[Chapter 4031: Monument of Sunfall](#)

"whats the matter?"

Chen Feng smiled and said: "I probably heard it just now. This time I went to the Valley of the Fallen Stars. If there is any competition or something, it should be that each family has appointed young and outstanding disciples to fight. Am I right? "

"Yes."

You Gaoyang respectfully nodded.

Chen Feng then smiled and said: "You Chi Yun Guan, these young disciples, have been beaten by me and are no longer able to fight."

"Then, isn't it this time that you have to go back empty-handed and watch others win the treasure?"

You Gaoyang murmured to himself: "You know that too?"

However, he didn't dare to show any dissatisfaction with Chen Feng, and quickly said with a smile: "That's our weak strength, no wonder the son."

"You don't blame me, but I feel very guilty!"

Chen Feng smiled low, and suddenly looked at You Gaoyang, and said in a low voice: "Since you can't get anything, then don't let others get it."

"Understand?"

"My news, if I have concealed it from them, then they have not arranged it in advance and cannot prepare it in advance."

"At that time, I will end up with you Chi Yun Guan, you say, right?"

Chen Feng's words made You Gaoyang shiver sharply.

He understood Feng Chen's plan almost instantly.

"Feng Chen wanted to do this important thing, but he didn't want others to know his identity, so he said this to me."

He instinctively didn't want to agree.

But then, there was a bitterness in my heart: "Can I not agree? Do I dare not agree? I have to agree!"

Because he found that Chen Feng's remarks are indeed very reasonable.

It is not only Chen Feng's current power and strength that makes him dare not refuse to agree.

And obviously, not telling other sects of Chen Feng's news is the most beneficial way for them to view Chi Yun!

A violent mood surged in his heart: "Since I can't get it, then no one can get it!"

So he almost didn't hesitate, and simply responded.

"Prince Feng Chen, don't worry, I will never reveal your affairs! @"

"it is good!"

Chen Feng laughed and patted him on the shoulder again.

Following Chen Feng's shot, a force swam into Gaoyang's body like a loach.

In an instant, it disappeared without a trace.

You Gaoyang felt a pain in his dantian.

He suddenly changed his face and exclaimed, "Feng Chen, what do you mean by you?"

Chen Feng smiled and said: "It's not interesting, it's just planting a force in your dantian to prevent accidents."

You Gaoyang's face changed for a moment.

Then, it turned into a touch of depression.

He stepped back two steps and bowed deeply to Chen Feng, his expression full of submission.

Although he didn't say much, this action meant that he had completely surrendered to Chen Feng.

Chen Feng laughed and looked at everyone.

None of the people in the boat met him.

Everyone was convinced and bowed to bow to show respect.

Chen Feng laughed loudly, only feeling extremely happy in his heart.

He waved his hand: "Okay, let's go!"

Only then did You Gaoyang dared to take everyone away.

"What is the Monument of Sunfall?"

Looking at the Eastern Courtyard in front of him, Chen Feng asked in a deep voice.

At this time, it was already five hours before Chi Yunguan and others came to provoke him.

It was getting late, and it was almost dusk.

This is the residence of Chen Feng in the lotus boat.

He still chose to continue living in that small building.

Although compared with before, his identity has undergone an earth-shaking change.

Before, in the eyes of the people in Shengyang Academy, this young man named Feng Chen was an ordinary young man who was rescued by them and lived here.

And now, in their eyes, Feng Chen has become a terrifyingly terrifying, mysterious source, even enough to suppress the entire Shengyang Academy!

Everyone's eyes on Chen Feng had already changed.

Before, it didn't matter, he didn't take it seriously, even with a trace of contempt and ridicule.

And now, it is full of awe.

Even where Chen Feng went, they did not dare to stand up directly, but saluted respectfully.

After Chen Feng passed by, he dared to stand up.

However, in Chen Feng's eyes, there was no change between himself and before, and there was no change in his mood.

The residence is still quite simple, but the small building outside can be observed.

At this time, Chen Feng invited the head of the East Court over and asked him about the Monument of Sunfall.

The head of the East Court looked at Chen Feng in front of him, filled with bitterness.

He didn't want to say it, but how dare he?

He has seen Chen Feng's methods and Chen Feng's strength, so he is naturally very clear about what the consequences will be if he doesn't say it.

If you don't eat a toast, you will only have to drink a fine.

"The monument of Rimet is a treasure passed down from generation to generation in my Shengyang Academy."

The head of the East Court said softly: "And this day's meteor monument has a great connection with the valley of the falling stars."

After all, he told the news that the Sunfallen Monument and other seven treasures could open the Valley of Fallen Stars.

Then, he sighed softly: "The secret of the Valley of Fallen Stars is only opened once every 10,000 years."

"It has been turned on eight times before, but every time, we have returned without success."

"It's because of the lack of these seven treasures!"

"I may have made up one or two pieces before, but if the seven treasures cannot be made up, then the core secret door cannot be opened."

"I can't open it, let alone discover the real secret treasure."

"Just ten thousand years ago..."

He paused, took a look at Chen Feng, and then said: "All sects, aristocratic families, and academies have established rules."

"In these ten thousand years, every family will make every effort to find these seven secret treasures."

"Only those with secret treasures are qualified to enter the Valley of Fallen Stars!"

The head of the Eastern Academy continued: "In fact, our Shengyang Academy is not strong enough to participate in this matter in the Valley of the Fallen Stars."

"But it is because our Shengyang Academy possesses this monument of Sunfall, so we can go."

He raised his chin, a look of pride on his face.

"There are dozens of sect families and so on who went to the Valley of the Fallen Stars this time, but in fact, only the seven of us are truly qualified to participate!"

"and so....."

Chen Feng said with a faint smile, "Chi Yun Guan wanted to come to you to **** treasures just to get the qualifications to enter, right?"

The head of the East Court nodded.

Chen Feng stretched out his right hand, smiled and said, "Come on, let me see the Monument of Sunfall."

The palm of the east courtyard sighed secretly.

He had long thought it would be so.

But he didn't dare to say anything, so he had to take out something from his jade bracelet and hand it to Chen Feng.

[Chapter 4032: Harvest at Daqinglian Temple!](#)

This object is about five inches in height.

It looks like an infinitely reduced triangular mountain, but when it is taken out, it becomes bigger and bigger, and it becomes a person tall.

Chen Feng took a closer look and saw that this thing named Riyuzhishi had a square base, but it was still rugged and bumpy.

In that way, it looked like a mountain was reduced and sealed.

On its surface, the whole body shows a golden red color.

Like gold but not gold, like iron and not iron, it seems that it is made of condensed material.

Above it, there are countless runes and seal carvings!

Chen Feng carefully observed the Monument of Sun's Fall for a long time, but nothing was gained.

There was a sudden movement in his heart, and suddenly the spiritual world unfolded.

His own spiritual consciousness began to spread into the monument of Sunfall.

In the next moment, Chen Feng was shocked.

In his mind, there was an extremely magnificent scene.

In front of him was a huge space.

At this moment, in this space, there was actually that star that crashed down in the sky.

This star is surrounded by flames, like a big day.

In fact, it is just a superstar.

And as the big day fell, there were countless golden crows flying around and making a quack.

And when the sun fell, its destination was pitch black, demon energy steaming, and there were countless demons screaming.

With the continuous suppression of the big sun, the countless demons that existed between the heavens and the earth made a stern cry.

Their bodies were torn apart by Dahi, and their souls were directly burned clean by the high temperature.

This star falls, I don't know how many demons have been suppressed, and how many demons have been killed.

Chen Feng suddenly retreated from this illusion, already dripping with cold sweat on his forehead.

He was panting heavily, shocked in his heart.

"Unexpectedly, there is such a secret in the Monument of Fallen Day."

His eyes were deep and gloomy: "Actually, this shouldn't be called the Monument of Sunfall, this is actually a huge star!"

"Huge stars have fallen, the valley of the fallen stars..."

Chen Feng muttered a few words gently: "All this is related to the fall of countless demons."

The demon fell!

In Chen Feng's mind, in the incomparable chaos, there was a ray of aura shining.

He felt that he seemed to have caught something, but it was hazy and not so real.

Chen Feng thought about it for a while, but couldn't think of it.

I had to shook my head, put this thought behind, and ignored it.

Chen Feng looked at the head of the eastern courtyard and suddenly raised his eyebrows and said, "What are you still doing here? Is there anything else?"

The head of the East Court was dumbfounded, and the whole person was stupid.

After a long while, he recovered and laughed, "It's okay, it's okay, I'm leaving now."

After all, it means leaving.

Looking at his back, Chen Feng's eyes were deep.

He is not a greedy temper at all, at least he will not rob others directly.

However, the matter is big, these seven treasures are related to the opening of the Valley of Falling Stars, and opening this secret store is most likely related to the whereabouts of Hua Lengshuang.

Therefore, Chen Feng must ensure that these seven secret treasures are under his control.

In this way, he can rest assured.

"I didn't see the monument of Falling Fall this day, so I came, but it is normal to want to come."

"It was originally a treasure in this world. Even if I can see it, I'm afraid it won't be usable."

"This treasure doesn't make much sense to me for the time being, but the few treasures I own can now be taken out to take a look!"

Thinking of this, Chen Feng showed a smile at the corner of his mouth.

His whole body became lively and uncomfortable, and his mood was extremely good.

Now, it was time to examine what he had gained from the main hall of Daqinglian Temple.

After coming to this world, Chen Feng first encountered a surprise attack by the three-headed Xuanjin Jiao, and then encountered so many awkward things that he had never had time to see.

Now, it's time!

He glanced around and saw that no one was there, he sighed slightly and sat down by the window.

Then, first took out a treasure.

This thing is a piece of clothing, the whole body is green and black.

It seems to be made of coarse cloth Ge robe, with a hint of deep desolation.

It's not like made by today's people, but a bit wild and ancient!

This time, the treasure that Chen Feng took out was nothing else, but the robe from Zhao Haochu.

Zhao Haochu was the lord of Chaoge Emperor City.

Before Chen Feng, so offended Chaoge Tianzi City, he would naturally arrange for them.

Under Chen Feng's various investigations, he got a message from Bai Ruoxi.

Bai Ruoxi is already six or seven hundred years old, and a strong man in his realm has a life span of only about a thousand years.

He has lived for so many years, is very old, and has a very broad knowledge, knowing many secrets that no one else has ever heard of.

Chen Feng didn't ask him any special questions at the time, but asked him to tell himself everything he knew about the abnormality of the Chaoge Emperor City City Lord's Mansion.

That is, from him, Chen Feng learned that in addition to a seal and a scroll of scripture, there is a treasure that has been passed down from generation to generation by the lord of the emperor city of Chaoge.

It was the robe on them.

This robe is handed down from generation to generation.

Chen Feng felt that something was wrong at the time.

It is normal for other things to be passed down, but a robe is used as an inheritance, so there must be a great special place.

Moreover, other things are inconvenient to carry around, but this robe can be carried around.

Therefore, at the time in the main hall of the Great Qinglian Temple, Chen Feng saw Zhao Haochu enter the main hall of the Great Qinglian Temple, and after taking off his robe, he made up his mind, except to **** the treasure in the main hall of the Great Qinglian Temple. Besides, he is also determined to win this robe.

Therefore, when Chen Feng fled, he also took it out.

Chen Feng shook the robe away.

This robe, worn on Zhao Haochu that day, seemed to change with his body shape, and did not feel so big.

After shaking off at this time, Chen Feng discovered.

This robe has a height of three feet and six feet, and a width of two feet and four feet.

As for the two sleeves, they are even large sleeves in a wide robe, and they add up to a length of about five or six feet.

As if for giants.

But after Chen Feng shook the robe away, the robe flew without his control and stood proudly in the air.

And the robe shook away naturally.

When Chen Feng saw it, his pupils suddenly shrank.

He finally knew why this robe was so big.

It turned out that the inside of this robe was densely packed, revealing countless words.

[Chapter 4033: Vientiane Tabard](#)

These words are neither written nor embroidered.

At this time, the robes were unfolded, and the light came in from the outside, and after falling on the robes, naturally, words appeared between the light and shadow.

And the top four characters are impressively: Vientiane jersey!

Vientiane Tabard!

Chen Feng nodded slowly: "Is this the name of this robe?"

He continued to look down, but he found that these words could not be read clearly.

In a trance, nothing is clear.

Chen Feng knew clearly: "I'm afraid that these words are not simple words, but are exuded by a certain treasure, which is similar to the inheritance of a book of scripture and a secret book."

"If I can't get this treasure and break the seal, then I can't get this inheritance."

Chen Fengzai carefully looked at it for a while before it became clear.

It turned out that these words actually came out from somewhere on the robes.

Chen Feng immediately flew there to watch, then a smile appeared at the corner of his mouth, and he nodded slowly: "That's it."

Chen Feng finally discovered these words, where did the interlaced light and shadow come from!

It turned out to be from a small button beside the collar of this robe.

But this little button is shaped like a leaf, like a withered leaf.

Chen Feng looked very familiar with the fallen leaves.

It turned out that he also had one here before!

It's the leaves of the Shenyuan Colorful Tree! It was born naturally, hidden in the avenue, engraved with idols stepping on the innocent vitality, leaves!

The reason why Chen Feng was able to condense the Shenyuan battle body was relying on the leaves of the Shenyuan Colorful Trees he had obtained before!

Chen Feng was ecstatic.

He had been looking for other secrets for the idol Tatian Zhenzheng, and this time, he had never expected that he could actually get this from the robe of the city lord of Chaoge Tianzi.

As a result, he didn't expect that there really was this treasure on the robe of the city lord of Chaoge Emperor!

This little thing that looks like an ordinary button, but inside it is engraved another part of the profound meaning of the idol's innocent vitality!

Chen Feng laughed loudly and was in a great mood: "God really helped me!"

Chen Feng whispered: "The leaves of the Shenyuan Colorful Tree I got there are a bunch of leaves."

"But those piles are just part of the fragments of the True Qi of the Heavenly Image."

"The rest are all obtained by other forces such as Chaoge Tianzi City. There is also a share in Chaoge Tianzi City. Now it seems..."

A smile appeared at the corner of his mouth: "The profound meaning that Chaoge Tianzicheng got should be here."

"They don't know what secret method to use to fuse those leaves into one part, and then use the secret method to reduce it."

"Turn it into this small leaf, the size of a finger as an ornament, and put it here as a button."

Chen Feng smiled: "If I didn't know the details of this thing, I'm afraid I wouldn't find it!"

Chen Feng pressed his hand on the little leaf, his expression cautious, and his strength burst out.

He wants to break the seal on this now!

In an instant, Chen Feng felt that his mind seemed to sink into a huge world.

This is the inner world of that little leaf, which is actually huge and powerful.

After Chen Feng entered it, he discovered that a huge and vast blue-black power was violently bombarding him.

Chen Feng is very familiar with this blue-black power, it is the powerful power that belongs to Zhao Haochu!

Fierce and majestic, he roared and attacked Chen Feng!

Among them are countless ghosts and zombies, ups and downs!

Chen Feng is still like a mountain, and the golden bright power radiates out.

Just be defensive.

With a bang, the two collided, and Chen Feng's golden power dissipated directly.

Chen Feng was also shocked!

But he didn't have the slightest fear, but a smile appeared on the corner of his mouth.

"Sure enough, as I expected."

It turned out that Chen Feng could feel that although the blue-black power was great, there was some lack of support inside.

Chen Feng once again condensed his strength to attack, and was crushed by the cyan power again.

Then, it condensed again and was crushed again.

So, it was repeated more than ten times.

Finally, when the blue and black power smashed the golden power again, the blue and black power trembled violently, and numerous cracks appeared.

Next, Chen Feng's golden power began to defensively.

Bombard three times in a row!

Finally, the black power was about to collapse.

It turned out that this blue and black power was the seal left by Zhao Haochu, a six-star Wudi peak powerhouse, and it was naturally very powerful, and it could not be easily erased by Chen Feng.

However, he is also powerless!

These powers are gone if they are gone.

A smile appeared at the corner of Chen Feng's mouth: "Of course you will be unable to succeed. Now we are separated by a world!"

After that, with a light smile, he shattered the last trace of black power directly, disappearing without a trace.

When Chen Feng withdrew from his mind, he saw that the surface of the gray button, which was originally gray, had a light flowing like emerald.

The prohibition has been erased!

At the same time, Zhao Haochu, who was on his way to Chaoze Tianzi City under the mountain of sorghum in the distant Dragon Vessel Continent, suddenly shook his body.

He wowed, a big mouthful of blood spurted out!

His face was pale, and there was a trace of blankness in his eyes!

The next moment, there was a flash in his eyes, and his face was full of anger, screaming crazy:

"My restraint, my restraint on the Vientiane shirt! It was broken by that kid!"

"He is not dead yet? I want your life!"

He clenched his fists and screamed wildly.

But unfortunately, what Zhao Haochu thought had no effect on Chen Feng now.

at this time. Chen Feng saw that as his mind turned, the words radiating from the little leaves had become condensed.

He can see clearly, and he can cultivate.

However, Chen Feng was not in a hurry to practice.

He is continuing to observe this treasure named Vientiane Tabard.

Chen Feng pondered for two or three hours before groping through all the secrets of this Vientiane shirt.

It turns out that on this Vientiane battle robe, there is not only the leaf of the Shenyuan Colorful Tree.

A total of eight accessories are worn on the Vientiane battle robe.

These eight accessories, cufflinks, collars, jade buttons around the waist, hanging jade pendants, etc.

But each of these eight accessories has a special purpose!

For example, the jade buckle on the waist is a treasure of defense.

After the urging, it can even withstand a blow from the six-star Wudi peak powerhouse.

[Chapter 4034: Soaring combat power](#)

For Chen Feng, these treasures are extremely powerful.

Because this magic weapon is for the city lord of Chaoge Emperor City himself, he himself is the pinnacle of the Six-Star Martial Emperor, and is even infinitely close to the powerhouse of the Seven-Star Emperor.

Then, of course, the treasures on it must resist the attacks of enemies of the same level, or even stronger than itself.

But it would not be aimed at the three-star Wudi, the four-star Wudi, which seemed to him like an ant enemy.

Therefore, it can be said that for Chen Feng, the defensive ability of this robe is actually far beyond his current realm.

After obtaining this thing, it was enough to double Chen Feng's strength.

Even with this robe and go directly outside to beat the Dao Huo Daoist, there is no problem.

But it is a pity that Chen Feng found that most of the treasures above could not be activated.

After discovering these jewelry just now, Chen Feng tried to erase the prohibition above.

But he found that there was no restriction at all.

I can't push it, purely because of strength. *NovelUsb.com*

"I am not strong enough, so I can't control these treasures at all."

In fact, in these eight accessories, apart from the leaf of the Shenyuan Colorful Tree, he can only activate two items.

Chen Feng picked up the two sleeves of the Vientiane shirt, looked at the two cufflinks at the left cuff, a wry smile appeared at the corner of his mouth.

"The only thing I can motivate you two little guys now!"

The two cufflinks on the left sleeve are just the size of a fingernail.

One is the color of emerald red, and the other is the color of blue.

It looks like it is made of the finest gems.

And if you look closely, you will find that these two seemingly ordinary cufflinks are actually extremely extraordinary.

The red one is like an infinite volcano brewing in it and lava rushing in it.

And that faint blue color seems to have sealed a vast ocean into it.

Chen Feng felt it for a moment, and it was clear.

It turned out that this crimson jade clasp, if activated, would be able to withstand the fatal blow of the Six-Star Emperor Wudi three times.

And if it is thoroughly stimulated, then it can withstand a blow from the Seven-Star Emperor Wudi.

But this withholding will be directly damaged.

The Youlan Jade buckle is the force that can resist the tyrannical attack of the Crimson Jade buckle. It absorbs all of it and bursts out at once to kill the enemy!

How strong is the power of the Crimson Jade Knuckle being attacked, and how strong is the power that the Youlan Jade Knuckle will burst out!

And this quiet blue jade button can only be used once.

Chen Feng's breathing almost stopped.

After a long time, he let out a long sigh of breath and sighed: "Chaoge Tianzi City, really has a deep heritage!"

"The past dynasties of the Chaoge Emperor City are really amazing. They wear all their belongings on their bodies!"

"It's amazing to make all kinds of household items into all kinds of small and delicate treasures, and put them on the robes!"

Chen Feng is not ironic, but thinks this idea is indeed very good.

These treasures are on the robes, close at hand.

When you want to use it, you can urge it at any time.

And it is usually not noticeable.

Just like Chen Feng before, he only saw this robe and didn't pay attention to these accessories.

Not to mention, this Vientiane battle robe itself is not invaded by cold and heat, and it is difficult to enter with swords and guns. It is an extremely powerful magic weapon.

Like the attack of an ordinary Wudi realm powerhouse, it could not cause any harm to him.

"After this battle robe, there are so many treasures! The value of these two jade buckles alone is equivalent to 30% of all treasures of the Xuanyuan family!"

"These two treasures can be called against the sky!"

"One attack and one defense, with the help of strength, not only can you protect yourself, but also kill the enemy!"

Chen Feng's expression was full of excitement: "Moreover, the most important thing is that the level of attack that can withstand is so strong!"

"Seven-star Wudi's blow! This is terrifying!"

Chen Feng estimated that the level of these two treasures was definitely not lower than the fifth-grade magic weapon, and even stronger than the artifact fragments before they fell asleep!

After all, these two treasures are equivalent to being able to block the full blow of Emperor Wudi of Seven Stars, and release a full blow equivalent to Emperor Wudi of Seven Stars!

With this treasure, Chen Feng is not only equivalent to an extra life, but also an extra assassin, a terrifying trump card!

Unleash the power equivalent to the terrifying blow of Emperor Wudi of Seven Stars!

God!

This is Qixing Wudi!

It is hard to say whether there is such a strong person on the Dragon Vein Continent.

Although it can only be used once, if it is used well, it is enough to completely reverse the situation at a critical moment!

"In that case, you still have to let the Crimson Jade Knob be attacked a few more times. The strongest attack within the range that you can bear!" Chen Feng thoughtfully.

What made Chen Feng even more pleased was that, I don't know if Zhao Haochu is too strong or what, so that he has never used these two jade buckles for four times in total.

"As for the other things..."

Chen Feng felt for a moment again, and then slowly nodded.

"After I am promoted to the top of the four-star Wudi, I should be able to use these things."

Chen Feng's thoughts moved slightly, and the golden power surged out.

This is the power of the dragon descending Arhat that Chen Feng has not used for a long time.

For him now, the power of the dragon descending Arhat is a bit weak.

However, the power of the dragon and arhat can be used to restore, heal, and purify.

Chen Feng instilled his strength and swept into this Vientiane jersey.

The bluish-black mist on its surface is getting lighter and lighter, eventually turning into strands, and directly dissipating, finally revealing its true colors.

This is actually a silvery, brilliant robe.

It seems to be extremely pure and flawless, and any mortal dirt cannot be contaminated on it.

The wide robe and big sleeves have a strange shape and are quite ancient.

In the next moment, the Vientiane battle robe flew directly onto Chen Feng's body.

He began to change, fitting his height and body shape, automatically adjusting the shape and appearance, so that everything fits Chen Feng's body without any discomfort.

It's like tailor-made.

Chen Feng raised his eyebrows and was delighted.

However, he felt that the Vientiane jersey seemed too garish.

As if feeling Chen Feng's thoughts, the light on this robe was directly dimmed, no longer the brilliance of the previous group.

On the surface, it looked like an ordinary white robe, not very eye-catching.

But if you look closely, you will find the inner brilliance, all the powers are contained, and it seems to be slightly better than before.

Chen Feng was taken aback for a moment, then laughed, and stroked the robe: "I really am a considerate little guy."

[Chapter 4035: View the Golden Sutra of the Great Bodhisattva!](#)

At this point, he didn't have any grudges in his heart, and he just put on the robe.

Then, Chen Feng calmed down, and only opened his eyes only after he was immersed for half an hour.

He has adjusted all his mind to the best condition.

There is no wave in the ancient well, and I strive to have no waves.

At this time, he took out another treasure.

It was also the treasure he got in the main hall of the Great Qinglian Temple!

That piece is enough to suppress the entire Dragon Vein Continent, which appeared in tens of thousands or even hundreds of thousands of years, the first treasure!

The quaint, gray-looking scripture appeared in Chen Feng's hands.

Although Chen Feng was already adjusting his mentality at this time, when he held this thing in his hand, his hands still trembled slightly.

In the next moment, in front of Chen Feng, the star suddenly shifted.

When he regained consciousness, he had already appeared in an extremely large gray space.

There was a golden light around Chen Feng's body.

Chen Feng was startled at first, and then he understood that this golden light was the light of his spiritual world.

And I don't know when, my spiritual world has been drawn into this huge gray space.

This huge gray space is vast, like a world, with no end in sight.

Chen Feng could see that his position was a plain.

And in the distance, it seems like there are rolling mountains, constantly undulating.

It is as if there are big rivers and lakes, and the waves are turbulent.

There is no life in this world.

However, it is not dead.

This may seem contradictory, but it is true.

This world does not seem to have been destroyed or experienced a catastrophe.

On the contrary, it seemed to be temporarily sealed, and then forgotten in the long river of years.

It's been a long time since no one has set foot here.

At this moment, Chen Feng suddenly heard a faint sigh, as if it had come from the past, penetrating time and space:

"You finally came."

You finally came!

It seems that there is already one, waiting here for Chen Feng for a long time.

This sentence made Chen Feng tremble fiercely.

He shouted, "Who?"

The voice curled away, but no one answered.

Chen Feng calmed down.

Since this voice didn't know where it came from or where it was going, Chen Feng didn't care about it.

At this time, his attention was all attracted by the existence in front of him!

It turned out that when Chen Feng saw the film, the most conspicuous thing in this world was not other things, but nine huge stone monuments!

These nine steles are huge, as if suppressing the whole world.

The front is the shortest and the last is the tallest, like nine huge mountains in succession!

The closest stone monument to Chen Feng is also thousands of miles away. This is also the shortest one, but, if so, the height of the mountain range is not even as high as the base of the stone monument!

This stone monument is unimaginable tall and seems to hold up this world!

And Chen Feng even saw that there seemed to be countless large characters engraved on the stele!

Chen Feng trembled in his heart.

Inexplicably, he knew: "The stone tablet is what I was looking for! The profound meaning of the scriptures is on it!"

He has a great desire, he wants to see what is on the stone tablet!

Thus, Chen Feng took a step forward.

However, at the moment Chen Feng took this step forward!

Suddenly, at this step he took, within a few feet of this circle, all the gray faded, disappearing like a tide.

A piece of shining gold fell in the area he stepped on.

The golden light turned the rain, making Chen Feng uncomfortable all over his body, just like this small square world, suddenly revived.

Chen Feng was taken aback for a moment, and then some guesses in his mind.

So he took a step forward again.

Sure enough, as this step was taken, there was another golden light shining, and the part that was restored to life had changed from the size of the previous step to the current two steps.

Chen Feng suddenly understood.

"Sure enough, my guess is correct. I can take a few steps, and within these few steps, I will be back to life."

Chen Feng saw that the ground was originally black and there was no grass growing.

And now, there is fluffy grass, suddenly appearing.

There is even a light and fluttering rain, which is constantly spilled, bringing a burst of coolness.

Therefore, Chen Feng tried to take another step forward, but at this time he found that his steps were so heavy that he could not go anyway.

Chen Feng let out a low growl, lifted all his strength, and wanted to take a step.

But he found that it was of no use.

He is now like an ant trying to move a mountain.

His power was insignificant in the face of this huge resistance.

Chen Feng tried his best, but couldn't take a step forward!

At this moment, after seeming to be sure that Chen Feng would never be able to take a step anymore, there was a huge voice in the sky.

Chen Feng was sure that he didn't understand what it was, and he had never heard that language.

However, Chen Feng inexplicably knew what the sound meant.

With that, the voice sounded.

Above the sky, there is golden light shining down, and golden lotus blossoms.

There is Tianhe rolling down, and the Milky Way falling.

There are all kinds of vast and bright visions!

And Chen Feng also understood what it meant.

"The name of this sutra is: The Golden Sutra of the Great Bodhisattva Guan Zizai!"

"The Golden Scripture of Guan Zizai Great Bodhisattva is the supreme secret method after Emperor Wu's realm!"

"Xuanhuang in the thousand worlds, all the martial arts behind the realm, more than tens of millions?"

"Only the Golden Book of the Great Bodhisattva of Freedom, suppress the world, dominate the first!"

"Xuan Huang Zhong Qian Universe, Xuan Huang Zhong Qian World, and Three Thousand Little Qian World!"

That voice seemed to keep echoing in Chen Feng's heart.

In Chen Feng's mind, only these few words remained at this time.

"Golden Sutra of the Great Bodhisattva Guan Zi!"

"It turns out that the name of this book is the Golden Book of Guan Zizai Bodhisattva!"

Thinking of this, Chen Feng's heart suddenly moved, as if a glimmer of understanding flashed through.

Back then, when the Buddha listened to the sutras, was it the Golden Sutra of the Great Bodhisattva Vipassana?

"And this scripture is even more derived from this mysterious and yellow world."

"What is the Xuanhuang Middle Thousand World? What level of world is the Middle Thousand World? How does it compare to the Dragon Vein Continent?"

Countless questions arose in Chen Feng's heart.

But as soon as the doubt arose, several golden lotuses flashed past Chen Feng.

Thus, Chen Feng instantly understood.

He understood immediately.

"Longmai Continent is a small world."

"A medium-thousand-world universe includes a main world and three thousand small-thousand worlds!"

"And under the Xuanhuang Zhongqian Universe, in addition to the Xuanhuang Zhongqian World itself, it also includes a total of 3,000 small thousand worlds like the Dragon Vein Continent!"

[Chapter 4036: and then?](#)

"A Middle Thousand World with three thousand small worlds like the Dragon Vein Continent, and the volume of exercises I obtained ranks first in this Xuanhuang Middle Thousand World!"

At this moment, Chen Feng was so shocked by the huge joy that he almost passed out.

"Where is this supreme treasure that has not existed in the Dragon Vein Continent since ancient times!"

"This is clearly a treasure that has never existed in the three thousand dragon vein continents combined!"

Chen Feng shuddered in his heart, and his whole body was almost overwhelmed by tremendous excitement, joy, and excitement!

He was so excited that he almost fainted, almost unable to control his mind!

His mind was rippling crazily, and in this dusty world, his spirit was all unstable.

No way, Chen Feng is so happy!

The reason for this is not only because the level of this exercise is really high enough, it can rank first among all the exercises of this stage in a middle-thousand world. Chen Feng valued and happily was one of the sentences. words:

This technique is a technique that is applicable after Emperor Wu realm!

For Chen Feng, this is the most urgent, the most practical, and the most useful at this stage!

What he is worried about now is the future!

I don't know how to achieve Jiuxing Wudi, and after achieving Jiuxing Wudi, how to take the next step.

This is Chen Feng's most worried and most puzzled thing.

Because no one can solve his doubts.

In the past hundreds of thousands of years in the Longmai Continent, no one has been able to come this far.

Chen Feng's heart is always full of confusion and anxiety.

What he was afraid of was the end of Emperor Wu Xing, and what he was afraid of was that he would be trapped in this dragon vein continent forever.

And now, a sentence in the Golden Sutra of the Great Bodhisattva Avalokitesvara completely inspired Chen Feng!

At this time, Chen Feng was not only extremely excited, but also extremely eager.

He desperately wants to know what to do next!

Chen Feng listened and focused!

But at this time, the voice just disappeared!

That voice disappeared so plainly!

"And then?"

Chen Feng couldn't help feeling extremely eager, and he couldn't help but yelled out loudly, "What then?"

But no matter how he shouted, there was no response!

The next moment, Chen Feng's body suddenly shook.

He was no longer shouting in the spiritual world, but directly shouting out in reality!

Then, Chen Feng opened his eyes violently, and woke up with sweat!

It turned out that Chen Feng's mood was so excited that he couldn't stably maintain in that spiritual world.

Therefore, it is actually back to reality.

However, Chen Feng couldn't control so much.

He immediately eagerly read the scriptures, muttering: "What then? What's next?"

In the message just now, there was only the name of this scripture, and it was useless even if it had any effect after training.

As for what is behind, I didn't even mention anything.

Where can Chen Feng stand it?

This is like a person who has been hungry for three days, the food is currently, but he just refuses to eat.

He was extremely eager.

It's not that Chen Feng doesn't have a city mansion. In fact, when facing a treasure of this level, it can be said that there has not been one in thousands of worlds, and it is enough to suppress the supreme treasure of a thousand universes. How could he be possible? Can you stabilize your mood?

Chen Feng prepared to open the Golden Sutra of the Great Bodhisattva with an eagerness and excitement.

When he touched the golden sutra of the Great Bodhisattva with his hand, he could feel the surface of the golden sutra of the Great Bodhisattva with a slightly rough and dim texture.

He can also feel the existence of that page.

But by the way, he just couldn't open this scripture!

He couldn't open the scriptures at all, he couldn't even open a page at all, let alone explain the contents!

Chen Feng mobilized all his strength to maximize his Diamond Immortal Body.

Bring your physical strength to the limit!

At this time, he was afraid that he could even move a small mountain peak, but he still couldn't open the page of this book!

Chen Feng was stunned.

Then, his thoughts were teleported, and then the power of the Dragon Arhat was transported, trying to pour it into the scriptures.

But still to no avail!

The power of the dragon descending Arhat can only arouse its surface, emitting a little light!

Finally, Chen Feng exhausted all means and was unable to open this volume, let alone flip through the contents!

Chen Feng sighed slightly, feeling a little bit depressed in his heart.

However, he was Chen Feng after all, and he soon recovered!

"I understand, this scripture can only be passed on in that way."

"A technique with a level of this high should be passed on only by this technique!"

Chen Feng slowly said, "That world should be the world of the Golden Sutra of the Great Bodhisattva Vipassana."

"And the more steps I take forward, the more content of the Golden Sutra of the Bodhisattva Vipassana."

"When I can set foot in front of the first stone monument, I should be able to practice this scripture."

"Want to come..."

Chen Feng sighed softly: "This is also for my good."

"That blocking force, although huge, is not violent, but full of gentle and kindness."

"It should be because I am afraid that I am not strong enough. I will practice the Golden Sutra of the Great Bodhisattva Vipassana in vain, so I will kill you!"

"After all, with my current strength..."

A wry smile appeared at the corner of Chen Feng's mouth: "Even the general outline can only get the first few sentences, and even the general outline is imperfect, let alone the latter content."

Chen Feng secretly said in his heart: "I don't know what the specific factors determine how many steps I can take? Is it my cultivation base? Or something else?"

But he always felt that it would not be as simple as the realm of cultivation.

"correct....."

Chen Feng suddenly whispered: "The green jade bodhi branch immediately reacted after feeling the golden sutra of the Great Bodhisattva, then is there a connection between the two?"

Chen Feng took out the green jade bodhi branch.

Sure enough, after feeling the breath of the Golden Sutra of the Great Bodhisattva, the green jade bodhi branch exudes a quite joyful mood.

There was a green glow on the surface.

However, it is limited to this.

Then there is no more.

Obviously, although the sapphire bodhi branch and the golden sutra of this great bodhisattva at ease are regarded as old acquaintances, they cannot be opened forcibly!

At this point, Chen Feng had exhausted all his methods and could not get any more information from the Golden Sutra of the Bodhisattva.

However, Chen Feng was not depressed.

On the contrary, his heart is full of infinite expectations.

[Chapter 4037: Full of strength!](#)

"With my current strength, cultivating the Golden Sutra of the Great Bodhisattva of Vipassana Freedom is indeed insufficient, harmful and unprofitable."

"But if you can't cultivate now, it doesn't mean you can't cultivate in the future."

"The Golden Sutra of Avalokitesvara Bodhisattva has brought me unlimited possibilities in the future!"

Then, Chen Feng took out the third treasure.

Spreading his fingers, the gray bead appeared in his hand.

It seems inconspicuous, and it belongs to the kind that might be overlooked if left on the side of the road.

But before, Chen Feng wasted a second of escape time for this bead.

And this second delay may put Chen Feng in an extremely dangerous situation.

But Chen Feng knew that it was all worth it!

"This, this is what stayed after that relic was broken!"

Chen Feng tossed over and over and only watched it a few times, but did not see any magic in this fragment of the relic.

But Chen Feng knew that this thing was absolutely extraordinary.

"All in all, the gains from this trip to Daqinglian Temple gave me at least two lives, and a very powerful attack method."

"Although my realm has not improved, it has improved my combat effectiveness to a greater realm!"

"Furthermore, I have also obtained the cultivation method of the idol stepping on the innocent vitality. If I have enough time, I can condense the gods' vitality."

"Once the Shen Yuan Zhan Zun is successfully condensed, it will feed back the body and even make me a breakthrough!"

He sighed slightly, and sat down slowly, with a leisurely expression: "As for the harvest, it is the future!"

At this time, a disciple knocked on the door and brought a maid with various foods.

Actually, there is a steady stream, and there are 36 ways.

The corner of Chen Feng's mouth curled up, and he sighed softly as he watched the exquisite dishes filled with several large tables.

"This is the benefit of demonstrating my strength. If I didn't show my strength, I would not have these 36 dishes. I'm afraid there are only two or three dishes at most!"

"Even if Pei Muyu wants to fight for me, it is difficult."

After dismissing the few flattering disciples, Chen Feng was indeed hungry.

He has not eaten properly for a long time.

He tasted it, and immediately raised his eyebrows, with surprise in his eyes.

It turns out that the dishes on this side really taste great.

Moreover, the various meats have different tastes, and their meat quality and cooking methods complement each other.

It's really delicious!

Chen Feng was also extremely hungry, and swept away all the dishes.

Then I drank a large jar of amber-colored viscous wine that was thirty to fifty catties full and exuded a sweet smell.

He just patted his stomach, his face filled with satisfaction.

With the food made from these extremely high-quality monster meat, Chen Feng suddenly felt that his whole body was revived.

He didn't stop, and immediately began to practice and recover.

The second day.

In the small building.

Suddenly, a violent sound rang, like rain hitting a long street, horses walking on blue stones.

Chen Feng stood up suddenly, and there was a burst of noise from the joints all over his body.

All the acupoints in the upper and lower parts of the body are opened, and there seems to be a wind whistling through the acupoints!

At this point, Chen Feng's strength has completely recovered and reached the peak.

Chen Feng looked into the distance and slowly clenched his fists. There was a burst of bean-fried noise from the joints all over his body.

Chen Feng twisted his neck, feeling uncomfortable and uncomfortable as the airflow all over his body was running smoothly.

He said softly: "Now that my strength has been fully restored, I will be more confident about facing the next Valley of Falling Stars."

Through the gap in the boat, Chen Fengjian sighed slightly towards the distance:

"In fact, in this world, speaking of it, the cultivation environment should be better than that of the Dragon Vein Continent."

"When I was in the Longmai Continent, this sapphire sapphire bodhi branch was difficult to arouse."

"Because the richness of the aura of the Dragon Vein Continent is too low to reach the level of arousal."

"And this Xuanming Seven Seas Realm, although it is said that there are so many kinds of toxins, thunder and other harmful things in the void, these things are actually another form of aura in the final analysis."
"

"As long as these harmful things can be broken and absorbed, then the cultivation efficiency is definitely higher than that of the Dragon Vein Continent."

Chen Feng looked into the distance with a deep gaze: "I'm afraid, that's why the monster beasts and Lingzhi can grow so big, the strength is so strong, and the level is so high above the Xuanming Seven Seas Realm."

"The reason why human martial artists are still so weak is because they haven't found the right way to practice!"

And at this moment, suddenly there was a stern roar from the sky far away.

This roar was extremely hoarse and unpleasant.

Just like that iron sandpaper rubs against a stone, it makes the eardrum feel painful when people hear it.

And the roar seems to be not one, but three or four in a row.

Layer by layer, it makes people feel uncomfortable after listening, and the heart beats wildly, almost vomiting blood.

There seems to be an indescribable magic sound control inside.

And most importantly, this roar is quite familiar to Chen Feng.

After coming to this world, it was not the first time he heard such a voice.

A light smile appeared at the corner of Chen Feng's mouth: "I didn't look for your bad luck, but did you come to me?"

"Alright, then I will tidy you up."

Chen Feng walked out of the small building and strode towards the deck.

At this time, on this large lotus boat, many people in the Shengyang Academy were very panicked.

They surged onto the deck.

In a moment, the deck was full of people.

Many people were photographed by the sound, their faces pale and dizzy.

Even some of the low-level strength has already vomited blood one after another.

The big formation on the lotus boat seemed to have little effect on resisting this sound.

Therefore, it is not even excited.

Many students of Shengyang Academy were both afraid and angry at this time.

But only Chen Feng, with a smile at the corner of his mouth, said softly: "You guys seem to come a little later than I thought!"

Sure enough, flying above the sky was a three-headed Xuanjin Jiao.

At this moment, the three-headed Xuanjin Jiao were constantly spinning around the lotus boat.

It didn't pounce and attack, it just kept screaming from the three huge mouths.

The roar was turned into a sound wave attack, making the many children of Shengyang Academy extremely miserable and uncomfortable.

Many people even started to vomit blood with their heads in their mouths.

Pei Muyu frowned, her face solemn.

Seeing Chen Feng coming up, he whispered: "The beast with the three-headed Xuanjin Jiao, this time he has learned well."

"Each time it used to be a direct attack, but there was a big defensive formation of the Lianzi Ship, it was shocked and it had no effect on us."

[Chapter 4038: It came to me](#)

"This time, it was a good student."

"Only conduct mental attacks with voices outside."

She looked around, with a touch of worry on her face.

"Our school disciples generally have weak mental defenses. What can we do now?"

This is a semi-adult three-headed Xuanjin Jiao with the strength of the peak of a five-star Wudi.

Even the top masters of their academy may not be able to deal with it.

They will be shocked to death by these three profound golden dragons!

The palm courtyard of the east courtyard was also very ugly, and he held a face there without speaking.

He came out this time, and died of two outstanding disciples, and lost the Monument to the Fall of the Sun.

But now, if dozens or hundreds of disciples are killed by the earthquake, then he won't have to go back.

Anyway, what awaits him after returning will be extremely severe punishment.

However, Chen Feng raised his head and glanced at the three profound golden dragons above his head.

At this time, the three-headed Xuanjin Jiao seemed to have noticed him too, and a bit of bitter resentment flashed in his eyes!

Seeing Chen Feng's arrival, some people looked at him with a pleading expression on their faces.

But most people still face despair and numbness.

After all, they didn't think this young man named Feng Chen could do anything!

That is the three-headed Xuanjin Jiao, extremely powerful.

Even if Feng Chen is not weak, can he be the opponent of the three-headed Xuanjin Jiao?

At this time, Chen Feng looked up, glanced at the three-headed Xuanjin Jiao, and slowly said: "Now withdraw the formation, it is here to find me."

"What? Remove the formation?"

When everyone heard it, they were all stupid.

"Now that there is an array protection, almost all of us will be killed by the sound waves. If there is no formation, if these three mysterious golden dragons are killed, how can one of us be spared?"

"You can't remove the formation!"

Some people even shouted out: "Feng Chen, are you crazy?"

At this moment, even the head of the East Court showed a hint of hesitation on his face.

Chen Feng looked at them and said lightly: "Oh, don't you believe me?"

After all, Chen Feng turned around, ready to leave.

Seeing this scene, everyone suddenly panicked.

The head of the East Court gritted his teeth and hurried forward, and said with a smile: "Master Feng, seeing what you said, why would we not believe you?"

"This will remove the formation, we will remove the formation!"

He is quite a decisive person.

Now he knew that he could only choose to believe in Chen Feng.

The next moment, he yelled at him and ordered several disciples to remove the formation.

Many disciples looked at each other, but in the end they chose to obey the orders.

Soon, a light green light gleamed around the lotus seed boat.

Then, the light was like a bubble, and it broke directly with a snap.

Obviously, the formation to protect the Lianzi Ship has already been removed.

Everyone was even more panicked.

The roar of these three profound golden water dragons alone was enough to cause them to be shaken to death, and none of them could survive.

Not to mention that now, the three-headed Xuanjin Jiao can directly pounce and bite them.

They discovered that when they lost the lotus seed boat and the natural shelter of this powerful spiritual plant, they became so vulnerable!

And the three-headed Xuanjin Jiao seemed to have sensed the withdrawal of the formation, and a flash of joy flashed in his eyes.

Then, a sharp scream rushed down directly.

Seeing this scene, everyone was even more panicked. These three profound golden dragons were enough to kill them easily.

At this moment, a smile appeared on the corner of Chen Feng's mouth.

He raised his chin and hooked his fingers at the three-headed Xuanjin Jiao, his expression extremely contemptuous.

The three-headed Xuanjin Jiao instantly furious, and rushed down frantically.

At this time, Chen Feng suddenly felt that the wooden hairpin in his chest was hot.

Chen Feng suddenly moved in his heart and immediately took out the unpretentious wooden hairpin, and looked at the three-headed Xuanjin Jiao: "Are you looking for it?"

After seeing the wooden hairpin, the three Xuanjin Jiao suddenly became excited.

He stared at Chen Feng greedily, no, to be precise, he should be staring at the ordinary-looking wooden hairpin next to Chen Feng!

See it like that, I can't wait to swallow that wooden hairpin!

But at the same time, there is still a trace of awe in its emotions.

It seems that this wooden hairpin means extremely strong majesty and terror suppression to it.

Chen Feng suddenly saw this scene.

The mystery that had been entangled in my heart for several days was immediately solved.

"It seems that the smell of the wooden hairpin in my arms attracted them."

"Let me just say it, that would be a coincidence, as soon as I entered the Xuanming Seven Seas Realm, three Xuanjin Jiao attacked and killed me!"

"This extremely rare three-headed Xuanjin Jiao, I have encountered it many times in the past few days. It turned out to be directed at the wooden hairpin in my arms."

Chen Feng's thoughts turned instantly.

"The Muchai in my arms was left to me by Hua Lengshuang, and it is closely related to her mission."

"Could it be that this task has an inexplicable relationship with the tribe of the three-headed Xuanjin Jiao?"

"So, does the fragment of the big seal produced in the body of the three-headed Xuanjin Jiao have something to do with the Valley of Falling Stars?"

Chen Feng turned his head and smiled slightly: "I said, he is here to find me."

It seems to confirm Chen Feng's words.

As soon as his voice fell, the three profound golden dragons rushed down from the sky.

When Chen Feng faced it, he made an understatement, with a smile on the corner of his mouth, without fear at all.

The current Chen Feng is no longer the one who was seriously injured and dying before, and his strength has only recovered 10 or 20%.

His current strength has recovered ten percent, which is stronger than before. I don't know how much.

When facing these three Xuanjin Jiao, there is no need to show weakness before attacking.

Instead, you can launch a powerful attack directly!

The three-headed Xuanjin Jiao dived down and let out a sharp roar.

And Chen Feng stood there, facing it without any fear.

Everyone was far away from Chen Feng, and everyone saw that the behemoth rushed towards the bottom.

Compared with the figure of the young man dressed in white, it can be regarded as insignificant.

However, he stood firm without fear!

Like a tall mountain!

Everyone was sweating for Chen Feng.

"Can Feng Chen be the opponent of these three Xuan Jin Jiao?"

"Yes, although Feng Chen was tyrannical and invincible before, the opponent he faced was at most the four heavens of the Profound Sky Realm!"

"And this three-headed Profound Golden Dragon is a powerhouse who has reached the mid-fifth stage of the Profound Sky Realm!"

"Yes, Feng Chen faces him, I'm afraid he will be seriously injured, or even die!"

Some people said pessimistically.

Among the crowd, only Pei Muyu was full of hope for Chen Feng.

She looked at Chen Feng's back, clenched her fists, and murmured: "Brother Feng Chen, you must be able to! You will definitely be able to kill this beast! I believe you!"

[Chapter 4039: Tokanouchi!](#)

And it seems that Chen Feng heard what she said in her heart.

Suddenly, he turned his head and smiled slightly and made a reassuring gesture to her.

And as soon as he turned his head, the mental impact of the three-headed Xuanjin Jiao had already rushed!

However, for Chen Feng, what is this mental shock?

In the next instant, the offensive of the three-headed Xuanjin Jiao also came suddenly.

Chen Feng swung his right hand slightly.

Suddenly, the embryonic form of Tatian idol Zhanzun appeared on top of his head!

Then, as the rudimentary form of Treading Idol screamed, the space confinement ability appeared directly.

It is directly as if the three black golden dragons were killed for the first time, and the three necks of these three black golden dragons were directly solidified!

The three-headed Xuanjin Jiao let out a miserable cry, directly lost his balance and fell heavily on the ship's board.

The huge lotus seed boat shook violently!

Seeing this scene, everyone exclaimed.

At this time, Chen Feng turned around slowly.

The rudimentary form of Treading Idol and Zun Zun screamed again, and the space shattered was launched directly!

So, in the next moment, the necks of these three Xuan Jin Jiao suddenly turned into countless powders! The cruelty and greed in his eyes have not dissipated, they have turned into extreme despair and regret. He even had time to let out a roar. *ovelusb.com*

The next moment, it will be dead!

At this time, everyone in the Shengyang Academy who saw this scene was already stupid.

They were silent for a moment before they burst out with a scream like crazy.

They were so shocked that they almost went crazy.

"God, is this true?"

"Even so tough? This is a powerful monster of the fifth heaven in the dignified Profound Sky Realm!"

"Yes, this five-layered monster of the Profound Sky Realm can even destroy a second-rate sect! And at this time, it was killed by Feng Chen in less than a breath?"

"He only made two moves!"

"It's terrible, it turns out that Feng Chen didn't use all his strength when he started with us before!"

Someone next to him said in a groaning tone: "It's not just that I didn't use my full strength, I'm afraid that I didn't even use 10% of the power!"

There was a cold breath at the scene.

Everyone has been shocked almost crazy!

It was just a scene that surprised everyone. After the necks of these three profound golden dragons were broken, at this moment, time seemed to have stagnated for a moment.

Everyone can feel the flow of time.

However, everything seems to be extremely slow.

Chen Feng's brows couldn't help but frowned: "What's the matter?"

Being quite sensitive to the power of time and space, he clearly felt the flow velocity of time and space change.

Then, the three huge mouths of the three-headed Xuanjin Jiao suddenly oscillated at the same time.

The next moment, its voice sounded again.

It's just that it's not its voice this time.

The voice is full of majesty, domineering, vigorous, condescending, as if listening to the voice can feel the person speaking, is a very powerful upper person, the kind of existence that can suppress a small world!

Even at this moment, the eyes of the three Xuanjin Jiao changed.

The panic from just now became extremely calm and indifferent.

The eyes became a pale golden color.

His voice resounded in Chen Feng's heart:

"The three-headed Xuanjin Jiao has one vein, I won't let you go!"

"At this time, I am too far away from where you are, but you can rest assured that I will be there and kill you within ten days at the latest!"

"You, there are still ten days!"

The next moment, the sound stopped abruptly.

And this three-headed Xuanjin Jiao, the indifferent color in his eyes also completely disappeared, and he died directly.

But Chen Feng was no longer happy to behead these three Xuanjin Jiao.

The scene just now gave him quite a huge shock.

He whispered in his heart: "That exists, I obviously feel that his strength is very strong, I am afraid that there is almost a six-star Wudi cultivation base!"

Then, Chen Feng was very happy, and he felt enlightened.

"I'm afraid, that existence should be the powerhouse of the three-headed Profound Golden Jiao clan, even the patriarch!"

"Is he going to use these three-headed Xuan Jin Jiao to determine my position and come to me for revenge?"

The pride surged in Chen Feng's heart: "Then come!"

"I Chen Feng, how can I be afraid?"

"I want to see, after you come, we two, who killed who!"

Chen Feng slowly raised his head and looked into the distance, his eyes full of war.

He now has a lot of hole cards in hand, even if his opponent is a six-star Wudi level powerhouse, he is not afraid!

However, although he was not afraid, it also made him feel a strong sense of crisis.

"There are many strong people in this Xuanming Seven Seas realm, and I can't be careless. I'm going to cultivate well next!"

After all, in the next few days, he might face a terrifying enemy!

At this moment, seeing the huge head that fell to the ground, seeing the huge corpse that was constantly pouring blood out, there was no more doubt in everyone's eyes.

Looking at Chen Feng, all that was left in his eyes was awe.

There are also people with a touch of shame on their faces.

It was the one who just blurted out and asked if Chen Feng was crazy.

At this moment, someone suddenly shouted, "Have you seen it? These three profound golden dragons also lost their necks. Only the head and body are here!"

"Yes indeed!"

Someone gave a high-five and suddenly realized: "The three-headed Xuanjin Jiao's death method is exactly the same as the one we first discovered!"

Everyone sighed: "It turns out that Feng Chen really killed the three-headed Xuanjin Jiao!"

"Yes, we ridiculed him at the beginning, said he was acting as an imposter, said he was bragging, and said he was ridiculous!"

"Unexpectedly, we were the only one who was really ridiculous! Feng Chen really killed that three-headed Xuanjin Jiao!"

"There is no need to brag and lie at all, and with his strength, he doesn't even bother to do so!"

Some people even exclaimed: "What is Feng Chen's origin? He has such terrifying strength at a young age! Fighting to kill the three-headed Xuanjin Jiao alone with his own power!"

"Yes, I didn't see him showing his blood, it's horrible!"

Regardless of everyone's discussion, Chen Feng did not expect that after beheading the three-headed profound golden dragon, he got another golden fragment.

It's just smaller than the last one.

There are still several gestures above.

But it is a pity that the two gains are not connected together.

Therefore, Chen Feng couldn't tell what the text was written on it.

The boat travels above the sea of clouds.

With a screaming scream, a huge black shadow fell on the big lotus boat, blood gushing out instantly and pouring on the board of the boat.

[Chapter 4040: Xuanming Yunhai, endless gods!](#)

And the brown bloodstain on the ship's board had not yet faded away, it was covered with a thick layer.

The one who was beheaded this time was still a three-headed Xuanjin Jiao!

No, to be precise, this is a four-headed Xuanjin Jiao!

It has four huge heads, and its strength has surpassed the fifth highest peak of the Profound Sky Realm!

Infinitely approach the six-star Wudi powerhouse!

Even Chen Feng tried his best to kill him.

But fortunately, the two ultimate moves of the three-headed Xuanjin Jiao, one was a mental attack and the other was a physical strangulation, which were both restrained by Chen Feng.

Therefore, after a bitter battle, Chen Feng killed him.

Changing to another monster of the same level, Chen Feng may not be able to do it.

In fact, after Chen Feng encountered the second three-headed Xuanjin Jiao, the big lotus boat continued to fly forward in the next few days.

And in these few days, Chen Feng actually encountered a total of ten three-headed Xuanjin Jiao.

Almost as soon as one head left, there was another head.

Once, even two three-headed Xuanjin Jiao killed them together.

However, Chen Feng resolved it after all.

This scene made everyone in Shengyang Academy stunned.

They had never seen so many high-level monsters in their entire lives, and they couldn't help but sigh, could it be possible that the entire Xuanming Seven Seas Realm's three-headed Profound Golden Dragon came?

Later, it was simply numb.

After all, Feng Chen will kill as much as he comes.

Chen Feng looked at the corpse of the huge four-headed Xuanjin Jiao in front of him, suddenly in a daze.

These days, the strength of the three-headed Xuan Jin Jiao that was killed has become stronger and stronger, like the four-head Xuan Jin Jiao in front of him, which is one level stronger than before.

The Six-Star Wudi has been approaching infinitely.

"I don't know how strong the coming patriarch is?"

Chen Feng stepped forward and found another fragment of the golden seal.

After putting it away, his heart suddenly became hot.

Chen Feng stretched his hand into his arms and felt that the wooden hairpin became more and more hot at this time!

This has been the case in the past few days.

The more you move forward, the hotter the wooden hairpin becomes.

Presumably, this is an important reason why the number of these three-headed profound golden water dragons has increased and is endless.

Moreover, Muchai is getting hotter and hotter, which means that he is getting closer and closer to his destination!

Chen Feng turned around, but dropped a sentence: "The three-headed Xuanjin Jiao's body belongs to you."

Suddenly, all the disciples of Shengyang Academy uttered a burst of joy.

Even the head of the East Campus could not help but show a smile.

In the Xuanming Seven Seas Realm, the martial artist is weak, struggling to survive between the incomparable monsters and Lingzhi.

Although relying on the various miracles of Lingzhi, the monsters cannot easily kill them, but also, they cannot kill the monsters that are too powerful.

There are tyrannical existences like the three-headed Xuanjin Jiao. They have never killed a single head in the past decades.

And now, in just a few days, he has got a dozen of them.

Although the most mysterious part was taken away by Chen Feng, the others were also extremely valuable to them.

The palm of the East Court murmured in his heart: "This trip, even if you lose the Monument to the Fall of the Sun and die two more capable disciples, at least you can use these to offset your sins."

Chen Feng turned around, ready to walk down.

At this moment, he suddenly felt that the wooden hairpin in his arms was extremely hot, like a small sun, exuding terrifying heat.

The whole lotus seed boat trembled violently.

On the edge of the ship's gunwale, Pei Muyu screamed in surprise and clarity: "Xuanming Yunhai, here it is!"

"Xuanming Yunhai has arrived?"

Chen Feng suddenly turned around.

So, the next moment, what appeared in front of him was an extremely magnificent and extremely spectacular scene.

The poisonous smoke and mist, the gushing magma, etc., disappeared here without a trace.

In front of him, there was an endless sea of golden clouds.

Where they are at this time is just above the golden sea of clouds.

Above the sea of clouds, there is a clear sky!

Above the sky, golden light overflowed everywhere.

Such a sight, familiar and unfamiliar, made Chen Feng feel in a daze.

A moment later, a smile appeared at the corner of his mouth.

"Perhaps, this is what this world should be like!"

The mysterious sea of clouds is the destination of Shengyang Academy and others.

Here, it is said to be the core place of the Xuanming Seven Seas Realm.

And the valley of the fallen stars is in the depths of the mysterious sea of clouds.

There is also Chen Feng's destination.

Arrived in the mysterious sea of clouds, not far from the valley of the falling stars.

Suddenly, Chen Feng's eyes widened.

It turned out that he saw something floating in the thick golden clouds.

Chen Feng was shocked first, and then overjoyed, muttering in his heart: "This, is this true?"

"Hahaha, God treats me well!"

He walked quickly to the side of the boat, and then reached for a fish.

Sure enough, a familiar feeling came.

At the same time, a roar full of brutality came.

The thing that Chen Feng was holding in his hand made a violent struggle.

Even the big ship that struck was shook violently. The power was so powerful that even Chen Feng was almost broken free by him.

Chen Feng laughed and threw his hand away, letting him leave.

That existence hurriedly plunged into the golden sea of clouds, shook his head and waved his tail to leave, not daring to look at Chen Feng.

The thing that left was surprisingly a few hundred meters long and shaped like a spindle.

It is neither a Lingzhi nor a monster, but it exudes a powerful force!

This is surprisingly a god!

It turned out that Chen Feng just pulled up a divine essence by the boat.

And a **** like this...

Chen Feng looked far away.

He didn't take a closer look just now, but when he took a closer look, he found it.

At this moment, in front of Chen Feng, in this golden sea of clouds, countless gods, densely packed, seem to be endless!

It can be retrieved everywhere, and it can be obtained everywhere!

How could Chen Feng not be happy when he saw this scene?

At this moment, he even wanted to laugh out loud.

"I've long wanted to cultivate the prototype of the Treading Idol Warlord, and try to improve the prototype of the Treading Idol Warlord as soon as possible, and condense it into the Tactian Idol Warlord!"

"After all, I got the second page fragment of the idol stepping innocent vitality. If you don't practice, wouldn't it be too wasteful?"

"It's just that, where I was before, there was no divine essence, but how to practice?"

"But now, this divine essence is almost endless!"

"I cultivated the embryonic form of Tatian Idol and Zun Zun. It was definitely a multiplier with half the effort and the speed was amazing!"

Although Chen Feng didn't know when the strong among the three profound golden dragons would come.

But it won't take long, probably just these few days.

If he could train into the Heavenly Idol Statue War Sovereign before he arrived, he would be a little more sure about that time.
