

Peerless 4441

[Chapter 4441: Three Qixing Wudi!](#)

"One hit kills, if you succeed, you can escape far away. Seeing it today, it really deserves its reputation."

The dark guard of Habayashi is famous, and is an extremely terrifying force in the God of War Palace.

But no one knows what martial arts techniques they practiced, or how many of them are.

Even their attire and their characteristics are rarely known.

They are both warriors and assassins.

Both powerful and vicious, hidden in the dark, a fatal blow.

A dark guard of Yulin can fight two strong men of the same level head-on.

If he was given a secret space, he could even kill three or four warriors of the same level.

Chu Shaoyang had heard about it before, but he didn't care about it, but he finally saw it today.

Chu Shaoyang walked forward slowly in this barren mountain.

Finally came to one of the open valleys.

The open valley is about ten miles in radius.

The inside is huge, and a mountain wall rises at the end.

Before coming to the mountain wall, Chu Shaoyang tapped lightly four times, with his own rhythm.

After a while, the stone wall cracked.

It's just that it wasn't the stone wall in front of him that cracked, but the one behind him to the left.

Chu Shaoyang shook his head and smiled, "Although this mechanism is small, it is clever."

He walked in that direction.

However, when he walked halfway, the ground sank rapidly, cracking a big hole, and his body fell.

Chu Shaoyang didn't panic, he had dropped for a full kilometer before stopping.

Here is an extremely deep cave, surrounded by extremely dark.

However, several figures slowly appeared.

If there are several human figures, if there are none, if they are looming, as if they exist in this world, as if they are hidden in the gap of space.

Each body is quite powerful.

Chu Shaoyang knew that they were Yulin Dark Guards.

A few hidden guards from Yulin didn't say a word, leading Chu Shaoyang forward.

After passing through several levels in this way, he came to a huge cave in the belly of the mountain.

However, Chu Shaoyang was shocked just after entering this place. [Novelupdates.com](http://www.novelupdates.com)

He felt that in the very center of this cave, there was an extremely powerful and majestic breath hovering in it.

"Could this be?"

Chu Shaoyang looked there, then confirmed his guess.

It turned out that there was a cluster of huge crystals in the center of the cave.

About ten meters high, countless huge purple crystals protruded from it, piercing upward like a sharp sword.

These are nothing more, but what shocked Chu Shaoyang was that among the huge cluster of amethysts, there was a golden aura that was constantly circling around!

This golden aura is like a golden dragon.

It's no more than three feet long and no thick fingers.

Inside, there was an indescribable atmosphere of grandeur.

Facing it is like facing a human emperor.

"It's the emperor's anger!"

Chu Shaoyang exclaimed.

"Yes, of course it's the emperor's spirit."

"Otherwise, how could my God of War Palace choose an unknown place as our secret sub-rudder? How could I practice this time?"

A proud voice sounded.

A figure slowly fell from the cluster of crystals.

It is Xiahou Yinghao.

He has obviously just finished his cultivation, his complexion is ruddy and his body is full of breath.

Around his body, there are faint golden lights lingering.

It is exactly the same as the emperor's qi in that cluster of amethyst.

Chu Shaoyang hurriedly expressed his compliment: "On the Dragon Vein Continent, besides the son, how many people are qualified to cultivate this emperor's Qi?"

Xiahou Yinghao was quite helpful, he laughed, walked to the side and sat down, grinning:

"How is the errand going?"

He also never let Chu Shaoyang sit down.

Arrogant, like Chu Shaoyang is his subordinate.

Chu Shaoyang was secretly angry, but he also knew that Chen Feng could not be dealt with by his own strength.

At this time, he would use the power of Xiahou Yinghao.

Under the low eaves, there is no room for bargaining.

Therefore, his attitude is still extremely respectful, and he smiled and said, "We live up to my expectations."

"Next, you're done!"

Xiahou Yinghao suddenly became excited: "How come you are done? Show me quickly?"

Chu Shaoyang laughed, took out something from his arms and opened it.

Suddenly, a whirlpool appeared in the void.

Then the whirlpool reversed, and dozens of things that looked like a human cocoon fell out of the whirlpool.

It was Chen Feng's family and friends who were trapped by that spider web.

Then, he explained what he had done in Tianyuan Imperial City.

Xiahou Yinghao listened and applauded again and again.

Chu Shaoyang said in a deep voice: "Chen Feng started from the end of his life and was born in poverty."

"Along the way, there are many friends, many relatives and friends."

"Moreover, most of the strengths are not high."

He smiled slightly: "Chen Feng is so strong, we weren't his opponent before we used it alone."

"And if he doesn't have his handle in his hands, how can he obediently?"

"Now, we have arrested his person, and he has to do whatever he wants! Even if he knows it is a trap, he has to come!"

Xiahou Yinghao laughed: "Chen Fengsu comes from weighing love and righteousness. His people are here. How could he not come?"

Chu Shaoyang said, "After March, outside the east gate of Chaoge Emperor City."

Xiahou Yinghao glanced at him, gritted his teeth and said bitterly: "This is where Chen Feng buried his bones!"

The two laughed at each other, as if they had seen the scene of beheading Chen Feng.

Chu Shaoyang continued: "The key to our plan is actually on you, son!"

"Oh? How to say?"

Chu Shaoyang smiled and said:

"If I did this, Chen Feng must have thought that I was the only opponent."

"But as everyone knows, we have laid a net of heaven and earth!"

"The first step is to make a fight between the two of us. He doesn't know that there are other masters who are in ambush. By that time, I will be in the light and the son will be in the dark."

Xiahou Yinghao was excited, and the interface said:

"The second step, when you and Chen Feng were fighting, my master suddenly shot! Then how can Chen Feng stop?"

Chu Shaoyang laughed, "Even, I'm ready for the third step!"

"Oh? The third step?"

Chu Shaoyang nodded and said solemnly: "Here, the God of War Palace has been in operation for many years, and there are a large number of Yulin's dark guards."

"These dark guards from Yulin can be our last killer move."

"If all the previous preparations are useless, these dark guards of Yulin will finally gather and kill them!"

"They are powerful and weird and unpredictable. Chen Feng is definitely not an opponent."

Xiahou Yinghao chuckled, "How can it be this far?"

He looked down at Chu Shaoyang: "You know, how powerful is the strong I found this time?"

Chu Shaoyang's heart jumped: "I would like to hear the details."

Xiahou Yinghao smiled slightly, with a hint of pride in his eyes:

"I came here this time and specially invited three people from the mansion, the messenger of God of War!"

"The Messenger of God of War?"

Chu Shaoyang raised his eyebrows: "I don't know what strength these three God of War envoys are?"

Xiahou Yinghao stared at him, saying word by word: "Seven Star Martial Emperor!"

Qixing Wudi!

The four words, like a thunder, exploded in Chu Shaoyang's chest.

In an instant, he made his heart beat wildly, and his excitement was beyond words!

His heart was full of trembling: "Besides the Eight-Star Martial Emperor of Xiahou Jiuyuan, there are so many Seven-Star Martial Emperor masters in the God of War Palace?"

"It can be judged from the fact that Yinghao Xiahou can easily invite three Seven-Star Martial Emperors, I am afraid that there are not a few Seven-Star Martial Emperors in the God of War!"

[Chapter 4442: Seems to be an old friend](#)

"This God of War Palace, as expected, is not at the same level as the other nine forces!"

"too strong!"

He took a deep breath, and after a while he calmed down.

Then he laughed and said, "I am here, first congratulations to Master Xiahou."

"This time, Chen Feng will definitely be killed easily, and your confidant will be completely eradicated!"

Xiahou Yinghao also laughed, his eyes full of contempt.

from their perspective. Chen Feng is already dead.

Three Seven Star Martial Emperors are here, can he still reach the sky?

Xiahou Yinghao again ordered: "Chu Shaoyang, wait until Chen Feng comes to Chaoge Tianzi City and steps into our trap."

"But I want everyone in the world to know, I want all the powerful in Chaoge Tianzi City to come and watch!"

He gritted his teeth and said: "I want Chen Feng to suffer endless humiliation before he dies."

"I want everyone in the world to witness his humiliation!"

"In this way, the hatred in my heart can be solved!"

Chu Shaoyang smiled secretly in his heart: "This Xiahou Yinghao was really humiliated by Chen Feng before, so he wanted to vent his hatred."

He secretly smiled in his heart, but did not miss the slightest on his face. He nodded and said, "Don't worry."

Qingluan Ruyi Boat rowed across the void and hurried towards Ge Tianzi City.

Chen Feng collected the relics of Bai Shanshui and others that day, and brought their remnant souls back, and then left in a hurry.

Only the stone grave, the stone stele was left.

And, that monstrous hatred!

In the next few days, he was heading towards Ge Tianzi City.

At that time, Chen Feng's heart was always gloomy, as if there was a pile of blocks.

However, in comparison, there is always a goal of revenge.

Clearly know what to do next.

There are only two things to do next:

1. Kill Chu Shaoyang!
2. Find the Hyakki Yexing Soul Calling Scripture and revive them,

One is to avenge and the other is to save others.

Chen Feng suddenly remembered that day, when he and Chu Shaoyang fought for the first time in Tianlong City, the terrifying huge finger that came out of the sky.

And, the woman who stood in front of her finger and killed her life for herself.

"Do you remember her?"

Chen Feng seemed to be asking himself.

He sighed softly, "I remember it naturally."

"After the Hyakki Yexing Soul Calling Scriptures are available, you, I will recast your body!"

At this time, Chen Feng suddenly found it difficult to calm down, and the unspeakable spirit in his heart was difficult to calm down.

A heart palpitations that came from nowhere, aroused his heart, making it difficult for him to practice calmly.

At this time, Chen Feng didn't know how terrifying the opponent he would face after going to Chaoge Tianzi City.

Now, just the strong on the side of God of War Palace, there are already three Seven Star Martial Emperors.

Chen Feng looked at the sky in the distance, his eyes solemn.

He was thinking about what he might encounter when he went to Chaoge Tianzi City.

"What is waiting for me on the way?"

If he were to be an ordinary person, Chu Shaoyang would be his defeated man. The person who had been killed by him once would naturally despise Chu Shaoyang especially and not take him seriously.

But what kind of person is Chen Feng?

He never despised any opponent.

Chen Feng would naturally not be so naive.

He is very clear about what kind of person Chu Shaoyang is. Although he is arrogant and arrogant, he is definitely not the kind of person who does not know the height of the sky.

He despised himself many times before because he didn't know his strength.

But now, Chu Shaoyang knew a lot about himself, and he was the one who died once.

"If Chu Shaoyang is not sure of victory, would he be so swaggered and set a trap in Chaoge Tianzi City, and wait for me to go?"

Chen Feng made a judgment instantly:

"Chu Shaoyang must be dependent on it!"

"It's just, what is his dependence?"

Chen Feng only felt that there were countless fogs in front of him, but he still couldn't see through.

He looked in the direction of Chaoge Tianzi City: "There must be a fierce battle waiting for me in Longtan and Tiger Caves!"

At this moment, suddenly, Chen Feng raised his brows and looked far away.

He felt a faint warning sign coming from a distance.

The next moment, right in front, a huge white ice arrow suddenly appeared.

This snow-white ice arrow is a hundred meters long and has a diameter of three meters.

It looked like a huge icicle.

It's just that this icicle is full of radiance, and the tip is even more icy blue, showing extremely low temperature and extremely firmness.

The huge ice bolt came through the air, and shot at Qingluan Ruyizhou at a very fast speed.

But Chen Feng didn't care.

The power of this arrow was probably around the four-star Emperor Wu, and it did not cause any harm to Qingluan Ruyizhou at all.

He took a closer look, and suddenly gave a little hum.

It turned out that Chen Feng couldn't feel any murderous intention from this arrow.

The strength is contained but not revealed, and can be recovered at any time.

It was as if the person who shot the arrow didn't want to attack Chen Feng, but just wanted to attract Chen Feng's attention.

He didn't wait for Chen Feng to act.

Above the sky, the huge golden-winged dragon eagle flew down suddenly.

With a flap of wings, without even using the Golden Winged Dragonhawk, the huge wind from his wings fanned the ice arrow.

The golden winged dragon eagle made a quack, seeming to mock the person who came.

Tiancun Beast Slave looked at Chen Feng: "Brother Chen, is there a strong enemy?"

Chen Feng slowly shook his head: "Let's stop first. Those who come should be friends and not enemies."

Under his control, Qingluan Ruyizhou slowly slowed down and finally hovered in the air.

In the distance, a figure slowly appeared on the horizon.

The moment Chen Feng saw her figure suddenly jumped in his heart.

This person gave her a very familiar feeling.

He wore a white dress with a veil on his face.

Even so far away, even his figure looks vague, but Chen Feng can feel the breath of the other party, which makes him very familiar.

The visitor is slim, obviously a woman.

She slowly came to the Qingluan Ruyizhou and looked at Chen Feng through the green light curtain.

His eyes were blank, but he didn't say a word.

However, in the eyes, there are unspeakable memories and nostalgia.

As if thinking about the scenes that had appeared many years ago.

Then, those eyes were soft as water.

Her veil moved, it seemed that the corner of her mouth under the veil was hooked, revealing a smile.

Although Chen Feng couldn't see it, he guessed that the smile must be full of nostalgia and tenderness.

Chen Feng's mind suddenly flashed through.

Scenes suddenly emerged.

A beautiful shadow became clear from the blur in his mind.

Chen Feng's lips trembled, a touch of excitement appeared in his eyes, and he trembled: "It's you? Sister Luo! Is it you?"

[Chapter 4443: That's it!](#)

Chen Feng's voice was trembling.

It can be seen how excited he is now.

And when Chen Feng said the three words 'Sister Luo', the person standing in front of him was suddenly shocked.

In an instant, Chen Feng saw that her veil had been wetted.

Beautiful eyes flushed and tears fell down.

She turned around suddenly, seemingly unwilling to be seen by Chen Feng crying at this moment.

The thin shoulders and the slender figure were trembling slightly in the wind.

The whispering voice kept coming.

"Sister Luo, really you?"

Chen Feng's heart was hot instantly, and he was indescribably excited, and shouted: "Sister Luo, is it really you?"

The woman finally turned around slowly.

Looking at Chen Feng, he took off the veil.

At the moment she saw her face, Chen Feng almost suffocated.

The woman in front of her has a fair complexion like jade, and she looks beautiful.

However, there are several scars on her face. These scars cannot be eliminated anyway.

Add a bit of ugliness to her face.

But in Chen Feng's eyes, this appearance is absolutely beautiful.

Because he knows where these scars come from.

This woman is not Luo Zilan, but who is she?

With a flash of Chen Feng's figure, he jumped out of Qingluan Ruyizhou and directly embraced the woman in his arms.

With Wenxiang Nephrite in his arms, Chen Feng still has a strong sense of unreality in his heart.

"Really you? Really you?"

After a long time, the unreality in his heart disappeared.

Finally convinced that Yi Ren is right in front of him.

At the moment when Chen Feng was in her arms, Luo Zilan trembled violently, and instinctively wanted to push this person away.

But, he is Chen Feng! He is Chen Feng!

Smelling the familiar breath that she hadn't touched for a long time, Luo Zilan's heart trembled, her whole body softened, and she couldn't do anything.

Just let Chen Feng embrace him in his arms.

Han Yuer and Qingqiu Yaoguang watched this scene blankly.

Qingqiu Yaoguang suddenly pulled Han Yuer's sleeves and winked playfully at her: "Sister Yuer, don't you care?"

Han Yuer smiled silently, shrugged, and said in a low voice:

"If your brother Chen Feng got involved with flowers and grass outside, wouldn't I be exhausted if I take care of it?"

She shook her head and pulled Qingqiu Yaoguang into the cabin, but she didn't see it.

The Tiancun Beast Slave looked dumbfounded, and only reacted after a while.

With a thought, the golden winged dragon eagle flew forward, leaving space for Chen Feng.

The two embraced for a long time, and it took a long time to separate.

Chen Feng looked down at Luo Zilan and said softly: "Sister Luo, I miss you so much."

This sentence directly caused the tears that Luo Zilan had just stopped to flow out again.

After a while, he stopped and said softly: "How long have we not seen each other?"

"It's been six or seven years."

Chen Feng sighed, looking at Luo Zilan, his eyes were soft.

At that time, Luo Zilan was accepted as a disciple by Bahuang Tianmen, which was a rare opportunity for her.

Chen Feng is also very happy for her.

Later, the two had their own fortunes, but they never met.

"Actually, we just met a while ago."

"What? I just saw it a while ago?"

Chen Feng was stunned.

Luo Zilan covered her lips and smiled: "Kong Sang Lunjian, we can also go to Bahuang Tianmen."

"I am one of the five people participating in our Bahuang Tianmen."

"and....."

She looked at Chen Feng, smiled playfully, blinked and said, "I also got a silver crown!"

"What? There is still this thing?"

No wonder he didn't know.

When Chen Feng came out, this had already been done.

After he came out, he fought with Xiahou Jiuyuan and Xiahou Yinghao one after another, and had no energy to pay attention to the others.

What's more, Luo Zilan never went up to recognize him at that time.

"You!"

Luo Zilan flattened her mouth: "What status are you now? Where can I be seen in the audience?"

Chen Feng quickly explained: "Sister Luo, don't wrong me, don't you know what my temperament is?"

"No matter how my strength and status become, I still treat you as always."

Seeing that he was particularly careful to explain, Luo Zilan somehow felt a bit sweet in her heart.

"Okay, I was joking with you."

She nodded Chen Feng's forehead.

Chen Feng took her to the bow of the Qingluan Ruyi Boat, looked at the sky in the distance, and suddenly there was a little emotion in his eyes.

He thought of the scenes when he got along with Luo Zilan.

At that time, he was just a very remote place, a very inconspicuous disciple in a very weak sect.

At that time, Luo Zilan did a lot for him.

And now, he was already the pinnacle powerhouse of the Dragon Vein Continent, and he could even shelter Luo Zilan from the wind and rain.

"Sister Luo, how have you been in the Bahuang Tianmen? Is it satisfactory?"

"If anything goes wrong, you must tell me."

"My current strength is enough..."

"I know!"

Before he finished speaking, Chen Feng's mouth was pinched by a pair of snow-white silkies.

Luo Zilan looked at him, smiled and said: "Don't worry, I'm in Bahuang Tianmen, no one can give me wrong."

"My strength is also progressing very quickly. I know you can do that, but I still prefer to stay at the Bahuang Tianmen."

Chen Feng knew what Luo Zilan thought.

Knowing that she didn't want to be protected by her, she didn't force it anymore.

Just nodded slightly.

Luo Zilan went on to say: "This time, I came here because of an urgent matter and time is very tight. I will make a long story short."

Chen Feng nodded.

He didn't know why Luo Zilan was anxious to find herself this time.

Luo Zilan looked at Chen Feng and said solemnly: "Chaohe Tianzi City, there is a huge trap waiting for you."

"What? Do you know this?"

Chen Feng was shocked.

The trap Luo Zilan said was naturally laid by Chu Shaoyang.

Chen Feng asked in surprise: "How did you know?"

Luo Zilan slowly said, "Chu Shaoyang, once came to our Eight Desolate Heaven Gate."

After all, he just told Chen Feng what happened a few days ago.

Speaking of that secret talk.

"That's it! That's it!"

Chen Feng's eyes suddenly revealed a touch of cold murderous intent, and hatred rose to the sky!

"Bahuang Tianmen, it turned out to be a good thing you did!"

He instantly understood why Chu Shaoyang knew where the Qianyuan Villa of the Tianyuan Dynasty was located.

Chen Feng had been thinking about this before, but now it is clear and the time is just right.

Chu Shaoyang went to Tianyuan Imperial City only after meeting the people from Bahuang Tianmen.

Moreover, if one of the nine major forces cares about their past the most, then it must be the Bahuang Tianmen that has had a feast with them.

It is not surprising that they can find out the location of their relatives and friends.

[Chapter 4444: endure!](#)

"Bahuang Tianmen! It turns out that you told Chu Shaoyang, Bahuang Tianmen! Good! Very good!"

Chen Feng, at this time, could hardly control his emotions, and wanted to kill the Eight Desolate Gates with a sword!

He even hated the Bahuang Tianmen better than Chu Shaoyang!

Chu Shaoyang, once killed by him, revenge is inevitable.

But what about Bahuang Tianmen?

Sneaky and shameless behind!

"Chen Feng, what's wrong with you?"

Luo Zilan was flustered and asked quickly.

Chen Feng took a deep breath and told Luo Zilan what had happened in the Tianyuan Imperial City.

Before, when Gong Yegang and Gong Yegang were whispering, Luo Zilan didn't hear what they said.

Naturally, they couldn't tell Luo Zilan this secret.

Therefore, he did not know the next whereabouts of Gong Yegang.

Hearing this at this time, he could not help being silent.

After a while, he apologized: "Chen Feng, sorry, I should be earlier..."

Before finishing speaking, Chen Feng interrupted.

He looked at Luo Zilan and whispered softly: "Don't do this, how can this be your responsibility."

"I know, it will be extremely difficult for you to find a chance to come out."

Naturally, Chen Feng would not irritate others indiscriminately.

Luo Zilan felt a little relieved and said softly: "Chen Feng, you have to pay attention."

"This time, it's not that Gong Yegang wants to deal with you alone, this time there are many people who have to deal with you."

"I heard Gong Yegang say that he has already hooked up with Xiahou Yinghao."

"Moreover, all the masters in God of War Palace can be mobilized by Xiahou Yinghao."

"All the masters of God of War Palace, let Xiahou Yinghao be mobilized?"

Chen Feng repeated these words again, and slowly exhaled a foul breath.

He suddenly felt his heart sink.

There are many masters in the God of War Palace.

Under Xiahou Jiuyuan, the eight-star martial emperor, it is rumored that there are several powerhouses of the seven-star martial emperor level.

I'm afraid this time, among the powerhouses waiting for him in Chaoge Tianzi City, there is the Seven-Star Martial Emperor from the God of War Palace!

Moreover, there is most likely more than one.

Chen Feng took a deep breath.

With his current strength, a master of Seven-Star Martial Emperor, he couldn't deal with a single one.

Let alone a few!

Moreover, since Gong Yegang has contacted Xiahou Yinghao and Bahuang Tianmen, he is afraid that other sects will be brought over by him.

He whispered to himself: "I'm afraid, waiting for me in Chaoge Tianzi City is a net of heaven and earth, countless top masters!"

At this time, Chen Feng finally knew why he was so worried before.

I finally knew why I couldn't tell the heavy reason in my heart today.

However, after knowing this, Chen Feng didn't feel any panic, but couldn't say anything.

The most terrifying thing is the unknown.

Now that I know it, no matter how powerful the enemy is, Chen Feng will not be afraid!

However, being not afraid does not mean that Chen Feng will rush in recklessly.

Chen Feng was never a fool, nor was he someone who stepped in knowing that there was a trap ahead.

What should I do when I go to Chaoge Tianzi City, but I have to worry about it again.

Chen Feng's mind turned around, thinking about tactics.

Luo Zilan whispered: "Chen Feng, be patient!"

Chen Feng understood what Luo Zilan meant.

He now has to play stupid and endure.

In this way, Gong Yegang thinks that his hole cards are not exposed.

When that happens, whether he is preemptive or whatever, he will become Gong Yegang if he is caught off guard.

If Chen Feng was in the light before, Gongye was just in the dark, and it was Gongye who was calculating Chen Feng.

So now, Gongye was just in the light, and Chen Feng was in the dark.

After speaking a few words with Chen Feng, Luo Zilan stood up and said, "Chen Feng, I should go back."

"Originally we should return to the Bahuang Tianmen, I found a reason, came to a nearby rudder, and stayed for a few days."

"This punishment rudder is the only way to go to Chaoge Tianzi City."

Her eyes were crazy:

"I know you will definitely pass by again. I wait here every day. The Emperor pays off, and finally waits for you."

"However, I can't leave for too long, or I'm afraid it will cause others to doubt."

Chen Feng looked at Luo Zilan and solemnly said: "Sister Luo, thank you very much."

He knew how much risk Luo Zilan had taken this trip.

Her move, without a doubt, was equivalent to breaking with the Bahuang Tianmen and completely standing on her side.

If it were known by the Bahuang Tianmen, the consequences would be disastrous.

Luo Zilan smiled sweetly, and said nothing.

But Chen Feng knew what she wanted to say.

A few years ago, wasn't it so?

In the more dangerous situation, Luo Zilan still did not hesitate to take her own life for Chen Feng.

"Well, no need to say anything, I have to go back."

Chen Feng reached out and took out a life and death talisman and placed it in her palm.

Word by word: "Sister Luo, remember, if you encounter danger, you must crush it."

"No matter what, I will save you."

A touch of emotion flashed in Luo Zilan's eyes, and then the touch disappeared: "Alright, I know."

What she said was an understatement, but she held the life and death talisman tightly.

Luo Zilan turned around to leave.

Suddenly, he turned around again and lightly pecked Chen Feng on the face.

The body shape flashed, and Qingluan Ruyizhou was swept out and went outward.

It just left a string of chuckles like silver bells in the wind, unspeakable joy.

Covering the surviving warmth on his face, Chen Feng looked startled.

At this time, his heart was extremely depressed.

The block in his chest almost pressed him out of breath!

Chen Feng just feels uncomfortable and suffocated. He can't wait to smash everything and smash everything to pieces!

The one you love is right in front of you, but you can't keep it.

He also knows who is behind the scenes, but for the sake of the overall situation, he cannot take revenge!

Chen Feng only felt that countless yoke chains were wrapped around him!

It was extremely uncomfortable for him to break free!

After Luo Zilan left Qingluan Ruyizhou, he headed all the way to the north.

Soon he came to the top of a group of mountains.

Right above the mountains is a huge floating mountain with a radius of thousands of miles.

Even if it is placed in the floating mountains around Chaoze Tianzi City, it can be regarded as medium-sized.

On this floating mountain, there is an extremely large city.

The city has a radius of thousands of miles, and the population is more than one million?

There are tall and beautiful buildings everywhere.

It was the time when the sun was setting, the afterglow of the sun had not yet set, and the streets were crowded with people, bustling, and numerous caravans.

Obviously it is a very prosperous city.

This place is called Bahuang City. Looking at the Longmai Continent, it is a prosperous place that is counted and located on the only way to Chaoge Tianzi City.

The controller behind it is the Bahuang Tianmen.

It is simply normal for a powerful force like the Bahuang Tianmen to have some industries in various places.

[Chapter 4445: Luo Zilan in distress](#)

The entire Bahuang City is the property of the Bahuang Tianmen. The sub-rudder of the Bahuang Tianmen in Bafang City is in a valley at the highest point of the Fukong Mountain.

When Luo Zilan returned to the sub-rudder, the moonlight had already risen.

Everywhere she went, everyone looked respectful, bending over and saluting, not daring to look directly.

Everyone knows her origins and knows her strength even more.

Luo Zilan returned to her home all the way.

He lives in the deepest part of the valley, on a cliff.

Here, you can overlook the entire sub-rudder.

That mountain cliff is even more blooming like a brocade, born abruptly on this barren mountain, creating an existence like a paradise.

Next to her residence, there is also a spring gurgling down, and the clear stream is so beautiful.

Among the flowers, countless fireflies are dotted.

Here, it looks like a dream.

Luo Zilan pushed the door in and let out a soft sigh.

Suddenly, his face changed drastically, and he shouted, "Who? Get out of me!"

A low and hoarse voice, but with a somewhat cold voice: "As expected of Junior Sister Luo, she is alert enough."

A figure slowly walked out behind the curtain.

"Gong Yegang, it turned out to be you? What are you doing here?"

Luo Zilan suddenly thought of something, her face paled, her expression changed drastically.

Gong Ye just stared at her and smiled coldly: "Luo Zilan, stop pretending here."

"Looking at you like this, you still can't guess what I am doing here?"

Luo Zilan looked back to normal in an instant, and smiled faintly: "Gong Yegang, how do I know what you are here for?"

"I only know!"

She screamed: "You break into my residence for no reason, and I can kill you!"

As soon as the voice fell, Luo Zilan let out a scream, moving forward!

The long sword dragon yin in his hand suddenly came out of the sheath!

A sword pierced out, the prestige is extremely prominent!

It is even more decisive, tyrannical and overbearing!

It was Luo Zilan's gatekeeper skill, a martial skill that very few of the Eight Desolate Heaven Gates had practiced.

A sword pierced out, as if the dark night was illuminated, the entire cliff was shaking, as if to be directly shattered by this sword!

Luo Zilan was really a very decisive person, and made a decision in an instant: murder and kill!

Don't say a word of nonsense to Gong Yegang, just do it!

He wanted to kill Gong Yegang with one sword!

Facing this sword, Gong Yegang's expression also changed drastically.

He didn't expect Luo Zilan to be so decisive!

There is no doubt that Luo Zilan's strength is above him.

He couldn't catch this sword at all.

"Luo Zilan, do you dare to kill me? Do you dare to use this trick?"

Gong Yegang was also a ruthless person, gritted his teeth and screamed, suddenly he crushed two things.

They are his two life-saving treasures.

In an instant, there was a burst of cyan light on the surface of the body.

Dozens of long sword phantoms directly shrouded him, and each phantom contained an extremely huge aura.

These phantoms, like shields, defended him tightly.

Even with Luo Zilan's sword, it definitely couldn't kill him.

However, there was a touch of pain on his face.

Staring at Luo Zilan, she gritted her teeth and said: "Bitch, you forced me to use two of the most precious self-defense treasures. I want your life!"

Luo Zilan smiled coldly, her figure flickered, and her moves.

This ultimate move has disappeared without a trace!

And she rushed toward the outside.

It turned out that this move was just a false move!

But to force Gongye to just retreat, her real goal is actually to run away!

Seeing this scene, Gong Yegang felt almost vomiting blood.

He was sturdily tricked by Luo Zilan and wasted two treasures!

In the next moment, Luo Zilan retreated sharply and rushed out.

Without any hesitation, she chose to escape directly.

Luo Zilan can come this far, how simple is it?

As early as the moment Gongye appeared here, she understood that she went out to see Chen Feng privately, but she was afraid that it had been leaked.

Just now it was just to paralyze Gong Yegang.

Gongye said fiercely, "Luo Zilan, do you want to run now? Can you run!"

As soon as the voice fell, a very strong momentum was suddenly killed outside the door.

An extremely powerful force slammed Luo Zilan fiercely.

Luo Zilan's face changed, and a sword pierced out.

This sword is her real stunt!

It's just that the strength gap between her and the corner is too big.

This sword was directly severely smashed by a pitch-black fist, and then the fist hit her body.

Directly hit Luo Zilan with a muffled hum, and a mouthful of blood spurted out.

The figure fell heavily on the cliff and fell among the flowers.

She trembled all over and couldn't even stand up. She was beaten and seriously injured.

Gong Ye just walked out slowly, staring at Luo Zilan, smiling triumphantly:

"Luo Zilan, since I know you will do this kind of thing, I know I am not your opponent, do you think I will be defenseless?"

He sneered: "Luo Zilan, I knew you were going wrong, I'm afraid you would jump the wall and slaughter the same door."

"So, I specially invited a senior Zongmen to come with me!"

"Just to suppress you!"

As soon as the voice fell, a figure slowly walked out from the side.

Can't tell the specific age, his hair and beard are gray.

However, his figure is very strong, like an iron tower.

He turned his fist around, looked at Luo Zilan, and said coldly: "Nephew Luo, you are offended."

"Feng Heyu, is it you?"

Luo Zilan gritted her teeth and said, "You have a good relationship with my master."

"The last time you lacked the material for your cultivation, I found it for you with all the hard work. How could you treat me like this?"

Feng Heyu was ashamed on her face.

But then, the shame turned into a bit of anger.

He said coldly: "So what? These are just personal affections!"

"If you dare to betray the sect and have fornicated Chen Feng, it is excusable for me to kill you!"

It turned out that after Gong Yegang and Chu Shaoyang decided on the matter, Gong Yegang took the people back to the Bahuang Tianmen.

After discussing with the senior officials of the Bahuang Tianmen, it was decided that dealing with Chen Feng was the most important thing for the Bahuang Tianmen.

Whoever dares to violate is to betray the sect.

Luo Zilan stared at him with a sneer: "You are all seeking your own death!"

She was struggling and seemed to want to stand up.

But as soon as he stood halfway, his body weakened, he staggered, and fell down among the flowers.

Seeing this scene, Gong Yegang and Feng Heyu both smiled disdainfully.

Feng Heyu said indifferently: "Senior Nephew Luo, you were hit by me. If you still have the ability to act, what will make me face?"

Gong Yegang sneered and said: "Okay, don't struggle to death here."

[Chapter 4446: Broken hands and hamstrings, wear pipa bones!](#)

However, they didn't even see that when Luo Zilan fell, her sleeves trembled quietly.

A touch of purple brilliance was drawn from the sleeves.

The purple brilliance shattered and flowed out quietly.

Gong Ye just stared at Luo Zilan, his gaze showed a bit of pride.

Before, he was still thinking about what method should be used to force Luo Zilan to be unable to fight for the position of the sect master of the Eight Desolation Tianmen.

But now, this huge opportunity was placed in front of him.

There was a fierce light flashing in his eyes, and a vicious voice sounded in his heart:

"Luo Zilan, if I don't take this opportunity to beat you forever, I won't deserve to be a big brother for so many years!"

He arched his hands and said: "Uncle Feng, I said earlier that Luo Zilan saw Chen Feng privately and told Chen Feng about the plan of Zongmen and Chu Shaoyang."

"Now please confirm what I said before."

"it is good."

Feng Heyu grabbed it casually and drank in a deep voice: "The technique of floating light and glancing shadows."

Suddenly, a light and shadow slowly appeared around Luo Zilan.

This piece of light and shadow, constantly moving forward, turned out to show what Luo Zilan had done before then.

Gong Yegang grinned and said:

"Luo Zilan, no matter how confidential you do it, there is no way to hide in front of Master Feng's technique of floating light and glancing shadows."

Feng Heyu also smiled triumphantly.

Luo Zilan just sneered and said nothing.

At this time, when the technique of floating light and glancing shadows was displayed, she knew that she would never turn over.

However, she is not afraid.

Just now, she had crushed the life and death symbol and sent a message to Chen Feng.

She is full of confidence in Chen Feng.

The technique of floating light and glancing shadows is the secret of the Eight Desolate Heaven Gate, capable of deducing what happened in the past day.

But note that the time limit is only one day, twelve hours.

This martial art is actually nothing special, and it's not really amazing.

There are many restrictions, such as the biggest one: the person being casted needs to leave a strand of soul in the sect.

In the final analysis, it is not how powerful this technique is, it is just that the sacred tool in the sect draws on the soul, which makes the secret in the soul invisible.

Moreover, it is only a day's time forward.

They saw Luo Zilan go to Qingluan Ruyizhou and saw Luo Zilan and Chen Feng there.

Although they couldn't hear what they were talking about, they could naturally guess it.

Feng Heyu was shocked and angry at once, while Gong Yegang was proud.

At this time, Luo Zilan had no chance of turning over again!

With a click, the light and shadow shattered.

Feng Heyu stared at Luo Zilan with a gloomy face, "Do you dare to betray the sect? You dare to betray the sect!"

Luo Zilan smiled slightly: "I am saving the sect."

"You dare to be enemies with Chen Feng, believe it or not that the entire sect will be implicated by you?"

"At that time, the sect will be wiped out in ashes, don't blame me for not warning you in advance!"

Feng Heyu sneered disdainfully and said, "Only Chen Feng? He is also worthy?"

He didn't know how strong Chen Feng was.

In his eyes, Chen Feng was just a younger disciple who was a little better, and he couldn't compare with him at all.

As everyone knows, like him, Chen Feng easily kills how many.

"Now, this **** sees Chen Feng privately, it is already a certainty."

Gong Yegang said, "Master Feng, what do you think we should do?"

"The disciple's idea is to abolish this slut's cultivation base, and then take him back to the sect and put him to death."

Hearing this, Feng Heyu couldn't help but hesitate in his eyes.

He thought of Luo Zilan's master, if he abolished her cultivation base, he didn't know what Luo Zilan's master would have overreacted.

As soon as Gongye observed his words, he immediately said:

"It's okay not to waste her cultivation, but to break her hamstrings and pierce her pipa bones!"

"Put her through with the soul-locking chain! Bring her back to the sect!"

Gong Yegang said viciously.

He really hated Luo Zilan.

Hearing this, Feng Heyu was silent for a moment without speaking.

Gong Yegang was ecstatic, knowing that he had already acquiesced.

It was indeed the case. He had already refuted Gong Yegang once, but this time he couldn't refute again.

After all, Gongye had just been regarded as the head of the future by the entire Bahuang Tianmen.

Don't refute his face easily.

He said solemnly: "Then break her hand muscles and hamstrings, pass the soul chain through her pipa bone, and send it back to the sect."

Gongyegang laughed loudly: "Okay!"

He immediately moved toward Luo Zilan with great excitement and slowly said, "Luo Zilan, this is the price you dare to fornicate Chen Feng!"

In the next moment, he pointed like a sword, and fiercely hit Luo Zilan's shoulder blades.

Luo Zilan was originally stronger than Gongye.

But at this time, under severe injuries, there was no resistance at all.

Suddenly, a **** hole was punched out of her left shoulder blade.

In an instant, the internal meridians shattered and the bones and muscles broke.

At the same time, a violent pain came.

Seeing this scene, Gong Ye was very excited just now, with a cruel and bloodthirsty smile on his face.

He had hated Luo Zilan to the extreme a long time ago, and now being able to abolish Luo Zilan with his own hands filled him with abnormal excitement.

There was intense pain, but Luo Zilan didn't have any fear.

She did not beg for mercy or cry.

There was not even a scream.

She just stared at Gong Yegang, and let out a cold laugh: "Gong Yegang, you are already dead!"

"Chen Feng will definitely avenge me, and he will definitely make you taste the pain in the world!"

"You will destroy your souls and souls, and you will never be able to live beyond!"

Her stern laughter hovered over here.

That icy voice made Gong Yegang and Feng Heyu cold, like falling into an ice cellar.

Gongye just shivered, and a feeling of regret suddenly surged in his heart.

"Is this right or wrong?"

"I deal with Luo Zilan like this, Chen Feng's anger, can I bear it?"

But after all, he was also very human. After he recovered, he immediately became angry.

"Bitch, dare you say this to me?"

A sword pierced out, and the pipa bone was cut off.

Then, there were four swords in a row.

Suddenly, Luo Zilan's hands and feet fell softly, and the tendons and hamstrings were already broken.

There was severe pain, and Luo Zilan just stared at Gong Yegang with icy eyes.

Gong Yegang didn't even dare to look at him and tilted his head.

The whole process was very fast, and it only took a cup of tea time.

At this time, Luo Zilan also fainted.

Then, Feng Heyu took out one thing.

It is in the shape of a chain, about one foot in length.

However, the thickness of the little finger seemed to be composed of chain after chain.

[Chapter 4447: Then, live and die together!](#)

And each chain is blue all over. I don't know what metal it is cast from. It clearly has an ice-like translucent texture, but it feels extremely hard.

Moreover, there are small magic symbols jumping out of it continuously.

Every little magic talisman turned out to be pitch black, and there was a great coldness in it.

It seemed that when he glanced at this dark magic talisman, his whole body was freezing.

There seemed to be endless cold and evil in it.

It is hard to imagine how the whole body will become if this thing penetrates into the body.

Then, Gong Yegang personally pierced the chain into Luo Zilan's shoulders, his hands and feet.

As soon as the chain entered the body, the black magic charms jumped in excitement.

It seems that they are particularly happy after seeing the blood.

Then, it rushed into Luo Zilan's body fiercely.

So instantly, Luo Zilan's body was full of black chills.

Her body was twitching constantly, and there was a huge expression of pain on her face.

Obviously, this chain caused her immense pain.

This object, called the Chain of Souls, is one of the treasures of the Eight Desolate Heaven Gate.

Used to trap those disciples who betrayed the sect, not only can the opponent's strength be completely locked, the black magic talisman can cause great pain to people all the time.

It is a kind of torture that goes deep into the soul, the same as in the bone.

Gongye smiled triumphantly, and said in a deep voice: "Uncle Feng, it should not be too late. I will take this little **** back to the sect for disposal."

"I will trouble you to take care of things here."

"it is good."

Feng Heyu nodded: "Go by yourself!"

Gong Ye just left with Luo Zilan and disappeared into the night.

Time moved forward by half an hour.

On the Qingluan Ruyi Boat, which is heading towards Ge Tianzi City.

Chen Feng is thinking for himself.

Next, the battle of Chaoge Tianzi City will be the most sinister battle in his life.

Chen Feng had leapfrogged and challenged countless times before, but at that time he usually faced only one enemy.

Moreover, his realm is only two higher at most.

But now, with a five-star martial emperor, he is going to challenge more than a few seven-star martial emperor masters!

His current strength can't match the Seven Star Martial Emperor.

When fighting with them, Chen Feng was very sure that he would be killed by them within ten breaths!

But Chen Feng had to go.

Chen Feng has never faced such a sinister situation.

This is a mortal game!

A losing game!

"Must die? I just don't believe it!"

Chen Feng looked into the distance with a sneer at the corner of his mouth:

"How can God help me? Chu Shaoyang, Xiahou Yinghao, how can you defeat me?"

"I, Chen Feng, just want to go, and I want to beat you fiercely in front of the world! Revenge for those who died!"

Chen Feng settled down and began to think about his own advantages.

One is to change the law of heaven and earth!

They have never been seen before, and when they are used unexpectedly, they will definitely receive miraculous effects.

Second, the Vientiane Robe!

Chen Feng's Vientiane Robe has not been used since his return, and it is still in his collection.

This Vientiane Robe can at least block several powerful attacks, which is equivalent to at least giving him one more life!

"And my biggest advantage is..."

Chen Feng suddenly raised his head, looking at the huge golden-winged dragon eagle above the sky, and looking at the faint figure standing on top of the golden-winged dragon eagle.

"It's the little brother I took over this time, the beast slave of the devil!"

"Who would have thought that the Heavenly Remnant Beast Slave would bring me such a huge surprise? It would bring such a big change to this trip!"

Chen Feng was also very clear about the abilities of Tianchou Beast Slave, even clearer than himself.

His physical combat power was only in the middle stage of Six-Star Wudi.

This is not worth mentioning in the upcoming battle of Chaoge Tianzi City.

And the strongest, and what Chen Feng values most, is his ability to summon and tame monsters.

Four big five-star demon emperors, three hundred demon emperors powerhouse, almost flatten everything!

The scenes of the past are vivid.

In other words, the Tiancun Beast slave was unlucky, and met Chen Feng, which happened to be able to crack his summoning power with the power of luck as the core.

If he were to be another powerhouse of the same level, I was afraid that she would be directly overwhelmed by her endless monster sea tactics.

"And at that time, those monsters that he hadn't tamed before summoned in a hurry, they already had such power."

"If you give him enough time, then..."

Chen Feng no longer needs to think about it.

He knew very well that the possibility of this battle might come back on the body of the Heavenly Remnant Beast Slave.

However, Chen Feng didn't know what the Tiancun Beast Slave thought.

He had to ask first, if the Heavenly Canal Beast Slave didn't want it, he wouldn't force it.

The huge golden-winged dragon eagle flew back, and the celestial beast slave fell on the Qingluan Ruyi Boat, and said in a deep voice, "Big Brother, are you looking for me?"

Chen Feng nodded slowly: "I don't hide it from you. Right now, I have a great crisis."

He talked about his current situation with the Tianchou Beast Slave.

Then, looking at the Tianchou Beast Slave, he said softly: "This time, if you don't want to fight with me, I don't blame you."

"You leave by yourself!"

However, Chen Feng didn't expect that these words would directly make the eyes of the Tianchou Beast Slave red!

"Brother Chen Feng, what are you talking about?"

"Are you trying to drive me away?"

The Tiancun Beast Slave almost lost his attitude, staring at him and shouting!

At this moment, he suddenly discovered that what he was most afraid of was Chen Feng driving himself away!

Before Chen Feng could speak, he said loudly: "Brother, you are kind to me and recreate! Help me out of the sea of suffering!"

"In the past few days, following you is the warmth I have never experienced in my life."

The more he said, the more excited he became: "Your business is mine!"

"Even if it is to fight for this life, I will never say anything!"

A warm current surged in Chen Feng's heart, patted him on the shoulder again, and laughed:

"Okay, then live and die together!"

In fact, in Chen Feng's eyes, he never regarded Tianchou Beast Slave as a mysterious racial powerhouse, or an old monster that had lived for thousands of years.

He was originally a teenager.

Chen Feng regarded him as a teenager.

In Chen Feng's eyes, he is no different from his little brother.

In fact, Chen Feng also has a hole card, which is the Wuhun Soul of Nine Yin.

It's just that Chen Feng doesn't know what power the Nine Yin Martial Soul of Candlestick has, and it's very likely that he won't be able to figure it out in a short time.

Therefore, Chen Feng temporarily let go of this hole card.

He must be sure that he can hold the hole card in his hand steadily, and that is the hole card.

"In that case, then..."

[Chapter 4448: Chen Feng's plan!](#)

Chen Feng whispered: "Then you can talk to me, how strong is your summoning power now?"

"If you are given enough time, how many monsters can you control? What level of monsters can you control?"

The Tiancun Beast Slave thought for a moment, and said, "If I give me enough time, the number of monsters I can control last time will double."

Chen Feng raised his eyebrows and said, "Last time you controlled four five-star monster emperors and three hundred ordinary monster emperors."

"In other words, if you give you enough time, can you control the eight-headed five-star demon emperor and six hundred ordinary demon emperors?"

"Yes."

Tianchou Beast Slave nodded.

Eight-headed five-star monster emperor, that is, eight masters of the six-star Wudi level.

It seems that there are a lot of them, but these are not enough in front of the Seven Star Martial Emperor masters.

A difference of one level is a world of difference.

If there is no Seven-Star Martial Emperor, either in front of those seven-star Martial Emperor masters in the God of War Palace, it is just to give food.

Chen Feng immediately caught the point.

Now, it's not about how many five-star demon emperors he can control, how many ordinary demon emperors.

Rather, what is the highest-end combat power he can control!

Chen Feng immediately asked, "Can you control the Six-Star Demon Emperor?"

The Tiancun Beast Slave thought for a while, a look of embarrassment on his face.

Then he became firm, gritted his teeth and said: "Yes!"

"But after taking control of this six-star monster emperor, I can't do anything!"

"I will pay a huge price, and at the same time, I have to conquer this six-star demon emperor three months in advance. Before conquering, he must be beaten to death so that he loses the power to resist!"

Chen Feng nodded: "So, the conditions are so harsh, it's no wonder that the Heavenly Canal Beast Slave is useless."

Among other things, it was extremely difficult to find a six-star demon emperor.

What happens after I find it?

It's not an opponent at all, and he was half-dead?

It would be nice not to be beaten half to death.

Chen Feng nodded, knowing in his heart.

The Tiancun Beast Slave whispered: "Brother, just three months is difficult, right? Can I still help you?"

There was some guilt in his eyes, and he seemed to blame himself for not being able to help Chen Feng.

Chen Feng smiled and said, "Don't worry, I have a way."

The Tiancun Beast Slave was overjoyed, without any doubt.

In his eyes, Chen Feng is omnipotent, and there is nothing that Chen Feng cannot do.

Since he said there is a way, there must be a way.

Chen Feng asked again: "Can your summoning power be improved?"

If the summoning power of the Heavenly Remnant Beast Slave increases, then it must be able to summon more powerful monsters.

The Celestial Beast Slave carefully sensed it for a moment, and said intently:

"If you want to control the two six-star demon emperors, then at least I need to increase my summoning power by about four times based on my current foundation!"

"Fourfold!"

Chen Feng thoughtfully.

The core of the summoning power of the celestial beast slave is the power of luck.

There is only one way to improve the summoning ability, and that is to absorb the power of the dragon vein continent!

Right now, the strength of the Tiancun Beast Slave's luck was about one-seventh of his own.

It is almost equivalent to one's own luck.

If it is raised four times, then it is to have the power of four qi luck, basically half of its own.

Chen Feng immediately had a decision in his heart.

He stared at the Tiancun Beast Slave and said, "I have a way to improve your luck."

"What? Is there a way?"

The Tiancun Beast Slave was ecstatic.

The power of luck is extremely mysterious to him.

The trace of Qi Luck in his body seemed to be born from nature, and he never knew how to improve, so he could only exercise his summoning power.

At this time, I heard that Chen Feng could help him improve, how could he not be ecstatic?

Chen Feng smiled faintly, and then took out the God Stealing Pill.

Stealing the gods, the brilliance is bright.

Under the shining of Yuehua, there was a lot of light flowing.

It was like a new moon appeared above the sky.

In the forest below, countless monsters roared suddenly.

I don't know how many monsters, looking at the Heaven Stealing Divine Pill suspended in the sky, a heavy greedy color appeared in their eyes.

It seems that they also know that this pill is an irreplaceable treasure for them.

But afraid of Chen Feng's powerful strength, no monster dared to make trouble.

Unlike these monster beasts, the Tianchou beast slave instantly felt the connection with the aura and luck in his body from the Heaven Stealing Divine Pill.

He trembled: "Can this thing help me absorb?"

Chen Feng smiled and nodded: "This thing can help you absorb the luck of the Dragon Vein Mainland."

He looked at the Heavenly Demon Beast Slave, and the Heavenly Demon Beast Slave also looked at him.

The Tiancun Beast slave suddenly rubbed his nose, his eyes were a little sore, and he turned his head halfway, not wanting Chen Feng to see his expression.

Unspeakable touch and gratitude in his heart.

The encounter with Tianchou Beast slaves is extremely peculiar. Since being discovered in that mysterious space and brought to the Dragon Vein Continent, there has been only abuse and suppression for thousands of years.

But no one has given him the slightest love.

Chen Feng was so to him, how could he not feel grateful in his heart?

However, he suddenly thought of a little, looked at Chen Feng and said: "Big Brother, I'm afraid this is something wrong."

"What's wrong?"

Chen Feng was taken aback.

But then, seeing the embarrassing look of the Tiancun Beast Slave, he understood why he said that.

In fact, the relationship between Tiancun Beast Slave and Chen Feng is indeed a bit awkward.

The Tiancun Beast Slave wants to absorb the Qi Luck of the Dragon Vein Continent, but Chen Feng wants to monopolize the Luck Continent.

If it were replaced by someone else, I was afraid that even the slightest bit of luck would not be given to the Tianchou beast slave.

Even before, he had already killed the Celestial Remnant Beast Slave.

Swallow his force of luck directly!

But is Chen Feng that kind of person?

However, Chen Feng didn't care, but it didn't mean that the Heavenly Canal Beast Slave didn't care.

The Celestial Beast Slave asked himself, if he were to be himself, he would absorb the Qi Luck of the Dragon Vein Continent, would he be willing to give it to another person?

Before Chen Feng could speak, Tiancun Beast Slave looked solemn and said in a solemn voice:

"Brother Chen Feng, you are so good to me."

He suddenly said in a loud voice: "I am here today, swear to the Empress, and take my blood!"

"I will be loyal to Chen Feng for generations to come, and dare not have any ambitions!"

"If it doesn't, I will be destroyed, and I won't be able to live forever!"

His vow is really cruel!

Moreover, like this level of powerhouse, but also this kind of mysterious origin, this is not easy to send.

Oath, perceived by the heavens, there will be reincarnation cause and effect.

Sure enough, the Heavenly Canal Beast's slaves finished speaking, and suddenly, there was a muffled thunder in the void.

[Chapter 4449: furious!](#)

The aura of Ruo Ruo Wu escaping from the body of the Tianchou Beast Slave, quietly disappearing between the world.

Chen Feng knew that his oath had already worked.

Chen Feng also couldn't help but understand the thoughts of the Heavenly Canal Beast Slave.

Actually, Chen Feng doesn't care about this.

But he knew what the Celestial Remnant Beast Slave thought, so it was actually good for both parties.

Moreover, the Tiancun Beast Slave absorbed the Dragon Vein Mainland Qi Luck assigned to him by Chen Feng, and there was no psychological burden.

"It's not too late."

Chen Feng looked at the Heavenly Remnant Beast Slave and said, "We will begin to absorb the Heaven-Stealing God Pill now."

"As for where to take you to find a six-star demon emperor, and the follow-up takes such a long time, how can I solve it."

Chen Feng smiled and said, "The mountain people have their own tricks, so don't worry."

He looked into the void in the distance, his eyes far away, as if he had already traveled through the starry universe.

"There is a place where the flow of time is much slower than that of the Longmai Continent."

"Moreover, there are countless powerful ancient Ming beasts there!"

"The Gu Ming Demon Emperor inside has never been seen before in the Dragon Vein Continent."

"If it can be brought back, its abilities are weird and unpredictable. It is stronger than the Six-Star Demon Emperor of the Dragon Vein Continent, and it can receive miraculous effects!"

That's right, Chen Feng's idea was to wait for the Heavenly Remnant Beast Slave to absorb the Heavenly Stealing Divine Pill, and to enhance the Heavenly Remnant Beast Slave's summoning ability, and then go to the deserted ancient ruins.

Desolate ancient ruins, the flow of time is only one-third of that of the Dragon Vein Continent.

Three months in the Dragon Vein Continent is equivalent to nine months in the barren ancient ruins.

This means that Chen Feng doesn't actually have only three months to prepare, but a full nine months.

After half a year, everything has become infinitely variable.

For Chen Feng, this is a great advantage.

Fighting for this half a year more time may even become the key to turning everything around.

What's more, there are many things waiting for Chen Feng to do in the deserted ancient ruins.

Originally, Chen Feng wanted to temporarily end these matters on the Dragon Vein Continent before going to the deserted ancient ruins.

But now, imminent, he had to go ahead of time.

But just when Chen Feng had just taken out the Heaven Stealing God Pill and was about to absorb it.

Suddenly, a feeling of heart palpitations surged into my heart.

Chen Feng is no stranger to this feeling.

Two days ago, when Bai Shanshui and others had an accident, Chen Feng also had this feeling in his heart.

Suddenly, a very ominous premonition surged in Chen Feng's heart.

"Could it be that someone else has an accident? Is there another accident?"

Chen Feng instantly felt the unspeakable depression in his heart.

It's like a big rock stuck in my heart.

He really didn't want any more accidents, and no more people died because of himself and got hurt!

In Chen Feng's arms, a piece of life-and-death talisman shattered instantly and disappeared into small pieces.

Luo Zilan, it was Luo Zilan who had an accident!

Chen Feng's pupils shrank: "Why could something happen to Luo Zilan? She has just left me in only three hours!"

She turned back to the rudder of the Eight Desolate City, how could something happen now?

Could it be that.....

Chen Feng deserved to be Chen Feng, and soon forced himself to calm down.

But he guessed the truth of the fact almost instantaneously: "Could it be that the people from the Bahuang Tianmen did something to her?"

"Yes, it must be so!"

"In the Bahuang City, the Bahuang Tianmen family is the only one, and no other forces, how can there be strong people there?"

"And she just left me. Seeing the time, it should have happened just when she returned to Bahuang City?"

"Then there is only one explanation! The people inside the Bahuang Tianmen have done something to her!"

Without any hesitation, Chen Feng let out a low growl: "Bahuang Tianmen, do you dare to move Luo Zilan?"

"I will kill you all!"

Murderous intent steamed in his eyes, without any hesitation.

With a thought in her heart, Qingluan Ruyizhou immediately hurried away in the direction where Luo Zilan's breath came from for the last time!

At this moment, Chen Feng broke out!

He opened his arms as if embracing the world!

When this roar came out, Chen Feng's long-suffering, long-filled block disappeared instantly!

Originally, he had been frustrated for a long time.

Ever since the events of Qianyuan Villa happened, Chen Feng has always been worried, anxious, etc., and all the negative emotions have merged.

It made him feel uncomfortable, like a big rock pressing in his heart, unspeakably uncomfortable.

At this time, Chen Feng roared out, and his mind was immediately open!

I just feel uncomfortable, and even my thinking becomes extremely clear.

The whole person is like a reborn, relaxed to the extreme, and happy to the extreme!

A sneer appeared at the corner of Chen Feng's mouth: "Chen Feng, there is nothing to be afraid of! There is nothing to be afraid of!"

"It's just one word: kill!"

By smashing the pieces of my heart to pieces, and unraveling the frustration in my heart, the whole person is completely transparent.

Qingluan Ruyizhou swiftly headed towards Bahuang City.

Chen Feng was sitting on the bow, bursts of light surging out from above his body, and then it penetrated into the Qingluan Ruyi Boat.

The entire Qingluan Ruyi Boat, at this time, the light is extremely clear, the whole is like a leaf carved from jade, almost showing a translucent shape.

The sky seemed to be shrouded in a layer of emerald color, it was truly beautiful.

This is the embodiment that Qingluan Ruyizhou has been urged to the extreme.

Before, Chen Feng had already traveled a long distance in the direction of Ge Tianzi City, and he turned back to the direction of Bahuang City.

Even though Qingluan Ruyizhou was urged to the extreme by him, the speed reached the fastest.

It still took nearly two hours to reach the Bahuang City.

Chen Feng bowed his head and looked down at this huge floating city with dazzling lights and radiance, like a city that never sleeps.

The look was calm and calm.

However, there was unspeakable turbulent emotions under that calm, tumbling.

Just like the eve of the eruption of a volcano.

That emotion is likely to gush out at any time, turning into flames, and scorching those enemies who do not know whether they live or die!

Chen Feng's heart moved, and his breath came out.

In an instant, I felt that, in the most center of the eight deserted city, the top of the floating mountain. The most powerful breath came.

Obviously, that is where the rudder of the Bahuang Tianmen is located, and there are masters in charge.

"This breath gives me the feeling that it is not weaker than the five-star Wudi."

Chen Feng was overjoyed: "There is a five-star Emperor Wu sitting here, maybe Luo Zilan is there."

This is what Chen Feng is looking forward to most now.

With a thought on his mind, Qingluan Ruyizhou directly smashed towards the top of the mountain.

The appearance of Qingluan Ruyizhou was naturally discovered by the people in Bahuang City.

In the Eight Desolate City, there was a huge uproar in an instant.

[Chapter 4450: Down, Chen Feng!](#)

At this time, when Hua Deng first arrived, it was the most prosperous time in the Bahuang City, and everyone saw a huge floating warship smashing towards this side.

Many people exclaimed: "What is this?"

Someone who was slightly more knowledgeable exclaimed: "This, this is actually Ruyizhou?"

"Isn't that very rare? It is said that there are not many dragons in the whole continent!"

"Yes, and depending on the size of this wishful boat, I am afraid that its owner is a figure at the level of the sovereign of the nine major forces!"

"Why do people at the level of the supreme master of the nine major forces suddenly come to our Bahuang City? Could it be said that the master of the Bahuang Tianmen is here?"

Everyone looked at Qingluan Ruyizhou with awe.

The City Lord of Bahuang City also sensed this terrifying aura and looked up.

His heart jumped.

This Bahuang City Lord is a disciple of the Bahuang Tianmen Outer Sect, and his status is not low.

Naturally, I know what kind of wishful boats are in the Bahuang Tianmen.

This is clearly not in the Bahuang Tianmen, there is only one explanation.

Coming fiercely, it must be an enemy!

This person was determined, and immediately shouted: "Open the defensive mask!"

"Yes!"

Several masters yelled in unison.

Then, on the high platform at the highest point of the City Lord's Mansion, in a formation, several people used their power at the same time.

These people are also masters of the Emperor Martial Realm, and the magic circle immediately started to rotate slowly.

Then, in this eight desert city, there is light rising up.

In an instant, three light masks were formed covering the Bahuang City.

On the high platform, the City Lord of Bahuang City stared at Qingluan Ruyizhou, and sneered: "There are three defenses here, even if you are strong, you will be blocked for a while!"

"With a few moments, the masters in the sub-rudder can deal with it calmly."

At this moment, Chen Feng saw the three defensive covers, and a sneer appeared at the corner of his mouth.

"The pearl of rice, dare to shine?"

The next moment, Qing Luan Ruyi Zhou slammed down and slammed into the mask.

With a loud bang, the mask shattered directly.

Qingluan Ruyizhou was unscathed.

Then, hit the next mask again!

Boom boom boom!

With three loud noises, these three masks didn't even delay Qing Luan Ruyizhou's time for a second.

It was just a moment, a face-to-face, and it was crushed by the collision of Qingluan Ruyizhou.

The three masks disappeared in an instant, and the broken pieces disappeared without a trace.

And with the shattering of these three masks, with a bang, the magic circle on the high platform was also instantly shattered.

This power simply exceeded its bearing range.

The magic circle was directly broken.

The several masters of the Eight Desolation City and the Eight Desolation City Master who maintained the law formation were all spewing blood, if they were hit hard, their figure flew out and fell to the ground fiercely.

And that high platform has also been razed to the ground.

In the same place, there is only a ruin.

In the smoke and dust of the ruins, the Bahuang City Lord and others stood up swayingly, looking at the huge Qingluan Ruyi Boat above the sky, with a look of shock on their faces.

The proud expression of Bahuang City Lord hadn't dissipated, it was solidified on his face.

Then, his face was pale and ugly.

It was like being slapped a few times.

His arrogant words are still in my ears, and as a result, his proud defense is directly shattered!

The Qingluan Ruyi Boat hovered directly at the top of the Floating Mountain, about several hundred meters from the Bahuang Tianmen sub-rudder.

At the next moment, Chen Feng's voice suddenly sounded: "People from Bahuang Tianmen, get out of me!"

The sound was rolling, sweeping the entire Bahuang City.

Everyone was shocked.

"The comer turned out to be the enemy of the Bahuang Tianmen?"

"Bahuang Tianmen, one of the nine great powers, where does this person come from, and what strength? Such a courage?"

"It's just looking for death!"

Someone sneered coldly and said, "One of the nine powers, is he offending?"

"That is, even if it is only our sub-rudder, there are masters who are sitting on the ground and beheading this arrogant person, it is not a problem."

Everyone talked a lot, but they were full of confidence in the Bahuang Tianmen.

They have been under the shelter of the Bahuang Tianmen for thousands of years, and in their hearts, the Bahuang Tianmen cannot be defeated.

A tyrannical aura suddenly rose from the rudder, and instantly came to the front of Qingluan Ruyizhou.

It is Feng Heyu.

Seeing Feng Heyu's arrival, there was a burst of excitement from all over the Bahuang City.

"A strong elder has appeared!"

"This must be the guard elder of the sub-rudder!"

"Haha, as soon as he appears, the arrogant junior suffers!"

"Yes, I'm afraid the guard elder will kill this arrogant junior as soon as he takes action."

Everyone stared at that high place without blinking.

At this time, almost the entire Bahuang City was watching this scene.

Under the gaze of millions of pairs of eyes, the City Lord of the Eight Desolation City also rose into the air.

"Looking at Chen Feng laughing wildly: "Junior, I didn't expect Elder Feng to guard here! "

"Elder Feng, I am a master of the Eight Desolate Heavenly Sect, a six-star Wudi level expert!"

"You are dead!"

The City Lord of Bahuang City stood behind Feng Heyu, ranting insultingly at Chen Feng.

Feng Heyu glanced at him, a smug smile appeared at the corner of his mouth and nodded slowly.

He was about to brag about himself, but he didn't expect that this move would be done by the City Lord of the Eight Desolations.

He was still very comfortable with these words.

He looked at Chen Feng and said lightly: "Boy, who are you? Dare to trespass into my Eight Desolate City? Dare to provoke my Eight Desolate Gate?"

"Thinking that my life is too long?"

"Yes, boy, if you can't give a statement today, you will die!"

The City Lord of Bahuang City also sneered.

Countless people below were all ranting frantically, venting their dissatisfaction towards Chen Feng.

Facing the sky, these countless people, countless roaring faces.

What is he!

What qualifications does he have to provoke Bahuang Tianmen! Come to provoke the Bahuang City?

Just rely on this wishful boat? ridiculous!

Although Ruyizhou is powerful, it is human beings that are more powerful!

Facing the allegations of thousands of people and the hostility of thousands of people, Chen Feng had a cold face, his expression unchanged.

Just spit out four words coldly: "Next, Chen Feng!"

Down, Chen Feng!

When the four characters came out, it was shocking!

It was like a big wave, which was photographed fiercely, smashing everyone into pieces, and did not recover for a long time.

In an instant, it became extremely quiet here.

All sounds disappear without a trace.

Everyone was the one who looked up at the sky blankly!

"What? He is Chen Feng?"

"It's Chen Feng who easily defeated Xiahou Yinghao, fought against Xiahou Jiuyuan, and won the first person of the young generation of the nine major forces?"
