

## Peerless 4231

### [Chapter 4231: Why bother to insult yourself?](#)

Someone glanced at Chen Feng in the distance:

"But Chen Feng is also good at strength. I think he is already a four-star Wudi."

Everyone said:

"Yes, that is, how can it be underestimated to become a four-star Wudi at such a young age?"

"With him, maybe the Xuanyuan family can have more variables this time."

"What you think is too simple."

The middle-aged man stroked his beard and sneered contemptuously at the corner of his mouth: "I ask you, how old is Chen Feng?"

Everyone was a little puzzled: "This is not very clear, but I heard that he is quite young and he is now in his twenties."

"Then I will ask you again, what is Chen Feng's background?"

Many people know Chen Feng's birth on the Dragon Vessel Continent.

"I know, Chen Feng, as far as I know, he is not a famous school."

"Isn't that right?"

The middle-aged man clapped his hands and said with a haha smile: "This Chen Feng was originally unknown, but after he joined the Xuanyuan family, his strength improved rapidly."

"Within two or three years, you will be in the realm of Four-Star Wudi!"

He shrugged: "Do you think this is possible? Is it normal?"

"What kind of genius will be able to reach the four-star Wudi state in two or three years?"

Someone suddenly said, "Could it be that the Xuanyuan family concentrated all the resources on him?"

"Yes, it must be so!"

The middle-aged man laughed and said: "The Xuanyuan family really doesn't have any good disciples. Seeing that Chen Feng's talent is okay, so he concentrated all the resources on him."

"Forcibly, he will become a four-star Wudi within a few years!"

"But don't look at his realm as a four-star Wudi."

He glanced at Chen Feng, and his eyes were full of disdain: "I see his combat power, it would be nice to have a three-star Wudi!"

"This is extremely true."

"Yes, this kind of four-star Wudi who was piled up forcibly with various resources, the combat effectiveness may not necessarily be that strong!"

Everyone agreed.

At this time, Chen Feng stopped.

He just stood there, his expression was very calm, looked at him and did not speak.

However, the calm look caused the middle-aged man's heart to jump fiercely, and an emotion of inexplicable fear surged.

He quickly turned his head, afraid to look at Chen Feng again!

A person in the crowd with an arrogant temperament, who looked like a child of the family, said lightly:

"Three hundred years ago, there was a talented man in our clan."

"The family has high hopes for him, and he does live up to expectations, and his strength has risen extremely fast."

"But in any case, he had a battle with others, and he was able to defeat the enemy and forcibly used a pill to increase his level."

"As a result, in that battle, the strength was unstable. Not only was it defeated, but it was also to death."

"This is the consequence of forcibly urging medicinal pills, and there are endless troubles!"

Everyone has a round.

It's as if Chen Feng was really using the elixir to catalyze and forcibly enhance his realm.

"These people are really ridiculous, and they said Chen Feng forcibly raised his realm."

Wu Linghan curled his lips in disdain.

"Yes, Brother Chen Feng is actually deliberately suppressing his realm! His every step is extremely solid. Although he is in the realm of the four-star martial emperor, he can rival the six-star martial emperor!"

Wu Linghan and Mei Wuxia, they all know how powerful Chen Feng really is.

It's because of his injustice.

However, Chen Feng didn't have any special reaction. Instead, he held his arms and stood there watching with interest.

The look is very calm!

Yesterday, Chen Feng ruthlessly cleaned up Mu Manman and Changsun Xingwei at the welcoming stone. Only a few people saw it.

Most people don't even know the news.

Especially those who participated in the Kongsang Lunjian competition, because they arrived early.

So in everyone's impression, Chen Feng is just an ordinary four-star Wudi!

It might not be as good.

Although Chen Feng was famous in the Dragon Vessel Continent before, he was only regarded as a rising star, a new talent.

In the eyes of these top warriors in the Dragon Vein Continent, he is still nothing more than that!

They don't know how terrifying Chen Feng's real strength is. It's really ridiculous to comment here.

The gentleman with quite noble temperament, holding the long sword in his hand, looked at Chen Feng and others.

There was a strong jealousy in his eyes.

He also came from a high school, and his family is just slightly worse than the nine major forces.

But this is a little worse, so he missed the opportunity to participate in Kongsang Lunjian.

And he is not very young and has a very strong talent.

He believes that his strength is much stronger than Chen Feng, which is by no means what Chen Feng can match.

But he couldn't participate in Kongsang Lunjian, so his heart was extremely unbalanced!

Seeing Chen Feng next to him at this moment, he gave Chen Feng a provocative look.

Then he deliberately said loudly: "Then Chen Feng, but Er, the few people around him are even more useless."

"This time Kongsang Kongsang discusses the sword, if I want to say, the Xuanyuan family should excuse not to participate!"

"Yes."

Someone next to him nodded and said: "What the young master said is that this time the Xuanyuan family has taken its own humiliation in vain!"

The man in Chinese laughed, very proud.

Everyone talked in a low voice, and looked at Chen Feng and others with a little pity.

And many more people, their eyes are full of disdain, looking down, and gloating.

In their opinion, this time the Xuanyuan family would definitely come home in the Kongsang Lunjian, and it was extremely likely that they would rank first from the bottom.

No one looks at them squarely, they are treated as a team that has been eliminated!

There was a burst of laughter from time to time where everyone in the Xuanyuan family passed.

"Xuanyuan family, why are you here?"

"Yes, do you come here to make up the number? You are also insulting yourself when you come, why bother?"

The sound of laughter is endless.

Everyone in the Xuanyuan family was full of anger after hearing the words around them.

They were angry at being despised by others and at Chen Feng being despised by others.

They knew exactly how powerful Chen Feng really is!

Many people have a look of indignation on their faces, and they want to argue with them.

Chen Feng smiled slightly and turned to look at everyone.

Immediately, everyone's movements stopped.

Just looking at Chen Feng, waiting for his words.

Chen Feng smiled and said, "Is it uncomfortable?"

Everyone said sparsely: "Uncomfortable."

"Aggrieved?"

"Aggrieved!"

This time, the voice was louder and neater.

Chen Feng suddenly showed a fierce look on his face, clenched his fists, and shouted in a low voice:

"Then, when Kong Sang discusses the sword, follow me and hit them in the face fiercely!"

"What's the point of saying these words now? It's just a joke!"

Everyone was excited by Chen Feng's words, and there was flames in their eyes, and their hearts were full of fighting spirit!

#### [Chapter 4232: Challenge Chen Feng? Are you worthy?](#)

Chen Feng's voice is low, but full of power:

"Since they look down on us, they think Chen Feng can't do me, they think you can't, they think our Xuanyuan family can't do it!"

"Then let's slap them in the face fiercely soon! Let them lose face!"

"Let them pay for what they say now! Understand?"

"understand!"

Everyone roared!

Chen Feng laughed: "That's right!"

"What's the point of talking in empty words? Just use your fist to speak!"

At this moment, the ridiculous young man in Chinese looked over here, with a disdainful smile on his mouth.

With a provocative expression on his face, he stared at Chen Feng and others and said: "It's really not ashamed."

He suddenly took two steps forward and walked to Chen Feng and the others.

Seeing this scene, a voice suddenly blasted from the crowd: "Haha, there is a good show to watch!"

The crowd gathered all at once.

In an instant, hundreds of people surrounded this place tightly, and everyone around them looked at it indirectly.

Seeing this scene, the man in Chinese clothes flushed a little.

In his opinion, this is a great opportunity to become famous.

He turned around, looked at the crowd, and suddenly raised his voice:

"I am Bailiminxue, a member of the Baili family in the Western Wilderness."

"Our family strength is only one point inferior to the Xuanyuan family!"

There was a low voice of discussion among the crowd.

"It turns out that he is Bailiminxue."

"I heard that this Baili Minxue is the first young talent in the Western Wilderness Baili Family."

"Yes, he is still one of the six princes of the Western Wilderness. He is suave and strong. He is already at the pinnacle of the three-star martial emperor at a young age."

"He is talented and strong, so it's no wonder he looks down on Chen Feng."

Baili Minxue was even more excited to hear that everyone around him talked about him and knew his name.

He shouted loudly: "I consider myself talented and smart and powerful!"

"However, because of my background, I didn't have the chance to participate in Kongsang Lunjian!"

"And him!"

He suddenly turned around, pointed at Chen Feng, faced everyone, and shouted sharply:

"He's just an ordinary person from the edge of the poor and humble. He was lucky enough to enter the Xuanyuan family."

"Relying on the pill again, abruptly catalyzed the four-star Wudi realm!"

"What kind of thing is he? How can He De, participate in Kongsang Lunjian?"

"I'm Bailiminxue, don't accept it!"

He suddenly raised the long sword in his hand, attached the scabbard, and pointed at Chen Feng.

Raising his chin, his face was full of arrogance: "Chen Feng, I challenge you!"

"You, dare to fight with me?"

"Wow!"

Among the crowd, it was like a blast!

One of the six princes of the Western Wilderness, Baili Minxue wants to challenge Chen Feng from the Xuanyuan family!

This news spread out rapidly.

In an instant, everyone's attention

"Yes, I didn't expect that there will be a good show before today's main show begins."

"Do you say that Bailimin Xue can win?"

"I think it should be possible. Although Baili Minxue is only the pinnacle of the three-star martial emperor, he is well-known and famous in the Western Wilderness. He killed many big demons and monsters!"

"Yes, he has climbed to this level extremely steadily. Although Chen Feng is a four-star martial emperor, he should have been born to this level by relying on the pill."

"When it comes to fighting, he may not necessarily be Bailiminxue's opponent!"

"I think Baili Minxue also has a bigger win."

There was a lot of discussion, and they also believed that Chen Feng's realm was false.

Upon hearing this, Wu Linghan and the others flashed an angry expression on their faces.

Chen Feng is their friend, relative, lover.

And Chen Feng is even more powerful as a \*\*\*\*\* in their eyes, absolutely not tolerating insults!

What is Bailimin? Still provoke Chen Feng?

Is he worthy?

"Oh, you want to challenge me?"

Instead, Chen Feng looked at Baili Minxue and rubbed his nose with interest.

He was not very angry, because in Chen Feng's eyes, Baili Minxue was nothing more than an ant.

Ants provoke people, people will not be angry, they will only find it ridiculous.

Chen Feng now sees Baili Minxue, this is the case.

Wu Linghan knew Chen Feng's strength.

She knew better that Chen Feng did not want to show off his strength now.

What he wanted was to explode all his strength when Kong Sang was discussing the sword, so that everyone was amazed! Shocked!

How terrifying to see him!

Wu Linghan stepped forward suddenly, stood in front of Chen Feng, looked at Baili Minxue, and said lightly:

"Berry Minxue, I'll fight with you."

Baili Minxue was taken aback when he saw this, then raised his eyebrows, and said with disdain: "I'm going to fight, it's Chen Feng!"

Wu Ling said coldly, "I'll talk about it if you win!"

"Haha, also won you? Who do you think you are?"

After Bai Limin looked up and down, she couldn't see her strength.

But then, he thought that the Xuanyuan family had no strong people except Chen Feng, and he immediately felt relieved.

"This woman seems to have a bit of strength, but it's just ordinary if I want to come, so what?"

"There is no master in the Xuanyuan family. The strongest Chen Feng is not my opponent, let alone her!"

He looked at Wu Linghan, and waved his hand impatiently: "Don't mix up here, let me go!"

"The one I want to challenge today is Chen Feng!"

Wu Linghan pointed at Baili Minxue: "Challenge Chen Feng? Are you worthy?"

"To challenge Chen Feng, pass me first!"

Bai Limin was very angry and sneered, "You woman, just want to insult yourself?"

"You are the one who is insulting yourself. You want to challenge Chen Feng even with your \*\*\*\* strength?"

Wu Linghan said with disdain.

Then, her expression changed, and she shouted impatiently: "If you want to fight, you can fight, why so much nonsense?"

Bai Liminxue sneered: "Well, since you want to die so, I will fulfill you!"

With a strong arrogance on his face, the long sword in his hand was suddenly unsheathed, and the sword was pierced at Wu Linghan!

This sword stirred the situation!

Suddenly, there was a strong wind around him.

Above the sky, thunderclouds condensed, and the momentum was extremely shocking!

Everyone around gave out a burst of exclamation:

"This Bailimin learns to make a move, as expected, the strength is extraordinary."

"Yes, with his move, the three-star martial emperor's peak is fully revealed, even with some four-star martial emperor's power!"

"Who is this woman? Can you stop it?"

"I don't think it is necessary. This woman is just an ordinary disciple of the Xuanyuan family. How can she stop the sword of the three-star Wudi peak?"

"With this sword, I'm afraid she will be seriously injured if she doesn't die!"

Bai Limin Xue's attack was extremely harsh. Obviously, his plan was to kill, at least he would seriously wound Wu Linghan!

He heard the voices of everyone, with a smug look on his face: "Bitch, you must die!"

In his opinion, Wu Linghan had absolutely no resistance under his sword.

#### [Chapter 4233: What a waste!](#)

But if he could see the expressions on the faces of a few weird people in the crowd at this time, he would definitely not think so.

The few people looked at each other, and they all saw a strange color in each other's eyes.

"This, this is the master sister!"

"This is a trouble! She was originally a young talent of our Foundry Association, the first genius of the younger generation. This time Kongsang Lunjian wanted her to lead the team. How could she become a member of the Xuanyuan family?"

"Fucking, she is so aggressive in our Foundry Association, and she will clean up whoever is not pleasing to the eye!"

"Yes!"

A big man said with a grievance: "Last time she was in a bad mood, and I didn't mess with her, she slapped her with a big ear scrape! As a result, in front of Chen Feng, such a small bird like a person? Did he take the initiative to stand up for him?"

"Why!"

Everyone was very angry.

It turned out that several of them were members of the Foundry Association, and at this time they recognized Wu Linghan's identity.

Then, their expressions turned into gloating.

They knew Wu Linghan's strength well.

Baili Minxue dare to provoke Wu Linghan? Have his good fruits to eat!

Facing Bai Limin's blow, Wu Linghan stood there, steadily.

And when the offensive was ten feet away from her, suddenly, Wu Linghan moved!

A flash of light and shadow of red clouds flashed, and a flame phoenix spear appeared in Wu Linghan's hand!

This flaming phoenix spear, Yao is as good as a dragon, pierced out with a single blow, and violently collided with Baili Minxue's long sword!

Bai Limin Xue felt a huge force, like a landslide and a sea, surging violently!

This power is so powerful that he can't control himself at all.

In an instant, he was completely unable to hold the long sword in his hand, and the crash became clearer and crisper, and the long sword was directly knocked into the air!

Bai Liminxue's face showed disbelief: "How is it possible? How can you have such a powerful force?"

The long spear in Wu Linghan's hand kept stabbing out with one more blow!

This shot was stabbed fiercely on Bai Li Minxue's chest!

A purple light and shadow flashed across Bai Liminxue's chest.

There was a crisp sound, as if something broke directly.

Obviously, this was a treasure of his body, which was directly crushed by Wu Linghan's shot!

The treasure is broken, but it also gives Bailiminxue a moment of time.

His figure flashed aside quickly, avoiding the heavy heart!

So, this shot stabbed his right chest fiercely!

With a light sneer, he broke into his chest directly and pierced him through!

The spear pierced him directly!

The flaming gun body penetrated from his back, and blood dripped down!

Baili Minxue was seriously injured in an instant!

He felt intense pain, rising from his right chest and sweeping over his body.

There is also an extremely violent force, wanton destruction in the body, raging wildly!

He vomited blood and trembled all over, but he couldn't move.

Just being stabbed there with a spear, there is no way to fight back!

With a look of horror on his face, staring at Wu Linghan, he was speechless in shock.

He did not expect Wu Linghan to be so strong!

Wu Linghan didn't rush, walked forward, came to Baili Minxue, looked at him with a smile, and said lightly:

"I can't stop a single shot, it's a waste!"

There was a deep contempt on her face: "Just like you, you still want to provoke Chen Feng? Are you worthy?"

This is the second time she said this sentence: 'Are you worthy? '.

When I said it for the first time, everyone found it ridiculous.

But at this time, when he said it again, no one felt ridiculous.

Everyone was so shocked that they couldn't speak!

For a while, everyone in the crowd lost their voices!

In fact, from the moment she was stabbed with a shot, everyone was shocked to the point of silence!

After a while, there was a huge noise sweeping the crowd!

"This woman is so strong!"

"Yeah, it's incredible. She is so powerful that Baili Minxue at the top of the three-star martial emperor can't stop a single shot!"

"One move will directly defeat Baili Minxue! Only one move!"

Everyone was shocked by Wu Linghan's strength.

Among the crowd, those from the Foundry Association had an expression that had long known it.

Wu Linghan is powerful, and they seem to feel proud!

Bai Liminxue, his face flushed at this time, not because of the upsurge of blood, but because of the huge humiliation!

He felt extremely ridiculous at this time.

"Bai Li Min Xue, are you still provoking Chen Feng? You can't even beat the woman next to Chen Feng!"

"You lose with one move!"

"Also the genius of the Baili family in the Western Wilderness? You have lost your face in front of the Dragon Vein Continent!"

At this time, he was ashamed and eager to die, wishing to die directly!

Wu Linghan kicked out, and directly kicked Baili Minxue away.

With a scream, it fell to the ground.

She sneered coldly: "I can't stop any move, it's a waste!"

Bai Li Minxue fell to the ground, his face pale, and he couldn't even lift his head.

He felt that the eyes of everyone around him were on him, and he felt that everyone was laughing at him and humiliating him.

The Tsing Yi servant hurriedly helped him up.

At this moment, suddenly a brawny man in tatters squeezed towards the crowd.

Although this person was dressed in shabby clothes, he looked heroic, and his strength was quite powerful.

After everyone saw him, no one dared to show a disdainful expression.

Because everyone knows what such tattered clothes mean: the strong of the Foundry Association!

Among the crowd, a path was automatically squeezed out, allowing the brawny man in torn clothes to walk through it.

This brawny man squeezed out of the crowd, but looked at Wu Linghan and shouted: "Master sister, you have been away from the Foundry Master Association for so long, should you come back now?"

"At this time, it is Kongsang Lunjian, but our Foundry Masters Association is understaffed and we need you most!"

He was a little stunned, and he spoke very loudly.

After speaking, he stared at Wu Linghan with those bull's eyes. He was obviously a fool.

Following him, several more people squeezed out of the crowd.

They are all dressed in shabby clothes and strong, and they are all strong in the Foundry Association.

They looked at Wu Linghan and shouted: "Master sister, if you don't come back, our chances of winning this time are very small."

"If you come back, then our Association of Founders will still be able to compete for the top three positions!"

When everyone heard this, their faces were shocked.

"It turns out that she is the genius Wu Linghan from the Foundry Association!"

After Wu Linghan entered the Foundry Association that year, he was shocked and brilliant.

[Chapter 4234: Just know to hide behind a woman!](#)

Overwhelming the many geniuses of the Foundry Association, and became the best disciple of the younger generation of the Foundry Association!

And her origin is extremely mysterious, almost no one knows.

Many families and forces are extremely interested in Wu Linghan.

But in any case, Wu Linghan is very simple, only knows that he does not go out at all.

So they don't know much about Wu Linghan. Few people saw Wu Linghan's face, and they didn't recognize it just now.

At this time, everyone from the Casting Division said that they knew the identity of this woman!

Suddenly, everyone's eyes were focused on Wu Linghan.

Then, he moved to Chen Feng's body.

Looking at the two of them, their expressions became very strange: "This is interesting!"

"Yeah, the most outstanding female disciple of the Foundry Masters Association actually mixed with the Xuanyuan family?"

"And it seems to be extremely attached to Chen Feng, willing to take action for him!"

"This Chen Feng is really rich in beauty and strength, but he has to be so beautiful!"

The brawny man with ragged clothes that came out first, saw Wu Linghan not speaking, and said loudly: "Master sister, you have something to say!"

Wu Linghan looked at it and couldn't help but laugh.

She waved her hand: "You go back and tell them, Founders Association, I won't return."

"Looking back, I will visit Master and his old man."

As soon as this remark came out, everyone was in an uproar!

"Wu Linghan didn't even join the Foundry Association to participate in this Kongsang Lunjian, but would want to mix with the Xuanyuan family?"

Suddenly, everyone in the Foundry Association looked very ugly.

And the brawny man in ragged clothes broke out directly and was about to make a big fuss.

But Wu Linghan gave him a stern look and whispered: "Close your stinky mouth, do you want to be cleaned up?"

Upon hearing this, the strong man shuddered at once, and took a step back. He never saw the mighty look just now.

Like a trembling little quail.

Obviously, he was extremely afraid of Wu Linghan, and he couldn't say any more hard words, just muttering there, not knowing what he was talking about.

But at this time, there was a pair of eyes next to him that was excited.

After knowing Wu Linghan's true identity, Baili Minxue suddenly became excited again!

"It turns out that Wu Linghan is not from the Xuanyuan family!"

"She is a genius of the Foundry Masters Association. Although she is mixed with Chen Feng, she is not a member of the Xuanyuan family!"

"Yes!"

Baili Minxue suddenly thought: "I can't beat Wu Linghan, and I may not beat Chen Feng!"

"This Chen Feng is just a soft meal! Relying entirely on Wu Linghan! Knowing to hide behind Wu Linghan!"

Baili Minxue stood up suddenly, rushed in front of everyone, staring at Chen Feng with a bitter expression on his face:

"Chen Feng, it turns out that you are a trash who can only hide behind women!"

"Don't dare to do it yourself, only dare to let your woman do it?"

Looking at Baili Minxue, Chen Feng shook his head helplessly, and said, "Baily Minxue, do you like being beaten so much?"

"You just got slapped in the face by Wu Linghan once, now you want me to hit you again?"

At this time, there was also a whisper in the crowd.

Everyone looked at Chen Feng with more contempt.

"It turns out that Chen Feng really eats soft rice!"

Someone said with jealousy: "Looking at this look, you know that you are eating soft rice."

Some people even had their faces full of disdain: "What is the Xuanyuan family genius, what is the young talent of the Dragon Vein Continent, has a false name, it is already a trash who only knows to hide behind a woman!"

At this time, in the eyes of everyone, Chen Feng is a soft meal, only relying on Wu Linghan to show off his power here.

Wu Linghan, Mei Wuxia, etc. were all flushed with anger.

Win Ziyue is particularly strong-tempered, how can he stand this?

I'm going to argue with everyone.

But Chen Feng smiled slightly and reached out to stop her.

He just looked at these ants with interest, and opened his teeth and claws in front of him.

However, in the crowd, there are some people who are silent, with a funny expression on their faces, looking at those who speak contempt for Chen Feng.

These people were fortunate enough to witness Chen Feng's powerful strength yesterday.

They naturally know how tyrannical and terrifying Chen Feng is!

I also understand how ridiculous these people mocking him at this time are!

"These people are really ridiculous, and still despise Chen Feng?"

"They even think that Chen Feng is less than the four-star Emperor Wu, which really made Lao Tzu laugh!"

"Chen Feng's true strength has reached the six-star Wudi, they know what a shit! Really ignorant are fearless!"

"Poor and ridiculous! Stupid! Still saying that Chen Feng is rubbish? No one knows that they are!"

at this time. Among those in the Foundry Association, an old man winked at a disciple next to him.

This old man is the elder leading the team from the Foundry Association.

A vicious look flashed in his eyes: "Wu Linghan, you are not willing to work for our Foundry Master Association, are you? Then I can't let you work for the Xuanyuan Family!"

The disciple understood, and shouted loudly among the crowd: "What the \*\*\*\* is this?"

"Our Founders Association has worked so hard to train the strong, why do they serve the Xuanyuan Family?"

"I want to see the Marshal of the God of War Palace, I'm not convinced!"

"That is, it's not fair. This Wu Linghan is a genius from the Foundry Association, the top master of the younger generation, why should he join the Xuanyuan family?"

"If this is the case, other geniuses can join other forces at will and participate in Kongsang Lunjian!"

The people of the Foundry Association are really angry, and they protest loudly here.

But there are also many family members who fish in troubled waters.

Caught in it, arrogant.

They naturally didn't want to see Wu Linghan join the Xuanyuan family.

In their opinion, it is not surprising that the Xuanyuan family includes Chen Feng.

The strongest now is Wu Linghan, and the only one who can pose a threat to everyone is also Wu Linghan.

As long as she doesn't join, the Xuanyuan family will die miserably!

Their current goal is to force Wu Linghan not to join the Xuanyuan family.

At this time, Lan Zihan was surrounded by a large number of experts from God of War Palace.

This time, Lan Zihan assisted Tianlongwei General Pu Xingzhou to maintain the order of the Kong Sang Lunjian.

Seeing him passing by, suddenly some people gathered around and shouted: "General Blue, you come to preside over justice for us!"

After listening to the reason, Lan Zihan was stunned.

Then he looked at them, and then a very ridiculous expression appeared in his eyes.

"This group of people feel that the Xuanyuan family is not a concern? This group of people actually think that the Xuanyuan family has Wu Linghan to make a difference in Kongsang Lunjian?"

"Are you a bunch of fools?"

[Chapter 4235: Xiahou Jiuyuan!](#)

"You don't know how terrifying Chen Feng's strength is!"

At this time, Chen Feng looked at them like a fool, and smiled: "Who said Wu Linghan would join the Xuanyuan family?"

Suddenly, all the clamors just now stopped abruptly.

Everyone was beaten by Chen Feng's words, and they were stunned, unable to speak for a while.

For a moment, the silence was a little scary.

With a chuckle, broke the tranquility here.

But the onlookers were laughing out loud.

Everyone only felt that this scene was really ridiculous. A bunch of people were chatting about it for a long time. As a result, Chen Feng didn't want Wu Linghan to fight for the Xuanyuan family at all.

But after this moment of silence, the crowd immediately clamored again.

Before, I looked down on Chen Feng and the middle-aged man who looked down on the Xuanyuan family. He sneered and said:

"It turns out that Chen Feng is not only weak, and his realm has been blown up forcibly, but he is also a generation without a city government!"

"Yes!"

His words were echoed by many people.

"This Chen Feng was agitated by a few words, and he took the initiative to give up Wu Linghan's strong support."

Someone nearby laughed and said: "If you change to someone else, you will be shameless and you have to leave Wu Linghan behind."

"As a result, this Chen Feng still voluntarily gave up. It can be seen that this Chen Feng really hasn't experienced much experience, very impetuous, and very bad temperament!"

The middle-aged man looked at Chen Feng, with a flash of jealousy in his eyes.

He laughed loudly:

"Is such a person worthy of being called the pride of the sky? Is he worthy of so many resources from the Xuanyuan family? Is he still worthy of his current strength? It's ridiculous!"

He is very jealous of Chen Feng, so he has been attacking here all the time.

Chen Feng suddenly looked at the middle-aged man and smiled: "Dare to ask your name Gao?"

The middle-aged man sneered and said, "Why are you in Xiatan Taiwu? Chen Gongzi still wants to retaliate against me?"

"No such meaning at all."

Chen Feng shook his head and smiled faintly: "Take revenge on you? Are you worthy?"

"I asked what your name is, just to tell you..."

Chen Feng pointed at Tantai Wu, his voice was faint, seemingly devoid of emotions, but in reality he was indescribably domineering:

"You will be slapped in the face, and it will be a slap in the face! You will feel ashamed and regret for what you say now!"

Chen Feng's words are like a ruling!

Tantaiwu's face turned pale in an instant, and he suddenly felt that a muffled thunder rang in his ears, and his whole person was a little dizzy.

It seems that if Chen Feng's words fall, then it is destined to become a reality.

He was a little dumbfounded and his face turned pale.

He felt that he seemed to have done something wrong that would make Zi regret his life.

At this moment, a loud voice suddenly came:

"Everyone, please be quiet."

"Kong Sang on the sword, about to begin!"

Chen Feng could hear that this was the voice of Pu Xingzhou.

Everyone was quiet instantly.

However, looking at Chen Feng and Xuanyuan's family, they were still full of strangeness, with disdain, contempt, and regret.

Taking pleasure in misfortune, watching with cold eyes.

But none of his eyes were full of kindness.

At this time, Chen Feng stood there quietly and stopped talking.

However, his eyes seemed to be burning like flames!

Today, since coming here, he, and the Xuanyuan family, have been filled with contempt and disdain from the audience!

The anger in Chen Feng's heart is about to accumulate to an extreme!

However, he did not choose to break out now!

He wants to burst out when Kongsang discusses the sword!

Use facts to slap everyone in the face!

Chen Feng is already very much looking forward to it, Kong Sang talks about the sword, come quickly!

At this time, several human shadows crossed the sky and landed on the high platform.

Soon, the light and shadow dissipated, revealing that there were two people inside.

One of them, Chen Feng recognized, was Pu Xingzhou.

And beside him, there is an old man, this old man is extremely tall and strong.

Although old, it feels like. But the body is full of extraordinarily exuberant, almost explosive, powerful vitality overflowing outside!

Above his body, he was wearing a golden armor.

The golden battle armor is quite simple, it does not cover the whole body, and even only has a few places in key parts of the body.

Such as elbows, knees, and a breastplate, a helmet.

The golden battle armor even looked a little dim, as if there was nothing surprising.

But no one dares to despise, or to say, no one will despise it!

All this is because of the identity of this person!

When he appeared, there were already bursts of exclamation in the crowd!

"Xiahou Jiuyuan, Marshal Xiahou Jiuyuan of God of War Palace!"

"Is it the Xiahou Jiuyuan who claims to be the number one person in the Nine Powers, and maybe even the number one in the Dragon Vein Continent?"

"That's right! The number one in the Dragon Vessel Continent dare not say, but he is indeed the number one among the nine forces!"

"It is said that his strength has reached the Eight-Star Emperor Wudi, or even higher!"

"I don't know. The last time he appeared was a hundred years ago. At that time, his strength had already reached the Seven-Star Martial Emperor! After a hundred years, who knows how strong his strength is?"

Many people are even more excited.

Xiahou Jiuyuan has not appeared in the Dragon Vein Continent for a long time. This time he appeared, which shows that he attaches great importance to Kongsang Lunjian.

And his arrival also means that this reward is definitely not bad!

Chen Feng also moved in his heart: "Is this Xiahou Jiuyuan?"

"That Xiahou Jiuyuan who rules the Mansion of the God of War, overwhelms the entire Dragon Vein Continent, and is faintly the first person in the Dragon Vein Continent?"

Chen Feng suddenly raised his head and looked at Xiahou Jiuyuan.

In the eyes, if there is flames, it is full of longing eyes.

Xiahou Jiuyuan is the strongest person he can come into contact with now!

Chen Feng wants to know how strong his strength is?

Xiahou Jiuyuan looked at everyone and slowly said: "Everyone, I am very grateful to you for being able to participate in Kongsang Lunjian this time, Zai Xia and the God of War Palace, and the nine major forces."

He said a polite remark, which is straight to the subject.

"This time, everyone should know the purpose of Kongsang's sword discussion."

His voice suddenly became fierce: "The Hall of Soul Destruction has been chaotic all these years!"

"My nine major forces, as the right way, are duty-bound to suppress them!"

"This time, Kong Sang Lunjian is to select the most outstanding young talents among the nine major forces and provide them with a lot of training resources!"

"Training with huge resources!"

"Enhance its strength! Stabilize its realm! Increase its combat power!"

"Then, go to the Hall of Soul Destruction and confront it!"

Everyone listened attentively.

He paused and continued: "One way, it can weaken the Hall of Soul Destruction. Secondly, it is to train one's own disciples."

[Chapter 4236: reward! Dongyang Emperor Dongfu!](#)

Basically, everyone knew what this time was for before they came.

However, Xiahou Jiuyuan's words seemed to have special appeal, and many people were excited and shouted!

Xiahou Jiuyuan smiled and said, "Okay, now I invite all those who come to watch the ceremony, and take their seats."

After all, it is a hand up.

As soon as he made his movements, everyone felt nothing strange.

But as powerful as Chen Feng, he felt that the world was suddenly different.

It was as if between the world, a big hand was stretched in and swiped fiercely.

An invisible wave of air was immediately moved out, but this wave of invisible air was not a purely destructive force, it contained many mysterious things.

Chen Feng even felt the existence of the law.

When he faced this blow, he felt a bit like being in a time tunnel, facing the law of space, the law of time.

The next moment, the edge of the undulating valley made of leaves hundreds of thousands meters away from Xiahou Jiuyuan, with a bang, exploded a circle of green light.

This circle of green light began to change rapidly.

The leaves began to stir, forming seats, steps, and stands.

High and low are scattered, and rules are implied.

Chen Feng couldn't help but sucked in a cold breath: "This Xiahou Jiuyuan is too terrifying. He just brushed his sleeves, but he has already revealed his incomparable strength!"

"Just now, at least he has the strength to surpass Qixing Wudi!"

But just surpassing Qixing Wudi's strength, that's all.

The most important thing is that his control of power can be said to be wonderful.

He just raised his hand, but it turned out that a hillside a hundred miles away, tens of thousands of meters long, and hundreds of meters high, changed its appearance.

From the previous chaos, countless leaves are layered on top of each other, and turned into countless leaves, forming one after another seat, even a stand.

At this moment, his power was at least subdivided into tens of thousands of Dao, and then each Dao had extremely complicated applications.

"What a terrifying ability to control this! It can definitely be called nuanced!"

Chen Feng asked himself, his control ability is strong enough.

But compared with Xiahou Jiuyuan, he doesn't even have one percent of him!

"If I face Xiahou Jiuyuan at this time, there is only one dead end."

"His control of power is too strong!"

This scene not only shocked Chen Feng, but other people were also shocked to speak.

After a while, there were bursts of exclamation.

"Xiahou Jiuyuan, the strength is too strong!"

"It deserves to be the first person of the nine forces! Suppress the existence of the entire Dragon Vein Continent!"

Everyone was admired.

Before, many of the nine major forces who were quite unconvinced and showed a shameless expression were also completely convinced.

There were still many people whispering underneath just now, but now they are silent and no one is speaking.

Quietly, Xiahou Jiuyuan was already giving everyone a disarm.

Seeing this scene, Xiahou Jiuyuan's face was still indifferent.

This old man may have seen too many things, and this kind of thing can't even cause waves in his heart.

He smiled slightly, and said slowly: "The table is ready, and I invite you to take your seats."

After all, it was a wave of hands.

Suddenly, the tens of thousands of people among the crowd who came to watch the ceremony felt their bodies flying involuntarily.

Tengyun, like a fog, flew toward the stand seat.

After a while, they all fell.

Everyone present is not weak.

Even among these people who came to watch the ceremony, there was no shortage of three-star Wudi and four-star Wudi masters.

But just before facing Xiahou Jiuyuan, they waved their hands gently, and they didn't have the power to fight back.

And tens of thousands of them!

They were all wrapped in Xiahou Jiuyuan and flew up, and everyone landed steadily.

More importantly, they were originally in the same group, so they were sat together separately, without any mistake.

The various factions are clearly separated, and there are even vacant seats in the middle, not sitting scattered together!

This scene made everyone completely convinced.

Many people looked at Xiahou Jiuyuan with awe and worship in their eyes, even as they looked at the gods.

Only Chen Feng stared at Xiahou Jiuyuan's sleeve.

Because he saw that under Xiahou Jiuyuan's seemingly understatement, his body trembled for several times before he stopped.

A smile appeared at the corner of Chen Feng's mouth;

"Xiahou Jiuyuan's two times seem to be an understatement, but in fact, he has already tried his best. It is not as easy as his performance!"

After everyone was seated, the number of people left around the high platform at this time had been reduced to less than two hundred.

It was all the young talents who participated in Kong Sang's Lunjian this time.

The rest of these people looked at each other, but their eyes were extremely fierce.

This time, everyone except themselves is the enemy of life and death!

Xiahou Jiuyuan also seemed very satisfied with the state of these young talents.

His voice sounded, but this time it became cold and intense:

"Everyone, you should also know that I am the Grand Marshal of the God of War Palace!"

"Rongma is so beautiful, see more life and death!"

"Tell you, for nearly two hundred of you, this time the empty sang sword is not a test! It is not a contest!"

"Instead, a life and death fight!"

There was a hint of gold and iron horse in his voice, murderous:

"You should treat this time as a battlefield, and everyone is your enemy!"

"You can only win if you kill all the enemies!"

The people who participated in Kongsang's Lunjian were all suppressed by these words.

The next moment, they shouted with excitement!

Their emotions have been completely provoked by Xiahou Jiuyuan.

A smile appeared at the corner of Xiahou Jiuyuan's mouth: "Well, what I want is this kind of aura."

"However, we will never treat the winner badly, this time..." ***NOVELUSB.COM***

He paused and said, "This time Kongsang's sword is the first, the reward is!"

Everyone held their breath and looked at Xiahou Jiuyuan expectantly.

What they care about most is the reward this time.

Because the news came out before, this time in order to inspire the young talents of the nine major forces, the nine major forces including the God of War Palace, joined hands and paid a great price to get an extremely precious treasure.

This treasure is the reward for the first place!

There are so many masters in the nine forces!

After so many people died, they got a treasure, how precious it is!

### [Chapter 4237: legend! Emperor Dongyang!](#)

Everyone is looking forward to it.

Facing everyone's gaze, Xiahou Jiuyuan smiled and said: "The reward is Dongyang Emperor's cave mansion!"

When he said these words, the scene fell into silence in an instant.

In the next moment, many people gave out huge exclamations.

"Dongyang Emperor Dongfu?"

It was a look mixed with shock, disbelief, and intense ecstasy!

But more people looked blank, wondering what this Dongyang Emperor Dongfu was!

"What? Dongyang Emperor Dongfu?"

After Chen Feng heard this, his heart was shocked.

Chen Feng has traveled all over the Longmai Continent over the years and has been exposed to many top secret news.

And he has been extremely concerned about this matter since he knew that there was such an empty sword discussion a few years ago.

I read a lot of news about Kongsang Lunjian, Kongsang Shenshu.

At the same time, he also learned some rumors about Dongyang Emperor.

This Emperor of Dongyang is an extremely legendary character.

To be precise, he is not alone, nor in the form of a monster.

His origin is similar to Qingmu and Wuling, but he is transformed into a jade plant!

And before he transformed, it was this empty mulberry tree.

Or to be more precise, it is a fruit on the empty mulberry tree!

This kind of background is legendary enough.

On the Dragon Vein Continent, monsters transform into forms. Although rare, there are always some.

Lingzhi transforms into form, and it is not without it.

But the most important, and also the most legendary point for him, is that he came from the Kongsang God Tree!

The empty mulberry tree has grown on this dragon vein continent for tens of thousands of years.

Some people even speculated that the time when the empty mulberry tree appeared earlier than the Dragon Vein Continent.

Of course, all the warriors who appeared on the Dragon Vein Continent earlier.

The warriors who were on the Dragon Vein Continent were still smashing through the thorns. At the time of barbarism and primitiveness, the empty mulberry tree already existed.

I don't know which strong man who stood up to the ground could plant this sacred tree.

The Kongsang Divine Tree itself is also an extremely powerful Yuzhi. In terms of strength, it is even extremely top-notch above the entire Dragon Vein Continent.

If you compare it to humans, then his realm is only a few levels higher than Jiuxing Wudi, and he is an existence that has completely surpassed the warriors on the Dragon Vein Continent.

It can even be said that it is not a creature of magnitude.

If the human warrior were just ordinary creatures, then the empty mulberry tree might be considered a super creature.

The empty mulberry tree has grown here for so many years, but it has never been heard that human warriors have picked fruit from the empty mulberry tree.

The fact is that the empty mulberry tree has only grown one fruit since ancient times!

This fruit gave birth to the Emperor of Dongyang.

It can be said that the Emperor of Dongyang is a spirit of Zhong Tiandi, born from the spiritual energy accumulated by the empty mulberry tree for years.

Therefore, he was extremely powerful from birth.

When the Emperor Dongyang first appeared, no one knew the details.

I only know that this is a strong man who has reached the Qixing Wudi.

And his appearance on the Dragon Vein Continent was extremely short, and his active time was only a few decades.

In just a few decades, he has already surpassed the strength of Emperor Wudi of Nine Stars.

Back then, in the time of Emperor Dongyang, the six hidden sects were still in control of the entire Dragon Vein Continent.

Among the six hidden sects, each sect has Jiuxing Wudi and even people who surpass the Jiuxing Wudi.

However, the world only knew Emperor Dongyang, and no one knew the six hidden sects!

Emperor Dongyang, with his own power, suppressed all the nine-star martial emperors of the six hidden sects and those who surpassed the nine-star martial emperor!

It can be seen how strong his strength is!

In just a few decades, Emperor Dongyang has already shed countless legends on the Dragon Vein Continent.

No one knew the origin of it, and only thought he was a hidden power.

Later, on a certain day, Emperor Donghua sent out hero posts, inviting all the heroes of the world to come to this empty mulberry sea, the empty mulberry tree.

After everyone arrived, at the top of the empty mulberry tree, where everyone stood at this time, Emperor Dongyang told everyone his origin.

Everyone just knew his origin.

At the beginning of this day, Kongsang Divine Tree became the number one divine tree in the mainland and a holy place that countless people yearn for.

Before that, he was just a strong and overly strong Yuzhi.

Emperor Dongyang summoned everyone and told everyone their origins, and then he left.

From then on, there was no trace of it on the Dragon Vein Continent.

The world is rumored that he has been broken and gone.

Countless people have searched for Dongyang Emperor's Dongfu and where he practiced.

After all, everyone knows that finding it means getting a treasure of incomparable horror.

However, no one has ever succeeded.

Many people also believed that the Dongyang Emperor's cave must be in this empty mulberry tree.

Many people have hit the idea of the empty mulberry tree.

But it was not until this time that they realized how terrifying the empty mulberry tree that gave birth to such terrifying powerhouses as Emperor Dongyang.

There was once a top eight-star Martial Emperor peak powerhouse who tried to lead someone to open a place in the Kongsang Divine Tree, which he thought was the place where Emperor Dongyang was practicing.

As a result, it was directly pulled into debris by the huge roots of the Kongsang God Tree!

There was even no way to fight back.

Since then, no one dares to make bad ideas!

But today, Xiahou Jiuyuan actually said that they have found the Dongyang Emperor's cave house!

How is this not shocking?

Everyone talked loudly.

"Dongyang Emperor Dongfu, how many treasures are there?"

"I am now a five-star Wudi. If I enter Dongyang Emperor Dongfu, I am afraid that I can quickly climb to the six-star Wudi, and it is even possible to see the realm of the seven-star Wudi!"

Some young strong men said with a high spirited face.

And the people next to him all offered compliments:

"Then congratulations to Xiongtai first."

"At that time, Xiongtai will be a powerful person comparable to the master level of the nine major forces!"

Some people couldn't control their emotions for a while, and shouted with excitement, "This first person's position must be mine!"

Everyone's eyes were filled with one of greed, and the fighting spirit was burned instantly.

Seeing this scene, Xiahou Jiuyuan smiled slightly.

Everyone was ignited!

Chen Feng suddenly jumped in his heart, and suddenly he thought of something, and suddenly became extremely excited.

"This is a great opportunity for me!"

He murmured in his heart: "My heaven and earth have repeated reincarnation magic. If you want to practice, you must stimulate the white bones."

"And the white bone flakes want to be inspired, then you need a powerful soul."

[Chapter 4238: This time aspirations! Give me someone!](#)

"This extremely powerful soul is at least the Nine Star Emperor Wu's talent!"

"Emperor Nine Stars! Since the history of the Dragon Vein Continent, there have been a few remnants of Emperor Wu of the Nine Stars? Who knows where to find them?"

"I'm afraid you may not be able to find it if you search the Dragon Vein Continent!"

Chen Feng knew this was extremely difficult.

But now, isn't there a great opportunity ahead?

In the Dongyang Emperor's Cave Mansion, it is said that there is a hint of Dongyang Emperor's mind!

What kind of strength is Dongyang Emperor? That's steadily surpassing Jiuxing Wudi, I don't know how powerful it is!

His wisp of remnant soul, thoughts, and qualities are even stronger than the soul of the general nine-star Wudi, don't you know how much!

Chen Fengmeng realized that this was an excellent opportunity.

As long as you can enter the Dongyang Emperor's Cave Mansion, you will not only be able to obtain the Dongyang Emperor's legacy, but also be able to devour his remnant soul!

Let yourself be able to practice heaven and earth reincarnation magic!

"There is only one way to enter Dongyang Emperor's Cave Mansion, only one way!"

"That is, to win the first place in Kong Sang Lunjian this time!"

In an instant, Chen Feng's eyes became extremely excited and firm!

He slowly raised his head, stood up straight, looked at Xiahou Jiuyuan on the high platform, and slowly uttered a word:

"This time, I will be the first one!"

"I, Chen Feng, do my part!"

On the high platform, Xiahou Jiuyuan feels something.

Turning his head slightly, he saw Chen Feng below.

He seemed to recognize Chen Feng, but he slowly nodded and smiled at him.

Chen Feng responded with a smile, but did not feel flattered.

Still the heart is still, very calm!

At this time, he had only one thought in his mind:

In any case, we must win the first place!

Mei Wuxia has been through the rivers and lakes for a long time, and is the most clear about these things, but the knowledge is extremely profound, not much weaker than the elders of other families.

At this time, she was also explaining to other disciples of the Xuanyuan family.

After everyone listened, they were all in a daze!

Many people nearby do the same.

Hearing that Emperor Dongyang was so powerful, his background was so magical, and how many treasures there were in his cave, I was full of envy.

He cast his envious eyes on those young and powerful people who can participate in Kongsang's sword.

At least, they still have the possibility of getting it, but they and others are not even qualified to participate!

It's not just Chen Feng who is excited.

At this time, everyone was very excited and excited.

Even many people have red eyes, killing intent, and fighting intent!

Their emotions were already extremely high, and now they knew that the reward for the first place was Dongyang Emperor's Dongfu, they were gearing up and looking forward to it.

Xiahou Jiuyuan spoke in time to interrupt everyone.

He said indifferently: "Please, all the disciples who participated in Kongsang Lunjian, go to this Shenglongtai."

After that, he reached out and beckoned.

Chen Feng and the others all felt that a force lingered all over the body, and involuntarily flew to the high platform.

When Chen Feng noticed this power carefully, it felt quite strange and special.

This force itself is not so powerful and huge, but this force, close to Chen Feng's body, not only quickly eliminated the hostility of the force in Chen Feng's body to this force.

It was even more logical and inspired Chen Feng's own strength.

Started to be guided by this force, leading Chen Feng to fly to the high platform.

At this time, most of the power around Chen Feng was inspired by the power in his own body.

Only a small part is Xiahou Jiuyuan's power.

After Chen Feng perceives it clearly, his heart is shocked.

"This method of Xiahou Jiuyuan's power control, if you are not in it, you really don't know how subtle it is."

"If you are against him, I'm afraid that 10% of the strength can only be used by 30%!"

"Moreover, it is possible that 60% of his own strength will be inspired by him, but instead used by him to attack himself!"

Chen Feng's evaluation of Xiahou Jiuyuan took another step up.

Chen Feng did not resist, letting Xiahou Jiuyuan take him up.

This Thang Long Terrace may seem small, but it is quite wide above it, with a radius of a thousand meters.

More than a hundred people stood on it, looking empty.

To the north of Thanglongtai, there is a stand.

On the stands, some seats are arranged.

Although primitive, its location speaks for itself.

This is the highest point of the Kongsang God Tree.

Xiahou Jiuyuan smiled and shook his sleeves again, and said, "Please join the sect masters and other powerful people who came to watch the ceremony."

With his words sounded.

Suddenly, powerful auras rose up everywhere.

Each is different.

But the common point is that they are all extremely powerful, and the weakest of them has also reached the peak of the five-star Wudi, close to the level of the six-star Wudi.

Then, a ray of light fell on the stands and took their seats.

There are as many as 20 or 30 people, of which about half are the top powerhouses of the nine forces, and the other half are the generals of the God of War Palace, as well as those powerhouses of other forces who come to watch the ceremony.

Among them, Chen Feng also saw a few acquaintances inside.

There are also people from the Xuanyuan family.

This time, the Xuanyuan family turned out to be Bai Ruoxi.

He saw Chen Feng, his eyes were gentle, smiled and nodded, his eyes full of encouragement.

The others are also top powerhouses. It can even be said that on the Dragon Vein Continent, most of the top powerhouses are gathered here.

Of course, these are all on the surface.

No one knows how strong those hermits are.

After Xiahou Jiuyuan exchanged greetings with everyone, he looked at Chen Feng and others and slowly said: "This time the Kong Sang sword competition is a chaotic battle!"

"Chaos?"

Everyone was taken aback.

Xiahou Jiuyuan went on to say: "All those who participate in Kongsang Lunjian will enter a small world."

"And that small world is very special."

Everyone opened their eyes wide and listened attentively, wanting to know what is special about this thing.

Xiahou Jiuyuan smiled and said, "This small world didn't come out of thin air."

"It's the treasure of my God of War Palace, the eternal green lantern of the Emperor, condensed!"

"It's made from the condensation of the emperor's evergreen lamp?"

After everyone listened, there was a burst of discussion.

Even on the high platform, the top powerhouses who were originally obsessed with the nose and nose, and were not moved by the outside world, opened their eyes and showed a touch of surprise.

Many people's eyes are full of envy.

The Heavenly Emperor Evergreen Lantern is the treasure of the God of War Palace.

Even many warriors say that the Heavenly Emperor Evergreen Lantern is the most important reason why the God of War Palace can stand at the peak of the Dragon Vein Continent, and is known as the most powerful of the nine forces.

It turns out that the emperor's evergreen lantern is a treasure handed down from ancient times.

No one knows exactly what it looks like and what level it is.

[Chapter 4239: Strange reaction!](#)

As for who made it, it's even harder to say.

It's just a rumor that the little light in this lamp will last forever.

But as everyone knows, this Heavenly Emperor Evergreen Lantern has an extremely close relationship with those immortals who haunted the Dragon Vessel Continent in ancient times, who happened to be surprised by chance.

The Heavenly Emperor Evergreen Lantern has a power against the sky: transforming the world!

That's right, it is a small world that has been transformed.

In fact, there are so many treasures that can be transformed into ghosts and illusions.

The reason why the Heavenly Emperor Evergreen Lantern is known as the treasure of the Dragon Vein Continent has such a high status.

First, it is because the small world it turns out is very big.

Second, it is because of its transformation, not an illusion!

The small world it turns out can even be regarded as the real world, it's just a time limit.

It can't always exist forever, but during the period of its existence, it is a real world!

This small world is so big, it is not known how many warriors can be accommodated, so this Heavenly Emperor Evergreen Lantern can even be used directly as a mountain protection formation.

And its greatest significance is not defense, but cultivation.

This small world that has been transformed can be transformed into various shapes according to the mind of its owner.

The powerhouse of God of War can enter this world for experience.

In fact, there are many forces that have their own small world.

Among other things, the Xuanyuan family has it.

But the problem is that with this emperor's evergreen lantern, God of War Mansion does not have one or two small worlds, but thousands of small worlds!

What's more against the sky is that even in the small world, some treasures, monsters, and spiritual plants that are not available in the Dragon Vein Continent, or cannot be found at all, can be transformed.

As long as the power of this lamp is enough, theoretically, even the nine-star Wudi can be transformed into it!

The real Jiuxing Wudi!

This is a bit too much.

Most people have never heard of this Heavenly Emperor Evergreen Lantern, and they are a little ignorant.

Chen Feng knew the magic of the Heavenly Emperor's Evergreen Lantern, and he waited for Xiahou Jiuyuan to continue talking.

Xiahou Jiuyuan looked at the crowd and smiled: "In this small world, there are countless rare birds and animals, powerful monsters, and there are also many strange flowers and plants."

"You can pick these treasures."

"These monsters, you can also beheaded."

"But they are actually condensed from a ray of the original power of the Heavenly Emperor's Evergreen Lantern."

"Every time you slay a monster beast and pick a jade plant, the original power in them will fall on you."

He paused and continued:

"In three days, after three days, everyone in this small world will return to Shenglongtai."

"The Heavenly Emperor Evergreen Lantern will judge your harvest based on the monster beasts you killed, the jade plants you picked, and the original power you got."

"The biggest gain is the number one this time!"

He raised his sleeves and laughed and said, "You are not foolish!"

Everyone heard a strange look on their faces.

They took part in such a competition for the first time, but when I thought about it, it was extremely fair.

For example, everyone would like to pick a precious jade plant.

So indispensable, you have to fight and divide the victory and defeat, and the winner can get this jade plant.

And a powerful monster, the weak can't beat it, but the strong can kill it.

Then if you kill this monster beast, you can naturally get more of the original power of the Heavenly Emperor Evergreen Lantern.

At that time, take a look at whose Heavenly Emperor Evergreen Lantern has the most original power, and then who should be the strongest.

Of course, there are tricks.

For example, a powerful person can let others run for themselves and pick spiritual grass.

Let others beat the monster beast with a breath, and kill it himself.

These are also ok.

After all, the power itself is also part of the strength, so it is understandable.

After the rules were finished, Xiahou Jiuyuan said again:

"Everyone, because the world that is transformed is not very big, the radius is only one hundred thousand miles."

"So, after you enter it, the rules will restrict you."

"Everyone can't fly."

"You can't use any martial arts of body type."

Everyone listened. It's all quiet.

When they can get to this point, they will naturally not say that they are too dependent on one aspect.

This is quite fair to everyone.

But beside him, there were a few glances at Chen Feng, with a strange and malicious expression in his eyes.

Xiahou Jiuyuan said lightly: "Okay, now you are ready to enter!"

After all, he stretched out his hand and suddenly a tall light gate appeared beside him.

The light door is red in color, burning like a flame.

Stepping into it, you naturally enter that small world.

Everyone filed in.

Chen Feng was not in a hurry either.

While Ying Chaoyang and other winners from the East, when passing by him, Ying Chaoyang suddenly turned around, looked at Chen Feng, and frowned:

"Chen Feng, your best skills are speed and body style martial arts, right?"

"After entering here, your strength is equivalent to half of it."

"Forget it..."

He shook his head very irritably, seemingly reluctant: "For the sake of Ziyue's face, then you will follow me, and I will guarantee you will not die inside."

Leave this sentence behind, turn around and leave.

Before leaving, he glanced at Chen Feng, his eyes full of charity and boredom.

Seems to treat him as a burden.

Chen Feng's eyes suddenly narrowed.

At this time, a few people passing by looked at him, with a trace of gloat in their eyes.

There was a low voice of comment: "Chen Feng's most powerful thing is his physical and martial skills."

"Haha, everyone can't fly and use body skills after entering this time, and his strength will be more than half."

"Yes, bad luck for him!"

Chen Feng finally knew what was meant by those strange eyes before.

He couldn't help being very funny.

It turned out that they thought that Chen Feng's greatest strength was her body skills.

As everyone knows, as far as Chen Feng's strength is concerned, martial arts like martial arts are nothing at all.

Even if he couldn't fly inside, and couldn't use the shadow ghost step, Chen Feng was still the strongest one!

At this time, several people passed by Chen Feng and walked straight to the gate of light.

These five people, without squinting their eyes, have solemn expressions, all of them are dressed in red and gold robes, and they look very gorgeous and luxurious.

Their identities can be seen at a glance, and they are the powerhouses of the Shifang Jungle.

Chen Feng's heart was slightly surging. Speaking of which, he has had a lot of dealings with Shifang Jungle!

When the five people in Shifang Jungle passed by Chen Feng, they were still looking as usual without any abnormalities.

But suddenly, the face of the jungle monk closest to Chen Feng changed drastically.

[Chapter 4240: small world](#)

In an instant, his pupils shrank sharply, and the look on his face became extremely complicated!

There is shock, there is fear, and there is disbelief!

There is even a trace of unbearable ecstasy!

I don't know what he felt!

It's as if he saw a scene that he absolutely couldn't believe, but it happened that this scene was of great benefit to him and gave him endless surprises!

As a result, the look changed one after another. *nOveLUsB.cOM*

But after all, he is a strong man in the Shifang Jungle, and Shifang Jungle attaches great importance to the effort of nourishing the heart.

His expression immediately returned to normal, and he lowered his head, unable to observe his expression.

He didn't speak either, just bowed his head, silently, and entered the gate of light.

However, just before entering, he suddenly turned his head and glanced at Chen Feng!

But Chen Feng didn't see it.

Soon, Chen Feng also entered the gate of flames!

A familiar feeling of weightlessness came, but Chen Feng didn't care.

He has shuttled through several big worlds, not to mention this small world.

Soon, a flame light gate appeared in front of Chen Feng again.

Chen Feng stepped into it without hesitation.

When a person is in the air, he has stabilized his figure.

Chen Feng looked around and saw that his position was in a huge virgin forest.

There are huge trees hundreds of meters high everywhere, and rolling mountains are all around.

The scenery farther away is invisible.

Because Chen Feng found that his position was not very high, it was only about kilometers away from the ground.

The scope of vision that can be seen is naturally limited.

A smile appeared at the corner of Chen Feng's mouth: "This world is really not big, and the place of whereabouts is so low."

At this time, Chen Feng instinctively wanted to control his body and stay in the air.

But he found that as soon as this idea surged and the power was released, he was immediately suppressed by an extremely vast force in the void!

This vast power was terrifying to the extreme, and Chen Feng couldn't match it at all!

For an instant, Chen Feng felt his body plummet down.

Chen Feng didn't panic, just nodded slowly.

Then, he tried to run the shadow ghost step in the air, and came to the shadow of a certain mountain.

But the discovery is not enough.

Chen Feng nodded: "Sure enough, the use of flight and body skills is restricted!"

In the next moment, Chen Feng fell on the ground.

He stretched his muscles and bones, feeling the fluctuations in his body's strength.

Then, a punch came out.

Suddenly, there was a thunderstorm in the air.

In the void, there are faint cracks appearing!

Fist shatters the void, the realm is still there!

Chen Feng has a bottom in his heart.

That is to say, the use of flight and martial arts was restricted, and everything else was as usual.

Chen Feng stretched out his hand, a firework rose, hung in the sky, the shape was an inverted long sword.

It was the contact signal of the Xuanyuan family.

Before Chen Feng came in, he had already made an agreement with the other four members of the Xuanyuan family.

After entering it, only oneself releases this signal, and everyone else comes to meet by oneself.

Chen Feng will protect them this time and lead the Xuanyuan family to be the number one this time.

Several juniors, he also intends to bring them some benefits.

With their senior brother, Chen Feng would not sit back and watch.

At this moment, not only Chen Feng, but also in this vast world, there were people slowly falling.

This world is said to be not big, and the radius is as large as 100,000 miles.

Dispersing these hundreds of people into this world, it can be said that even the waves cannot be seen.

Moreover, due to Xiahou Jiuyuan's arrangement, their landing heights are all very low

Therefore, it is not even possible to observe where other people are.

This is also Xiahou Jiuyuan's idea, so that everyone can be dispersed as much as possible at the beginning, and each has some time to harvest and prepare.

It's not a battle of life and death!

At this moment, a figure also fell down somewhere a few hundred miles away from Chen Feng.

This person was dressed in a gorgeous golden-red robes, tall and thin, with high cheekbones and a cold face.

The look in his eyes was a bit cruel.

It was the master in the Shifang Jungle whose face suddenly changed when he passed by Chen Feng.

The master of Shifang Jungle fell straight from the air and hit the ground with a bang.

It fell like a meteorite.

He didn't even have the momentum to slow down his landing a little bit.

In fact, his entire expression has always been stunned, and he feels a little silly.

It's like thinking about something, completely distracting.

And this severe impact seemed to wake him up.

He fell from a height of several hundred meters, but he was safe and sound. Instead, he smashed the ground into a big hole.

He stood up, shook his robes, and instantly he was as clean as new.

If nothing happened, he walked up and stood there, again dumbfounded.

He seemed to try his best to control his emotions, don't change anything, and continue to be as solemn as before.

But he couldn't hold it back after all.

The next moment, his eyes were full of ecstasy.

He pursed his mouth, gritted his teeth, and seemed to want to force it.

But finally, this joy was so great that it completely overwhelmed his efforts!

He couldn't control it anymore, he let out a burst of laughter, startled the flocks of birds!

"God has eyes, God has eyes!"

"Unexpectedly, let me find the whereabouts of that treasure!"

"I actually felt the breath of that treasure from Chen Feng!"

He was almost going crazy with excitement.

He just stopped after laughing for a full cup of tea.

The next moment, the whole person suddenly returned to a rather dull state, and he didn't know what he was thinking.

There was a bit of confusion in his eyes, as if he was reminiscing.

I don't know what he thought of, a flash of hatred suddenly flashed in his eyes.

He gritted his teeth and said: "I have been in the Shifang Jungle for decades, and entered here at the age of three. Since I was a child, I have an excellent talent. I was carefully cultivated by the abbot."

"It's just because the master abbot once swore an oath that he would no longer accept apprentices in this life, so he had to accept apprentices on his behalf."

"But my skills are taught by the abbot himself!"

"When I was less than forty years old, I had already broken through the Martial Emperor Realm, when I was fifty, I had already reached the three-star Martial Emperor!"

"Three years ago, I was in the middle of the four-star Wudi!"

"By now, my strength has approached the five-star Wudi!"

"In the entire Shifang Jungle, the younger generation, do not want to be the second person!"

"Everyone knows that I am the candidate for the next abbot!"
