

Peerless 4181

[Chapter 4181: Finally broke! Four-star Wudi!](#)

At the next moment, Chen Feng actually made a move:

He let out a bursting roar, his figure flashed, and he came directly to the flame cage.

With a bang, a punch hit the flame cage fiercely!

There was a loud noise, and the flame cage remained motionless.

And Chen Feng's Donkey Kong Arhat Immortal Body's second stage was directly shrunk back violently by the shock.

The dark golden light dimmed in an instant.

His right fist burst into a huge **** mouth.

The dark golden blood flowed out, and a sharp pain came directly.

But Chen Feng didn't realize it, but he still roared and blasted with a punch!

Then, another punch! Another punch!

Bang bang bang!

In a blink of an eye, Chen Feng has already hit hundreds of punches one after another!

This flame cage was indeed extremely strong. With hundreds of punches from Chen Feng, the flame cage was safe and sound, even without even moving.

However, Chen Feng was already severely injured.

His entire right arm was completely bloody.

The dark golden skin and muscles are bursting open, and the dark golden blood is crazy flow.

Seeing Chen Feng's Donkey Kong Arhat Immortal Body's second stage, there is even a danger of being directly shattered!

After all, how can the flame cage planted by the ancient power be easily shaken?

But the flame cage remained motionless.

Chen Feng seemed to have not seen this scene. He was like a crazy tiger, still bombarding the flame cage madly!

Seeing this scene, even if the two-headed bull demon had such a ferocious, brutal and murderous temperament, his eyelids jumped wildly, and he was directly shocked.

"This Chen Feng is too cruel to himself!"

He exclaimed, "Little Bunny, are you crazy?"

In his opinion, Chen Feng is completely crazy.

At this time, even if he could not break through the flame cage, the flame cage could only trap him, but could not kill him.

After the flame cage disappears naturally, he can still retain the second strength of the Donkey Kong Arhat Immortal Body.

Even if he can't break through the four-star Wudi, he at least has the second stage of Donkey Kong Arhat Immortal Body, which is already strong enough!

But now, it is extremely possible for him to face the flame cage like this. Not only will he not be able to break the flame cage, he will also shatter his Immortal King Kong Arhat alive!

Finally, at the time of the hundredth punch, there was a soft sound, and the flame cage shook slightly, making a hum!

Chen Feng laughed loudly, his eyes were extremely excited, and he continued to roar and attack!

When Chen Feng hit the 300th punch, he was already covered with blood!

The light of the Immortal King Kong Arhat had dimmed.

And the flame cage was directly trembling violently by him.

The flames above shivered and went out!

Obviously, it is also extremely unstable!

Seeing this scene, the heart of the two-headed bull devil sank madly.

He stared at this scene blankly and at Chen Feng, there was no more disdain in his eyes, no joking.

Yes, just in deep awe!

What kind of person is this! What kind of existence is this!

In the end, what kind of state of mind and unwillingness does he have!

And soon, Chen Feng had already blasted out 499 punches!

At this time, his face was covered with blood!

He felt dizzy in his brain, and he might faint directly at any time.

He felt that his strength had almost been exhausted to a limit.

He felt that all his power was used up, and the Immortal King Kong Arhat was about to fall apart!

But, even so, Chen Feng still gritted his teeth and stared, his eyes filled with flames that would never yield!

Finally, he raised his arms, roared, banged, and punched again!

This is the five hundredth punch made by Chen Feng!

Five hundred punches!

In fact, even at this time, Chen Feng still has a lot of hole cards to use.

But Chen Feng just doesn't use it!

He just wants to use his physical strength to break this cage forcibly! Boom!

Five hundred punches!

After this punch, Chen Feng felt that his body was about to shatter, and the extreme pain almost drowned and crushed him instantly!

But, with this punch!

With a crisp sound, a crack suddenly appeared on the flame cage!

Then, the crack expanded rapidly and spread rapidly!

In a blink of an eye, the flame cage made a creak, shattered into countless pieces, and disappeared!

The flame cage was broken directly!

And above the sky, the huge fingers condensed into magma, like a human finger stung by a bee, shrank back abruptly.

At this time, Chen Feng's body seemed to be broken, but he possessed an extremely high aura!

Above his body, that huge suction power suddenly passed again!

Above the sky, that huge vortex appeared again, and began to frantically absorb the pure heaven and earth vitality!

No, the huge vortex that appears now is even several times more terrifying than before!

That huge amount of vitality like the waves poured into Chen Feng's body!

Click!

Chen Feng's Donkey Kong Arhat is immortal and immediately recast it.

The dazzling dark golden light illuminates again, even brighter, clearer, and more refined than before!

This is the immortal body of his Donkey Kong Arhat, neither breaking nor standing!

The more broken you are, the more pain you experience, and the stronger you will become!

And Chen Feng's breath also increased crazily.

This time, finally there is no obstacle anymore!

In Chen Feng's long laughter, his breath was directly elevated to the four-star Wudi!

Crashed into the realm of four-star Wudi!

Above the sky, I think of Huang Zhongda Lu's contending!

Four-star Wudi!

Chen Feng has already broken through and entered the realm of four-star Wudi!

At this time, Chen Feng stood proudly in the void, with a dark golden light shining brightly.

And he is not only invincible physically, but also extremely powerful!

Reached the four-star Wudi realm!

At this time, Chen Feng's state is already at perfection, and his whole person is in the ultimate peak state.

Chen Feng took a deep breath, feeling the surging power in his body.

He slowly clenched his fist, and then suddenly opened his eyes, looking at the two-headed bull demon not far away!

After the two-headed bull demon came into contact with Chen Feng's gaze, he trembled all over!

At this time, he seemed to wake up from the huge shock and disbelief, as if he had only realized his extremely dangerous situation!

[Chapter 4182: My fate is up to me! Can't help it!](#)

So, he let out a stern howl and fled straight to the city gate!

He actually wanted to escape into the Flame Sun Demon Country!

Chen Feng laughed loudly: "I want to escape at this time? Can I escape?"

The figure flashed, and the Yin-Yang ghost step started.

It appeared directly in the shadow of these two bulls.

Then, there was a roar!

The four-star martial emperor realm, coupled with the powerful strength of the second stage of the King Kong Arhat Immortal Body burst out instantly!

One punch hit the left leg of the two-headed bull demon!

The power of this punch even exceeds 108 billion catties.

And after this punch came out, the two-headed bull demon let out a scream!

With a loud bang, the left leg that was as thick as the Optimus Pillar was directly interrupted.

Suddenly, his body tilted, and he immediately lost his balance.

At the same time the speed drops sharply!

Chen Feng laughed loudly again, and hit his back with a fist!

With a loud bang, he directly shook his whole body like chaff. With a wow, a big mouthful of blood spurted out and fell heavily on the ground.

However, Chen Feng flickered rapidly, and killed the two-headed bull demon above the ground!

At this time, the two-headed bull demon seemed to have foreseen his destiny!

He suddenly screamed: "Don't kill me!"

Chen Feng laughed loudly: "You will also beg for mercy?"

"Why didn't you expect to beg for mercy when you had the upper hand?"

After all, Chen Feng's offensive is still going forward viciously!

And at this time, the master of that huge finger, that ancient mighty, extremely terrifying existence, the indifferent voice that sounded before rang again:

"Boy, stop!"

His voice did not stop Chen Feng at all.

Even Chen Feng didn't even pause for a moment.

It turned out that Chen Feng was already angered to the extreme just now, and hated him to the extreme.

Chen Feng didn't care who he was or what he said.

Chen Feng has only one idea now, and that is: kill the two-headed bull demon!

His subordinates didn't stop at all, and they threw out another punch!

The two-headed bull demon let out a desperate and miserable cry before dying, and tried his best to bite Chen Feng with that huge mouth.

Just now, he was able to gain the upper hand, and with this impact, he was able to fly Chen Feng directly.

But at this time, it was not Chen Feng's opponent at all!

Chen Feng blasted out with a fist, and with a crisp sound, his head collapsed!

He trembled violently, and instantly, his eyes became extremely confused.

Then, the brilliance in those eyes quickly dimmed.

He looked at Chen Feng, opened his mouth wide, and made a loud noise in his throat.

"you you....."

He seemed to want to say something, but in an instant, he was directly swallowed by the huge amount of blood pouring from his throat.

Those words were drowned in blood.

The brilliance in his eyes disappeared instantly, his body trembled heavily, and he fell to the ground without making a sound.

The two-headed bull demon, the double-headed bull demon in the middle stage of the six-star Wudi, was directly killed by Chen Feng's three punches!

Chen Feng's current strength has already reached such a terrifying level!

After the two-headed Bull Demon died, his body began to disintegrate rapidly.

Soon it turned into an endless black magic energy and disappeared.

Chen Feng still has some expectations.

The bat demon before, left him a true demon seed of extremely high quality.

And these two bull monsters are far more powerful than any big monster he encountered on the road, and he doesn't know how powerful a true magic seed he can leave for himself.

As a result, he didn't expect that when the black energy had dissipated, there would be no real demon seed fragments or weapons in place.

Only one piece of bone fragments as white as jade!

This bone fragment has a texture of suet fat and beautiful jade, extremely delicate, about the size of half a palm.

As soon as Chen Feng waved his hand, the white bone fragments fell into his palm.

Before he had time to take a closer look, at this moment, the huge and indifferent voice sounded again.

There seemed to be a trace of anger inside: "You dare to disobey my orders?"

Chen Feng suddenly raised his head, looked at the sky, and sneered: "What are you! Why should I obey your orders?"

Chen Feng pointed his finger to the sky, his voice was full of incomparable confidence, and he had never put this ancient power in his eyes!

"Do you think you are good?"

"Are you arrogant to me here?"

"Your **** voice is still indifferent, isn't it?"

"Do you think you can decide everything about me?"

"Old stuff! Tell you!"

Chen Feng's volume suddenly rose:

"I will kill you sooner or later!"

"Sooner or later, I will make you kneel in front of me and plead for pain!"

"What do you think you are? You want to point fingers at me? You want to judge my fate at will?"

"Tell you!"

"I control my own life!"

Chen Feng's voice, like thunder, echoed in this space!

"good very good!"

The master of that huge finger, that ancient power, the anger in his voice could no longer be restrained.

His cold voice came:

"You successfully angered me!"

"Don't worry, you have no future!"

"I will kill you now!"

The next moment, that finger clicked down.

It's just that this time, he is not going to set up a flame cage.

Instead, Chen Feng should be crushed to death directly!

Ah, when he clicked on this finger, Chen Feng suddenly felt a terrifying force, and instantly enveloped himself completely.

This force, overwhelming the sky, like a mountain range, slammed down!

Chen Feng estimated that just pressing this finger lightly, this seems to be an understatement, at least equivalent to the strongest blow of the Seven-Star Martial Emperor, or even the Eight-Star Martial Emperor!

This is an unparalleled force of terror!

Moreover, Chen Feng discovered in an instant that he seemed to be separated from the surrounding space!

At this moment, he can't escape even if he wants to escape!

Chen Feng discovered that a circle of spatial cracks had appeared around his body, and these spatial cracks completely isolated him from the surrounding space.

It's like a prison, blocking him here!

Chen Feng now, can't escape, can only do it hard!

It can be seen that this ancient power is not only terrifying in strength, but also unimaginable. With a single click, it has a terrifying power equivalent to a full blow from the Seven-Star Eight-Star Martial Emperor.

He has a deep understanding of the laws of time and space!

As soon as he shot, Chen Feng separated from the surrounding space.

This is an extremely clever way of controlling space!

Chen Feng was absolutely unable to stop this blow. With his current strength, even if he had just made a breakthrough and had the second weight of the Immortal King Kong Arhat, he still couldn't stop this blow!

[Chapter 4183: This son is destined to me!](#)

Seeing this finger click, Chen Feng was about to be directly killed.

There is no bones, but the body and spirit are destroyed!

But at this time, facing the earth-shaking blow, Chen Feng didn't panic.

Because even at this time, even in the face of this situation, such circumstances, Chen Feng still has confidence!

At least, you can save your life!

Because, he still has a hole card and has no use!

He still has a back hand!

However, a wry smile appeared at the corner of Chen Feng's mouth: "I originally wanted to enter the Yanyang Devil Kingdom and then use his hole cards."

"But I didn't expect that the hole cards I kept for so long are now finally used?"

Chen Feng now has many cards.

Vientiane robes, imitations of the Emperor's seal, etc., are all here again!

And he is even thinking about which one to use!

That finger was getting closer and closer to Chen Feng.

Seeing that, in the next moment, Chen Feng will use his hole cards.

And he even thought about how to do it after connecting.

After using his hole cards, he will desperately rush into the Yanyang Demon Country, which is also his first chance at this time.

Chen Feng now has two choices!

Advance or retreat!

In order to save Hua Lengshuang, he had no way of retreat, but forward!

In the next instant, that huge finger was already less than ten meters away from the top of Chen Feng's head, and it would fall in the next second.

At this time, Chen Feng had already pinched the cufflinks on the Vientiane Robe.

In the next moment, both sides will reveal their cards.

But at this time!

Suddenly there was an extremely hearty laugh in the distance, bold and fierce, and there was an unstoppable sharpness in it.

It's like every sentence, every word, every syllable he utters, there is an extremely sharp, sharp blade flashing!

Heroic, sharp, domineering!

This is the first impression this voice brings to Chen Feng.

"This son is destined to me!"

"Brother Yanyang, don't hurt the killer, right?"

The next moment, suddenly in the distance, above the sky, a white light flashed.

Then, Chen Feng widened his eyes!

It turned out that he found, where is this white light?

This turned out to be a dash of light!

A huge, extremely fierce knife light flashes like a white rainbow circling the sun, which is thousands of meters long!

Then, with a bang, it was directly cut off!

It's just that it didn't chop on that huge finger.

It seems that he is also extremely jealous of this huge finger and dare not fight it hard.

but. It was split between this huge finger and Chen Feng.

Suddenly, the knife directly cut the lock on Chen Feng by that huge finger, and blocked the space around Chen Feng.

With a crisp sound, the spatial cracks around Chen Feng shattered and disappeared.

And Chen Feng also discovered that he had already resumed his normal actions!

In the next moment, the light of the sword that had been practiced in general disappeared.

Chen Feng felt a huge suction coming.

He couldn't help himself, and he flew directly to the distance, with extremely fast speed.

Chen Feng was shocked: "This is, what happened?"

The scene just now was sparkling.

There was a hearty voice at first, and then a flash of blade light.

Then, he flew quickly to the west.

The owner of that huge finger, that ancient power, didn't seem to expect this to happen.

The next moment, he uttered an angry roar, and the finger continued to point forward.

But it's too late!

His finger just clicked on the ground.

With a loud bang, a huge canyon cracked above the ground, and even the city wall shook violently.

However, Chen Feng had completely disappeared, and he was no longer seen in the same place.

After a long time, that huge finger disappeared!

In the void, there is even a touch of cold murderous intent, slowly disappearing.

However, it has not disappeared, only temporarily disappeared!

At this time, Chen Feng felt a strange and strange feeling in front of him.

All kinds of scenery, all kinds of scenes, and even all kinds of things that have happened, like countless pictures, flashed in front of him in the form of a revolving lantern.

Chen Feng saw that above the sky, there was a huge body falling, floating quietly in the void!

That huge body was as huge as an ancient god, and it was bigger than a world.

There is that blood rising, and the light is shining!

There is that huge hole, shining with the light of the universe, colorful, colorful.

There is that desert-like world, gradually taking shape, there are countless great demons walking out of the void and crevices, and thriving here.

There are demons killing each other!

But there is also, a human warrior, who broke through the air, appeared in this world!

Chen Feng sighed lightly, calming down the shock and excitement just now.

He whispered softly: "Just now, what happened just now?"

"I only heard one voice, and then saw a light of a knife!"

"After that, I came here under the influence of this huge force!"

Chen Feng looked around.

I saw that it was something similar to a space channel, and he hurriedly shuttled through it.

Chen Feng is no stranger to this kind of spatial passage.

But at this time, he discovered that the black and white lines that he was familiar with before were not in this space channel.

There is no empty node at that time.

So Chen Feng knew it, and said softly: "This is a good space-time channel, but it's just a space-time channel built in the same world."

"In fact, in a nutshell, it's like teleportation in the same world."

"It's just greatly shortened the distance between the two and the travel time, but it didn't travel through any world."

"So, I can't see those space-time lines."

"Then I am now..."

Chen Feng's heart was full of blessings, and he immediately understood.

"I know what's going on!"

"Presumably, I was saved by someone now, saved by the master of that loud voice!"

"And that blade of light was also cut out by him!"

Chen Feng had this guess at this moment in his mind, but he still didn't dare to be very sure.

He continued to look at those bizarre pictures.

Chen Feng knows that these images can provide himself with the most important information.

Because this may be the things that have happened in this world!

Chen Feng suddenly felt something in his heart: "Why can I see these pictures?"

"Could it be that at this moment I am not only traveling through space, but also experiencing what has happened in this world over the past few years?"

At this time, the picture that appeared in front of him had already become the human being just now.

That human warrior is not as handsome as how handsome, and even his figure is not burly.

But it gives people a sense of being upright and domineering to the extreme.

[Chapter 4184: Peerless powerhouse!](#)

He has black and white hair and is wearing a dark blue armor.

Above the deep blue battle armor, there was a clear wave of water, as if it contained an entire ocean.

In his hand is a long knife!

Chen Feng felt a trance when he saw the long knife.

That knife seems to exist in this world, and it seems to be hidden in another world.

But faintly I can see that the sword is extremely overbearing and fierce. It is like a knife that can split a world!

At this moment, in the picture, this domineering man is killing all sides.

Countless big demons are besieging him.

Chen Feng glanced at it, and the number of that great demon was at least hundreds or thousands.

What's more, the things that made him even more shocked, the levels of these great demons were extremely high.

Chen Feng saw that there were at least a dozen or twenty kinds of great demons in it. The ones that he killed before were nothing here, they belonged to the weakest kind.

Chen Feng saw that the great demon at the heart of the battle group had already reached the eight-star martial emperor, or even surpassed the eight-star martial emperor.

One by one was extremely terrifying, as if it had the power to destroy the world.

But, even so, they are not even fart in front of this domineering man.

The domineering man kept slashing with dreadful knives in his hands, and with every knife falling, at least one or two big demons were alive and broken into pieces.

But in an instant, those hundreds of great demons were all killed by him!

Above the sky, a rain of blood fell, staining the desert with blood red!

The blood evaporates, dyeing the sky with a faint blood.

Chen Feng suddenly realized something in his heart.

"It's no wonder that before, I saw the world in the Valley of Fallen Stars. The sky was bloody. It turned out to be stained by the blood of the great demon killed by this strong man!"

"Who is this strong man?"

"How terrifying is his strength? Nine Star Martial Emperor? Even higher?"

The next moment, Chen Feng held his breath, with a hint of horror in his eyes.

It turned out that at this time, he saw that a huge, crimson, lava-like finger appeared on the horizon!

No, it was not a finger that appeared!

Five fingers appeared one after the other, then clenched into a fist, and slammed on the strong man!

The reason why Chen Feng is like this is because he is so familiar with this scene!

Just now, it was this finger that pressed him down!

"Could it be that the master of that voice, this domineering top powerhouse, was also suppressed by that ancient power?"

"Or was it just killed?"

As soon as that thought emerged in Chen Feng's mind, the scene disappeared.

At this moment, a voice suddenly sounded: "Boy, have you seen enough?"

Chen Feng was shocked!

The next moment, there was a feeling of spinning around the world.

With a bang, Chen Feng hit the ground heavily.

However, he was Chen Feng after all, and he recovered his consciousness and calm in an instant.

Immediately stood up and looked around guardingly.

"Not bad, kid, it's quite clever!"

The previous voice rang again, and Chen Feng distinguished that this was the voice that said, "This son has a relationship with me" before.

Chen Feng looked around.

I saw that the place where I was at this time was a huge oval space.

There are tens of thousands of meters in height and tens of thousands of meters in length.

The entire space is an oval, and the surrounding is a white mist, the entire space is like a huge eggshell.

Because of the fog blockade, he couldn't see the surrounding situation.

However, Chen Feng could see that there were stone pillars after another on the ground.

Each stone pillar is no more than a foot in diameter, only enough for Chen Feng to step on it with one foot.

The distance between each stone pillar varies from thirty to fifty meters to more than one hundred meters.

These stone pillars come in various colors, but they all have a metallic color, and they don't know what ore was used for casting.

But the stone pillars are bottomless and completely dark.

Chen Feng could faintly see from below, red light flickering from time to time.

Although he didn't know what it was, Chen Feng could feel that it was extremely dangerous.

It's like, below this stone pillar, leading to hell.

In this space, besides him, there is no one else.

Chen Feng didn't panic. He just looked up and shouted in a deep voice, "Senior, I don't know who you are?"

"Since the younger generation is brought here, why don't you show up?"

"You kid, you have a temperament that is not chaotic and not surprised when you are in danger."

A voice suddenly sounded.

The majesty was full of domineering, and there was even more awe-inspiring meaning inside.

Like a long knife piercing the sky, extremely sharp.

The next moment, a figure suddenly appeared in front of Chen Feng.

That figure, standing upright, is afraid that it is several thousand meters high, like a high mountain, which puts Chen Feng under tremendous psychological pressure.

This figure, wearing a blue armor, seemed to have waves on it.

He even held a long knife in his hand, which was exactly what Chen Feng had seen in the empty passage at that time. The super strong man who held a long knife and killed countless great demons.

He looked down at Chen Feng at this time, with a smile on his mouth.

However, Chen Feng did not feel any extremely terrifying aura from him.

So Chen Feng immediately knew that this extremely strong man did not know where his true body was now.

What stays here is just a piece of his consciousness.

However, because his strength is too strong, this period of his consciousness also looks like a real person.

Chen Feng looked at this person, with a hint of gratitude on his face, and said in a deep voice: "The junior, thank you for your help! I don't know how senior is called?"

Regardless of the other party's purpose and identity, it is a real thing for the other party to save himself!

If the opponent doesn't save, I'm afraid I'm already destroyed by the Vientiane robe at this time, with all his cards out, and on the way to escape.

Chen Feng has always been a very clear person.

"You ask me how I am called?"

The super strong man laughed, looked at him, and said in a hearty voice:

"Chen Feng, Chen Feng, you have received so much favor from me, and you have gained so much benefit from me!"

"At this moment, when I stand in front of you, you still don't know who I am?"

As his voice fell, in the mist, suddenly, there were countless transparent blades emerging!

These blades surround this superpower.

The number of blades amounted to tens of thousands and hundreds of thousands, and the undulations around his body showed a strong sense of surrender.

It's like a star-shaped moon!

This extremely strong man flicked his fingers.

And it seems that according to his mind, those blades are constantly changing shapes and combining into various shapes.

[Chapter 4185: The Great Knife!](#)

This person only needs to move his mind to control these transparent blades at will.

These transparent blades gave Chen Feng a very familiar feeling!

He immediately remembered, this is not the first time he has seen these transparent blades!

I've seen these transparent blades before, outside the valley of the falling stars, in the endless sea of clouds!

And in the passage into the inner valley of the Valley of Falling Stars, I have also seen these transparent blades!

Therefore, Chen Feng suddenly moved in his heart and said in a deep voice:

"It turns out that the strong man who entered the Valley of Fallen Stars is Senior?"

"The person who changed the passage to the Valley of Fallen Stars is also Senior?"

This person laughed: "Yes, it's me!"

"Then, do you know who I am?"

As if a thunderbolt flashed through Chen Feng's mind, all the news he had received before were all connected together.

"This person said, have a relationship with me! How much favor I have received from him!"

"This person has unparalleled swordsmanship, and he is extremely powerful!"

"This person, the blade left behind, gives me a very familiar, deja vu, feeling of deep roots!"

"Then, the identity of this person can only be one!"

"Yes!"

Chen Feng suddenly raised his head, looked at him, and shouted loudly: "Senior is it possible!"

He paused, and slowly spit out the four words that made his heart palpitating: "Great Emperor Crazy Blade?"

The Great Knife!

When these four words were spit out, the huge figure suddenly paused.

His eyes instantly became confused, and he was a little startled in a daze.

After a while, he sighed slightly, looked at Chen Feng and said:

"Emperor Crazy Blade!"

"How many years hasn't anyone called my name?"

"On that day, the name I got in the Dragon Vessel Continent, I'm afraid it would have been forgotten long ago!"

"Emperor Crazy Blade! Are you really the Emperor Crazy Blade?"

Chen Feng's heart was shocked, and his eyes showed a strong shock.

Although he had guessed the identity of the other party, the other party admitted at this time that when he knew that he was facing the Great Sword Emperor, he still couldn't help shaking in his heart!

Who is the Great Emperor Crazy Blade!

It can be said that it is a great name in the entire Dragon Vein Continent. It is an extremely strong man who has been counted in the Dragon Vein Continent for tens of thousands and hundreds of thousands of years, and ranks high!

This mad sword great emperor was invincible in the world, smashing all enemies with a long knife, and suppressing the entire dragon vein continent!

Many people estimate that his strength has surpassed the Eight-Star Martial Emperor, and even reached the realm of the Nine Star Martial Emperor!

"and....."

Chen Feng looked at him with extremely complicated eyes.

There is admiration, remembrance, gratitude, and even a touch of familiarity as if you look at the master.

Because his relationship with the Great Sword Emperor is too deep.

On that day, Chen Feng got the clues to the treasures left by Emperor Crazy Sword, one after another, and got one treasure after another from Emperor Crazy Sword.

He got the huge benefits he left behind, and even got a bit of his inheritance from it.

To put it bluntly, between Chen Feng and the Great Emperor Crazy Sword, it is actually a good way to mentor and apprentice.

Can be regarded as his half master.

After a while, Chen Feng settled down.

It wasn't because he was not determined, but because the news was too shocking.

He looked at Emperor Crazy Sword, suddenly clasped his fists in his hands, gave a deep bow, and said in a deep voice, "The juniors thank you for the grace!"

Chen Feng was sincere and grateful to the Emperor Crazy Blade.

The Great Emperor Crazy Sword haha, smiled, stretched out his hand and waved, a force surged, and he helped Chen Feng up.

"Okay, I'm not that kind of stickler, you don't need to be too polite with me."

"Speaking of which, although you have received a lot of favor from me, it is all based on your ability."

He looked at Chen Feng with a faint voice: "Furthermore, when I set up these treasures, I didn't even think about leaving them to you."

"These favors were nothing more than **** at the time, so these links were arranged at will."

"Just leave some small things that are useless to me, just put them inside."

"You can get it, it's your chance, you don't have to thank me."

The Great Emperor of Mad Saber is also upright in his heart.

Chen Feng said in a deep voice, "Senior said that."

"Senior, you think so, but Chen doesn't think so."

"Chen has always been a person who knows gratitude for retribution. If I have something from you, it is considered to have your predestined method, and there is a sense of gratitude in my heart."

"Senior, if there is anything that Chen Feng needs to do, he can speak directly."

"Chen Feng should do his best!"

His voice was faint, but inside, there was unspeakable determination and responsibility.

Emperor Crazy Blade slowly nodded: "Chen Feng, do you know? I have always been a person who is extremely afraid of trouble."

"Before, I felt that you are destined to me."

"From you, you can feel the breath of the things I left behind. It can even be said that you have a part of my heritage."

"But even so, in this case, I won't bring you here."

"Because I am really a person who is afraid of trouble."

Chen Feng touched his nose, a wry smile appeared at the corner of his mouth.

Emperor Crazy Blade is really a very honest person.

It's a bit ugly to speak frankly, without any cover.

"and so....."

Chen Feng said in an interface: "The reason you saved me here, the reason you helped me resolve the big trouble, is a big murder."

"Actually, I have something to do, right?"

"Yes!"

The Great Crazy Blade laughed loudly: "You kid really goes on the road!"

Chen Feng didn't talk too much nonsense with him, and said in a deep voice, "Senior, please speak clearly."

"As long as Chen Feng can do it, there will be no hesitation."

"it is good!"

The Great Emperor Crazy Blade nodded. He did not directly answer Chen Feng's question, but tilted his head and glanced at him and said:

"Tell me, what does the Dragon Vessel Continent say about me now?"

Chen Feng was not surprised.

He had already guessed that when he knew that this person was the Great Emperor of Mad Saber, he might ask this question.

Chen Feng nodded lightly and thought for a moment.

Fortunately, after he learned about the Great Knife Emperor and knew that he had obtained the treasure of the Great Knife Emperor, he put a lot of effort into collecting news about the Great Knife Emperor.

Now on the Dragon Vein Continent, there are not many who know the Emperor Crazy Saber better than him.

He pondered for a moment, then said:

"It is said that Emperor Crazy Sabre is amazing."

"Only forty years old, he has ascended to the realm of Emperor Wu, and when he was a hundred years old, he had already reached the realm of the peak of Emperor Wudi of Eight Stars!"

"One person, one knife, cross the Dragon Vein Continent, look at everything, never invincible!"

[Chapter 4186: Entrusted by Emperor Crazy Blade!](#)

"Suppress the entire dragon vein continent!"

"But it is strange to say that when he became famous, he suddenly disappeared, but left one legend after another on the Dragon Vein Continent."

The Great Crazy Blade laughed: "It's okay, at least I still say good things now."

"I thought that after I disappeared, they would slander in every possible way."

Chen Feng smiled and said, "Senior don't worry, this is not the case."

Emperor Crazy Blade nodded, looked at Chen Feng and asked, "Chen Feng, do you know why I disappeared back then?"

Chen Feng pondered for a moment, and said, "It must be because of..."

He pointed around: "Senior, are you here?"

"Yes!"

Emperor Crazy Blade sighed lightly and said:

"Back then, I accidentally discovered the existence of the Valley of Falling Stars. After all my hard work, I came to this Xuanming Seven Seas Realm."

"In the beginning, I came here because of the numerous and different kinds of spiritual plants here."

Chen Feng nodded.

The most valuable things in the Xuanming Seven Seas Realm are indeed those Lingzhi.

"But after coming here, I accidentally discovered the weirdness of the Valley of Fallen Stars."

"Therefore, one person, with one knife, slammed into here."

Chen Feng smiled and said: "And also modified the method of entering here."

The Great Crazy Blade laughed: "I am selfish after all!"

"The passage into the Valley of the Fallen Stars was originally a back door for the great demon who built the Valley of the Fallen Stars for those with the blood of the Demon Race!"

"But I just can't make him happy!"

"I changed it to my own set abruptly, and it became the back door I left for those younger generations who were inherited by me!"

He continued: "After I came here, I discovered many secrets."

"Even, once with the great demon hiding in the deepest valley of the stars."

When Chen Feng heard this, his heart suddenly tightened.

He asked, "Senior, I saw in the empty tunnel at that time that you were attacked by that big demon, I don't know you..."

The Great Crazy Blade smiled slightly and said very simply:

"I have actually been suppressed by him. Although I am not dead, I can't move my body at all."

"What you see at this time can be regarded as a ray of my consciousness."

Chen Feng listened and nodded slowly.

His previous guess was really good.

The Great Emperor Crazy Sword said: "If I can move by myself, then I don't need to bother you."

"I have been trapped here for years, but I don't know what happened to her."

When speaking of her character, the eyes of the Great Emperor Crazy Saber suddenly showed deep nostalgia.

Chen Feng immediately sat tightly and listened carefully.

He knew that, next, the real thing was coming.

The Great Emperor Crazy Blade said lightly: "I have traveled across the Dragon Vessel Continent in my life.

"But there is only one exception!"

"She is my favorite in my life, and even for me, she will spare her life."

"Back then, I was sneak attacked and hunted down by my enemies."

"I was still weak at the time and could only escape."

"In order to save me, she fought her own life, her body and soul were destroyed."

"Later, even though I killed the enemy completely, I couldn't save her life."

"The two of us have a daughter, but this daughter is born with a deficiency, I am afraid it is still muddled."

When Chen Feng heard this, he was surprised.

It has been tens of thousands of years since the disappearance of Emperor Crazy Blade.

To put it short, there will be one in ten thousand years.

His daughter is still alive in the world?

Chen Feng originally thought that Emperor Crazy Blade wanted to take care of his descendants.

Unexpectedly, he wanted to take care of his daughter.

As if he had seen his doubts, Emperor Crazy Blade said lightly: "My wife is a monster, not a human being."

"So, our two daughters are half-demon and half-human, and they have a very long life."

Chen Feng suddenly said, "That's it."

"Senior, what do you need me to do?"

The Great Emperor Crazy Blade stared at Chen Feng and said word by word: "I want you to find her, and then bring her here, I'm here to leave her a big chance."

Chen Feng did not immediately agree.

But his eyes were heavy. After a while, he raised his head and said to the Great Emperor Crazy Blade:

"Senior, it's not that Ji Xia refused to agree."

"It's just that Longmai Continent doesn't know how many tens of thousands of miles or how many billions of people there are. How easy is it to find her?"

"I wonder what you can do here, or give the younger generation a range?"

"Otherwise, please forgive the younger generation can not guarantee."

The Great Emperor Crazy Blade glanced at Chen Feng with unstoppable appreciation in his eyes.

"Sure enough, I didn't see the wrong person."

"You guys are reliable."

After that, he flicked his fingers.

Suddenly, a crystal ball fell into Chen Feng's hands.

In the crystal ball, a drop of blood was sealed.

That drop of blood is full of faint blue color.

Chen Feng took a look, and suddenly saw that blue light appeared above the blood.

Then, one after another was transformed into patterns.

Chen Feng saw that there were one after another, although it was extremely small, but with pierced eyebrows, the lifelike blue sea dragon was constantly hovering.

In addition to the blue sea dragons, there are also big fish swallowing boats, giant tortoises in Tuoshan and so on!

It seems that this drop of blue blood contains all the powerful monsters in the four seas!

Chen Feng blinked, but found that the illusion in front of him had disappeared without a trace.

Only that drop of blue blood remained the same.

Chen Feng suddenly had some guesses:

"Presumably, the lover of Emperor Crazy Blade should be a very high-level monster in the sea."

"And this battle armor with strong black water power on him must have a great connection with it."

The Great Crazy Blade said slowly: "This is a drop of blood on my wife."

"My child has inherited most of her mother's blood."

"You only need to hold this drop of blood, as long as she is within a hundred thousand miles of you."

"Then you can perceive her general position."

"It is good!"

Chen Feng nodded: "If this is the case, the younger generation will accept it."

With this thing, the difficulty of finding the descendants of the Great Sword Emperor has dropped a lot.

"However, I won't let you help in vain."

The Great Emperor Crazy Blade looked at Chen Feng and said with a smile.

He glanced at Chen Feng's hand and said lightly: "I can tell from your hand that the weapon you use should also be a knife."

"This is just right, I am known as the Great Emperor of Crazy Blade."

"In this life, the best thing is the sword technique!"

"I can have a top-level swordsmanship and martial arts, taught to you!"

[Chapter 4187: Pass you, peerless sword technique!](#)

When Chen Feng heard this, his heart suddenly jumped.

If you don't want to be tempted, it is false.

Chen Feng is most eager now, and what he lacks the most is a powerful offensive martial skill.

This martial art can be a fist and palm, of course, if it is a sword, then it is even better.

After all, the weapon Chen Feng has always used is a knife.

As for not having a high-level sword-like magic weapon, this is nothing to Chen Feng.

After all, he has artifact fragments.

This artifact fragment can upgrade any magic weapon by several levels.

With it, Chen Feng can create a sword-like magic weapon!

Chen Feng is now strong enough, his level is high enough, and he doesn't lack weapons.

What he lacks is a fierce attacking sword and martial arts!

Moreover, it is conceivable that the Great Sword Emperor was the one who broke through the nine-star martial emperor. Back then, the sword technique and martial arts he inherited was absolutely extremely high!

Chen Feng estimated that it would be nothing to say if he reached the eighth-rank and ninth-rank of Wilderness!

However, Chen Feng has his own principles and acts on his own.

His eyes were clear, he looked at Emperor Crazy Blade, and said in a deep voice:

"Senior, you should know what kind of person Chen Feng is."

"I'm doing you this favor, just to repay your previous favor, because I want to do you this favor."

"I want to let you get this wish, but it's definitely not for any benefit from you."

Emperor Crazy Blade waved his hand to stop Chen Feng's next words:

"I understand, I know who you are."

"I also understand what your intentions are."

"But you should know what kind of person I am!"

He raised his chin, his face showed a touch of unspeakable domineering: "I, the Great Sword Emperor, have crossed the Dragon Vein Continent for a hundred years! I have never owed anything to anyone!"

"You have your principles, and I have my principles."

"If you don't accept this benefit from me..."

A wicked smile appeared at the corner of his mouth: "I don't believe you will do your best for me."

Upon hearing this, Chen Feng sighed slightly.

At this moment, he actually probably knew what kind of temperament the Great Sword Emperor was like.

This person is not only arrogant and domineering, but actually quite suspicious of people.

I don't believe anyone completely.

If he didn't agree to his terms, he would be worried.

The Great Emperor Crazy Sword smiled and said, "I taught you this thing. Actually, it's not peaceful."

"You got my teaching, got my great advantage, then you have a cause and effect with me."

"At that time, if you don't try your best to do this, you will owe something in your cause and effect."

"If you can't say it, it will be bad for your future cultivation, and it may even make you get stuck at a certain checkpoint and make no progress!"

Chen Feng fell into silence.

He naturally knew that what the Great Sword Emperor said was true.

In fact, Chen Feng had already tasted this taste before.

He was stuck for a long time because of the causality between him and the real Thunder.

It wasn't until a trip to Sky Dragon City later that the cause and effect were settled, and the breakthrough went smoothly.

Seeing that Chen Feng hadn't spoken yet, Emperor Crazy Blade waved his hand and said, "Don't be like a child here anymore."

"My good, how many people want to get it, why are you still pushing and blocking it?"

When Chen Feng heard this, he also smiled freely, and said with a smile: "Okay, it was indeed a younger generation just now."

"Then please enlighten me from seniors!"

But he secretly said in his heart: "Since I don't take advantage, he doesn't believe me, then take the advantage, he will definitely live up to his trust!"

Emperor Crazy Blade clapped his hands: "That's right!"

The Great Emperor Crazy Sabre said in a deep voice: "This martial skill is what I realized before I entered the Valley of Fallen Stars!"

Chen Feng suddenly remembered the situation before he entered the outer valley of the Valley of Fallen Stars.

Outside the Valley of Falling Stars, the sea of clouds is densely packed with sword energy fragments.

On the outside of the Valley of Falling Stars, there are two towering peaks, and the two peaks seem to be split apart by a knife.

Thinking of this, Chen Feng breathed heavily in an instant.

He looked at Emperor Crazy Blade and said excitedly: "Senior, is it possible that the two peaks that are several hundred thousand meters high outside the Valley of the Fallen Stars were split apart by you?"

Chen Feng felt that if it was really the Great Emperor Crazy Sword slashing, his strength was still higher than his imagination!

At this moment, the expression on the face of Emperor Crazy Blade suddenly became a little strange.

But Chen Feng felt that at this time, the expression of the Great Sword Emperor seemed to be a little silly, a little embarrassed, and it seemed difficult to tell.

But then, the King of Mad Blade smiled, haha said:

"Okay, okay, there was nothing at all. I have done everything in my life, so why do I pretend to lead others?"

"I admit that I did not cut the knife outside."

"The strong man who split the Valley of Fallen Stars does not know how tyrannical is. I am afraid that it is several times more than ten times that of mine."

"Do not....."

He then changed his words: "No more than ten times, but several times should be about the same."

Hearing this, Chen Feng couldn't help but smile.

This Crazy Blade Emperor is really an interesting person.

Regardless of temperament, at least true temperament.

The Great Emperor Crazy Blade continued: "I entered this world back then."

"Seeing this knife that split the valley of the fallen stars is like a treasure!"

"Just sitting here for 16 years, just to comprehend this sword!"

Speaking of this, there was a smug look on his face.

"I'm really a genius of Tianzong. It took three years to comprehend that I really gained something!"

Chen Feng heard this and couldn't help shaking his head.

This Crazy Blade Emperor is not only interesting, but he really boasted about himself without hesitation.

But suddenly, his heart was unspeakably hot.

"It's so terrifying. If it can split the world with a single knife, the Great Knife Sword would have realized something. Then what is the name of the knife he has understood? And what kind of power?"

If this outside can split the world and open a world-like knife, Chen Feng dare not reach it.

With his current realm, he couldn't understand it at all and couldn't control it.

To comprehend forcibly is nothing but death.

However, if the Great Knife Great could comprehend it and pass on the profound meaning, then Chen Feng could still cultivate.

This is within his reach!

The Great Emperor Crazy Sword sneered and said, "Are you curious about how I entered this Valley of Fallen Stars?"

Chen Feng nodded.

The Great Emperor Crazy Sword laughed and said, "I realized the first cut that day, and one cut opened the space restriction and stepped into this place!"

His voice was full of pride:

"Later, I was sealed by the old thing of the Great Demon Yanyang, and I was in a retreat for eight hundred years, and then I realized the second sword!"

[Chapter 4188: Desolate Grade Nine! Too God's sword!](#)

"So, even though my body failed to break the mark, I can still fly out with a single blow."

"The strongest general under the Great Yanyang Demon has guarded me for a hundred years, and has been an enemy of me for a hundred years, but I have always been helpless with him, a great demon, and smashed the life!"

Having said that, he looked at Chen Feng and smiled: "That big demon, but he won't be restricted by the slightest, he can leave the Yanyang Devil Kingdom at any time!"

"If it wasn't for me to kill the big demon that day, the three-headed dog from **** didn't need to pray to the big sun demon. As long as the big demon came out, you would die miserably!"

Chen Feng could not help being shocked when he heard this. *novelusb.com*

The content of the words of Emperor Crazy Blade is extremely rich.

First, it turned out that the one who shot himself before was indeed the Great Demon of the Sun!

Second, before the Great Emperor Crazy Blade, he should have been sealed by the Great Demon of the Sun.

The Yanyang Great Demon should have a subordinate, extremely powerful, acting as a guard.

But now, he has been killed by the Great Emperor Crazy Blade.

The third and most important point is:

Being able to struggle with the Great Sword Emperor for a hundred years, the Great Sword Emperor had nothing to do with him.

I'm afraid that the great demon is at least the nine-star Wudi level.

The dignified nine-star Wudi was smashed into powder by a knife, which shows how terrifying this knife is!

I'm afraid it is already the strongest offensive that can be achieved within the scope of the Dragon Vein Continent!

Speaking of this, the face of the Great Sword Emperor was full of unstoppable jealousy!

In the midst of that gaze, there was even more lofty sentiment, as if looking at him.

When Chen Feng saw this, he was suddenly moved.

"I'm afraid, this is the real face of the Great Crazy Blade. His cynicism and suspiciousness are just his appearance!"

Incomparable, extremely domineering, as if overlooking the world!

This is the true face of this generation of emperors!

His voice shook loudly: "Later, after three thousand years, I realized the third knife!"

"Finally, it took another eight thousand years to melt these three knives into one!"

"Finally made this cut! I named it:"

He took a deep breath, his eyes full of pride: "Too God's sword!"

His voice is faint: "If it is divided according to the level of the Dragon Vein Continent, this martial skill is definitely the ninth grade of the Wild!"

Desolate Grade Nine!

Chen Feng was shocked!

You know, above the Dragon Vein Continent, the highest level of martial arts is the Wilderness level.

The Seven-Rank Martial Skill of the Wild Grade is enough to become the treasure of the top forces such as the nine major forces.

The shadow ghost steps he got from Xuanyuan Zixi before were the most precious in Xuanyuan Zixi's life!

So, what is the concept of the ninth-rank barren rank?

I'm afraid that if you look at the entire dragon vein continent, there will be no more than ten!

so horrible!

The voice of Emperor Crazy Blade continued:

"My cut, although only one cut, it is divided into three realms!"

"The first realm is called: Splitting the road of life and death with one knife!"

"The second realm is called: Slash to the end of the Yellow Spring!"

"The third realm is called: smash the world with one sword!"

When Chen Feng heard this, his heart shook wildly.

These three swords, when you hear the name, you know that the power is overbearing.

If only the power is sufficiently overbearing, that's all, but Chen Feng can actually hear another layer of other meanings from it!

"I'm afraid, these second and third moves are quite meaningful!"

"Otherwise, a person who has used a knife for a lifetime like the Great Sword Emperor would not have such a name!"

Thinking about it, Chen Feng spoke out the question in his heart.

The Great Emperor Crazy Blade laughed, pointed at Chen Feng and said, "You know why I met, so you have to ask you to help me with that big thing, and you have to be begging for nothing. Is the sword technique that you comprehend passed on to you?"

Chen Feng smiled slightly: "The kid doesn't know."

"Besides that you have a high talent, strong strength, and great potential, there is another very important reason!"

The Great Emperor of Crazy Blade said solemnly:

"It's your understanding of the sword technique, really high enough!"

The voice of Emperor Crazy Blade resounded like violent thunder in this space.

"If you change someone who can't use a knife, I will give him other benefits."

"However, this sword technique, I would rather rot into my stomach, rather disappear completely in the world with my disappearance, I will not teach it, so that Mingzhu secretly cast!"

Chen Feng smiled slightly, raised his chin, and looked at the Great Sword Emperor: "Don't worry, seniors, this sword technique will only be carried forward if you pass it on to me."

The Great Crazy Blade was taken aback for a moment, and then laughed more cheerfully:

"You kid, looking introverted, you are actually more arrogant than me, so proud!"

"But what you said, I believe it!"

He said carefully: "This sword, the first state, is used to kill the enemy!"

"And the second realm and the third realm are not an increase in the power of the first realm."

"The second level is not a murderous knife, but a rescue knife!"

"This realm is not aimed at the enemy, but..."

He sighed slightly, his eyes suddenly confused: "This knife cut to pieces, it was the years and the fetters of death!"

Chen Feng's heart jumped wildly, as if he had realized something.

The Great Emperor Crazy Blade said word by word: "It was not the enemy that was chopped off by this knife, but was tied to a certain thread of the law of time."

"This may be too esoteric, to put it plainly."

He pointed to Chen Feng and said: "This knife is practiced, and after it is cut out with one knife, the person who is cut can be temporarily cut off from the timeline."

"For example..."

There was a flash of inspiration in Chen Feng's heart, and he exclaimed: "The person who has been beheaded has been cut off from the law of time. If he is cut out, he will not age temporarily, but will be able to earn decades of life?"

"This is equivalent to helping him live longer?"

"Yes!"

The Emperor Crazy Blade smiled: "Russ can teach!"

"If you have achieved great success in your training, you can cut it out with a single shot, and you can increase your lifespan by 50 years."

He sighed slightly: "Back then, my wife was dying. I tried my best to keep her name, but it was useless."

"From then on, I had this idea. How good would it be to cut her out of the bond with time?"

"It couldn't be done at the time, but later, it was integrated into this knife!"

Chen Feng nodded, it turns out that there is still such a connection.

"I cut it out with a single knife, and Huang Quan didn't dare to take it away, so I called it to cut down the yellow spring with one knife!"

Chen Feng's heart jumped wildly: "This knife is really profound, its power is second, and most importantly, it reflects the relationship between the law of time."

"Moreover, this trick is used well, it is absolutely magical."

"This can be used to help others increase their 50-year lifespan!"

[Chapter 4189: The secret of the two-headed bull monster](#)

Chen Feng instantly thought of its usefulness.

At the next moment, Chen Feng suddenly realized that the true meaning of this knife was not to save people.

In other words, it is about saving people, but not saving people at normal times.

But save people at a specific time!

For example, during a fierce battle, the companion was killed by a single blow, and when he was about to die, he was cut out with a single knife.

Then the companion will be able to save at least decades of life!

Save people at the critical moment!

But Chen Feng always felt that this knife didn't seem to be that simple yet, and it seemed that there was a deeper meaning hidden in it.

But he couldn't understand it for a while.

The Great Emperor Crazy Blade said again: "Come, let's talk about the third realm."

"The third realm is different from the first and second realms."

"In the first state, people are cut, and in the second state, time is cut."

"And in the third realm, what you cut is..."

He suddenly raised his head, looked at the chaotic firmament above the sky, and said, "This is the world!"

Chen Feng's heart jumped: "What does this mean?"

"With this knife, I can only cut the world of one place, that is, the world of the Dragon Vein Continent, but I can't cut the others!"

The Great Crazy Blade said with a smile but a smile: "You can say it all here, and you will understand the rest."

He only said that, if it's someone else, I'm afraid it's in the mist.

But Chen Feng was different. As soon as he heard this, he suddenly understood what was going on.

He yelled out: "Could it be that you made this cut to break the Dragon Vein Continent and go to other worlds?"

Emperor Crazy Blade laughed: "You kid, I really can't help it."**novELusB.com**

"It's amazing!"

"Yes, this realm is called smashing the world with one sword!"

"It's the world of the Dragon Vein Continent!"

"Broken. It is the limitation of the Dragon Vein Continent!"

"To break the shackles of Emperor Wu Xing!"

"What I'm going to is the other world!"

"What we want to achieve is that higher realm!"

Chen Feng took a deep breath, but looked at Emperor Crazy Saber with shock.

At this time, he really admired the Great Emperor Crazy Blade.

This predecessor is not only strong, talented, and domineering, but his pattern is also huge!

How many people can think of such a sword technique throughout the ages?

How many people can figure it out and create it?

Such a pattern! So bold!

If you really practice these three swords!

In the first cut, no one in the Dragon Vessel Continent was an opponent.

The second cut, kill people if you want to kill, save people if you want to save.

The third cut was after completely dominating the Dragon Vein Continent, without fetters, he cut out with a single cut, and went away!

Go to a higher world!

"Of course, I think so."

The Great Emperor Crazy Blade sighed slightly: "Back then, I only reached the first realm, and the second realm was barely able to reach it."

"The third realm is because my body is sealed, and there is only a ray of soul here, so that I can't cultivate at all."

"just now!"

He looked at Chen Feng, his eyes full of expectations: "I put my hope on you, and you must not let me down."

Chen Feng solemnly nodded his head: "Don't worry, seniors, Chen Feng will do his best to carry forward this knife!"

The Great Emperor Crazy Sword nodded solemnly, without saying anything.

"Well, let's not talk about it yet."

"Furthermore, the second benefit I gave you, in fact, I don't take credit for it. You earned this benefit yourself."

"Oh? I earned it myself?"

Chen Feng raised his eyebrows, a little surprised.

The Great Emperor Crazy Sword smiled slightly, looked at Chen Feng and said, "Chen Feng, after entering this Valley of Falling Stars, you should have killed many great demons along the way."

"Should these big demons be killed quite a bit?"

"Yes." Chen Feng nodded.

He was not surprised that Emperor Crazy Blade would know this.

Obviously, after the Great Sword Emperor entered the Valley of Fallen Stars that day, he should have had a similar experience.

However, the opponent killed by the Great Knife Sword must be much stronger than his opponent.

The Great Emperor Crazy Blade then smiled and said: "Since you can get something from killing those big demons, but killing the two-headed bull beasts is nothing."

"Do you have any doubts in your mind?"

Chen Feng nodded his head: "I was thinking about this just now."

After Chen Feng had killed the two-headed bull demon just now, he had repaid high hopes in his heart.

He even hoped that the true demon seed obtained after the two-headed bull demon was beheaded by him, plus the previous bat demon's demon-suppressing seed, could at least reveal the introductory chapter of the Golden Sutra of the Great Bodhisattva Avalokitesvara. At least half!

As a result, he did not expect that after the two-headed bull demon were beheaded, no true demon seeds would condense at all.

Instead, there was only such a white piece of bone like suet jade.

Chen Feng didn't know what the white bone fragment was.

The Great Crazy Saber smiled and said, "You saw it just now. Only one of the two heads of the two-headed bull demon was used."

"Yes."

Chen Feng nodded.

"In fact, the second white head of this two-headed bull demon is his real killer move, and it is also his most terrifying and strongest ability!"

The Great Emperor Crazy Blade looked at Chen Feng and said meaningfully: "In fact, the two-headed bull demon you are facing is just a cub."

"The strength hasn't reached its peak yet!"

"what?"

After Chen Feng heard this, his heart was shocked.

He thought that the double-headed bull demon had fully revealed his strength.

In the end, he didn't expect that this two-headed bull demon turned out to be just a cub, and had not evolved the strongest ability at all, and had not used his strongest head at all!

The Great Emperor Crazy Sword smiled faintly: "You must think that these two-headed bull monsters are extremely powerful in their flesh, and rely on their flesh to live, right?"

Chen Feng nodded silently.

He did think so.

Moreover, the two-headed bull monsters have always used physical power.

"Actually, the second head of the two-headed bull demon is more powerful."

"The power that that head possesses is the power of mental attack!"

"It's a racial talent that he has passed down through generations and blood. This racial talent can be turned into an extremely powerful mental attack martial skill after he reaches adulthood!"

When Chen Feng heard this, he couldn't help but feel excited.

What kind of cultivation is the Emperor Crazy Blade? What strength? What kind of identity?

In his mouth, it can be called extremely powerful martial arts, so how high is the level of this martial arts?

Desolate Grade Eight? Desolate grade nine?

Even, it may be beyond the wild class?

Chen Feng didn't even dare to think about it anymore.

There was a burst of indescribable excitement in his heart, surging, just looking eagerly at the Great Sword Emperor.

[Chapter 4190: Heaven and earth reincarnation magic!](#)

At this time, he probably also guessed the effect of the white bone fragments.

Otherwise, the Great Emperor Crazy Blade would definitely not say this to him.

Seeing Chen Feng like this, the Great Sword Emperor knew he had guessed it, and laughed, "You guy, really smart!"

"That's right, in the white bone piece you got after you killed the two-headed bull demon before, what is recorded is this extremely terrifying mental attack martial arts!"

He stared at Chen Feng and said word by word: "This mental attack martial art is called: Heaven and Earth Reincarnation Magic Technique!"

"Heaven and earth reincarnation magic?"

Chen Feng listened, did not speak, just perceive the charm.

The Great Emperor Crazy Sword continued: "This martial skill, according to the old man, is inferior to my three-handed sword technique."

"But, the level itself is not low."

Chen Feng smiled secretly.

The Great Emperor Crazy Sabre still has a good face, in fact, the level of this martial skill should be higher.

The Great Emperor Crazy Blade then said: "This world of reincarnation is divided into three levels."

"I am not very few on the next two floors, and even this first floor, I am not very clear."

"But..."

He paused and smiled: "I can infer one or two from the abilities of the two-headed bull monster."

Chen Feng did not interrupt, but waited for him to continue.

His understanding of the two-headed bull demon is limited to the strong flesh of the opponent, so he can't guess.

The Great Emperor Crazy Sword said: "I have seen the complete body of the two-headed bull demon once."

"Back then, I even played against him."

"This kind of monster has extremely strange abilities."

"On that day, after his white headed eyes were opened, there were blood-red pupils."

"The blood-red pupils, I just glanced at it, which made me fall into endless memories!"

"In an instant, I thought of all the hatreds that I have experienced in this life! Regrets! Fears, etc..."

Emperor Crazy Blade sighed, as if thinking of the danger of the day.

"In an instant, all kinds of negative emotions enveloped me."

"Don't talk about fighting, you can't even maintain normal behavior."

"If it weren't for my Daoist heart, I would break it in one fell swoop, I'm afraid you won't see me now."

Chen Feng sighed lightly and nodded deeply.

More joy in my heart.

The Crazy Sabre Great Emperor was about to become the Nine Star Martial Emperor, but he was still almost planted in the hands of the repetitive reincarnation of the first layer of heaven and earth.

Then, you can imagine how terrifying this martial skill is!

Chen Feng whispered: "Then, presumably the first layer of the repetitive reincarnation of the world, should be the chaos of people's minds, reminding people of all kinds of negative things!"

"Yes."

The Great Emperor Crazy Blade said: "So it is speculated that the second level should be related to reincarnation."

"The first level is about the regrets, pains, and unforgettable things of this life."

"Then, the second level should be to remind you of the last life, and even more reincarnation events, to recall all the lives from generation to generation, and directly drag you into that endless reincarnation!"

"Experience everything that has been reincarnation!"

Hearing this, Chen Feng was immediately shocked!

In this world, there is such a mysterious and magical method? This is too powerful!

The Great Crazy Blade smiled and said: "Of course, the first level, I can basically be sure."

"The second level, but I guessed it. After all, the two-headed bull demon that I was fighting against back then shouldn't be the second level!"

"But there should be nothing wrong with speculation!"

"Otherwise, I wouldn't be called by this name."

Chen Feng nodded, he also deeply agreed.

After listening to the words of Emperor Crazy Blade, Chen Feng was even more excited!

Although Emperor Crazy Blade did not go on further, he naturally understood it with Chen Feng's wisdom.

The reason why this heaven and earth repetitive reincarnation magical skill is powerful is really because this magical skill has even touched the law of time and space!

It can even use the power of reincarnation to touch the edge of the law of time and spy on people's past and present lives!

What a terrifying power is this?

Even if this ability is not very prominent, the meaning it represents is extremely profound.

Because this belongs to the scope of the law of time, and the martial artist is absolutely not allowed to be profane!

Not to mention, this ability itself is very powerful.

In other words, this magical skill is not only powerful, but also extremely powerful!

This is similar to some martial arts.

Martial arts actually consist of two aspects, one is its current power, and the other is the understanding of power embodied in the deep level of this martial arts.

And for the understanding of power, reaching the extreme is the law!

Chen Feng's current repetitive reincarnation of heaven and earth is not only extremely powerful, but also the meaning of the laws it represents is extremely profound!

Chen Feng was very excited, and quickly asked: "Then how should I practice that powerful martial art from this bone piece?"

He vaguely felt that things would not be that simple. The Great Knife Sword is not the kind of circumspect person. If he can help himself solve this matter and teach it directly to himself, he would probably not say so much.

Sure enough, as expected by Chen Feng, Emperor Crazy Blade smiled and said, "I really can't teach you this directly."

"However, I probably know what to do."

Chen Feng nodded solemnly, waiting for him to continue.

The Great Sword Emperor looked at Chen Feng, smiled and said: "This world's repetitive reincarnation power sees reincarnation, destroys destiny, and traces back time."

"Samsara, destiny, time, these two are too profound and too difficult."

"You want to start from these three aspects and practice this heaven and earth reincarnation magic..."

Chen Feng said, "It's really too difficult."

He also thought of this question. Whether it was reincarnation, time, or destiny, it was a topic that was too profound.

This is beyond his scope of strength.

Not to mention him, I am afraid that no one in the entire Dragon Vein Continent can explore these three areas.

These three areas are the realm of the gods that truly mortals can't detect, even the strongest mortals can't see!

Unless, I become a god!

Chen Feng was not in a hurry, he knew that Emperor Crazy Blade must have a way.

The Great Emperor Crazy Saber smiled and said, "In fact, there is still another entry point to practice this world of reincarnation magic."

At this time, Chen Feng had vaguely guessed something in his heart, but it was still unclear.

Emperor Crazy Blade smiled and pointed to his head.

In an instant, there was a flash of light in Chen Feng's heart, and he exclaimed, "Soul!"

"Start with the soul?"
