

Peerless 4791

[Chapter 4791: Who is the siskin?](#)

Chen Feng knew that almost instantly, the two of them had fallen into an extremely dangerous situation.

You must do your best to deal with this situation!

As long as one does not deal with it properly, it will fall here!

The danger comes from the three hidden people, and the three hidden people can be felt by Chen Feng. Together, the three of them can easily kill the two of them!

"Sure enough, this mission world is perilous!"

"Less than half an hour after I came in, I ran into this extremely dangerous situation!"

"but!"

A smile was drawn at the corner of Chen Feng's mouth: "This can be exciting! It can really inspire everything about me!"

The murderous intent flashed in his eyes: "Mantis catches the cicada, the oriole is behind!"

"I want you to see who is the real oriole!"

He winked at the Tianchou Beast Slave and whispered a few words.

"It's up to you to do it later, and I will try not to show my strength."

The Tiancun Beast Slave nodded slowly.

Before coming here, Chen Feng had already discussed the countermeasures with the Tianchou Beast slave.

Including everything in the giant towers of the heavens and ten thousand realms, the two had already negotiated.

In everything, try to make the Heavenly Candid Beast Slaves stand out.

And Chen Feng planned and directed behind the scenes.

Chen Feng will do it again if the Tiancun Beast Slave can't deal with it!

The actions in the huge towers of the heavens and the world are based on this principle.

Moreover, the strength of the Celestial Remnant Beast Slave is not weak now.

The speed at which his strength progressed was extremely astonishing.

It is now the pinnacle of surpassing the nine-star martial emperor and approaching the half-step martial god.

Moreover, this didn't count the increase in strength brought about by his ability to guard against beasts.

At this speed, Chen Feng can stabilize his head!

The next moment, the Tianchou Beast slave suddenly roared, rushed out, and killed the two demon masters.

Unexpectedly, the two members of the Demon Dao were seriously injured, and they were directly killed by the Celestial Remnant Beast Slave, who killed the weaker one!

At this time, the man in the magic path after the transformation had already killed a man in the right path.

Righteous monk, there is one left.

There is one person left in the magic way.

He roared wildly and rushed towards the Heavenly Cruel Beast Slave.

The celestial beast slave laughed wildly: "Good for you!"

He likes this kind of head-to-head battle moment the most.

The two instantly smashed into a ball.

The cultivation base of the Tianchou Beast Slave would have been better than him.

Moreover, the man in this magic way is seriously injured, and he is not an opponent.

After about one cup of tea time, he was severely thrown to the ground by the Heavenly Canal Beast Slave, screaming and bleeding all over his body.

The body changed for a while, and the time for that incarnation had indeed passed.

In accordance with Chen Feng's previous instructions, the Tianchou Beast Slave did not make up a palm, but saved his life.

He threw the man in the magic path in front of Chen Feng.

Then, walked to the righteous monk.

The righteous monk looked at the two Chen Fengfeng with gratitude: "Two fellows, thank you for your rescue."

He could sense the breath of the two, at least not from the enemy.

It's just that it's quite special, not like the familiar branches of the right way.

"If it weren't for you, I would have died in the hands of these two witch demons today!"

"Witch clan demons? Witch clan?"

Chen Feng frowned.

He had never heard of this name before.

But when these two words were spoken, Chen Feng's body trembled.

A very strange feeling rose in his heart.

A sense of desolation and loneliness suddenly rose from his heart!

It seems that some ancient memories are about to slowly recover.

Chen Feng's heart jumped: "Could it be that I have a big connection with it?"

"The two brothers, I don't know what school they are, they are really a school in Xia Jiu Yin..."

He hadn't said his name yet, and the Heavenly Canal Beast Slave had already slapped him and knocked him out.

Then, he threw it in front of Chen Feng and rebuked in a commanding tone: "Check the spirit of the two of them."

"Yes."

Chen Feng nodded, his face was conscientious.

At this time, if someone spied on the side, they would definitely feel that Chen Feng was a subordinate of the celestial beast slave.

It may have some mental strength, but the strength is very average.

Can only do this kind of work of spying on mental power.

Chen Feng pressed his hand on the shoulder of the righteous monk, and a faint blue light flashed by!

In the next moment, the righteous monk's face became dull and dull.

The whole person was silly there, his eyes straightened.

At this moment, Chen Feng Tiandi repeated the reincarnation magic, and suddenly launched.

Although he knew that someone was spying outside, Chen Feng used the heaven and earth to repeat the magic of reincarnation, and he didn't have much trouble.

After all, mental power cannot be seen by looking at it.

They couldn't know the depth of Chen Feng at all.

This righteous monk only felt that a huge faint blue pupil appeared in front of him.

Then, the consciousness quickly sinks down!

In the space of reincarnation of heaven and earth.

Among the huge pupils, the past experience of this righteous monk flashed one by one.

Chen Feng was dizzy.

It took a long time to read all the more important things.

He has completely abandoned those irrelevant, but after all, it is a gap in the world, and he still needs to see a lot.

"That's it, that's it..."

Chen Feng took a deep breath and was about to withdraw from it.

And just now!

Suddenly, this righteous cultivator, in the spiritual space that has been silent forever, has a force that slays fiercely from the diagonal stabbing.

The bombardment is above Chen Feng's spirit!

Chen Fengru was hit hard!

Heaven and earth reincarnated in the magical space, shaking violently!

In reality, Chen Feng opened his eyes fiercely and let out a dull roar, blood was already overflowing from the corner of his mouth.

Of course, this was Chen Feng's wit and pretend.

His spiritual world was indeed slightly frustrated.

However, it was only slightly frustrated.

It's not too powerful.

Pretending to be so, but to make the person who secretly spied, even more contemptuous.

Not to put him in the eyes.

The Tiancun Beast Slave's heart tightened, and he instinctively called out, "Big Brother, what's wrong with you"

The corner of Chen Feng's mouth twitched and winked at him, and the Heavenly Canal Beast Slave was relieved.

Chen Feng closed his eyes and sensed the power he had just now.

After a while, he sighed softly and opened his eyes.

"It turns out that this world, the spiritual world of the righteous monks, seems to have a power to protect."

Chen Feng knew why.

Because they are outsiders.

"This and other things, try to do as little as possible in the future, this is only a nine-star martial emperor, if it is a stronger opponent, I am afraid that backlash will not be so powerful."

"It's just that, although there is a backlash, the gain is also great."

His voice was low, and he took his gains from this righteous monk spirit one by one.

It turns out that this world is called the Falling Witch Realm!

[Chapter 4792: Fallen Witch World!](#)

Fallen Witch World!

When Chen Feng heard this name, the strange feeling in his heart deepened.

Just now, the first time he heard the words Wuzu, he felt a strange feeling in his heart, as if he had met old friends again.

Now that the three characters of Falling Witch World appeared, that feeling became even stronger.

Chen Feng shook his head and drove this distracting thought away from his heart.

Continue to say: "This side of the Fallen Witch Realm has existed for an unknown number of years."

"Probably, it is more than ten times larger than the Dragon Vein Continent, and the martial art realm is also four or five realms higher."

"Of course, it's just a small realm, not a big realm."

Here, it is also a vast territory with a long history.

The existing history alone is known to exist for millions of years. It should be said that it is a leader in a small world, much better than the Dragon Vein Continent in all aspects.

In the Fallen Witch Realm, there are countless warriors, countless sects, countless family empires!

But overall, it is divided into two veins.

The righteous monks are in the same line as the witch demons!

It is said that these witch demons are descendants of certain special races in ancient times, and their bloodlines are quite strong.

In fact, they are also regarded as part of the righteous monks.

However, because of his talent and blood, the cultivation technique is completely different from the ordinary righteous monk's technique. It is strange and bloody, and is regarded as the evil spirit.

His talent is far better than ordinary monks.

However, the number is much smaller than that of the righteous monks.

Righteous monks, who had been desperately suppressing the Witch race before, were about to kill them to the end of the Miao dynasty.

But, just a thousand years ago.

The witches don't know what help they have received, their talents have improved again, and their strength has risen!

It has the upper hand!

The righteous monks who fought lost their helmets and armors, and lost their territory again and again, and the major sects descended from the wind, surrendering to the witch demons.

Now, the battle between the two sides has entered a fever pitch.

There is only one piece of a million li in the area of the right path.

The most central location in this area of one million li is: the Immortal Gate of Fortune!

Mieyun Immortal Gate is the leader of the righteous path, with extremely powerful strength.

Over the years, it is precisely with the hard support of the Immortal Gate of Destiny that the Righteous Taoist monks have not been completely annihilated by the Witch Clan demons!

But now the situation is also very bad.

The area where Chen Feng and others are located is called Jiuyin Mountain Range.

Jiuyin Zhenyi Gate, stationed here.

This sect is quite powerful and weaker than the Immortal Gate of Destiny, but it is also a first-class force on the right path.

In the right way, there is only the top force of the Immortal Gate of Destiny.

Below are the thirteen super-class forces.

Below, there are 30 top-notch forces!

Among every first-rate force, there is at least one 'Broken Star Realm' powerhouse guarding!

"Broken Star Realm powerhouse?"

Tiancun Beast Slave whispered: "What realm is that? Is it very powerful? Why haven't you heard of this realm?"

Chen Feng smiled faintly: "I'll talk about it below."

He went on to say.

Jiuyin Zhenyi is one of the 30 first-rate forces.

Here, it is not only the gate of the Jiuyin True Gate, but also their defense area, commanding more than a hundred large and small sects in the Jiuyin Mountain Range, and resisting the attacks of the Wu clan.

Three years ago, the witch demons once again attacked.

The two sides fought fiercely for three years.

This Nine Yin Zhenyi door was also breached, and finally it was not saved.

These righteous people will fight and retreat.

And this righteous man, the last scene in his memory, was that Jiuyinzhen was breached.

The head was caught in the siege, but he also took the opportunity to stimulate his body's potential and blocked the pursuit of the witch demons.

For them, win a ray of life.

And these few of them ran away in a hurry, and were overtaken by the Witch Clan demons here, and almost killed the entire army.

At this moment, the man in the right path suddenly trembled and screamed and fell directly to the ground.

After a few twitches, he stopped moving.

"What's up with him?"

Tianchou Beast Slave asked in surprise.

Chen Feng clapped his hands and said, "The spiritual power of the martial artist here is quite weak."

"Can't stand the detection of my mental power, and died of a mental breakdown."

He suddenly moved in his heart: "The mental power is weak, isn't it? Maybe this is an opportunity to take advantage of!"

Chen Feng went on to say: "In this world, practice martial arts."

"The highest martial arts, as the master of martial arts, the strength is equivalent to the peak of the nine-star martial emperor."

"Above the master of martial arts, there are masters of immortality."

"Master of immortality, there are five realms."

"First realm, point star realm!"

"Second Realm, Broken Star Realm!"

"The third realm, the condensing star realm!"

"The Fourth Realm..."

"The Fifth Realm..."

"Its strength is roughly equivalent to the first floor of the Star Soul Martial God Mirror to the fifth floor."

After Chen Feng knew this information, he was shocked.

The strongest person in this world is equivalent to the fifth floor of the Star Soul Martial God Realm, which is also extremely powerful.

It is definitely not what I can match, I am afraid that Fairy Yuheng will not be an opponent when he comes!

Even the second floor of the Star Soul Martial God was enough to crush them to death.

Han Kun, who chased Chen Feng to heaven and earth, was just the second building in the Star Soul Martial God Realm!

It is worthy of a difficult task, and the opponent is still extremely powerful!

Chen Feng was going to explore the spiritual world of the evil demon of the witch race again.

At this moment, Chen Feng felt that one of the three breaths moved quietly!

It's as if a person has held a posture for too long and twisted his neck slightly.

Obviously, he didn't want to come out, but this action would make his breath a little bigger.

Chen Feng suddenly moved in his heart, thinking that he could break their whereabouts, pretending to have just discovered them.

Because, an idea immediately popped up in his heart.

Doing this will make your plan a bit smoother!

Chen Feng remained calm, just glanced at the Tiancun Beast Slave.

Stretch out three fingers.

The Tiancun Beast Slave knew in his heart, pretending to have only discovered it, his face was full of anger, and he let out a low growl: "Three dog things, hiding their heads and showing their tails, get out of me!"

The breath of those people fluctuated instantly.

Obviously, I didn't expect that I and others were discovered.

The next moment, in the thick fog a hundred steps away, three people appeared.

Chen Feng raised his eyebrows.

The comer is still an acquaintance.

It was the team of the short dwarf, the fat giant and the indifferent middle-aged trio.

Before, outside of the bronze fangs drama door, he used to speak bad words and provoked all kinds of provocations.

The three of them looked at the Tiancun Beast Slave, their eyes cautious, as if they were facing an enemy.

Obviously treat him as a great enemy!

"Unexpectedly!"

The short dwarf stared at the Celestial Beast Slave with a bit of surprise and a little bit of jealousy:

"Looking at your body shape, you originally thought that your physical strength is extremely powerful, and you are charging forward."

"Unexpectedly, your perception is so powerful."

"Even in the ordinary Star Soul Martial God Realm, it is difficult to perceive our breath from such a distance."

[Chapter 4793: Take the lead!](#)

This is why Chen Feng decided to break their whereabouts in advance!

Let them be more jealous of the Tianchou Beast Slave, thus focusing all their attention on the Tianchou Beast Slave.

Sure enough, Chen Feng succeeded.

They didn't even look at Chen Feng.

In their eyes, this person is completely worried!

"The three of us just came in. We wanted to pick a soft persimmon and squeeze it first, but we didn't expect to meet you two."

The short dwarf pointed at Chen Feng and said with a shrill smile: "He is indeed a soft persimmon."

"Unfortunately, there is your hard stubble next to him, do you say we kill, or not?"

He and the fat giant looked at each other, and they laughed jokingly at the same time.

Suddenly, the little dwarf looked murderous.

"But you are still dead!"

"The kid next to you is just a drag. The strength of the three of us is not something you can contend with!"

In the next moment, the strength of the three men rose wildly at the same time!

When the Tiancun Beast Slave saw it, he couldn't help but jump in his heart.

It turns out that among the three, the short dwarf and the fat giant are all real half-teams of the Martial God Realm!

And the indifferent middle-aged man is actually a star soul martial god!

Although there is only the first building, it is also a real Star Soul Warrior.

You know, the Star Soul Martial God, and below the Martial God, are basically two concepts!

The two strengths are completely different!

Seeing the surprised expression on the face of the Tianchou Beast Slave, the short dwarf was even more proud.

The expressions of Tiancun Beast Slaves exposed their strength, and they were definitely not enough to match the three of them.

He seemed to enjoy the pleasure of showing off in front of a mortal enemy, and said with a shrill smile: "You don't know our names yet, do you?"

"Tell you, I am a black mosquito."

He pointed to the fat and strong man: "This is Ning Hu."

And respectfully pointed to the indifferent middle-aged: "This is our Yang Yan boss!"

"Boy!"

"If you want revenge in your next life, don't find the wrong person!"

Yang Yan said coldly, "Stop talking nonsense, go on, kill..."

The word 'they' has not been said yet.

At this moment, Chen Feng suddenly raised his head, his eyes flashed with murderous intent!

With a low growl: "Do it!"

Almost as soon as these two words were spoken!

Chen Feng and Tiancun Beast Slave moved at the same time!

That's right, it was not the other three who acted first, but Chen Feng two who took the lead!

In fact, what they said was correct.

Speaking of realm alone, compared with the three of them, Chen Feng can be said to be completely at a disadvantage and there is no chance of winning.

Chen Feng's eight-star martial emperor peak realm, you can easily kill the nine-star martial emperor peak!

However, it was only on par with the Half-Step Star Soul Warrior.

When encountering the real Star Soul Warrior, Chen Feng is not yet an opponent, and it may be possible to retreat all over.

The strength of the Tiancun Beast Slave is close to that of the half-step Martial God.

Together, they can kill Xuan Mo or Ning Hu, but in the face of Yang Yan, there is almost no chance of winning!

Not to mention, facing the three of Xuan Mosquito, Ning Hu, and Yang Yan at the same time!

But Chen Feng obviously wouldn't take this gap to heart.

His strength can't be measured by realm, he will give Xuan Mo Ning Hu Yang Yan a huge surprise!

He has countless methods!

And now, he must first take the lead!

Transform between elbows and armpits!

Sudden assault!

Xuan Mo, Ning Hu, and Yang Yan were all stupid in an instant, and their reaction could not help but be sluggish for a moment!

They didn't expect that the two of them didn't even run away. Instead, they dared to take the initiative to attack the three of them who had the obvious advantage!

Moreover, the one who took the lead and gave orders is not the one who has always been regarded by them as the enemy of life and death, and the strength and strength are ready to fight!

It was the handsome, white-clothed young man who had been hiding in the shadows behind him, and he seemed to be indistinct.

Chen Feng successfully used the previous display of weakness to paralyze them.

Let them lag for a moment, and the reaction was full!

Thus, Chen Feng's goal was achieved.

In an instant, it was the first opportunity!

What he wants is just this line of opportunities!

Opportunity is your own vitality!

It is the death of the enemy!

When they came back to their senses, Ning Hu and Yang Yan found themselves unable to move at the same time!

It turned out that just now, the moment Chen Feng stopped drinking!

Tianchou beast slave, take a step forward!

Staring at Ning Hu, he let out a violent roar, and the force of luck on his body rolled!

Behind him, there seemed to be a huge and incomparable beast **** phantom, full of incomparable tremendous pressure!

With the palm of his hand facing forward, a scarlet whip appeared in his hand.

It is nine feet long and is divided into nine sections. It looks tangible and innocent.

It seems extremely heavy, but it is completely composed of mental power!

Then, this scarlet whip was slashed against the void!

In the void, there seemed to be the roar of ten thousand beasts, as if the scream of flogging echoed!

Tiancun Beast Slave's natural talent and unique knowledge: Royal Beast Whip!

His beast whip, after passing through the blessing of the title of fate on the top of the sky, is many times stronger than before!

Use it at this time, and it will be amazing in an instant!

As long as it is a monster, it will be affected by this.

Ning Hu is not a monster.

However, long before entering the giant bronze fangs gate, Chen Feng felt that he definitely had the star veins of a monster!

That's why the Heavenly Canal Beast Slave will deal with him specifically!

Therefore, he couldn't escape the attack scope of Yu Beast Whip either.

When the beast whip fell, Ning Hu shivered cleverly, and his fat body shrank suddenly.

Every muscle tightened, and there was a look of fear in his eyes.

Let out a scream, as if the strongest fear deep in my heart was aroused!

Two steps back, clutching his head, twitching all over.

Let alone attack, even forgot who I am.

Seeing this scene, Yang Yan was shocked and yelled sharply.

But in the next instant, he realized that he was already overwhelmed!

It turned out that the young man in white, who had always been invisible, smiled slightly.

With a wave of his right hand, something suddenly flew out!

Fiercely shot at Yang Yan!

This is actually a hand bone as white as jade!

It is the bones of the human king!

As soon as the human emperor's hand bones appeared, there was a strong consciousness immediately!

Chen Feng felt that the human emperor's hand bones were struggling crazily and wanted to get rid of his control!

Its desire to kill is extremely strong, and its instinct is to kill the most vigorous Celestial Beast Slave!

Moreover, he doesn't seem to care about his strength or weakness at all.

There is only one idea: kill!

"Really a tough guy!"

Chen Feng's golden mental power was extremely exhausted, and he leaned out like a Tianhe.

This controlled the human emperor's hand bones.

In an instant, the human emperor's hand bones flew in front of Yang Yan.

Yang Yan's pupils shrank sharply, which felt like a human hand bone!

The ultimate evil! Endless killing!

[Chapter 4794: You were fooled!](#)

Even the strong man he killed out of the sea of blood in this corpse mountain was severely suppressed by that spirit for a moment!

The whole person was stuck in place for a moment, and the ultimate fear suddenly surged in his heart!

He was so frightened that he felt as if he would be directly destroyed by this human emperor's hand bone in the next moment!

At this moment, his heart was filled with extreme despair!

Yang Yan is the strongest, and of course he must use the strongest treasure to deal with him!

Although the human emperor's hand bone had exhausted its strength before, its powerful aura was still there.

So in an instant, Yang Yan froze in place, unable to move!

The human emperor's hand bones could not kill him, but it was enough to trap him!

Tiancun Beast Slave's beast whip, his own human hand bone, these are Chen Feng's two hole cards!

Sure enough, once these two hole cards appeared, the effect was surprisingly good.

At this moment, among this powerful force, only the strong one is left!

Although they can only be trapped for a few moments, but...

A cold smile was drawn at the corner of Chen Feng's mouth: "Kill you, enough!"

He and the Tianchou Beast Slave, at the same time killed the Xuan Mosquitoes!

This scene directly left Xuan Mosquitoes in place.

Almost for an instant, Ning Hu and Yang Yan were both trapped!

And in the same place, only one can move!

The two opponents were killed fiercely!

In an instant, he understood Chen Feng's intentions!

An extremely fierce light was exposed in his eyes: "You want to kill me? Do you think I am the weakest?"

Tiancun Beast Slave and Chen Feng didn't say a word!

Murderous!

Tianchou beast slave is in front, Chen Feng is behind.

The Tiancun Beast Slave's momentum skyrocketed wildly, and the strength of his luck was crazily suppressed.

He is not a human warrior, and his realm is not obvious.

Therefore, Xuan Mo can't see how strong he is.

It just feels that his breath seems to be stronger than Yang Yan!

But even so, Xuan Mosquitoes have the courage to fight!

The warrior on the top of the sky has never lacked the courage and temptation of the other side's mind.

But the next moment, his courage collapsed!

It turned out that at this moment, behind Chen Feng, dozens of star veins appeared at the same time!

The sun rises and the moon sets, the stars rise and fall!

The incomparably powerful aura seems to be stronger than the Heavenly Canal Beast Slave!

At this moment, Chen Feng showed all his strength!

The Xuan Mosquito uttered an extremely sharp cry: "So you did it!"

"Your strength is so strong? Forty star veins, you actually have forty star veins!"

Among the people he knows, no one has so many stars!

At this moment, Chen Feng's strength in his heart is far better than that of the Heavenly Remnant Beast Slave!

An invincible impression was instantly impressed in his heart!

And this completely shattered all his courage!

Xuan Mosquito's original offensive momentum stopped instantly, retreating again and again, defensively!

Even, prepare to escape!

Even Yang Yan, his pupils contracted sharply at this time, and he looked at Chen Feng with scrutiny.

"This person is so strong, he has been hiding his strength before!"

And this is exactly what Chen Feng wanted!

In fact, if he really wanted to deal with Xuan Mosquitoes, he would never show his strength like this.

But when he came to the front, he broke out, unexpectedly!

He did this because he just wanted the black mosquito to avoid it!

Chen Feng laughed loudly: "You have been tricked!"

In the next moment, all the offensives he and the Tianchou Beast Slave made were broken at the same time.

The two of them lost their stature and attacked Ning Hu!

In an instant, the offensive of the Tiancun Beast Slave and Chen Feng's fist slammed into Ning Hu's body!

Especially Chen Feng's fist fell on Ning Hu's head fiercely!

The power of the forty star veins surged out wildly.

The incomparable tyrannical attack directly screamed Ning Hu's hiss.

His head twisted heavily, and his neck seemed to be broken!

And the offensive of the Tianchou Beast Slave almost smashed Ning Hu's entire upper body!

It turned out that Chen Feng's real purpose!

Not Xuan Mo, but Ning Hu!

Pretending to attack, make a gesture of killing the black mosquito.

In an instant, the black mosquito turned into a frightened bird, and retreated directly in fear.

In fact, the real purpose of the two is Ning Hu.

Xuan Mosquito and Ning Hu were of equal strength, Ning Hu was trapped and could not fight back at all.

Obviously Ning Hu was better at killing some.

Pretending to attack, to force the black mosquito back, it is equivalent to saving a hole card to control the black mosquito!

Although Ning Hu's cultivation reached the half-step Martial God, after all, he could not defend at this time.

The defense was easily broken by the two, and he was seriously injured in an instant.

The Xuan Mosquito had only discovered the trick at this time, screamed anger into anger, and rushed over.

And the time limit for Ning Hu to be controlled by the Royal Beast Whip at this time has also passed.

Suddenly awakened, staring at two huge eyes like wine jars, roaring frantically, ready to fight back!

After all, Yang Yan had been slaughtered for a long time, and at this time he also recovered in an instant.

Seeing Chen Feng's behavior at this time, a sneer appeared at the corner of his mouth.

"Two idiots, they didn't even know to kill me the strongest in the first place!"

"Do you think you can cut off my wings if you kill the weakest him?"

"Death to him or even both of them will have no effect on me. As long as I don't die, you must die!"

He was very disdainful in his heart and laughed at the stupidity of Chen Feng and Tiancun Beast Slave!

Although he was immobilized by the emperor's hand bones and his body could not move, it did not affect his thinking.

Then, he discovered that the pressure that had enveloped him was gone.

It turned out that the weird hand bones had disappeared.

Yang Yan almost couldn't help laughing.

"These two idiots, this time they gave up controlling me!"

"Your biggest mistake is that you didn't kill me first!"

"Wrong step, wrong step!"

"You are looking for a dead end!"

The figure flashed, and he rushed up fiercely!

At this time, Chen Feng and the Tiancun Beast Slave were once again in an extremely dangerous situation.

The black mosquito and Yang Yan came after killing them.

Ning Hu is still alive.

Three people, besiege Chen Feng two!

Yang Yan laughed wildly: "Unless you can kill Ning Hu! But, is it possible?"

That's right!

To break the game, unless Ninghu can be killed

However, Ning Hu, who has a special orc bloodline, has a much stronger vitality than a strong person of the same level!

Chen Feng laughed loudly: "Who said I can't do it!"

"Keep your eyes open!"

A punch!

At this time, the bones of that man's hand were already held by Chen Feng, sandwiched between his fingers!

It's just that his fist was wrapped in his sleeves, and his big sleeves fluttered.

Xuan Mo and Yang Yan can't see it at all!

The next moment, Chen Feng's fist fell on Ning Hu!

The man's hand bones also made a soft snoring, piercing Ning Hu's skin lightly!

Human emperor's hand bones, due to the previous fierce battle, the power has been exhausted.

If you rely on your own ability, you can definitely not kill Ning Hu.

But the key issue is that Ning Hu is extremely weak!

[Chapter 4795: Human emperor hand bones! terror!](#)

At the same time, his vitality is extremely abundant!

Human emperor hand bones, the favorite is such prey.

The eerie and terrifying power of Human Emperor's hand bones burst out instantly!

The next moment, Ning Hu let out a scream!

With a bang, his body turned into countless flying ash and disappeared directly!

The blood qi in his body was like a **** river, absorbed by the human emperor's hand bones.

There was a burst of extremely joyful emotions from the bones of the human king, excitement and joy!

And its power has also risen rapidly, which is much stronger than before!

It turned out that Chen Feng kept Ning Hu's reason for not killing, but he wanted to re-train the human emperor's hand bones with his endless vitality!

The human emperor's hand bones directly killed Ning Hu!

Among all the trial immortals, this strong one can never be considered weak.

He was directly killed without a single move.

I'm so sorry to die!

And this scene fell in the eyes of Xuan Mo and Yang Yan, it turned into Chen Feng's punch, blasting Ning Hu into flying ash!

So scary!

Moreover, it turns the enemy into a river of blood and energy, into its own strength!

They did not expect that this is the credit of the human emperor's hand bones!

Xuan Mo and Yang Yan were horrified to the extreme!

But Yang Yan, after all, is Yang Yan.

He quickly settled down and shouted: "We still have the upper hand!"

"I can defeat them alone, you are waiting for the opportunity to take action next to you!"

"Within ten moves, kill them!"

Xuan Mosquito loudly should be.

Yang Yan was right.

The power of the human emperor's hand bones was not enough to threaten Yang Yan, and Yang Yan alone could suppress Chen Feng and the Tiancun Beast slave.

Chen Feng smiled slightly: "Are you sure?"

In an instant, an ominous premonition surged in Yang Yan's heart.

At this time, in Chen Feng's spiritual world, the roar of a huge lion came!

Chen Feng looked up to the sky and roared, like a golden lion behind him, roaring loudly.

The sound wave seemed to be real, and it slammed on Yang Yan fiercely!

So in an instant, Yang Yan's body directly stiffened for a moment!

The next moment, his crazy anger froze on his face!

The Buddha's angry lion roar came from him. He was stiff and could not move at all!

He was frightened and angry, and felt hot on his face.

As soon as he uttered a big word, he was trapped by Chen Feng again in an instant!

Chen Feng's Buddha's Angry Lion Roar Kung Lien was born in a famous school and has a long history.

Han Kun, whose cultivation base reached the second floor of the Star Soul Martial God Realm, could be trapped!

Not to mention Yang Yan.

His strength is still far inferior to Han Kun!

The Buddha's angry eyes and lion roar can only control Yang Yan for a moment!

But this moment is enough!

Chen Feng and the Celestial Beast Slave immediately killed the Xuan Mosquito!

Xuan Mosquito was originally killed towards them.

He thought well, and fought Chen Feng together with the other two companions.

In a blink of an eye, his companions died and were trapped.

At this time, his behavior was like throwing himself into the net!

When Xuan Mosquito realized all this, he could no longer stop!

The offensives of Chen Feng and the Tiancun Beast Slave fell on him madly!

Especially Chen Feng, with forty star veins behind him, his power surged, and every punch he fell was extremely heavy.

It seems to make the mountains fall apart and the rivers to dry up!

Every punch fell on Xuan Mosquito, causing him to scream and break his muscles!

Xuan Mo's strength is comparable to Ning Hu, but his defensive power is much weaker than Ning Hu.

Therefore, he is even easier to beheaded than Ning Hu!

Within a moment, he was seriously injured!

Chen Feng hit him again!

It is still the human emperor's hand bone, hidden between two fingers!

Human emperor hand bones are more powerful than just now!

Stabbed into the body of the black mosquito and instantly turned it into fly ash!

The final blow is still done by the human emperor's hand bones!

The endless river of blood and energy poured into the human emperor's hand bones again!

The human emperor's hand bones were extremely excited, and he looked at Yang Yan with great murderous intent.

Killing two half-step martial arts realm powerhouses one after another, it has now recovered its great strength!

Yang Yan's pupils shrank, looking at Chen Feng, his eyes full of fear!

He didn't know that this was due to the human hand bones.

I just thought that Chen Feng had an extremely powerful boxing skill in his cultivation!

Two punches exploded two half-step martial arts realm powerhouses!

But at this time, after the human emperor's hand bone strength is restored, it is even more difficult to control!

It struggled frantically, coveted and escaped, out of Chen Feng's control.

Chen Feng shook his body and let out a low growl!

Two traces of blood flowed from the nose.

Chen Feng wiped off the blood, only to feel dizzy, his mental strength was almost dry!

But Chen Feng knew that at this time, the time of life and death.

He gritted his teeth, the golden spiritual power poured out again!

The human hand bones, which were a little unstable, immediately stabilized!

The Tiancun Beast Slave glanced at Chen Feng anxiously and seemed to perceive something.

Chen Feng knows that there is no time to waste now!

A violent roar: "Kill!"

The two gritted their teeth and silently killed Xiang Yang Yan!

At this time, Yang Yan also got rid of the control of Buddha's angry eyes and lion roar.

His eyes were blood-red, and the corners of his mouth twitched, his whole person was already angered to the extreme! Hate to the extreme! The killing intent is strong to the extreme!

He screamed frantically: "I am going to kill you two!"

He has always been very calm, but now, he can't be calm anymore!

Trapped by the enemy twice in a row, watched his two subordinates being killed by the enemy, but there was nothing he could do!

This completely lost his mind!

It was even more pleasant to see Chen Feng's abnormality!

"Boy, it turns out that you have to pay such a high price for using this forceful fist!"

"Haha, I see if you can make a third punch!"

In the next moment, he, who was extremely violent, collided fiercely with the calm and icy Chen Feng and Tiancun Beast Slave!

A loud bang!

The earth-shaking general offensive, infinite power madly overflows!

Yang Yan casually smashed the Celestial Beast Slave into the air.

And his attention was all focused on Chen Feng.

To be precise, it was Chen Feng's fist shrouded in big sleeves!

Full of alert!

In his opinion, this is the only thing that can threaten him!

All of his power was densely packed on the right fist, and slammed into Chen Feng's fist!

The next moment, the two suddenly crossed!

But Yang Yan was stunned.

He didn't feel any extremely powerful breath from inside.

And Chen Feng was easily shocked by him!

Yang Yan was astonished: "What's the matter?"

Chen Feng was blown into the air by a punch, spurting blood, feeling like he fell apart.

Suddenly injured.

But at the corner of his mouth, there was a chuckle!

Look, look behind Xiang Yang Yan!

At this moment, behind Yang Yan, a white jade light flashed!

The human emperor's hand bones appeared, slaying his heart!

It turns out that this is Chen Feng's killer!

Chen Feng knew very well that it was absolutely impossible to rely on the trick just now to deal with Yang Yan!

[Chapter 4796: Calculate to the extreme!](#)

Although the human emperor's hand bones have recovered a certain amount of strength, it is difficult to fight Yang Yan head-on.

Chen Feng estimated that if the two fists intersect, at most he can be injured.

and so!

Just now, Chen Feng had already quietly threw out the human emperor's hand bone, controlling it to appear behind Yang Yan!

Launch this, a fatal blow!

All of Yang Yan's defenses are densely covered on his fist, and all his power consciousness is densely covered here!

Then, his back is the weakest moment of defense!

The human emperor's hand bones, whizzing out!

Yang Yan turned back suddenly, let out a low growl, his face was full of horror@

But it's too late to dodge!

At first sight, he would hit Yang Yan's body!

But Yang Yan is worthy of being a strong veteran, extremely scary, and he has a lot of cards.

Even so, there are still hole cards!

He suddenly opened his mouth, spitting out a small black bead.

The little black bead instantly transformed into a dark slender palm in the air, pushing him slightly aside.

Just push it lightly!

The strength is very small, but it is enough to make him move three feet!

This is enough for him to avoid the attack of the human emperor's hand bones!

Yang Yan is extremely proud.

Haha smiled and said: "Boy, as long as I escape this blow, you will be dead!"

But at this moment, his face suddenly changed drastically!

Looking down, he roared: "What the **** is this!"

Where they are, they have just experienced a fight between the righteous people and the evil demons of the witch race.

On the ground, there were more than a dozen dead bodies.

Just beside Yang Yan, there is one.

If he is careful enough, he will find this corpse.

It was the righteous man whom Chen Feng had interrogated before.

In fact, he saw dead bodies here.

But instinctively ignored it.

But at this moment!

The corpse of the righteous monk, who had been ignored by Yang Yan and was thrown next to him, suddenly stretched out his right hand and grabbed Yang Yan's ankle.

His power is not so strong.

In fact, if he grabbed Yang Yan's ankle with his cultivation base, Yang Yan could kick him into the air with just one kick!

But, at this time, his strength is exhausted!

Only by doing everything possible can I move three feet away with the help of that ghost hand.

At this time, his right ankle was firmly grasped by the corpse!

Although the next moment, his power instinctively shook, and directly blew the corpse.

The corpse spurted blood and fell heavily to the ground, twisting into a ball.

This time, it was really dead!

But this catch delayed him for a moment after all!

At this moment, it is enough to decide life and death!

This level!

Such strength!

Life and death fight, a momentary difference, if possible, is the difference between life and death!

The next moment, the expression on Yang Yan's face solidified.

A cold in the back, and then a heart-piercing pain came!

In front of his chest, a thing flew out, circled around, staring at him with enthusiasm, it was the human hand bone!

He looked down in amazement.

I saw that a big hole had been penetrated in my chest and back!

Neatly!

Everything inside has disappeared!

All turned into blood, absorbed by the human emperor's hand bones!

In an instant, Yang Yan was seriously injured, and the human emperor's hand bones were stronger!

Yang Yan, severely injured.

However, he didn't even vomit a mouthful of blood.

Because, the blood of the wound was evaporated instantly!

Yang Yan looked at Chen Feng with a sorrowful expression on his face: "You, have you already got everything right?"

"This corpse, did you stay here on purpose? You have been controlling him?"

"Yes!"

Chen Feng smiled, and suddenly there was blood overflowing from the corner of his eyes.

The golden spiritual world is almost collapsed!

That righteous monk died tragically in an instant, causing Chen Feng, who had been controlling him, to shake his spiritual world and increase the pressure!

He wiped his blood and smiled slightly, so calm that Yang Yan almost collapsed!

"Actually, he is not dead."

"It's just that I controlled his thinking and made him think he was dead."

It turned out that only Chen Feng, after exploring the spiritual world of this righteous monk, did not disconnect from him.

The so-called death of him was just for the three of Xuan Mosquitoes.

Let them be preconceived, and instinctively feel that these are dead people.

In fact, Chen Feng has always separated a little spiritual power, connected with this righteous monk, and controlled it.

So, at this most critical moment, the fatal blow was issued!

Yang Yan smiled miserably.

"Awesome, you are good enough to calculate! The mental power is also good enough!"

"It's the ultimate!"

He was extremely experienced, and as he spoke, he turned and fled.

But at this time, how could he escape?

How could it be possible to escape the excitement of the human emperor's hand?

The human emperor's hand bone, traversing the sky, is another blow!

This blow directly turned Yang Yan into fly ash!

So far, Xuan Mo, Ning Hu, and Yang Yan, the three masters, were all beheaded!

The human emperor's hand bone absorbed Yang Yan's power, and his power rose wildly, which was countless times stronger than when he was strongest.

In an instant, endless has to be evil and terror, covering this place!

The horror fell, leaving Chen Feng and the two of them instinctively black!

There seems to be a group of demons dancing in front of me, there is endless great terror, endless great despair!

The two trembled all over, and they couldn't move!

If both of them are extremely determined people, I am afraid that at this moment, they will sink their minds, and they will never be transcended.

Chen Feng let out a low growl: "Give me peace! Otherwise I will seal you again! Let you fall forever!"

Then, almost squeezed, pouring out the last point of oneself, golden mental power!

Finally, suppress the human emperor's hand bones!

Taking this opportunity, Chen Feng quickly took back the human hand bones.

Just after taking it back, Chen Feng no longer needs to support him with mental strength.

Suddenly, my heart felt relieved.

But the next moment, Chen Feng suddenly yelled, covering his head, shaking his figure!

I couldn't stand still and fell directly to the ground.

He was bleeding from seven orifices and he was cold.

I felt as if there were dozens of big tendons bouncing around in my head, and the pain was extreme.

His spiritual world seems to be shattered by life.

Tiancun Beast Slave was shocked: "Big Brother, what's the matter with you?"

Chen Feng breathed in place for a long time before he could open his eyes and control his body a little.

He felt that he was almost dead.

Chen Feng moved his lips slightly, and said softly, "Get out of here."

"The movement here can't be hidden from others, it's definitely a very dangerous place."

The Tiancun Beast slave nodded repeatedly and quickly picked up Chen Feng on his back.

Chen Feng suddenly pointed his finger to the ground: "Don't forget those three things and the evil demon of the witch race."

Tiancun Beast Slave glanced away.

Only then was he surprised to find that there were three samsara jade plaques floating there where Xuan Mosquito, Ning Hu, and Yang Yan had fallen.

In fact, the reincarnation jade card is of little value to them.

[Chapter 4797: one eye!](#)

With the death of the strong man on top of the sky, all his aura in his samsara jade plate will be erased.

Naturally, all the treasures inside will also disappear.

This will become an unowned thing.

Until someone who is destined, get it by chance.

He didn't know what Chen Feng was going to do with this, but he picked it up obediently.

Then, clutching the evil demon of the Wu clan in one hand, carrying Chen Feng on his back, he quickly left here.

The whole process, seemingly complicated, is actually extremely fast.

From the time Xuan Mosquitoes and others started to do it, to Chen Feng killing them, it was only three or five moments!

After a while, suddenly several powerful auras came here quickly.

There are more than ten people.

If Chen Feng were here, they would definitely be able to recognize them.

These people are the strongest people in the other firmaments who have entered the world of the Fallen Witch Realm with them.

They came here, looked around, felt the breath.

Then, a strange color appeared on his face.

"That's not right, I clearly heard the sound of fighting here just now!"

"Yes, and there are extremely strong power fluctuations!"

"Why now not only are there no people, but also no blood or anything?"

"The ground is empty, there are no blood stains, clothes fragments, weapons, all but traces of battle."

"I can't see anything!"

Everyone is strange.

But I don't know that all vitality has been swallowed by the human emperor's hand bones!

But there was only the silent teenager who seemed terminally ill, squatting at the traces of the battle, watching in detail, thoughtfully.

If Chen Feng stayed here, he would definitely not be spared.

The Tiancun Beast Slave carried Chen Feng on his back and left the battlefield for thousands of miles in one breath before stopping.

Here is a dense forest.

There is dense fog all around, which can effectively isolate others from prying eyes.

Chen Feng lay on the ground and fell asleep directly.

His spiritual world at this time was almost broken.

Never been hit so hard!

After sleeping for a whole day and night, Chen Feng woke up.

The spirit is still in chaos.

However, his mental strength has recovered a little bit.

Seeing him open his eyes, Tianchou Beast Slave was overjoyed: "Brother, are you awake?"

Chen Feng sighed lightly and smiled bitterly: "Today, the mental energy is really over-consumed!"

Today, he first used the heaven and earth to repeat the reincarnation power, and then suffered a little backlash.

This is nothing.

But then, controlling the human emperor's hand bones is terrifying to the consumption of mental power!

The unprecedented consumption made his spiritual world on the verge of collapse!

To control the human hand bones requires extremely powerful mental power.

And if he didn't use mental power to control this human emperor's hand bone, he would be completely irrational, and he would even kill the Heavenly Remnant Beast Slave, and even his master would attack.

If he wants to control it, he needs to continuously consume extremely huge mental power!

In fact, it was Chen Feng.

Other martial artists, let alone the same level as Chen Feng, even a general Star Soul Martial God, controlling this man's emperor's hand bones will consume all of his mental power in just one instant!

Chen Feng felt his spiritual world.

At this time, his golden spiritual world has stabilized and is no longer shaking, but it is particularly bleak inside. The golden spiritual power that was originally densely covered like a spring of gold has almost disappeared, but is slowly recovering.

However, there is also good news. Golden spiritual power is gurgling like spring water everywhere in the spiritual world.

Very cheerful and endless.

It seems that its vitality is many times higher than before!

Chen Feng thoughtfully: "The more cruel the squeeze and temper, the more powerful and vigorous the mental power will be tempered!"

But then, he smiled bitterly.

"But this kind of battle is still too cruel!"

Recalling the battle two days ago, Chen Feng also had lingering fears.

This is almost a mortal situation.

This battle seemed to end in a few moments.

Simply, direct and fast!

However, it has exhausted all Chen Feng's energy and strength!

Chen Feng seems to be an understatement, but in fact he has already calculated to the extreme, and also used his hole cards to the extreme!

It just seemed to be effortless.

You know, these are three opponents who can easily kill both of them!

Exhausted, but so.

"At least for a few days, I will no longer be able to use the human hand bones!"

Chen Feng estimated it.

It takes about three days for him to recover enough mental power before he can use the human emperor's hand bones.

Moreover, it can only be used once, for a moment!

It can't be as extravagant as today!

But the good news is that the human emperor's hand bones have been restored strong enough.

Chen Feng can completely use it as a kill.

Chen Feng estimated that it would take a month or two for his mental power to return to its previous peak state.

However, after removing the danger that just came in, the level of safety can be improved a lot in the future.

"What's more, if the mental strength is not improved, I can improve others!"

Chen Feng's heart suddenly moved: "I need to find a way to restore my mental strength as soon as possible."

"Or a pill to quickly restore mental power!"

The more Chen Feng thought about it, the more he felt that this matter must be paid close attention to, which is extremely important.

"Before, my mental power was extremely strong, and my spiritual world was vast."

"Until now, the spiritual world has not been fully opened."

"So in the past, I always felt that my mental power was inexhaustible, squandered at will, and didn't have to deliberately recover."

But now, Chen Feng knows that it's not that his mental power is inexhaustible.

It's that the treasures or martial arts that I have come into contact with before, the level is too low.

Can't reach a level that matches his spiritual world at all.

Therefore, the mental power consumed is very low.

But when he now possesses this treasure, the emperor's hand bone, is so powerful that he starts to consume his mental power crazily.

He realized that he had to plan something.

Then, Chen Feng adjusted his breath for another day.

The mental strength has recovered a little, at least it seems, as usual.

Then, he resisted the dizziness and pain, and came to the wizard demons.

After being captured alive, this witch demon never died.

The faint blue pupils suddenly appeared, and the reincarnation magic power of Heaven and Earth was activated repeatedly!

Chen Feng will implement a larger plan next.

He must get enough information!

Heaven and Earth reincarnated repeatedly, and they performed smoothly.

In an instant, Chen Feng's consciousness invaded into the spiritual world and memory of the wizard demons.

In front of him, there was darkness.

Evil, cold, fierce, violent, and murderous, surging like a tide.

Chen Feng almost couldn't bear it.

However, this is also normal.

Chen Feng's consciousness continued to move forward.

At this moment, suddenly, the whole soul of the evil demon of the witch race was changed!

In the depths of the spiritual world, suddenly, the black faded away like a tide.

A huge eye was revealed!

[Chapter 4798: companion](#)

A huge, blood-red eye!

Its pupils are erect and pale.

The blood-red eyes and pale pupils made people feel horrified after a glance.

And this huge pupil, accompanied by unparalleled strong mental power, rushed towards Chen Feng fiercely.

Chen Feng couldn't resist this mental power!

However, Chen Feng's mental response now is extremely keen.

Found something wrong, immediately retreated mentally!

The Tiancun Beast Slave saw Chen Feng's body and suddenly retreated.

Then, he opened his eyes sharply, and slowly exhaled a suffocating breath.

"Big brother, what's the matter?"

Chen Feng smiled bitterly: "Fortunately, the response is quick, there is really danger here!"

At this time, deep in the spiritual world of the Witch Clan demons, a trace of indifference and cold flashed in those huge eyes!

The next moment, those eyes closed.

Chen Feng looked at the wizard demon in horror.

"What is that huge eye deep in his spiritual world?"

"The feeling that that eye gives me seems to be able to destroy the world, it is definitely not something I can resist!"

"It seems to be stronger than the most mentally powerful person I have ever met!"

At the next moment, Chen Feng saw that the witch demons trembled violently.

Then, his body suddenly turned into nothingness.

In place, there was only a drop of something the size of a finger belly, like a ruby.

Chen Feng took a breath.

This witch demon is really weird.

He can be sure of one thing, that huge eye will definitely not belong to this person, and his strength simply cannot reach that level.

"Then, whose eyes are they? What are the reasons for appearing there?"

Chen Feng didn't know these, and could only explore a little bit.

Chen Feng stretched out his hand and twisted something the size of his thumb, like a ruby.

Reached out and squeezed it, and felt it carefully.

It was discovered that this thing was something similar to essence and blood.

He took a deep breath and could feel the extremely violent and heavy power contained in it.

That power is extremely heavy, and it is even more mellow with the breath of ancient wildness!

Facing this thing is like facing an endless land.

However, although the level is extremely high, it has been diluted countless times.

Chen Feng raised his eyebrows and recalled.

The other two witch demons did not condense this kind of blood.

Chen Feng knew it: "Presumably only those who are quite powerful among the evil demons of the Witch Clan, and even possess the ability to incarnate, can condense!"

Chen Feng carefully put it away.

The Tiancun Beast Slave asked, "Where are we going now?"

"Where to go, of course to go back."

"go back?"

The Tiancun Beast Slave's face was astonished.

"Yeah, it's time to go back and meet those friends!"

A smile was drawn at the corner of Chen Feng's mouth: "This day and night, all the people who should have gone have gone too!"

"Everything that should be chosen is chosen."

The Celestial Remnant Beast Slave asked in astonishment, "Don't they have left yet, why are they waiting for us there?"

Chen Feng saw the Tiancun Beast Slave: "Do you think something is missing?"

"What's missing?"

The Celestial Beast Slave frowned for a moment, then suddenly gave a high-five, and suddenly said, "Isn't the mission released yet?"

"That's right, Lord of Heaven hasn't released a mission so far."

"We came in, and we counted it down for two days and one night. Why do you think this is?"

The Tiancun Beast slave shook his head ignorantly.

Chen Feng smiled: "Give us a chance to make an initial choice."

Tiancun Beast Slave seems to understand but not understand.

Chen Feng clapped his hands, turned and walked to the place before: "Let's go, don't make them wait in a hurry."

Soon, Chen Feng and the two came to the place where they had previously fought with Yang Yan and others.

The two did not hide their breath, so they were quickly discovered.

When the two of them stepped through the dense fog and entered there, everyone looked over.

In accordance with Chen Feng's previous instructions, the Heavenly Remnant Beast Slave scratched his head grimly, and yelled: "His mother, this ghost place, why are people fighting everywhere?"

"When we see it, we will come forward, and we will fight indiscriminately first."

"In the past two days, our brothers played seven or eight games!"

"In the end, I really couldn't move. I fought all the way and fled. Now I can see you!"

He grinned: "What, do we want to go together and show this bunch of natives of the local world a good look?"

After these words, everyone looked different.

Mostly with a bit of disdain and contempt.

The words of the Tiancun Beast Slave gave them the feeling that they were completely reckless and ignorant newcomers who knew nothing.

Everyone shook their heads.

These two people have an extremely low realm and extremely weak strength.

Although one is very powerful, it seems that his brain is not so good.

At this time, a calm middle-aged walked out and smiled: "Two brothers, you can be regarded as coming. We have been waiting here for a long time."

When Chen Feng saw him, his eyes narrowed.

This person didn't show the mountains and water before, and didn't show anything at all.

But now, it seems like a boss.

The others didn't even make any comments.

Behind this person, the big man in animal skins and the silent and beautiful young man stood there.

Obviously, the three have formed a group.

Chen Feng raised his eyebrows: "This person is quite capable!"

The calm middle-aged said: "My name is Zhan Xiu."

Pointing to the big animal skin man again, he smiled and said, "This is rarer than a thousand beasts."

The beautiful boy who looked seriously ill, smiled and waved: "My name, Cui Jiuxi."

Others also introduced themselves.

Chen Feng was impressed by a woman named Situ Meng. She and the other two women were companions.

The appearance is extremely beautiful, but it gives Chen Feng an extremely dangerous and cold feeling.

Like a gorgeous viper with a poisonous tongue.

The other is a tall, cold-hearted middle-aged man named Duan Qi.

He kept a straight face and said nothing but his name.

His weapon is an exaggerated giant knife!

Murderous, people dare not underestimate.

His strength looks the strongest.

Because of them, five people actually entered this place.

There are three of them, all dressed similarly to Duan Qi, tall, and they feel very strong and full of energy.

The weapon in his hand is also a giant knife, which was carved out of the same mold as him.

In their five-member team, only one is an exception.

This person, turned out to be one of their slaves, was locked in a cage.

The cage is no more than one meter high and only about two feet long and wide. It is extremely small.

Even if children are imprisoned in it, I am afraid it will be extremely blocked and uncomfortable.

And this slave was a tall young man, estimated to stand more than two meters tall.

At this moment, he was curled up with his hands and feet, squatting his body, almost squeezed into meatloaf.

[Chapter 4799: cruel! Unruly killing battlefield!](#)

It makes people feel uncomfortable at a glance.

There were wounds all over his body, blood stained, his hair messed up, and his breath seemed to be absent.

It seemed that he was seriously injured and dying.

He was held in his hand by a tall swordsman.

The others are extremely alert to the five of them.

"Unexpectedly, a slave was brought in. This slave was seriously injured and dying, but his breath was quite unique."

"I estimate that this slave should have a special bloodline, and they should be holding the slave for sacrifice."

"Yes, presumably if they want to deploy any formations, they need to pay a huge price, and then they will pay a tribute to the slave's life."

Everyone speculated.

Zhan Xiu looked around, his face was a bit gloomy.

"Twenty people, now seventeen have come, and the three Yang Yan must have been unfortunate."

"I lost three people as soon as I came in."

Behind him, Xian Yu Wan Beast grinned and opened his mouth grinningly.

"It would be better to let me kill them!"

Zhan Xiu frowned and reprimanded.

Chen Feng's eyes were deep, and he quietly passed over these people.

"Among them, Chu Pingsheng sent me to kill me."

Chen Feng had no doubt about what Chu Pingsheng said at the beginning.

He would not and could not lie on this sentence.

If it was said that he was just to influence Chen Feng's mind, and he didn't really send someone to do it.

That's also sorry for his name as the first person on top of the sky a hundred years later!

Therefore, he must kill himself!

The killer must be among these people!

But at this moment, all of a sudden, everyone felt a shock.

At the next moment, they were indescribably excited.

The will of the dominion of heaven came suddenly!

Then, everyone heard a small beating sound.

Then, his face changed.

It turned out that there were countless tiny mosquitoes spreading from everywhere.

First like a stream, then like a big river.

In an instant, the place where everyone is located is gathered into a sea of worms.

It's disgusting and oozing.

Then, the sea of insects flew up, drawing out a few weird and weird lines in the air.

"Unruly killing battlefield, open!"

"Task objective: Everyone must kill ten strong martial arts of the enemy camp, two strong point star realms, and one strong star broken star! If you can kill the strong star condensing realm, there will be special rewards!"

"Task duration: half a year!"

"Punishment for unfinished mission: obliterate!"

"Other rules: None!"

A few lines of **** characters appeared, making everyone tremble!

Especially the irregular killing battlefield, those seven characters!

Unruly killing battlefield!

It was shocking, greeted everyone's eyes, and immediately caused several people who knew the situation to exclaim.

Someone was even more terrified, and said with a trembling voice, "It turned out to be an unruly killing battlefield!"

"It's over, it's over, I don't know how many people will die this time!"

More people are ignorant and don't know what this means.

Someone yelled, "Explain to us what it means? Don't be surprised there."

Zhan Xiu looked at everyone and said in a deep voice, "Everyone, stay calm, let me explain."

He paused: "We all know that if it is normal, you killed a strong man on the top of the sky."

"His treasures, everything about him, you won't get anything."

"Everything he stored in the jade card of reincarnation will be taken back or emptied by the Lord of Heaven in an instant!"

"It will only leave a useless jade card."

Everyone nodded.

It is true.

The next moment, Zhan Xiu's expression suddenly became treacherous.

Suddenly someone exclaimed: "Could it be that in the battlefield of irregular killings, unexpectedly..."

"Yes."

Zhan Xiu looked at him and smiled: "In the unruly killing field, after you killed the strongest of the sky."

"His treasures will not be eliminated, but they will all exist in the jade tiles of reincarnation."

"think about it!"

"Pills, cheats, magical weapons, etc., etc., may all be yours!"

"You have a chance to get his treasure. Of course, it may be all or only part of it, depending on your luck."

"If you are lucky!"

Zhan Xiu's words are lingering: "For example, the high-level bloodline that he had spent a lot of money to transform into, after countless upgrades, may have become extremely high-level."

"And now, it is possible to condense on his reincarnation jade card, let you pick a big bargain!"

His voice is long and long, full of immense temptation.

"Think about it, you kill him and get all of this, then your strength can be doubled directly!"

"No matter how bad luck, it's okay to upgrade one or two levels!"

Everyone took a breath!

This is to encourage fighting!

Under normal circumstances, there is no benefit to beheading a companion.

Therefore, no one will do thankless things.

In this case, the benefits of beheading a companion are too great!

Everything you get in an instant is more than you can gain from struggling and fighting for more than ten years on the top of the sky!

Both sides have similar strengths.

You kill him and get everything about him, then your strength can be doubled instantly!

If it fits or complements each other, it is possible to double the strength!

What a huge temptation this is?

In an instant, everyone's eyes were fierce and murderous.

Unconsciously, the distance has been slightly opened.

In the eyes of others, there is also a bit of alertness and coldness!

In this case, anyone can become an enemy!

Even before, they used to fight together!

Zhan Xiu said in a cold voice: "But don't be afraid."

"In fact, this kind of task is a dream for many people!"

"It's a dangerous kill, but it's also an excellent opportunity!"

"The unruly killing battlefield is extremely cruel, and there are many deaths, but those who can get out alive are able to obtain a lot of resources, and their strength has improved by leaps and bounds, far beyond other people at the same stage!"

"Often able to become outstanding, and even rise to become a mighty power!"

These words caused waves in everyone's hearts.

"I don't know, who will be the survivor this time?"

Zhan Xiu showed a strange expression at the corner of his mouth and looked at everyone.

When he said this, he kept staring at the two of Chen Feng.

But Chen Feng's expression was normal, he could not see anything.

"Well, let's not talk about it yet."

Zhan Xiu said solemnly.

He obviously intends to be the leader, so he shared the information he got with everyone.

"This world is divided into righteous monks and witch demons."

"The pinnacle of martial arts is the master of martial arts, equivalent to the peak master of nine-star martial emperor..."

He focused on the division of power here.

Of course, Chen Feng already knew what he said.

"This means that each of us must kill at least ten Martial Emperor Realm masters, and two Star Soul Martial God Realm strongest masters."

[Chapter 4800: select! The right way, or the witch?](#)

He paused: "There is also a strong man in the second floor of the Star Soul Martial God Realm."

"The first ten are not difficult, the last three are really a bit difficult."

He swept his eyes around: "You can agree?"

Everyone nodded.

Everyone can probably feel it, among them, the strength is generally in the half-step martial arts realm.

There are very few who can reach the highest level of Star Soul Martial Nerve.

There was no one in the second floor of the Star Soul Martial God Realm.

Of course, this is on the premise of not hiding true strength!

Moreover, the strength cannot be based solely on the realm.

"Each of us has such a cruel beheader."

"It's impossible to do it by yourself alone, and it will all be obliterated by that time."

"If you want to hunt down the first floor of the Star Soul Martial God, then you need at least three masters of the same level, or the second floor of the Star Soul Martial God Realm."

Zhan Xiu said: "So, in order to complete the task, I must wait for sincere cooperation."

No matter what everyone thought in their hearts, no one raised objections at this time.

If you object, you are putting yourself on the opposite side of everyone.

Zhan Xiu continued: "I'll wait, it's better to concentrate all of your strength and enter a certain force."

"Then, every time, several people hunted down the enemy together."

"It can also be on the battlefield, attacking the opponent alone or seriously injured."

As soon as he saw this kind of thing, he did not do anything less.

Talking freely and very experienced.

"Strive to let everyone complete the task as soon as possible. After all, there are countless warriors here, and there are always some who want to kill."

"Fight, let everyone avoid the danger of being obliterated."

"Then if we have any grievances, we will resolve it ourselves."

Everyone nodded one after another, which was the right strategy.

Zhan Xiu nodded in satisfaction, and looked around everyone again: "We are now seventeen."

"It's divided into five forces in total, and there are three more. You are alone."

"I know, I'm afraid there will be many concerns in your hearts."

"Why not, you three single-handed people can form a temporary team and help each other."

"In this way, you can also prevent others from being unruly towards you."

When everyone heard it, they all felt reasonable.

At this point, the last worries in my heart are finally gone.

And Zhan Xiu, in the crowd, also greatly increased prestige.

Vaguely has the power to dominate everyone.

Chen Feng frowned, and vaguely felt that one time was wrong.

That's right, Zhan Xiu did a very good job, especially well!

No flaws, close to perfection!

But Chen Feng felt that Zhan Xiu couldn't help but did a little better! Too enthusiastic too!

It seems that he has known all this and has already calculated everything in it!

"Aside from anything else, I can probe other people's memories and get a lot of information."

"Zhan Xiu, how did you know?"

Zhan Xiu at this time. He has faintly controlled everyone in his hands.

He was full of ambition, and said loudly: "This time, the battle between the righteous monks and the evil demons of the witch clan has become quite clear."

"The evil spirits of the witch race have the upper hand."

"The righteous monk, trapped in a corner, is in danger of ruin at any time."

"If I wait to join the righteous way, don't finish the mission when the time comes, but in the end I am besieged and killed by these natives."

Everyone nodded, this is true.

The evil demons of the witch clan have the upper hand. If they choose the right path, they will be killed by the evil witch clan and they will die.

This possibility is great.

Xian Yu Wan Beast said loudly: "This makes sense. Now the Witch Clan demons are like the sun, and the righteous cultivators can't breathe."

"Let's follow behind their buttocks, without having to do our own work, and we can beat the dog in the water, so we can make a big profit."

"How beautiful?"

"I followed Boss Zhan Xiu!"

Chen Feng gave Xian Yu Wan Beast a strange glance.

Before he was very arrogant and offended everyone.

Now that he is completely on Zhan Xiu's side, things seem a little strange.

"Could it be that Zhan Xiu is so powerful that he really surrendered him?"

Everyone expressed their opinions and agreed with Zhan Xiu's views.

Chen Feng didn't say a word, he had a mind in his mind, and he had already chosen the power he wanted to go to.

Zhan Xiu turned his gaze to Tiancun Beast Slave: "Brother, what do you say?"

He naturally regarded the Tiancun Beast Slave as the leader of the two Chen Feng, and did not ask Chen Feng's opinion at all.

The Tiancun Beast Slave had long been ordered by Chen Feng.

Shen Sheng said: "In the past few days, since the fight, we have had a chance with the righteous monks."

"So, we are going to have a look at the righteous monk."

Hear this.

When everyone looked at Chen Feng and Tianchou Beast Slave, their eyes became sharp and weird.

"They are going to the righteous cultivator? They are going to be the enemy of everyone!"

Zhan Xiu's expression also stagnated.

Suddenly, there was a bit of coldness between the eyebrows.

Chen Feng looked clearly from the side.

This is the kind of situation where you have a chance to win, but you become angry after being destroyed!

His heart moved, thoughtful.

However, Zhan Xiu was also an extremely deep-hearted person, and did not say anything to stop him.

It's just that Xiaorou said without a smile, "It's good that the two of you have this great opportunity."

"But the next time I see you, I will be eyeless and will not be merciful!"

Everyone also looked icy.

Faintly already regarded Chen Feng as enemies.

At this time, Chen Feng suddenly coughed violently.

Blood spilled from the corner of his mouth.

Then, he walked quickly to the side, covering his lips with his sleeves, as if he didn't want to expose the hole cards of the medicine pills he used to heal his injuries.

This is also very normal.

The Tiancun Beast Slave explained with a wry smile: "I fought hard along the way, and my companion suffered some injuries."

Everyone looked at Chen Feng, adding a bit of contempt.

This was just when he came in, and all he was in contact with was Xiaoluo, a not-so-strong person, but he was hurt like this!

It is too weak anyway.

At this time, Cui Jiuxi smiled and walked quickly towards Chen Feng.

He said loudly: "This Xiongtai is good at alchemy, but I have some pills here."

"I don't know, do you need it?"

"Of course, it was bought with Tiandao jade slips."

After all, walked to Chen Feng's side.

The sleeves flicked, covering the two of them.

It seemed to show Chen Feng the pill that he refined there.

Chen Feng's voice came, with a little hesitation and hesitation: "Your pill is good, it's stronger than the one I brought."

"I don't know what the price is?"

Cui Jiuxi's voice lowered, as if the two were bargaining in a low voice.

The two voices fluctuated up and down, and they seemed to talk occasionally and quarrel occasionally.

After about a dozen breaths, it was finally settled.

So, in an instant, the light of heavenly jade slips passed.

Chen Feng handed some jade slips to Cui Jiuxi, and took the pill from Cui Jiuxi and put it in his sleeve.
