

## Peerless 4301

### [Chapter 4301: Blindfold](#)

With a long sword in his hand, he is dancing the sword from there.

Without looking back, he said indifferently: "Got the things?"

Chen Feng nodded: "I got it."

Emperor Dongyang said lightly: "Do you know what treasure is that?"

Chen Feng whispered: "The juniors don't know, so please ask seniors for advice."

Emperor Dongyang looked into the distance, raised his head slightly, his eyes were a bit of vicissitudes of life, and said softly: "That is, a leaf."

"To be precise, it is a leaf from the Kongsang God Tree."

"It's the same origin with me."

He laughed at himself: "Probably they are my brothers and sisters!"

Chen Feng listened quietly, without interrupting.

Emperor Dongyang went on to say: "This leaf has a name called: Blindfold Yiye!"

"Blindfold?"

Chen Feng raised his eyebrows.

Yiye blindfolded and did not see Taishan. He had heard this word.

This is a baffling, and I don't know what the name means.

Chen Feng felt it in his heart, but didn't interrupt.

Emperor Dongyang seemed to fall into the memory.

After a long silence, he whispered again: "One leaf is blind, but Taishan is not seen."

"However, this blinding leaf does not mean that."

"On the contrary, as long as you have the protection of this obscure leaf, even if a huge mountain of hundreds of thousands meters high like Mount Tai falls down, you will be safe and sound!"

"what?"

After Chen Feng heard this, his heart trembled fiercely.

There was an unspeakable excitement on his face.

"This means that this is a treasure of defense, and a treasure with extremely strong defense!"

Of course Chen Feng knows that this is definitely an exaggeration in the description.

But no matter how exaggerated it is, it is enough to show that this blind leaf is extremely protective!

Emperor Dongyang smiled, and then said: "It is indeed an exaggeration to say that even Mount Tai can be blocked."

"However, the offensive below Jiuxing Wudi's peak is completely ineffective after using Blindfold Yiye."

"Moreover, the duration of a blind leaf can reach twelve hours!"

"What? Twelve hours?"

"So scary?"

Chen Feng was overjoyed after hearing this.

This is also the first time he has been so shocked and emotional since he entered here.

This is no wonder Chen Feng, it is really because of the power of this obscure leaf, which is too terrifying!

As long as it is an offensive below the peak of Emperor Jiuxing Wu, all can be resisted!

The most important thing is that the time limit for resistance is as long as twelve hours!

"Doesn't this mean that within these twelve hours, I already have the gold medal for immunity from death?"

Twelve hours is enough for many things to happen!

"Of course, after all, it was born with me, a treasure of the same level as me."

"How precious is it?"

Emperor Dongyang said lightly.

Chen Feng nodded.

Indeed, if this is said, it is only natural that this treasure has such power.

Emperor Dongyang glanced at Chen Feng and sighed quietly:

"This blind leaf, even if it is the empty mulberry tree, it will take a hundred thousand years to grow a piece."

"At this time, I am afraid that only this piece exists on the Dragon Vein Continent."

"The ones that have grown before have been used up by those ancient powers. It's cheaper for you!"

He looked at Chen Feng and shook his head slowly.

Chen Feng smiled slightly, anyway, this treasure was already his, he didn't care what Dongyang Shenjun thought.

"However, there must be restrictions on use?"

Chen Feng asked.

Emperor Dongyang said lightly: "One. This thing can only be used once."

"Even if you only have a moment, you will use it this time."

"The second thing is that after this thing is used, it can only stay in place, not move or move."

Chen Feng nodded.

The protective ability of this thing is so abnormal, and it is normal to have some restrictions.

Chen Fengzhen put away this obscure leaf very seriously.

Many planning ideas have appeared in his mind.

"With this blind leaf, that big plan, the chances of success are much higher!"

At this moment, Chen Feng suddenly felt:

"I know why the six hidden sects must come to this Dongyang Emperor's mansion to get this treasure."

"Moreover, to show their importance, they should be the strongest among the young generations of the six hermits: Murong Guan!"

"Presumably, when the six hidden sects steal the treasures related to the dragon vein continent's air luck, they should suffer an extremely terrifying offensive."

"They want this thing just to survive that attack."

Chen Feng already knew it.

"It's a pity, this thing is still cheaper for me."

After Dongyang Emperor finished speaking these words with Chen Feng, he was silent for a long time.

Then, suddenly he spoke again and slowly said, "Let me think about it, you are the first few people to come here in these years..."

Chen Feng was stunned.

This is the third time that Emperor Dongyang repeated this sentence.

When he looked up, he saw that the look of the \*\*\*\* of Dongyang at this time was the same as when he first came in.

Obviously, he started the previous repetition again.

Chen Feng understands.

Presumably, only when the person makes a special action, such as asking him some questions, such as opening a cave, such as getting treasures and so on.

Emperor Dongyang would react strangely.

In addition, all he has is here to say these same things and do these repetitive things.

It's like being trapped in a nightmare cycle!

However, his nightmare is exceptionally long.

I don't know for tens of thousands of years and hundreds of thousands of years.

Chen Feng suddenly felt sorry for him at this time.

"Then, now, let me help you out!"

Chen Feng looked at the Emperor Dongyang above the sky, raising his arms high.

The next moment, behind him, a wave of extremely powerful soul aura suddenly spread.

Then, behind Chen Feng, in the void, the Naba Snake Spirit suddenly appeared.

After the Ba Snake Wuhun appeared, the light in his eyes immediately shone!

The two huge eyes instantly turned red, exploding with a sense of greed and devouring.

Staring at the remnant soul of Emperor Dongyang!

Ba snakes can swallow elephants!

Ba Snake Wuhun itself has a strong desire to swallow, and likes to swallow other existences very much.

At this time, to him, the remnant soul of Emperor Dongyang was nothing less than a huge and delicious cake!

How could he not be greedy?

How can you not want to swallow it?

However, apparently, for the Ba Snake Wuhun, the remnant soul of Emperor Dongyang is a delicacy that is difficult to eat.

Although he doesn't know the four words Dongyang Emperor, he may not know the origin, but he can feel the horror of Dongyang Emperor's remnant soul!

Therefore, Chen Feng clearly felt that in his extreme greed, there was even more indescribable fear.

[Chapter 4302: Devour the remnant soul of Dongyang Emperor](#)

Ba Snake Wuhun began to circulate slowly around Dongyang Emperor.

Seems to be looking for an opportunity to swallow!

Chen Feng smiled slightly and said in a low voice: "If you don't have my help, you can't swallow it. Don't go around there!"

The huge body of Ba Snake Wuhun rubbed against Chen Feng.

Chen Feng's eyes narrowed and he shouted sharply: "Senior, you are offended!"

After all, the body shape flashed, and the Donkey Kong Arhat was immortal and activated instantly!

He came directly to the side of the remnant soul of Emperor Dongyang, and pressed his palms down!

Like the sun and the moon!

Suddenly, the vast and vast power directly enveloped the remnant soul of Emperor Dongyang.

The remnant soul of Emperor Dongyang raised his head fiercely, a vicious and vicious color flashed in his eyes, and his eyes were blood red.

Obviously, at this time, he was already controlled by the power of that evil chaos.

The long sword in his hand pierced out, and a sword pierced Chen Feng fiercely.

Chen Feng smiled slightly, not evasive, but directly faced the long sword!

This long sword, although it was a condensed soul body, was condensed on the basis of the weapon used by Emperor Dongyang during his lifetime. It was extremely sharp.

Chen Feng turned slightly, avoiding the point!

But this long sword also stabbed Chen Feng's shoulder blade!

With a soft sound, it pierced Chen Feng's shoulder until the end!

Chen Feng felt a sharp pain coming, but instead he let out a burst of laughter; "Good job!"

Chen Feng tightened his muscles and directly clamped the long sword!

With a bang, he hugged the remnant soul of Emperor Dongyang directly in his arms.

Suddenly, the King Kong Arhat's immortal body, the immense and immense power rushed out, and the Emperor Dongyang was firmly hugged!

Emperor Dongyang roared again and again, struggling frantically.

But how do you struggle to open?

At this time, Emperor Dongyang could not break free.

However, his strength is also extremely terrifying, even if it is just a ray of remnant soul at this time, but every time he struggles, Chen Feng is hit hard.

Bang bang bang!

His Donkey Kong Arhat was indestructible, and it was swayed one after another.

With every impact, Chen Feng almost spit out old blood.

Chen Feng couldn't help but feel shocked: "This is just a ray of remnant soul, all so powerful!"

"It's hard to imagine how powerful Emperor Dongyang was back then!"

And at the moment Chen Feng acted, the clever Ba Snake Wuhun directly pounced on it.

The huge mouth swallowed the two of Chen Feng directly into the mouth.

Then, a huge force gushed from his body.

This force pierced Dongyang Emperor's body like a sharp needle.

Suddenly, Chen Feng clearly saw that one after another extremely large and extremely high-quality soul power was extracted from the body of the remnant soul of Emperor Dongyang.

A steady stream, pouring into the Ba Snake Wuhun.

Without Chen Feng, the remnant soul of the Emperor Dongyang could beat the Ba Snake Wuhun into a smash.

But at this time, he was suppressed by Chen Feng and could not move.

The attack weapon and long sword could not be used, only the Ba Snake Wuhun could extract it.

This extraction is the time for a whole cup of tea!

The remnant soul of Emperor Dongyang became weaker and weaker.

Chen Feng felt that his breath was already less than half of what he had just now.

However, he felt that he was about to die, he also became more and more crazy, let out a roar that was not like a human, struggling and crashing wildly!

Above Chen Feng's Donkey Kong Arhat Immortal Body, the dark golden light rippled and shattered, and he could hardly hold it!

Chen Feng felt that he could hardly suppress the remnant soul of the Dongyang Emperor!

This is also a normal thing.

After all, Emperor Dongyang was the pinnacle of Emperor Wu Xing before his death.

Although there is only a ray of remnant soul now, how can it be underestimated?

Chen Feng was shaking all over, cold sweat oozing out of his forehead, and his eyes flushed.

He felt that his strength had almost reached a limit!

Finally, after another five breaths, with the remnant soul of Dongyang Emperor, another crazy impact!

His eyes were dizzy, his throat was sweet, and with a wow, a mouthful of blood finally spurted out!

Chen Feng's Donkey Kong Arhat Immortal Body was almost broken by the remnant soul of the Dongyang Emperor!

This is something he has never encountered before!

Chen Feng's body even flew out involuntarily.

At this time, the remnant soul of the Emperor Dongyang screamed sternly and stretched out his hand frantically to directly cut off the veins that the Ba Snake Wuhun swallowed him!

Once cut off, all previous efforts will be lost!

Chen Feng was completely powerless to stop at this time.

But he didn't have any panic, just shouted sternly: "Aren't you showing up yet?"

Following Chen Feng's stern shout, suddenly, a small bone fragment flew out of Chen Feng's arms.

This bone piece was exactly what Chen Feng had gained that day.

Inside, it records that powerful and unpredictable magic: Heaven and Earth reincarnation magic.

This bone fragment itself has the ability to suppress the soul body.

On that day, the four ten thousand-year-old ghosts of the Daoist Agni were directly absorbed.

Sure enough, as soon as he appeared, he immediately hovered directly above the head of Dongyang Emperor's remnant soul.

A vast and inexplicable, at the same time extremely weird power radiated from this bone fragment.

Suddenly, Emperor Dongyang showed a touch of pain on his face.

Shaking all over, but unable to move.

Seeing this, the Ba Snake Wuhun immediately began to absorb it frantically.

It is faster than the absorption rate just now!

With the suppression of this bone fragment, the remnant soul of Emperor Dongyang never turned any waves.

His figure is getting weaker and weaker, and his strength is getting weaker and weaker.

In the end, his power was only less than one thing left.

At this time, the blood in his eyes disappeared with a single brush, and his eyes became clear again.

The look in his eyes became gentle!

He has regained his sanity.

He looked around, as if he understood his situation at this time.

Sure enough, he seemed to feel that he was about to dissipate at this time, and Emperor Dongyang didn't have any reluctance on his face.

Instead, there was a touch of joy at the corner of his mouth.

He turned his head to look at Chen Feng, and said softly, "Thank you, young man!"

His figure is getting fainter and may disappear at any time.

The remnant soul of Emperor Dongyang paused, seeming to hesitate for a moment.

But then, it seemed to let go of everything.

Looking at Chen Feng, with the last trace of strength, he said in a deep voice: "Young man, for the sake of your relief, I will tell you a secret."

Chen Feng raised his eyebrows: "What's the secret?"

Dongyang Emperor Remnant Soul smiled slightly: "If you have time, you can go to the deserted ancient ruins."

"There, but there are some interesting things!"

Desolate ancient ruins!

The four words slammed into Chen Feng's heart.

He had naturally been to the deserted ancient ruins, and he also knew that there was a very mysterious place with countless great secrets.

But Emperor Jiuyang said that it was very interesting, and it was obvious that the level of mystery there was beyond his imagination!

[Chapter 4303: Xiahou Yinghao's plan!](#)

Desolate ancient ruins, he planned to go again.

The words of Emperor Dongyang strengthened his thoughts.

After the voice fell, with a 'pop', the remnant soul of Emperor Dongyang disappeared without a trace.

As if never appeared in this world.

And the white bone flew back with a scream.

Chen Feng left from the Ba Snake Wuhun.

Before leaving, he turned his head and glanced at the place where the remnant soul of Emperor Dongyang had disappeared, and sighed slightly.

When Chen Feng came out of the Ba Snake Spirit, the situation in the Ba Snake Spirit had changed drastically.

In it just now, he couldn't see the change of the Ba Snake Spirit's Martial Spirit, but now he saw that the Ba Snake Spirit's body shape was more than ten times bigger than before?

Chen Feng estimated that his size could almost be compared to the fallen Buddha in the Buddha's space.

This space can't even accommodate him at all.

His body began to squeeze the surrounding stone walls, almost bursting here alive.

And his head hung down directly, his breath suddenly became extremely weak.

But Chen Feng could feel that, that breath was very long and not weak.

Then, the Ba Snake Wuhun fell into deep sleep.

There was even a slight snoring sound.

It can be seen that at this time, his state makes him feel very comfortable.

A smile appeared at the corner of Chen Feng's mouth.

"At this time, Ba Snake Wuhun should be dissolving the huge soul power he has obtained."

"When you wake up again, you must be able to complete the evolution!"

"Swallowing the remnant soul of a dignified nine-star martial emperor peak, your strength must be greatly improved!"

"Whether you can become a Desolate Grade 9-Rank Martial Soul, here is one action!"

Chen Feng was full of expectations.

After bringing the Ba Snake Martial Spirit into the Martial Spirit Space, Chen Feng glanced around, and then took a deep look at the existence of the Demon World or the Demon Kingdom outside.

As soon as he turned around, he stepped into the space channel!

What Chen Feng didn't know was that the flow of time inside and outside this small world was different.

Just after he entered, that is, about two hours after Xiahou Jiuyuan left.

Xiahou Yinghao also quietly left the top of the Shenglongtai.

After about half an hour, he came back again.

Sit down at the top of the Shenglongtai if nothing happened.

At this time, above the valley of the Kongsang sacred tree, people were constantly bowing their heads and talking.*novelusb.com*

And several small auctions are already being held.

Everyone will not waste this rare opportunity for everyone to get together, so it is noisy here.

No one noticed what Xiahou Yinghao did.

Waited for another hour, that is, Chen Feng entered the Dongyang Emperor's residence, about three hours later.

Xiahou Yinghao winked at the person next to him.

That person was sitting in the first row of Thanglong Terrace, right next to Pu Xingzhou, and obviously his status was quite high.

This person was named Shangguan Junfa, and he was also one of the twelve generals in the God of War Palace.

However, it was not General Tianlongwei, but General Feixionwei.

His strength is even stronger than Pu Xingzhou.

What is weak is that his qualifications are not as good as Pu Xingzhou and his influence in God of War Palace is not as good.

This person is the \*\*\*\* support of Xiahou Yinghao in the God of War Palace, and he wholeheartedly hopes that Yinghao Xia Hou can become the Marshal of the God of War Palace in the future.

He can, too!

After all, his current ranking among the twelve generals is only inferior.

This person is also ambitious.

So when Xiahou Yinghao told him, he immediately agreed.

There is another very important reason why Yinghao Xiahou used him. This time, the God of War Mansion has mobilized a large army of millions to be responsible for maintaining order around the entire Kongsang Divine Tree.

And Shangguan Junfa's subordinates accounted for half.

Shangguan Junfa nodded slowly and stood up.

Next to Pu Xingzhou, he clearly felt the murderous aura on him, and he frowned.

Shangguan Junfa took a deep breath!

Suddenly, raising his right hand high, the power in his body surged out frantically.

At the same time, with a snap, he lifted a golden slip.

The golden slips are about one foot long and have complex patterns carved on them.

On the back is engraved with three characters: God of War Palace!

The next moment, the power in his body surged out frantically, directly blasting the golden slip to pieces!

As the golden slip shattered, light and shadow flickered in the sky.

Then, a huge phantom appeared above the sky.

It has a height of 10,000 meters.

The huge phantom was exactly what Shangguan Junfa looked like.

Wearing a silver helmet and silver armor, extremely powerful and domineering.

At this time, not only the top of the empty mulberry tree, but also the army of the God of War mansion that was cruising around thousands of miles around have stopped one after another, seeing this scene truly.

Everyone looked up at the sky in astonishment, not knowing what was going to happen.

Among those people, those with deep thoughts and insights whispered in excitement: "Come!"

The next moment, the huge figure above the sky slowly spoke.

The voice contained a strong meaning of killing and killing: "My army of flying bear guards, all come to the top of this empty mulberry tree, listen to my orders!"

The sound is decisive, beyond doubt.

"Yes!"

At this time, the soldiers of the God of War Mansion cruising in the sea of empty mulberry roared.

Then, on the battleship, the formation was activated and the mechanism opened.

Suddenly, these warships were all approaching the empty mulberry tree.

Then, against the canopy of the sacred tree of empty mulberry, he flew straight to the top of the sacred tree of empty sang.

It is the rule of the kusang sacred tree that you cannot fly on the sea of the kusang mulberry.

However, there are loopholes in this rule.

That is, it is possible to fly very close to the Kongsang Divine Tree.

These warships turned into flying warships and rose in the air.

In a flash, there were hundreds of big ships flying over the top of the empty mulberry tree, hovering above everyone.

The sun was obscured, casting huge shadows after another.

On top of these hundreds of huge warships, there are a whole 500,000 strong!

Banners cover the sky!

The breath of half a million strong people is pouring down, making people frightened!

When everyone was shocked, their faces were even more stunned, not knowing what was going to happen.

Pu Xingzhou suddenly realized something, his face changed, and he shouted sharply: "Shangguan Junfa, what are you going to do? Rebellion?"

Shangguan Junfa glanced at him obliquely, and said with a sneer: "Pu Xingzhou, you should take care of yourself!"

After all, he strode to Xiahou Yinghao, knelt on one knee, and shouted:

"Subordinates, Shangguan Junfa, lead an army of 500,000 under his command!"

"Listen to the Young Marshal's orders!"

On the hundreds of battleships, all the experts in the God of War Mansion shouted in unison:

"Subordinates follow, the command of the marshal!"

The sound completely dissipated all the clouds in the sky!

[Chapter 4304: Xuanwu trapped dragon formation!](#)

This situation and situation made Xiahou Yinghao extremely intoxicated.

He laughed triumphantly, then waved his hand and shouted loudly: "Let down the basaltic trapped dragon formation!"

"Yes!"

On the battleship, there was a response.

Then, these warships began to constantly change their attitudes!

But in an instant, an extremely complex and huge formation was formed, directly covering the top of the empty mulberry tree.

The most central position of that formation is the Shenglongtai where Xiahou Yinghao and others are located.

The positions of all warships seem to be unusual, but in fact they are completely logical!

The formation was formed, and immediately, a huge force gushed from every War God Mansion powerhouse and their warships.

In an instant, this force gathered together.

Then, the collision and echoing between the warships.

Every time it hits and reverberates, the strength increases a bit.

Xiahou Yinghao laughed wildly: "My God of War Mansion has 500,000 strong people, gathered here!"

"In the world, who is my opponent?"

At this time, he tasted this kind of power that seemed to be able to control everything and dominate everything!

A tremendous strength!

The people trapped in the big formation felt the most powerful force.

At this time, many people even exclaimed.

"Finally know why God of War Palace is the first among the nine forces!"

"Yes, I also only saw the power of the God of War Mansion formation today!"

"Although there are not too many strong tops in God of War Palace, the large formation of these hundreds of thousands of medium powers can drag all the strong into it, and then easily crush it!"

"Yes, the number of these experts in the God of War Palace is terrible! This formation is even more terrifying!"

Everyone was shocked and amazed.

These hundreds of thousands of experts in the God of War Palace, to be honest, if they were scattered to fight with the nearly tens of thousands of experts present, they would be killed by the thousands of people present in no time.

However, at this time they will form a big formation, besieging these ten thousand strong men.

Then, I'm afraid that these nearly ten thousand strong people, under their attack, will not be able to last a cup of tea!

This is where the power of formation lies.

Able to bring everyone's power together and infinitely magnify!

Among the crowd, a young man asked in a deep voice: "Dare to ask this elder, the Xuanwu trapped dragon formation is dedicated to defense?"

"Yes, it's specially used for defense. Just listen to the name."

An old man stroked his beard, with a look of surprise on his face: "That's not right, the Xuanwu trapped dragon formation is a gesture of trapping the enemy."

"The formation eyes are distributed on the outer 18 warships, and the center of gravity of defense is at the very center of their large formation."

"It is not for external defense, but a large formation that traps the enemy, trapping the enemy in the center!"

"but....."

He frowned and said: "Is there any enemy here, the enemy can only come from outside!"

Many people nodded, with surprise on their faces.

"The most central location for this trapped enemy is Shenglongtai!"

"Could it be that there are enemies on the Rising Dragon Platform?"

At this moment, there was a disdainful voice next to him: "You idiots, didn't you see it?"

"Xiahou Yinghao deployed this large formation to deal with Chen Feng. Where will Chen Feng appear when he comes out?"

He sneered and said, "Naturally it is on the stage of Shenglong!" *nOvEℓUSB.cOm*

When everyone heard it, they were all stunned: "It is so!"

Someone shouted in disbelief: "This Xiahou Yinghao is too unethical. Then Chen Feng has just become the number one in Kongsang Lunjian, so he is going to deal with Chen Feng cruelly?"

"Yes, this War God Mansion is too domineering to act!"

"The Kong Sang Discussion Sword was hosted by them, and the first place in the Kong Fang Discussion Sword was Chen Feng, who was also recognized by Xiahou Jiuyuan."

"Now, as soon as Xiahou Jiuyuan has left, Xiahou Yinghao acted like this, clearly trying to kill Chen Feng who came out of the Dongyang Emperor's mansion on the spot!"

Someone nearby sneered and said, "I'm afraid that not only will Chen Feng be beheaded, but Chen Feng will also be taken from the treasures of the Dongyang enemy mansion!"

Everyone talked a lot, all showing disbelief.

Unexpectedly, Xiahou Yinghao would make such an act, and the God of War Palace was so shameless.

Everyone on the stage of Shenglong also changed their colors!

At this time, the people of the nine major forces have already gone 20-30%.

But there are many others left.

Even the powerful elders of these nine forces, feeling the coercion of the basaltic trapped dragon formation at this time, all felt in their hearts.

They felt that when they faced this Xuanwu trapped dragon formation, they had only one way to kill!

It's impossible to win!

They immediately thought of Xiahou Yinghao's purpose for doing this.

At this time, a chill rose in the hearts of the nine major forces.

It's not because of Xiahou Jiuyuan's tactics.

In fact, Xiahou Jiuyuan's strategy is very clumsy, and you can see what's going on at a glance.

But because they found that Xiahou Jiuyuan was completely shameless!

Everyone could see that he left early in order to allow Yinghao Xiahou to deal with Chen Feng justifiably.

And he also had an excuse.

He can naturally shirk, this matter is that he is not here, Xiahou Yinghao made his own decision.

Although no one would believe his nonsense, it is true that it is reasonable and reasonable.

Anyway, what Xiahou Jiuyuan wanted was just a fair one.

Xiahou Yinghao saw that the big formation had been completed, in his opinion, it was the big event.

He laughed proudly: "Don't worry, everyone, today, I only deal with Chen Feng, it has nothing to do with you."

When everyone heard it, they were even more upset.

Xiahou Yinghao, has no scruples!

Pu Xingzhou suddenly got up and stared at Xiahou Yinghao: "Xiahou Yinghao, what do you mean?"

"The General Marshal has just promised Chen Feng Kong Sang Lunjian the number one title. Are you going to besiege Chen Feng?"

"Injustice to our God of War Palace? Make our God of War Palace an enemy of the nine forces?"

Pu Xingzhou's voice was deliberately very loud, so that everyone could hear clearly.

Whether it is the tens of thousands of people below, or the 500,000 War God Mansion powerhouse above.

They were all heard clearly, and suddenly everyone started a low voice of discussion.

Many people can think of this, but only Pu Xingzhou really dare to say it.

Pu Xingzhou said this to make Xiahou Yinghao scrupulous.

It is Xiahou Jiuyuan to suppress Xiahou Yinghao!

Xiahou Yinghao thought of Xiahou Jiuyuan's exhortation to herself before leaving, and sneered in her heart:

"Sure enough, my father also knew that Pu Xingzhou, who was eating inside and out, helped Chen Feng, and he had already told me how to deal with it."

He looked at Pu Xingzhou and laughed wildly: "Pu Xingzhou tells you that this matter has been approved by his father."

"What? Do you have any comments?"

[Chapter 4305: Want me to serve? Are you worthy?](#)

Shangguan Junfa also slowly stepped forward, staring at Pu Xingzhou, smiling and saying, "If you have any comments, you can say it now!"

Shangguan Junfa slowly stood beside Pu Xingzhou, and his power enveloped him.

Obviously, his purpose here is to suppress Pu Xingzhou in order to avoid any accidents.

Pu Xingzhou sighed dejectedly.

What Xiahou Yinghao said, it was already shameless.

However, afterwards, Xiahou Jiuyuan would definitely not admit it, and would definitely say Xiahou Yinghao's nonsense.

Then at most, he would punish Yinghao Xiahou a little, but that was all painless.

Pu Xingzhou did his best to achieve this step, completely offending the God of War Palace.

Pu Xingzhou looked back at the entrance that was still floating in the sky, and sighed quietly:

"Chen Feng, sorry."

He felt extremely ashamed of Chen Feng in his heart.

At this moment, suddenly, the violent fluctuation of the door twisted.

There seems to be some power to break out of it.

Obviously, the time when Chen Feng came out was not far away.

Everyone looks different.

However, the common point is that they all believe that Chen Feng is absolutely inevitable this time.

When Chen Feng came out, it was the day he was beheaded by Xiahou Yinghao!

A large array of 500,000 people!

Could he break it?

Even Wu Linghan, Mei Wuxia, Ying Ziyue and others on the stand in the distance showed a touch of worry on their faces.

Chen Feng is certainly strong, but he is besieged by such a large array of hundreds of thousands, how can he be an opponent?

"Xiahou Jiuyuan, a strong generation, has he reached this level?"

Bai Ruoxi's face was full of pain, and she shouted sharply!

Xiahou Yinghao suddenly turned his head and stared at Bai Ruoxi, and shouted sharply: "Old thing, dare to make more noise, kill you today!"

"Exterminate your Xuanyuan family!"

He is extremely arrogant.

It seemed that annihilating the Xuanyuan family was just a matter of flicks to him.

The scene was quiet, but suddenly a cold voice came from: "With me, who can you kill?"

When everyone heard the voice, they shouted: "Chen Feng is back, it's Chen Feng!"

A figure slowly stepped out from the light gate.

Who is it if it's not Chen Feng?

As soon as Chen Feng stepped out, he saw the situation outside and felt the tremendous pressure.

Saw those hundreds of warships, hundreds of thousands of powerful!

However, Chen Feng didn't have any panic, just glanced at it and understood what was going on!

A sneer appeared at the corner of his mouth. He looked at Yinghao Xiahou and said lightly: "Oh, Yinghao Xiahou, he can't beat me, so he went back and called someone?"

Xiahou Yinghao's face changed, Chen Feng's words were nothing more than a word, so he grabbed his hair and slapped his face fiercely.

However, Xiahou Yinghao didn't plan to make a face at all today!

He sneered: "Chen Feng, I hope you will be captured by me later, and you will be able to say the same when you are tortured!"

"Hopefully, your mouth will still be so hard!"

Chen Feng looked at him, smiled and said, "Xiahou Jiuyuan is unwilling to get that treasure by me, and you are not reconciled."

"So, there are things now, right?"

Xiahou Yinghao sneered and said: "Whatever you say, anyway, your fate today is to be captured by me!"

"Bring it back to the God of War Palace, tortured at will!"

He gritted his teeth and said: "I will not only let you hand over the treasure, but also let you spend the rest of your life in regret!"

"Before you die, you will be tortured!"

His voice was full of spite.

Obviously, the hatred for Chen Feng has reached an extreme!

However, Chen Feng raised his eyebrows, with a look of doubt in his eyes.

"What he said is, capture me, not kill me?"

When Chen Feng heard it, he felt something strange.

Because, obviously, for the God of War Palace, he is a great scourge.

The longer he lives, the more hidden dangers there will be. If he were Xiahou Yinghao, he would definitely choose to kill himself here to avoid future troubles!

"Then, why did Xiahou Yinghao just say to catch me?"

"For my secret? That's not necessary."

"He was born in the God of War Palace and has a high self-esteem. He still doesn't think there is any secret he values in me?"

"If it's just for robbing treasures, killing and stealing treasures couldn't be easier."

However, it was not just Chen Feng who was puzzled at this time.

And Xiahou Yinghao.

It turned out that Xiahou Jiuyuan had told Yinghao Xiahou that he must not kill Chen Feng and must save his life.

He doesn't care about the others.

But if Chen Feng dies...

Xiahou Yinghao still remembers the tone of Xiahou Jiuyuan just now.

With a touch of indifference on his face, he slowly spit out a sentence: "I will let you, pay him his life!"

At that time, Xiahou Yinghao was like falling into an ice cellar.

Because he knew very well that his father did what he said.

He will support himself and be able to kill himself!

So even though Xiahou Yinghao was reluctant, he still had to keep Chen Feng alive.

Of course, this is just his wishful thinking.

Xiahou Yinghao stared at Chen Feng and said word by word: "Chen Feng, now I ask you, are you convinced?"

It turned out that Xiahou Yinghao set up a big battle, not only to capture Chen Feng today, but also to make Chen Feng surrender in public!

A smile appeared at the corner of Chen Feng's mouth: "Want me to take it? Are you worthy?"

This sentence immediately made Xiahou Yinghao's face green.

He sneered: "Okay, are you not convinced?"

"Unfortunately, now if you are not convinced, you can't help yourself!"

He yelled arrogantly: "Now, I will crush you!"

"Kneel! Begging for mercy! Surrender!"

The next moment, he raised his right hand aloft and shouted: "Xuanwu trapped dragon formation!"

"Here!"

Above the sky, half a million experts from God of War Palace roared at the same time.

All the warships began to move slowly in an instant, drawing a mysterious line.

The formation was activated instantly.

Suddenly, everyone felt that a huge and incomparable force above the sky was pressed down like a giant hand!

Everyone feels that the pressure has doubled!

As the force slowly pressed down, many people sitting in the stands were already unable to hold them at all and could only choose to kneel on the ground!

Even lying on the ground, my heart is full of humiliation!

But, even so, they all raised their heads desperately and looked at the high place of Shenglongtai! *novelusb.com*

They are still on the edge of this force, extremely weak.

I have been crushed and have to kneel! Have to surrender!

Not to mention Chen Feng, who is at the center of the battle and is under the most pressure!

The overwhelming, extremely ferocious aura, pressed down so hard that Chen Feng was almost about to stand unsteadily, and immediately fell to the ground!

No, falling to the ground is not enough!

Chen Feng felt that the breath was grand and full of malice.

[Chapter 4306: Chen Feng will never kneel down to anyone!](#)

Not only do you have to press yourself to fall, but you have to press yourself to kneel down! Bow your head! Bend down!

Express surrender and fear!

A sneer appeared at the corner of Chen Feng's mouth: "I Chen Feng, how can I succumb to others anyway?"

At this time, although Chen Feng has been suppressed to almost unbearable.

But he screamed and straightened suddenly!

"what!"

A voice in my heart yelled frantically: "How can I, Chen Feng, give in!"

In an instant, the second stage of Donkey Kong Arhat Immortal Body was completely activated! Reached an extreme!

The power of 108 billion catties echoed in Chen Feng's body.

His body instantly turned into a dark golden color.

Hanging in the air, like a dark golden \*\*\*\* of war!

The next moment, Chen Feng straightened his waist suddenly!

Like a javelin, stand proudly there, motionless!

That huge force was crazily suppressed, as if photographed by a stormy sea.

But Chen Feng stood steadily, like a golden reef!

Even in the face of strong winds and waves, there is still no wavering.

The wind and waves have been beaten, and the reef still stands proudly!

The Xuanwu trapped dragon array, time and time again, exerted its momentum and pressed it down again and again!

For Chen Feng, there is no alternative!

Everyone shouted in an uproar: "I can't overwhelm!"

"Xiahou Yinghao, even if he uses the basalt trapped dragon formation, he can't conquer Chen Feng!"

"This Chen Feng is so scary!"

At this time, Bai Ruoxi stood up abruptly and laughed: "Did you see it? Xiahou Yinghao, this is Chen Feng!"

"This is Chen Feng from my Xuanyuan family!"

"Never flinch, never surrender!"

"Do you want to use this Xuanwu trapped dragon formation to overwhelm him? Dreaming! Chen Feng's strength and will are beyond your imagination!"

Chen Feng stared at Xiahou Yinghao, saying word by word: "Chen Feng will never kneel down to anyone!"

Everyone was shocked by Chen Feng.

Not only for his strength, but also for his incomparable spiritual will!

Because everyone knows that if you want to handle this pressure, you can't do it with strength!

And every time Chen Feng persisted, Xiahou Yinghao's expression was ugly.

He just said that he would subdue Chen Feng and let him kneel to beg for mercy.

But now, Chen Feng fiercely countered him with facts!

Xiahou Yinghao screamed frantically: "You trash! Suppress! Continue to suppress!"

In the Xuanwu trapped dragon formation, many people in the God of War Palace showed dissatisfaction.

Being so reprimanded like a beast, they naturally lose face.

It's just that I didn't dare to show it.

The commanders who occupied all the fronts yelled one after another, and led their men to frantically urge them.

In an instant, the power of the Xuanwu trapped dragon array was urged to its extreme, and it continued to be suppressed!

But Chen Feng still stood proudly, standing upright there!

Xiahou Yinghao was going crazy.

He screamed: "Can't overwhelm you, right?"

"Okay, okay! If you can't overwhelm you, then I will kill you!"

"Do you think this is the ultimate power of the Xuanwu trapped dragon formation? Tell you, it's not enough!"

"This is just suppression. Next, the basalt trapped dragon formation will become the basalt trapped dragon killing formation, and its power will increase tenfold!"

Chen Feng stood there straight, her lips tightly pressed.

The look is cold.

At this time, he saw that above the sky, the basaltic trapped dragon formation began to slowly change.

With a command, the entire basalt trapped dragon formation changed its momentum.

Not only maintained the pressure just now, but also a thick murderous intent surged in it.

That murderous aura, even condensed into substance, turned into \*\*\*\* waves.

Surging above the sky.

The blood-colored waves grew bigger and bigger, and eventually filled a sky with a radius of thousands of miles.

Those warships were all submerged inside!

Seeing the next moment, the \*\*\*\* waves fell fiercely.

Chen Feng raised his head. Although he was still able to carry it at this time, Chen Feng knew very well that this was already the limit he could achieve!

After all, the formation of these 500,000 soldiers and hundreds of warships is too terrifying!

Even the tens of thousands of powerful people below are not opponents, and Chen Feng can't compete with his own power!

This is not ashamed.

If you can contend against this big formation with your own strength, the entire Dragon Vein Continent will not exceed ten fingers!

Chen Feng looked up at this big formation, frowning.

"At this time, the true power of this big formation, I'm afraid that it's less than a tenth of it, and it has already pressed out my strongest hole card!"

"Next, how should we break this big formation and leave?"

But Chen Feng did not panic.

With a thought, a sure smile appeared on the corner of his mouth.

Xiahou Yinghao roared ferociously and pointed at the \*\*\*\* waves above the sky: "Chen Feng, have you seen it?"

"After ten breaths, this \*\*\*\* wave will be photographed and swept you through it!"

"You are dead!"

At this moment, Chen Feng suddenly turned to look at dozens of young powerful men on the platform of Shenglong.

These people have all seen Chen Feng's strength in the small world.

Chen Feng looked at them and suddenly grinned: "When Chen Feng was in the small world, I faced a dozen strong people."

"What did I say at the time, do you remember?"

A sparse voice came from the crowd: "Is it great to have more people?"

As they said, a smile appeared on their faces.

Thinking of the time, and looking at the present, there is a feeling of a deep friendship with Chen Feng.

Chen Feng said loudly: "The voice is not loud enough! Say it again!"

This time, everyone's voices became much more tidy, and they shouted in unison: "Chen Feng, do you think it's great to have more people?"

Chen Feng laughed and looked up at the hundreds of warships, hundreds of thousands of powerful!

Looking at Xiahou Yinghao, he said word by word: "I, Chen Feng, used to face a dozen people, that's the sentence!"

"Now, facing you half a million people, this is still the sentence!"

Chen Feng held his head high, his face looked vertical and horizontal, looking down at the world!

It seems that this world is so big that he has no difficulty in his eyes!

He pointed at the 500,000 army of God of War Mansion, and said every word: "There are so many people, is it amazing?"

He alone, facing these 500,000 people, there is no fear!

Take one, the enemy is 500,000!

For a while, everyone was frightened by his aura, couldn't even speak, and his faces were shocked.

At this moment, among the crowd, one stare blankly at Chen Feng.

There was resentment and hatred in his eyes.

But more, it is shock and unspeakable frustration.

This look belongs to Chu Shaoyang.

Because at this moment, he suddenly discovered that no matter how he hates Chen Feng, Chen Feng's spirit is absolutely impossible for him to learn!

This kind of imposing and unyielding to contend with the heavens and the earth with one's own power is something that he can never achieve!

[Chapter 4307: Come out! My Qingluan wishful boat!](#)

His heart was filled with unspeakable misfortune!

But then, the discomfort was gone, gritted his teeth and said with a grin: "Chen Feng, since you can do it, I can't do it."

"You are dead, we two, no one can do it!"

Xiahou Yinghao gritted his teeth, his expression on his face was uncertain, and suddenly there was an indescribable depression in his heart.

He had always refused to admit the gap between himself and Chen Feng.

But at this moment, he suddenly realized that he was really inferior to Chen Feng!

Far from it!

Even if he has more resources and a better background than Chen Feng, he is far inferior to Chen Feng!

This huge sense of frustration made him feel uncomfortable in his heart.

But then, this discomfort turned into irritability, into a vicious murderous intent.

"I can't beat you, then I will kill you!"

"Kill you, there is nothing better than me!"

At this time, he even ignored Xiahou Jiuyuan's order.

At this time, he had only one thought: "Kill Chen Feng!"

At this moment, Chen Feng suddenly looked at him, smiled and said, "Xiahou Yinghao, do you think I can't break this big battle?"

Xiahou Yinghao sneered: "Nonsense, what are you? Still breaking this big array?"

Chen Feng smiled and said, "Then, how about a bet?"

"Okay? How to bet?"

Xiahou Yinghao looked at Chen Feng. In his eyes, Chen Feng was already a turtle in the urn.

Chen Feng said lightly: "I bet I can break your big formation."

Xiahou Yinghao smiled coldly: "If you can break through my big formation, I will kneel and kowtow to you and call you Grandpa."

"of course!"

He sneered: "If you can't do it, you have to kneel and kowtow to me and call me grandpa!"

He was very sure in his heart that Chen Feng would never do it.

Therefore, I am willing to bet this game with Chen Feng.

All he wanted to do was to suppress Chen Feng and completely humiliate him!

Therefore, the stakes are exceptionally large.

Chen Feng laughed loudly: "Then I have become Xiahou Jiuyuan's cheap father?"

Now that Chen Feng knew what Xiahou Jiuyuan was, he didn't bother to maintain his face.

Suddenly, everyone burst into laughter.

"Xiahou Yinghao is really no brainer, so he made such a bet!"

Xiahou Yinghao's face was blue and red, knowing that he was a laughingstock again.

Chen Feng smiled and said, "It's not appropriate to let me be your cheap grandfather."

"Well, if you win, the bet is as you said."

"You make a poisonous oath. If I win, your God of War Mansion promises that within three years, you will not do anything against the Xuanyuan Family! How?"

"Okay, I promised!"

Xiahou Yinghao immediately agreed.

Point your finger up and swear a poisonous oath.

Chen Feng nodded slowly, a flash of coldness in his eyes.

Now, he was relieved.

When God of War Mansion did this thing this time, Chen Feng would never give up with them.

He didn't worry about himself, the only thing he worried about was the Xuanyuan family.

The Xuanyuan family was completely incapable of resisting the God of War Palace, and Chen Feng couldn't always keep them comprehensive.

Therefore, Chen Feng must first resolve this worries.

Xiahou Yinghao sneered: "Now, I want to see how you can break my killing game!"

"You can't protect yourself, are you still installing here?"

The next moment, he pressed his hand heavily, and said sharply: "Kill!"

Above the sky, there was a huge sound of killing.

The entire Xuanwu trapped dragon killing formation was pressed down severely.

The \*\*\*\* waves slammed down, and Chen Feng could be completely submerged in the next moment! Shattered!

The crowds around the audience were shocked.

They weren't the focus of the attack yet, and they felt that they almost had to be killed by Ling Chi's murderous aura!

It is hard to imagine how Chen Feng feels right now!

There was an experienced person with a beard, and he muttered softly: "If you want to break through this basalt trapped dragon formation, you need at least the strength of Emperor Wudi Seven!"

"Yes, Chen Feng's previously demonstrated strength has reached the Six-Star Martial Emperor! But I'm afraid that is also his limit!"

"Yes, he can't be Seven Star Martial Emperor, he can't break this big formation at all!"

Everyone talked.

Without exception, they thought that Chen Feng could not break this big formation at all!

Many people showed regrets on their faces, feeling that Chen Feng was going to die this time without a place to be buried.

At this moment, only Chen Feng showed a smile.

He opened his arms abruptly, as if embracing the world, and shouted loudly in his mouth: "Come out, my Qingluan Ruyizhou!"

The next moment, there was a feeling of communion in his heart.

On that day, at a very high point, a green light flashed suddenly, hovering directly on this \*\*\*\* wave!

This green light is so weak.

Compared with this \*\*\*\* wave, it is like a drop in the sea, like a rock on the side of the mountain.

However, no one can ignore this green light!

It is so bright!

As soon as this brilliance appeared, an extremely powerful and condensed aura surged over.

This breath is not that vast, but it is extremely powerful!

At the same time, it is extremely fierce!

If this \*\*\*\* wave is a thick iron plate, then this green light is an extremely sharp sword!

Pierced the sky and appeared directly above the \*\*\*\* waves!

Also appeared in everyone's sight!

A look of shock appeared on everyone's faces: "What is this green light?"

"Listening to what Chen Feng said just now, could it be said that this is one of his hole cards?"

"It's just that this green light can compete with this basalt trapped dragon formation?"

Among the crowd, there were also a few well-informed seniors who frowned at this time.

Because they felt this breath, it seemed a little familiar, as if they had been in contact.

Everyone's eyes widened, looking at this green light.

This green light was clearly summoned by Chen Feng.

This is Chen Feng's hope of breaking the game!

This is his hole card!

Xiahou Yinghao naturally saw it at this time, and a very unpleasant feeling suddenly surged in his heart, and he sternly shouted: "What are you still doing? Speed up and kill Chen Feng!"

He wanted to rush to drown Chen Feng with this \*\*\*\* wave before the green light arrived!

In that case, no matter how powerful the cards are, they won't be able to make waves.

But unfortunately, his wishful thinking is useless!

The speed of the green light far exceeds this basalt trapped dragon formation!

Almost in an instant, he was already above the head of the Xuanwu Dragon Dragon formation!

Then, with an indomitable attitude, he slammed away toward the Xuanwu trapped dragon formation!

At this moment, it is close, and everyone can see its appearance clearly.

These people are all top people in the Dragon Vessel Continent. They are so knowledgeable and exclaimed: "It turned out to be a wishful boat?"

#### [Chapter 4308: Smashed!](#)

"God, so huge, so powerful, so perfect Ruyizhou?"

"Could it be that this wishful boat is actually of Luoxue class?"

"Luoxue Grade Ruyi Boat!"

After someone nearby listened, they shouted in shock: "That is the Ruyi Boat that can only be owned by the Nine Great Power Sovereign Level!"

Someone next to him sneered and said: "Sect Master level Ruyizhou?"

"Tell you, there are only three Ruyi boats of the Luoxue class among the nine forces!"

"One is in the jungle of Shifang, and the other two are in the God of War Mansion. They are powerful artifacts that can only be used by the Marshal of the God of War Mansion when traveling!"

Someone's voice was trembling: "Could it be that the owner of this Zhanluoxue-class Ruyi Boat is actually Chen Feng?"

"Chen Feng has such a powerful hole card?"

Everyone turned their eyes to Chen Feng, their eyes full of admiration and disbelief.

Chen Feng really brought them too many surprises and shocks!

Whenever they think they know Chen Feng's details, they will find that Chen Feng's depth is unfathomable, far beyond what they can guess!

Chen Feng seems to have a powerful hole card that cannot be used up!

Even in the stands, the elders of the nine major powers and the master level suddenly stood up.

Staring blankly at the Qingluan Ruyizhou that crashed down!

At this time, Xiahou Yinghao and the others had a little flicker in their eyes.

"In this way, it is not impossible for Chen Feng to break the Xuanwu trapped dragon killing formation!"

"Yes, this Xueluo-class Ruyi Boat is one of the top magical treasures in the Dragon Vein Continent. It is not only extremely fast, but also extremely hard!"

"The power is so powerful that a mountain can be shattered! It may not be impossible to break through the basaltic trapped dragon formation!"

"It turns out that Chen Feng didn't brag before, he can really do it!"

Xiahou Yinghao, at this time, was about to collapse.

He was born in the God of War Palace and has a lot of knowledge. He naturally knows what kind of power this Luoxue-class Ruyi Boat has!

He turned around abruptly, staring at Chen Feng, and shouted with a hint of crying:

"You, how can you have such a powerful treasure? How can you have such a powerful treasure?"

Chen Feng looked at him, shrugged and looked helpless: "I'm sorry, I am so strong!"

As soon as Chen Feng's voice fell, there was a loud noise!

It turned out that Qingluan Ruyizhou had already slammed into the \*\*\*\* waves.

At this moment, what stood in front of him was a huge flying battleship that was several kilometers long!

On that huge flying battleship, in the eyes of hundreds of experts in the God of War Palace!

This green light was pressed down fiercely!

There was a loud bang, and the next moment, this battleship was directly hit to pieces!

The hundreds of experts in the God of War Palace all screamed and flew out one after another!

Many people were directly knocked down by Shengsheng!

The others were all seriously injured, screaming and screaming, spurting blood, and flying around.

This flying battleship is extremely strong.

Even if it hits a mountain, it is a mountain! It won't be it!

However, when facing Qingluan Ruyizhou, it was like cutting tofu with a knife, boiling white snow, and smashed to pieces!

The momentum of Qingluan Ruyizhou never stopped at all!

With a bang, it continued to hit the next battleship!

Once again, smash this battleship to pieces!

Then, hit the next battleship again!

Then, it's the next one!

...

Boom boom boom!

The sound of huge shock and impact is endless, resounding through this world!

The shock was so huge that everyone's eardrums rose!

Many people were even directly shocked to the ears, lost their spirits, stood unstable, and fell to the ground.

The sound alone is so terrifying!

It can be seen how overbearing the power of this impact is!

Qingluan Ruyi Boat smashed 19 flying warships!

Finally, when it appeared again, there was nothing in front of it, and there was no more warship!

It's empty!

And behind this Qingluan Ruyizhou, there appeared a huge cavity with a length of tens of thousands of meters and a diameter of kilometers!

Qingluan Ruyizhou actually pierced this \*\*\*\* sea and killed this extremely powerful basaltic trapped dragon directly!

The Xuanwu trapped dragon killing formation has been cut out a huge channel!

Quiet, as quiet as death!

At this time, whether it was the hundreds of thousands of surviving War God Mansion powerhouses in the Xuanwu Troubled Dragon Killing Array, or on the stands below or on the Shenglong Platform, these powerhouses were all stunned!

They are all stupid!

They just cast their stunned eyes on the Qingluan Ruyizhou.

Everyone knows the strength of the Luoxue-class Ruyizhou, and everyone guessed that Chen Feng might break the Xuanwu trapped dragon killing array!

But they didn't expect this Qingluan Ruyizhou to be so powerful!

In such an overbearing way, directly drill through!

It was useless even for a moment, it was just smashing 19 warships and piercing the basaltic trapped dragon killing array!

Finally, a trembling voice sounded like a dream: "This, this is the Luxue-class Ruyizhou?"

"Too strong! Too strong! It is worthy of being the top artifact in the Dragon Vein Continent!"

"I saw this scene today, it's worth it even if I die!"

"Yeah, this beautiful scenery, I am afraid that it will only appear once in the Dragon Vessel Continent for hundreds of years and thousands of years! But I can wait for it!"

"How lucky! Sansheng is lucky!"

Everyone sighed loudly, shouted in excitement, and completely lost the dignity of the so-called strong!

No way, this scene is really shocking!

However, after one person saw this scene, his mood was very different from the others.

It is to win the sunrise.

The moment he saw Qingluan Ruyizhou appeared, the whole person was stupid.

Because, this Qingluan Ruyizhou, he has seen it before!

When everyone in their family came to this empty mulberry sacred tree on the family's wishful boat, they once ran into this Qingluan wishful boat!

At that time, he still admired the vision very much.

I think that Qingluan must be a senior expert on the Ruyi Boat, and want to get the guidance of this senior expert.

Seeing this situation today, he suddenly discovered:

"It turns out that the senior man I thought was Chen Feng!"

He thought of what he said on his Ruyi Boat that day, and the admiration of that senior man.

Thinking of the disdainful things I had said to Chen Feng before, I even wanted to get my head into my arms.

"That's really called a blind eye to Mount Tai!"

The Qingluan Ruyizhou brushed it and hovered next to Chen Feng.

At the corner of Chen Feng's mouth, a smile was drawn slightly, and he slowly stepped onto the Qingluan Ruyi Boat.

He looked down at this Qingluan Ruyizhou, with a lot of emotion in his eyes.

On that day, when he got the Qingluan Ruyi Boat, Chen Feng didn't expect this treasure to have such a power and could play such a key role!

#### [Chapter 4309: Kill the heart!](#)

Before, Chen Feng left the Qingluan Ruyizhou on the outside.

In order to prepare for emergency!

He always felt that Kong Sang's discussion on the sword would not be that simple.

Chen Feng didn't know everything that would happen now, just his cautious instinct.

Unexpectedly, it really came in handy now!

The power of Qingluan Ruyizhou made Chen Feng a little moved.

But thinking about it is normal, this basalt trapped dragon formation has now evolved into a basalt trapped dragon killing formation.

It is aimed at the characters trapped in the formation.

This direction against the center is naturally extremely powerful.

Relatively speaking, its periphery, the external side, is much weaker!

Moreover, what kind of existence is Qingluan Ruyizhou?

That is a powerful artifact that can only be possessed by powerful masters at the dignified master level!

The strength of this Ruyi Boat is far better than all warships in the God of War Palace.

Moreover, with one point, one side, all the strength is gathered at this point!

Therefore, this basaltic trapped dragon formation can naturally be crushed!

At this moment, compared with the bottom, the flying battleships and hundreds of thousands of experts in the God of War Palace were chaotic in the basaltic trapped dragon killing array above the sky.

They all yelled and panicked, not knowing what to do.

Because they have never encountered such a situation before!

Before, with so many powerhouses and so many battleships, the enemy had never had the power to resist when they were deployed, and they were easily strangled!

But today, it was directly crushed by Qingluan Ruyizhou!

People are stupid, and I can't recover for a long time.

Just looking at Qingluan Ruyizhou, his eyes were full of fear.

Shangguan Junfa was the first to come back to his senses, his face was so pale that he was extremely embarrassed. He originally wanted to make a big show today, but he didn't expect this to be a lost adult.

Chen Feng looked at Xiahou Yinghao with a smile on his lips:

"Xiahou Yinghao, I said, you basaltic trapped dragon formation, you can't trap me!"

"just now!"

He came to Xiahou Yinghao and stared at him word by word: "Did you believe it?"

Xiahou Yinghao heard the first huge explosion sound just now, and the moment Qingluan Ruyizhou directly smashed the flying battleship to pieces, the whole person was already in a trance.

He stood there and didn't relax for a long time.

There was only one voice circling in my mind: "The Xuanwu trapped dragon killing formation, just broke?"

"My basalt trapped dragon killing formation, just broke?"

"My hope of overturning, is that gone?"

"Chen Feng won again? I was beaten by him again?"

There was a mess in his mind.

Originally, when Qingluan Ruyizhou first appeared, he still had some hope in his heart.

But now this hope is completely destroyed!

At this time, Chen Feng's words made him react.

Suddenly, with a sigh of relief, his face was flushed. He only felt hot on his face, and he wanted to find a place to pierce in.

Chen Feng looked at Xiahou Yinghao, smiled and said, "Xiahou Yinghao, I have a question, I want to ask you?"

Xiahou Yinghao was taken aback for a moment, and instinctively said, "What's the problem?"

The smile on Chen Feng's face was particularly brilliant: "Are you a masochist?"

"It's not enough to be slapped on my face once, but I have to send my face up and slap me a second time to be happy?"

Suddenly, everyone burst into laughter.

"Killing the heart! This Chen Feng is really killing the heart!"

"Yeah, it's not enough to clean up Xiahou Yinghao, slap her face hard, but also leave a huge shadow in his heart!"

"I'm afraid that in the future, when Xiahou Yinghao sees Chen Feng, he will think of today's humiliation!"

"I'm afraid, Xiahou Yinghao will face Chen Feng from now on!"

Everyone laughed jokingly, looking at Yinghao Xiahou like a joke.

Chen Feng walked slowly towards Yinghao Xiahou.

Shangguan Junfa's figure moved slightly, trying to stop it.

Chen Feng looked up and glanced at him lightly.

It was just this glance. Shangguan Junfa was frightened by Chen Feng's aura. He stiffened and stood still, unable to move.

He was frightened by Chen Feng's eyes!

Chen Feng walked to Xiahou Yinghao and looked down at him.

Xiahou Yinghao looked up in a daze and looked at Chen Feng, only to feel a powerful pressure rolling over, like being hit by a mountain!

"You, what are you doing?"

He was already cleaned up by Chen Feng, knowing that his strength could never be Chen Feng's opponent.

In fact, the fear of Chen Feng is extremely scary.

At this time, the Xuanwu trapped dragon killing formation that he believed to rely on was directly blasted!

In his eyes, Chen Feng has almost an invincible image!

He was full of awe for Chen Feng.

At this time, the powerful pressure came, and it made him feel a tremor of liver.

The trace of his cowardice was clearly captured by Chen Feng.

A smile appeared at the corner of his mouth, and suddenly he reached out and patted Xiahou Yinghao's face gently.

This action is full of insults.

Feeling the humiliation, Xiahou Yinghao surged crazily, almost fainting him directly.

"I'm being humiliated by Chen Feng!"

"I'm being slapped in the face by Chen Feng!"

When everyone saw this scene, they were all in an uproar.

"Chen Feng really doesn't give Xiahou Yinghao any face!"

Xiahou Yinghao did not hide.

Because he dare not hide!

Facing Chen Feng's indifferent eyes full of murderousness, Xiahou Yinghao felt his whole body froze.

He clearly realized one thing: "This young man, absolutely dare to kill himself!"

Suddenly, Xiahou Yinghao felt an extreme sense of powerlessness and fear. For the first time in his life, he gave birth to such deep-rooted fear!

Because of this person, completely crushed him!

Chen Feng put his hand on Xiahou Yinghao's face, patted lightly once and then smiled and said, "Teach you a good boy, Xiahou Yinghao, you can't afford anyone!"

Xiahou Yinghao raised his head and closed his eyes.

The strong humiliation made him almost unconscious.

However, he did not dare to hide!

Just stood there stiffly.

Chen Feng seemed to be very satisfied with his performance, and continued to smile and said, "Some people, you provoke and bully to death, it doesn't matter!"

"Some people, you dare to mess with it! Consequences..."

His hand was on Xiahou Yinghao's forehead, and he said, "You can't afford it!"

Xiahou Yinghao stiffened like an icicle, poking there in a daze.

Chen Feng smiled and said: "Understood?"

Xiahou Yinghao gritted his teeth and squeezed out two words from his throat and between his lips and teeth: "Understood!"

When he said these two words, his heart suddenly relaxed.

Because he knew that he was completely planted!

Impressed!

Admit it!

This means that Chen Feng will not kill himself.

But this also means that this shame will accompany oneself for life!

Chen Feng laughed loudly: "Just know!"

[Chapter 4310: Come back ten times!](#)

Everyone exclaimed: "Xiahou Yinghao is a confession!"

"Yes, Xiahou Yinghao has been scared by Chen Feng and has no courage at all, so I just accept it!"

"Now, Xiahou Yinghao can never look up!"

These words came surgingly, making Xiahou Yinghao tremble all over.

Chen Feng smiled and patted him on the shoulder: "From now on, my eyes will be bright spots!"

It's completely the tone of the elders teaching the younger ones.

After Chen Feng said, he stepped on the Qingluan Ruyi Boat.

Once the Xuanwu trapped dragon was broken, there was no more pressure.

Qingluan Ruyizhou turned around and came to Wu Linghan, Mei Wuxia, Ying Ziyue and others.

He smiled and said: "Come, I will take you home."

Wu Linghan and others got on the Qingluan Ruyi Boat.

As for everyone in the Xuanyuan family, Chen Feng did not pick them up.

Next, Chen Feng has a place to go.

But because of what happened here, everyone in the Xuanyuan family was extremely safe.

Qingluan Ruyizhou floated on the Rising Dragon Platform, and Chen Feng was about to leave, but when he left, he suddenly turned his head.

He did not look at Xiahou Yinghao, but looked at the void in front of him, and said softly:

"Xiahou Yinghao, God of War Palace!"

"What happened today, Chen Feng will be returned ten times in Japan!"

That's right, Chen Feng still feels unfair in his heart!

Even if he taught Xiahou Yinghao severely!

Because, this time, Xiahou Jiuyuan and Xiahou Yinghao, but want him to die!

How can we not report this grudge?

Now, he can't compete with the God of War Palace on his own!

But one day, Chen Feng will let Xiahou Jiuyuan regret what he did today!

Chen Feng said this lightly, and there was no mood swing.

Even the hatred can't even be seen.

But when everyone listened, their hearts trembled fiercely.

The hundreds of thousands of experts in the God of War heard it, and Yinghao Xiahou trembled heavily when he heard it!

Because at this time, they clearly felt the monstrous hatred and murder in Chen Feng's heart!

Suddenly, they all had an idea: "My God of War Palace, did I provoke an extremely terrifying opponent?"

Many people even burst into emotions called regret.

Xiahou Yinghao raised his chin and wanted to say a few words.

But he opened his mouth, but couldn't say anything.

As for Pu Xingzhou, he looked at Chen Feng with complicated eyes.

Just now, Chen Feng didn't say a word to him, and even ignored him.

But Pu Xingzhou knew Chen Feng's mind.

He knew that Chen Feng was definitely not holding a grudge against him.

The more he cared about himself, the more dangerous he became.

The more indifferent he was to himself, the less God of War Palace would take him anyway!

Pu Xingzhou sighed faintly in his heart: "Brother Chen, you really have worked hard!"

Everyone actually knew that Chen Feng's words were not for Xiahou Yinghao or Shangguan Junfa.

Even, it's not meant for these experts in the God of War Palace!

He meant it for Xiahou Jiuyuan!

Chen Feng's voice fell, and Qing Luan's wishful boat turned into a green light, and went straight to the sky.

In an instant, it disappeared without a trace.

Chen Feng has already left, but many people are still raising their necks, staring blankly at the place where he disappeared from the sky, their eyes full of worship and longing.

After this battle, Chen Feng is a legend!

An uncompromising legend!

His performance is imprinted in the eyes and hearts of everyone present!

Especially many young people, looking at Chen Feng's leaving back, exclaimed: "This is what I expect young talents to look like!":

"That's right, Chen Feng and others are powerful, Ruyizhou is with him, there are ten feet of red dust, and the beautiful beauty is accompanied! This is what we all want to be in our dreams!"

Their hearts are full of envy and admiration!

When Chen Feng left, everyone dispersed, sighing what happened today.

And it is conceivable that all of this will become their conversational capital and spread on the Dragon Vein Continent.

For many people, it is worthwhile to witness this grand event today!

The crowd dispersed, but there were also a few powerful seniors from the nine major forces gathered there.

They looked at each other, their eyes were a little worried.

"Xiahou Yinghao is so arrogant this time, obviously he has the approval of Xiahou Jiuyuan."

"Xiahou Jiuyuan is acting so domineering now, it is a curse or a blessing to the nine major forces!"

The sky above the sea of mulberry.

White clouds are floating, blue sky is blue.

There has just been a huge rainstorm that swept tens of thousands of miles.

At this time, the heavy rain had stopped, and the sky was as blue as washing.

Although there is a stormy sea below, I can't feel it above.

Qingluan Ruyizhou, there are a few tables and chairs on the deck.

There are good wines and delicacies.

Everyone was drinking and talking softly.

Chen Feng wore a black robe, and draped it lazily on his body, and his hair was loose, a little wet.

He leaned on the brocade lazily, took a drink from time to time, and talked softly to everyone.

Although Chen Feng's strength has long since reached the level of not being stained with dirt, even if he doesn't take a bath for a few days, even ten and a half months, he still has this habit.

This is already the second day of Kong Sang's sword.

Qingluan Ruyi Boat has been flying for a whole day, and it is about to leave the Haidi boundary of Kongsang.

On this day, he didn't do anything, just talk to everyone, talk and laugh, even in a daze.

For him, this Kong Sang Lunjian was also a great consumption.

Especially in the end with an enemy of 500,000, it made him about to collapse.

What Chen Feng needs now is rest.

Chen Feng suddenly raised his eyebrows and looked at Mei Wuxia and whispered, "What's wrong with you?"

He just saw Mei Wuxia hesitated to speak several times.

Mei Wuxia sighed slightly, looked at Chen Feng, put down the wine glass, and slowly said, "Brother Chen Feng, I have to do that."

Chen Feng's heart moved: "But are you going to the ancient ruins?"

Mei Wuxia nodded, and sighed: "Yes, there should be an end to the teacher's affairs."

"Desolate ancient ruins, sooner or later I will go."

"And, this time..."

She looked at Chen Feng, her eyes full of brilliance: "Kong Sang Lunjian, Brother Chen, you are in the limelight, you are the number one outstanding man in the Dragon Vein Continent."

"What I see below is also extremely envious. If I can be like you, I will have no regrets in this life!"

"But you have to get everything yourself!"

As soon as Chen Feng was about to speak, Mei Wuxia cut off his words.

She said word by word: "Brother Chen, you know my temperament."

Chen Feng heard the words and was silent for an instant.

Yes, he knew Mei Wuxia's temperament.

Mei Wuxia looks weak, but in fact she is tough and strong inside.

She never wanted to be sheltered under her wings by herself.

It is true that if she is with Chen Feng, Chen Feng can easily provide her with many training resources.
