

## Peerless 4011

### [Chapter 4011: Crazy dog barking](#)

How could it be a coincidence?

"Maybe, Hua Lengshuang is trapped in it!"

"This place, as soon as you hear it, is an extremely strange, secretive, and dangerous place."

Chen Feng didn't know what was going on in the secret realm of the Valley of Fallen Stars, and he didn't want to miss the bottom, so he smiled slightly and nodded to admit it.

He intends to go back and knock on the side.

"Then you follow us!"

The brilliant smile on Pei Muyu's face was like the sun shining into the empty valley in the afternoon, which made Chen Feng feel unexplainably happy when he saw it.

As if there is a peculiar appeal.

She always had a sense of closeness to Chen Feng.

She pulled Chen Feng's sleeve directly: "Go, I'll take you to your room. There are so many rooms on our ship!"

Chen Feng smiled slightly and followed him forward.

Pei Muyu was so cute and cute that she couldn't help but remind Chen Feng of her senior sister.

Although the senior sister is older than herself, she has a girlish beauty.

Chen Feng suddenly felt sour: "We haven't seen each other for several years. She was arrested into the Soul Hall. I don't know what is happening now."

Chen Feng thought of the people trapped in the soul hall, and said silently in his heart: "Wait, wait, soon."

"In a few months, I will save you soon!"

Seeing that Pei Muyu was so close to Chen Feng, both Jifeiyang and Lu Xingyuan showed a touch of jealousy in their eyes.

The difference is that Jiu Feiyang gritted his teeth, his face full of anger, an expression of jealousy.

Obviously, he is straightforward.

Lu Xingyuan's expression remained as usual, but his eyes drifted from Chen Feng's face with a trace of murderous intent.

When Chen Feng walked by Lu Xingyuan, Lu Xingyuan lowered his voice: "Don't let me find a chance, or you will look good!"

Chen Feng listened, only to feel crooked in his heart.

Since just now, this Lu Xingyuan has challenged him in various ways.

Chen Feng just barked as a mad dog and didn't bother to care about him.

When a mad dog makes a few noises at him, you won't even make a few noises at it, right?

He responded like this, directly making Lu Xingyuan's face incredibly hideous, gritted his teeth and stared at Chen Feng, his eyes almost bursting into flames.

Pei Muyu took Chen Feng and walked down the largest hole.

This large hole is extremely smooth, with a downward circular staircase leading to the lowest level.

Chen Feng saw that the space in the ship was extremely huge, and the radius was only a few kilometers, and the height reached nearly one kilometer.

Down the stairs, Chen Feng could see that the ship was an empty shell.

Inside there are pavilions and pavilions.

There are even street restaurants and so on.

It is like sealing a small city inside.

Pei Muyu took Chen Feng all the way down, and while walking, introduced him by twitter.

"Inside, the more you lean on the bottom, the more honorable your identity."

"The closer you get to the edge, the more precious it is."

"Because only at the bottom and on the edge can you get closer to the outside world, and can absorb stronger power from the outside world to facilitate cultivation."

Chen Feng nodded slowly: "That's how it is."

Entering it, Chen Feng found that it was actually a green ocean.

There are flowers, vines, trees and so on everywhere, almost covering those pavilions.

Even spreading directly from the bottom to the top, there are many huge flowers and trees, and vines are vertical and horizontal, like roads.

These flowers and trees are quite spiritual.

Broken golden green vines exuded by the roadside, wrapped around the building one after another, forming a step by the door for people to go up and down.

There was the elegant white flower the size of a washbasin. Seeing Chen Feng and others coming over, suddenly the petals opened, and a cloud of spiritual energy exuding an elegant fragrance, like a cloud of water mist, rushed on both of them, making Chen Feng say no Come out comfortable.

Pei Muyu giggled, lightly flicked on the white flowers, and smiled: "You are the most pleasing!"

The big white flower shook her body and seemed to be very helpful to her praise.

When Chen Feng saw it, he couldn't help but be surprised.

The two of them walked for about a moment, and then they came to the square closest to the edge.

The square has a radius of about 100 meters, and around the square, there are more than a dozen small buildings, each of which is quite luxurious, and the architecture is extremely surprising.

Obviously, the status of people living here will not be low.

Pei Muyu pointed to one of the small buildings.

This small building was not built. It was grown from a variety of exotic flowers and plants. At first glance, it was colorful and fragrant, completely natural.

Pei Muyu said with some pride: "This is my residence."

Then he pointed to the one next to the small building: "This is your residence!"

Chen Feng raised his eyebrows. This small building was rather simple and unpretentious, but it was quiet.

Near the edge of the hull, next to it is the shell of the huge walnut.

Even Chen Feng saw that there was a huge crack in the side window of this small building leading to the outside.

You can even see the outside scene from there.

Chen Feng was quite satisfied with this place, nodded slowly, smiled and said, "Miss Pei, thank you!"

"What are you doing with me?"

Pei Muyu smiled and said.

Suddenly, a small jade bracelet on Pei Muyu's wrist flickered several times, and even buzzed.

Pei Muyu suddenly looked a little flustered, and quickly left Chen Feng, turned around and left, but dropped a sentence: "It's broken, me, it's time for me to practice lunch!"

"Master Feng, please do it yourself!"

"There will be a maid delivering something to eat later, just mention what you want to eat."

The person has left before the words are finished.

He looked flustered, but also quite cute.

Chen Feng shook his head and laughed, and walked into the small building.

The small building has two floors and is quite spacious.

The entire second floor was opened, with a radius of tens of meters.

Chen Feng walked to the window and looked out. The other side of the window was a crack in the huge walnut shell.

Chen Feng could see the outside scene.

He took a deep breath, but then a wry smile appeared at the corner of his mouth.

"Although there are many kinds of spiritual plants here, the air has not become any fresh, it is still exactly the same as the outside."

"If you want to come, people here breathe this kind of air. They've long been used to it." **n0V&usB.com**

"However, this air is very harmful to me. I am here, I am afraid that my body will begin to be damaged after half a month!"

While Chen Feng was thinking about it, suddenly the huge walnut shell trembled violently.

Then, with a swish, he immediately flew up and came quickly toward the distance.

Want to come is already starting to fly.

He couldn't help thinking of the question that Pei Muyu had just asked: "How many days are there from the Valley of the Fallen Stars?"

But Pei Muyu gave him the answer in three days.

[Chapter 4012: This world, that's how it is](#)

"Three days?"

Chen Feng sighed softly: "In these three days, I will do it."

"First, try to recover from the injury, and second, fully understand the situation in this world."

At this moment, a soft voice suddenly sounded outside: "Master, can slaves come in?"

Chen Feng raised his eyebrows and said slowly: "Please come in."

Then, a young girl about fourteen or five years old walked in.

This woman was quite young and looked immature and cute. She looked at Chen Fengfeng with watery eyes with curiosity in her eyes.

Dressed up as a maid, she also carried a tray in her hand.

After entering, Yingying smiled and said: "My son, I am sent by the eldest to serve you."

Chen Feng smiled gently, and pointed to the table in front of him and said, "Just put this tray here. It's not necessary to serve. I have some questions I want to ask you."

"Huh? What's the problem?"

The maid's face was surprised.

However, when she saw Chen Feng's gentle wind and drizzle, she was not very afraid.

Just now, Chen Feng chatted with Pei Muyu along the way and learned a lot of news.

It's just that although Pei Muyu is chatting, it is not that Chen Feng asked what she said.

Therefore, there is a lot of news that Chen Feng still does not know.

When the maid left, it was several hours later.

Chen Feng sighed lightly, looked into the distance with a deep gaze: "That's it, it turns out that this world is like this!"

Through the descriptions of Pei Muyu and others, Chen Feng now has some general understanding of this world.

As a result, a treacherous, but extremely magnificent picture, slowly opened in front of him.

This world is called Xuanming Seven Seas Realm.

The Xuanming Seven Seas Realm is an extremely special world.

Here, there is no ocean, only the poisonous smoke and mist of various things.

This piece of poisonous smoke and fog is called the endless sea of fog.

There is no continent here, there are only pieces of huge fragments, the largest but a thousand miles in radius, on which people can inhabit and survive.

The monster beasts in this world have a level that surpasses the dragon vein continent.

The monster beast with the highest level has even surpassed the Profound Sky Realm Nine Heavens, in other words, it is stronger than the Nine Star Martial Emperor of the Dragon Vein Continent!

Moreover, this clearly exists, and some warriors have even witnessed the appearance of that monster.

It's not like the nine-star Wudi of the Longmai Continent.

But the human martial artist here is quite average.

This world, it is said that millions of years ago, there was a great demon in the chaotic world, so the human race basically has the blood of the demon race.

There are high and low bloodlines, and within the same bloodline, there is also purity.

For those with high blood vessels and high purity, the upper limit is even higher.

The main reliance of human martial artist's cultivation is their own blood.

In the entire Xuanming Seven Seas Realm, the power of human warriors is roughly divided into three types.

They are: Family, Zongmen, and Xuegong.

Because of this endless sea of fog and inconvenient communication, it did not form a huge force.

Regardless of whether it is a family, a sect, or a school, they are divided into eighteen levels.

The eighteenth rank is the lowest and the first rank is the highest.

Shengyang Academy is ranked first.

Although it can only be regarded as the middle class among the first-class families, it is a real first-class school after all.

Their level is probably similar to that of the Xuanyuan Family in the Dragon Vein Continent.

The Xuanyuan Family's Inner Sect was also the top power in the Dragon Vein Continent, but among the nine powers, it could only be regarded as middle.

The strongest person in the Shengyang Academy, the first in the Academy, that is, the master of Pei Muyu, was the first to enter the fifth heaven of the Xuantian realm.

Now on the big ship where Chen Feng and others are located, the strongest is their Eastern Court, whose strength has reached the pinnacle of the Xuantian Realm Triple Heaven.

That is, the four-star Wudi who is infinitely approaching the Longmai Continent.

And it is said that the number one master of the Xuanming Seven Seas Realm is an infinitely close to the Seventh Heaven of the Xuantian Realm!

Chen Feng had no feeling about this.

He saw too many masters. This Xuanming Seven Seas Realm's number one master might not be Xuanyuan Zixi's opponent, let alone Zhao Haochu's opponent.

And Xuanyuan Zixi and Zhao Haochu were definitely not the number one masters in the Longmai Continent.

Chen Feng dared to be sure that there must be at least eight-star Wudi strong in the Dragon Vessel Continent!

I just don't know how many years it hasn't appeared.

From the strength of Shengyang Academy and the others, Chen Feng can roughly judge that the power level of this world is a bit lower than that of the Dragon Vein Continent.

Of course, it's not low enough to break away from this level.

The two are probably just the distinction between strengths and weaknesses within the same large level.

Chen Feng felt that if the Dragon Vessel Continent was a three-star Wudi, then this Xuanming Seven Seas Realm was probably equivalent to a one-star Wudi.

However, in many cases, the difference is the difference between life and death.

Chen Feng whispered: "Shengyang Academy is a first-class strength, equivalent to the nine powers of the Dragon Vein Continent, but the strongest is only the pinnacle of the four-star Wudi."

He couldn't help laughing: "As soon as I came here, I ran into the three-headed Xuanjin Jiao that is equivalent to the peak of the five-star Wudi, so that I thought the power level here was very high."

"Unexpectedly, this world is so weird."

"Monsters are very strong, but martial artists are weak."

"Weak is good! The weaker the better!"

A smile appeared at the corner of Chen Feng's mouth: "I act here, it is more convenient, and there are fewer scruples."

However, Chen Feng is not relaxed.

After all, no world should be underestimated.

Take Hua Lengshuang as an example, her strength is above the Dragon Vein Continent, and she can be regarded as extremely strong.

Looking at the younger generation, they can be regarded as first-class masters. Unless they encounter some old monsters, they can't fall into such danger.

However, he was still trapped here, and encountered danger in a world far less powerful than the Dragon Vein Continent.

This shows that this world, at least the 'valley of the fallen stars', is still fraught with danger.

"What danger did Hua Lengshuang encounter?"

Chen Feng thought in his heart.

However, he couldn't think of anything, so Chen Feng shook his head and put the idea behind.

He took out the wooden hairpin. At this time, the surface of the wooden hairpin was calm, without any waves.

Chen Feng's heart also calmed down: "The Muchai is not abnormal, which means that at least Lengshuang has not encountered danger now, at least the situation is relatively stable."

Chen Feng suddenly understood: "When I came here before, I felt that I didn't know how long I stayed in that space channel."

"It turns out that it's because I've come so far this time, but because the world I'm here this time is a complete world like the Dragon Vein Continent!"

Chen Feng wrote strangely: "These monsters are not good, the warriors here are so weak, how can they compete with the monsters?"

#### [Chapter 4013: Provocation again](#)

Suddenly, at this moment, he heard an extremely clear and sharp scream.

Chen Feng looked out of the crack and saw that outside, about tens of thousands of meters away from this big ship, there was a big fish swimming in the distance.

That's right, just swim past.

Chen Feng suddenly laughed a little at this moment: "This world, the air itself is like sea water, whether it is a person, a monster, or even the land, it is suspended in this water."

"Then Monster Beast, do you use flying or swimming? What's the difference?"

This monster is about a kilometer long, like a giant whale.

It's just slightly longer and narrower than the giant whale, and looks like a combination of giant whale and giant snake.

And on its head and neck, dozens of long whale baleens slowly fell down, flying in the air.

This giant whale, the whole body was showing an extremely grayish gray, and the skin cracked open, forming patches of mottled like tree bark, like a corpse that had been rotten and dried for many years.

But at the same time, that gray gives people an indestructible and extremely tough feeling!

As if sensing Chen Feng's prying eyes, the dead gray eyes of this giant whale rolled.

Suddenly, a gray light flickered, bombarding Chen Feng's location.

It seemed that he was about to hit Chen Feng from the crack.

Chen Feng didn't care at all, just smiled.

Sure enough, when the gray light touched the crack, an emerald green light flashed across the crack, directly blocking it.

"It seems that the defense of this big ship is much stronger than what I had guessed before!"

After seeing its strength clearly, Chen Feng was also awe-inspiring.

"The strength of this monster beast turned out to be the five-star monster emperor."

"It's stronger than the three black golden dragons I killed before, almost equivalent to the six-star Martial Emperor powerhouse of humans."

At this time, Chen Feng also heard cheers from the deck.

He soon arrived on the deck. At this time, he found that the deck was already full of people, and almost everyone was coming up.

At this time, the giant whale monster was not far from the big ship.

On the big ship, many people shouted at the giant whale monster beast, or made various provocative actions.

Some people even directly launched an offensive attack.

Chen Feng frowned, and said in his heart: "Are you trying to die?"

The strongest of these people is the head of the East Campus of the Shengyang Academy, the top of the three-star martial emperor, and most of them have not even entered the martial emperor realm.

How dare they take the initiative to attack the giant whale monster equivalent to the six-star Wudi?

Could it be that you are tired and crooked?

But Chen Feng naturally wouldn't think everyone was a fool, and they must have relied on doing so.

Sure enough, Chen Feng quickly saw that the giant whale monster seemed to be irritated.

The dead gray eyes rolled, and then the whale baleen suddenly stretched out, like a giant whip, lashing towards the ship.

Powerful and powerful, seeing this whip can crush this big ship alive.

On the deck, everyone was fearless.

Sure enough, in the next moment, Chen Feng saw that when the baleen was still tens of meters away from the big ship, countless green lines suddenly appeared on the hull.

There was a bright green light flashing suddenly, forming a mask, blocking the outside of the ship.

The baleen was thrown on it fiercely.

The light wave rippled for a while, but it was unscathed.

The big ship didn't even shake.

Such a powerful blow was directly resolved by this mask!

Chen Feng looked at it, raised his eyebrows, and said in his heart: "Sure enough, they are really dependent."

On the big boat, everyone cheered and became more provocative.

The giant whale-like monster seemed to be too lazy to care about them, just turned around and gave them a cold look, and then left.

At this time, Chen Feng stared at the green lines.

These lines are like a huge formation, unpredictable.

But Chen Feng could see clearly that this was definitely not an artificial formation, definitely not a human seal carving.

The way that is in harmony with the world is completely natural.

This large natural formation contains the unspeakable truth of heaven and earth, and the mystery is unspeakable.

After watching for a moment, Chen Feng was shocked.

It turned out that he discovered that the lines of the so-called formation were actually just depressions one after another on the huge walnut shell.

Chen Feng slowly shook his head: "It turns out that this is a naturally formed depression, forming a huge and powerful formation!"

He took a closer look and found that this magic circle was not profound.

The reason why it has such great power lies in its own toughness.

"This walnut shell is fine, but the spiritual plant that can produce it is absolutely extremely powerful and extremely high-level!"

"If calculated according to the standards of the Dragon Vein Continent, I am afraid that it is already a Lingzhi at the level of the Seven Stars and Eight Stars Demon Emperor!"

Pei Muyu is obviously quite high among the people in this Shengyang Academy.

Yesterday, she was so furious about Chen Feng that everyone was quite jealous of Chen Feng and dare not say anything.

It's just that the look in his eyes is a little strange.

But Jiu Feiyang and Lu Xingyuan don't care about this.

When Chen Feng first came up, both of them had a provocative look on their faces, and their eyes swept away from Chen Feng's face.

At this moment, seeing Chen Feng studying the formation intently, he suddenly laughed, with a look of disdain on his face.

Lu Xingyuan walked to the side of Chen Feng, looked into the distance, and said leisurely: "Some people are born humble at first sight. They really don't have any knowledge."

"What's the matter? Haven't seen such a powerful ship? Haven't seen such a high-level magic weapon made by Lingzhi? Haven't seen such a mysterious and huge magic circle?"

Having said that, there was a burst of disdain and mockery.

Although he was talking from a distance, he was obviously laughing at Chen Feng.

Beside him, Ji Feiyang let out an undisguised laugh: "Feng Chen, do you understand? Only your cultivation base? Only your knowledge?"

The attendants beside them all laughed out loud.

Chen Feng glanced sideways at both of them, a look of greasy and crooked expression in his eyes: "Provocative again? It's not over yet, right?"

At this moment, he just felt funny.

Not only did he see such a spiritual plant, a magic weapon of this level, and a formation of this kind, he could see its depth at a glance.

Even now, he can directly put up such a magic circle.

And these two people are afraid that they can't understand them.

Chen Feng is not only stronger than them, but he doesn't know how much, his vision and experience are not what they can imagine.

[Chapter 4014: Nanami Ratan](#)

Generally speaking, many things above the martial arts here, such as magic formations, such as martial arts techniques, etc., are much rougher and lower-level than those from the Dragon Vein Continent.

He looked at it at this time, only because the stone of his mountain could be used for jade.

That's it.

"These two people really sit down and watch the sky."

Chen Feng didn't even bother to laugh at them.

Let alone hands-on.

Xia Chong couldn't talk about it. Compared with Chen Feng, they weren't even a frog at the bottom of the well, at most they were small insects in the mud at the bottom of the well.

It's not a realm, there is nothing to say.

And he didn't bother to follow Jifeiyang, Lu Xingyuan's common knowledge, but this scene was regarded as a sign of weakness by Jifeiyang, and he did not dare to conflict with himself, and suddenly became more arrogant.

Jiu Feiyang laughed and said, "Although you are low-level and shallow, there is still another advantage, that is, you have self-knowledge."

"Know that I am someone you can't afford!"

After all, there was another burst of smug laughter.

A sharp look flashed in Chen Feng's eyes.

Although he didn't bother to be familiar with these two people, the two of them were endless, and Chen Feng didn't mind letting them know what it means to be someone outside, there is heaven outside.

But at this moment, suddenly on the big ship, everyone's voices were lowered, looking in a certain direction.

More exclamation sounds suddenly sounded.

"Is that the Seven Seas Luo Hanlian?"

"God, I have long heard that this kind of spiritual plant is extremely powerful, as huge as an island, it turned out to be so!"

In the next moment, Chen Feng turned his head instinctively.

Then, he felt his eyes go dark.

It turned out that Chen Feng was already directly occupied by a huge green at this time.

He looked forward at this moment.

In the line of sight, there is no limit, as if the whole world is filled with a huge dark green.

The green is extremely deep, full of the smell of that kind of plant, but it also has the texture of emerald.

Chen Feng stared at both sides, then quickly raised his head and looked down, and finally he could tell the difference.

It turned out that the plant that flooded in front of him, the green that flooded in front of him turned out to be a lotus!

That's right, it's a huge, blue lotus!

As the spacecraft flew to the side, getting further and further away from here, the plant finally showed its true face in front of Chen Feng. What a huge plant this is!

In the void, there is a lotus the size of a land floating!

Every petal, the big one is like a big island!

The cyan rod diameter below it has spread to the depths of the sea of clouds below.

Chen Feng felt that just the diameter of the rod under the lotus flower, its scale would be similar to that of Tongtian Jianmu.

Not to mention, there are flowers that are much larger than the rod diameter.

This is the Seven Seas Luo Hanlian!

When Chen Feng saw a certain place, his pupils shrank even more.

It turned out that he saw that the huge lotus was in the middle of a torus.

On the torus, there are seven or eight lotus seeds.

Chen Feng looked very familiar with this lotus seed.

When he looked at it again, he felt excited.

Chen Feng's eyelids twitched: "I know, I know why I look familiar!"

At this time, Chen Feng finally found out!

It turned out that the shell of the lotus seed was exactly the same as the big ship under him at this time!

"It turns out that this is not half a walnut shell. It turns out that this big ship was made from that lotus seed!"

"Throw away that lotus seed, half of it is this big ship that accommodates everyone in Shengyang Academy!"

The direction of the big ship's flight was an arc, and it looked like it was going to pass by the huge cyan lotus.

As if feeling the presence of people in the Shengyang Academy, the lotus suddenly shook slightly.

Exuding an emotion called friendliness, it is like seeing an old friend whom I haven't seen for many years, quite happy.

This emotion stunned Chen Feng directly.

"These spiritual plants in this world will actually greet humans, and the relationship with humans is so good?"

Of course, this so-called good relationship is not an equal relationship.

More like, more like...

In Chen Feng's mind, a thought suddenly flashed: "It's more like a huge beast, extremely tyrannical, and there are several humans under it, who provide it with food that it can't obtain but extremely loves every day. ."

"So, when those humans come over, it will greet these humans."

At this moment, the emotions displayed by this huge vine are just like that.*noVeluSB.com*

The head of the East Campus of Shengyang Academy, nodding slightly.

On the big ship, half respect and half joy are also conveyed!

When Chen Feng saw the huge cyan lotus that seemed to cover the sky and the sun, expressing extremely friendly emotions to the human warriors, suddenly his eyes suddenly opened up, as if the fog had finally been lifted.

The whole person has a clear idea!

"That's it, I know, that's how it is!"

"I know why the human martial artist is not in a superior position, even in a rather weak situation, facing these monsters without panic!"

"It turns out that they are relying on it!"

"And what they rely on is Lingzhi and the treasures that Lingzhi gave them!"

"For example, the half lotus seed that made this big ship must have been given to them by the huge blue lotus in front of them."

"There are all kinds of mighty powers on it, and it is by virtue of this that they can compete with monsters!"

Chen Feng said in his heart: "In short, compared with the Dragon Vein Continent in the Xuanming Seven Seas Realm, the martial arts cultivation of human warriors is much weaker, monsters are much stronger, and Lingzhi is many times stronger!"

"After all..."

Chen Feng slowly uttered a sentence: "The protagonists of this world are monsters and Lingzhi."

"And the human warrior is just a supporting role here."

However, compared to Chen Feng, putting all the attention in front of him, this one seems to be like the sky and the earth, generally huge. While on the lotus flower, other people's attention is on the other side.

"My previous doubts also have answers."

"The reason why the power gap between monsters and warriors is so great that human warriors can survive is because the spiritual plant in this world is extremely powerful."

"Powerful and spiritual."

"Monsters are powerful, devouring humans, and devouring Lingzhi. Therefore, human warriors and Lingzhi joined forces very early to fight against the monsters."

Chen Feng shook his head: "This world has so rich resources, so many gods, so huge spiritual plants, so tyrannical monsters, but the strength of warriors is so low."

There was something strange in his heart, and he always felt that the facts could not be as simple as he thought.

#### [Chapter 4015: Dare to fight with me?](#)

"This world is really interesting."

A smile appeared at the corner of Chen Feng's mouth, and his eyes flashed: "It seems that the greatest gain in this world should be Lingzhi!"

"I just don't know, what powerful spiritual plant can I get?"

After returning to his residence, Chen Feng began to wonder how to treat his injuries.

"I don't have any healing pills on my body right now, so can I only rely on my own strength to recover?"

"However, if you rely on your own strength to recover..."

Chen Feng frowned and looked outside.

Just before encountering the people in Shengyang Academy, Chen Feng tried to absorb power from the void here, but he found that the power could absorb a little, but with it came extremely strong poison.

"This is a toxin belonging to another world. If I want to absorb it frantically, I am afraid that I will poison myself to death if I haven't recovered."

For a while, Chen Feng couldn't help being caught in a dilemma.

"By the way, I wonder if that sapphire bodhi branch can be used?"

Chen Feng suddenly moved in his heart and picked up the green jade bodhi branch.

When he was in the space tunnel before, the sapphire bodhi branch automatically emerged in front of Chen Feng and began to heal his injuries.

However, this sapphire bodhi branch was silent at this time.

"Can't the green jade bodhi branch be used?"

Chen Feng frowned.

But he didn't panic, just here, in the huge crack of the hull, suddenly a gang wind blew in.

This gang breeze is a common gang breeze in the Xuanming Seven Seas realm, and it is swept by squally thunder and lightning, acid rain, venom, thick fog and so on.

The crack on the hull is not so much a crack as it is one of the existence of the hull itself, but also a part of the hull.

This thing seems to have spirit, like the attack of that cetacean monster, it can block it, and the wind blows in, but it doesn't care.

The gang wind swept across and blew onto the green jade bodhi branch.

Suddenly, the sapphire bodhi branch buzzed slightly, as if to find something novel.

Chen Feng even felt an emotion called joy in his body.

Then, the sapphire bodhi branch floated up and slowly turned.

As it turned, a huge force suddenly formed on the surface of the sapphire bodhi branch.

Then, this force rotates, forming a vortex.

The vortex is getting bigger and bigger, and the suction is getting stronger and stronger, and the wind that just blows in is directly absorbed.

Then, on the sapphire bodhi branch, a misty blue light radiated out, enveloped Chen Feng, and penetrated into the bottom of Chen Feng.

Suddenly, Chen Feng felt a cool, unspeakable comfort.

And the injuries in the body have also been slightly reduced.

Chen Feng immediately felt happy: "It turns out that this sapphire bodhi branch does have a healing effect."

"However, to play its healing role, it requires a relatively strong environment."

"It's like when you're in that space channel, that space channel is all time and space power, how high the level is, it is thousands of times higher than the power level in the general world!"

"In the space-time tunnel, it is equivalent to being in a world full of time and space, so the power of this sapphire bodhi branch can naturally be easily stimulated!"

"Therefore, the blast of wind just now stimulated the sapphire bodhi branch and made it revive."

At this time, the sapphire bodhi branch had absorbed the gang wind.

And the vortex around the sapphire bodhi branch is getting bigger and bigger, and the suction is getting more and more terrifying.

There was a huge amount of outside wind, which was directly sucked in.

Suddenly, the green light of the green jade bodhi branches penetrated into Chen Feng's body.

Chen Feng was overjoyed and immediately sat cross-legged, calmed his mind and began to absorb and restore his strength.

In a blink of an eye, one night is over!

At this time, the surface of Chen Feng's body was covered with blue light.

Suddenly, Chen Feng opened his eyes and stood up suddenly.

On the surface of the body, the blue light shattered.

He let out a long suffocating breath with a strong \*\*\*\* taste, his arms shook, and there was a burst of bones all over his body.

On his body, there were countless dirty blood clots, which were directly squeezed out.

That was the congestion in his body before.

At this time, Chen Feng felt refreshed and uncomfortable.

There is even a sense of ecstasy!

He sighed softly, his power circulated, and a smile appeared at the corner of his mouth.

"One night, it turned me back to 50% of my strength, and now I have reached 50% of my peak!"

Chen Feng suddenly felt a little hungry.

At this time, he suddenly realized that he hadn't eaten or drank anything for almost a few days since he entered Daqinglian Temple.

Chen Feng patted his stomach and chuckled softly: "We have come to another world, and we have to taste the flavor of this world."

Chen Feng was about to go out.

At this time, I suddenly heard a rush of footsteps outside, among which there were laughter and anger.

The next moment, with a bang, the door of his residence was directly kicked open.

Then, a dozen people poured in.

The leader is Jifei Yang.

Beside him, Lu Xingyuan stood there with a sneer at the corner of his mouth.

Chen Feng stared at them without saying a word, but his eyes became colder.

These people are really endless, not only have repeatedly provoked, but at this time they actually broke into their own residence!

After seeing Chen Feng's eyes, Ji Feiyang jumped fiercely in his heart for no reason.

It was an emotion called fear.

But then, this fear was replaced by anger into anger.

A voice in his heart screamed fiercely: "Damn, was I afraid just now? Was I afraid of this little bunny? What is he? Why should I be afraid of him?"

"What can he do to me? What am I afraid of him?"

He stared at Chen Feng and smiled, with an indescribable ferocious expression in his eyes:

"Boy, I wanted to clean up you yesterday!"

"However, because of your serious injury yesterday, I will let you go once!"

"Now, after one night of recovery, your strength has recovered a bit, right?"

He paused, and touched Chen Feng with his hand, with indescribable arrogance: "What's the matter, dare you dare to fight with me?"

Before Chen Feng could speak, Lu Xingyuan next to him smiled slightly.

He looked at Jifeiyang, pretending to disagree, and said, "Jiufeyang, what do you mean?"

"How strong are you? What is this kid?"

After that, he pointed to Chen Feng: "He is just a waste of unknown origin and low strength!"

[Chapter 4016: It's endless, right?](#)

"Even if he regained his strength after one night, he is not your opponent!"

At this time, he seemed to be speaking for Chen Feng, but the yin and yang in his tone contained indescribable jest and mockery.

Obviously, Chen Feng was playing around.

Just don't know, what will he do next.

Sure enough, Jifei raised his eyes and looked at Lu Xingyuan with a smile: "Senior Lu, you have always been resourceful, then tell me, what should we do?"

Lu Xingyuan smiled and said, "Why not do this!"

"Brother blame, you just stand still, and only use one hand."

"As long as this kid can force you to take a step back, even if you lose, how about it?"

After hearing this, Ji Feiyang agreed without hesitation.

The promise was so simple, obviously, he had already discussed with Lu Xingyuan.

Such a posture is just to play Chen Feng.

There was a burst of laughter from the surrounding people: "Feng Chen, dare you to fight?"

"That's, Feng Chen, Brother blamed you for giving you two feet and one hand. You still dare not. That can only prove that you are a complete trash!"

"Haha, not only a waste, but also cowardly and incompetent, as timid as a mouse!"

Everyone laughed constantly.

Obviously, they are the confidants of Ji Feiyang and Lu Xingyuan.

Come here at this time just to besiege Chen Feng.

Chen Feng suddenly glanced away.

He saw the distance from the window, where the head of the East Campus of Shengyang Academy was standing.

But obviously, he doesn't intend to manage.

He looked on there with cold eyes, just watching, with a bit of joking in his eyes.

Regarding Jifeiyang and Lu Xingyuan's provocation and humiliation of Chen Feng, he was pleased to see the result.

When Chen Feng saw this scene, his pupils shrank, and the sneer on his face became more intense!

Seeing Chen Feng shifting his gaze out of the window and looking towards the head of the East Courtyard, Lu Xingyuan smiled, walked to Chen Feng's side, and said in a low voice, "Okay, don't look."

"Tell you, we came here this time, it was the master's acquiescence."

"He also wants to weigh your strength."

He hehe sneered: "He will never save you, so don't think about dreaming!"

He thought he had seen Chen Feng's plan. He thought Chen Feng was asking for help from the head of the Eastern Academy of Shengyang Academy.

Chen Feng gave him a funny look: "I need to ask him for help? He's going with you, it's not enough for me to fight alone!"

"Feng Chen, tell you, no one can save you now, you have only one dead end!"

He looked at Chen Feng, lowered his voice, and said with a gloomy smile: "Don't worry, I know Pei Muyu values you."

"I don't want to offend this little sister, after all, she has a big background!"

"But, who told you to go too close to him?"

A look of jealousy flashed in his eyes.

Chen Feng probably knew why he was so hostile to him.

If at first, he was contemptuous of himself, then he should feel that he threatened the relationship between him and Pei Muyu.

"But don't worry, I won't be too heavy."

"I will discount your bones, I will make you miserable, but on the surface..."

He smiled and said: "I promise that I won't leave a trace of scars. Even if Pei Muyu wants to find my bad luck, there is no reason!"

After that, he gave out a smug laugh.

In his eyes, Chen Feng is like meat on a cutting board.

Chen Feng only found it very funny.

Such a talent who can pinch to death with just one finger, so utterly in front of him?

How funny it looks.

He looked at Lu Xingyuan and said lightly: "It's endless, right? Provocations have been repeated, right?"

"Well, in this case, then I will fulfill you!"

Chen Feng didn't want to bear it anymore.

In the next moment, he will do it!

Let Lu Xingyuan and others know his strength!

And at this moment, suddenly, with a bang, the door was pushed open again.

But Pei Muyu strode in.

She stared angrily at Lu Xingyuan and Ji Feiyang, as well as the group of people behind them.

After seeing her eyes, Lu Xingyuan and Jifei Yang couldn't help but feel a little unnatural.

Ji Feiyang coughed slightly, touched his nose, his face turned sideways.

Lu Xingyuan rolled his eyes and smiled lowly: "Yo, Junior Sister Pei, are you here too?"

"What makes me come here too?"

Pei Muyu sneered: "You two, it's endless, right? You want to bully Feng Chen, right?"

"I warned you yesterday not to hit his idea!"

She walked directly to Chen Feng and stood in front of Chen Feng: "Feng Chen was seriously injured and did not recover at all."

"What are you capable of bullying him?"

She said coldly: "If you want to come, come at me!"

Seeing this scene, Chen Feng couldn't help but show a wry smile.

It was funny and moved.

Pei Muyu didn't know how strong he was at all, but he really didn't have anything to say about his maintenance and care for him.

Lu Xingyuan touched his nose with a smile on his face: "Oh, sister Pei, sister-in-law, grandma, where do we dare to do it with you?"

"Moreover....."

He looked at Chen Feng, with a hypocritical smile on his face, winking his eyes and said: "We just want to learn from Feng Chen brothers!"

Pei Muyu sneered: "I will believe your nonsense?"

And at this time, suddenly, with a bang, this giant lotus boat shook violently as if it had been hit hard!

Suddenly, everyone did not stand firmly, and almost fell directly to the ground.

It was as if the lotus boat had encountered a tyrannical attack.

Outside the small building, the head of the East Campus of Shengyang Academy suddenly changed his face.

He squinted his eyes and sensed it carefully, then his face was extremely ugly, and he shouted sharply: "Everyone, now all follow me on the deck!"

He has a stern face, without any joking.

The sound rolled, spreading across the entire lotus boat in an instant.

But Pei Muyu, Lu Xingyuan, blame Feiyang, they seemed to guess what happened, and their faces suddenly became very ugly.

Chen Feng raised his eyebrows, his eyes were a little surprised, I don't know why they were like this.

Pei Muyu stared at Lu Xingyuan and Jifeiyang coldly: "What are you two doing in a daze? Don't you hurry up?"

When he said that, he pulled Chen Feng's sleeves and prepared to take him up, as if he was afraid that Chen Feng would be bullied by these people if he was not in front of him.

Chen Feng only smiled bitterly.

Lu Xingyuan lowered his voice and shouted in Chen Feng's ear: "Boy, you are just a trash hiding behind a woman!"

"I want to see, one day Pei Muyu can't protect you! Why are you dead!"

After all, take Jiu Feiyang and others away.

Chen Feng looked at his back, his eyes were icy.

[Chapter 4017: The provocation of Chi Yunguan!](#)

After everyone got on the deck, Chen Feng frowned.

In the distance, a huge boat came from across the sky, towards here, approaching at a very fast speed.

This huge boat is several times larger than the lotus boat where the Shengyang Academy is located.

That's not like a lotus seed half thrown away, but like a curved willow leaf.

It's like a willow leaf magnified tens of thousands and hundreds of thousands of times!

The whole body presents an extremely beautiful flowing spindle shape, the whole body is emerald green, and among the emerald green, there is also a little withered yellow.

Like a willow leaf that will go away with the wind in autumn.

It gives people a sense of time is easy to cold, red powder is easy to pass, the emerald green disappears, and the autumn wind is bleak!

The middle part of the willow leaf is slightly sunken, and the surrounding area is much higher than the middle part, and it is slightly turned outward.

The size of this willow leaf is too big and exaggerated, and the momentum is too strong!

Soon, this willow-leaf giant boat was getting closer and closer to the lotus seed boat of Shengyang Academy and others.

Moreover, the willow-leaf giant boat had no intention of slowing down, and it slammed into the giant lotus boat where the Shengyang Academy was located!

The expressions of everyone in Shengyang Academy changed drastically.

They knew well that the formation on the giant lotus boat was more aimed at monsters, not at the same kind of human warriors.

It is very easy to resist monsters, and it is very difficult to resist the giant boats of human warriors!

Under this collision, there is even a danger of being crushed alive!

The head of the East Campus of Shengyang Academy also looked ugly, and shouted: "I don't know who is in front of you? Why do you act like this?"

The other party ignored them at all and still slammed into it!

Seeing the next moment, the huge willow boat and this huge lotus boat are about to collide fiercely together!

On the giant lotus ship, there were even many people from Shengyang Academy who screamed bitterly, closing their eyes and daring not to look again.

However, at the moment when the two were about to collide, suddenly, the willow-leaf giant boat drew an arc and went around directly from the side.

It was like a willow leaf, undulating with the wind, passing lightly, and hovering beside the giant lotus boat.

However, even though the willow-leaf giant boat did not collide with it, the huge wave of air it set off also caused the lotus seed and lotus seed boat to shake violently.

Everyone above, one by one, fell on their backs and was embarrassed.

There was a burst of laughter from the Willow Leaf Giant Ship, full of joking.

On the giant lotus boat, everyone looked at the willow-leaf giant boat, their eyes were full of anger, but there was still a hint of fear, some dared not to speak.

Obviously, they generally felt that the opponent's strength seemed to be better than their own.

The head of the east courtyard stared at that side with thoughtful eyes.

At this moment, on the willow-leaf giant boat, there was suddenly a rough voice: "Chiyun Guan is here. I wonder if the Shengyang Academy is in front?"

This sentence immediately caused a commotion from the Lianzi Giant Boat.

"The people of Chi Yunguan? They turned out to be the people of Chi Yunguan? No wonder they are so strong!"

"Yes, I heard that the founding ancestor of Chi Yun Guan once met a huge ancient \*\*\*\* willow."

"This huge ancient sacred willow even covers dozens of land!"

"Yes, I heard that every hundred years, the ancient divine willow will provide Chiyun Guan with a small piece of its natal willow leaf! This natal willow leaf can be sacrificed and refined into a magic weapon, or it can be refined into a huge willow. Ye Juzhou!"

Many people are worried:

"The people of Chi Yun Guan have always been aggressive and domineering. Didn't you expect that they would not even pay attention to our Shengyang Academy?"

"nonsense!"

Someone sneered and said: "Our Shengyang Academy is not as strong as them, so why do people put us in their eyes?"

Everyone was talking about it, and Chen Feng also learned from the people's discussion that the people on the willow-leaf huge boat belonged to Chiyun View.

Shengyang Academy and Chiyun Temple are both one of the top forces in the Xuanming Seven Seas Realm.

However, it is much stronger than Shengyang Academy.

It can even be said that Chiyun Guan can rank in the top three in the entire Xuanming Seven Seas Realm!

The head of the East Campus of Shengyang Academy was also taken aback for a moment, and then raised his voice and said, "Yes, this is where Shengyang Academy is in front of you."

As soon as the voice fell, on the huge willow boat opposite, there was a bright green light rising, coming here quickly.

Soon, everyone saw that this was actually a willow leaf about thirty to fifty meters long.

There were a dozen people standing on it, and the edges of the willow leaves were extremely sharp and still trembling.

When they came to the side of the giant lotus boat, around the giant lotus boat, naturally the emerald green protective power rose to protect the giant lotus boat.

And the slightly trembling edge of the willow leaf, like the sharpest blade, directly cut the protective cover around the lotus seed boat.

Then it lightly fell on the lotus boat.

This scene caught everyone off guard, with shocked expressions on their faces.

Unexpectedly, my protective cover was cut so easily!

Dozens of people fell on the lotus boat. *nOVELuSb.com*

The head of the man was a big man in black robes, his face was full of beards, and he was very rough.

In his eyes, there was a bit of coldness, and his eyes swept across the people of Shengyang Academy.

The head of the eastern courtyard frowned, walked out, and looked at the black robe man.

He said coldly: "You Gaoyang, what do you mean?"

He knew each other.

The rough man traveled to Gaoyang and said haha, "So it was Su Zhangyuan of Shengyang Academy?"

He glanced up and down at the head of the eastern courtyard: "have you not grown much in so many years?"

This sentence made the complexion of the East Court's Palm Court instantly look very ugly.

However, he couldn't say a word, because the opponent's strength was one level stronger than him.

In the past few years, he has fought against You Gaoyang more than once, and each time he has suffered a terrible defeat.

You Gaoyang paused, then smiled: "What do you mean, it doesn't mean anything."

"It's just that Chi Yun Guan went to the Valley of the Fallen Stars this time. On the way over, we will clean up which one we meet."

"No, I just ran into you Shengyang Academy? Then come over and clean up you!"

He said this lightly, as if it couldn't be easier for him to clean up the Shengyang Academy.

Everyone at Shengyang Academy suddenly looked ugly.

It's just that no one can say anything hard.

After all, Chi Yun Guan's strength is far stronger than Shengyang Academy, and the general strength of Chi Yun Guan disciples is much stronger than Shengyang Academy.

The head of the East Court said solemnly: "Be clear!"

You Gaoyang stared at him, his voice suddenly exploded.

#### [Chapter 4018: Seven Seas Secret Treasure, Monument of Sunfall!](#)

His volume was high, and it sounded like a muffled thunder: "You \*\*\*\* don't play garlic here!"

"Don't understand, do you?"

"Okay, then I'll tell you!"

He stared at the head of the eastern courtyard, and smiled coldly: "We Chi Yunguan will come over this time. To put it mildly, we will discuss with you in the Shengyang Academy!"

"Both sides have a few outstanding disciples to fight against each other and win three games!"

He chuckled: "It's ugly, that's to come and clean up your Shengyang Academy, let you know that I'm good at Chiyun View!"

"After a while, be careful when you fight for that opportunity in the Valley of Fallen Stars! Don't kill yourself in vain!"

When he said these words, he was full of disdain for Shengyang Academy.

Many disciples of Shengyang Academy were filled with righteous indignation.

But Chen Feng moved in his heart: "Are they also going to the Valley of Fallen Stars?"

"What treasure is there in the Valley of Fallen Stars that attracts them? Is it related to the trapping of Hua Lengshuang?"

After hearing what You Gaoyang said, everyone's discoloration changed.

The head of the East Court took a deep breath, staring at You Gaoyang and said, "You must fight?"

You Gaoyang did not hesitate and laughed loudly: "Of course I want to fight!"

The east courtyard of Shengyang Academy was in charge of the courtyard, silent.

But he knew that in today's situation, it is impossible not to fight.

If you lose the fight, then there is still something to say, if you don't fight, this matter will be spread, and Shengyang Academy will completely lose face.

He already knew that today, this situation must be fought!

However, he doesn't really care much, after all, it is not him who will end.

If he really loses, he is embarrassed, but he won't have any greater losses.

But at this time, Yu Gaoyang's gloomy words really changed his expression!

"Of course!" You Gaoyang smiled: "If you lose, then you must hand over the Sunfallen Monument of your Wang Family!"

"The Monument of Rimet?" Everyone in the Wang family had mixed reactions when they heard these four words.

Some were unclear, and some were insightful, but their expressions were extremely shocked.

But the palm of the East Court instantly darkened his eyes and his face was extremely ugly.

He secretly said in his heart: "It turns out that they came here for the monument of our Wang family!"

"How did they know the existence of the Sunfallen Monument?"

"How would they know our whereabouts?"

His gaze was shocked and uncertain.

It turns out that the monument of the sun's fall is the treasure of the Wang family for thousands of years.

Therefore, according to old legend, in the Valley of Falling Stars, there is a great secret that is fundamental to the Xuanming Seven Seas realm.

With this secret, he can even dominate the entire Xuanming Seven Seas Realm.

To unlock this big secret, seven treasures are needed!

These seven treasures are known as: Seven Seas Secret Treasures!

One of them is the Monument of Sunfall!

No one expected this treasure to be in Wang's house!

Even the Wang family disciples didn't know.

This time, only the head of the East Campus knew about this.

The Valley of Fallen Stars only opens once every 10,000 years.

Since the emergence of martial arts civilization in this world, it has only been opened nine times.

But eight times before, many martial arts sects, aristocratic families, and academies returned in vain without gain.

The biggest reason is that this treasure is missing, so that it can't even be opened!

However, they also gradually collected some information about these seven treasures.

They tried desperately to gather around, and finally they all achieved something.

Take the Wang Family, for example, 300 years ago, they got the Monument of Falling Day!

The Wang Family, among the first-class forces, is only considered mid-range.

The reason why I dared to go to the Valley of the Fallen Stars this time and wanted to get a share of the pie is because of the existence of the Monument of Fallen Day!

The head of the East Campus of Shengyang Academy's eyes swept towards Ji Feiyang and Lu Xingyuan.

Ji Feiyang and Lu Xingyuan are the strongest among all the people in Shengyang Academy.

And just now, after hearing the conversation between the head of the East Court and You Gaoyang, Ji Feiyang and Lu Xingyuan's expressions changed drastically.

There was a look of fear in their eyes.

Because they know very well that they are definitely not the opponent of Chi Yun Guan master.

The younger generation of Chi Yun Guan is quite famous and powerful in the entire Profound Ming Seven Seas Realm!

Then, on the side of Chi Yunguan, one person slowly got out of the queue and stood on the open space in the middle.

This is a young man about thirty years old, with dark skin, a short stature, and a rather unremarkable appearance.

However, Chen Feng saw that there was a faint light between his eyebrows.

In the darkness, there was a trace of bronze.

Even the surface of his skin was faintly exposed with a trace of scales, which looked extremely hard.

When he stopped there, he looked at the people in the Shengyang Academy on the opposite side, and said, "Lei Yingyi, the second layer of the Xuantian realm, please advise."

The gaze of the head of the eastern courtyard swept to Ji Feiyang and Lu Xingyuan.

Both Ji Feiyang and Lu Xingyuan were reluctant to play, but they knew that it was impossible for them not to play.

At this time, only the two of them can take action.

The head of the east courtyard raised his chin: "Bug fly, you go."

Ji Feiyang said, "Yes."

He stepped forward and stood opposite Lei Yingyi.

There was a touch of jealousy and fear in his eyes, but it was impossible to retreat at this time, and he could only use courage.

Ji Feiyang suddenly roared, and his body suddenly grew bigger.

Chen Feng saw that there was a dark light flowing continuously in his body.

In a blink of an eye, his body shape was already three times the original size, a full height of about six meters.

The muscles all over his body were knotted, and even the surface of his body was burning with a dark red light.

On top of his head, two huge iron horns the size of a human also appeared.

And his two arms became extremely thick, even several times thicker than his legs, and looked a bit deformed.

Those two fists were even the size of a house, just like two huge pillars.

His nose snorted, his breathing became heavy, and his eyes became blood red.

Chen Feng looked at it and raised his eyebrows. He didn't expect that he still had the ability to transform.

But then, Chen Feng was stunned.

"I want to come, this is from his demon blood, right?"

"It seems that his demonic bloodline should be more inclined to the power type."

"Now that he is transformed, he probably has the strength equivalent to the second-star Wudi, that is, the second layer of the Xuantian realm here, which is a realm higher than before."

Everyone let out a low exclamation.

"Brother Jiu Feiyang used his Vigorous Flame Demon bloodline?"

"Yes, Brother Jifeiyang's bloodline of the Vigorous Flame Demon is quite pure. After transforming at this time, he already possesses one-thousandth of the strength of the Vigorous Flame Demon!"

[Chapter 4019: Lei Yingyi's strength!](#)

Chen Feng could not help but raise his eyebrows secretly.

"It seems that in this world of the Xuanming Seven Seas Realm, everyone knows a lot about the Demon Race and the bloodline of the Demon Race. I will ask more about this matter in the future."

"That Vigorous Flame Demon is also powerful enough, one thousandth of his bloodline has the strength equivalent to the three-star Martial Emperor?"

After Jiu Feiyang transformed, it seemed that his courage was much stronger.

Staring at Lei Yingyi on the opposite side, he let out a muffled roar: "Come on!"

Lei Yingyi on the opposite side didn't seem to care, just sneered coldly.

He stared at Jifeiyang with a serious face: "This is a discussion, I will not kill you."

"However, I will let you taste the strongest pain in your life!"

The next moment, there was a creaking sound on the surface of his body.

It's like a metal hit.

Then, on the surface of his body, slices of scales sprang out.

The scales are not big, each piece is about the size of a small fingernail, but it feels very thick and hard.

This scale armor even covered his whole body, and formed something like an iron helmet on top of his head.

Not only that, the scales on his hands are directly transformed into two long swords about five feet long. The long swords are dark and not very sharp, but they give people an extreme The feeling of horror.

After seeing him transforming, everyone exclaimed: "What blood is this?"

"I have never seen this bloodline!"

But in their surprised and exclamation, Ji Feiyang had already strode forward and rushed towards Lei Yingyi.

Lei Yingyi did not show weakness.

I saw a flash of black light, and the next moment, with a loud bang, Lei Yingyi and Ji Feiyang collided fiercely!

After the two collided, there was a stalemate for a moment.

In the next instant, a huge black shadow flew directly out, screaming terribly.

Then it fell heavily on the ship board!

The whole lotus seed boat seemed to sway a bit!

Seeing this scene, everyone was shocked.

The figure that fell on the ground was unexpectedly blamed!

At this time, Ji Feiyang broke two big holes in his chest, and blood shot out wildly.

He clutched the wound and let out a scream.

In the next instant, his bloodline transformation ended directly, returning to his previous appearance, the blood was already soaking his clothes.

His face was pale, he was coughing loudly, and he was already seriously injured. It is estimated that his strength has gone by half.

He stared at Lei Yingyi on the opposite side with horror, and said tremblingly: "You, how can you be so strong?"

It turned out that at the moment just now, the moment the two collided.

He felt that there was an extremely fierce momentum from the opponent, breaking his own defense, breaking his own muscles, and directly hitting himself seriously!

Not only is the long sword in the opponent's hand extremely sharp, but the power is also beyond his own resistance!

Everyone also exclaimed: "Bad brother blamed for such a terrible defeat?"

"After Ji Feiyang was transformed, he had the strength of the Xuantian Realm Second Heaven, but the opponent defeated him so easily, indicating that Lei Yingyi has at least the strength of the Xuantian Realm Triple Heaven peak!"

"His strength is not much worse than that of Master Master!"

His strength shocked everyone.

What surprised everyone more was his bloodline, which seemed extremely rare and no one had seen it.

Obviously, he also has the blood of the Demon Race, but I don't know which kind.

What is certain is that the physical strength of this demon race is extremely powerful, so that he has an extremely powerful body, and his speed, physical strength, etc., are fully improved.

At this time, Lei Yingyi just smiled coldly there, pointed at the people in Shengyang Academy, and said arrogantly: "Next!"

The palm courtyard of the east courtyard looked gloomy.

He knows that today's defeat is inevitable.

However, the fight should be played!

He glanced at Lu Xingyuan.

Lu Xingyuan's face paled for a while, but he still bite the bullet and walked forward, arching his hand to Lei Yingyi, and said solemnly, "Please enlighten me."

After all, there was a gleam of cold white light on the surface of his body.

The cold white light actually formed a white mist on the surface of his body, illuminating him hazyly, making it difficult to see.

And at the top of this white mist, a gap suddenly opened, like a vertical eye.

These erect eyes, the color of ice white all over, are like ice crystals condensing, and there is a majestic force inside.

In the next moment, there was a cold white light in the vertical pupil, which shot out fiercely and attacked Lei Yingyi.

Lei Yingyi did not dodge or avoid, with both palms in front of him, just taking a step forward!

With a bang, the white light hit him.

Suddenly Lei Yingyi shook violently, taking a step back.

Then, white light shone out again and hit Lei Yingyi again!

Lei Yingyi still does not evade!

So, six times in a row!

Of these six times, Lu Xingyuan attacked and Lei Yingyi was beaten.

Seeing this scene, everyone in Shengyang Academy was extremely excited and shouted:

"Senior Brother Lu is amazing!"

"Yes, let him know that our Shengyang Academy is not easy to provoke! It made him so rampant just now!"

In their opinion, at this time Lu Xingyuan chased Lei Yingyi violently and furiously, and he had the upper hand!

Pei Muyu frowned slightly, always feeling that things were not that simple.

But at this moment, she saw Chen Feng next to him and shook his head.

Suddenly a look of surprise appeared on his face: "Master Feng, why are you shaking your head."

Chen Feng said slowly, "Lu Xingyuan is about to lose."

"what?"

Hearing this, Pei Muyu was stunned for a while.

As for those who were cheering in the Shengyang Academy, their voices suddenly stopped.

Then, they all looked at Chen Feng angrily.

Someone sneered and said: "Boy, you are not only low-powered, but you also love nonsense!"

"Do you know a fart?"

"Yes, I don't understand anything, don't talk nonsense here, laugh generously!"

However, just when their voices fell, they mocked Chen Feng.

Suddenly, Lei Ying moved!

Lei Yingyi, who had been passively defending, suddenly moved!

His body shook one after another, and directly avoided the attack of the vertical pupil.

Chen Feng's movement when he saw him was not like a martial arts technique, but more like the instinct of the demon blood he carried!

After avoiding the vertical pupil's attack, he dodged and came to Lu Xingyuan!

Then, the long sword in his hand stabbed out one after another!

Lu Xingyuan instantly panicked, and in the vertical pupils, the light shook one after another, hitting the two long swords.

#### [Chapter 4020: Did you force me to slap you in the face?](#)

However, the light of his vertical pupil is obviously that the farther away from the body, the greater the power, and the longer the time in the air, the greater the power.

At this moment, he was caught off guard and had to shake in front of him, and his power was greatly reduced.

Suddenly, the two long swords were beaten to pieces.

In a blink of an eye, the light inside the vertical pupil was directly shattered, and even the vertical pupil shrank violently, with a trace of blood in it!

Then, the two long swords slashed crazy on Lu Xingyuan's body protection light!

The light of the protective body is also chopped sonorously, in pieces!

But for a while, Lu Xingyuan's body was exposed!

In a blink of an eye, Lu Xingyuan was completely at a disadvantage.

Seeing this scene, the disciples of Shengyang Academy who had ridiculed Chen Feng just now were all dumbfounded.

His face was red and white, as if he had been severely slapped, standing there, unable to say a word.

Chen Feng glanced at them coldly, without saying a word.

But this look was enough to make them feel hot on their faces, and they wanted to find a place to get in.

They were still mocking Chen Feng here just now.

As everyone knows, in an instant, what Chen Feng said was fulfilled one by one.

And what they said just now turned into slap fans on their faces one after another, making them faceless.

There was a soft whisper among the crowd: "Does Feng Chen have a good vision?"

"Yes, he saw so accurately!"

However, there are still people who still speak hard, saying: "Senior Brother Lu Xingyuan is only temporarily at a disadvantage, and he may not be defeated yet!"

"Oh, is it so?"

Chen Feng heard the words, looked at him sideways, smiled and said, "I said he will definitely lose within five breaths!"

"You believe it or not?"

The disciple sneered: "Of course I don't believe it! How is it possible?"

"If you are lucky enough to guess it once, you think it's amazing? Think you're a human being?"

Someone said with disdain.

"That is, within five breaths, how could Senior Brother Lu fail?"

"Yes, even if Senior Brother Lu Xingyuan is temporarily disadvantaged, he may not lose, let alone lose within five breaths!"

Chen Feng smiled and said: "Do you not believe it? Then we might as well make a bet, how about?"

"What are you betting on?"

One of them asked.

Chen Feng smiled and stretched out five fingers and said: "Bet on Lu Xingyuan, within five breaths, you will lose!"

Those who had just spoken, looked at each other, and their faces showed a touch of uncertainty.

They instinctively agreed.

But thinking about Chen Feng's performance before, he was immediately full of hesitation.

They are not sure of their judgment.

Several people looked at each other, but they were afraid to speak.

Chen Feng glanced at them lightly and smiled contemptuously: "Courageous waste!"

Suddenly, this sentence made them blush.

Chen Feng, this is a naked slap on their faces!

But, they couldn't refute it at all!

They just didn't dare to gamble with Chen Feng.

At this moment, Chen Feng looked at the field, slowly raised a hand, bent a finger, and whispered in his mouth: "One!"

At this time, Lu Xingyuan's protective light was already on the verge of being broken.

But his frustration has not been revealed, only a little downwind.

Then, Chen Fengman chanted: "Two!"

"three!"

When Chen Feng said "three", Lu Xingyuan's body protection light had been completely shattered.

However, in the eyes of others, he can at least fight dozens of more moves.

Those disciples who hadn't bet with Chen Feng just now couldn't help but regret.

In their opinion, if you bet, you and others will win!

Chen Feng looked at him, raised his eyebrows slightly, and then shook his head.

The development of martial arts in this world is still quite weak, much weaker than that of the Dragon Vein Continent.

Almost all of them rely on their own demon blood instinct to fight.

Then, Chen Feng slowly spit out a number: "Four!"

And just when Chen Feng counted to four.

Lu Xingyuan, who was completely shattered by the light of his body, shouted, "I give up, I give up!"

With that, he stepped back several steps in succession, pulling the distance between himself and Lei Yingyi.

Seeing this scene, Lei Yingyi was stunned for a moment.

Then, a strong disdain appeared on his face: "What a daring trash, silly!"

Seeing this scene, everyone was stunned, and the next moment they exclaimed.

"Lu Xingyuan actually gave up?"

"Yeah, he just fell into the wind, and he conceded defeat without being injured?"

"Actually, even if the body protector's light is broken, he can fight Lei Yingyi. It's totally unreasonable to admit defeat!"

"We can see that he is not Lei Yingyi's opponent, but his surrender was too fast! It's too shameful to our Shengyang Academy!"

Everyone made waves of dissatisfaction.

This person really does not have the heart of a warrior!

The students of Shengyang Academy who were just about to bet with Chen Feng were all stupid, standing there blankly, with a look of disbelief.

"Why? How could Feng Chen see so accurately?"

They can't believe it, they don't want to believe it, but they have to believe it.

Because this is the fact!

Chen Feng looked at them with a slight smile at the corners of his mouth: "Does it hurt to be hit?"

This sentence made those people just now afraid to look at him.

They felt that they had been overwhelmed by the boundless humiliation.

It seems that everyone around is watching their jokes and laughing at them!

Chen Feng looked at them and said quietly: "I didn't want to hit you in the face, but if you have to bring your face up and let me hit, then I really can't help it."

On the opposite side of the Chiyun audience, there was a burst of disdainful laughter.

"Lu Xingyuan, I have always heard that you are smart, as expected!"

"Yeah, if he fights with Senior Brother Lei Yingyi again, he will end up like Jifeiyang!"

"Haha, yes!"

Everyone ridiculed, their faces were full of disdain, and they were full of contempt for Lu Xingyuan.

And even the head of the eastern courtyard gave Lu Xingyuan a fierce look!

Lu Xingyuan's face was blue and white. Obviously, everyone's words made him extremely shameless.

However, he was there with a sullen face, without saying a word, not mentioning the battle with Lei Yingyi again.

Because he knows very well that if he fights with Lei Yingyi again, he will definitely end up like blame Feiyang.

After all, he is actually quite a cowardly man.

When you bully someone weaker than yourself, you are very positive, and when you face a strong enemy, you shrink immediately.

So far, Lei Yingyi has won two games in a row.

He stood there proudly, looked at the people in Shengyang Academy, and said coldly: "Who else, come up to fight with me?"
