, holding him firmly!

Suddenly, this golden armor giant couldn't move at all!

The giant golden armor roared repeatedly: "You are looking for death! You are looking for death!"

He wanted to swing the bone spear and continue the stabbing.

But soon he discovered that at this angle, he couldn't stab the opponent at all!

In an instant, a panic flashed in the eyes of the giant golden armoured man, he was a little at a loss and didn't know what to do.

At this time, Zhao Haochu's huge fist, which was as big as a water tank, was already madly smashed, and it slammed on his head, almost breaking his neck!

If I change to a general warrior, I'm afraid I will die long ago.

But this giant golden armor is ultimately a powerful monster emperor in another world, a wild alien.

He didn't die at all, and he was fighting back.

However, his physical strength at this time is much weaker than before, so where is Zhao Haochu's opponent?

All of a sudden, those who were beaten had no power to fight back, screaming crazy!

Chen Feng sighed softly, a look of admiration flashed in his eyes.

"This Zhao Haochu is really serious."

"I thought he became a cold machine, a monster with no emotions and no thoughts after he transformed into a copper corpse body."

"Unexpectedly, his thinking is not only good, but also extremely keen. He keenly discovered the weakness of this golden armored man."

"That is, after he transforms, although his attack is fast and powerful, he is basically relying on the spear in his hand! The defense seems to be strong, but it is actually relying on his golden armor!"

"Speaking of it, in fact, his physical strength is much weaker than before he transformed!"

Moreover, this golden armor giant should have been stuck here for a long time, and I don't know how many years he has been sealed, so his combat experience is almost zero, and he is completely crushed by his strength.

Therefore, at this time, Zhao Haochu first lured the enemy into weakness, and then suddenly trapped his weapon.

Then, straight forward, hug him in his arms.

All the advantages of the giant golden armor were completely wiped out, forcing him to fight with his body.

Moreover, Zhao Haochu only attacked his unobstructed head!

"Are you physically fighting?"

A sneer appeared at the corner of Chen Feng's mouth: "Where is this golden armored man who is Zhao Haochu's opponent?"

Chen Feng's eyes flickered: "It seems that the situation is already very obvious."

"This golden mouse will definitely not be Zhao Haochu's opponent. His defeat is only a matter of time."

"I estimate that at most there will be one cup of tea time, and the golden giant rat will be killed by him."

"Of course, the premise is that his ghost fire bronze corpse magic body can last until that time, and I still have to find the best time now!"

"So, now, it's time!"

The next moment, Chen Feng's figure disappeared quietly!

The masters of Chaoge Tianzi City here, including Zhao Haochu, originally totaled thirty people.

Sixteen people were sent to guard those vital points, and four more died in the main hall of the Great Qinglian Temple.

Now outside the main hall of the Great Qinglian Temple, there are only nine masters in Chaoge Tianzi City.

These nine people are all very nervous watching the situation in the hall.

And there was one person standing beside a pillar on the right side of the doorway, about ten meters away from the doorway of the main hall of the Great Qinglian Temple.

The distance he is at is neither far nor near.

There are a few closer than it, and a few farther away.

This person, about forty to fifty years old, has a thin face and twinkling eyes, making him look a little bit vicious.

His strength is probably between the middle stage of the five-star Wudi to the peak of the five-star Wudi.

It's not very high or very low. There are a few stronger than him, and some weaker than him.

After all, this middle-aged man wearing a blue robe is an existence among the many masters in Chaoge Tianzi City that is not so eye-catching but not easy to be ignored.

[Chapter 3992: The treasure is here!](#)

This person is named Gu Yinian.

At this time, he stared at the situation in the hall without blinking.

Therefore, naturally he did not see, his shadow reflected on the ground quietly quivered slightly.

But, it was just a moment, and then it returned to normal.

Gu Yinian suddenly felt tight all over, a little uncomfortable, unspeakably uncomfortable.

However, he carefully observed himself once, and his power flowed around, but he did not find any abnormality.

Gu Yinian laughed lowly at himself: "It seems. After I came here this time, I saw too many masters and was shocked too much."

"So that the whole person is tight, and the body is abnormal."

He shook his head, didn't care too much, and continued to look forward.

Soon, the time for another stick of incense passed.

Under Zhao Haochu's offensive, the man with a golden armor was beaten in an unhuman form, he was already seriously injured and dying.

Seeing that he would be beaten to death by a few more offensives.

Even his eyes began to lose sight, and even his roars were a little lower.

However, at this moment, the thick cyan light on Zhao Haochu's body jumped abruptly.

Then it started to flicker, and then it began to fall rapidly!

Everyone's eyelids jumped wildly.

Everyone is naturally clear in their hearts: This is because the time limit for his ghostly fire bronze corpse law body is about to come! It's almost impossible to support it!

And if there is no ghostly fire bronze corpse body, Zhao Haochu's strength is not as good as this golden armored giant!

Then, at that time, there is only one ending waiting for him, that is, death!

The giant golden armor is also keenly aware of this.

He immediately let out a ferocious laugh: "It's almost time, isn't it? Has his strength declined?"

"Now I tell you, you are the one who died!"

Then, he yelled frantically and began to fight back desperately!

Zhao Haochu was beaten to vomiting blood again and again, and his body shook violently.

In a blink of an eye, he was already seriously injured!

"I'm afraid..."

Chen Feng estimated: "I'm afraid that his strength has changed from 50% of the previous to less than 30%, and it is still declining rapidly."

at this time. Zhao Haochu yelled crazy: "Gu Yinian, Zhao Jingyi, Gao Licheng, what are you three doing in a daze?"

"Come up quickly and attack this beast!"

It turns out that Gu Yinian, Zhao Jingyi, and Gao Licheng are the three most trusted players among these masters.

After he said this, the golden armored giant suddenly changed his face.

The masters of Chaoze Tianzi City are all refreshed!

At this time, everyone could see that the golden armor giant and Zhao Haochu were already at the end of the battle.

The two of them, whoever is attacked fiercely once, will die without a burial place!

Suddenly, the three masters didn't hesitate, they just rushed forward and killed the giant golden armor!

Naturally, it also includes Gu Yinian, whose shadow has changed just now!

When Gu Yinian's figure moves, his shadow will move with it.

At this time, Chen Feng dodged in the shadows, and could no longer escape!

He will be exposed!

But at this time, Chen Feng didn't care if he would be seen by others!

At this moment, if someone pays attention to Gu Yinian, they will find that the moment Gu Yinian rushed out, his shadow actually stood up strangely!

Chen Feng showed his figure from it, and a sharp color flashed in his eyes: "It's now! Now is the best time!"

The masters in Chaoge Tianzi City are extremely looking forward to it.

As a result, they saw that the four figures rushed towards the hall and killed the giant golden armor!

At this moment, someone suddenly felt something was wrong.

However, something is wrong, but I can't tell!

But someone next to him exclaimed: "Four figures? How come four people rushed over!"

At this moment, everyone saw that there were actually four people who rushed over!

In addition to Gu Yinian, Zhao Jingyi and Gao Licheng, there is also a tall young man dressed in white!

Everyone suddenly exclaimed one after another, and they were all stupid for a while, not knowing what happened!

At this time, Chen Feng had already plunged into the main hall of Daqinglian Temple!

Gu Yinian, Zhao Jingyi, and Gao Licheng had already arrived next to the giant man!

They smashed away at the giant golden armor!

At this time, everyone reacted, and everyone's eyes fell on Chen Feng!

However, everyone is too late to act!

Zhao Haochu stared at Chen Feng at this time, and let out a violent roar!

In that roar, hatred is overwhelming! Angry! Killing intent!

The look in his eyes, if it were a knife, could cut Chen Feng alive!

It's just a pity that he is holding the giant golden armor now, and there is no way to let go!

Chen Feng's speed is extremely fast!

There are sixty moments in one click!

And Chen Feng, only spent three instants of time to do this!

At the first moment, Chen Feng came directly to the lotus blue lantern!

At this moment, Chen Feng suddenly raised his head if he felt something!

It's just that, obviously it's already near, but Chen Feng still can't see what the scene behind the lotus green lantern is!

Everything is hidden, only a vague impression of shadows burns in Chen Feng's heart.

But this is already much better than others.

When other people looked there, they even felt it was dark, and they couldn't see anything else.

The place where the lotus blue lantern is located is a small table, extremely old, with a breath of ancient vicissitudes.

On the desk, there is nothing but a scripture.

There seems to be nothing surprising in the dust of the scriptures, but there is a very special warm breath.

People feel extremely at ease and unspeakable peace when they are next to them!

Without any hesitation, Chen Feng stretched out his hand and took the scripture out and stuffed it into his arms!

At this moment, Chen Feng's heart was beating wildly, and his whole body was extremely excited!

He felt that his excited chest seemed to explode!

Breathing becomes extremely rapid and hot!

This is the first moment!

And at this second moment, at this time, Gu Yinian, Zhao Jingyi, Gao Licheng, the fists of the three powerful men had already smashed fiercely on the body of the giant golden armor!

The giant golden armor screamed terribly!

For an instant, the body was smashed and trembled fiercely.

However, he is still alive, he still has a breath!

However, at this same moment, Chen Feng's figure rushed out crazy!

It's just different from what everyone expected.

[Chapter 3993: Just rely on you? Also match?](#)

He did not go out to the gate of the main hall of Daqinglian Temple, but went directly to Gu Yinian, Zhao Jingyi, and Gao Licheng!

At the same time, on top of his head, the embryonic form of the **** of stepping on heaven suddenly appeared!

Then, seal the space ability and activate immediately!

This immense force is shrouded in Gu Yinian, Zhao Jingyi, Gao Licheng, and even the giants of the golden armor and Zhao Haochu at the same time!

Moreover, seeing that means, it is actually to cover them at the same time!

Gu Yinian, Zhao Jingyi, and Gao Licheng are all five-star Wudi strong, extremely alert!

They felt that they were being attacked, so at this moment, they turned around instinctively and rushed towards Chen Feng's offensive frantically!

The three attacked together, and together they directly shattered Chen Feng's attack!

But at the same time, the giant golden armor also escaped!

He escaped from this disaster, but it does not mean simply avoiding this trick, but it means--
noVelUs1b.Com

Endless variables!

The golden armor giant man's eyes flushed red, he let out a crazy roar, tried his last bit of strength, and suddenly broke away from Zhao Haochu's shackles!

Zhao Haochu was shocked and wanted to dodge, but it was too late!

The giant golden armor attacked Zhao Haochu frantically, and once again reduced Zhao Haochu's strength by 20%, leaving only a strength that was less than 10% at the peak!

And while these things happened, the third moment had just arrived!

When this third moment arrived, Chen Feng finally completed all of this, and the embryonic form of the Tatian idol Zhan Zun disappeared, and he also rushed towards the door of the main hall of Daqinglian Temple!

Things that happened in these two moments, such as gusts of wind and lightning, are extremely fast!

But everyone is strong, and at this time they have completely recovered.

Everyone's eyes fell on Chen Feng!

Like a sword like a sword, murderous!

Despite being frantically attacked by the giant golden armor, Zhao Haochu yelled violently, "Stop this dog for me!"

His eyes were red, almost crazy!

Because, he saw clearly just now, this young man rushed to the green lotus lantern and took a volume of scripture on the book case!

He knows what this scripture is!

He even knows that this scripture is his ultimate goal!

He knows very well what this book of Scripture means to himself to his family!

Therefore, he can't wait to tear Chen Feng alive!

Many masters outside the door, Chaoge Emperor, are crazy to kill Chen Feng!

At this time, outside this gate, there are still six five-star Wudi masters, attacking Chen Feng together!

With Chen Feng's strength, he can only deal with one of them!

There was hideous and crazy hatred on the faces of those masters, and they all felt very angry.

Six people were outside the door, but one person sneaked into it quietly, and won the treasure!

The six people were there to stop them, and they were all confident!

Because in their opinion, it is impossible for Chen Feng to break through the barriers of the six of them!

Zhao Haochu yelled frantically: "Chen Feng, I know it's you!"

"Chen Feng, I know it's you, a little bastard! I know you all turned into ashes!"

"Unexpectedly, not only did you kill my child, you dare to come here to **** the treasure? I killed you!"

He let out a frantic roar, no more calmness before: "Today, this place is your burial place!"

At this moment, not far in front of Chen Feng are six masters of Chaoge Tianzicheng!

Without stopping under his feet, he rushed forward, but he still turned his head to look at Zhao Haochu with a leisurely heart, and smiled slightly:

"Really? Lord City Lord, sorry, I will disappoint you!"

At the same time he turned his head, he waved his hand, as if saying goodbye to Zhao Haochu.

Zhao Haochu only felt his energy and blood attacked his heart, and he was so angry that he was stunned and stupid!

And the six masters of Chaoge Tianzicheng all ranted frantically: "Chen Feng, you are looking for death!"

Chen Feng looked at them with a disdainful smile at the corner of his mouth: "Only the six of you? You deserve it too?"

Yes, he is indeed not the opponent of these six, but he does not need to be the opponent of these six! ,

When Chen Feng came here, he couldn't do this step by force!

His yin and yang ghost steps are the greatest support!

The next moment, they all suddenly felt a flower in front of them!

Then they found that Chen Feng was gone!

That's it, no more!

That's it, disappeared!

"What's wrong? What's wrong? Where is he? How did he disappear?"

The six were stupid for an instant!

Roaring frantically, looking around.

They raised their heads and looked up and down to the surroundings, but there was no sign at all!

Zhao Haochu was also stunned.

Because just now, he saw that little **** Chen Feng disappeared in front of him!

It's just that, after all, he is the city lord of Chaoge Emperor City, a six-star Wudi master, who has experienced many winds and waves!

Also quickly recovered.

At the same time, he also saw that Chen Feng quietly appeared behind everyone at this time, in the shadow of a pillar in front of the main hall of Daqinglian Temple!

He immediately shouted frantically: "Chen Feng is behind you!"

When everyone turned their heads, they saw Chen Feng!

At this time, Chen Feng was hundreds of meters away from them!

They are at the entrance of the hall, and Chen Feng is on the steps.

Chen Feng smiled slightly and picked up the robe that Zhao Haochu had thrown on the store front steps.

This large robe is heavy and cold, like a cold jade woven.

Then, Chen Feng turned around, looked at everyone, smiled and said, "Everyone, see you another day!"

Having said that, he waved his hand in a leisurely manner.

Obviously, they were not taken seriously at all.

It seems that he didn't come here to grab things, but to stroll around in his back garden.

Wandering in the courtyard, leisurely and leisurely.

At the same time, Chen Feng's figure flashed and swept away.

The reason why he chose to appear here instead of further away is because he wants to hold Zhao Haochu's robe in his hand!

Zhao Haochu's robe remained unbroken after he turned into a bronze corpse body. Chen Feng knew that it must be a strange treasure.

Moreover, he even heard a rumor:

It is said that Zhao Haochu has some weird habits, he is used to sewing some treasures inside the clothes.

So Chen Feng must get this dress.

Zhao Haochu's eyes were almost staring at this time, and his whole person was already hated to the extreme, and he even felt that the whole person was going crazy, his spirit was about to collapse!

There was even a hint of crying in his voice: "You **** chase me!"

The six masters of Chaoge Tianzi City are going to chase out crazy!

At this moment, Chen Feng, who had already come to a certain distance under the steps, suddenly ran away again!

[Chapter 3994: Flame Taoist!](#)

At this time, Chen Feng came back suddenly, everyone was shocked, don't know why!

Chen Feng stopped suddenly and ran back a few steps!

However, although they did not know why Chen Feng did this, they realized that this was the only chance to catch Chen Feng!

Also the best opportunity!

Zhao Haochu screamed crazy: "Kill, kill me! Kill this kid for me!"

He yelled frantically, and his whole person was almost crazy.

This can't help him not being angry.

After all, he had been preparing for this for so many years and worked hard, but just before he succeeded, when he was about to achieve his goal, he was destroyed by Chen Feng!

How can he not be angry?

Chen Feng was extremely fast, took two steps back, and then grabbed something from the ground extremely fast.

Then, without hesitation, go crazy outward at a faster speed than before!

Chen Feng stopped abruptly, then backed up two steps, then picked up this thing. These three actions took Chen Feng about an instant!

You know, Chen Feng is running away at this time!

He escaped in the pursuit of six five-star Wudi!

This moment of time may be the difference between life and death!

In an instant, he might be killed!

Why is Chen Feng willing to come back for this thing and delay this moment of time?

Nobody knows!

At this time, Chen Feng couldn't think about so much.

This delay made the six masters of the city of Heaven less than 100 meters away from him!

A strong sense of oppression came crazy.

However, Chen Feng's eyes were still clear and clear, and his thoughts were extremely clear.

He was not in a hurry, but a voice calmly said in his heart: "At this time, I only use the sun-driving golden crow footwork, not the shadow ghost footwork."

"But with the distance of 100 meters before, they still can't catch up with me!"

"Because they are just five-star Wudi masters, not even the pinnacle of the five-star Wudi!"

"Because, Zhao Haochu, the six-star martial emperor with the highest strength, and Gu Yinian, Zhao Jingyi and Gao Licheng, the three top five-star martial emperors, at this time..."

A smile appeared at the corner of Chen Feng's mouth: "I'm still fighting with that golden armored man!"

This is why Chen Feng wants to save the golden armoured man.

This is why Chen Feng would rather delay that moment just now!

His goal is to never let the giant golden armor die!

At least, you can't die so fast!

Chen Feng's thinking is very clear: "You can't die when I haven't escaped!"

If the golden armor giant died, it would mean that Zhao Haochu, a six-star martial emperor, would lose all restraint.

At that time, even if he only had a portion of his power left, it would be very easy to kill Chen Feng.

And sure enough, Chen Feng made the right move!

Chen Feng wasted an instant of time and rescued the golden armored man.

And Zhao Haojun had to wait for the four masters, and it took a full six moments to behead this golden armored man!

This is equivalent to five instants of escape time for Chen Feng!

With the first of these four moments, Chen Feng directly escaped from the encirclement of six masters in Chaohe City!

In the second instant, he picked up the clothes on the ground and went out resolutely!

In the third instant, he came back and picked up the thing on the ground.

Then, it took Zhao Haochu and the others two more moments to kill the golden giant rat.

But before the golden-haired giant rat died, it let out a violent roar!

In that roar, there was endless madness and pride:

"Hahaha, this treasure has not been taken by you, but by that kid!"

"You have been profited by the fisherman!"

"As long as the benefit is not that you take it, I am happy!"

"Hahaha..."

After all, with a bang, his body turned into a golden light, and then it exploded directly!

This time, Zhao Haochu, Gu Yinian, Zhao Jingyi, and Gao Licheng were all blown up!

Hit the ground, vomiting blood crazily, and his momentum dropped extremely!

Gu Yinian, Zhao Jingyi, and Gao Licheng were all seriously injured by this blow, and they were no longer able to fight!

And Zhao Haochu was almost killed, at this time only one breath was left!

This golden mouse used his own life to cut off several powerful enemies for Chen Feng!

Zhao Haochu wanted to chase Chen Feng himself, but he had no power at all.

And he could see that it was impossible to count on those six wastes to hunt down!

He gritted his teeth, and a decision flashed in his eyes: "This hole card must be opened!"

At the next moment, Zhao Haochu suddenly yelled: "Roman Flame Taoist, catch up with that brat for me!"

Following his violent roar, suddenly, a figure slowly appeared among the light and shadow next to the main hall of the Great Qinglian Temple.

This is a figure that seems tall and thin.

Of course, the reason that he looks tall and thin is because he can't see his looks at all.

Because he never showed his true face at all!

His whole body was covered by a layer of scarlet light.

The scarlet light, about six meters high, is long and narrow, even in the middle, and has a waist that resembles a robe.

The hem is quite generous.

It gave people the feeling that this scarlet light was like a huge red robe.

Flying there!

As for the Daoist Flame, his whole body was wrapped up, and he couldn't see his lineup at all!

The scarlet light, the color is extremely strange, it feels like it is soaked in blood, and even there is a strong smell of blood on it.

There was an extremely terrifying and gloomy atmosphere.

He didn't speak, the beam of light, just nodding slowly.

Then his body shape flashed, it turned into a **** rainbow, chasing directly in the direction of Chen Feng!

The speed is no worse than Chen Feng!

At a glance, the strength is absolutely terrifying!

And seeing this scene, the faces of the masters of Chaoge Tianzi City showed horror.

"This is the Daoist Flame? Why haven't I heard of it before?"

"Yeah! I have stayed at the City Lord's Mansion of Chaoge Emperor City for sixty years, and I have never heard of the number one person of Dao Yan!

"This blaze Taoist feels extremely terrifying to me, it seems to be stronger than the two deputy city masters Luan Feiluan and Xi Guanyu!"

"Is this a hole card of Lord Santo?"

"Who is he playing this hole card to guard against?"

In an instant, there were countless more suspicions.

Everyone looked at Zhao Haochu and felt that he was unpredictable.

Those masters who originally had some strange thoughts suddenly became honest, no one dared to have strange thoughts again, they were all respectful.

Zhao Haochu's eyes were gloomy, staring at them coldly, and he was relieved in his heart.

[Chapter 3995: I, Chen Feng, why do I need someone else to rescue me?](#)

Because he knew that the situation was stabilized!

The appearance of the flame Taoist made himself at least calm these people, and they would not be backlashed by them!

After all, he was seriously injured just now, and his confidant was seriously injured, it is very likely that these people will be backlashed!

But then, there was blood in his heart.

You know, this Daoist Flame is not his subordinate, but an old friend he met when he traveled to the mainland.

This person owes favor to others, so he promised to protect him for ten years.

During these ten years, you can help him to do three things!

And once the third thing is done, then turn around and leave.

He has asked Daoist Flames to do two things for himself, and now, this number of times is only left once!

But it is going to be used by him!

In the future, he will no longer be able to order Daoist Flames, he will lose an extremely important hole card!

Thinking of this, he felt even more distressed.

This flame Taoist, he still wants him to **** himself back to Chaoge Tianzi City.

You know, after he won the treasure, he wants to return to Chaoge Tianzi City smoothly, I am afraid it will be extremely difficult!

But now, nothing can be done.

He gritted his teeth, staring at the direction Chen Feng was leaving, and said with a grinning smile:

"Chen Feng, you wait for me!"

"You dare to touch me, I will let you die without a place to bury you!"

"Do you know how cruel the way the flame Taoist kills people? Falling into his hands makes you regret coming to this world!"

After that, he gave out a burst of smug laughter.

Because in his opinion, Chen Fengfeng is already a dead person.

At this time, Chen Feng did not use the shadow ghost step.

Shadow Ghost Walk is his biggest killer move, and he has used it twice so far.

For the first time, it flashed into the shadow of Gu Yinian just now, and then took this ancient Buddhist scripture book.

The second time, it flickered into the shadow of the pillar and escaped the interception of six masters.

But these two times, he was so fascinating, no one noticed how he used it, no one knew how he appeared, and no one knew that he used the shadow ghost step!*NovelUsb.com*

Therefore, they could not infer from this that Chen Feng used the shadow ghost step and the characteristics of this shadow ghost step.

But at this time, in full view, if Chen Feng used it again in front of them, they would not be fools, and they would definitely be able to guess.

Therefore, Chen Feng now uses the Sun-Daily Golden Crow footwork to escape.

When you can't run away later, when you are caught off guard, use the shadow ghost steps to save your life!

This is the smartest way!

If Chen Feng didn't turn back to get the gray fragment just now, he should have fled to the edge of the square by now.

But because Chen Feng had just returned, he was delayed for an instant.

The square in front of the main hall of the Great Qinglian Temple is about one hundred li in radius. After Chen Feng took the treasure at this time, he did not run to the east, which he was familiar with just now, but went straight to the south. Run away.

There, the terrain is the most complicated and suitable for avoidance.

In a blink of an eye, he was already fifty miles away from the main hall of Daqinglian Temple, and fifty miles away from the southern edge of the square!

Seeing, in a blink of an eye, Chen Feng was able to escape the area of this square.

And at this moment, a scarlet ray quietly appeared dozens of miles away from Chen Feng.

It is the flame Taoist!

After he appeared, everyone looked there, wondering what kind of strength this existence being used as a trump card by Lord City Lord had?

However, they found that they could not see clearly at all!

It turned out that there was only a scarlet light!

At this time, the scarlet light suddenly became hot and bright.

At the same time, a thin scarlet light beam refracted crazily outward!

It's just that the light refracted is not spreading indefinitely.

But it can only spread to thirty miles away, and it has reached its limit.

The scarlet light formed a red dot somewhere in the square thirty miles away.

And the next moment, he suddenly disappeared.

People only feel a flower in front of them.

When he appeared again, he had already appeared thirty miles away, where the red dot was.

Then, there was another scarlet light on his body, which refracted forward.

Seeing this scene, many masters in Chaoge Tianzi City exclaimed.

"This person's body is so weird?"

"Yes, he is actually relying on the refraction of light to keep advancing here! He seems to be able to blend into that light!"

"Every time you teleport, it is thirty miles away!"

"Now, Chen Feng absolutely can't run away!"

"Yes, no matter how fast Chen Feng is, how can he be faster than this?"

Zhao Haochu was also extremely proud, and let out a ferocious laugh:

"Chen Feng, I just said that you can't run today!"

At this time, Chen Feng also raised his eyebrows slightly:

"Is this using light?"

"If he is constantly advancing based on the refraction of light, then from a logical point of view, this is also extremely tyrannical!"

"Even, it's only weaker than my use of space!"

"No, no!"

Chen Feng frowned suddenly: "Absolutely not!"

"If it is light, it can't be so slow, nor can it be so slow."

"I can feel that he has to brew and stop every time, and his distance should not exceed thirty miles every time!"

The fact is that, although the teleportation of this blazing Taoist seems to be infinite, but every time there is preparation time, it will be delayed a little!

Chen Feng's eyes were extremely venomous, and he could see the truth and futility of the flame Taoist.

At this time, the flame Taoist was already about to chase behind Chen Feng.

And right in front of Chen Feng, on the edge of the square, a figure also rose into the sky!

It is one of the secret whistle left by Zhao Haochu before!

He stopped on the road ahead of Chen Feng!

In an instant, Chen Feng was under attack from the front and back!

Dead end!

Dead!

Chen Feng heard a misty and indifferent voice in the shadowy scarlet light:

"Today, you will die here! No one can save you!"

At this moment, Chen Feng suddenly turned around and smiled at him.

In that smile, there was unspeakable self-confidence and pride: "I Chen Feng, why should someone else come to rescue?"

Many masters in Tianzi City were in an uproar when they heard this sentence from a distance.

Then, it sneered.

"Is this kid crazy? Does he still say this? He has been chased closer!"

"That is, the strength of Daoist Flames is only a bit weaker than Lord City Lord, so I can definitely kill Chen Feng!"

"This Chen Feng is still stubborn when he died!"

[Chapter 3996: Run away!](#)

And Zhao Haochu also sneered disdainfully: "Chen Feng, I thought you were deep enough and strong enough."

"Unexpectedly, you are just a stiff-mouthed idiot!"

"It's all this time, are you still pretending here?"

"You today!"

He roared grimly: "He must die here!"

"You will die without a place to be buried, and you will be slashed by me! No one can save you!"

He really hated Chen Feng, the flame in his eyes almost burned Chen Feng!

At this moment, Chen Feng looked at him and laughed loudly: "Okay, Zhao Haochu!"

"Then open your dog's eyes, let me see clearly, look at my Chen Feng today, can I escape?"

Chen Feng's words fell, and suddenly, there was an ominous premonition in everyone's hearts.

Zhao Haochu's heart was even more choked!

Everyone looked at Chen Feng with wide-eyed eyes, and looked at the tall young man in white clothes!

Then the next moment, the next moment, under their noses, Chen Feng disappeared!

He just disappeared, just disappeared, and the immediate person disappeared!

Seeing this scene, everyone is stupid!

They froze for a while before they came back to their senses, and then exclaimed: "Where is Chen Feng?"

"Yeah, why did he disappear suddenly?"

"Does he have the ability to shuttle through space? Disappear out of thin air?"

Chen Feng was quick, and even the secret whistle guarding the south direction did not have time to react!

And Zhao Haochu was shocked.

At this time, suddenly, the scene where Chen Feng disappeared out of thin air flashed in his mind.

After all, Zhao Haochu is Zhao Haochu, knowledgeable and extremely experienced.

So he immediately reacted and shouted: "Chen Feng is hiding in that shadow! Chen Feng has the ability to shuttle shadows!"

Sure enough, as soon as his words fell, everyone saw that Chen Feng's figure appeared in the shadow on the top of a hall at the southernmost end of the square.

Then, he turned his head and smiled happily and waved his hand to everyone.

Then, the body shape flashed again and disappeared directly.

This time, no one could see his trail again.

Of course, Chen Feng had another choice at this time, and that was to hide in this shadow.

If he doesn't move, no one will be able to find him within at least a stick of incense.

But Chen Feng did not do this, because it was too dangerous for him.

The distance of fifty miles was the distance he could finally win after using the shadow ghost step once.

If he stayed here quietly, but was discovered by others, then this time his efforts would be in vain!

After using Shadow Ghost Step again, Chen Feng appeared fifty miles away again.

He shuttled between the temples and did not fly into the air.

This large Qinglian Temple, under the cover of countless halls, even Zhao Haochu and others could not see him!

Chen Feng is completely out of the cage!

As he moved forward, Chen Feng took a breath and relaxed.

From just now, his heart and whole body are tight!

Unspeakable tension, but now that I relax like this, I suddenly feel weak and weak, as if to collapse directly to the ground.

This time, he was able to win the most precious treasure, it seemed to rely on luck, but in fact, it relied on his exhausting planning and calculation!

Take just now, the foundation for him to successfully enter the hall was to sneak into the shadow of Gu Yinian.

And entering the shadow of Gu Yinian is no coincidence.

Before Chen Feng observed the emotions of the crowd, he found that this person was actually very concerned about the field.

Every time Zhao Haochu was injured and fell into a disadvantage, he was extremely worried and concerned. It can be seen that he is definitely one of Zhao Haochu's most trusted confidants.

Then, he has the greatest chance of calling in Zhao Haochu for support!

Therefore, Chen Feng chose to lose his shadow.

At this time, Chen Feng just wanted to look up to the sky and laugh: "Xuanyuan Zixi, I really want to thank you!"

"Shadow Ghost Step, this time you have made great contributions!"

The shadow ghost step is really Chen Feng's greatest support this time to get this treasure!

If it weren't for this shadow ghost step, how could he be able to shuttle freely among these dozens of five-star Wudi and six-star Wudi?

Not only can you grab treasures, but you can also retreat!

At this time, on the square, Zhao Haochu only felt a hot glow on his face.

Although Chen Feng didn't say anything, what Chen Feng did just now, especially the wave of his hand before leaving, was tantamount to slapped his face with a slap in the face, making him faceless!

What I said just now turned into a joke.

This scene obviously surprised the flame Taoist people.

However, he is also that kind of very cold and quiet personality, and did not show any emotions such as extreme anger.

Just leave a sentence coldly: "Don't worry, he can't run away!"

"His life is yours!"

Zhao Haochu nodded slowly and said in a deep voice: "I can trust you!"

The flame Taoist figure flashed and disappeared.

In a blink of an eye, he was submerged in that building.

Obviously, Zhao Haochu had great trust in Daoist Flames.

Regardless of his character, or his strength,

He sighed softly: "Roman Flames, of course I can trust you, you have done so many things for me."

"And most importantly, you..."

He looked at the back of the blazing Taoist, and slowly uttered a sentence: "It's a six-star martial emperor!" *nOVeLUS&.com*

Then, he suddenly stood up and walked to the body of the golden armored man.

Before the giant golden armor turned into a light to commit suicide, at this time, the corpse turned into the giant golden mouse again.

Zhao Haochu suddenly let out a violent roar, rushed on frantically, and bombarded fiercely, until he smashed his corpse into a powder before raising his head.

He yelled with resentment: "Damn, blame you as a brute!"

"If it weren't for you, how could this treasure be snatched away?"

At this time, with his strength greatly reduced, he could hardly control his emotions and became very irritable.

Then, he turned his head abruptly, and those fierce eyes like burning flames swept across the faces of many masters in Chaoze Tianzi City:

"You are also a bunch of trash!"

"Six people, can't stop the other one! Let that kid run away!"

"What are you doing in a daze? Don't you hurry in and find it for me! Look for any treasures in it!"

"Yes Yes."

The six masters of Chaoge Tianzicheng were silent, afraid of any violation, and quickly walked in and looked around.

But soon they discovered that all this was in vain.

Because obviously the main hall of the Great Qinglian Temple is huge, the space in front of the altar probably only occupies less than one-tenth of the space of the main hall of the Great Qinglian Temple.

[Chapter 3997: Lost money!](#)

However, when they reached the position of the altar, they found that they couldn't move forward at all.

It was as if there was an invisible barrier blocking them, blocking them tightly.

The six people launched a powerful offensive one after another, but they all went into the sea like a mud cow without any response.

Can't even stir up a wave.

They were all shocked in their hearts, that is, they knew that the obstacles that this blocked them were countless times higher than them, so that's why.

Zhao Haochu also stepped forward with a gloomy face.

At this time, he recovered a little bit of strength, and he also walked to the altar.

On the altar table, the things that were originally placed have disappeared without a trace at this time, only the lotus blue lantern is left.

Seeing the empty offering table, Zhao Haochu couldn't help but feel sad again.

The treasure on this one should have belonged to him!

This treasure can change his destiny, change the destiny of Chaoge Tianzi City, and even change the destiny of the entire Longmai Continent!

Let them go to the emperor city and become a veritable overlord on the Dragon Vein Continent, surpassing the entire Dragon Vein Continent!

And now, everything is in vain!

He tried to walk after the altar, but he found that he was also stopped and couldn't make it through.

Zhao Haochu clearly understood: "I want to come, in the main hall of Daqinglian Temple, there are actually several layers."

"Now, I'm just on the outermost layer."

"My strength is too low, I can't enter the space behind the main hall of Daqinglian Temple."

He suddenly looked up.

With his strength, between the shadows, he could see that behind the altar, there was an extremely huge phantom.

But what it was, he couldn't tell at all.

He just can feel that there is an extremely terrifying coercion above this phantom, pressing it down!

This kind of coercion, even he simply can't resist!

He looked at the huge shadow hidden in the mist, and suddenly an extremely weak feeling surged in his heart.

It feels like facing the whole world, the other party can crush people like himself to death with just one finger!

So far, he didn't dare to have any covetous heart anymore.

He knew that the following things were not something he could covet.

Zhao Haochu said coldly: "The treasure is missing, if so, you can't go back empty-handed!"

After all, he reached out and grabbed the lotus blue lantern.

This lotus blue lantern is obviously also a treasure, and if you can take it, it is not a loss.

However, when he held it with his hand, he found that he couldn't take this lotus blue lantern off at all! ,

It seems to be firmly fixed on this table.

However, he clearly saw that the blue lotus lantern was not fixed on it!

It can be separated from this desk!

"How is this going?"

There was a look of horror on his face, and he tried his best to pick it up.

However, it can't be taken at all.

A shock flashed in Zhao Haochu's eyes suddenly, and he suddenly understood the truth.

This truth caused him to step back a few steps, his face showed a huge shock of disbelief, and exclaimed: "Could it be that the weight of this lotus blue lantern has reached hundreds of billions of catties! Thousand billion catties?"

"Can't even hold me up?"

"Has it been so heavy?"

He didn't want to believe it, but reason told him that this is the truth!

This is the only explanation!

Zhao Haochu's eyes became red. He couldn't accept this fact. He couldn't accept the fact that he came to Baoshan and came back empty-handed and found nothing!

He yelled frantically: "I don't believe it! I don't believe it!"

As he said, he jumped directly on, holding the lotus green lantern with both hands, shaking it crazy, wanting to take it down!

But the lotus blue light did not move at all!

At this moment, above the lotus blue light, there was suddenly a light flashing nine times in succession.

Then, in the lamp oil, there was a little blue light shining out.

In the next moment, everyone clearly felt an emotion called anger from the blue lotus lantern.

The next moment, above the blue lotus lantern, a huge orange-yellow force suddenly burst out, like a halo, slamming around.

Smashed directly on Zhao Haochu, smashing Zhao Haochu crazy and vomiting blood, his body was directly smashed and flew out of the main hall of Daqinglian Temple!

He felt that he was almost cut off by this light!

Not only him, but all the masters of Chaoge Tianzi City, whether they were injured just now or intact, were all smashed out!

He vomits blood in the air!

There were even a few people with a low cultivation base, and they fell to the ground severely and died directly!

Before he even screamed, he was directly killed.

Seeing this scene, everyone was shocked, and their faces showed unspeakable fear.

And after they came back to their senses, there was even a trace of resentment in the eyes of Zhao Haochu!

"If he hadn't had to take the lotus blue lantern, how could so many people die? How could so many people die!"

At this time, Zhao Haochu was also stupid.

He had no idea that doing so by himself would cause such bitter results!

Zhao Haochu was stunned there, and after a long while, he stood up.

Then, he saw that there were only five left who could stand up with him.

In other words, just now, four more masters of Chaoge Tianzi City were directly beheaded by the lotus blue lantern!

At this moment, Zhao Haochu looked around and suddenly had an urge to cry without tears.

No, it was no longer the urge to cry without tears. After these successive blows, Zhao Haochu's spirit broke down directly.

Suddenly, his legs softened, he fell to his knees, howling!

"Why! Why!"

"Why!"

"I tried all my thoughts, and finally got to this point, but ended up like this, why!"

And this time. The gate of the main hall of the Great Qinglian Temple was also slowly closed, and everything was sealed in it again.

Also extinguished Zhao Haochu's last hope!

He looked into the distance, his eyes dull, and he muttered: "The flame Taoist, all count on you!"

"You must get that treasure back! Otherwise, I will lose my money this time!"

On the edge of the star fragments, the several stone tablets still stood proudly.

When Chen Feng came, there seemed to be no difference.

It seemed that what happened in the main hall of the Great Qinglian Temple had no effect on them.

And at this moment, suddenly a brilliant arc drew across the sky, and it was Chen Feng who was performing the daily Golden Crow footwork!

His figure flicked past several stone monuments, and he also lowered his head to see the proudly standing stone monument, and suddenly a bitter smile appeared on the corner of his mouth.

[Chapter 3998: Run desperately!](#)

At this time, Chen Feng was already quite embarrassed.

He didn't have any injuries, but he was panting wildly.

Chen Feng felt that his heart was about to explode!

He felt that his lungs were so swollen that they were about to burst!

He felt that every part of his body seemed to explode!

Chen Feng exhales loudly, and every time he exhales and inhales, there is a strong ***** meaning.

He was already drenched with sweat, and his face was also pale yellow.

Chen Feng's body is constantly trembling slightly, it seems that the muscles are out of control, this is a symbol of extreme loss of strength!

Chen Feng was not injured, he was almost exhausted, he just consumed too much!

And this kind of consumption is too large, and sometimes, its consequences are even more serious than injuries!

It seems that some people will not die if they are seriously injured, but they can be exhausted to death!

Chen Feng is almost exhausted now!

Chen Feng was panting heavily, and he felt that his chest and lungs were burning.

Even he could see the red blood mist in his breath.

Chen Feng muttered to himself: "This blazing Taoist is really terrible!"

"Not only does he possess the strength of the Six-Star Martial Emperor, his body is terrifying, but his energy is so long!"

"Who is he?"

It turned out that from a few hours ago, when Chen Feng fled from the main hall of the Great Qinglian Temple, until now, there is no rest for a minute.

For a whole number of hours, Chen Feng was fleeing like crazy!

This also means that Chen Feng is not running madly forward at all times!

Every moment, no longer performing the Golden Crow footwork!

Every moment, no more rapid consumption!

Chen Feng flees desperately, insisting that there is no problem for an hour and a half.

Persevering for two hours, gritted his teeth and came over.

But now, persisting for three full hours has made his body almost on the verge of collapse!

This seems to allow a person to walk Baili Road in two days. The basic problem is not big, but if he is asked to run Baili Road with a cup of tea, then I am afraid that he will be too tired to vomit blood!

Chen Feng wanted to rest very much at this time, but he could not rest.*noVELUsB.com*

Because when Chen Feng glanced back, he had already seen that not far behind him, the shadowy scarlet light was chasing up again.

That group of scarlet light is exactly the flame Taoist.

Chen Feng even suspected that he was not human at all!

Otherwise, Chen Feng doesn't think any human martial artist's energy can be as long as his own!

Even if he is the Six-Star Emperor Wu, it is impossible!

The flame Taoist chased up again!

A wry smile appeared at the corner of Chen Feng's mouth. What he needs most now is to stop, gasp and rest, and eat crazy.

Then, slept fiercely for ten days and nights.

But Chen Feng knew that all this was a dream!

In fact, Chen Feng didn't just use the sun-driving golden crow footwork at all.

He had already been caught up with just using the Golden Crow footwork.

During his period, he used dozens of shadow ghost steps.

Had it not been for these shadow ghost steps to be used at a critical time, Chen Feng would have been killed by the hands of the flame Taoist now.

While thinking wildly in his heart, Chen Feng left the scope of this star fragment and plunged into the huge pillars of fire outside.

He came to those five levels again.

At that time, the last level was the fire pillars at the center of the earth, but now, the fire pillars at the center of the earth have become the first level.

With a whistling sound, several pillars of the heart of the earth jumped up frantically from the ground and enveloped Chen Feng.

Chen Feng's figure flashed and avoided him.

With this sluggish effort, the blaze Taoist approached for dozens of miles.

It's closer to Chen Feng.

Chen Feng almost instinctively wanted to launch the Shadow Ghost Walk, but he held back it all at once.

"No, you can no longer use the Shadow Ghost Walk!"

"My shadow ghost walk has been activated dozens of times before, and now there are less than five uses left!"

"I have to cherish these five times of use!"

"If not, it is very likely that at a critical moment, I simply don't have any ability to compete with the Daoist Flame!"

At this time, the flame Taoist made a strange laugh, and the sound was like a gold iron crash: "Chen Feng, don't struggle anymore."

"Today, you will die in my hands!"

Although he was smiling, his voice was still calm and hard, without any mood swings.

There is no ostentation or arrogance, it seems to be a plain statement of a fact.

But only in this way, this is the greatest arrogance, the greatest disdain!

Because he already regarded Chen Feng as a dead person.

At the same time, several pillars of fire attacked him.

And this group of scarlet-like monsters didn't evade at all, just rammed head-on.

Those earth-centered fire pillars passed over his body without any influence on him at all.

It even made the scarlet light on his surface stronger.

Seeing this scene, Chen Feng's pupils shrank!

Now he is even more sure, this Daoist Flame is absolutely weird!

And, obviously, the location here is extremely beneficial to him!

Chen Feng was dumbfounded and continued to rush forward frantically.

After traveling for about thousands of miles, Chen Feng suddenly trembled violently, and a sharp pain swept through his internal organs.

Then, with a wow, a big mouthful of blood spurted out.

He was already running and was seriously injured!

There is no battle, just running, it is already running badly and vomiting blood!

At this time, the flame Taoist was already closer.

It has to be said that he is worthy of being a six-star martial emperor, strong enough, fast enough, and high enough martial skill level!

After running forward for hundreds of miles, Chen Feng's head was dizzy and he almost fell straight out of the sky.

In this way, his speed will inevitably be affected.

In an instant, the speed dropped extremely fast.

At this moment, the flame Taoist behind Chen Feng suddenly let out a cold snort.

Then, like a bright blazing sun, suddenly, red and yellow light appeared on the body!

In the next moment, his speed suddenly increased several times!

Suddenly appeared behind Chen Feng.

Every time he moved before, he could only move thirty miles.

And this time, it moved a full ninety miles!

It also made him appear directly behind Chen Feng very close.

However, his figure also shook.

Obviously, for him, such a move is also a great burden.

Then, he looked at Chen Feng with a loud voice: "Boy, you made me lose face, dare to grab our treasure!"

[Chapter 3999: Then give him a punch!](#)

"I am going to abolish you now, and then capture you!"

"All the treasures in you..."

In his voice, a rare trace of greed suddenly appeared: "It will all be mine!"

The next moment, he blasted out a punch.

Of course, this punch is just a rough picture.

Because, at this time, actually above the scarlet light, a scarlet light group slowly flew out.

It seems extremely slow, but in fact it is extremely fast!

That radiant light is like a rising red sun!

With infinite murder and domineering!

For an instant, Chen Feng shivered all over his body, and his cold hair stood up!

Because he felt that he couldn't resist this blow at all!

He suddenly had a feeling of embracing death infinitely!

Chen Feng suddenly yelled, "How can I die? How can I die?"

Suddenly, his eyes became extremely concentrated, extremely focused, and all of a sudden, his eyes became extremely vast and hollow!

He tilted his head and looked into the distance.

In the distance, at this moment, a pillar of earth's heart just appeared.

Under the ground, a long and deep shadow was cast.

Zigzag, twisting and twisting, like a meandering snake.

In the next moment, Chen Feng's figure disappeared directly and appeared in the shadow.

Chen Feng's shadow ghost step was activated, and he moved fifty fifty in an instant, and appeared in the shadow!

The number of times he used the shadow ghost steps that he left before finally played a role at this time!

Chen Feng's shadow ghost step successfully avoided this blow.

It's just that the pillar of fire in the heart of the earth suddenly appeared, and then suddenly disappeared. As it disappeared, the shadow disappeared directly, and Chen Feng's figure was directly exposed.

This scene made Chen Feng a wry smile: "It's really bad luck."

Before, the reason why he was able to escape so far was that he was able to chase Daoist Flames for so long before he could catch up.

In addition to the ability of the shadow ghost step to teleport for fifty miles, there is a more important reason, that is, he can hide briefly after teleporting, and his body shape will not appear.

This made it impossible for the Daoist Flames to find him.

Just make it more difficult for the flame Taoist to find.

In fact, Chen Feng is extremely dependent on this ability.

But now, once the pillar of fire in the center of the earth disappeared, he could no longer have this advantage.

The flame Taoist obviously already knew quite a bit about his shadow ghost steps.

Therefore, at the moment Chen Feng disappeared and reappeared, he also directly flickered and came to Chen Feng again.

However, this also dimmed its light a little.

Obviously, he has been slightly injured.

Then, above his body, there was another group of bright light the size of a wine jar, and it shot forward fiercely!

Chen Feng once again cast shadow ghost steps, and once again avoided!

However, the Daoist Flames came to Chen Feng again, and the light group blasted out again!

Chen Feng launched the third shadow ghost step!

...

So, five times in a row!

Chen Feng's shadow ghost step has been used up all times, and he can no longer use the shadow ghost step!

Once again, Taoist Flames smiled coldly: "This time, where else are you going?"

At the same time, another group of scarlet lights blasted out!

Chen Feng gritted his teeth with a fierce look on his face: "Could it be that you really want to use that card?"

It turned out that up to this time, Chen Feng even had his hole cards not opened!

Chen Feng is decisive, but he is by no means brave.

The reason why he dared to do this is because there is still a life-saving hole card that has not been opened!

Chen Feng stretched his hand into his arms, feeling the delicate but warm material, and a gentle force, penetrated into the body through his hand, making people feel lazy and unspeakable.

What Chen Feng's tentacles touched was the ancient Buddha robes he put in his arms!

It turned out that Chen Feng's hole card was the last chance to use this ancient Buddha's robes.

The ancient Buddha cassock has three chances to use it. After using it, Chen Feng will enter the Buddha dragon bone space.

After he entered the Buddha's bone space, he naturally did not have to fear the flame Taoist.

However, Chen Feng was still hesitant.

He didn't want to waste this hole card. After this time, there will be no more chance to use it!

Moreover, this ancient Buddha robes, logically speaking, should have three chances to take him into the Buddha dragon bone space and three times to take him out of the Buddha dragon bone space.

In other words, there are six opportunities to use it.

But in fact, when Chen Feng got it, there were actually only five times.

Previously, he went in and out twice, and had already consumed four times.

This time is the fifth time.*novelUsb.cOM*

This also means that after he enters the Buddha dragon bone space, he may not be able to escape, being trapped in it forever!

Therefore, if it wasn't for the danger and life hanging by a thread, Chen Feng would definitely not use this hole card!

Chen Feng had a decision in his heart in an instant, he was the one who made such a quick decision.

"It must be used, and it can only be used!"

"If I don't use it, I will die here today!"

"It's just that, when to use it, I said!"

Chen Feng deserves to be Chen Feng, facing the fierce killing moves of the Daoist Flames, his heart is still very clear.

However, Chen Feng's eyes suddenly disappeared, and his heart violently stirred.

Because at this moment, he did not feel the murderous intention from the offensive of the Daoist Flames, and then thought of what the Daoist Flames said just now.

"This also means that Daoist Flames is very likely, not trying to kill me!"

"So!"

The light in Chen Feng's eyes instantly disappeared: "Then, I don't need it!"

"Whether I want to avenge or escape, I must have a certain understanding of the strength of the Daoist Flame!"

"If you want to know his strength, obviously..."

A voice in Chen Feng's heart blasted loudly: "It's the best way to punch him!"

Chen Feng gritted his teeth fiercely: "Then give him a punch!"

So, in the next instant, Chen Feng roared, blasted his fists, and smashed into the scarlet light group!

However, Chen Feng's offensive was directly broken!

In the next moment, the light ball hit Chen Feng's body heavily!

With a muffled hum, Chen Feng was hit and flew dozens of miles away, and fell heavily to the ground!

He wowed, vomiting blood, and instantly his whole body was dyed red.

His face was as pale as paper.

The light in the pupils even diminished sharply for an instant, almost disappearing directly.

His body trembled heavily, and at the same time he was knocked into the air, there were countless fractures and bursts from all over his body!

Chen Feng felt that severe pain came from all over his body!

The kind of pain made him scream and scream!

[Chapter 4000: What happened to Hua Lengshuang?](#)

But Chen Feng forced it back!

His spirit was slackened for a while, only to recover after a while.

Chen Feng immediately felt himself, so he was surprised.

It turned out that at this time, Chen Feng's body was almost broken.

He was severely injured and dying by this blow, and even lost 10% of his strength!

The light above his body was also a burst of light.

Obviously, the repeated extreme urging of his strength just now, the teleport far beyond the level, caused him at least to suffer moderate injuries.

However, it is definitely much better than Chen Feng!

Not only that, but Chen Feng felt sharp pain like needle sticks all over his body.

He turned his head and saw that there were countless tiny scarlet lights on his body.

Just like the thin needles of cow hair shining with scarlet light, they are constantly shining on the surface of the body, and they are sticking into their own body!

This extreme pain not only caused Chen Feng to lose his mind, unable to concentrate, and suffered great physical pain, but also directly shattered the strength he was constantly trying to gather.

"Are these scarlet hairs the remnants of the scarlet light group? This offensive is so vicious?"

Chen Feng laughed bitterly, and said in his heart: "Unexpectedly, the price of this punch is so great!"

"but....."

The light in Chen Feng's eyes flickered, and there was a hint of pride quietly emerging: "With this punch, the gain is extremely huge!"

"Now, I know the true strength of Taoist Blaze!"

"It turns out that he is not the junior of Six-Star Martial Emperor at all, but he is a mid-stage powerhouse of Six-Star Martial Emperor!"

Chen Feng's previous estimate was wrong.

Before he estimated that the strength of the Daoist Flames, no matter how high it is, the Six-Star Martial Emperor will reach its peak in the early stage.

After all, how rare is the Six-Star Emperor Wu?

Besides Zhao Haochu, how could there be another powerful six-star Wudi in Chaoge Tianzi City?

But now, Chen Feng knew that his strength had reached at least the middle stage of the Six-Star Martial Emperor!

With Chen Feng's current strength, after using his embryonic form of the Heavenly Stepping Idol, he could defeat him in the early stage of the Five-Star Emperor Wudi.

Facing the five-star Wudi mid-term, no distinction is made.

Facing the peak of the five-star Wudi, then Chen Feng would fall into a disadvantage, but he could still fight. If you escape, you still escape.

But if facing the six-star Wudi in the early stage, Chen Feng is definitely not an opponent, and can only support three moves at most.

These three tricks can be exchanged for him by his rudimentary form of the **** of stepping on the sky.

As for facing the middle stage of the six-star Wudi...

A wry smile appeared at the corner of Chen Feng's mouth: "I can't even stop a punch!"

"If he didn't want to take back the supreme treasure from me, and wanted to capture me alive, then his punch would be enough to kill me!"

"Of course, if I didn't mean to get you a punch on purpose, I would have disappeared long ago!"

At this time, the flame Taoist came to Chen Feng.

His cold and iron-like voice came: "Boy, if it wasn't just to keep alive, I would have killed you!"

The flame Taoist looked down on Chen Feng: "Now, take Zhao Haochu's clothes, the supreme treasure you got from the main hall of the Great Qinglian Temple, and the relic fragments you picked up!"

"Hand over it all!"

He paused, then suddenly said: "In addition, take out the treasure that can take you teleport."

Chen Feng was startled first, and then he understood.

"It turns out that he thinks I am a three-star martial emperor, and thinks that I am low-powered, and it is impossible to control the high-level martial arts with such a fast teleportation speed, so he thinks I have a treasure!"

When Chen Feng looked up, he could only see a shadow behind that ray of light.

However, this shadow gives him the feeling that it is definitely not human.

"What kind of existence is this? What kind of creature is he? Is it a human or some powerful monster?"

"Or, he is a ball of light, a ball of light already has its own life, and can speak the light of human words?"

Chen Feng was just guessing.

Finally, he smiled slightly, his voice was extremely harsh, but his tone was decisive: "Dreaming!"

His voice was weak, he seemed to be dying, and even his speech was intermittent.

Chen Feng really didn't pretend, he is indeed so weak now.

However, it doesn't matter to him that he is weak now.

Anyway, he only needs to keep the power to open the ancient Buddha's robes!

At this moment, suddenly, Chen Feng felt a scorching heat and vibration in his chest.

Something in his chest suddenly scorched.

Chen Feng was immediately surprised. At the beginning, he thought it was a green jade bodhi branch.

But soon, Chen Feng discovered that it was not the sapphire bodhi branch. The aura from the sapphire bodhi branch was more gentle and peaceful.

And inside this scorching heat and vibration, there is an indescribable anxiety and a trace of despair!

Chen Feng immediately moved in his heart, but he didn't take it out to look.

If you take it out at this time, you will be seen clearly by the flame Taoist.

Chen Feng turned over and lay on the ground, crawling forward with difficulty.

His body dragged a long bloodstain on the ground. At this time, Chen Feng fell in the eyes of the blazing Taoist, that is, he has no strength to struggle now, so he can only crawl forward with difficulty.

He is instinctively moving forward.

The flame Taoist made a strange laugh, and there was a hint of sarcasm in the plain and hard voice:

"I've been beaten so delirious, can I just run away by instinct?"

"Oh, you're not running away, it should be called moving?"

Chen Feng completely ignored his mocking words, just gritted his teeth, with firm eyes, crawling forward with difficulty bit by bit.

His blood has a large bright red trace on the ground.

At the same time, Chen Feng used his body to block the sight of Taoist Flames, and when his hands slipped, something appeared.

It is this thing that is constantly emitting hot power and is trembling slightly.

After seeing this, Chen Feng instantly raised his brows, and a panic appeared between his brows.

Chen Feng showed a panic! This is extremely rare.

The reason for this is that the person involved in this scene is extremely important to him!

It turned out that this thing was actually a wooden hairpin!

This wooden hairpin is simple and unsurprising, and there is no thick and powerful aura from it.

At this time, Mu Chai was trembling slightly, and there was already a layer of red light on the surface, which was constantly shining, hot and scorching, and seemed to be conveying a mood called anxiety to Chen Feng.

These are all.

The most important thing is that this wooden hairpin was left by Hua Lengshuang!
