

Peerless 4981

[Chapter 4981: Wield a knife! Heartbreaker!](#)

It can only see what kind of relationship exists between people, but it cannot see in detail whether this person has a deeper relationship with the person involved.

Nevertheless, it is still very difficult to solve the "Yan Qingyu" in front of him.

Chen Feng almost squandered his physical energy.

Until the last moment, I can't bear it anymore.

This dream should also wake up.

With tears in his eyes, Chen Feng struggled to reach out.

The black and white long knife condensed out of thin air was instantly held in his hand.

He looked at "Yan Qingyu" ahead, and after struggling several times, he finally waved his arms high.

All the cards are out!

Accompanied by the "Yan Qingyu" in front of him disappeared suddenly.

Chen Feng knelt on one knee, feeling unable to recover for a long time.

At this moment, he almost forgot, "Yan Qingyu" was defeated.

But the succubus still exists!

Seeing Chen Feng's loss of power, the succubus became ecstatic.

The strange and cold laughter echoed under the sky again.

As "Yan Qingyu" dissipated, the succubus finally found Chen Feng's line of defense in an instant, and it loosened in an instant.

It only took a moment, her fingers quickly tapped in the air.

Countless hidden lines invisible to the naked eye can break through Chen Feng's spiritual defense.

The previous phantom characters are not difficult for the succubus.

Similarly, for Chen Feng, he can clearly realize that these are illusions.

Once you break through the spiritual defense, the opponent's real weakness will be exposed!

Use shallow-level phantom characters to stimulate the opponent, thereby breaking through the opponent's mental defense line, thereby giving a killer blow.

The succubus clan can even cross several realms to kill each other by relying on this conventional combat mode!

Tried and tested!

Chen Feng's spiritual defense only loosened for a short while.

This made the succubus in front of him secretly surprised.

Even the powerhouse of the seventh and eighth floor of the Star Soul Martial God Realm does not necessarily have the powerful mental power of Chen Feng.

However, this surprise only lasted for a moment.

In the next second, the Succubus gave a triumphant smile.

Through Chen Feng's spiritual defense line, it hurriedly saw a tall figure!

It's him!

boom!

The earthquake trembled and the dust scattered.

Chen Feng was awkward and focused, raising his head and looking forward.

The original "Yan Qingyu" is gone, replaced by a young man!

Dagon wears a crown and a crown of heaven.

The youth had a solemn expression and extraordinary bearing.

As long as he stood there, he felt a kind of domineering and majestic.

As if this person was born an emperor!

At this moment, the young man and Chen Feng looked at each other, his eyes were neither happy nor sad, indifferent and solemn.

The most important thing is that this person and Chen Feng are six to seven points alike!

Everyone thinks at a glance that they are close relatives.

Sure enough, Chen Feng's face changed drastically the moment he saw this young man.

In the heart of the bewitching succubus, there was already a smile in his hands.

It can affirm that this majestic youth is definitely Chen Feng's close relative.

Still stuck in the spiritual defense.

It shows that Chen Feng has strong emotions for him!

Before facing the master, Chen Feng had tossed himself to the present level.

Change to this dearest relative, absolutely can't do it!

"Since you don't do it, let me send you on the road."

The succubus smiled in his heart and continued to approach Chen Feng as a majestic youth.

At this moment, a sudden change occurred!

Chen Feng, who was still exhausted, suddenly burst into a particularly intense hatred.

Crazy roar: "You! Give me! Die!"

Murderous bursts, almost erupting the sound of real metal impact.

The light flashed by.

In the eyes of the succubus, only black and white was seen.

Huaguang receded, and the body of the succubus stopped in place.

what happened?

Everything happened so fast!

Its eyes widened, and it didn't even react.

"how come....."

At this moment, all the illusions have all faded away.

The Succubus finally revealed its true colors.

Its face is getting paler and stiffer.

It's like wearing a mask.

When the time is up, the mask should fall off.

Chen Feng's heart moved at will, reaching out to catch the falling "mask".

This mask was as thin as a cicada's wings, and under the blue-gray starry sky, it was glowing quietly.

Extraordinary product!

"why....."

The succubus who lost the mask revealed an extremely ugly body.

Devil figure, devil face.

The head slowly fell to the ground, in the dust.

Until the end, it's eyes widened, and it couldn't look down!

It doesn't understand what went wrong.

Obviously, Chen Feng had a great reaction to that young man!

But why is this hatred again!

Is this world so cruel to him?

So deep in the spiritual defense line, there is still a big enemy hidden?

It's just that it is impossible to know all this.

Chen Feng hasn't recovered from the emotion just now.

The only certainty is that in the impression, he has never seen that young man.

But it happened that when I saw this face, my heart got angry.

As if it were his natural enemy!

This hatred swept Chen Feng's limbs instantly.

Almost instantly, his strength skyrocketed.

Therefore, he did not hesitate to take action and directly beheaded it.

Chen Feng took two deep breaths and gradually calmed down.

He looked at the mask in his hand.

Divine consciousness detection is not unusual.

This mask has no remaining divine consciousness, or some other backhand restrictions.

Rather, a treasure that can be used!

Chen Feng directly put it on his face.

Soon, there was a great surprise in his heart!

The reason why the succubus can transform into the image of others is precisely because of this mask!

Once you put it on, you can become like other people according to your mind!

Body shape, facial features, temperament, etc., all changes!

There are almost no flaws!

This thing will be of great use in the future!

Chen Feng put away the mask and absorbed the power of the stars of the succubus.

This absorption took longer than any previous time.

In the end, Chen Feng had thirty-seven Star Pills in his hand!

He showed a smile of joy and absorbed it all on the spot.

After an hour, all thirty-seven star pills were absorbed!

His realm is still at the peak of the second floor of the Star Soul Martial God Realm.

But in the star chart, there are three more stars, shining with dazzling light.

Chen Feng looked at himself for a while, and then let out a foul breath.

At this time, he once again recalled what had happened just now.

Why did the succubus become that person?

who's that person?

Why am I full of hatred?

Chen Feng vaguely guessed something, and his face sank again.

If it is really like he guessed, then he still has a long way to go.

However, these things are still far away from him.

The most urgent task is to continue to kill the demons, condense the star pill, and light up the star map!

[Chapter 4982: Is someone trapped?](#)

Only by illuminating all the three hundred and sixty stars on the star chart can his realm make a further breakthrough.

In this extraterritorial battlefield, danger may arise at any time.

Only by quickly improving one's own strength can one have a chance to survive!

Chen Feng looked at Chu Yanzhi's body in the distance.

After thinking about it, he dug a pit and buried it.

After doing all this, Chen Feng once again slammed on the planet earth, and in an instant he was tens of thousands of miles away from the surface of the planet.

There are two abandoned little planets closest to his current planet.

These two planets are extremely small compared to the abandoned planet they were on when they first came to the outer battlefield.

The distance between the two is very close.

Chen Feng planned to go to the planet on the left first, and then go to another one by the way.

Just when he flew between the two planets, a burst of blood suddenly emerged.

Chen Feng slowed down and looked sideways to the planet on the right.

On the surface of that small planet, somewhere, there was a bleeding red light, and the shape was like a Tianhe hanging upside down!

Endless killing intent, shoots from it.

The blood qi that Chen Feng sensed came from this.

His mind moved.

After so many heavens have swept away the heavenly demons, now Chen Feng is particularly sensitive to the breath of the heavenly demons.

He could sense that the blood qi came from the human race.

However, the strong breath came from the demon!

Chen Feng knew immediately.

There should be someone trapped on that planet.

From reconsidering to changing his mind, Chen Feng only took less than one breath.

After all, to him, the demon is the mobile essence and blood bank and the star pill.

But don't be anxious about everything.

Since there can make such a big noise over there, the strength of the demons should not be underestimated!

It's definitely not possible to rush over.

Chen Feng had a plan to make a living.

Immediately, he converged his breath to the extreme.

The speed of the leap suddenly increased.

It's just that the direction he is heading this time is not the place where the red light is blooming.

But the back of it.

With Chen Feng's cautious degree, just sneaking nearby to observe is not necessarily insurance.

If there is a demon with a particularly strong mental power, even he himself will have to get in by then.

Sneak in from the back of the planet, keeping a sufficient distance from the ground.

It can attack and retreat quickly.

Approaching while testing.

Soon, Chen Feng saw the shocking scene.

After bypassing several mountain cols, a wasteland appeared in front of him.

A wasteland full of blood.

This wasteland continues to stretch forward, stretching for thousands of miles.

There are no towering peaks, nor uninterrupted mountains, just endless rubble.

At a glance, it was like not knowing the world that had been deserted for tens of thousands of years.

Gives a sense of eternal desolation.

With a glance, Chen Feng's expression sank.

The blood here is not the original case.

But countless layers of blood are layered!

After years of drying, the wasteland was dyed red!

Above the wasteland, there are many potholes.

However, there is a huge pit that is most attractive!

This huge pit covers at least a thousand miles!

The depth of the pit can be dozens or hundreds of meters.

Come to think of it, the blood-red light he saw just now happened here.

At the edge of the huge pit, several grounds couldn't even withstand this level of attack, cracking a few huge gaps.

It looks like a wound in the earth.

And in this huge pit, corpses are everywhere!

Stumps and broken arms are everywhere, **** and bloody!

There are still many corpses, still burning.

Among the red-orange flames, fragments of clothing belonging to the official disciple of the Galaxy Sword Sect could still be seen vaguely.

The scorched star embroidery fragments were ruthlessly burned.

There has been a particularly fierce battle here!

No, it's even a battlefield!

Chen Feng can still see in the giant pit, besides so many human-shaped stumps and arms, there are also some special corpses.

These bodies are also mutilated.

However, the outline can still be seen vaguely.

It should be some kind of beast-shaped demon.

The limbs are strong and vigorous, and the flesh is covered with mane.

However, they are huge!

Just standing, it is ten meters high!

The strangest thing is that the heads of these gods actually look a bit like humans.

On their faces, there is only a huge bright yellow eyeball and a big mouth full of fangs.

Bright yellow eyes occupy the center of the face.

However, the blood and energy of these dead one-eyed monsters were all dried up.

They bleed from all four orifices, and all their blood seemed to be drained.

The corpses of these one-eyed monsters regularly circled the entire giant pit.

Looking at their arrangement, Chen Feng had a certain number in his mind.

Presumably, the blood-red light that burst upside down like a Tianhe was released by them.

This wasteland is dead still.

Chen Feng felt regretful.

Did he miss it?

At this moment, Chen Feng's heart suddenly moved.

He trembled in his heart, and quickly condensed his breath to be more concealed.

There is vitality ahead!

Chen Feng looked forward.

Thousands of miles away, there is a huge circle!

He quietly approached.

Soon, Chen Feng saw a living one-eyed monster.

Hundreds of ten-meter-high one-eyed monsters formed a huge circle.

In the middle of the circle, there is a protective array emitting light blue light.

This protective array, seemingly weak, is actually extremely hard!

And in the Great Defense Array, there were a dozen female disciples of the Galaxy Sword Sect!

It seemed that they were the only people left in this fierce battlefield.

According to their costumes, Chen Feng inferred that they should be disciples of the Tianji Sword Sect.

All these female disciples who are all overwhelmed are in embarrassment at this moment!

Everyone is fighting hard to prevent the one-eyed monster from approaching.

And in the middle of them, stood a woman with cinnabar between her eyebrows.

She was protected by other disciples in the middle.

It is she who is urging this light blue circular array.

Nevertheless, the cinnabar on her eyebrows has also dimmed.

The corners of the mouth are constantly pouring blood.

Chen Feng could see that it was precisely because of her existence that these female disciples had struggled to live until now.

However, it was just a delay.

The strength of these people is basically around the fourth floor of the Star Soul Martial God Realm.

The only cinnabar woman with a bit of strength was also seriously injured and endangered.

Such a group of people is not the opponent of the one-eyed demon at all.

At this moment, the one-eyed demon's only giant eye shone bright yellow light!

Hundreds of bright yellow rays of light shone on the protective array of light blue rays from all directions.

The cinnabar lady surrounded by all the female disciples had a pale face.

The blood is lost!

It is still the palms of other female disciples who put their palms on her shoulders and help to input spiritual energy, so that she can continue to support the protective array.

[Chapter 4983: Hunt down! The terrifying one-eyed monster!](#)

Chen Feng noticed a little.

Among these one-eyed monsters, there is a huge eyeball that is not yellow.

It's blood red!

Its size is bigger than all the others.

The breath is also the most terrifying!

Just the pressure released, there is at least the strength of the sixth floor of the Star Soul Martial God Realm!

Under its leadership, the circle of these one-eyed monsters is still shrinking.

The light blue protective array kept creaking on the verge of collapse.

Every sound struck the hearts of more than ten female disciples.

That seems to be the countdown to death.

When the crunch becomes a bang.

Their lives will also come to an end!

Among the dozen or so female disciples, the one with weaker temperament was already crying at this moment.

"Uuuuu...Even if I die, I don't want to die so miserably..."

Chen Feng looked over.

I saw some one-eyed monsters near the center of the circle, suddenly stopped and bowed their heads.

In front of them, there was the body of a female disciple who had died!

Everyone can see clearly.

I saw the one-eyed demon lifted a forelimb and suddenly revealed extremely sharp claws.

The paw made a light stroke on the female disciple's body.

Open up!

Afterwards, the one-eyed demon directly opened the mouth of the blood basin full of fangs, and directly buried the entire head in the broken body.

The picture is **** and cruel.

Even Chen Feng felt sick when he saw this scene.

The ground was soon covered with dark red blood.

The blood comes from their companions!

The companion died, but as the same door, he could only watch the corpse being swallowed directly.

Such a picture is really cruel to these female disciples!

Chen Feng wanted to save these female disciples.

However, looking at the hundreds of one-eyed monsters in front of him, he did not dare to act rashly.

Especially the red-eyed demon, it shouldn't be underestimated.

He has a feeling.

This red-eyed demon, it has an intelligence not lower than that of a cultivator.

Strength is even more terrifying.

From beginning to end, it only led the more than a hundred one-eyed demon behind him, and outflanked the remaining dozen or so survivors.

But it did not move on its own.

It seems that he does not bother to do it.

It is admiring the final appearance of these dying and struggling immortals.

Under this circumstance, Chen Feng couldn't determine how strong it really was.

At least, it can be judged from the existing aura pressure that Chen Feng is not its opponent!

If the trapped disciples have other cards that echo each other at this moment, there may be a chance.

However, Chen Feng didn't have much hope in his heart.

To survive the huge blood-red light just now, these people probably have all their cards out.

However, Chen Feng probed.

These one-eyed monsters are extremely vigorous!

It seems that the blood in their bodies is also special blood!

I have to say, it's exciting.

"If they swallow their essence and blood, how strong will the Asura essence and blood be?"

"Kill them, how many star pill can you get!"

Chen Feng stared at the red-eyed demon from a distance, his mind turned quickly.

For him, those ordinary yellow-eyed one-eyed monsters are not a problem.

With the strength of the third and fourth floors of the Star Soul Martial God Realm, he could completely kill them all by himself.

As long as the red-eyed demon is resolved.

But how to solve it?

At this moment, Chen Feng heard a bitter voice among the trapped female disciples, and it suddenly sounded!

"Leading one-eyed sabertooth demon, you brute!"

"If you want to kill or cut, please have a good time!"

"Just now he kept attacking us, and several senior sisters died in your hands!"

"From just now, you stopped suddenly and motionless, what do you mean!"

what?

Chen Feng heard this clearly.

Suddenly, his heart beat violently, and a very strong premonition of uneasiness rose!

run!

Chen Feng turned around instantly and ran away.

Thousands of miles in a flash!

But it's still too late!

The red-eyed one-eyed saber-toothed demon had already come behind him instantly!

"Damn it! I'm careless!"

Chen Feng's heart exploded fiercely.

This one-eyed saber-toothed demon was smarter than he thought!

Its mental power is extremely strong!

As early as when Chen Feng approached in secret, it had already noticed his appearance.

Therefore, it simply stopped and deliberately lowered Chen Feng's vigilance in order to get closer.

Had it not been for the woman's accidental opening, Chen Feng might have been hit by now!

Nevertheless, the current situation is not much better.

The one-eyed saber-toothed demon, running like a teleport, like a refraction of light.

Take a shot in the air, the speed is extremely fast!

Chen Feng tried his best to escape, but the distance between the two was still shrinking rapidly.

No way!

If this continues, what is the difference from those female disciples trapped in the protective array!

A strong unwillingness rose in Chen Feng's heart.

Seeing that the one-eyed saber-toothed demon was less than tens of miles away from him.

Chen Feng suddenly turned around.

Heaven and earth reincarnate in heaven and earth and make power!

In the space of repetitive reincarnation of heaven and earth, huge blue eyes flashed instantly.

The monstrous mental power quickly condenses into tens of thousands of fine needles, pressing against the one-eyed saber-tooth demon!

Today Chen Feng is still only the second floor of the Star Soul Martial God Realm, but his star map has been half-lit.

These lit stars seem to be breathing, sometimes intense and dazzling, sometimes gentle and dim.

Gradually, a resonance has formed!

With the aid of this resonance, Chen Feng's martial arts power has been greatly developed!

Hum!

The light from Chen Feng's explosion was much stronger than the light from the protective array.

In a very short moment, his mental power quickly penetrated the one-eyed saber-toothed demon!

However, just this moment made Chen Feng a headache!

Immediately, his heart quickly chilled.

This one-eyed saber-tooth demon is really cunning!

Its strength is stronger than the sixth floor of the Star Soul Martial God Realm!

Especially, his mental power is extremely terrifying!

Vaguely, it formed a backlash against Chen Feng's mental power!

This is the first time Chen Feng has encountered this situation!

Before, he had always crushed others with mental power!

However, at this moment, he also understood many things in the brain of the One-Eyed Sabretooth Demon!

Now, this beast is still hiding his strength!

Its one eye is red that has swallowed thousands of cultivators.

Once you show off your power, as far as you can see, everything will become ashes!

Chen Feng will definitely die if he meets it!

However, there is no way out of heaven!

Chen Feng also found a way to break through in his spiritual consciousness!

He quickly turned around, taking advantage of the trance of the one-eyed saber-toothed demon, rushing towards the next planet desperately.

Between the moments, the distance between the two was quickly opened.

When the one-eyed saber-tooth demon came back to his senses, he looked at Chen Feng in the sky

[Chapter 4984: Desperate?](#)

In its huge one eye, the color of anger finally appeared.

The duck in hand is about to fly!

"Moreover, this ant dared to attack me just now!"

The one-eyed saber-tooth demon looked at Chen Feng in the sky, and hesitated for a moment.

In the next moment, a touch of greed appeared in his eyes.

At that moment, it felt the power of Chen Feng's mental power!

"If I can swallow it, maybe I can be promoted to the next level!"

"Strength can advance by leaps and bounds!"

It soars into the air, trying hard to catch up!

After half an hour, the distance between the two of them was narrowed again.

At this moment, the crimson one-eyed one-eyed saber-tooth demon burst out a substantial blood-red light!

That light is as thick as an adult's waist!

At the same time, it is extremely corrosive and lethal!

The terrifying coercion was accompanied by this blood-red light, pushing towards Chen Feng's back!

Chen Feng made a decisive decision and quickly condensed a monstrous black and white long sword.

Grasping the handle of the long knife, his wrist shook hard.

Too on the Heavenly Swordsman Formation!

Between the stars, a dazzling silver-white light suddenly burst out!

The blood-red light and supreme coercion were weakened by 60% to 70% when facing the Taishang Zhutian Sword Formation.

However, they still penetrated the sword intent and continued to impact Chen Feng!

boom!

With a loud noise, Chen Feng was hit hard in the back.

Suddenly, his back was bloody!

Chen Feng squirted blood, staggered and almost fell down.

However, he forcibly suppressed the heat that was coming up.

With this strength, Chen Feng gritted his teeth and fled forward frantically.

This attack actually caused him and the One-Eyed Sabretooth Demon to open a long distance again.

Turning his back to the one-eyed saber-tooth demon, Chen Feng's face was pale.

However, a smile flashed in his heart.

well!

That's it!

One-eyed Sabertooth Demon, don't give up!

Chen Feng continued to run desperately.

The one-eyed saber-tooth demon who followed behind him was happy.

This person's physical body is not strong, as long as it uses a few more big moves, and can't wait for him to escape to an adjacent planet, he is already dead!

Thinking of this, the One-Eyed Sabretooth Demon chased up again.

This time, it's faster!

When the distance between the two of them got closer again, its huge scarlet eyeballs suddenly became bloodshot!

The eyeballs started to swell!

It looks like it will explode at any time!

At the same time, an extremely terrifying breath suddenly erupted from its body!

Chen Feng immediately noticed the crisis.

Without turning his head back, he shifted his position.

boom!

A dark light burst from the eyes of the one-eyed saber-tooth demon!

No matter how fast Chen Feng's figure changed, it was not as fast as the light of the one-eyed saber-toothed demon behind him.

The coercion and momentum this time are stronger than before!

Seven points!

Chen Feng cried secretly in his heart.

He knew that the One-Eyed Sabretooth Demon had hidden power.

But now that I really feel it, I still can't bear it!

Holding the black and white long knife in his hand again!

Too Shang Zhutian Sword Formation, three in a row!

Chen Feng directly swallowed a pill given by Yue Xinlan and swung three swords to the rear one after another!

boom!

boom!

boom!

With every cut, two percent of the power of the dark light is offset!

The remaining 40% of the strength just hit Chen Feng!

Moreover, it's back again!

Chen Feng's eyes were dark, and he almost fell directly.

At this moment, his back has long been exposed!

The flesh is blurry and even burnt can be smelled.

Chen Feng vomited blood, and the blood in the Great Witch's blood pool shook.

He deliberately did not transform into the Eucharist of the Great Witch.

However, the power of that moment was too terrifying!

When the dark light hit him, Chen Feng used it a bit.

Dark light is actually a great power to absorb surrounding light.

When it hit Chen Feng's back, the golden light that flashed past Chen Feng's body was directly sucked away by it!

The one-eyed sabertooth demon didn't notice it!

It only saw Chen Feng's body, which looked even more dilapidated!

Although the distance between the two was opened again.

But it is even more proud.

Two more clicks at most!

Hit this person twice more, he will undoubtedly die!

In this way, the two chased and fled, another hour passed.

When Chen Feng was hit for the fourth time.

The face of the one-eyed saber-tooth demon was a little difficult to look.

"You guys are dead."

"I thought that at most four times, you would be caught up by me and become the nourishment for my evolution."

It laughed coldly, and directly conveyed its meaning with mental power.

Chen Feng did not answer it.

All he can do is run hard!

Although his "strength" was greatly damaged, even his speed was getting slower and slower.

Soon!

Soon!

Chen Feng looked at the planet that was already very close.

Only half an hour later, he will be there!

The last half hour will be a fierce battle.

And now, the one-eyed saber-toothed demon behind him has already been consumed by most of its strength!

Thinking of this in his heart, Chen Feng's mouth showed a wry smile.

He glanced back at the one-eyed saber-tooth demon.

The distance between the two has shortened extremely fast!

Come faster than ever.

It seemed that this one-eyed saber-toothed demon really didn't want to go to the opposite planet.

"Give up resistance, peace of mind becomes my food."

"It's your honor to be swallowed by me!"

The one-eyed saber-tooth demon behind him once again heard a provocative and joking voice.

Chen Feng's eyes showed strong unwillingness.

He yelled frantically: "I am not reconciled! I am not reconciled!"

"The hope of escape is here, rush! It's almost here!"

When the one-eyed saber-toothed demon saw Chen Feng who had almost collapsed in front, his eyes were even more triumphant.

However, despite the ecstasy, it still speeds up.

The planet is near.

There is not much time left for it.

This time, it was cruel, its huge scarlet eyes swelled and bloodshot again.

Then, a dark light burst out!

Chen Feng tried his best to resist, all his cards were out!

Buddha's angry eyes and roaring power!

Too on the Heavenly Swordsman Formation!

However, the power is not as good as before.

At the moment he was hit, Chen Feng spit out blood!

Chen Feng fell feebly like a leaf from a tree.

It didn't take long for the one-eyed saber-tooth demon to be overjoyed, his face suddenly became extremely ugly.

Because Chen Feng was shot from behind again!

Relying on the impact it gave, it fell directly into the neighboring planet!

Although these planets on the outer battlefield have been abandoned, they are desolate and desolate.

However, they still have a strong gravitational force.

Seeing Chen Feng fall, the one-eyed saber-tooth demon gritted his teeth.

Fight!

That existence should not react so quickly.

Thinking of this, it rushed directly into the adjacent abandoned planet!

"As long as you kill this immortal cultivator before the existence reacts, you will be able to retreat!"

But this moment!

Its face suddenly became extremely ugly.

[Chapter 4985: Welcome to, yours, the buried place!](#)

Even, it turned around and wanted to leave!

Because it saw that Chen Feng, who was "falling" ahead, looked seriously injured and dying!

He fell back to the sky, facing it, with a scheming smile.

"You got Fooled!"

"Welcome, yours! The Burial Ground!"

The one-eyed Sabretooth Demon's only crimson giant eyes stared at Chen Feng.

I saw Chen Feng shining golden light all over.

Afterwards, all the wounds on his body healed quickly at a speed visible to the naked eye.

In the count!

"I was cheated by this kid!"

"He had already reacted and deliberately led me here!"

Even now, the one-eyed saber-tooth demon would never know the truth!

From the beginning to the present, it has targeted Chen Feng's body!

I wanted to wait until I was caught, and then tortured.

Unexpectedly, the other party grasped its mentality.

During the entire chasing process, Chen Feng did not attack it, but kept dragging and consuming its strength.

The purpose is to reduce its defenses and let it enter this neighboring abandoned planet.

The one-eyed saber-tooth devil had experienced how strong Chen Feng's mental power was.

At this time, it suddenly reacted.

"Why did he deliberately lead me here? Could it be..."

Its furious roar resounded across the sky: "You! You watched my spiritual world!"

Chen Feng flipped his hands out and took out a mask that was as thin as a cicada's wings and put it on his face.

Smiled slightly.

"bingo."

"Unfortunately, there is no reward."

After speaking, Chen Feng suddenly turned over.

Immediately afterwards, his figure began to change drastically!

Even the breath changed!

Almost in an instant, the surrounding space was distorted, and Chen Feng turned into a giant black claw demon with countless tentacles!

The body size has grown hundreds of times.

In an instant, it was hundreds of meters in size.

The whole look, like a palm magnified countless times, twisted into a weird posture.

A dozen fingers stretched out on that palm, twisted strangely and completely dark.

These are huge tentacles.

The one-eyed saber-tooth demon was instantly silly.

It is completely incomprehensible why Chen Feng suddenly became a demon.

And yes, I am the most...

However, it is also extremely intelligent.

In an instant, I sensed something bad, turned around and fled!

However, it was too late.

At this time, Chen Feng's breath, no, to be precise, it was the breath of the giant black claw demon that he had transformed into, suddenly shocked!

This kind of aura oscillated and spread all over the stars in an instant.

Also let a long-sleeping existence wake up instantly!

This existence shouldn't have woken up so quickly!

This is also the reason why the One-Eyed Sabretooth Demon dared to chase in.

But now, because of Chen Feng!

Wake up, early!

The entire sky is shaking!

Most of this planet is a vast ocean.

From the surface of the sea, three terrifying tentacles were quickly swung.

"no no!"

The one-eyed saber-tooth demon had no intention of fighting, and shouted in despair.

However, it was too late.

Chen Feng, who had transformed into a giant black claw demon, looked at the terrifying tentacles from the depths of the sea, and instantly opened up in the air.

The suction cup on the tentacles aimed at the one-eyed sabertooth demon, and a terrifying suction burst out instantly.

Those suction is too strong, directly converging into a whirlpool.

The one-eyed saber-tooth demon was directly captured by the whirlpool.

Then, it was wrapped three times inside and three times outside by the tentacles, and dragged toward the depths of the ocean.

Chen Feng looked down.

Just when the One-Eyed Sabretooth Demon was brought to the surface, the entire ocean seemed to suddenly boil.

Immediately set off a stormy sea!

From the depths of the ocean, a huge mouth emerged.

This huge mouth is almost one-sixth the size of the ocean!

The tentacles were released, and the one-eyed saber-tooth demon fell into the huge mouth.

Then, the scream stopped abruptly.

There was only the sound of cracking bones.

He learned from the spiritual world of the one-eyed sabertooth demon that there is such a powerful giant black claw demon here.

However, when I really saw the picture, I still couldn't help feeling cold.

"Unfortunately, it was swallowed directly."

"Look at that one-eyed sword-toothed heavenly demon, it's worth thirty or forty star pill."

Chen Feng looked at the surging ocean and the turbulent blue waves under him, and a pity surged in his heart.

However, it was quite worthwhile for Chen Feng to solve the one-eyed saber-toothed demon within the minimum damage range.

"Thanks to those one-eyed saber-toothed demon."

"If I were unprepared and came directly to this planet. Now that there is nothing left to be bitten, I am afraid it will be me."

Thinking of this, Chen Feng relaxed and turned around to leave this abandoned planet.

I don't know what happened to the dozen or so female disciples of Tianji Sword Sect over there.

Presumably, it's not a problem.

Since he led away the leaders of those gods, the remaining group, although the number was huge, was actually vulnerable.

With Chen Feng's current state, he could completely kill them all by himself.

If you want to, you can get thirty or fifty star pill.

Thinking of this, Chen Feng suddenly accelerated.

At this moment, a sudden change occurs!

Amidst the lightning and flint, Chen Feng suddenly had a terrifying subconscious from the bottom of his heart!

With his powerful mental power, this instinct to seek advantages and avoid disadvantages can often save him from fire and water!

Before he could think, his body moved one step ahead of his brain and instantly moved!

Although, Chen Feng put on the mask dropped by the succubus.

But this mask can only simulate the appearance and breath, and cannot fully reproduce the techniques of the simulated person, etc.

It's not that Chen Feng can possess the power of this kind of demon incarnate.

how is this possible?

He is only similar in appearance to this kind of demon, not only has his strength not improved.

On the contrary,

Therefore, at this moment, Chen Feng's "tentacles" have become a drag!

Huh!

A warning sign in my heart, an instant masterpiece!

Almost instantly, Chen Feng sent all his hole cards in one direction!

Buddha's angry eyes and roaring power!

Heaven and earth reincarnation magic!

Too on the Heavenly Swordsman Formation!

The space he was in couldn't stand the sudden fierce to extreme tearing, and it shook violently!

The sky faded!

Chen Feng only felt black.

The black and white long knife in his hand, as soon as he swung it out, was directly blocked by an extremely dense, heavy, but extremely powerful force!

No inch ahead!

what is this!

He leaned out his consciousness and took a breath of air-conditioning instantly!

The giant black claw demon who had originally thought to go back in silence has made a comeback!

This time, the target is him!

Before, Chen Feng had detected in the spiritual world of the one-eyed saber-toothed demon that it feared most was the next planet.

At that time, he also learned that this kind of giant black claw demon generally wouldn't attack the same race.

It is for this reason that Chen Feng thought of using this method to take a risk.

Unexpectedly, there was an accident.

Even the one-eyed saber-toothed demon is left with the fearful demon, and Chen Feng has no power to defend it!

[Chapter 4986: Not an opponent at all!](#)

Almost instantly, he was directly rolled up by a thick tentacle.

"My life is over!"

This thought suddenly popped up in Chen Feng's heart.

However, he did not admit his fate.

On the contrary, a touch of extreme ferocity and unwillingness flashed in his eyes!

"How can I die here!"

"How can you fall silently here! Sinking in this dark, icy, deadly silent, endless water far away from the sky!"

This is his end?

He is not reconciled!

"I'm unwilling!"

Chen Feng roared angrily, as if to pour out all the anger!

In an instant, he poured out all his hole cards!

Just to win that gleam of life!

However, the expected death did not follow.

On the contrary, the surroundings seemed to gradually calm down.

The stormy sea returned to calm.

Chen Feng slowly opened his eyes.

He was still high in the sky, only a few hundred miles away from the limit that his tentacles could reach.

Of course, he was still firmly imprisoned by the tentacles and could not get out.

How is this going?

Chen Feng looked down suspiciously.

He met with a pair of similarly puzzled eyes.

Immediately afterwards, a divine sense rushed straight into his spiritual world.

The huge voice suddenly exploded in it!

"Why do you look like me?"

The loud voice almost shook Chen Feng's body stiff, unable to move for a long time.

After finally recovering, Chen Feng couldn't laugh or cry.

This giant black claw demon is extremely powerful! The body is also extremely strong!

However, its intelligence does not seem to be much higher.

This is an opportunity!

Chen Feng suddenly saw a glimmer of dawn in despair.

Sure enough, the giant black claw demon would not launch an attack on their kind.

So even if he saw exactly the same as himself, this terrifying giant Claw Demon didn't do anything.

It just rolled him up first.

Don't let him escape.

Chen Feng's mind turned quickly.

He must give a reaction that is enough to hide from the sky in order to survive.

Just give him a chance so that he can get rid of the tentacles.

One breathing time is safe!

At this moment, the second divine consciousness once again spread into Chen Feng's spiritual world.

"The tricks you used just now are a bit like a cultivator."

"But I can tell the disguise of the immortal cultivator."

"who are you?"

That's it!

Chen Feng is now very grateful for the mask dropped by the Succubus!

This is really a magic weapon!

The giant black claw demon below has the strength of the eighth floor of the Star Soul Martial God Realm, less to say!

In front of it, Chen Feng was completely vulnerable.

However, even with such a huge difference in strength, the opponent still did not see through his true colors!

All the credit of the mask!

At this moment, Chen Feng suddenly found something he had kept away.

magic weapon!

Doesn't he also have a magic weapon!

Chen Feng's heart violently moved.

Tianquan Town Immortal Seal!

This is an extraterritorial battlefield, far away from the Galaxy Sword Sect.

Use it here, it should be fine.

If the magic weapon of the mask is used by cleverness, then the immortal seal of Tianquan Town is a real attack weapon.

Thinking of this, Chen Feng immediately knew it.

He calmed down and met the eyes of the giant black claw demon.

"Please listen to the next explanation. I have trouble doing this."

He appeared to be neither humble nor humble enough.

Sure enough, curled his tentacles and loosened a little.

At this moment, Chen Feng still looked like a giant black claw demon, and so did his aura.

From the giant black claw demon, what he felt was an aura very similar to himself.

Although I don't understand why this person in the sky is so.

But the other party did not resist, and was neither humble nor overbearing, so this giant black claw demon still made a basic judgment.

This one in the sky should be of the same family.

Above the sky, Chen Feng was pleasantly surprised to find that he had confined his tentacles and slowly retracted!

However, those tentacles were not completely retracted.

They still stay in the air.

As long as Chen Feng changes, you can imagine that these tentacles will lock him firmly again!

Or even crush it directly!

Chen Feng was cautious and didn't have the first time to escape.

He quietly took out the immortal seal of Tianquan Town.

Yun Wan'er said before.

With his current strength, it is very difficult to mobilize this Immortal Seal of Tianquan Town.

Therefore, there is only one chance.

"What did you take out?"

A loud voice suddenly exploded in Chen Feng's spiritual world!

Oops!

Chen Feng did not expect that the mental power of this giant black claw demon was even more terrifying than he thought!

Too late to think about it!

Chen Feng acted decisively and directly mobilized all his forces to smash the immortal seal of Tianquan Town to the nearest tentacle!

boom!

The immortal seal of Tianquan Town with a big palm, instantly changed...

and many more!

"Why there is no change!"

Chen Feng was stunned.

It stands to reason that now, the immortal seal of Tianquan Town should have changed!

But it didn't move!

Not dare to move, Chen Feng even felt an emotion from the immortal seal of Tianquan Town!

This emotion is called: fear!

"Tianquan town immortal imprinted in fear? Why are you afraid?"

It seems that the immortal seal of Tianquan Town was suppressed by something!

At this moment, a certain kind of agitation suddenly surged in his body.

That kind of restlessness came very suddenly.

What's more sudden is that it comes and goes suddenly.

He just appeared, and quickly returned to calm.

Fleeting!

If it wasn't for Chen Feng's keenness, he might even wonder if there was an illusion.

However, even for a short while, it was enough for Chen Feng now!

Because, that breath is no stranger to him!

Moreover, just before entering the gate of hell, this force appeared!

That drop of blood of Yanyang Great Demon!

At that time, he was hunted and killed by the Sea of Blood for three consecutive days and three nights.

The situation is the same as it is now.

There is an insurmountable gap in the strength of the two.

Even if Chen Feng was so invincible in the same realm, it would be of no avail to face an opponent whose strength gap was too large.

Seriously injured and dying, he didn't even have the strength to make a final blow.

How similar is the current situation!

Thinking of this, Chen Feng was overjoyed!

This blood is finally going to be shot again!

Compared with the existing trump cards, that drop of essence and blood itself has the supreme aura of the Great Demon of the Sun!

That kind of aura does not depend on the total power contained in a drop of essence and blood.

There is also the supreme coercion of the realm of Yanyang Great Demon!

This coercion is very influential.

At this moment, the giant black claw demon he was facing was definitely not the opponent of the Great Demon Yanyang!

Quickly urge that drop of natal blood!

All the above thoughts were completed in a flash.

That drop of blood is suddenly restless, and I must feel that there are other special and powerful blood nearby.

[Chapter 4987: Devour! Devour!](#)

Chen Feng thought of the giant black claw demon for the first time!

If it is nearby, is it it?

"Could it be that the blood of the Great Yanyang Demon was attracted by the blood of the giant black claw demon, so I wanted to take action?"

Before Chen Feng felt ecstatic in his heart, the nearest tentacle to him instantly obscured the sky.

Chen Feng just felt tight all over, and his body was immediately curled up!

No matter how he resisted, he couldn't shake it at all!

Even more frightening is that at the same moment when Chen Feng was rolled up, that tentacle began to shrink back quickly!

The speed is shocking!

He could hardly hear any wind.

His speed has surpassed the speed of sound!

Even with his extremely strong physical body, at this speed, he only felt that his exposed body seemed to be delayed by the air!

In the blink of an eye, blood was gushing out of all exposed parts.

Those blood, condensed in the high air, bright as gold.

Chen Feng can only feel that his physical strength is gradually weakening.

At the same time, he is getting farther and farther away from the safe range above the sky!

It was a short distance of hundreds of miles, and suddenly separated by thousands of miles!

Even thousands of miles!

Chen Feng's eyes were deep.

Without even thinking about it, he directly urged the blood of that drop of Yanyang Great Demon in his body!

However, at the critical moment, another accident happened!

Chen Feng suddenly discovered that no matter how he urged, the drop of blood of the **** and golden sun was still lazily entrenched in his body.

Not moved at all!

Chen Feng's eyes narrowed.

"Why is this again?"

Seeing the speed of falling faster and faster, the strength of the tentacles tightening is getting stronger.

If this continues, he will undoubtedly die again!

Unexpectedly, the rapid decline experienced by the one-eyed saber-tooth demon just now, he has experienced it once too.

Even more frightening is that the closer you get to the sea level of the planet, the more terrifying the coercion of the giant black claw demon!

This definitely has the strength of the ninth floor of the Star Soul Martial God Realm!

"You are not my people!"

"I feel the breath of a confusing succubus on you!"

"Are you a succubus?"

The huge voice exploded again.

Chen Feng's golden spiritual world violently oscillated under this pressure.

Even squeaky, squeaky, squeaky noises!

At the same time, Chen Feng's bones and flesh all crackled and crackled.

Regardless of realm cultivation, mental strength, or physical strength, Chen Feng has no power to resist!

"what!"

Under heavy pressure, Chen Feng let out a low growl!

However, there is still no panic!

"No, at this moment, I still have a silver lining!"

At the moment of life and death, Chen Feng's heart became clearer.

Captured this moment in an instant, the smallest, but also the last glimmer of life!

With the movement of his mind, the mask, which was as thin as a cicada's wings, fell and lost its effectiveness.

In the next second, Chen Feng directly restored his original appearance.

The huge body instantly shrank back to the size of one person!

The giant black claw demon used to confine his huge tentacles, and under the strong inertia, there was no time to react.

It was this accident that gave Chen Feng a little breathing space!

"This is what I want!"

He broke free of the tentacles and stopped falling at a rapid speed.

good chance!

Chen Feng stabilized his figure instantly and sprinted back into the sky!

escape!

As soon as he turned his head, the mask and the immortal seal of Tianquan town that were slowly falling in the air appeared in front of him!

Chen Feng grabbed it casually, ready to make the final struggle.

Although, his heart is very clear.

He was exposed.

The protection order of the giant black claw demon's incomparable race has no effect on him.

And how fast the tentacles are, Chen Feng knows better than anyone.

With his speed, it is impossible to escape the control range of the tentacles in an instant!

Sure enough, the empty tentacles responded extremely quickly!

As soon as Chen Feng flew out of a hundred miles, it rushed up!

The speed is even faster than before!

"You are... a cultivator!"

"Cultivator, die!"

The huge voice roared this time.

Chen Feng opened his mouth and vomited blood.

Just this kind of coercion caused him serious injury!

On the surface of the planet, the sea is boiling again!

In an instant, the earth moved and the mountains shook!

The huge waves are stacked towards the shore, getting higher and higher!

From the huge ocean, one after another huge tentacles, rushing into the sky in the splash of white foam.

Chen Feng's consciousness clearly saw the scene of the sea!

Suddenly a huge mouth like a black hole, leaving the sea level, brought out a huge black body occupying a small half of the ocean!

There are also several black eyeballs the size of a meteorite!

This is the body of the giant black claw demon!

The vast expanse of the ocean is just a small pond to it!

It has been silent here for several years.

Except for occasionally breaking into some immortal cultivators who don't have long eyes, other demons will basically travel around this planet.

After so many years, I didn't expect to break into two short-sighted people in a row today.

And this one in front of him completely angered him.

Roar!

The terrible roar went straight into the sky.

The few small meteorites that were close to each other were broken into dust directly in the screaming sound waves!

Its body is supported by a few tentacles, and it is instantaneously far away from the sea level.

A big mouth of the blood basin, like a net of heaven and earth, intends to swallow Chen Feng directly!

Chen Feng was shocked!

This speed is too fast!

There is no chance of life at all!

The next moment, a huge mouth that swallowed Chen Feng in an instant.

Chen Feng's world is completely dark!

At this moment, the mutation happened again!

A power that destroys the world suddenly swept away from Chen Feng's body!

Just like that day, being chased by Shura of the Sea of Blood to the end!

That drop of Yanyang Great Demon's blood was suddenly and automatically urged!

boom!

The two rays of light in black and gold instantly illuminate the huge mouth of the giant black claw demon as bright as day!

The spirit of the fairy, overwhelming!

All the wounds on Chen Feng's body healed instantly at a speed visible to the naked eye!

The next moment, that drop of fist-sized black and gold blood, suddenly emerged from Chen Feng's body.

Before Chen Feng could react, this drop of blood rushed towards his left hand.

Chen Feng was stunned.

Left hand?

He only took the immortal seal of Tianquan Town that could not be activated in his left hand.

Could it be said that the essence and blood of the Great Yanyang Demon is not to deal with this demon, but...

At this time, Chen Feng found that there seemed to be a mistake in his previous guess.

Could it be possible that the essence and blood of the Great Yanyang Devil could still swallow magical artifacts?

Without waiting for him to think a thousand times, he saw that drop of black and gold blood swelled suddenly and quickly swallowed the immortal seal of Tianquan Town.

Chen Feng was surprised.

It turned out that the fleeting agitation just now was caused by the immortal seal of Tianquan Town!

In the next second, he understood everything!

Because, the fierce killing intent suddenly broke out from the immortal seal of Tianquan Town!

[Chapter 4988: Control the Immortal Seal of Tianquan Town!](#)

The blood of the Great Yanyang Demon was directly shaken out.

The immortal seal of Tianquan Town is slowly expanding!

A sudden surging of blood, instantly filled the towering mouth of the giant black claw demon!

Another drop of natal blood appeared!

Emerge from the immortal seal of Tianquan Town!

This is a drop of the blood of a strong cultivator!

It is completely different from ordinary monster blood, heavenly monster blood, and monster blood.

The whole body is gorgeous and bright red, there is no half of the evil spirit, the evil spirit is lingering.

What's on it is just the extremely strong fairy spirit!

Just like a powerful immortal cultivator, descended here!

I don't know how many years have passed, and this drop of fist-sized blood is still vivid.

It's like just flowing out of the body.

Moreover, the aura is not even weaker than the life essence of the Great Demon of the Sun!

Chen Feng was stunned.

At the same time, the giant black claw demon was also stunned.

How is this going?

Why did it suddenly burst into a horrible breath that made it tremble!

Moreover, two consecutive courses!

Could it be the kid who just swallowed, has a problem?

No matter which of these two breaths, there is the coercion of the real strong.

Either way, it suppressed the current realm of the giant black claw demon!

From the bottom of its heart, it is full of fear for this breath!

The reaction of the giant black claw demon was exactly the same as Chen Feng had previously predicted.

At this moment, the huge mouth where Chen Feng was located suddenly oscillated!

The pressure in the entire space suddenly increased!

Chen Feng instantly transformed into a sacrament of great witch, golden light circulated on his body.

what happened?

Before he could make a judgment, an extremely powerful force suddenly ran into him!

Chen Feng has nothing to fight against!

The body rolled and lost his balance.

But, the next moment, the black and gold world in front of him returned to a vast blue-gray!

The powerful impact directly rushed him thousands of miles away!

The giant black claw demon actually vomited him out!

Chen Feng's eyes were deep.

All this was in his expectation.

He turned around and rushed directly out of the planet!

escape!

Flee crazy!

This kind of accident is too exciting!

If you can't take it well, there will be no next chance!

In an instant, Chen Feng escaped from Baili!

At this moment, he was only less than a thousand miles away from the farthest reach of the giant black claw demon's tentacles!

But at this moment, the crisis hits again!

The giant black claw demon is also extremely alert.

The vomit just now just vomited out those two drops of terrifying natural blood.

Chen Feng was only brought out.

"Ant, don't want to escape!"

It is furious!

The loud noise burst into Chen Feng's spiritual world again.

At the same time, several huge tentacles sprinted at the location where Chen Feng was again.

The speed is unprecedented!

And at this critical moment of survival, the Immortal Seal of Tianquan Town in his hand quietly moved!

It suddenly gets bigger without warning.

Rising against the storm!

Chen Feng just swept across a piece of divine sense at random, and suddenly stared unexpectedly!

He can control this Fang Tianquan Zhenxian!

And his gaze swept away again, on the other side, that drop of the strong man's life essence blood and the Yanyang Great Demon essence blood were facing each other.

Murderous and powerful!

In an instant, Chen Feng understood everything.

The reason why he could not use the Immortal Seal of Tianquan Town before was entirely because of the bright red blood!

If nothing unexpected happened, it should have been left by a certain supreme powerhouse of the Heavenly Power Sword Sect.

With that drop of essence and blood, no one can spur this immortal seal of Tianquan Town if it is not a cultivator who is not practicing the internal techniques of the Tianquan Sword Sect!

Who could have imagined that this drop of blood, hidden in the Immortal Seal of Tianquan Town for so many years, would unexpectedly fail today!

Because it has encountered the life blood of the Great Demon of the Sun!

The essence of Yanyang Great Demon's life, felt its existence.

Want to swallow it, forced it out abruptly!

Now, there is no envelope and seal of this drop of strong blood.

Chen Feng can control the immortal seal of Tianquan Town instantly!

However, this moment is the critical moment of life and death.

There is no time to think about anything!

It's dead or alive, in one fell swoop!

Chen Feng directly exerted all his strength and desperately urged the immortal seal of Tianquan Town.

A steady stream of celestial spirits are all injected into it.

In an instant, Chen Feng intuitively felt that his whole body's strength seemed to be swallowed by a whale.

Almost time!

This time, he took control of it without hindrance.

This feeling is very refreshing!

In a blink of an eye, the big seal of one party suddenly soared to a height of tens of thousands of meters!

Huanghuang like a huge mountain!

A huge golden mountain!

Incomparable!

At the same time, it is extremely powerful!

This huge golden mountain fell fiercely!

Hit those huge tentacles directly!

Boom, loud noise!

Then, the scream of the giant black claw demon screamed directly!

It turned out that those few powerful tentacles that were unmatched before were actually smashed into flesh by this golden mountain!

The smashed giant black claw demon screamed again and again.

However, its temperament is also extremely brave.

At this time, under the anger, a few more tentacles slammed!

boom!

The huge golden mountains and huge ink-colored tentacles collided head-on.

Billowing air waves, uproarious, scattered towards the surrounding!

Chen Feng was instantly lifted off by this powerful wave of air!

When he stabilized his figure again, he was pleasantly surprised to find that he had already left the attack range of his tentacle!

That air wave swept him out hundreds of miles!

He is safe!

At this moment, Chen Feng finally realized the joy of forcibly breaking a path in desperate situation.

Despite all the hardships and dangers.

There have been countless times only a thin line from death.

But this escape from the dead is really thrilling!

Chen Feng clenched his fist firmly and slammed a punch in the air.

However, at this time, Chen Feng's figure shook violently.

His whole body trembled, his heart was beating wildly, and his head hurt.

Almost uncontrollable, I have to fall directly.

Chen Feng knew that this was a sign that his whole body was drained and his weakness was extremely weak.

With his own strength, the consequences of forcibly using the immortal seal of Tianquan Town!

He quickly took out a pill and swallowed it directly.

Quickly restore the strength to its heyday.

When he completely recovered, the blood of the great flames of the sun and the golden demon and the blood of the brilliant red Heavenly Sword Sect powerhouse had already been separated.

It's still the life blood of Yanyang Great Demon, and it's three points stronger.

The essence and blood of the Heavenly Sword Sect expert was slowly swallowed.

In the end, the blood of Yanyang Great Demon returned to Chen Feng's body again.

Only this time, Chen Feng could feel the difference.

This drop of blood was too strong.

At this moment, the blood of Yan Yang Great Demon's life, in the black and gold, the blood-red light, is even more dazzling!

Under Chen Feng's gaze, Yanyang Great Demon's lifeblood gradually fell into silence.

[Chapter 4989: Star Dan! Essence! Mental strength!](#)

It takes a while to completely absorb that drop of blood.

Chen Feng looked into the distance again.

He took back the immortal seal of Tianquan Town.

Looking at the palm-sized square seal in his palm, Chen Feng played repeatedly.

After a long time, he took a long breath.

Although the immortal seal of Tianquan Town is easy to use, every time it is activated, the celestial energy required is extremely large!

With his current strength, the duration of a kinetic energy is only a moment!

Only one attack can be launched!

"But this is enough!"

Chen Feng ticked the corner of his mouth slightly: "One time, you can reverse the situation!"

"It seems that it can only be used as the last hole card at present."

Chen Feng put away the mask and the immortal seal of Tianquan Town, and the corners of his mouth raised a radian.

He took a special look at the giant black claw demon.

Amidst bursts of angry roars, he turned and left.

Back view chic and comfortable!

Chen Feng immediately returned to the neighboring planet.

The good news is that the dozen or so female disciples who were trapped still persisted.

Chen Feng shot immediately.

No piece of armor left!

Without the commander, there are hundreds of one-eyed saber-toothed demon with a height of ten meters, which is a dish of scattered sand.

Chen Feng didn't hesitate to kill them directly.

The circle surrounding the light blue protective array was instantly destroyed by him!

Countless one-eyed saber-tooth demon roared.

They gave up the siege of the dozen or so female disciples and rushed towards Chen Feng instead.

Taking advantage of this moment, the light blue protective array suddenly dissipated!

The cinnabar woman in the middle was just completely exhausted!

She fell straight backwards, being held back by the same door.

All the female disciples looked at Chen Feng, grateful.

"Thank you!"

But now is not the time to talk.

Chen Feng didn't look at them, but quickly said: "Hurry up, here I will solve it."

More than a dozen female disciples nodded immediately.

One of the female disciples carried the cinnabar woman, and the group quickly left.

Apart from unrelated people, Chen Feng can finally concentrate on dealing with these "mobile star pill" in front of him!

That's right, in his eyes, these gods are not enemies at all.

It was just a moving star pill.

Facing the one-eyed saber-toothed demon rushing towards him, Chen Feng didn't even need to detour!

Just kill it!

However, he suddenly noticed that not all the one-eyed saber-toothed demons had killed him.

There were also six one-eyed saber-toothed demon, quickly forming a small circle.

Randomly, vast spiritual power was released from the six one-eyed saber-toothed demon.

They are calling for commanders!

Chen Feng's heart tightened.

It seemed that the spirit and intelligence of the one-eyed saber-toothed demon race was indeed extraordinary.

Even understand the division of labor!

It's just a pity that their leader is dead!

It was swallowed by the giant black claw demon in its mouth, and its whole body was shattered, and there was no residue left.

Sure enough, the six one-eyed saber-toothed demon summoned for a long time, and there was no movement.

No surprises!

Chen Feng's eyes sank.

Having broken off the back of these one-eyed saber-toothed demon, now he can finally show his skills!

The one-eyed saber-tooth demon's mental power is extremely strong, but how can it be compared to him!

At this moment, Chen Feng suddenly shouted loudly!

The huge purple-white lion head suddenly appeared in the void and opened its huge mouth.

The billowing sound bursts apart!

The supreme breath far surpassed the spiritual power of those one-eyed saber-toothed demon!

Buddha's angry eyes and roaring power!

He also has a deeper grasp of this spiritual martial art.

Time seems to be swayed and stagnated at this moment.

Around Chen Feng, all the one-eyed saber-toothed demon who rushed forward were all in a trance and their bodies were stiff.

Completely out of control!

Taking advantage of this moment, Chen Feng's hand quietly condensed the black and white long knife that became more and more skilled!

Too on the Heavenly Swordsman Formation!

During this time, Chen Feng continuously used it to participate in actual combat.

The black and white long knife condensed now was brandished more and more skillfully by him.

Obviously it was just a condensed sword intent, but it was like a real weapon.

It can even make a metal hum!

Chen Feng clenched the handle of the knife and swept forward.

More than a dozen one-eyed sword-toothed demons were directly cut into two pieces!

The supreme sword intent, accompanied by the murderous intent to destroy the world.

Once inside the body of those demon, it will spread rapidly.

These one-eyed saber-toothed demon that had been chopped in two couldn't bear the murderous aura and sword intent that were too fierce.

The flesh broke directly and exploded into blood flowers in the air!

At this moment, Chen Feng turned into a ruthless executioner.

His face was extremely cold, and there was no trace of temperature in his eyes.

He even took the initiative to rush into the one-eyed saber-toothed demon group to kill!

Flesh and flesh fluttered, and the knife shot.

Finally, with the last cut, the six one-eyed saber-toothed demons were swept away!

boom!

Splashing blood!

Chen Feng finally stopped.

At this moment, all the one-eyed sabertooth demon on the entire abandoned planet were all beheaded by him!

He is independent of the dead mountain in the blood.

The gust of wind whizzed past, drying his face still with warm blood.

The black and white long sword dissipated instantly!

Chen Feng turned around and reached out.

Failing to absorb the star power of the red-eyed demon, you can't miss these yellow eyes again!

At the same time, Chen Feng urged the drop of Asura's natal blood.

While absorbing the power of the stars, condense the star pill.

The other side absorbs their special blood.

However, just as he absorbed the first corpse, Chen Feng suddenly shocked all over!

The next moment, his face was filled with a strong surprise that could not be concealed!

These one-eyed saber-toothed demon, like the bewitching succubus, also brought unexpected joy to Chen Feng!

A very special warm current poured into Chen Feng's body!

As soon as he entered his body, that warm current quickly rushed into his golden spiritual world!

Random, in the golden spiritual world, the spiritual power soars!

That warm current is just the spiritual power of the one-eyed saber-tooth demon!

This mental power is extremely pure!

This is the spiritual power dedicated to the demon, special and pure!

Most importantly, it is huge!

The mental power of each one-eyed demon is like an inverted Tianhe waterfall.

The huge and incomparable spiritual torrent directly slammed into Chen Feng's mind.

Flowing into Chen Feng's spiritual world did not produce any rejection at all.

As soon as he entered, Chen Feng suddenly felt uncomfortable.

Chen Feng almost burst into laughter in his heart.

Although the process has been difficult and dangerous, it is always worthwhile to have surprises.

The corpses of hundreds of one-eyed saber-tooth demon were quickly squeezed clean by Chen Feng!

After absorbing the last one, Chen Feng had already condensed more than fifty Star Pills in his hands!

More than he estimated!

Just when Chen Feng was about to absorb these star pill on the spot, the sudden change occurred!

This time, the mutation did not come from elsewhere.

It appeared in his body!

In the golden spiritual world!

Chen Feng was shocked and put away the star pill for the first time.

[Chapter 4990: Changes in the spiritual world!](#)

In the next moment, he appeared in his spiritual world.

The golden brilliance illuminates every corner!

Rich and abundant spiritual power, glowing with golden light, full of spirituality.

However, in the spiritual world at this moment, the golden spiritual power seems to be too much!

Chen Feng cast his eyes forward.

That is a golden wall!

Although it is a wall, it is bigger than a continuous mountain range!

The left and right are boundless, looking up, let alone the height.

Chen Feng is no stranger to this seal.

For a long time, the power of a heavy seal came out from it, preventing any spiritual force from penetrating.

However, the change at this moment also originated from this!

Chen Feng continued to swallow and absorb a large amount of the purest mental power.

After these spiritual forces poured into this golden spiritual world, they turned into golden **** of light.

The golden ball of light permeates the spiritual world.

Swim around.

The existing vast space turned out to be crowded.

Immediately, these golden spiritual powers began to eagerly try.

When Chen Feng raised his eyes, he could see that above the sky, all the spiritual power was surging!

They quickly turned into turbulent waves, towards the thick golden long wall, and began to bombard!

There is a stance to knock it down!

Chen Feng was shocked!

His mental power was already extremely surging and vast, and now it turned into a huge wave, and it was even more powerful.

Could it be that this seal will be broken today?

Chen Feng suddenly became excited.

This huge seal in the spiritual world is likely to be Chen Feng's life experience.

He still remembered the image of the man that the succubus finally turned into not long ago.

Obviously he had a seven-part face, but Chen Feng had no idea who it was.

However, he obviously didn't know who it was. When he saw the man, Chen Feng instinctively surged in hatred from the bottom of his heart.

That kind of hatred is rooted in his blood.

Branded in his bones!

Hate to the extreme!

Chen Feng can be sure that he definitely has some kind of relationship with that man.

Moreover, this person is definitely related to his own life experience!

My real life experience!

And the truth about one's own life experience may be on the back of this golden continuous wall in front of you!

The thunder-like sound, like a roaring wave, constantly echoed in this space!

The golden spiritual power converged into a billowing wave, tumbling in this vast spiritual world.

They have already begun to hit the big golden wall.

Those golden mental powers that resemble huge waves slammed against the golden wall, making earth-shattering sounds.

However, there was no movement on the golden wall.

It still looks like a lofty mountain, standing tall there.

Chen Feng was eager to try.

He consciously controls these spiritual powers in his spiritual world.

Those golden waves, once controlled by him, suddenly glowed with even more dazzling light!

This dazzling gold once surpassed the golden light released by the golden wall.

The huge waves of thousands of meters all gathered together.

Chen Feng's goal is very simple-to find a point and attack with all his strength!

There is no need for complete destruction at all, as long as a gap can be cut in this powerful seal, that is enough!

Under his conscious command and control, the huge golden waves in the sky were spinning at high speed in the air.

In the end, it turned into a sharp awl in the air.

"Boom!"

"Broken! Broken! Broken!"

Accompanied by Chen Feng's angry shout, the golden giant wave awl was magnificent and indomitable!

It is like a broken bamboo, piercing straight into the golden wall!

The harsh metal crashing and drilling sound made Chen Feng's mind sore.

However, despite this, Chen Feng saw hope!

At the place where the golden wall was pierced, a tiny hole began to appear.

Although it was just a tiny hole, it meant that this golden wall could be pierced by him!

At this moment, Chen Feng's expression changed.

He heard some kind of flapping sound in the harsh metal collision!

Although this voice was inaudible, Chen Feng noticed it for the first time.

On the big golden wall, the power of the seal suddenly began to ripple.

The next moment, a pair of dark gray wings suddenly appeared in the golden wall!

Then, a winged monster that looked like a bat, flapping its wings, appeared from the big golden wall.

It has a total size of two meters and is dark gray throughout.

Although he is not big, he looks very strange.

The wings are like bats, but the body is a bit like a bird, covered with shiny feathers.

The eyes are chaotic, the fangs are exposed, and the cold light glows.

However, the most conspicuous thing is its huge beak as sharp as a needle!

That huge beak is almost half the size of the body!

This winged monster just appeared in the spiritual world, but it didn't rush towards Chen Feng for the first time, but rushed towards the golden giant cone formed by countless spiritual forces!

The sharp, needle-like beak pecked straight into the golden cone.

Chen Feng immediately noticed that the mental power that had gathered into the golden giant cone was abruptly swallowed!

He knew what it was.

This is a spirit devouring monster!

Specially devours soul and spiritual power.

This is the "counterattack" spontaneously made by the seal!

As long as it swallows the mental power that attacks it, it can continue to remain the same.

How could Chen Feng let it succeed!

He jumped up, rushed to the Spirit Devouring Monster Beast, with a punch!

But how sensitive is the reaction of the two-winged spirit devouring monster!

Before Chen Feng's punch arrived, it flashed aside.

So fast!

Chen Feng secretly exclaimed in his heart.

However, when he came forward to interrupt the spirit-devouring monster's devouring mental power, the golden giant cone once again furiously attacked the golden wall!

The attention of the Spirit Devouring Monster Beast was temporarily focused on Chen Feng.

It suddenly raised its head and let out a scream like a cloud.

The voice pierced Chen Feng's spiritual world!

In the next second, it flapped its wings frantically and rushed towards Chen Feng like a meteor!

This is comparable to the strength of the sixth floor of the Star Soul Martial God Realm!

Chen Feng didn't dare to relax at the moment.

The huge purple-white lion head suddenly opened its mouth in the blood basin.

Buddha's angry eyes and roaring power!

Spiritual martial arts are perfect for dealing with monsters that devour spirit power!

But something unexpected happened!

The spirit devouring beast received the Buddha's angry lion roar from the front.

But it did not stop at all!

Continue to move towards Chen Feng, get close to you very quickly!

The giant beak is fierce, glowing with cold light.

Chen Feng's pupils contracted rapidly.

At this moment, he finally determined one thing.

When he first saw this spirit devouring monster, Chen Feng had a strange feeling.

He didn't feel the slightest fluctuation in life on this spirit devouring monster.

Only the cold and uncomfortable seal power covered it.

This spirit devouring monster turned out to be dead!
