

Peerless 4971

[Chapter 4971: Is he Chen Feng? !](#)

Fear appeared on everyone's faces.

The fourth floor of the Star Soul Martial God Realm!

"The strength of Brother Yun Family is terrifying!"

"Yeah, it's just a handyman disciple, who is so capable."

The disciples couldn't help expressing emotion.

After listening to them, a smug color flashed across Yun Feilong's eyes.

He looked at Chen Feng.

"Since you said Huangquan Shura was killed by you, you must be strong."

"If you can defeat me, it means that you killed the head of Huangquan Shura."

Yun Wan'er didn't expect that her cousin still said this.

She subconsciously showed an anxious face.

"Cousin Feilong, never!"

Seeing her blocking herself, Yun Feilong felt even more proud.

This unbelievable cousin seems to have a good idea.

"I also know that Chen Feng will fight with me, he will definitely die!"

Thinking of this, Yun Feilong's eyes were full of contempt and contempt.

Staring at Chen Feng, he said indifferently:

"It's not too embarrassing to step back now!"

"But you have to remember, it's not your thing, never delusion!"

Chen Feng's face was indifferent, watching his reaction.

He really knew what Yun Wan'er really meant.

Where is she worried about Chen Feng?

It's basically advising cousin not to die!

However, fools do not know it.

Looking for a dead end, Daluo God can't save it!

In the center of the Immortal Dao Hall, Yun Feihe even stepped aside.

"well."

Chen Feng raised his head, his fighting spirit broke out invisibly!

The momentum skyrocketed!

Instantly presents an invincible posture!

Is this... really just the aura of the second floor of the Star Soul Martial God Realm?

Chen Feng said every word.

"I shot, you must die!"

Yun Feilong was angered!

Chen Feng on the opposite side actually made him feel threatened.

He was furious and rushed directly.

At the same time, Chen Feng also went to meet Yun Feilong.

Very fast!

Only a trace of afterimage can be seen on the spot!

"This is just the strength of the second floor of the Star Soul Martial God Realm?"

"I do not believe!"

Someone screamed.

I saw Chen Feng's breath still soaring!

At the moment the two clashed, Yun Feilong's expression suddenly changed.

Chen Feng's strength has soared to that, comparable to the sixth floor of the Star Soul Martial God Realm!

Completely crush Yunfeilong!

Yun Feihe, who was standing on the side, finally changed his expression.

not good!

But it is too late!

boom!

Chen Feng shot out with a punch with invincible posture!

At this moment, even the white-haired elder on the high platform suddenly stood up.

His face was full of consternation.

boom!

A black shadow flew upside down!

Very fast!

Smashed **** the wall of the Immortal Temple, and the whole hall was shocked.

Then, a layer of dust fell on everyone's head.

It's Yun Feilong!

Falling to the ground without moving.

Yun Feihe's face changed!

He rushed over immediately, picked up Yun Feilong, and took a breath.

died!

Hit to death!

Everyone's eyes, all looked towards the center of the Immortal Dao Hall.

There, only Chen Feng stood tall!

Unscathed!

Completely crushed!

"Who is he?"

"With such strength, he is only a handyman disciple?"

"A blow to kill, unscathed! Even Yun Feihe comes, I am afraid that he will have to lose!"

At this moment, a gray-haired star elder sitting at the far side suddenly thought of something.

His face changed drastically, staring at Chen Feng.

Many people in the hall noticed this scene.

Everyone's eyes kept wandering between Chen Feng and the gray-haired elder.

"what happened?"

"I do not know."

After a while, the surroundings suddenly fell silent.

The gray-haired elder couldn't sit still!

He stood up directly and walked towards Chen Feng.

"Are you Chen Feng?"

Chen Feng looked calm and nodded calmly.

"it's me."

After getting an affirmative answer, the gray-haired elder's expression became more mysterious.

On the high platform, several other star elders finally reacted.

What they realized, their expressions all became like the gray-haired elder.

When the name "Chen Feng" was emphasized, they suddenly understood why the gray-haired elder would suddenly ask!

"He is Chen Feng!"

"That Chen Feng who forced the deacon Qiu Ruhai to commit suicide and the elder sealed his broken arm?"

"Yes."

These handyman disciples don't know Chen Feng's name.

They are clear!

The conversations of several elders of the stars were not deliberately hidden.

It is no secret that Chen Feng's various behaviors in evaluating the world.

In the Galaxy Sword Sect, most of the deacons and above have all heard of it.

However, the disciples are not included!

Especially not including the disciples at the scene.

Hearing the words of these elders, the entire Immortal Dao Hall suddenly exploded!

Everyone is stupid!

What horrible "record" is this?

too frightening!

I have never heard that a handyman disciple has such a great ability!

It seems that Chen Feng's appearance is very familiar, he should have just become a handyman.

In other words, before this, he was not even a member of the Galaxy Sword Sect!

At that time, the deacons will be forced to dictate themselves and the elders will have their arms broken.

If it weren't for a great background, it would be strong enough!

Regardless of the possibility, if he had said that he had such an experience earlier, who would have doubted whether he could kill a Huangquan Shura?

By now, everyone has reached a conclusion in their hearts.

That Huangquan Shura Bone Jade is Chen Feng's!

It seems that this time the Yun family twins are staggering.

It's not good to offend Chen Feng!

Yun Feihe looked up in surprise, his eyes full of incredible.

Not only he felt incredible.

Even Yun Wan'er couldn't close her chin in surprise when she heard Chen Feng's "great achievements".

She knew Chen Feng was very strong, but she didn't expect Chen Feng to be so strong!

So shocking!

No wonder he was not afraid to cause trouble when he arrived at the Hall of Ten Thousand Beasts!

It's no wonder that facing all of them, they are so indifferent.

By now, Yun Wan'er recalled Chen Feng's various behaviors in the Wan Beast Palace.

This time, she finally understood.

On the edge of the Immortal Temple, Yun Feihe's face was extremely ugly.

The fake face of the hypocrite on his face was finally unable to stretch.

He has made a mistake!

If he had known that Chen Feng was such a character, he would never take this risk!

Yun Feilong was shattered by a fist, his heart was severed, and he would not even come back to save him.

This is his punishment!

Thinking of this, Yun Feihe regretted and feared.

He wanted revenge, but he knew it in his heart.

Now is not the time!

He felt the breath that Chen Feng exploded just now.

The fifth floor of the Star Soul Martial God Realm can only get up!

It's not too late for a gentleman to take revenge for ten years!

The current Yun Feihe is really not sure.

If it is a confrontation, you may be able to win, but you will definitely suffer serious injuries!

Thinking of this, he picked up Yun Feilong's corpse and gave Chen Feng a sullen look.

Get up, ready to leave.

"stop."

A voice came from the center of the Immortal Temple.

[Chapter 4972: Kill! Kill!](#)

Chen Feng lazily looked at Yun Feihe.

"Did I let you go?"

Huh!

When everyone saw this scene, they couldn't help exclaiming.

Chen Feng is not going to let it go!

It seemed that he was going to investigate it thoroughly.

At this time, the disciples in the hall looked at Yun Feihe one after another.

I want to see how he reacts.

Not only did Chen Feng not be afraid of Yun Feihe, he even provoked Yun Feihe!

The hearts of everyone was undeniably excited.

Presumably, there will be a good show in the next Immortal Hall!

Yun Feihe held Yun Feilong's body and turned to look at Chen Feng.

His eyes, face, and all aspects revealed his emotions.

Yun Feihe smiled!

But nothing else.

He was irritated by Chen Feng's attitude.

"Do you dare to do it with me?"

Yun Feihe couldn't think of it. He originally planned to not pursue Chen Feng for killing his brother for the time being.

At this time, forget it for now.

However, Chen Feng actually came to the door!

Does he know what he is talking about!

"Why not dare?"

Chen Feng smiled coldly.

Now that he did it, he didn't plan to stay for future troubles.

He directly stepped forward, just blocking Yun Feihe's way out!

Want to turn big things into small things?

dream!

Today, he must ask for an explanation!

That Huangquan Shura bone jade must also be returned to his hand!

Not only that, but even the rewards that were spoken to Yun Feilong can't be less!

The war is about to start!

Chen Feng sneered, his fist moved forward.

Yun Feihe had been prepared for a long time, and he flashed back again and again, quickly backing away.

Chen Feng sneered: "Can you escape?"

If one trick doesn't work, then try another trick!

Chen Feng held both hands in the air.

Too on the Heavenly Swordsman Formation!

It's too late to say, then soon!

The black and white terrifying killing knife suddenly came out of its sheath!

With a single wave, forty-nine sharp sword intents were formed!

Obviously there is no physical blade, but no one dares to doubt the power of this martial art!

puff!

Yun Feihe was directly swept.

Spit out blood on the spot!

Finally a breakthrough was made, how could Chen Feng let it go!

He fell offensively again.

Once Chen Feng found a breakthrough, Yun Feihe's phalanx was in chaos!

While the fighting spirit became more and more high, while losing steadily, he was forced to step by step.

Seeing that Yun Feihe was about to die under Chen Feng's hand, all the disciples who watched the battle had a bad feeling.

Chen Feng is really a cruel person!

In front of Master Yun Feihe, kill him!

Some people couldn't help looking at the white-haired elders of Gaotai Mountain.

Pei Chengtian.

The supervising elder of the Xingtang.

At this moment, Pei Chengtian is old and solemn, with ravines on his face.

He was cold and indifferent, looking down at Chen Feng below.

As the most powerful supervising elder of the Xingtang, although Pei Chengtian is only the elder of the stars, he has a higher status than the other elders of the stars.

And he is Yun Feihe's master!

It is also Yun Feihe's greatest support.

If it weren't for Pei Chengtian's presence, how could Yun Feihe have such an encounter as the sky!

Right now, Yun Feihe was seriously injured by Chen Feng and lost.

If this continues, no doubt will die!

Everyone wants to know.

By now, does Pei Chengtian really intend to remain indifferent!

With such thoughts, someone looked at the high platform again.

"Huh? What about people?"

This time, the position where the white-haired elder Pei Chengtian stood before suddenly became vacant!

He stood up quickly, waving his sleeves is a huge force, and pressed it down.

The powerful force came in and directly flew Chen Feng out!

Landed at the gate of the palace.

In the Immortal Temple, the atmosphere instantly became weird.

Pei Chengtian finally did it!

Pei Chengtian scolded coldly: "Chen Feng, bold!"

"Such a heavy place, how can you allow you to mess around?"

Chen Feng sneered again and again, without fear, raised his head to meet Pei Chengtian's gaze.

"This elder, why can't I do it?"

Pei Chengtian spoke indifferently.

"The Galaxy Sword Sect has strict rules, and no killing is allowed among disciples."

"Oh?"

The corner of Chen Feng's mouth outlines a touch of mockery:

"Before, when Yun Feilong wanted to kill me, where were you?"

"Before, Brother Yun Family, where were you when I hacked my treasure?"

"Before, when the Yun family brothers bullied others and humiliated me, where were you?"

Three sentences in a row, the momentum is like a rainbow.

Like three slaps, it fell on Pei Chengtian's face.

Pei Chengtian looked ugly.

What Chen Feng refuted, couldn't say a word.

He is totally irresponsible.

Pei Chengtian said coldly: "You and Yun Feilong are both handyman disciples, and I don't care."

"But if you start with a formal disciple, the old man has to take care of it!"

Everyone laughed.

This is totally unreasonable.

Chen Feng calmly looked at Yun Feihe beside him, and curled his lips ironically.

"My brother is dead, don't you want revenge?"

The corner of his mouth was a little joking: "If you don't avenge today, you won't be avenged in this life."

"You should also know that my cultivation speed is not comparable to you."

"Now is the time when the difference in strength between you and me is the smallest!"

That's right, Chen Feng is flying over the clouds.

Yun Feihe trembled and clenched his fists.

He knew what Chen Feng was doing, and he also knew Chen Feng's purpose.

But unfortunately, he will be fooled!

"Chen Feng, you are looking for death!"

With a low growl, he rushed towards Chen Feng.

All considerations and reasons have been left behind.

As Chen Feng said.

This can be tolerated, what a man he is!

People live to fight for their breath!

Even if he endured it today, what happened today will become his demons on the road of cultivation.

Before, he could bear it and walk.

Because he can lie to himself.

Lie to yourself and avenge your brother later.

However, at this time, Chen Feng's words completely awakened his demons!

Lie to yourself, you can't do it.

Had to fight!

Chen Feng forced him to fight!

Inside the Immortal Dao Hall, the terrifying aura burst forth.

The air wave overturned a group of unsuspecting disciples.

A cold light flashed in Chen Feng's eyes.

dead!

The white-haired elder Pei Chengtian's face changed suddenly.

Want to stop, but it's too late!

Yun Feihe was determined to die and wanted to fight Chen Feng.

boom!

The entire Immortal Dao Hall burst into a loud noise again.

The voice even spread.

Even on the surrounding floating mountains, I heard the continuous movement here.

Inside the hall of immortality, dust fell to the ground.

Pei Chengtian stood up swiftly, angrily.

"Lazi dare!"

Before he finished his words, he directly urged all cultivation bases to kill Chen Feng.

Yes.

Chen Feng was the only one left in the audience, still alive.

Yun Feihe, die!

His most proud personal disciple, just died!

"Never!"

By Pei Chengtian's side, several elders of the stars changed their colors.

This Pei Chengtian, who has been the elder of the Xingtang for a long time, has become more and more unscrupulous!

He even planned to blatantly deal with the disciples who violated the rules.

Chen Feng, but that person's heart!

That person, no matter how unwilling, is also the master of the dignified sect!

[Chapter 4973: Old man](#)

How can Pei Chengtian compare?

However, among all the star elders present, Pei Chengtian was the strongest.

He was determined to wave his hand to crush Chen Feng.

No one can stop it!

The overwhelming coercion came straight to Chen Feng's facade.

At this moment, a sneer came.

"you dare!"

The irresistible supreme coercion was intercepted less than one meter in front of Chen Feng!

The situation actually reversed again!

Many handyman disciples have not had time to get up from the ground.

Hearing the sounds coming from outside the Immortal Temple, they turned their heads.

I saw a young woman, wearing a robe embroidered with stars, coming back against the light.

Pei Chengtian's face suddenly became more ugly.

He stared at the incoming person, and opened his mouth to say the person's name.

"Yue Xinlan."

It is the Yuexinlan of Tianshu Sword Sect!

"It turned out to be Yue Xinlan!"

The handyman disciples stared with surprise.

Although Yue Xinlan was the elder of Tianshu Sword Sect, it did not affect her image in the eyes of the disciples.

She is cold and indifferent, and has never cared much about sect disputes.

Concentrate on Taoism and focus on cultivation.

Unexpectedly, such an ice beauty would appear here.

From her appearance, she came to protect Chen Feng!

Yue Xinlan's face was cold and serious, and she stepped into the Immortal Temple.

"Elder Pei Chengtian, even if you are the supervising elder of the Xingtang, you probably don't have the right to kill the disciples in the faction at will."

Pei Chengtian temporarily stopped, a look of contempt appeared on his face.

"Why, the elder Yue wants to tell me that I can't kill Chen Feng?"

While speaking, Yue Xinlan had already reached Chen Feng's side.

She has delicate features and a graceful figure.

The most fascinating thing is the valiant appearance of her body.

Quite a female demeanor.

Even in the face of Pei Chengtian, she has no fear.

"I am here today, not just for myself."

With that, she turned around and looked outside the hall door.

As soon as her voice fell, a figure appeared again outside the hall.

"I heard someone killed Huangquan Shura?"

The distinctive drake voice made everyone in the hall frown.

However, the faces of the several elders on the high platform changed drastically.

Chen Feng looked at people coming.

The hair is messy and gray, with few sparse hairs.

The old man was less than Chen Feng's shoulders, he was lean and didn't have much muscle.

However, his body is also dressed in the elder star robe of the Galaxy Sword Sect!

And it's not just the star robe of the elder stars.

On his star robe, the embroidery of the first few stars is all enlarged.

Elder Tianhe!

Before everyone took a breath, the old man had already arrived in front of Chen Feng.

He looked at Chen Feng up and down, grinning sharply.

"It really is you. Hahahaha..."

He happily reached out and patted Chen Feng on the shoulder.

After a few seemingly random clicks, Chen Feng's face changed slightly.

This old man is extremely scary!

His strength is definitely stronger than all the elders here!

Even Yue Xinlan is inferior to him!

"Boy, I like you very much."

"From now on, you will be my apprentice."

When this was said, everyone's expressions were very strange.

Chen Feng looked at Yue Xinlan and gave an introduction.

Yue Xinlan noticed his eyes.

But there is no introduction.

She continued to look at Pei Chengtian on the high platform.

"I am only responsible for bringing people."

The old man didn't even look at Pei Chengtian, and threw himself at Chen Feng.

It's like looking at some baby.

Chen Feng glanced at the disciples around him.

Sure enough, someone knew the origin of this old man.

"Why is the old monster here?"

"who is he?"

"The strangest and most famous old monster of the Galaxy Sword Sect, Old Man Wu."

"I didn't expect Chen Feng to be attracted by him."

...

Chen Feng had a little bottom in his heart.

He looked at the old man Wu and spoke slowly.

"Sorry, I have already joined the Tianshu Sword Sect."

As soon as this remark came out, everyone was shocked!

Chen Feng is so bold!

Too strong, even the old monster dared to refuse, his courage is too great!

In the hall of immortality, there was no sound.

Everyone held their breath unconsciously.

You know, the old man Wu has a weird temperament and is very difficult to mess with.

Many rules in the Galaxy Sword Sect are all invalid to him.

There were rumors that a formal disciple who was highly valued at the time, somehow annoyed him.

Was directly disabled by a palm.

It was the disciple's master who appeared in person, and the old monster let him go.

In the entire Galaxy Sword Sect, the sect masters of the major sword sects may not even be able to deal with him.

Only a few people such as the current sect master can move him.

At the moment, Chen Feng opened his mouth and refused.

Will definitely annoy the old monster!

Pei Chengtian looked at Chen Feng with cold eyes.

It seems that the old monster can do it for him without him.

Old Man Wu stared at Chen Feng, his expression getting more and more excited.

Finally, he clenched his fist.

Pei Chengtian was overjoyed.

Unexpectedly, the old monster threw his fist, but it was himself.

He thumped his chest!

The expression on his face was even more regretful.

"Oh, oh! It's a step late."

He grabbed Chen Feng's hand and said excitedly: "It's okay, you can also be my apprentice!"

"You can go to my place more in the future."

In the hall, everyone looked at each other.

its not right!

It shouldn't be like this!

What is the ending?

Seeing this scene, Pei Chengtian's face was gloomy.

He took a big step forward with a serious expression: "Master Wu!"

"Chen Feng arbitrarily killed the official disciple of the Galaxy Sword Sect. According to the rules of the faction, he should be taken to the penalty hall and tortured severely!"

Pei Chengtian squinted his eyes and looked at Chen Feng.

"Chen Feng, follow me to the Xingtang."

The cold voice echoed in the Immortal Dao Hall.

Everyone shook their heads and sighed.

After entering the Xing Hall, can he come out alive?

It seems that Pei Chengtian is determined to kill Chen Feng!

The cold light in Yue Xinlan's eyes hits Pei Chengtian in front.

"you dare!"

The old monster also stopped and glared at Pei Chengtian.

He was much more direct than Yue Xinlan.

Hum!

Quan Sheng breath burst, directly pressing on Pei Chengtian.

In an instant, Pei Chengtian's face became extremely ugly.

Under the coercive pressure, his bones kept making noises.

If he hadn't taken a fight in time, I would have to kneel down at this moment!

"The surname Pei, what do you mean! Chen Feng is the old man I like."

"If you dare to let him into the punishment hall, the old man dare to let you into hell!"

Pei Chengtian, I'm scared!

He didn't expect that the old monster liked Chen Feng, even to such an extent.

However, it must not be forgotten.

Otherwise, what is his face today?

In the future, who would dare to follow him?

He tried his best to resist the mighty pressure, and said with difficulty.

"The rules...strictly!"

"Chen Feng...you must pay a price!"

The old man Wu laughed wildly and said, "Fuck your mother!"

"I don't care, don't think the old man knows nothing."

"With me today, who can move Chen Feng's finger?"

[Chapter 4974: Enter the outer battlefield!](#)

Seeing the old monster helping him out so much, Chen Feng was very moved.

Seeing this scene, Pei Chengtian had to look down the steps.

"It's okay if you don't go to the Xingtang..."

"But... the door rules must be implemented!"

"According to the rules... as long as you enter the outer battlefield... come back alive, you will be free from guilt..."

Pei Chengtian finished with difficulty.

No way, he had to compromise.

The old monster was determined to protect Chen Feng.

In the presence of such a special Elder Tianhe like Old Wu, he is still quite a bit short of the star elders.

The old monster tilted his head for a moment, and withdrew the pressure.

He smiled and looked at Chen Feng.

"This extraterritorial battlefield is a good place, you can go in and experience it."

"The old man is waiting for the good news of your victory return."

After speaking, he turned around and left madly.

Chen Feng looked at the people around him blankly.

Extraterritorial battlefield?

Where is that again?

Why are everyone's faces so ugly?

Even Yue Xinlan, who was standing next to him, looked very ugly.

The old monster is gone, Pei Chengtian straightened his sleeves, his expression cold.

"The older the elder, do you have any objections?"

With a sneer in his eyes, he wanted to see Yue Xinlan's joke.

Without the old man Wu, Chen Feng has decided on this extraterritorial battlefield!

Yue Xinlan showed an extremely struggling expression.

That old monster Wu Wu is like this.

What is a good place outside the field?

With Chen Feng's current strength, entering there will die forever!

But beyond that, there is really no other way.

Chen Feng did kill the official disciple Yun Feihe.

In the end, Yue Xinlan forcibly endured his emotions.

She looked at Chen Feng and whispered.

"The extraterritorial battlefield is outside this world, and in the void of the universe, there are various heavenly demons inside, extremely dangerous."

"Hey! Anyway, you must survive!"

After speaking, Yue Xinlan looked at Pei Chengtian coldly.

"Then lead the way."

...

Under the leadership of Pei Chengtian, Chen Feng and Yue Xinlan came to a nearby floating mountain.

This floating mountain is extremely small!

There is not even a front hall of the Hall of the Beasts,

Moreover, there is nothing on it.

There is only an arch made of a special material.

The arch is not big, it stands there.

But it seems to stand proudly on the horizon.

Above it, there is an endless boundless, solemn meaning, surging.

In front of the arch, the remaining surface of the floating mountain forms an altar.

Pei Chengtian and Yue Xinlan were standing on the other side of the arch.

Chen Feng entered the altar.

Along the way, Yue Xinlan gave him a brief introduction to the extraterritorial battlefield.

The extraterritorial battlefield is located outside the Xuanhuang Zhongqian World.

There are not only the disciples of the Galaxy Sword Sect, but also many people from other sects.

Of course, there are still a large number of various demon!

Now there is only one magic circle on this floating mountain.

Next, Chen Feng will be teleported to the outer battlefield by this magic circle.

What he has to do is to survive in that extraterritorial battlefield!

"However, you don't have to worry too much."

"Although the extraterritorial battlefield is huge, it is divided into several areas."

"There is an area belonging to our Galaxy Sword Sect called: Galaxy Low-Level Battlefield."

"This is where you want to enter."

"The demons here are not particularly strong."

Before departure, Yue Xinlan even gave Chen Feng a few white jade bottles.

"These pills can help you quickly recover your physical fitness and cultivation."

"Remember, replenish in time and stay vigilant at all times!"

"Come back alive!"

After Yue Xinlan finished speaking, Pei Chengtian was gloomy and cold, waving his sleeves high.

The surging power is projected on the circle.

boom!

The whole altar burst out with dazzling brilliance!

Chen Feng's feet began to shake constantly.

A strong breath of stars is coming!

Then, Chen Feng couldn't see anything.

He closed his eyes, and only felt that there was no space under his feet. In addition to the feeling of weightlessness, there was also a strong force that propped him up high.

In the arch, the light gathered, and a special passage slowly appeared.

At one end of the passage, the void was torn apart, and the breath of the vast star sea originated from this.

On the other end, radiant and bright, it leads directly to Chen Feng in the center of the altar.

Hum!

When the beam of light extended to Chen Feng's feet, the entire altar burst into extremely dazzling light!

After the light fell, Chen Feng was no longer in the altar.

He was teleported to the battlefield of hell!

When he stepped on the ground again, Chen Feng opened his eyes.

Entering the eye is an unbelievable picture.

The huge plain is vast, desolate and tranquil.

On the plain, there are inlaid meteorites of different sizes, making it look like the earth is pitted and rugged.

Looking into the distance like this, my intuition is extremely vague and crowded.

Looking up, there are huge elliptical stars on the cyan starry sky!

The dead star belt is studded with numerous rubble and meteorites.

too close!

Like it can be easily reached.

However, Chen Feng knew that even the one closest to him was far away.

However, all this in front of him made him truly aware.

This is the outside world!

And his location is a desolate and abandoned planet.

Just like the deserted ancient ruins of the year.

He traveled thousands of miles in one direction, and then he saw from a distance that there were huge mountains on the horizon.

He rushed forward hundreds of miles, and a cliff appeared in his sight.

The huge rift valley almost cut this vast land in half!

Here, it is still desolate.

Chen Feng moved forward for another two days.

At the end of the second day, he finally met the first person in this vast land.

The man is running hard!

Behind him, there was a three-meter-high black demon bird.

Chen Feng could tell at a glance that the man was wearing the clothes of a formal disciple of the Galaxy Sword Sect.

Although the official disciple of the Galaxy Sword Sect was rushing wildly, the distance between him and the black demon bird behind him was still getting closer.

Seeing to be caught up!

There was almost despair on the man's face.

At this moment, he saw Chen Feng!

Almost his eyes lit up, without saying anything, he rushed straight towards Chen Feng.

Chen Feng frowned, but didn't say anything.

When the black demon sparrow rushed in front of him, he threw a punch and attacked with all his strength!

Puff!

The black demon bird couldn't dodge, was directly crushed and fell to the ground.

Afterwards, its corpse turned out to be vaporized and disappeared out of thin air!

Chen Feng looked at all this in surprise.

"Thank you Junior Brother for your help."

The formal disciple was panting, but he was still a bit ethical.

Chen Feng happened to have a lot of things to ask him.

The other party quickly realized that this "junior brother" was here for the first time.

"This is the low-level battlefield of the Galaxy, and it is also the place where our disciples of the Galaxy Sword School usually try.

[Chapter 4975: war! Demon!](#)

"You mean, here?"

Chen Feng pointed to his feet.

"Do not."

The disciple raised his arm and pointed at a star field in the sky from left to right.

"It's all one billion li."

Chen Feng smacked his tongue.

He followed the guidance and looked up at the sky.

The countless stars and planetary belts above my head slowly revolve, large and small.

Zhou Tian's eyes are full of stars.

However, the planet here is not extremely far away.

With Chen Feng's current strength, he can see a little more clearly.

There are any terrains on different planets.

All are some deserted little planets.

Deadly silent, yet magnificent.

"Right. The first time you come, you must be careful of the demon here."

"The demons here are completely different from the demons you have dealt with in the past."

Chen Feng's attention was drawn back.

He opened his mouth and asked, "Why is it different?"

"They are too special, in every sense, they are very special."

"I heard that some can even transform the physical body into a spiritual body."

"All the abilities that owe me grief are all different."

"If you are not careful, you might not even know how you died."

The official disciple said so, and quickly left.

Thanks to Chen Feng, he has won a breath of time.

For him, this is enough.

Chen Feng watched him go away, secretly surprised.

On this abandoned planet, we must be cautious and tighten to this degree.

Is this the rhythm of the extraterritorial battlefield?

So fast?

As soon as he flashed away, suddenly, an extremely strong sense of crisis appeared in his unnamed heart.

Before he could react, Chen Feng relied on instinct to change his quirky figure again and again.

A few kilometers away from the original place in an instant.

Bang!

Taking the place where he originally stood as the center of the circle, hundreds of meters around him are all sunken.

A "meteorite" hit the ground straight.

Where's the meteorite!

Chen Feng was shocked, and immediately looked around.

I don't know, but at a glance, his hairs stand up and his heart is frizzy.

The "meteorites" that were originally "embedded" on the ground, at some point, floated densely in front of him!

The whole piece of void was obscured!

Chen Feng remembered the devastated earth just now.

Could it be that those "meteorites" that fell were not ordinary meteorites.

Is it a demon?

These demon looks very strange.

The body is like a ball, the whole body is gray, and the surface is also covered with pits.

It looks like a piece of meteorite.

At this moment, looking at Chen Feng, all of them suddenly opened their eyes.

In an instant, hundreds of pairs of eyes stared at Chen Feng.

Makes scalp numb instantly.

Is there such a demon?

The next moment, suddenly, the eyes of these meteorite demon flashed like a rainbow!

The extremely tyrannical mental fluctuations burst out!

In an instant, countless spiritual fluctuations, fiercely bombarded Chen Feng!

These meteorite demons turned out to be mental attacks!

The weapon is their eyes!

Moreover, this attack ability is quite powerful!

Before Chen Feng could think about it, he turned and ran.

joke!

There are hundreds of "meteorite" demons, to say nothing!

At least every one burst out with the breath of the third and fourth floor of the Star Soul Martial God Realm.

Strong, even reaching the breath of warlord level!

There are dozens of them in the fifth building alone!

Even if Chen Feng fights against a "meteorite" demon at the top of the fifth building, facing hundreds of them, he can only escape!

He ran all the way!

The "meteorite group" behind him followed all the way, getting closer and closer.

Chen Feng couldn't get rid of them no matter what.

"Fight!"

Now that the old monster has said it, it is very suitable for experience.

It's not a reason to escape as soon as you come in.

Moreover, the official disciple just said that this is just a trial place for the low-level disciples of the Galaxy Sword Sect.

Is he not as good as a low-level disciple!

"I still don't believe it!"

Thinking of this, Chen Feng suddenly turned around.

Buddha's angry eyes and roaring power!

The outline of the huge purple-white lion head suddenly opened its huge mouth.

In an instant, countless purple-white rays of light burst out.

Without waiting to observe the reaction of the other side, Chen Feng directly sacrificed the Heavenly Swordsman Formation!

Seamless connection!

boom!

Seven seven forty-nine black and white life and death sword intents, across the world, brilliance.

Power is even more powerful!

The giant sword appeared out of thin air, and all of them killed the "meteorite group"!

On every sword intent, there is a terrifying fighting spirit and coercion!

The entire void will oscillate with it!

After Chen Feng finished all this, he didn't even look at it.

Turn around and continue to escape!

Behind him, he heard the sound of heavy objects falling.

One after another.

Dozens of low-level "meteorites" demon of different sizes were pierced by the Heavenly Swordsman Formation and landed.

Chen Feng didn't turn his head back, and ran wildly.

After rushing out for hundreds of miles, he suddenly turned around again, doing the same.

Buddha's angry eyes and roaring power!

Immediately afterwards, once again sacrificed the Taishang Zhutian Sword Formation!

Another wave of inferior "meteorite" demons fell to the ground.

There are many more potholes on the barren and vast plains.

So, several times in a row.

Within half a day, when the last and also the largest "meteorite" fell to the ground, Chen Feng collapsed directly to the ground.

He is almost collapsed!

Such frequent, repeated, and continuous use of the Buddha's angry lion roar and Taishang Zhutian sword formation.

The cultivation base in his body was almost squandered.

With a few more such heavenly demons, Chen Feng must take the pill given by Yue Xinlan.

This is the extraterritorial battlefield!

Up there are a few warlord-level demon!

Until now, Chen Feng finally realized that the reason why Pei Chengtian wanted to exile him from the battlefield outside the domain was how vicious he was!

This is just the beginning!

Without time to think about other things, Chen Feng thought of the official disciple.

That disciple took all the time to regain his physical strength, it can be seen that strength is the only thing that can save his life.

Originally, Chen Feng planned to recuperate cross-legged, and quickly recover.

But suddenly, he was keenly aware of something.

He looked up at this vast starry sky.

In the sky, the power of the stars can be sensed.

He looked at the "meteorite" demon that had not dissipated after falling to the ground.

Get up and come to the nearest demon.

Chen Feng reached out.

The pure star power was directly sucked out by him!

Sure enough!

Chen Feng couldn't help showing ecstasy in his eyes.

He had this guess just now.

This place is so close to the starry sky, would the demon here also absorb the power of the stars?

Chen Feng cheered up and went all the way back, absorbing all the power of the stars in the dead "meteorite" demon!

It took half a day to escape and kill.

It took another half a day to absorb the power of the stars back.

Although, in this area, there is no difference between day and night.

No matter when, the world is so blue and gray, neither day nor night.

[Chapter 4976: Star Dan!](#)

After Chen Feng absorbed the power of the stars in the last "meteorite" demon, the corner of his mouth slightly hooked and his right hand spread out.

In the palm of his hand, five sparkling spheres flickered quietly.

This sphere, about an inch in diameter, seems to be true and illusory, and is imaginary.

Inside, there is a bright and powerful force surging!

This power is the power of stars!

"Is this Xingdan?"

Before coming in, Chen Feng heard Yue Xinlan say that there was a great harvest in the battlefield outside the territory.

It is Star Dan.

Killing the heavenly demon, the purest origin star power in the heavenly demon's body can be condensed into a star pill.

The star pill, after being absorbed and swallowed, can light up the star map.

Enhance the strength, the effect is excellent.

Far better than absorbing the blood of those **** monsters.

Chen Feng felt it for a moment and was immediately ecstatic.

It is full of extremely pure star power!

Chen Feng immediately began to absorb it on the spot.

Soon, the five star pill was absorbed.

However, above the star chart, no new stars were illuminated.

"It seems that five star pills are not enough to light up a star."

Chen Feng pondered.

However, the next moment, he was full of energy and ran straight to the distance to kill.

There are countless demons here!

It means that there are countless star pill!

Five won't work, then ten!

At this time, in Chen Feng's eyes, these heavenly demons had become a great tonic!

Although the heavenly demons here are not easy to deal with, if they can kill as many as possible, they will absorb the power of their stars.

Breakthrough again, just around the corner!

Chen Feng ran all the way.

This time, it was not an escape, but an active attack.

He desperately wants to continue killing the demons!

After flying for another half day, the landscape in front of him quietly changed.

No more pits and craters, full of meteorites.

It is like a hill, between the gentle ground, there are hills that are more than ten meters high, and even tens of meters high.

What happened here?

Chen Feng always felt that the shape of these small hills was a bit strange.

at this time.

boom!

With a dull loud noise, the earth suddenly cracked!

Chen Feng had quick eyes and quick hands, and quickly stepped on a boulder that was about to roll down, using his recoil to avoid the crisis in twos or twos.

The mutation happened too fast!

Suddenly, a huge hole opened in the good ground!

The whole hill is turbulent.

All the towering hills were cracked!

Afterwards, Chen Feng watched the rift valleys with his own eyes, like huge mouths stretching one hundred meters, one after another.

Seems to be waiting for him to fall into it.

boom!

Behind Chen Feng, the gully that had just opened, slowly closed again.

A small hill was formed again.

Chen Feng was horrified.

He looked at the ground under his feet, and suddenly had a bad idea.

Was it not a "hill" that was stepped under his feet, but a demon?

This thought just appeared in my mind, and the earth began to shake violently!

Chen Feng's line of sight became oblique at a speed visible to the naked eye.

He paled suddenly.

At this moment, Chen Feng finally understood what the official disciple said.

The demons here are indeed special.

They live under this starry sky, and what they absorb is the purest power of stars.

Unlike those demons, these demon types are more diverse.

For example, the two encountered now.

The "meteorite" demon just now, each one is not extremely strong, but there are a lot of them.

If it weren't for Chen Feng's martial arts with group attack effects, he would definitely die if he fought alone.

The current "Rift" Demon is even more so!

The entire area under your feet quickly lifted forward, undulating from the original hills, and instantly turned into cliffs!

The boulder rolls down, the earth shakes the mountain!

Chen Feng quickly retreated.

Just after quitting thousands of miles backwards, the "precipices" in front of him suddenly cracked huge ravines again!

These gullies are several miles long, and the shortest are only a few hundred meters short.

What is even more frightening is that from those gullies, powerful suction quickly appeared!

Several suctions quickly converged, and almost a moment later, an air vortex visible to the naked eye was formed!

A few hundred miles in the front of the earth, all sand and rocks flew wildly.

Even the clear starry sky has become chaotic and blurred at this moment!

There is nothing superfluous where you can see.

Chen Feng tried his best to resist, but still in vain!

He couldn't find any place to rely on!

This "hills" is still plain at all.

Even, why it was Plain, Chen Feng probably had a guess in his heart.

He lay on the ground, with his fingers facing the ground, struggling to penetrate.

In the face of this special "rift valley" demon, all the martial arts and hole cards he can use are of no use.

While Chen Feng tried his best to resist the horrible suction, his mind was running fast.

Soon, he discovered the details!

The "rift valley" demon behind him was extremely terrifying.

However, its moves are not many.

The main thing is to disguise as a landform, set up traps, and then the current suction.

Therefore, although it is extremely strong, it is only an ordinary warrior level!

If you can resist this suction, it might not be difficult to face this special demon.

The key is how to resist the other party's killer.

At this moment, the earth shook again!

Chen Feng's spiritual consciousness spread out and quickly swept in the direction behind him.

Suddenly my heart burst!

"Oops!"

He had a thousand fortunes, but he didn't expect this "rift" demon to move!

Looking from a distance, the complete cliff, for hundreds of miles, moved slowly in the direction of Chen Feng!

There are constantly boulders falling from the cliffs, and they are quickly sucked back into the demon's body.

The scene is too shocking!

Chen Feng lowered his face and quickly pulled his arm.

With his body separated from the support of the ground, he was instantly sucked towards the "rift valley" demon behind him!

It is not wise to fight a war of attrition with such a special demon.

It can absorb the power of the stars and continuously replenish physical energy.

But Chen Feng can't!

That being the case, then break the boat!

If you don't get into the tiger's lair, you will get a tiger!

The distance of thousands of miles is fleeting.

Chen Feng adjusted his posture in the air, and immediately attacked when he was about to be sucked into the biggest gully!

Too on the Heavenly Swordsman Formation!

Forty-nine life and death sword intents quickly condensed into a giant sword in the whirlpool of air current!

This giant knife is bigger than any one he has sacrificed before!

It's still black and white, one side is born and the other side is dead.

But at this moment, Chen Feng felt that he had suddenly entered a very mysterious realm.

No matter how strong the suction is, it can't interrupt his comprehension of the current mood!

I saw Chen Feng's veins violently rise, and he quickly turned over in the air.

The body shape change is unprecedentedly flexible!

He stretched out his hand and held the giant knife tightly!

Then, under the sky, there was a loud roar.

"Break it for me!"

After the roar, the giant knife drove the surrounding void, abruptly cutting off the huge air current vortex close at hand!

[Chapter 4977: The star chart shines! Light up the first star!](#)

Difficult, but firm!

Cut it with a knife!

boom!

The nearby void vibrated.

The vast and majestic killing intent, surging surgingly, hit the biggest rift ravine with a horizontal push!

One knife, one hundred miles!

The suction suddenly disappeared.

Chen Feng fell to the ground with blood.

He gasped, watching the starry sky in front of him.

This knife directly extracted most of his power!

However, it has exploded with great power!

At this moment, Chen Feng was extremely happy.

Just now, he clearly felt that his mastery of the Taishang Zhutian Sword Formation had taken another step!

Crunch!

In front of his feet, a dull loud noise continued to sound.

Chen Feng propped up and stood up.

He looked at the mighty "precipice" in front of him.

At this moment, it is falling apart.

He guessed it right!

The flesh of this kind of demon is not even a flesh.

The degree of hardness is almost comparable to the real earth.

The stronger the external defense, the more often it is to protect the fragile internal.

Sure enough!

With this shocking slash, Chen Feng chopped it down when the gully opened the most.

It directly hit the deepest part of this demon.

Rumble!

This time, the "rift valley" demon has completely become a rift valley!

Chen Feng stood in front of a large pile of boulders and stretched out his hand.

The power of countless stars, gushing out of the boulder, was absorbed by him.

Just this celestial demon gathered ten star pill for him!

Chen Feng absorbed it again.

When the fifth star pill was absorbed, the star soul space shook suddenly.

The dazzling light burst out instantly.

Chen Feng narrowed his eyes, and after opening it again, his face suddenly changed.

At this moment, a star lit up on the huge star map that was originally dim!

Star map, alive!

The first star on the star chart is lit up!

The star map at this moment is quiet but solemn!

It looks like a picture, but it also looks like a world.

One, lonely, desolate, primitive universe!

In this world, everything is cold and dead.

But now, there is a star, and it is vigorously releasing the power of the stars!

Chen Feng looked up and looked far away.

Suddenly, tears flowed from his eyes.

This is not his original intention, but it is a kind of joy for the new born from the heart!

His star map is no longer a deadly "map" from this moment on.

It's the prototype of Xinghai!

He felt that he seemed to have a universe!

He looked at the star map in front of him.

Above, there are at least three hundred and sixty stars!

In other words, three thousand six hundred star pills are needed to light up all of them!

Chen Feng was very excited.

He shouted excitedly in his heart.

"My star map will not be limited to this!"

"I will light up all the stars!"

"I will continue to expand the star map!"

Chen Feng put away his excitement and took out the white jade bottle given by Yue Xinlan.

After taking a pill, he quickly returned to a state of heyday, even a bit stronger than before.

He looked into the distance firmly.

"Devils, wash Lao Tzu's neck and wait!"

Chen Feng's lips curled up, his face was full of excitement, and he set off again!

In the next few days, Chen Feng encountered many demon.

There are also weird shapes and more conventional ones.

However, every head is a general level!

Each has its own characteristics.

Chen Feng kept fighting, harvesting their star power.

Constantly condense the star pill to light up the stars on the star chart.

Seven days later, a blood-covered Chen Feng crawled out of the pile of corpses of the heavenly devil.

After he absorbed the power of the stars, the drop of blood that urged the great Asura to absorb all the blood of the demon in front of him.

Whether it is the power of the stars or the blood, Chen Feng will not waste it.

Chen Feng urged that drop of Asura's natural blood.

That drop of brilliant red natal blood had previously been wiped out by the natal blood of the Great Demon of the Sun and the remaining spiritual consciousness.

Under Chen Feng's guidance, it quickly absorbed all the blood of the demon in front of it.

The light came on.

These special blood is really very useful!

Chen Feng's eyes were full of smiles.

If it can continue to absorb some Heavenly Demon Essence Blood, this drop of Great Asura Essence Blood will have an incredible improvement.

At that time, give the artifact fragments for blood quenching.

Will be able to create a unique magic weapon!

After the corpse of the demon was completely used, Chen Feng looked at the ruins at his feet.

It was another abandoned planet, completely swept away by him.

He raised his head and looked up at the stars.

"Just you."

Focusing on the nearest planet, Chen Feng suddenly stepped on the ground and flew up at top speed.

In an instant, tens of thousands of miles away from the abandoned planet.

Thirty stars in the star chart have been lit up!

Chen Feng looked at the closer and closer planet, still surging with excitement in his heart.

"Don't let me down!"

Whenever he thinks of the stars on the star chart in his body being lit one by one, Chen Feng immediately speeds up.

Almost cut through the void, a bright light was drawn above this starry sky.

Bang!

Chen Feng smashed and landed on the new planet.

The earth is cracked!

A terrifying giant pit was instantly smashed!

Before Chen Feng could react, a roar suddenly sounded from a hundred miles away.

Someone!

Chen Feng immediately got ready, taking advantage of the undecided dust, quickly shifted his shape and changed his shadow, and approached the sound source.

Before he could really see it, suddenly, his heart shook.

A strange feeling rose in his heart.

Desolate, lonely, as if traveling across the universe, across the eternal age.

Chen Feng is no stranger to this feeling!

He was refreshed, his eyes were clear, and he immediately accelerated and rushed away.

Witch!

This was how he felt when he first met the Wu Clan!

The distance of a hundred miles is fleeting.

Chen Feng saw the roaring figure for the first time!

The black robe was added, waving strangely.

The yin and evil aura on the body is strong, and the whole body is full of killing!

They can be seen from a distance of ten meters tall.

It's definitely a witch!

As soon as Chen Feng saw the outlines of those figures, he felt a bit of ancient and wild aura.

That is the feeling different from the demon way and the right way.

Full of mystery, evil and ancient feelings.

When Chen Feng saw them, the witch demons also turned around and saw Chen Feng.

Fierce, cruel, bloodthirsty!

But it feels a bit more heavy and wild!

Chen Feng was very surprised.

Unexpectedly, there are still witches in the battlefield outside the territory!

However, after a moment of surprise, Chen Feng was relieved again.

The witches are descendants of some special races in ancient times, with strong bloodlines and extremely talented.

The cultivation method is completely different from that of ordinary righteous monks.

It's not too surprising to come to an extraterritorial battlefield.

The three Wu clan in the distance saw Chen Feng only one, and they were suddenly excited.

The brutal and bloodthirsty breath broke out.

That kind of paradoxical feeling strongly impacted Chen Feng.

These three witch races all have the strength of the fourth floor of the Star Soul Martial God Realm!

[Chapter 4978: Master demon!](#)

However, Chen Feng was not afraid.

It just happened!

His Great Witch Blood Pool has been dry for a long time.

Great earthquake trembled!

Three evil demons of the witch race came from three directions, and at the same time moved towards Chen Feng.

If this situation were encountered a few days ago, Chen Feng might also consider circuitous tactics.

And now, the corners of his lips curled up coldly.

A cold light flashed.

Heaven and earth repeatedly reincarnate magic power!

In the space of heaven and earth's repeated reincarnation magic arts, a round of huge erected blue pupils flashed.

In the next moment, the three evil demons of the witch clan suddenly trembled in front of them, unable to see the others.

The unparalleled strong mental impact, ferociously crushed their spiritual world!

Chen Feng took the opportunity to shoot again.

Too on the Heavenly Swordsman Formation!

A huge black and white long knife suddenly condensed in the air.

As soon as Chen Feng grasped it, his wrist shook his head.

Sweep out!

In the ears of the three witches, it seemed as if they heard thousands of troops coming to fight.

I want to struggle, but my spirit is slow.

The body seemed to be out of control and froze in place.

Just a few moments, enough to determine life and death.

The black and white long knife cut a gap of thousands of meters, and slaughtered three witches.

Ruby-like blood, as the corpse fell to the ground, surfaced.

Chen Feng was overjoyed and sucked directly into the body.

Soon, the dried-up Great Witch's Blood Pool was once again covered with a shallow layer of blood.

Chen Feng got up, flew in one direction and shot at extreme speed.

Just now, when he used the heaven and earth repetitive reincarnation magic, he detected it.

There are many evil demons of the witch race on this planet!

For others, this may be bad news, which means trouble and danger.

However, for Chen Feng, this place is simply a mobile blood bank!

He rushed into the distance and fought hard!

In the great witch blood pool, the essence and blood slowly filled up.

Ten days passed in a blink of an eye.

Chen Feng was constantly killing, absorbing the power of stars, and harvesting star pills.

The star map in his body is even more lit up to more than one hundred and fifty!

As these stars are constantly lit, Chen Feng's cultivation is constantly improving.

Although he never broke through to the third floor of the Star Soul Martial God Realm, it was just around the corner.

Now he can kill the opponent in the fourth floor of the Star Soul Martial God Realm without having to transform into the Great Witch Eucharist!

After transforming into the sacrament of the great witch, he is even a master who can crush the fifth building!

Even, it is almost possible to fight against the sixth floor master of the Star Soul Martial God Realm!

However, what surprised Chen Feng most was that after these days of continuous fighting.

He has a better grasp of the Buddha's angry eyes, lion roar, and Taishang Zhutian sword formation!

Previously, these two martial arts had improved.

But Chen Feng did not fully grasp it.

And through so many days of uninterrupted actual combat and fighting, the new power of these two martial arts can be completely released.

Even the power has faintly surpassed the Great Witch Eucharist!

With these trump cards, Chen Feng now dares to fight even if he is a master of the sixth floor of the Star Soul Martial God Realm!

boom!

Another demon fell in front of him.

As usual, Chen Feng absorbed the power of the star soul and condensed the star pill.

Very far, a figure quickly approached him.

Chen Feng's spiritual sense came out.

He was the official disciple of the Galaxy Sword Sect who had been saved easily before.

"It's really you!"

"why is it you again?"

Chen Feng frowned.

The disciple came to Chen Feng with surprise on his face.

"These days, I have gradually heard that a madman has appeared on this low-level battlefield in the Galaxy."

"The recent newcomer, I have only seen you one."

"Unexpectedly, it really was you."

The disciple looked at Chen Feng and couldn't help feeling.

"It's only been a few days, your breath is stronger."

Chen Feng put away the ten newly condensed Star Pills and turned to look at the incoming person.

This time, that disciple was not as embarrassed as before.

He was dressed in star embroidery costumes of the Galaxy Sword School, and he was well-dressed and refreshed.

Compared with the previous days, his breath is also much stronger.

Chen Feng chuckled slightly.

"You are not the same."

Hearing what Chen Feng said, the man smiled.

"How can I compare with you!"

"Do you know what others say about you?"

"Any planet you have traveled, all the demons have been wiped out."

"My promotion is pure fluke."

The other party laughed, with both hands, he announced his family.

"Open Yang Jianzong in Xia, Chu Yanzhi."

Chen Feng thought for a while and replied: "Tianshu Jianzong, Chen Feng."

Hearing Tianshu Jianzong, Chu Yanzhi's eyes flashed with surprise.

However, he quickly recovered his expression.

However, the fleeting contempt was still fully seen by Chen Feng.

"Unexpectedly, you turned out to be a member of Tianshu Sword Sect."

Chen Feng doesn't like this person.

Chu Yanzhi's cultivation base is above him.

There is the fifth floor of the Star Soul Martial God Realm!

Since I can live till now, I must have a lot of cards.

With such strength, even if he saw Chen Feng at that time, he should immediately find out what his cultivation level was.

If it weren't for the extremely powerful physical strength of Chen Feng, he would also have a lot of hole cards.

That day, he became a shield that Chu Yanzhi picked up casually!

However, reach out not to hit the smiley person.

Chen Feng stopped talking and turned to look into the distance.

The devil on this abandoned planet has also been wiped out by him.

It's time to set off for the next planet.

At this moment, a sudden change occurred!

A ray of light lit up in the sea of stars.

Like lightning, but as bright as fireworks, they rushed straight in the direction where Chen Feng and Chen Feng were!

At the same time, the terrifying and overbearing coercion was suddenly suppressed!

Chen Feng fought back for the first time, and the blood pool of the great witch in his body surged.

His whole body is glowing with golden light, and he will transform into a great witch sacrament at any time!

Bang!

A dull voice sounded in his ears.

Chen Feng's spiritual consciousness leaned toward the side, and his expression suddenly changed!

Chu Yanzhi, who was still standing next to him just now, seemed to be possessed of a demon, and became crazy.

The fierce coercion did not hinder him in any way.

On the contrary, a strong and domineering aura instantly emerged from his body.

The strength of the sixth floor of the Star Soul Martial God Realm!

Chen Feng was surprised, and quickly probed Chu Yanzhi's cultivation realm again.

There is indeed only the fifth floor of the Star Soul Martial God Realm.

The outbreak just now should be some kind of hole card!

How could this be?

Without waiting for Chen Feng to think too much, Chu Yanzhi snarled and roared next to him.

"Dead! You die for me..."

He seemed to have been caught in an evil spirit, his eyes were out of focus, and he vacantly moved in a certain direction and attacked randomly.

Above the sky, a woman suddenly laughed exquisitely.

Like the sound of the empty valley, Ying sang a hundred turns.

Crisp, with infinite charm!

Chen Feng suddenly looked up.

The visitor wore a long purple dress, with a graceful figure and a curvy body.

Her facial features are exquisite and beautiful, her thin lips are purplish red, evil and charming!

Chen Feng noticed that her forehead and corners were different from those of ordinary humans!

Magic horns!

He was shocked, and his heart was full of chills.

This existence that appeared suddenly is actually a demon!

[Chapter 4979: Succubus](#)

In front of her, even though Chu Yanzhi had a lot of cards, he seemed to have been hit by a demon, completely losing his combat power!

how did you do that?

Chen Feng could tell that from beginning to end, this graceful demon commander did not perform any mental attacks on Chu Yanzhi.

However, looking at Chu Yanzhi's reaction, it was clear that he was caught in some kind of mental trap.

If it hadn't been for Chen Feng to use the heaven and earth to repeatedly explore the magic of reincarnation, he confirmed that the planet under his feet did not have such a witch.

She is from outside the sky, from other planets.

Otherwise, just based on the current picture, Chen Feng would definitely think that Chu Yanzhi was caught in some magic circle.

The purple skirt demon will slowly land.

Seeing Chu Yanzhi who was crazy not far away, she giggled, bending her coquettish smile.

"Kill my whole family, destroy my people, why are you still alive! Why are you still alive!"

Chu Yanzhi roared frantically.

Eyes are blood red!

Although he is not a terrific genius, he is thoughtful, ruthless and calm enough to be considered a brilliant man.

But now, he is like a crazy tiger.

The previous calculations and calmness were swept away.

At this moment, he seemed to be caught in a certain memory.

There is no doubt that those memories must be false!

And the source of all changes must come from that purple skirt demon general!

Thinking of this, Chen Feng's face was cold, his eyes flashed, and he suddenly shot.

Chao Chu Yanzhi shot!

However, it is not to kill, but to save!

Heaven and earth repeatedly reincarnate magic power!

The huge blue eyes sparkled instantly in the heaven and earth's repetitive reincarnation magic space.

The strong mental shock swept through Chu Yanzhi's spiritual world quite skillfully this time.

Not much lethality.

In the next moment, Chen Feng 'sees' that he is in Chu Yanzhi's spiritual world.

There was a group of purple light floating in it.

Above it, purple silk threads are connected to all parts of Chu Yanzhi's spiritual world.

Above, there was a heavy mental wave.

Obviously, this is the ghost of this thing!

Chen Feng's mind moved, heaven and earth repeated reincarnation magic, crashing!

The blue light shone past and hit the purple light fiercely.

In an instant, the purple light trembled!

Then, it broke!

Can't withstand Chen Feng's bombardment at all!

When it was broken, Chen Feng clearly heard it, and a scream came from inside!

next moment!

Chen Feng's spirit withdrew.

Chu Yan let out a loud roar, stepped back, panting heavily.

His random attacks stopped instantly, and his eyes became clear.

And the witch in the purple skirt made a muffled snort.

His whole body trembled, and there was a flash of blood in his eyes.

She stared at Chen Feng, her eyes instantly full of killing intent!

Chu Yanzhi saw everything in front of him again.

He panted heavily, turned his head ugly, and stared at the powerful purple skirt witch.

"Succubus!"

With a hoarse voice, Chu Yanzhi shouted out the demon commander's race word by word.

"What is a succubus?"

Chen Feng asked softly.

His question just interrupted the laughter of the witch in the distance.

Chu Yanzhi's heart was lingering, and he dared not look there anymore.

He quickly introduced: "They are just one of the special demon I mentioned earlier."

"The planetary succubus, it's hard to distinguish between male and female."

"Don't look at her as a **** stunner now, maybe she will become a hundred-meter giant in a second."

"The most terrifying thing is that they can perceive the deepest thoughts in each other's hearts."

"Many of the secrets that we don't necessarily know, as long as they are buried deep in our hearts, they can all be perceived."

Speaking of this, Chu Yanzhi's face showed regret.

"I was just learning about it, and I was confused by the illusion she created."

"Thank you, Junior Brother Chen, for the rescue again."

Chen Feng nodded.

He looked at the succubus in front of him.

The cultivation base is around the fifth floor of the Star Soul Martial God Realm, which is not high.

However, facing the confrontation between Chen Feng and Chu Yanzhi, it didn't look surprised.

He even covered his mouth again and let out a crisp laugh.

Chen Feng listened to her laughter, and an extremely uncomfortable feeling rose in his heart.

It is like the spiritual world, unconsciously, quietly wrapped by an invisible giant net.

Restrained, uncomfortable, bored.

Just having this feeling, Chen Feng's heart suddenly shocked.

He immediately retreated dozens of miles away.

I saw the succubus leaving an afterimage where it stood.

At the moment Chen Feng retreated urgently, he appeared where he originally stood.

"Tsk, you ran away again."

A trace of dissatisfaction appeared on the face of the succubus.

However, she turned to laugh again.

"Fortunately, there is one more."

Chen Feng was shocked, and suddenly looked at the side of the succubus.

No, Chu Yanzhi didn't have time to escape!

With a wailing sound, Chen Feng watched Chu Yanzhi's eyes lose focus again.

This time, he got worse, completely crazy.

The bewitching succubus lifted his wrist lightly and waved at him slowly.

Before Chen Feng had time to rescue him, he could only watch Chu Yanzhi cut his life.

Although, Chen Feng didn't like Chu Yanzhi.

But it's not a revenge.

Moreover, the only person Chen Feng knows in the extraterritorial battlefield is him.

Chu Yanzhi's cultivation base is not lower than the succubus in front of him, and he also has rich hole cards.

Despite this, there is still no power to fight!

There were alarm bells in Chen Feng's heart.

The opponent's special ability is really too difficult to deal with!

On the whole desolate and vast land, only Chen Feng and the swaying succubus were left at this moment.

Chu Yanzhi is dead, the next one is him!

Chen Feng kept reminding himself that everything he saw next might not be true.

Don't get caught!

Seeing Chen Feng's solemn face, the bewitching succubus giggled again.

"What are you nervous, I won't eat you again."

Chen Feng's heart is firm, facing such a stunner, it is like treating a pink skull, not happy or sad.

"Small bugs, how can you hang your teeth!"

Before he finished his words, he hurried forward, quickly approaching the succubus.

Suddenly, the bewitching succubus disappeared.

Instead, there is an oncoming monstrous attack!

Chen Feng subconsciously pulled away to avoid him, and when he reacted, he secretly said something bad.

Still won!

This bewitching succubus was really capable.

Chen Feng stopped and stood sideways, staring at the man in front of him coldly.

Tu Yuwu!

Seeing the familiar face again, Chen Feng's heart still inevitably filled with bloodthirsty killing intent.

Everything in the past is on my mind.

Time and space seem to look back, returning to the Ziyang sword field back then.

That day, when I was humiliated by the average-sized, ordinary-looking youth in front of me.

He was forced to break his legs and fell to the ground.

With all eyes in sight, Chen Feng was severely stepped on his face with a foot.

The humiliation of being crushed and humiliated at that time fell on his face along with the dust on the ground.

[Chapter 4980: The softest corner in Chen Feng's heart](#)

Also deposited in the deepest part of his heart!

The crazy roar and painful vent at that time are still vivid.

However, Chen Feng did not lose his mind.

Since just now, he has quietly operated the heaven and earth reincarnation magic.

Although, it still couldn't completely prevent the special ability of the succubus, being watched into his heart.

But somehow he kept Dao Xin.

At this moment, Chen Feng was not completely dazzled by hatred.

He crossed his eyebrows coldly at Tu Yuwu, still having a murderous intention in his heart.

However, Chu Yanzhi's appearance kept alert in Chen Feng's heart.

If he rushed, he would definitely be the same as Chu Yanzhi, in vain and wasting a lot of hole cards.

It's better to explore the truth first.

Soon, he found the flaw.

Tu Yuwu in front of him just stared at him with a cold contempt and smile.

Nothing happened.

Chen Feng's heart gradually turned into Qingming.

He sneered.

"You want to deal with me based on a false illusion. Your wishful thinking is too beautiful."

Divine consciousness constantly probed the surroundings.

Suddenly, Tu Yuwu moved!

He rushed towards Chen Feng quickly, his strength was stronger than ever!

"coming."

Chen Feng's heart moved, and the sword of life and death was condensed in his hand.

Tu Yuwu's attack is immense!

It seemed that everyone in the world could not wait to see him launch an attack.

This is not the style Tu Yuwu would usually do.

Chen Feng took the initiative to greet him, his fierce killing intent became stronger and stronger, and there was a faint breath that was close to the stars.

Seeing such an imposing Chen Feng, the bewitching succubus's smiley face that had been hiding in the darkness suddenly solidified.

At this moment, it instantly withdrew from Tu Yuwu's disguise.

In the next second, Chen Feng swung his knife and directly split Tu Yuwu into two.

Chen Feng looked at the gap for a moment and then locked the position of the succubus.

The figure whirled, drawing a strange arc in the air.

He rushed directly to where the succubus was!

So fast!

This succubus also pretends to be invincible.

In this extraterritorial battlefield, there were not thousands and hundreds of disciples killed.

However, there has never been a response so swiftly as Chen Feng.

It forced it to attack with all strength!

The bewitching succubus frowned and gritted his teeth, his fingers tumbling and beating fast in the air.

Suddenly, it smiled evilly.

"The enemy is willing to kill, so...what about the relatives?"

The invisible hidden thread has already penetrated this sky.

It didn't take much effort to get a glimpse of Chen Feng's inner picture of his "kind".

Searched around, but disappointed it.

In the thinking of the man in front of him, there is no such thing as a relative!

If you really want to count, there is only that...

Thinking of this, the Succubus completed the change at the moment it moved.

Its external image instantly becomes as tall as a mountain, magnificent!

It was just a flash of time, and Chen Feng only felt a flash in front of him.

Immediately, he split the figure into two halves, and instantly merged.

However, it has become another person.

The moment he saw the person in front of him, Chen Feng's eyes turned red, and his whole body burst into a terrifying murderous aura!

At this moment, Chen Feng seemed to be shrouded in endless blood and fire.

It looks like a demon **** from hell.

Cloud, broken, sky!

The new figure in front of him turned out to be his "good father", Yun Potian!

Chen Feng would never forget. That day, he rushed outside the Tianwu Army camp and saw the hell-like scene of Shura.

Pile of corpses into mountains.

Every head is his closest and most trusted brother!

A small wind with a stern head looking at the sky, a centurion with a broken heart waiting for him to return...

Cloud breaks the sky!

All this is from his hands!

At this moment, Chen Feng was silently furious.

"Yun Po Tian" standing in front of him showed strange love on his face.

It seems to be provoking, and it seems to be coercing.

Chen Feng burst out loudly.

Almost connected to the knife, stepped forward and slashed with a backhand!

Three points faster than before!

Compared to Tu Yuwu, his hatred for Yun Potian is endless!

The face of the succubus changed drastically.

What's the matter with this kid?

Even my father can hate it like this, and kill him with a knife.

She did not know that Yun Potian was not Chen Feng's father at all.

The burly and domineering figure was cut in half with a knife, but fortunately, the succubus got out in time!

Soon, it found a figure again.

"I don't believe it, you will be so ruthless this time!"

The bewitching succubus gritted his teeth and secretly said, and in the next second, it quickly lost weight!

Chen Feng's hand holding the knife suddenly stopped in the air.

The image in front of me has changed again!

Dressed upright in a blue robe, he was tall and thin and handsome, and he was looking at Chen Feng with a smile.

As in previous years, this person looked at him lovingly, with deep concern in his eyes.

The life and death long knife in Chen Feng's hand melted like ice and snow.

This time, Yan Qingyu turned into Chen Feng's master!

Chen Feng's heart was shaken, and his whole body was shocked.

He cried out, "Master!"

How to fight this!

Chen Feng's face immediately showed a rare ferociousness.

At this moment, he was extremely angry.

Yan Qingyu is his master and close relative.

At the same time, it is also his reverse scale, and is his softest place.

You will be angry if you touch it!

However, if you want him to face the master at the moment, even if you know in your heart that all of this is false, it is difficult to do it.

Seeing Chen Feng's various reactions, the confusing succubus hiding under the mask finally showed a smile that got what he wanted.

"Struggle! Finally caught your weakness!"

Chen Feng condensed the black and white giant sword several times.

Clenched several times.

Looking at the familiar face, he still couldn't bear it.

However, he couldn't bear it, the other party wouldn't!

"Yan Qingyu" still had a cordial smile, but at the same time, he suddenly issued a powerful trick.

No hesitation to start!

The mighty coercion rushed towards Chen Feng.

Chen Feng's eyes were already bloodshot.

He is extremely unwilling to fight back.

But I have to pay it back!

This one in front of you is not his master.

If it is a real master, he will never be shot.

To him, Yan Qingyu is his closest relative, even closer than his family.

The same is true for Master!

Chen Feng retreated again and again.

No longer let those tricks hit him like before.

However, there was no counterattack.

He just kept defending and evading.

In the process of stalemate and roundabout, strive to find a breakthrough.

Earlier, Chen Feng had already found out.

The special abilities of the succubus are mainly in two aspects.

One is to watch people's hearts and project them to the parties.

Another one is disguise!

The illusion projected on the subject will not launch an attack.

Only when it becomes a figure in the illusion can it attack the person.

However, based on the characters projected by the Succubus just now.
