[Chapter 4091: Bonebreaking Soul Destroying Golden Beetle](#)

Chen Feng shook his head: "Don't talk about this, I will save you first and go out."

Upon hearing this, Hua Lengshuang's eyes suddenly showed a touch of sadness and pain that was extremely deep.

Just as she was about to say something, her eyes widened suddenly, pointed behind Chen Feng, and said loudly, "Brother Chen, be careful!"

Chen Feng suddenly turned back!

So, the next moment, he trembled all over his body!

In an instant, it was creepy!

It turned out that he saw an extremely horrifying scene.

Originally, Yue Yangwen had fallen down there, his whole body wounded, and only a sigh of relief remained, and his strength was so weak that he didn't even care about it.

Not to mention Chen Feng and Hua Lengshuang, even Pei Muyu can easily kill Yueyangwen!

But at this time, Yue Yangwen's body had changed.

At this time, his blood flowed out, gathering on the ground.

It gradually became a little **** pool.

At this time, those blood actually started to condense.

Inside, a little bit of golden light came out.

This golden light makes people look particularly uncomfortable.

In the end, the tiny bits of light gathered into a golden ball, and all the blood disappeared.

The next moment, the ball burst open suddenly.

It's like an egg explodes and a creature hatches out of it.

What emerged from this golden sphere was a golden beetle the size of a fist!

After the golden beetle appeared, it swallowed the two golden carapace at an extremely fast speed.

Looking at this golden beetle, Chen Feng suddenly had a very strange feeling.

In the next moment, he found the source of this strange feeling.

It turned out that a gloomy face was born in the belly of the golden beetle.

And the look of that face is exactly the same as Yueyang Wen!

At this time, it seemed that Chen Feng's gaze was sensed.

The face on the belly of the golden beetle suddenly grinned and grinned at Chen Feng.

In Chen Feng's heart, there was an instant chill!

He suddenly realized something, his figure flashed, and he moved forward to kill the golden beetle directly!

However, the golden beetle suddenly possessed Yue Yangwen's body!

The next moment, he disappeared into Yueyang Wen's body.

Yue Yangwen's body recovered extremely quickly.

Almost in a blink of an eye, the wound on the surface of his body healed.

His face turned from pale to extremely rosy.

He didn't vomit blood anymore.

And most importantly, the aura on his body is rapidly recovering and frantically improving.

In a blink of an eye, he returned to his peak.

It was back to the time before he turned into a bone monster!

In other words, his current strength has returned to the six-star Wudi early stage.

It seems that he has obtained endless vitality from this golden beetle, and even his soul has been supplemented a bit!

He stood there and returned to the heyday.

At this moment, he raised his head and smiled at Chen Feng.

However, the smile is full of murderous intent!

Her voice was long and long, as if it came from Jiuyou Hell: "Two, you must be surprised, what was that just now?"

"May I tell you that this thing, named: Bone-Evading Soul-Destroying Golden Beetle, is the treasure of my Nine Poison Profound Yin Hall."

"The preciousness of this thing is not inferior to the Sixth Rank Divine Soldier!"

Upon hearing this, Chen Feng's heart was shocked.

He knows how precious the Sixth Rank Divine Weapon is.

Before the artifact fragment expired, he was attached to the extremely white dragon spear that day, making Chen Feng invincible, and his level was only a fourth-grade magic weapon!

And this thing is not inferior to the sixth rank magic weapon!

Its preciousness, I am afraid that there will be no more than twenty treasures of the same level in the entire Dragon Vein Continent!

"It seems that you also know how precious it is!"

With that, the look on Yue Yangwen's face became the ultimate resentment.

"Even in the Southern Wilderness, who is dominated by the witchcraft technique, such a gold beetle that eats bones and destroys souls will not exceed five fingers!"

As he said, he raised his left hand and shook it.

"And my Nine Poison Profound Yin Hall, even if it is to dominate the Southern Wilderness, there are only three such bone-eating and soul-destroying golden beetles!"

"Furthermore, it will take a whole hundred years for this bone-eroding soul-destroying golden beetle to be implanted in the body to successfully cultivated!"

"In the past hundred years, they will absorb the host's essence, anger, and even soul every three days!"

"It has been absorbed for a hundred years before it can be condensed!"

Speaking of this, his look is also very bitter.

At the two of Chen Feng, they screamed frantically: "In order to raise this little thing, I was tortured by him for a whole hundred years!"

"A hundred years! That kind of pain, that kind of despair, do you know?"

"I have countless times, and I even want to kill myself in pain!"

"But, I am still!"

His voice faded suddenly, as if he was stating something unrelated to him.

But this only means that he is even more angry to the extreme.

"After all, I cultivated it."

"With it, I have one more life, which can make me one more life at the critical moment."

"But now, it is dead and will never appear again."

"It's you who made me lose the most important life-saving hole card!"

"It's you, who made my hundred years of hard work, painful, and wasteful!"

"and so!"

His voice was very calm and indifferent, as if deciding the fate of the two Chen Feng, full of condescending taste.

He said word by word: "You two, you have to die!"

It's like, if he says to make them resist, Chen Feng will definitely die!

The two of Chen Feng looked at each other, and both showed shock.

Such strange things are really unheard of!

In an instant, Hua Lengshuang's face was completely defeated.

No wonder she is like this.

This scene suffered a great blow to her.

She was just now, even if she was already enchanted, it would be extremely difficult to make that move.

Moreover, that move also exhausted all her strength, making her now seriously injured and unable to move.

She wanted to make the same move again, it was impossible.

But now, she suddenly discovered that an enemy that she had exhausted all her strength and defeated only after she had exhausted all her strength, but miraculously recovered and stood in front of her again!

Although Yueyang Wen's current strength is not as good as when he used that white bone troll, the strength of the six-star Wudi in the early stage was enough to kill the two.

Hua Lengshuang was depressed, but Chen Feng had a completely different reaction.

He stared at Yue Yang Wen, his eyes full of fighting spirit.

On the face, there was an indescribable look.

When Yue Yangwen said that, Chen Feng's heart suddenly jumped.

[Chapter 4092: I'm right here, not going anywhere!](#)

An inexplicable induction, like a silk thread, spread to the surroundings, closely connecting Chen Feng's interaction with the power of heaven and earth with the induction between heaven and earth.

Chen Feng is constantly strengthening and expanding, participating in this sympathetic connection between heaven and earth!

Little by little, slowly spilling!

No one noticed!

Whether it is Hua Lengshuang or Yueyang Wen.

This kind of induction, this kind of wonderful sympathy, as if the feeling of being integrated with this world, has only been experienced by Chen Feng.

And, it has reached a considerable height.

However, as Hua Lengshuang defeated Yue Yangwen, the situation suddenly eased.

Without the huge pressure from the outside world, this heaven and earth sympathy is directly broken.

Chen Feng's heart was uncomfortable just now.

But now, this feeling is beginning to re-establish!

Chen Feng didn't know what it felt like.

He only knew that he had experienced this situation several times before, and he had an epiphany every time.

Each time, it brought me great benefits.

But not once, as this time, so deep, so intense!

Yue Yang Wen slowly approached forward.

Hua Lengshuang trembled: "Brother Chen Feng, you go!"

Chen Feng stared at her, saying word by word: "I'm leaving, what do you do?"

Hua Lengshuang bit her lip, with a trace of determination in her eyes.

"In my dantian, a true seed of Demon Dao has been condensed."

"This true species of Demon Dao can also make me burst out with great strength for the last time!"

"Hurry up! I'll stop him for you!"

She said that afterwards, she was absolutely determined.

Obviously, he has made up his mind to spare his life in order to let Chen Feng leave.

Chen Feng did not speak, but squeezed her face lightly.

Then, he smiled slightly.

He did not leave, but turned around and blocked Hua Lengshuang.

As far as Hua Lengshuang's eyes were, it was Chen Feng's broad back. He stood in front of Hua Lengshuang like a mountain!

Although Chen Feng didn't say anything, his actions already explained everything.

At this moment, Hua Lengshuang trembled heavily, tears streaming down her body.

"Oh, it's kind of love and justice."

The corner of Yueyangwen's mouth showed a touch of mockery, and his face was full of disdain.

In his opinion, this is just the last struggle of the two ants.

As Yue Yangwen approached forward, he suddenly grinned and smiled cruelly.

He pointed to Chen Feng and said, "Boy, if you run away from Hua Lengshuang now, then I will kill Hua Lengshuang first, and then I will kill you later."

"I can let you live a while longer."

The reason why he said this was not because he hated Hua Lengshuang more than Chen Feng.

In fact, he was full of resentment towards both people being the same.

The reason why he said this was to play with them.

It's like a cat catches a mouse and doesn't rush to kill it, but first play around.

Chen Feng said nothing, a sneer appeared at the corner of his mouth, but he just hooked his fingers.

His eyes were full of contempt.

Yue Yangwen was furious, and went mad to kill.

His five fingers instantly turned black and gleamed, like the finest black gold.

The five fingers are condensed into claws, with incomparable power and domineering power, revealing the strength of the Six-Star Martial Emperor, unparalleled!

The clouds above the sky were even shattered, and there were countless small space cracks around them!

Of course, he did not understand the laws of time and space.

That space crack was simply shattered by powerful force!

His claw was extremely vicious, and he made it clear that he wanted to kill Chen Feng together!

And Chen Feng also found that facing this claw, he was unstoppable and inevitable!

Even I can't move it!

And when Yueyangwen's trick was blasted out, Chen Feng and both of them, all their auras were blocked!

Can't hide!

However, Chen Feng never thought of hiding.

He can hide, what about Hua Lengshuang?

He hid, Hua Lengshuang died!

The claws are constantly approaching!

Seeing, in the next instant, Yueyang Wen's claws could pierce Chen Feng's chest!

Then, kill Hua Lengshuang!

Hua Lengshuang's face was sad, and her eyes were extremely sad.

She trembled: "Brother Chen, please, leave me alone! Run away!"

"You run away!"

At this time, if Chen Feng really wanted to escape, he would still escape.

And if he stays, he will definitely die!

When Yueyang Wen heard the words, his eyes narrowed.

That's what he was afraid of!

Although he had recovered his strength, his body was severely injured just now, but he could no longer use the trick of the bone troll.

It also means that the strongest strength he can display is only in the early stage of Six-Star Wudi.

And the strength of the six-star Wudi in the early stage can kill Chen Feng.

However, if Chen Feng wanted to escape, he could still escape.

In particular, he knows that people like Chen Feng have many ways to escape.

He threatened fiercely: "Chen Feng, if you dare to escape, I will make Hua Lengshuang die miserably."

Chen Feng looked at him and said coldly: "Don't say this to me to arouse me!"

"Tell you, Lao Tzu is standing here and not going anywhere!"

While speaking, she turned her head and looked at Hua Lengshuang.

The eyes are soft.

His words were also meant for Hua Lengshuang!

Yueyangwen's lips moved, his face was mocking, and he kept talking.

He was very proud of himself, what he was afraid of was Chen Feng's escape.

And now, it is clear that his plan has succeeded.

At that time, Chen Feng had completely ignored what he was saying, and completely ignored it.

Because Chen Feng couldn't even hear what he was talking about.

At this moment, in Chen Feng's mind and ears, there was only one voice filled.

There were bursts of huge 'bang', 'bang' and 'bang' sounds!

It's as if there is a huge heart jumping in his ears!

And the next moment, Chen Feng discovered, where was the heart of some huge monster beast, it was clearly his own heartbeat!

His heart is steady and powerful, pulsating again and again!

"Why, my heartbeat sounds like this?"

But in the next moment, Chen Feng knew the reason!

Because at this time, he found that the heartbeat was not only in his body, but also filled the entire world.

Chen Feng suddenly said, "It turns out that I have become one with this world!"

"So, this heartbeat is everywhere! It's so huge!"

Yueyang Wenli Claw continued to move forward.

In the next moment, he came to Chen Feng's chest an inch!

Seeing, after one point and one instant, he could penetrate Chen Feng's chest and crush Chen Feng's heart!

But at this moment, Yue Yangwen suddenly felt something wrong!

[Chapter 4093: Transform into the world](#)

He suddenly felt that the surrounding wind had stopped and the surrounding clouds had frozen.

All the air currents around are cut off at this moment!

Even the waves of the big lake under him solidified at the same time!

It's like being frozen in an instant!

Everything, everything stopped moving.

And he only heard the sound of a huge heartbeat in the void!

Bang bang bang!

Click and click!

Yue Yangwen was panicked instantly, he didn't know what happened.

"What's the matter? What's the situation?"

He gritted his teeth and just wanted to kill Chen Feng forward.

He knew that this must be Chen Feng's ghost!

However, it was at this moment.

The sound of the heartbeat has grown to the extreme!

Chen Feng's comprehension, the kind of interaction between heaven and earth, also reached the extreme!

So suddenly, he opened his eyes, and there was a bright light in his eyes.

At this moment, Yue Yangwen faced Chen Feng's eyes, only feeling as if he was facing a deity!

Then, the next moment, Chen Feng's eyes were slow and he stretched his hand forward.

Slowly spit out a word: "Set!"

With just a simple 'fix', Yue Yang found out that he was really frozen.

Standing there, I can't move at all!

He roared wildly in his heart: "This, what happened? What happened?"

There was a look of horror in his eyes.

However, he found that not only was his body immobilized, he could not even speak.

The eyes can only turn around there.

It turned out that Chen Feng's interaction with this world has reached the extreme, and he has been in the world.

At this moment, he felt that he was this world.

Then, of course he can seal things that enter this world.

Naturally, Yueyang Wen can be sealed!

The feeling of this moment made Chen Feng feel strange to the extreme.

This feeling of being in the world is really wonderful.

But Chen Feng knew that this could not be used as his own ultimate move. It was only a momentary realization of his own, and it would not last long.

To kill Yueyang Wen, other means are needed.

At this time, Hua Lengshuang was stunned, looking at Chen Feng in shock, unable to believe what was happening before her.

The next moment, she screamed and cheered!

"Brother Chen Feng, I know you can do it!"

"Brother Chen Feng, you have never let me down!"

Chen Feng smiled slightly, turned around and patted her head gently, but kept his hands.

Just stretched out his hand, pointed to the sky, and said another word: "Crack!"

In the next moment, a huge gap burst into the sky.

Through the gap, Chen Feng could vaguely see the situation above the Xuanming Seven Seas realm outside.

That cold and faint **** moonlight.

Obviously, the Xuanming Seven Seas Realm outside was in the middle of the night at this time.

Then, Chen Feng stretched out his right hand.

At the same time, outside the Valley of Fallen Stars.

Next to the entrance, on the platform.

People from all major sects and major forces are chatting in small groups.

All outstanding disciples have entered it, and they are also quite worried.

It's just no use worrying, they can't do anything.

I can only wait anxiously here.

Everyone was chatting and talking, and suddenly, one person's eyes widened, his mouth widened, and he pointed to the sky blankly.

The few people next to him were about to laugh, but after looking forward along his line of sight, all of a sudden, there was a look of horror on his face!

It turned out that at this moment, they saw that a huge crack suddenly burst into the sky.

And the direction of the rift came from the Valley of Falling Stars.

Everyone was shocked, and suddenly stood up: "What is going on? What happened in the Valley of Fallen Stars?"

Even Sikong Jinglong was full of shock.

He has never heard of such a situation!

And the next moment, a scene that made them even more shocking appeared.

I saw that from the crack, there was a big hand stretched out.

The big hand covered the sky and sun, and then directly grabbed the golden sea of clouds next to them.

A big hand casually grabbed in the golden sea of clouds, and they grabbed several large, complex, and constantly struggling existences.

Sikong Jinglong and others were stupid.

They had seen this kind of thing countless times before, but they never knew what it was for.

It turned out that this was caught by almost a dozen gods.

Moreover, it is the most powerful and purest **** in this huge area.

Then, the big hand suddenly retracted, holding these gods and returning to the crack.

Then, the crack was completely closed and there was no trace.

When everyone saw this scene, they only felt like they were in a dream.

It's as if the scene just now never happened.

However, they deeply understand that this scene is actually happening!

Everyone was shocked.

Suddenly, Sikong Jinglong's eyes suddenly showed a touch of excitement, and he said loudly:

"I know!"

"It must be in the Valley of Fallen Stars, there is a senior outside the world hidden!"

"The predecessor is so powerful that he can break through the void and come directly outside, but he doesn't know what he was doing just now!"

Everyone nodded, all agreeing with Sikong Jinglong's guess.

Their eyes were full of admiration and admiration, and they were shocked by the strength of this powerful senior.

At this time, Chen Feng certainly didn't know that he had been regarded as a worldly expert by them.

He took his hand back, and there were more than a dozen gods in front of him!

Yueyangwen looked at Chen Feng blankly, not knowing what he was going to do.

Chen Feng took a deep breath at this time, and the idol's innocent vitality suddenly started.

Therefore, it is a powerful force like a spider web, directly integrating these dozens of gods into it.

These dozens of gods, where are you willing to catch them?

They are all struggling madly.

He even launched an extremely vicious attack on Chen Feng!

But it's useless!

Chen Feng was united with this world at this time. Under Chen Feng's control, they had no room for resistance at all.

Chen Feng's thoughts moved, and the gods stepped on the innocent vitality, and suddenly, the dozens of gods were quiet and honest.

The next moment, Chen Feng stepped on the prototype of the idol and Zun Zun appeared.

Then, the rudimentary form of the **** of stepping on the sky suddenly looked up!

Roar up to the sky!

On the body, there are countless bronze lights emerging.

Then it opened its mouth.

That big mouth swelled up in the wind, and it was thousands of meters huge in an instant.

It feels as if even the sky can bite a piece.

Then, a huge mouth, more than a dozen gods, were directly swallowed in a screaming scream.

[Chapter 4094: Stepping on the gods! Finally condensed!](#)

Then, the embryonic form of the stepped idol Zhan Zun suddenly rose in a circle.

It suddenly became several hundred meters in size.

The bronze light on the surface of the body was so strong that it almost overflowed, extremely bright, and the light shone.

Then, it stood still there.

It makes people feel like they are overwhelmed.

Chen Feng looked at it expectantly.

The next moment, the rudimentary form of the Heavenly Idol Zhan Zun suddenly opened his mouth and burped.

There were all kinds of filthy air in it, which he exhausted.

This full hiccup caused a huge gust of wind and swept into the distance.

The next moment, the shape of the rudimentary form of the **** of stepping on the sky shrank sharply, and soon shrank from two hundred meters down.

The final frame is one hundred meters in size.

The light on the surface is also convergent, and the brilliance is restrained.

Although not as brilliant as before, it is exceptionally dignified and steady, with an aura of ancient clumsy!

In the next moment, the rudimentary form of the Heavenly Idol Battle Sovereign, then raised up to the sky and let out a roar that shook the whole field!

At this moment, the entire periphery of the Valley of Falling Stars, with a radius of hundreds of thousands of miles, was enveloped by this sound!

At this moment, everyone suddenly felt a sound of 'Ka Ka Ka' in their ears, like glass breaking.

But soon they knew that this was not the sound of broken glass, but the sound of broken time and space!

Then, all the stillness disappeared.

Suddenly, the wind is blowing! That cloud is sweeping!

That air is surging! That big wave is hitting the shore! The waves are raging!

Even the monster beasts that jumped out of the lake water and were frozen in the air with a snap, fell directly into the lake water again.

Everything has regained its vitality!

Moreover, it was at this moment that Chen Feng suddenly felt that a ray of light suddenly spilled out on the embryonic form of the idol statue and fell on himself.

It made him feel uncomfortable.

This rudimentary form of the Heavenly Idol Warlord is countless times stronger than just now!

No, now it should be said that it is not the embryonic form of Treading Idol!

It is the **** of stepping on the sky!

It turned out that at that moment, Chen Feng's Heavenly Stepping Idol Zhan Zun had already reached a full 100 gods!

Officially from the rudimentary form of Tatian Idol Warrior, into Tatian Idol Warrior!

The **** of stepping on the sky is finally condensed!

One hundred gods, finally condensed!

At this moment, Chen Feng had an urge to burst into tears.

It was because it was too difficult for him to condense the process of stepping on the gods of the gods, and it was countless times more difficult than others!

In the next moment, he didn't care about it at all, and directly communicated with the Tatian Idol War Venerable, feeling the strength that he had improved after the Tatian Idol Warrior was formed!

In Chen Feng's mind, a burst of light shone.

And the next moment, he opened his eyes and whispered softly: "It turns out that I got a new ability, this is it!"

He raised his head fiercely, and there were thousands of divine lights in his eyes!

Chen Feng suddenly remembered just now.

Just now, a few breaths ago.

Just now, at such a critical moment of life and death, Chen Feng's previous comprehension suddenly came to his heart again.

All that suddenly became extremely slow in his eyes.

The offensive that Yue Yangwen killed, his hideous face, the change in his mood.

Hua Lengshuang, the endless sadness, despair, and pain, but there is still a trace of relief!

Pei Muyu rushed towards Chen Feng desperately, trying to stand in front of him, blocking Yue Yangwen's blow for him.

Xing Xiangyu and Lu Yangbo were frightened there, unable to move.

All of this, in a blink of an eye, was captured by him.

And everything becomes extremely slow in his eyes!

"Everything just now has passed!"

"Now mine, I don't know how strong it is!"

Chen Feng slowly clenched his fists, he looked at Hua Lengshuang and Pei Muyu.

They are already in tears.

Chen Feng chuckles: "Don't worry, everything is fine for me."

Pei Muyu covered her mouth and cried bitterly.

But the corners of the eyes and brows are full of smiles.

Chen Feng suddenly straightened up and faced

Full of high spirits!

It seems that Chen Feng's emotions were sensed, and the ***** of stepping on top of his head also roared.

There was an indescribable joy and joy.

It seems that he has been reborn!

Yue Yangwen looked at Chen Feng, and looked at Zhan Zun, the ***** of stepping on top of Chen Feng's head, with a shocked expression on his face.

He came from the Dragon Vein Continent, and naturally knew what was condensed on top of Chen Feng's head.

However, it was just shock.

He didn't pay attention to a mere stepping idol Zhan Zun.

In the past few years, he has killed more and more powerful men who possessed the god-like statue of stepping on the sky, and no one can do anything to him.

Judging from his look, Chen Feng knew that he must know a lot about Tatian Idol Zhanzun.

Chen Feng looked at him with a smile at the corner of his mouth, and pointed to the statue of Datian Zhan Zun above his head and said, "Yueyang Wen, I think you should know this statue of Datian Zhan Zun."

"Then, let me ask you, do you know what the power of my godlike statue warlord is?"

Seeing Chen Feng's smile, Yue Yangwen suddenly felt an ominous premonition in his heart.

But if he can reach this point, his heart is also as hard as iron.

He roared ferociously: "I care about your power! Just kill you!"

Then, Yue Yang Wen who resumed action was looking terrifying, and killed Chen Feng.

He doesn't care what Chen Feng is doing or what is waiting for him next, he has only one thought now!

That is: Kill Chen Feng!

Chen Feng looked at her and suddenly smiled: "I bet you can't kill me!"

The next moment, Chen Feng looked up to the sky and laughed: "Now, let me tell you!"

Then, on top of Chen Feng's head, the four hoofs of the **** of stepping on the sky were raised, and a burst of light shone sharply, directly covering the Yueyang text.

But Yueyang Wen didn't feel any horror and domineering aura!

Suddenly, there was some surprise, and I don't know what happened.

Then, the four hoofs of the **** of the **** stepping on the sky finally land!

Only this time, the gleaming light on the body of the god-like Zhan Zun Tingtian was not the same as before, but a bronze color.

It is the light of black and white intertwined.

The intertwined light of black and white, extremely mysterious and mysterious, intertwined and spread forward.

It feels like a glance, just like seeing the past and present.

It seems that there is the secret of time.

And the fact is exactly the same!

It turned out that Chen Feng's stepping idol warlord was completely condensed, and after being completely formed, he gained a brand new powerful power!

It is the power of his **** Yuan Zhan Zun!

This new power is related to time!

[Chapter 4095: God against the sky! Time and space traceability!](#)

Named: Time and Space Traceability!

With the power of stepping on the gods and the deity, turn it into the power of time and space traceability!

After activation, the state of the strong who was shrouded in it can be restored to a certain time ago.

And how long before the specific recovery is determined by Chen Feng!

Now, his Heavenly Stepping Idol War Sovereign has just condensed, and this time is quite short.

The shortest, can let the person being attacked return to a moment ago.

And the longest is to let it go back to before the time of a stick of incense!

Chen Feng can go from an instant to a stick of incense. During this time period, choose any time to restore the enemy to the state at that time!

When Chen Feng just learned about this ability, he suddenly realized that this ability is extremely scary!

In particular, this ability is strong in the future, strong in plasticity and upgradeability!

Because this ability can be continuously improved with the gradual increase in the strength of the Heavenly Deity Battle Venerable!

The time range in which it can trace the enemy to the source is also constantly expanding.

Even in the future, this time-space tracing can bring the enemy back to the state it was in a few years or even decades ago!

This is terrible!

For example, let a strong man directly return to his childish state where he has no resistance. Wouldn't it be easy for Chen Feng to kill him?

However, although this ability is extremely powerful in the future, it is actually quite embarrassing now.

Because generally speaking, the enemy's strength will generally not change much within such a short period of time within an instant, as long as a stick of incense.

This ability is actually suitable as an escape in the initial stage.

Being chased by the enemy close to him, he suddenly activated to restore the enemy to the previous distance.

Stay away from yourself, easy to escape.

However, Chen Feng suddenly discovered that there was a hint of opportunity in it!

Because, Yue Yangwen, his enemy, was still in a state of serious injury before dozens of breaths!

Raise your head and open your arms, laughing!

"Now, time and space traced back! Seventy breaths ago!"

In Chen Feng's heart, a huge voice echoed!

So, at this moment, the black and white light swiftly revolved, directly covering the Yueyang writing.

After that, Yue Yangwen trembled all over his body instantly, and his face trembled.

It's like being thrown into a space-time tunnel!

He was so shocked that he stared at Chen Feng and let out a terrified scream: "You, what are you doing?"

But then, a scene that horrified him happened.

He found that time was going backwards, he just said the seven words "what are you doing?"

As soon as I finished speaking this sentence, I actually returned to the state before I said this sentence!

The next moment, instinctively, he will utter the word 'you'.

Instinctively, he would say that sentence again.

At that moment, his mind, his thoughts were all disturbed.

At the same time, he also felt his own power go by like crazy.

The next moment, his eyes went dark.

And when he woke up again, he saw that the stepping idol Zhan Zun above the sky had disappeared.

The black and white light had also disappeared.

He was just about to be happy, but the huge pain of extreme weakness, extreme pain, almost to be torn apart, came out suddenly!

At the same time, he felt extremely weak.

And it was not this that surprised him the most, but...

He screamed sharply: "Ah! This, this pain! This feeling!"

"I, I just experienced it!"

"Isn't this the state I was just now? How could it? What's the matter?"

He struggled to look at his body, at his hands.

The scream is even stronger!

"This, me, how did I return to the state I was just now? How did I return to the state I was just now?"

He was stupid and dumbfounded!

In fact, his current state is even worse than before.

Because of this time and space backtracking, it is meant to make people go back some time ago.

It will cause great damage to human spirit, soul, and thinking!

There is a mess in his mind now, he can't figure out anything, he can't understand anything, like a walking dead.

Seeing the state of Yueyang Wen at this time, Chen Feng felt relaxed and pleasantly surprised.

He looked at his hands and sighed softly: "Trace to the origin of time and space, really can be said to be a miracle!"

"There is such a terrifying power, which directly turned Yueyangwen, the early power of the six-star Wudi, into a waste without combat effectiveness!"

The reason why Chen Feng was so happy was not only because he had relieved the disaster of Yueyang Wen.

It is more because he got this ability.

And he got this ability, so that countless thoughts appeared in his heart in an instant.

Chen Feng suddenly thought of countless possibilities!

"With this ability, my combat effectiveness can definitely increase drastically!"

"This ability does not directly improve my combat effectiveness, but it is definitely an auxiliary magical skill!"

"Even, let me now, even if I face the Six-Star Wudi, I have the power of a battle!"

"More importantly!"

Chen Feng slowly clenched his fists, dizzy for a while: "This feeling of touching the law of time is really wonderful!"

Time and space are the most mysterious laws!

And Chen Feng felt that he had touched a bit now.

And Hua Lengshuang was beside her, completely stunned.

She stared at this scene blankly, even with his cultivation base and her strength, she couldn't even understand what had happened.

The next moment, he looked at Chen Feng and said in a daze: "Brother Chen, he, is he back to the situation just now?"

Chen Feng smiled and nodded: "That's right."

Hua Lengshuang was dumbfounded. After a while, she shook her head and exclaimed: "This ability is simply too, too bad!"

Pei Muyu, Lu Yangbo, Xing Xiangyu and others who were next to him were completely silly.

They looked at Chen Feng's eyes as if they were looking at a deity.

At the same time, only one thought came up in his mind: "What kind of people from Dragon Vein Continent. Are they terrifying? Various magical abilities are emerging in endlessly!"

Yue Yangwen was stunned when he heard the conversation between Chen Feng and Hua Lengshuang.

Then, he completely believed these words.

Because the state above the body at this time is too familiar.

He looked at Chen Feng, like a ghost, and screamed: "You, do you really have such a perverted ability? How could it be possible!"

He really felt like crying without tears.

Chen Feng laughed: "Thank you too much!"

After that, he stepped forward and carefully observed the Yueyang text.

When he walked over, Yueyang Wen fiercely remembered something.

[Chapter 4096: I give you this face](#)

He hurriedly reached out into his arms, trying to pull out the golden beetle that eroded the soul.

Chen Feng saw what he was thinking.

He shook his head slowly: "Don't worry, there is nothing there."

Sure enough, when Yueyang Wen digs out, he finds that there is nothing!

There is no jade bottle, nor is there a gold beetle!

He looked sluggish: "Didn't it mean that everything has changed back to what it was just now? Then why, why, those things have been changed by you?"

Chen Feng looked at him like a fool.

"It's only your body that is back to the previous state."

"Other than that, nothing has changed!"

"If everything and the whole world are back to the state they were just in, wouldn't it mean that nothing happened? Then, how can you remember what happened just now?"

As soon as Yueyang Wen heard it, his face paled even more quickly.

He knew that he had no room for a comeback.

Because just now, the last hole card has already fallen!

Chen Feng stepped forward to observe carefully, and came to the conclusion that it seemed that it was indeed only the other party's body that went back to the past.

Spirit, objects, etc., are not affected at all.

Of course, there must be many restrictions, but Chen Feng now has no way to experiment.

His current ability is only enough this time.

After using it up just now, the **** of stepping on the sky dissipated directly, and it would take at least a day before using it again!

Although this ability is powerful and magical, it is also extremely expensive!

"Hey, that's not right!"

Chen Feng suddenly thought of something.

He felt that when he observed the Tatian Idol Zhan Zun just now, he seemed to have missed something.

Therefore, Chen Feng hurriedly condensed the new respect for the Treading Heaven idol war.

Although after using that trick to trace the origin of time and space, the **** of stepping on the sky immediately shattered and disappeared, but Chen Feng condensed him and just took a look instead of launching it once, so this is still possible.

At this time, Chen Feng watched carefully, but he could clearly see the appearance of the **** of stepping on the sky, Zhan Zun.

Suddenly, he raised his eyebrows, a look of surprise appeared in his eyes.

"Sure enough, I really ignored this thing just now."

It turned out that at this time, it was completely condensed, and the body length reached hundreds of meters next to the extremely huge Treading God Elephant Zhan Zun, but there was still a phantom lingering.

This phantom circled round and round on the surface of the body of the God Elephant Zhan Zun.

Although it is invisible, it actually exists.

This phantom is like tying up Shen Yuan Zhan Zun.

"What is this?"

Chen Feng looked at it carefully for a while, before he suddenly felt.

"How come this thing, the more you look at it, the more it looks like the Buddha?"

"It feels very similar to the Buddha dragon I encountered in the Buddha dragon bone space before!"

"Except for the different sizes, there is almost no difference in other aspects!"

"Could it be that this phantom is also a Buddha?"

Chen Feng felt obsessed, but couldn't figure it out.

In the end, after he determined that this phantom would not have any influence and restraint on the gods, he had to leave it behind.

Chen Feng looked into the distance with deep eyes.

Suddenly there was a very mysterious feeling in his heart.

"Maybe, my ability to acquire this ability is not the end, but just the beginning."

"This ability is so against the sky!"

"Even, I have already touched the edge of some time laws!"

"If you continue to comprehend and continue to improve, what will you get?"

He has unlimited expectations for the future.

Chen Feng supported Hua Lengshuang, walked to Yue Yangwen, looked at him, smiled and said:

"Yueyangwen, weren't you quite proud and arrogant just now?"

"Now, why don't you speak anymore?"

"Ok?"

Yueyang Wen's face was withered.

Looking at Chen Feng, no one could say anything.

His aura was extremely weak, with only one breath left, and he might die at any time.

Yue Yangwen's eyes showed a crazy desire to survive. He looked at Chen Feng, his lips moved, as if he wanted to say something.

Chen Feng smiled slightly, with a hint of sarcasm in his eyes:

"Yueyang Wen, for the sake of all of us from the Dragon Vein Continent."

"You judge yourself, I will give you this face!"

After hearing these words, Yue Yangwen's pale old face instantly turned red, as if he had been slapped in the face.

Suddenly, the words that were on the lips could not be said.

He was very familiar with these words.

Because this is what he said to Chen Feng just now!

Just now, he thought he had the advantage, condescending, and said this to Chen Feng arrogantly.

As a result, he was severely injured by Chen Feng!

When he said this to Chen Feng before, he did not have the advantage at all.

At this time, when Chen Feng said this to him, he was already in control of his life and death.

Chen Feng is obviously more qualified to say this!

At this moment, Chen Feng suddenly stretched out his hand and instantly sealed all the upper and lower meridians of Yueyangwen's body.

Suddenly, Yueyang Wen was frozen and unable to move.

He looked at Chen Feng, a look of horror flashed in his eyes, not knowing what he was going to do.

Chen Feng looked at Yueyang Wen, smiled and said:

"To be honest, Yueyang Wen, I won't hide it from you."

"When I first came to this Xuanming Seven Seas Realm, I didn't expect to encounter people from another world here."

"Furthermore, it turns out that it is also a person from the Longmai Continent."

"Your appearance really surprised me."

Yue Yangwen seemed to realize what Chen Feng wanted to say.

Suddenly, a strange color flashed in his eyes, and his expression became calm.

No more panic.

Chen Feng looked at him, smiled and said, "You are a wise man, I must have guessed it too, what I want to ask is!"

Chen Feng stared at him and said word by word:

"What is your purpose in coming here?"

"Also, how did you get here?"

After Chen Feng finished speaking, he stared at him without blinking.

Chen Feng asked two questions.

One is why you are here.

The second is how to get here.

Why come here is a long-term question for Chen Feng.

Because, Yueyang Wen and the Nine Poisons Profound Yin Temple behind Yueyang Wen might be very conspiring.

The purpose of their coming here, even if Chen Feng knew it, it might not be possible to dig out this secret in a short time.

There is no real benefit from it.

How to get here is an urgent question, which is extremely important to Chen Feng.

Chen Feng pays more attention to the answer to this question!

If he had to choose one of the two, Chen Feng would rather only know the answer to how to get here.

[Chapter 4097: With me, it's hard for you to die!](#)

Because, Chen Feng will definitely travel to and from the Xuanming Seven Seas Realm in the future.

Then, this problem must be solved.

And once this problem is resolved, it will be the immediate benefit, the tangible, but immediate benefit.

Although it is possible that the Nine Poison Profound Yin Hall came here for the purpose, the benefits hidden behind this question are even greater.

But that is after all.

Of course, if possible, Chen Feng naturally hopes that both questions will be answered.

Yueyang Wen was completely calm at this time.

He looked at Chen Feng, and suddenly the corner of his mouth curled, revealing a sneer, saying every word: "Do you think I will tell you?"

Chen Feng listened, but didn't get angry.

It's just a faint voice, looking at him, and slowly saying: "If you don't tell me, you will suffer."

"You threaten me? Do you want to torture me? Torture me?"

Yueyang Wen laughed wildly: "Do you think I'm afraid of you?"

"Lao Tzu came from the Nine Poison Profound Yin Hall!"

"Nine Poison Profound Yin Hall is best at Gu Poison. Gu Poison has spread all over my body now. Do you think it is enough to seal my meridians?"

He laughed wildly: "Now, as long as I have a thought, my body will be directly turned into ashes, and there will be no bones left."

"You still threaten me? What are you threatening? Threatening a pile of ashes?"

After all, he laughed proudly.

His remarks were very hard, and it was even easy for Chen Feng to cast a rat avoidance.

But it is a pity that he is facing Chen Feng!

After Chen Feng heard this at this time, he was not surprised but delighted.

Because he clearly heard something from it.

First, Yue Yangwen actually doesn't want to die, he has a strong desire to survive.

Otherwise, he would not talk so much nonsense with Chen Feng.

Second, Yueyang Wen was actually not sure that he could keep the secret under Chen Feng's torture.

What he relied on was actually that he did not need to be tortured by Chen Feng because he could kill himself directly.

Chen Feng suddenly looked at him, smiled and said, "Have you finished laughing?"

Suddenly, Yue Yangwen's smile stopped abruptly.

He looked at Chen Feng's indifferent expression, and suddenly felt a chill in his heart. He didn't know what other cards Chen Feng had.

Chen Feng shook his fingers, and on top of his head, the **** of stepping on heaven suddenly appeared.

Then, it disappeared again.

In fact, this was because Chen Feng could no longer support the Tatian Idol War Sovereign, so as soon as he appeared, he would disappear.

But the point is that Yueyang Wen doesn't know.

Chen Feng looked at Yueyang Wen and smiled and said: "Yueyang Wen, you are afraid that you have forgotten, my stepping **** like Zhan Zun, the ability that I just used on you."

In an instant, Yue Yangwen's face paled.

He suddenly remembered the ability to trace the origin of time.

"You die! Go and die!"

Chen Feng shrugged, with an indifferent expression: "No problem, you can die whatever you want."

"Anyway, after you die, I will give you a time to trace the source, and you are alive again."

"I see how you will die the second time when the time comes!"

With these words, Yue Yangwen's face was already extremely ugly.

Stay there without a word.

Chen Feng pointed at him and said word by word: "I'm telling you, with me, it will be hard for you to die!"

These remarks were calm and calm, without the slightest smoke.

But falling in Yueyangwen's ears was no later than a thunderbolt from the blue sky, stunned him.

Then, Chen Feng decided to add more ingredients.

He said lightly: "Yueyang Wen, you were sent by the Nine Poison Profound Yin Temple and came here."

"So, do you know how I got here?"

Yue Yangwen was curious in his eyes, but did not speak.

Chen Feng ignored him, just said to himself: "Before I came here, I was chased and killed."

"As for the one who chased me..."

Chen Feng slowly spit out a sentence: "It's a person from the Soul Palace."

When it comes to this, Yueyang Wen is not surprised.

He also heard of the Soul Palace.

Although the Soul Palace is extremely mysterious on the Dragon Vein Continent, for these top powers, they also know a lot of its inside information.

However, he had vaguely felt that something was wrong at this time.

Chen Feng then smiled and said: "Why do the people in the Soul Palace chase me? Because I have something to do with them."

"I belong to the Xuanyuan family, you know that."

"But do you know that I have stayed in the Soul Palace for more than two years?"

"I have learned a secret technique that is passed down in their soul palace, and will never be passed on to outsiders."

Chen Feng snapped his fingers, and suddenly there was a ball of flame in his hand, which surged.

It was like candlelight shining slowly.

There are strands in it, and unspeakable power is transmitted.

This kind of power made Yueyang Wen feel terrified.

Suddenly his pupils shrank sharply, and he suddenly realized something.

A touch of indescribable fear flashed in his eyes!

Shrieked: "You, have you learned how to seal and torture the soul?"

Chen Feng laughed: "That's right, really smart! Hahaha!"

This is even more so that Yueyang's tattoos are ashamed.

Suddenly, there was a sense of despair in his heart.

He has heard of this flame that can seal the soul many times.

It is said that this kind of soul fire can seal a person's soul in it, and torture it day by day, so that the soul will never dissipate, and suffer tremendous pain.

The death of the body simply cannot relieve this pain.

In fact, Chen Feng was deceiving him at all.

Just scaring him.

First of all, after using the time-tracing ability of his Heavenly Stepping Idol War Sovereign once, it could not be used in a short time.

Second, this time traceability is not omnipotent.

If the opponent is dead, it is impossible to trace the source of time.

Time traceability can only be for living things.

Otherwise, if the person on your side is dead, you can immediately trace the source of time to him and let him come back to life. Wouldn't it be invincible in the world?

How could there be such a power against the sky?

If a person who is dead is used to bring him back to life, this is not just the scope of the law of time.

It also involves the great secrets of life and death, the mystery of the soul, the depths of the yellow spring, the realm of man and ghost, and so on.

It was an incomparably mysterious realm, which was simply beyond the reach of Chen Feng's current strength.

Moreover, even if he had such a power against the sky, it would not be at this stage.

Probably, when Chen Feng strengthens his Heavenly Stepping Idol Warrior Venerable to have thousands of gods, or even tens of thousands of gods, he might have that ability.

It's just that if Chen Feng can really strengthen his Shen Yuan to tens of thousands of Dao, then he has already far surpassed the strength of Emperor Martial Realm!

[Chapter 4098: Admit it](#)

Chen Feng knew that he was deliberately defrauding Yang Wen.

But the point is that Yueyang Wen doesn't know!

Yueyang Wen didn't know that the touch of soul fire in Chen Feng's hand was fake, nor did he know that Chen Feng's time traceability could not be used against a dead person.

Obviously, Chen Feng's strategy of attacking the mind was successful!

Yueyang Wen had a blank face there and said nothing.

Chen Feng looked at him and said lightly: "I will count dozens of them from now on."

"If you haven't made a decision by then, then I will help you make the decision!"

Chen Feng would not give him time to think carefully.

He was about to let him make a decision when he was so flustered by these two news.

After all, Chen Feng started counting.

"ten!"

"nine!"

"Eight!"

...

Then, Chen Feng slowly counted one number after another.

Whenever a number was uttered, it was like a giant mountain that pressed against Yue Yangwen's heart, putting him under tremendous pressure.

He had no doubt that what Chen Feng said was false.

Because he has seen Chen Feng's time traceability.

And that soul fire, that soul fire that could seal the soul into it, he had heard of it more than once!

The horror is so terrible that the soul suffers tremendous pain!

Of course, he didn't know that the so-called soul fire was just made by Chen Feng.

He was preconceived before and didn't have any doubts at all.

The pressure is increasing, and the threat is close at hand.

Finally, when Chen Feng counted to 'three', he could no longer bear it, and let out a frantic howl:

"Nine Poison Profound Yin Temple! You **** hurt Lao Tzu to such a dangerous place, there is no help at all!"

"Now that I have been captured, why should I keep a secret for them?"

He looked at Chen Feng and shouted:

"I took it! I admit it!"

"I said, I said everything!"

A smile appeared at the corner of Chen Feng's mouth, and he slowly said, "A person who knows the current affairs is a brilliant man."

He did not express emotions such as ecstasy, so as not to be seen by Yueyang Wen.

Yueyang Wenshuo panted heavily, looked at Chen Feng and said:

"To answer your second question first, how did I get here?"

Chen Feng nodded.

Yueyang Wen nodded his chin and said, "There is a necklace on my neck. There is something hanging on the necklace. Take it down and take a look."

Chen Feng was noncommittal, but his eyes fell on Xian Yu Hongyuan beside him.

He said lightly: "Xian Yu Hongyuan, you go."

From the beginning of the battle, Xian Yu Hongyuan was in a muddle-headed state.

He was already shocked and lost his voice.

He knew that his mysterious master was very strong, but he did not expect to be so strong.

The strongest master he has ever seen in the Xuanming Seven Seas Realm is definitely not his master's opponent.

But in a blink of an eye, his master was beaten miserably by the two young men Chen Feng.

And just now, when he wanted to escape, his master regained his strength.

But then, it was directly abolished by Chen Feng using magical means.

What happened in one scene after another made his whole spirit nearly collapsed!

He didn't even slow down until this moment, and stood there blankly with a dull face!

The whole person is in a state of dullness.

Chen Feng frowned and said coldly: "What? Not happy?"

Chen Feng's words were cold and burning, like a cold light, directly enveloping Xian Yu Hongyuan.

Xian Yu Hongyuan suddenly recovered.

He looked at Chen Feng, saw Chen Feng's cold eyes, and suddenly realized what was happening at this time and realized his situation.

Suddenly, the whole body was cold, and there was an indescribable fear and despair in his heart.

The Yueyang text he used as his backer was already so miserable by Chen Feng.

So, where does he have any room for a comeback?

Where is there any room for resistance?

In the face of Chen Feng's words and Chen Feng's orders, he did not dare to have the slightest doubt and resistance!

The arrogance on his face just disappeared.

Instead, there was only extreme fear, which was mixed with a hint of flattery.

He hurriedly bowed and looked at Chen Feng with a smile on his face: "Yes, yes, the villain will go, the villain will go."

At this moment, in front of Chen Feng, he was like a dog wagging his tail.

Chen Feng looked at him without speaking.

Naturally, it is impossible for him to do it himself, Yueyang Wen's Gu Poison technique, I am afraid that it can be ranked high above the Dragon Vein Continent.

Chen Feng didn't dare to touch anything on his body, or else I didn't know how to die for fear of death.

Now that the situation is very good, if it is turned around like this, it will really become a laughing stock.

Xian Yu Hongyuan stepped forward and took off the necklace from Yueyangwen's neck.

This is a necklace that looks extremely unpretentious, but it is worn with a leather cord and looks very old.

The leather cord has even become black.

The bottom of the necklace is decorated with a red jade agate that is no more than two inches long, carved like a wolf tooth.

Chen Feng raised his eyebrows, pointed at the wolf teeth carved from agate and said, "In this place?"

"Throw it away."

Yue Yangwen smiled: "This is just a cover, the real secret lies in the leather rope."

Next, Xian Yu Hongyuan followed Yue Yangwen's instructions and repeatedly pulled the leather cord a few times.

Then, a hair-like thing was drawn from it.

It's extremely subtle, even a little bit unclear.

Yue Yangwen continued: "Twist this hair away."

Xian Yu Hongyuan hesitated a little, Chen Feng raised his chin: "Do as he said."

Xian Yu Hongyuan pulled hard.

Suddenly, the strands of hair burst open, revealing the contents inside.

It turned out that there was actually a very thin, extremely thin crystal pillar like cow hair.

This crystal pillar is already so thin that it is invisible.

However, when this crystal pillar was taken out, it gave people a feeling of being almost suppressed to the point of suffocation.

It turned out that there was a hint of black rolling inside the crystal column.

Although this black is extremely small, it seems to contain infinite evil and infinite coldness.

When people take a look, they can't help but feel cold all over.

Yueyang Wen said: "This is a ray of extremely cold and yin."

"It is said that the light of the cold moon shines in a very dangerous place for thousands of years to give birth to such a strand."

"Put this wisp of extremely cold and extremely yin air into this place, and you can create an extremely cold, extremely gloomy, extremely yin land full of countless ghosts and evil things."

"At the core of that extremely yin land, a cold blue moon will form."

Chen Feng interrupted him and said:

[Chapter 4099: The scheming of Yueyang Wen!](#)

"Biyue and cold pools should be interlinked, just like two space doors, right?"

Yue Yangwen nodded: "Master Chen Feng is really knowledgeable."

"But..."

He said lightly: "There are a lot of Biyue cold pools under the sky, and there are also some in the extremely gloomy places."

"But in fact, this extremely gloomy land is also divided into different attributes and different types. It doesn't mean that you can appear in the other Biyue Cold Lake wherever you enter."

"First of all, we must know the location of another Biyue Hantan."

"Secondly, the other Biyue Cold Lake must be created from the extremely cold and extremely Yin Qi of the Biyue Cold Lake you entered."

"If not, enter it rashly, it will only dissipate in the endless turbulence of time and space, until it becomes a corpse!"

Yueyang Wen went on to say: "On the Dragon Vein Continent, there are only three places of extreme Yin, as far as I know."

"One of them is in the main altar of the Nine Poison Profound Yin Hall, in the back mountain."

"There is also extremely cold and yin air, but only one strand is produced every 10,000 years."

"This time, there are two strands of extremely cold and yin air I brought out."

"The first strand has already been used up, creating a very gloomy land, just outside the valley of the stars."

He glanced at Xian Yu Hongyuan: "Xian Yu Hongyuan knows it."

Xian Yu Hongyuan quickly nodded and said: "Yes, he was there before waiting for me."

Chen Feng said: "So, this last breath of extremely cold and extremely Yin, can I take it somewhere in the Dragon Vein Continent and create a place of extremely Yin there."

"Enter from there, come out from here?"

"impossible!"

Yue Yangwen flatly said: "It's useless if you make it."

"You created it, after entering from the extremely yin place you created, the place where you appeared is not here, but the main altar of the Nine Poison Profound Yin Hall."

"do you understand?"

Chen Feng suddenly said: "For example, the two extremely cold and extremely yin qi bred in the first extremely yin place, the two extremely cold and extremely yin qi respectively produced the second and third extremely yin. Land."

"However, entering from the second and third extremely Yin places can only return to the first extremely Yin place."

"And only by entering from the first extremely cloudy place, can you choose to go to the second and third extremely cloudy places, right?"

Yue Yangwen smiled and said, "Master Chen Feng is really a smart man."

"That is to say."

Chen Feng stared at him, his eyes suddenly darkened:

"If I want to enter here again, this wisp of extremely cold and yin air is useless."

"I only have to go to the main altar of the Profound Yin Hall of the Nine Poisons and enter from the extremely Yin place there, before I can return to the Seven Seas Realm of the Profound Ming!"

"am I right?"

"Yes!"

Yueyang Wen laughed.

Chen Feng went on to say: "And, the Nine Poison Profound Yin Hall, anyway, is a force equal to the nine major forces."

"Even stronger."

"So naturally, it is impossible for me, an outsider, to enter the most important extremely gloomy place in their general altar casually."

"So, at this time, if I want to force in, I can't say, I have to fight them!"

He grinned and said, "What I said, right?"

Yueyang Wen smiled brilliantly: "Yes, that's right!"

Chen Feng smiled again and said, "Nine Poison Profound Yin Temple has accumulated so many masters for so many years."

"If you oppose them, I might win."

"But it is more likely that they will win, and I will be killed by them, and there will be no place to die!"

Yue Yangwen smiled almost out of sight, and nodded again and again: "Master Chen is really smart, that's the truth!"

Chen Feng glanced at him.

Suddenly, the two laughed relatively! They all laughed happily!

Chen Feng could see Yueyang Wen's plan clearly.

He wanted to use this as a bait to make Chen Feng have to go to the Nine Poison Profound Yin Hall, and to the extremely yin land!

Because he was right, it is absolutely impossible for Chen Feng to give up the Xuanming Seven Seas Realm!

It is even more impossible to give up the secret of this valley of fallen stars.

And Chen Feng just wanted to be fooled by him!

Because Chen Feng also knew very well that it was impossible for him not to come to Xuanming Seven Seas Realm.

Therefore, I had to go to the Nine Poison Profound Yin Hall!

Yue Yangwen, this is an open and honest plan, this is to force Chen Feng to die in the Nine Poison Profound Hall!

But Chen Feng is willing to fall into this trap!

Because Chen Feng is full of confidence in himself!

Chen Feng suddenly smiled and pointed to Yueyang Wen and said, "Okay, Yueyang Wen, great!"

"Before dying, do you want to put me together? Is it possible that I will be buried with you?"

"I, Chen Feng, is not as good as your wish!"

He pointed to the Yueyang text and said word by word: "It won't be long before I will kill the Nine Poison Profound Yin Temple."

"When the time comes, I have to see if the Nine Poison Profound Yin Temple killed me, or I destroyed the Nine Poison Profound Yin Temple!"

In the words, full of domineering!

Between the words, he didn't put the Nine Poison Profound Yin Temple in his eyes, with a sense of looking at the world!

When Yue Yangwen saw this scene, his eyes were suddenly tranced.

He suddenly felt regretful in his heart: "Is it a blessing or a curse if I lead this person to the Nine Poison Profound Yin Hall?"

"Could it be that instead of killing him, they would let the Nine Poison Profound Yin Palace fly into ashes?"

However, then, this idea was left behind by him.

I won't see it anyway.

Yueyang Wen went on to say: "This last wisp of extremely cold and extremely yin air cannot be said to be useless."

Yueyang Wen seemed to be free at this time, and said generously: "If you want to travel through the space once, then you will consume a ray of extremely cold and extremely Yin energy."

"So, you still have to keep this breath of extreme cold and yin!"

Chen Feng laughed: "Okay!"

He put away this wisp of extremely cold and yin air!

Chen Feng was not worried that the people in the Profound Yin Hall of the Nine Poisons would enter the Seven Seas Realm of the Profound Ming before him, and enter the Valley of Falling Stars.

Although the Nine Poison Profound Yin Hall has the Biyue Cold Pond, it can lead to the Biyue Cold Pond in the Valley of Falling Stars.

But the key thing is that they don't know the specific location of the Blue Moon Cold Lake, the Valley of the Fallen Stars!

If Yueyang Wen couldn't go back, they didn't know the specific location here!

This position must be extremely precise.

Otherwise, it is extremely likely that you will get lost in the turbulence of space.

Even if they are willing to take risks, they can only be in vain.

Then, Chen Feng looked deep, and continued: "Now tell me what you are here for."

Yue Yangwen nodded, took a deep breath, and spoke slowly:

"Ten thousand years ago, our Zongmen ancestor master probably knew a little bit about the existence of a certain person."

[Chapter 4100: Way of Gods and Demons!](#)

"Later, our sect searched everywhere, spent a lot of manpower, material resources and financial resources, costed the lives of the predecessors, and paid a price that was not known."

"Finally found the Xuanming Seven Seas Realm, and also knew the valley of the falling stars."

"Finally, the sect spent a great price and worked hard to send me here!"

Chen Feng's heart was already pounding.

After he came to this Xuanming Seven Seas Realm, he knew more and more things, and vaguely understood that this valley of falling stars involved the secret core of the entire Xuanming Seven Seas Realm.

Even the origin of the martial art of the entire Xuanming Seven Seas Realm is here.

However, he didn't know what it was.

There is not even a clue.

And now, it is very likely that Yueyang Wen learned the truth of this matter from the outside population of the Nine Poison Profound Yin Temple from the Dragon Vein Continent!

This is the truth of the entire Xuanming Seven Seas Realm, the ultimate secret of this world!

How could Chen Feng not be excited?

Yueyang Wen's voice suddenly became low, and he whispered:

"Chen Feng, you only know that my Nine Poison Profound Yin Temple is good at witchcraft, refining pills, and driving poisonous insects, snakes, and beasts."

"But do you know the treasure of the town of our Nine Poison Profound Yin Temple, the top level technique?"

Chen Feng shook his head, he did not know this.

Yueyang Wen said word by word: "That exercise is called Yanyangzhaori Mogong!"

"But it's a technique for cultivating the way of gods and demons!"

"The sun shines on the magic power?"

Chen Feng was not very surprised by this name, and when he heard that it was a powerful magic skill.

However, the way of cultivating gods and demons made him very interested, because he had never heard of this method before.

What does it mean to practice the way of gods and demons?

As if he understood Chen Feng's doubts, Yue Yangwen's eyes contained a faint and leisurely look.

As if not knowing where to go.

He whispered: "Chen Feng, you can believe that there are countless worlds beyond the Dragon Vein Continent."

"Some worlds are much stronger than the Dragon Vein Continent, and they are more than one level stronger."

Chen Feng nodded: "I know this."

After he got the Golden Sutra of the Great Liberty Bodhisattva, he knew that the Golden Sutra of the Great Liberty Bodhisattva came from a certain middle-thousand world.

That middle thousand world contains three thousand small thousand worlds like the Dragon Vein Continent.

Of course there is a world that is countless times stronger than the Dragon Vein Continent.

Yueyang Wen continued: "In those worlds, there are powerful ancient gods and demons."

"These ancient gods and demons are extremely terrifying, and their strength is unmatched."

"For them, moving mountains and filling the sea is just commonplace."

"The most powerful one can even smash a world like the Dragon Vein Continent with one punch! Swallow a star in one bite!"

When Chen Feng heard this, his heart throbbed.

Suddenly, an inexplicable emotion surged.

There are expectations, tremors, and inexplicable fears.

He is looking forward to what Yueyang Wen will say next.

Yue Yangwen took a deep breath, his voice trembling: "There are no gods and demons in the Dragon Vessel Continent."

"Because of a world like Longmai Continent, it can't even support such a powerful life."

"However, in the world of higher levels, it is said that there are these gods and demons."

"And in those higher-level worlds, there is also a very widely spread method, which is to cultivate gods and demons!"

"Gods and demons, more than hundreds of thousands?"

"Ancient gods and demons, countless, each has the power of vomiting the sun and the moon!"

"Many people of later generations also have the blood of gods and demons. They have only been passed on for millions of years, but they have already become weak."

"So, they have delved into this method of cultivating gods and demons, which can stimulate the blood in the body, and continue to evolve, continuously absorbing and purifying the blood."

"Finally, if you practice this method to the extreme, you can become an ancient **** and demon!"

"There is a new world, the power of the sun and the moon!"

After Chen Feng heard it, there was a burst of passion in his heart, opening up the world, vomiting the sun and the moon, how powerful is this?

However, Chen Feng was Chen Feng after all, and soon calmed down.

He looked at the Yueyang text and slowly asked, "Presumably, among your sects, the magical skill that the sun shines on is a kind of practice for cultivating ancient gods and demons, right?"

"Yes!"

Yueyang Wen emphasized his head: "The sun shines on the magic power, if you practice to the extreme, you can turn your body into the ancient sun demon!"

"do you know!"

He looked at Chen Feng with excitement in his eyes: "Do you know how terrifying the Great Yan Yang Demon is?"

"The food of the Great Demon of the Sun is the sun above the sky!"

"It is said that every 10,000 years, he will swallow a big day!"

Chen Feng took a deep breath!

Taking the big sun above the sky as food, what a powerful existence this is!

Almost already powerful beyond his imagination.

Chen Feng was shocked, but the expression on his face was still faint: "Then, presumably, this Xuanming Seven Seas Realm should have a trace of the blood of the Great Demon Flame Sun, right?"

"Yes!"

Yueyang Wen emphasized his head and said: "You must have seen it too. Many people in the Xuanming Seven Seas Realm have Demon blood."

"Although the Great Yanyang Demon is an ancient **** and demon, it is said to be from the demon clan."

He suddenly turned around and pointed to the depths of the snow-capped mountain:

"It is said that in the valley of the fallen stars, there is a trace of the blood of the Great Demon of the Sun!"

"And there is also the ultimate secret of the entire Xuanming Seven Seas Realm!"

"That's it! That's it!"

Chen Feng whispered: "No wonder, your Nine Poison Profound Yin Temple has tried so hard to come here too! That's why!"

He already fully understood at this time.

Yue Yangwen's face was extremely excited, and even his lips trembled:

"As long as we can get that trace of the blood of the Great Yan Yang Demon, combined with the cultivation techniques of our sect, there is no need to cultivate to a high level!"

"As long as the first level can be trained, it will be enough to reach the realm of the Nine Star Wudi!"

"Even, beyond Jiuxing Invincible!"

"As long as you get to the first level and have the appearance of gods and demons, you can crush the entire dragon vein continent! Let my Nine Poison Profound Yin Temple dominate the dragon vein continent!"

His expression was extremely excited, as if this day had arrived.

Chen Feng was also shocked.

"It turns out that Dragon Vein Continent has such a terrifying technique!"

"This exercise is definitely not as good as my Golden Sutra, but it's scary enough!"

"It seems that before, I still underestimated the heroes of the world!"

In an instant, Chen Feng made up his mind that he would not allow this technique to fall into the hands of others!

He then stopped his mind.

Chen Feng looked at him, but smiled slightly: "Unfortunately, there is nothing now."
