

## Peerless 4521

### [Chapter 4521: Beidou Clan!](#)

The Tiancun Beast Slave also solemnly nodded his head: "Brother, this is also my feeling."

"Snake Seventeen, Fairy Yuheng, they are terrible, and this is just the tip of the iceberg!"

"This kind of world, this kind of life, is what we need! Not to dominate the Dragon Vessel Continent."

Mei Wuxia looked at Chen Feng and smiled sweetly: "If you want to get rid of the curse of Patriarch, you must go to the top of the sky."

"Besides, you go, how could I not follow?"

Chen Feng laughed: "Okay, let us make a break, the top of the sky!"

Early the next morning.

Chen Feng opened his eyes suddenly, let out a suffocating breath, drank softly, and his figure floated up.

He felt extremely cool and comfortable in his body.

All the hidden wounds have disappeared, the body is extremely relaxed and perfect, and even his spirit is full of strange and full of powerful energy.

Both inside and outside the body, both the soul and the body, are all lively.

Chen Feng was refreshed and exclaimed: "This pill is really powerful."

"This time I didn't even have any congestion or other debris, because all of this was directly refined by the pill, and it was expelled with breathing."

At this time, Chen Feng felt a sense of ecstasy. It seemed that his realm was about to break through, and it seemed that his body had reached an unprecedented level.

"All right?"

Fairy Yuheng sounded.

Chen Feng nodded and clasped his fists: "Thank you very much."

"There is nothing to thank, this kind of pill, we have one in the Beidou team."

"Official members of the Beidou team, even each have three."

"It's a little pill of healing medicine."

She waved indifferently.

Chen Feng nodded: "Sure enough, it's the same as I guessed."

Mei Wuxia asked curiously: "Beidou Team? What is that?"

Fairy Yuheng seemed a little embarrassed: "This is the name of our team, you know it when you enter the top of the sky, you can't survive alone."

"You have to join the team and use the power of the team to survive and get benefits."

"Some teams have existed for so many years. They are like sects, deeply rooted and passed on from generation to generation."

"Our team is a bit special, so it has this name."

She smiled and said, "Now that I'm talking about it, I just want to tell you."

"Our Beidou team has four full members and twelve alternate members."

Tiancun Beast Slave smiled and said: "Then we are going, are we also alternate members?"

Fairy Yuheng touched his nose: "In fact, if you didn't have special features in each of you, you wouldn't even be our alternate members."

"None of our alternate members are below the peak of Qixing Wudi."

Everyone was stunned.

Then they all smiled bitterly: "How strong is this top of the sky? After we entered, is it the weakest?"

As if seeing their thoughts, Fairy Yuheng covered her lips and smiled: "Even if it's not the weakest, it's about the same."

Fairy Yuheng hesitated for a moment, and still whispered: "Remember, when the time comes, join the Beidou team, be cautious in your words and deeds, and don't cause any trouble."

A light flashed in Chen Feng's eyes.

I'm afraid that the internal situation of the Beidou team is still very complicated.

Keep going.

After flying forward for another day, a mountain suddenly appeared in front of everyone.

A towering mountain peak!

The height of this mountain is hard to describe with specific numbers.

Chen Feng no longer knows how many 10,000 meters or even how many miles it is.

Chen Feng only knew that the tallest mountain in the Dragon Vein Continent, placed in front of this mountain, was just as inconspicuous as a small bag of soil.

It looks like a small grass in front of a towering giant tree.

With the high mountain peak, Chen Feng even had to straighten his neck and look almost straight up to the sky to see its tip.

And its tip, even almost reaching the stars that day.

As if standing on it, you can pick the stars.

This mountain was so tall that it was almost suffocating, everyone looked at it, and they were shocked and speechless.

Even, they felt that their spirit was suppressed, and the whole person was instantly stunned by the shadow of this huge mountain.

After a while, Mei Wuxia exclaimed sincerely: "This mountain is too big!"

Yes, it seems that only this word can be used to describe: big!

too big!

In addition, any adjective is pale and weak.

The streamer red golden crane swirled in the air, and then flew up the mountain.

This mountain is so high that even if it is as strong as it, it is impossible to fly directly, but it needs to follow the arc of the mountain and go upward!

The closer you get, the more you feel the height of this mountain.

As they got closer and closer, everyone felt as if a whole world was pressing against them.

Chen Feng and the others were getting closer to the mountain, and they could see that the mountain was actually a strange, dead blue color.

That's right, it's like the color formed by the hardened skin after death, and some petrification.

It was filled with a strong atmosphere of oldness and sadness.

Just like, I don't know how many years it has existed in the world.

It seems that the cosmos has begun to emerge, and this mountain already existed when the universe first opened.

Moreover, when everyone looked at it, they were shocked to discover that the mountain was not formed naturally, but had traces of artificial construction.

There is a huge ladder, from bottom to top, to the top of the mountain!

The huge ladder stretches for millions of miles!

Everyone was dumbfounded.

The unimaginable mountain peaks were built by man, and there were people who opened huge stone stairs on it.

Its traces, like a knife and an axe, seem to have been cut out with one sword and one sword.

Simple but sharp!

Seeing everyone's reaction, Fairy Yuheng smiled slightly.

She has long been used to it.

Pointing to the steps, smiling and saying: "If we are not riding the unique monster beast of the Streaming Red Golden Crane, if you want to go there, you can only climb up the steps."

"With your cultivation base, it is impossible to fly here at all."

The Tiancun Beast Slave couldn't help being speechless: "Climb along this? How far does it have to climb?"

"No matter how far the road is, there will be an end."

"Climbing for three years and five years, ten years and eight years, and it's finally here."

Fairy Yuheng said calmly: "However, the real difficulty is not how long the road is."

She glanced at Tiancun Beast Slave: "You will know soon."

The flying speed of the streamer red golden crane can almost reach hundreds of thousands of miles in half an hour.

After flying for an entire hour, everyone hasn't seen the top at all.

At this moment, there was a sharp wind swept across the sky.

Chen Feng looked up and saw that there were countless gusts of wind swept across the sky.

[Chapter 4522: Deja vu](#)

The cold wind is blowing and the air currents are fluttering.

"These winds..."

Chen Feng's pupils shrank.

Because he saw that as the wind blew, countless cracks appeared in that space.

To be precise, the wind even directly shattered this space.

Not only did the space cracks were scraped out, but the space was directly broken into pieces!

Chen Feng couldn't help being shocked: "The gang wind outside the Dragon Vessel Continent is strong enough, but compared with this gang wind, it counts nothing."

The streamer red golden crane was not afraid, and rushed directly into the wind.

Facing these powerful and fierce winds, the streamer Chi Jinhe exudes a cloud of light around his body.

After contacting this light, those gang winds couldn't break through.

There is no danger to everyone.

"see it?"

Fairy Yuheng pointed to these gang winds: "This is the real danger."

"We are now at the lowest level of Gangfeng, but it is estimated that with your cultivation base, you will not take more than ten breaths after entering, I am afraid that you will be crushed."

Chen Feng smiled bitterly: "You are exalting us."

He stretched out three fingers: "Three breaths, there is no doubt about death."

Fairy Yuheng lowered his eyebrows: "Many people want to go to the top of the sky."

"No, to be precise, it is the people of the entire desolate ancient ruins. Anyone who knows the top of the sky wants to come here."

"And any powerful warrior in any world, anyone who knows the top of the sky will also find ways to get here."

"A lot of people have come, but there is no one in a billion who can climb to the top of the sky!"

Chen Feng nodded.

He couldn't help but rejoice in his heart.

Before Chen Feng, he was thinking of chasing the top of the sky, and had the idea that he must come here.

But now it seems that even if I can find this place by chance, it is absolutely impossible to set foot on it.

If it weren't for Fairy Yuheng, I'm afraid I would miss the great opportunity of the top of the sky.

The more you go up, the more bitter the wind is.

Even the clouds around the body of the streamer Chi Jinhe began to shrink gradually.

Just guarding the body, and Chen Feng and others.

But even so, Yunxia was constantly impacted by the wind, and even slowly began to appear cracks.

Chen Feng estimated that even the Jiuxing Wudi would definitely not be able to bear this kind of bitter wind.

At least, Chen Feng was very convinced.

If Xiahou Jiuyuan's level came here, it would take less than ten breaths to be directly shattered by these winds, and his death would be miserable.

However, in the face of such a harsh wind, there were only slight scratches on this mountain.

Numerous scratches formed old marks, but there was no damage.

Finally, I don't know how long it took, and there was a soft click.

The red clouds surrounding the red golden crane even began to appear damaged.

But at this time, everyone has already seen the top of the mountain and will soon arrive!

In the next moment, the red clouds and clouds smashed.

Everyone was directly exposed to the wind.

And the streamer red golden crane was also a maneuver, which came out of the gang wind dangerously and dangerously, and landed on the top of the mountain!

On the top of the mountain is a platform with a radius of about a hundred miles.

On the platform, there is nothing but a door.

A huge arch!

It is ten thousand meters high and the arch is extremely simple and unpretentious. It seems to be artificially carved, but it feels simple and natural.

Said it is an arch, it is like a huge stone pillar being bent over and placed here!

Simple and rough, but full of ancient desolation!

Seeing this huge archway, Chen Feng suddenly trembled in his heart, and a look of confusion appeared in his eyes.

At this moment, Chen Feng seemed to fall into endless memories.

He felt his brain be stunned.

It's like, this door, I have seen it countless times in my dreams.

It seems that this door is extremely familiar to him.

I know that this is part of my life once!

Chen Feng looked at this door with idiotic eyes, and for a moment he was lost!

At this moment, he felt as if something was cracking quietly in his body, deep in his soul.

It was as if the seal was broken.

Like the grass after the rain, it quietly opened the rocks, bathed in the sun and dew, ready to start growing.

Beside, Fairy Yuheng glanced at Chen Feng faintly, her eyes flashed, she didn't say anything, just waved her hand.

Then he grabbed everyone, jumped from the back of the streamer red gold crane, and landed on the mountain top platform.

She was very dissatisfied and complained: "The rules set by the top of the sky are really enough to toss people."

"Every time you bring a new person in and out, it's like dying."

Mei Wuxia smiled, and she found that Fairy Yuheng was different from other people on the top of the sky.

The other people on the top of the sky are full of awe and fear for the top of the sky, and they dare not say much.

Fairy Yuheng is quite indifferent.

She dared to say a lot, and often complained, and seemed to be less scrupulous than others.

This sentence also awakened Chen Feng directly.

However, he clearly felt the throbbing and strange changes in his body and soul.

Chen Feng sighed slightly, looked at the huge arch in front of him, and said in his heart:

"The top of the sky, what kind of connection does the top of the sky have to me?"

Chen Feng vaguely felt that this top of the sky seemed to be familiar!

He felt it carefully. To be precise, it was not the familiar feeling on the top of the sky.

The top of the sky is still cold and cruel, but inside this top of the sky, there seems to be a thread of care and opportunity of its own!

Everyone moves forward.

On the platform, there is no more wind, but there are dark red spots everywhere.

Has long since dried up.

There are countless traces of knives and axes, as if this was once an ancient battlefield.

The Tianchou Beast Slave pointed to the huge arch: "This is the top of the sky? A door?"

Fairy Yuheng smiled mysteriously, but didn't talk.

She whistled softly, and the two huge paws of the streamer red golden crane stepped on the ground and walked forward behind her.

Soon, the four of them came to the archway.

This 10,000-meter arch is extremely oppressive at this time.

And Chen Feng also saw that in the archway, there seemed to be faintly gleaming.

He raised his brows, thoughtfully.

Fairy Yuheng threw out a rope, the whole body was golden, shining brightly.

After that, he tied the rope to his waist, and let the three of them tied to their waists.

It is strange to say that after the rope was tied up, it suddenly contracted slowly.

Chen Feng only felt that the binding was extremely secure, and he couldn't get rid of it anyway.

[Chapter 4523: You should kill!](#)

Fairy Yuheng smiled heartily: "Three, now, I will take you to the top of the sky!"

After all, the figure flashed, and the three of them flew towards the arch.

With a brush, everyone entered the archway.*noveLusB.cOm*

But it didn't come out from the other side, but the figure disappeared directly.

At the same time, the ripples in the archway that rippling like water waves also flashed quietly.

At the next moment, Chen Feng felt a flash in front of him.

It has appeared directly in a space-time channel.

He is already familiar with this feeling.

But this time, Chen Feng clearly felt that it was different from every time he traveled through the time tunnel before.

Chen Feng just couldn't control his body before.

This time, he felt the pressure.

That's right, it's an extremely strong pressure!

Chen Feng saw that countless barriers like rainbows of light appeared in the space-time tunnel. These wave-like barriers were like doors after another.

And every time he crossed a door, Chen Feng felt that he was squeezed almost to vomit blood, extremely uncomfortable!

These barriers, the further back, the stronger the resistance.

The breath from the barrier seemed to be full of indifference, squeeze, rejection, and unwelcome!

Chen Feng looked at the colorful lights one after another, gleaming with cold light, as if hearing them repeating a sentence: "You are also worthy of coming here? You are worthy of being here too!"

A torrent of thrust was pushing Chen Feng and others outward.

But whenever the thrust hits, on the golden rope tied around the waist, there is a lot of power gushing out, offsetting that thrust.

The Heavenly Canal Beast Slave next to him was obviously enlightened, and his eyes showed a touch of anger.

Chen Feng suddenly realized: "I understand, this is a world's rejection of me."

"Presumably, this time we are leading to a world that is countless times stronger than the world we went before!"

"This is a stronger world! And this world, obviously does not welcome the arrival of the weak!"

"It's examining my strength!"

"If there is no Fairy Yuheng here, with our strength, it is estimated that it will be directly squeezed out!"

A smile appeared at the corner of Chen Feng's mouth: "I am not welcome, are you?"

"Then, I have to show you, Chen Feng, am I qualified to come here!"

He has been in an extremely complicated situation ever since he entered this deserted ancient ruin, or to be precise, ever since he received the invitation of Fairy Yuheng.

There is shock, excitement, excitement, and more!

And the root of all this comes from those four words: the top of the sky!

This mysterious place, the root of all secrets!

Now, finally going to the top of the sky!

Suddenly, Chen Feng looked at the Tiancun Beast Slave next to him.

When they met their eyes, they both smiled.

In that smile, they all understood what the other party meant!

"The top of the sky, we are coming!"

Mei Wuxia's gaze was a little ecstatic.

"Master Grandpa, I am coming to fulfill your last wish!"

"In the beginning, did you enter this passage like this, and then came here?"

I don't know how long I have been in this space.

Suddenly, everyone felt weightless, and then they appeared in a space.

It was dark all around, occasionally dotted with stars.

The place where everyone is located is a stone island similar to an island in the sky, with a radius of about kilometers.

At its end, there is a huge bronze gate.

After seeing the giant bronze gate, Chen Feng suddenly jumped in his heart.

"I've seen this giant bronze gate!"

That's right, this is the third time he has seen such a giant bronze gate.

This huge bronze gate is no different from the huge bronze gate that he saw but couldn't open when he went to the site left by his master Yan Qingyu before.

At the same time, it was exactly the same as the giant bronze gate he saw when he went to Daqinglian Temple!

Full of hideous fangs, engraved with all kinds of reliefs!

Miraculous, magnificent, and full of the desolation of ancient wildness!

Although simple, it contains infinite mysteries!

However, the difference is that the giant bronze gate in front of Chen Feng at this time, one after another, does not know the end.

It was dozens of times higher than the giant bronze gate left by Yan Qingyu, and hundreds of times higher than the giant bronze gate leading to Daqinglian Temple!

"On the top of the sky, what secret is hidden?"

"Master, what kind of connection does it have with the top of the sky?"

"What about Daqinglian Temple?"

All these made Chen Feng's heart full of doubts.

But at this time, a voice suddenly sounded, interrupting Chen Feng's thinking.

Next to the gate, sat a golden armored general.

He is more than 300 meters tall, and his body is covered with a thick layer of golden armor.

The armor was in the dazzling gold, and there was an indescribable dullness and coldness.

It feels as if it is extremely strong and cannot be destroyed at all.

He couldn't see his face clearly, he wore a battle helmet on his head, and his whole body was wrapped tightly.

Like a dark golden fortress!

But at this time, after feeling the breath of several people, his head slowly lowered.

Behind the armor, two dim red lights flashed at the position of the eyes, which seemed to be looking at several people.

When the dark red gaze swept across Chen Feng and the others, Chen Feng felt that he had been exposed to the light all over.

Unspeakable uncomfortable!

There seems to be no more secrets!

And the jade medal of reincarnation in his arms jumped directly, exuding a burst of green light, enveloping him.

As a result, the golden armor of the dark gold fortress looked away.

It also swept the Tiancun Beast Slave and Mei Wuxia,

He didn't even show his breath at all, but his blood-red eyes flashed, and Chen Feng felt his breathing almost stagnated.

"This kind of breath, this kind of feeling, seems to be 10,000 times stronger than Xiahou Jiuyuan, the Eight-Star Martial Emperor!"

"Fairy than Yuheng, I don't know how much stronger it is!"

"It's just a look, it almost makes my whole body freeze!"

"How terrible is this person's strength? What is his identity? Is it to protect the existence of this top of the sky?"

Fairy Yuheng looked relaxed and smiled at everyone: "This person is the gatekeeper at the top of the sky."

The gatekeeper's voice sounded like a stone crash.

Deep, cold, and emotionless!

"Xie Yuheng, you brought the stranger here!"

At the next moment, that cold and ruthless voice sounded like a ruling by heaven:

"Xie Yuheng, you take two people without the jade card of reincarnation into the top of the sky without authorization!"

"According to the rules of heaven, pawn!"

He paused slowly, spit out a cold and merciless word: "Kill!"

With his voice falling!

[Chapter 4524: Welcome to the new world!](#)

Suddenly, the four of Chen Feng flew up, and there was no way to fight back!

There is no possibility of struggle at all!

The whole body was stiff, bound by a bunch of red light!

And the golden armored general stretched out his finger and ran over them!

Under the pressure of the sky and the earth!

Chen Feng felt that in the next moment, he would be crushed to pieces!

Unable to resist, the strength gap is so big that it is desperate to think about it!

It's not crushed to pieces, but crushed directly and completely!

Fairy Yuheng is no exception.

Obviously, Fairy Yuheng had no power to fight back in front of him!

Fairy Yuheng sternly shouted: "I am an envoy from the sky. I specialize in finding amazing talents in every world and bring back to the top of the sky!"

"Although these two people have not been recognized by the jade medal of reincarnation, I think they are extremely special!"

"You have no right to kill me!"

"On the contrary, I did a great job!"

In the face of the golden armor, he is not afraid!

The finger slowly stopped in the air.

Then, the gaze of the Golden Armor God General fell again.

But this time, it was not red, but cyan.

Through the two in an instant.

The cold and merciless voice was silent for a moment, and then the voice said mechanically:

"These two people, one of them, are exceptionally talented, suspected to have a special race, have extraordinary origins, and have a powerful summoning power."

"Secondly, it seems that there is a great chance with a certain fairy in the sky that has passed away on top of my sky!"

The next moment, he stood up slowly and said four words: "Wait, you can come in!"

After saying this, the red color disappeared in his eyes.

He stood there again quietly, like a dark golden fortress.

Obviously, this gatekeeper has no favoritism.

Fairy Yuheng said something reasonable, so he allowed everyone to enter.

And just now, if Fairy Yuheng couldn't give a reason, I'm afraid Chen Feng and others are already dead now.

Fairy Yuheng didn't thank him, but walked forward, took out his reincarnation jade card, and stuck it on the gate.

Suddenly, the door made a soft noise, and a crack opened.

Chen Feng took a deep breath, and the shock in his heart faded instantly.

Instead, there was an extreme expectation and incomparable yearning, and there was an indescribable excitement.

In his eyes, it was like flames burning.

What he saw in just a dozen breaths just now exceeded his imagination.

"This kind of power far exceeds my strength."

"No, to be precise, it exceeds the power of the Dragon Vein Continent!"

This made him suddenly see a brand new thing, this kind of thing is unknown, shocking, but also hopeful!

"Sure enough, it's right to be here. Only by coming here can I solve all my doubts, and only by coming here can I see countless masters!"

"Come here, I can find, the real road of martial arts belongs to me!"

He took a deep breath:

"Before, I was stuck in the Dragon Vein Continent, like Longyou Shoal, what I saw was nothing more than small fishes and shrimps. I had never seen a real master."

"Here is the real world of strong men. Any one of these real masters can crush me!"

"But, so what?"

"In the future, I can definitely stand on top of everyone!"

He was full of great excitement, and he felt that a new world was about to be opened before him!

The strong are like forests, mysterious and unpredictable!

Countless powerful magical powers, countless top masters, countless powerful bloodlines, new world!

At this time, Fairy Yuheng seemed to feel something.

He turned his head suddenly, looked at everyone, and smiled: "Everyone, welcome to the new world!"

In front of Chen Feng, there was a sudden burst of strong light.

The light was so dazzling and so bright that Chen Feng had to stretch out his hand to cover it slightly.

After a long while, he just raised his head and looked forward.

Then, an extremely bright world bloomed in front of him.

Chen Feng's face was filled with a touch of stunning shock.

Rao is that he is very knowledgeable and has never seen this kind of place in the future!

In the void, countless fairy mountains seem to have been born!

The waterfall emerged from the void, descending from above the nine heavens, like a milky way.

A huge tree that couldn't be seen at the edge, grew out of the void, and its roots stretched wantonly in the void, suddenly haunting Qingmeng's power.

The huge canopy is luxuriant with branches, like the legendary tree of the world.

There are countless fairy mountains floating in the sky mountain.

Each one is small in scale, the largest one is only a few thousand meters in radius, and the smallest one is only ten meters in radius.

The heights of these fairy mountains are also different. The higher the height, the larger the fairy mountains, but the fewer the fairy mountains.

The fairy mountains closest to the continent below are numerous, but each one is very small.

But no matter how big or small, every seat above is beautiful.

In every fairy mountain, between mountains and rivers, and between mists, there is a gate tower.

All the fairy mountains are distributed in a ring.

At the center of all fairy mountains, there is a continent with a radius of thousands of miles!

On the mainland, there are many towering buildings, which are not clear for a while.

Between these countless celestial mountains, in this dreamlike scenery, there are countless powerful men riding various monsters passing by.

There are also people who step on flying swords or other weapons to cross the void!

Misty as a fairy.

And on the periphery of all this, there is a layer of cyan sky, covering all of this.

Like an inverted bowl.

What is even more shocking is the scenery outside the sky!

Outside the sky, in all directions, there are nine suns in total, exuding brilliance!

And around the sun, countless stars undulate.

But even so, the nine suns and countless stars cannot illuminate the dark void outside.

In the emptiness of the universe, there are even more inexplicable and unspeakable huge creatures quietly passing by.

To the extreme, it feels like it is bigger than this world!

And farther away, there are some stars that are so small that they are almost invisible.

Extremely desolate, revealing the meaning of ancient desolation.

For some reason, the scene before Chen Feng fell in Chen Feng's eyes, but suddenly a sense of indescribable desolation arose!

As if, came to the end of the world!

And this scene made him inexplicably familiar.

Vaguely, he felt even more, it seemed that somewhere, in the fairy mountain at a very high altitude, there were waves of calls.

Something seemed to attract him.

Mei Wuxia let out a startled sigh: "Is this a fairyland?"

Fairy Yuheng smiled slightly: "It's not a fairyland, it's better than a fairyland."

"Speaking of the level of strength, it is definitely not as good as the fairy house, but I think that the geniuses of all worlds are definitely more willing to come here."

#### [Chapter 4525: Those who repair are immortal!](#)

This magnificent scenery blasted into the eyes of Chen Feng and others!

Occupy all their sights!

Fairy Yuheng's voice quietly sounded: "Is it shocking?"

She took a breath and looked at the scenery in the distance: "When I first came here, it was so shocking."

"Slowly, you will get used to it."

Chen Feng retracted his gaze.

There were countless celestial mountains in the direction of those calls, and Chen Feng didn't know which one it was.

He suspected that there might be something to do with Yan Qingyu.

But these can be temporarily suppressed.

Chen Feng set his sight in front of him.

They are on a small platform.

An arch bridge connects a huge floating island a hundred meters away.

On the edge of this floating island, a towering stone monument was erected.

Above the stele, there is only one ancient and complicated seal: the city!

City of the market.

So Chen Feng knew that here, I'm afraid it is the market here.

Compared with the countless celestial mountains in the distance, this place is a little bit more popular.

There are shops, stalls, picking goods, and bargaining.

People here dress differently, look different, and even look different.

There are no more normal human warriors like Chen Feng and others.

There are also human heads or animal heads.

There was an existence in the shape of a huge earth dragon, making a deep and deep voice of a man, and bought a fruit that was as exquisite and powerful as topaz carving at a vendor's place.

Some even exist directly in the form of a mass of air.

For example, not far in front of Chen Feng and the others, there was a khaki air mass about two meters high, slowly passing by and coming to the market.

Here, there are people of all races, and people of all appearances.

At a glance, there are hundreds of them.

However, Chen Feng and the three looked at each other, but their faces were shocked.

The source of their shock is these people! These warriors!

They seem to be indistinguishable from the people on any city or bustling street in the human world.

But the problem lies in their strength!

Their strength is too terrifying!

Chen Feng glanced away, at least, among the hundreds of people he saw in front of him, none of them were inferior to the Seven Star Martial Emperor!

This means that the strength of everyone here is comparable to the top powerhouses in the Dragon Vein Continent!

"Is this the top of the sky?"

"A world with countless strong people!"

"Any strong man is so terrifying!"

There was a throbbing in their hearts:

"This is the top of the sky!"

Mei Wuxia still couldn't hold back, and whispered: "These warriors, the strength is really terrifying."

"We are not called warriors here."

Fairy Yuheng smiled slightly: "It's called, monk!" *novelusb.com*

"Monk?"

Chen Feng raised his eyebrows, keenly aware of the most important point: "Who is the one who has repaired?"

Fairy Yuheng glanced at him appreciatively: "Those who have been repaired are immortals!"

"The road built is a fairy road!"

"To be precise, all of us here are not called cultivators, but cultivators! They are cultivators!"

When Chen Feng heard this, his heart jumped!

He naturally understands the difference!

The peak of martial arts may not be comparable to the end of Xiantu!

The person who cultivates immortality is far higher than the person who cultivates martial arts!

If it is said that the warrior has not got rid of the mundane category, then the cultivator has completely transcended a realm!

Beyond the world, beyond the world!

Mei Wuxia was a little excited: "In the future, we will also be immortal cultivators?"

Fairy Yuheng smiled slightly: "At least after you break through the Martial Emperor Realm."

"This, I will talk to you in detail later."

Fairy Yuheng pointed to the following: "Today is the opening day of the top of the sky twice a month."

"If it's normal, there are probably only two or three kittens on this street."

"Moreover, truly powerful people rarely come back here, all have their own paths."

Fairy Yuheng smiled, and led everyone forward.

Everyone had just passed the arch bridge, suddenly a burst of green light flashed by the side.

Then, the light formed the figure of a Taoist.

Dressed in Tsing Yi, he is about fifty years old and looks quite Qing Yu.

Shaking the dust in his hand, he was very cool, looked at Chen Feng and the others, smiled and said, "A newcomer is here again? Not bad!"

"Several people, I think you are extremely talented, and the future is bound to be limitless. I am willing to make friends with you!"

"You newcomers, if you don't understand, you can ask me."

"The size of the top of the sky can't be concealed from me, and I must know everything, and the words are endless!"

He has an excellent attitude and looks very humble and kind.

"It's just..."

He smiled slightly and said: "There is always something to do with everything. Each of you only needs to give me a piece of chalcedony as a reward."

"of course!"

He changed his words: "I know that you just came here, and there must be no chalcedony in your body."

"We can first sign a contract of heaven, owe it first, and then wait for you to have it, and then give it to the old, it's all right."

He talked a lot.

Tiancun Beast Slave and Mei Wuxia were both taken aback.

Fairy Yuheng came out from behind everyone, looked at the Taoist in Tsing Yi, and said with a smile: "Old liar, get out!"

"Didn't you see? They were the ones I brought!"

As soon as the Taoist in Tsing Yi saw Fairy Yuheng, there was a hint of fear in his eyes, and he sang a fat promise, without looking back, turned and left.

Just leave a sentence: "I don't know it is Fairy Yuheng yours."

"Don't blame it for how offensive it is."

Obviously, he was quite awed and jealous of Fairy Yuheng.

Fairy Yuheng smiled to everyone and said, "This man is an old liar. He is a good-looking man, and he specializes in deceiving people who have just come here."

"It would be miserable to deceive people to sign the contract that day."

"correct!"

She looked solemnly: "You must never sign a contract with people casually."

"This Heavenly Dao Contract, if you can't complete it by then, you will be crushed by Heavenly Dao!"

"It's like crushing an ant!"

Everyone was shocked, nodded quickly, and wrote down the incident.

Everyone stepped down.

Here, it seems that martial arts cannot be used, nor can it fly.

At least, Chen Feng saw the hundreds of people in the bazaar below, none of them went high.

Everyone can only walk honestly.

Although the auras are extremely terrifying, there are no people who have been in conflict, and they just show their own aura.

Along the way, I met many people who looked at Chen Feng and the three with strange eyes.

Obviously, the three of them are the new treasures.

[Chapter 4526: The trouble is coming!](#)

"Fairy Yuheng is back?"

"Yuheng, I looked for you a few days ago but you were not there. Next time I call you, let's go to Xuanwu Zhongqian World! I got a treasure map, there may be a branch of ancient relics!"

"Fairy Yuheng, I recently got a batch of treasures, I don't know if I would rather be interested?"

From time to time, someone greeted Fairy Yuheng.

There is a person with a strong strength and an aura comparable to her, who sent an invitation to Fairy Yuheng.

Fairy Yuheng nodded with a smile, and took the conversation one by one.

She is obviously on the top of the sky, with a wide range of friends and strong contacts.

And everyone is quite confident of her, knowing her strength.

At the top of the sky, the status is definitely not low,

Of course, there are also some people who obviously have a bad relationship with Fairy Yuheng, and they have had a bad relationship.

After meeting her, he suddenly uttered bad words.

"Oh, how many newcomers did your Beidou team get?"

"Our newcomer died fast!"

Some people even looked at the three of Chen Feng jokingly: "Let's bet, how long can these three people live?"

"After I bet for a month, they are all dead!"

"Haha, I want to place this bet too, I was ahead of you, then forget it, I'll bet on the 20th!"

These people have malicious faces, but they are also sober enough to make Chen Feng and others aware of one thing.

The top of the sky is definitely not a paradise!

The people here are very strong, but each one is extremely cruel, cruel, and vicious!

Fairy Yuheng chuckled suddenly, looked at the crowd and asked:

"Are you wondering why so many people here are so strong, and all of them look fierce and surly, but there is no conflict?"

Chen Feng and others nodded.

"Because, in accordance with the rules set by the Lord of Heaven, private fights are absolutely forbidden on the top of the sky."

"Whoever dares to do anything here will directly obliterate those who are provoking and provoking things."

It is the rule of heaven again!

Obliteration again!

This is the second time Chen Feng has heard the name and the word in Fairy Yuheng.

Could it be that the Lord of Heaven is so powerful that it can wipe out warriors of any level at every turn?

"Then, who is the Lord of Heaven?"

The Tiancun Beast Slave had already asked Chen Feng's question.

"What is the rule of heaven?"

Fairy Yuheng took a deep breath:

"Heaven rules, everywhere, omnipotence!"

"Everything here is controlled by him!"

"The cultivator who violates the rules set by him will be directly obliterated! The death is extremely miserable!"

"Everything on the top of the sky is dominated by him!"

Mei Wuxia dared not say anything: "Has no one thought of resisting?"

"Resist? Who can resist? Who dares to resist?"

Fairy Yuheng sneered and said: "I'm afraid, all the people on the top of the sky are not the opponents of the dominion of heaven!"

Chen Feng and others took a breath!

God dominates, what kind of existence is this?

It's so terrifying!

Fairy Yuheng said: "If you stay for a long time in the future, you will naturally know that the way of heaven is powerful."

Mei Wuxia said: "It's just that the people here are so strong. If conflicts are inevitable, wouldn't it be resolved?"

"That's a good question."

Fairy Yuheng said: "Actually, it's not impossible to fight."

"But if you want to fight, you need a treasure."

"What treasure?"

"Iron Blood Banner Order!"

Fairy Yuheng spit out five words.

"This iron-blooded banner order is extremely precious, even if I don't have one here, even if there are only a few in each team."

"As long as you have a treasure like the Iron-Blooded Banner, you can challenge others."

Chen Feng smiled and said, "Can't I not accept it?"

"of course can."

Fairy Yuheng laughed and said, "However, if you don't accept it, then you will be a big-name grandson, and everyone will be deceived."

"More importantly, you have to pay ten chalcedony pieces to the other party!"

Chen Feng and the others already knew that chalcedony of heaven was similar to the dragon blood amethyst brought by dragon veins.

Extremely precious, it is the hardest hard currency.

Generally, even a strong person who has been on the top of the sky for a few years may not be able to get a few.

Chen Feng and others looked at each other and smiled bitterly.

They haven't seen the chalcedony of Heaven's Dao now. If they encounter such a thing, it will be bad and they can only fight.

Fairy Yuheng smiled: "You don't need to worry too much."

"This kind of iron-blooded banner order, after using it, if the opponent accepts a challenge."

"Then the Iron-Blooded Banner Order will be broken directly and can only be used once."

"And if the other party does not accept the challenge, he will lose ten yuan of chalcedony from the person who took the initiative to challenge."

"The number of uses of the Iron-Blooded Banner Order is once consumed, and it can be used twice."

Tiancun Beast Slave asked: "That is to say, if the opponent does not accept the challenge, the Iron-Blood Banner Order can only be used three times."

Fairy Yuheng nodded: "That's right."

Chen Feng suddenly said, "In fact, the value of an iron-blooded banner is far more than thirty pieces of chalcedony?"

Fairy Yuheng chuckled, "Yes, that's the reason."

"Take Chen Feng as an example. After the other party uses the Iron-Blooded Banner Order, even if it kills you, the benefits you might get are not as valuable as the Iron-Blooded Banner Order."

"Even if they have this thing, unless they have a deep hatred, they won't fight with you."

She didn't say the next thing.

But Chen Feng and others already understood what it meant.

"The reason why the opponent does not fight you is not because of how strong you are, but because you are too weak!"

"If I defeat you, even if I kill you? The benefits are not as good as the price of an iron-blooded banner!"

Some people do decapitative transactions, and no one does loss-making transactions.

This feeling made Chen Feng feel weak, and the flame in his heart was burning, and the desire to become stronger became stronger!

Fairy Yuheng smiled and said: "Actually, there is a force on the top of the sky, and he likes to fight with others."

"However, I know that they have collectively entered a certain world to explore a large-scale secret realm and search for a treasure in the legend."

"It's impossible to come back within two months."

"That's why I took you in."

Chen Feng and others were shocked when they heard this.

"How powerful is this power! Even Fairy Yuheng needs to avoid him?"

Suddenly, an arrogant man's voice came from ahead: "Yuheng, I haven't seen you for many days, don't come here without any problems?"

When Fairy Yuheng heard the words, her face suddenly changed.

Her voice condensed, and a stern look appeared on her face: "Now, the trouble is coming."

About a dozen people came across.

The leader, dressed in black robes, can't be considered ugly, and even quite masculine, revealing an indescribable domineering attitude.

Facing him, Chen Feng had a feeling of facing Xiahou Jiuyuan.

[Chapter 4527: I took this battle!](#)

Staying in a high position for a long time, holding life and death!

However, his gaze did not stop at the faces of Chen Feng and others, but directly looked at Fairy Yuheng.

"Yuheng, I haven't seen you in a few months, it's more and more charming!"

Fairy Yuheng frowned: "Duan Xinglan, didn't you go to the ancient falling star outside the ruins?"

"I thought you all died there, but I didn't expect to come back so soon."

Fairy Yuheng was very rude when he said something.

Duan Xinglan laughed: "It is indeed extremely dangerous inside. With the strength of our team, we are not qualified to explore there."

"It's true, almost died in it."

"But, what a pity!"

He looked at Fairy Yuheng and smiled: "My brother took action and rescued us."

Fairy Yuheng curled his lips and said disdainfully: "I know that elder brother is leaning on you."

Duan Xinglan was not ashamed, instead he smiled and said, "I have a brother like this, do you have one?"

Fairy Yuheng frowned, and did not want to say any more, but wanted to take Chen Feng and others away.

Duan Xinglan suddenly stretched out his hand and stopped him.

"Yuheng, what happened to the thing I asked you to consider before?"

Fairy Yuheng smiled rather than smiled, "Want me to do that big thing with you?"noVelusb.Com

Duan Xinglan smiled and said, "That's right."

"Okay, no problem, I want me to go, no problem at all."

Fairy Yuheng said lightly: "As long as you can afford the bargaining chip I said!"

"That chip!"

When Duan Xinglan heard this, his face immediately became gloomy: "Yuheng, you are the lion's big mouth!"

"That thing. It's a treasure treasured by my brother, how could it be given to you?"

"Then there's no way."

Fairy Yuheng spread his hands.

Suddenly Duan Xinglan's eyes fell on the three of Chen Feng, his eyes rolled and Yin Yin smiled:

"Yuheng, you are also out of luck today."

He pointed to the three of Chen Feng: "These three are the newcomers you brought back?"

"Today, let you give me the right words!"

"That matter, do you agree or not?"

Fairy Yuheng's voice was particularly cold: "What if I don't agree?"

"Okay! Then I will do it today!"

His hand pointed at Chen Feng: "Just let this kid die in the duel, or sign a contract and become a war slave in the Nether Clan!"

His power is called Nether Gate!

Fairy Yuheng listened, and his pupils shrank instantly.

And the conflict that occurred here also attracted many people to watch.

"This segment of Stars, did you start with a newcomer again?"

"Isn't it? This dog, with the iron-blooded banner order in his hand, is acting so viciously and unruly!"

"His trick is actually quite powerful. When he first came, he was alone, and now he has collected more than a dozen war slaves."

"Yes, and these war slaves often have good talents, and he is a desperate squeeze, and he never has to share the benefits of war slaves! Every mission can get countless benefits."

Many people said, with a bit of jealousy on their faces.

"Furthermore, this war slave is not afraid of flying after being trained, but it is much easier than other teams and sects who have worked so hard to keep people."

"Yeah, if you die, you will die. Just catch a few new people."

"However, he is also the only one. After all, who would have such a good brother to give him so many iron-blooded orders?"

Fairy Yuheng showed a sharp look in his eyes!

Opposite, Duan Xinglan laughed loudly: "Everyone knows, Fairy Yuheng, you never like to bring in new people."

"Those who can be taken over by you personally must be extremely valued, and they are your treasures!"

He chuckled, "I can see it too. Of these three people, you are most concerned about him."

He pointed to Chen Feng: "It's just right, your treasure, if you die, or become a slave to our team!"

"Then your mood..."

"Hahaha..."

As he said, there was another burst of laughter, unspeakable pleasure.

Chen Feng and others also understood.

Duan Xinglan, carrying the flag of iron and blood, has no fear.

He now forces Fairy Yuheng to do something for him, but Fairy Yuheng naturally refuses to agree.

So, he threatened to fight himself!

"This is treating me like a soft persimmon!"

A cold light flashed in Chen Feng's eyes!

Fairy Yuheng said coldly: "What if my people refuse?"

"Reject? No problem!"

Duan Xinglan laughed, not caring at all: "If you refuse once, you have to pay ten chalcedony pieces of heaven."

"If you refuse the first time, I can still use it the second time, the third time!"

"Anyway, I have a lot of iron-blooded banners. I see how many pieces of chalcedony you can take out!"

"Don't think I don't know, your Beidou team, after the accident, clinked poorly!"

He pointed at Fairy Yuheng: "Today, I'm on the fence with you!"

"Either, he is dead and a slave!"

"Or, just promise me that!"

When he said these words, he didn't even glance at Chen Feng at all.

In his eyes, this small role is not worth mentioning.

It was just a tool used to force Fairy Yuheng to commit crimes.

Do you need to care about a tool?

He walked up to Fairy Yuheng and stared at her: "Yuheng, now, I will ask you!"

"Yes, or not?"

Fairy Yuheng took a deep breath.

She is a very decisive person, and she has her own idea instantly!

Once gritted his teeth, he had to agree.

Now she knows how many chalcedony she can produce, she knows what is happening today, only if she agrees to it, can she count the past!

And just as she was about to speak, Chen Feng suddenly stepped forward and stood in front of her.

Then, Chen Feng looked at Duan Xinglan and said lightly: "Use the iron and blood banner!"

"I took this battle!"

Fairy Yuheng stayed directly!

After a while, he turned around and exclaimed, "Chen Feng, are you crazy?"

"I brought you here, but I didn't make you die here now!"

Chen Feng turned around and looked at her without showing any weakness, and said every word: "I know, you didn't want me to die here!"

"But, if I don't take this battle, you may die!"

"I, Chen Feng, can owe you a lot of kindness, but I can't owe you the kindness that you got in exchange for my life!"

"Also!"

He suddenly stretched out his hand and patted Fairy Yuheng on the shoulder, and smiled freely: "I have a little confidence in me!"

"You are so optimistic about me, how can I let you down?"

This move can be said to be very intimate.

Fairy Yuheng was also completely stunned by Chen Feng's actions, but he didn't recover.

After a while, I realized that this action was slightly intimate.

Suddenly, her face flushed slightly, but she didn't say anything.

[Chapter 4528: Qixing Wudi peak! Crazy tiger!](#)

But there was thought in his heart: "Yuheng, are you a little bit out of square?"

"You value Chen Feng extremely, yes, but as everyone knows, this kind of protection is not necessarily a good thing!"

"Always let him know the methods of the people here!"

He nodded and stopped talking.

It's just that, in my heart, I secretly ruthlessly said: "If Chen Feng has a long and two shortcomings, I will use that treasure at all costs, but also..."

When the people around saw this scene, they were all surprised.

Fairy Yuheng is hearty and generous, but he is always glamorous.

Not close to everyone.

I want to be friends with her, yes.

If you want to have another relationship with her, it's hard to compare.

Many people on the top of the sky have had such thoughts, but they have all come back.

At this time, this young man, such an intimate action, she did not have any resistance!

This surprised everyone in their hearts.

Some people even sneered maliciously and said, "It turns out that it was the little white face who got here by Yuheng!"

"What do I say, but the five-star Emperor Wu is just so weak, can he enter here?"

Seeing this scene, Duan Xinglan's eyes also flashed a cold light, and there was a little bit of jealousy hidden.

He looked at Chen Feng carefully, as if he knew him again.

After a while, he gritted his teeth and nodded: "Okay, kid, you are great."

"In that case!"

He smiled cruelly, then looked back.

There are more than a dozen people behind him.

Everyone has gloomy eyes, numb expressions, and more or less restraints on their bodies.

These people are his war slaves.

He doesn't need teammates, friends, only war slaves.

Duan Xinglan was among the few warriors behind him, his eyes flickering for a moment, and he settled on one person.

Then he said coldly: "Crazy Tiger, you come to fight this battle!"

"You are the weakest among us, and the strength closest to this kid!"

He laughed and said, "Also save people saying that we bully!"

"Yes!"

A low, hoarse voice sounded.

His voice was heard, but it was uncomfortable.

I just felt that the voice seemed to be filled with despair and malice.

Then, a figure walked out.

This is a giant man about three meters tall.

He is actually very tall and very strong, with a huge skeleton, bulging muscles, and full of tyrannical strength.

However, his body was creaking, and his whole waist collapsed, almost breaking.

It makes people feel uncomfortable.

There are scars all over the body.

His body was even more entwined with several huge black chains.

He walked out slowly, and the others saw this scene with a touch of envy in their eyes.

According to the rules set by Duan Xinglan, whoever can help him win a war slave can get a very rich reward.

Everyone is still envious, this crazy tiger has a chance.

Duan Xinglan stared at Chen Feng and said with a smile: "Boy, he is the pinnacle of Emperor Wudi Qixing."

"Two levels higher than you, it should be enough to deal with you."

"It's not that I don't want to find a weaker one, it's really that we don't have such a weak one here!"

He looked down: "You kid is too weak, so weak that you can't find a suitable opponent for you!"

Many people laughed.

In fact, everyone knows that Duan Xinglan is not so kind at all.

Rather, he has always liked to send war slaves who are a little higher than the challenger, but not too high.

In this way, his opponents can often see some hope of winning, but they will never win.

That kind of despair is extremely painful!

Kill the heart!

He will not only win the opponent, even kill the opponent, but also destroy the opponent's will!

Crazy Tiger slowly raised his head, his turbid eyes scanned and finally fell on Chen Feng.

There was an extreme resentment and hatred flashing in his eyes, as if Chen Feng had a deep hatred with him.

He pointed to Chen Feng, his voice hoarse: "I will tear you to pieces later."

As soon as the voice fell, Duan Xinglan's face sank and his fingers flicked.

Suddenly, there was a light pop in the void!

Those dark chains shrank fiercely, crushing the crazy tiger crazily, and directly strangling his body with countless wounds.

It is as if directly hurting his soul!

The mad tiger screamed sternly, not like a human voice.

Duan Xinglan said fiercely, "I will ask you to turn him into a war slave. Later, after winning him, sign a war slave contract?"

"Understand?"

He didn't want to kill Chen Feng at all.

He could see that Fairy Yuheng valued Chen Feng, and while he was jealous, he wanted to use Chen Feng to continuously threaten Fairy Yuheng.

Crazy Tiger was full of fear, but Wei Nuonuo nodded: "Master, I understand!"

"Master, spare your life!"

Duan Xinglan snorted coldly, and after cleaning him up for a while, he let it go.

Crazy Tiger looked at Chen Feng and said with a grin: "I will torture you for half an hour!"

"Then, let you sign a war slave contract!"

The Tiancun Beast slave was full of anger and couldn't help shouting: "Crazy Tiger, you are also a war slave, why do you treat my big brother like this!"

After hearing this, the mad tiger seemed to be lost in thought.

After a while, he squinted his eyes and said in a calm tone:

"I am the proud child of a certain little world!"

"But a hundred years old, he is already the Seven-Star Martial Emperor!"

"Thirty years ago, I learned about the top of the sky."

"Twenty-nine years ago, I came to the deserted ancient ruins."

"Twenty-five years ago, I was in the black market. I used my life savings and countless treasures to exchange for a reincarnation jade medal. I succeeded in acknowledging the lord with the blood drop!"

"Twenty-three years ago, I came to the periphery of the top of the sky, the endless Dead Sea, but I couldn't get in!"

"So, I waited for twenty years on the shore of the endless Dead Sea!"

"I don't know how many things I have done, or how many people I have asked. Finally, I used everything in exchange for a chance to enter this place!"

"Finally, I entered the top of the sky that I dreamed of!"

"As a result, the first day I came here!"

A sorrowful smile appeared on his face: "He became his war slave! It has been three years now!"

"Pig dog is not as good! Pig dog is not as good!"

He suddenly howled: "Boy, how many tasks did I do with him, how many births and deaths? But I didn't get half the benefits!"

"Suffering here, suffering, suffering!"

"If I am like you, someone responds and someone gives instructions, how can I be like this?"

"Why are you luckier than me?"

He roared hysterically!

"Why are you someone protecting? Why should I suffer miserable things?"

"I want to kill! I want to kill you all!"

"I'm sorry to live, and I want to make you painful!"

[Chapter 4529: Jagged banner order! Fight the crazy tiger!](#)

The Tiancun Beast Slave and Mei Wuxia who heard this story were all moved.

This person can be described as a very willful and gifted person.

If not, he will not become a top genius in a small thousand world!

No, it cost such a big price to come here after all the hardships.

But such a hero has fallen into such a situation, which is really embarrassing.

The powerful people onlookers did not show the slightest movement on their faces after hearing these words.

There are too many such things on the top of the sky.

Almost everyone who can come here is an outstanding person in a hundred million!

Great perseverance, great talent!

They have seen too many things like this, and they have long been commonplace.

Here, the weak eat the strong, and the weak have no sympathy!

Chen Feng sighed slightly and looked at the crazy tiger.

This is also a poor person, but Chen Feng will not show any mercy for this!

"This battle, since you die and die!"

"Then, you die and I live!"

A token appeared in Duan Xinglan's hand.

The token is about one foot long, and the upper tip is like an obelisk that has shrunk many times.

The whole body is a pale purple, like gold but not gold, like jade and not jade, and looks extremely strong.

On the front of the token, there is a \*\*\*\* battle flag flying in the wind!

Jagged banner order!

He threw the iron-blooded banner to the crazy tiger.

Crazy Tiger looked at Chen Feng and yelled: "I am Crazy Tiger, challenge Chen Feng now!"

"Chen Feng, can you dare to fight?"

After all, raise the iron-blooded banner!

Suddenly, in the void, dark clouds surged, strong winds raged, and thunder surged!

Amidst that dark cloud and thunder, with a boom, a huge battle flag slammed down!

Between them!

The battle flag is three feet high, with a huge blood-colored flag flying in the wind.

Chen Feng smiled slightly, stretched out his hand to hold the banner, raised it, and said loudly: "This battle, I'm Chen Feng, take it!"

In the next moment, a gust of wind came and swept the two inside.

The wind swept through, and the next moment, both of them were gone!

Chen Feng felt a trance in front of him.

When he wakes up again, he is already in the void.

It was dark all around, and nothing was seen.

At the foot, there is a round boulder with a diameter of kilometers.

At this time, five hundred meters away from him, a person stood there alone.

It is the crazy tiger!

Chen Feng nodded slowly: "It turns out that after using the Iron-Blooded Banner Order, he will fight here."

"Not in full view!"

"So that's great!"

A smile appeared at the corner of his mouth: "In this way, I don't have to be afraid of being seen by others! I can also completely let go of my hands and feet and fight unscrupulously!"

"Then, fight unscrupulously!"

Chen Feng lowered his head and muttered to himself.

He straightened abruptly, clenched his fists, the flame in his heart seemed to burn everything!

Since entering the top of the sky, no, to be precise, it should have been since encountering Snake Seventeen and Fairy Yuheng.

Chen Feng is in a kind of extreme emotion!

Unprecedented great shock, incomparable novel world, shocking countless powerhouses!

However, what followed was this unspeakable, extreme depression!

Let his heart almost explode!

If you don't vent it, the whole person's mood will be greatly affected, which will do a lot of harm to cultivation!

The opposite mad tiger Yinyin said, "Boy, don't you know?"

"Here is the duel field, up and down, left and right, all dead."

"You will have no place to go, no escape, no suicide!"

"You will be here, so painful to be tortured by me!"

After that, he let out a frantic growl and slammed forward.

A smile appeared at the corner of Chen Feng's mouth: "I thought I was just a five-star Wudi!"

"So, sent me the weakest opponent of Seven Star Martial Emperor Peak!"

"Okay, I will surprise you all!"

"To Yuheng, earn this face!"

"Hardly, hit you Duan Xinglan in the face!"

"Take me as a soft persimmon, right? I'll break your teeth today!"

Facing the crazy tiger rushing over, Chen Feng became extremely excited!

Qixing Wudi peak opponent!

It is the limit Chen Feng can handle now!

Even stronger, reaching the Eight-Star Emperor Wu, then Chen Feng has no chance of winning at all!

And if it is weaker, it will not achieve the goal of squeezing oneself and forcing all of one's potential out!

"Crazy Tiger, you really are the best opponent!"

"I can get it, cherish it!"

Crazy Tiger rushed towards Chen Feng frantically, the more forward, the stronger the momentum.

Moreover, it was wrapped in an unspeakable murderous spirit, obviously he did not know how many battles he had experienced.

When he was about a hundred meters away from Chen Feng, his aura had already surpassed the middle stage of Qixing Wudi!

Directly reach the peak of Qixing Wudi!

It was even stronger than the ancient Ming beasts that Chen Feng had dealt with before.

And, more importantly, he is a person!

Still a strong man on the top of the sky!

He possesses those things that the ancient Ming beast never possesses, martial arts techniques, spiritual skills and so on!

Chen Feng stared at the crazy tiger. *novelusb.Com*

Or, to be precise, staring at the feet of the crazy tiger.

Although it is extremely dark here, there is also light, and the crazy tiger also has a faint shadow.

The next moment, Chen Feng's figure flashed!

Shadow Ghost Step is launched!

It is ready to dive directly into the shadow of the crazy tiger!

But, at this moment, the crazy tiger kicked his legs fiercely on the rocky ground, and disappeared in the next moment!

When he reappeared, he had already come directly to Chen Feng's feet!

At this time, Chen Feng appeared in the place where Crazy Tiger's shadow just appeared.

Crazy Tiger came to the position where Chen Feng was just now, and the two came out of each other's shadow, and the other came out of their feet.

Actually changed the position directly.

But no one can attack the opponent!

Crazy Tiger stared at Chen Feng and smiled miserably: "Unexpectedly, the kid can come here, as expected, there are a few brushes."

"There is such a strange pace?"

He grinned: "I suddenly want to thank the top of the sky. If I met your footwork before coming to the top of the sky, it would be absolutely helpless."

"but now!"

With a flick of his finger, a cluster of flames rose directly.

In an instant, the white flame enveloped all around his body.

And his shadow was directly faded by the flame.

"It just so happens that I've been to a big world of shadow fiends before, and the shadow fiends inside are very fond of things like getting out of the shadow of the opponent."

"For this, I bought a special martial art!"

"The broken shadow is really hot!"

"just now!"

He grinned, "I see what other ultimate move you can use!"

After all, it was another fierce kill.

[Chapter 4530: Outrageous opponent!](#)

Chen Feng could no longer use Yin and Yang ghost steps, which also meant that his first killer move was a complete failure!

But Chen Feng didn't feel any loss, and he never thought that he could kill the crazy tiger by relying on the ghostly shadows.

How could this tyrannical enemy that has never been encountered before, kill him with just one hole card and one backhand?

Facing the crazy tiger rushing over, Chen Feng stood still, motionless!

However, the spiritual world has already moved infinitely!

Heaven and earth reincarnate repeatedly, ready to go!

Crazy Tiger rushed to the front in an instant, and the chain in his hand smashed towards Chen Feng.

Yao Jiao is agile, but possesses extremely powerful power.

This time, almost directly smashed the void!

At this moment, a huge erected eye suddenly appeared in front of Chen Feng!

That's right, this is Chen Feng's second killer move to deal with the crazy tiger!

The first killer move, Yin-Yang Ghost Step, has failed!

Now, the second ultimate move, heaven and earth reincarnation magic!

In fact, Chen Feng not only intends to use Heaven and Earth's repeated reincarnation power to deal with the crazy tiger.

Even, in his plan, this period of time, the repetitive reincarnation of heaven and earth will be a key to his survival on the top of the sky!

Although, the people on the top of the sky are very strong!

However, Chen Feng still has extremely strong confidence in himself!

He believes that the repetitive reincarnation of heaven and earth, even on the top of the sky, is extremely rare!

The crazy tiger will become his first enemy.

Or, to be precise, the first experiment.

He wanted to test whether the people on the top of the sky would have any strangeness in front of the world's repeated reincarnation.

Chen Feng always had a strange feeling in his heart.

Heaven and earth repeatedly reincarnate magic power!

A burst of blue light flashed across the huge erect pupils, directly reflecting the crazy tiger!

If it is a warrior from the Dragon Vessel Continent, even if it is in this state, Chen Feng's consciousness will immediately be pulled into his spiritual world.

However, Crazy Tiger did not.

He is still standing still.

Even the soul is not affected

However, he was not directly drawn into the world of reincarnation by the repetitive reincarnation of heaven and earth.

Chen Feng clearly saw that on the surface of his body, a layer of blue light suddenly appeared.

This blue phantom is exactly the same as the crazy tiger.

It was like a copy of his soul!

With a click, the blue phantom shattered directly, but it also blocked the repeated reincarnation of the world for the crazy tiger!

The first use of heaven and earth reincarnation magical power, failed!

But Chen Feng did not have any panic, on the contrary, this was what he expected!

"really."

Chen Feng sighed softly: "I didn't expect it to be bad, the person on top of the sky is really special."

"It's as if their souls have a layer of protection."

"The first time I use Heaven and Earth's repetitive reincarnation power, it will be invalid for them!"

"So, the second time, what about?"

So far, Chen Feng's first two killer moves have all failed!

However, Chen Feng did not panic.

On the contrary, the flame in his eyes burned more and more hot!

"Awesome, really amazing!"

"The top of the sky is really amazing!"

"Then, we will fight to the end!"

The first opportunity was lost, and Chen Feng was immediately in danger.

Crazy Tiger was surprised, and roared savagely: "Boy, you still want to attack me on the soul level?"

"Don't you know that everyone who enters the top of the sky will have their souls protected by the top of the sky?"

Chen Feng suddenly said, "That's it."

"It turns out that it is protected by the top of the sky, so it will cause the first time failure of the repetitive reincarnation of heaven and earth!"

The next moment, as the mad tiger roared, the chain slammed over.

The momentum is fierce!

Above the chain, a black thunder light with sneer was born! Unpredictable!

Chen Feng shouted, and the offensive greeted him.

At this time, he did not use the power of thirteen stars.

That is his hole card, and the duration is too short to use easily.

But if you don't use it, how can you be the opponent of the peak power of Qixing Wudi?

A crisp sound!

Chen Feng only felt that his left arm was severely interrupted, and it was extremely painful!

Then, the chain was drawn on his shoulders, almost smashing his entire left body!

Chen Feng let out a low growl, blood spurted out!

Flew out dozens of meters!

And above his chain, the dense black thunder light blasted on Chen Feng fiercely!

That thunder light didn't cause much harm to Chen Feng, but it made Chen Feng feel numb in an instant. He found that his body was stiff and couldn't move!

Although it was only a moment, he could not move at this moment!

The effect of black thunder is paralysis and stiffness!

Before Chen Feng landed, let alone any reaction from him, his body was still in the state of rigidity after being beaten up, the crazy tiger smiled with Yin Yin!

The speed was extremely fast, and disappeared instantly.

Then, he appeared again where Chen Feng was about to land!

The chain in his hand slammed again, and this time it hit Chen Feng in the back!

Chen Feng immediately felt that his back was almost broken!

The intense pain, even touching the soul, made Chen Feng's soul seem to be torn apart!

His pain is extreme!

But before Chen Feng landed, the crazy tiger's figure suddenly flashed again, and he appeared directly at the point where Chen Feng was about to land!

Then a chain smashed down severely.

Chen Feng was knocked off again!

In this way, in an instant, Chen Feng was smashed into the air six times, and he was severely smashed on the body six times by the chain!

Sure enough, to say torture is torture.

Crazy Tiger wanted to torture him for a while, just to smash the chain on Chen Feng's head, face, chest, abdomen, and legs over and over again!

Hit every part of his body!

Every time, I brought it to him, as if the bones of the whole body were broken, and the whole body was crumpled into pieces of pain!

Facing this brutal attack, Chen Feng remained the same, and did not use the power of thirteen stars.

The power of the thirteen stars can only last for ten breaths.

If you use it rashly, and within ten breaths, you can't solve the crazy tiger, then Chen Feng has only a dead end!

He is waiting for an opportunity!

Dormant, endure!

Waiting for a sudden burst of opportunity!

"Sure enough, this is the limit I can handle!"

"This opponent is really outrageous!"

Chen Feng faced this attack again and again without any panic at all.

The intense pain made him more calm.

In his heart, the more anger and murderous intent, the more cold his mind!

Like ten thousand years of ice!

In fact, the most difficult thing for Chen Feng to judge now is the strange and unpredictable whereabouts of the crazy tiger.

Although Chen Feng knew very clearly every time, Crazy Tiger would wait at his place.
