

## Peerless 4991

### [Chapter 4991: Kill the spirit devouring monster!](#)

At this moment, Chen Feng finally made sure that the spirit devouring monster in front of him was more like a puppet.

Or all its current attacks are just actions based on instinct.

The golden wall has existed for a long time in Chen Feng's spiritual world.

This soul-eater was also sealed in the golden wall for a long time.

Under the control of the power of the seal, it will appear when the golden wall encounters an attack.

To put it simply, this dead spirit devouring monster was forced to become the guardian monster of the golden wall under certain magical powers!

The Buddha's screaming lion roar is naturally invalid for the dead!

Chen Feng's heart turned a thousand times, and before the Spirit Devouring Monster Beast rushed in front of him, he adjusted his state again.

In his hand, a huge black and white long knife appeared instantly.

The space began to vibrate.

With his fingers, the giant beak of the Spirit Devouring Monster Beast pecked Chen Feng's chest fiercely!

However, he did not move when he was pecked in the chest.

Chen Feng still holds the black and white long knife in his hand...

In the next instant, behind the Spirit Devouring Monster Beast, a cold and turbulent knife intent almost cut through the void.

Chen Feng, who had not changed his movements, gradually disappeared in place.

This is just an afterimage!

I don't know when, Chen Feng actually flashed behind the spirit devouring monster.

Swipe it coldly!

Too on the Heavenly Swordsman Formation!

This is Chen Feng's latest killer!

After breaking through the realm, Chen Feng had a new understanding of the Buddha's angry lion roar technique and the Taishang Zhutian sword formation.

Realm has also broken through.

However, the control is not perfect.

However, just now, after absorbing a large number of star pill, and accidentally absorbed the true spiritual power of hundreds of one-eyed saber-toothed demon.

He has a better grasp of the two martial arts of Taishang Zhutian Sword Formation and Buddha's Angry Lion Roar Technique!

Just now, the Buddha's angry eyes, lion roar, accidentally failed.

However, there is no such thing as the Heavenly Swordsman Formation!

It becomes faster, stronger and more handy!

A knife swept across, silently.

Even if the instinctive reaction of the Spirit Devouring Monster Beast is faster, it can't compare with his black and white long sword!

Live and die!

This time, when the black and white long knife was swung down, life and death began to blend together!

They are like Tai Chi gossip, merged together.

When Chen Feng locked the target, this subtle fusion of life and death glowed strangely, forming a small reincarnation.

Who can escape the cycle of life and death?

This is the quintessence of the second layer of the Taishang Zhutian Sword Formation!

That is a lock on the field!

Within the scope of the ability, no one can escape from the Taishang Zhutiandao formation!

Will be trapped in it!

Can't escape!

Nowhere to hide!

Can only wait to die!

The dark gray spirit devouring monster was completely split by this knife from bottom to top!

Screaming!

The harsh whining sound penetrated the eardrum instantly!

Chen Feng is very close to the Spirit Devouring Monster Beast!

As soon as the babble rang, he noticed something was wrong!

Just now, the blow he swung was too high to kill the Heavenly Swordsman Formation, enough to kill the monster beast in the sixth floor of the Star Soul Martial God Realm.

It's impossible to be like this, with a rolling sound!

Where is the problem!

Chen Feng's whole body was erected, and he retreated violently!

In the next second, I saw the Spirit Devouring Monster Beast that was almost split in half, returning to its original state again!

Intact!

Chen Feng was shocked and angry.

This spirit devouring monster is really hard to deal with!

The two hole cards that he had just improved are all invalid on it!

No, it is not completely invalid.

Chen Feng keenly noticed that although the Spirit Devouring Monster Beast was split in half, it was restored to its original shape again.

But its dark gray is a bit lighter!

Seeing this, Chen Feng suddenly had some speculation in his heart.

Perhaps, at this moment, the spirit devouring monster in front of him has no entity!

It's just a remnant thought!

The body of this spirit devouring beast should be very powerful.

Even if a piece of remnant thought is separated, the entity can still be transformed.

Only when the physical body is damaged, will the body be revealed again.

After realizing this, Chen Feng frowned.

There is no entity, which means that physical attacks are also ineffective!

If there is no better way, he can only weaken the origin of Can Nian again and again as before.

However, such consumption is too great for him!

"There must be a way!"

However, before Chen Feng thought of a way to crack it, the spirit devouring monster in the distance rushed over!

It opens its huge beak, and its speed is still extremely fast!

Chen Feng dodges quickly!

However, the Spirit Devouring Monster Beast suddenly accelerated!

Chen Feng slowed down a bit, and was hit by it in his arm.

Only a wound less than a finger's length was drawn, and Chen Feng's expression changed in vain!

The huge beak of the Spirit Devouring Monster Beast is its most powerful weapon!

All things touched by its beak, mental power and soul will be swallowed by it!

Just now, Chen Feng felt his own soul and suddenly fell into a daze!

Although it was only a short time, it still lost a lot of vitality!

too frightening!

Chen Feng shifted his shape several times and moved away from the Spirit Devouring Monster Beast.

Is the guardian monster selected by the golden wall really so difficult to defeat?

A strong unwillingness surged in Chen Feng's heart.

He glared at the Spirit Devouring Monster Beast, shouting desperately in his heart.

"Chen Feng, such a mere opponent! Can it stop you? Can it stop you?"

Thinking of this, Chen Feng's heart suddenly flashed!

The Spirit Devouring Monster Beast rushed towards him again.

This time, Chen Feng took the initiative to greet him!

Behind them, the high-speed rotating golden cone and the continuous and majestic golden wall burst out with dazzling golden light.

At the moment when Chen Feng and the Spirit Devouring Monster Beast are about to face off!

Heaven and earth repeatedly reincarnate magical powers, make power!

In the heaven and earth's repetitive reincarnation divine art space, the huge blue eyes burst out with dazzling light.

"Give me!"

Chen Feng burst into a drink, with a hideous face and bruises on his face!

boom!

At the moment of the collision, the spirit devouring monster in front of him suddenly stopped.

Chen Feng collapsed and staggered, almost falling out of the air!

For so long, he has been using Heaven and Earth's repetitive reincarnation magic to probe the other party's spiritual world.

However, the repetitive reincarnation of heaven and earth has other effects!

A remnant mind controlled by the power of sealing, physical attacks consume a lot of energy, and mental attacks are almost ineffective.

However, as far as Chen Feng is concerned, as long as there is a residual thought, he can be dragged into the illusion constructed by him!

This is another effect of the repetitive reincarnation of heaven and earth!

Even if the consciousness is almost obliterated, Cannian will react instinctively in the fantasy!

What Chen Feng built for it was the small Zhou Tianzhu Divine Sword Formation he had broken through!

Since the physical attack, the effect is minimal.

Then let countless Dao Feijians, take his place to kill this remnant thought!

Chen Feng looked at the spirit devouring monster in front of him coldly.

[Chapter 4992: this is me! this is me!](#)

Because only instinct remains, it does not have enough wisdom to tell the truth from the false.

At this moment, it was completely immersed in the small Zhou Tianzhu Divine Sword Formation.

From Chen Feng's perspective, his body is getting bleak.

More and more transparent.

Feng Shui turns around, but I didn't expect the reversal to come so fast!

A moment ago, he could only be forced to dodge and constantly flee.

All attacks are ineffective.

Now, he can kill this spirit devouring monster with no effort!

Seeing the spirit devouring monster gradually becoming transparent, Chen Feng's heart suddenly moved.

What suddenly occurred to him!

Since the Spirit Devouring Monster Beast was sealed in the golden wall early.

He came here early, so, does it know something?

Is there any information about him in its mind?

Who on earth sealed his spiritual world!

Why seal!

Who is he!

These questions have been entrenched in Chen Feng's heart for too long.

He couldn't wait to peek.

However, his divine consciousness had just probed into the mind of the spirit devouring monster.

Chen Feng suddenly felt great resistance!

Ban!

In the mind of this spirit devouring monster, there is a restriction, and no one is allowed to spy!

As soon as Chen Feng's spiritual consciousness penetrated into it, the restriction was noticed!

However, seeing the prohibition, Chen Feng was rather happy.

There are restrictions, which means that there is indeed some news related to his life experience in this Cannian!

Suddenly, above the restriction, the light suddenly shined!

The Spirit Devouring Monster Beast broke out a scream!

Chen Feng immediately changed his expression.

In the next second, the prohibition burst suddenly!

Even blew up and didn't let him spy!

No matter how unwilling he was, Chen Feng could only withdraw his spiritual consciousness.

The Spirit Devouring Monster Beast in front of it was already almost transparent.

The moment Chen Feng withdrew his spiritual consciousness, it exploded silently!

Completely turned into nothingness!

However, Chen Feng at this moment has no time to take care of these.

His eyes were wide open, and his breathing became quick.

Although the prohibition reaction was extremely rapid, Chen Feng still saw some fragments of the picture!

In the screen, a three-year-old boy appeared!

Upon seeing the boy's appearance, Chen Feng's breathing quickly rose.

There seemed to be a voice in his heart telling him loudly.

That's him!

Chen Feng's breathing was rapid, and his heartbeat suddenly accelerated.

He stared at the three-year-old boy.

In the picture, when he was three years old, his eyes were closed tightly, and his face was pale, as if he had lost consciousness.

The boy's face is haggard, his hair is soft and yellowish, and he looks malnourished.

However, it was this boy who seemed to have no power to bind the chicken, with all kinds of slender golden needles stuck in his head!

Moreover, every slender golden needle is inserted in some acupuncture points.

Including some dead spots!

Not only that, the boy's limbs and torso are bound by countless chains!

Those chains are thin and thick.

The thick chain penetrates a layer of faintly glowing formations, and is connected to the four walls of this space.

The thin one was deeply cut into the boy's skin and flesh.

This is a dark place.

There is no end, no light, no air, there seems to be nothing.

It seems that it is the deadliest place in the universe.

Just underneath the boy is a stand.

An extremely old platform, as if the universe had just opened, and Hongmeng had already existed at the beginning!

Very majestic, extremely magnificent, extremely huge!

Like a planet!

On the high platform, it is covered with blood stains!

There is also a miserable howl, a miserable roar, born in the void, echoing around!

It seems that there are infinitely many, infinitely powerful souls wandering around here.

On the high platform is a towering gate.

On the door, there were countless chains made of metal that didn't know what kind of metal, and the boy was hung high in the air.

A pool of blood was sprinkled under him.

Most of the blood has become dark and scabs, but there is still fresh blood, dripping constantly.

The boy was naked and covered with scars, so miserable!

There was a row of immortal cultivators all around, all expressionless.

A faint ray of light flashed by their edges, releasing a breath of horror formation.

Looking at this picture, Chen Feng was shocked.

At this moment, an extremely powerful force suddenly uncontrollably surged in his heart!

That is his anger!

This angry power came from nowhere, as if it appeared from his body out of thin air.

Then, with the thunderous momentum, gushing out!

boom!

A powerful and terrifying force broke out from Chen Feng's body instantly.

In the huge spiritual world, the golden cone condensed by his spiritual power has carved a huge hole in the heavy and majestic golden wall.

At this moment, an extremely majestic force suddenly swept away not far away!

It was like giving a hammer on this huge golden cone!

Bang!

The huge crater sunken in the golden wall made a dull sound.

Then, the sound of clicking and rubbing sounded one after another.

With the giant hole as the center, cracks are radiated to the surrounding area.

And the center of the giant hole suddenly lit up with white light.

The entire golden spiritual world began to vibrate violently!

There were huge noises everywhere.

It seems that on the other side of the golden wall, there is also a certain kind of power that is impacting this endless golden wall!

Chen Feng recovered from the sudden anger.

A closer look, the golden wall is about to crack!

He rushed over immediately!

Without the obstruction of the Spirit Devouring Monster Beast, Chen Feng assisted with all his strength and broke through the last weak seal of the giant pit!

As soon as he kicked it away, a powerful force swept Chen Feng's body directly!

Almost instantly, he was swept a great distance.

Hum!

The golden spiritual world began a violent earthquake!

Wow!

The surging vast golden spiritual power turned into a huge wave, condensed into a tsunami, gushing out from the other side of the golden wall.

Click! Click!

The tiny gap was opened instantly!

The insidious sealing power can no longer withstand the impact of the golden spiritual power!

Chen Feng got up from the ground, and what he saw was that the long and long wall of huge golden seal was disintegrating!

On the opposite side of the seal, the terrifying golden spiritual power directly smashed it!

A big gap is already several miles long in a blink of an eye!

The next moment, the huge golden wall crashed directly!

The third seal was completely opened!

The golden giant cone that was originally condensed has also returned to a golden wave at this moment.

The two golden spiritual powers suddenly gathered together, very close, regardless of you and me.

At the next moment, Chen Feng's body kept trembling.

The huge purple-white lion head suddenly appeared on its own!

The countless purple and white fonts that compose it once again absorbed the surrounding golden spiritual power.

The endless purple-white light bloomed out.

[Chapter 4993: The demon army is here!](#)

It suddenly opened its huge mouth and sucked hard.

Suddenly, the infinite original spiritual power around was directly absorbed by it.

Hum!

The brush appeared again in the void.

It is depicting and sketching at speed.

The purple-white light gradually became more condensed.

When the paintbrush disappeared at the last moment, this huge lion head with a radius of 100 meters suddenly blinked!

It seems to be alive, standing in Chen Feng's golden spiritual world.

The eyes are full of fierce light, bursting out absolute coercion!

Roar!

The lion head suddenly opened its huge mouth and roared and roared!

The power that came from it was thick and surging!

Even Chen Feng himself was almost shocked by the sudden mental shock, and he was calmed for ten seconds!

After more than ten seconds, he recovered and suddenly became extremely excited!

The second level of Buddha's angry eyes lion roaring technique is completely mastered at this moment!

"It turns out that this is the feeling of completely mastering the second layer!"

"It needs greater mental power!"

"You can completely control it!"

Chen Feng kept feeling the shocking blow just now.

He has a strong hunch.

Now he even dared to face the powerhouse in the sixth floor of the Star Soul Martial God Realm!

As long as he is not the top powerhouse in the sixth floor, he has the confidence to compete!

Because his mental power is too strong!

The golden wall is not breaking.

In Chen Feng's spiritual world, it was like a vast ocean at this moment.

The golden mental power condensed into a wave of water barely reached Chen Feng's chest!

After a long while.

Chen Fengxu stood high in the sky, looking down at the entire spiritual world.

The golden spiritual power has already begun to fall into peace.

Now, his mental power has increased twice as much as before!

This is not even the spiritual power absorbed by the Buddha's roaring lion roaring power!

But it's not over yet!

Chen Feng felt that his heaven and earth reincarnated repeatedly, and there were vague signs of promotion!

In his repetitive reincarnation divine art space that day, his huge dark blue pupils kept shining brightly.

This space is also constantly absorbing Chen Feng's golden spiritual power.

The original twice as much mental power was slowly absorbed by two-thirds.

Chen Feng was surprised to see the mental power being continuously absorbed.

In the end, in the heaven and earth's repetitive reincarnation magic space, that huge dark blue pupil gradually stopped absorbing mental energy.

There is no meaning of promotion!

Seeing this result, Chen Feng felt a little regretful.

However, more is still surprised.

"It's worthy of the heaven and earth's repeated reincarnation power, and it needs so much mental power."

"Just so much mental power is not enough for promotion."

However, Chen Feng was not angry and rejoiced.

He had long felt that the repetitive reincarnation of heaven and earth was not as simple as the surface.

It may be the most powerful exercise he has obtained so far.

Even its deep and mysterious, inexplicably vast, is better than the Golden Sutra of the Great Bodhisattva Vipassana.

"because....."

Chen Feng vaguely felt that behind this world's repeated reincarnation magic, it seemed to lead to an extremely mysterious road.

It seems that after practicing to a very high level, you can show an extreme evolution!

"Since it is not enough now, then kill the demon again and continue to absorb it!"

Chen Feng withdrew from his spiritual world.

He raised his head and looked up into the stars, intending to find the next planet to be swept away.

At this moment, he suddenly saw something, his face suddenly changed!

Galaxy Sword School, Temple of Heavenly Demon.

The Temple of Heaven is located in the core area of the entire sword school.

The floating mountain where the temple is located is just beside the huge floating mountain in the center.

Compared with the magnificent and magnificent grandeur of the main hall, the Heavenly Demon Hall is equally huge, but relatively simple.

There are no jade carvings and demon gods.

Above the hall, there is only a huge black plaque.

Three big characters on it-Heavenly Demon Palace.

Nevertheless, these three characters reveal the breath of vicissitudes.

It seems to come from the ancient times, extremely long and lasting!

On weekdays, not many disciples, deacons, and elders enter and leave here.

Suddenly, a deacon hurried out.

His face is extremely ugly!

Not long after, the deacon quickly returned to the Heavenly Demon Hall with more than ten elders of the stars.

These more than ten star elders come from the five sword sects.

Among them, Yue Xinlan is also impressively listed.

"Dear elders, just now, an army of hundreds of thousands of celestial demons struck towards the low-level battlefield of Galaxy!"

A group of people hurriedly came to the Temple of Heavenly Demon.

In the center of the hall, there is a huge magic circle.

Around the magic circle, there are countless icy white gems with fairy aura, and the fairy aura is surging, supporting the operation of the magic circle.

In the array, countless rays of light refracted out, turning into a huge light curtain in the air.

Through the light curtain, you can see the image of the low-level battlefield of Galaxy.

Everyone's faces were tight and solemn.

In the light curtain, countless demons came forward.

The demons that make up the army of demons are of different races.

They followed the leading demon, coming in mighty force.

All the planets they pass by will instantly pass by like a locust, and there will be no more vitality!

A whole number of 100,000 demon army!

The number of them almost obscures the light in the distance.

As far as he can see, all are these mighty army of heavenly demons!

They are like a giant net, covering the sky and covering the sun, catching all kinds of fish and shrimps!

Roar!

Countless demon screams, roars, and sound waves are overwhelming!

Even all the star elders present took a breath of air.

"It's not uncommon for an army of heavenly demons to cross the border in an extraterritorial battlefield."

A star elder sighed.

Another star elder asked sideways: "Are there any disciples who are practicing in this area?"

Hearing his question, several deacons dropped their hands, and power poured into the circle.

In an instant, the light flowed.

In the light curtain, the picture gradually moved from far to near.

The screen quickly swept across the abandoned planet that the demon army was about to pass.

One after another, all empty!

Just as the elders relaxed, a deacon suddenly exclaimed.

"There is a planet! There are people on this planet!"

In an instant, everyone's heartstrings tightened again.

The deacon who exclaimed immediately moved his hands, and the picture in the light curtain quickly shifted to the abandoned planet he said.

At a glance, everyone present changed their colors.

On this abandoned planet, there are more than ten female disciples of the Sword Sect of Tianji!

These female disciples, at this moment, looked all seriously injured and exhausted.

Embarrassed!

These more than a dozen female disciples are exactly those female disciples saved by Chen Feng.

If the army of hundreds of thousands of demon rushes to them, they will never survive!

In the Heavenly Demon Hall, a star elder from the Tianji Sword Sect exclaimed immediately.

[Chapter 4994: Save people](#)

"Quick! Send someone to help!"

The female elder's gaze stared at the female disciple with cinnabar between her eyebrows.

Her heart is beating wildly.

If you let that person know that the disciple she fancy is about to be wiped out by the army of heavenly demons, then the consequences...

At this moment, another deacon who controlled the light curtain also exclaimed.

"There are people on this planet too!"

The light curtain turned again and turned into a sea of demon corpses.

There was a person standing in the sea of corpses.

It is Chen Feng!

At this moment, Chen Feng looked up at the distance.

It was like looking straight at the elders in the Heavenly Demon Hall through a light curtain.

All the elders in the Heavenly Demon Hall were shocked by this picture.

"This... was he killed by himself?"

The voices of some elders were shaking.

Yue Xinlan's eyes widened!

It's Chen Feng!

At this moment, Chen Feng was covered in blood, almost invisible.

However, Yue Xinlan was familiar enough to see it at a glance.

The surrounding stars and elders started to discuss.

"This disciple doesn't seem to be too old, he can kill a sea of celestial demon corpses on his own."

"Such talent is quite powerful, and our Galaxy Sword Sect cannot lose such talent!"

The elder who said this did not recognize that it was Chen Feng.

He just said so subconsciously.

"That person, how come you look familiar?"

Suddenly, some elder stars frowned.

"He is Chen Feng!"

As soon as this remark came out, everyone in the hall was shocked.

"Chen Feng?"

"It turned out to be him!"

The atmosphere in the hall immediately became subtle.

Some faces are not very good-looking, but some have returned to normal from their surprise at the beginning.

Chen Feng's reputation has already been heard in the Galaxy Sword Sect.

If it were him, it wouldn't be a surprise to slaughter hundreds of heavenly demons.

Immediately afterwards, another deacon exclaimed in the Heavenly Demon Hall.

In the end, everyone was sure—on the battlefield at this moment, a total of hundreds of disciples were about to be attacked by an army of demons crossing the border!

This news soon spread from the Heavenly Demon Hall to the various halls of the Five Great Sword Sects.

Soon, the Galaxy Sword faction decided to send Xiao Changkong to lead 20 true disciples to the battlefield outside the territory to rescue!

Xiao Changkong is not only in the Heavenly Power Sword Sect, but also extremely powerful.

Looking at the entire Galaxy Sword Sect, he is also the top group.

As a powerful true disciple, he already has many times of rescue experience in extraterritorial battlefields.

He quickly organized twenty members of the faction to go to the floating mountain where the teleportation array was located.

However, before leaving, someone found him.

"Elder Murong is looking for me?"

Xiao Changkong went to where Elder Murong was.

"The disciple is preparing to go to the battlefield outside the territory to rescue the same door."

"I wonder what Elder Murong has ordered?"

Elder Murong sat in his seat with a solemn face.

He said in a deep voice, "Going this time, you help me pay attention to someone."

"who?"

"His name is Chen Feng."

Xiao Changkong quietly listened to Elder Murong's instructions.

"He took away the immortal seal of Tianquan Town."

"After you find him, remember to get him back."

Hearing the five words of Tianquan Town Immortal Seal, Xiao Changkong's expression condensed.

When I heard that this thing was in Chen Feng's hands, Xiao Changkong's face suddenly showed surprise.

Soon, he reacted and Su Rong replied: "Yes!"

Elder Murong looked at him with no expression on his face, and said lightly: "I don't like him taking this thing away."

Xiao Changkong immediately understood, lowered his head and smiled slyly, and said softly: "The disciple understands."

On the floating mountain where Tianshu Sword Sect is located.

Yue Xinlan hurriedly told Zhong Li Yaoqin the whole story.

Seeing Zhongli Yaoqin had no big reaction, the more Xinlan's cold face, there were rare ripples.

She frowned and looked anxious.

"Anyway, I don't worry, Sister Zhongli, regardless of life or death in the outer battlefield."

"It's too easy to get black hands!"

"We must also send manpower!"

"Chen Feng, must survive!"

Finally, Zhong Li Yaoqin turned around.

At this time, Zhongli Yaoqin was still wearing a red dress as fierce as fire.

However, her body was more dead than before, by 30%!

Her graceful figure fell in front of a waterfall.

The water poured down like stars.

At this moment, Zhongli Yaoqin gently lifted his wrist and directly cut off most of the waterfall that fell from the sky.

The mighty core power of the stars poured into her body, constantly scouring all her meridians.

Yue Xinlan knew that since Chen Feng brought back the relics of the ancestors, the lord Chen Ji was healing quickly!

At this moment, she needs a lot of pure power to flush out the endless dead energy in her body.

If nothing happened to Chen Feng, the more Xinlan would not come here to disturb her.

Zhongli Yaoqin looked into the distance.

Her eyes seemed to see the scene of the battlefield outside the territory through the endless sky.

After a while.

"Xinlan, go personally."

As soon as this remark came out, even Yue Xinlan's face changed.

"I?"

You know, unless there are special circumstances, only disciples can go to the battlefield outside the territory.

As the elder of the stars, she must not go without permission.

But now, the lord actually asked her to go to the outer battlefield in person.

Suddenly, what she realized was a big shock.

"Could it be that sister Zhong Li, your Chen Ji is completely healed?"

In Yue Xinlan's excited eyes, Zhong Li Yaoqin gave a positive answer.

"Yes."

With the utterance of these two words, Zhong Li Yaoqin's momentum suddenly changed!

She still stood in place, without any movement changes.

However, a supreme fighting spirit broke out from her body.

That is the supreme aura of their Tianshu Jianzong, which is extremely prosperous!

Looking at Zhongli Yaoqin's imposing manner, Yue Xinlan's heart was extremely excited, and water mist appeared in her eyes.

Tianshu Sword Sect finally has a comeback!

She waited for a day, had been waiting for too long too long!

"After the rescue team has passed, I will find a way to keep up."

After she finished speaking, she turned and left.

She already understood what Sister Zhongli meant just now.

Tianshu Sword Sect is about to return to its peak.

At that time, even if she, the elder of the stars, went to the outer battlefield without authorization, there would be no trouble.

Who dares to make trouble again!

...

The purple-white lion's head that was hundreds of meters wide suddenly opened its blood basin.

In the starry sky, the sound and waves are rolling, bursting violently!

Countless demons were swept by the sound waves!

Some people with stronger mental power can barely freeze in the void.

And those who are not strong enough, under this terrifying and turbulent mental impact like the waves hitting the shore, they collapsed directly!

boom! boom! boom!

There were even a lot of heads of demon that exploded directly!

The screams are endless!

In the boundless sea of stars.

Chen Feng stood alone in the air.

He was soaked in blood, he could barely see his original face.

At this moment, he was holding a black and white long knife, and his face showed excitement.

[Chapter 4995: Fight against the army of demon!](#)

Like a God of War! Kill God!

Hundreds of thousands of demon's transit is a crisis and a challenge for him!

Fortunately, during this period of time, he gradually worked out a pattern in the low-level battlefield of Galaxy.

Most of the heavenly demons in the low-level battlefield of the Galaxy are only the fourth and fifth floor of the Star Soul Martial God Realm.

The giant black claw demon hiding in the ocean of the planet is an exception.

Moreover, those demon will not take the initiative to attack, most of them have restrictions.

Because of this, with Chen Feng's strength, it can almost be said to be like a fish in water!

While he was fighting, he urged the big drop of Asura blood.

Crazy absorption of the power of stars!

Crazy Condensation Star Dan!

Crazy absorption of blood!

In the star soul space, on that vast star map, there are only half of the stars left in the star map, one by one, slowly lighting up!

"Hahahaha!"

Chen Feng looked up to the sky and laughed, his ink hair stained with murderous and \*\*\*\* colors, no wind automatically!

His sword eyebrows were cold against the army of demon in front of him.

This is only part of the hundreds of thousands of demon army.

In fact, there are about two to three hundred of these demon.

It is the flank of this army of heavenly demons.

In other words, it is the most marginal group of this army of heavenly demons.

They are the weakest in the army of heavenly demons, and they simply can't get to the center position.

It won't get any benefits, and can only sweep away those barren planets and worlds in the marginal area.

The flanks of the Heavenly Demon Army swept across the planet where Chen Feng was.

These demon, feeling the blood here, they killed them.

Unexpectedly, I encountered a big evil star!

Immediately beheaded a few demon.

Chen Feng glanced around, and they were all in the third and fourth floor of the Star Soul Martial God Realm.

In Chen Feng's eyes, these demons are mobile resource banks!

If the hundreds of thousands of heavenly demons are all of this kind of strength, to him, it is a big supplement!

You can definitely light up the star map in one fell swoop!

"What do you think?"

Chen Feng gave a wry smile and patted his head lightly.

"Chen Feng, you should be fortunate that the people who came here are all the little girls in the army of heavenly demons."

"Among these hundreds of thousands of heavenly demons, the strong do not know where they are!"

"I'm afraid, there are many existences that can easily crush you to death!"

"Let's kill these obstructive demon first, and then hide!"

Just now, Chen Feng, after seeing the hundreds of thousands of demon army, was ready to avoid its edge.

It was just being entangled by these demon.

He has always been a clear-minded person, knowing that at this time, he should not move rashly.

If you hit the demon army head-on, you will have no life at all!

Thinking of this, Chen Feng clenched the black and white long knife again.

The demon closest to him even seemed to think of the sonorous metal roar!

Their complexions changed drastically, and they retreated backwards!

In an instant, a vacuum formed around Chen Feng.

Who could have imagined that just before the work of a stick of incense, these heavenly demons were still excited when they found him.

They screamed and rushed quickly, with a bloodthirsty and excited color on their faces.

And after just one stick of incense, where is the arrogance on their faces now!

At this moment, their eyes are already full of fear!

They looked at the black and white long knife in Chen Feng's hand, wanting to escape, but were a little unwilling.

So many demon rushed over, but even a cultivator in the second floor of the Star Soul Martial God Realm could not deal with it.

This is too shameful!

However, they really did not dare to approach Chen Feng easily.

Because the black and white long knife in Chen Feng's hand can be lengthened at will!

The longest can reach thousands of meters!

Just now, Chen Feng swept out this thousand-meter long knife!

Along with the spiritual impact of the Buddha's angry lion roar, countless demon even had no time to change their faces and were cut into two pieces directly!

All of a sudden, "corpse rain" began to fall next to Chen Feng!

too frightening!

Such a madman, even those bloodthirsty demons, have never seen it!

Even more arrogant is that this madman seems to have endless energy.

Countless demons went forward and succeeded in an attempt to consume him.

But after such a long time, this madman is still full of energy!

There is no trace of exhaustion at all!

Chen Feng looked at the surrounding demons who dared not approach, the contempt in his eyes was beyond words.

"What? Don't you dare to kill me?"

He waved the black and white long knife in his hand again.

"Then it's my turn!"

In the next moment, he took the initiative to attack, instantly turning into a \*\*\*\* lightning, and tore the giant net woven by the army of heavenly demons!

boom!

boom!

Hum!

The light of various colors flashes one after another!

All kinds of screams are endless!

The demons who were waiting for Chen Feng's exhaustion were frightened!

Now, it doesn't matter whether Chen Feng is killed or not.

It's true to save your life!

They turned around and fled frantically.

Chen Feng sneered looking at the demons who fled in a hurry.

"Do you really think that you can still escape now!"

Heaven and earth repeatedly reincarnate magical powers, bursting into power!

The faint blue huge vertical pupil, Biao shot a dazzling blue light!

In a blink of an eye, with Chen Feng as the center, thousands of demons were directly killed!

The meaning of endless despair emerged from the bodies of those demon.

After a long time.

Chen Feng put away the black and white long knife, and stood in the void with his hand held.

Around him, the blood is pouring!

Corpses everywhere.

Chen Feng stretched out his hand, not daring to neglect.

Soon, all the power of the stars in the corpses of the heavenly devil was collected by Chen Feng.

In his hands, there are hundreds of Star Pills right now!

However, this time, Chen Feng did not absorb these star pill on the spot.

The main team of the Heavenly Demon Army has not noticed his "fish that slipped through the net".

But, after all, he killed an entire flank of an army of demon!

If the demon army discovers that it lacks this flank, it will inevitably discover the situation here.

At that time, if you want to escape, it will be too late.

Chen Feng's heart was clear.

He knew very well that even if he immediately absorbed the star pill in his hand, he would light up his entire star map.

With one's own strength, fight against the whole number of 100,000 demon army.

This is tantamount to hitting a rock with a pebble and seeking a dead end!

Right now, the best thing is to escape immediately!

The farther the better!

Chen Feng quickly collected the hundreds of star pill, and then flew away in the opposite direction of the heavenly demon army.

He was so fast that he disappeared after a while.

This corpse mountain and blood sea gradually turned into dead silence.

In the distance, the army of demons didn't notice this side.

At this moment, a substantial blood-red light suddenly burst out of the Blood Sea Corpse Mountain!

That substantial blood red light penetrated many corpses in an instant.

Immediately afterwards, a familiar figure jumped out of the layers of corpse mountains and blood.

It was a red-eyed one-eyed saber-toothed demon!

If Chen Feng was still here, he would be very surprised.

#### [Chapter 4996: "Madman" Chen Feng](#)

Wasn't the one-eyed saber-toothed demon who had reached the seventh floor of the Star Soul Martial God Realm before, had been bitten by the giant black claw demon to his bones?

How could it appear here again?

But, by the way, this one-eyed saber-toothed demon looks exactly the same as the previous one!

It leaped up from the sea of blood on the corpse mountain, floating in the void.

The huge blood-red eyes looked coldly in the direction where Chen Feng was leaving.

His eyes are full of madness and hatred!

The next moment, it closed its eyes and tried to restore its calm.

Then, turned his head and left.

In the direction of advance, the goal is directed at the army of demon!

...

Chen Feng went all the way.

Soon, he was in the starry sky and met a lot of fellow students.

Like Chen Feng, they also saw the hundreds of thousands of demon army from a distance, and quickly fled in irrelevant directions.

These fellow disciples mainly came from the other four sword sects of the Galaxy Sword Sect.

There are also many handyman disciples.

As time went by, more and more disciples gathered.

Soon, a mighty team was formed.

The number of disciples is as high as hundreds of thousands!

Chen Feng glanced casually.

Among so many disciples, the only one who has never seen a fellow of Tianshu Sword Sect.

It seems that Tianshu Sword Sect has really declined so far!

Fortunately, the current situation is urgent.

Hundreds of thousands of demon army was in the distance, sweeping across the entire battlefield with great strength.

Everyone's attention is all on those demon.

They didn't have extra energy to look at Chen Feng carefully.

In fact, they don't know the identity of Chen Feng.

At present, all the disciples who have experienced the low-level battlefield of Galaxy entered the outer battlefield a long time ago.

The time that Chen Feng joined the Galaxy Sword Sect was not long.

Therefore, they didn't know anything about Chen Feng's deeds in the Galaxy Sword Sect.

The only thing they know is one thing.

He is a madman!

At this moment, everyone seemed very embarrassed.

Many people were also stained with blood.

However, it is still quite rare that Chen Feng is covered in blood.

When all the disciples of the same school saw Chen Feng's blood covered in blood, their pupils were shocked.

Afterwards, he showed a clear look.

Many disciples even squeezed over and took the initiative to show their favor.

"You must be the madman brother."

"I can smell thousands of blood and murderous aura from your body!"

"I don't know how to call Madman Brother?"

Chen Feng was surprised.

But immediately, he quickly reacted.

When he first came to this low-level Galaxy battlefield, the first fellow he came into contact with was Chu Yanzhi.

When he saw Chu Yanzhi for the second time, he also mentioned it.

There is a militant madman in the low-level battlefield of Galaxy!

it's him!

At this moment, a thought in Chen Feng's heart gradually became stronger.

Why are these disciples so well informed?

Chen Feng wanted to ask.

But, obviously, now is not a good time to chat.

Thinking of this, he simply acquiesced in his identity first.

"My name is Chen Feng."

When the people around heard him introduce himself, they changed their words "Master Chen" one after another, praising him one by one.

Chen Feng knew what they were thinking about.

As a "madman", he killed countless demon.

In the eyes of these disciples, presumably the strength is also guaranteed.

We have a good relationship now, and if there is danger afterwards, it is also good to have a good relationship with him now. I hope Chen Feng will help.

In this regard, Chen Feng has no opinion.

Everyone is the same, and can help.

However, he looked back again and glanced at the team currently at large.

He felt very strange.

In just a few short sentences, many fellow disciples appeared in the team.

They came from various abandoned planets, and joined their team precisely as if they were guided.

At this time, the closest colleague to Chen Feng looked worried.

He glanced around and counted the number of people.

"At present, there are still more than 100 disciples whose whereabouts are unknown."

With his words, the other disciples nearby also sighed and shook their heads.

"There hasn't been a response yet, I am afraid it will be too bad for you!"

"You guys, please take a look, if anyone you know has yet to contact you."

After hearing these few words, Chen Feng had some guesses in his mind.

He was almost certain that these disciples should have some way to communicate with each other.

Not the same as him.

Suddenly, a disciple opened his mouth and said.

"Maybe, what about the punished disciples who were exiled?"

Upon hearing this, Chen Feng's heart trembled.

The disciples nearby also glanced at him subconsciously.

Chen Feng suddenly understood.

There are two main types of Galactic Sword Sect disciples who have come to this extraterritorial battlefield.

One is the disciple who was expelled and punished like Chen Feng.

The other is the disciples who choose to come here to practice.

But for all the disciples who go out to practice, everyone will have some way to summon and contact each other.

And like Chen Feng, the disciple who entered this extraterritorial battlefield because of punishment is the real lonely family.

Those disciples of the Experience School can detect the existence of people like them.

But it is limited to this.

I am afraid that they can only be contacted by meeting them in person.

There was a sudden silence in the team.

The disciple closest to Chen Feng opened the mouth to speak.

"Not all disciples who have been punished are like Brother Madman."

With his words, everyone responded one after another.

In short, the attitude towards Chen Feng is subtle and catering.

Although they didn't know what rules the madman had committed, they would be punished to the low-level battlefield of Galaxy.

However, the demon army was very close.

They are in danger at any time.

In this case, the strong are more able to protect themselves.

This is also the main reason why they have a good attitude towards Chen Feng.

At this time, Chen Feng suddenly thought of something.

Not long ago, he had just rescued more than ten female disciples of the Sword Sect of Tianji.

But they did not appear here.

Chen Feng asked around.

After hearing his description, the faces of the surrounding disciples all changed.

In the Galaxy Sword Sect, there are probably only two women with a little cinnabar on their eyebrows.

One is the Supreme Elder of the Tianji Sword Sect.

The other is the great-great-granddaughter of the Supreme Elder, Shangguan Shu Yao!

Everyone immediately looked around.

Sure enough, Shangguan Shuyao was not seen.

"Crap! Senior Sister Shangguan is one of the disciples most valued by Tianji Sword Sect."

"Especially, she is also Shangguan."

Many disciples were talking about Chen Feng's side.

It was the disciple closest to Chen Feng, asking for advice again.

"I don't know where Master Chen met them?"

Chen Feng pointed back.

Everyone fell silent.

[Chapter 4997: Let me die?](#)

The direction not pointed by Chen Feng is near the army of the demon.

The faces of the disciples were not very beautiful.

On one side was a senior sister with a special status, and on the other side was an army of heavenly demons crossing the border.

If you don't save it, when you return to the Galaxy Sword Sect, you will definitely be hated by the Shangguan elder.

You know, elder Shangguan is a famous guardian.

Even if her direct disciple was bullied, she had to help out.

What's more, Shangguan Shuyao is even more unusual than a direct disciple!

The heritage of blood is not comparable.

Everyone, you look at me and I look at you, but they dare not look directly at each other.

At this moment, a sudden change occurred!

Among the continuously marching team, someone looked back, suddenly his face changed drastically and shouted.

"Look, the demon army suddenly turned!"

Hearing this, all the disciples, including Chen Feng, felt stunned in their hearts.

Everyone looked back and took a breath of air-conditioning!

The heavenly demons army behind them, densely packed and overwhelming, suddenly rushed toward them!

The speed is faster than them!

"not good!"

"They found us!"

Everyone was horrified.

This team of hundreds of people suddenly became turbulent.

At this moment, Chen Feng's expression was solemn and serious.

The commotion around has nothing to do with him.

He looked at the murderous army of demon chasing behind him, his sight was firmly locked on one figure.

"One-eyed Sabretooth Demon!"

"Isn't it dead?"

At the forefront of the hundreds of thousands of demon army, the leader of the demon is the red-eyed demon!

Although they are all gods, Chen Feng can still see what they look like.

This one looks exactly the same as the one he designed to destroy before!

Chen Feng couldn't understand why.

Could it be that the one-eyed saber-tooth demon, is there any substitute technique?

The red-eyed celestial demon in the extreme distance also noticed Chen Feng's sight at this moment.

It laughed arrogantly.

The expression is so dark!

Hum!

The hundreds of thousands of troops suddenly accelerated again.

Chen Feng's face sank.

His eyes are cold.

It seems that this one-eyed saber-toothed demon has actually become the leader of the entire army of demon!

It is precisely because of its order that the entire army of celestial demons suddenly changes direction!

The purpose turned out to be him.

"Look! In front of the demon army!"

In the same door around, someone screamed again.

When Chen Feng saw it, his expression suddenly changed.

"Oh my God!"

Everyone has scalp tingling.

Because they finally saw Shangguan Shuyao!

At this moment, Shangguan Shu Yao's face was even paler.

At the moment, only a half of the dozen or so disciples who were by her side were left.

They were not far in front of the demon army.

The army of demons headed by the one-eyed saber-tooth demons seems to be playing a game of cat and mouse.

In no rush, Shangguan Shuyao and others were crushed directly.

It is just enjoying the process of torturing prey!

This is the style of the One-Eyed Sabretooth Demon.

"Senior Sister Shangguan!"

"It's Senior Sister Shangguan!"

Many disciples exclaimed.

The situation is worse than they thought before.

Many people's faces are full of hesitation and struggle at the moment.

Save or not?

At this moment, there was a person in the team with grunting eyes.

Afterwards, he looked at Chen Feng maliciously.

"Brother Chen, your chance is here."

Hearing this, Chen Feng was taken aback, and then his eyes became cold.

The people around also followed the sudden opening words, and their eyes gathered on Chen Feng.

The speaker is wearing the costume of the Sword Sect of Heavenly Power.

Heavenly Power Sword Sect again!

Chen Feng sighed silently in his heart.

Tianquan Sword Sect and Tianshu Sword Sect were really not born to deal with each other.

"Senior Brother Chen, you don't know the status of Senior Sister Shangguan in the Galaxy Sword Sect."

Chen Feng did not reply directly.

He looked at each other coldly.

"So?"

The person's expression was yin and yang strange, and the words he said were spear and stick.

"Who doesn't know, brother Madman, after you came to the outer battlefield, you were brave and good at fighting, killing countless demon."

"Every time you arrive on an abandoned planet, you can wipe out all the heavenly demons on it."

"It really deserves to be a veritable nemesis of the gods."

The disciple of the Heavenly Sword Sect who spoke was named Yuan Zixuan.

Ever since Chen Feng came to the foreign battlefield, he has heard the stories of the "madman" from many people.

Such a showy made him very unhappy!

Because the previous name belongs to him!

Before that, when it comes to the powerhouse in this low-level battlefield in the Galaxy, everyone will mention his name.

But since Brother "Madman" came, he has lost his name!

Obviously he was a punished disciple exiled by the Galaxy Sword Sect, and he dared to be more arrogant than him.

What makes him more jealous is Chen Feng's strength!

After all, sweeping the planet is not a boast.

It is precisely because of that strength, even if Chen Feng appeared in their team just now.

Who dares to be welcome?

Each one has a "brother madman".

Thinking of this, Yuan Zixuan became even more resentful, and said openly.

"The important task of saving the senior official and sister seems to belong to Brother Madman."

Yuan Zixuan took the lead, and there were many disciples around, casting their sights on Chen Feng.

Chen Feng understood those gazes.

These people are worried about how to save Shangguan Shuyao.

You can't make a business without saving, but to save the nine dead.

Now, since someone has spoken, of course they are relieved.

Many people began to respond.

"Yuan Gongzi makes sense."

"Even if I tried to save Senior Sister Shangguan, I was powerless."

"Of course, only the strongest can handle such arduous tasks."

...

Chen Feng watched these people pretendingly.

Those pretending words made him sneer again and again.

What's more, he stood up directly.

"Master Chen, we know that you came to this extraterritorial battlefield because you were punished."

"If you save Senior Sister Shangguan now, I believe the elder Shangguan will express something."

What a high-sounding rhetoric!

I just wanted him to die.

Just because he was a punished disciple exiled by the Galaxy Sword Sect, it would be a pity to let him take the risk to save people, even if he died.

This is what these people really think.

The corners of Chen Feng's eyes were cold.

Who can't tell, the reason why the army of heavenly demons didn't immediately kill Shangguan Shuyao was to wait for the wisher to take the bait.

How can Chen Feng alone save the mighty army of hundreds of thousands of heavenly demons?

Chen Feng coldly swept to these people who spoke.

When everyone met his gaze, they looked away somewhat vaguely.

Finally, Chen Feng stared at the person who just said that the elder Shangguan would have expressed something.

This is a disciple of Kaiyang Jianzong.

Chen Feng looked at him and spoke.

"If I can save Shangguan Shuyao, what would the elder Shangguan say? He will bury me personally?"

[Chapter 4998: court death!](#)

In Chen Feng's words, there was an indescribable ridicule.

When these words came out, the disciple of Kaiyang Sword Sect looked extremely ugly.

"You...huh, don't know what is good or bad!"

Chen Feng smiled coldly.

"I don't know good or bad? Don't you just want me to die?"

One by one, he pointed his fingers at the disciples who said, "I want to save people but have powerlessness."

"Speaking so nicely, are you afraid of death?"

The faces of the disciples who had been named were very embarrassed.

They grinned their necks and said angrily.

"We respect you, Master Chen, and trouble Master Chen to respect us."

"If it hadn't been for my lack of strength, I would have gone now!"

Chen Feng sneered and said: "Your strength is not good, do I have strength?"

"You have wiped out so many demon, naturally you have strength."

"Then you have lived well in the outer battlefield for so long, so naturally you are also capable."

Chen Feng used his own way to rule his body.

Those few people were speechless immediately, not knowing how to fight back.

Chen Feng said coldly: "You can't save it, and I can't save it!"

Yuan Zixuan beside him suddenly laughed.

He looked at Chen Feng.

"What can't be saved? I don't think I dare!"

"What madman, nemesis, turned out to be just a fool!"

Chen Feng turned his eyes to him and stretched out his hand.

"You don't scumbag, then please."

"you!"

Yuan Zixuan did not expect that Chen Feng is not only strong, but also so strong!

Not arrogant, not arrogant, not excited.

He looked colder, looked at Chen Feng contemptuously, and said loudly.

"Don't you understand."

"A sharp-edged, selfish person like you, who was banished to an extraterritorial battlefield, had only one ending."

"dead!"

Yuan Zixuan glanced around triumphantly.

"We are giving you a chance now."

"As long as you save Senior Sister Shangguan, all the disciples present will intercede for you."

"Even if you only have a breath, we can protect you from death."

As soon as this remark came out, many people's faces also showed a little approval.

The disciples who were exiled, except for Chen Feng, were nowhere to be seen, and in all likelihood, they were dead.

It seems that Yuan Zixuan's words are very inflammatory.

Chen Feng looked at everyone coldly.

Seeing the high-sounding words are finished, they are useless.

Now, it has to be changed to coercion and lure.

Chen Feng looked at Yuan Zixuan and spoke slowly.

"Do you know why I was punished?"

His voice is not too big or small, enough to be heard by everyone around him.

The surrounding quieted subconsciously.

"Kill the same door."

As soon as the four characters came out, all the disciples including Yuan Zixuan were silent.

Chen Feng's meaning is also very clear.

Bullying and temptation are useless.

Forcing him again, he doesn't mind doing it first.

Everyone around them narrowed their sights.

Yuan Zixuan was frightened and horrified.

Kill the same door?

Shouldn't it be sent to the Xingtang?

Why come here.

Yuan Zixuan's face was black and white.

Especially when she met Chen Feng's contemptuous eyes, her whole body was cold.

"What the \*\*\*\* did this kid do?"

He couldn't help feeling cold and took a step back.

But then, seeing the disciples behind him, I suddenly felt certain.

"What am I afraid of him? There are countless strong people here. What are you afraid of him?"

In an instant, he became more courageous and coldly shouted:

"To kill the scum of the same sect is not worthy of being a disciple of my Galaxy Sword Sect!"

With that, Yuan Zixuan looked around and shouted:

"Everyone, this thief's heart is not righteous, maybe so many of the same people who lost contact were killed by him early!"

"This kind of threatening figure must not let him continue to walk with us!"

Chen Feng looked at Yuan Zixuan coldly, closed his eyes and shook his head.

"court death!"

After all, Chen Feng's figure froze in place.

At the same time, Yuan Zixuan's eyes protruded and he screamed again and again.

Everything happened so fast!

Soon everyone hadn't reacted yet.

Chen Feng, frozen in place, disappeared with the wind.

It's an afterimage!

Chen Feng's speed is amazing!

He didn't make any moves, and directly used his palm as a knife, cutting off Yuan Zixuan's legs.

"My legs...my legs!"

Yuan Zixuan shouted in pain, clutching the wound, screaming bitterly.

Blood shot out.

He immediately lost his balance and almost fell straight into the endless void below.

Chen Feng retreated with a single blow, until he clicked.

Seeing him retreating, the people next to him hurried to help Yuan Zixuan.

Yuan Zixuan's face was pale, his eyes swept across Chen Feng, full of fear.

But I dare not say a word.

There were hundreds of disciples, no one dared to force him to die again.

This is the shock of absolute strength!

In the end, it was the disciples who had taken the initiative to show Chen Feng's favor before and came forward to make a round.

"Well, guys, listen to me."

"Hundreds of thousands of heavenly demons are still catching up behind us. If we fight in infight now and lose our combat power, it will not be worth the loss!"

All the disciples responded one after another, trying to turn this page over.

Chen Feng stopped paying attention to them.

What he wants to pay attention to now is the army of heavenly demons behind him.

Especially the red-eyed demon!

Chen Feng was too focused, so he didn't notice.

Although Yuan Zixuan did not dare to continue after his legs recovered, his eyes were full of insidiousness.

If there is another chance, he will definitely be the first to attack him!

The disciples accelerated their departure.

Rescue Shangguan Shuyao, after all, is not as important as their respective lives.

Everyone agreed, pretending to forget all the previous things, and fleeing forward.

at this time.

The void in front of them suddenly vibrated strangely.

"what happened?"

"Is this space about to fall apart?"

Everyone's face changed drastically!

The team suddenly became chaotic.

Many disciples even left the team directly!

When everyone was in a panic, a scream cut through the void. [OBJ]

"what!"

This scream came too unexpectedly.

It exploded suddenly and stopped abruptly. [OBJ]

Everyone looked in the direction of the sound source subconsciously.

I saw that a disciple who had just left the team and was about to escape alone, stepped into the void somewhere.

The void suddenly twisted!

His left foot just stepped into that twisted space.

As soon as I stepped in, my left foot disappeared immediately!

The tragic cry just now originated from this.

In the next second, that disciple seemed to be grabbed by an invisible hand on his left leg, and was directly dragged into the twisted void.

Disappear!

The speed is so fast that people are caught off guard!

After a while, a large amount of blood suddenly filled the place.

Everyone's heart sank.

They knew that the disciple was already ill-fortuned.

This scene directly scared those disciples who wanted to leave, and didn't dare to go one step further!

"How is this going?"

They shouted in despair.

Many people just collapsed directly.

"Could it be that even the void is helping us against us!"

At this time, Chen Feng was moved.

[Chapter 4999: trap!](#)

"It's not a matter of emptiness."

He said loudly.

As soon as this remark came out, it immediately attracted everyone's attention.

Chen Feng left the team and stepped towards a void.

The void in front of him suddenly oscillated, and then twisted likewise.

At this moment, Chen Feng suddenly stretched out his hand.

A black-and-white sword several meters long appeared out of thin air.

Endless murderous intent and sword intent suddenly shot out.

Chen Feng firmly held the handle of the knife and waved his hand to chop.

Without hesitation!

As the black and white sword intent passed, the void in front of him suddenly poured out green blood!

"This is... a demon!"

"What kind of demon is this? Never heard of it!"

Everyone took a breath!

Chen Feng moved forward, peeking his hand from the green blood.

"Squeak! Squeak!"

A stern rat cry sounded.

A giant rat with a big human head was grabbed by its neck.

Its eyes were green and glowing, and it had sharp front teeth.

Even sharper are its claws.

With a violent grasp, the void under the claws actually shook!

This giant rat demon's body was almost split in half, and green blood gurgled from the wound.

But it was still struggling, trying to break free of Chen Feng's hand.

After encountering the Taishang Zhutian Sword Formation, the rat-like demon hasn't died yet!

"what is this?"

"Its breath is too special! It seems to contain spatial ability!"

Many disciples talked one after another.

However, Chen Feng is not concerned about these.

As early as when the void was different, he had already noticed something wrong.

Although, his current cultivation strength is still in the second floor of the Star Soul Martial God Realm.

However, his spiritual power far exceeds that of the same rank!

With extremely powerful mental power, Chen Feng glanced around again.

He can be sure that there are at least a dozen of these giant rats and demons around!

These giant rat demons have no actual lethality.

They can only cut through the void, and use the void shock to directly smash the opponents dragged into the void.

And the dark silver-gray fur allows them to hide in the void cleverly.

Chen Feng used force in his hands, and the giant rat demon who was grabbed by his neck was quickly twisted and his neck was completely cut off.

With him taking the lead, the disciples around showed off their weapons.

Soon, all the giant rats and demons hiding in the void were picked out.

It was too smooth, but it seemed abnormal.

Chen Feng frowned, feeling that it was not that simple.

He turned his head and looked at the army of heavenly demons behind him again.

Suddenly, the figure paused.

Not far in front of the heavenly demon army, Shangguan Shuyao and others who were still trying their best to flee, opened their mouths and showed anxiety.

Their gazes are completely fixed here.

At this moment, Chen Feng reacted to everything!

They are in the game!

The Heavenly Demon Army itself is a powerful force that is difficult to confront.

And their leader, the red-eyed demon, is even more intelligent!

The giant rat demon that was thrown out only used a secret trick that made a sound!

It was not the giant rat demon who really wanted to attack them.

But the red-eyed demon!

"No! Run away!"

Chen Feng turned around and roared.

But it's too late!

Just when Galaxy Sword sent all the disciples to sweep out the "roadblocks" of the Giant Rat and Sky Demon, another group of Sky Demon sneaked in and caught up with their team!

Chen Feng reacted extremely fast, but the speed of these demons was even faster!

boom!

An almost substantial red light hit Chen Feng instantly!

Chen Feng reacted extremely fast and directly used the blood that had just been filled in the Great Witch's blood pool to transform into the Great Witch's Eucharist!

Previously, he deliberately tricked and lured the red-eyed demon into the planet where the giant black claw demon was located.

However, there is only one chance.

The current red-eyed demon will never be fooled again.

Chen Feng won't waste time to test.

This time the Great Witch's Eucharist, Chen Feng has some control, has not soared, and is still in a normal form.

The Red Eye Demon is extremely powerful!

Especially the red light burst out from the only giant eye in the center of its face.

Almost substantial, with extremely strong destructive power and corrosiveness.

Chen Feng turned around, avoiding the red light strangely and flexibly.

However, not far from his side, someone didn't notice and didn't react.

The red light directly hit the disciple's arm.

hiss--

Before that disciple screamed violently, there was a scorching sound on his arm.

It is more terrifying than a soldering iron covering the flesh.

That disciple could only watch his left arm, being swept by the red light, turning into a \*\*\*\* mass!

With a slight movement, the meatball fell off from the left arm.

Chen Feng glanced quickly, warning signs in his heart.

Not quite right!

He had confronted the red-eyed demon before.

At that time, the red light of the Red-Eyed Demon was equally terrifying, but it was not so!

Chen Feng looked at the red-eyed demon.

"Are you here to avenge your fellow citizens?"

Although he was confirming, he used a declarative tone.

The red-eyed demon that was bitten to pieces by the giant black claw demon was not the one in front of him!

Hearing Chen Feng's words, the red-eyed demon Jiejie laughed wildly.

"Your reaction is not too slow."

It looked at Chen Feng, and opened its mouth to speak out!

"It's just that it's too late."

"You killed my brother and killed so many demon of mine, today, don't even want to run away!"

The red-eyed demon is extremely arrogant!

It directly admitted.

Because, at this moment, the reserve team of the Heavenly Demon Army has completely caught up with the team of the Galaxy Sword Sect!

The screams kept coming and going.

Chen Feng didn't look around, just listening to the voice could feel how tragic the battle situation around him was!

The main force of the mighty Heavenly Demon army is still far away.

The red-eyed demon led by only a group of extremely fast demon.

The more Chen Feng wanted to understand this, the heavier his heart became.

This red-eyed demon is so smart!

The extremely fast group of Heavenly Demon squads immediately began a desperate contest with the disciples.

Such a fight greatly slowed their departure.

Everyone is fighting hard!

The red-eyed demon suddenly raised his head and screamed, his tone of voice turned thousands of times, very special.

With the end of its sound, all the demon in the distance and near, raised their heads together and responded!

Hundreds of thousands of demon screamed at the same time.

There was a sudden jump in everyone's hearts!

The bad feeling in my heart is getting worse.

With the end of the roar.

The war is about to start!

To say it is useless, Chen Feng killed the brother of this red-eyed demon.

Chen Feng directly used his hole cards.

A dazzling light burst into the eyes of the huge purple-white lion head.

The mouth of the open blood basin was even more roaring.

Roar!

The momentum is better than the red-eyed demon!

#### [Chapter 5000: Want me to kneel?](#)

Buddha's angry eyes and roaring power!

The rolling sound wave swept out in an instant, slamming like a raging wave against the shore, directly at the red-eyed demon.

In Chen Feng's hand, a black and white long knife appeared!

While being born, while being dead!

Seven seven forty-nine ways, all into one!

Chen Feng's muscles burst out, and the veins are clearly visible.

The golden streamer of the whole body, under the blessing of the body of the great witch sacrament, the power of the sword formation of the heavens has been amplified several times!

The black and white long knife cut through the void silently.

It rushed straight to the red-eyed demon in front of him!

This fierce battle has entered a white-hot stage.

Chen Feng has no reservations, preemptive!

Cut out with a single knife, and then launch the heaven and earth reincarnation magic!

The faintly blue huge vertical pupil immediately gave out a dazzling glow!

Chen Feng wanted to find out the weakness of the Red Eye Demon immediately!

Just like the red-eyed demon.

However, the result disappointed him.

Just opening the third seal in the spiritual world, Chen Feng's spiritual power has surpassed the past.

However, the red-eyed demon in front of him seemed to have an emotional connection with his brother.

It can even be said to be one.

Therefore, the red-eyed demon in front of him knew very well that Chen Feng's mental attack was particularly terrifying.

When Chen Feng first started using it, the red-eyed demon actually closed his eyes!

At the same time, it also strengthened the defense against the spiritual world!

Heaven and earth repeatedly reincarnate magic power, in this kind of battle with too large a power gap, the ability will be weakened.

Chen Feng has repeatedly lost.

However, he was not panicked and anxious.

He still has a hole card!

If not for the last resort, he would not take out the immortal seal of Tianquan Town in public!

Even the giant black claw demon can fight the immortal seal of Tianquan town, as long as you seize the opportunity, you will be able to completely crush the red-eyed demon!

There is no man's land around Chen Feng and the red-eyed demon.

Wherever they went, even stone meteorites would be completely shattered and turned into dust!

"Do you think you really have the power to fight me?"

The red-eyed demon suddenly spoke.

Hum!

Chen Feng almost staggered and was pressed to the ground by a powerful force.

The seventh floor of the Star Soul Martial God Realm, the pinnacle!

Chen Feng can almost write the word "chuan" between his eyebrows.

This breath is too powerful and overbearing!

This kind of crushing on the realm is tantamount to a shame for Chen Feng!

If he can't stand it and falls to the ground, his dignity will be swept away!

Coercion continues to be exerted.

Chen Feng's bones were all crackling wildly.

Even under the flesh, blood and blue veins are clearly visible!

However, Chen Feng still did not fall!

He gritted his teeth and forced himself to stand almost cruelly!

Staring at the red-eyed demon not far away, Chen Feng spoke with difficulty.

"I, Chen Feng... don't kneel to the sky, don't kneel to the ground, don't kneel to anyone!"

As soon as this remark came out, the coercion suddenly intensified!

Chen Feng suddenly felt a sweet smell in his throat!

A stream of blood will gush out!

The huge red eye of the Red Eye Demon also blinked.

It has a hideous face and red blood in its eyes, but instead smiles.

"Okay. If that's the case, then you go to die!"

Substantial red light shot from its eyes!

Chen Feng could not move, and was shot directly by the red light.

"what--"

The intense pain and devastating power almost wanted to melt Chen Feng's body instantly.

The great witch blood pool in his body was shaking wildly.

The Great Witch's Blood Pool, which was still full, consumes a lot at this moment!

Chen Feng desperately moved forward and took a palm.

With this recoil, he threw himself out.

Chen Feng, seriously injured!

The red-eyed demon looked coldly at Chen Feng, who had almost lost his combat power.

There was a crazy smile in its eyes.

"Desperate? Regret?"

It approached step by step, with triumph in its bloodthirsty expression.

Chen Feng kept struggling, trying to stand up again.

Desperate?

Do not!

Until the last moment, Chen Feng has never been desperate!

Regret it?

nor!

In his eyes, there is only firmness!

Only one step forward!

It's just a demon, kill it!

At the moment, Chen Feng is in ragged clothes and embarrassed.

However, the war intent on him has only intensified!

This kind of reaction makes the red-eyed demon extremely unhappy!

This is not the reaction it wants to see!

However, it laughed so angry.

"I won't let you go so easily."

It stepped closer to Chen Feng again.

"I will keep your life, so that you can't survive and die!"

"At that time, you will know how stupid you are now!"

It laughed wildly.

Seeing it smile, Chen Feng struggled to stand firm, and the corners of his mouth also curled up.

"Sorry. You are afraid you will be disappointed."

His voice was not loud, but it spread to the neighborhood clearly, to the ears of the red-eyed demon.

"I, Chen Feng, will never lower my head to a beast!"

He licked the blood from the corner of his lips and sneered.

"You should know how scared and regretful your brother was before he died?"

"As long as I live, your fate will be the same as it!"

Roar!

The red-eyed demon was angered!

"I want to tear you apart! I want to kill you!"

It rushed over, trying to catch Chen Feng and tear him apart!

At this moment, Chen Feng quickly sacrificed the immortal seal of Tianquan Town and threw it directly at it!

boom!

In an instant, Dayin skyrocketed into a huge golden mountain!

Press directly on the red-eyed demon!

"what is this....."

The Red-Eyed Demon didn't expect that Chen Feng had such a hole card!

It didn't notice it for a while, and when it reacted, the golden peaks had already covered its head!

At this moment, even the red-eyed demon felt the threat of death!

Without any hesitation, the blood-red red light burst into the eyes of the red-eyed demon!

This blood-red light is stronger than ever before!

Directly hit the bottom of the golden mountain!

boom!

One red and one gold, two horrible breaths exploded, alarming the world!

Chen Feng was overturned by the billowing air and flew a great distance.

He gushed blood, but with a triumphant smile on his face.

"You brothers...you are smart, cough...have not been calculated by me once, again."

Bang!

The red-eyed demon came out in confusion.

That golden mountain shrank again in an instant, restored to a palm-sized square seal, and returned to Chen Feng's hands.

Chen Feng felt a little regretful.

If his strength can be stronger, it will enable Tianquan Zhenxian Yin to exert a stronger combat power.

One hit kills, there is hope.

It will not be reduced to the current unsatisfactory life and death.

Up to now, all his hole cards have been played out.

The red-eyed demon came to him and looked down at him condescendingly.

"You really surprised me."

"Is there any other trick, just let it go! Today, I have to make you kneel and beg me for mercy!"
