

Peerless 4431

[Chapter 4431: Died well!](#)

This scene gave him a great shock.

He has always known that the only death in the age of hardship!

He has always felt that everyone is greedy for life and fear of death!

He always saves others with his own heart!

At this moment, this scene is for him, as if it completely subverted him!

"It turns out that there really is such a person in the world who sacrificed his life and would rather die than implicate others!"

This made almost everything about him collapse.

Hua Ruyan put Jiang Yuechun in her arms, looked down at her, and whispered: "Yuechun, are you willing to die?"

"I'm naturally reluctant?"

At this time, Jiang Yuechun was indescribably calm: "It's just that if it's because of me, the master who killed me would die, I'm even more reluctant."

"Me too, I would rather die than hurt my son a little bit."

Hua Ruyan smiled lightly.

The next moment, the two smiled at each other.

Died together.

Yue Linglong suddenly turned her head and touched Wei Qingyi's gaze.

Her eyes were extremely clear, with unspeakable nostalgia and sadness in her eyes.

Yue Linglong knew what she was upset about.

She didn't want to die.

No one can ignore life and death, let alone she is only in her twenties.

Great years, just stepping into the realm of Emperor Wu, there are endless possibilities waiting for her in the future!

Yue Linglong knew very well that Wei Qingyi didn't want to die.

But she died without hesitation.

All of them did not want to die, but all of them died without hesitation.

Because they knew that if they didn't die, Chen Feng would be implicated by them.

They did this to prevent Chen Feng from dying!

Yue Linglong saw Wei Qingyi's nostalgic eyes.

And that gaze, and later, turned into a smile.

In the smile, there was still unspeakable determination.

Wei Qingyi blinked, as if to say something.

And the next moment, the look in that gaze was completely dimmed.

She was completely cut off from life.

Yue Linglong lay on her back, looking at the blue sky, and suddenly smiled softly.

"Chen Feng, it's a pity that I didn't see you before he died."

It's a long story, but it's just a moment.

Bai Shanshui and other six people died in an instant!

However, before they died, they cheered and laughed, without the slightest grief.

"Junior Brother Chen Feng, you have done enough for us, now it is time for us to do something for you!"

"Death is dead ears!"

"My generation of warriors, standing upright in this world, how can they become a prisoner in the hands of others?"

Today, death deserves its place!

At this moment, seeing this scene, the eyelids of Chu Shaoyang on the other side jumped wildly, his face was unbelievable, and his heart was full of great shock!

"Chen Feng's people are so strong in their personalities?"

"They would rather die by themselves than be caught by me! They used to threaten Chen Feng!"

In the next moment, the shock in Chu Shaoyang's eyes turned into a strong disbelief, from anger into anger!

There is also the frustration of being inexplicable!

"Why! Why is there such a group of people around Chen Feng, and there are only those who eat inside and out!"

"Why! They are willing to die for Chen Feng! Why?"

"Why does Chen Feng have these, but I don't? How much worse am I than Chen Feng?"

He was full of jealousy towards Chen Feng.

In the next moment, he would no longer be jealous.

Because he saw other people's movements.

He knew that if he didn't make up his mind anymore, then this trip would really be nothing but a basket of water.

Seeing everyone committing suicide, Chu Shaoyang yelled frantically: "Dare you!"

In an instant, there was a decision in his eyes!

He gritted his teeth, took an object directly from his arms and threw it into the sky.

This thing, shaped like an egg, fluttered and stretched out the body just an instant after being thrown into the air.

It turned into a huge black spider as tall as a person.

Then, between the electric light and flint, the speed was extremely fast, and there were hundreds of white spider silks spewing out of this spider.

In an instant, these spider silks entangled dozens of people who wanted to commit suicide.

Everyone was wrapped in several layers of spider silk, and his arms and feet were sturdy.

The next moment, the spider silk rushed forward, tying their bodies firmly.

In an instant, they were **** like a large human cocoon.

The weapons in the hands of many people fell on the ground.

But even so, these people can break their hearts and die.

Obviously, Chu Shaoyang had thought of this a long time ago.

The spider silk entangled them tightly and stuck to their skin.

Above the spider silk, a blue light flashed and penetrated into their bodies.

The blue light was obviously highly toxic, so in an instant, these dozens of people were paralyzed.

He couldn't even move, and he fell into a coma directly!

Of course, let alone suicide.

In an instant, these dozens of people fainted.

Seeing that they had fainted and completely controlled them, the huge black spider twitched violently.

Foam was spit out again and again.

The figure shook for a while, and it exploded directly with a snap.

Obviously, this strange treasure can only be used this time.

Moreover, Chu Shaoyang should have urged it to the extreme just now, even more than it could bear, and let it explode and die now.

However, although it is dead, the white spider silk is still there.

Those people are still under control!

Seeing this scene, Chu Shaoyang's eyes showed an unbearable painful color.

After a long while, he just stood up.

With heavy eyes, he walked to the dozens of people who were unconscious by the seal.

In fact, if he didn't use this magic weapon, he could stand up after one or two breaths, given his injuries that were not serious.

Moreover, it has no effect on his recovery from injury.

But after one or two breaths, it's too late!

After one or two breaths, these Chen Feng's close friends and relatives all committed suicide!

Then what bargaining chip does he have to lure Chen Feng to set a trap?

However, Chu Shaoyang's face was gloomy, his face was extremely ugly, and his whole body was shaking with anger.

The result today was something he hadn't expected at all!

He had never put Bai Shanshui and the others in his eyes. He felt that after he arrived here, he didn't catch them with his hands, so he would arrest them and threaten Chen Feng?

However, I did not expect that these people are so stout!

This has brought him a great shock, making him feel in a trance even now, and his heart is full of indescribable frustration.

This unbalanced feeling made him feel extremely uncomfortable, and it was difficult to calm down for a long time.

It took more than a long time before it came over.

[Chapter 4432: why!](#)

He glanced over the people he had captured.

These people just closed their eyes tightly and fainted.

They are sealed in it, and suicide is impossible.

However, the meaning of frustration is still full of heart.

What happened today is that the plan was completely disrupted, and he accomplished less than half of his goal.

Because the six people beheaded by him are precisely the six he vowed to capture!

He knew that these six people had the closest relationship with Chen Feng and had the strongest potential. They were also the people Chen Feng cared about most.

But I didn't expect that all six of them died!

But the goal was achieved after all, half of it was achieved.

With the rest of the people he captured, he also knew very well that Chen Feng would definitely come to rescue.

One's own goals can certainly be achieved!

However, he was embarrassed to the extreme.

He saw the tens of thousands and hundreds of thousands of people watching from afar, and he could also feel the emotions and gazes of these people.

In their eyes, he was nothing but a thief with powerful strength.

And these dead people, those caught by themselves, are the real heroes.

This feeling made Chu Shaoyang extremely difficult.

And what makes him most uncomfortable is that he understands in his heart that it makes sense to think so!

When he faced these people, he felt unspeakably ashamed.

He shook his head fiercely, shaking all these thoughts out.

Then, he turned his head back suddenly and stared fiercely at the people in Tianyuan Imperial City.

Everyone in Tianyuan Imperial City, silent as a chill, bowed their heads.

They felt the threat from Chu Shaoyang.

It seems that Chu Shaoyang has recovered a bit of confidence from his own powerful threat and the fear of the people in Tianyuan Imperial City.

He let out a hoarse laugh, stretched out his hand, lifted up the crowd who had been unconscious, and put them into a treasure like a cloth bag.

Then, the cloth bag shrank and fell into his hands.

With a flip of the wrist, it was gone.

Suddenly, Chu Shaoyang caught a glimpse of the Baishanshui next to him.

Although Bai Shanshui died but did not fall, he stood there with a smile on his mouth.

Chu Shaoyang looked at his smile and felt that he was mocking himself no matter how he looked at it!

His already suppressed emotion burst out again, and he could no longer control it!

Roaring frantically, he came to the corpses of Bai Shanshui and others.

He smashed his fist down, smashing it hard, and shouting like a nervous breakdown: "Why! Why!"

"Why do you prefer to die by yourself instead of being caught by me!"

"Then Chen Feng, why are you worthy of being treated like this!"

He was also furious, and his whole person was almost crazy.

He is doing the most disgusting thing!

Not only killing people, but also killing corpses!

However, at the moment when the hand was raised, he came into contact with Bai Shanshui's eyes.

Bai Shanshui's eyes are still alive despite death.

Awe-inspiring, as if untouchable!

Chu Shaoyang couldn't help but feel a chill in his heart, and that palm could no longer be suppressed.

He gritted his teeth fiercely, without saying a word, went straight to the door of the Qianyuan Villa.

He even dared not touch the bodies of Bai Shanshui and others.

Chu Shaoyang stretched out his hand, and the huge stone engraved with the four characters 'Qianyuan Villa' flew up into the sky.

Chu Shaoyang thought for a moment, his thoughts moved, his fingers were like a knife.

Brush and brush, the stone powder falls.

Above the boulder, two rows of writing were displayed.

Chu Shaoyang let out a cold snort, and the boulder fell.

He left without looking back.

Qingluan Ruyi Boat cut through the sky and hurried towards the direction of Tianyuan Imperial City.

The speed is unprecedented.

The green light drew a gorgeous arc above the sky.

Behind the Qingluan Ruyi Boat, a huge golden-winged dragon eagle walked with the wind.

Its wings slowly spread, forming an extremely graceful arc.

It also implies the wonders of heaven and earth, and it seems to move forward rapidly with the fluctuation of the airflow, without any effort.

It's just occasional shaking of the wings.

The Tiancun Beast Slave stood upright on the top of the giant goshawk and stretched out his arms.

He had studied with Chen Feng Haosheng before, about the practice of the use of Qi Yun.

Later, it was the practice method of seeing the blood wind, and I felt it.

Embracing the world at this time, and strive to sense the world and make yourself stronger!

Chen Feng stood on the bow of the ship, looking into the distance.

At this moment, he no longer had the gaffe he had just made, and his expression was very calm.

It's as if nothing happened.

However, he stared blankly, as if in a trance.

Beside, Han Yu'er looked at him with indescribable worry in her eyes.

Others don't understand Chen Feng's current situation, but she is very clear.

She knew that Chen Feng was now even more explaining the problem.

She walked forward and whispered softly: "Junior Brother, you..."

Chen Feng suddenly turned his head and gave a wry smile: "Senior Sister, I don't hide it from you, I'm really confused now."

"I know."

Han Yu'er bit her lip, her eyes are also quite anxious.

After Chen Feng explained it to her, she was like this.

Because most of the people who were involved in the accident, she also knew each other, and many of them had very good relationships with her.

She even knew what kind of feelings Chen Feng had for them!

I also understand how anxious and sad Chen Feng is!

She didn't say anything, just hugged Chen Feng gently.

Wenxiang Nephrite is full of arms.

Chen Feng's heart also gradually calmed down.

This time, it was true peace.

Because he knew it was useless to think about it all.

Now, I can only speed up and get there as soon as possible.

He can't do anything else!

"Do not!"

In Chen Feng's mind, there was a flash of inspiration: "I have one more thing to do now!"

When thinking of this layer, Chen Feng's heart was suddenly shocked!

That kind of sadness, that kind of extreme pain, instantly stayed in his heart forever.

It made his heart twitch rapidly, and even made him sore that he couldn't breathe.

Chen Feng actually bent down and retched, his face was full of pain.

Han Yuer was shocked: "Junior Brother, what's wrong with you?"

After a while, Chen Feng stood up straight, shook his head and slowly said: "It's okay, I just remembered one thing."

"I thought I couldn't do anything these days on the road."

"But it seems that I have to plan ahead and prepare something."

"If you are preparing to go there, it may be too late!"

Han Yuer said anxiously: "Then why do you suffer so much?"

"because....."

Chen Feng's voice was trembling: "If I need to do these things, it means that they have..."

Chen Feng looked at Han Yu'er, and the two of them were connected.

He didn't say anything, Han Yuer understood.

In an instant, Han Yuer's eyes reddened, and tears fell down.

[Chapter 4433: Did you die after I agreed?](#)

Of course she knew what Chen Feng meant.

Chen Feng is now preparing to do something for those people, called: Attracting the Soul!

And the foundation of all this is based on the fact that the six life-and-death talisman here has been broken.

And these five pieces of life and death even heart talisman shattered, which means that the six of them are dead!

Chen Feng, this is a precaution, ready to keep their souls!

So I can make plans for their future resurrection!

The basis for Chen Feng to plan ahead is that the six of them are already dead!

How does this make Han Yu'er not extremely painful?

Chen Feng straightened his body suddenly, his eyes were firm: "Even if they die, I will revive them!"

He yelled: "You want to die, have I agreed?"

Chen Feng sat cross-legged, sinking into the space of reincarnation magic.

The magical space of reincarnation is still vast and vast.

In front of Chen Feng, the huge erect pupil kept blinking, gleaming with a weird and mysterious light.

Chen Feng sighed slightly, and suddenly raised his voice: "May I see the memories I have read before?"

The loud voice sounded the next moment, just spit out one word: "Yes!"

Chen Feng was overjoyed.

But then, the loud voice sounded again:

"Anyone who has used Heaven and Earth's reincarnation magic power, the memories you have read, will exist in this reincarnation magic power space."

"But if you want to read it once."

"The price that needs to be paid is the same as using the magic power of turning over the world and reincarnation once."

Chen Feng could not help but smile wryly.

He naturally knew the cost of using the heaven and earth to turn over the reincarnation magic.

After using it once, you cannot use it again for at least seven days.

Otherwise, the headache will be splitting, the mental strength is almost exhausted, the combat effectiveness will be completely lost, and the fish will be on the knife of others.

However, even if the price is high now, Chen Feng is willing!

He didn't hesitate, his heart moved.

Suddenly, scenes of memories appeared on the huge pupils.

Chen Feng began to look carefully.

What he was looking at right now was the memory of the Soul Destruction Hall, the Soul Locking Tower guarding elder!

Chen Feng watched very carefully, and almost never missed every scene.

Therefore, the time consuming is extremely long.

Finally, after three full hours, Chen Feng's eyes lit up.

At this time, he spent a lot of mental energy, staying here for an extremely long time, reading these memories, he is exhausted.

But still refreshed, grabbed attention.

I have carefully looked at the things he wanted to find, and looked through it several times carefully.

After confirming that it was correct, he looked down again.

In this way, it took five hours.

Chen Feng finally found what he wanted in the memory of the guard elder.

The next moment, he felt a sharp pain in his head, and he could no longer sustain it.

Dizzy, he has already retreated directly from the space of reincarnation magic.

Back on the Qingluan Ruyizhou, Chen Feng's head was dizzy and almost fell to the ground.

The pain in his mind made him almost unable to control his figure, and his whole body was trembling.

This time, Chen Feng stayed in the reincarnation magic space for too long, which consumed too much mental energy.

The price he paid was even more expensive than using the Heaven and Earth Overturning Reincarnation magic twice in a row!

Chen Feng felt his head almost exploded, but there was a smile on his mouth:

"I found you, I finally found it!"

Chen Feng had already found what he wanted.

In the next few days, Tianchou Beast Slave, Han Yuer, and Qingqiu Yaoguang saw Chen Feng sitting cross-legged on the Qingluan Ruyi Boat, practicing a very strange kung fu.

Stepping on yin and yang from time to time, it seems to be practicing a certain formation.

And after a while, it was from all the collections he had obtained over the years, and worked hard to find certain materials.

Every movement he looked for, every material he looked for, was full of weirdness and ghastiness.

Even this gloomy ghostly air brought a somewhat hazy gloom and gloom in the dazzling green of Qingluan Ruyizhou.

Seven days later, finally arrived at Tianyuan Imperial City!

Next to the Tianyuan Imperial City, the former glorious and mysterious Qianyuan Villa has been reduced to ruins.

In the past few days, I don't know how many warriors from the Tianyuan Dynasty came here.

They know how mysterious this place is, and they also know how much benefit they can fish in troubled waters.

Therefore, they are all coming.

But without exception, they all went down.

Because, the periphery of the ruins of Qianyuan Villa is already full of royal masters.

All royal masters face outwards and no one is allowed to enter.

The ruins of Qianyuan Villa are generally the same as seven days ago.

No one had entered the ruins for seven days.

No one can take anything from it!

All of this originated seven days ago.

As soon as Chu Shaoyang left, the emperor of Tianyuan Dynasty gave this order.

All the masters should be mobilized, and even if there is a crisis in other places, we must protect this Qianyuan Villa safe and sound!

Only at this time, there was a turbulent crowd outside that Qianyuan Villa.

There are already tens of thousands of warriors from various places gathered here.

These tens of thousands of people screamed frantically, wanting to enter Qianyuan Villa.

And those royal masters are not giving in.

The two sides are at war, and the situation is on the verge!

"Your royal family, in the eyes of our Tianyuan dynasty martial artist, is just a great power's suzerain!"

"Yes, do you want to monopolize the treasures Chen Feng left behind for others?"

Everyone yelled.

"Can you afford these treasures?"

"Everyone is here today, and you have to get a share when you meet!"

In the crowd, there were constant clamors, provoking everyone's emotions to become more violent and greedy!

Everyone didn't know before, but now that the news spreads, how can we hide it?

As a result, everyone knew that this Qianyuan Villa was the place where Chen Feng, who was the first person to win the Kongsang Lunjian, placed his relatives and friends on the Dragon Vein Continent, like the sun!

God!

That's Chen Feng!

It is said that his current strength has reached the six-star Wudi!

In Tianyuan Imperial City, Emperor Wu's realm was already the most terrifying and unattainable realm!

This is the Six-Star Emperor Wu!

What is this concept?

And those people, but his relatives and friends are old!

How many treasures does he have to leave for these people? How many pills? How many martial arts techniques?

Now, these people, dead dead, captured!

Here, it is a land of no owner!

But these treasures are kept!

[Chapter 4434: greedy!](#)

Not to mention anything else, just say that the weapons that fell on the ground inside were all of the magic weapon level.

How can this make everyone not greedy? How not to be greedy?

And they, of course, also know the terrible Chen Feng.

But they bet that Chen Feng would not come.

In other words, it didn't come so quickly.

When Chen Feng came, everything here was cleaned up. Who knows who took it?

At that time, can he still find them one by one?

And as they shouted, even the defensive royal masters outside the ruins of Qianyuan Villa showed some hesitation on their faces!

There are many people with a bit of suspicion and hatred in their eyes.

They also want to enter the ruins to hunt for treasure.

The Emperor of Tianyuan Dynasty forced them to stay here.

In their opinion, they undoubtedly broke their martial arts road!

Seeing the people around them clamoring more and more, the royal masters have different thoughts.

Not far from the side, above a tall building.

Several people are standing by the window watching.

The situation here has a panoramic view.

Surrounded by the crowd, was a middle-aged man in a bright yellow robe.

It is the emperor of Tianyuan Dynasty.

Seeing this situation, someone next to him, with a touch of worry in his eyes, whispered: "Your Majesty, the sentiment is fierce!"

"There are tens of thousands of warriors outside, and our masters are only a few thousand."

"Although they are now afraid of the royal majesty, they dare not act rashly."

"But once you do it, the consequences will be disastrous!"

"Yes!"

A person next to him said in an interface: "Your Majesty, you have to do this early."

"At that time, if I am a royal master, there will be heavy casualties, and I am afraid the consequences will be disastrous, so I will shake the foundation!"

Several people around nodded.

However, the emperor of Tianyuan Dynasty had a deep expression on his face, without the slightest change.

Just categorically said: "Pass the order on, and don't take a step back!"

"Who would dare to let a person into the ruins of Qianyuan Villa, I personally killed him!"

"Understand?"

Everyone looked at each other, but they didn't dare to violate his words.

After the order was passed down, the royal masters felt a little relieved.

And the noise of drums became louder and louder.

Finally, there were a few masters in the crowd, with unpredictable eyes and silent!

Suddenly attacked the royal master.

In an instant, several royal masters were killed!

Suddenly, the formidable defense line laid down by the royal master was punched through a gap.

Those warriors broke in instantly.

They shouted frantically: "Brothers, come in!"

"There are countless treasures here, let's break in and grab a ticket and run!"

"Yes!"

The person next to him laughed arrogantly: "Let's break in, and after we robbed them, they are scattered everywhere, so how good is Chen Feng? Is it possible to find us and kill them one by one?"

These people clamored frantically.

Suddenly, those warriors were crazy.

Follow them directly and swarm in from this gap.

They looked around excitedly.

In an instant, hundreds of people broke in along the gap, and found many treasures among the ruins.

Many people have gained a lot.

Chen Feng gave all of them to Bai Shanshui and others.

Someone was waving a long sword in his hand and laughing excitedly.

Some people are holding alchemy furnaces as high as half a person.

Others found out a few pills and stuffed them directly into their mouths.

But they were not satisfied yet, and they started to reach out to the bodies of Bai Shanshui and others!

They knew that there must be more treasures on these corpses!

They must blaspheme the dead!

Bai Shanshui and others are dead, but their bodies are not down!

There seems to be a **** in it!

But how can this body withstand the ravages of these powerful men?

Seeing the next moment, it will be completely destroyed and torn to pieces!

And once so, it will even make Chen Feng unable to call upon them!

After the evocation comes back, the body is not there, how to arrange it?

Directly hurt them, unable to resurrect!

Hundreds of people have gained a lot, and the envied eyes of other warriors are red when they see this scene.

They all made crazy screams, desperately attacking the royal guards in front of them.

Seeing, these royal masters are already in danger, and within a few moments, they will be killed by everyone.

When the time comes, these tens of thousands of people will rush into the rubble, and there will be no one to cure.

Everyone's eyes were red, and they were all in a ball instantly!

At this moment, suddenly, someone raised his head and exclaimed: "What is that?"

At the next moment, everyone looked up.

Then everyone gave a huge exclamation.

It turned out that they saw at this moment that there was a giant palm above the sky, crashing down!

That giant palm is thousands of meters long, covering the sky and earth!

It was huge, like a shadow that enveloped everyone.

Originally, those who raised their heads and looked upwards were only a small part. Feeling the fall of the shadow, everyone looked up, all seeing the giant palm.

Everyone exclaimed: "What is this?"

Many people are back again and again!

They felt an extremely terrifying murderous intent from that giant palm, and an extremely powerful force!

And those hundreds of people who broke into the ruins first screamed in horror.

Because, they found that the giant palm was clearly slapped at them!

They will be shot to death by this giant palm in the next moment!

They screamed one after another. Fleeing madly.

No one wants to resist, everyone feels that the terrifying power contained in that giant palm is simply unstoppable!

And when they wanted to escape, they found that there was a tyrannical aura pulling out of the giant palm, locking all their auras!

They were shocked to find that they couldn't move or run!

Seeing the giant palm covering the sky getting closer and closer, they screamed desperately, waiting to die!

The next moment, the screams stopped abruptly!

With a loud bang, the giant palm fell heavily and hit the ground.

The giant palm disappeared in smoke, as if it had never appeared before.

But in place, it left a huge and incomparable palm print.

It is thousands of meters long, and the traces in the palm are extremely clear.

Remind everyone that there used to be a giant palm covering the sky, and it shot down!

Among the traces of the giant palm, there is nothing.

Nothing!

Everyone was stunned, all the fights and screams stopped, everyone froze in place and watched this scene blankly.

They were all shocked almost stupid, and there was a huge shock in their hearts!

After a while, the shock disappeared, leaving only fear!

Everyone knows what happened just now!

Just now, above the sky, a giant palm crashed down!

As this giant palm fell, the hundreds of warriors who swarmed into the ruins of Qianyuan Villa were all beheaded!

[Chapter 4435: died! It's all dead!](#)

They were actually lost by that palm!

No bones left!

Even the screams didn't have time to make the sound, it was directly dead and thorough.

Except for their deaths, everything else after the ruins was safe and sound.

Even the corpses were not destroyed!

What kind of terrifying power control is this?

Everyone looked up at the sky.

Then, they saw a huge azure ship, slowly falling from the sky.

Everyone was silent, but a thought surged in their hearts: "Who is here? Is it the strong man on that ship? He killed so many people with one palm?"

What a powerful strength this is!

What a terrifying state this is!

The emperor of Tianyuan Dynasty originally sat by the window drinking tea.

At this moment, he stood up suddenly, and there was a hint of excitement in his eyes.

The big ship slowly descended and hovered at a height of about 100 meters.

And a figure walked in front of the big ship.

After seeing his appearance, someone in the crowd suddenly exclaimed!

"It's Chen Feng, God, it's Chen Feng who is back!"

"It has only happened a few days ago? He actually came back?"

The sound of exclamation, one after another.

Almost instantly, everyone knew the news.

That is, Chen Feng is back!

Chen Feng stood on the bow and looked down, his eyes cold!

He had just arrived here when he saw that Qianyuan Villa was turned into ruins.

Inside, there is no half-life!

Obviously, there is no living person inside!

Chen Feng instantly felt a great pain in his heart!

What he foresees, the worst happened!

At this time, I saw these people breaking into the ruins, wantonly snatching the treasures and medicines they gave to Baishanshui.

Up to this time, Chen Feng was furious, and his murderous intent was extremely strong.

However, this did not give Chen Feng the idea of beheading them all!

However, their attempt to desecrate the bodies of Bai Shanshui and others caused Chen Feng's eyes to crack!

An instant hatred surged, almost crazy!

Just now, he saw with his own eyes that the bodies of Bai Shanshui and others were almost torn to pieces and completely destroyed!

This is something Chen Feng absolutely cannot tolerate!

He shot these people directly with one palm!

At this time, Chen Feng's eyes swept across everyone's faces.

Everyone who was in contact with his eyes trembled in their hearts and bowed their heads, not daring to look at him.

After a while, a faint voice came from the big ship: "Who dares to go in?"

Following these eight characters, the Qing Luan Ruyi Zhouzhi above the sky uploaded.

Suddenly, everyone was silent.

The people who were so arrogant and clamoring to enter Qianyuan Villa just now all lowered their heads, remained silent, and shrank their heads.

No one dared to say something arrogant!

A joke, who doesn't know now, this Qianyuan Villa is the place Chen Feng used to house his relatives?

Who doesn't know, the person on the Qingluan Ruyi Boat is Chen Feng!

Even if it is Tianyuan Imperial City, it is a remote place in a poor country, but Chen Feng's reputation has already spread here.

Everyone knows that Chen Feng is the first person in the younger generation!

The power is terrifying to the extreme!

Before, they did not have an intuitive understanding of this strength.

Today, I have seen it all!

"A palm! Just a palm, hundreds of people were directly beheaded!"

This kind of strength is already so strong that they can hardly understand it, completely beyond their imagination!

They just bet that Chen Feng would not come.

Now that Chen Feng is here, who dares to make trouble!

Chen Feng was so angry that he could not get rid of it.

Standing on top of the cloud, he shouted again: "Who wants to die?"

When these four words are spoken, they are different from just now.

The four words crashed down, and the four powers surged out fiercely.

Everyone felt that these four words were like four sledgehammers, striking in their own hearts fiercely.

The four characters fell fiercely, and those who were clamoring to enter were all hit hard.

Screaming one after another, spurting blood and falling to the ground!

Tens of thousands, all of them!

Tens of thousands of people were seriously injured by the four words Chen Feng!

Horrible!

Horrible!

Everyone was stunned.

Suddenly, this world was extremely quiet.

Looking at the Qingluan Ruyizhou above the sky, and watching the young man in white standing on the bow of the boat with his clothes moving in the wind, someone finally muttered to himself:

"Is this the horror of the Six-Star Emperor Wu? Is this the strength of the first person in the young generation of Dragon Vein Continent?"

"It's like a **** and Buddha descending to the earth! It's too strong!"

Even the emperor of the Yuan Dynasty that day, as well as all the masters of the Tianyuan Dynasty, were full of horror.

They finally saw the fame of Chen Feng, who shook the mainland!

"This is the real warrior!"

After a long time, the emperor of Tianyuan Dynasty sighed softly: "Compared with this, my generation is nothing but ants!"

Just in the shocked eyes of all these people, just in this dead silence, Qing Luan Ruyi Boat slowly fell.

Falling in this rubble!

Chen Feng looked at the ruins.

Finally, his gaze fell on the bodies of Bai Shanshui and others.

In fact, just now I saw those corpses.

Even for this, and Thunder is furious!

However, after taking a look, he quickly deviated his gaze!

He didn't even dare to see or think about it!

But now, Chen Feng abruptly forced himself to watch!

Present this most painful reality, bloody, before yourself!

Chen Feng forced himself, one by one, to look over!

Look at these corpses, one by one!

In the ruins, a figure is standing proudly, but it has no life.

This is Baishanshui!

There are two women, a girl with a beard, and a gentle and gentle.

Looking at each other and smiling, covered in blood, go back hand in hand.

This is Jiang Yuechun and Hua Ruyan.

A tall young man laughed proudly and seemed to die quickly!

This is Shangguan Lingyun!

And Yue Linglong!

And Wei Qingyi!

They seem to be still calling themselves 'Senior Brother Chen', 'Senior Brother Chen', 'Young Master', and 'Master'!

They were so clear and vivid in front of them.

But now, it's dead!

All dead!

It's all dead!

Chen Feng was in shock in an instant!

At this moment, the grief and hatred in his heart is almost beyond control!

At this time, the emperor of Tianyuan Dynasty greeted him quickly.

When he came to Chen Feng, he whispered: "Master Chen, are you back?"

He is extremely respectful.

Chen Feng glanced across his face, and he naturally knew what his identity was.

However, now the Emperor of Tianyuan Imperial City, how could Chen Feng see him in his eyes?
For forces like this, apart from anything else, there are more than a hundred under the Xuanyuan family.

[Chapter 4436: It's you! Chu Shaoyang!](#)

"Tell me, what happened!"

Chen Feng forcibly stabilized his mind, his voice was cold, without any emotion.

The emperor of Tianyuan Imperial City trembled in his heart, did not dare to conceal anything, did not have any nonsense, and said carefully the things of that day.

When the emperor of the Tianyuan Dynasty spoke of that day, suddenly there was a strong attack.

Speaking of Bai Shanshui and others, fighting the mysterious powerhouse.

Speaking of other people, in order not to be captured by this mysterious powerhouse, they committed suicide.

...

And the more he talked, he felt that the atmosphere here became more and more solemn and cold!

He glanced at it and saw that Chen Feng's expression was also extremely cold, Sen Han extremely cold.

The murderous intent in that eye is even more anxious!

The emperor of Tianyuan Dynasty felt cold, and quickly lowered his head, not daring to look again.

After he finished speaking, he quickly stepped aside.

For a long time, there was no movement here.

Chen Feng stood still and said nothing.

Everyone didn't dare to say a word, even the atmosphere didn't dare to breathe, and let the breath light and light.

Just now, when Chen Feng saw Bai Shanshui's body, he could hardly control his emotions.

At this time, when he heard the words of the Emperor of the Tianyuan Dynasty, his emotions were almost out of control.

Chen Feng folded his hands inside his sleeves, but the sleeves trembled slightly.

Finally, he could no longer restrain his emotions, his eyes were sore, and tears fell from the corners of his eyes!

Chen Feng was already in tears.

The man does not flick when he has tears, just because he has not reached the point of sadness!

I heard that I have so many friends who died in battle, I heard that they desperately killed the strong man, I heard that they would rather commit suicide than fall into the hands of the strong man, thus implicating themselves.

Chen Feng, how can he not be moved?

How can he not cry?

"Who did it?"

Chen Feng's voice does not contain the slightest emotion.

The emperor of Tianyuan Dynasty whispered: "This person calls himself Chu Shaoyang."

"Furthermore, he also erased himself from the stone stele of Qianyuan Villa, leaving two sentences."

"What? Chu Shaoyang?"

Chen Feng listened, and there was a hint of disbelief in his eyes: "How is it possible?"

"Isn't Chu Shaoyang already beheaded by me, with no bones left?"

"How could he still be alive? Can he still do such things? Chu Shaoyang is not dead?"

At the next moment, Chen Feng's figure flashed and came to the boulder.

Three sentences were carved on the boulder.

"If you want them to survive, at noon after March, Chaoge Tianzi City!"

And the inscription below is surprisingly three characters: Chu Shaoyang!

When Chen Feng looked at it, his pupils suddenly shrank.

He could feel a familiar breath from these writings, it was indeed Chu Shaoyang's breath!

"Really Chu Shaoyang? He is not dead?"

Chen Feng's heart suddenly moved.

He suddenly thought of that powerful and terrifying existence behind Chu Shaoyang.

Chen Feng showed bitter hatred in his eyes, gritted his teeth and sneered: "Chu Shaoyang is not dead. I'm afraid I can't get rid of you, right?"

"After March, is it outside Chaoge Tianzi City?"

"good very good!"

Chen Feng sneered and said, "Chu Shaoyang, since I can kill you once, I can kill you a second time!"

But Chen Feng is more concerned about another matter: "Who told him?"

He even knew the information of Bai Shanshui and others?

Chu Shaoyang, it is impossible to know the news of Bai Shanshui and others for no reason!

How did he know?

"Don't let me find you out!"

In Chen Feng's eyes, murderous awe-inspiring!

He walked slowly among the ruins.

Although Chen Feng felt that there was no more life in the ruins when he was just above the sky, he still didn't give up at this time.

He still wanted to find out the trace of the person who was born.

But in the end, Chen Feng was disappointed.

Chen Feng only felt sullen in his heart, as if a big rock was pressing in his heart.

He suddenly opened his arms and let out an earth-shaking roar!

what!

The roar shook the four wilds.

Everyone felt their eardrums buzzing, and they were almost dizzy.

Chen Feng's roar, it took a long time for a stick of incense to stop.

Everyone listened to it in silence.

What complex emotions are in it, anger, hatred, and unspeakable pain!

The fact is also true.

At this time, Chen Feng's heart was extremely painful.

However, when the roar became more and more backward, the pain in Chen Feng's eyes became less and less.

That murderous intent, that anger, that heart of revenge, is getting deeper and deeper!

Finally, when the roar stopped, Chen Feng had no pain in his eyes.

Yes, it's just the blazing flames!

That is the flame of revenge!

Chen Feng straightened abruptly, with a sneer at the corner of his mouth, and slowly uttered a word:

"Chu Shaoyang, you kill my best friend and take my friend!"

"Don't worry, I will let you, as well as those hidden in the dark, die from the pain in my hands!"

Chen Feng's words were light, not very strong.

But the murderous intent inside, can't be hidden, even can't be hidden!

His eyes are even more firm.

If you say this, you will do it!

The emperor of Tianyuan Dynasty heard it behind him, and he couldn't help but shudder.

At this time, Chen Feng wiped away all his feelings of hesitation, worry, pain, etc.

This emotion was brewing on the way he came, and it reached its extreme just now.

But now, Chen Feng knows that Bai Shanshui and the others are dead.

Knowing those other people, they have been looted and left.

This emotion was instantly dumped and empty!

What's the use of this kind of emotion? Can you revive them? Can you save them back?

There are two things to do now.

First: Revenge.

Second, it is...

Chen Feng strode suddenly to Jiang Yuechun, Bai Shanshui and others.

He stared at their faces as they were before they were alive: "Don't worry, I will be able to save them!"

"I must be able to save you guys!"

He patted his shoulder heavily with his hand: "Brother Bai!"

"Now, I will call you souls!"

Chen Feng looked at the emperor of Tianyuan Dynasty, and said solemnly: "I hope you will prepare something for me."

The emperor of the Tianyuan dynasty was overjoyed and hurriedly replied: "Just give your orders."

But he knew that if someone like Chen Feng had a good relationship with him, he would show a little benefit at will, and he would not be able to enjoy it.

The next day, in the evening.

It's cold winter.

Everything in heaven and earth. It was bleak.

The sunset that is about to fall is a bleak white with no vitality.

A cold wind blows across the world, making people tremble with cold.

The woods in the distance were withered, and the whole world was filled with the meaning of killing the cold.

In the middle of the ruins, a high platform has been established at this time.

It is ninety-nine meters high and round.

[Chapter 4437: spiritualism!](#)

The diameter of the top is 33 meters, and the diameter of the base is also 99 meters.

The entire high platform exudes an extremely strange breath.

Bursts of unspeakable ghost spirit slowly ooze from above.

The gloomy spirit, wispy, straight into the sky.

It even formed a huge black ghost head pattern in the air.

The high platform is full of pitch black and is constructed with dozens of materials.

Every material is from the most yin to the cold.

For example, there are tombstones of thousand-year-old ancient tombs, coffins made of gloomy wood and buried for five hundred years, ancient locust trees that have grown for three thousand years in a gloomy ghost house, etc...

There are so many strange things.

But without exception, all of them are the most yin to the cold.

Under the high platform, the Emperor of Tianyuan Dynasty whispered: "Master Chen, everything has been prepared in accordance with your instructions."

Chen Feng glanced over and nodded slowly.

He glanced at the emperor of the Tianyuan Dynasty next to him, and whispered: "I have work."

The emperor of the Tianyuan Dynasty, flattered, hurriedly said: "Don't dare to be a son of praise."

Chen Feng looked at him with heavy eyes.

Today, thanks to his help.

Although Chen Feng is very strong, the amount of these materials is extremely large and extremely cumbersome.

Even if Chen Feng prepared it himself, it would take several months to prepare.

But with the emperor of Tianyuan Dynasty, he gave an order, but within a day, he collected all these things.

Chen Feng said slowly: "Today you are very helpful to me, in the future, if you have any difficulties."

"You can come to me, I will save you once."

The emperor of Tianyuan Dynasty was even more ecstatic when he heard this.

Chen Feng made this promise, which is equivalent to giving them one more life!

He quickly thanked him again and again.

Chen Feng didn't say much any more, but shouted: "Tianchou beast slave, protect the law for me!"

A huge and crisp eagle's voice sounded.

A huge figure overwhelming the sky, like a large black cloud shrouded in the sky above the Tianyuan Imperial City.

It is the Golden Winged Dragon Eagle.

Above the golden winged dragon eagle, a voice rang: "Brother, rest assured, I am here!"

Chen Feng nodded slowly, feeling calm.

Next, he must concentrate on what he wants to perform, and he must not be interrupted.

He was relieved when there was a slave to the dead beast.

Chen Feng slowly ascended the platform and looked towards the sky in the distance.

The sunset on the horizon is getting lower and lower.

At the moment when the sunset completely set.

Chen Feng suddenly stretched out his hand and shouted: "The flag is coming!"

A big flag flew up and fell into his hands.

Chen Feng directly inserted it in the very center of the high platform!

The flagpole is ten meters high, and the whole body is pitch black. It is made of ten thousand years of gloomy wood.

And before this gloomy wood became a gloomy wood, it was an old locust tree that had grown for four thousand years and had bred dozens of ghosts and killed several rich families.

The face of the flag was in tatters and was sewn with dozens of powerful warriors who turned into zombies and ghosts after death, and the shroud at the time of their burial.

The ghastliness of these two things is even better than this high platform.

When the wind hits, the banner flutters in the wind, and the ghostly spirit is overwhelming.

At the moment the banner was inserted, black air suddenly rose to the sky, reaching a height of a thousand meters.

This powerful black energy is eerie and strange, and the black energy continues to flow.

And inside that high platform, all the black energy, all the gloomy ghost aura, are also injected into this black energy.

After the black gas reached a height of about a kilometer, it would condense, like a giant pillar.

However, Chen Feng clearly saw that these black qi turned into countless threads.

Like a long and dense silk thread, it spread out fiercely.

In an instant, he nailed a radius of three hundred li all over.

It is like a big net, covering a radius of three hundred miles.

Chen Feng slowly nodded, and then, on the high platform, he took a strange and mysterious step under his feet.

Before that, Chen Feng learned about the memory in the mind of the guard elder, and had a few days of hard training on the Qingluan Ruyi Boat.

It is very well organized.

In an instant, that set of steps was already completed.

Then, his arms raised, and he shouted.

A palm slapped on the high platform!

At the same time, in Chen Feng's palm, a faint flame flashed out, spreading to the entire high platform instantly.

With his roar, the high platform was actually spontaneously ignited!

With a bang, the flames rose fiercely.

However, this flame is not an ordinary red flame, but a cyan ghost fire!

The cyan wild fire burned and stretched up along the flag pole, reaching a height of one thousand meters.

Then, it spread along the strands of silk.

Almost instantly, within a radius of three hundred miles, it was full of cyan wild fires.

The whole area seems to have become a ghost country.

Not far from the side, the people of Tianyuan Imperial City were terrified to see this scene!

Under the reflection of this cyan ghost fire, all of Chen Feng's face turned cyan.

However, the righteousness on his face has not changed at all.

Although he used this method, to Chen Feng it was just a technique.

The Tao in his heart has always been upright and upright.

Although the high platform ignited a raging blue wildfire, it did not collapse, but remained stable.

The cyan wild fire continued to stretch, covering a radius of three hundred li along those silk threads.

Within a radius of three hundred miles, every tens of meters, the silk thread was nailed into it.

And this cyan ghost fire also burned into the ground, into the dense forest, into the deep mountains and deep mountains, into the abyss.

With the burning of these cyan ghost fires, there were suddenly bursts of ghost calls.

Then, you can see that within a radius of hundreds of miles, on the ground, there are suddenly strands of black smoke seeping out.

There was also black smoke gradually dispersing in the void.

Even in some wilderness, some are located in the shade of the mountain, in the dense forest where the sun is not seen all year round, there is also black smoke evaporating.

In the deep mountains and great mountains, thick black smoke is even more revealing.

In an instant, black smoke rose up everywhere in the world.

They seemed to be attracted by the cyan ghost fire, chasing the cyan ghost fire.

Seeing this scene, Chen Feng sighed softly: "The first step is done!"

The first step is to use special materials to ignite this cyan flame with the special technique of Soul Destruction Hall, which is the most able to attract these ghosts floating in the void.

Chen Feng is now using this method to attract ghosts in a radius of three hundred miles.

Then, those cyan wild fires began to slowly move into the clubhouse.

Chasing these cyan ghost fires, the gloomy black smoke gradually converged towards the high platform.

A strong and extremely yin ghost gas rushed to his face.

Above the sky, black smoke suddenly covered the sky, forming a black cloud.

[Chapter 4438: The soul is back!](#)

Spreading out above the surviving ray of light sky, it is as large as dozens of miles at a glance.

Moreover, that piece of black cloud continued to cover this high platform.

Almost in a blink of an eye, the layers of black clouds have already come directly above the high platform.

But at this moment, if you look closely, you can find out, where is this dark cloud?

Where is the black smoke?

This is obviously countless ghosts!

It turned out that this black cloud was actually formed by the condensation of countless ghosts.

However, these ghosts are not the same as what Chen Feng had seen before in the ghost forest.

The ghosts in those ghost forests have been refined by Soul Destruction Hall.

Also affected by the mysterious fog in the ghost forest, they are quite sane.

Apart from the fact that there is no body to see the sun, and the inability to practice, it is not much different from a human warrior.

But at this time, these ghosts above Chen Feng's head were not like that.

Each of these ghosts had their eyes dull, without any vitality.

Some are even broken and dilapidated.

This kind of incompleteness does not refer to which piece of his body is missing.

In fact, his body looks complete, but his breath is very weak.

That figure is also extremely thin.

It seems to be splitting a ghost into several pieces, and here is just one piece.

This means that these ghosts are not complete.

Other souls do not know where they are scattered.

What Chen Feng displayed was also an extremely advanced technique in the Soul Destruction Hall.

However, compared to the Hyakki Yexing Soul Calling Scripture, it was too far behind.

In fact, this martial art has evolved from the Hyakki Yexing Soul Calling Scripture.

It can be counted as an infinitely simplified and weakened version of the Hyakki Yakyō Soul-calling truth.

Its function is the same as that of the Hyakki Yexing Soul Calling Scripture, which is the ability to summon the soul that is free in the void.

However, compared with its power, it is unreasonable.

The Hyakki Yexing Soul Calling Scripture, but even the souls that roam in the void of the universe, come from other powerful worlds, or even lost in the infinite void, the powerful soul beyond the Martial Emperor realm in the turbulent flow of time, can be summoned!

But this martial skill is nothing more than a ghost that can summon a 300-mile radius.

Moreover, all kinds of precious, rare and weird materials are needed to assist.

Only then can it be done.

A few days ago, Bai Shanshui and others were dead.

In the past few days, their souls have long since drifted away, not knowing where they landed.

But fortunately, they died in a relatively short time, and their souls should have dissipated, not completely.

The distance left will not be too far.

Chen Feng concluded that within three hundred miles, some remnants should be recalled!

Now, it's doing our best.

Recall as much as you can.

Even if there is a strand of remnant soul summoned back, it is good.

After you have practiced the Hundred Ghosts Nightwalking Soul Calling Sutra in the future, you can recall the other souls!

If it is really like the old man, there is only one soul left in the three souls and seven souls, and the others are consumed.

And if it's been gradually consumed in such a few years, then it really can only be called back by using the Hyakki Yexing Soul Calling Sutra.

The method used by Chen Feng can only be aimed at the ghost who has just died.

At this time, those ghosts with a radius of three hundred li are all gathered here.

Chen Feng took a deep breath.

The next step is the most important.

Then, he sat cross-legged and operated the method.

His face suddenly turned pale, revealing an expression of extreme pain.

The whole body was shaking slightly.

After another moment, Chen Feng's whole body suddenly changed, faint and vague, and even more somber and weird.

His temperament is even somewhat similar to those of the disciples in the Hall of Soul Destruction who have been practicing vicious and weird techniques all the year round.

Seeing this scene under that high platform, Han Yuer and Qingqiu Yaoguang showed unstoppable distress on their faces.

They knew that Chen Feng was just for the smooth completion of the task, and he made it hard to transform his body into a physique like a ghost in a short period of time. *NovelUsb.Com*

In this way, the greatest effect can be exerted!

The next moment, Chen Feng suddenly wowed, and a mouthful of blood spurted out.

The blood is still in the air, and it has already fallen into pieces of ice.

And Chen Feng's face was completely pale.

His eyes were cold and leisurely.

He stood up slowly, his figure becoming a little stiff.

Then, he spread his fingers and flicked them.

Suddenly, the faint flame floated out at six o'clock.

The faint flame is pale, like a ghost fire.

The six-point flame fell on the high platform, on the bodies of six people.

The bodies of the six people including Bai Shanshui, placed side by side, are still the same as before.

Although Chen Feng was able to summon all ghosts within a radius of three hundred miles, Chen Feng's purpose was not to summon them all.

He just wanted to summon the souls of the six people including Bai Shanshui.

But how can the souls of the six people be separated from the countless ghosts?

This requires something that can draw with their six souls and breaths.

The one that draws their breath the most is undoubtedly their body!

After Chen Feng blew out these six flames, he seemed to be severely injured and another blood spurted out.

Strong support, did not fall on the table.

He trembled heavily, the pale color on his face faded, and he returned to normal in an instant, finally freeing himself from the state just now.

However, it was obvious that although this exercise was short-lived, it cost him a great price.

Chen Feng felt that he was almost out of oil, and his power was exhausted.

But he still resisted and went to the last step!

Chen Feng took a strange and mysterious step under his feet.

Afterwards, he didn't even step, but jumped there.

The action is extremely exaggerated and absurd, but it has an indescribable meaning of ancient barbarity.

There is solemnity in the weirdness, grandeur in the absurdity!

It's heart palpitating!

Just like the great Nuo dance of the ancient ancestors!

Green ghost fire, blazing.

In the middle of the fire, Chen Feng danced the great Nuo dance, and made a desolate and distant call, with endless sad thoughts in his mouth:

"Soul, come back!"

"The soul is back!"

Chen Feng shouted eight times, his voice getting louder and louder!

By the time of the ninth sound, that sound was already shaking the sky and the earth, rolling and reverberating under this sky!

Finally turned into four characters: Return of the soul!

As Chen Feng shouted these four words, in front of Chen Feng, six bodies moved at the same time.

Rumble, above the sky, countless lightning fell, and thunder slashed down.

The thunder was all blue and faint, and the hundreds of millions of ghosts were in a commotion.

[Chapter 4439: Chen Feng was buried here to hand six people!](#)

Then, in those ghosts that seem to be 10,000 people, no features, and outsiders can't distinguish.

There are six ghosts, surrounded by the light of thunder, slowly falling.

Fell in front of Chen Feng.

Falling on the six bodies.

Seeing this scene, Chen Feng finally felt relieved.

He was relieved.

Although I was hit hard, I finally did it.

Chen Feng paused for a moment, then stepped forward to look at the six ghosts.

The six ghosts, the eyes are full.

At this time, it looked like the six people including Bai Shanshui.

However, at this time, their faces were dull and dull.

Moreover, what worries Chen Feng the most is that these six ghosts are all dim and lacking in breath.

This also means that their three souls and seven souls are incomplete!

Chen Feng couldn't help being silent, but there was nothing too surprised.

In fact, he had thought of it long before he called the soul.

It is impossible for them to return all their souls.

If they are full of souls, it is actually Fan Qishui's situation.

In that case, by placing them in the Yinxuan jade puppets, they can directly resume their actions and possess sanity.

But this is impossible.

At the moment of leaving the body, the three souls and seven souls began to scatter outward, how could it be possible that the three souls and seven souls were there?

Now that he has achieved this step, it is already the ultimate.

The remaining ones can only be summoned back after he has cultivated to the Hyakki Yexing Soul Calling Scripture.

Chen Feng sighed lightly, and walked to the six souls.

Among the six souls, the most complete is the soul of Baishanshui.

This is also very easy to understand. Baishanshui is among all people, with the strongest will, and his soul will not easily dissipate so easily.

But even in the most intact Baishanshui, his three souls and seven souls only have two souls and three souls left.

Other people are thinner than him.

The worst is Yue Linglong, her soul is only one soul left!

Chen Feng looked at them and said in a deep voice: "Don't worry, I will avenge you!"

"Chu Shaoyang, I will kill him."

"I will bring his head to you!"

"For you, make a memorial!"

He paused, and then said: "Secondly, I will retrieve your other souls."

"You guys will definitely get a new life!"

"rest assured!"

Chen Feng stared at them with firm eyes.

At the moment when he heard Chen Feng's words, the six realms had lost their gaze, without any sage and spirit, like a walking dead soul.

Suddenly, they all moved slightly.

They stood there, as if slowly nodding towards Chen Feng.

It seems that even if he is now a soul, he trusts him extremely.

Chen Feng's eyes were sore, he lifted his head slightly to clear up his mood.

Then, Chen Feng hugged them in turn.

Although they are just phantoms, Chen Feng's arms will penetrate their bodies directly.

But Chen Feng still hugged one by one.

Then, he waved his hand.

In an instant, a huge suction power came from the six bodies.

In an instant, the souls of the six of them were all sucked into their bodies.

The body was no longer stiff, it became soft.

There seems to be temperature too.

The pale face became ruddy.

But no breath, and no injuries

Chen Feng immediately sealed them in the ice coffin.

Now their bodies are very peculiar, they are dead, but there are some vitality, but they are not as good as the living dead.

Therefore, the injury cannot be recovered at all and needs to be sealed immediately.

Otherwise, the body is easily decayed.

So far, today's call for souls is finally over.

The cyan flame also ignited to the end, there was a loud rumbling, the high platform collapsed directly, and the cyan flame disappeared.

Dark clouds have dispersed.

All this is like nothing has happened.

Chen Feng turned around and looked at the ruins with deep eyes.

That night, Chen Feng did not leave, but sat cross-legged here.

In his ear, it seemed that the laughter of Bai Shanshui and others could still be heard.

On the second day, when everyone in Yuanhuangcheng came here, they found that Chen Feng had left at some point.

The ruins in the original place also disappear without a trace.

Above the ruins, there is only a huge towering stone grave!

In front of the stone tomb, there is a rough stele with a line inscribed on it:

Chen Feng was buried here to hand six people!

Although Chen Feng knew and was confident, the six of them would be able to resurrect themselves!

However, he still set a tombstone for the six of them!

Chen Feng must always use this to alert himself, and don't forget the feud!

I must warn myself that I must protect those around me.

It was a fluke to resurrect them this time!

If their souls are destroyed, how can they be resurrected?

The attention of everyone in the Tianyuan Dynasty was quickly attracted by a huge stone next to it.

On the boulder, there are three lines of murderous characters:

After March, Chen Feng will bring the head of Chu Shaoyang here to pay homage!

Chaoge Tianzi City, before the Seven-Star Auction.

This is the most prosperous and lively place in Chaoge Tianzi City.

People come and go in an endless stream.

There were hundreds of thousands of warriors just above the square in front of the seven-star auction house.

Here, it can almost be said that Chaoge Tianzi City is quite the core.

Today, nature is no exception.

It was the morning, the sun was shining and people came and went.

Suddenly, a figure on the horizon quickly approached here, and soon hovered in a high place.

Everyone looked up.

Everyone has been in this Chaoge Tianzi City for a long time, naturally knowing that the Chaoge Tianzi City City Lord Mansion is powerful and maintains order here, and idlers are absolutely not allowed to fly in the air.

But naturally, there are some exceptions.

These exceptions are Chaoge Tianzi City, those existences they can't afford to provoke.

For example, those powerful Wudi experts.

Therefore, everyone understands that those who dare to fly around Chaoge Tianzi City must be powerful people.

Feeling the gaze of everyone below, the person above the sky is also slightly proud of his eyes.

Then, he coughed slightly, looked at everyone, and said in a deep voice:

"Everyone, I will be named Chu Shaoyang in the following."

However, these words did not cause any movement among the people.

Chu Shaoyang's reputation in Longmai Continent is not very prominent.

He didn't worry, he just smiled and flicked his right hand.

The next moment, under his hands, dozens of white like giant eggs appeared out of thin air, connected together.

Everyone was taken aback: "What is this?"

Then I saw that these were actually dozens of warriors.

However, the surface of his body was entangled in dense cobwebs, and all of them were unconscious.

Everyone was surprised, not knowing what the situation was.

The person who came was naturally Chu Shaoyang.

[Chapter 4440: Make an appointment](#)

After he left Qianyuan Villa, Xingye rushed to Chaoge Tianzi City.

Directly before coming to the Seven Star Auction.

At this moment, his voice suddenly rose up and spread out from a distance, so that he heard it in a radius of tens of miles.

"My name is Chu Shaoyang, and that Chen Feng is a feud!"

Chen Feng!

After these two words fell, everyone was in an uproar.

Everyone has never heard of who Chu Shaoyang is.

But Chen Feng had all heard of it, but they all knew who he was.

Chen Feng was originally famous in Chaoge Tianzi City, and now he is the first person in the younger generation.

If you say that Chaoge Tianzi City has never heard of his name, I'm afraid there are not many.

Therefore, everyone's attention is more concentrated.

Seeing this scene, Chu Shaoyang was extremely jealous.

He sneered and said: "Chen Feng, you started at the end of the day, and now, the lives of your hundreds of relatives and friends are in my hands!"

"If you don't want them to die, come outside the east gate of Chaoge Tianzi City at noon after March!"

"If you don't come, you're an unrighteous, mean coward!"

Everyone understood what was going on.

Suddenly in an uproar!

"It turns out that this Chu Shaoyang actually used Chen Feng's friend as a threat, really shameless!"

Everyone scolded Chu Shaoyang secretly in their hearts.

However, Chu Shaoyang was actually tyrannical and flooded, but it made people only dare to slander, and no one dared to speak out.

Everyone can see that this one is not annoying.

Even Chen Feng, who is famous in the world and known as the first person of the younger generation, dares to provoke him. Where is his opponent when these people go up?

Chu Shaoyang looked at the Seven Star Auction not far in front, with a sneer at the corner of his mouth.

He came here on purpose for a reason.

This is to be done before the Seven Stars Row.

He knew that the Seven Star Auction House was closely related to Chen Feng.

When they get the news, they will pass it to Chen Feng the first time.

Only by letting Chen Feng know this news can he truly achieve his goal.

He was still afraid that Chen Feng would not go to Qianyuan Villa and could not see the provocative words he left for him in Qianyuan Villa.

So, he wants to do it again here.

The more important reason is, where is this place?

Chaoge Tianzi City!

The core of the Dragon Vein Continent is where the heroes from all over the world gather.

Here, the speed of information flow is amazing.

Today, I have said this here, and it will spread throughout Chaoge Tianzi City in less than a day.

At that time, everyone will know that Chen Feng's relatives and friends are in their own hands.

Everyone knows that he wants to make an appointment with Chen Feng!

And if Chen Feng should not fight, in the eyes of everyone, he will become a despicable, shameless, cowardly coward, regardless of relatives and friends.

"And if he dares to challenge, then..."

The corner of Chu Shaoyang's mouth raised: "What I have is the hole card waiting for you!"

After saying this, he didn't stop, turned and left.

And what he said really worked.

When he said this, Lu Yutang happened to come to the Seven Star Auction House to see this scene clearly.

Lu Yutang showed an anxious look on his face, hurriedly raised his sleeves, turned and walked into the Seven-Star Auction.

He wants to report the matter to the eldest lady as soon as possible.

Chen Feng is an extremely important figure for their seven-star auction house.

Not to mention, Chen Feng had an excellent personal relationship with them.

Both of them must be extremely concerned about this matter in public and private.

There were two people in the crowd, and their complexions changed greatly after hearing these words.

The two of them glanced at each other, and their eyes were full of anxiety and panic.

These two people were Pu Jingyi and Chen Feng sent to Chaoge Tianzi City as an outpost.

However, Chen Feng sent them here for the main purpose of inquiring about the six major sects.

In the end, who would have thought that there was not a single eye on the six major sects, and he heard such a thing here.

Outside Chaoge Tianzi City, countless floating mountains, like a ring of nebula, surround a huge star.

There are more than tens of thousands of floating mountains?

Some of them are big and small, some have been developed into a peripheral city, and some are deserted, but just a barren mountain.

In the direction of Chao Ge Tianzi, six thousand miles away, there is a floating mountain.

This floating mountain is about tens of miles in size, and its height is about kilometers.

There are no special mineral treasures, and there are no rare birds and animals.

It seemed that it was just a bare mountain.

Therefore, it is naturally off the beaten track, and there is no warrior to come here.

And occasionally, when some warriors with unpredictable minds come here and want to do some unseen things, they will disappear bizarrely and never be seen again.

This is actually no wonder they are.

In fact, this floating mountain, even if you look around the entire Chaoge Tianzi City, is a very sinister existence.

It's normal to come and go.

Because this is a secret sub-rudder of the God of War Palace here!

This secret sub-rudder naturally should not allow others to get involved.

Regardless of who came in intentionally or unintentionally, there is only one word: death.

A figure came quickly from far away, approached this floating mountain, and soon fell slowly.

As soon as he landed, he felt that there were dozens of tyrannical auras around him, quietly arriving.

This breath is powerful, and it carries the meaning of killing.

These dozens of auras are even more implicitly related to each other, and it seems that they can form a magic circle at any time.

Their breath is not leaking, but murderous.

Seeing the next moment, a fatal blow will be given to those who come.

Like the hissing and whistling poisonous snake about to send out lethal murder.

The person who came was Chu Shaoyang.

After he came out of Chaoze Tianzi City, he came here quietly.

He waved his sleeves, smiled freely, and said slowly: "I am the distinguished guest of your young master."

"You don't need to send these meeting gifts to me, right?"

As soon as the voice fell, he raised his golden sword high.

It is the sword of Xiahou Yinghao.

Seeing this saber, it was only an instant, those dozens of domineering auras disappeared without a trace.

They come fast and go fast, as if they had never appeared in this world.

From the beginning to the end, even Chu Shaoyang did not see their figure clearly.

It even feels that even where they are is unpredictable and difficult to observe, and they cannot make very clear judgments.

After they receded, Chu Shaoyang sighed slightly, feeling a little shocked in his heart.

"I have long heard that the God of War Palace has an extremely powerful and mysterious power, whose name is: Yulin Dark Guard."

"The cultivation method is very special, hidden in the dark."

"Even the martial emperor realm powerhouse, it is difficult to find them!"
