

Peerless 4601

[Chapter 4601: Brutal Snake Seventeen](#)

Even now, his main thought is not to kill Chen Feng.

But how to get some benefits in this world.

He took out a piece of blood, which was obtained from Chen Feng that day.

Then, Chen Feng's position was immediately traced.

He looked somewhere: "It turns out that you are hiding there, the distance is really a bit far."

"However, one month has passed, enough!"

After all, Snake Seventeen is ready to go in that direction.

At this moment, he suddenly felt a peep, coming from a distance.

There seemed to be an extremely large and powerful being, standing there, looking at himself with cold and indifferent eyes.

Full of scrutiny and undisguised hostility!

Who is Snake Seventeen?

This person has a twisted personality and is extremely surly and cruel.

In front of Dementor Immortal and others, he respectfully suppressed himself.

But when he faced the weak, he was exceptionally cruel and cold.

He came to this Xuanming Seven Seas Realm, thinking that he had reached a small world with his own strength, and he didn't put anyone in his eyes.

Where can other people's prying eyes be allowed?

He immediately knew that this was only a prying look at himself by the top power in the world!

He turned around abruptly and let out a loud roar of yin: "What are you looking at? I've abolished you!"

With a light sneer, a long curved knife appeared in his hand.

It was no more than three feet long and twisted like a poisonous snake that was killed.

Above it is an endless black ghost fire.

The knife in his hand slashed forward fiercely, and the whole body was shocked.

Even behind him, there are dozens of blood vessels emerging.

So instantly, a black knife light shook out fiercely!

This black blade light grew bigger and bigger, and it turned into tens of thousands of meters long far away, and it seemed that even the sky could be split apart!

Then, Dao Guang twisted with a violent twitch, and disappeared directly into the void.

However, with this knife, Snake Seventeen was obviously also very expensive.

He was panting heavily in place, and even coughed violently, black blood oozing from the corners of his mouth.

But his face was full of grinning smiles: "Do you still dare to spy on me? Now I think you dare not!"

This person is really distorted.

Just because of being spied, he did not hesitate to pay a huge price to cut this powerful knife.

The next moment, beside the huge Seven Seas Luo Hanlian, the void twisted.

Then, a huge twisted ghost fire knife light burst out of the sky.

The Seven Seas Luo Hanlian didn't have any defense at all, and it was hit directly and severely.

Suddenly, Seven Seas Luo Hanlian, that huge body trembled!

Then, a huge flower bone was chopped up!

A huge lotus leaf was also chopped out

Moreover, the black ghost fire spread all over it instantly, burning fiercely in it, like a bone-attached maggot, extremely fierce.

Seven Seas Luo Hanlian trembled violently in pain, and actually let out low roars in it.

At this moment, he seemed to react.

Suddenly, the other flower bones of the Seven Seas Luo Hanlian opened, and one after another burst of green juice like emerald, directly covering the black ghost fire.

After using it for a while, the black ghost fire was extinguished.

But the huge crack exists there.

Shocking, unable to heal!

In fact, this plant of Seven Seas Luo Hanlian has already surpassed the overlord level of a million miles.

It is not weaker than the snake seventeen.

It's just that he has never come into contact with an opponent like Snake Seventeen. He has a lot of magical powers and is unpredictable.

Therefore, when he was caught off guard, he was directly injured.

You know, Seven Seas Arhats, these old monsters who have lived for not knowing how many years, are extremely powerful.

But once damaged, it will take many years to recover.

Has a great influence on him.

Thus, the Seven Seas Luo Hanlian was furious instantly!

He let out an extremely violent roar, almost causing a small half of the entire Xuanming Seven Seas Realm to tremble!

Then, above the Seven Seas Arhat Lotus, infinite anger surged.

The anger spread out instantly.

It spread to a small half of the Xuanming Seven Seas Realm, and passed to the powerful Lingzhi!

After that, many Lingzhi that was closer to Snake Seventeen began to shake and become Lingzhi puppets.

Snake Seventeen walked in the direction of Chen Feng.

Not far away, there was a sudden movement in my heart.

I felt a few breaths approaching here.

After a while, several figures appeared in front of him.

It's just a few puppets.

Snake Seventeen shook his head, prepared for this.

"If I just enter this world, I will naturally be resisted and hostile by this world."

"It seems that this is the way to deal with me!"

"but!"

He smiled grimly: "What are you guys?"

With a casual palm shot, suddenly, a few powerful men of the overlord level of a thousand miles were directly broken by him.

Then, he gave a soft voice.

It turned out that he saw a few pieces of sapphire jade-like things falling out of the corpses of these smashed Thousand Miles Overlords.

The next moment, his eyes lit up.

Because, the rich and powerful vitality he felt before came from these things!

Snake Seventeen directly sat cross-legged on the spot, pressing his palms on the essence of those few spiritual plants.

With a bang, it shattered and began to absorb *novelusb.com*

When the power of Lingzhi essence poured into his body, Snake Seventeen's eyes widened, revealing a touch of ecstasy.

He trembled: "This, this thing is as helpful to cultivation as the power of stars?"

"Although it is not as pure and vast as the power of the stars, it is full of vitality!"

"The effect is excellent!"

Then he realized what, the next moment, he let out a violent laugh!

Excited to the extreme!

"It turns out that this world is rich in this kind of spiritual plant puppet! It is rich in this kind of spiritual plant essence!"

"Hahaha, it's developed now! I even hope to go further here! Take it to the next level!"

"This time it really didn't come in vain. This is equivalent to a few months of cultivation time at the top of the sky!"

"Moreover, you can absorb the power of the endless stars without limit!"

"You can also take this thing out!"

You know, in the Cthulhu Valley on weekdays, he also needs restraint when he absorbs the power of the stars.

Now he is like a big rat falling into the rice warehouse, how can he not be excited?

"Chen Feng, Chen Feng, I really want to thank you for bringing me into this world!"

Snake Seventeen didn't hesitate to absorb it madly.

Although his strength is much stronger than Chen Feng, it is obvious that the cultivation method can never be comparable to the Golden Sutra of the Great Bodhisattva Avalokitesvara.

So the absorption is slower.

[Chapter 4602: Within ten breaths, solve you!](#)

Chen Feng only used half an hour to absorb the essence of these spiritual plants, while he used three hours.

However, this speed, looking at the same level at the top of the sky, is definitely one of the fastest.

After absorbing the essence of these spiritual plants, Snake Seventeen was extremely excited and went all the way forward.

And there are lingzhi puppets constantly appearing.

Whenever a puppet of a spiritual plant appeared, indiscriminately, Snake Seventeen immediately beheaded it.

They didn't even wait for those spirit plant puppets to take shape, and took the initiative to kill them.

In almost just one or two hours, he had already killed several thousand heads, and even the Overlord of Ten Thousand Miles had killed a lot.

Within a radius of thousands of miles, almost all of the Lingzhi were beheaded.

In the void, the bodies of Lingzhi puppets floated everywhere.

Seeing the spirit plant essence piled up in front of him, Snake Seventeen laughed triumphantly!

At the top of the sky, it seemed that there was no wind and waves, but the Snake Seventeen who could only follow the Dementor Immortal, but at this time demonstrated extremely terrifying and powerful combat effectiveness.

unstoppable!

In fact, it's not that the snake seventeen is weak, it can only show that the top of the sky is too strong.

He is actually very powerful, enough to suppress the existence of a small thousand world with his own power.

Just because of the top of the sky, there are too many strong people!

Snake Seventeen is here!

Not only did Chen Feng not have the slightest fear, but he was full of fighting spirit!

"Snake Seventeen, I'm Chen Feng, waiting for a long time!"

"You, don't let me down!"

Chen Feng suddenly got up, and just as he got up, suddenly, there was a loud noise outside.

A huge white lightning struck down, followed by the ten thousand thunder snake.

The sky was instantly illuminated as white, and then black again.

In the reflection of that white lightning, the shadows on the ground were twisted and grotesque.

As the lightning fell, there was violent thunder and heavy rain.

In an instant, thousands of miles of poisonous mist around Shengyang Academy was wiped out.

The sky is bright and dark.

Chen Feng laughed: "God helps me too!"

At this time, there was lightning that kept falling!

When lightning strikes, it means there is light.

With light, it means...

Chen Feng's eyes fell, and shadows appeared under everyone's feet.

His gaze spread to the distance, and the huge spiritual puppets outside the Shengyang Academy also appeared one after another huge shadows as the lightning continued to fall.

If there is no lightning, Chen Feng also has other means.

But with lightning, better!

"Snake Seventeen has arrived, so I can do it too."

"There are seventeen snakes and jade in front. What I do will definitely not cause dissatisfaction with these puppets."

It turned out that Chen Feng had long looked at the spirit plant essence of these spirit plant puppets, and had long wanted to kill them.

But he had some thoughts in his mind.

A very important part of his plan is to use these spiritual puppets.

Therefore, you can't hurt the killer so as not to forge feuds.

Chen Feng had been restraining and forbearing before.

But now, Chen Feng knew that he didn't have to bear it anymore.

Because everything he did was nothing at all in the face of what Snake Seventeen had done.

Based on Chen Feng's understanding of Snake Seventeen, after Snake Seventeen came in, once he discovered the secrets of the spirit plant puppets and discovered the benefits of the spirit plant essence, he was afraid that he would kill wildly.

Forge a life and death vengeance with these spirits!

Compared with him, what Chen Feng did would be nothing.

Not to mention, Chen Feng will have a remedy next.

Chen Feng looked at the spirit planting puppets outside, the overlord of the eight-star Wudi peak, and the overlord of the eight-star Wudi in the early days.

Looking at these terrifying and powerful beings, he suddenly smiled, and the corners of his mouth and eyebrows were full of cruelty!

The next moment, Chen Feng was out of the hall.

Everyone was taken aback, and quickly followed out.

Chen Feng stepped on the void and instantly came outside the Shengyang Academy.

On the square, many disciples were stunned when they saw this scene.

Chen Feng glanced at the many other sect disciples from outside, his expression indifferent, without sadness or joy.

Chen Feng went directly outside the Shengyang Academy and faced the five overlords of one hundred thousand miles and sixty overlords of ten thousand miles!

Everyone was stupid seeing this scene.

"Chen Feng wants to challenge them by himself?"

"It's crazy! How can he beat so many strong people?"

Those spirit plant puppets were all surrounded at this time.

Dozens of huge figures and shadows are like huge mountains in the darkness.

In front of them, Chen Feng seemed extremely small.

However, Chen Feng's momentum was frantically rushing, pressing down fiercely, without showing any weakness!

Chen Feng's voice suddenly sounded: "You chased me Chen Feng all the way to this point, and you are not willing to leave outside the Shengyang Academy!"

"Before I, I have done my best, you guys, do you think I have no temper?"

Finally came, and the strongest overlord of 100,000 miles, his voice was low, and he said three words: "Chen Feng, die!"

Chen Feng laughed loudly: "You are the ones who die!"

Chen Feng's current strength is nothing to do with the eight-star Wudi peak powerhouse.

But dealing with so many at the same time is very difficult.

If you can't make a quick battle and get caught in a heavy siege, then there will be great danger.

The longer you fight, the more obvious the disadvantage!

It may even be beaten to death!

But Chen Feng was confident.

In the next instant, above Chen Feng's body, a dark golden light surged, and the second layer of the Donkey Kong Arhat's Immortal Body was activated!

In another instant, 13 stars in Chen Feng's body instantly lit up!

A force of 390 billion catties surged from his body, and the thirteenth star began to burn.

And this is just a foreshadowing!

What happens next moment is the most important!

Behind Chen Feng, he had already condensed nine star veins, covering the world!

In the star veins, the stars rise and fall, the sun rises and sets, if countless stars are integrated into it!

The incomparably powerful momentum envelops Chen Feng!

A cruel smile was drawn at the corner of her mouth, and she looked at the puppets: "Within ten breaths, solve you!"

Ten breaths!

He only has ten breaths!

Chen Feng now has all his cards.

With such an overloaded operating expenditure, Chen Feng can only support ten breaths at most!

But within these ten breaths, Chen Feng's strength will be stronger than ever!

Above the sky, a huge and extremely bright lightning flashed down, instantly illuminating the place like daylight.

Dozens of huge figures are like demon gods standing in the dark.

Lightning illuminates this place transparently, and it also casts huge silhouettes next to the puppets of these ten thousand li overlords and one hundred thousand li overlords!

"It's now!"

[Chapter 4603: No enemy!](#)

Chen Feng's eyes flickered.

In the next moment, he directly pounced on the overlord of Wanli in front.

This Ten Thousand Miles Overlord is the closest to Chen Feng, and its strength is also weak among many Ten Thousand Miles Overlords.

It seems that Chen Feng is going to start with the soft persimmon.

These spiritual puppets are not low in IQ.

They have been outside for so long, and obviously they have a certain understanding.

Suddenly, the overlord of Wanli began to make a defensive posture.

And the overlords of one hundred thousand li and overlords of ten thousand li nearby are all surrounding them.

It seems that Chen Feng is ready to besiege.

As long as Chen Feng attacks this ten thousand li overlord, he stagnates for a moment, and he will fall into the siege!

Chen Feng had already smashed before this ten thousand li overlord.

As soon as he saw it, he had to punch it out.

A few hundred thousand li overlord, ten thousand li overlord, prepare to attack together!

But at the next moment, they found out that Chen Feng was gone.

All the overlords of one hundred thousand miles and overlords of ten thousand miles are discoveries, and Chen Feng has been lost!

All Lingzhi puppets are stupid, looking around.

But at this moment, in a huge shadow, Chen Feng's figure quietly flashed.

He suddenly appeared in the shadow behind a Lingzhi puppet.

And this spirit planted puppet is exactly the most powerful one hundred thousand li overlord!

It seems that Chen Feng's goal is not this weak Wanli overlord at all, but a one hundred thousand miles overlord!

And it is the latest and strongest one to come there, the overlord of the locust tree 100,000 miles!

Chen Feng roared wildly, and his fist fell fiercely, pushing to the extreme!

In the next moment, Chen Feng's fist slammed on the neck of the overlord of the locust tree!

Under the strength of Chen Feng's diamond body, the strength of Qi Yun, and the strength of the stars, the strength has reached a terrifying level!

Even if the overlord of the locust tree 100,000 miles is the peak of the Eight-Star Emperor Wudi, it still can't stop Chen Feng's fist!

There was a loud bang, and his whole body trembled violently.

In the next moment, that incomparably powerful force flooded into his body.

With a bang, his body burst into pieces directly!

This locust tree overlord of 100,000 miles, the top powerhouse of Xuanming Seven Seas Realm, was blown by Chen Feng with a punch!

In situ, only a section of emerald-like and extremely rich spiritual plant essence was left.

The length is three feet long, far more than any piece of spiritual plant essence Chen Feng had obtained before.

The color is also extremely rich, and the greenness is like dripping water.

Everyone is stunned!

Standing there, I couldn't even recover.

After a while, he gave out a huge exclamation, and everyone took a cold breath!

"What did I see? A 100,000-mile overlord was actually beaten by Chen Feng with a punch!"

"This one hundred thousand li overlord, without even a single move under Chen Feng, was directly bombed!"

"Chen Feng is too scary! Is this still a human?"

Even the sect masters of the major sects and the family heads were shocked to speak.

Suddenly they thought that they had just talked to Chen Feng like that, and they all shuddered in excitement.

Pei Muyu's gaze was brilliant again and again: "This is my big brother, this is my big brother Chen Feng!"

And Chen Feng beheaded the overlord of the locust tree for 100,000 miles, it only took half a breath of time.

The next moment, his figure flashed, and he appeared behind another one hundred thousand li overlord!

It was another punch!

Blast it again!

Then the figure flashed again!

With the help of yin and yang ghost steps, Chen Feng's figure flashed, and every time he appeared behind a 100,000 li overlord or 10,000 li overlord.

Then hit and explode!

Punch after punch!

There is no one under Chen Feng.

All Lingzhi puppets, in front of him, none of them can support a move!

In an instant, Chen Feng was able to kill most of the overlord of one hundred thousand miles and ten thousand miles!

All of this, speaking long, is actually just a short period of five breaths!

In just five breaths, Chen Feng had already slaughtered nearly half of these terrifying powerhouses standing at the peak of the Xuanming Seven Seas Realm!

Seeing this scene, those who had previously questioned Chen Feng only felt that their faces were hot and shameless.

Waiting for someone, before questioning Chen Feng? He also said that Chen Feng's strength was inadequate and he shrank his head and dared not play?

As everyone knows, Chen Feng's strength is terrifying!

"We were so ridiculous just now that we dared to question him? Where do we have this qualification?"

With a bang, Chen Feng punched again, directly smashing a ten thousand li overlord!

At this time, he was also moved in his heart!

"Ten breath time, it's time!"

At this time, only one overlord of 100,000 miles remained, standing there alone.

The ten breath time came in an instant.

Before the tenth breath came, Chen Feng took a deep breath, then retreated suddenly.

With a sigh, the dark golden light on the body disappeared.

The star veins quietly disappeared, and the thirteenth big star in his body was also silent.

Ten breaths, only ten breaths, Chen Feng almost killed these one hundred thousand li overlords and ten thousand li overlords!

Only one end was left.

It wasn't because he couldn't kill it, but because he deliberately left the life of this one hundred thousand li overlord.

Chen Feng is still useful.

He slowly floated up and looked at the overlord of 100,000 miles lightly.

This overlord of 100,000 miles is almost stupid.

Although their thinking is slow and dull, they also know to fear fear.

Looking at Chen Feng's eyes, he was also full of panic.

Chen Feng looked at him and slowly said, "You are not my opponent."

The overlord of 100,000 miles nodded slowly.

Chen Feng said lightly: "I won't kill you."

"what?"

These words made the overlord of 100,000 miles look surprised.

Chen Feng sighed softly: "I didn't want to be your enemy at first, but you are fighting hard, so I have to fight back."

"Go by yourself and tell the adult behind you, Chen Feng, I have a few words to talk to him."

This overlord of 100,000 miles escaped a life. Although he was surprised, he was also extremely ecstatic.

Stop talking, just turn around and leave.

Chen Feng sighed slightly, rolled his sleeves, and the samsara jade medal was to take away the essence of the spiritual plant floating in the air.

Seeing these dozens of spiritual plant essences, Chen Feng couldn't hold back a burst of joy.

Chen Feng turned and returned to Shengyang Academy.

And when he came here, many patriarchs and sect masters had already welcomed him.

Without a word, with a plop, he fell to his knees.

Behind them, the disciples of the major sects, who had spoken harshly to Chen Feng before, knelt down.

"Master Chen, you adults don't care about villains, don't be familiar with us just now."

"Master Chen, I was also anxious just now, and there is absolutely no disrespect for you!"

[Chapter 4604: Fifteen stars!](#)

Chen Feng glanced at them lightly, and didn't even pay attention to these people.

They are not even worthy of Chen Feng's look.

Not long after returning to the main hall, everyone rushed in.

Chen Feng looked at them with a joking on the corners of his mouth: "Now, can you have a good talk?"

At this time, naturally no one dared to say anything more.

Chen Feng's strength has completely shocked them, and they even wondered in their hearts that Chen Feng is so strong, why should he recruit himself and others?

What's the use of waiting for someone?

Chen Feng glanced at the Palace Master of Shengyang Academy.

The palace lord of Shengyang Academy understood, he smiled to everyone and said, "Everyone, I will tell you a story."

It was the one that Chen Feng told him before.

After hearing this story, everyone was stupid.

"It turns out that Xuanming Seven Seas Realm has such a source?"

"It turns out that Chen Feng has such a huge background?"

Everyone was dumbfounded, and it was hard to accept it. They just felt like their faith had collapsed.

After being quiet for a while, they all yelled and were emotionally excited.

Chen Feng also understood their feelings and did not do much.

Just once again demonstrated the ability of Chaos Fire Demon.

As a result, everyone was quiet, and no one would not believe it anymore.

In fact, Chen Feng's strength does not need to lie in their eyes.

They feel that there is really nothing that Chen Feng can use.

The Patriarch of the Qingyan Aristocratic Family slowly got up and said, "The Seventeen Snake, I want to take back my star veins and kill the entire Xuanming Seven Seas realm."

"I wait, I will never agree, I must fight to the end!"

"Everything will listen to Master Chen Feng!"

"Master Chen, I don't know what you need me to do?"

Chen Feng nodded slowly: "I don't need anything else."

"After you return to your respective sects, you will bring your most powerful warship and powerful killer."

"Then, follow me to the battlefield I set, where I will fight the Snake Seventeen!" **NOVELUS.COM**

"When you arrive at the battlefield I have set, and with your warships, we will have a lot more confidence in winning."

Everyone looked hesitant when they heard it.

One by one he wanted to say something but stopped, turning his attention to the Patriarch of the Qingyan Family, seeming to want to say something.

The Patriarch of the Qingyan Family sighed, and had to bite the bullet and stand out: "Master Chen, the warship, the powerful killer, there is no problem."

"It's just that I'm waiting for my low strength, I'm afraid I can't help much."

Chen Feng naturally understood what they meant: "Don't worry, you don't need to take action at that time, you don't need to fight."

"You stay in a safe place honestly, you only need to be on the battleship with a few disciples who can manipulate powerful killers."

As soon as everyone heard it, they relieved their hearts and were overjoyed.

As long as you don't put yourself in danger, everything else is easy to say.

Immediately, everyone agreed.

Chen Feng smiled: "Everyone, you just stay here for two days."

"Let your respective outstanding disciples go back and drive all those warships over, understand?"

Everyone nodded.

On the high tower, Chen Feng and Pei Muyu stood there, watching many disciples leave one after another to fetch the warships and powerful killers left in the sect.

Chen Feng sighed softly: "The first plan is finally completed."

With their strength, Chen Feng didn't care about it at all.

The main reason why Chen Feng borrowed them was to borrow the powerful warships and bow weapons in their sect.

In fact, even this reason is only a superficial reason.

In other words, it is just a false covert reason.

Chen Feng has a deeper reason, but this is something they would never think of.

Not far from Shengyang Academy, there is a mountain peak in the belly of the mountain.

Chen Feng is sitting cross-legged.

The golden scriptures of Avalokitesvara Bodhisattva quietly revolved, and a burst of golden light diffused out.

Chen Feng's expression was solemn.

In front of him, there are dozens of spiritual essences floating there.

These dozens of spiritual plant essences were much larger than those spiritual plant essences that Chen Feng had absorbed before.

The essence of the Thousand Miles Overlord Spirit Plant that Chen Feng had absorbed before was only three feet long.

And now, the dozens of spiritual essences in front of him are at least ten feet long.

The four largest ones are actually three feet long, like a few giant pillars, lying there.

Not only is he big in size, but the aura on it is also very powerful, extremely large.

The whole body is the kind of green that is so dense to the extreme that it almost drips out of water, full of extremely rich life breath.

The spirit plant essence of the Millennium Overlord is equivalent to the power of a star.

Wanli overlord is equivalent to three Dao.

Overlord of one hundred thousand miles is equivalent to nine Dao.

The essence of the Ten Thousand Miles Overlord Spirit Plant in front of Chen Feng now has a total of sixty roots, and the Ten Thousand Miles Overlord also has four.

It means that the essence of the spiritual plant in front of him has a full two hundred and sixteen!

If all the power of the 216 stars is absorbed, Chen Feng can condense six more stars!

The Golden Sutra of Avalokitesvara Bodhisattva quietly revolves, and the golden light shines through Chen Feng's body.

The spirit plant essence was swept in, smashed into pieces, turned into an extremely huge life force, poured into Chen Feng's body.

On the first day, a few hours later.

The tenth star vein, condensed!

Guan Zi was in the Golden Scripture cultivation space of the Great Bodhisattva, and within the golden beam of light, the eleventh ancient mysterious scripture suddenly fell!

After the end of the first day, the eleventh star vein is condensed!

On the second day, two more ancient esoteric scriptures fell!

The twelfth star vein and the thirteenth star vein are condensed!

On the third day, Chen Feng continued to condense, and condensed two more star veins!

So far, Chen Feng has condensed fifteen star veins!

On the third day, when Chen Feng's fifteenth star vein was condensed, he suddenly felt a huge shock all over his body, and his body was surging!

Amidst the loud noise, Chen Feng's strength directly broke through to the middle stage of the Six-Star Martial Emperor!

After that, without any stopping, it is straight to the peak of Six-Star Wudi!

And, on top of that peak, all the way up, all the way up!

When he reached the limit of the six-star Wudi peak, and was about to break into the seven-star Wudi, he stopped!

Chen Feng suddenly opened his eyes, and slowly exhaled a foul breath!

"I am now only one step away from Emperor Wudi Qixing!"

Chen Feng stood up suddenly, his arms shook!

Behind him, fifteen star veins surged!

The stars rise and fall, the sun rises and the sunset is magnificent and magnificent!

Chen Feng felt that incomparably powerful power surged in the various star veins, and then gathered at the center of the eyebrows, and then walked around his body.

Suddenly at this moment, he felt a huge breath coming from a distance.

[Chapter 4605: A strong man at the overlord level of heaven!](#)

Moreover, this breath is quite familiar.

Chen Feng raised his eyebrows, he had already sensed that this was the breath of the overlord that had been put back by him before.

"Is this back? It's pretty fast."

Chen Feng perceived it carefully and found that there was no other aura other than this one hundred thousand li overlord.

Suddenly, a smile appeared at the corner of his mouth: "The second step plan is about to succeed!"

Chen Feng didn't care too much.

These are all things he expected.

He continued to feel himself.

Chen Feng's talent determines that each level can condense seven star veins!

"Now, the fifteen star veins are condensed, and my strength may break into the Seven-Star Martial Emperor at any time."

"The Golden Sutra of Avalokitesvara Bodhisattva is really powerful, and it is worthy of being the top-level exercise magic power in the world!

"I have only cultivated for a few dozen days, and I broke through the **** of many days and reached a realm close to the Seven-Star Martial Emperor."

"Furthermore, the next practice will be a smooth journey, and the road ahead is very clear."

Chen Feng looks inside himself.

It was a moment of stun, then ecstasy.

Then, he shook his head: "The Golden Sutra of the Great Bodhisattva Vipassana, it seems that my current state is too low for you."

"I have broken through several great realms in a row, I have practiced so many stars, you still have such a powerful desire to break through!"

Chen Feng originally thought that after successive breakthroughs, the Golden Sutra of Avalokitesvara Bodhisattva would fall into a stagnation.

Let yourself stabilize the foundation, and then break through.

At least it will delay for a while.

However, he didn't expect that at this time the Golden Sutra of the Great Bodhisattva Vipassana, the desire for breakthrough is still very huge!

It seems that for it, continuous breakthroughs are not the same.

If you let other powerhouses on the top of the sky know Chen Feng's state, you will definitely be envious.

In the process of their cultivation, many times, the most difficult thing is not not having enough resources.

But when the resources are enough and the power of the stars is enough, they themselves are stuck in a bottleneck.

This situation is extremely common.

For the vast majority of warriors, nine out of ten years have fallen into a bottleneck.

When Chen Feng cultivated, there was no lag, and he made great progress.

What he lacks now is just enough spiritual plant essence.

"rest assured!"

Chen Feng smiled lowly: "Next, there are some of the essence of Lingzhi."

Chen Feng's figure flashed and left the floating mountain.

Sure enough, not far ahead, the huge figure of the overlord of 100,000 miles appeared, and he was about to rush to the Shengyang Academy.

After sensing Chen Feng's breath, he looked to Chen Feng.

Then, a voice rang in Chen Feng's mind: "The ancestor wants to see you."

In Chen Feng's heart, a big stone fell instantly.

"Ninety percent! Now that I am sure of the success of the plan, I have ninety percent!"

As long as the ancestor agreed to meet Chen Feng, Chen Feng was already 90% sure.

Without any hesitation, Chen Feng said lightly: "Lead the way ahead."

He had asked Pei Muyu before, and he estimated that he would go out for a few days.

So there is no need to return to Shengyang Academy.

The one hundred thousand li overlord nodded and motioned Chen Feng to sit on his shoulder.

Chen Feng smiled slightly and stood on his shoulder.

After that, the overlord of the tens of thousands of miles took a big step towards the extreme distance.

Chen Feng nodded slowly, but he didn't care about taking advantage of it.

Rather, he cares about the attitude of these Lingzhi towards themselves.

It seems that the malice has dissipated a bit.

I don't know how long it has been, Chen Feng, who was standing on the overlord of one hundred thousand miles, has already seen a huge figure like a mainland from a distance.

Moreover, Chen Feng had seen that figure once before.

The last time he came to Xuanming Seven Seas Realm, he had passed by.

A smile appeared at the corner of Chen Feng's mouth: "I didn't expect to meet again so soon."

It turned out that at this time, the huge figure that appeared in front of Chen Feng, like a floating continent, was the Seven Seas Luo Hanlian that he had seen once before.

One of the most powerful Lingzhi above the Xuanming Seven Seas Realm!

Soon, Chen Feng arrived before the Seven Seas Luo Hanlian.

Last time, seeing it from a distance was shocking enough.

At this time, when he stood in front of the Seven Seas Arhats and observed closely, it felt even more as if a world was pressing on his head.

Bring incomparable tremendous pressure!

This is a Lingzhi of the Heaven Overlord level!

Still above the overlord of a million miles!

It is one of the most powerful spiritual plants in the entire Xuanming Seven Seas Realm!

If someone else is here, I'm afraid I won't be able to say anything to be suppressed.

But Chen Feng shook his head, his expression was indifferent, and he didn't feel the slightest pressure.

In his eyes, this huge Seven Seas Arhat lotus was actually nothing more than a spiritual plant essence filled with greenery and a breath of life.

It's just one of my own training materials.

A thick and low voice sounded: "Chen Feng, you don't seem to be afraid of me?"

Chen Feng smiled slightly: "What is there to be afraid of?"

He looked into the distance, his eyes blank.

"You are nothing compared to the life and death enemy I want to stop him."

"perhaps....."

He looked at Seven Seas Luo Hanlian: "Your Heavenly Overlord level strength is stronger! But in terms of threatening and killing ability, you may not be as good as him!"

Seven Seas Luo Hanlian was silent for a moment: "Is that the strong man in another world who uses the flame ghost knife?"

Chen Feng nodded: "That's right."

"You want to stop him? Stop what?"

Seven Seas Luo Hanlian asked.

Chen Feng smiled slightly: "Just standing here and talking is not a way of hospitality."

Seven Seas Luo Hanlian's body trembled slightly.

Then, on top of one of the huge lotus bones, suddenly blooming quietly.

And in the center of that flower bone blooming, a flat land with a radius of tens of miles was formed.

On the flat ground, the stamens stretched continuously, condensed into a palace.

It seems that it grows naturally, which can be said to be a wonderful work.

A voice sounded: "Please."

Chen Feng could not help but raise his eyebrows.

This voice is completely different from just now.

It is a middle-aged voice, clear and sweet. *NOVeIusb.com*

Chen Feng's figure flashed, and he came to the palace built with stamens.

This palace is ingenious and exquisite.

The gate formed by the stamens separated automatically, and Chen Feng stepped in.

Inside the palace, which is about a few kilometers in radius, the feet are soft, like gelatin.

The flowers above the head are in full bloom, surrounded by the flowers is a golden gap, and the sun shines from it.

In the very center of the palace, there is a small pool.

The spring water gushes, forming a fountain.

The splashes were all dark green like emeralds, liquid condensed by incomparably abundant vitality.

[Chapter 4606: How about joining hands?](#)

When Chen Feng saw it, he knew that this thing had the same origin with those spiritual plant essences, but it was the same thing.

The golden sunlight was shining on the fountain, and one force after another was sucked into it, and the mist reflected a dreamlike light.

The light diffused and turned into an illusory figure.

The figure turned and looked at Chen Feng.

He is a thin middle-aged man, quite handsome.

Chen Feng felt an extremely domineering aura in him, that aura seemed to be much stronger than that of Snake Seventeen.

It seemed that he had already left the peak realm of Emperor Wu Xing.

In Chen Feng's mind, it was clear.

"I'm afraid, above the Xuanming Seven Seas realm, the upper limit of the true power level should be his realm."

"Beyond the peak of Jiuxing Wudi."

This is the Heaven Overlord Level!

Chen Feng smiled: "It's been a long time since I saw you. I don't know what your Excellency should be called?"

The handsome middle-aged, his voice was calm: "You can call me Ling Qihai."

"Ling Qihai?"

Chen Feng thoughtfully.

Then smiled and said, "Ling Qihai, Snake Seventeen now kills many people."

"You Xuanming Seven Seas Realm Spirit Plants have suffered heavy losses."

"How are we working together?"

"Joining hands?"

Ling Qihai heard it, and suddenly he was taken aback, and instinctively wanted to veto it.

Staring at Chen Feng: "You are also our life and death enemy, why should we join hands with you?"

"I have a story here, would you like to hear it?"

Chen Feng smiled.

Ling Qihai was taken aback, then silently, motioned Chen Feng to continue.

Chen Feng repeated the story he told the Palace Master of Shengyang Academy and the others.

only. He made changes.

The Chen family is still the Chen family, the middle-thousand world, and the middle-thousand world.

After Ling Qihai heard the news of Zhongqian World, he was not so surprised.

Obviously, as the top existence of the Xuanming Seven Seas Realm, he is very likely to know a lot of secrets about the Middle Thousand World.

When talking about why the two came here, Chen Feng sighed softly and quietly changed his words.

"My cousin, compete with me, and when he shoots, he is full of devilish energy, which arouses the vigilance of the family elders."

"I want to imprison him and ask him what his origins and conspiracies are."

"Unexpectedly, the Seventeen Snake suddenly attacked and opened a door to the Xuanming Seven Seas Realm."

"Let's let out a wild word, to destroy all the spiritual plants in the Xuanming Seven Seas Realm! Turn it into his strength!:

"While ruining the foundation of our family, even more so!"

When Ling Qihai heard the words, his beard suddenly swelled, with a cold killing intent, suddenly rising: "He dare!"

He was stunned by Chen Feng's words.

After being shocked, it was furious.

Snake Seventeen actually came here to destroy all the spiritual plants on the Xuanming Seven Seas Realm?

This is ruining their roots and killing them! *NoElusb.com*

This is something he absolutely cannot tolerate!

"Because of the restrictions of the rules, only those below the Star Soul Martial God Realm can enter the Xuanming Seven Seas Realm."

"The powerful elders of the family are powerless, so they can only send me the strongest under the Star Soul Martial God Realm to enter this place."

Chen Feng sighed slightly, a wry smile appeared at the corner of his mouth:

"After I came here, I was hunted down by you."

"Do you think I want to join forces with you?"

"But you are the lifeblood of my Chen family, and I have to join hands with you!"

"Snake Seventeen, now is the enemy of life and death."

It was almost at the same moment, hundreds of millions of miles away from Chen Feng.

Here, it is a special area similar to the periphery of Unfeeling Valley.

Without the cover of poisonous smoke and mist, the golden sunlight can be gently shed.

Moreover, there is also a huge continent with a radius of hundreds of thousands of miles.

There is sunlight above and land support below, and under this continent, there are countless volcanoes erupting wildly.

The volcano erupted and lava rolled down everywhere.

It may be a catastrophe for weak spiritual plants, but for these powerful spiritual values, it is very rich nourishment!

Here, it is simply the most suitable growth area for spiritual plants.

Therefore, this continent has no gaps, and is covered by numerous densely densely packed spiritual plants.

The spiritual plants here are very huge.

Their branches and leaves spread to the sky extremely, seeming to want to touch the sun.

Their roots even pierced the entire continent, extending everywhere, absorbing power frantically.

Like the one hundred thousand miles hegemony level, it can be seen everywhere, and there are even a million miles hegemony level existence.

If you look closely, you will find that these spirit plants here are all staying in their own territory, without crossing boundaries.

in Apple pie order.

A figure came quickly.

I came here in an instant, it was Snake Seventeen.

A smile appeared at the corner of his mouth: "Sure enough, I found it. You dogs hide things quite deep!"

"It turned out to be gathered here!"

Logically speaking, where Snake Seventeen passed, it should be that every spirit plant turned into a spirit plant puppet to attack him.

However, somehow, none of the Lingzhi here actually responded.

"It's really a treasure of geomantic omen, but I found it!"

"Next, you guys!"

Snake Seventeen's mouth showed a smug sneer: "Just die for me!"

"You should be honored to be able to be absorbed and refined by me and become a magic weapon for my strength enhancement. After all, you are just some lowly natives in the little thousand world!"

It turned out that Snake Seventeen was no longer satisfied with killing those spirit planted puppets who went to chase him down.

Instead, they took the initiative to find their settlements and slaughtered them.

The strongest person in the sky has his own ability to detect aura, and he found it easily.

The next moment, Snake Seventeen let out a low roar, and the curved ghost blade burning with black ghost fire in his hand appeared again!

Cut it off with a single blow.

The sharp blade that the black ghost fire turned into was tens of thousands of miles long, piercing through the sky, and slashing down on the overlords of one hundred thousand miles and ten thousand miles.

Almost in an instant, dozens of tens of thousands of li overlords and tens of thousands of li overlords were directly beheaded by him.

Those huge trees were cut into two pieces, and they made screams and cries one after another.

The juice splattered out, and the emerald-colored and extremely smooth spiritual plant essence was scattered everywhere.

Snake Seventeen was extremely proud, laughing wildly in the clouds.

"Chen Feng, I really want to thank you for bringing me here!"

Chen Feng, I am not even anxious to kill you now! "

"I want to stay here for a few more months, enough time, I want to sweep away all the essence of the spiritual plant here! It will be installed until my reincarnation jade card can't fit!"

"This is my chance to rise against the sky in the future!"

Incomparable ambition and ferocity flashed in his eyes: "Destroyer Immortal, wait for me."

[Chapter 4607: Heartbeat](#)

"With these things as the foundation, it won't take long for me to surpass you."

"You treat me like a dog, let me do this and that, and then I will make you well!"

It turned out that Snake Seventeen was really psychologically distorted, and even the Dementor Immortal already hated it, and even now he has a murderous intention.

Waiting for the strength to increase, you will directly attack!

Seventeen snakes attacked again and again.

With the strength of his nine-star martial emperor peak, almost suppressing the entire Xiaoqian world, where would these Lingzhi be his opponents?

In an instant, a large area was destroyed by him.

Snake Seventeen killed at will while collecting their spiritual plant essence.

At this time, the entire continent was alarmed.

All the Lingzhi above were shaking, roaring, turning into Lingzhi puppets, rushing towards Snake Seventeen.

Snake Seventeen laughed: "You humble ants are also worthy to fight with me?"

I don't know how many killed casually.

In fact, these Lingzhi are indeed not his opponents at all.

Only the one million li overlord in the most central area of the mainland could fight him.

And this overlord of Million Miles, after turning into a puppet of Lingzhi, was also directly solved by Snake Seventeen an hour later.

With a loud bang, the Black Fire Ghost Sword slashed fiercely, directly splitting the already scarred Million Mile Overlord into two sections!

The essence of Lingzhi falls out!

Snake Seventeen was panting heavily, showing many injuries on his body.

However, it was only a minor injury.

Even the Overlord of Million Miles could only cause him a slight injury.

He even laughed arrogantly, completely disregarding the Xuanming Seven Seas Realm.

In his eyes, these are just a bunch of pigs, dogs, cattle and sheep.

The powerful enemy is eradicated, and the killing frenzy continues.

After an unknown amount of time, the complacent Snake Seventeen turned and left.

Here, there is no more thriving and vibrant before.

It became a ruin.

The black ghost fire burned wildly, burning all the spiritual plants on the mainland into a piece of coke.

The white smoke curls like a ghost.

Huge corpses of Lingzhi puppets were scattered everywhere, and without exception, a large hole was broken in their chests, and the essence of Lingzhi puppets had been taken away!

There are even an unknown number of Lingzhi puppets, who were directly shattered.

The body was scattered everywhere.

This killing was more than ten thousand times more than Chen Feng?

And among the jade medals of Snake Seventeen's reincarnation, it was almost filled with countless spirit plant essences.

After Ling Qihai listened, his face was thoughtful, and after a while, he whispered:

"I finally know why, inexplicably, we have such a deep hostility towards you."

"original!"

He stared at Chen Feng, with murderous eyes in his eyes: "Your family, how many lives have been taken from our Xuanming Seven Seas Realm Lingzhi before!"

"Take us to refine the treasure, it's time to kill!"

He suddenly came over Chen Feng's head and looked down at him.

Murderous, it seems to be solidified!

"You are also our life and death enemy, why should we join hands with you?"

"If our Xuanming Seven Seas Realm Lingzhi makes a move, we can kill you and Snake Seventeen together!"

"Because, the price!"

Chen Feng smiled slightly: "Of course you can kill the two of us together."

"But, I can tell you very clearly that because of our two origins, some of the methods are used to deal with you, the spiritual plants of the Seven Seas Realm."

He stared at Ling Qihai and smiled slightly: "I can tell you with confidence that now you can't even keep me."

"Moreover, if you want to kill the two of us, I guess you will have to pay at least 70% of the damage to your subordinates."

"Can you afford this price?"

"Also!"

Chen Feng stared at the clothes, looked at Ling Qi Hai, and smiled lowly: "For these ordinary spiritual plants, taking away the essence of spiritual plants is of course a disaster."

"But if I reach an agreement with you now."

"In the future, you will provide us with these spiritual plant essences, and I will give you the corresponding powerful treasures of our thousand worlds, how about?"

Chen Feng's words are not just to deceive Ling Qihai by empty words.

He really wanted to do this.

Chen Feng knew that he was absolutely impossible to take the benefits of the Xuanming Seven Seas Realm, and whether he would come to the Xuanming Seven Seas Realm in the future, these spiritual plant essences above the Xuanming Seven Seas Realm were what he needed urgently.

Then, Chen Feng needed to make a deal with an existence in the Xuanming Seven Seas Realm.

He doesn't have a thousand worlds, but Chen Feng has the top of the sky.

Something on the top of the sky, in exchange for a huge amount of spiritual plant essence, why not do it?

After hearing Chen Feng's words, Ling Qihai breathed heavily in an instant!

Caibo is touching.

God, that's Zhong Qian World!

He yearned for the Middle Thousand World in Chen Feng's mouth, and because he knew a little about the Middle Thousand World.

Therefore, Chen Feng's proposal is extremely attractive to him!

That is the treasure of Zhong Qian World!

The power inside is beyond his imagination!

"and!"

He breathed heavily in an instant, and an idea surged in his heart.

"If I have the treasure of the Middle Thousand Worlds, will I be able to break through the level of the current Heaven Overlord and reach a higher level?"

"Don't share this Xuanming Seven Seas Realm with six other beings, but dominate the Xuanming Seven Seas Realm alone?"

"Become the strongest person above the Xuanming Seven Seas Realm!"

As soon as this thought appeared, it made him seem to be burning!

Chen Feng looked aside, with an inexplicable smile on the corner of his mouth.

Knowing his own proposal, he was moved.

At this moment, the voice of the overlord of 100,000 miles outside suddenly sounded: "Old ancestor, it's not good! The big thing is not good!"

There was a lot of panic in the voice.

Ling Qihai's face became cold: "What's the matter?"

But the next moment, he changed his expression drastically.

"Our ancestral house, our ancestral house, was killed by Snake Seventeen!"

"All our seedlings are dead, and our roots are broken!"

Ling Qihai's complexion was instantly pale, the fountain suddenly erupted, and the entire giant Seven Seas Luo Hanlian shook.

He stood there blankly for a long time.

The next moment, he let out an extremely crazy roar: "Snake Seventeen! I want your life!"

"Snake Seventeen! I will kill you at any price!"

Chen Feng looked at him and laughed in his heart.

"Snake Seventeen, Snake Seventeen, I really want to thank you!"

"If it weren't for your help, I'm afraid things are not so smooth today!"

Ling Qihai was a little silly.

The Xuanming Seven Seas Realm got its name because its entire area is divided into seven huge oceans.

And the ruler of each ocean is a powerful spiritual plant at the level of the heavenly hegemon!

It just so happened that the places where Chen Feng and Snake Seventeen were located, as well as the places where the families and sects of Shengyang Academy were located, were all on the land of the Seven Seas of Spirits!

[Chapter 4608: Land of decisive battle! Valley of the Fallen Stars!](#)

Snake Seventeen killed all the spiritual plants on that continent.

As everyone knows, this has become the last straw that overwhelms the balance in Ling Qihai's heart!

Because that continent is actually a very special existence!

This environment that can see the sun, grow steadily, and allow Lingzhi to grow rapidly has a special effect on the Xuanming Seven Seas realm.

They are just like barracks, some powerful and potential spiritual plants will be brought here by the Heavenly Overlord to cultivate them.

Let them grow arbitrarily, and then settle them everywhere in the Xuanming Seven Seas Realm.

Here is a barracks, but it is also the foundation of the Heavenly Overlord!

Extremely important!

By doing this, it can be said that he has ruined Ling Qihai's heel.

Ling Qihai immediately turned around and stared at Chen Feng, saying, "Chen Feng, I promise you!"

Chen Feng laughed: "Okay!"

At this time, it doesn't matter whether what Chen Feng said is true or not!

The important thing is that Snake Seventeen is already doing this!

This kind of devastating blow to the Lingzhi above the Xuanming Seven Seas Realm, seeing who kills someone crazy, really shocked Ling Qihai, and even more frightened!

"If you don't do anything, the Lingzhi under my hand will be killed by him!"

Compared with Snake Seventeen, Chen Feng was too kind.

Yes, Chen Feng killed some Lingzhi, but in everyone's eyes, Chen Feng was forgiven.

Because he was forced to be helpless!

In the eyes of everyone, he was killed by these spirit planted puppets, and finally in desperation, he had to fight back and behead him.

That's the case, he has left a spiritual life for two consecutive times, and went back to spread the letter.

Come to show your innocence!

So it's very obvious, naturally we have to cooperate with Chen Feng to deal with Snake Seventeen!

Of course, these are just illusions.

As everyone knows, Chen Feng's thoughts on these spiritual puppets are the same as those of Snake Seventeen.

That is to destroy its body, take its essence, and refine it!

It's just that Chen Feng did this on purpose.

That is, today, to be able to stand here and talk to Ling Qihai without being directly killed by him.

For that is his big plan!

Everything was as early as Chen Feng expected, and it was within his calculations!

joke! Who is Chen Feng? When will he let himself suffer?

After he entered the Xuanming Seven Seas Realm, he helped the Lingzhi puppets to chase him frantically, and then hurry up after he wanted to kill.

How could Chen Feng let them go so easily?

Moreover, Chen Feng is very sure about one thing:

Once there is no danger of Snake Seventeen, then these Lingzhi will immediately tear themselves to pieces!

There will be absolutely no mercy!

"Since you have to separate you from life and death, then, you die and I live!"

Ling Qihai agreed, and the second step of Chen Feng's plan was successfully completed.

Next, Chen Feng and Ling Qihai talked closely for three hours.

The talk was very detailed.

After three hours, Chen Feng left quickly.

His purpose of coming here this time has been achieved.

However, it took Chen Feng three days to go.

When I came back, it took six days.

Moreover, he first sent the overlord one hundred thousand li back to Shengyang Academy.

I didn't know where I went, and spent a few more days.

When Chen Feng returned to the Shengyang Academy, the disciples who had been sent back by the various sect families to obtain powerful killers had already returned.

Outside the Shengyang Academy, warships gathered.

There are dozens of warships floating there.

And on each battleship, there is a powerful spiritual plant killer.

Chen Feng stood proudly in the void and looked down.

The powerful and fierce aura on many of the spirit plant killers made Chen Feng look slightly at him.

He nodded slowly, and after reading it carefully, he had a bottom line.

There are more than twenty of these spirit plant killers.

Among them, there are three, and their power can even cause a certain amount of damage to the Eight-Star Wudi.

Beside, the palace lord of Shengyang Academy looked at Chen Feng and asked cautiously: "Master Chen, are these spiritual plants powerful?"

Chen Feng nodded slowly: "The power is enough."

In fact, he naturally knew better than anyone else.

These spirit plant killers could not cause any harm to Snake Seventeen at all.

However, what Chen Feng wanted was not to cause any harm to Snake Seventeen!

If you think that Chen Feng just wants to rely on the people of Xuanming Seven Seas Realm to deal with Snake Seventeen, then you are quite wrong.

Chen Feng knew that even these people in the Seven Seas Realm of Xuanming, even if they add up, are not Snake Seventeen's opponents.

It is impossible to expect them to deal with Snake Seventeen.

Chen Feng did this, just to make Snake Seventeen think that his reliance is these strong men in the Xuanming Seven Seas Realm!

In fact, Chen Feng's ultimate move is still behind.

The warrior of the Xuanming Seven Seas Realm is the first chess piece.

Soon, Chen Feng boarded Pei Muyu's battleship.

Going quickly in the direction of due east.

Following afterwards, more than 20 warships, with all the top powerhouses in the Xuanming Seven Seas Realm, and the most powerful more than 20 spirit plant killers, floated up together.

Chen Feng stood at the bow of the ship, feeling agitated.

At the same time that Chen Feng and others left Shengyang Academy.

I don't know how far away, Snake Seventeen suddenly felt something and gave a soft hey.

He perceives it carefully for a moment, and then a sneer appears at the corner of his mouth: "This kid, is going to run?"

Some time ago, he found that Chen Feng had been dangling around.

Obviously, he was liaising with various forces, turning over his cards, and preparing to face himself.

Among them, he stayed in one place the longest.

Snake Seventeen was killing Lingzhi puppets while rushing there.

At this time, he didn't bother to discover that Chen Feng had left.

A cold smile: "It's just a little ant, no matter how much you toss, I will easily suppress it!"

After all, I didn't care, and continued to hunt down these spirit plant puppets in front of him.

He knew very well that this time he followed Chen Feng into this place, and he didn't know if he would have another chance to come here in the future.

But you have to make enough books at once.

Snake Seventeen couldn't bear to leave at all.

The news that Snake Seventeen kept hunting and killing Lingzhi puppets also continued to spread to Lingqihai.

Following the orders of Ling Qihai, in the void, in the endless poisonous mist, under the abyss, and even extremely remote.

Countless powerful spiritual plants began to shrink their roots and become spiritual puppets.

Toward the location marked in the letter of the Ling Qihai, hurried away quickly.

The entire Xuanming Seven Seas Realm was full of turbulent waves and undercurrents.

Everyone is quietly preparing.

A few days later, the front suddenly opened up.

It was no longer the poisonous smoke and fog, but a sea of red clouds appeared.

In the endless sea of red clouds, there seem to be several peaks standing upright, piercing the sky.

As if to pierce the sky!

This sea of clouds is also extremely calm, without any waves, no poisonous fog, no thunder and lightning, and it looks extremely calm and gentle.

The golden sunlight sheds above the head, bringing an indescribable style to this place.

That's right, here is the sea of clouds outside the Valley of Fallen Stars.

And Chen Feng's goal is also the Valley of the Fallen Stars!

There is the battlefield he presupposed for this battle.

Soon, he came outside the Valley of Fallen Stars.

The valley of the fallen stars remains desolate and calm.

Before the two huge peaks and on the platform, Chen Feng slowly landed.

[Chapter 4609: Singles!](#)

His hand stroked the marks on it, and he sighed slightly.

A few years later, when I revisited the old place, there were countless emotions.

When I came here last time, I was hunted down and had to enter this place.

Unexpectedly, I got so many opportunities here, and when I came here now, I was already a person on the top of the sky.

We want to solve the strongest enemy of life and death right here!

Chen Feng cleared up his mood and gave the order.

Suddenly, dozens of warships were hovering on the platform, and they all pointed in the direction they came.

And almost at the same time, in the extreme distance, there was a sudden surge of tyrannical aura.

This breath is very huge, the power is also extremely strong, full of vitality.

But it is also integrated with the local environment of the Xuanming Seven Seas Realm.

If it weren't for Chen Feng's realm, if you perceive it carefully, you would definitely not notice it.

A smile was drawn at the corner of Chen Feng's mouth, and he said slowly: "It's quite punctual."

He knows who is here.

Naturally those powerful spiritual plants.

These powerful spiritual plants were originally natives of the Xuanming Seven Seas Realm. They were born in Si and grew up in Si, and walking here is just like going home.

Come and go without a trace, extremely secretive and quiet.

This was also specially ordered by Chen Feng, specifically for Ling Qihai to go down, they must be careful, cover their tracks, and come here quietly.

One after another, extremely tyrannical figures came quietly to the vicinity of the Valley of Fallen Stars.

It's just that they didn't come before the Valley of the Fallen Stars, but went quietly behind the mountain.

Next, there is a long wait.

Chen Feng sat cross-legged, waiting for the upcoming final battle.

Chen Feng knew that he would not wait too long.

Because, soon, Snake Seventeen will find that he has no opponents in front of him.

There is no warrior, and no powerful Lingzhi, even if he wants to hunt those Lingzhi puppets, he can't kill it.

He can only come to chase himself, he can only come here!

One day later, if Chen Feng suddenly felt something in his heart, suddenly there was an indescribable throbbing.

He suddenly got up and looked westward: "Snake Seventeen, here comes!"

Without any hesitation, Chen Feng confessed a few words to Pei Muyu before leaving quietly.

That's right, alone, no other people.

Chen Feng went all the way to the west.

At this time, at a distance from the Valley of Falling Stars, Snake Seventeen was rushing towards this side.

The characteristics of his forward movement are quite weird, with his hands behind him, the whole person is almost straight and suspended in the air.

Seeing that he didn't make any movements, he turned into phantoms and hurried forward.

The speed seems to be slow, but in fact it is reaching the extreme, a bit faster than Chen Feng.

Suddenly, he raised his eyebrows and raised his hands.

Looking at the bright red blood in the palm of his hand, a smile was drawn at the corner of his mouth.

"Unexpectedly, boy, you actually greeted me actively?"

"Why, are you so anxious to die?"

He was full of contempt, and he didn't care about Chen Feng.

Chen Feng went forward for about two days.

Long ago left the boundless ocean around the Valley of Fallen Stars.

At this moment, in front of Chen Feng was a piece of gravel.

There are large and small gravels everywhere, the big ones are like hills, and the small ones are only the size of a human body.

It is densely packed and distributed everywhere.

And countless thunders were scattered here, splitting space after another, and the environment was extremely dangerous.

At this moment, Chen Feng suddenly stopped, if he felt something, he looked in front of him.

In front of him, a blazing lightning flashed across.

That space was abruptly torn open.

A proud laugh came from it: "Chen Feng, you can't run away this time!"

In the next instant, a distorted figure crawled out of it.

It is the snake seventeen.

Chen Feng and Snake Seventeen finally met!

One month after entering the Xuanming Seven Seas Realm, the two finally met!

Snake Seventeen stretched out his scarlet forked tongue, licked his lips, and smiled: "Chen Feng, I caught you!"

The murderous intent in his eyes was cold, and he looked at Chen Feng like a dead person.

"Go ahead, how do you want to die? I will fulfill you!"

"With the strength gap between the two of us, I want you to die easily."

When Chen Feng looked at him, the corner of his mouth suddenly twitched and smiled slightly.

In the next moment, he didn't have any nonsense, he actually killed the Seventeen Snake directly!

This time, Chen Feng's purpose is very clear!

The reason why he got rid of the crowd and came to challenge Snake Seventeen was to find out the truth and truth of Snake Seventeen!

This step is extremely important for Chen Feng's next plan!

He only knew that Snake Seventeen was very strong.

But the last time he fought with Snake Seventeen, he was completely crushed.

Therefore, if you want to know the details of the opponent, you still have to play a game.

Of course, Chen Feng is definitely not a reckless person, he has enough cards to get out of him!

Snake Seventeen instantly turned cold.

Chen Feng didn't pay attention to him at all, so he killed him, making him feel that he was ignored!

He gritted his teeth and said cruelly: "You are looking for death, right? Then I will fulfill you!"

The next moment, in his eyes, a black light flashed by suddenly.

Then, an invisible black light came quietly towards Chen Feng.

Chen Feng instantly felt cold all over, and his whole body became stiff.

It seems that it will freeze in place in an instant, unable to move!

This time, Chen Feng saw clearly.

It turned out that his faint shadow under his feet was completely frozen there.

Whenever Chen Feng wanted to move, a force surged in the shadow, making Chen Feng unable to move!

Chen Feng's eyes flashed, and a sneer was drawn at the corner of his mouth: "I caught it, I finally got it!"

"It turns out that you used this method to control my body!"

When Chen Feng fought with Snake Seventeen for the first time, he was directly controlled.

Can't move, let mermaid flesh.

At that time he swore that he would never forget this scene.

Chen Feng asked Fairy Yuheng afterwards, and he was thinking about it again. When he saw it again today, he knew what was going on.

People in Cthulhu Valley are good at using mental attacks and mind control.

Snake Seventeen's trick was to seep into Chen Feng's shadow with an extremely vicious spirit.

Control his shadow directly on the spiritual level, and then control his body!

So hard to guard against!

But that was before!

At this moment, inside Chen Feng, the golden spiritual world suddenly opened!

The golden mental power suddenly rushed out, instantly smashing the black evil mental power that poured into Chen Feng's shadow!

Tear it so hard!

Chen Feng's body can move again!

At this time, Chen Feng was completely uncontrolled.

His body is fully movable!

[Chapter 4610: You got Fooled!](#)

However, he still made a look of being frozen there, struggling hard, but unable to move!

It seems to be controlled!

Seeing this situation, Snake Seventeen laughed wildly, and shook his head disdainfully: "Chen Feng, it seems that you have not made much progress when you enter the top of the sky! You are controlled by me again?"

"It's really a waste, a waste that can't go on the wall!"

He looked at Chen Feng with contempt all over his face.

With that, he slowly pushed towards Chen Feng.

"Last time, I was stopped by Fairy Yuheng, this time I want to see who else can come to rescue you!"

He got closer and closer to Chen Feng.

Chen Feng froze in place, unable to move.

And in his eyes, there was a feeling of extreme hatred, extreme anger, extreme helplessness.

This emotion made Snake Seventeen even more proud.

Of course, all of this was pretended by Chen Feng!

And at this moment, suddenly, above the sky, a huge, bright lightning fell fiercely!

Between the sky and the earth, it was instantly white!

Affected by the lightning, Snake Seventeen's eyes also narrowed slightly.

In a moment of trance!

And, precisely because of the flashing lightning, the shadow of Snake Seventeen became extremely clear!

"It's this moment!"

There was a flash of light in Chen Feng's eyes and a wild roar, his body suddenly moved!

Shadow Ghost Step is launched!

In the next instant, he appeared directly behind Snake Seventeen, in his shadow!

Snake Seventeen was shocked.

Chen Feng laughed: "Snake Seventeen, you are fooled!"

At the same moment, his fist was also severely printed on the back of Snake Seventeen!

Snake Seventeen had no defense at all, and did not have time to make any defense.

Chen Feng's body has turned into dark gold, the power of thirteen stars in his body is surging, and 15 pulses of stars are surging out behind him!

Already do my best!

Before, Chen Feng had only one purpose in pretending that he had been controlled, and that was to let Snake Seventeen relax his vigilance and launch his strongest blow!

Without bedding, he hit his strongest blow directly!

Because Chen Feng knew very well that when faced with Snake Seventeen, a powerhouse far surpassing his three great realms, he had no right to keep his hands!

You can only do your best!

With a punch, it hit Snake Seventeen's back hard!

The immense power poured into it.

Snake Seventeen was not the kind of special body-building, not to mention that he had not broken into the Star Soul Martial God Realm.

The body has not undergone an essential change.

His strength is very strong, but their Cthulhu Valley takes the kind of mind control, plus the cold and evil, biased attack.

The strength of the body is not that great.

Therefore, after Chen Feng smashed his fist fiercely, he screamed loudly!

The back of Snake Seventeen was directly broken by Chen Feng, I don't know how many bones!

Splashing blood!

His body was directly smashed out!

Blood spurted wildly, Snake Seventeen was already injured, and the injury was not light!

But the Seventeen Snake is the Seventeen Snake after all, its strength is terrifying!

People are in the air, and they reacted instantly.

He turned his head abruptly, his eyes had turned blood red, and there was flame burning in his eyes.

It's not like there is flame burning, it is really flame burning!

There was a layer of black flame burning up and down all over him, and he was obviously angry to the extreme!

Staring at Chen Feng, he let out a crazy and cold howl: "Chen Feng, very good!"

"How dare you hurt me? How dare you hurt me? How dare you attack me?"

"I will make you die miserably!"

The next moment, the black ghost on his body was burning with fire!

A black ghost knife appeared in his hand, and black ghost fire surged.

Behind him, there are countless star veins emerging!

When Chen Feng looked at it, the corner of his eyes jumped!

The number of star veins behind Snake Seventeen has reached forty!

Fairy Yuheng said that the ultimate genius is at the level of Emperor Wu, and only five stars can be awakened at each level!

Now, Snake Seventeen at the peak of Emperor Wudi of Nine Stars has awakened forty stars!

This means that he is almost a genius!

No wonder Snake Seventeen can be so valued by Cthulhu, his talent is really good!

The blood of Snake Seventeen was also completely dark, like an extremely viscous black liquid.

There is an indescribable evil and cold air!

Then, among the forty bloodlines, countless countless black rays burst out!

Ruthlessly poured into his body!

Then, flooded into the black ghost knife in his hand!

In an instant, the black ghost fire skyrocketed frantically, from three feet long to just over ten feet long!

Snake Seventeen laughed wildly, and slashed towards Chen Feng with a stab!

The eyes are full of hatred!

With this cut, he is already doing his best!

It slashed out, and the extremely powerful force spread to the surroundings!

Kala, there was an explosion, and the void here was directly shattered!

Then, collapse!

The sky and the void next to Chen Feng and Chen Feng collapsed!

Numerous spatial cracks and spatial black holes appeared, directly destroying this sky!

In layman's terms, he directly shattered this corner of the world with this knife!

Chen Feng's eyes jumped instantly!

"The power of this knife is so terrifying!"

Of course, it just shattered a corner of the huge world of the Xuanming Seven Seas Realm.

But this is shocking enough!

It is much stronger than shattering the space to create space cracks!

However, Chen Feng didn't have any fear, instead he greeted him with a big laugh!

Chen Feng is also about to face Snake Seventeen head-on!

A knife fell, a punch blasted out!

The pale golden fist and the black ghost fire giant slammed together!

There was a loud bang of gold and iron.

Chen Feng felt that the incomparable cold power poured into his body!

Along the way, destroying everything about yourself!

He wowed, a mouthful of blood spurted, and he was smashed hundreds of meters away.

Then, he vomited blood again and again.

Can hardly stop!

An extremely evil and cold force rushed across his body, wantonly.

Everything in his body seems to be being destroyed!

This kind of power is very special. It contains both spiritual and physical power.

At the same time, Chen Feng's spirit and body were destroyed.

Chen Feng was in pain all over, and his eyes turned black.

However, a smile appeared at the corner of his mouth!

Because he is not dead!

He blocked it!

After all, he blocked this move!

Snake Seventeen has a habit, which he has had since he entered the top of the sky.

No matter how much he looks down on the enemy, he will do his best!

He will use his strongest strength to crush the opponent!

Of course, it does not include its own cards.

However, even though Chen Feng was slashed into the air by Snake Seventeen, spurting blood, his whole body was broken and his body was severely injured, and he looked miserable.
