

## Peerless 4001

### [Chapter 4001: Are you from the Soul Palace?](#)

Chen Feng went to Bai Ruoxi to ask about Hua Lengshuang's deeds that day, and learned that Hua Lengshuang had gone to complete an extremely difficult sect mission, leaving only this wooden hairpin as his token.

From then on, Chen Feng kept the wooden hairpin with him, fearing that Hua Lengshuang might miss something.

But now, this wooden hairpin is like this!

Chen Feng knew in an instant: "Leng Shuang must have fallen into an extremely critical situation! So I ask for help through this wooden hairpin!"

Chen Feng was Chen Feng after all, but at this time, he calmed down instead.

He immediately stared at the wooden hairpin closely. At this moment, he actually felt that his eyes span thousands of mountains and rivers, across countless time and space, and actually saw a vast space!

In this space, there are demons dancing wildly, and there are violent thunder and lightning!

So Chen Feng understood instantly, and sighed softly.

"This wooden hairpin is not as simple as it seems on the surface."

"This thing is not only a token left by Leng Shuang, but it is actually an extremely important tool for that sect mission!"

"If what I expected is not bad, through this wooden hairpin, you should be able to go to the world where Hua Lengshuang is performing the mission!"

"So..."

Now, Chen Feng immediately faced two choices.

The first is to enter the Buddha's skeleton space.

The second is to enter the world where Hua Lengshuang performs the task!

In fact, compared to entering the Buddha's bone space, it is not a good choice to save Hua Lengshuang now.

Because Chen Feng knows very well that although Hua Lengshuang's temperament seems gentle and kind, and she has an indescribable attachment and closeness to herself, she is actually a very proud woman.

If it weren't for an extremely dangerous situation and she would never be able to solve it, she would never speak for help.

Not to mention, she knew very well that her plea for Chen Feng might also put Chen Feng in danger.

Therefore, only one thing can be explained: Hua Lengshuang is now desperate!

Can a woman like Hua Lengshuang be desperate, showing how critical the situation is now?

How dangerous is that!

Chen Feng's risk of entering it is definitely higher than entering the space of Buddha's skeleton.

But Chen Feng made the decision instantly!

He clenched the wooden hairpin, branding the power of his soul, instantly circulating!

"Hua Lengshuang, how can I not save it?"

At this moment, the flame Taoist felt something in his heart.

Suddenly he felt, his heart violently choked, and then a very unpleasant, stunned feeling came!

Among the scarlet rays of light that enveloped his figure, there were two groups of light suddenly flashing.

It's like two human eyes!

His breath fluctuated sharply.

And at this same moment, suddenly, in the sky, suddenly, there were dark clouds!

Then, the heavy rain, thunder snake!

Those pillars of fire in the center of the earth were even directly extinguished.

Then, the clouds revolved, forming a huge funnel-shaped vortex.

In the depths of the vortex, faintly, black, white and gray lines can be seen.

To be able to see the endless space, to see the falling of the stars, to see the day and the earth, the sun and the moon hanging upside down!

Chen Feng looked up and saw it, and the flame Taoist naturally saw it too!

After he saw it, he immediately understood what was going on, and he immediately let out a roar of madness and rage: "Boy! You want to run? You dare to run!"

He already realized what Chen Feng was going to do.

Then, the scarlet light on the surface of his body was radiant, and he wanted to envelop Chen Feng.

But at the same time, the vortex trembled violently.

In the vortex, there was a will full of anger, suddenly passed.

This angry will turned into a violent shout in the void: "Dare the Rat!"

Then, in the center of the vortex, a beam of light suddenly fell like a beam of light.

This beam of light is not thick, only about three meters in diameter, but it is extremely slender, like a huge needle.

However, the power of this beam of light is extremely powerful.

When it was irradiated, Chen Feng felt that he seemed to be able to poke a hole in the world.

In the next moment, this beam of light slammed into the scarlet light shrouded by the blazing Taoist priest.

Then, there was a loud bang, and then there was an extremely violent explosion!

That scarlet light was directly exploded and disappeared without a trace!

That's right, that layer of light that has been shrouding the flames around the Taoist priest has disappeared!

At the same time, the flame Taoist finally revealed its true face!

When Chen Feng looked at it, his heart trembled fiercely!

This look finally confirmed Chen Feng's previous guess.

It turned out that this blaze Taoist is really not a human being.

But its form is also extremely peculiar, neither a human warrior nor a monster beast, not even Lingzhi.

What appeared on the spot turned out to be a cluster of flames!

That's right, it's just a cluster of flames, the cluster of flames the size of a fist, and it's constantly blinking and extinguishing there.

And this flame is not the usual red, nor is it the kind of cyan, but a faint blue.

It is extremely ghostly and evil, the kind of blue that is as poisonous.

Moreover, Chen Feng even saw that in this cluster of flames, there were five people's faces suddenly passed by!

Like a wildfire!

Chen Feng even felt a few powerful soul fluctuations in this flame.

That's right, not one wave, but several powerful soul fluctuations appearing in this flame at the same time.

Without the occlusion of the scarlet light, nothing can be hidden.

Seeing this scene, Chen Feng suddenly felt something in his heart, as if he understood something.

He chuckled and said, "Flaming Taoist, haha, haha, it turned out to be such a blazing method!"

"That's it!"

He had a guess in his mind at this time, but he was not sure.

The disappearance of the scarlet light around immediately caused the flame Taoist to panic to the extreme. The flame flickered violently in an instant, obviously his emotions were extremely fluctuating.

Chen Feng looked at him and slowly said two words: "Soul Palace!"

And when Chen Feng uttered the words Soul Hall, the Daoist Flames jumped violently.

But then. It calmed down, as if the situation was so bad that it couldn't be worse, so he didn't have any good mood swings.

He looked at Chen Fengfeng, and as the flame flickered a few times, a voice rang directly in Chen Feng's heart.

Chen Feng understood in his heart: "This flame can't speak originally, but in fact it has always used mental energy to directly sound in my heart."

[Chapter 4002: Be sure to pay back ten times in the next day!](#)

"It's just that the scarlet light was blocked before, so it can just pretend to speak."

"I think it should not want people to know that it is not a human form!"

The icy voice of Taoist Flames came: "Since you have seen my true face, since you know the words Soul Palace, then..."

His voice was full of murderous intent: "I will definitely kill you today!"

Chen Feng laughed and looked at him and said: "I bet you really can't kill me today!"

If Chen Feng was just guessing, then he is now certain: Daoist Flame must come from the Soul Palace!

"He also came from the Soul Palace!"

It turned out that the moment Chen Feng saw the flame just now, he felt that the flame was very similar to the flame that captured Anlao and sealed it in it.

The only difference is that it is much stronger than that cluster of flames!

But the essence is the same after all.

Chen Feng didn't know how he contacted the Soul Palace, but he knew that his relationship with the Soul Palace was absolutely shallow.

As for whether it is an enemy or a friend, Chen Feng is not easy to distinguish now.

At this moment, the beam of light that looked like a giant needle already covered Chen Fengnong.

Chen Feng suddenly felt the surging power of time and space surging around him.

He couldn't help feeling a move in his heart: "I have been to so many small worlds and traveled through so many time and space before, but no one seems to be as powerful as this one!"

"There has not been such a strong turbulent fluctuation in the power of time and space!"

"What is the reason for this? Is it because the place is so far away, or is it another reason?"

At this time, the Daoist Flames let out a ferocious roar: "I killed you!"

Chen Feng sat up straight at this time, looked at him, smiled and said: "Sorry, now I am immortal, you said nothing!"

He pointed his finger at his chest: "I only say it!"

The light began to slowly turn, and Chen Feng's body slowly left the ground, and as the light contracted, it floated towards the sky.

At this time, Chen Feng suddenly turned around!

He looked at the blazing Taoist, his palm was like a knife, and slowly swept across his neck, making a pose of cutting his throat.

He smiled and said, "Legend of the Flames, everything you do today, I, Chen Feng, will take care of it in the future and return it ten times!"

Chen Feng's voice was very flat, as if he was saying something ordinary.

It's just that the fierce murderous intent in those words made the Daoist flames tremble involuntarily!

In the next moment, the beam of light disappeared without a trace.

And above the sky, there was an incomparably strong time and space fluctuation, and countless time and space forces were raging and dancing wildly, even tearing out the space.

Deep space cracks appeared one after another, and the sky in this area gave people the feeling that it was almost immediately shattered!

And the next moment, the power of time and space suddenly retracted, condensing into a small point!

With a bang, exploded to pieces!

When the power of the sky disappeared, the vortices above the sky, space cracks, etc., all disappeared without a trace!

Only the strength of the strong space remains, telling the Daoist Flames that everything that happens here is not a dream!

He simply couldn't stop Chen Feng from leaving.

It is normal to think about it, no matter how powerful the Daoist Flames are, how can they compete with the power of the sky at that time?

How can it contend with the law of time and space?

Looking at the disappearing Chen Feng, the Daoist Flames let out a crazy roar.

The flames flickered crazily, and the several figures sealed by the flames roared violently.

If you look closely, you will find that the eyeballs of these figures have even turned red, full of killing intent.

In that voice, there was no longer the slightest bit of dullness that was deliberately pretended before, and some were only tyrannical murderous intent.

One thing he didn't want to admit was that besides anger and tyranny, there was a trace of fear in his heart at this time!

Chen Feng's words just now made him feel an ominous premonition.

Chen Feng naturally didn't know what happened here, and he didn't care if he knew.

If the Daoist Flame wants to kill him, he must be prepared to be killed by him. How can he care about the emotion of the Daoist Flame?

At this time, Chen Feng already felt extremely uncomfortable.

It turned out that after Chen Feng was sucked into the center of the vortex, he fell into the empty passage at that time.

Countless black, white and gray dots form one line after another, forming this space channel.

It was not the first time that Chen Feng entered the space channel, but this time it was definitely the most uncomfortable for him.

Because this time the space channel is only slightly similar to the previous one, but in fact it is quite different.

Chen Feng felt that the previous spatial passage was only a few tens of meters in diameter.

Even if he rotates, his rotation is limited, and at this time, this space channel is almost infinite.

Moreover, apart from the black, white and gray lines, Chen Feng also saw that the passageway was shining with colorful lights, grotesque, like bubbles hanging there, adding a lot of color to the passage.

No longer is there only three monotonous colors of black, white and gray as before.

When Chen Feng first came in, he was quite excited when he saw the colorful bubbles.

And when he looked carefully, his breathing stopped.

His body was stiff, his hands and feet were cold.

It turned out that when he took a closer look, he found that the bubble was actually too big to imagine.

Inside, the world was sealed one by one!

Those bubbles seem to be close in front of you, but in fact they are far away in the clouds, and there are trillions of miles away.

In the meantime, there are countless space cracks, countless space storms, countless difficulties and dangers!

Even Chen Feng felt that, let alone touching, even if he touched this idea, he would be swept by the spatial turbulence, I was afraid that he would die alone in the spatial turbulence!

The reason for looking close is because of the illusion produced by the power of time and space.

When Chen Feng's space journey began, it was really comfortable, but he soon discovered something was wrong.

Because this time the space channel has grown bigger, and it seems that it has also become extraordinarily long, and the power of that space is constantly rotating and pulling in this space channel.

As if to tear him to pieces!

And more importantly, this time, Chen Feng entered this space channel when he was seriously injured or even dying!

Therefore, it is even more unable to withstand the tremendous power!

Soon, Chen Feng was dizzy, vomiting blood, and his body was almost torn apart.

He felt that he could not even survive this time.

#### [Chapter 4003: Attacked on arrival?](#)

A wry smile appeared at the corner of Chen Feng's mouth: "Could it be that you have experienced all the hardships before, but now you are dying in the turbulence of this space?"

There was a flash of madness and violence in his eyes, and he let out a violent roar: "I am not reconciled, I am not reconciled! How can I die here!"

At this moment, the green jade bodhi branch on Chen Feng's chest seemed to perceive his emotions.

So in an instant, on the sapphire bodhi branch, there was a burst of blue light spreading out, directly protecting Chen Feng.

That Qingguang wasn't so overbearing, but it was very gentle and powerful, covering Chen Feng's body.

Suddenly, the power of time and space outside couldn't invade in.

Chen Feng suddenly came over.

Then, this blue light quietly penetrated into Chen Feng's body.

Chen Feng felt that his whole body was soaked in warm water, lazily and uncomfortable.

At this time, the sapphire bodhi branch floats in front of Chen Feng, and the sapphire light envelops the wind, forming a warm light cluster.

Exclude all power.

Not only that, but this gentle force slowly penetrated into Chen Feng's body, and it started to treat Chen Feng's almost broken body!

A touch of surprise appeared on Chen Feng's face.

"This sapphire bodhi branch actually has such a function?"

"Not only can it protect me from the corrosive attack of the power of time and space, but it can also heal me! It's a treasure of healing!"

No wonder Chen Feng made such an inference.

With Chen Feng's current strength, ordinary pill, even third- and fourth-grade golden pills, could hardly treat his injury.

This is especially true for general treasures.

I don't know how long it has passed, it seems to be countless years, and it seems to be just a moment.

This feeling of long and short, long and short made him uncomfortable.

But fortunately, Chen Feng can still control it slightly.

He has crossed the passage of time and space many times, naturally knowing that he is now walking in the long river of time and space, so it is normal to have this feeling.

The only thing he can perceive is that the injuries in his body are gradually recovering.

At this time, the wounds on the surface of Chen Feng's body were already solidified, and even the blood scabs fell off, revealing the smooth and jade skin.

And the exhaustion in Chen Feng's body that was deadly, extremely hot, and almost exhausted, all of a sudden faded a lot.

He could feel that his breath no longer burned, nor did he carry the intense pain and red blood mist, but became a lot more comfortable.

A stream of warm and cold air flow continuously in the body, making him uncomfortable.

Chen Feng estimated that the injuries in his body had already recovered by half, and his strength had recovered from 20% to 30%.

Chen Feng sighed slightly and looked at the sapphire bodhi stick floating in front of him: "If my painful injury was changed to before, it would take at least 30 third-grade and fourth-grade golden pills to heal."  
"

"And, at least one year of recuperation!"

"I was healed to such an extent so quickly now! The healing effect of this sapphire sapphire bodhi branch is not weaker than the previous seventh-grade golden pill!"

"And, more importantly..."

Chen Feng's eyes gleamed: "Those 9th-Rank Golden Cores, no matter how powerful they are, and how effective they are, they will disappear after I use them to heal injuries.

"And the sapphire bodhi branch can be used many times!"

Moreover, the more Chen Feng perceives, the more he feels that under the seemingly gentle appearance of the sapphire bodhi branch, the core is actually extremely grand and majestic!

That kind of grandeur and majesty, after letting Chen Feng come into contact with him, he felt that his heart could not help but tremble!

He quickly retracted his consciousness.

Finally, I don't know how long it has been wandering in this space-time passage, suddenly the light in front of him is full of light, and a circle of light suddenly appears.

But soon, as the distance approached, Chen Feng saw, where is the aperture?

This is obviously a huge door!

This door, one after another, filled his sight.

Chen Feng's sight could not even detect the end of this door!

Chen Feng just saw that there were countless runes circulating above the light.

Before Chen Feng could see clearly, he felt a flower in front of him, his whole body was shaken, and a vast expanse of white in front of him.

Then, it was as if he had been kicked out of the passage.

And the next moment, an extremely strong sulphur mixed with flames, mixed with various toxic mists, mixed with the breath of billowing dust, poured into Chen Feng's nasal cavity!

At the same time, a sharp roar sounded from the horizon!

Chen Feng felt an incomparable murderous intent and attacked him fiercely.

However, Chen Feng was extremely calm, there was no panic at all, just a slight smile was outlined at the corner of his mouth: "People have not opened their eyes, and they have just come into this world, they will face such a fight!"

The next moment, Chen Feng suddenly opened his eyes!

Then he saw a huge black shadow violently attacking him!

This is a huge monster beast!

This monster beast has a body like a giant dragon, but the lower part of the body is much fatter than the giant dragon.

And it turned out to have three necks, and at the end of each neck, there was a huge hideous head.

On its ribs, there are two huge wings!

This behemoth, the three heads at the end of the three necks are sheep's heads, lion heads, and snake heads!

Especially the snake head above the neck in the middle is extremely huge and ferocious, fierce and terrifying.

Shekou opened wide, and the red snake letter continued to huff and hiss.

This huge flying monster has a length of seven or eight hundred meters, and its wingspan has reached about 1,230 meters, and its size is extremely large.

Chen Feng judged almost instantly that the level of this monster beast was the pinnacle of the four-star monster emperor!

That is the strength of the peak warrior of the human five-star Wudi!

You know, the more high-level monster beasts are, the smaller their size may not be.

For example, those strong in the Demon Emperor Realm that Chen Feng had seen, few were more than a kilometer in size, and the largest was several hundred meters.

Gein, after the monster emperor realm powerhouse reached this realm, his body was already extremely condensed, and they didn't need such a huge body to support themselves.

Even if they are only two or three meters high, they are enough to blast a 10,000-meter-high behemoth into debris with one punch!

It can be said that it has returned to the basics.

And if a Demon Emperor Realm powerhouse could have such a huge size, then the strength is absolutely terrifying!

"It's not a good sign that I just came across a four-star demon emperor peak."

[Chapter 4004: Dead end!](#)

Chen Feng shook his head.

But at this moment, the three huge heads of the monster beast opened wildly, and the huge mouth almost tore a terrifying angle.

Among them, the sheep's head spit out an endless blue halo, connecting into a terrifying halo like a simultaneous empty channel.

The wider the cyan aperture expands outward, the larger it is, and bursts of terrifying and powerful aura is full of deterrence.

Among his lion heads, he spit out one halo after another, the difference being that the color was purple.

The spiritual energy that came out of the purple aperture was completely opposite to the cyan halo.

Then, the snake's head also opened, and there was a pure white aperture inside, which also spewed out.

These three rays of light, fused together, instantly turned into a light wave with a diameter of hundreds of meters.

Then, Chen Feng was completely enveloped.

Above the halo hundreds of meters in diameter, it seems that there are notes coming out everywhere, with countless voices whispering softly,

When these sounds converge, they become extremely harsh.

Then, it almost smashed into Chen Feng's mind!

Chen Feng only felt that in the cyan light circle, one after another evil and strange voices rushed out fiercely, lingering in his ears, disturbing his mind.

In the next moment, countless illusions appeared in front of him, as if demons and ghosts came in madly.

In an instant, Chen Feng's mood became extremely irritable and restless.

The whole spirit has been greatly affected.

Almost instantly, the strength is greatly reduced, I am afraid that among the ten percent of the strength, it has already gone to 80%.

But Chen Feng did not panic, only a slight sneer appeared at the corner of his mouth:

"Use mental attacks to disturb my mind?"

"Unexpectedly, this monster beast looks like a hand-to-hand combat, but in fact it still has such a tyrannical mental attack!"

But what kind of person is Chen Feng?

His spirit is extremely powerful. In his spiritual world, countless seals have not been unlocked. How can he be affected by this evil voice?

This monster's attack was completely futile!

And its attack method also made Chen Feng's heart move, suddenly thinking of something.

He could not help blurting out: "Three-headed Xuanjin Jiao! It turned out to be three-head Xuanjin Jiao!"

It turned out that Chen Feng actually knew this monster.

Before, when he was reading the books in the Da Ri Jinjing Zhongge, he had seen a book which recorded many strange monsters.

Some of those monster beasts once appeared in the Dragon Vein Continent, but later disappeared.

Some have never even appeared in the Dragon Vessel Continent, but are species from other worlds.

I don't know how those book people know it, maybe he has traveled all over the world.

Chen Feng was still very envious of the experience of those who admired these books.

Unexpectedly, I ran into it here today!

However, he was surprised and surprised. He had never panicked at all. After all, this scene now experienced was compared with the scene where he was chased and killed by the blazing Taoist.

The message of the three-headed Xuanjin Jiao slowly flowed through Chen Feng's mind.

The three-headed Xuanjin Jiao, named Jiao, is actually much stronger than many dragons.

Born in the dark, fierce and vicious, with extremely powerful mental attacks.

And the body is extremely powerful, the body is as hard as black gold.

Hence the name.

The three-headed Xuanjin Jiao, the cub is three heads.

There are four heads in adulthood, and the strongest one can even have five heads!

At this time, the head in front of Chen Feng was the three-headed Xuanjin Jiao, whose strength was equivalent to the four-star Demon Emperor peak powerhouse on the Dragon Vein Continent!

The strongest, up to a six-star monster emperor, is extremely terrifying.

With its mental attack, the three giant mouths opened together, and the three sound waves were mixed together, which can make people phantoms and demons dancing wildly.

There are many powerful but mentally weak warriors who are tortured by their magical sounds and illusions, dancing and dying.

In its body, an extremely rare treasure will be produced.

This information slowly flowed through Chen Feng's mind, making Chen Feng a frown.

"It turns out that the strongest of these three-headed Xuanjin Jiao can reach the Six-Star Demon Emperor!"

But Chen Feng didn't care, after all, this head was just the pinnacle of the four-star demon emperor!

On the contrary, Chen Feng was quite interested in the last sentence of "the body produces the most treasure".

"I don't know what kind of treasure this strange treasure is?"

That terrifying magic sound hits, and countless mental illusions are clustered. If you change to an ordinary person, I am afraid that I have been tortured for a long time by mental breakdown, and may even die directly.

But Chen Feng is different.

In fact, Chen Feng was not affected at this time.

Moreover, a smile appeared at the corner of his mouth: "I still have a killer move that I haven't used!"

"It's a coincidence..."

Chen Feng looked at the three-headed Xuanjin Jiao above the sky, and a sharp look flashed in his eyes: "You are equivalent to a human five-star Wudi peak powerhouse."

"Even if I want to kill you at my peak, it's impossible."

"It takes a lot of effort to make a tie with you, not to mention that with my serious injury, it is impossible to kill you! It is even difficult to escape!"

"But you just used mental attacks in front of me!"

"Play mental attacks with me?"

Chen Feng snorted coldly: "Look for a dead end!"

"Now, I'm 80% sure that I will stay with you!"

The next moment, Chen Feng suddenly clutched his head, screamed sternly, and kept rolling on the ground.

While rolling, he shouted: "Don't come over! Get out! Don't come near me! Get out!"

After all, those hands still waved one after another!

It was as if there were invisible enemies in the air in front of him, and Chen Feng was constantly fighting with them!

Obviously, if someone who doesn't know what he was looking at, he would definitely think that he was already trapped by the evil and demonic sounds, and the spiritual illusion.

There are illusions in front of me, and the whole person is almost crazy.

And the three-headed Xuanjin Jiao obviously thought so too.

A trace of triumph flashed in his eyes, and a strange smile: "Boy, can't you hold it?"

"Hahaha, I expected it to be so!"

His voice was full of pride: "From the time I was born to the present, in more than a hundred years, no less than 60 human warriors have been killed, and there is no evil voice that can hold me!"

He was very proud, so he relaxed his guard.

At the same time, he threw himself down and opened his huge mouth!

Seeing that, he was going to swallow Chen Feng directly.

However, he didn't know what Chen Feng wanted him to think.

Chen Feng wanted him to think like this!

Even when they were still in the air, the three heads were already watching each other on alert, with fierce eyes, full of hostility towards each other, and even more unstoppable greed.

#### [Chapter 4005: Killing you is easy!](#)

Obviously, to them, the body of Chen Feng, an advanced warrior, is extremely tempting and delicious.

Each of the three heads wanted to swallow Chen Feng.

Therefore, now we have begun to fight over and under, ready to fight.

Obviously, in his eyes, Chen Feng is already dead.

At this time, a sneer appeared at the corner of Chen Feng's mouth.

With the three-headed Xuanjin Jiao, the body pressed closer and closer, Chen Feng had already seen his big mouth, the sharp fangs inside, and even saw these fangs hovering inward, spreading to the depth of his throat. Place!

Getting closer, getting closer!

Greed flashed in the eyes of the three-headed Xuanjin Jiao.

In the next moment, he was able to swallow Chen Feng directly!

It is less than ten meters away from Chen Feng!

In its mouth, it screamed triumphantly: "In your human terms, it's easy to kill you!"

At this moment, Chen Feng's eyes flashed coldly: "It's now!"

"This distance is just right!"

He raised his head and smiled coldly: "I don't think so!"

In the next moment, Chen Feng directly let go of his spiritual world!

Let the terrifying mental power of the three-headed Xuanjin Jiao slam into the spiritual world!

And the next moment, there was silence in Chen Feng's spiritual world.

But, suddenly, there was a wave of blue-black mental power invading in.

It is the spiritual power of the three-headed Xuanjin Jiao!

Feeling the invasion of this evil spirit and fierce spiritual power, Chen Feng's spiritual world immediately responded!

In an instant, the bright golden light bloomed.

Like a big wave, it burst out, and directly smashed the invading blue and black mental power!

Not only that, but also followed the source of the blue and black mental power, and blasted outward fiercely!

How noble is Chen Feng's spiritual world? How powerful? How can you allow others to covet and harass?

The three-headed Xuanjin Jiao was about to swallow Chen Feng.

And at this moment, he suddenly saw that the human martial artist, who was already mad and almost stupid, suddenly became clear and bright, how could he be half foolish?

On the contrary, there is endless power on his face, murderous!

In an instant, a very bad premonition surged in his heart.

And before he had time to make any response, the next moment, suddenly, he felt an extremely fierce mental storm rolling out!

In his eyes, a look of horror appeared instantly.

Because he felt that the mental power that he radiated, the mental attack that radiated from him, suddenly shattered!

It seems that there are three strings, the strings composed of three mental powers, which broke directly!

Make his spiritual world very painful!

But this is not over yet!

In the next moment, that powerful mental storm suddenly turned into three sharp needles, and slammed into his three heads!

These three Xuanjin Jiaozuo instantly felt that the inside of their three heads were all turned upside down. He let out a scream of pain, and his whole body twitched violently!

The three heads shook wildly and even collided together.

The three necks were directly twisted.

Not only that, besides the severe pain, he also felt the extreme dizziness and vomiting.

Let him lose his balance directly!

He couldn't help but let out a scream of incomparable screams, like drunk, while his body was shaking, three heads twitched frantically, wow, wow, spouting blood, forming a rain of blood in the air!

He stared at Chen Feng in horror, and screamed, "What's going on!"

At this time, Chen Feng suddenly got up, looked up at him, and said with a sneer: "Do you think this is over?"

The next moment, did not wait for him to recover.

Chen Feng's momentum suddenly rose!

In the next moment, the embryonic form of the god-like figure of Tatian suddenly appeared over Chen Feng!

After activating the prototype of the Treading Idol War Sovereign, Chen Feng also wowed, a mouthful of blood spurted out, his figure was crumbling, and his face was pale.

He has only slightly recovered about 20% to 30% of his strength now, and he has just been able to summon the embryonic form of the God of Stepping Heaven.

This move also caused him serious injuries.

But Chen Feng knew that all these efforts were worthwhile.

Because the result of his serious injury is:

The death of these three Xuanjin Jiao!

In the next moment, the embryonic form of the \*\*\*\* of stepping on the sky raised the sky and let out a fierce roar!

Those two forelegs stepped down heavily.

Suddenly, an invisible light wave quickly spread to the surrounding area, and instantly enveloped the neck of the three-headed Xuanjin Jiao.

That's right, it covered its three necks!

In fact, these two abilities of the rudimentary form of Treading God Elephant and Zun Zun have a limited coverage, with a radius of only tens of meters.

It was enough to deal with martial artists, but it was not enough to deal with a huge monster like the three-headed Xuanjin Jiao.

But Chen Feng didn't even think about covering all the three-headed Xuanjin Jiao. The target it chose was the neck of the three-head Xuanjin Jiao!

Can't cover your whole body, but also cover your three necks?

The invisible light wave directly enveloped the three necks, and in an instant, the three-headed Xuanjin Jiao was extremely strangely fixed in the air.

The other parts of its body can move, all twisting crazily there, but only the three necks are firmly fixed in place and can't move.

It was as if a huge icicle suddenly appeared between that day and the earth, just as if its three necks were sealed inside the icicle.

Its body can twist wildly, but because of the existence of its neck, it can't get away at all.

The face of the three-headed Xuanjin Jiao showed a touch of extreme horror.

It glared at Chen Feng and yelled frantically: "You damn, humble human warrior, what have you done to me? What have you done?"

Chen Feng looked at it and suddenly smiled:

"You just dismissed me just now, right?"

"You just wanted to swallow me directly, didn't you?"

"Just now, you thought it was easy to kill me, right?"

Chen Feng paused, looking at it, his voice slowed, and he said word by word: "Now I tell you, what is it, kill you, it's as easy as turning a palm!"

In the next moment, Chen Feng slowly stretched out his right hand.

Seeing this scene, the six eyes and six pupils of the three-headed Xuanjin Jiao shrank suddenly!

At this moment, it felt bitterly cold all over his body!

It feels that an extreme murder is approaching!

It suddenly realized that it was going to die!

The next moment, Chen Feng smiled, and turned his right hand slightly.

With Chen Feng's right hand flipped, the fear and despair in the heart of the three-headed Xuanjin Jiao reached its extreme.

It yelled frantically: "No, no!"

"But I can't help it anymore!"

As Chen Feng's palm flipped over, the prototype of the stepping idol warlord let out a stern roar, and the giant foot fell again!

#### [Chapter 4006: Fragments of the Great Seal](#)

So, with a snap, the three necks of the three-headed Xuanjin Jiao were sealed in the space inside, and there was a crisp sound, which was directly broken!

When the crackle sounded, the three-headed Xuanjin Jiao felt that his heart seemed to be directly broken!

It uttered a terrible scream, and three wailing sounds sounded at the same time.

But the next moment, the wailing voice was cut off directly, and the curls disappeared.

Because its neck is gone!

Then why does it whine?

The space was directly shattered, and the three huge necks of the three-headed Xuanjin Jiao were also directly turned into debris, which was scattered from the sky.

Those three huge heads fell to the ground with a few sounds.

And its huge body, still in the air, twisted twice by instinct before landing heavily!

However, the vitality of the three-headed Xuanjin Jiao was really tenacious.

This is already the case, its body is still twitching constantly.

The eyes above the three heads were still staring at Chen Feng.

His eyes were filled with despair and regret.

Chen Feng walked to the head that was still as big as a hill, smiled and turned over his palms, and slowly said, "Have you seen it, this is how easy it is!"

The regret in the eyes of those three heads became extremely strong.

It regrets so much at this time!

It regrets why it provokes this seemingly weak human warrior!

But then, that regret turned into extreme resentment.

It struggled to squeeze out a hoarse word: "My people, I won't let you go!"

Chen Feng looked at it, smiled slightly, and said faintly: "You are wrong, it's not that they won't let me go."

"But..."

He paused and smiled: "I won't let them go!"

It is said that the body of the three-headed Xuanjin Jiao produces an extremely rare treasure.

If this is the case, then Chen Feng would never mind killing a few more along the way.

The look in the eyes of this three-headed Xuanjin Jiao seemed to be surprised and fearful, but the light dimmed in the next moment.

There is no more life.

Chen Feng struggled forward, and after trying his best to use the ability of the prototype of the \*\*\*\* of stepping on the sky just now, he had just recovered more than 20% of his strength, and all of them were crushed.

He adjusted his breath for a while before he came to the three-headed Xuanjin Jiao and looked carefully.

But before Chen Feng used it for long, he soon discovered it.

Among the three heads that originally came from the three Xuanjin Jiao, there were dots of light, like golden sands.

Then, this light like golden sand directly formed a token-like existence in the air the size of a palm.

"What is this?"

Chen Feng raised his eyebrows and took a closer look.

Then I saw that this palm-sized thing was quite smooth on two sides.

One side is quite large, the other side is rather narrow and long.

The remaining faces are all sharply angular, with rigid lines, showing a very irregular state.

It's like being broken off from something by life.

On the smooth two sides, there are still seals.

It's just that Chen Feng couldn't tell what was written.

After studying carefully for a while, Chen Feng suddenly clapped his hands, suddenly realized, shook his head and smiled: "That's how it is."

"It turns out that this thing is not a token, it is a fragment of a big seal!"

Chen Feng saw it.

It turned out that this thing was a fragment of a large seal. From its size, Chen Feng felt that it should be about one-tenth the size of the large seal.

The larger side is smooth, and the big seal faces directly below.

The so-called seats above are actually just a few strokes of a character.

With just a few strokes, Chen Feng naturally couldn't see the meaning.

Chen Feng slowly nodded, "Could it be that this is the most precious treasure that the legendary three-headed Xuanjin Jiao will produce?"

Chen Feng looked at this thing several times, but couldn't see why it came.

He whispered: "There is only such a fragment, nothing can be seen."

"Kill a few more three-headed Xuanjin Jiao, if you can make it more complete, then you can see it naturally."

These three-headed Xuanjin Jiao are violent and have a hobby of killing.

The young three-headed Xuanjin Jiao that Chen Feng killed just now has already swallowed dozens of human warriors. Chen Feng's killing of them is also a way of doing things for the sky.

Chen Feng put away this thing, and then slowly stood up straight.

Speaking of it, Chen Feng had just arrived here, and when he opened his eyes, he saw the three-headed Profound Golden Flood Dragon bashing down. He didn't even have time to look at the world around him.

He looked around.

At the next moment, a bizarre world appeared in front of Chen Feng.

Chen Feng looked around, sweeping everything around him into the bottom of his eyes, then a wry smile burst out from the corner of his mouth, and he slowly shook his head.

Then, that bitter smile turned into helplessness.

He leaned back and lay down on the ground, unable to help but let out a silent roar: "God, you play with me!"

"Lengshuang, Lengshuang, you will really find a place when you perform tasks."

It turned out that after taking a glance at Chen Feng just now, he could roughly understand the appearance of this world.

His current position is on a floating mountain.

No, it is a bit inappropriate to say that it is a floating mountain. To be precise, it should be a floating debris.

This floating debris is about hundreds of meters in radius.

The thickness seems to be only about 20 meters, like a broken egg shell that has been enlarged countless times.

I don't know what constitutes this huge floating debris.

Chen Feng knocked, but it felt extremely hard, many times harder than some extremely high-level materials on the Dragon Vein Continent.

When Chen Feng glanced at it, he could see that there were countless floating debris floating in the distance, up and down, left and right, everywhere.

Even when Chen Feng looked up, he could see a huge floating debris hovering about tens of thousands of meters above his head.

Looking down, you can also see that this world seems to be a world composed of floating debris.

And between the floating debris and the floating debris, there are seas after another.

Yes, it is the ocean, but the term is not very accurate, because the ocean is not made of sea water.

Instead, there are huge pillars of fire after another, slices of poisonous fog and smoke of various colors, and countless violent thunder and lightning flashing in the air, and even huge lava ejected out of thin air in the void, and even it's densely packed with space cracks everywhere!

These terrifying things, fused together, constitute this ocean, isolating these fragments!

[Chapter 4007: someone is coming!](#)

"It turns out that it is such a world!"

"It gives people the feeling that there is no distinction between heaven and earth, no distinction between top and bottom, everyone, everything, is like islands floating on the ocean!"

"No, to be precise..."

Chen Feng immediately corrected his words: "It should be said that it is suspended in the ocean, not above the ocean."

"Because, for people in this world, the air they breathe is what I see at this time."

At this time, Chen Feng suddenly had an idea, he quickly took a deep breath of the air in this world, and then carefully observed himself.

In the air, there are various poisonous fog and smoke, small flames, and even fine thunder!

As soon as the air entered his body, Chen Feng felt nothing unusual.

However, when he experienced himself, he was surprised.

It turned out that he found that as the air entered the body, his flesh and blood meridians were slightly burned.

He felt it carefully, and then sighed slightly:

"The air here is poisonous to me."

"The burning of this kind of air to me is very inconspicuous and seems to have little effect, but in fact, it is very harmful in the long run."

Chen Feng perceived it carefully, and then said: "I estimate that if I stay here for about a year, then my body will be destroyed so that it is almost impossible to cultivate."

"If it exceeds three months, there will be irreversible and great damage!"

"Unless you find something that resembles life gems in the ancient ruins, you can live here."

"For me, it's like a deserted ancient ruin."

Chen Feng looked around: "It makes no difference!"

Suddenly, there were sharp roars of beasts in the distance.

Then, Chen Feng saw that there were two or three figures flying towards this far away.

But there are several extremely ferocious monsters.

The level of these monster beasts is not high, only one-star monster emperor.

They were obviously attracted by the strong \*\*\*\* smell of these three profound golden dragons, and wanted to come.

After seeing the three-headed Xuanjin Jiao's corpse, the eyes were bright, and the color of greed appeared inside.

But they also saw Chen Feng.

They are already one-star demon emperors, and they are all quite intelligent, so naturally they are jealous.

Therefore, it just hovered in the sky and did not come down.

However, the color of greed in his eyes never disappeared.

At this moment, Chen Feng suddenly heard the voice of a crisp woman from a distance: "Look, there is someone in front!"

It was clearly not the voice of Longmai Continent, but Chen Feng could understand the meaning of the golden light flowing in the spiritual world.

Chen Feng raised his eyebrows: "There are people here?"

then. He just saw a bright rainbow flashing in the distance, and instantly came to the front.

This brilliant rainbow light turned out to be a giant ship.

The length of this ship is as large as several thousand meters.

However, its shape is quite interesting. It is not the same as the ship on the Dragon Vein Continent. It is not the shape of a streamlined fusiform with narrow front and back sides. Instead, it is like a semicircular shell, like a floating boat. Bowl in the air.

After Chen Feng looked at it carefully, a look of surprise appeared in his eyes.

It turned out that he found that the bottom of the ship was quite smooth, but there were a few deep gaps.

The edge of the ship, although the overall shape is round, is not very regular. It does not look like artificially made, but like natural growth.

Chen Feng's eyes couldn't help showing a strong look of surprise.

"It turns out that this ship is clearly like a walnut separated from it!"

"This ship looks like a half walnut shell magnified countless times!"

"No, this is not like a walnut shell, this should be a walnut shell!"

Chen Feng immediately confirmed his judgment.

There is no magical carving that can be carved like this, only it can grow naturally.

Besides, what are you doing to carve the boat into a walnut shell when you have nothing to do?

Chen Feng couldn't help being shocked: "What a huge walnut this must be, and how huge should the spiritual plant that grows this walnut be?"

"What does it mean for people here to be able to use this as a ship?"

Chen Feng's heart suddenly became excited. He likes things that he has never seen before, and he likes to broaden his horizons most.

Even a very important reason why he wants to improve his strength is to be able to go to the heavens and the worlds, to the other stars, to see what the universe is like.

Chen Feng saw that there were no pavilions on this huge ship, and it felt like they were all living in the cabin.

At this time, behind the railing of the edge of the ship, there were hundreds of people standing there, all looking towards Chen Feng.

Moreover, people are still appearing, pointing and talking here.

However, their attention was more on the huge corpse on the ground.

A girl in a red dress shouted excitedly: "Three-headed Xuanjin Jiao!"

"Master Head, Master Head, that is the three-headed Xuanjin Jiao!"

She jumped and cheered, very excited.

Chen Feng looked at her and saw that this woman was quite young, but only seventeen or eighteen years old, and she was very beautiful.

However, her hair is crimson, which looks a little more wild for her.

And her ears are pointed, but they are not ugly, on the contrary they are very cute.

At this time, she was looking at Chen Feng curiously.

Chen Feng blinked at her, and suddenly a blush flashed across the face of the girl in the red dress.

Her complexion is extremely white, and the fair skin seems to be transparent, so the blush on her face is especially obvious.

After hiding for two steps, he seemed a little shy and didn't dare to look at Chen Feng.

And the words she shouted also caused a commotion among the people on the big ship.

Everyone pointed here and talked loudly.

"What? It turned out to be a three-headed Xuanjin Jiao? The lowest strength also has a three-headed Xuanjin Jiao with a five-layer Xuantian realm?"

"It's really the three-headed Xuanjin Jiao! The three-headed Xuanjin Jiao is not only extremely powerful, but also extremely rare! Our luck is pretty good!"

"Among the ten thousand monsters of the five heavens in the Profound Sky Realm, a three-headed Profound Golden Dragon may appear!"

"Who would have thought? We had just entered the outer area of the Seven Seas Secret Land, and unexpectedly encountered a three-headed profound golden dragon!"

"The secret land of the Seven Seas has a well-deserved reputation. Although it is extremely dangerous, it is also extremely rich. There are many rare monsters!"

Someone pointed at Chen Feng and asked in amazement, "What is the kid next to him? He didn't kill these three-headed Xuanjin Jiao, right?"

#### [Chapter 4008: Shengyang Academy](#)

"No way?"

On the big ship, there was a sound of discussion.

There was also a tall young man wearing a black attire and a burly figure. Pointing at Chen Feng, he said arrogantly, "Boy, did you kill these three mysterious golden dragons?"

However, even though he asked, there was no expression of trust between his brows.

At this time, the ship was very close to Chen Feng, and was already hovering less than a hundred meters away from Chen Feng.

Everyone could see Chen Feng clearly, and naturally they also saw that he was seriously injured and depressed at this time.

Moreover, because Chen Feng was from the Dragon Vein Continent, they couldn't even see Chen Feng's strength.

When the black-robed youth asked this question, suddenly, someone among the crowd laughed and said:

"Jiu Feiyang, you are too stupid to ask this question."

"How could this kid kill these three Xuanjin Jiao? Look at his frail appearance, the three Xuanjin Jiao crushed him to death with one claw!"

The speaker is a purple-robed youth.

This purple-robed youth not only wore purple all over, but also his face was purple, and there seemed to be clouds and mist on the surface of his body.

On top of his head, there were two purple sharp horns.

It's no more than half a foot long, but it feels extremely sharp.

"That's right, Brother Lu is right!"

"Haha, this kid doesn't look like he can kill three profound golden dragons!"

Lu Xingyuan was even more proud of being sought after by everyone, with a smile on his lips.

Chen Feng glanced at him lightly, no waves or waves.

He just stood up slowly, and a proud aura came out of his body, causing everyone to shrink their pupils.

Chen Feng looked at the crowd and said lightly: "Naturally I killed it!"

"You killed it?"

After Chen Feng said these words, everyone on the big ship was taken aback.

Then, there was a burst of huge laughter.

Everyone looked at Chen Feng with different emotions!

There was disdain, ridicule, and contempt, but only did not believe.

The sound of laughter was endless, and some people laughed and ridiculed!

Although Chen Feng had just given them a rather extraordinary feeling, no one thought he was capable of killing three mysterious golden dragons.

"Haha, kid, you don't write drafts before you brag, do you know what level of monsters these three profound golden dragons are?"

A person next to him talked and laughed: "I tell you, the three-headed Profound Golden Dragon, the weakest cub, all have the level of the fifth heaven in the Profound Sky Realm!"

"Yes, haha, the first adult of our Shengyang Academy may not be able to fight the three profound golden dragons on his own. Is this kid crazy? Bragging about this kind of bullshit?"

"Boy, what are you? Huh? You still want to kill the demon emperor in the Profound Sky Realm?"

The tears of the black-robed youth who laughed and laughed were about to come out, and it took a while before he said:

"I guess, there was probably a strong man who killed this three-headed Xuanjin Jiao, took the treasure, and abandoned the corpse here."

"As a result, he found it, so I'm not ashamed here, pretending to be killed by myself!"

Everyone nodded, thinking that this speculation was quite reasonable.

Lu Xingyuan, the purple-robed youth who had ridiculed Chen Feng before, even sneered.

He slowly stood up and looked at Chen Feng, looking down.

Even with sheer disdain and contempt.

"Boy, are you still lying here?"

"Now, let me expose your lies!"

"You will have nothing to hide in front of me, and when I expose your lies, you will lose face even more!"

He was extremely confident, as if he could see through everything Chen Feng.

Full of superiority.

Everyone's eyes immediately fell on him, and the purple-robed youth Lu Xingyuan pointed to the numerous monsters hovering in the sky.

Before he moved, everyone understood what he meant.

"Haha, yes, if he is strong enough, he can kill three profound golden dragons, so how can the dozen or so monsters above the sky that are only the first and second heavens of the Profound Sky Realm? His opponent?"

"That's, why didn't he behead these monsters?"

"Haha, Brother Lu really sees Weizhizhi!"

"Yes, Senior Brother Lu is always smart, and he directly exposes this kid's lies, but he completely loses his face!"

"That's right, Brother Lu is the leader of our Shengyang Academy. He cultivated the supernatural powers of the Third Eye since he was a child. Not only can his eyes perform powerful martial skills, but he can see through the falsehood of the opponent!"

"This kid still wants to fool Brother Lu? It's just a wishful thinking!"

Everyone kept talking and mocking.

Chen Feng just ignored them at this time.

He was thinking about the information revealed in the words of these people.

"They said that these three-headed Xuanjin Jiao are the five layers of the Xuantian Realm. It seems that the Xuantian realm here is equivalent to the Emperor Wu realm of the Dragon Vein Continent."

"And the power they belong to is named Shengyang Academy."

"What's their first seat, the strength is not enough for the Profound Sky Realm Fifth Heaven, but I don't know, what level is this first in their Shengyang Academy?"

"And their Shengyang Academy, what level are they in this world?"

Chen Feng is thinking about these issues.

But Chen Feng's neglect, in the eyes of everyone, was acquiesced, and had nothing to say.

Lu Xingyuan was even more proud.

At this time, among the crowd, a thin senior in Qingpao suddenly coughed slightly.

Suddenly, the crowd calmed down and looked at him in awe.

Obviously, he has a very high status among the crowd.

The thin senior middle-aged observed for a while, and then slowly said: "This three-headed mysterious golden dragon, the three necks, have disappeared."

"As everyone knows..."

He looked at everyone: "The treasure of the three-headed Xuanjin Jiao is in his neck."

"Therefore, it should be the strong man who killed these three profound golden water dragons, took its neck, and then left."

This tall and thin middle-aged man is obviously quite prestigious among the crowd.

When he said this, everyone showed a look of awakening, and nodded one after another: "Master of the Academy is right!"

"Master Master is worthy of being the head of the East Campus of our Shengyang Academy, and a master of the Four Heavens in the Profound Sky Realm. He is truly knowledgeable and has a torch-like eye. You can see the key points at a glance!"

Lu Xingyuan looked at Chen Feng with a sneer on his face.

"Master Master, your inference is even more confirmed. This kid is absolutely impossible to kill the three-headed Xuanjin Jiao."

"Otherwise, where are those three necks?"

This tall and thin middle-aged man turned out to be the head of the so-called Shengyang Academy.

He glanced at Lu Xingyuan, nodded slowly, and said, "What you said makes sense, and the expression in your eyes is also good. It can be said that you don't break the path and observe very carefully."

When everyone heard this, they agreed and praised Lu Xingyuan.

## [Chapter 4009: I'm in... Valley of the Fallen Stars](#)

Lu Xingyuan was praised and even more proud, laughing.

He glanced around, but saw that Chen Feng's face was unwavering, as if he didn't care about him at all.

Suddenly, his face became gloomy and cold, and his heart was bitter.

Suddenly he pointed at Chen Feng arrogantly, hooked his fingers, and said, "Boy, didn't you say you can kill these three profound golden dragons?"

"So good, come here now!"

"I will punch you. As long as you can receive a punch from me, I will admit that you have the strength to kill the three-headed Xuanjin Jiao!"

Everyone burst into laughter.

"This kid absolutely dare not!"

"Yeah, Senior Brother Lu Xingyuan is a dignified Xuantian realm second-layer powerhouse. Here we are second only to Master Headmaster!"

"That's right, I'm afraid Senior Brother Lu will beat him into crumbs with a punch!"

Everyone was there to laugh at Chen Feng, all kinds of cynicism and ridicule.

Obviously, they all think Chen Feng is lying and bragging.

Only the girl in the red dress who saw Chen Feng first looked at him with a strong curiosity in her eyes.

She even faintly felt that this young man was definitely not as vain and ignorant as others said.

Chen Feng listened and shook his head slowly, with a look of disdain in his eyes.

This Lu Xingyuan is really self-righteous, arrogant, ignorant and arrogant.

He is just a mere double heaven in the Profound Sky Realm, and he is not worthy to carry shoes to himself!

Speaking of which, in the Xuantian Realm Second Heaven, that is, the Second Star Martial Emperor, Chen Feng didn't know how many killed.

Not to mention the two-star Wudi, even the strongest in the fleet...

Chen Feng's eyes fell on the master of the palm courtyard.

This so-called Master Master is the strongest among the crowd.

But even so, it was only the pinnacle of Samsung Wudi.

Using the level here, it is the three layers of the Xuantian realm.

With this strength, Chen Feng can smash it with one punch.

To be honest, the total number of people in this boat is not enough for Chen Feng to kill.

Even if Chen Feng is seriously injured now.

Seeing Chen Feng not speaking, everyone's laughter became more intense, especially Lu Xingyuan, who disdainfully smiled and glanced at Chen Feng: "Courageous waste."

Murder flashed in Chen Feng's eyes.

He sneered, and then agreed.

Lu Xingyuan is so arrogant, he doesn't mind teaching the other party a lesson.

At this moment, Chen Feng sneered coldly and wanted to do it!

However, as long as he makes a move, he will teach Jiu Feiyang and Lu Xingyuan an unforgettable lesson.

And the ridiculous doglegs around them, Chen Feng will also clean them up.

As long as Chen Feng takes action, they will realize how terrifying and powerful Chen Feng is!

As long as Chen Feng made a move, the head of the East Campus of Shengyang Academy would realize how ridiculous what he did!

He would know that he was not even an ant in front of Chen Feng.

As long as Chen Feng makes a move, he will shock all of them!

But, at this moment, suddenly, the wooden hairpin in Chen Feng's arms made a soft buzz.

The buzzing was very light, not as violent as before, but there was an extremely anxious, eager, and somewhat joyful mood inside.

It seems that Hua Lengshuang has passed this wooden hairpin and perceives the arrival of Chen Feng.

She felt extremely excited and happy because of this news!

Chen Feng was stunned, and immediately stopped the desire to make a move. Holding the wooden hairpin in his hand, he felt the emotion above.

The next moment, in Chen Feng's mind, a faint voice rang:

"Chen, Brother Chen, I, I am, the stars, the valley of the fallen stars."

"There is still half a month, half a month..."

The sound is intermittent, if there is no such thing, the flute is weak.

After these words were heard, Chen Feng was taken aback at first, and then shivered all over his body.

In an instant, all my cold hair was erected, and the goose bumps were all up!

He fell into an uncontrollable tremor.

Of course, there is still unspeakable ecstasy in this shudder!

It turned out that this voice was actually Hua Lengshuang's voice!

"Has Hua Lengshuang's message come?"

"Hua Lengshuang is not dangerous, right? What is Hua Lengshuang doing? What has she experienced?"

In an instant, countless questions appeared in Chen Feng's mind.

He frantically responded to Hua Lengshuang: "Where are you? What are you doing?"

But no matter what Chen Feng said and how he shouted, Hua Lengshuang didn't hear any voice again.

At the next moment, the voice was completely cut off.

It was as if she had sunk for a long time, she suddenly became sober at this moment, and quickly sent a message to Chen Feng, and then she fell into that endless coma!

Chen Feng sighed slightly, and his whole body calmed down.

"Now, I can at least be sure of one thing."

"First, Hua Lengshuang is still safe. For the time being, for at least half a month, there will be no danger to life!"

"Second, her location is the valley of the falling stars. I don't know this place, but I know it is extremely dangerous when I hear it!"

"third....."

Chen Feng sighed, "I want to find a guide quickly, and then rush there!"

At this time, the mocking words around him were still endless.

Ji Feiyang and Lu Xingyuan ridiculed there.

The face of the girl in the red dress became more and more angry.

Hearing what the people around her said, her expression on her face became more and more annoyed, she suddenly slapped the railing heavily, turned her head to look at them and shouted: "Have you said enough?"

Everyone's faces were stunned, looking at her, they didn't know what was wrong.

However, there is awe in their eyes.

Obviously, the status of the girl in the red dress is definitely not low among them.

The girl with red lips pointed at Chen Feng and said loudly, "This young man, at first glance, she knew that she was seriously injured."

"You are still talking about him here. Under his severely injured body, what he deserves is treatment and healing!"

After that, he looked at Chen Feng and said loudly, "This young man, I don't know if I am willing to go to the boat of our Shengyang Academy to take a short rest and recuperate?"

She deliberately protects Chen Feng, but she doesn't know why Chen Feng needs him to protect it?

Chen Feng was seriously injured at this time, and his strength was one in ten steps, but it was easy to kill their crew!

Chen Feng touched his nose and gave a wry smile.

This woman's kindness, he is not easy to refuse, let alone...

Chen Feng sighed softly, and endured the bad breath abruptly.

"I am a little angry, but saving Hua Lengshuang is a big deal."

In order to spend Lengshuang, Chen Feng endured this tone!

The girl in the red dress had an inexplicable affection for Chen Feng. She looked at Chen Feng with anticipation in her eyes.

#### [Chapter 4010: Pei Muyu](#)

Jifeiyang and Lu Xingyuan, who had spoken before, their expressions changed when they heard these words.

The two said in unison: "Miss, no!"

"Yes, Miss, no! This person doesn't know the details, who knows what he does? Who knows his origin? Is it a spy from another family?"

"Yes, how can we let him board the ship of our Shengyang Academy!"

"Miss, please think twice!"

Only the Master of the Headquarters had deep eyes and did not speak.

The girl in the red skirt sneered: "Didn't you laugh at his low strength just now? What danger can a low strength person cause you even if he gets on a boat?"

"Ji Feiyang, Lu Xingyuan, are you scared?"

What she said, Ji Feiyang and Lu Xingyuan, were immediately overwhelmed and couldn't say a word.

Chen Feng chuckles, this girl is really clever.

The girl in the red dress looked at Chen Feng once again, with a sincere expression on her face: "This son, please come up!"

Chen Feng nodded slowly, arching his hands: "Thank you so much!"

With a flash of his figure, he came to the big ship.

This kind of body technique made everyone feel surprised when they saw it, even the master of the palm school raised his brows.

Everyone felt that they should have underestimated this young man before.

However, no one can still associate him with the death of the three-headed Xuanjin Jiao.

The master of the sect master said in a deep voice: "You carry the three-headed Xuanjin Jiao's body on the boat!"

"These three profound golden dragons, although the treasure is in the neck, but the corpse is definitely an extremely rare thing."

Everyone promised to act.

And the girl in the red dress looked at Chen Feng and said with a clever smile: "My name is Pei Muyu, I don't know what this son is called?"

"Pei Muyu?"

Chen Feng raised his eyebrows.

Pei Muyu smiled and said: "I am an orphan, but adopted by the first adult in the Academy."

Chen Feng nodded. I've heard them claiming to be Shengyang Academy. Although this girl is an orphan, she must have a high status in Shengyang Academy.

He smiled and said, "Feng Chen is next."

This is the pseudonym that Chen Feng usually uses.

Chen Feng doesn't know if there is anything weird in this world, so it's better not to reveal his real name.

Pei Muyu glanced up and down at Chen Feng, then smiled and said, "Master Feng, looking at you, you should not have any demon blood on your body. Human characteristics are extremely obvious."

When Chen Feng heard this, he was taken aback.

Then, he glanced around.

I didn't pay attention just now. I just noticed it now that among the hundreds of people on this big ship, at least 90% of them have some characteristics.

For example, blood red eyes, long ears on the top of the head, or wings on the back.

Even beside him, there was a tall woman with a stature of more than 1.9 meters, and a long tail behind her.

On the back are two black wings that are as big as bats.

Seeing Chen Feng's eyes look over, the woman chuckled and cast a wink at Chen Feng, and the two huge wings on her back suddenly opened.

Chen Feng understood in his heart.

"It seems that for some reason, most of the human races in this world have a trace of the blood of the demon race."

"Devil blood? Interesting." Chen Feng nodded slowly.

The head of the east courtyard stared at Chen Feng, and slowly asked, "Master Feng Chen, I don't know where you are from, and why did you come to the periphery of the Seven Seas?"

"The periphery of the Seven Seas Secret Land?"

Chen Feng raised his eyebrows: "It turns out that this place is the secret place of the Seven Seas."

The East Campus of Shengyang Academy was in charge, with a bit of scrutiny and scrutiny in his eyes.

Obviously, although he acquiesced in allowing Pei Muyu to let Chen Feng on board, he was still worried about him.

Chen Feng said slowly: "Zai is a casual cultivator, traveling around, accidentally traveled here, and came across this three-headed mysterious golden dragon."

He pointed to the three huge corpses of the Xuanjin Jiao.

"Yes, yes, we all know, so you killed these three profound golden dragons, right?"

Lu Xingyuan rushed to say with a playful look on his face.

After all, there was a joking laugh.

Everyone also made a burst of laughter.

Everyone could hear Lu Xingyuan's ridicule clearly.

Obviously, no one believed that Chen Feng killed this three-headed Xuanjin Jiao.

Lu Xingyuan looked at Chen Fengfeng jokingly, but the next moment, his eyes became cold, and even more somber.

It turned out that Chen Feng ignored him and ignored him.

The head of the eastern courtyard also shook his head and laughed, waved his hand, and said to everyone: "Okay, you all go down!"

"Yes." Everyone nodded.

Above the deck of this big ship, there is a flat area, and there is no building higher than the deck. I think it is shrunk below.

Above that deck, there are several huge cavities, with stairs leading down.

Chen Feng glanced around, and saw that the hollow was filled with pavilions.

"It turns out that the surface architecture of this ship's hull was moved to the heart, which is quite interesting."

After everyone left.

Soon, only Pei Muyu, the head of the East Campus of Shengyang Academy, Jifeiyang, and Lu Xingyuan remained on the deck.

The head of the eastern courtyard looked at Chen Feng deeply, did not speak, just turned and left.

However, Chen Feng saw a threatening look in his eyes.

But how could Chen Feng care about it?

Pei Muyu looked at Chen Feng and said with a smile: "Master Feng Chen, this time we are going to the deepest part of the Seven Seas, the mysterious valley of the fallen stars. Would you like to go with us?"

"Valley of Fallen Stars!"

These six words smashed into Chen Feng's heart fiercely.

A smile appeared at the corner of Chen Feng's mouth, and he said softly in his heart: "This is a coincidence. Just going there with them, it saves a lot of trouble."

After he came here, he encountered several things one after another, many things disturbed one after another.

But Chen Feng will naturally not forget the purpose of his coming here.

Just to rescue Hua Lengshuang!

Now that I have a clue, how can I not be excited?

Chen Feng said quietly: "It just so happens that I also want to go to the Valley of Fallen Stars."

"You also want to go to the Valley of the Fallen Stars?"

Looking at Chen Feng, Pei Muyu couldn't help being surprised and his eyes widened.

Suddenly she narrowed her eyes triumphantly and said with a smile, "I see!"

"This time, the ten major sects have joined forces to open the secret realm of the Valley of Fallen Stars. Do you want to get a share of it?"

She smiled like a little fox, but her face was pretty and cute, but she wouldn't be disgusted anyway.

Chen Feng smiled slightly and acquiesced.

At this time, he was even more sure, the message that Hua Lengshuang sent back before was absolutely correct.

She fell here, and the Valley of Fallen Stars opened at this time.
