

Peerless 4081

[Chapter 4081: Brother Chen, hurry up!](#)

Suddenly a huge force, crashing down!

With a force of hundreds of billions of catties, the powerful monsters that resemble dragons and snakes directly screamed and screamed, slamming them heavily on the surface of the water, making whirring sounds.

Dive into the water and never dared to move again.

Above the surface of the water, they were all smashed into huge waves and swept crazily.

All of a sudden, the entire lake seemed to be stirred up.

The monster beasts even screamed screamingly when they were smashed. They fell heavily on the surface of the water, making a whining sound, diving into the water, and never dared to show up again.

A smile appeared at the corner of Chen Feng's mouth and looked at Uncle Lu Yang next to him.

Before Lu Yangbo finished speaking, he was dumbfounded when he saw this scene.

He opened his mouth and laughed dryly: "Master Feng is really amazing."

Chen Feng also didn't bother to be familiar with him, carrying him, and soon crossed the big lake.

Soon, before coming to the stone wall.

Lu Yangbo kept discerning the direction and pointed the route.

Soon, Chen Feng climbed all the way forward and came to about 10,000 meters above the lake.

The cliff here has a small protrusion.

In fact, it is a huge rock protruding from the cliff with a radius of about ten meters. The bottom is abrupt, but the top is very flat, forming a platform.

Beside the stone, there was still a green pine.

Chen Feng is standing here, and below is the vast lake, flat waves forever.

Chen Feng looked around, suddenly a very familiar feeling surged in his heart.

Then, he was shocked, suddenly knowing why he had this familiar feeling.

"When I stood here and looked down, the surrounding scenery turned out to be the same as my residence in the Xuanyuan Family's Inner Zongjing Valley, and it was generally the same!"

Here, looking around, and looking around at Jinggu, standing on top of that giant pine, is so similar!

When Chen Feng thought of this, his heart suddenly hurt.

"If you say that Hua Lengshuang has lived here for a period of time before, then is it because she was thinking about those things and the past in Jinggu that day."

"So, did you choose to be here?"

Chen Feng suppressed this emotion, and then looked towards the end of the stone.

Lu Yangbo pointed to the junction of the stone and the stone wall and said, "This is it."

The junction between the stone and the stone wall is sunken to form a grotto, twenty to thirty meters high, but not deep.

The light is excellent.

The sun was shining down, a reddish yellow.

At the end of this stone room, there is a Wang Qingquan, and beside it is a jade-white stone shaped like a bed.

Chen Feng walked closer, and as soon as he came here, he was here and felt a very familiar breath.

It is the breath of Hua Lengshuang!

In an instant, Chen Feng's heart pounded: "I found it, I found it!"

"Finally found the traces of Hua Lengshuang, Huang Tian is worthy of his heart! I am right here, Hua Lengshuang is here!"

"At least, she has been here before!"

At that moment, Chen Feng frowned.

Because he felt that there was a strange aura that was inexplicable in the breath of cold frost.

This kind of breath felt strange to Chen Feng, even terrifying.

This breath, as if closely connected with Hua Lengshuang, is inseparable.

Even this remaining breath suddenly became violent after Chen Feng's detection and peeping!

In that emptiness, if ghosts cried out in bursts, pouring towards Chen Feng!

Chen Feng was taken aback for a moment: "What has Hua Lengshuang gone through? How did the aura on her body become so weird?"

"Moreover, this breath is very terrifying. It is just a ray of residual breath that will attack me!"

But how can Chen Feng be afraid?

A palm came out, and the power of the dragon descending Arhat surged.

In his opinion, this blow is enough to dissolve these breaths.

But the next moment, Chen Feng raised his brows.

It turned out that the blow of the power of the dragon descending Arhat, against this breath, was completely downwind!

In an instant, I was defeated by this breath!

Even Chen Feng himself was knocked back several steps by this breath.

Chen Feng was stunned for a moment: "How is it possible?"

He was very clear about Hua Lengshuang's strength, much worse than him.

Not to mention the breath left by Hua Lengshuang, even if she herself was here, the palm just now was enough to knock her back.

And now, Chen Feng was repelled by the breath she left behind!

Note that it was not repelled by Hua Lengshuang, but by the breath of her left behind!

Indeed, Chen Feng didn't try his best just now, probably just playing 10% of his strength.

However, this residual aura might not be able to exert Hua Lengshuang's power at all!

Moreover, Chen Feng felt that the power and quality contained in this breath was even better than the power of the dragon descending Arhat!

"how is this possible?"

"The Truth of Jianglong Arhat is a divine skill from the outside world, a technique of extremely high quality. This power is actually stronger than the power of Jianglong Arhat? Where does this power come from?"

"Is it an extremely high-quality magic skill, or the inheritance of a great monster outside the territory?"

Chen Feng guessed in his mind.

But fortunately, after these breaths were felt by Chen Feng, they suddenly became docile.

Not as violent as before, full of vicious killing intent.

Instead, he suddenly became docile, entwining Chen Feng without any malice.

There is even a trace of nostalgia.

Chen Feng chuckled softly: "You are, do you feel my breath?"

After he thought about it, he was overjoyed.

"Does this mean that after Hua Lengshuang enters this place, she will definitely get an adventure, her strength has been greatly improved, even stronger than me!"

"It should be said that she must be stronger than me."

"Others can be faked, breath can't be faked!"

This discovery made Chen Feng's heart move, and suddenly he realized something.

Afterwards, Chen Feng went around the stone room, but found nothing.

He looked at Lu Yangbo.

Lu Yangbo quickly said: "I only found this ribbon here. Apart from that, there is no other gain."

Chen Feng nodded slowly, forgiving him for not daring to hide it.

But at this moment, suddenly Chen Feng, if he noticed something, suddenly turned his head and looked towards the height of the stone wall!

The next moment, Chen Feng's hairs all stood up, and he shivered violently.

The whole person suddenly fell into a huge tremor!

He felt as if he was being stared at by a fierce beast.

It was a kind of cold hair standing upright, extremely dangerous feeling!

It turned out that there were several large characters engraved on the stone wall:

"Brother Chen, hurry up and go!"

[Chapter 4082: Down, wait a long time!](#)

This handwriting, painted with iron and silver hooks, in the beauty, and with an unspeakable scent.

It was obviously written by a woman who was soft on the outside and strong on the inside.

It's the handwriting, Chen Feng is very familiar with it, it is Hua Lengshuang!

In the handwriting, there is even more panic, fear, and irritability that cannot be said.

Beside the handwriting, there is blood stains!

Obviously, when writing, Hua Lengshuang was absolutely in extreme panic, danger, and fear.

And the most important thing is the content above!

Chen Feng took a deep breath and suppressed the throbbing in his heart.

He whispered softly: "Hua Lengshuang, I must have expected that I would come here to find her."

"Presumably, she also knows that with my ability, she can find here."

"Then why is she here to leave me this warning?"

"Is it because she has encountered something extremely dangerous and thinks I can't cope with it, so let me run away?"

"What kind of danger is it that would make her do this?"

When Chen Feng thought about it, he shuddered.

Hua Lengshuang is now stronger than herself, but she is still so afraid that she let herself go quickly, which shows that this danger is far beyond her imagination!

It's just that the panic in my heart is not an instant.

Then, Chen Feng's expression became extremely firm.

"Leng Shuang, how can I just leave? How can I leave you alone?"

"I am here to save you!"

"Even if I fight this life, I will save you!"

Chen Feng slowly clenched his fists.

He rose up and stroked the handwriting there.

However, as soon as Chen Feng touched the handwriting, there was an extreme throbbing in his heart.

He turned his head abruptly and looked at a place in the big lake.

However, nothing was gained.

It was still empty there, and there was even no shadow of the monster beast.

Chen Feng frowned and said in a low voice: "No, no!"

He felt it carefully for a moment, and then followed the handwriting with a light touch.

Then, there was no movement, no more excitement as before.

However, Chen Feng's complexion eased, and a smile appeared at the corner of his mouth, as if he was confident.

Then, Chen Feng fell down.

Then, he wiped his hand, destroyed the writing, and said to everyone: "Let's go."

Pei Muyu has been watching by the side, her eyes are a bit complicated, a bit envious, a bit excited, and a bit lost.

She suddenly pulled Chen Feng's clothes and whispered: "Brother Feng, is it your friend who left the handwriting?"

"Is this the owner of this ribbon?"

Chen Feng glanced at him, feeling a little in his heart, and sighed softly.

How can he not know what is going on with his daughter's family?

However, the most difficult thing for him to fail at this time is the grace of beauty.

The love debt in his body was already large enough, and Chen Feng couldn't bear it anymore.

He smiled, looked at Pei Muyu, and suddenly whispered: "Mu Yu, I..."

Before he could finish his words, Pei Muyu suddenly covered his mouth and trembled: "Don't say anything! Brother Feng, don't say anything!"

She said word by word, "You are my big brother, you have always been."

If Chen Feng understood something, he showed his face and whispered in a low voice: "You are charming and cute. If there is such a girl, I would be happy in my heart."

Pei Muyu's eye circles suddenly turned red, so he quickly turned his head and rubbed his nose.

After a while, he raised his head and looked at Chen Feng with a smile.

It's just that the tears in the eyes are spinning, and they may fall at any time.

Her voice is crisp and refreshing, just like the first ray of sunlight that shines into the forest in the early morning: "Okay, Brother Feng, then I will be your little girl!"

Chen Feng smiled and rubbed her head.

"Let's go, it's up here."

After that, he was ready to leave.

And at this moment, a gloomy voice suddenly came: "Go? Can you go?"

This voice was extremely cold, cold as ice.

After everyone heard it, it was all feeling, as if a cold snake came quietly, entwining its body.

Even the blood in the body has solidified into ice.

In the blood vessels, it seems that all ice ball is flowing!

Everyone was panicked.

After Chen Feng heard these words, he turned around suddenly and raised his eyebrows.

At the same time, there was a long sigh in his heart: "Finally, here, I have been waiting for a long time!"

Everyone then discovered that the cold was not an illusion of nothingness, it was actually a fact!

At this moment, the surface of their bodies was filled with layers of white air.

Even Xing Xiangyu and Lu Yangbo, who had weaker cultivation bases, were already covered with a thin layer of hard ice at this time.

For the two of them, their complexions instantly turned pale, their bodies trembling, their teeth trembling, and their complexions extremely ugly.

The strength is extremely declining and declining.

Chen Feng raised his eyebrows and looked on the stone wall, only to see ice flowers appearing on the stone wall.

Above the ground, there is a layer of hard ice, quietly condensing.

Chen Feng was clear in his heart: "Presumably, the speaker is extremely strong, and the cultivation technique is extremely cold, it's the ice system and the feminine system."

"So, just saying a word, it will cause such a huge power."

Chen Feng was awe-inspiring: "This person is really strong, I'm afraid he will win more than me."

However, he did not panic, his eyes remained firm.

Reaching out for a shot, two forces poured into Lu Yangbo and Xing Xiangyu.

Suddenly, the two felt as if the sun was real fire entering their bodies, and the warm air flow instantly throughout their bodies, making their bodies warm again.

Both of them vomited a few mouthfuls of blood, and the blood turned out to be black.

And just spit it out, it was directly condensed into a black icy tuft in the air, and it hit the ground heavily.

After the Bingtuo was broken, the black blood spread, directly corroding the hard stone ground into a sneer, and cyan smoke appeared.

Everyone was shocked: "These black poisonous blood is so insidious!"

"Not only is it extremely cold, but there is such a strong toxicity in it!"

Chen Feng also raised his brows:

"This person's cultivation technique is quite terrifying!"

"Not only is it gloomy and cold, but it is even more so vicious, with strong poison."

In the distance, two silhouettes came quickly, and instantly they came to the front and landed on the small platform.

Two silhouettes, one after another.

Among them, the person who followed, Chen Feng recognized, was rare in Hongyuan.

At this time, Xian Yu Hongyuan raised his head and looked at Chen Feng. The humble and humble face on his face disappeared.

Some are just full of hatred and resentment, and there are still unspeakable pride.

[Chapter 4083: Nine Poison Profound Yin Hall, Yueyang Wen!](#)

He smiled triumphantly there, and said bitterly, "Feng Chen, I didn't expect it! I will come back!"

However, Chen Feng didn't even look at him, just set his eyes on the person in front of him.

This is a man in a black robe, with a mask on his face, only part of the skin of his hands is exposed, like withered bark.

Chen Feng looked at this person, but did not panic.

In fact, the arrival of this person was completely expected by Chen Feng.

Even Chen Feng is very happy now.

Because he has important things to do here, he has to do a lot of things, he has to save Hua Lengshuang, and he has to explore the ultimate secret of the Xuanming Seven Seas Realm.

He also wants to enter the valley of the fallen stars!

Therefore, he really doesn't want a huge change behind him!

Especially, this variable still has very powerful strength!

This is something that Chen Feng cannot tolerate.

Therefore, he must find this person out.

And now, his goal has been achieved.

It's just that, at this moment, there was no inner determination on his face, and he didn't want to startle the snake.

Moreover, he is waiting...

Chen Feng glanced through the two of them, looked into the big lake, and whispered softly: "Do you know, what am I waiting for?"

Even at this time, Chen Feng deliberately made a slightly flustered look.

It seemed that the appearance of the black robe old man was totally beyond his expectation.

Then, he quickly covered up the panic.

Chen Feng is now going to send a message like this to the old man in black robe and Xian Yu Hongyuan: He is panic, but he doesn't want them to know that they are panic!

However, the black robe old man is not an easy one.

But at a glance, Chen Feng's panic trying to cover it up was obvious.

He smiled low, his voice hoarse and dry, and he couldn't say it. "Boy, stop pretending."

"I can see that you are very flustered at this time, presumably, my appearance is completely beyond your expectation!"

"am I right?"

Chen Feng stared at him, just coldly.

And when he fell in the eyes of the black robe old man, he became speechless.

The black-robed old man had a smug in his eyes.

He also has reason to be proud.

When he first learned of Chen Feng's existence, he was quite worried and worried, but he quickly calmed down.

Decided to use this opportunity to use the opportunity to enter the periphery of the Valley of Fallen Stars to kill this child!

Never let him have any influence on his plans!

Their sects have traveled to this Xuanming Seven Seas Realm several times, and there are some advanced arrangements here.

Therefore, he didn't use Xian Yu Hongyuan at all, so he quietly entered the periphery of the Valley of Falling Stars and lurked. ,

In order to wait for this opportunity.

And now, with one day left before the three-day period, he finally waited for this opportunity!

This also made him very happy.

The complacency was uncontrollable.

At this time, I didn't rush to do anything, just looking at Chen Feng, a look of interest appeared in his eyes.

"Before, when Xian Yu Hongyuan used Shen Yuan in front of you, he was easily caught by you."

"So presumably, you are also quite knowledgeable about Shenyuan."

"No one else in Xuanming Seven Seas Realm knows this, then..."

He stared at Chen Feng and said word by word: "Presumably, you also came from another world, right?"

After hearing this, both Xing Xiangyu and Lu Yangbo's expressions changed drastically, and their faces showed disbelief.

Looking at Chen Feng, the whole person was stupid.

The Xuanming Seven Seas Realm has always been quite closed, let alone people who have been in contact with other worlds, and they don't even have this concept.

I have never heard of it, I have never thought about it!

"There are other worlds? There are people from other worlds who can come to Xuanming Seven Seas Realm?"

Was shocked for a while and couldn't even speak, standing there blankly.

But Pei Muyu was not very surprised.

It seems that he had had similar speculations in his mind before, but he looked at Chen Feng, his eyes were calm, and nothing changed.

Chen Feng doesn't care about other people's thoughts, he only cares about Pei Muyu.

Seeing Pei Muyu's expression unchanged, he sighed lightly, patted her little head, and smiled: "Mu Yu, don't worry."

"No matter what my origin, no matter what I have said or done before."

"At least our friendship!"

He pointed to his heart: "It's true."

Pei Muyu smiled sweetly: "Brother Feng, I know."

"Not Brother Feng, but Brother Chen."

Chen Feng laughed, then looked at the black-robed old man with a loud voice: "Xuanyuan family Chen Feng, I have seen senior!"

"I don't know Senior, how do you call it?"

"What? You are the genius of the Chen Feng Xuanyuan family, Chen Feng?"

After hearing the words Chen Feng, the black-robed old man suddenly couldn't help exclaiming.

And his exclamation also missed the bottom.

Chen Feng laughed loudly and pointed at him and said, "It turns out that you also came from Dragon Vein Continent."

"If it weren't for someone from the Longmai Continent, how would they know the Xuanyuan family? How would they know his name, Chen Feng?"

At this time, Pei Muyu looked at Chen Feng with deep eyes.

"It turns out that his name is not Feng Chen, but Chen Feng, from a place called Longmai Continent."

Not only Pei Muyu, but Lu Yangbo, Xian Yu Hongyuan, and Xing Xiangyu all had extremely shocked expressions.

Looking at the two, his eyes were extremely complicated.

There was a deep sense of humiliation in their hearts.

The highest secret of their Xuanming Seven Seas Realm was contested by these two people from other worlds.

And they are completely manipulated by others.

Chen Feng was just surprised, but not very shocked.

Because he had similar speculations before.

After a brief shock, the black-robed old man let out a burst of laughter: "Unexpected, unexpected!"

"This Xuanming Seven Seas Realm's highest secret, the trash outside doesn't even know it."

"As a result, it was the two of us from the Longmai Continent vying here!"

Chen Feng also smiled.

However, the depths of the eyes are all cold.

The other party would not show mercy to his subordinates just because he was from the Dragon Vein Continent, and he would never show mercy.

Of the two, only one will survive today!

Because it is a person from the Dragon Vein Continent, it will be especially cruel to start.

Because both sides know each other's foundation.

The black-robed old man raised his chin, and said with an arrogant tone in his tone: "I won't be evasive anymore. My name is Yueyang, and I come from the Nine Poison Profound Yin Hall of the Dragon Vein Continent!"

"Nine Poison Profound Yin Hall?"

When Chen Feng heard this, he was shocked.

The Nine Poison Profound Yin Temple is not among the nine major forces.

[Chapter 4084: Chen Fengbu's game](#)

But above the Dragon Vein Continent, it is an extremely famous school.

Of course, this is not a good reputation.

The Nine Poison Profound Yin Hall is located in the southern wilderness of the Dragon Vein Continent, in the endless jungle southwest of the Dragon Vein Continent.

It is said that its origin was originally some witch poison masters.

The Nine Poison Profound Yin Temple is the most praised and feared by outsiders, and they are three.

One: Poison.

Second: Gu worms.

Third: mysterious witchcraft.

Its poison kills people invisible, which can be described as extremely strange.

The mysterious witchcraft is completely different from the normal martial arts techniques on the Dragon Vein Continent. It has its own unique system.

Very large and powerful.

And the other thing that makes people fearful is their Gu worm.

That Gu worm is an important trump card for them, and it is said that the warrior of Gu worms died in a miserable state.

People who truly understand its strength are quite afraid of it, and believe that its strength is not under any of the nine powers.

The Nine Poison Profound Yin Temple is also quite strange, and there will be no disciples coming out of the mountain, only to rule the king in its own territory.

However, every once in a while, there must be an outstanding disciple who will go out and practice.

A **** storm was set off in the Dragon Vessel Continent.

Therefore, Chen Feng knew the reputation of the Nine Poison Profound Yin Hall.

But Chen Feng didn't understand this Yueyang Wen.

Although this person is terrifying in strength, his reputation is not obvious.

Chen Feng felt that his strength might have already entered the Six-Star Martial Emperor, but he had never heard of it when he was in the Dragon Vessel Continent.

Yue Yangwen stared at Chen Feng and let out a strange laugh.

"They are all people from the Dragon Vein Continent. When they meet again, they are also destined. I can make you a ghost."

His voice was faint: "Now, you know who I am and where I come from."

"Then, too!"

He slowly uttered three words: "On the road!"

The voice was faint, but it smelled of unspeakable commands.

It seems that since he said so, things must be like this.

Obviously, he didn't put Chen Feng in his eyes at all, thinking that he had the chance to win.

In his eyes, Chen Feng was already a dead person, as long as he shot himself, he could be killed!

Chen Feng glanced at Yue Yangwen, smiled slightly, but ignored him.

Just suddenly looked at Xian Yu Hongyuan and smiled: "Xian Yu Hongyuan, do you know?"

"Actually, I am quite grateful to you."

"What? Thank me?"

After Xian Yu Hongyuan heard this, he was a little confused, and instinctively asked: "What is grateful to me?"

"Could it be!"

After hearing this, the black-robed old man really felt suddenly in his heart.

Suddenly, there was a look of uncertainty on his face.

At the same time, there is a thought in my heart: "No way, how is it possible?"

"Of course I am grateful to you!"

Chen Feng looked at Xian Yu Hongyuan, but pointed his hand at the black robe old man, saying word by word: "Bring him out!"

Chen Feng looked at the man in the black robe, and laughed: "Do you think I left Yu Hongyuan only by my carelessness?"

Chen Feng's voice was filled with unspeakable comfort: "Wrong!"

"I just wanted to lead you out, so I let him go!"

It turned out that Chen Feng was full of doubts when he first played against Xian Yu Hongyuan.

There is no such method for cultivating God Essence above this Xuanming Seven Seas Realm.

But Xian Yu Hongyuan was able to practice.

At the same time, when Chen Feng was in contact with the Qingyan family to observe, he discovered that no one in the Qingyan family would cultivate spiritual essence.

Even the elder leading the team from the Qingyan family did not practice.

From this, Chen Feng judged that this method of cultivating the gods was definitely not owned by the Qingyan family.

If it is owned by the Qingyan family, then with the strength and status of the leader elder, it is impossible to miss the cultivation.

At this time, he did not practice, but Xian Yu Hongyuan did practice. Then there is only one possibility:

There is another person behind Hongyuan! Another adventure!

And this, even the rest of the Qingyan family did not know.

Sure enough, after Chen Feng asked Pei Muyu to help him listen to the news, he learned that Xian Yu Hongyuan really had something unusual recently.

From this, Chen Feng strengthened his judgment even more.

There is another person behind Xian Yu Hongyuan, and this person is most likely from the Longmai Continent.

Because, Chen Feng felt quite familiar with the method of cultivating the gods.

This immediately made Chen Feng extremely vigilant, or even fearful.

He entered here not only to save Senior Sister, but also to uncover the big secret at the core of the Xuanming Seven Seas Realm.

But now, it is extremely likely that other powerful forces belonging to the Dragon Vein Continent have also come here.

Chen Feng does not think that the other party will cooperate with him, nor does he think that the other party will be friendly to him.

The road of martial arts, there is no one!

The supreme treasure, how can others covet it?

Chen Feng knew that the other party would **** the most precious treasure with him, and even make trouble for himself in the midst of Chen Feng.

Then it is extremely likely that the Hua Lengshuang matter will become confusing and variable.

As for the variables, Chen Feng would never allow them to appear!

Therefore, at that time, he made a plan, that is, he must draw out the people who are rarely behind Hongyuan.

And when Chen Feng pushed himself and others, he also judged that the other party would definitely know his existence from Xian Yu Hongyuan.

After he knew his existence, he would definitely not let him go, he would definitely come to the door.

The best place to kill is of course: the Valley of Fallen Stars!

After entering the Valley of Fallen Stars, the other party will definitely do something,

Chen Feng did various things before, including Yu Hongyuan's return, just to draw him out!

And now, he got what he wanted!

Hearing Chen Feng's words, Xian Yu Hongyuan's expression changed drastically in an instant.

The viciousness on his face just now, the utterly strong complacency, and the condescending attitude towards Chen Feng, all disappeared.

Yes, only panic and fear.

He didn't think Chen Feng was using words to deceive him, because he had seen Chen Feng's greatness.

He knew very well what kind of means and strength this young man in white had!

So he didn't doubt the truthfulness of Feng Chen's words.

He was shocked, his face changed drastically, and he almost couldn't help turning around and fleeing madly.

But anyhow, he still had a trace of calmness, and cast his eyes on the black robe elder Yue Yangwen next to him.

Yueyangwen's hideous mask of God and Demon was on his face. Chen Feng could not see the look on his face, but his trembling hands and sleeves had betrayed his mood.

Obviously, he was never calm at this time.

[Chapter 4085: Finally you are here](#)

Even, it was a little flustered.

However, the black-robed old man deserves to be a strong man in the Nine Poison Profound Yin Hall, who has been in the Dragon Vessel Continent for a hundred years, has a wide range of knowledge and experience.

At this moment he was still stable.

He took a deep breath, looked at Chen Feng, and said, "I didn't expect that you still have such a scheming plan, so you dare to lead me out."

"But what can you do if you lead me out?"

"You are just a master of the younger generation, no matter how strong you are, how strong can you be?"

"Are you a six-star Wudi? I think you haven't even reached the five-star Wudi!"

The more he said, the more stable his heart became.

Because in his opinion, Chen Feng in front of him is indeed an enemy.

His scheming and his potential are endless, but his weakest is the lack of actual combat power right now!

Therefore, I don't have to fear him at all.

A grinning smile appeared at the corner of his mouth: "And I, I am already a powerful six-star Wudi!"

"Even if you lure me out, so what?"

At this time, Yueyangwen's self-confidence has returned.

In addition, he viewed Chen Feng with a bird's eye view and condescending attitude.

He even felt a little bit angry in his heart, because he felt that he was shocked by Chen Feng just now!

He stared at Chen Feng, and said condescendingly, "For the sake of people from the Dragon Vein Continent."

He waved his hand and said lightly to Chen Feng: "You can judge yourself!"

When he said this, he took it for granted.

It was as if he let Chen Feng decide on himself and gave Chen Feng great face.

In his opinion, the fact is also true.

Chen Feng is not his opponent at all, as long as he does it, he can be directly killed.

And, it can make him die miserably!

He has given Chen Feng a lot of face by letting Chen Feng decide on himself.

A sneer appeared at the corner of Chen Feng's mouth: "Looking at you like this, let me judge myself. It's pretty good for me, right?"

Yue Yangwen said indifferently: "Naturally, if you don't look at the same place, it will be hard for you to die."

His fingers flicked, and several colorful brilliance wrapped around his palm.

It was a highly poisonous Gu worm.

"After being infected with these Gu poisons, you will kneel on the ground and beg me, and you won't kill you."

After that, it was a burst of smug laughter.

At this time, he completely ignored Chen Feng.

But Chen Feng laughed instead of anger.

He laughed very happily, still from the heart, so much so that Yue Yangwen felt guilty when he laughed.

And Chen Feng's smile was not because of him, but because...

Chen Feng suddenly looked at Yueyang Wen and said lightly:

"Yueyang Wen, since you are on the Dragon Vein Continent, you should also know that Chen has become famous when he was young, and it is not a fluke to be able to come this far."

Yue Yangwen didn't know what Chen Feng was going to say, but looked at him quietly.

Chen Feng lowered his voice at this time, staring at him, and said word by word: "So what do you think!"

Chen Feng smiled and looked at the man in the black robe with an idiot look: "Do you think I am the kind of arrogant and unsure person?"

After hearing this, the black-robed man suddenly had a warning sign in his heart.

Suddenly, an emotion called fear came out!

In an instant, the whole person was tense!

An extreme danger burst out suddenly, causing his chills to stand upside down!

With a violent roar, he turned around and fled out!

It turns out that this person has grown up in a land of intrigue since he was a child, and has experienced countless killings in his life, and has long become extremely sensitive.

Seeing something wrong at this time, I immediately wanted to escape!

Chen Feng sneered: "I still want to escape at this time, can I escape?"

At the next moment, Chen Feng suddenly stretched out his arms and took out the wooden hairpin.

Then, with a snap, he broke the wooden hairpin and shouted loudly, "Lengshuang, come and help me!"

As the wooden hairpin broke, an extremely violent wave suddenly radiated away.

This wave of fluctuation is countless times stronger than any one that the wooden hairpin has emitted before!

It was even stronger than before, when Chen Feng had just sensed the breath of Hua Lengshuang from the top of Muchai.

After all, this wooden hairpin is a token of Hua Lengshuang left to Chen Feng!

On this wooden hairpin, there is not only a breath of cold frost.

It can even be said that Hua Lengshuang is pinning her longing for Chen Feng, her nostalgia for the Dragon Vein Continent, and even her concern for her safety, all on this wooden hairpin!

Therefore, how intense are the emotions condensed on it?

As a result, as soon as Chen Feng broke the wooden hairpin, there was an extremely strong, even substantive emotion, which instantly spread!

To the surroundings, frantically rushing!

As if feeling this breath, in the big lake, suddenly there was a clear scream!

It was a woman's voice.

Then, the lake water was in the center of it, suddenly bursting!

A figure flew directly out of it and hurried towards Chen Feng.

In a blink of an eye, he hovered over the platform, one hundred meters away!

Between her and Chen Feng, Yueyang Wen was sandwiched!

Yueyang Wen, there is nowhere to escape!

After seeing the person's appearance, Chen Feng trembled at this moment, his eyes were sore, and almost tears fell.

There was just a voice in his heart yelling frantically: "Hua Lengshuang, I finally found you! I finally found you!"

It turned out that the person who came was white as snow, with picturesque eyebrows. Who is Hua Lengshuang? I finally found you, but fortunately I didn't give up.

This is another thing that Chen Fengfeng has determined, that is, Hua Lengshuang's strength is far better than ever.

It turned out that Chen Feng had guessed at the time that if she wanted Hua Lengshuang to appear, she was afraid that she would need to give her extremely strong stimulation.

Therefore, Chen Feng set up this round!

Not only must he use himself as a bait, he will quote the Yueyang text.

It is even more necessary to use Yueyang Wen as bait to attract Hua Lengshuang!

He gave Hua Lengshuang two strong stimuli.

The first stimulus was that Chen Feng was in danger.

As long as Hua Lengshuang still has a trace of sanity, seeing Chen Feng in distress, it is impossible not to save it.

The second one is to break this wooden hairpin.

This wooden hairpin is a token that maintains the two of them, and it can even be said to be the only witness of their past relationship.

Because now, Hua Lengshuang doesn't know how many things they can remember from the past, so both she and Chen Feng attach great importance to this wooden hairpin.

The break of the wooden hairpin, of course, is extremely irritating to the flower cold frost.

Sure enough, Chen Feng was right!

Under the two-pronged approach, Hua Lengshuang appeared really excited.

However, after Chen Feng saw Hua Lengshuang clearly, he trembled as if struck by lightning.

Standing there, unable to speak for a long time.

Only one voice echoed in my heart: "Is this still Hua Lengshuang?"

[Chapter 4086: Flower Lengshuang intoxicated!](#)

It turned out that at this time, Hua Lengshuang appeared in front of Chen Feng, no longer what it was before.

The previous Hua Lengshuang smiled and looked forward to beautiful eyes.

Although his mind is calm and steady, in front of Chen Feng, he has always been gentle and pleasant, with a hint of playful and charming girl.

But now, compared to the past, Hua Lengshuang's appearance has not changed.

Snow-skinned black hair, as always, even whiter than before.

Bai was even able to see through water, just like the ice and snow that hadn't melted for thousands of years.

Gives people an extremely cold feeling.

But whoever sees it will never associate her with her past.

The temperament has changed too much!

At this moment, she can only use four words to describe her: Devilish energy!

Behind him, there are countless black and red entangled magic energy, constantly transpiring.

Even half of the sky behind him was dyed black and red.

The extremely tyrannical aura diffused!

And her eyes have become scarlet.

When Chen Feng looked at her, his whole body was shocked.

Because, he felt as if he had fallen into a **** of blood.

In her eyes, there is no vitality, just like a lava hell, only endless blood, endless magic, endless killing!

She just floated in the air, the magic energy steaming behind her, dyeing half of the sky red.

She is barefoot and white as jade.

Her robe was bulging and fluttered in the wind.

In her eyes, there was blood red!

On her body, a scent of coldness like a cold **** kept hitting her!

The breath is not even an illusion, but real.

Chen Feng and others felt the chills.

Even the surrounding ground is all sealed by ice.

Even the big lake next to it, close to the cliff, was instantly frozen from top to bottom into a huge icy tuft!

At this point, Chen Feng has extremely determined one thing:

Hua Lengshuang, at this time has already been enchanted!

But despite this, Chen Feng couldn't control his emotions and shouted: "Hua Lengshuang, I'm looking for you!"

"It's me, Chen Feng!"

After hearing Chen Feng's words, Hua Lengshuang finally had some reaction.

She turned around slowly and looked at Chen Feng.

A light flashed across the blood-colored pupils.

At that moment, her pupils returned to black again.

The devilish energy behind her suddenly abated.

Even the expression on her face softened, as before.

Chen Feng couldn't help feeling ecstatic in his heart: "Lengshuang, I know you haven't forgotten! Your spiritual sense has never been extinguished, but it has been suppressed!"

"Do you remember me?"

"I'm Chen Feng!"

On those two words, Chen Feng emphasized his tone.

And Hua Lengshuang trembled violently all over, and a panic appeared on her face for an instant.

Her eyes were sometimes **** and sometimes black, as if they were being contested.

She looked at Chen Feng, just about to say something.

But at this time, suddenly the whole temperament changed, and the magic flame rose to the sky.

More terrifying than before!

Behind her, it wasn't even demon energy anymore, but countless extremely condensed black demon flames, rising into the sky!

A huge flame, like a cloud, burned from the ground to an altitude of 10,000 meters!

Then, her eyes turned red again, without any emotion.

Looking at Chen Feng, just indifferent.

Chen Feng took a deep breath.

He knew that his attempt to wake Hua Lengshuang had failed now.

But he was not discouraged.

Looking at Hua Lengshuang, Chen Feng said every word with a firm voice: "Hua Lengshuang, wait for me!"

"I will wake you up!"

"I'm sure, I won't watch you fall into the magic way!"

At this time, the Yueyang text next to him, the face under the mask was already pale and ugly.

And the source of all this is the appearance of Hua Lengshuang.

This woman is only stronger or weaker than herself!

He can feel it!

He was shocked in his heart: "This woman gives me the feeling that her strength has even slightly surpassed that of the six-star Wudi early stage! When did such a strong appear in the Dragon Vessel Continent? And she is still so young!"

Yue Yangwen took a deep breath, his expression extremely solemn.

He knows that today's things are no longer good!

Not to mention that he and the other party have a deep hatred, this young man is even more famous in the Dragon Vein Continent!

This son is a great weapon at a young age, and he will never be an indecisive person. He will never allow himself to escape.

Although he never awakened the memory in Hua Lengshuang's heart, Chen Feng still tried to communicate with Hua Lengshuang.

At the very least, we must attack Yueyang Wen with Hua Lengshuang!

He pointed to Yueyang Wen and shouted loudly: "This is Yueyang Wen. It is a big demon from the Dragon Vein Continent, and it is also our enemy!"

"He wants to kill me, let's kill him together, okay?"

Hua Lengshuang was silent, but she moved forward more than ten meters.

Chen Feng was happy, and knew, even though I don't know why Hua Lengshuang didn't speak now, he didn't agree.

However, her demeanor has already proved that she is going to jointly kill Yue Yangwen with herself!

Chen Feng slowly pushed forward, and behind Yue Yangwen, it seemed that his heart felt instinctive, Hua Lengshuang also slowly pushed forward, and the two instantly became a pincer.

Yue Yangwen panicked for a moment, but he was very human in the end, and soon calmed down.

As a result, he immediately turned halfway around, focusing 90% of his attention on Hua Lengshuang.

Because he can feel the devilish aura on Hua Lengshuang's body, the aura is strong!

"She is my real opponent!"

However, although he focused on Hua Lengshuang's body, there was a strange light shining in the eyes of Chen Feng.

Above the hands, there is a colorful light, constantly shining.

Among these colorful rays of light, there is still something like dust.

But if you look carefully, you will find that where is the dust, it is clear that it is one by one, the smallest Gu worm!

These gu worms are extremely small, but they make people feel very clear. Each end is extremely hideous, and there is a scream, and there is a ray of light and a red blood mist around!

The next moment, before Hua Lengshuang approached, Yue Yangwen suddenly turned around!

He actually killed him directly in Chen Feng's direction!

At the same time, on his hands, there was light shining one after another!

At the same time, his black robe shook in an instant, and he didn't know what happened!

Obviously, he had already used Chen Feng here as a breakthrough, he wanted to kill Chen Feng, and then escaped from here, breaking the situation where the two were surrounded!

[Chapter 4087: Bone Troll](#)

He dared not attack Hua Lengshuang, but dared to attack Chen Feng.

Obviously, Chen Feng is regarded as a soft persimmon!

A smile appeared at the corner of Chen Feng's mouth: "Take me here as a breakthrough! Yueyangwen, do you treat me as a soft persimmon?"

Yue Yangwen smiled grimly: "Yes, I just treat you as a soft persimmon!"

In an instant, he was less than fifty meters away from Chen Feng!

Soon!

At this moment, he laughed loudly, suddenly pinched a magic trick between his hands, and said sharply: "Die me!"

At this moment, a burst of red light suddenly burst out around Chen Feng's body!

In this red light, there is endless viciousness and poison, and it is shrouded towards Chen Feng like a red mist!

It turned out that Yueyang Wen had already planted extremely violent poison beside Chen Feng in the Silent House.

At this moment, it suddenly broke out!

Chen Feng must be poisoned directly!

This kind of poison is extremely tyrannical. Once it appeared, Lu Yangbo, Xing Xiangyu, Pei Muyu and others had not been touched. The three of them instantly turned flushed and hot.

He even started to foam at the mouth and his pupils were dilated.

This toxin is only aimed at Chen Feng, about twenty to thirty meters away from them at this time.

Actually, he almost wanted to kill these few Profound Sky Realm masters with a lively poison!

This shows that the toxicity is fierce!

Chen Feng sneered, his sleeves flicked, and he threw Pei Muyu and the others away to keep them away.

At the same time, the power of the dragon descending arhat surged out, directly helping them heal their injuries.

At this time, those highly poisonous had already swept towards Chen Feng.

Those people have become like this when they are so far away. What will happen to Chen Feng, who is at the center?

Yue Yangwen stared at Chen Feng, his eyes also showing complacency.

At this time, Chen Feng was calm and calm, and didn't care.

He looked at Yueyang Wen and smiled and said, "You must think that I will be poisoned to death?"

He lowered his voice: "Sorry, I'm going to disappoint you!"

The next moment, Chen Feng pressed both hands down!

Suddenly, the power of the dragon descending Arhat rushed out wildly, forming a golden halo directly around his body.

Those fierce red poisons, as soon as they touched the golden aperture, they disappeared without a trace.

The power of the dragon descending Arhat turned around, and all of the poison was directly broken, and nothing remained!

The power of descending the dragon and Arhat is exactly the nemesis of the poison.

Seeing this scene, Yue Yangwen was completely stupid.

He exclaimed: "How is it possible? This is very poisonous, but I have worked so hard..."

Chen Feng smiled and interrupted his voice.

He shook his fingers: "Sorry, it's useless to me."

Yue Yangwen's eyes suddenly became extremely gloomy, and Chen Feng's strength was beyond his imagination!

Chen Feng is so famous, so he didn't think of Chen Feng weakly.

But he felt that Chen Feng's strength would not surpass the five-star Emperor Wu, even if he could leapfrog to kill, he would not be his opponent.

The poison just now was enough to turn him into a pile of bones!

But I didn't expect that I still underestimated Chen Feng.

He turned his head and glanced at Hua Lengshuang behind him, and said grimly: "Hua Lengshuang is two moments away from attacking me!"

"These two moments are enough!"

"Since poison can't kill you, I will tear you apart!"

As he said, countless Gu worms flew out of his body.

Then, got into the black robe!

The next moment, the black robe swelled up!

Then, Yueyang Wen looked up to the sky and let out a miserable howl, seeming to be suffering from something huge.

The next moment, his body swelled wildly.

The black robe fell to pieces with a bang!

His body grew crazily, until he reached the size of more than 30 meters before he stopped.

At this time, he no longer looked like anyone!

One of his faces was completely transformed into a skeleton, without any flesh and blood.

And above his body was covered with a layer of rugged white bones, and on his back, there were bone spurs.

Behind the ass, there is even a huge bone tail!

He has turned into a huge bone troll!

This huge white bone troll is full of ghosts.

Beside it, there are not only colorful lights lingering.

It was one after another, extremely small Gu worms that were constantly shaking their wings and buzzing.

And among the five senses of the white bone troll that can only be called five holes, there is even more black energy, which is constantly transpiring.

And in this black energy, there are countless ghosts looming!

Countless stumbling ghosts and wicked ghosts constantly screamed sharply in them!

Obviously, once this white bone troll initiates an attack, the gu worms and the evil spirits will also attack together, adding a bit of power!

It will make his offensive more difficult and terrifying!

Chen Feng raised his eyebrows: "I want to come, this is the special witchcraft of the Nine Poison Profound Yin Temple on the Dragon Vein Continent that has always been dreaded by people!"

"This witchcraft is actually matched with the art of controlling Gu worms."

Although this kind of martial arts is transformed into a monster in his own body, the user does not know how much pain he has to endure, but its power is actually placed here.

The bone troll roared sharply:

"Chen Feng, do you know that my transformation like this is naturally effortless on the Dragon Vein Continent!"

"But here, there are so many things that are missing, so that I have to pay an extremely heavy price for this trick!"

"Since you made me pay a heavy price, then I will!"

He looked up to the sky and let out a stern scream: "It will kill you!"

The next moment, the white bone troll slayed Chen Feng fiercely. He no longer needed to use any martial arts or even witchcraft.

Now that he turned into a bone troll, he was already an extremely powerful witchcraft.

After transforming into a bone troll, only physical combat power reached the middle stage of the Six-Star Martial Emperor!

Better than his six-star Wudi early stage!

At this time, he only needs a slap to severely wound Chen Feng!

With another slap, Chen Feng can be killed!

At this time, Chen Feng felt an extremely terrifying breath from the bone troll.

That was the breath that belonged to the Six-Star Emperor Wu, and it was no different from the tremendous pressure Xuanyuan Zixi put on him back then!

After all, Yueyang Wen was a six-star martial emperor, and with all his strength, it was indeed unusual.

Chen Feng absolutely couldn't stop the six-star martial emperor level he turned into at this time!

"I am not an opponent!"

At this time, Chen Feng hated in his heart: "It's still too slow to absorb the gods."

"After reaching the outside of the Valley of Falling Stars, if I can give me one day, and then let me continue to absorb the gods, I can condense into the god-like warlord!"

[Chapter 4088: Is he waiting for me in the future?](#)

"And as long as my Heavenly Stepping Idol War Sovereign condenses successfully, then I will have the strength to smash the Six-Star Martial Emperor!

"So how can this be so now?"

Chen Feng's heart was full of hatred, and his anger was raging!

It's just that he is Chen Feng after all, and he quickly suppressed this emotion.

If he has the **** of stepping on the sky, then this battle is of course very easy.

But not at this time, and I can only adapt.

Fortunately, what Chen Feng needs to do now is not to kill him.

But trap him!

Moreover, you only need to trap him for a while!

"because!"

Chen Feng raised his eyes and saw that Hua Lengshuang was already chasing from behind.

Her body style at this time was very different from the past, standing barefoot in the void, floating slowly, as if walking against the wind.

It seems extremely slow, but in fact it is extremely fast.

Behind her, there was even more devilish energy, already chasing Yue Yangwen behind.

Seeing the next moment, he attacked Yueyang Wen.

Chen Feng's eyes were clear and his thoughts were extremely clear.

"All I need to do is to control Yueyang Wen for this moment!"

The Bone Troll, in no time!

His extremely huge, sharp claws formed from white bones were torn away at Chen Feng.

Five bones and sharp claws will tear Chen Feng into pieces!

There was a bloodthirsty light in his eyes.

In his opinion, Chen Feng could not resist this move!

And the fact is exactly the same.

Chen Feng really couldn't resist it, but he didn't have any fear. Facing this tyrannical move, he faced a violent offensive that could tear himself apart and kill himself.

Chen Feng was standing there, his eyes calm and indifferent, and the whole person was extremely calm.

He was calculating the distance between Yueyang Wen and himself.

Yueyang's style is too large, and the rudimentary form of his own stepping-on idol, the power range of that trick is quite limited, and Chen Feng must grasp it.

He wants to seal all the bone trolls in it, and he wants to pinch the timing, not sooner or later!

After all, the Yueyang text, this bone troll, is the most powerful enemy he has ever seen in his life!

Even better than the flame Taoist chasing him outside there!

Near!

Getting closer!

The giant white bone claws were getting closer and closer to Chen Feng's body, almost only a few inches away.

Seeing the next moment, Chen Feng was about to be hit!

At this time, in Chen Feng's eyes, time started to become extremely slow.

It seems to be slowly freezing.

The next moment, a mysterious feeling surged into his heart.

He seemed to be able to hear fish jumping out of the sea in the distance, he could hear flying birds flap their wings, and he could hear someone speaking quietly there hundreds of miles away.

I can also hear that above the sky and deep in the white clouds, there seems to be a trace of breath peeking here.

In an instant, in Chen Feng's eyes, time and space slowed down.

It seems that the law of time and space has been touched by him at this moment.

The whole person becomes incredible, relaxed, comfortable, refreshing, leisurely and at ease.

Chen Feng was extremely surprised.

But then, the surprise disappeared, and what was left was just a kind of peace.

Finally, Chen Feng moved at this time!

The look on his face became unspeakable and leisurely!

And his movements, seemingly slow, are actually extremely quick!

But by the way, every move and every style is extremely clear, without the slightest rush.

In the next moment, above his head, the embryonic form of the stepping idol and Zun Zun suddenly appeared.

He just appeared, and the rushing momentum had just fallen, and he let out a roar.

And that roar was obviously late, but it seemed to coincide with the arrival of the giant white bone claw.

At this moment, several black cracks appeared in the air.

In the crack, there seemed to be a picture of a white horse passing through the gap, flashing instantly.

It's not just a crack in space, it also carries a trace of time in it.

This is a crack where time and space merge!

There is space and time inside!

At this moment, Chen Feng suddenly felt enlightened.

At this moment, his eyes became extraordinarily blank and indifferent, just like a **** on the sky, overlooking all living beings.

At this moment, he felt that he had a little more understanding of time and space.

It seems to have touched the edge of the law of profound meaning!

At this moment, the Yueyang Wen on the opposite side, the white bone troll, had wide-eyed eyes, and his face showed an expression of disbelief!

What made him unbelievable was that it was not the appearance of the rudimentary Tingtian Idol and Zun Zun, but that he felt that he had clearly taken the lead, and was extremely fast, making the move first.

but!

On the opposite side of Chen Feng, everything went slowly, but he just ran ahead of him!

This gave him a sense of chaos in time and space.

This feeling made him extremely uncomfortable, as if he was forcibly thrown into the vortex at that time, and then walked the road just now!

It is also like that Chen Feng passed through the tunnel of time and space, and came to his future, waiting for him in the future!

"He is in my future, waiting for me?"

Yue Yangwen's eyes widened, full of shock!

This thought scared him!

On the opposite side, opposite to Chen Feng, Hua Lengshuang, who had been expressionless, had a wave of light in her eyes.

She seemed very surprised by Chen Feng's performance.

At this time, Yueyang Wen had no other concerns.

What he has to consider is how to face Chen Feng's offensive.

Following the fierce roar from the rudimentary form of Tatian idol Zhan Zun, he suddenly felt that his figure was frozen! Can't move!

It was sealed there forcibly!

He was directly sealed by Chen Feng!

"Seal! I was sealed?"

An expression of consternation appeared in his eyes again.

"It's just a tristar martial emperor. How can he be? What kind of ability does he have? What qualifications does he have to seal me?"

"The seal has reached the middle stage of the Six-Star Martial Emperor?"

"What kind of method does he use?"

At this moment, he had great fear of Chen Feng in his heart.

I realized that Chen Feng in front of him was definitely not measurable by his realm.

After all, he is a mid-stage powerhouse of Six-Star Wudi, and Chen Feng's **** only takes a short time for him!

In the next instant, he was able to break free.

However, just when he was proud of his eyes, and before he could break free, Chen Feng took the initiative!

The rudimentary form of Tatian Idol and Zun Zun is another roar!

Suddenly, Yueyang Wen felt that the power to seal himself had disappeared!

But there were countless space cracks around!

That space crack was actually to tear him apart alive!

Countless huge power, tearing power came, as if to tear him into pieces!

[Chapter 4089: The terrifying black magic blade!](#)

This is the power of space fragmentation!

Chen Feng used the space seal first!

Space shattering was launched again!

If the strength is insufficient, this space is broken, and it can be broken into powder!

But Yueyang Wen is the mid-stage powerhouse of the Six-Star Wudi!

This space was shattered, and it was of little use to him. Although it made him painful, it only punched cracks in the surface of his body.

It just left him with minor injuries, not even serious injuries.

However, this made Yue Yangwen annoyed!

After he turned into a big demon, it seemed that his character had become extraordinarily violent and brutal.

He stared at Chen Feng and let out a stern roar: "You are dead!"

"Boy, let me tell you, you are dead!"

He madly killed Chen Feng.

But at this time, a smile appeared at the corner of Chen Feng's mouth. He looked at him and said softly, "I don't think so!"

As he said, he waved his hand gently, making a goodbye gesture.

Yue Yangwen hadn't recovered yet, it was the feeling that a huge tearing force suddenly appeared behind him.

He actually made himself fly out behind him involuntarily.

Yue Yangwen suddenly turned his head, his face was terrified. When he turned his head, he saw that a figure was killed behind him!

It is Hua Lengshuang!

At this moment, in her hand, the black magic blade pointed forward!

A ray of black light condensed at the top, and a fierce devilish energy swept over him, almost drowning him!

Let him suffocate!

At this time, he can no longer escape!

Yue Yangwen screamed harshly and hissed: "Chen Feng, I will kill you!"

It turned out that the moment Chen Feng used the space to break, after breaking the space, all the space cracks were placed behind Yue Yangwen!

Caused a piece of space there to collapse directly!

And the space collapsed, forming a huge attraction!

Directly sucked the Yueyang Wen!

Also brought him to Hua Lengshuang!

The two tricks of Chen Feng's stepping on the heavenly idol and the rudimentary battle are first the space seal, and then the space fragmentation.

For Yueyang Wen, who had reached the middle stage of the Six-Star Wudi, it was nothing at all.

He couldn't even get him slightly injured.

Moreover, whether it is sealing him or sucking him, it is only a moment!

But this is enough!

What Chen Feng wanted was not so much damage to him!

What Chen Feng wanted was lag.

He only needs to maintain this moment!

And Chen Feng not only successfully completed the task of delaying him, but also sent Yueyangwen to Hua Lengshuang!

Hua Lengshuang pointed the magic knife forward in his hand, Yueyang Wen was inevitable, and there was no way to hide!

Chen Feng stood still, panting heavily.

He felt qi and blood all over his body surging, and between his breath, there seemed to be a strong smell of blood, and his mind was dizzy.

The scene just now, even though it only lasted for a short time, exhausted Chen Feng's energy!

Especially in the end, controlling those space cracks and collapsing is extremely costly for him!

At this time, Chen Feng was almost powerless!

He cast his eyes on Hua Lengshuang, and a voice echoed in his heart: "Lengshuang, I have done everything I can!"

"Next, it's up to you!"

That is to say, at this same moment, behind Hua Lengshuang, all the magical energy that was transpiring disappeared in an instant.

Her body seemed to have turned into a huge whirlpool!

Those devilish energy, like a dragon returning to the sea, returned to his body!

Then the next moment, these devilish energy condensed in Hua Lengshuang's hands again!

Condensed on the top of the magic blade, on the black light!

This magic blade was about one foot long and shaped like a willow leaf, looking very thin.

But it feels as heavy as a mountain!

And Hua Lengshuang held the sharp blade forward, the clouds were light and breezy, it seemed that there was no smoke and fire!

The tip of the black magic blade, that black light, suddenly became bigger after absorbing the infinite magic energy!

Chen Feng looked there.

But when he looked closely, he found out, where is the black light?

This turned out to be a black hole!

Although this black hole the size of a fist looks extremely small, all the space is constantly collapsing inside!

Wherever it passes, all space is swallowed!

And when Chen Feng stared at the black hole, he felt that his sight was almost drawn in!

Even time has stagnated in that black hole!

"What kind of terrifying power is this? Can it swallow time and space together?"

At this time, this black hole, like a point of wireless collapse, is constantly swallowing!

It gives people the feeling that even the entire world can be swallowed alive!

Chen Feng glanced twice, and suddenly felt an unspeakable boredom.

He wowed, and a big mouthful of blood spurted out!

And that bit of blood didn't fall to the ground, but dissipated directly.

When it reappears, it will already appear next to the black hole, and it is actually sucked in by the black hole!

Chen Feng's injury was aggravated again!

Chen Feng was shocked: "I just took a look, and it turned out to be like this. What kind of attack is this?"

"And how terrifying Hua Lengshuang's current strength is!"

Not only Chen Feng, Yue Yangwen can also feel the power of Hua Lengshuang's blow!

There was a look of extreme horror in his eyes: "What is the origin of this little lady?"

"Is he called Hua Lengshuang? Do you know Chen Feng? Is it also from the Xuanyuan family? How could she have such a tyrannical attack? I have never heard of him before!"

At this moment, countless chaotic threads flashed through his mind.

But in the end, it all turned into nothingness.

In the end, there was only one word left in his mind, and that was: "Kill!"

That's right, Hua Lengshuang's attack inspired its ferocity!

After Yueyang Culture became this white bone troll, his ferocity became fierce and his reason lessened. At this time, his killing intent was still madly transpiring!

He turned around and madly killed Hua Lengshuang!

A punch!

So the next moment, its huge white bone claws directly collided with the black magic blade.

In Yue Yangwen's opinion, if he had done the damage of the giant white bone claws, he could at least block the offensive of Hua Lengshuang!

But the next moment, a scene that horrified him appeared!

After the giant white bone claw collided with the black magic blade, there was no sound!

Silent!

Just like the wind blowing gently, the grass in the field after the rain undulates slightly and carefully.

No earth-shattering impact!

There is no huge movement!

Even, he only heard a slight invisible sound, a light 'chirp'.

Then, the black ball of light cut into the butter like a hot knife!

No, it should be easier to cut into butter than a hot knife.

It seems that the giant white bone claw in front of him is nothing but nothing.

[Chapter 4090: So powerful!](#)

That knife pierced the giant white bone claw directly!

Yueyang Wen was stunned!

The next moment, he instinctively bowed his head and looked at his giant white bone claw.

At this moment, he suddenly felt a sharp pain in the giant white bone claws.

The pain made his whole body tense.

Looking up to the sky, let out a terrible howl!

Yueyang Wen, raise Gu worms by oneself!

He had experienced the pain of Wangu Phage, and he had a strong tolerance for pain.

But at this time, he dared to swear that the pain now far exceeds any pain before him!

Because the previous Gu poisons only hurt his flesh, bones, and body.

But now, he feels that a huge suction is madly absorbing his own vitality, and he almost wants to tear his soul to pieces, and then swallow it!

That is pain that directly affects the soul!

How can he resist?

And the next moment, suddenly, all the pain disappeared and weakened.

Before Yue Yangwen could react, he saw that the other side of his giant white bone claw, which was broken by the black light ball, suddenly drilled out a bigger black light ball!

A bigger black hole that is constantly collapsing!

This black hole was already ten times larger than before, and it was the size of a jar.

There is still infinite space, as if collapsed inside!

There is still a destructive power, brewing in it!

No, it should be said that this destructive force is stronger than before!

And as this black ball of light came out of his giant white bone claws, his giant white bone claws instantly shattered, collapsed, and weathered!

It disappeared directly!

Chen Feng watched by the side and couldn't help taking a breath.

This black ball of light is so terrifying that it can penetrate into the body of the attacked person, absorb his essence, soul, blood, and strengthen himself!

Now, its power is obviously greater than before.

In the next moment, the black ball of light hit Yue Yangwen directly!

Yueyangwen let out a screaming howl unlike a human!

He was like a sieve, clutching his head, rolling frantically, roaring!

The ability to make a six-star Wudi mid-term powerhouse so miserable, shows how powerful this attack is!

How vicious it is!

It was almost torn apart, and the pain was extremely intense, attacking him!

And that black ball of light is still in his body, constantly sucking everything about him crazy!

Greedy!

Finally, the black ball of light and the collapsed black hole seemed to have reached a critical point.

Actually, with a bang, it exploded directly in his body!

The bone troll screamed and blasted directly into pieces and turned into powder!

The bone troll disappeared directly!

The body of Yueyang Wen suddenly appeared, and fell heavily on the cliff.

The devil mask on his face had also fallen off, and the black robe on his body had been exploded, revealing an old wrinkled face.

He was vomiting blood crazily, and his whole body was covered with numerous wounds.

In an instant, the blood gathered the ground into a pool of blood!

His momentum has declined to the extreme.

He even lay there, without the strength to cough, letting blood flow out of his mouth.

He stared at the sky blankly, his eyes lost.

At this time, Yueyang Wen was not seriously injured and dying, but only a breath away from death!

Chen Feng was all caught in a huge shock!

He had realized before that Hua Lengshuang's strength was not what it used to be, and was extremely powerful.

However, she did not expect that she is now so tyrannical!

Yueyang Wen is a dignified six-star Wudi mid-stage powerhouse!

He was seriously injured and dying by a single blow from him, and no longer had any fighting power!

Only a breath left, linger here?

And Pei Muyu, Lu Yangbo, Xing Xiangyu and others looked at Hua Lengshuang as if they were looking at a god!

Their eyes were full of trembling!

At the same time, there was a thought in their hearts: "What kind of place is the Dragon Vein Continent?"

"Why, the strength of their people is so terrifying?"

Even, they had an unspeakable yearning for the Dragon Vein Continent in their hearts!

After Chen Feng was shocked, his figure flashed, and he swiftly rushed towards Hua Lengshuang.

It turned out that he saw that after Hua Lengshuang made this blow, after the blow hit Yueyangwen, his whole body trembled.

The black magic blade in his hand instantly turned into countless black energy, directly disintegrating.

Only a dark black light slipped quietly into her sleeves.

It seems to be the core of this black magic blade.

And she also instantly turned pale and her aura was extremely withered.

Even, blood constantly spilled from the corner of his mouth, and his figure fell straight down.

Obviously, after her attack, it also exhausted all her strength.

The current situation is a little better than Yueyang Wen, but it's only a little better.

He couldn't even maintain his figure.

Chen Feng hurried to his side, hugged her directly in his arms, and said loudly, "Hua Lengshuang, how are you? How are you?"

And as soon as he touched Hua Lengshuang, he felt like holding an ice cube in his arms.

It was extremely cold, extremely cold!

Chen Feng even couldn't help but shiver.

This kind of cold is completely different from the kind of cold weather, as if it seeps from the soul!

But Chen Feng didn't care so much. He held Hua Lengshuang and shouted, "Lengshuang, it's me!"

"Your Brother Chen Feng, Brother Chen Feng!"

Hua Lengshuang closed her eyes tightly.

At this time, after hearing Chen Feng's voice, finally, his eyelids trembled twice and slowly opened.

The devilish energy in her eyes disappeared without a trace.

She looked at Chen Fengfeng, and suddenly the corner of her mouth twitched, revealing a gentle smile.

It was the smile that Chen Feng was most familiar with.

And the corners of her eyes and brows were all tenderness and joy.

Her lips moved slightly, and she trembled: "Brother Chen, am I not dreaming?"

"You, did you really come to save me? Did you really come to save me?"

Although she was a little sane before, but after all, she was deeply enchanted.

Therefore, the arrival of Chen Feng was just in a daze, quite ignorant, and not sure.

But now, she finally recovered.

Chen Feng looked at her with ecstasy.

Hua Lengshuang finally recovered her mind!

He suddenly hugged Hua Lengshuang tightly, and laughed: "Lengshuang, Lengshuang, I am here to save you!"

"You guys are too, but you can really run! You actually ran directly to this Xuanming Seven Seas Realm!"

"But let me find it!"

A look of guilt appeared on Hua Lengshuang's face: "Brother Chen Feng, I'm sorry, I'm dragging you down."
