

Peerless 4531

[Chapter 4531: Just now, it was great to hit me!](#)

However, he didn't know where he was.

I don't know the specific location!

However, if you can't judge its exact location, you can't use the heavens and the earth to repeat the magic of reincarnation!

Chen Feng was beaten into the air again and again, but in that intense pain, he used his incomparable reason to keep his eyes fixed on the trajectory of the crazy tiger's body!

Finally, Chen Feng's eyes flashed!

A gleam of light flashed in his eyes, as if he had caught something.

This is the ninth time that Chen Feng has been smashed into the air! Fly away fiercely!

Seeing, Chen Feng will be smashed into the air for the tenth time!

This chain will hit the body for the tenth time!

Moreover, there seems to be an endless trend!

Crazy Tiger smiled contemptuously: "Boy, I will tell you to smash it ninety-nine or eighty-one times!"

"After eighty-one times, your body should be almost broken into a puddle of mud!"

"But I shouldn't die, and the master won't punish me!"

He laughed wildly.

However, just as he was about to hit his tenth offensive, Chen Feng's eyes suddenly shone brightly.

Suddenly it fell somewhere!

It turned out that when the seventh blow of the crazy tiger fell on him, Chen Feng had already discovered the clue.

He found that every time the crazy tiger drilled out, the ground would sink a little bit, and a very subtle mediation appeared.

The mediation is so small that it may only be like hair, and ordinary people will never find it.

But Chen Feng's mental power is extremely strong, and he is observant, how could he not discover it?

However, after finding out, Chen Feng did not immediately activate it.

Instead, I endured it three more times!

Endured three more attacks and observed three more times!

In the end, after confirming that there were no problems, it was launched!

Chen Feng has always been an extremely meticulous person, if he is not absolutely sure, he will definitely not do it!

"It's this moment!"

The expression in Chen Feng's eyes seemed to freeze instantly!

It was at this moment that he accurately judged Crazy Tiger's next landing point.

So, in an instant, Chen Feng Tiandi repeated the reincarnation magic, and suddenly launched!

Although he is now paralyzed and stiff, unable to move.

However, the soul martial arts of activating the heaven and earth repetitive reincarnation magic art does not require the body to move!

The huge pupils formed in an instant, floating directly above the ground vortex!

And the crazy tiger, almost just got out of it, slammed into the huge erect pupil!

Among the huge erect pupils, the blue light shrouded him all.

The mad tiger trembled heavily, and then his body froze.

With dull eyes, standing still, motionless!

Chen Feng was ecstatic!

This time, heaven and earth repeated reincarnation, and it was done!

In an instant, Mad Tiger felt his soul plunged into a strange and mysterious world, and a huge vortex appeared in front of him.

The soul seems to be absorbed directly!

And Crazy Tiger suddenly felt that if his soul was absorbed, there would definitely be a dead end!

Crazy Tiger struggled madly, and roared in his heart: "No! I don't want it!"

He desperately pulled his soul, trying to leave the range of the whirlpool.

Affected by the repetitive reincarnation of heaven and earth, although the mad tiger was extremely resilient due to his soul being tortured for a long time, he was not directly drawn into the soul world by Chen Feng.

However, it also changed for a few seconds instantly!

Immobile.

At this time, Chen Feng had already passed the time when he was paralyzed by the black thunder light!

Control the body again!

He laughed aloud: "It's now!"

At this time, thirteen big stars in his body are shining!

The thirteenth star began to burn!

A force of 390 billion catties burst into Chen Feng's body instantly!

Then, he directly grabbed the chain on the neck of Mad Tiger, and hit his head with a punch!

With a crisp sound, this punch directly sank the crazy tiger's head!

Even the neck bones were broken off!

Chen Feng laughed wildly: "You hit me just now, it was so cool? Huh?"

It's another punch!

"Have you played enough? Now, it's my turn!"

It's another punch!

Bang bang bang...

In an instant, Chen Feng slammed nine punches!

At this time, only three breaths have passed!

If it is in a normal state, the mad tiger will dodge and can also defend.

But now, under the impact of the repetitive reincarnation of heaven and earth, his soul is in a frozen state, where can he resist?

This crazy tiger is worthy of being a great genius in a small thousand world, and has experienced these three years of blood and fire tempering.

Under such a blow, he is still alive.

After three breaths, the mad tiger suddenly woke up.

Staring at Chen Feng, let out a crazy roar, full of hatred and murder!

Chen Feng smiled coldly: "What a shit?"

Heaven and earth reincarnation magic, launch again!

When the heaven and earth reincarnation magic power was launched this time, Chen Feng felt that his soul seemed to have been torn apart!

But he still started!

He did not intend to give the crazy tiger any chance to fight back, enduring the pain of the soul being torn into pieces, the heaven and earth reincarnation magic works again!

Crazy Tiger fell into sluggishness again.

Chen Feng attacked like a storm again!

This time, when the time passed three more breaths, Chen Feng had already hit the eighteenth punch!

The eighteenth punch smashed down on the throat of the crazy tiger!

With a click, his unchained neck broke directly!

He fell to the ground violently, his breath weakened instantly.

This blow was a fatal blow!

This punch out!

Chen Feng just exhaled a long sigh of breath, and finally relaxed.

I have to say that these strong people on the top of the sky are really terrifying!

Not only is the strength terrifying, but it also has various methods.

When he was smashed and flew out, the crazy tiger also came to his senses.

It's just that he can't fight back at all!

Let alone counterattack, he couldn't even stand up.

In his throat, blood poured out frantically, and what came out of it was his power.

He is now extremely weak.

He looked at Chen Feng, his pupils began to diminish and his body began to disappear.

In short, he is dying.

The fierce and violent color in his eyes gradually lost.

Instead, it is the ultimate regret and pain.

His fingers trembling, pointing at Chen Feng.

He seemed to want to say something, but he couldn't say anything.

Chen Feng landed slowly.

As soon as he relaxed after landing, he suddenly felt pain all over his body.

With a muffled hum, he vomited blood again and again.

At this point, I feel a little more comfortable.

A little bit of perception is a wry smile.

This time, his internal organs were badly damaged.

There was bruise everywhere, and almost all bones in his body were broken.

[Chapter 4532: Death row contract!](#)

Although not powdered, they are intermittently connected together, barely able to support the body.

This was the power he had collected thirteen stars in time.

It only took six breaths, not ten breaths.

If you take ten breaths, I'm afraid the injury is heavier now.

It is estimated that it is better than the crazy tiger.

And it was his physical injury, his soul injury, even more serious.

Chen Feng felt black in front of his eyes and a splitting headache. He wanted to fall down and sleep for three days and three nights.

Chen Feng estimated that he would no longer be able to use Heaven and Earth's reincarnation magic for at least two months.

If you use it again, I'm afraid that the soul will suffer from the root cause.

Even Chen Feng felt that his golden spiritual world was a little unstable and intermittent.

It seemed that the connection with Chen Feng was about to be severed.

Chen Feng was shocked, and quickly awakened himself, the heaven and earth reincarnation magic must be used with caution.

If not, if the golden spiritual world is really cut off, then I really don't know where to cry.

For Chen Feng, the golden spiritual world is too important!

Despite the splitting headache, Chen Feng held it back forcibly, took a deep breath, walked up to the crazy tiger and looked down at him.

Crazy Tiger raised his eyes, looked at Chen Feng, and uttered four words with difficulty, almost inaudible: "Will you kill me?"

Chen Feng looked at him and sighed softly.

But only in an instant, Chen Feng's heart became cold again.

He didn't give the crazy tiger any chance to breathe. He stared at the crazy tiger and shouted sharply: "Crazy tiger, do you want to die or live?"

He stared at the crazy tiger, his eyes flashed, as if countless ambitions were twisting inside.

"Crazy Tiger severely wounded me and was about to die. Crazy Tiger is your important help for Duan Xinglan. How could I easily let him die?"

Chen Feng said anxiously: "If you want to live, just knock on the ground!"

"If you want to die, just knock twice, then I will fulfill you now!"

The loose look in Crazy Tiger's eyes condensed.

Then, his finger tapped on the ground lightly.

The expression in his eyes instantly became extremely urgent, the color of death in his eyes disappeared instantly, full of longing for life!

Think about it, too. After so much hardship, how could he easily give up his life now?

His desire to survive is stronger than anyone else!

"it is good!"

Chen Feng said anxiously again: "Is there a way to get you out of the war slave contract?"

"If so, knock it."

"If not, knock twice!"

Crazy Tiger knocked.

"The way to get you out of the war slave contract is to let you sign another contract with someone else?"

"What is this contract called?"

Crazy Tiger seemed to hesitate for a while, but still trembling resolutely, wrote two words on the ground: "Dead prisoner!"

"Death prisoner contract is it?"

Chen Feng said sharply,

Crazy Tiger nodded hard.

Chen Feng knew everything instantly.

I'm afraid that the death row contract is more demanding than the war slave contract.

And if Crazy Tiger signs a death row contract with someone, then he will be reduced to that person's death row, and his status is lower than that of a war slave!

Presumably, life is in the hands of people, and it is painful!

"How much chalcedony does it take to sign a death prisoner contract? Do you have it here?"

Chen Feng asked.

This is also the most important question he wants to ask.

Crazy Tiger is also an extremely decisive person, and he also has some savings.

Of course, it is naturally extremely difficult to accumulate some chalcedony in Duan Xinglan's hands.

But at this time, he did not hesitate to reach out and write the word 'one hundred' on the ground.

Then, he pointed to himself again, indicating that he had.

The whole set of actions, without hesitation!

Chen Feng looked at him a little high.

Obviously, Crazy Tiger has guessed Chen Feng's thoughts now, and Chen Feng is going to sign a death row contract with him!

After signing this contract, his status with Chen Feng will be lower than that of Duan Xinglan, even more miserable!

However, he still agreed to cooperate without hesitation, and came to pay the money.

It can be seen that he is extremely decisive in doing things, and his desire to survive is really extremely powerful!

Chen Feng inferred from one another, thinking of what everyone had done before.

Immediately raised his head, looked at the sky and shouted loudly: "God is the master, I want to sign a death inmate contract with the crazy tiger in front of me!"

"I am the master, he is a condemned prisoner, he will pay for the chalcedony of heaven!"

Above the sky, the cold and magnificent voice slowly sounded: "Chen Feng, the introductory immortal at the top of the sky, and the crazy tiger, the introductory immortal at the top of the sky, signed a death row contract!"

"Chen Feng is the master and Crazy Tiger is a death row prisoner!"

"The contract requires a hundred days of chalcedony!"

He paused, and then continued: "You and others, if you don't have enough chalcedony, it will be regarded as deceiving the Lord of Heaven."

"Both of them will!"

Two words with no emotion left coldly: "Destroy!"

Chen Feng's heart jumped.

This Heavenly Dao ruler is really cruel enough to treat people like himself like grass.

Kill if you say it.

And Chen Feng did not doubt the other party's ability.

The next moment, the mad tiger tremblingly took out his jade card of reincarnation.

Suddenly, a blue light flashed above the samsara jade plate.

The next moment, hundreds of things came out of it.

"Is this the chalcedony of heaven?"

This is also the first time Chen Feng has seen Chalcedony of Heaven.

It is about one foot long and **** wide, like the best jade slip.

Each jade slip is engraved with two extremely complex ancient characters: Heavenly Dao.

It gives people the feeling that it contains quite powerful power, and its material is no different from that of the reincarnation jade brand.

And it seems that every jade slip is sealed with chalcedony inside, gentle and powerful!

A touch of pain flashed in Crazy Tiger's eyes.

After brushing it, the whole hundred pieces of chalcedony from Heaven's Path were all flying.

Then, all of them were sucked into the sky.

The next moment, with the sky above, a green light fell.

In the green light beam, a contract appeared.

The contract is one foot wide and three feet long, and it is covered with ancient and old seals.

A wave of coercion penetrated from above!

Chen Feng felt something in his heart: "This is probably the so-called rule contract, the mighty power in the dark!"

Then, on the bodies of Chen Feng and Mad Tiger, the jade card of reincarnation flew directly.

Then, both of them felt empty.

There are dozens of drops of blood in the body, which are directly absorbed.

Chen Feng's essence and blood are golden with strands of red in it.

Majestic and noble.

But the blood of the crazy tiger is a shocking blackness, which makes people shocking.

I don't know how much darkness and hatred is hidden inside.

Then, all these essence and blood dripped on the death prisoner's contract.

Melted in instantly.

[Chapter 4533: Why not make a bet?](#)

In the next moment, two samsara jade plates were severely printed on the death prisoner contract.

Chen Feng clearly felt that on the jade card of reincarnation, it seemed as if he had a breath of his own, entering the death prisoner contract.

Chen Feng has a clear understanding in his heart.

"I'm afraid, on the top of the sky, you can't avoid the dominion of heaven."

"And here, the jade card of reincarnation also symbolizes me."

Essence and blood penetrated, and the reincarnation jade card returned to Chen Feng.

Then, the death prisoner's contract slowly floated.

The bodies of Chen Feng and Chen Feng were also directly pulled up, infinitely close to the death prisoner contract.

In the void, a thunderbolt crashed and fell on the crazy tiger.

Above the crazy tiger's body, a dead gray light came out and enveloped him.

Then, the thunder fell again!

Suddenly, this dead gray light was directly smashed into pieces.

Crazy Tiger felt that his body was unspeakably relaxed.

Chen Feng knew that this gray light must be the power of the war slave contract signed between Crazy Tiger and Duan Xinglan.

Before the Crazy Tiger relaxed for a while, suddenly, there was a stronger dead gray power.

Infiltrated from the death prisoner contract and penetrated into the body of the crazy tiger!

This kind of power made the crazy tiger extremely painful, screaming weakly, and convulsing all over.

I felt that my soul was locked.

Crazy Tiger's eyes were gloomy.

But, life is saved!

At the same time, Chen Feng also saw that there was a golden power floating in his body above the death prisoner's contract.

Chen Feng felt strange,

At this moment, he could feel all the thoughts of Crazy Tiger.

Crazy Tiger is full of hatred towards himself,

My heart is also full of despair, and the whole mood is gloomy.

But deep inside, there is a hint of joy and the joy of surviving.

Crazy Tiger's negative emotions were so powerful that it caused Chen Feng to have an instant headache.

Chen Feng shook his head fiercely, dispelling the feeling.

After he recovered his calmness, he felt it carefully for a moment.

I know what's going on.

It turned out that he can easily feel all the mental state of Crazy Tiger now through the death row contract.

At the same time, Chen Feng's heart moved, and suddenly the crazy tiger stood up.

Chen Feng's thoughts moved again, and the crazy tiger made another move.

Chen Feng now, as long as he has a thought in his mind, he can immediately control the crazy tiger to do anything.

A smile appeared at the corner of Chen Feng's mouth: "This is the beauty of the death row contract."

Crazy Tiger looked at Chen Feng with helpless pain on his face, and even more hatred.

He showed this hatred without hesitation, and Chen Feng didn't care at all.

"Just listen to me and do things for me, or even die for me, I don't care if you hate me!"

At this point, the death row contract has been signed.

Amidst the misty beam of light, a jade box with four corners inlaid with gold fell down and opened automatically.

With a snap, the death row contract was sealed in it.

Then, the jade box shrank sharply and became as big as a slap, falling into Chen Feng's hands.

Then, the cyan light beam disappeared, and the tremendous pressure also quietly disappeared.

Chen Feng took a breath: "The contract is finally completed!"

He looked at the crazy tiger with a smile on his lips.

Then, the smile grew bigger and bigger, and finally turned into a long smile.

"Hahahaha, really refreshing! Really refreshing!"

"As soon as I entered the sky, I gained a death row who was even stronger than me!"

"I can let him do anything, even desperately for me!"

In Chen Feng's eyes, light flickered.

"The presence of him is of great significance to my next big plan!"

"The probability of my big plan succeeding is much higher!"

A sneer appeared at the corner of his mouth: "Duan Xinglan, didn't you expect it?"

"You lost your wife and got sick again. Not only did you not turn me into a war slave, but you got into a war slave yourself."

"This battle has yielded such a powerful death row prisoner. It's worth noting that I risked my life and agreed to the battle!"

In this situation, Chen Feng thought of it before fighting the crazy tiger.

Even after he heard that Duan Xinglan and others were good at using the iron-blooded banner order, and what Duan Xinglan and others had done, he was already prepared.

Chen Feng promised this gambling game and would do everything in his favor.

Not only did he not want Fairy Yuheng to take risks, but he also planned to take this opportunity to turn the mad tiger into his own combat effectiveness!

Therefore, when he defeated the crazy tiger, he asked about the death row prisoner's contract.

Chen Feng, already thought of it!

The city is so deep that Si!

Moreover, after this hearty battle, after Chen Feng entered the top of the sky, the depression, the fear, and all the negative and uneasy emotions in his heart were all vented!

At this time, I only feel refreshed physically and mentally, and my mood is excellent!

At this time, outside the duel.

The time outside the duel is the same as in the duel.

In other words, Chen Feng did not take more than twenty breaths to resolve this battle, so only twenty breaths passed outside.

After Chen Feng disappeared in place, Duan Xinglan shook his head and said, "Yuheng, why bother?"

"Just promise me no, you really think that kid can win the crazy tiger?"

He sneered: "I'm afraid this kid will become my war slave in the end, and you have to agree to my request!"

Fairy Yuheng glanced at him lightly, without speaking.

It's just that there is a murderous heart in my heart.

She has always been the kind of cold-hearted and courageous character, and Duan Xinglan has provoked her repeatedly before, which has already made her extremely unhappy.

This time, it touched her bottom line.

She was also thinking about **** Duan Xinglan silently!

It's not difficult to kill Duan Xinglan, but the man behind him can't find a source of revenge.

Duan Xinglan looked at Fairy Yuheng, and said jokingly: "Yuheng, the new person you brought is a good one, isn't it called Chen Feng?"

"The talent is very high, and freedom is a generous and unyielding spirit!"

"It's a pity, I don't understand the truth of being able to bend and stretch!"

He laughed wildly: "On the top of our sky, whoever can get ahead, who has never been bullied?"

"If you are not a grandson, how can you be a grandfather?"

He dismissed a smile: "A person like Chen Feng who doesn't know the heights of the earth and the earth deserves to die!"

Fairy Yuheng frowned and looked at him: "It's not over yet, right?"

At this time, her whole person was completely relaxed.

The Yuheng Fairy was originally the kind of very hearty person, but now Chen Feng has already entered, and it is useless to think about other things.

And for some reason, she vaguely expressed confidence in Chen Feng.

"Have you said enough?"

Duan Xinglan laughed: "No!"

"Yuheng, don't you know who I am?"

"I am a person, I have always liked to be fine, and I don't even know it!"

"In this case..."

Fairy Yuheng raised her eyebrows and said: "Why, just make a bet!"

[Chapter 4534: Fortunately](#)

"What bet?"

Fairy Yuheng stared at Duan Xinglan, saying word by word: "Enter, a chance on the third floor of the Tiandao Tibetan Scripture Pavilion!"

Hearing these words, Duan Xinglan's brows instantly condensed, and a hint of hesitation appeared on his face.

You know, the Tiandao Buddhist Scripture Pavilion is one of the most critical locations on the top of the sky.

In order to enter it, not only needs strong enough strength to be recognized by the Tiandao Jingjing Pavilion, but also pays a huge amount of Tiandao Chalcedony.

Moreover, as long as you enter it, you are qualified to choose a volume of scriptures and jade books to take away at the third floor of the Tiandao Buddhist Scripture Pavilion at will!

To put it bluntly, this is actually not an opportunity to enter it, but an opportunity to get a book of Scripture.

Like their level, generally to complete a task, the benefits of the entire Zongmen team, everyone received, may be worth more than the jade book in the third layer of a volume!

He will naturally hesitate.

"Why, dare you?"

Fairy Yuheng raised an eyebrow and said.

Duan Xinglan looked gloomy and looked around.

Seeing everyone's eyes are on his face, there are all kinds of looks.

Suddenly, my heart became tensed, knowing that it is not that I dare to do it.

On the contrary, if you don't agree to it, then the prestige of your business for so many years will be severely suppressed by Fairy Yuheng!

This is something he cannot bear.

He is able to do what he is today, one is relying on his brother's remaining prestige, and the other is relying on his own reputation.

Duan Xinglan laughed suddenly: "Why don't you dare? Then let's take a gamble!"

"I bet that Chen Feng will win! Come out, or die, or be forced to sign a war slave contract by the crazy tiger!"

Fairy Yuheng said loudly: "Okay, then I will bet, Chen Feng will win!"

Above the sky, black light faintly!

A thunder sound rang, and then a battle flag fell fiercely, falling between the two!

Above the battle flag, a huge word 'gambling' was flying.

Obviously, their gambling has been sensed by the Lord of Heaven.

Now it is already in effect.

But before the voice fell, a thunderbolt fell in the void.

Then, among the countless black lights lingering, a portal slowly appeared.

Everyone suddenly became excited: "The two of them are coming out!"

"The gate of the duel arena is open, and now the result is clear!"

Duan Xinglan laughed wildly: "Yuheng, are you sad now?"

"The person I brought here personally turned out to be my slave now, and I have to lose a chance to enter the Tiandao Buddhist Scripture Pavilion!"

"Does the heart hurt?"

But the next moment, his smile solidified on his face.

With a bang, a heavy object was thrown out from inside.

When everyone saw it, they were all in a daze.

It turned out that it was a crazy tiger who was thrown out.

He no longer looked as aggressive and ruthless as before, and threw it on the ground like a puddle of mud.

He was covered in blood and had a weak breath.

Obviously, it is not far from death.

Fairy Yuheng showed a look of horror: "How did the crazy tiger become like this?"

"Is it?"

She suddenly raised her head and stared at the exit of the duel arena.

Not only her, but everyone's faces were filled with a touch of astonishment.

"Crazy Tiger, only one breath left after being beaten?"

"I saw clearly just now that Crazy Tiger is close to the top of the Seven-Star Martial Emperor, and Chen Feng is just the Five-Star Martial Emperor!"

"Yes, there is a two-level gap between the two in strength. Could it be that Chen Feng actually defeated this crazy tiger?"

They all believed that Chen Feng was bound to lose, and the crazy tiger could easily win.

In the scene they envisioned, it should be Crazy Tiger walking out of the Colosseum carrying Chen Feng, who had become a slave.

Unexpectedly, the situation is just the opposite.

They also looked at the entrance of the duel.

Then, he saw a long jade young man in white, slowly walking out of it.

With a handsome face, a light smile, and a calm face, who is not Chen Feng?

Suddenly, there was a low voice among the crowd.

However, after all, they are also well-informed people, and they have seen all kinds of geniuses.

Therefore, it was only quite surprised, but there was no more extreme emotion.

"Even Chen Feng won? The newcomer brought by the Yuheng Fairy had the last laugh! It's not easy!"

"Can Fairy Yuheng like someone who is simple?"

Chen Feng clapped his hands, smiled slightly, and looked at Fairy Yuheng, only to say four words: "Fortunately, not insulting!"

Fortunately not insulting one's life!

Fairy Yuheng looked at Chen Feng, his face was full of admiration.

He looked at Chen Feng's confident smile, looked at the calmness of the corner of the boy's mouth, and suddenly felt his heart touched!

"Yes, fortunately not insulting your life!"

"I found him, I brought him here, but he never failed my expectations!"

This is what Chen Feng thought in his heart.

Fairy Yuheng gave him so many things and gave him a chance to come here.

Chen Feng only felt that she did too much for herself, but she did too little for her.

And this time, after all, she was fortunate enough to live up to her life, she didn't disappoint her hopes, and she didn't drag her down because of herself.

Duan Xinglan couldn't believe it and roared: "Crazy Tiger, did you lose? Lost to Chen Feng?"

Chen Feng looked at Duan Xinglan and smiled and said, "Duan Xinglan, it seems that your people have lost miserably."

Duan Xinglan felt extremely embarrassed when he thought of what he had mocked Chen Feng just now.

What Chen Feng said at this time made him even more embarrassed.

He stared at Chen Feng coldly, but knew that this place today could not be found.

With a low growl, he tried to drag the crazy tiger away.

A cold face: "You dog, you can't handle such simple things! See how I will clean up you after I go back!"

Chen Feng smiled slightly when he heard the words, "Sorry, Duan Xinglan, I'm afraid you can't clean up the crazy tiger."

"No way to clean up the crazy tiger?"

Duan Xinglan suddenly raised his head, staring at Chen Feng, and said viciously: "Do you think this injury can hardly stop me?"

"I can just take him easily! Then he can be cleaned up miserably!"

"No, no, you misunderstood."

Chen Feng shook his finger, and said leisurely: "Crazy Tiger is already my slave. You are not qualified to clean him up!"

"what?"

Hearing this, Duan Xinglan was in a daze.

He felt it, and his face changed suddenly.

It turned out that he felt that the extremely close connection with the crazy tiger in his soul had completely disappeared at this time! Shattered!

In fact, Duan Xinglan felt a little bit when Chen Feng cancelled Crazy Tiger's war slave contract in the duel and replaced it with his own death row contract.

But at that time, he was immersed in the disdain for Chen Feng and the bet against Fairy Yuheng.

[Chapter 4535: Down, waiting for you!](#)

There is no such thing as thinking at all.

Now I realized that my face changed drastically, and he said in surprise: "You, what did you do?"

"What did you do?"

Chen Feng laughed and said, "It's just that you abolished your war slave contract with Crazy Tiger, and then replaced it with my death row contract with him!"

"Duan Xinglan, now Crazy Tiger is already my death row, and is no longer your war slave!"

Fairy Yuheng was taken aback at first, then laughed.

She patted Chen Feng on the shoulder: "Chen Feng, what a good job! Really what a good job!"

She looked at Chen Feng, her eyes filled with splendor.

Everything Chen Feng sat there today was completely beyond her expectation.

Even if she was the person who looked at Chen Feng the most among all the people present, the person who knew Chen Feng's details best.

However, she had just felt that Chen Feng could barely win against the crazy tiger at best!

"Unexpectedly, he beat Crazy Tiger so badly! He also forced Crazy Tiger to sign a death row contract

"How did he know the death row contract?"! "

Fairy Yuheng looked at Chen Feng with a hint of relief in his eyes.

"It seems that I was right to bring him here. It seems that Chen Feng should come to the top of the sky!"

"He adapts very quickly to this place, as if he was born for this place! I just came in and found out the rules of this place."

Duan Xinglan's face is extremely gloomy

If he was only extremely angry just now, then now he is extremely sad.

This crazy tiger, although he was the worst one among the slaves he sent to war, was not because the crazy tiger was too talented.

On the contrary, Crazy Tiger is the most talented and most talented one among the slaves he sent to war.

He even suspected that there was a great secret hidden in the crazy tiger.

Therefore, he is actually highly valued by Crazy Tiger.

The reason why Crazy Tiger is weak is that Crazy Tiger has been here for too short a time.

But there is no doubt that Crazy Tiger is the one with the greatest potential here in Duan Xinglan.

And now, this war slave with the greatest potential, the highest talent, and even hidden huge secrets, turned out to be Chen Feng's!

This made him hate it to the extreme!

He stared at Chen Feng stubbornly, his teeth almost broken!

In the eyes of everyone looking at Chen Feng, the complete contempt, neglect, and disdain before was also swept away.

Instead, there was shock and scrutiny.

There are even more people who have a bit more appreciation in their eyes.

A newcomer who has just entered the top of the sky can do this step, it is already extremely difficult, very powerful!

"This Chen Feng is not bad, he can defeat opponents two realms higher than him."

"Yes, and he is a rookie, his opponent has been on the top of the sky for so long."

"Yes, this means that Chen Feng is not only strong, but other methods are also quite impressive."

"After he maimed the mad tiger, he did not lose his calm and killed him, but forced him to sign a death row contract."

"Ha ha....." ~~no~~ **EUSb.Com**

Someone sneered and said, "I guess, the money from the death row contract was still madly!"

"Haha, of course, it was a crazy tiger. Chen Feng just came, and he is afraid that there is no chalcedony on his body."

Everyone gave Chen Feng a high evaluation.

"Good! Very good! Chen Feng, right?"

Duan Xinglan lit Chen Feng with his hand: "I remember your name; uh!"

At this time, the anger on his face disappeared, and he was obviously a man of the city.

However, the hatred is not reduced at all.

He pointed at Chen Feng, and slowly uttered a word: "I won't let you live and become a fairy in the sky!"

There was a sound of discussion around.

"Duan Xinglan is so cruel!"

"Chen Feng is afraid! Duan Xinglan has a lot of problems, but he has always done what he said!"

"That's right, and he said this sentence in front of so many people, for the sake of this tone, for the sake of this face, he will hunt down Chen Feng desperately!"

"He said that Chen Feng would not survive to become an immortal in the sky. I think it is 80% possible."

"It's a pity that Chen Feng is pretty good in all aspects, but it's a pity that Duan Xinglan missed it as soon as he entered the top of the sky! There will be some good shows in the future!"

Chen Feng smiled slightly: "Now, waiting for you!"

But it is not afraid!

Duan Xinglan kept a sullen face, turned around and left, and his war slaves also hurried away.

Fairy Yuheng raised his voice: "Duan Xinglan, don't forget our gambling appointment, I will come to ask for it!"

Duan Xinglan stiffened a bit, and shouted in a low voice, "Don't worry, I can't forget it!"

Having said that, leave angrily.

Seeing that the excitement was gone, everyone left one after another.

Fairy Yuheng gave Chen Feng two pills, which were the former Yuqing Ice Soul Pill: "One is for you, I think you are not injured."

"another one."

She snorted at the mad tiger: "Hurry up and eat it, or you, a newly-acquired condemned prisoner, will die."

Chen Feng nodded and stuffed the pill into Crazy Tiger's mouth.

Then, I also took one.

This jade clear ice soul pill is indeed the most famous healing medicine when the top of the sky is at a low level.

After the mad tiger swallowed it, it didn't take long before the injury began to recover and the bleeding stopped.

Then, consciousness began to recover.

Soon, he recovered about 40% of his strength.

He stood up silently and stood behind Chen Feng.

His eyes were still full of hatred, but they were a bit more numb.

Chen Feng meditated for a while, and he was almost recovered.

However, although the physical injury has recovered, the loss of soul and spirit has not been recovered.

Chen Feng felt a pain in the depths of his soul.

Fairy Yuheng had already seen the clues, and said lightly: "You still use this kind of martial arts sparingly. The loss of soul level is extremely difficult to replenish."

"If you continue like this, I am afraid that something big will happen."

Chen Feng nodded: "Don't worry."

"Actually, I don't blame you."

"You are also unlucky, even when you meet a bitch, every time you can't avoid a fierce battle."

Fairy Yuheng smiled bitterly: "If you continue to do this, the Yuqing Ice Soul Pill I have here will soon be insufficient."

Chen Feng laughed.

He knew that Fairy Yuheng was not joking. Although this Jade Clear Ice Soul Pill was not too expensive, it was also a rare treasure that can only be obtained by a strong newcomer to the top of the sky.

If it weren't for Fairy Yuheng, he would never get the chance.

There were only a few in Fairy Yuheng.

"Let's go!"

Fairy Yuheng smiled and said, "Let's go home!"

Go all the way and leave here soon.

In front of Chen Feng and the others, a layer of azure enchantment appeared.

Fairy Yuheng didn't hesitate and crashed directly into this enchantment.

Chen Feng and others also followed immediately.

But after entering the enchantment, the scenery before him changed drastically.

It's like changing a world!

Chen Feng and the others immediately held their breath, with unbearable surprise on their faces.

[Chapter 4536: Three giant towers!](#)

At this point, the scenery is completely different from what I saw just now.

Those fairy mountains seen outside are still floating in this void.

It's just that the body is more than dozens of times bigger than just now?

And at the highest point above that head, at the end of the line of sight, there is a huge thundercloud storm!

That storm, slowly spinning backwards, was extremely huge, filling all areas of sight!

It is as if an entire sky is filled with this huge storm!

Countless huge black and blue lightnings as thick as a mountain peak slashed down from it continuously.

Every way has the power to destroy a world!

Above the sky, there were dense clouds, lightning and thunder, and the wind howled.

Just like the end of the universe!

Under your feet, there is an endless ocean of fire!

Like the **** of red purgatory!

The extremely intoxicating flame made them feel the terrifying heat in it without knowing how far away.

The height of the flames one after another is almost tens of thousands of miles, and the lowest end is not visible at all.

But, looking down, at the end of the line of sight, there is a sea of fire!

And this is not the most shocking.

The most shocking thing is the three towers suddenly appearing in front of them.

The three high towers are like huge pillars that can reach the sky. Go up, you can't see the top, and down, you can't see the foundation!

It happened so suddenly, it blasted into their sight!

Each of the three giant towers is too big to imagine.

Stand side by side!

The one on the left is all white!

The one in the middle is green all over!

The one on the far right, which is also the largest one, is blood red!

That suffocating red!

It was shocking, as if pots of blood were splashed on it.

There is even a smell of blood coming out.

This **** huge tower reflected the entire space into a light red!

The tips of these three huge towers stretched directly into the huge thundercloud storm vortex.

There are endless lightning strikes on it!

Those lightnings, I am afraid that even the top warriors will be smashed to pieces at once!

The three giant towers stood still.

The breath of the three giant towers is also different.

The huge white tower was filled with hope and spirit of indescribable spirit!

And the blue tower in the middle, the aura inside is extremely powerful, it seems that there are countless secret treasures, supreme classics!

The breath of the huge tower on the far right contains only two words: death!

Pure death, blood!

On the three huge towers, huge writings are engraved on each.

Above the white tower is the word trial.

Above the cyan tower in the middle, it is: The Tibetan Scriptures, four characters!

Above the huge tower on the far right, there are also four words: the heavens and the world!

The three huge towers, as if straight up from the nine hells, straight up to the 33rd heaven!

Filled with the ancient and desolate atmosphere of the ancients, it seems that it has stood here since the beginning of Hongmeng, the beginning of the universe, and the beginning of the universe!

The incomparably ancient, the incomparably huge, and the incomparably thick directly shocked the three of Chen Feng!

Above the three giant towers, there seems to be a door open.

But it's too far away to be real.

Can only see, above the sky, countless warriors whizzed past.

Some went to the three giant towers, and some went to various fairy mountain blessed places.

In the void, there are huge powers floating one after another, like giant beasts, like islands.

Outside of the void, outside the sky of Xuxu, it was pitch black!

This is like a realm of chaos, cruel to the extreme!

But it is also fantastic and magnificent to the extreme!

Here is the real top of the sky!

Fairy Yuheng pointed to the three towers: "This white one is a huge trial tower."

"Trying the giant tower is also something you must go to."

Chen Feng said sharply: "But is it related to our identity?"

"Yes!"

Fairy Yuheng explained it a bit before everyone understood.

It turns out that there are three levels of cultivators on the top of the sky.

The first level, reincarnation fairy!

The second level is to test the fairy!

The third level, the sky fairy!

The first level, reincarnation fairy.

That is, when Chen Feng signed the contract with Crazy Tiger, the new person and immortal that the Lord of Heaven said.

Newcomers and immortals are the name of heaven.

The people on the top of the sky are all called samsara immortals.

Obtain the recognition of the Samsara Jade Medal, and succeed in acknowledging the Lord by dripping blood, and become a Samsara Immortal!

For example, Chen Feng is a trial immortal.

But Mei Wuxia and Tiancun Beast Slave were not.

The second level is to test the fairy!

Reincarnation fairy, go to the tower of trial, and only after completing the trial task will you transform your identity and become a trial fairy!

According to the law governed by the Dao of Heaven, the tower of trial is open once a year.

Back then, all newcomers who entered the top of the sky had to go to the tower of trial, randomly select their own trial world, and complete the trial task.

After passing the trial, he becomes a trial disciple.

If you can't pass, if you come out alive, you can wait for the second year, the second chance.

It's just that it's harder than once.

The third level, the sky fairy!*noveLusb.com*

Trial the immortal and complete the tasks given by the Lord of Heaven three times to become the immortal in the sky!

Chen Feng said, "Fairy Yuheng, you must be a fairy in the sky."

"Yes."

Fairy Yuheng smiled faintly: "The immortal in the sky is the one who has officially stepped into the top of the sky and has become the real person on the top of the sky."

Chen Feng slowly said: "If I guessed correctly, whether it is a trial task or a task to promote a fairy in the sky, it should be difficult?"

"Yes, it's difficult."

Fairy Yuheng hesitated for a moment: "It can even be said that it is extremely difficult! Nine deaths!"

Everyone is stagnant, so that Fairy Yuheng can say such things, the difficulty is evident!

"Trial missions are all single-player entry."

"Often, only one of the ten reincarnation immortals can complete the trial task and successfully advance to the trial immortal!"

Looking at everyone, Fairy Yuheng smiled cruelly:

"The next task, you can join the sect or the team, and follow the strong sect to enter!"

"One task, ten people go in, if five people come out, then it is considered a success."

"The chance of the whole team being wiped out is more than 50%."

"The whole team is safe and sound, and it may not be more than 1% that it can come out safely!"

Everyone's heart jumped fiercely!

This difficulty is too high, every task can be said to be a death task!

Who is willing to go to such a task?

Who wants to go?

Chen Feng slowly said: "People die for money, and birds die for food. Surely completing the task will have infinite benefits, right?"

"Of course there are benefits! The benefits are infinite! They are too big for you to imagine!"

Fairy Yuheng laughed and pointed to the blue tower: "There, is the tower of the Tibetan scriptures!"

[Chapter 4537: hope!](#)

"That's it!"

He looked at Chen Feng and said word by word: "I told you before, then, what you want will come true!"

The place where you want to come true!

Chen Feng's heart jumped: "What on earth is there?"

"It has everything!"

Fairy Yuheng said in a dreamlike tone: "There is everything there!"

"What you can think of, what you can hear, what you want to achieve, all powerful exercises, martial arts, magical powers, magic weapons, there are there!"

"It has everything, the level is so high that you can take out any one to crush the top treasures in the world of Xiaoqian!"

Chen Feng said solemnly: "Is there also the Hundred Ghosts Yexing Soul Calling Scriptures I want?"

"natural!"

"As long as it has appeared in this universe! Then there will be!"

Fairy Yuheng cuts the railroad:

"Even, want to buy a saint from a large sect as a slave? There are also there!"

"Even, you want to buy a Little Thousand World! There are also there!"

These words made Chen Feng listen, and his entire body was erected instantly!

It actually gave birth to a sense of creepy!

"Where is this huge tower of Buddhist scriptures from the heavens? What is the origin?"

He was shocked, and even more excited: "Calm down! Chen Feng, calm down!"

Mei Wuxia and Tiancun Beast Slave were already shocked!

After taking a few deep breaths, Chen Fengqiang calmed himself down.

Looking at Fairy Yuheng: "If we want to enter there, do we need enough chalcedony?"

"Yes, there are two requirements to go there!"

"The first is chalcedony of heaven!"

"As long as you have enough chalcedony, you can get everything you want!"

"The second condition is..."

Chen Feng smiled bitterly and said, "Want to become a fairy in the sky?"

"clever!"

Fairy Yuheng said: Reincarnation immortals are not qualified to enter the giant towers of Tibetan scriptures! "

"Trial immortal, you can enter, but only the first level!"

"And the immortal in the sky can enter the second layer, the higher the level, the stronger the strength, the higher the number of layers that can be entered!"

Chen Feng and others all understand.

Presumably, the higher the number of layers, the more treasures there are, the better.

"So, how do you get the chalcedony of heaven? How do you upgrade yourself?"

Fairy Yuheng said loudly:

"The only way is to complete the task given to you by Heaven!"

She suddenly turned around and pointed to the third, **** tower: "And the source and destination of all this is here!"

"This is: Towers of Ten Thousand Heavens!"

"It is divided into nine layers, and each layer leads to countless worlds!"

"The higher the number of layers, the higher the power level of the world leading to!"

"Enter the mission world and complete the mission. The Lord of Heaven will reward the corresponding chalcedony of Heaven, as well as some other treasures."

"And what you get in the mission world can be brought out as long as it can be collected into the samsara jade medal."

"The treasures you bring out can also be exchanged for chalcedony of heaven!"

Chen Feng sighed slightly, he already understood completely.

Heaven dominates, cold and cruel.

But it gives a complete cycle!

A full cycle full of hope!

If you want to become stronger, you have to go to the giant towers of Tibetan scriptures!

If you want to buy something you like in the giant towers of the Tibetan Scriptures, you must have chalcedony of heaven!

If you want to have chalcedony of heaven, then just go and complete the task obediently!

Mei Wuxia twisted her eyebrows and said, "But, after all, there are still people who are afraid of death and don't want to go."

Fairy Yuheng said indifferently: "I have reached the top of the sky, I can't help you if I want to!"

"You think you can't go if you don't want to go?"

She laughed: "When the hour arrives, the Lord of Heaven will throw it directly into the world you want to go to! Whether you want it or not!"

Fairy Yuheng sneered and said, "Heaven dominates, the most cold and ruthless."

"Don't think he will have any mercy."

"nonexistent!"

"In his eyes, only the strong can survive, and those who die are damned!"

The Tiancun Beast Slave asked curiously: "How many floors can you go to now?"

"Three floors."

"Beidou Clan, the highest-level mission we can complete now is nothing more than a third-rank mission."

Fairy Yuheng said: "We have gone all the way to the present, and many people have died. I don't know how many things we have experienced!"

"At the beginning, my group of dozens of companions were dead, less than three!"

"but!"

Suddenly she opened her arms and shouted enthusiastically: "At least, we have the qualifications to enter the giant towers of the Tibetan Scriptures!"

"At least, we don't have to be trapped in our own little world like those who have no chance to enter the top of the sky!"

"At least, we still have a chance to fight our lives and change our destiny!"

"At least, we can see!"

She slowly uttered two words: "Hope!"

Yes! hope!

Chen Feng couldn't feel more about this!

If he had not come to the top of the sky, he would be trapped in the Dragon Vein Continent.

Chen Feng will not die, he will live well.

It is possible that he will grow up to be the first person in the Dragon Vessel Continent and be a mastermind.

But so what?

Is it great to be the king and dominate in a small pond? Happy?

At least, Chen Feng didn't think so!

He felt he would be suffocated!

Moreover, there is a particularly important reason!

All those who cultivate martial arts, all those who cultivate immortality, what do they ask for?

But longevity!

Seeking longevity requires continuous enhancement of strength!

If he is stuck in the Dragon Vein Continent, even Jiuxing Wudi can't break through, how much can he live?

At most, it's just that you can live to be 800 years old!

When I get old, watching myself get aging and my lifespan is getting shorter day by day, the despair that can only wait for death, the despair that can't break through, and can't let myself continue to live!

It's enough to drive him crazy!

And now, he is here, yes, every task may die!

However, he can see the hope of becoming stronger!

Seeing the opportunity of longevity!

But for longevity!

For Chen Feng, what he fears most is not suffering, tiredness, or death.

Rather, there is no hope!

Until this time, Chen Feng suddenly felt that his state of mind was quietly blooming new life!

"So, every task, everyone cherishes it!"

"Only in the mission, can you get everything you want!"

Chen Feng suddenly said: "When is the trial mission? Other missions, every few months?"

Fairy Yuheng glanced at him approvingly: "A month later, it will be when the trial tower opens!"

"As for becoming a Trial Immortal, it is a three-month mission."

Chen Feng nodded solemnly: "In other words, I have one month left!"

The trial mission, with a survival rate of less than 10%, is extremely cruel and difficult!

[Chapter 4538: Big Dipper, the power of stars](#)

And Chen Feng only has one month to prepare!

Mei Wuxia and Tiancun Beast Slave looked at Chen Feng with worried expressions.

Chen Feng was relaxed, and suddenly raised his eyebrows: "It sounds like the ruler of heaven is like a terrifying and omnipotent mighty power."

"Grab us from the world and from all the worlds and put us in this **** arena."

"He is raising Gu!"

"And we are the Gu worms they raised!"

"He wants to choose the strongest Gu worm!"

Fairy Yuheng chuckled, "Chen Feng, you really understand."

"Yes, but this opportunity to be a Gu worm can't be grabbed by others!"

Chen Feng smiled freely: "Yes, everyone believes that he will become the strongest one!"

"These, you will learn more about it later."

"Go, take you to the place of our Beidou team."

After everyone calmed down the shock in their hearts, Fairy Yuheng led them forward.

In front of them, there are countless fairy mountains floating in the air.

The heights are staggered, distributed in a huge space with a radius of a million miles.

I don't know how many, densely packed, like stars in the sky.

The lower it is, the smaller and simpler it is.

And the closer it is to the upper level, the bigger it is.

The tallest ones are thousands of miles in radius, clouds and mists are lingering, immortal gas is transpiring, just like an immortal continent!

And the ones at the bottom were no more than one or two miles in radius, like a small barren mountain.

Everyone flew all the way up.

After Fairy Yuheng explained, Chen Feng and others knew that this fairy mountain was called a blessed land.

Blessed Land, on the top of the sky, is divided into nine ranks!

Nine-pin is the lowest and first-pin is the highest.

And the location of the Beidou team they are going to is the Beidou blessed land.

It is a blessed land of seven products.

Chen Feng raised his eyebrows and immediately understood.

I'm afraid, this means that the strength of the Beidou team is not top-notch on the top of the sky!

It is estimated that it is only moderate at best.

And Chen Feng and others also noticed that in this fairy mountain, there is another kind, the whole body is shrouded in black clouds.

Can't see the real face.

Among the dark clouds, there were more thunderous, violent storms, which seemed to be a restricted area for mortals, and no approach was allowed.

In this case, there are all kinds of fairy mountain blessed land.

Before everyone asked, Fairy Yuheng said, "These are the original masters of Xianshan, and they all died."

"This fairy mountain blessed land, after confirming that there is no owner, the Lord of Heaven will close it."

"Waiting for the arrival of the next destined person!"

When I talked, I got to one place.

It is about ten miles in radius and the scenery is quite beautiful.

A cliff stands thousands of people.

At the top of the cliff, there is a mountain road winding upward.

On the edge of the cliff, on a jade archway, two characters: Beidou!

"This is our fairy mountain."

Fairy Yuheng pointed to the plaque: "Beidou Fudi."

At the next moment, Fairy Yuheng held up the jade card of reincarnation.

Suddenly, between the two characters of Beidou, a blue light shrouded her reincarnation jade plate.

On the jade card of reincarnation, there was a crisp bang.

Then, a blue light surrounded the five people.

In an instant, the door opened wide, and the five people were swept in by the blue light.

However, at the moment of entering the door, everyone felt that there was such a moment of spinning.

When he wakes up again, the face and the foreground have already undergone tremendous changes.

This is actually an extremely beautiful valley.

It is a hundred miles long, and on both sides are towering cliffs. I don't know how high it is, and I can't see the end at a glance.

The spring water ding-dong, and the bamboo forest shelters it.

Above the cliff. There are green forests, wild flowers blooming, and fairy birds flying by from time to time, like a paradise.

In that gorge, a stream flows through, seeming to come from the top of the mountain.

The spring water dingdong.

On both sides of the stream, flowers are like brocades, and the grass grows with warblers.

The large tracts of peach forest, without a glance, spread towards the extreme distance.

The flowers bloom as beautiful as ten miles.

The radius of this valley is at least about a hundred miles.

It turns out that there is no cave inside, it is much bigger than it looks outside!

Moreover, not only that, as soon as Chen Feng came in, he immediately felt a refreshing green breath, pouring out from a distance.

Chen Feng almost thought it was an illusion that this green and misty breath appeared instantly and then disappeared in an instant.

However, that feeling let him know that this is by no means an illusion.

This clear and misty breath is completely different from aura.

It is extremely gentle, but it contains a terrifying and huge extremely powerful force.

After entering Chen Feng's body, this power made him feel uncomfortable.

The whole body is as if soaked in the best liquid medicine.

The tens of thousands of pores all over her body were relaxed and unspeakable.

Chen Feng looked up and saw huge powers floating under the sky.

This kind of power is huge, like a giant whale, like an island, ups and downs.

Huge and terrifying.

And this clear and misty breath radiated from these enormous powers.

"This kind of green breath..."

Chen Feng was surprised: "No matter how powerful aura is, I don't feel that way! What is this?"

"This is Xingchen Qingqi."

Fairy Yu Heng said: "The clear energy of the stars is emitted by the power of the stars, which is higher than the spiritual energy by many levels."

Chen Feng suddenly.

Presumably, those huge forces above the sky are the power of stars.

This is completely different from the breath of the Dragon Vein Continent.

The power level is much higher than the aura on the Dragon Vein Continent, etc., I don't know how much!

Fairy Yuheng said: "The bigger the blessed land, the more the power of the stars in it, and the stronger the clear energy of the stars, and the faster you practice."

"Our Seven-Rank Blessed Land contains about five or six hundred powers of stars."

The power of the stars is the power of the core of the stars.

It is also extremely rare in the universe, but a very special force.

This kind of power has a very high level, and no amount of spiritual energy can compare with the power of the stars of doubt.

Because the two do not exist on the same level at all.

Absorbing the power of the stars is of great help to cultivation.

Not to mention that there is no Small Thousand World, even in the Middle Thousand World, it is quite rare.

The strength of the stars is also an extremely important reason for the warriors on the top of the sky to be so strong and so high!

While speaking, Chen Feng suddenly felt that more than a dozen powerful auras rose up in the valley.

And there are three of them, the most powerful and overwhelming.

This kind of momentum makes him unable to control his realm at all!

The strength in the body is directly stimulated and also rises.

It's just that, compared with the three powerful auras, it is far worse.

[Chapter 4539: contempt](#)

The next moment, in the valley, in the scattered palaces, more than a dozen figures appeared, rushing towards this side.

In a blink of an eye it fell before everyone.

Chen Feng looked at it and saw that the people who came were also strangely shaped, but in general they were mainly human monks.

Only at the end, there is a guy about three meters tall.

He was covered in green skin. Although his figure was very thin, it was full of agile and explosive power, just like a giant praying mantis standing up.

Except for him, the others are human monks.

The heads are three.

One is a tall man, wearing a pale gold robe, standing in the center.

And his hair is also that kind of faint gold, and his body is shining with noble and powerful faint golden light.

This person is about two meters tall.

On his left, there is a rough man.

The rough man has a hearty expression on his face.

Above the body, he was wearing a clothes made of rattan.

That's right, it's the rattan, and it's the kind of yellow-yellow, slightly dry, very inconspicuous rattan.

He squinted at Chen Feng, his face seemed to have been smiling.

It feels like this is a very affinity person?

On the right hand of the man in the golden robe, there was a short and dignified man.

Chen Feng took a closer look and found that he was actually not that short. The reason why he was short is actually because he always crouched.

Moreover, he always seemed to like to hide in the shadow behind the pale golden man.

"This person is someone who is used to hiding himself."

He looked at other people's gazes, they were extremely vicious and cold, like a poisonous snake.

The breath of these three people is extremely large, soaring into the sky, they can't cover them.

Even on the three of them, a light cyan light beam was formed.

Chen Feng couldn't see their specific cultivation level, but he also felt that the strength of the three of them should be comparable to Fairy Yuheng.

Far beyond the scope of Emperor Wu's realm.

Behind him, there were twelve people.

The aura of these twelve people is also quite magnificent, each of them is stronger than the three of Chen Feng.

The weakest, there is also the peak of Qixing Wudi.

But by no means to the level of these three.

When these people saw Fairy Yuheng, their expressions were different.

The tall man in the golden robe shouted loudly: "Yuheng, you sent the message early, so everyone must wait here today."

"But what is important?"

There was a little complaint in his tone:

"After I completed the task last time, I was rewarded with a ten-day stay at the top of the firmament. Only two days are left."

"In the end you wasted a day for me."

Although there were some complaints in the words, it was only a slight complaint.

Obviously he was quite awed and jealous of Fairy Yuheng, and didn't dare to make too much trouble.

Fairy Yuheng looked at the three of Chen Feng, pointed to the tall man in golden robe, and said, "This is Jin Yuxie."

He pointed to the brawny man with a big body and a smile on his face: "This is Ruoguliu."

The man with a gloomy face was evil shadow.

She did not introduce the rest.

Chen Feng could understand that the core of the Beidou team should be the four of them.

The rest of those people did not surpass the Martial Emperor Realm, obviously not in the ranks, and they are not important figures.

Ruo withered willow smiled heartily: "Old Jin, don't worry."

"Yuheng has always been a very measured person. She said that she had brought in a very promising newcomer this time, so she has her own reason."

His eyes crossed Fairy Yuheng and fell on Chen Feng and others.

He paused for a while on Chen Feng, and then moved over and fell on the Heavenly Remnant Beast Slave.

Seeing Tiancun Beast Slave, his eyes lit up and he exclaimed: "Yuheng, is this the newcomer you brought over this time?"

He stepped forward, patted the Celestial Remnant Beast Slave on the shoulder heavily, laughed and said, "Awesome!"

"This trust is good! At first glance, it is a special ethnic background, with great talent!"

"and!"

He took a deep breath, a bit drunk on his face:

"From him, I perceive a strong affinity for monsters."

As he said, his eyes suddenly widened, and his face was full of joy: "He turned out to be a beast **** messenger?"

Beast God Messenger!

These four words made Chen Feng slightly startled.

Not only Ruo withered willows, but everyone else's eyes also fell on the Celestial Beast Slave.

Tiancun Beast Slave, with a peculiar race, its racial talent is of a very high kind that can be seen at a glance.

Moreover, the summoning power transformed into the power of luck that faintly revealed from him was also quite amazing.

After seeing his details, everyone's faces looked different.

Most of them are full of envy and jealousy.

Jin Yuxie and Xie Ying were also quite surprised.

This is a talent visible to the naked eye,

As for Chen Feng and Mei Wuxia, they were completely ignored.

Chen Feng didn't care, instead, a smile appeared at the corner of his mouth.

The power of his luck is dull and inexplicable.

And his cultivation realm, due to the special reason of the cultivation technique, looks like an ordinary five-star martial emperor realm, and it is not eye-catching.

Chen Feng didn't want to attract the attention of others too much.

"This means that even Jin Yuxie can't see my details, which is not bad."

Fairy Yuheng shook her head, cursing in her heart: "This bunch of mindless things."

She pointed to Chen Feng and said lazily: "This is the newcomer I brought back this time."

"The person I brought back with all my hard work this time is him. As for the other two, they just met by chance."

She stood up straight: "I will introduce you to this, this is Chen Feng!"

Her voice was clear and clear, and everyone could hear her clearly.

"Chen Feng is a newcomer I brought back specially and an unworldly genius."

"You will all be polite to him from now on!"

In the words, it implies threat.

"What? He? Chen Feng?"

When everyone heard it, they were all taken aback, and their eyes fell on Chen Feng.

But no matter how they look at it, they feel that Chen Feng seems to be nothing surprising.

He was just a five-star Wudi, and he didn't seem to be very talented.

"It looks unremarkable and nothing special."

Someone sneered in a low voice: "Fairy Yuheng, this time it may be a misstep."

"Yeah, it took such a great effort to bring back a newcomer, and the result is a mediocre person! Among us, which one is not better than him?"

"That is, let alone us, even in the little world where I came from, there are a few young talents who are not inferior to him!"

There was a low voice of discussion from everyone.

Looking at Chen Feng's gaze, there was a bit of jealousy, hostility, disdain, and malice.

[Chapter 4540: One step to the sky!](#)

Chen Feng was so taken by Fairy Yuheng, and Fairy Yuheng wouldn't even look at them more often.

This made them very jealous, and their hearts were full of hostility towards Chen Feng!

"Why!"

Many people had their thoughts, thinking about cleaning up Chen Feng later.

"Isn't Fairy Yuheng saying that he is a genius? Just so, step on him to the top!"

Jin Yuxie laughed and greeted everyone: "Come, come over and meet the three newcomers."

Everyone came forward and greeted Chen Feng several people.

Among these people, there are only four of them, Fairy Yuheng and Jin Yuxie, who are immortals in the sky.

The others are all samsara immortals.

As for the trial of immortal disciples, there is no one, which is also very strange.

When they talked to Chen Feng, they didn't smile, and even looked down and full of coldness.

On the contrary, they were quite enthusiastic when facing the Tiancun Beast Slave.

"Brother Tiancan, I don't know what powerful race you are?"

"Beast **** messengers are quite rare on the top of the sky, brothers will have to rely on you in the future!"

Someone looked at the crazy tiger standing silently behind the three, and exclaimed: "Isn't this the crazy tiger under the star lan? Why is it here?"

"Does this need to be asked? It must have been his arrogance to provoke the Tiancan brothers and was subdued by the Tiancan brothers."

"Brother Tiancan is really a good method!"

Crazy Tiger raised his eyes and said nothing.

Chen Feng looked at this scene with a smile, not surprising.

At the top of the sky, he had already seen that it was an obvious world where the weak and the strong.

The naked strong survive.

In their eyes, the Tiancun Beast Slave possesses extremely strong potential and unlimited possibilities in the future.

So they are careful and deliberately to make celestial beast slaves.

And Chen Feng in their eyes...

After all, they were quite disdainful of Chen Feng and didn't take him seriously.

Instead, they pay more attention to the Heavenly Remnant Beast Slave.

This situation made the Tiancun Beast Slave a little uneasy, looking at Chen Feng with a bit of worry in his eyes.

Chen Feng shook his head, smiled and said in a low voice: "Don't worry about me, you can come wherever you want."

Tianchou beast slave was relieved.

When everyone saw this scene, they even shook their heads.

"I can figure it out. Chen Feng's ability to come may be because of the light of the heavenly beast slave."

"Yes, Fairy Yuheng is afraid that the opposite is true."

"Chen Feng doesn't know what he is capable of, but the Heavenly Canal Beast Slave bowed his head to him like this?"

After hearing this, the Tiancun Beast Slave showed a hint of anger on his face, and shouted in a low voice: "You guys, if you dare to slander my brother Chen Feng, be careful!"

Those who spoke were all shocked and dared not say any more.

Just secretly jealous.

They looked at Chen Feng, although they no longer said mockery, but the joking, disdain, sarcasm, etc. in their eyes did not hide.

Chen Feng glanced at them lightly, but didn't even pay attention to it.

His goal of coming to the top of the sky this time is very clear.

First, find the secret of the Dragon Vessel Continent.

Second, raise his strength enough to crush Chu Shaoyang and the masters of the God of War.

The third is to find the Hyakki Yexing Soul Calling Scripture.

In fact, Chen Feng's progress in entering the top of the sky was completely beyond his expectations.

He originally thought that this time he would have a taste of contact with the top of the sky.

But I didn't expect it to sink so deep all at once.

Suddenly, he became a person on top of the sky.

Now, he is extremely looking forward to everything on the top of the sky.

"Okay, shut up!"

Fairy Yuheng shouted coldly.

She has a very good temper to Chen Feng and others, but not to others.

I was very impatient and yelled, looking at everyone and saying, "From today onwards, Chen Feng, Tianchou Beast Slave, and Mei Wuxia are members of our Beidou team."

"If anyone dares to make trouble, be careful of me!"

She smiled coldly, her eyes cold!

Suddenly, everyone trembled in their hearts, hurriedly obeyed, not even daring to speak.

However, many people glanced at Chen Feng's trio, with strong malice and a bit of sullen thinking.

Obviously, I don't know how to deal with the three of them.

Fairy Yuheng looked at it, but also helpless.

There is no trash who can enter the top of the sky, nor is there a person willing to live in the world.

These people are all unruly generations.

Except for strong strength, there is nothing that can make them succumb.

Fairy Yuheng looked at the three of Chen Feng and sighed softly: "Everything I can do has been done."

"What's left is up to you."

"Come on, I will arrange accommodation for you."

Fairy Yuheng took Chen Feng and the three people toward the depths of the valley.

She seemed to remember something, and suddenly turned to look at everyone, especially Jin Yuxie and Xie Ying, and said, "One month later, it will be when the annual trial tower opens."

Fairy Yuheng stretched out two fingers: "One step to reach the sky, I want two!"

"Chen Feng and the Celestial Remnant Beast Slave are both very human. It is a waste to enter the ordinary world of trials. I want them to enter the world of death trials."

As soon as this remark came out, it immediately exploded.

The faces of the twelve reincarnation immortals were surprised.

Then, the surprise turned into a thick anger.

However, they were obviously quite afraid of Yuheng Fairy, daring not to speak.

They dare not say, but Jin Yuxie and others are not afraid.

"what?"

Jin Yuxie heard this, and his face suddenly showed strong dissatisfaction.

He stared at Fairy Yuheng, and sternly shouted: "Our Beidou team, last time we fought our old life, only to get back three orders to climb the sky!"

"You actually have to go two?"

He pointed to the dozen people behind him: "What do they do?"

"These people, but they have been on the top of the sky for several years, they still have not been able to participate in the death trial mission and enter the world of death trial!"

"As a result, the three newcomers you brought will occupy two places as soon as they arrive? Why?"

After Jin Yuxie finished talking, everyone nodded and agreed.

Fairy Yuheng sneered and said: "These trash under your hands, even the ordinary trial missions can't go through. Have you thought about the death trial mission? Dreaming?"

"It's better not to be violent."

During their quarrel, Chen Feng also understood what was going on.

It turns out that there are two kinds of trial tasks.

One is an ordinary trial mission, and the other is a death trial mission.

In the death trial mission, what you enter is the world of death trial.

The world of death trial is extraordinarily powerful, and extraordinarily dangerous inside!

Extremely difficult, extremely cruel!

As Fairy Yuheng said before, only 10% of the people in the trial mission can survive, and this refers to the world of death trials.
