

Peerless 4721

[Chapter 4721: Fierce battle yin evil hand bone](#)

A scene of easily turning the hundreds of thousands of li-long Purple Jade Mountains into ruins!

With such a terrifying power, they were shocked, almost unable to speak.

People are almost stupid!

At this time, they saw that Yin Xie's hand bone was aimed at Chen Feng!

The few people were so scared that they were so scared that they screamed: "Brother Chen Feng, run away!"

"Brother Chen Feng, don't die! No one is its opponent!"

Chen Feng looked at them and shook his head slowly.

Yin Xie's hand bones didn't make any movement at all, and seemed to disdain Chen Feng completely.

Just killed Chen Feng fiercely!

The speed seems to be slow, but in fact it is reaching the extreme!

Almost instantly, he came to Chen Feng!

Enraged, it didn't put Chen Feng in its eyes at all.

Kill it if you say it, don't talk nonsense!

A light flashed in Chen Feng's eyes, a low growl, and a step forward, golden light overflowed above his body!

The man knows that there is a huge gap in his strength following the Yin Xie hand bones!

But he also knew that he was not without the power of a battle!

He is different from everyone else!

When the Yin Xie hand bones came crashing, Chen Feng let out a low growl, and the first thing he activated was his strongest power.

That is your own star vein!

Suddenly, dozens of star veins appeared in front of Chen Feng, blocking the Yin Xie hand bone.

The Yin Xie hand bones did not hesitate, and slammed into the stars.

With a soft bang, the first star vein was directly broken.

It couldn't even stop a moment of time!

However, Chen Feng noticed it keenly.

When this star vein shattered, a golden light flashed past the core of the star vein.

On the contrary, it was the golden light at the core of this ray, and the time it took to resist the evil hand bones was a little longer than the time the star vein itself resisted.

Chen Feng's eyes narrowed.

He was very familiar with this golden light.

Because the star veins are trained through the Golden Sutra of the Great Bodhisattva Vipassana.

And this golden light is the golden sutra of Avalokitesvara Bodhisattva, which is integrated into the star veins, that light of Buddha!

Chen Feng lowered his head lightly, thoughtfully: "Sure enough, what I guessed before was correct."

Bang Bang Bang Bang, the star veins are constantly being broken.

Almost in an instant, dozens of star veins were all shattered!

And this scene did not surprise Chen Feng.

A smile appeared at the corner of his mouth.

When all the star veins are broken and the evil hand bones continue to kill Chen Feng!

Chen Feng, moved!

Donkey Kong Arhat's Immortal Body was activated, and then his hands moved forward!

In him, the power of the Golden Sutra of the Bodhisattva Vipassana rose from the sky!

On top of Chen Feng's head, the scriptures of the Golden Sutra of the Bodhisattva Avalokitesvara suddenly appeared, without wind.

Behind Chen Feng, the huge phantom of the ancient Buddha also appeared directly.

After Gufo Xuying felt the evil hand bone, he suddenly raised his head.

With eyes wide open, King Kong glared!

Tap your finger gently.

Suddenly, endless golden light gushed out, blocking directly in front of Chen Feng, forming a thick golden wall!

And the hand bone that was evil, slammed together!

Yinxie's hand bones were hit directly and stopped for a moment in the air.

Stopped!

This yin and evil hand bone has been invincible since its appearance, and no one can stop it!

At this moment, he was directly stopped!

Chen Feng sighed softly: "Sure enough, the Golden Sutra of the Great Bodhisattva Avalokitesvara is the supreme Buddhist magic."

"Haohao is bright, very upright, and most able to resist such evil things!"

At this moment, on the yin evil hand bone, an angry and vicious emotion spread out instantly.

In an instant, there was a dark black light flashing on it, slamming forward.

Suddenly, there was a loud bang, and this golden wall was directly broken.

The ancient Buddha phantom lightly tapped his finger, and another golden wall was formed, and then it was crushed.

Formed again, and shattered again!

So, constant stalemate,

The golden walls continued to shatter.

Although the ancient Buddha phantom finger clicked, the golden wall continued to form, but the speed of shattering was much faster than the speed of formation.

The golden wall soon became only about 60% of the original thickness!

and. Still thinning!

In other words, the level of power of the Golden Scriptures of the Great Bodhisattva Avalokitesvara should be comparable to this yin and evil hand bone.

But in terms of power, it was far worse than the opponent.

The quality of both parties is of the same level.

However, in terms of quantity, this Yin Xie hand bone was completely suppressed.

Seeing, it will soon break!

However, Chen Feng did not fully expect the Golden Sutra of Avalokitesvara to subdue the evil hand bones.

What he wants is just a little bit of buffer time!

He whispered to himself: "Yinxie's hand bones are unwilling to deal with me, so there is probably something he fears about me!"

Chen Feng was extremely fast, changing various treasures one after another in his hands.

The emperor's evergreen lamp is useless!

The sapphire bodhi branch is useless!

...

All the treasures have been tried, and they are useless for this evil hand bone!

After almost a stalemate for a cup of tea, the ancient Buddha phantom was already slightly invisible.

Obviously, the power is almost exhausted.

In the next moment, as the wall that had become thinner shattered, the phantom of the ancient Buddha disappeared instantly!

The Golden Scriptures of the Great Bodhisattva and the phantom of the ancient Buddha also suddenly disappeared.

Obviously, the power is exhausted.

At this moment, no one can stop that yin and evil hand bone!

With a sharp howling, he slayed at Chen Feng!

At this point, it seems that Chen Feng has no hole cards available.

The fact is also true.

He had tried all the treasures he had before.

Seeing the next moment, Chen Feng will be hit by this evil hand bone!

No luck!

Chen Feng sighed softly, "Is that hole card going to be used anyway?"

Previously, the hole card that Chen Feng prepared was not used when crossing the Nine Heavens Wind Wind, but now it may be used.

But at this moment, suddenly a torrential rain poured down from the sky, and it instantly became ten times bigger!

The sound of thunder, blast!

The entire sky shook violently.

Chen Feng saw that there were countless huge cracks in the sky.

And the earth in the distance trembled violently.

At this moment, countless mountains suddenly cracked, and huge cracks appeared on the earth.

The rivers and lakes all dried up.

Mountains and rivers are overturned, like the sky and the earth are cracked!

Chen Feng was horrified: "What is going on?"

Even the Yin Xie hand bones were shocked and slowed for a moment by the huge movement.

At this time, the heavy rain in the sky was like a hole in the sky.

This is indeed the case.

In the sky, a hole was really torn apart!

Through the rain curtain, Chen Feng saw that a huge crack appeared in the sky.

[Chapter 4722: The spirit of the dragon vein continent!](#)

Then, a pair of giant hands burning with flames stretched out from it.

With a snort, the crack was torn apart.

Then, a huge figure slowly descended from it!

That figure is huge, like a giant mountain, standing upright!

This huge figure was extremely fast, like a meteorite, crashing onto the ground.

His feet were on the ground, and Chen Feng and Yin Xie's hand bones floated in the air.

The height is only as high as his eyes.

This scene made everyone in the distance stupid.

This is an extremely huge skeleton giant, as if there is no body, surrounded by bright dark red flames.

It was Chen Feng's acquaintance.

"Night watchman, why are you here?"

The low voice of the night watchman rolled across the sky and the earth: "If I don't come, you kid will be completely dead."

Although the words were terrible, Chen Feng heard it, but felt a warm current flowing from his heart.

However, Chen Feng suddenly remembered another thing.

Shouted: "Night watchman, didn't you say you can't enter this place?"

If the night watchman enters here, it will cause disastrous consequences.

The Dragon Vein Continent would not be able to contain his power and might even be in danger of collapse.

The night watchman laughed: "You are dying, so I can care about that much?"

"If the Dragon Vein Continent collapses, it will collapse! Without you, what is the meaning of the Dragon Vein Continent?"

"Furthermore!"

His finger suddenly pointed to the bottom of everyone's body: "Do you think he will watch the Dragon Vein Continent collapse?"

As he said, his feet were stamped on the ground fiercely, and his hands were bombarded one after another.

The earth shook violently, as if the whole land was about to be shattered.

The night watchman whispered while beating, "You concealed trash."

"This evil hand bone was originally sealed by you, but now it ran out. Not only did you not re-seal it back, but you still killed innocent people?"

"Why are you intent?"

Listening to the words of the night watchman, Chen Feng suddenly jumped in his heart.

"What does the night watchman mean?"

"He said that the Dragon Vein Continent has been suppressing this treasure for years. Could it be said that the treasure that happened once in a million years was not the accumulation of the Dragon Vein Continent's own air transport, but it has been suppressed by the Long Vein Continent's air transport? "

"It's exactly the opposite of our previous guess?"

Chen Feng's heart suddenly opened up, and he understood everything in an instant.

"If you say so, then everything will make sense."

"Let me just say, the luck of a world, no matter how strong or weak, but always upright, can it condense such a treasure full of evil meaning?"

"In fact, this thing has been suppressed by the luck of the Dragon Vein Continent, and it may only have a chance to appear once every million years."

"It was born, and the air transport in the Dragon Vessel continent will also blow out and emerge in large numbers. That's why it is rumored that it will be born once in a million years, the most precious air transport!"

Chen Feng put it all together, thinking clearly!

These confusions were resolved, but a new question arose in Chen Feng's heart.

"What is the origin of the Dragon Vein Continent? What is the origin of this treasure? Why has it been suppressed by the Dragon Vein Continent?"

At this moment, a magnificent voice suddenly spread out between the world.

"You guys, get out of me!"

The sound is extremely magnificent, as if it is omnipresent, flooding everywhere between heaven and earth.

Chen Feng heard it, but he had a very strange feeling.

This doesn't seem to be a sound that humans or any creatures can make, it seems like thousands of sounds gathered together.

It seems that at this moment, the top of the treetop, the root of the grass, every piece of soil, every drop of water, are making such a sound!

"You all get out of here!"

There is great anger in it!

Chen Feng suddenly understood.

"This is a collection of consciousness in the Dragon Vein Continent!"

To be precise, this is a consciousness formed in the Dragon Vein Continent.

It can be called a consciousness that all the luck of the Dragon Vein Continent converges!

The next moment, suddenly the whole world became quiet.

The earth, which had already begun to collapse, was renewed.

The cracks in the sky also disappeared directly, suddenly becoming extremely calm.

But Chen Feng could feel that under the calm, the undercurrent was still surging.

These are just appearances.

Then, suddenly countless winds and sands swept across the sky.

A huge face appeared in the vault that day.

That face could not be distinguished whether it was a male or a female, or whether it was young or old, or whether it was angry or gentle.

It is as if there is both phase and no phase.

Obviously, this is the aggregate of the consciousness of the Dragon Vein Mainland.

This is the spirit of the dragon vein continent!

Chen Feng couldn't even feel how powerful he was, because he was so powerful that he was beyond Chen Feng's perception.

This is a collection of consciousness of an entire continent!

Facing him, Chen Feng couldn't help but feel an extreme sense of powerlessness.

What state has it reached?

Far more than the Star Soul Valkyrie!

I'm afraid that even the elder of Yuxu Immortal Gate did not necessarily have his realm!

Of course, what is terrifying is his realm.

The strength he can really use now is not particularly outrageous.

After all, when he chooses to appear in this way, the power he can use is quite limited.

His gaze swept across Chen Feng, his eyes were a bit complicated.

But then, he returned to indifference.

And after seeing the appearance of this huge face, even the unbridled and invincible Yin Xie hand bones couldn't help but feel a trace of jealousy.

The consciousness aggregates of the Dragon Vein Continent had an indifferent voice, without sadness or joy.

"What do you know?"

"This thing is yin to evil, to cruel to poison."

"It's an evil thing that can be counted in the vast world. After being sealed for a million years, the seal will loosen only once."

"Each time he was sealed for a million years, held back for a long time, and became very aggressive."

"How much does it cost to surrender to it at this time?"

"Let him kill some people. If he **** enough blood, he will be much less fierce. Only then will he tame him. That's right!"

It turned out that he was playing with such an idea.

The night watchman laughed wildly: "Don't tell me this, I don't care about it."

"I will only tell you a word, if you don't subdue it now, I will make noise here."

"It keeps making noise until your dragon vein continent collapses!"

"You know, under the impact of my power, the Dragon Vein Continent will not last long!"

The Longmai Continental Consciousness Assembly stared at him and uttered three words: "You are looking for death."

The night watchman laughed: "You can kill me, I believe."

"However, before I die, the Dragon Vein Continent has crumbled, where will you go when I see it?"

[Chapter 4723: Imitation of the imperial seal! Reappear!](#)

"Moreover, I not only want you to subdue it, but also borrow it!"

This statement said that the face of the Dragon Vein Continental Consciousness Collection, which has been extremely indifferent, also stretched.

This is hitting his sore spot.

If the Dragon Vein Continent collapses, he has nowhere to go.

After a while, he suddenly said, "It's just to borrow, isn't it?"

"Nonsense, I just use it to open that big formation, you don't know."

"After using it, I will pay you back naturally!"

The night watchman is not at all polite.

"it is good!"

There is no nonsense in the dragon vein continent consciousness collection.

He directly lowered his head and looked at the Yinxie hand bone.

Strength began to gather slowly.

As soon as this power condensed, Chen Feng felt as if the world was suppressed.

In other words, it is not feeling, but the real world is suppressed!

Towards the evil hand bones, he pressed it down!

The dragon vein continent consciousness assembly must shoot and surrender this thing.

Obviously, even if he wants to surrender this evil hand bone, it is not that simple.

And once he accepts this thing, then this thing will be his again.

It can't be Chen Feng anymore!

The most of them can only be borrowed!

As if feeling the crisis too, the Yin Xie hand bones suddenly made a sharp hiss and attacked Chen Feng fiercely.

The dragon vein continent consciousness assembly, furious, whispered: "You dare to do this!"

A giant hand suddenly appeared between the sky and the earth and flicked it lightly.

Suddenly, the Yin Xie hand bones were directly bounced out.

However, before this Yin Xie hand bone was shot and flew out, it also had a very fine power.

Like a filament, it was wrapped around Chen Feng's body.

Passed by him.

Suddenly, Chen Feng was shocked.

This was also the first time Chen Feng was attacked by this evil hand bone.

When this black qi quietly filled Chen Feng's body like acupuncture!

Chen Feng instantly felt an extreme horror and despair!

The soul, mind, everything, seems to fall into the abyss!

There is only death in front of you!

Chen Feng felt that he was so close to death!

It seems that in the next second, he will completely lose consciousness and disappear into this world.

Whether it is body or spirit.

"Is this death?"

Chen Feng's voice whispered softly, feeling that he was going to sink into death hell!

But the next moment, a ray of light suddenly lit up in my heart!

"Chen Feng, how can you die!"

"You still have so many things to do! You still haven't seen the universe! You haven't found your true life experience yet!"

"Chen Feng! How can you die!"

"what....."

The next moment, Chen Feng roared wildly and suddenly woke up.

He felt severe pain all over his body, and he spewed black blood clots.

With this blow, Chen Feng's whole body was scorched!

He felt that his body became extremely weak and seemed to be crumbling.

His own strength also went to 90% in one go!

All of a sudden, Chen Feng entered the realm of serious injury!

He was vomiting black blood clots, his stature was shaky, and he almost couldn't stand still!

The power of the yin and evil hand bones can really only be described by the word terror!

And when the power of this evil hand bone penetrated into Chen Feng's body.

Inevitably, he also touched something in his arms.

At this moment, Chen Feng suddenly felt as if there was a force in his body quietly waking up!

This force is like a dragon that has slept for a long time. At this moment, it turned over and stood up lazily!

Chen Feng quietly recovered in his arms!

This force is majestic and majestic, and reveals the indescribable king's air!

At the next moment, there was suddenly a majestic force that came out of Chen Feng.

Chen Feng suddenly realized something and whispered: "Imitating the imperial seal! It turned out to be the imitation of imperial seal!"

In the next moment, something slowly appeared in front of Chen Feng.

It was surrounded by golden light like fine golden sand.

This object is no more than three inches in radius and has the words "Human Emperor" in class.

It expresses the ancient barbaric meaning, extremely simple and full, but grand and grand.

Like a king commanding the world, overlooking the nine realms!

It was the imitation emperor seal that Chen Feng had previously obtained in the Xuanming Seven Seas Realm.

Chen Feng had hunted down a lot of monsters of the three-headed dragon series before and obtained them.

Later when he went to the Xuanming Seven Seas Realm, he also thought about getting such a human-like emperor seal again.

Unexpectedly, those three-headed dragons seem to have disappeared in Xuanming Seven Seas out of thin air.

But there was no such thing in the monster beasts of the other Xuanming Seven Seas Realm.

When the search is fruitless, I have no choice but to do it.

The imitation of the emperor's seal has been silent since Chen Feng obtained it from the Xuanming Seven Seas Realm!

Hardly any effect.

Unexpectedly, at this moment, suddenly wake up!

Chen Feng's heart jumped fiercely: "This fake human seal seems to have been stimulated by the power of this evil hand bone, so it awakened."

"Then if this is the case, will there be any inexplicable connection between the two?"

And Chen Feng even saw that when this thing appeared, the evil hand bone suddenly changed.

Before it was extremely arrogant, unscrupulous, and did not put anything in its eyes,

Even if it is the dragon vein continent consciousness aggregate, when it comes to surrender it, it is only afraid.

Not afraid.

He even vaguely looked down upon the collective consciousness of the Dragon Vein Continent.

It seems that the root itself is not a level of existence!

And now, when he faced the imitation of the imperial seal, Chen Feng, the imitation of the imperial seal of unknown origin!

But I was scared all of a sudden!

That is the fear deep in the bone marrow!

Just like a mouse sees a cat, it is an instinctive suppression!

Chen Feng's eyes lit up suddenly: "There must be an inexplicable relationship between these two things!"

"Imitated the imperial seal, imitation of the imperial seal..."

Chen Feng whispered the name softly.

Looking at the evil hand bone again, there were countless guesses.

At this moment, seeing the appearance of this thing, the night watchman and the dragon vein mainland consciousness assembly, are also shocked.

Chen Feng looked at the Longmai Continent aggregate and said with a slight smile: "It seems that you don't need to act."

He now knew what the Yinxie hand bone was afraid of before.

The next moment, he roared, and threw the imitation emperor seal forward: "Submit him to me!"

This thing, Chen Feng is determined to win!

The imitation of the emperor's seal slammed into the evil hand bone.

And the Yinxie hand bones that have always been extremely arrogant, at this time they dare not respond to the enemy at all.

With a scream, he fled out.

Above the imitation of the emperor's seal, a light like golden sand spilled out.

In an instant, the Yinxie hand bones were trapped in it, unable to move.

In the next moment, the imitation of the emperor's seal was severely printed on it.

The sand-like power seeps in in an instant.

[Chapter 4724: Human hand bone](#)

So in an instant, there was a scream on the evil hand bones, and all the black light was recovered.

As if being completely suppressed in.

Then, a light gold appeared on it, delicate and gorgeous.

The golden color is outlined quietly, just like a person dipped in gold powder with a thin pen, and quietly draw a horizontal line on it.

Then there was another one.

In the next moment, the imitation of the emperor's seal was broken directly!

Countless sand-like power fell on the Yinxie hand bones.

Suddenly, the brush stroke accelerated a lot.

The atmosphere is extremely delicate and exquisite, with two characters written on it.

In the next moment, all the sand-like power disappeared directly.

The yin and evil hand bone also hovered there, and it didn't move a bit.

However, the original meaning of evil and cruelty was sealed in it.

Both the night watchman and the dragon vein continent consciousness assembly were taken aback.

The Longmai Continental Consciousness Assembly said lightly: "Since this thing has been sealed, I should also go."

He glanced at the night watchman.

The night watchman said with a big smile, "Don't worry, I will go now, I will go now."

Chen Feng stared blankly: "Is this surrendered?"

The imitation imperial seal disappeared directly.

At this time, Chen Feng felt that there was a little more unclear connection between himself and the evil hand bones.

His mind moved slightly.

Suddenly, the evil hand bones came to him.

Chen Feng felt that he could now manipulate it slightly.

Of course, Chen Feng didn't know what to do with it.

He knew that this was equivalent to replacing the thing with the imitation of the imperial seal.

An imitation of the emperor's seal of unknown origin and no use whatsoever, in exchange for such a terrifying evil treasure.

Chen Feng knew how to say he had made a lot of money.

However, the imitation of the imperial seal accompanied him for a long time, and disappeared at this time, he was also lost.

Chen Feng sighed lightly, clearing up his mood.

Tap out with your finger.

The evil hand bones turned between his fingers.

Chen Feng took a closer look, and there was a golden seal on this small Yinxie hand bone.

It is deeply imprinted into it, as if it was carved into the bone marrow!

Above the seal, two ancient seals: The Emperor!

It's just like the imitation of the emperor's seal with this chapter on it!

The night watchman has turned into an ordinary person, and he came to Chen Feng and laughed: "Chen Feng, you kid, what a good opportunity!"

Even he has a touch of envy in his eyes.

This evil hand bone is really too strong!

The night watchman said: "You have advantages and disadvantages by turning it into your own use."

"The advantage is that you have such a powerful treasure."

"But the downside is that its power can only be used by you to a trivial point."

"I'm afraid it's less than one ten thousandth of his own true power, maybe even less."

Chen Feng shook his head and smiled bitterly: "That's no way, I can't just be killed by it."

"But..."

The night watchman smiled and said: "Don't worry, as your strength gets stronger, the more powerful you can exert its power."

Yinxie's hand bones hovered at Chen Feng's fingertips. Chen Feng sighed lightly and whispered to himself:

"You were subdued by the imitation of the imperial seal."

"In that case, I will call you the human hand bone!"

The night watchman patted Chen Feng's shoulder lightly: "Okay, the matter is over here, let's get to business."

Chen Feng took a deep breath and nodded slowly.

The night watchman caught him, and the two disappeared instantly!

In the next moment, the two came before the big formation.

The night watchman brought him here directly.

The giant gate in front of it still stands tall.

This nine-star Conferred God Array is still as solid as iron stone.

Like a fortress as big as the world.

Although there was no flaw, Chen Feng clearly felt a little looseness from above.

It seems that this big formation is a bit slack than before.

Above, there is also a little more gap.

Of course, this fissure is extremely small, and this looseness is also extremely slight.

But Chen Feng was extremely keen, but he still felt it.

For others, this trace of looseness is of no use at all, and it is still difficult to survive.

But for Chen Feng, it is not necessarily!

The two came before the giant black iron gate.

A red pill appeared in the hands of the night watchman, full of fragrance, obviously not low grade.

"Chen Feng, swallow this thing, you have half an hour to recover."

Before Chen Feng was injured too badly, now in his state, let alone going to the Xuanhuang Zhongqian World, he almost couldn't even come here just now.

Chen Feng nodded, knowing that the matter was important, he swallowed the pill without hesitation, sat cross-legged next to him, and began to recover.

Soon, half an hour passed.

Chen Feng suddenly got up.

The pill that the night watchman gave him was obviously comparable to the medicine that Fairy Yuheng gave to Chen Feng at the beginning. It was something beyond the power level of the Dragon Vein Continent, and the effect was excellent.

But in half an hour, Chen Feng felt that he had completely recovered.

There is even a large group of powerful and powerful forces in his body that have not been refined.

The night watchman smiled slightly: "This thing is not so common in my Yuxu fairy gate."

"I only brought out one. Fortunately, I used it today."

"Now, let's start!"

Chen Feng nodded solemnly.

The night watchman said: "After a while, I will do my best to open this door with all my cultivation."

"Opening this door is the first step."

"The second step is to perceive the world of Xuan Huang Zhong Qian."

"You use all the power of your star veins. The power of these star veins is transformed by the power of the stars. It has an excellent effect on the perception of the stars and their natural changes."

"As long as you can perceive the Xuanhuang Middle Thousand Worlds, then this will be done."

Chen Feng nodded solemnly.

The night watchman then said: "With your strength, it is already the limit to perceive the thousand worlds of Xuan Huang."

"This channel cannot be opened at all."

"Then, the third step is needed!"

"In the third step, I will use all of my power to open up you and maintain this channel."

"When the time comes, you will go in as soon as possible."

Chen Feng already understood.

The night watchman started immediately without hesitation.

In fact, in the course of the past million years, the night watchman has deduced this process countless times and tried countless times.

It's already all imprinted in my heart.

Even if you close your eyes, you can do all this easily.

The next moment, he came directly to the gate, pressing his hands directly on it.

The bright flames from all over his body were steaming up.

[Chapter 4725: Break the line!](#)

These blazing flames became extremely bitter, full of destructive power.

Obviously, he has mobilized all his own power.

The flames on the surface of his body not only envelop his body, but also a powerful force he can use.

In the next moment, all the red flames were concentrated on his hands.

In an instant, the temperature above the hands was almost as hot as the inner core of the sun.

Chen Feng was beside him, feeling that he was about to be burned to ashes.

Then, this extremely hot and powerful destructive force rushed toward the giant gate.

With a bang, a few tiny gaps were blasted open above the giant gate.

This nine-star Conferred God Formation has not been attacked for millions of years.

In addition, this time is the most slack and the lowest defensive time.

Under the sudden attack of the night watchman, several cracks suddenly cracked.

Of course, it is extremely subtle, just like hair.

But this is also a breakthrough!

The Nine-Star Conferred God Formation is not a display, and naturally reacts immediately.

In an instant, there was a light on the giant gate.

After swiping it, a golden magic circle appeared above the gate.

The golden circle, shaped like a turtle shell, is all golden.

The golden power above lighted up in various veins, and in a moment, the whole was transformed into a huge golden tortoise shell.

Close to the door.

Form a strong defense!

It's just that the night watchman has prepared for millions of years, how can he be stumped by this difficulty!

With a low growl, the red light on his hands seemed to be solidified.

It changed instantaneously and became a red giant hammer.

Bang bang bang...

Hit the golden tortoise shell vigorously.

However, after three blows, the golden tortoise shell was directly broken.

This large array is composed of countless star maps.

And under each star chart, there are countless nodes.

Now, what they are dealing with is just a node.

Above the other nodes, there is also a bright light, ready to enter here.

Soon he can focus his defenses here.

At that time, it is impossible to break open.

The night watchman naturally knows the trick, and all he wants is this moment of opportunity!

The defense of this node has been destroyed, and the power of other nodes has not yet arrived!

A wild roar, urging all the power, fiercely banged on the giant door.

Chen Feng saw that at this moment, all the red flames on his body had disappeared!

All concentrated on both hands!

At this time, the night watchman was really desperate.

At this moment, all the strength accumulated over the past million years burst out!

He is the night watchman of the Yuxu Immortal Gate, even in the Xuanhuang Zhongqian World, he can be called a mighty warrior!

Accumulation of millions of years, one blow!

The power sent out is earth-shaking! Extremely scary!

The entire nine-star Conferred God Array, the night watchman is naturally not an opponent at all.

But what he wants to open is not a big battle, it's just a small node above this one-billionth, or even one-billionth!

It's like it's almost impossible to blast a rock mountain with a punch, but it's not difficult to knock a small rock down from it!

With a bang, the giant door made a dull and hoarse sound, and it was really shaken by him!

A gap large enough for people to pass through!

Beyond the gap, the sky is full of stars, spinning brightly.

The galaxy is vast, pouring down in nine days, it is an extremely brilliant scene!

And at the nearest location behind the door, there are countless spatial turbulences, chaotic star battles, and huge meteorites hitting everywhere.

This scene after scene seemed to explode into Chen Feng's eyes suddenly!

It flooded its sights!

Everything in front of him almost suffocated Chen Feng!

This is the real starry sky, all over the sky, the real Tianhe!

Not the fake engraved on the Nine Star Conferred God Formation!

Although shocked, Chen Feng did not waste any time! *noVELuSb.coM*

At this moment, he let out a low growl.

Dozens of star veins appeared behind him at the same time.

The power of the stars spread out all over the sky.

Even Chen Feng used his own luck!

Because he knew that since the Dragon Vein Continent had a connection with the Xuanhuang Zhongqian World, then the power of Qi Yun should be involved.

In Chen Feng's body, dozens of big stars lit up, and his luck was soaring!

Dozens of star veins behind him also lit up, and the power of the stars surged!

The overwhelming power of stars and the power of luck, turned into a huge beam of light, enveloped Chen Feng.

Start from this point of him.

With a brush, it spreads towards the depths of the real universe.

This light is not straight.

It is refracted from time to time.

However, the speed is unimaginable, completely beyond the scope of the naked eye.

An invisible light in the universe is constantly moving forward.

It is so weak and small, but extremely stubborn.

Before Wan turned, it seemed that she might be destroyed at any time.

But never gave up!

Like Chen Feng's hope, small but great!

Weak, but persist!

And this hope will finally bloom!

Chen Feng slowly closed his eyes.

He felt that his thoughts seemed to have turned into a ball of light, rushing through the void of the universe.

This feeling is no stranger to him.

When I went to the Xuanming Seven Seas Realm before, it was the same in that space channel.

He has touched countless worlds and watched countless beauties.

It's just that this time it's even more dangerous!

Because there is not such a stable space channel for your own use!

He wants to break a path in the void of this universe to connect the Dragon Vein Continent and the Mystic Yellow Middle Thousand Worlds!

Chen Feng felt that his thoughts were like a small boat, undulating in the sea.

I don't know how long it has drifted, or how far it has drifted forward.

Chen Feng's thoughts and his spirit tend to be close to a certain huge world.

However, when you get too close to this huge world, you will be drawn by the luck of this world!

Almost to be controlled, absorbed, swallowed!

At this time, Chen Feng's thoughts must break free from it immediately.

But how easy is it to break free?

Every time you encounter such a thing, it is like that small boat meets a big wave, and is lifted by the big wave!

It seems that the next moment, it will be smashed directly and turned into powder!

And every time Chen Feng encountered such a situation, Chen Feng gave a muffled hum, bleeding from his seven orifices, trembling violently, and a sudden drop of breath!

The whole body is extremely painful!

The head is like being knocked open and torn apart!

But Chen Feng gritted his teeth and held it! There is no backlash!

"This is what I have been looking forward to for many years! This is the wish of my life!"

[Chapter 4726: The five elders of Yuxu Immortal Gate!](#)

"This is my Longmai Continent's expectations for thousands of years!"

"How can I give up?"

Time and time again, the boat was set off by that big wave countless times, but all fell in a thrilling and steady manner.

After the extreme, Chen Feng was already covered in blood, and his breath was weak, almost unable to support it.

The night watchman next to him saw this scene and took a deep breath, his eyes filled with gratitude.

"Chen Feng, I really didn't misunderstand you!"

I don't know how long it has passed, perhaps a moment, or perhaps decades.

Chen Feng felt extremely long.

It seems that I have forgotten time drifting in the universe.

And suddenly, his spirit floated to the side of a huge world.

When he felt the breath of a certain part of the world, Chen Feng was shocked!

"This breath seems to be very familiar, it is the breath of the yellow bird, it is the breath of the night watchman!"

Chen Feng felt even more that this world seemed to be closely connected to himself.

It seems that my fate is coming here.

Chen Feng was instantly ecstatic!

"This is the world of Xuanhuang Zhongqian! This is the world of Xuanhuang Zhongqian!"

Chen Feng was overjoyed.

And he didn't have any delay, his body directly turned into a stream of light.

This streamer, instinctively, is to go to the place where it is most intimate with its own breath, and it is to plunge into a certain place in this world!

At this moment, Chen Feng's body under the nine-star Conferred God Formation suddenly opened his eyes!

His breath is weak, but his eyes are extremely firm.

His eyes were full of joy, looking at the night watchman, he just uttered a word: "I found it!"

"You found it!"

The night watchman laughed wildly, and the joy was extreme!

"Great, I found it! I found it!"

Before, he was not sure whether Chen Feng could find him.

The night watchman suppressed the ecstasy in his heart and shouted loudly: "I will exhaust my life strength and open this channel for you!"

However, just when he was about to open this channel for Chen Feng.

Suddenly, the entire nine-star Conferred God Array fluctuated violently.

An extremely powerful force, from the Nine Star Conferred God Array, quickly condensed towards this side.

The night watchman's face changed!

"How can this power really gather so fast? It shouldn't be like this!"

Chen Feng frowned.

Because, he suddenly saw that there were five lights and shadows on this large formation, constantly rushing towards this side at an extremely fast speed.

Under the shining of the stars above the formation, the five lights and shadows appeared confusing and impermanent.

Or like a long snake, or like a disc.

Unpredictable, strange and unspeakable.

Like the shadows of five long snakes, swiftly across the sky.

But their speed was countless times faster than the speed at which the forces gathered in the big formation, and they were in front of them in an instant.

Chen Feng saw that these five phantoms turned out to be the shadows of five old men.

These five elders were either tall, such as angry King Kong, or thin and cold, and even one was obviously alien.

But they have one thing in common: their breath is extremely tyrannical!

Tyrannical to the extreme!

Moreover, give Chen Feng a familiar feeling!

What he felt from the yellow bird, from the night watchman, was such a breath!

This also means that the five of them are also from the Yuxu fairy gate!

Moreover, Chen Feng glanced at it to see that the state they are now in is not even a remnant soul!

More like five projections!

Wu Dao doesn't know how far from above the world, the projection onto this formation!

"Born from Yuxu Fairy Gate, the number is five, and five projections..."

Chen Feng suddenly thought of something, and shouted out: "You are actually?"

And the night watchman also exclaimed: "Is it you? You still have remnants of souls on the great formation!"

Then, he frowned: "No, this is not your remnant soul!"

"Everything of you has been wiped out in ashes. This is just the projection of the will of the five of you, imprinted on this nine-star Conferred God Array!"

At this time, Chen Feng was even more certain when the night watchman said these words.

The five people in front of them were the projections of the five Yuxu Immortal Gate elders who had jointly deployed this nine-star Conferred God Formation!

These five people have been dead for millions of years.

Moreover, only the projection is here.

However, it still has an extremely powerful and terrifying aura that remains in Sri Lanka!

Everyone's strength is like the overwhelming ocean!

They are not inferior to the night watchman!

The five elders are just five projections.

There is no sane for a long time, only some instincts.

Their figures slowly emerged from the circle, staring at the night watchman.

The burly old man headed by King Kong glanced at Chen Feng as if to see him through.

Then, anger suddenly appeared, staring at the night watchman, and shouted sharply:

"Night watchman, this child's strength has not reached the Star Soul Martial God Realm, will you force him into the Xuanhuang Middle Thousand World?"

"What can a trash that doesn't even have the Star Soul Martial God Realm?"

"You can't even reach the Xuanhuang Zhongqian World safely!"

Behind him, several people are also screaming and shouting!

"This great formation has only one chance to start!"

"When the big formation is opened once, it will be sensed by the powerful abilities of the Xuanhuang Zhongqian World, and they will be found here!"

"With one blow, the Nine Star Conferred God Array was wiped out, and the last back hand we left was also completely shattered!"

"Night watchman, you are wasting our last chance!"

The last phantom, the voice like a ruling, fell fiercely:

"If you don't reach the Star Soul Martial God Realm, if you move this nine-star Conferred God Array, die!"

The five screamed at the night watchman, their voices getting more and more intense!

The night watchman screamed and explained wildly: "You five listen to me!"

"Although Chen Feng is not in the Star Soul Martial God Realm, his potential exceeds everyone!"

"His future is infinite, and he has so many secrets in him. He will definitely be able to avenge my Yuxu Fairy Gate! He will never let you down!"

However, these five phantoms are just projections left by the five elders.

The five elders are already dead.

The projection they left behind, they can't think, nor do they have any thinking, they can only stick to some rules mechanically!

And the rules laid down for them were:

Non-Star Soul Martial God Realm, if you want to break this door, they will all be killed!

They will only follow this.

The night watchman's explanation, they can hear it, but they don't understand or consider it!

In their view, there is only one chance.

And Chen Feng, completely unable to meet this qualification!

Then, Chen Feng must die!

The night watchman must be severely punished if he does these things!

In the next moment, the five Yuxu Immortal Gate elders did not even pay attention to the loud defense of the night watchman.

[Chapter 4727: The ancient power reappears!](#)

He just shot and killed him fiercely!

They each shot, and they were so powerful that they were unimaginable. They shook in this space. Almost instantly, the night watchman fell into the wind.

There is only resistance, no fight back.

The left and right side was beaten, and he was constantly hit.

Seeing that, not only will it be defeated soon, but it will not even take long to be killed by the five Yuxu elders!

At this moment, this scene was completely beyond the expectations of Chen Feng and the night watchman.

Now, their plan, these three steps, have completed the first and second steps.

But in the third step, there was a huge problem.

Now, the night watchman is not only unable to use his own power to forcibly open this passage for Chen Feng, but also maintains the passage to allow Chen Feng to pass through as desired.

He couldn't even keep this door open!

The situation became extremely bad in an instant!

As the hidden powerhouse of Yuxu Immortal Gate, the night watchman's status is no less than that of the five elders.

Moreover, he is a remnant soul.

These five elders are just projections.

Any one of these five elders was not his opponent.

Even if two or three add up, it will be a draw with him.

But the key is that the other party has five!

Five, the night watchman is no opponent at all.

The defeat is only a matter of time.

The night watchman roared frantically: "Why can't you guys listen to me?"

"I'm not such a stupid person. Since I did this, there must be my reason!"

"You five are really stubborn and stupid!"

With a loud roar, the blood-stained shroud above his body suddenly flew!

Directly greeted the five elders.

This shroud seemed to be ordinary, but after flying up at this time, there was a little blue light on it, and there was a bright purple light together.

The purple rays are quietly connected, turning into purple lines.

The shroud is blue and purple, revealing solemnity and indescribable grandeur.

It feels a bit more like a fairy.

It seemed that even the blood stains on it had become nothingness.

Chen Feng surprisingly discovered that under the blood-stained surface of the shroud, it turned out to be a sacred and solemn purple Taoist robe.

And this shroud is also extremely powerful.

It grows in the wind and turns into a size of tens of meters.

In an instant, they blocked the offensive of the five Yuxu Immortal Gate elders.

The offensive bombarded the shroud fiercely, but it was like a mud cow entering the sea.

Was directly blocked.

And they can't attack the night watchman for a while.

The night watchman finally freed his hands and roared: "Chen Feng, you hold on, I will break the channel for you now!"

He pressed his hands on the door, and all the power in his body gushed out.

It spreads towards the invisible universe.

We must open this channel for Chen Feng!

The five elders' offensive was getting more and more urgent, but the shroud was really powerful.

In any case, it is impossible to break it open.

The night watchman gritted his teeth and said: "We have at least one cup of tea time. This time is enough."

His power, through the gate, surged forward along the line that Chen Feng had reached before reaching the Xuanhuang Zhongqian World.

In an instant, a passage was broken in this extremely dangerous universe with numerous turbulence in space.

As light continues to be refracted, it spreads forward extremely fast.

Seeing, one more cup of tea time will be done.

But at this moment!

Suddenly in the distance remembered a burst of wild laughter that shocked the world: "You want to open the space channel? Have you asked me if I agree?"

The voice was vast and indifferent, like a **** looking down on a mortal.

But inside, there was a trace of unbearable pride.

In the next moment, an extremely powerful force fluctuated from a distance.

Through this void!

A finger, an extremely huge finger, like a finger that was pushed down by a **** outside the sky!

Suddenly, appeared from a distance!

Severely spotted on the body of the night watchman!

The night watchman has no defense at all, how can he withstand this blow?

Suddenly, the whole body trembled, and the red flame above the body shook violently.

Like a candle in the wind, it seems likely to go out at any time.

Even his body with only bones left a burst of noise in an instant, and numerous cracks appeared on it!

He was almost directly killed by this blow!

The spatial passage that had been constructed was broken!

The incomparably violent and intrepid space power, from the giant gate, has come out of everything, and it has dealt him a heavy blow!

Direct the night watchman to fly out!

And the moment he saw this huge finger, Chen Feng trembled and his whole body was cold!

In the next moment, a tremendous amount of anger, hatred and murder, surged!

He stared at the depths of the darkness, gritting his teeth and saying: "It's you!"

This finger, such a breath!

Let Chen Feng know who came!

It is the ancient power behind that Chu Shaoyang!

Chen Feng did not deal with him once or twice.

For the first time outside Tianlong City, Chen Feng was almost killed by a finger.

Until later, he supported Chu Shaoyang again and repeatedly opposed Chen Feng.

Chen Feng hated him to the extreme.

When I came back this time, I wanted to kill him.

It's just that Chen Feng knew that he was not an opponent yet, so he didn't bother him.

Unexpectedly, at this time, he would come again!

The night watchman also roared sharply: "It's you, a rat with a hidden head!"

It turns out that for millions of years, the night watchman has always known his existence.

It's just that the night watchman has only a ray of remnant soul left, and his strength is greatly reduced.

And he felt that this person's strength is definitely not weak, even comparable to himself, so the two are also in peace!

As soon as the voice fell, a figure suddenly appeared in the distant world.

Then, it seemed to be in front of them the next moment.

It was the ancient power behind Chu Shaoyang.

His figure is extremely large, as if his sight is full.

It seems that a single finger can crush a mountain range, giving people an extreme sense of oppression.

The night watchman saw through his fictitiousness at a glance, and said with a sneer: "You rat, don't use your tangible, nameless body to scare people!"

"Dharmakaya!"

Chen Feng keenly caught these two words.

"What is this again? Is it something that can only be cultivated after reaching a higher level in the Star Soul Martial God Realm?"

"This is not the person's body, just his law body?"

The ancient power laughed: "I know, I can't hide it from you, a strong man from the middle of the world."

"The old man's fictitiousness and reality, presumably you can see it clearly."

He was exposed by the night watchman and didn't care.

[Chapter 4728: Herring](#)

With a slight smile and a snap, the phantom began to fade.

Then, a figure came out from it.

He stepped forward and came to Chen Feng and the others.

This was also the first time Chen Feng saw his true appearance.

This was actually a Taoist man with a plume and crane crown, who seemed to be only about 30 or 40 years old.

The face is white as jade, three strands of long beard, and the appearance is extremely handsome.

Looks like a man in a fairy.

It's just that Chen Feng can still see the cold light from the depths of his eyes!

The man looked at Chen Feng and the night watchman and nodded slightly: "Poor herring, I have seen two of them."

"My friend praised it before and gave it the next name: Herring."

Herring!

It turns out that his name is Herring!

The night watchman snorted: "I haven't heard of it, the nameless rat."

The real herring was not angry, and smiled slightly: "It was originally an unnamed casual cultivator, you have not heard of it, it is normal."

He looked at Chen Feng, smiled and said, "This little friend, I must have some doubts about the Law Bodies."

"The poor way will solve your doubts."

With a flick of the whisk in his hand, it was as elegant as a fairy.

"This law body is a form that can be condensed after reaching the Star Soul Martial God Realm and its depths, or even beyond the Star Soul Martial God Realm."

"Extremely tyrannical, can cross the void of the universe."

"Even if a meteorite strikes and the planet is destroyed, there is not necessarily any danger that can be withstood."

"It can be said that only after becoming a person with a height of Dharma stature can you really be called the top powerhouse who crosses the void!"

When Chen Feng heard this, his heart jumped.

It turns out that there are so many sayings!

"How strong is this law body?"

"And the poor way..."

The real herring smiled and said, "Although his strength is not as good as before, he was at least once a man with a tall body."

"It's okay to simulate the power of the Dharmakaya."

"But..."

He glanced at the night watchman: "You used to be in the realm of a person with a tall body, and this can't be hidden from you!"

The night watchman gave a cold snort, but his eyes were filled with indescribable anxiety.

"You can also be regarded as a person with a tall body, so despicable!"

"It's not only a sneak attack, but also a deliberate waste of our time here now!"

He seemed to be kind to explain to Chen Feng, but in fact he deliberately delayed and delayed.

The real herring laughed: "If I wasn't mean enough, I would have died a million years ago and cannot die anymore."

"Where can I wait for this opportunity today? Where is the chance of a comeback now?"

Extreme greed and excitement flashed in his eyes!

"Millions of years ago, before you arrived, I was already here!"

The real herring looked into the distance with a deep gaze: "Back then, I was in the middle of a thousand worlds, and it was also a famous power."

"While crossing the Nine Thunder Tribulation, I was sneak attacked by several enemies."

"Fortunately, I have been prepared for a long time between them."

"Those enemies who came to attack me sneaked into my trap and were killed by me."

"It's just that, after a hundred secrets, I was seriously injured by one of the cards."

"At this time, another nine-day thunder tribulation smashed, and I fell directly into the turbulence of time and space, but came here by accident in the Dragon Vein Continent."

His eyes were piercing, staring at Chen Feng and the night watchman.

"You should, and you can feel that this Dragon Vein Continent is an extremely peculiar place."

Chen Feng was silent.

He did have this feeling before.

A series of coincidences and irrationals all illustrate this point.

Why is the mysterious human emperor's hand bones suppressed here?

Why does the Dragon Vein Continent have been wandering in the void of the universe?

Etc., etc.....

All means that the Dragon Vein Continent is quite extraordinary!

Hearing this from the real herring population at this time, I knew that I had never made a mistake in my previous guess.

Herring's eyes were deep: "I feel that this place is extraordinary, so I am delighted, and I feel that it is a blessing in disguise."

"I intend to break the secret here after recovering from my wounds and return to my world."

"As a result, I didn't expect that just after 10% of the injury was recovered, you from Xuan Huang Zhong Qian World will come."

"At that time, I was in awe, for fear that they would find a trace..."

"Fortunately, they were attracted by the treasure, and they didn't find me at all."

"It's just that it didn't take long for this Dragon Vein Continent to be sealed by your Yuxu Immortal Gate!"

There was a deep hatred in his eyes: "I hate it!"

"You have delayed me for a million years! A million years! My injury should have recovered long ago!"

"As a result, because you have sealed the Dragon Vein Continent, and there is no celestial aura, my injury has never recovered."

"Even worse!"

The night watchman laughed, and suddenly pointed his finger at the five Yuxu elders behind him:

"Then you should blame them, they set up the big formation and sealed you in it."

"Can you get rid of five of them?"

The real herring was so gloomy: "Do you think I am stupid?"

At this moment, Chen Feng suddenly lowered his eyelids.

No matter who it was, I didn't see it.

At this moment, Chen Feng's sleeve moved slightly.

Then, his face first showed an expression of disbelief and extreme consternation.

In the next moment, this extreme astonishment turned into extreme ecstasy!

Chen Feng could hardly control his emotions, his whole body was shaking slightly!

But he is Chen Feng after all!

She pressed her lips lightly, and immediately returned to normal. Only then did her eyelids droop slightly, but it was only a moment.

The next moment, he raised his eyes and sighed softly.

It feels as if he was extremely depressed just now, so he had such a slight movement.

Chen Feng's movements are extremely natural, so let alone the real herring, even the night watchman didn't notice anything abnormal!

Chen Feng gently folded his hands inside his sleeves, sighed, and said lightly:

"True herring, for today, you must have waited a long time!"

"I know that today is the day the treasure was born."

"I also know that today is the best day to break this big formation!"

"But I also know that countless pairs of eyes are staring here, so I didn't make a move, but dormant quietly."

"Hahaha..."

Moral Herring could no longer suppress that pride at this time, and the elegant color on his face disappeared without a trace.

"Finally, I waited for the best time!"

"Chen Feng, your chance is ruined!"

"Night watchman, your calculations for millions of years are completely misguided!"

"You Yuxu fairy gate, there is no hope of turning over again!"

"The treasure will fall into my hands!"

He laughed and said, "I can do four things with one stone!"

In his opinion, he now has complete control of the situation.

Chen Feng and the night watchman, it is impossible to come back!

[Chapter 4729: I want to take your body!](#)

Chen Feng's eyes were cold.

The night watchman gritted his teeth and hated it to the extreme.

It turned out that the purpose of his trip was so much.

Not only to destroy Chen Feng's chance, but also to win that treasure, but also to destroy the only chance of Yuxu Fairy Gate!

The real herring pointed to Chen Feng: "You got that treasure, right?"

"Although I don't know what method you used to temporarily suppress it, this thing is not something you can control as an ant!"

He hooked his finger and smiled hesitantly: "Come on, now hand over that treasure to me obediently, and I will make you suffer less pain!"

It turned out that he still coveted the human hand bone that Chen Feng got!

I want to get that treasure!

Chen Feng's eyes were obscure and deep, and he did not speak.

"Moreover, my ultimate goal is..."

The real herring looked at Chen Feng, his eyes swept over him, his eyes filled with extreme greed!

"Yes, your body!"

"My body?"

Chen Feng's brows jumped fiercely.

"Correct!"

The real herring used a dreamlike tone, and his voice was trembling!

"You know how perfect your body is!"

"You know, what great luck is hidden in your body!"

"You know, your body has inherited such powerful star veins and roots!"

"You know, how mysterious is your origin!"

"You know, your body is an extremely precious, infinitely huge treasure!"

"If I can occupy your body, then my body, which has been beaten to pieces, can no longer be used!"

Speaking of this, the real herring suddenly opened his Taoist robe, revealing his body.

His body is like the finest carved jade.

But it was all over the place, with countless huge scars.

There are many wounds, deep bones are visible, and countless powerful forces are tumbling and tumbling in the content.

Let the wounds simply cannot be healed.

A rancid smell came.

"Did you see it? What is it called?"

"My body is badly injured and it's not enough to describe it!"

"With this body, my strength can never even return to the peak!"

"But I can't abandon it!"

"only!"

He stared at Chen Feng, his eyes full of greed: "Your appearance made me see a second hope!"

"Your talent is too good, you have too much luck!"

"Your heritage and bloodline are too strong!"

"Although I feel unclear now, it seems to be sealed, but the future is unlimited!"

"If I could have your body!"

He opened his arms and said in a dreamlike tone: "I don't know how strong my future will be!"

At this time, Chen Feng finally knew the true purpose of the real herring.

He not only wants to stop himself, but even more to crush his soul and rob his body! Steal all your luck and talent!

Chen Feng looked at the real herring with a plain expression.

"The real herring, don't worry, I will make you pay the price."

His eyes were very flat, but what he said was extremely firm.

The real herring laughed and killed me: "What did you use to kill me?"

As soon as the voice fell, there was a sudden 'bang'.

After all, the shroud was unable to withstand the attacks of the five elders of Yuxu Immortal Gate for a long time.

A big hole was broken directly above it, it seemed that the vitality was greatly injured, and it fell softly!

Can no longer block the offensive for the night watchman!

Five elders of the Yuxu fairy gate roared towards the night watchman!

The night watchman had to fight!

The next moment, the offensive falls!

When the night watchman is overwhelmed, he can't protect Chen Feng at all!

At this time, the real herring was extremely excited, and laughed!

"Yes! Now now!"

"This is the best time to shoot!"

He immediately killed Chen Feng and stretched out his hand to Chen Feng: "Boy, give it to me!"

"Give me that treasure and your body together!"

"Hahahaha..."

His eyes are full of complacency.

At this time, Chen Feng's eyes also had a touch of unspeakable excitement suddenly surged!

In the bottom of my heart, he silently uttered four words: "It's now!"

I was extremely excited, but there was a touch of unspeakable grief on his face.

It is the kind of grief and anger that has been forced to the extreme and can only desperately desperate!

This kind of grief and anger fell in the eyes of the real herring, making him even more proud!

Chen Feng shouted wildly, as if desperately.

The hand slammed out of his sleeve, his fist turned dark gold!

Donkey Kong Arhat's immortal body was launched suddenly!

Killed the real herring on the opposite side!

As for the real herring, because he was killing Chen Feng, he almost ran into his fist.

But he didn't care about Chen Feng's fist.

"Boy, do you want to kill me by this? Dream!"

He couldn't stop him, directly facing Chen Feng's fist with his chest!

And the right hand points to Chen Feng Zhou Tian's big hole!

He didn't want to destroy Chen Feng's body.

Because, in his opinion, it will be his body from now on.

Therefore, he didn't use much strength.

But, enough.

Chen Feng's cultivation base cannot break his own defense, nor can he stop his offensive!

Even if I only use the power that I can't even reach!

The difference between the strength of the two is too big, it is desperate!

In exchange for anyone with the same strength as Chen Feng, facing an enemy like the real herring, I'm afraid they will choose to run away frantically!

Because there is no chance at all!

The rest will close their eyes and wait for death!

withstand?

What to resist?

Are you dying?

Can you stop it?

But Chen Feng resolutely greeted him!

Chen Feng's fist was printed on the chest of the real herring without any hindrance.

Not unexpectedly by the real Herring, a huge force surged out of his body, and Chen Feng's powerful force was easily bounced away!

Chen Feng can't break his defense at all!

A touch of despair flashed in Chen Feng's eyes, and the fingers of Moral Herring had almost fallen on his body!

In the next moment, he will be able to seal Chen Feng Zhou Tian's big hole.

He sneered disdainfully: "Chen Feng, you still want to kill because of your ability..."

The word 'I' has not been spoken yet.

Suddenly, his face changed drastically.

Growled in disbelief all his life: "How is it possible?"

It turned out that at this moment!

He felt that a line was extremely sharp, extremely cold, yin and evil, and full of murderous power!

Attacked fiercely!

Easily, he broke his body protection power and pierced his precious Taoist robe!

Ruthlessly, pierced into his chest!

This force is so strong, so sharp!

He felt that if he continued to move forward, he would be pierced directly by the internal organs!

So he staggered and backed quickly!

He suddenly looked down!

Then, he saw that a piece of sinister and weird, but as white as jade hand bones, had pierced the Taoist robe!

[Chapter 4730: Picture poor! See you!](#)

Pierced into the chest!

The blood flowed out, and the chest was red instantly!

"It turned out to be it!"

He stared at Chen Feng and shouted silently: "You have already tamed it? Can it be used by you?"

He hasn't counted this in all his calculations, nor has he counted, Chen Feng can actually surrender this human emperor's hand bone and use it for himself!

And, attack him!

At this moment, Chen Feng's eyes were no longer cowardly and fearful!

Only a touch of firmness and determination is revealed!

He knows that when he is not happy, the situation is still very dangerous.

His eyes were even cold and gloomy!

Just a loud roar: "Kill!"

He pushed all his strength, the human emperor's hand bone, madly killing her body!

There was a flash of madness in his eyes!

This real herring, although the strength has been greatly inferior to before, it can almost be said to have fallen.

However, he still has at least the powerful strength above the second floor of the Star Soul Martial God Realm.

It is no exaggeration to say that Chen Feng was pinched to death with a finger!

He wanted to kill Chen Feng, and Chen Feng seemed to have nothing to fight back.

And just now, Chen Feng did indeed behave as he should.

Very flustered and full of despair.

However, he did all of this for the real herring, and even for the night watchman!

Chen Feng didn't panic at all.

The reason why Chen Feng didn't panic was because it turned out to be just that moment!

The human emperor's hand bones that he had been holding in his hands and placed in his sleeves suddenly surged with indescribable desire and murder!

At this moment, Chen Feng felt cold all over himself!

If it wasn't for him to temporarily subdue this man's hand bones, he must have turned into black smoke just now!

The human emperor's hand bones are full of murderous and devouring desire.

The object is the real herring on the opposite side!

What did Chen Feng suddenly realize?

"Because of blood!"

"Or to be precise, because of the abundance of power in the body!"

In the eyes of this human emperor's hand, there are only two kinds of existence.

That is what can be eaten and what cannot be eaten.

And among all that can be eaten, it is obviously more interested in the more abundant blood.

The real herring was once an expert of the Dharmakaya level.

Chen Feng didn't know how powerful that realm was.

But he knew that it was even stronger than the Star Soul Martial God Realm.

Although he is now half close to falling, but after all, the foundation of the past is here.

His vitality is extremely strong, extremely powerful.

Therefore, in the eyes of Human Emperor's hand bones, this is an extremely delicious food!

From a moment ago, it was eager to try, and wanted to take a shot, swallowing the real herring.

However, Chen Feng was firmly suppressed.

Because Chen Feng wants to find the most appropriate time!

Chen Feng knew that maybe this man's hand bone could easily defeat the real herring, but in his own hands, it is hard to say how powerful he can exert.

Therefore, Chen Feng must play his strongest, almost the only hole card now, when he is most sure, at the most appropriate time!

Turn the situation around in one fell swoop!

Chen Feng really has no other cards to use!

This is where he feels the saddest now.

Opponents are too strong, all the hole cards can not be called hole cards!

This is why Chen Feng was willing to talk nonsense with the real herring.

The real herring is delaying time, looking for an opportunity.

Isn't Chen Feng delaying time?

He is also waiting for such an opportunity!

Now, Chen Feng is waiting.

The shroud broke, and the night watchman could not protect himself. In the eyes of the real herring, he was like a lamb to be slaughtered!

And even so, Chen Feng has not opened his hole card yet.

He also pretended to be desperate to make the real herring more relaxed.

So, at this moment when he is most relaxed!

Chen Feng!

Picture poor! See you!

It's just that the real herring, after all, is a person with a tall body, and his strength is terrifying!

The combat experience is also extremely rich!

How can it be so easy to kill him?

He quickly reacted with a loud roar!

Suddenly, the Taoist robe was brushed, and it retracted directly into a small handkerchief.

This handkerchief is only the size of a palm.

It looks quite small and even rough.

It's like a piece of straw paper.

Above, a black and white yin and yang picture is drawn.

This black and white yin and yang picture is also hastily painted on it, like a child's graffiti.

But it has incredible terrifying power.

In an instant, the black and white light burst suddenly.

With a bang, it hit the human emperor's hand bone.

The human emperor's hand bone let out a slight whine and was smashed out.

But this black-and-white yin and yang picture was also broken.

Even with that little handkerchief, it disappeared into powder.

The real herring back again and again, embarrassed.

The next moment, his eyes were blood-red, revealing bitter hatred.

Madly roared: "Chen Feng, do you dare to destroy my treasure? I will kill you!"

He rushed towards the human emperor's hand bone frantically.

The human emperor's hand bones are also unwilling to show weakness.

The real herring lost a treasure of self-defense, but the human emperor's hand bones failed to make a single blow.

The two fought together, and it was difficult to distinguish between the two.

Of course, the real herring is absolutely unable to deal with Chen Feng in person!

The real herring and the emperor's hand bones are deadlocked together.

Although Chen Feng repelled the real herring, he was temporarily saved from danger.

However, the situation has not improved.

His eyes were gloomy, and he slowly turned around.

The grief and anger in his eyes is about to reach an extreme!

The night watchman was completely crushed by the five Yuxu elders.

The power of the magic circle is constantly pouring in, and the door that opens a gap is about to close!

The two are already in desperation!

Seeing today, the desire to go to the thousand worlds in Xuanhuang will surely come to nothing!

Even life is difficult to save.

Chen Feng's heart was full of sorrow, anger, and blood, and he surged forward to his pupils!

Angrily, with blood red eyes, he let out a roar full of unwillingness: "I don't accept it!"

"I, Chen Feng, don't accept it!"

"Why should my Dragon Vessel Continent be sealed for a million years?"

"Why is it easy for people from other small worlds to go to Zhongqianworld, and I will go through all the hardships!"

"Why I have overcome these difficulties, yet I still have to encounter your obstacles!"

"Why!"

Chen Feng's eyes were blood red, and he roared with extreme fury: "I, Chen Feng, don't agree!"

Hearing the roar of Chen Feng, even the real herring and the five Yuxu elders could not help but change their expressions.

And just when this emotion surged in Chen Feng's heart.

Suddenly, behind him, light refraction changed.

A seemingly virtual and real space, if there is nothing, appeared quietly behind him.

It is Chen Feng's Wuhun space.
